Dear Boys and Girls of Donley County:

The Christmas season has once again come to Donley County. The Clarendon Press is helping Santa by asking you to write your letters to Santa Claus. A mail box will be provided for these letters in the lobby of The Clarendon Press.

Santa, Mrs. Santa and all the elves have been working hard all year long, in their work shop at the North Pole getting ready for your Christmas request.

Please send your letters to Santa Claus, % The Clarendon Press, Box 1110, Clarendon, Texas 79226 by Dec. 12. Or if you wish you may bring your letter by their office at 103 Kearney Street.

The Clarendon Press will publish your letters in their Christmas Edition on Dec. 22.

If you are too young to write, ask your mommy or daddy to help you with your letter. But you must remember that Santa only comes to visit those boys and girls who have been good. So, you help keep your room clean and do what your parents ask you to do, then on Christmas morning, Santa might just leave the toys you ask for. Don't ask for too much, because Santa has to go around the world that night to get toys for all the boys and girls, his toy sack gets very heavy.

So good by until Christmas

Darrell Leffew and the new CMDCO 252 Scraper.

Clarendon Mfg. to Roll Out New Scraper

Clarendon Manufacturing will introduce a new scraper on December 12th. Visitors and VIP's from all over the nation will come in for the unveiling. The company expects to produce the machine in significant numbers in conjunction with a major equipment manufacturer.

Guests will meet at the offices of Clarendon Manufacturing at 2:00 p.m. for a tour of the plant. Then at 2:45 p.m., the group will leave for a demonstration area to see the new machine perform. Transportation will be furnished to out-of-town guests. Visiting dignitaries will dine at Sam Hill Barbecue that night at 6:15 p.m.

The new scraper is designated "the Model 252 Elevating Scraper and Tractor". Clarendon Manufacturing designed the new machine, and will build the scraper portion. The power unit is a proven design marketed by Caterpillar.

Darrell Leffew, the head of Clarendon Manufacturing and the force behind the development of the machine, sees a real market niche for the machine. "The lowest-priced machines now available sell for approximately \$159,000 and have a capacity of 11 cubic yards. The 252 will sell for \$77,500 and have a capacity of 5 cubic yards. Neither the 11 yard unit nor the 5 yard unit are designed for high-volume dirt moving—production work—but for cleanup and finishing where the amount of material carried is not as significant as maneuverability and economy. But the 252 will sell for only half of the cost of the larger unit, a savings of \$75 to 80,000 per unit."

Defensive Driving Scheduled

Clarendon College will offer a Defensive Driving Course on Saturday, December 10th. It will meet from 8:00 a.m. to 5:00 p.m. in room 101. Fee for the course is \$25.

Anyone who is interested in attending the course can contact the college at (806) 874-3571.

Upon completion of the course, participants are eligible for a 10% discount on their liability insurance and dismissal of a traffic violation. All dismissals of traffic violations must be approved by the appropriate Justice of the Peace.

According to careful market surveys, there will be a market for about 400 units in the 11-yard size in 1989. By contrast, CMDCO expects to sell 15 to 20 of the new 252 scrapers in the coming year. They feel that their market estimates are conservative. They plan to build two units per month with a single shift working at the plant. Production could be doubled, if necessary, by adding a second shift, although there are no plans for such expansion at this time.

Clarendon Manufacturing and Distributing Company has ample experience in the field of scraper

manufacture. The company has over 15 years experience in the manufacturing and selling process.

The CMDCO 252 scraper will be sold through established equipment dealers. The company expects many of the units to go to California, Florida and Michigan, areas with high numbers of scraper sales. Dealers in California and Michigan are already committed to the new machine.

Ultimately, the 252 should be a benefit not only to Clarendon Manufacturing, but to the economy of Donley County as well.

Hedley's First Christmas Tree Lighting

Everyone around Hedley is invited to come to a city Christmas Tree lighting December 8, at 7:00 p.m. on Main Street.

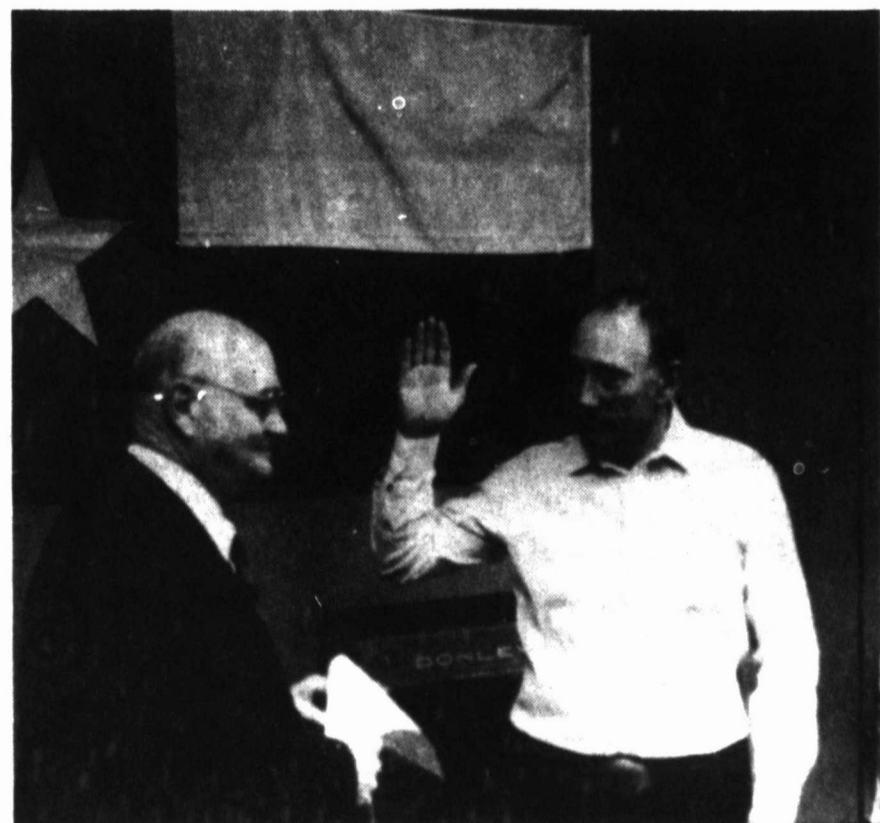

Many people have helped in getting this tree cut, hauled and anchored. Our special thanks go to Elmer Dishman for donating the tree. Next we thank Harold White, Richard Ramirez, Woodrow Farris, Lyndon Messer, Philip Wiggins, Kenneth Swinney, J.T. Lamberson, Harold Moffitt and Froggie Stewart. Helen Lamberson and Louise Stewart were credited with picking out such a big tree. Hoss Pickard and his Ag boys donated the wood and sawed out 80 wooden ornaments. Helen and Louise painted the ornaments and put

lights all over the tree. The city candle lights were redone by these ladies and look like new.

Everyone is invited to come and enjoy singing carols and having refreshments of cookies and punch.

Pecans for Sale

Xi Lambda Xi is selling pecans. The luscious nuts are priced at \$4.25 per pound. Pecans are available from every member, and at Henson's.

County Judge Billie Christal swearing in Pat Roberson as the new County Treasurer. Roberson replaces Pam Fletcher who has moved to a new job in New Mexico.

Everyone is a Winner at Late Night Shopping

The Christmas season will officially arrive in Clarendon, Thursday, Dec. 8 with lighting of the hugh Christmas Tree on the Courthouse lawn at 6 p.m. This event is sponsored by the Chamber of Commerce.

After the lighting of the tree, Santa Claus will be roaming up and down Kearney Street to visit with the kids. Many of the merchants will be staying open until 9 a.m. for your Christmas shopping.

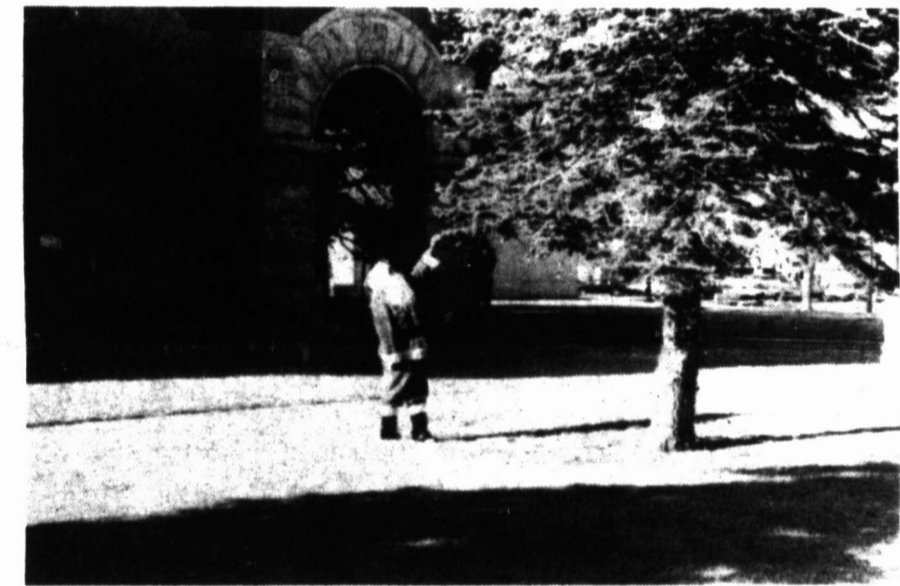

This will be the first late night shopping sponsored by the Chamber of Commerce. Most merchants will stay open each Thursday night until 9 a.m. from now until Christmas.

Everyone is an instant winner at these late night shopping nights. Each participating merchant will

have folded pieces of paper with percentage discounted on your purchases. When you get ready to check out, just draw from this container and what ever number you draw, will be how much discount you will received on your purchase.

When you shop with your local merchants, you save in many way, one is taxes, if the approximately \$100,000 in sales tax, which is rebated back to the City in sales tax had to be made up, everyone property taxes would be higher.

Another good reason, is local merchants support school activities and other local activities. They donate to girl and boy Scouts, 4-H projects, little league, chili and stew supper, and many other functions which are sponsored by different groups. These groups in return help our cities and school.

Santa Claus made a quick, quiet visit to Clarendon to check on the big Christmas Tree in front of the Courthouse. The Tree will be lighted this coming Thursday night, and Santa will be there to greet area children.

The Beauty and the Beast

The fairy tale version of The Beauty and the Beast will be presented by Clarendon College's theatre Department December 8 and 9 in evening performances beginning at 7 p.m. and December 10 and 11 Matinee performances starting at 2 p.m.

Regular cost of Tickets for this production will be \$3 per person. Each night there will be a special ticket price for school or club groups of ten or more if they make reservations by December 2. Friday night will feature Senior Citizen tickets for \$2 and the Saturday Matinee tickets will cost only \$2 each plus a couple of cans of food for the needy.

Texas Pecan Crop One of Best Ever

While not a bumper harvest, the 1988 Texas pecan crop has the makings of one of the best ever. And that should be good news for consumers.

"This year's pecan crop should total about 50 million pounds and be of high quality," said Dr. George Ray McEachern, horticulturist with the Texas Agricultural Extension Service. "That projected yield does not include backyard trees that are not harvested for commercial sale."

According to McEachern, the 1988 crop came a long way from a poor start in the spring and a

season-long drought that caused considerable nut shedding in July and August.

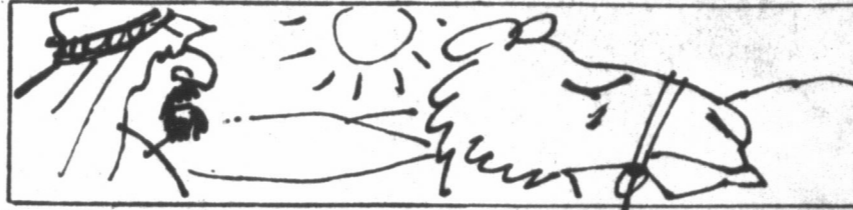

However, disease and insect problems were only minor in this year's crop. For example, pecan scab disease was virtually nonexistent due to the dry weather. And pecan nut casebearers, pecan weevils and aphids did not cause major problems.

"The dry weather early in the season reduced nut size," McEachern said, "but, because of this, the kernel filling or percent meat is generally good over most of Texas."

Because this year's crop is plentiful, of good quality and at a favorable price, consumers should stock up on the tasty morsels for the coming year, said McEachern.

The Beauty is Kami May. The Beast is played by Arthur May. Both talented young people are from Clarendon.

Over 65 percent of the world's population goes through the day without coming in contact with a newspaper, radio, television or telephone.

Attention Children:

The Nutcracker is Coming!

The Lone Star Ballet will delight area children with a performance of Peter Illich Tchaikovsky's *The Nutcracker*. The

company will perform the ballet Friday through Sunday, December 9th through 11th. There will be an evening performance at 8:00 Friday and Saturday nights and matinee performances at 3:00 Saturday and Sunday. Ticket information is available at the Chamber of Commerce Building in Amarillo or at the door. A number of Clarendon residents are expected to attend.

The story is a fine-spun fairy tale of toys that come to life around Christmas, and the dangers and romances they experience. Yet it is the delightful, lilting melodies of Tchaikovsky's music that makes the evening so memorable that it has become a regular event in the Panhandle. Many families go every year.

And the children? Well, some of the children who continue to relish the event each year have had grey hair for several Christmas seasons. And no doubt the spinning rhythms and swirling colors of "The Dance of the Sugar Plum Fairies" (and other sections) will continue to delight audiences when today's preschoolers take their grandkids to see *The Nutcracker*. It's that kind of experience.

The two 1,350 foot towers of the World Trade Center in New York City occupy only two acres, but can accommodate 130,000 people.

You know it's an imitation. But what about the many people today who have decided they are just like a banker? From stockbrokers to retailers, from credit unions to insurance men, to savings and loans, they all seem to be saying, "You don't need a banker, we'll do just as well." Oh, no they

won't. Because no one else has the banker's hundreds of years of banking experience behind them. Nor do they enjoy the kind of trust that bankers do from the majority of Americans.

So why settle for an imitation when you can have a real banker at our Full Service Bank?

THE ONLY PLACE YOU'LL FIND A BANKER IS THE BANK.

The Stricklands have Thanksgiving Company

Chester DeJuan Strickland, only son of Mr. and Mrs. W. C. Strickland came from Onida, South, Dakota Thanksgiving Eve to meet with all of his children that evening in the home of his parents here in Clarendon.

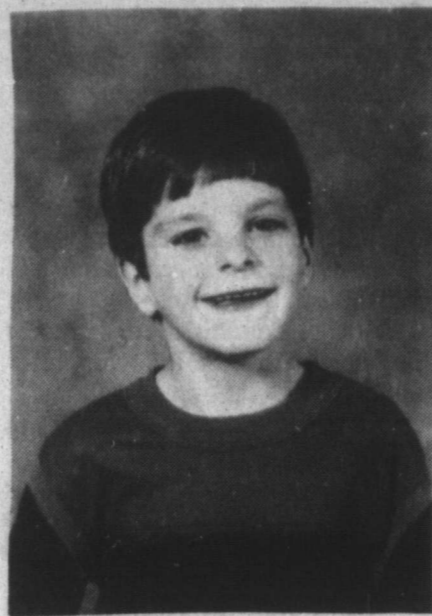

Michael DeJuan came from San Antonio where he is a third year medical student at College Station. He met his sister, Deidi, who is a third year pre-med student at A&M University. They drove to Waco where they met another sister, Karen who is a

senior at Baylor University where she is majoring elementary education.

They all enjoyed a traditional Thanksgiving dinner with their father and grandparents.

Blood Drive at College

There will be a blood drive at the college on Monday, afternoon, December 12th, from 1:30 to 6:30. Donors are invited to come in and donate. The gift of some blood may well save someone's life, and is harmless to the donor. Potential donors with questions may contact the Coffee Memorial Blood Center in Amarillo. The phone number is 358-4563.

Corey Welch Recovering

Corey Welch, son of Tammy Hodges, grandson of Shirley Hodges and great grandson of Gerie Ariola is recovering at home here in Clarendon.

The youngster's family reports that Corey got a new bicycle on October 15, and was riding without his hands on the handlebars. The bike hit a rock on Goodnight street, and Corey fell from the bike and hit his head on the pavement, causing serious head injuries. An ambulance took him to Southwest Texas Hospital, where he remained unconscious for 11 days.

Many Clarendon churches prayed for the while he was in the coma, but eventually he regained consciousness. His classmates and teachers encouraged him with cards and notes. Although he will have to spend some time in rehabilitation, the doctors now expect Corey to recover completely.

Corey's grandmother no doubt expressed the thoughts of much of the family: "We thank each one of you who prayed for Corey. May God mercifully bless you."

She was assisted by Jamie Parker who told us that Sr. Citizens would be given \$1.00 discounts on the ticket price on Dec. 9th. She also told us that children would be admitted for \$2.00 plus 2 cans of food on Dec. 10th and 11th. The food will be donated to those in need during the Christmas Holiday.

Beware of Hidden Alcohol

Many liquid nonprescription medicines such as cough and cold preparations contain ethyl alcohol. Although alcohol may be included to make some ingredients more soluble, this hidden solvent can lead to certain problems. For example, narcotic pain relievers, tranquilizers, anti-anxiety agents, or sedative-type sleep medicines, if taken while consuming alcohol or alcohol-containing medicines, may cause headaches, rapid heartbeat, or impaired mental judgement. Alcohol also is capable of producing a drop in blood pressure when taken with certain blood pressure medicines.

Diabetics may have problems with alcohol-containing medicines because additional calories from the alcohol can interfere with control blood glucose levels. Alcohol may also decrease the effectiveness of certain oral antidiabetic medicines.

In children, the sedative effect of large amounts of alcohol may affect muscular coordination or mental response time. Use of medicines with alcohol concentrations greater than 10 percent are generally discouraged in children, unless the child's care is under the direction of a physician. The alcohol content of nonprescription medicines is listed on the package.

Ample Supply of Yule Trees Seen

Consumers should find an ample supply of Texas-grown Christmas trees at local markets this season.

"We expect that about 650,000 real Yule trees produced in Texas will be marketed this year," said Dr. Michael Walterscheid, forestry specialist with the Texas Agricultural Extension Service.

He said that number will compare with 565,000 trees that were produced in the Lone Star State and marketed last season.

Walterscheid said most trees are sold when they reach four or five years of age.

The estimated value of the crop to Texas producers is around \$8 million, and the economic impact on the state is more than \$25 million, he said.

Deuteronomy 6:7-9

God's Precious Nobodies

By Jon Leggitt

A few weeks ago in this column, under the subtitle "Just like us," I used several major characters from the Bible to illustrate that God uses fallible, ordinary people—people just like us—to accomplish His work. In studying for a Sunday School devotional recently, I was impressed with how especially true this was concerning those involved in the Christmas story. Let's look at a few examples.

Strictly speaking, John the Baptist is not a part of the Christmas story, but because he announces the coming ministry of the Lord, it is not totally inappropriate to insert from Isaiah 40 which prophesies the coming of Jesus are echoed in Luke 3 by John as he begins his ministry. We often hear the Isaiah passage, set to music by Handel in his "Messiah", sung at Christmas.

In the opening verses of Luke 3, we have quite a list of major personalities of that day—Tiberius Caesar, Pilate, the Herodian brothers, and two high priests. Then Luke says, "The Word came to John the Baptist" (verse 2). Not to the celebrities, not to the high and mighty, but to John the Baptist. This nobody from the desert was chosen to be the herald of the coming King. This one having no status in the world was chosen to fulfill the beautiful words of prophecy from Isaiah 40:1-5. "The voice of him that crieth in the wilderness, Prepare ye the way of the Lord, make straight in the desert a highway for our God" (verse 3).

And why were Mary and Joseph chosen for their roles? The scripture plainly teaches that they were devout people, but can't you just hear a modern-day adoption agency worker reviewing Mary and Joseph's application?

"Sorry folks. You're good people, and I don't doubt you'd love a baby, but we're looking for someone who can provide a better home, more resources, for the child." Did God choose a good home for Jesus? "He (Jesus) was subject unto them—And Jesus increased in wisdom and stature, and in favour with God and man" (Luke 2:52).

"Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord" (Luke 2:10-11). Who would you be inclined to deliver this message to first? A head of state? A pope or bishop or other highly-placed ecclesiastical figure? A network anchorman? The first recipients of the glad news of Christ's birth were, of course, a group of shepherds going about their business as usual. Common, everyday people, just like us! And that God made a good choice in His selection of those to first hear the glorious news is immediately evident, for the Word says in verse 17, made known abroad the saying which was told them concerning this child.

"We three kings of Orient are, Bearing gifts, we traverse afar. Field and fountain, moor and mountain, Following yonder star."—from a carol by J. H. Hopkins, Jr.

Surely these imposing figures cannot be said to be "just like us." Yes, in a sense, exactly that can be said. True, we are not kings. (Neither were they, apparently. Scripture only refers to them in Matthew 2:1 as "wise men from the east.") But these shadowy, unnamed characters appear and disappear quickly in Matthew's account of the birth of Jesus. They offer their worship and their treasures (Matthew 2:11), and return to their own country, no doubt to often retell and wonder of their encounter with the Christ Child. How often has the purest worship, the most sacrificial gift, the most fervent witness, been given by those saints the world will never know by name or by position. But the effects of that worship, that gift, that witness, will last throughout eternity.

Are you one of the world's nobodies? God loves nobodies! Notice how very many times He uses them to do a stupendous work. Take great joy from the realization that much of the time God chooses to work in obscurity, forming new possibilities for His children, away from the limelight, away from where the world expects great things to happen. Notice how very, very few times His kingdom is advanced by those whom the world considers great. Above all, listen! Listen as the Lord says to you through the events

of this glad season, "Behold, I bring you good tidings of great joy!"
