PRESIDENT STRESSES SOIL AND WATER CONSERVATION IN TALK TO BIG CROWD HERE MONDAY

More than two thousand citizens of Donley, Gray and Hall counties were present at 5:20 Monday afternoon as the President's special train arrived. Appearing on the back platform first was a secret service man, others soon surrounded the train in addition to the sheriff's force and Legion members who had been especially selected to guard against any mishap here during the short time the President was to speak.

Governor Allred, frustrated from having received a federal judgeship appointment a short time before at Wichita Falls, began to introduce Cong. Jones, but had his attention called to the error. He was to, and did, introduce Senator Connally who in turn introduced Cong. Jones who introduced the President.

The political line up on the car platform was one seldom if ever seen before in any state, and will not likely happen again in Clarendon. The President, Governor Allred, Senator Connally and Cong. Marvin Jones were standing in line at the same time. With them was Elliott Roosevelt son of the President who resides at Ft. Worth.

The President spoke for several minutes confining his remarks to soil conservation of northwest Texas. "Way back on the Hudson river where I live we had great clouds not rain but clouds of dust from the Dust Bowl," he said, "and we mean to stop that soil erosion." The President as well as his party appeared in happy mood and waved goodbyes as the train moved on.

Just as the President started back into the coach, a lady dressed in a sky-blue dress rushed up and called to him "that she wanted to take his picture." The President obligingly turned back and the picture was taken.

Comment was made on the fact that the appearance of the Governor drew as much applause as that given the President.

The large crowd was orderly and appreciative and the historic incident passed off without a hitch. The President spoke at Elwood park in Amarillo the same evening being driven through a drenching rain from the Denver depot to the Park. He refused to accept any covering or to have the car top raised, taking the rain and praising the opportunity to speak to Panhandlers under rainy conditions.

Palmer to Make Extensive Trip In Southwest

Leaving here Sunday, Mr. and Mrs. Elmer Palmer and son Jimmie and Mr. and Mrs. Hal Riley expected to visit Carlsbad caverns on the way to Silver City where they will visit Mrs. Palmer's sister, Mrs. Neva McCrary and husband.

After side trips, they expect to return through Big Springs and visit another of Mrs. Palmer's sister, Mrs. Ruth Mosley and family.

Candidate Rally at Lelia Lake Friday Night

It is said that the ice cream social to be staged at Lelia Lake tomorrow night, of the 15th, is to be managed on a different plan to that of any other so far this season.

The affair is designed as a candidate rally to which the entire public is cordially invited.

PAVING BEGINS AT HEDLEY TUES.

Topping is being placed on Highway 5 since Tuesday, beginning at the Hedley compress. The contract was awarded to the Public construction company and will extend to the Hall county line, a distance of 10.9 miles.

Cattle Sales Rate Livelier Interest

Amarillo Man Buys Entire Calf Crop JA Ranch

The biggest sale of the season was closed this week when Jack Roach took the entire JA steer crop for November delivery. Roach has taken the JA steer calf crop almost every year for several years, the count often running well around the 3,000 mark.

Other local cattle deals include the sale of 90 head of John Bugbee heavy steers to Morris-Barrick, Shelton & Chamberlain take 97 two-year-old JA heifers, and a Vernon party took 60 fat dry cows from the JA ranch.

Shelton & Chamberlain have contracted August delivery of 122 heifers to Porter & Son, Amarillo, and one car of yearling steers for immediate delivery. The same firm took one car of steers from John Blocker, two cars of steer 2's from Knopp & Chamberlain, September delivery.

Good quality heifers up to 7 1/2 c and steer yearlings 8c a pound. Steers rating an average of around 950 pounds are bringing \$8.40 a hundred, it is said.

GOVERNOR'S RACE GROWING HOTTER

Thompson Said to Be Leading Over State With O'Daniel Close Second

Bill McCraw opened the fireworks the past few days in lambasting O'Daniel, both aspiring for the governorship. Lee O'Daniel shot back as good as Bill McCraw gave. Bill says Lee's a carpetbagger from Ohio. Lee says Bill's paw once ran for office in Texas on the republican ticket. Ernest O. Thompson apparently is staying out of the mudslinging and is credited with gaining rapidly over the week.

With one of the longest ballots in recent elections, approximately 2,300 Donley County voters are beginning to make final decisions as to their choice for the many state, county and precinct offices.

Although the voting day is over one week away (Saturday, July 23) most of the 1,911 poll tax payees, about 400 persons over 60 years of age and the many exemption certificate holders, have probably already decided who will get their favor, and it is up to the other fellow to change that opinion.

Absentee voting by those who do not expect to be near their precinct boxes on election day, was heavy this week with deputy county clerk, Helen Wiedman, reporting 33 vacationists casting ballots in the office from Monday to yesterday noon. Many more votes are expected to be received by mail before the deadline, July 19.

Most of the boxes throughout the county will open at 8 o'clock the morning of the primary and will close at 7 o'clock that night. The two Clarendon boxes will be at the court house, (No. 2 and City Hall, (No. 18.)

Highway 88, running north and south through the city is the boundary line for the boxes. Persons residing east of the Pampa-Silverton road voting at the City Hall and residents west of the highway casting their ballots at the court house.

Clarendon Parties to Attend Lions Convention

Leaving today to attend the International in San Francisco were Mr. and Mrs. Homer Mulkey and Mr. and Mrs. Sam Braswell.

\$212,000 In Cotton Payments May Reach Here In August

Approximately \$212,000 in government cotton subsidy payments may reach Donley County in August, H. M. Breedlove, county agent, said today upon returning to Clarendon from College Station where he attended the farm agents conference this week.

Applications for payments must be received at College Station and forwarded to the local agent's office for execution before payments are made. Breedlove stated.

Payments of three-cents per pound will be made on 65 per cent of the producers base production for 1937.

Son of Lelia Couple Killed Near Tyler Monday

Ben McGowan, aged 40, was fatally injured Monday afternoon when a loaded gravel truck ran over him resulting in his death some three hours later in a Tyler hospital.

Funeral services were held at Bascom, near Tyler, at 4:30 Tuesday afternoon. Those attending from here were his father Tom McGowan, the mother being too ill to make the trip, and Elvis, a brother of the victim, and Mr. and Mrs. R. I. McGowan, uncle and aunt of Clarendon.

He is survived by a wife, three children aged 5, 13 and 19 and his parents, Mr. and Mrs. Tom McGowan, and brother Elvis of Lelia Lake, Maurice of Lubbock, Sisters are Pearl of Lelia Lake and Mrs. Obie Paulk of Dallas, she having attended the last rites.

The many friends of this estimable family will learn of their great misfortune with extreme regret, and hope for an early recovery of the grief-stricken mother.

CONGRATULATIONS!

Mr. and Mrs. J. C. Rolls of Seminole, Oklahoma announce the birth of a son, Tommie Riddle Rolls, on the 6th, weight 8 pounds and 15 ounces.

Heat Wave Broken By Overcast Skies

Clouds Give Promise Of Much Needed Moisture

Rain drenched winds blowing into Donley County last night broke the intense heat wave which had held on for over a week.

Scattered showers over the Panhandle were reported last night but moisture received here was recorded as only a trace.

The Ashtola community reported an estimated one-half inch of rainfall.

Overcast skies this morning promised aid for local crops which are beginning to show hot spots in the tight land portion.

Although the heat this week was depressing, local weatherman Joe Goldston, recorded the hottest day as 105 degrees. One degree cooler than June 11 when 106 degrees was registered for the warmest day of the year.

The highest temperature for 1937 was listed a year ago yesterday when 113 degrees was recorded.

Visit Sister for First Time In Nineteen Years

While in Smith county this week, where they had been called on a relative's death, Bob and Tom McGowan visited a sister, Mrs. Simmons of near Henderson, Tyler relatives accompanied the brothers on the visit. R. I. McGowan had not seen this sister for 19 years, but she knew him instantly.

Appointed

GOV. JAMES V. ALLRED

ALLRED TO TAKE JUDGSHIP AFTER LAST PRIMARY

Accepts Job From President On Platform Special Train At Wichita Falls

Amid the cheers of thousands as the President's special train stopped at Wichita Falls Monday, the President stepped to the back platform and in his home city handed a commission to Gov. James V. Allred appointing him a federal judge of the newly created district in south Texas.

The district is composed of 44 counties and carries a salary of \$17,000 a year, with lifetime tenure.

"I hand you hereby the official appointment as U. S. district judge," the president declared, turning toward Governor Allred, who was standing at his left.

"May you be happy in this position of great respect, and may you be of service to the people of your district, state, and the United States for many long years to come, James V. Allred, my friend. I wish you all the luck in the world," President Roosevelt stated.

Pulled forward to the microphone by President Roosevelt as the latter shook Governor Allred's hand, Allred responded: "My friends, I want him to know from the bottom of my heart I appreciate this honor and I trust, Mr. President, that I may prove myself worthy of this honor, trust and responsibility."

Governor Allred was visibly affected by the strain of excitement as the President's special reached Clarendon some hours later. Telegrams of congratulation began to reach the Governor aboard the special as quickly as the news of his appointment was carried by the radio over the state.

Gillham To Attend State F. F. A. Convention

J. R. Gillham, local vocational agriculture teacher, will attend the state F. F. A. convention at El Paso, July 21-23. He will accompany a large group of instructors from Area I, of which Clarendon is a member.

The local chapter has been chosen by O. T. Ryan, Area Supervisor, to prepare the scrapbook exhibit as a result of their winning first in the area contest this spring.

Hommel Brothers Sell Fine Bunch of Herefords

Among the small hereford breeders of this section, few have better stock than that of Hommel Bros. of this city. Monday they delivered to Frank L. Bourland twenty head of choice hereford yearlings selected for breeding type.

RANCH LOAN PROGRAM NOW READY

A new program of loans especially fitted to the needs of the ranching areas of Texas is to be put into operation immediately, C. M. Evans, regional director of the Farm Security Administration

McCLELLAN WINS ROPING CONTEST

Lu McClellan Shows Moderns Old-Timers Had Skill

The theory that the old man never likes to be counted out, still persists. The old man contends that he is only as old as he feels, and that skill of the old days was superior to that of today. In fact he can (and does) prove it as evidenced by the trophy brought back from the Stamford reunion last week by rancher Lu McClellan.

Lu was compelled to register in the "Old Timers" class for the contest due to the fact that he modestly admitted to being fifty years old. In the halcyon days of his youth he-men actually roped and prided themselves on being able to "ride anything with hair on it." He was a real cowpuncher long before that day when the chief qualifications of a cow waddie was to learn to "cuss, chew tubacker and drive a fliver."

At the Stamford Cowboy Reunion Lu McClellan made the grade to the tune of a fancy nickelpated pair of spurs. Old timer? Yep, but there is a lot of fight left in old Lu McClellan when it comes to a he-man contest of roping.

F. F. A. Boys Have 80 Pigs On Feed for Fall Shows

Eighty pigs are now being fed by local F. F. A. members for fall shows in this area.

The pigs will be entered in the Tri-State fair and the Donley County fall pig show.

Ray Isham, Joe Williams, Carroll and Clyde Peabody, Earl and Rex Shannon, and Carl Morris are each feeding litters of 8 or more. Harice Green and Pete Morrow are feeding litters of five. Russell Morris, Odell Davis, Gene Putman, Max Rumpy and Joe Frank Heathington are each feeding groups of three; and Johnny Leathers is feeding two single entries. Approximately half of the pigs will be shown at the Tri-State Fair and half at the State Fair.

TO SPEND SUMMER HERE

Mr. and Mrs. D. W. James and children, Mary Lucile and Van of Richmond, Virginia, arrived Friday to spend the summer in Clarendon. Mrs. James is a daughter of Mrs. W. D. Van Eaton.

DALLAS, Texas, July 14.—George B. Bagby of Clarendon was in the national spotlight while in Dallas this week when he attended a meeting of the Agents' Advisory Board of the United Fidelity Life Insurance Company, of which he is chairman, in addition to being a director of the company; and also a meeting of the National Salesmen's Crusade which is waging the "Sales Mean Jobs" campaign. In the picture above Mr. Bagby, assisted by Secretary C. A. Lewis, of Houston, is conferring an honorary membership in the Advisory Board on Elmer Wheeler of New York.

Clarendon Band Plays For President Roosevelt

Headed by the Clarendon High School band, many local citizens were in Amarillo Monday evening for President Roosevelt's address at Elwood Park.

The Clarendon band was part of the "world's largest band" which played for the President.

Over 2,000 musicians from Panhandle Plains towns formed the musical unit.

BAPTIST REVIVAL TO BEGIN SUNDAY

Public Cordially Invited To Share in Services Under Comfortable Conditions

Rev. J. Howard Williams, pastor of the First Baptist church in Amarillo, who is to conduct the revival, has had a varied experience in the field of christian teaching. In speaking of Rev. Williams, Rev. J. Perry King stated that "he is a most loveable consecrated character deeply in earnest and one whose magnetic personality permits him to make friends rapidly."

Mr. Horace Eason, who received training as director of a choir in the First Baptist church of Dallas under the pastorate of Dr. Geo. W. Truett, will have charge of the choir during this revival.

Both Rev. Williams and Mr. Eason are expected Sunday for the first service.

All arrangements have been made for the comfort of those who attend these services that are to be held in the church. Cooling devices assure this fact, but should those in charge of the arrangements decide otherwise, arrangements for an outdoors service can be quickly arranged.

Grasshopper War Almost Won In Donley County

Declaring that the grasshopper war in Donley County was almost won, County Agent H. M. Breedlove today said both poison mixing plants, in Clarendon and Hedley, would be open only two days each week.

The stations will be open on Tuesdays and Fridays.

Breedlove said most plants in the district were closing as the plague decreased.

During the 90-days of operation, over 100 tons of poison mixture has been issued from the stations. Millions of grasshoppers have been killed, warding off probably the worst plague in the history of the county.

HEDLEY TEST WELL

The Kute-man oil test near Hedley was shut down this week for cementing of the surface pipe after 121 feet of hole was made Sunday when the well was spudded in.

Drilling will continue as soon as the cement hardens.

20 DONLEY GIRLS TO GET CANNERY HOME EC. PLACES

NYA Supervisor Arrives; Home Expected Opened By Next Week

Maude Robinson, Quannah High School home economics teacher, received the government appointment as supervisor of the Donley County NYA Home Residence Project and arrived in Clarendon Wednesday to assume her duties.

Miss Robinson said the cannery-home economics project would be in operation within the next week.

Approximately 20 Donley County girls have been selected as part of the 44 to be employed in the home. Any local girl within the ages of 18 to 25, inclusive, and is in some way connected with relief (either by some member of the family receiving relief employment, or residents of farms receiving FSA aid) should apply to Henry Tatum, local case worker.

Canning equipment was moved into the home Wednesday and furnishing will continue for the next few days.

The local Chamber of Commerce are sponsoring the project, aided by the women's clubs of Clarendon and Donley County.

THOMPSON DRAWS LARGEST CROWD

No Mudslinging Indulged In By Candidate, Met With Popular Approval

Arriving here with a large party of friends about 4:30 Saturday afternoon, Col. Ernest O. Thompson, candidate for governor, spoke to the largest crowd accorded any candidate this season.

The speaker was introduced by Mayor W. H. Patrick who gave the voters some insight as to the achievements of the Panhandle candidate through the past several years when he served Amarillo as mayor, and the state as railroad commissioner for the past six years.

Gene A. Howe, better known as "Old Tack" made a short talk endorsing Col. Thompson from the standpoint of a citizen of his home town.

The speaker was applauded on several occasions and especially when he explained his views on Old Age Assistance. A large number shook hands with the speaker after his address was completed. A still larger number commented upon the fact that Col. Thompson confined his remarks to logic rather than taking up his time lambasting his opponents, neither of whom was mentioned during his talk.

In order to make sure that the Thompson party stopped at Hedley, a number of leading citizens there were congregated on the highway when the candidate arrived. Judging from the reception given the candidate here and at Hedley, Col. Thompson will poll a heavy vote in Donley county. His supporters of all classes freely predict that he will carry the county by a large majority.

In Amarillo the evening of the same day, an estimated 15,000 heard Col. Thompson speaking at their "home-coming" rally. Four loud speakers were necessary so large was the crowd.

Thompson is turning his attention to south Texas this week.

Baptist Revival To Begin At Lelia Lake

Dallas Evangelist to Have Charge of Services

Pastor V. W. Allen of the First Baptist church of Lelia Lake announces that their revival will begin July 24th. Rev. R. B. Cooper of Dallas will conduct the revival.

"We are looking forward to a successful revival. Our crowds are holding up fine during this hot weather," Pastor Allen stated.

To the Voters and Taxpayers of Donley County, Texas:

In behalf of my candidacy for sheriff I would like to present a review of my record for your inspection. I want to thank the people of this county for your support and cooperation. I have tried hard to merit that confidence by working hard. You know whether I have made you a sheriff or not. I just want you to compare Donley County with any county in Texas in regard to law enforcement.

I have three opponents, all good men, and you know what each one of us will do as sheriff. One of my opponents has been sheriff; another of my opponents is an officer now, and the other is a business man. I have always done the work myself; I do not have someone do it for me. I believe you elect a sheriff to do the work himself.

I have had around 100 felony cases tried since I have been in office; resulting in 4 acquittals, 2 hung-juries, and the rest convictions. I have recovered every automobile stolen in this county since I have been your sheriff. The board bill for the county's prisoners now costs the county about \$900.00 a year, and has for about four years. When I went into office it cost around \$3,000.00 per year. The court costs to the taxpayers is not now a third what it was when I went into office, yet there is more crime in Texas now than ever before. There is the largest number of convicts in the pen now in the history of Texas—6,800 prisoners. I think most criminals give Donley County a pretty wide berth.

I ask the people of this county to treat me like you would treat any other hired hand you had working for you. If I have made you a sheriff I would like to have your support in the coming election. If not it is your duty to fire me. The records of the sheriff's department are here in the courthouse for your inspection at any time. My accounts are audited regularly. I will be glad to show you at any time any records of the sheriff's office.

You folks of Donley county know just exactly what I stand for and how I enforce the law. If that meets with your approval I would like to have your continued support. I think, with the experience I have, I can make you a better officer. When you go to the polls just analyze each one of us and vote for the man you think will make you the best sheriff for the next two years.

Yours respectfully,

GUY PIERCE

To The Citizens of Donley County:

Your vote is respectfully solicited in the coming Primary. I hope that the affairs of the office of County Judge, which office I have been holding, has been conducted in a manner that merits your confidence. From this standpoint I solicit your support. I am asking for re-election, promising only, if elected, to use the best judgement I have in dealing with all matters of a county nature.

Matters with which a county has to deal at this time are quite different from what they were just a few years ago. Many demands are made for the expenditure of county funds which demands cannot always be granted, but in all matters, if elected, I will use all the patience and experience I have had in disposing of them.

Your vote will be appreciated,

S. W. LOWE

CANDIDATE FOR COUNTY JUDGE

(Political Advt.)

TO THE CITIZENS, TAXPAYERS AND VOTERS OF DONLEY COUNTY:

In behalf of my candidacy for sheriff, I have lived in Donley County almost ten years. In that length of time, I have had the pleasure of meeting everybody personally in the county. In making this acquaintance, I have come to appreciate the good citizenship of Donley county.

In regards to the office of Sheriff to which I aspire, I am not unmindful of the duties of that office. Having had one and a half years experience here, I feel that I am fully qualified to serve as your sheriff.

The sheriff's office and the office of constable are much the same in respect to the duties. Since I have been your constable the last year and a half, there has been less crime in Donley county than there has been in ten years. I don't want the voters to think I am bragging, just take the court records for what I say.

If this type of law enforcement meets with your approval, I will appreciate your support on July 23rd.

One of my opponents has held the sheriff's office the past eight years, and is asking for the fifth term. I am asking for my first term. Don't you think he has eaten out of the county "feed trough" long enough? If you think I deserve this office, I will appreciate your support more than I can tell you. And if elected, I have but one promise to make. That is that I will enforce the law in Donley county if it takes 24 hours a day to do it. My policy is to treat each and every person with the same fair treatment whether this person be poor or rich. I pledge myself to a rigid enforcement of the law.

Respectfully yours,

C. HUFFMAN

Last Rites Held In Claude For Mrs. Alice DeHart

Funeral services for Mrs. Alice DeHart, 71, mother of S. A. DeHart of Clarendon, were held in Claude Sunday afternoon at the First Baptist Church.

Mrs. DeHart, pioneer Panhandle resident, succumbed at her home in Mesquite, Texas, Friday after a three weeks illness.

Interment was in a Claude cemetery with Buntin Funeral Home of Clarendon in charge.

BELLEVUE GETS ON MAP

Though a small town, Bellevue always rates a president over the Denver. This is said to be due to the engine taking water there, the first quality water after leaving Ft. Worth.

Back in August of 1905, Teddy Roosevelt appeared on the platform of his coach and shook hands with a large number at Bellevue. Mrs. Frank O'Neal, wife of the section foreman, could not reach the President's hand so she 'patted' his foot and crowed a lot about it. Yes, President Franklin D. Roosevelt stopped in Bellevue Monday. They all do.

A. W. Gull of Memphis was in town Tuesday and Wednesday.

Mrs. W. J. Lewis of Dallas is visiting in Clarendon.

G. W. Beck was in town Monday.

"Tom Smiley's Appeal to The People of Texas:"

I am a native born Texan. My people on both sides of the house have lived in Texas for more than a hundred years and my people on both sides of the house have served in every war this country ever had. My father served in the Mexican War and in the Confederate Army. I had six uncles and seven cousins who were killed in action while serving the Confederacy. When the World War broke out, I was County Judge of Karnes County and had the appointment of District Judge. I declined to qualify as District Judge and resigned the office of County Judge and joined the army the first day of the war. I have been in the active practice of law for the past thirty years with the exception of two years in the army and the greater part of that time being service in France and Germany.

Sixty years ago, we went to the Supreme Court and back in eight months. Now it takes about six years. I am in favor of the courts being at least as efficient as they were sixty years ago; I am in favor of the most humble citizen having an even break with the greatest corporations in the land, and the reduction of court costs to at least three-fourths of what they are now. I am bitterly opposed to the reversing of cases on trivial grounds and I know Justice delayed is Justice denied.

Respectfully,
Tom Smiley

Skull of Ancient Rhinoceros Found in Lipscomb County

CANYON, July 13.—A skull of the large hornless rhinoceros which lived three million years ago on these plains, as complete and undistorted as any ever unearthed in the Panhandle, was found recently in Lipscomb county.

The find was made by a WPA scientific party directed by Mrs. C. Stuart Johnston of Canyon. The trip of exploration was made as one of the field journeys sponsored by West Texas State College. Nearby were found limb bones and other remains of the ancient bear

dog, a gigantic animal unearthed also in other fossil beds of this area.

The rhinoceros skull, found in an old river bed deposit of a Canadian river tributary, will be placed on exhibit at the Panhandle-Historical Society museum here within a few weeks.

Mr. and Mrs. Gene Chamberlain visited Mr. and Mrs. Eugene Estlack in Austin on their way to Corpus Christi the last of the week.

CREEP FEEDING, PRO AND CON

By T. C. RICHARDSON, Secretary
Texas Breeder-Feeder Association

Suckling calves grow faster, weigh heavier at weaning time, shrink less from weaning, and are worth more per pound, when they have access to a grain ration while running on pasture with their dams. The grain is placed in a self-feeder fenced to exclude the cows and permit the calves to eat at will. Known as "creep-feeding," this practice has become quite common in the Southwest, and is generally profitable. Now that oats and barley are in the bin creep-feeding can start; corn and grain sorghums will also soon be available.

Both Texas and Oklahoma experiment station have done research work on creep feeding, and will send their bulletins explaining the procedures and the results in detail on request. Since the farmer or ranchman is interested only in selling his crops and livestock to the best advantage, his own circumstances must decide whether creep feeding is a desirable practice.

In general terms it may be said that creep feeding is always profitable if the grain feed is home grown, and especially so if the calves are to be sold as feeders. In Bee county, Texas, the creep fed feeder calves sold in the fall of 1937 weighed an average of 100 pounds more than other calves under the same range conditions, and sold at a better price per hundred, paying handsomely for the grain consumed. On good pastures the contrast is not so great, one Oklahoma experiment showing a difference of only 39 pounds. The difference in price, in favor of the creep fed calves, however, would have still paid for the grain at market prices.

The true cost of meat production by the farmer who grows both grain and livestock is not the "market price" of the grain, but the cost of producing the grain and turning it into meat. This may be higher, but is more likely to be lower than the "market price" formula would indicate; the farmer who feeds his own grain at least cuts out the cost of hauling to town and the costs of extra handling which all grain must bear if it goes through commercial channels. For this reason the "profit and loss" data in experiment station reports should not be literally applied to farm-feeding operations, either creep-feeding or finishing, where the farmer produces both the feed and the animals to consume it.

Creep-fed calves take to the dry lot finishing rations with less loss of weight at weaning than non-creep-fed calves, but the latter tend to gain more rapidly in the finishing period. As a rule creep-fed calves will finish ahead of those not creep-fed, though there may be little difference in the final weights, if both are fed for the same length of time.

The greatest benefits from creep-feeding will be shown in calves to be sold as feeders at or soon after weaning. The greatest gains occur when pastures are short. In a Texas range experiment in Webb county creep fed suckling calves gained 114 pounds more in 160 days than those not creep fed, and ate an average of 7 pounds of feed per day (4 parts ground milo heads, 1 part cottonseed meal). This included what the cows ate while the calves were learning, which was for 43 days, enough to make them gain 50 pounds more than their less fortunate sisters on the range.

Threshed grains are recommended for young calves, while older calves will handle ground ear corn or grain sorghum heads to advantage. Unless pastures are unusually green and abundant cottonseed meal or pea-size cake should compose one-seventh to one-fifth of the ration. A small amount of limestone flour or finely ground oyster shell in the ration is advisable, and bone meal may be mixed with the salt in equal parts to advantage. The self feeder should be placed near the watering place.

Those not familiar with self-feeders and creep-feeding practices can get helpful bulletins through county agents.

Saturday, 3:15, Choir Rehearsal.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor
There is Always Worship Fellowship :: Service

A large crowd in attendance at the Baptist Church last Sunday morning definitely and unanimously decided to start the revival services in the church, and that if weather conditions permitted and the interest justified we could and would arrange for the outside any day thereafter. All seemed to think that was the common sense thing to do. Now therefore, we make the appeal for your most earnest prayerful consideration and helpfulness in all of the services throughout this meeting.

We are happy to believe that this meeting will not be sectional and sectarian and selfish. Such attitudes are not characteristic of the christian religion. We are delighted to anticipate the most wholesome results from every service. Do not deprive yourself of any benefit that may result from a constant attendance at this meeting. Whoever you are, and whatever your church relationship, and whether you have no church relationship we want you to come. You have our most hearty, urgent, insistent invitation to what we believe will be some of the highest spiritual hours you ever experienced.
Dr. Williams will be here for the

evening service Sunday. He is a most delightful speaker. He is not a scornful, scolding hatefest preacher, but a great hearted pastor, always seeking the best interests of a needy people. We believe this is the meeting you have been longing for in your bewildered experience. Make much of this blessed opportunity which will be in our city these two weeks, July the 17th through the 31st.

AT FIRST METHODIST CHURCH

E. D. Landreth, pastor
The pastor will preach Sunday morning, 10:50 o'clock.

There was a splendid crowd and fine services at our church last Sunday. Come with us and let's do it again.

There will be no evening service but our people will join the Baptist folk in opening their Revival services. We join the Baptist in welcoming Doctor Williams, one of the great preachers of Texas, to Clarendon.

Church School 9:45 to 10:45. You will find a warm welcome and a cool church if you come with us.

NOTED JUVENILE TRAINING SCHOOL LOCALE OF FILM

England's Barnardo Homes Reclaims Youths; Trains Them for Sea

Freddie Bartholomew's new screen role sees him as a juvenile confidence man. It is as such that he appears in the first sequences of "Lord Jeff," a drama of childhood regeneration and the Barnardo Homes, British institutions for the reclamation of youth. The film comes to the Pastime Theatre next Wednesday for a three day engagement.

Freddie plays a boy posing as a little English lord, but really an accomplice of two older crooks. Arrested and sent to the Barnardo Home, he finds his regeneration and place in life.

The picture deals in detail with life at the nautical training institution in the group which includes 112 district homes, providing training of all kinds in England.

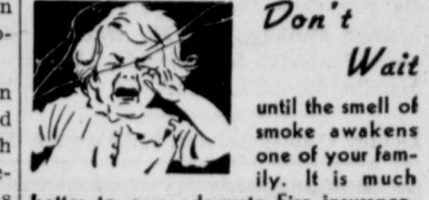

The homes were founded by Dr. Thomas John Barnardo, a phys-

ian who, practicing in the East Side of London, saw and pitied the hundreds of homeless waifs rapidly approaching lives of crime. Believing that proper training and care would transform them into useful citizens he founded his first home in 1867. The idea was successful. Public support was given the idea and the authorities cooperated.

At the time Dr. Barnardo died in 1905, more than 60,000 boys had been cared for in the homes, with only two per cent of failures to rehabilitate. Since then the total has grown to 112,000. The homes are now operated by a national association, but still are known by the name of their founder.

The Classified Column will sell it.

Mr. and Mrs. Carl Hall and son of Forest, N. M., Mr. and Mrs. Douglas Arnold of Silverton spent Saturday night in the Porter Arnold home, all spending Sunday in the Carl Naylor home.

Let's Talk About Service

MOST everyone knows that SERVICE, as defined in the dictionary, means: "the act or occupation of working for another . . . the manner of performing work . . . that which is supplied or furnished to meet a demand," etc.

Working for you is Your Electric Servant's occupation. By that act of providing light and power for your home and business, the electric company renders a service. You pay a small amount each month as compensation for this service.

It, perhaps, seems like a simple transaction: but, in order to perform the work of providing the electric service you demand, this company is forced to employ approximately 1,000 men and women to whom it paid over \$1,200,000 in wages during 1937. As a citizen and property-owner in every community it serves, it paid the equivalent of \$9.25 in taxes per customer in 1937.

By maintaining three centrally-located power generating stations, it eliminates the necessity for less-efficient, isolated and expensive small

Reddy Kilowatt

"DON'T KILL YOURSELF!
It ain't worth it!"

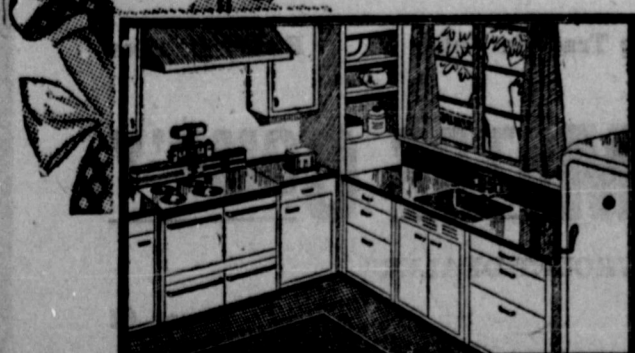

plants in each community. Its 2,000 miles of high tension transmission lines are interconnected with still other sources of electric power so that failure of any one, or all three, of its own plants means only temporary interruption of the service you have learned to demand.

Efficiency in operation of this system of power plants and transmission and distribution lines permits rendition of electric service at its present low cost. The "manner of performing work" allows this company to render the good service you are receiving at an average net residential rate below the average.

We want you to know we are glad to render this service, "supplying and furnishing that which meets a demand," and we invite you to use this service freely.

DONLEY COUNTY MUSEUM RECEIVES MANY MORE INTERESTING RELICS

The Donley County Museum continues to be of interest to visitors on its regular day of opening, Friday afternoons from four to six o'clock. Quite a large number of visitors registered on the fourth of July, many of whom had not seen the exhibits before that time.

The Museum is indebted to Mrs. Kate Thompson Johnson of Lelia Lake for the presentation of some very interesting relics. These consist of a gun made in England in 1822 that did service in Ohio in the Civil War; a pestle used by Indians to crack corn in a mortar and found in a field near Lelia Lake; an Indian arrow head, an old fashioned fan, a Third Reader from Indiana used in 1876, a reaping hook and cradle used to cut wheat in Missouri seventy years ago; a little dish, called a bone dish, that was placed beside the plate on the dining table as a receptacle for bones; a medal found in a field near Dalhart in 1898, and a small pitcher brought from New Orleans when Mrs. Johnson came as a bride to Tascosa in its early days.

Another gun has been presented to the Museum by J. A. Thompson of Lelia Lake. This gun was used by his brother-in-law, Stan Barton, an Indian fighter and hunter. Accompanied by a half-breed Indian and a Mexican, Stan Barton often hunted buffaloes with this gun around Lelia Lake and Clarendon when the animals would come to the water holes in this vicinity.

The Museum thanks the donors of these relics, and invites the public to visit the Museum and view the many interesting exhibits.

WOODUL RAPS OLD PEOPLE WHEN IN STATE SENATE

Yarborough Says Opponent Not Friend of Aged As He Now Claims

District Judge Ralph Yarborough of Austin charged in a speech today that Lieutenant Governor Walter Woodul, his opponent in the Attorney General's race, had made a ruling to keep thousands of elderly citizens from receiving old age assistance and to strike the names of many others from the pension rolls.

"In a campaign speech in Fairfield, which was reported in the newspapers, my opponent told how deeply devoted he was to the aged citizens," Yarborough said. "Since he has brought the issue of old age pensions into this race, let's look at his record."

"When it was proposed to deliberalize old age assistance through an amendment to a tax bill in the Senate, a point of order was raised against the proceeding. How did Mr. Woodul, the presiding officer, rule?"

The speaker then read what he said was a quotation from the Senate Journal:

"The Chair stated that there were precedents in reasoning on both sides but that after careful consideration, he had decided to overrule the point of order."

Yarborough continued: "In other words, he ruled in favor of deliberalizing the pensions. He could have made a ruling in favor of relief for thousands of our older citizens but he ruled against the grandmothers and grandfathers of Texas."

Student Transfers Must Be Made This Month

All transfers of school children, from one district to another, must be made during the month of July. Parents may sign the transfer blanks at the County Superintendents office. Parents who have children in districts where the grades are not to be taught next year must sign the transfer blanks. It is urgent that these be signed this month in order to prevent friction next year when children are entering Independent School Districts.

All County Superintendents have received instructions from the census departments as to the Attorney General's ruling on transfer law as follows:

You are advised that said opinion holds that County Superintendent must grant all requested transfers made by parents; and that group of trustees which object to the transfer shall file its objection with the county board. In the adopted rules and regulations of

this division, you will not that said protests must be filed with the County Board of School Trustees within five days after the first of August, and the County Board shall hear all protests prior to the 15th day of August of each year.

In compliance with the above ruling the County Superintendent

will accept all transfers requested by parents, and submit them to the county board.
