CLARENDON, DONLEY COUNTY, TEXAS, JULY 7, 1938

A Common Paper for Common People

PRESIDENT ROOSEVELT TO VISIT CLARENDON NEXT MONDAY

Clarendon Entertains Big Crowd Over 4th

Hundreds of persons thronged Clarendon streets Monday as singing, dancing, baseball, rodeo, fireworks, old fiddlers contest, band parades and unveiling of a monument at Old Clarendon cemetery, highlighted the 4th of July celebration.

Goldston singers, under the direction of Clyde Hudson, took first honors in the community chorus. McKnight, led by Bud Hefner, was second. Dorothy Lee and Jack Sisson were guest singers on the program.

In the band contest, Pampa took first over Amarillo and Memphis. Crossroads out scored Memphis 6 to 5 in the exhibition ball game between the two Hall County league clubs at the Junior High School diamond.

A big crowd, buying few admission tickets, were on hand for the Watson-Goodger rodeo south of the city. Hudie Helm, Broncho busting contestant, was injured when his shoulder was dislocated as his mount fell.

In the old fiddlers contest, Joe David won first place with F. L. Behrens second and Baker Nasse third.

A grand exhibit of fire works, under the direction of Bert Smith, and a street dance supervised by Homer Mulkey concluded the day's entertainment.

Largest of Family Reunions Held Mon.

Forty-seven members of the Bain family met here the 4th in a family reunion at the home of Mr. and Mrs. J. R. "Dick" Bain. Aside from the good eats that go along with such a convention, a genuine "good time was had by all."

Among the elders were Mr. and Mrs. J. T. Bain, parents of Dick Bain and their sons and daughters. Mrs. Stella Hill and children, Mrs. Eva Hill of Bray, Mr. and Mrs. Geo. Bain and children of Dumas, C. W. Bain and children of Hedley, Mr. and Mrs. Clyde Bain and Mr. and Mrs. T. W. Bain, Mrs. Thelma Naylor and sons all of Hedley. Mr. and Mrs. Kenneth Bain of Ocean Grove, Calif. With this couple came her mother, Mrs. Curtis. Mrs. Anna Lee Parker and children, Mr. and Mrs. W. T. Hill and children of Lefors, B. D. Hill of McLean.

There was approximately forty grandchildren and great grandchildren present to pay their respects to the head of the clan, Mr. and Mrs. J. T. Bain who make their home in Clarendon.

Candidate Rally Lella Lake Friday the 15th

An ice cream social with other entertainment will be a part of the candidate rally program to be held at Lella Lake Friday night of July 15th. All candidates and the public in general will find a cordial welcome.

BAPTIST REVIVAL WILL BEGIN 17th

Amarillo Minister In Charge During Two-Week Period

Announcement of the forthcoming revival was made yesterday by the local pastor, Rev. J. Perry King. Rev. J. Howard Williams, pastor of the First Baptist church in Amarillo, and for five years executive mission secretary in Texas, will be in charge of the services.

Mr. Horace Eason of Shelby, N. C. and former choir director for Dr. George W. Truett at the First Baptist church in Dallas, will direct the choir for this revival.

FORMER COUNTY OFFICIAL HERE

County Treasurer of Donley County in 1903; Later He Became Druggist-Banker

Though he has not resided here for several years, H. D. "Buck" Ramsey continues to retain business interests in this section. He and Mrs. Ramsey are here from San Antonio this week meeting friends and attending to business interests.

Mr. Ramsey served Donley County as treasurer in 1903 during the same time that I. W. Carhart was mayor of Clarendon. He was among the first business men of the town being engaged in the drug business for several years.

He engaged in banking during his last years here. Living here during the formative period of development, few men did more to advance the best interests of Donley county during that time than "Buck" Ramsey, known and respected by hundreds of old-timers.

Delegate

BEN ANDIS

At a meeting in Amarillo Friday of the TMTA, Ben Andis was again elected a delegate to represent this district at the state convention of truck men to be held in Dallas July 7-8-9. He will be accompanied by the Truck Drivers String Band of Amarillo.

Lawrence Heckman and Kenneth Sloan left with Mr. Andis Wednesday to play in the truckers string band at Dallas today.

County Range Land In Splendid Shape

Pastures Have Greatest Grazing Capacity Since 1928, Inspector Says

With pastureland showing the greatest grazing capacity since 1928, Donley County ranchers are jubilant over present range conditions, J. H. McMurtry, range inspector, advised H. M. Breedlove, County Agent today.

Although over 15 inches of moisture for the 1938 season has greatly aided all range land, pastures listed in the 1937 Range Conservation Program showed a decided advancement toward the return to normal growth.

With most all of the Donley County ranchers participating in the program and 200 per cent more grassland being deferred this year than in 1937, it is believed that a normal stand of grass would be reached within a very short period.

Practically all participants have completed the program for 1938. Reports from the 1937 Range Conservation Program show that approximately 10,801 acres of pasture land was deferred; 39,037 acres have been contoured and 65 dams constructed under the government set up.

Campaign Spending Listed Last Week

Tax Collector's Job Most Expensive As Candidates File Accounts

With a total expenditure of \$151, Joe Bownds, candidate for Tax Assessor-Collector, has incurred the most expense as candidates filed affidavits before the deadline for the first statement last week.

J. W. (Jess) Adamson, also a candidate for Tax Assessor, had spent \$141.25 with W. P. Chamberlain, seeking the same office, filing \$124.

In the sheriff's race, Guy Pierce headed the list with \$137. He was followed by W. C. Johnson, \$123.15. C. Huffman, \$107.25 and M. W. Mosley, \$78.05.

R. Y. King with \$117 had the largest total for candidates for county judge. A. H. Baker was second with \$100.89 followed by S. W. Lowe with \$87.

In the county clerk's division, R. W. Moore had \$112.15 and W. G. Word, \$98.50.

J. D. Wood, candidate for commissioner precinct 1, listed \$51.25 against his opponent, J. H. Hermsmeyster who rendered \$44.55.

G. G. Reeves, commissioner of precinct 2 filed an account for \$50, with T. W. Bain, precinct 4, filing \$57.41.

Unopposed candidates filing statements were Claude Nash, commissioner, precinct 3, \$65; Mrs. Margaret Thompson, county treasurer, \$104.45; Walker Lane, district clerk, \$94; Major Hudson, public weigher, \$3.

All candidates for county offices had not filed.

Absentee Voting Slow In Donley County To Date

With absentee voting for the democratic nomination in the July 23, primary election officially opening Sunday, only 11 votes had been cast by yesterday, according to Helen Wiedman, deputy county clerk.

Several applications for ballots have been mailed but none have been returned to date, Miss Wiedman said.

Persons who will not be in Donley County on July 23, should secure their ballots at the clerk's office, not later than Tuesday, July 19. Ballots sent in by mail must be postmarked not later than midnight, July 19.

Fireworks Drew Large Crowd Fourth of July Fete

Long before the scheduled time to begin the fireworks exhibit, hundreds of cars had gathered round the City Park. By the time the first blast was fired into the air, hundreds more had arrived. The big crowd down town melted as the first panorama of colors appeared and still more gathered at the Park. Bert Smith had the matter in charge and did a fine job of it.

This is the first time that an exhibit of this kind has been made, and the big hit was a pleasing feature to those who promoted the idea as well as those who saw the success of the experiment.

PRESIDENT ROOSEVELT TO SPEAK IN AMARILLO MONDAY EVENING

Donley County Citizens Will See President Appear On Platform When Denver Train Reaches Here Between 5 And 6 Monday Afternoon

NYA Home Project Expected to be Opened Within Two Weeks

Supervisor To Be Here This Week End

The government supervisor for the Donley County NYA Home Residence Project will be in Clarendon this week-end and actual operation of the home economic cannery will begin within a week, H. V. Hamilton, district supervisor said in a long distance telephone conversation with J. R. Gillham, secretary today.

Selection of the supervisor for the project, which will give 44 needy girls employment in this section, was delayed in Austin, Hamilton said.

At least six more bedsteads are needed for the home, Gillham stated saying approximately half enough beds had been secured.

Women's clubs in Clarendon have been a great aid in securing furnishings for the house.

Under the set up, the project will be operated three days a week as a cannery. The three remaining days will be devoted to trainings for the underprivileged girls.

The forty-four girls will work in two shifts of 22 each for two weeks. They will be paid approximately \$18.76 for the shift.

Clarendon Golfer Captures Medal Honors At Vernon

With a 68 against the par 70 fired by Saxon Judd of Vernon, Billie Cooke, Clarendon, won medalist honors in the Vernon Invitation golf tournament Saturday after the two shotmakers had tied with 67's in the qualifying round.

Cooke lost to Gordon Bell of Paducah in the first round of the tournament play Sunday 2 and 1, when Bell sliced 4 strokes off par on 17 holes.

Charles Reason, Electra won the championship with a 3 and 2 victory over Grover Austin, Pampa, in the finals.

Clarendon Band To Be Part Of Roosevelt World's Largest Band

The Clarendon High School band will be a part of the mammoth musical unit which will play for President Franklin D. Roosevelt in Amarillo next Monday, director Ray Robbins said today.

Thousands of Texas musicians will make up the band which will have thousands of pieces. Named the largest band ever assembled in the world, the members will open the musical score at the fourth shot of a pistol.

Robbins asked that local band members meet at the band room Monday morning at 10 o'clock. Cowboy outfits will be worn instead of the uniform.

A large crowd is expected to meet the President as he passes through here on the evening train Monday. The President is expected to appear on the platform, but will not make a speech except at Amarillo.

In his swing across the nation this week, the President will make Amarillo his only stop in North-west Texas. Prior to his speech making, the President will be shown the helium plant at his special request.

Bands from all sections of the Southwest have been asked to have musicians in the Cowboy Band that will play "Eyes of Texas" for the President.

All members of the Clarendon band will swell the number of musicians to more than 800 to play "Eyes of Texas" as the President is escorted over the streets of Amarillo from the Denver depot to Elwood park where he will speak about 7 o'clock that evening.

The President will make three speeches in Kentucky in behalf of Senator Barkley, a strong administration supporter who is having a hot contest at this time for re-election.

His visit at this time will be of great help to insure the election of Marvin Jones over his opponent, James O. Cade, Jones' supporters believe. Mr. Jones will meet the President and his party at Fort Worth and make the trip with him back to Amarillo.

At the speaking hour, Mayor Ross Rogers will introduce Cong. Marvin Jones who in turn will introduce the President.

A number of Donley county citizens plan to attend the rally honoring the President next Monday evening, July 11th.

Nelson To Discuss Stevenson's Record In Radio Speech

HOUSTON, July 5.—The race for Lieutenant Governor will reach a new peak Thursday night, July 7, when Senator G. H. Nelson of Lubbock discusses the legislative record of his opponent, Coke Stevenson, over a state-wide radio hook-up.

Nelson's speech will be broadcast Thursday night from 7:45 to 8 p. m. over Stations KPRC, Houston; WOAI, San Antonio; WFAA, Dallas, and WBAP, Fort Worth.

"For months I have asked Coke Stevenson to tell the voters where he stands, but he has steadfastly refused to do so," Nelson declared. "Therefore, I am going to read his past record as written in the official documents of our state government. If Stevenson will not tell the voters where he stands, then I must do it myself."

MANY TO ATTEND HEDLEY SINGING

Special Quartet Numbers Are Pleasing Feature

What is said to have been the largest crowd on a similar occasion was present at the singing convention at Hedley last Sunday.

Cook's quartet of Amarillo made a strong impression of their skill. A quartet in which Mrs. Crawford, Mr. and Mrs. L. H. Earthman and Mr. Hefner brought applause from an appreciative audience. The Doan's quartet came in for a big hand placing Collingsworth on the map.

There was plenty of food at the noon hour and the day was pleasantly spent from every standpoint.

COL. ERNEST O. THOMPSON WILL DISCUSS CAMPAIGN ISSUES IN CLARENDON SATURDAY AT 4:30

Services For L. P. Brown To Be Held Here Friday

Word was received last night of the death of L. P. Brown, 23, at Laredo, Texas, where he was in the United States Army. Brown, the son of Mr. and Mrs. R. T. Brown of Clarendon, had been in the service for two years.

Funeral services will be held at the family home here Friday afternoon at 3 o'clock. The Rev. E. D. Landreth will officiate.

Born in Mobeetie, Brown moved with his family here at the age of two. He attended the Clarendon schools and was a resident for 21 years.

Besides his parents he is survived by three sisters, Mrs. Leo Snoddy of Tulsa; Mrs. Henry Martin of Graton, Calif.; Betty Jean of Clarendon and one brother, William.

Crumley In Pampa Revival Until August 1st

Pastor H. V. Crumley of the Church of Christ will be conducting a revival in Pampa the remainder of the month. His brother, Evangelist J. W. Crumley, Jr. will preach at the local church during his brother's absence.

SPUDDING IN OF HEDLEY TEST HELD UP

Spudding in of the Kuteman oil test near Hedley was held up this week because of trouble in getting a water well. A new water well rig was obtained Wednesday and contractors believed drilling for oil could be started by this week end.

Hospital Notes

Sam Spradlin of Spade Flat, underwent an operation Tuesday. He is recovering nicely. John Thompson was admitted for treatment this week. Mrs. J. T. L. Warner is convalescing.

Allen Bryan Plays Part Good Samaritan the 4th

The kindness and forethought of Mr. Bryan will long be remembered by a large number of mothers and others for his arrangement of chairs in front of his place of business the 4th. Tired mothers with their little folks found the air-conditioned breeze coming out the large doorway of the Bryan Clothing company a rare treat. He has the thanks of hundreds of men and women who appreciate this courtesy extended Clarendon visitors the 4th, many of whom asked that mention be made of the fact in the Leader.

CAR REGISTRATIONS

R. C. Allison, '29 Ford sedan; Curtis Robinson, '27 Chevrolet coupe; L. O. Cockerham, '29 Chevrolet sedan; Clarendon Motor Co., '34 Chevrolet coupe; Troy Selby, '33 Chevrolet coupe; J. H. Whiscent, '27 Ford Tudor; Charlie Williams, '34 Ford four door; Clarendon Motor Co., '33 Plymouth coupe; Alfred McMurtry, '38 Chevrolet coupe; Geo. Heckman, '30 Oldsmobile sedan; L. M. Giles, '29 Chevrolet truck; H. B. Barnett, '31 Ford truck; H. L. Perce, '28 Chevrolet delivery; C. B. Melton, '30 Ford panel; Sam Dyer, '29 Dodge truck.

Mixed Crowd Visits Local Museum Monday

Many children as well as their elders took advantage of the occasion to visit the Donley County Museum Monday while here for the celebration. The thousands of articles on exhibit held the crowd several hours when they found so many interesting objects.

BIRTHS HEAD DEATHS

Nine births and 2 deaths were officially recorded for Clarendon during the month of June, W. A. Davis, keeper of vital statistics in precinct 2, said yesterday.

Ernest O. Thompson, only west Texas candidate for the office of governorship, will be greeted by a huge crowd when he arrives in Clarendon at 4:30 Saturday afternoon. He will be escorted by a motorcade made up of Amarillo friends and others from the towns from Amarillo to Childress where these friends are to meet him.

Col. Thompson is making a swing of the Panhandle speaking in a number of towns along the Denver.

Col. Thompson will be introduced by Mayor W. H. Patrick, and will speak on the street by special request of his leading supporters here.

Supporters of Col. Thompson over the state are more enthusiastic than ever as reports come in from the Rio Grande valley north to Texline.

An old-fashioned political rally will be held in Amarillo Saturday night and Col. Thompson will be heard over KGNC broadcasting station from 8:30 to 9. Hundreds from surrounding towns have announced their intention of being there. Clarendon will have a large delegation present.

Donley county is rapidly coming to the fore as one of the strongest Thompson counties of the Panhandle, according to reports coming in to the Thompson headquarters here, who pledge faith in the man who rose from newsboy to railroad commissioner through a succession of offices in which he made good at every point.

Heat Causes Death of High Bred F. F. A. Herd Boar

Extreme heat this week caused the death of a registered Poland China boar owned by J. R. Gillham and used by the Clarendon F.F.A. chapter for the past three seasons for breeding purposes.

The boar weighed approximately 700 pounds.

A litter mate to the herd boar of Texas Tech for two seasons, the animal was the sire of prize winning pigs shown by local F.F.A. members the past year.

PANHANDLE PRESS ASSOCIATION

WHY A LOCAL PAPER?

The local newspaper is the object of much jest in almost every community throughout the nation. It is severely criticized if it misses a story, makes an error or prints a story that treads on some prominent resident's toes.

Yet, whenever an individual, organization or any group has a project in which it is particularly interested and wants considerable "free publicity," that individual or group always goes to the local newspaper first to enlist its co-operation.

At other times, individuals or groups desire to have something in the community remedied, but do not want to take the initiative themselves to start the "ball rolling." Straight to the local newspaper they hustle with the suggestion that here is a fine subject for an editorial. They want the newspaper to bear the brunt of their campaign.

And many times, these individuals or groups who do the most running to the local newspaper are "dead beats" as far as support for the local paper is concerned. In many instances they are not even paid subscribers, on which the paper must depend to get its advertising revenue. And when they have a desire to do some advertising, these same persons usually get out circulars with their advertising appropriation.

Just the other day, a local business man urged this newspaper to wage a campaign, but did not want his name mentioned. Returning to the office, we found that he was not a

regular subscriber, and that his name has not appeared in our advertising columns for many months.

A local newspaper is not a philanthropic enterprise. It is a business proposition from beginning to end. If it lends its support to an enterprise, it is only fair that the individual or group in back of the movement reciprocate by supporting the newspaper.—Cranford (N. J.) Citizen and Chronicle.

DONLEY COUNTY STATE BANK

Member Federal Deposit Insurance Corporation.

No Talent Required.
A man doesn't have to be a detective to find trouble.

Good Old Days.
Member way back yonder when the city marshall carried a can of nails, hammer and saw and repaired the board sidewalks on his rounds?

The Absent Minded Professor.
This one got up one morning to let the ice man in. He couldn't find his bathrobe so he put on his wife's. And when the ice man opened the door he kissed the professor. The professor still thinks that the ice man's wife had a robe just like it and forgot where he was.

High Finance.
"I wish," said the young wife to her husband, "that our bank could get on its feet and stop sending our checks back marked 'No funds.' A bank that hasn't got money on hand to pay a four dollar check ought to be merged and put on a sound basis."

The Pioneer.
A baby fly and its mother were walking over the head of a bald-headed editor. Said the mama fly: "Daughter, when I was your age this place was only a foot path."

What's the use? If you don't succeed, you are a public burden; if you do succeed, you are a public menace.

Old folks are coming in almost daily and berating this writer because a "write-up" of Walter Woodul, candidate for attorney general appeared in the Leader. The old folks tell me they remember what Walter did to them on the pension business when the state senate was in session. Our aim is to be fair to all the boys running for office, and the voter who can't remember back for at least 12 months should not be allowed to vote.

TEMPLE OF TRUTH
By the Apostle

Until the New Deal came along, a lot of people thought "billion" was a misprint for "billion."

Those who do not think we are living in a progressive age should recall that where formerly a young man ran through his inheritance, he now runs through a windshield instead.

Just because a man is as big as an elephant does not necessarily mean that he has the memory of one.

Ma wore long gloves and carried a parasol to avoid a tan. Today her daughter dresses in shorts and lies in the back yard to gather a tan. Moral: Daughter can smoke, drink and stay up nights, but Ma just couldn't "take" it.

Query:
Does a man have a stable character just because he eats like a horse?

The pioneers might have blazed the trail, but their grandchildren today blaze the road.

If a Fourth of July suggestion is in order, how about eating animal crackers instead of shooting fire-crackers, and drinking lemonade instead of firewater.

Homespun Ingenuity.
Speaking of Dalhart, the boys up that way are said to be asking for 25 million of the pump priming money with which to construct a heat regulating fan with blades fifty miles long. They figure that the winds of the plains will turn the fan and create a breeze that will cool the state to the coast and blow the grasshoppers into the Gulf.

Harley Sadler is said to have turned his attention to the election of his cousin, Jerry Sadler, to a place on the railroad commission since O'Daniel gummied up his show business.

Inventor Jim Heckman is perfecting a weed puller that can be operated from the porch. Those who like to sit in the shade while the good work goes on, will welcome this "mechanical anomaly."

Way up north they celebrate Christmas with solemn ceremonies, and way down south they shoot firecrackers.

Then there was the Scotchman who ran to the hospital when his nose bled to see if he could find a market for a transfusion.

The President's fireside chat recently is said to have caused the hot weather.

Did you hear about it taking 17 men 23 days to set 14 posts on a Dalhart project. They tamped in two of the men causing the delay. They thought the two men were posts.

Some people make a vacation a vocation, and others never get to go anywhere.

Some election officials in North Carolina recently found that a dead man was running for a public office. Can't somebody check up on the ones that are already in?

McCormick-Deering—
the ONLY Cream Separator with **STAINLESS STEEL DISCS**
with Electrically Welded Stainless Steel Spacers

Stainless Steel Discs—this amazing improvement in cream separators is another triumph for McCormick-Deering. Here is a cream separator that brings to your milk room the same positive assurance of cleanliness, sanitation, and safety that you demand of kitchen equipment.

Stainless Steel Discs are absolutely rustproof. They are made of tough, strong, closely grained metal that will stay the same for years—there is no soft coating to wear away. As a result, the bowl in the McCormick-Deering will remain in balance a great deal longer than one having ordinary tinned carbon-steel discs.

Call on us for a demonstration—see this latest and greatest achievement in McCormick-Deering Cream Separators

BONES

"The bones in your body
Are two hundred or more,
But sorting out people
We need only four.

WISH-BONE PEOPLE
They hope for, they long for,
They wish and they sigh;
They want things to come, but
Aren't willing to try.

FUNNY-BONE PEOPLE
They laugh, grin and giggle,
Smile, twinkle the eye;
If work is a joke, why
They'll give it a try.

JAW-BONE PEOPLE
They scold, jaw and sputter,
They froth, rave and cry;
They're long on the talk, but
They're short on the try.

BACK-BONE PEOPLE
They strike from the shoulder,
They never say die;
They're winners in life, for
They know how to try."

Mr. and Mrs. Walter Wilkinson of Amarillo visited in the Fraser home over the week end.

Among the old time Donley County residents now in Amarillo who visited here the Fourth, were noted Earl Ballew and wife, John Hughes, Mrs. Rhoderick, Leo Sparks, Brownie Roberts.

Mann Hits Rackets Of Politicians In Talk Here Friday

Rather Be a One Termer Than a Two Timer, Former Sec'y of State Says

Blasting rackets existing in the state and promising the relentless prosecution of all law violators, Former Secretary of State Gerald C. Mann of Dallas, brought his vigorous campaign here in a speech Friday morning.

"I am opposed to all rackets but the most insidious, the one most damaging to our state, is the political racket," Mann declared. "The political racketeer is the influence-peddling lawyer, the fixer, the self-styled influential politician. When I am attorney general those schemers shall no longer sit enthroned at Austin. I want to make our capitol building a symbol of justice where any man may go and get what he is justly entitled to without the aid of any racketeer."

Pledging strict law enforcement, Mann said "I shall be relentless in the prosecution of all law violators whether the law breaker be the largest corporation or the smallest citizen."

"On the other hand I shall not prosecute a man or set of men for the purpose of gaining public favor nor shall I fail to prosecute for fear of losing it.

"I'd rather be a real attorney general for only two years than be a vacillating, shifting politician. I'd rather be a one-termer than a two-timer."

Mann invited a comparison of his record as a lawyer with that of any of his opponents and he reviewed his outstanding service to the people in the past as an assistant attorney general, secretary of state and Washington representative of the Texas Planning Board. He told how he coordinated state and federal relief and WPA projects at Washington, securing a half million dollar state wide tax survey, the largest of its kind ever approved by the federal government, an educational survey, an underground water survey and a mineral resource survey.

"While secretary of state I wrote and secured passage of the present state securities act which has driven the fraudulent stock broker and racketeer from the state.

"I whipped the racketeers then and I'll do it again."

Mann, on a strenuous state wide tour that calls for six to ten appearances daily, reached here from Amarillo. His Friday itinerary called for nine speeches across north Texas and he expected to complete his week with an address at Texarkana Saturday night.

CARD OF THANKS

We come again in our feeble way trying to express our gratitude to you and your entire citizenship for your kindness. You have made it possible for us to bear our burden of sorrow. Finger Growing On Small Boy's Hand After Being Severed By Lawn Mower

Quick acting by his mother saved the finger of a small boy Friday when she bandaged on the end after it was cut off in a lawn mower.

Coy Pierce, son of Mr. and Mrs. Guy Pierce, was playing with the mowing machine when his finger was caught in the blade. Mrs. Pierce quickly rinsed the finger, then tied it on tightly.

Physicians said this morning the hand was healing normally.

Mrs. J. L. McMurtry and daughter Laverne are in Temple.

Mexico Joins S. F. World's Fair

Mexico will be a major participant in the 1939 Golden Gate International Exposition on Treasure Island in San Francisco Bay, and here Senorita Hortense Melero, Mexican beauty, christens the International Signpost on the island. Senorita Melero was sent by the Mexican Consul General as a representative of Mexico on an official visit to the site of next year's World's Fair of the West. In colorful native costume, she typifies Mexico's "fair sex" at its best.

PIG IRON AND WATCH SPRINGS

By T. C. RICHARDSON, Secretary
Texas Breeder-Feeder Association

BEATING THE "SUMMER DROUTH"

One of the Southwest's climatic peculiarities is so common that "the summer drouth" is a standard part of our vocabulary. It doesn't occur at the same time in every section, and occasionally doesn't occur at all, but as a rule there is a period when rainfall is deficient, pastures dry up, and crops suffer to a greater or less degree. This is the time when milk flow falls off and growing livestock slow up in gains. When either happens the loss is final. At considerable pains and expense the milk flow can be partly restored, and normal growth will again begin when adequate feed is supplied. But the milk that might have been produced and the weight that might have been gained has disappeared down the inexorable and irreclaimable corridors of time.

That's why so many good farmers now hedge against the summer drouth by providing Sudan grass or other cultivated pastures, or keep a supply of ensilage in reserve. It is far cheaper in the long run to fence a field of Sudan so it can be grazed, than to let the growing animals take a set-back or let the milk flow fall off.

"I had eight acres of corn that was 'firing up' so I dug a trench and put the corn in it," said a Guadalupe county farmer at Luling. "My pasture was dry, and I fed the corn to my cows right along out of the silo and kept the cream checks up to normal. Before the corn was all fed up my hegarl also began to fire before the grain was ripe. I cut that and ensiled it in the same trench. My cows never fell off in their milk all summer; and the trench, which my son and I dug in half a day, made me many times its cost before the summer was over. I'll have a bigger one ready next year."

Sudan grass at certain stages is high in protein and next to alfalfa is probably the best and cheapest feed for growing pigs and lambs. It has become customary throughout the Southwest to carry spring litters of pigs through the summer on Sudan, if alfalfa or sweet clover is not available. A small amount of grain along with the Sudan pasture may be used to advantage if available, but if grain has to be bought at a high price it may be more profitable to grow the pigs out on pasture at the expense of a little more time to attain feeding size.

Another saving practice which is coming more and more into vogue is that of turning the farm flock of sheep into the corn field to graze the grass and weeds which spring up after the last cultivation. It serves the double purpose of weed and grass control in the field and relieving the pasture of its load for a few weeks, and the damage to the standing corn is negligible. If some of the old sheep develop a habit of riding down the corn take them out and leave the field to the lambs.

"I am building small trench silos for emergency summer use," says Robert Lindley, ace Jersey breeder of Hopkins county, Texas. "Since ensilage spoils more rapidly in hot weather, and has to be fed to a greater depth each day to avoid loss, it is economy to have small narrow silos for summer, while the main supply is stored in the large trenches for winter use. They cost so little to build and fill that it's mighty cheap insurance against feed shortage at any time."

Dairy farmers in the cow testing associations are also learning that a regular supply of green pasture or succulent feed is the only fair way to earn whether a cow has a profitable productive capacity.

Many a cow has been condemned without having a chance to show what she could do, because so seldom have they had the right kind of feed throughout an entire lactation period.

CHURCH OF CHRIST
 H. V. Crumley, minister.
 Mr. H. V. Crumley, the local minister, will leave this week enroute to Pampa, where he will be in an evangelistic effort until Aug.

1st. During his absence, Evang. J. W. Crumley Jr. who is well known throughout Oklahoma, Arkansas, and Tennessee for his evangelistic ability, will occupy the pulpit.

The sermon topics for the coming Lord's Day will be as follows: "The Jerusalem Church" and "Seeking the Old Path". All are cordially invited to be in attendance to each service and hear this young man deliver the old time Gospel.

AT THE FIRST BAPTIST CHURCH
 J. Perry King, Pastor
 There is Always Worship Fellowship :: Service

It is always a happy feeling when we announce a special evangelistic effort on the part of a church in behalf of the lost. There ought to be always a constant concentrated effort in a church life to exalt Christ and win people to Him as their Savior. But we have so many other problems and attractions and detractions that we forget our main mission in the world as Christians is to produce other Christians. Hence the need of a prolonged special emphasis on soul winning in a church each year.

Dr. J. Howard Williams, for five years Executive Mission Secretary in Texas, and for the past two years pastor of the First Baptist Church Amarillo, is to do the preaching in this meeting which is to begin Sunday July 17, at the Baptist Church and continue through Sunday July 31.

Mr. Horace Eason, of Shelby, North Carolina, who for a number of years was choir director for Dr. Truett and the First Baptist Church of Dallas, is to lead the singing and have charge of the musical program. Make your arrangements now whoever you are, if you sing, to be in this great choir. A wonderful blessing that is coming our way. But these two great men can not bring a revival to our community unless we help them. It is our meeting and our responsibility, and it will succeed or fail according to our attitude and helpfulness. A more detailed announcement will appear next week.

Regular services Sunday. Help us to start the meeting then. We feel that you are already praying for victory.

One of the most startling stories Cosmopolitan Magazine ever printed becomes an amazing screen adventure in 20th Century-Fox's "Four Men and a Prayer." Loretta Young and Richard Greene, new star discovery (center) head the cast including (top, left and right) George Sanders, David Niven, (below) C. Aubrey Smith and William Henry.

"Four Men and a Prayer" Promises New Dramatic Thrills In Cast and Story

BEAUTIFUL LORETTA YOUNG INTRODUCES NEW STAR

Hollywood has made "Four Men and a Prayer."

And the transition of this popular story, read by millions in book form or magazine serial, promises to provide a number of surprises when it reaches the screen.

Of primary interest, comes the report that the film has not deviated from the original plot.

So when citizens of Clarendon and surrounding communities visit the Pastime Theatre during the scheduled run of "Four Men and a Prayer," which opens Sunday, they will find that this 20th Century-Fox production has passed up all the ultra-saccharine clinches of the love motif for the noblest of human instincts—the unswerving faith of four sons in their father's honor.

Light-hearted Loretta
 Beautiful gay Loretta Young in practically the only feminine role, is the girl whose love for one of the brothers serves as a shining beacon through clouds of intrigue — and even distrust of her.

Her romantic interest is for Richard Greene, which means that The Pastime Theatre patrons will have their first glimpse of the sensational new British star discovery.

Greene, however, along with Geo. Sanders, David Niven and William Henry are the four men who forsake everything in their careers to track down around the world, the menace which cashed their beloved father, C. Aubrey Smith, out of the army in disgrace and then brought death to a great soldier.

Now YOU CAN BUY A
Firestone
 Gum-Dipped Tire 760
 FOR AS LITTLE AS \$1.15

FIRESTONE cuts the cost of Tire Safety just at the time when you need a new set of tires. At this time of the year you should replace tires that are worn and smooth for greatest safety during the summer driving season. Tires may look alike on the outside—but inside they are different. The name FIRESTONE on a tire is your assurance of extra safety and long mileage because only Firestone Tires are built with these patented and exclusive construction features:

Gum-Dipping, the Firestone patented process by which every fiber of every cord in every ply is saturated with liquid rubber, counteracts tire-destroying internal friction and heat which ordinarily cause blowouts. Nine extra pounds of rubber are added to every 100 pounds of cord.

Two Extra Layers of Gum-Dipped cords under the tread, another patented Firestone construction feature, protect against punctures.

Scientifically - Designed Non-Skid Tread made of tough slow-wearing rubber, assures safer stops and longer non-skid mileage.

Now that Firestone gives you all of these safety and economy features at these low prices, you cannot afford to take chances with unsafe tires this summer. Come in today and join the Firestone Save-A-Life Campaign by equipping your car with a set of new Firestone Convoy Tires—the safest tires that money can buy at these low prices.
