CHRISTMAS IS COMING SOON, and Alice Davis of Harlan's Flowers is getting some of the store's trees ready for display. The shop will hold its annual open house on November 10th and 11th.

Harlan's Will Host Open House

Harlan's Flowers will hold their annual Open House on November 10th and 11th, Friday and Saturday, from 9:00 a.m. to 5:00 p.m. The florists will be serving refreshments and giving door prizes, as well as showing some of the prettiest Christmas trees in the Panhandle. Their "Parade of Trees" alone is worth the trip to the store.

Children who bring their parents to the Open House can sign up for a toy train to be given away on December 23rd.

Cub Scouts Have Can Drive

The Cub Scouts of Clarendon have undertaken the project of collecting aluminum cans for the Historical Society's can drive. Scouts from Den 2 collected cans at a football game and have been individually gathering cans at home. Each scout will receive a conservation patch for his uniform for participating in this project. The cub scouts appreciate the willingness of our community to save cans for this worthy cause.

Crane Sightings Should Be Reported

Stocker Cattle Seminar Well Attended

The Stocker Cattle Seminar held last week was a success, with over seventy people attending the meeting. The seminar had been planned by the Donley County Extension Livestock and Range Improvement Committee, and sponsored by them and the Armstrong Livestock Committee.

Participants heard from Dr. Charles E. Deyhle, Sr., on health problems and treatment; Dr. John McNeill on management techniques to improve profit; and Dewey "Tex" Vaughn on a marketing game plan. A special thanks to each of these special speakers. Participants also viewed demonstrations on implanting and the new Ballistivet Vaccine Gun. Jim Mullins of Western Vet Supply, and Carl Cooper of Ballistivet demonstrated the gun. Robert Harris and Dr. Deyhle discussed and demonstrated implanting. Cheryl Pickard, Donley County Extension Agent - Home Economics, gave a program on Beef In The Diet. Dr. Steve Amosson displayed stocker cattle computer programs for participants. All of these folks did a good job and we appreciate their help with the Seminar.

After the seminar, there was a meal provided for participants sponsored by Anchor Health Products, Elanco Products Co., MSD-AgVet, Donnell Ag.

Products, Corgill Molasses, and Roche Animal Health and Nutrition. Refreshments during the break was sponsored by White's Feed & Seed.

A special thanks to Jack Moreman, Jerry Gage, and the Ranch Operations students for their help in setting up and clean up of the Community Building, and to Randy Fraser for supplying the cattle for the demonstrations.

The Donley County Extension Livestock Committee has already started planning for the seminar next year, so I hope you will make plans to attend.

MR. AND MRS. Christopher L. M. Wilson

Ricard and Wilson Wed

Mr. and Mrs. Christopher L.M. Wilson are making their home at 248 Southwest Parkway in Lewisville, Texas following a wedding trip to Apostle Island in Northern Wisconsin. The couple were married at eleven o'clock the morning of August 5 in St. Pius X Catholic Church at Coeur D'Alene, Idaho with Father Andrew J. Schumacher

officiating the double ring ritual. The bride is the daughter of Mr. and Mrs. Noel Ricard of Coeur D'Alene, Idaho. The bridegroom is the son of H. Mike Wilson of LaVerne California and Mrs. Laurie Sullivan of Indianapolis, Indiana. He is the grandson of Mr. and Mrs. H.H. "Mike" Wilson of Childress and Dr. Ruth Hughes of Cable Wisconsin and the late Dr. Charles Hughes.

Given in marriage by her father, the bride wore a formal gown of white satin with fine net overlay. The fitted bodice was adorned with lace, seed pearls and sequins that extended downward forming a V shape into the full skirt. The gown also featured puffed sleeves adorned with net and cathedral length train. Her mid-calf length veil of interwoven fishnet was surrounded by fine net covering in the back and held by a pearl tiara accented by a tear drop pearl grouping in front. She carried an arm bouquet of white snow lilies, accented by Dendrobium and trimmed with English Ivy. In the tradition of brides she wore a blue garter, penny in her shoe, carried an heirloom handkerchief belonging to the bride's mother, her dress was new and borrowed Friendship ring from maid of honor.

Miss Michelle Tilley of Seattle, Washington was maid of honor. She wore a teal silk taffeta tea-length gown with off-shoulder sleeves, drop waist and V shaped back adorned with bow. She carried an arm bouquet of long stem rubum lilies.

Bridesmaids were Miss Linda Ricard of Mercer Island, Washington and Mrs. Bonnie Cerillo of Mabton, Washington, sisters of the bride. They were attired identically to the maid of honor.

Mathew Dale Wilson of West Covina, California, brother of the groom, served as best man. Groomsmen were H.H. "Mike" Wilson of Childress, grandfather of the bridegroom; and David H. Ricard of Coeur D'Alene Idaho, brother of the bride.

Guests were seated by Mr. Wilson and Mr. Ricard. Candles were lighted by Jenny Ann Ricard, niece of the bride.

Flower girl was Jennifer Costantino, cousin of the groom. Joshua D. Ricard, nephew of bride was ring bearer.

For her daughter's wedding Mrs. Ricard chose a white silk chiffon dress with black print. Mrs. Sullivan wore a white silk dress with multicolored pin stripes.

A reception was held immediately following the ceremony in Eagle Lodge. Limousine service was provided for the wedding party, parents, and grandparents to the wedding.

Jody Ricard, niece of the bride, registered guests at a table covered with a white lace cloth trimmed in gray and teal ribbon. A white feather quill pen and guest book centered the table.

The brides table featured a white lace cloth decorated with bows in the bride's chosen colors at each corner. Teal and gray napkins, crystal candle holder and teal taper and toasting glasses centered the table. The three-tiered traditional white wedding cake was decorated with multi-colored lilies, miniature mums and greenery. The cake was topped by a miniature bride and groom with heart shaped backdrop.

Mrs. Bonnie Cerillo, sister of the bride and Mrs. Carolyn Ricard, sister-in-law of the bride, served refreshments.

Music during the reception was provided by "Star D.J.'s." For the wedding trip to Apostle Island, the bride wore a black silk jumper with white silk drop

shoulder top. The bride is a graduate of Coeur D'Alene High School and graduate of SST Travel School. She is currently executive assistant of Corporate Marketing. The groom is a senior at the University of North Texas.

Effect of Smoking on Medicines

In spite of continuing efforts to get people to stop smoking, a large part of the population smokes regularly. While the detrimental effects of cigarette smoke on the body have been examined in numerous reports, the potential effect of smoking on the medicines we take is not as well known. According to Dr. William Bond, at the Philadelphia College of Pharmacy and Science, smoking accelerates the metabolism of many drugs, possibly reducing their effectiveness. In a recent issue of *American Druggist*, Dr. Bond lists several drugs that are affected by cigarette smoke.

Estrogens and Oral Contraceptives: It is unclear why, but cigarette smoke enhances the tendency of estrogens to promote the clotting of blood.

Insulin: Smoking may change the way glucose responds to insulin, increasing insulin requirements in many smokers.

Theophylline: Smoking has been shown to increase the metabolism and elimination of theophylline, a medicine used by asthmatics. Smokers may require as much as 50 percent higher doses of theophylline as compared to nonsmokers.

The Nook

THE BRONCOS in action last Friday night against Shamrock.

Did Shamrock Really Win?

Tracy Smith of Shamrock ran for four touchdowns as Shamrock defeated Clarendon 27-16 in the Broncos last home game of the season.

The Broncos scored first as they took the opening kick off and marched 66 yards down the field with Randy Allen scoring from the two with 7:33 to play in the first quarter. Che Shadle added the extra point and the Broncos led 7-0.

Shamrock returned the kickoff to the 39 yd line where Tracy Smith on the first play ran 61 yds for a Shamrock touchdown. The EP was good and the score was tied 7-7 with 7:17 remaining in the first quarter.

The Broncos started the next drive on their 37 yd line and marched 63 yds down the field with Michael Adams scoring from the three yd line. The extra point was no good and the Broncos led 13-7 with 3:14 to play in the first quarter.

The two teams traded punts as the defenses took over. With 1st and 10 on the 21 yd line, Tracy Smith took a pitch out and out ran the field for a 79 yd touchdown. The extra point was good and Shamrock led 14-13 with 10:53 to play in the second quarter.

Desmond Johnson took the kickoff on the 15 yd line and returned it to the 45 yd line where the Broncos started their next drive. The Broncos moved to near the 20 yd line where they were stopped and with 4th and 5, Che Shadle kicked a 35 yd field goal to put the Broncos back in front 16-14, with 8 minutes left in the half.

After the kickoff, Shamrock could not move the ball and punted to the Clarendon 25 yd line where Clarendon bobbled the ball and Shamrock recovered. Two plays

later Tracy Smith took the ball into the end zone from 11 yds out. The extra point was not good and Shamrock led 20-16 with 6:08 to play in the second quarter.

Shamrock kicked off to the Broncos and two plays later, Clarendon fumbled and Shamrock recovered on their 42 yd line. Shamrock moved the 58 yds down the field for the score with Tracy Smith scoring from the 1 yd line. The extra point was good, Shamrock led 27-16, which was the score at halftime.

Neither team was able to score in the second half as it became more of a defensive game. The entire

second half was mired with turnovers on both teams. Fumbles, interceptions and penalties.

Shamrock was penalized 21 times for 215 yards, mostly for personal fouls, late hits and unsportsmanlike conduct. Usually when a team displays the type of sportsmanlike conduct as Shamrock did Friday night, it usually reflects directly back to the coaching staff.

The Broncos and their coaches are to be commended for maintaining their composure during the game.

The score didn't tell the story of

JV Defeated by Shamrock

The Bronco JV team suffered a disappointing defeat at the hands of the Shamrock Irish on Nov. 2.

Scoring began early when Shamrock made a touchdown less than a minute into the game. Clarendon scored about 2 minutes later when Stanley Wilson broke away and ran for 30 yards.

Shamrock took over the game and scored 3 times consecutively. The Broncos did not give up, however, and scored again early in the 4th quarter. Stanley Wilson ran that touchdown also.

Shamrock was not finished and scored their last touchdown with only 1:49 left in the game. Final score was Clarendon, 12 - Shamrock, 30.

...OR THE BANKER?

Stock market investments can be very inviting. Everybody, it seems, knows "this guy" who knows "this other guy" who made a real killing in a big bull market. Of course, behind every Cinderella story there's another tale—of uncertainty and vulnerability.

Unfortunately, the stock market often takes a downward turn. The rampaging bull can become a lumbering bear, changing dreams of an easy "killing" into harsh reality.

Not so at our bank. In addition to an

impressive range of investments—such as our new money market accounts—we offer things that stocks and mutual funds can't. Like risk-free protection of principal. Assured rates of interest. And the soothing security of Federal Deposit Insurance by the F.D.I.C.

So, while we won't promise to make you rich overnight—we will place a risk-free guarantee on your tomorrow.

That's the bare facts. With no bull. 1989 AMERICAN BANKERS ASSOCIATION

Why I Want To Be Drug-Free

by Liza Tull
Grade 5b

I never ever want to take drugs, because drugs ruin people's lives. They make you think about doing things that you wouldn't ever think about doing if you were off drugs. Children and adults have to know to say "No" to drugs especially these days.

The world is full of peer pressure about drugs. Drugs split up families and friends. Why would anyone want to ruin a beautiful life God gave them? I know at my age, and when I grow-up, I will always know to say "No" to drugs. I hope you make that decision too, and that's why I want to be Drug-free.

FIRST GRADE BROWNIES celebrate Juliette Gordon Lowe's honorary birthday.

Brownies Celebrate Birthday

The first grade Brownies celebrated Juliette Gordon Lowe's honorary birthday Monday, Oct. 30, with a pink and white cake, a candlelit ceremony to honor G.S. laws, and games from foreign lands. Assistant Leader Kolett Mireles and Troop Committee Member Cindy Shelton planned the party to

teach the Brownies G.S. ways and history in an entertaining style. Girl Scouting was started in the U.S. in 1912 by a woman named Juliette Gordon Low. Nicknamed "Daisy", she was born in Savannah, Georgia on October 31, 1860. Daisy was a creative child who loved animals, made many ac-

tivities up for herself and friends, and naturally developed her leadership abilities.

Daisy lived in England and Scotland after she was grown and married. From Sir Robert Baden-Powell and his sister Agnes came the idea of Scouting that Daisy soon organized into activities for girls, too.

On March 12, 1912, Daisy met with the first troop of girls in the U.S. in Savannah, Georgia, so March 12 is the Girl Scout Birthday.

Daisy died in 1927 at age 67. She left an indelible mark of optimism, hope and friendship that still lives today in young women everywhere.

Honoring her memory this week were 10 Brownies from Clarendon Troop #40: Jamie Cox, Sarah Kidd, Tessa Moffett, Amy Newhouse, Courtney Newhouse, Jamie Sawyer, Lindsey Shelton, Elizabeth Simmons, Shannon Taylor, and Mary Jaramillo. Our two members absent were missed, Ashley Roys and Megan Thomson.

Adults present included Kolett Mireles, Cindy Shelton, Missy Kidd, Sonja Sawyer, Rosemary Jaramillo, and Jondel Moffett.

Troop #40 now meets in the Episcopal Church Mission Hall on Mondays, 4-5 PM and also appreciates the JEM Simmons family letting them meet in their home for several meetings.

THE JUNIOR HIGH Band performs with the High School Band during Friday night's game.

Texan Saw Stars Fall

"It looked like millions of stars were shooting down to the ground," Julia Palmer Roberts remembered from the great meteor shower of 1834.

"Julia Roberts had been born in Shelby County in deep East Texas in 1820, and she was a teenager the night that the stars fell.

"We were eating supper, when suddenly I decided to go out on the front porch and get a drink of water," she related many years later. "When I opened the door, I was startled by streaks of fire flying in every direction." The night sky looked almost as if it were on fire from the scores of falling stars.

Near the house was a pig sty, and from the teenager's perspective, "it seemed like most of the stars were falling right on top of our hogs."

Julia screamed for her father, and the whole family rushed onto the porch to witness the celestial spectacle.

"For a moment Father gazed at the scene of falling fire," she remembered. "I could see his face as the flashes lit up everything, and it had a look I shall never forget."

The father advised his family that undoubtedly the world was coming to its end. "We had better have a little prayer meeting," he said. They knelt together in the light of the falling stars, and, as Julia recalled,

"Father asked the Lord to help us." When I first read Julia Roberts' story of the night of the falling stars, I thought to myself that a phenomenon as prominent as the one that she observed must have been seen by others. I went to my friend, Don Garland, who operates the planetarium at the Fort Worth Museum of Science and History, to ask him about it.

"It was definitely a meteor shower that she saw," Don responded. "It was not a single event, but one that lasted for some duration...We know from the date what happened. We can trace it back to a particular meteor shower called the Leonids."

Not being an avid star gazer, to me this sounded remarkable.

Don continued, "This is a meteor shower that takes place every 33 years." He went on to explain that at this interval the earth intercepts the debris from the ancient comet, Temple, and as Don put it, "the meteors fall like rain."

"Every 33 years this happens in the middle of November, around the 17th at least the 16th, 17th and 18th. We can pin her remembrance to a three-day span in 1834," he said.

I asked Don whether Mrs. Roberts' story was exaggerated, and he said it probably was not.

"The most recent occurrence of the Leonids was in 1966," he stated. "It was reported that there were at least 2,000 meteors a minute....No doubt what they were seeing in 1834 was of equal intensity. It definitely would have made an impression on them. It would on me if I saw that many of them."

"What about the next time?" I asked.

"There will be three sleepless nights for amateur astronomers in 1999 when they come again," Don answered. "I can guarantee that we will be out with our lawn chairs."

Dear Editor,

It is in desperation that I write this letter to you in hopes that you can help me. I'm a 33 year old inmate in the Indiana Department of Corrections. Since my father died, I don't have any family. The "friends" I once had only stayed around while the times were good, so I don't have anyone writing or visiting me.

I've been incarcerated since February 1983. In the past 7 years, I've written to different people, anyone who I felt might remember some bond of friendship, but night after night passes without any response. I've been forgotten and it really hurts.

Quite honestly, this is a terrible and lonely place. Seeing other men around me getting letters or visits from family and friends makes it even lonelier for me. At times it's really depressing to be so alone. I am so lonely and it would mean so much if I had someone to correspond with and share things with.

MEMBERS OF THE Junior High Band.

I am a white male, 6', 180 lbs., and divorced. I am fair complected with light brown hair and blue eyes. I'm slim muscular built and I'm easy going with a pleasant personality. I enjoy dancing, swimming, music, camping and playing the guitar. To fight stress and stay in shape, I lift weights and jog as time allows.

Since I've been here, I have completed welding school at the vocational college here. Now I'm enrolled in the industrial maintenance associates degree program. I also take courses through Indiana University by correspondence.

I'm not incarcerated for any hideous crime. I had a problem with drugs but with counseling, I've overcome that and realize my foolish mistake. I'm just trying my best to put my life in order again.

I hope you can find it in your heart to publish my letter somewhere in your paper. Perhaps it would spark an interest in someone, anyone who may have known the pain of loneliness I live with constantly. I regret I cannot afford to pay for publishing because I only earn ten dollars a month while going to school.

I want to thank you for your time

and consideration. This is my only hope of reaching anyone, and I promise to promptly answer any and all who respond to my plea.

Thanks again and have a great day.

Sincerely yours,
Greg Smith #31429

Drug Essay

by Cara Breitling
Grade 8A

Drugs are an everyday word in society today. Everytime you turn on the television you hear all about drugs and what they can do to you. How they can mess up your life and if that isn't enough how they can kill you. Nobody will ever remember you or the accomplishments you succeeded in doing.

They will, however, remember how you died. Your reputation will be spoiled and nobody will really ever trust you again. If you do survive, you will have caused major damages to your body. I, personally, don't believe that emotionally you'll ever be like you were before. If you are one and decide to quit, the withdrawal process for some of those drugs is hard and some people don't survive. It screws up families and friendships too.

I want the rest of my life to be drug free because I don't want to mess up my life just because they say everyone else does. I want my life to be long and wonderful and it can't be that with drugs in the way. I feel that I have too much going for me to mess things up with drugs.

I'm drug free because I LIKE ME and I want to do everything I can in life.

Drugs

by Elizabeth McAnear
Grade 8A

I do not believe in drugs. Drugs have many different dangers. Drugs can hurt your brain real bad. They can put you in a coma for your life. And even if you wake up, you will not live a normal life. If you are a female and take drugs, your baby has a chance of being deformed. Mrs. Estlack told us this story about

a lady who had a baby. "The baby was perfectly normal," the doctor said. But when it reached 6 months. It didn't try to turn over or even grab your finger. I still didn't at the age of 8 months. They took it to the doctor. Where the soft spot was, there was not a brain. Two weeks later the baby died. Another danger is that you can die. These dangers are serious. So don't take drugs!

I want to live a drug free life. I don't want to die. I want to live and be what I want to be. I want to go to college and be a veterinarian. I want to have a healthy child. Not a deformed one. I don't want to be a vegetable for the rest of my life. And a little advice, if anyone ask you if you want to try some, JUST SAY NO!

Why I Want To Be Drug Free

by Jennifer Simpson
Grade 7B

Of the many advantages of staying drug free, the most obvious is self-preservation. No one person can actually say that he or she did it as a favor for himself or herself. By staying drug free, the limits are few.

The dangers are also high. The thought of professions that have drugs in them is frightening. Accidents on the workforce are also on the increase due to drugs.

If you don't stay off drugs for your family, friends, or general public, do it for yourself. In order to reach your full potential you MUST remain drug free.

Why I Want To Be Drug Free

by Mandy Floyd
Grade 7A

I believe that a drug free life is very important to lead. There are many dangers when people deal with drugs. They may want to get high and forget about all of their problems. But when the high goes away all of their problems come right back. If they use drugs, such as alcohol, when driving they could have an accident. There are several other dangers in using, but I could never write all of them.

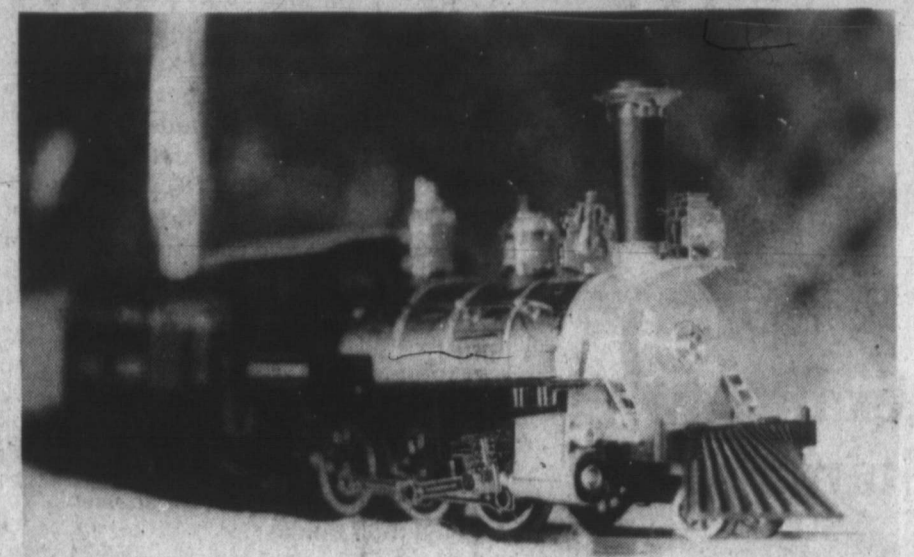

Not everyone is as lucky as me in leading a drug free life. I would like for this community, and even this world to be drug free because there's not a need for drugs, as far as everyone is concerned. I have chosen to lead a drug free life because I know the many dangers of drugs. I don't want to end up like millions of other people that do use drugs. I've gone 12 years without the need for a drug and I hope to live the rest of my life without them. My message to every drug user: Join Me, I'm Drug Free!

Why I Hate Drugs

by Bili Hamilton
5b

The reason I hate drugs is because they take over your brain. They can cause family problems. They can make you not like your friends. But most of all, they can put you behind bars. Some drugs make you believe what is not true. For example, they can make you think that you can fly. Others make you want to kill others and even yourself.

Drugs can get you into a lot of trouble. Remember, be smart and don't start.

THIS ROCKY MOUNTAIN RAILROAD EXPRESS will be given away by Harlan's Flowers on December 23rd. Children 12 or younger (accompanied by an adult) can register for the train at 201 E. 2nd (Highway 287 East).

Homemakers To Hold Bazaar

You are cordially invited to show and sell your wares during the Christmas in November Arts and Crafts Bazaar in Clarendon, Texas, on Saturday, November 18, 1989. The Bazaar will be held from 9 a.m. until 4 p.m. at the Clarendon Community Center, located just north of Chamberlain Motor Company on Highway 287.

Booth fee rental is \$12.50 per space. There is overhead lighting, but if your projects require spot-lighting, you must provide a heavy duty extension cord and spot light or table lamp. The building is heated, but is a large building with doors opening often, so dress warmly. You may start setting up your booth at 7 a.m.

There will be a concession stand serving a hot lunch of stew and cornbread, and pie. There will be several bake sales. Anyone interested in reserving a booth should contact Cheryl Pickard, County Extension Agent, Box 682, Clarendon, Texas 79226. The telephone number is 806-874-2141.

There is no deadline for booth rental. However, you will not be guaranteed a booth until your \$12.50 rental fee is received. Any spaces available on the date of the Bazaar will be rented on a first come, first served basis. This is sponsored by the Donley County Extension Homemakers Council and Extension Clubs. Proceeds support 4-H projects and other needs in Donley County.

Drugs

by Lawanda Wilson

Editor's Note: This essay plus others we have run recently, was submitted by the Jr. Sunday School Department at the True Church of God In Christ Church.

Drugs are a mixture of pills and liquids. There are twenty different kinds of drugs. Drug abuse is the biggest problem today. There have been over one hundred drug busts in America today. Most people start taking drugs around thirteen and keep taking them, until its too late or they decide to stop. There are over 200 drug programs that has helped many kids with their drug problem.

Hedley News

Patrick Don Lambert, son of LaMoss and Robbie Lambert, underwent surgery in an Amarillo hospital last week. We are happy to report that he is much improved. His parents expressed appreciation for the prayers and other evidences of concern offered in Patrick's behalf.

Kate Stone has been transferred from Northwest Texas Hospital in Amarillo to Bivens Rehabilitation Center. She was reported doing somewhat better early this week.

Hedley Fire Department made a run to Rachael Adams' last Friday afternoon. It turned out to be a grass fire, and damage was minimal.

Revival Services begin Friday evening at First Baptist Church. Area Missionary Larry Heard from Pampa will be the evangelist. The five-member group "Rejoice" from Wayland Baptist University in Plainview will be in charge of the music. Services will be held at seven on Friday and Saturday evenings, and at eleven and six on Sunday.

Mack Garrison attended the West Texas Regional Short School in Lubbock last week. This is a state-required course for City Managers and other employees, dealing with office management and organization.

Curtis Neeley, Anthony Carson, and chapter advisor Glenn Boyd will be attending the National Convention of Future Farmers of America in Kansas City this week. Curtis has entered the national competition for oil-crop proficiency.

In other FFA news, three teams from Hedley High School participated in the district leadership contests at Clarendon College this past weekend. The Radio Skills team consisted of Robert Stafford, Anthony Carson, and Curtis Neeley. Amanda Ward entered the Creed Speaking contest. Amanda Ward, Timothy Bramblett, and Stephen Carson were members of the FFA Quiz team.

Fred and Peggy Watt and Guy were in Amarillo over the weekend for the wedding of their friend, Robert Rowley. Robert was married to Miss Leandra Moore in the Amarillo Bible Church at 7:00 p.m. Saturday.

Trivia question of the day: Do you remember the six grocery stores operating in Hedley at the same time in the late fifties? Answer at the end of this column.

Hedley Fire Department's Hunter's Breakfast, held Saturday morning, was a great success. Fifty or sixty were in attendance. Proceeds from the breakfast are to be used to help buy new equipment. The fire department wants to thank their wives for their help with the breakfast, the Clarendon Fire Department for their support, and the entire Hedley Community for their continuing help and encouragement. It is hoped that the breakfast will become an annual affair.

Answer to the trivia question: Moreman's and Pickett's on the west side of Main, north end; M-System on the west side, south end, where the bank is today; Darnell Grocery, east side of Main, across from where the post office is today; a store one block east of Darnell's (the name escapes this writer--can you help?); and Hayes Station and Grocery on U. S. 287 west near the gin.

Do you have a trivia question concerning Hedley's history, or a story from Hedley's past that you would share with us? We will try to use such items as space permits.

Deuteronomy 6:7-9

For Fear of Trying!

by Perry Mack Garrison

We should all remember the children's story of the "Little Engine That Could"

"I think I can, I think I can, I think I can!" was his proclamation as he pulled the larger engines up the hill. I still remember the story being read to me as if it were yesterday.

I envisioned a small, steel blue steam engine with an enormous smoke stack just above a smiling face. Sometimes I miss being a child. Life was so much simpler then.

Now as we move through adulthood, we realize that all we think we can do we can't, and most of the things we can do, we can't for fear of trying.

I'm reminded of a television program I once saw. It entailed the drama of a distant African tribe and their many attempts to get the attention of what they thought God to be. Trying and failing, as it were, but never quite finding God or any likeness of Him. Just a dark, empty, superstitious nightmare of bloody rituals and manmade traditions.

And still trying the more to get closer to an elusive God they didn't know. But somehow I have found some semblance of admiration for these fearful, fearless peoples of Africa. "Why?" you ask? Good question!

What if we Americans, the so called "Christian Nation," were to seek God's face with the fervor of these misguided Africans. What if our love for our God (Jesus Christ by name) was at the least as intense as these people's search for their unknown gods. I wonder what would be the outcome.

Satan has somehow supplanted in our conscious being the thought that no matter what happens on our journey through life, we will never be able or good enough to come to know our God and creator. So off in the cement jungles we go. Beating the drums of discord and swinging from what ever far-fetched notion we can conceive of. Always striving but never believing wholly enough in our God to trust what he tells us. Just as Paul writes in II Timothy 3:7 "Ever learning and never able to come to the knowledge of the truth."

Here I must interject a quote by Pilate to Jesus: "What is truth?" (John 18:38a) Isn't this what we are really asking when we make such a statement as "Someday maybe I'll be good enough to serve God." The truth is simply this: We can know God! We can be with God! We can KNOW HIM! Through Jesus Christ the Lord! Jesus said, "I am the way, the truth and the life. No man cometh unto the Father but by me." (John 14:6)

Truly I say, "We can do nothing through our own power to get to God!" But Paul writes, "I can do all things through Christ which strengtheneth me." (Philippians 4:13)

I was reminded just this morning through a brother's prayer: "We can go boldly to the throne of grace!" (Heb. 4:16)

How would you feel if your children whom you loved so very much and who also loved you, never came close to you or hugged you or kissed you for fear of doing it wrong? Well, I think that's the way God feels when we neglect to go to him with pure worship. I know without a shadow of a doubt that God want to fellowship with His children. My first little girl once told me in tears following a shoulder injury that had occurred from an accident: "Daddy, I want to hug you but I am afraid that I'll hurt you or do it wrong." And I say to all you little children of God out there and to myself: "Don't fail for not trying!" Don't miss out on what God has for you because you're afraid of trying. I don't know if my worship is always right when I start out every morning to go boldly to the throne, but I do know this: that when I get there and hug my savior and kiss his nail-scarred hands that I learn a little bit more about loving and worshiping Him better.

I think I can (love Him more), I think I can (get closer to Him), I think I can (know Him deeper). But I know by God's grace I'm going to try! AMEN.
