Tax Delinquents Listed

The Donley County Tax Appraisal District has released its annual report on delinquent taxes. There are \$122,052.63 in delinquent taxes for 1991, and \$284,599.62 from previous years. These also add up to \$406,652.25 in back taxes. Penalties and interest would generate an additional \$233,317.82. If all of this money were collected, area taxing entities would have \$639,970.07 in revenue that is owed, but not paid.

Virtually every area entity is short-changed by tax evaders. The City of Clarendon is owed over \$45,878. Hedley has \$2,621 in taxes not paid. The Clarendon Schools should have \$154,930 more than they now have and Hedley Schools' figure is \$24,097. The County should have an additional \$82,968. Taxpayers owe the hospital district \$49,757 and the college district \$46,398.

Some taxpayers think that they can get away with not paying their taxes, but that is a form of self-deception. All taxes will eventually be collected, and delinquents may sometimes pay more in penalties than the initial tax bill. No real property can be sold with a clear title until someone pays the taxes. And the State of Texas has provided serious penalties for habitual shirkers. Many of the accounts have a notation, "plus court costs." Back taxes may also damage a person's credit rating.

Although one would expect that many of those who owe back taxes would be poor and elderly, but from the list, that does not appear to be the case. In fact, many of the overdue accounts are owed by prominent citizens.

SPARKY tried to rouse Bronco Spirits at Friday night's game against Claude.

The top ten accounts on the tax books total \$148,188.15 and range from \$35,461.97 to \$7,028.45.

The delinquent tax report--and most tax records--are matters of public record. As such, these records are available inspection by anyone who is interested. In fact, some places publish their delinquent tax records in the newspaper, (although neither the Appraisal District nor the paper is ready to resort to that at this time.)

Sidewalk Sale and Trade Days Go Over Big

Clarendon Merchants' Sidewalk Sale and the Chamber of Commerce Trade Days were both a big success this past weekend.

Most of the merchants who participated in the sidewalk sale reported that they were satisfied with the results. Bill Stavenhagen, who has the Radio Shack franchise, joked "I even sold something!" There seemed to be a steady crowd at the event all day. Some patrons who merely looked will undoubtedly return and purchase later.

The Trade Days on Highway 287 also drew people, but in a different pattern. Early in the event, rain threatened to dampen the spirits of those with booths, but the weather turned out to be relatively cooperative. By Saturday afternoon, the lot was crowded and there were cars parked all over the vicinity. Since the Trade Days were located on highway 287, it was an incentive for passing motorists to stop and browse.

Both events stimulated business. Both brought in money that might otherwise have gone elsewhere. Both are evidence that Clarendon is capable of surviving and competing and thriving.

Most of those who participated report that they are looking forward to similar events in the future.

Clarendon Merchants Association Meeting Held

The Clarendon Merchants Association met, Monday, September 9, 1991 at Saints Roost Steak House & Restaurant. The meeting was called to order by President Bill Stavenhagen.

The first order of business was the reading of proposed By-Laws. Dues were set at \$30.00 per year for each business or merchant who wished to join the association, to be paid by the next meeting. Two-thirds of the majority of those present at a meeting must be given for a motion to carry. It was decided that any merchant, professional or otherwise, could join the Clarendon Merchant Association. Meetings were set for the 1st Monday of each month at 7 p.m., at Saints Roost Steak House & Restaurant, unless a special meeting is called. Special meetings will be held at Mary's Country Kitchen.

It was decided by the Association, to have a special Halloween event for the children. The merchants will all dress up and have door prizes and treats for the kids.

Christmas lights for each business was discussed and the majority voted to order them from Henson's. The deadline for ordering lights will be September 20th.

A committee for checking into the painting of windows was nominated. This committee will be headed by Bobbie and Eddie Floyd.

The next meeting of the Clarendon Merchants Association will be, Monday, October 7th at 7 p.m. at Saints Roost Steak House & Restaurant.

For more information contact Patsy Leffew, Shirley Osburn or Missy Kidd. More detail follow at a later date.

Next Trade Days To Be Planned

All interested individuals and groups are invited to attend a planning meeting, Thursday, September 12, 1991, at 7 p.m. at the Chamber of Commerce Office to lay plans for the next trades day.

Escapee Captured

The Donley County Sheriff's Department recaptured an escapee just after midnight Tuesday morning near Giles. The prisoner, Donald Ray Green, 30, had escaped from the Hall County jail September 9. He was being held on charges unauthorized use of a motor vehicle.

Jake Longan, Joe Shadle and Blackie Johnson found the man hiding in an old truck near an out-of-business convenience store on 287. Green was taken into custody and returned to jail. In the course of his escapade, he contracted a good case of chigger bites.

Law Officers Active in August

Area law enforcement officers had their hands full in August. There were 11 cases of driving while intoxicated and seven cases of public intoxication. Two probationers were revoked. There were three instances of disorderly conduct. Two brothers were taken into custody for burglary of a building, once of whom was re-arrested for a second time some ten days after the first burglary. Seven young men were arrested in the course of the month for criminal trespass. Two were arraigned on charges of attempted murder and two on unauthorized use of a motor vehicle. There was one arrest for felony theft, one for aggravated assault with a deadly weapon, one case of indecent exposure, once charge of possession of a controlled substance and one case of assault on an officer.

Altogether there were 42 arrests. There were 207 prisoner days-in-jail. Nine accidents had to be investigated and deputies served 12 papers. There were seven fire calls, 36 ambulance calls and 16 traffic tickets.

I missed the newspaper deadline last week due to holiday so will relate the highlights of last 2 weeks. The Center was open on Labor Day and we enjoyed the capacity crowd for the noon meal.

On Tuesday evening, Aug. 19th, we celebrated the Birthdays/Anniversary during August. We opened the evening with prayer by Shirley Pitts. We sang Birthday song: Louise Dickinson, Frank Reid, T.T. Allred & Loredith Lafferty. Anniversary couples were: Frank & Gertrude Reid and Lacy & Mary Lee Nobles. The door prize went to Eda Wallin. Fun prizes which were made and donated by Louise Dickinson went to: Carol McClelland, Nita Thomas and Ruby Thompson. After enjoying a very delicious meal, we then enjoyed hearing from our guest of the evening, Pat Cathcart

who is exc. director for "The Ronald McDonald House" which is in Amarillo. Pat presented a very heart-warming Video along with a talk relating the origin of "The House That Love Built" in Amarillo and the many others in other parts of the USA. It was especially interesting to know that the facility can be available to families who have a child in treatment at the Medical facilities in Amarillo as well as to adult families being treated in Amarillo and live a distance of 50 miles or more from Amarillo. In cases of the adult families receiving the benefits of the "Ronald McDonald House", they will be considered only if there is no immediate need by a ill child's family. We were delighted to have a family as our guests who have recently been guests of the house.

Monday night dance practice is going strong with good attendance and welcomes anyone to come join in the fun, exercise and fellowship each Monday evening from 7 til 9 p.m. here at the Center.

Carmen Wright held Blood Pressure check on Tuesday, 20th doing 42 Blood Pressures and Kimberly Quality Care did 22 Blood sugar checks that day also. On Sept.

4th Carmen was back for 1st Tuesday Blood Pressure Clinic from 9 til 1 p.m. She will be here again on Tuesday, Sept. 17th, so come in and let Carmen check you blood pressure.

Thursday, August 22, Cheryl Pickard, Co. Ext. Agent gave a Nutrition program for our Center on "Avoiding Too Much Sugar". We appreciate Cheryl taking time from her busy schedule to do the nutritional education for us.

The Golden Spread Hearing Aid service will be here on Thursday, September 19th for your hearing or service needs from 10 til 12 noon. On Wednesday, Sept. 4th, I attended the Panhandle Regional Planning Commission Advisory Council meeting in Amarillo. Mike McQueen, Director of Area Agency on Aging gave an update on the latest legislation affecting Texas Department on Aging. Sheila West, President of Alzheimer's and Related Disorders Assn, spoke on latest discoveries about Alzheimer's Disease. Pat Kaiser gave the latest report on Thunder Junction. The Center was a hub of activity over Labor Day weekend with Della Allen hosting her family reunion. Della had the pleasure and privilege of having all her children coming to be together for the first time in a number of years. We were delighted that they chose our Center to hold the occasion.

Sunday, Sept 8th, a group of Volunteers who are members of Retired Senior Volunteer Program boarded the Van and went to Berger for the annual Volunteer Recognition Luncheon which was held at the 1st Methodist Church. Attending from the center were: Elmo Fortenberry, who was our driver, wife Della, Bud and Carmen Wright, Ellie Wilkinson, Ann Bunyan, Verdie Tipton, Hazel Guy, Thelma Behrens, Thelma Rudder, Helena Catoe, and Nova Neuhaus.

Thanks to all our volunteers for the month of August: Ann Bunyan, Thelma Behrens, Helena Catoe, Lee Caskey, Joe

Dizziness and Vertigo Affect Millions

Many individuals believe that dizziness and vertigo are the same problem, or that dizziness is a mild form of vertigo. Actually, these are similar but different conditions. Together, dizziness and vertigo affect about 20 million Americans.

Dizziness is a symptom of many health problems and often is described as a feeling of "lightheadedness," "a giddy feeling" or "loss of contact with one's surroundings." Children under 14 rarely complain of feeling dizzy. But dizziness is one of the major reasons for physician office visits by the elderly.

Vertigo is associated with motion perception. Individuals may complain of spinning around, falling, dropping, tilting, or swaying. Vertigo results from changes that affect the vestibular system, which has to do with body balance and equilibrium. Dizziness and vertigo should always be evaluated by a physician. A thorough diagnosis is essential since there are so many causes for these problems. Prescription and nonprescription medicines such as antihistamines, blood vessel dilators, and scopolamine may provide relief.

Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$5 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

Retraction

On Thursday, August 22, 1991, on page 2, *The Clarendon News* printed a birth announcement submitted by Donna Ford. That announcement named Roger Murphy as the father of the child. The man's family has objected, saying he was not responsible.

The statement in the August announcement is the sole responsibility of the person who submitted it.

The newspaper is not in the business of determining paternity and has no opinion as to who the father is—or is not.

The Clarendon News apologizes for any problems that this unsolicited announcement may have caused to anyone or everyone.

Obituary

Mrs. Verna Inez McElroy

Funeral services for Mrs. Verna Inez McElroy, age 91, were held at 2:30 p.m. on Tuesday, September 10, 1991 in the First United Methodist Church in Claude with Rev. Don Travis, Pastor, officiating. Interment was in Claude Cemetery with arrange-

ments under the directions of Robertson Funeral Directors of Clarendon.

Mrs. McElroy died at 8:30 p.m. on Saturday, September 7, 1991 in the Palo Duro Convalescent Center in Claude following a lengthy illness. She was born June 25, 1900 in Armstrong County and had been a lifelong resident. She married Richard Coke "Dick" McElroy on July 11, 1920 at Claude. He preceded her in death on July 3, 1991. She was a homemaker and a member of the First United Methodist Church in Claude and the United Methodist Women.

Survivors include one son, Carl McElroy of Claude; one sister, Gladys Breedlove of Amarillo; two brothers, Frank Brunson of Claude, Warner Brunson of Claude; two grandchildren, Dick McElroy of North Royalton, Ohio, Janice LaVigne of Novi, Michigan; and three great grandchildren. She was preceded in death by a son, Chester McElroy in 1970.

Casket bearers were Herman Dye, Harley Gunter, John Cahuveaux, James Cope, Wilbur Cobb, and Floyd Crownover.

The family requests that memorials be to a favorite charity.

HOMECOMING

NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the states constitution. Under prior statutes (S.B. 1) the tax rate for last year provides \$4,760.45 per student in state and local revenues. Under this statute (S.B. 351) that same rate now provides \$4,704.08 per student in state and local revenues.

State law only requires a minimum tax rate of \$.7802 for County Education Districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Clarendon School District hereby gives notice that it is considering the adoption of (or "has adopted" for tax bill notice) a tax rate of \$.21258 that will provide \$4,999.76 per student in state and local.

IT'S JUST LIKE A DIAMOND.

You know it's an imitation. But what about the many people today who have decided they are just like a banker? From stockbrokers to retailers, from credit unions to insurance men, to savings and loans, they all seem to be saying, "You don't need a banker, we'll do just as well." Oh, no they won't. Because no one else has the banker's hundreds of years of banking experience behind them. Nor do they enjoy the kind of trust that bankers do from the majority of Americans. So why settle for an imitation when you can have a real banker at our Full Service Bank?

BRONCOS Have a shiny new bell

Broncos Lose Opener

The Clarendon Broncos lost their first game to Claude, Friday, Sept. 6th, at Bronco stadium. The first half was dominated by Claude, as QB Beau Brown passed for 297 yards and four touchdowns. Brown completed 14 of 25 passes and was intercepted 3 times as Claude finished the game with 520 yards total offense.

In the first half, Wesley Smith intercepted a pass and rushed for about 40 yards before being brought down. Halftime score was 35-0.

The Broncos came back at halftime and held the Mustangs to 1 touchdown. In the third quarter, QB Lee Gage went over for Clarendon's first touchdown. Then Ricky Smith ran a 35 yard interception for the second touchdown. A third interception pass was caught by Spencer Smith. The Broncos had six turnovers and finished with 272 total yards - 171 yards rushing and 101 yards passing. Clarendon had 19 first downs and Claude had 21.

The Broncos will travel to Boys Ranch Friday, Sept 13th. Everyone get out and support the Broncos!

NOTICE OF PUBLIC HEARING ON TAX INCREASE

DONLEY COUNTY
The HOSPITAL DISTRICT will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1990 by 7.1 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on 09-12-91 at 7:00 P.M.

FOR the proposal: CONNIE PITTS, MISSY KIDD, WANDA DROMGOOLE,

AGAINST the proposal: NONE JOHNNY LEATHERS

PRESENT and not voting: JIM COCKERHAM

ABSENT: BRYAN KNOWLES, FAYLON WATSON

The statement above shows the percentage increase the proposed rate represents over the EFFECTIVE tax rate that the unit published on AUGUST 8, 1991. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	17,500	17,300
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	-0-	-0-
Average taxable value	17,500	17,300
Tax rate	.17565	.19284 (proposed)
Tax	30.74	33.36 (proposed)

Under this proposal taxes on the average home would INCREASE by \$ 2.62 or 7.85 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would INCREASE by \$.01719 per \$100 of taxable value or 9.79 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

96th Birthday Celebrated

Kate Jones will be 96 years old, September 10, 1991. She is a resident of the Clarendon Medical Center. Kate, sister of Emma Shannon, moved to Clarendon from McLean in 1975.

The following article was written in the 1940's by Laura V. Hamner and published in the Amarillo newspaper.

Talks to Teens of yesterday, today & tomorrow
By Laura V. Hamner

Dear Teens of All Ages:

These are busy days for me. Absorbing, exhausting days. I am finishing a book or am struggling to finish it. Just as I feel that my task is about done, up bobs a meeting that I must attend - or some other interruption. Last week I flew to Dallas on Tuesday, to Jackson, Miss., on Wednesday home on Saturday and again at work on that book. Some day, some welcome day, I shall sit back, read that book, and wish I had written it differently. Writers are never satisfied.

Ruby Cook, of McLean, has done me a great favor. She wrote this story for my column: Mrs. Felix Jones, owner and operator of Kate's Cafe on McLean's Main Street, this week was elected McLean's Mother of the Year. This is indeed an honor since Mrs. Jones has no children of her own, and doubly an honor, since it was really the children of the town who elected her. And youngsters, you know, have a pretty good first hand information about what it takes to make a "mother".

Kate's Cafe might well be called Teen's Canteen. Probably a hundred boys daily come to the cafe, sometimes to talk to Kate, sometimes to buy a candy bar, or perhaps one comes because of sheer loneliness, because he has no other place to go and he knows he's welcome there.

What do these kids like about Kate that made them work to give her the highest honor it was possible for them to give her? Kate likes them - and they know it. It is doubtful if any five people in McLean have given as much time to young boys as has Mrs. Jones. Time is the most precious commodity that can be given a boy. And so few people have time to give to children - even their own. Kate always has time for them, time to listen to their problems, time to listen to their stories, time to dicker about which penny candy bar is better to buy, time to serve a glass of water - with no other order - to wipe off the counter where the glass had left a wet ring, to wash the glass and put it away, and with never a chirp of disgruntlement.

A really hungry boy can always get a candy bar, a dish of ice cream, or a hamburger at Kate's even though he has no money. She keeps no books on these credit accounts, but declares the boys always pay. Many a boy has put his arms around Kate's shoulders and expressed his appreciation. "I just love you, Kate," he often says.

The boys are considerate of Kate's busy hours, too. They never congregate when she has customers and is serving meals. But when there is a lull between meals, Kate's Cafe becomes "home" to the boys, a place to loll and talk.

On many occasions when it is time to close the cafe for the night but the room is filled with teen-age boys, boys who have no place to go, boys who need companionship and are finding it in the cafe, Kate locks the outside door, admits no more customers, but stays on perhaps an hour or an hour-and-a-half, to let the boys talk themselves out.

Another qualification that Kate has as a "mother" is the fact that the cafe and the money she makes from it are not the most important part of her life. Many a time, Kate Jones has locked the door of the cafe and gone to sit up with a sick child.

Almost any afternoon when there are no customers, Kate will be found in a small room off the cafe where she keeps her sewing machine - making a dress for some little girl.

Teenagers and sub-teens are not the only people Mrs. Jones mothers. Any stranger, without funds, can get a meal at Kate's Cafe. Those out of work and down on their luck can also establish credit until luck turns for them. Oil men who come into town use the cafe as a relaxing place, while enjoying a cup of coffee or a plate of flapjacks.

Oldsters go to Kate, too, for the same reason teenagers go there. John Sublett, a beloved resident of the town, said of Kate, "Well, Kate mothers me, and I am 82."

I wish I knew Kate. I wish I was as kind and useful a woman as Kate is. Each of us should learn a lesson from her life.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 5, 1991

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retardation

institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least two-thirds of the members of each house, during any regular session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

This proposed constitutional amendment is similar to the version of article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the exemption if its bylaws provide that

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

Thank You

The family of John E. Fisher would like to say thank you for the courtesies extended to our family following our recent loss. The flowers, memorials, food, visits, phone calls, cards and words of concern were all appreciated. Most of all, thanks for your friendship. It will always be remembered. May God bless you in your time of need is our prayer.

Thank You

As a result of a called emergency session of the Joint Commission, Aldermen and Commissioners approved a library budget that would keep the library in the Texas Panhandle Library System. This will allow the library to qualify for Texas State grants. Large Print books, films, talking books, inter-library loan, best sellers from lease system, and much more will continue. I would encourage library supporters to thank their commissioners and aldermen for this very important decision.

I would like to say thank you to all of the supporters of the G.B. Burton Memorial Library. Through your efforts, the library will continue to offer many important services.

Sincerely,
 Dixie Ward
 Librarian
