## Clarendon Economy Bucks Area Trend

According to sales tax receipts from the State Comptroller's Office, Donley County's retail economy is expanding.

Most towns in the region do not appear to be so fortunate. The region was almost all down, while the state economy improved. Overall, the state was up 7.27% for March and 1st Quarter quarterly sales taxes, while Year-to-Date sales were up 7.05%. There is an increasing sentiment in the region that the Panhandle is treated like a stepchild by Austin. State revenue--including funds for development--tends to be cornered by urban areas downstate.

Donley County retail sales were up by 12.66% for the month, and 2.75% year-to-date. Clarendon was up 13.71% for the period, up 2.92% year-to-date. Hedley was up 7.71% for the month, but down -6.77% for the year. Howardwick was off -.5% for the period. Year-to-date figures for Howardwick were up 8.03%, but that figure is skewed by a correction earlier in the year. Sales are higher in Donley County for 1990 than for 1989, and higher in 1989 than in 1988. Such expansion is unusual in the region--perhaps unique.

Area towns generally fared poorly in this report, with receipts off from 1989, which in turn was off from 1988. The declining trend has persisted for several years in some counties.

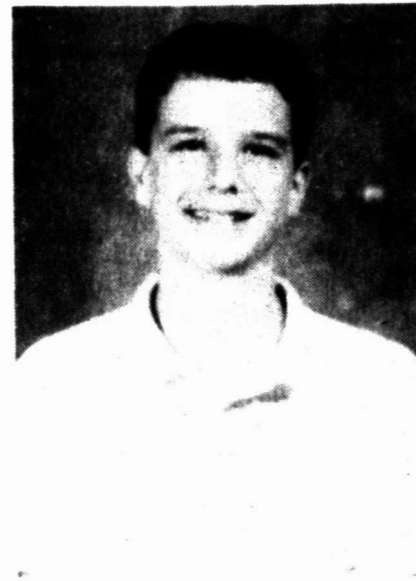

Area counties reported the following (in alphabetical order): Claude (Armstrong Co.) slipped by -5.51% for the month, -2.69% YTD. Briscoe was up from a bad 1989, up 1.33% and 3.04%. Childress off -11.05% and -4.51%. Childress was down -16.13% and -5.39%. Wellington declined -9.55% for the month but up 1.50% for the year. Gray County's economy contracted by -2.68% and -2.23%.

Hall County lost, too. The county lost -3.73% for the month, -6.13% for the period. Memphis slid by 11.26% and -7.20%. Turkey was a bright spot, however: up 42.12% and 9.93% YTD. [Turkey has an aggressive young couple that is running the old Hotel and boosting tourism, though that probably does not account for all the change.]

Hemphill County pooped out at -4.11% and -5.33% below the preceding year. Motley County is up 2.18% for the year to date, but down -17.67% for the month.

Size does not always help, either. Randall County was off -1.44% for the month and Potter was off -7.17%. Both were up for the year: 3.35% and 1.50% respectively.

Wheeler failed to measure up to the comparable month of 1989 by almost -1%, and stopped short of 1989 YTD by -4.68%.

GREG COLLINS, Eighth Grade Valedictorian

CARA BREITLING, Eighth Grade Salutatorian

## Honor Students Announced

Greg Collins, the fourteen year old son of Mrs. Debbie Holan of Clarendon and Terry Collins of Hedley, has been named Valedictorian of the 1990 Eighth Grade Class. Oral Reading and second place in U.I.L. Modern Oratory. He is also a member of the Colt Band.

Cara Breitting has been named Salutatorian with an average of 95.9. She is the fourteen year old daughter of Mr. and Mrs. James A. Breitting of Clarendon. Cara is a Girl Scout and a member of the Colt Band.

Ten other eighth grade students maintained a ninety or better average for the year. They were Lisa Hill, Stacey Alexander, Deana Nazworth, Charlie Smith, Chad Campbell, B.J. Lindsey, Casey Alexander, Carrie Shields, Faustino Camacho, and Rebecca Campbell.

## Exam Scheduled

LVN Exam at Clarendon College has scheduled its Licensed Vocational Nursing Entrance exam for Saturday, May 19th, 8 a.m. to 12 noon in Room 201 of the Administration Building. Applicants for the Fall LVN Classes are required to take this examination. Anyone interested or seeking additional information should contact LVN Instructor, Carole Ware (856-5257) after 5 p.m. or on weekends.

## Antique Auction Set

Gabbie Bett's Burton Memorial Library and Friends of the Library are sponsoring a silent Auction at the Library.

The Auction will close June 8th at 4 p.m. Twenty two items have been donated, they are mostly Antiques.

Antique Hat Stands from Little's Mercantile, later to become Saye's, a coffee pot from the Old Antro Hotel, Dishes from the Will Geer (Grandpa Walton) Estate, and Antique Hat Boxes are some of the items up for auction.

Come in and make a bid on these and other interesting items.

If you have an item you would like to donate to the auction, they have room and time left to display it.

A Book sale will be held on June 8th. Many, many books are being offered at bargain prices. The hard back books will be \$1.00 and paper backs will be 50 cents.

Come to the library, browse and help with their worthwhile fund raiser.

## College Cowboy Qualifies

Billy Stephens, son of Sparky and Pam Stephens of Hereford, became the first Clarendon College cowboy to ever qualify for the National Intercollegiate Rodeo Finals held in Bozeman, Montana. The CNFR features the top collegiate contestants from across the United States. Each qualifier must finish first or second in the region in a standard event or be a member of the top two teams in the region.

Billy, along with fellow student Brian Caison of Waka, Texas, represented Clarendon College at ten rodeos in the Southwest Region of the NIRA. In this region they travelled as far as Sul Ross University at Alpine, Tarleton State University at Stephenville, and eight others in western Texas and eastern New Mexico.

Placing consistently this spring semester Bill emerged as the top team roper in the Southwest region and earned a trip to the CNFR in Bozeman, Montana. The finals are held in the middle of June.

### May Party Held

The residents at the Medical Center enjoy a special party, Friday, May 4, 1990. The dining room in the center was beautifully decorated in spring colors of Fringe and big Honeycomb balls, that hung from the ceiling.

We wish to thank Mr. & Mrs. Buster Campbell for bringing their big Grill and cooking hamburgers for the residents. The residents really enjoyed their May party because their favorite foods were served, hamburgers and ice cream. We wish to thank Frankie McKinney for helping Buster with the Grill, and Jeannie Formway for the ice cream.

Also we wish to thank Mr. & Mrs. Bud White, Mr. & Mrs. Max Beird and Mr. Wesley Thomas for the western music. May religious songs and other types of music were played throughout the evening. My Day is one of their favorite parties. Thanks to all who helped make this day special. The ones who worked in the kitchen and all the Nurses.

### Medical Center News

The Medical Center wishes to express their gratitude to the VFW Auxiliary Ladies for the wonderful cake and cookies they brought and served to the residents on May 8, 1990. We wish to thank

Billie Taylor, Nova Neuhaus, and Wanda Dromgoole for baking the cookies, and Jean Baten, Billie Taylor and Marie Hill for serving the refreshments to the residents. We would also like to thank the ladies for the beautiful Memorial Day Favors to be placed on the residents dinner tray on Memorial Day. These refreshments was in honor of V.E. Day and memories of that wonderful day.

Vera Johnson led us in prayer thanking God for giving us victory that day, and for all the wonderful men who served in our Armed Forces, to preserve our freedom then and now.

Also, we wish to thank the W.M.U. Ladies of Howardwick Baptist Church for the beautiful lap robes and neck aprons for our residents. These ladies spent the day in making 31 neck aprons and 4 nice warm lap robes. They will be used and gratefully appreciated by the residents and staff. The ladies who spent the day sewing for the residents were: Cora Bland, Virginia Tate, Nancy McClintock, Suzie Edmondson, Rosemary Winters, Barbara Pfrimmer, Maudie Barefoot, and Lena Maxey. Many thanks to all our wonderful volunteers who give of their time in so many different and wonderful ways.

We thank Harlan's Flowers for all the Bud Vases of flowers they bring on the special occasion through out the year. They make our dining room look so special on these days.

We wish to thank Mrs. Annie Wooten for the good cup cakes and Frank Barbee for his beautiful cake. The residents really enjoyed all of these goodies.

Activity Director - Vera Johnson.

Ear Drops for Some Types of Earaches

Earache is one of the most painful conditions experienced by small children. The most common cause for earaches is infection. And middle ear infections (*otitis media*) are very common in children. The treatment of this infection usually requires the care of a physician and the use of prescription antibiotic medicines given by mouth and/or injection.

Infections in the external part of the ear (*otitis externa*) are sometimes referred to as "swimmer's ear." The ear canal may itch and become inflamed. In many cases a yellow fluid drains from the external canal at night and is visible on one's pillow the next morning.

Ear drops may be effective in relieving the itching and pain associated with external ear infections. *Aluminum acetate solution*, for example, may help decrease swelling within the ear and eliminate crusting of the ear canal.

Some authorities recommend these ear drop precautions: wash both hands before using ear drops. Hold the top of the ear up and back so as to help straighten the ear canal. Do not insert the medicine dropper into the ear or touch the dropper to the skin or other surfaces. If the drops cause burning or itching for more than a few minutes after use, contact your physician.

## Reunion Held

Paul and Mary Belle Kyle of Lubbock, hosted in their home, a reunion for the Kyle family, former residents of Donley county. It was a successful three days of nostalgia, remembering the good old days on a farm in the Bray and McKnight communities, later near Clarendon. Other entertainment consisted of visiting the Science Spectrum, The Ranching Heritage Center and Museum, in Lubbock.

The Barfield school house, at one time on the Barfield ranch, southwest of Clarendon, now located in The Ranching Heritage Center, was the sight of much picture taking, and whimsical reminiscing between three of the Kyle girls. They attended the school in 1936-37, making the school a compliment of four. They were picked up and transported to and from the school by their teacher, Marjorie Harlan.

## Degree Received

Paricia Hughes Archuleta received a Bachelor of Science in Elementary Education Degree from the Saint Mary of the Plains College at Dodge City, Kansas, May 12, 1990.

## Sold Any Good Neighbors Lately?

The book of Job is among the oldest writings in the Old Testament. In it, Job's friends insisted that his calamity was due to his sins. Now we know that they were wrong and that Job was right, because of the prologue to the book.

But it is interesting that when Job defended himself to his accusers he said, "If I have withheld anything the poor desired, or caused the eye of the widow to fail ... if I have seen anyone perish for lack of clothing..."

God's ancient servant clearly understood that if God had blessed him it was so that he could share that blessing.

Over and over again God's ancient prophets reproved those who were indifferent to the plight of the needy and damned those who took advantage of the poor.

Amos predicted that Israel would be destroyed, "...because they sell the righteous for silver and the needy for a pair of shoes—they that trample the head of the poor into the dust...and turn aside the way of the afflicted." Isaiah, Jeremiah, Hosea and others repeated the message.

Jesus taught the same message again, and added an example of selfless generosity.

Of course, such matters are irrelevant today. People are not responsible for refusing to admit a poor, elderly widow into the hospital, "it's just company policy". No one cheats the poor today. Street people don't really matter, do they? Our society won't really have to answer for failing to educate its children. All that is out-of-date, right?

Thank God Clarendon is not entirely "up-to-date"! Thank God for pharmacists who care enough about people that they are willing to fill prescriptions even when they know they will never be paid. Thank God from grocers who will donate a couple of bags for food to a hungry family. Thank God for a merchant who is willing to buy a poor immigrant a good meal at the restaurant. And thank God for Matthew 10:42.

## ...OR THE BANKER?

Stock market investments can be very inviting. Everybody, it seems, knows "this guy" who knows "this other guy" who made a real killing in a big bull market. Of course, behind every Cinderella story there's another tale—of uncertainty and vulnerability.

Unfortunately, the stock market often takes a downward turn. The rampaging bull can become a lumbering bear, changing dreams of an easy "killing" into harsh reality.

Not so at our bank. In addition to an

impressive range of investments—such as our new money market accounts—we offer things that stocks and mutual funds can't. Like risk-free protection of principal. Assured rates of interest. And the soothing security of Federal Deposit Insurance by the FD.I.C.

So, while we won't promise to make you rich overnight—we will place a risk-free guarantee on your tomorrow.

That's the bare facts. With no bull. 1989 AMERICAN BANKERS ASSOCIATION

## GTE Equipment Utilized

GTE computerized telephone testing equipment utilized in Clarendon is one of, if not, the most sophisticated systems on the market.

GTE utilizes what they call a "4-Tel" computerized testing program in an effort to detect trouble before the customer realizes they have any. The computer testing system actually sends an electrical pulse down the telephone line which simulates a call, then analyzes the line and hangs up before the telephone has a chance to ring. The system does all its calling late at night when the least amount of lines are busy. However, if the line is busy, the system will make one more attempt on the busy line at a random time. When the 4-Tel sys-

tem detects a problem on the line, it automatically flags that telephone number that the trouble was found on and a repairman is dispatched to the appropriate customer location.

The 4-Tel system is used every night to seek out trouble prior to customer awareness.

## Open House

Open House was held Sunday, May 13, 1990, for the newly renovated Clarendon High School. Guests registered at the door, and went into the new auditorium to await their tour guides. The guests were shown through the building and the guides explained what each room would be used for.

## Public Notice

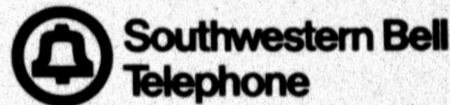

Southwestern Bell Telephone Company has filed an application with the Public Utility Commission (PUC) of Texas to add a new optional service for business customers called Departmentalized Customer Billing Reports. The proposed effective date for this service is June 25, 1990.

Departmentalized Customer Billing Reports will enable the business customer to facilitate rapid verification and approval of complex bills. These detailed Departmentalized Customer Billing Reports will show charges specifically related to each customer-specified name or identifier on a separate, easily identifiable report page. Business customers may choose from seven different formats for the reports. Departmentalized Customer Billing Reports are designed to serve as a categorized supplement to the business customer's regular bill, and are in addition to the customer's regular bill.

There will be a \$20.00 monthly charge for this service. In addition, a charge ranging from \$10.00 to \$50.00 per month will also apply for each of the seven supplemental reports. A \$1.00 non-recurring charge, per billing number, will apply to establish the service.

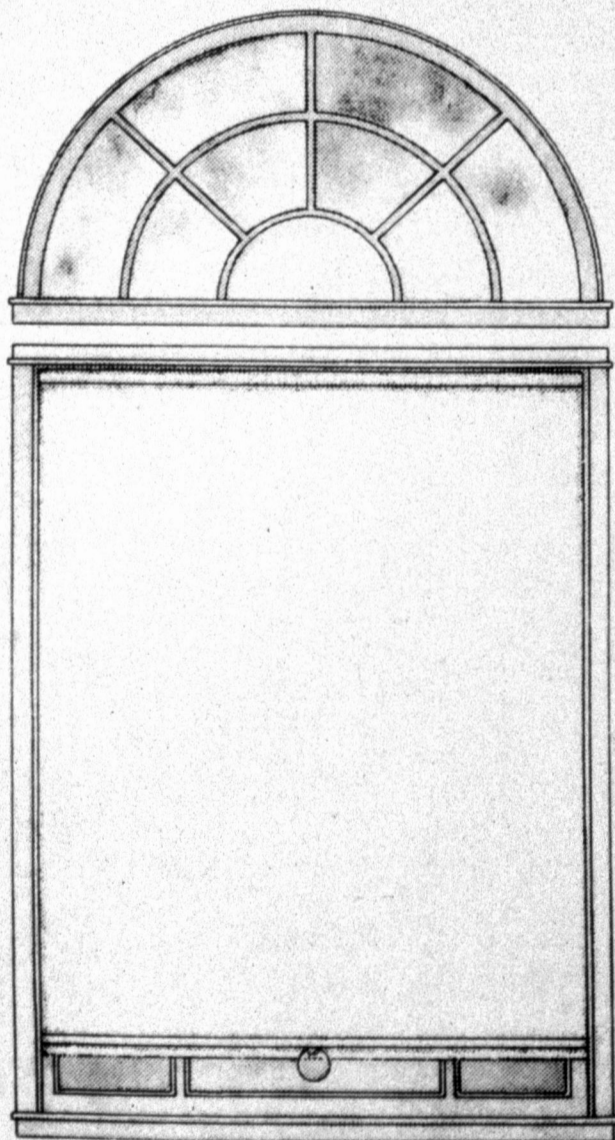

Departmentalized Customer Billing Reports have been forecasted to generate first-year revenues of \$848,812.

Persons who wish to comment on this application should notify the Commission by June 15, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 450-0227, or (512) 450-0221, teletypewriter for the deaf.

## Potential New Crop

Donley County farmers and ranchers are invited to attend a Canola Production Program on Friday, May 18, 1990, starting at 7:30 p.m., in the Clarendon College Cafeteria.

Canola may have some potential in this area as a new crop. Canola

is a variety, or varieties, of rapeseed which produce a superior quality edible oil and high value animal feed. Canola is a winter annual which is very closely related to the wild mustards which are weeds in our small grain crops. If production limitations such as stand establishment and harvesting can be overcome, yields of 800 to 1500 pounds dryland and 3000 pounds or more under irrigation are realistic. Actual production and research within the state are so limited that good values for production inputs are not available.

The meeting will be sponsored by the Donley County Extension Service and AMERI-CAN Seed Company, which will provide for the refreshments at the meeting.

The meeting will cover Canola production, marketing, and seed varieties. Mark Roberson - Casterline Seeds; Tony Ballmann - American Pedigreed Seeds; and

Dr. Wyatt Herman - Texas A & M University Research Center at Bushland, will be the featured speakers at the meeting.

Contact the Donley County Extension office at 806/874-2141 if you plan to attend.

## Prophecies Fulfilled

by Gladys Baten

Recently the First Baptist Church in Clarendon was involved in a revival meeting ending May 2nd. The final message by our Evangelist was focused on the second coming of Christ and end-time signs given in Matthew 24:14. These signs were prophesied by Jesus during his earthly ministry in AD 33.

A fact that is most urgent for us to realize is that all of those signs have been and are now being fulfilled.

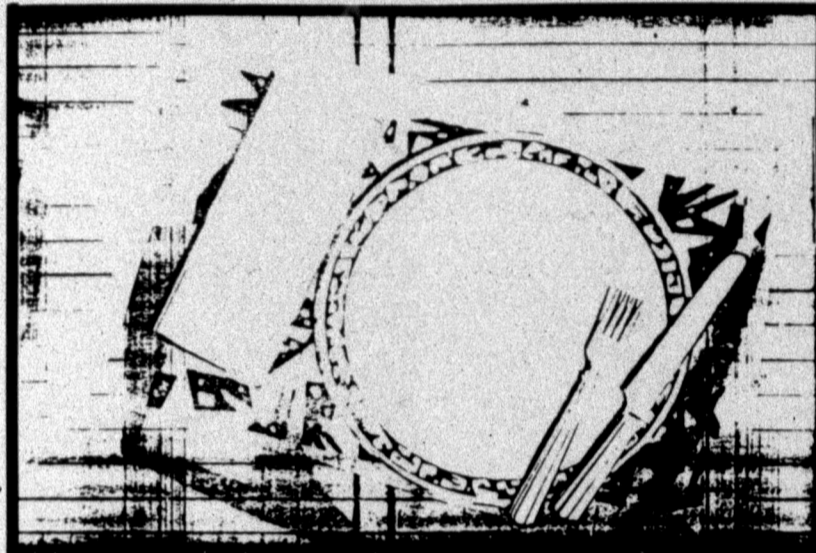

More significant events than those given in Matthew was the re-establishment of National Israel in 1948, and is now the Exodus of the Jews from all nations to Israel. The Prophet Isaiah, about 2,700 years ago, wrote the following, "He shall set up an ensign for all nations, and shall gather together the outcasts of Israel, and the dispersed of Judah from the four corners of the earth." Isaiah 11:12

Recently a Christian publication stated that: "A news magazine reported that a large hotel chain set engineers and geologists to Jerusalem to explore the possibility of building a hotel on top of the Mount of Olives. The crew reported the site is the center of a geological fault, subject to earthquakes. Another reported an oil company did seismic studies in quest of oil in the area. This survey discovered a gigantic fault running east and west through the center of the Mount of Olives, a fault so severe it could split anytime?"

Some 700 years BC the Prophet Zechariah, who knew nothing about modern geology, recorded his revelation from God, Creator of the Universe and all things. Zechariah's prophecy says: "His feet shall stand in that day upon the Mount of Olives, which is before Jerusalem on the east, and the Mount of Olives shall cleave in the midst thereof toward the east and toward the west; half of the mountain shall remove toward the north, and half of it toward the south." Zechariah 14:4.

Isn't it amazing that about 2,700 years ago the prophet Zechariah confirmed facts that present day geologists have discovered?

Are "We" ready for this prophecy to be fulfilled? The most important thing in our lives is to know that we are ready to meet Jesus!

## You Can Help

Summer for your family probably means a few afternoons at the pool and a week or two vacation. But, life is not that simple for families that have a child with cancer. Those children are often faced with long hospital stays and seemingly endless treatments. At the same time, family members are felling the burden of medical bills and caring for that sick child.

That's why Camp Alphie has become so important to this area. And, Needs Your Help.

Camp Alphie is an overnight camp for children 7 to 14, who have or have had cancer, and their siblings. Those campers over 14 and under 17 will be eligible for the Junior Counselor Program. By bringing together some campers and staff who have recovered from cancer, it gives hope to children now in treatment and at the same time lets them have some fun.

While the kids are enjoying Camp Alphie, their parents can stay at the Howard Johnson's Plaza West in Amarillo. There will be time to swim, relax and visit with other families going through similar experiences. Both camps begin on Sunday afternoon August 5th and come to a close on Friday afternoon August 10th. There is No Fee.

Here are some ways you can help make it happen:

\*If you know an eligible camper or family, have them contact Camp Alphie office.

\*Sponsor a camper. The cost is \$250.00.

\*Volunteer your time or talents. Drivers are needed to take family members on outings, meals cooked and served to family members or cookies baked for afternoon snacks at camp.

\*Donate materials. Let Camp Alphie know what you can give. Many things are needed such as; beads, buttons, paints or t-shirts for arts and crafts.

A video of the camp and some of the activities that go on during camp is available to be shown to any group interested. Contact the Camp Al-Genevieve Caldwell, of Clarendon, is on the Camp Alphie Board and will be glad to take calls or be of assistance in any way possible.

Please call soon. It takes a lot of time and work to make Camp Alphie possible. If you can help, please contact:

## Dance To Be Held

The PTA Activities Committee is sponsoring an end-of-school dance for Clarendon Junior High students only. The dance is a "lock-in". It is scheduled for Saturday, May 19th from 7-11 at the Clarendon Community Building. Jay Gage will be the D.J. and prizes will be awarded.

There will be a \$2.00 door fee and the students are asked to bring refreshments as follows:

6th graders - 2 Liter soft drink;  
7th grade girls - dip; 7th grade boys - chips; 8th grade girls - cups; 8th grade boys - sweets.

For further information you may contact: Debbie Hamilton, Annis Stavenhagen, Carolyn Altman, or Wanda Smith. Please come and have a good time with your friends.

## The Lions Tale

The Clarendon Lions Club held its regular meeting at noon on Tuesday, May 15th, at the Lions Hall with 26 present. Following the regular opening ceremony, Boss Lion Knorpp, presented Lion Hicks with his "Past-President's Plaque" and name tag. Lion Tamplen also received a name tag. Other business was discussed. Meeting adjourned.

GAYLEE OSBORNE

## Hedley Graduate Will Compete

Gaylee Osborne, graduate of Hedley High School, will compete for the title of Miss Florida-USA on August 4, 1990 in Ft. Lauderdale at Bailey Hall. She won the title of Miss New Mexico-USA Hospitality 1986!

Gaylee is the daughter of Gayle Dunn and the niece of Danny and Billie Dunn. Gaylee has won numerous titles while living in Hedley, Texas. Some of her titles include: Cotton Queen, Irish Rose Miss Congeniality, Donley County Miss Congeniality and First Run-

ner Up two years in a row.

While living in Ruidoso New Mexico, Gaylee also won the title of New Mexico Modern Miss. She then went on to compete for Nationals in Nassau Bahamas on an exotic cruise in April 1989, where she placed in the top 15 out of 75 finalists. Congratulations Gaylee and Good Luck.

## Hedley Blood Drive Set

The Coffee Memorial Blood Bank will be holding a Blood Drive in Hedley from 4p.m. to 7p.m. at the Community Bank on Wednesday, May 23rd.

The goal for this drive is 25 pints. Hedley has not had a blood drive since around 1984, so everyone needs to come out and contribute.

## Hedley News

Hedley School is winding down its 1989-1990 academic year. Final examinations will be given on Wednesday and Thursday of next week. High School graduation is slated for 8:00 p.m., Friday, May 25.

The annual High School Awards Banquet was held Thursday, May 10. Coach Terry Collins highlighted the boys' athletic activities of the year, and presented the basketball and baseball teams to the audience. Coach Bryan Hill made a similar presentation of girls' athletics.

In the Future Farmers' segment of the program, Anthony Carson received a certificate from DeKalb-Pfizer as the outstanding senior agriculture student, and a certificate for excellence in sheep production. Greenhand Farmers Degrees were awarded to Stephen Carson, Tim Bramblett, Dusty Wilkinson, Amanda Ward, Isabel Andaverdi, Tracie Shields, and Robert Stafford. Chapter Farmer Degrees went to Wade Gillespie, Kevin Johnson, Brannon Stephens, and Chad Landrum. Proficiency awards were given to the following students: Tim Bramblett for swine production; Kevin Johnson, Specialty Animals; Curtis Neeley, Oil Crops Production; and Kevin Johnson, Turf and Landscape Management.

Mrs. Peggy Allred made the presentations for Future Homemakers. All members of the chapter were awarded patches. Chapter officers also were given pins symbolizing their offices. Jennifer Hill and Dena Moore were presented Certificates of Participation for special service to the Chapter.

LaMoss Springer recognized participants in UIL contests and in one-act play competition. Anthony Carson received a plaque for logging over 326 hours on stage during his four-year acting career.

A large crowd attended the banquet, and enjoyed a delicious meal featuring barbecued chicken. Thanks to Doyle and Lyndon Messer and their crew for an excellent job preparing the chicken.

The Hedley High baseball team traveled to Kelton last Tuesday for the final regular season game. The Owls beat the Kelton team 14-7. The win forced a play-off game for the District Championship. The play-off game was played in Pampa on Monday of this week.

Margaret and Otis Holland enjoyed having a large number of their family at home over the Mother's Day weekend. Well over thirty visitors were present, hosted by Margaret and Otis, and by Nancy and Henry Stephens. Out-of-town visitors enjoying the reunion were Judy and Misty Clendennen, Tammy and Jamie Wagner, and Jodi and Kenzie Clendennen, all of Pampa; Ronny, Marilyn, Doug, and Gena Bolin from Texhoma, Oklahoma; Sandra, Doyle, Terry, and Lori Baggett from Claude; Ruth Curtis, Margaret's sister, from Ventura, California;

another sister, Lorene Ferguson, from San Diego, California; a brother, Marvin Loyd Webster and his wife Toby, from Littlefield; and Doris Pritchard from Abilene. Also visiting were Lucky, Kyra, and Ashley Roberson from Abilene; Buddy and Rose Messer from Canyon; Janice Hughes from Wellington; Jerry and Ileta Messer from Amarillo; C. C. and Joan Turner from Stephenville; and Rev. and Mrs. Jeff Messer and children from McLean.

Visiting with Junior and Martha Hill this weekend were Sherric, Tim, and Jordan McDougal from Lubbock; Johnny, Gail, and Lisa Hill from Clarendon; and Loretta, Justin, and Jason Ham, also from Clarendon.

Martha Hill and Margaret Holland tied for having the most children present at the Sunday morning service at First Baptist Church. Each had four of their five children with them. Mrs. Gladys

Howell was the oldest mother present; Kyra Roberson of Abilene, one of Margaret Holland's guests, was the youngest mother there.

Anthony Carson, Curtis Neeley, Amanda Ward, Stephen Carson, Brannon Stephens, and Bryan and Debbie Hill attended the Area Future Farmers of America Convention in Lubbock this past weekend. Anthony Carson ran for State President nominee from Area I against two better-known candidates, and made a fine showing, but was edged out by the candidate from Abernathy. Chapter Advisor Glenn Boyd was to have accompanied the group, but became quite ill last Thursday. We are glad that he is up and about, and feeling much better.

Little John Clinton Pierce was taken back to the hospital last week. We wish him a speedy recovery.

Following the Wednesday evening service of May 9, members of First Baptist Church surprised Pastor Rob Lackey with a birthday party. The congregation enjoyed ice cream and cake, and presented the pastor with a gift.

Mr. and Mrs. David Quesenbury and family of Felt, Oklahoma, visited with his mother and sister, Dorothy Harris and Clairece Wilkinson, this weekend.

Jimmy, Sharon, and Angie Boliver from Amarillo visited Joyce Boliver on Saturday afternoon.

The Senior Citizens' Center has changed its Memphis shopping day from Wednesday to Thursday.

# DOORPOSTS

## An After Church Silence

by Perry Mack Garrison

It was a typical, early Summer, Sunday morning, including the wind that chose this day, of all days to blow. The sky took on an almost, fresh plowed, Earthy look. The people filed into the medium-sized, stone, church building like drops through a stopped-up coffee maker, gripping, moaning, and complaining about the weather, the distance they had to walk in the weather, and the color of the carpet, (for lack of anything else to grumble about). The Pastor stood at the main door to the vestibule and shook hands and welcomed each one to this week's edition of "Sing, Preach, and Run". A marvelous game where contestants have the chance of amassing points by: being the first to doze, renewing the lost, under the pew, chewing-gum collection, and writing the best notes which have nothing to do with the sermon. Not to mention, of course, the fifty extra bonus points for being the first person to hit the door after the last "Amen". A very good and comforting setting for those of us who are "Only Human!", don't you think?

The service went off without a hitch; the right amount of hymns were sung, with the right amount of verses in each one. The special music was done quietly, reverently, and by popular vote only, (none of that nasty contemporary music here). The offering was ushered and prayers given...or was it the other way around? The pastor preached on "the Excitement of Salvation!". Three deacons fell asleep as well as one elderly lady who had no problem in the snoring department. The teen-section was empty (not to worry, they're just sowing their wild oats, it's natural), and the Amen-section had laryngitis. The invitation was accomplished as "planned", the altars were unattended (and dry) and the dismissal prayer was short, sweet, and to the point. Afterwards, the Pastor stood at the door and thanked everyone who came and gave out the best-dressed awards with a smile. A good, well-rounded worship hour.

After everyone had left, the Pastor turned out the lights, stepped outside and locked the door, he wondered if this Sunday's roast would be of Bovine descent or swine origin.

Then the most wonderful thing happened, from inside the dark empty structure came a lone rich baritone voice...singing. Then

another joined, then a tenor and another and another, then a soprano, then another and many altos. Soon the entire building was filled with glorious worshipful sounds, each voice stood out yet blended. The mystery choir sang with deep gratification and emotion, building into a magnificent crescendo of adoration. But where...where was it coming from? Where!?... The stones...in the walls, it came from them! They were singing! Such a glorious song hadn't been sung since the birth of Christ, and all this...from the stones! But...why!?

Jesus said in Luke 19:40 "he answered and said unto them, 'I tell you that, if these should hold their peace, the stones would immediately cry out.'"

Must we let these stones worship alone? Must...we...?

## Early Cotton Insect Problems

Part II

Insect control has been a major problem in Donley County at times, since cotton has been grown here. One insect that has gotten a lot of attention in recent years is the cotton Boll Weevil.

Boll Weevil populations have continued to increase the last several years in Donley County. But the tide may have turned dramatically this past year with the extremely dry, cold conditions in December of '89. Entomologists from around the state have indicated that leaf litter samples prior to December and after December have shown a very significant decrease in live overwintered weevils per sample. Nevertheless, producers that have had weevil problems in the past should make plans now to use pheromone traps to monitor overwinter weevil emergence. Producers needing traps can contact one of the area ags in Donley County, or the Donley County Extension Office. Traps should be put out now and checked religiously every week. The number in each trap should be recorded and the average number of weevils caught per trap each week will be a good indication of weevil infestation. Four to eight traps should be used for fields that are 100 acres or larger. Weevils entering fields shortly before and during early squaring are the most important from the stand point of potential damaging infestation. The number of weevils captured in traps prior to and during the early squaring

period (pinhead to matchhead size) can provide a relative guide to the size of the population and the need for one or more insecticide applications. For this area, more than four weevils per trap per week at pinhead squaring time will probably justify early treatment. Early treatment can be done at a significantly lower cost than can treatment at mid to late season. A big key to cotton in this area is the setting of the first fruit and that is another good reason for early season boll weevil control.

Included in the early fruit set is usually the control of thrips and fleahoppers. Thrips and fleahoppers probable can be credited with damaging much more cotton than we would like to admit. The damage also occurs for the most part on the early cotton, delaying the fruit set, or loss of the lower, early bolls.

Thrips are early season pests of seedling cotton. They may be more of a problem under cool, wet conditions when plant growth is slowed. They may be especially numerous in cotton grown near maturing small

grains. Their feeding ruptures cells which causes stunted plants and crinkled leaves that curl upward. During severe infestations terminal buds can be destroyed, causing excessive branching of the plants and delaying plant growth.

Cotton Fleahopper is for the most part very underrated as a cotton pest in this area. The fleahopper overwinters in the egg stage, primarily in wild hosts such as woody croton, cutleaf evening primrose, silverleaf nightshade and others. At 80°F, eggs hatch in about eleven days, and the young nymphs feed on tender vegetation. Early in the spring, fleahoppers build up large numbers on alternate weed hosts. As these hosts mature and become less succulent, the cotton fleahopper searches for more preferred hosts. If cotton is present, fleahoppers colonize it and feed on leaf and fruit buds.

The cotton fleahopper feeds on anthers of small squares and sucks sap from leaf buds. The feeding causes squares to die and turn brown, resulting in a "blasted" appearance. When fleahoppers are

abundant, heavy fruit loss may occur on preflowering plants. The fleahopper prefers terminal bud clusters including young leaves and squares, which can cause extensive damage.

Control of both thrips and fleahoppers is relatively easy and cheap when compared to the damage that can occur.

For recommended control measures and products to use, contact the Donley County Extension Service at (806) 874-2141. Publications on management of Cotton Insects, Identification, Biology and Sampling of Cotton Insects are available from the Donley County Extension office in the old courthouse.
