KNAPP STRESSES FARM ENTERPRISES AT CHAMBER OF COMMERCE BANQUET

Lubbock College Pres. Says Farms Are Potential Creators Of Wealth and Should be Treated Accordingly

While heavy clouds of dust swirled outside, Dr. Bradford Knapp, President of Texas Tech of Lubbock, brought down hard the need of soil conservation in Texas before a large Chamber of Commerce crowd here Monday night.

The noted educator and soil conservation authority spoke as the chief entertainer for the crowd which braved one of the year's worst dust storms to attend the banquet at the First Christian Church.

Dr. Knapp stressed the vital importance of agricultural production to meet the needs of existing markets. "Someday," he predicted, "breakfast cereal will be made from grain sorghums and manufactured in the Panhandle of Texas."

Declaring the type of farming for this section has not yet been found, Knapp said a diversified profitable production with a wider base would be gradually felt. The president pointed out butter and cream shipments as an example.

"The Chamber of Commerce should feel that every farm is a factory and should be treated accordingly. The business man can not get along without the farmer and the farmer can not do without the business man," he charged in emphasizing that, to this section, the farm is the potential creator of wealth.

In the election of officers, J. H. Miller, Frank White Jr., H. T. Burton and J. T. Patman were chosen for the coming year. The directors will appoint a president at a later date. Frank White Jr., is the present head.

Mayor W. H. Patrick acted as toastmaster calling on the Rev. J. Perry King for the invocation. Judge J. R. Porter welcomed the visitors with a response by Gray County Judge, Sherman White, Pampa.

J. R. Gillham, secretary of the Chamber of Commerce, introduced the visitors which included O. T. Ryan, Vocational Agricultural Area Supervisor, C. W. Ratcliff, managing editor of the Avalanche-Journal and R. G. Porter all of Lubbock; Albert Gerner, Lelia Lake; C. R. Douglas and J. P. Smith, Claude; Carl Chaudoin and G. S. Dowell, Quail; Carol Smyers, Carl Perri-man, Orin Jones, C. W. Davis, R. W. Carlton, Leon Bullard, and W. C. Dickey, Memphis; Garnet Reeves, Pampa secretary of Chamber of Commerce; C. Teague, C. C. Broughton and Kenneth Fink of Childress.

Gillham also presented the Bryan Clothing Company with the loving cup for the best Christmas window and George Ryan the prize for the residence decoration.

Misses Peggy and Jo Word, accompanied by Mrs. H. R. Kerbow, entertained with a duet.

President Frank White Jr., gave a brief resume of activities of the organization for 1937.

Lelia Lake Church Closes Successful Tithers Test Sunday

With an announced 90 per cent of the membership pledging tithes for the new year, the Tithers Test closed at the First Baptist Church in Lelia Lake last Sunday with a large crowd enjoying the all day service.

Collections reached an approximate total of \$153.81.

During the services, Rev. Claude Stovall, Goodnight; Rev. M. E. Wells, Hedley; Truman Caldwell, Hedley; O. R. Allwine, Hedley; Bro. Tidrow, Naylor; Bro. Christy, Windy Valley; Rev. J. Perry King, Clarendon, appeared on program.

2,200 TREES ARE DISTRIBUTED IN C. of C. PROGRAM

Exactly 2200 trees were distributed to seventy Donley County home owners January 21, and 22, by J. R. Gillham, secretary of the local chamber of commerce. 1200 Chinese elm were apportioned out to those ordering trees while the remaining 1,000 were evenly divided among black walnut, honey locust, green ash, Bois D'Arc, desert willow, and tamarisk.

A second order of 500 trees will arrive the latter part of this week and will be distributed as soon as they arrive. Orders will be made for any of the above varieties of trees for any individual provided three cents for each tree is included with the order turned in to Gillham.

Approximately 250 trees were set out free of charge for those living in the near proximity of Clarendon by members of the local vocational agriculture classes. Thirty trees are being set out on the Jr. High School grounds for the P-T. A.

J. D. Wood Announces For County Commissioner

Farming has been the occupation of J. D. Wood on the same place near the Martin school for a period of 28 years. He grew up there and in 1934 purchased the interest of a brother, his family becoming sole owner of the farm he had known as home since childhood.

During recent years he has given freely of his time toward community betterment, having served five years on his local school board. He asks the consideration of the voters on his record as a citizen, and his qualifications for the office of county commissioner from Precinct No. 1.

Methodist Revival Will Close Sunday

Other Churches Showing Fine Spirit Working In Revival

Sunday will bring to a close the two weeks of special services, led by Rev. H. C. Smith of Amarillo, who is preaching to the delight and edification of appreciative congregations.

Services are held twice daily, 10 A. M. and 7 P. M. Services will be held Saturday, the same as on the other week days. Rev. Smith will preach both Sunday morning and Sunday night. The Church School will open at 9:45, and the morning service Sunday will begin at 10:50 o'clock.

Sunday afternoon at 3 o'clock Rev. Smith will speak to the officers, teachers, and stewards of the church. The fine spirit of cooperation being manifested by the other churches of the city together with their pastors is greatly appreciated by the pastor and people of the Methodist Church.

Clarendon Furniture Store To Move In February

J. Frank Heath, manager of the Clarendon Furniture Store, announced today that his firm would move into the building which formerly housed the Little Mercantile Company.

The building has been renovated throughout. Heath said the removal would take place about February 1st.

Large Crowd Here For Methodist Church Missionary Meet

Dr. Parker of Nashville, Tenn., Rev. W. E. Hamilton and Rev. Owenby of Lubbock, and Rev. Oren Carter of Memphis were principal speakers at the Missionary Institute at the First Methodist church here Tuesday. Dr. T. S. Barcus, Clarendon District Presiding Elder was in charge of the program.

Sixteen Clarendon District pastors and also a large number of Laymen and ladies from over the district attended the all day gathering.

A covered dish luncheon was served at the church during the noon hour.

Man Drops Dead Here Monday Noon

L. C. Robinson Dies of Heart Attack While Working

Placing a last load of wood on a trailer, L. C. Robinson, 55, dropped dead in a down town store building here Monday noon.

Robinson was hauling away old lumber from the building formerly housing the Little Mercantile Co. He was finishing his last load, according to John Watters, contractor, who was near when Robinson was stricken.

Watters said the victim took two or three short steps and fell on his face. He was dead when Watters reached him.

Workmen have been renovating the building for the past two weeks.

Robinson has been a Clarendon resident for 2-years, having moved here from Mt. Pleasant, Texas. He was born in La Mar County, Texas, June 6, 1882. He resided in East Texas until coming to Donley.

Besides his wife, Robinson is survived by six children; Mrs. Florence Hill, Lawlis, William, Aluena, L. C. Jr., Wilburn, all of Clarendon; a sister, Mrs. Nanny Goforth of California.

Funeral services were held Tuesday afternoon at the First Baptist Church. The Rev. E. D. Landreth, assisted by the Rev. J. Perry King, officiated.

John Goldston Makes Formal Announcement

Having been a citizen of this Precinct for 35-years, a voter for the past 28-years, and feel that I am fully qualified for the office of Commissioner of Precinct No. 1, in Donley County, I am asking the consideration of the people for the office.

Should the voters favor me, I shall at all times strive to fill the office efficiently and faithfully, considering the best for the people and the county, regardless of all other things.

I shall greatly appreciate any favors.

SCHOOL KITCHEN TO REMAIN OPEN; P-T. A. SPONSORS

Lions Club Give \$137 And Business Men Pledge Their Support

With a working surplus of approximately \$200, the Parent-Teachers Association this week took charge of the Community kitchen at the Junior High School and continuation of aid to needy children is assured.

Inaugurated by the Clarendon Lions Club last year, hundreds of needy school children were fed during 1937. Almost 70 students lunched in the kitchen Monday.

A \$100 sinking fund was set up by the Lions Club and a last year's balance of approximately \$37 was turned over to the Parent-Teachers association.

A P-T. A. committee, composed of Mrs. Geo. Norwood, Mrs. Edythe Maher, Mrs. Bill Brumley and Mrs. Frances Brown sold tickets this week realizing approximately \$60. Several business men have pledged 50 cents to \$1 weekly in support of the kitchen.

Orders For F. F. A. Chicks Are Placed

2,000 to Be Brooded In Connection With Spring Poultry Project

Orders for 1,000 of the 2,000 chicks, to be brooded by local F. F. A. members, were placed this week, according to the club advisor.

The chicks are being secured through the Clarendon Hatchery, operated by Frank White Jr.

Columbian Wyandottes, New Hampshire, Blue Andalusians, Light Brahmas, Rhode Island Whites, Columbian Rocks and Buff Orpington will be cared for in battery brooders.

In addition to an electrical brooder recently presented by the Purina Mills, a 1,000 capacity chick Janeway battery brooder has been purchased.

Scientific principles will be followed in caring for the chicks.

Clarendon Pioneer Dies Sunday; Rites Are Held Wed. Afternoon

W. A. Walters, 63 years old, died at 6:00 Sunday afternoon in the Adair Hospital. Mr. Walters had been a resident of Clarendon for the past 38 years, 36 years of which time he worked as engineer at the Clarendon ice plant.

Born in Eastland County, Texas September 28, 1874, he was married to Miss Lorcia Hewitt on Mar. 7, 1894. He moved with his family to Clarendon in 1899. He was a member of the local Masonic Lodge for over 30 years.

Survivors are the widow and four children, Jim Walters and Mrs. Sam E. Davis of Amarillo, Roy Walters of Oakland, Calif., and Miss Callie Walters of Clarendon; two brothers, Henry Walters of Mangum, Okla., and one sister, Mrs. Ed Jackson of Channing.

Funeral services were held at the First Methodist Church Wednesday afternoon. The Rev. E. D. Landreth, assisted by the Rev. J. Perry King officiated. The Masonic Lodge held burial service.

Palbearers for the funeral were Homer Parsons, G. L. Green, W. Hardin, Emmitt Simmons, Clarence Pipes and Marshall Morris.

Donley County Agent's Office On Air Saturday

The Donley County Agent's office here presented a farm program over radio station KGNC, Amarillo, Saturday morning. Featuring the program was addresses by C. E. Bairfield, Herman Dodson and T. F. Connally.

Heckman and Sloan highlighted the program with string music. H. M. Breedlove directed the program.

Roy Holtzclaw Visits Home Folks This Week

FIVE MILLION DOLLAR DAM PROGRAM ENDORSED WEDNESDAY IN AMARILLO

New Mexico Sends Fifteen Delegates To Convention In Which Every County In Panhandle Holding Membership Was Represented. 5-Point Plan Has Unanimous Approval

Not less than five million dollars will be asked of Congress to continue the lake building program for the area membership in the Panhandle Water Conservation Authority. This much was definitely settled at the convention held in the Amarillo hotel Wednesday.

The efforts of Cong. Marvin Jones and appreciation of the Bureau of Agriculture Economics and Works Progress Administration were given endorsement by resolution that was unanimously adopted.

Secretary Carl Hinton of the Association made a report on the result of his efforts in securing lake endorsement in Washington. Postmaster C. H. Walker of Pampa gave his version of the progress of the conservation outlook after a trip to Washington.

First speaker introduced by the association president, John McCarty, was J. C. Foster of the land utilization use division, Department of Agricultural Economics. He, too, had just returned from Washington.

"The Umbarger Dam is in the bag and we can be reasonably sure other major projects will follow," said Mr. Foster, who observed a

certain precedent had been established in connection with the program.

"We as an agency intend to go right along as rapidly as possible with the program," he continued. "We feel safe that the thing we have started is going to carry on from one fiscal year to another. We need basic information for a firm foundation to serve this long-time program. We can really build a program that will be very much worth-while."

To expedite the program Mr. Hinton advocated the purchase of necessary land by counties.

Must Buy Land

"If you want to hurry the project provide the land and expect to get paid for it later," he said. "There have been no changes in the procedure. In fact, we can get along faster if the regular procedure is followed. Each project still has to be acted upon separately."

"I think in the main 99-2-3 per cent of us are working in close harmony," Mr. Hinton remarked at the beginning of his report, which included details of conferences between Congressman Jones and Aubrey Williams, described by the Amarilloan as a "fine gentleman," who "at times got under my skin."

\$40,000 More Expected Will Make Payments Exceed 1936 \$145,000

Approximately \$238,000 in federal agricultural soil conservation checks arrived in Clarendon during the week-end.

The total was in three assignments, the first of an estimated \$275,000 expected here for farmers and ranchers who complied with the 1937 government erosion program.

Local business took a sharp uptrend and the city was thronged with the largest week-end crowd of the season.

Johnston to Make Race For Commissioner Precinct 2

The Leader is authorized to announce the candidacy of V. V. Johnston for the office of county commissioner in Precinct No. 2. Mr. Johnston states that he has never before asked for a public office of any kind.

He grew up on a farm, and in early life spent twelve years as a public school teacher. He brought his family to Donley county in 1925, having made the first payment on his farm. Since that time he has paid out his home place where he continues to reside a few miles south of the Chamberlain school.

He feels competent to handle the affairs of the office if elected, and asks the consideration of the voters of his precinct, assuring them of his best efforts and a duty impartially performed if given the opportunity.

Galloway Says Hot Springs Is On Boom Now

"Believe it or not, our town is on a boom with every room and building occupied with tourists and health seekers," Dr. C. W. Galloway stated while spending the week end here.

He and Mrs. Galloway are operating a bath house with plenty of patronage, he said. Hot Springs is located near Elephant Butte dam, an additional attraction for tourists. New Mexico, in conserving natural resources, does not permit more than one well being drilled in the hot springs area annually. This makes for better business for those already equipped with a well and bath house.

High School Boys And Girls Cage Teams On Bottom In County Go

The Clarendon High School girls and boys basketball clubs are firmly entrenched on the bottom rung of the county conference ladder by dropping the games to Hedley and Lelia Lake respectively.

Engaging Lelia Lake first at the Junior High Gym last week, the Clarendon teams dropped a double header. Traveling to Hedley the next night the locals again lost both games.

"But the second meeting in Mr. Williams' office was like a Sunday School picnic and Congressman Jones was satisfied, but still insisted the entire program be consummated."

Mr. Hinton explained the bureau of the budget had cut in half the appropriation of twenty million provided under the farm tenancy bill and had thrown out entirely a minimum of two million Congressman Jones had asked to be used directly in the building of smaller dams.

"But Mr. Jones expects to get it through some way," he added.

Attending the convention from Donley county were county judge S. W. Lowe and commissioners Will Chamberlain, Claude Nash, G. G. Reeves. Representing the local Chamber of Commerce in attendance were secretary J. R. Gillham, W. H. Patrick, Tom Connally, J. R. Porter, Sam Braswell, J. T. Patman and H. T. Burton.

The payments were the first to be received in this section of the country according to announcement by County Agent H. M. Breedlove. The early arrival is expected to halt the normal business decline, merchants believe.

In the first shipment Friday, 314 checks totaling \$75,000 were received; 883 checks reached \$160,000 Saturday and 3 Monday amounted to \$2,000. An additional \$1,000 arrived this morning.

The checks are being forwarded from the disbursing office of the Treasury Department at Dallas in small shipments. About \$40,000 more is expected at this time.

The largest single check was for \$6,000 and was for payment to a Donley County rancher for range building practices. Many checks averaged less than \$100, but the majority were above \$100.

Tractor and hardware merchants reported the first reaction of the money with dealers declaring many sales to farm and ranch owners. Drygoods merchants and other retailers are expecting their largest volume Saturday, with the automobile sales predicted to hold steady for the next several months.

Marvin Hall Announces For County Commissioner

The Leader is authorized to announce Marvin Hall has entered the race for county commissioner from Precinct No. 4. Mr. Hall has resided in Donley county for approximately 25 years, and makes his home north of Salt Fork. It is his first time to ask for public office.

He has served his section on cotton and hog committees and has a wide acquaintance. In speaking of his race, Mr. Hall stated that he felt amply qualified, knew the condition and needs of the citizens of this county and would put forth every effort to discharge impartially all the duties of the office if the voters of his precinct gave him the proper vote of confidence by electing him to office.

Woman Jailed In Wheeler Wanted In Donley County

Obtained \$45 From Hedley Woman In Bad Check Deal

Arrested recently in Wheeler County, Lelia Tarkenton has been identified as the woman who this summer obtained \$45 from Mrs. Reese of Hedley on a spurious check.

Going under the name of Mrs. C. H. Riley Jr., officers here said the woman forced Mrs. Reese to endorse the check made payable to C. H. Riley Jr. and signed by C. H. Riley Sr.

Posing as interested parties in starting a camp ground in Hedley, the woman and two men, asked for rooms at the Reese house. The woman secured the Reese endorsement and then cashed the check at a Hedley bank.

Lelia Tarkenton is wanted in several Texas, Oklahoma and Arkansas counties for fraudulent check passing, officers stated.

KNAPP CONDEMNS NAPPING.

The imperative need of finding additional sources of income for Texas farmers through new industries using agricultural products, and the development of natural resources, was stressed here Monday night by Dr. Bradford Knapp, president of Texas Technological College of Lubbock. Dr. Knapp was the principal speaker at the Chamber of Commerce annual banquet.

Among other things, Dr. Knapp stated: "We are entering a new era of development in West Texas that will require new ideas, clear thinking coupled with hard work. New concepts never dreamed of and practical thinking along many different lines if we are to take advantage of the latent assets that await the magic touch right around us."

"We must not remain just producers of raw materials but we must manufacture our cotton, wool, meats and other products in Texas rather than continue to see them shipped east, manufactured and returned to us with the freight both ways added to the consumer cost."

"We have too long thought in terms of cotton and nothing else. That was excusable so long as we had practically a corner on the world market, but we do not have that mar-

ket now. We must begin diversifying and we had better get busy right now.

"Farmers of west Texas must develop her dairying, poultry and other interests. Mineral resources, both common and rare must be developed. We need more factories to develop these assets that lie at our very door."

The above statements are but a few of the facts brought out by Dr. Knapp in his talk. Many of our local citizens declare this to be the most practical and helpful talk ever before made under similar circumstances. It is generally agreed by West Texas citizens that we have been napping too long in sleeping on our rights. "Quit napping with Knapp" may become a slogan in that Dr. Knapp may lead the way for a people who have been sleeping on their rights.

"THE REST OF THE RECORD"

BY JAMES V. ALLRED
 Governor of Texas

Throughout the history of Texas the General Land Office has been one of the most important state offices. Its importance has increased tremendously during the past few years due to oil development in practically every county in the state.

Along the Gulf Coast of Texas numerous domes have been discovered and the submerged coastal lands belonging to the State have become potentially very valuable. Under the law the Land Commissioner has the right to lease these lands for oil development. Of course, he does not have to lease them unless he wants to.

During the past year the new Land Commissioner, Mr. McDonald, has leased hundreds of thousands of acres of land, much of it along the coast. In nearly all instances he has leased this land for a very small cash consideration, and providing for a bigger royalty if oil should be discovered; but the trouble is that the State is taking a gamble on whether oil will be found or not.

It seems to me that if we are going to gamble on oil being under our land, we ought to gamble the whole thing rather than to sell 13-16 of the oil, for instance, for two or three hundred dollars with no requirement for immediate drilling. The only reason for leasing land with a big overriding royalty is that we should know two things: first, that oil is certainly under the land, and second, that it is going to be developed immediately.

Now in practically all the cases where the Land Commissioner has leased these submerged lands for from one hundred to two, three or four or five hundred dollars, he has not required immediate drilling and in most cases no drilling has been done, even though some of the leases are over a year old. On the

other hand, he has been offered hundreds of thousands of dollars in cash and the usual 2-16 royalty. For instance, one cash bid was \$69,000.00 with 2-16 royalty. In other words, the company bidding \$69,000.00 was willing to gamble that amount for 14-16 of the oil if it should be discovered. The Land Commissioner, however, awarded a lease for \$310.00 with a 3-16 royalty. In other words, the people who got that lease got a 13-16 gamble for \$310.00, where we could have received \$69,000.00 for a 14-16 gamble.

The Senate Investigating Committee is going into all these matters during this week, and I will try from time to time to give you some of their discoveries.

Carl Hefner Pardon Revoked By Allred

Prison walls loomed today for a man who enjoyed a short respite from a 99-year sentence for murder.

A proclamation issued by Governor James V. Allred said the conditional pardon given Carl Hefner in 1934 had been revoked because he was caught stealing cattle in Wheeler County. Hefner was sentenced from Gray County in 1932 for the slaying of Homer Crabtree near Lefors.

FORD OFFERS TWO NEW CARS and keeps their PRICES LOW

Right—the Standard Ford Sedan 60 or 85 horsepower
 Below—the De Luxe Ford Sedan 85 horsepower

THERE are two new Ford cars for 1938—the De Luxe and the Standard—differing in appearance, appointments and price—but built on the same dependable Ford chassis.

Both bring you the basic advantages of a V-type 8-cylinder power-plant—smooth performance and compact design. The De Luxe Ford has the 85-horsepower engine. The Standard Ford provides a choice of 85 or 60 horsepower.

Both new cars are economical to operate. The Standard, with thrifty "60" engine, costs less to run than any other Ford car ever built.

And both new cars are priced low. Low price, like economy, is a Ford tradition. Ford founded the low-price field 30 years ago and keeps Ford prices low.

The De Luxe Ford costs slightly more than the Standard Ford, but provides more style with extra room in the closed sedans. Both cars, in proportion to price, represent unusual values. Both are built to the same high standard of mechanical excellence. There's a dealer near you.

TEMPLE OF TRUTH
By the Apostle

That's all stuff about a hick town not having social excitement. Why down at Brownfield where Col. Jack Stricklin operates the Herald under the suburban influence of Charley Guy and the Avalanche Journal, there's plenty happening. Just last week on Monday C. Sears' team ran away, bumped the wagon attached, into two autos and finally turned over on the public square. Had Roebuck been on the job too, it might have all been avoided. Tuesday was a drab day but not Wednesday. Carpenters were repairing the jail where had been confined one Howard Atkinson, held on three alleged forgeries. Howard being of an obliging nature, got out of the way and out of the jail while the other boys were carpentering. Howard had unfinished business down the country and is looking after his affairs while the officials look after his whereabouts. Then the Col. announces "Fight at the Auditorium Next Thursday Night," in bold headlines. Ain't that goin' some for a small burg?

John Gillham, secretary of the Chamber of Commerce, and professor of Vocational Agriculture in the High School extraordinary, did this county a kind act in importing trees and passing them on to the planters at the mere cost of transportation of three cents each last week. That's what the folks are terming a real service, and plenty are thanking John Gillham for it right along.

You can usually tell by just looking at his general appearance whether his wife calls him William or just plain Bill.

Suggested title for best seller: "Floods Cover Panhandle." (Two-bits, please, for the idea.)

In Brooks county Georgia the tax collected to fight malaria exceeds all other taxes collected by the state, county and city governments. Who said anything about sandstorms? One week in Brooks county would make any one appreciate grand old West Texas where malaria is unknown except when imported by a new-comer.

After reading that one, go to your school or public library and read the book, "A Million Guinea

Fig." The government put out the book to keep people from eating a lot of trash that should not be fed to a hog. Did you know that it is said that seventy-five percent of some breakfast foods is nothing more than pulverized peanut hulls? Not poison by any means, but think what you are paying for goober hulls!

This is no attempt upon my part to appear smart. Not at all. I read it in a book. That's why I am telling you about the books.

Writing from Suchorge, Alaska, Father Segundo Llorento, a Spanish priest tells of the hardships of converting the Eskimos. When he first mentioned hell and described the intense heat, the natives took notice right now. He says further that most of his charges are interested more in going to hell than any other place because, as they think, they will not have to rustle firewood. Pioneering must be a sore trial. In reading a Texas history printed in 1842 I note that a priest in summing up the drawbacks to San Antonio makes the statement that the city is "badly infested with Methodists and red ants."

About this time every year we have to reprint one of the big lies told in connection with West Texas sandstorms. This story has to do with the cook at the chuck wagon near a watering whose hat blew off and headed for the canyon thirty miles south. It seems that a lot of hats were headed the same way and being in need of a hat, the cook would grab an occasional good looking and try it on. After trying several either too large or too small, he spied an object coming by within reach. "Hot dog and a black John B.," he said as he reached out and slammed the skillet on his head. It had rolled so far that the handle was worn off.

Here and elsewhere public school free soup kitchens are maintained to feed undernourished helpless children. The act is most commendable so far as it goes. During 1937 this nation produced more food and clothing material than ever before in the history of the nation. The next big question is, how are we to explain to our children just why people suffer and want in the midst of plenty. The children are merely victims of circumstances, but the adults of America are directly responsible for any condition that continues any system by which the "few" deny the masses the opportunity of earning an honest living that includes plenty of food and clothing.

"Suffer little children to come unto me," may be treated as a joke by the heartless moneylords of this world, but it is one more proof of why there is a hell.

Without question, the most efficient lady columnist in the state, Miss Jean Suits is now on the staff of the Big Springs Daily Herald.

She has been editor of her father's paper, the Lockney Beacon, for the past five years. We have said all along that the day would soon come when Jean would go places on the larger papers. The Herald is but a stepping stone for the young lady of brilliant wit and much common sense of the Plains. Here's all the luck in the world, Jean.

Of all the high priced radio performers of the moving picture colony, the one with the wooden head gets the most, Charley McCarthy is going places.

Senator Josh Lee of Oklahoma, the southwest's most brilliant orator, gets off some pretty good stuff in the senate. Here is a sample: "A man's right to make money should end when it interferes with another man's right to make an honest living. The government owes no man a living, but it does owe him equal opportunity in making one."

Speaking of sheer grit, energy and determination, we have a fine example right here in old Donley. A widow and her son lost their crop by hail storm. The fine prospect was swept away within a few minutes. It was too late and too dry to make much of an out at growing

anything else the remainder of the season of 1937. What did they do? They have chickens, hogs and cows. That good woman recently said, "our cows and chickens provide our family needs and we expect to make a good crop next year." There still is hope, confidence and the will to try. Many a man would blush to see those two making such a brave fight for existence against such odds. By the way, meet Mrs. C. T. Isham and her son C. T. Jr. of the Chamberlain community.

Just now I am reading a book the title of which is "Devils, Drugs and Doctors." It is a great book because it follows the history of medicine and surgery through a bout four thousand years. The book creates a lot of respect for present-day practitioners.

Well sir, the Panhandle leads in everything, even to queer quirks of alleged justice. A man broke into a filling station, stole \$12.70 and got 12 years in the pen for his trouble. Another killed a man and set fire to his car after he piled the body on the back seat. Just for being so smart about setting an example of killing by a new method and disposal, he was given THREE years in the pen. The

fellow he killed might have been a bad egg, but it sets a precedent that will be followed by other jurists. Three years for cold-blooded murder is too cheap no matter who the victim might be if it is pulled off by shooting and burning.

When GW and I were raising our kids, we always carried the smallest one in an oil cloth sack. When we got over to the neighbor's, we poured the baby into the yard and forgot about him until time to go home. Now I notice my grandkids come over in a beautiful basket garnished with a lot of fluffy finery. This is a great age. Oh yes, the grandchildren are practically all bottle babies. Somehow it appears that the cow is a pedigreed animal and better able to supply a little fellow than its mother. Right now I realize my life ain't worth fifteen cents.

A man seldom has his heart in his work unless he has his back in it too.

Did you ever stop to think that every president of the United States elected in a year whose date ended with a naught, died during his administration? It may be a

hard matter to persuade Roosevelt to attempt the job again in 1940.

A bunch of WPA workers in east Texas went out to work early in the morning, about nine o'clock, but returned before noon. They claimed the termites ate up their shovel handles.

Being a husband is like any other job. It makes it a lot easier if you learn to like your boss.

Some people miss the road to happiness simply by trying all the detours.

A lot of men credit themselves

with being pretty smooth, but they never want the tops of their heads to get that way.

Most of us never become famous because we have to earn our living.

Wanting what you can't get is about as much fun as getting what you don't want.

A woman may "look down" on a neighbor, but she likes to "look up" to her husband.

Mrs. J. W. Story is staying with the Chas. Lowry family while Mrs. Lowry is in a hospital at Pampa recovering from an operation.

TIDWELL-WILLIAMS

Announcement was made this week of the marriage, December 25, of Bruce (Tubby) Tidwell to Miss Lucille Williams, both of Clarendon, at the home of the Rev. J. H. McCuiston, Baptist minister, in Hollis, Oklahoma.

The groom is the son of Mr. and Mrs. O. H. Tidwell and the bride is the daughter of Mr. and Mrs. D. C. Williams of Clarendon.

SULLIVAN-GIVENS

Miss Ella Mae Sullivan and Earl Givens were married Saturday afternoon in the study of Rev. Robt. E. Austin at the First Christian church, the pastor officiating.

The bride is a daughter of Mr. and Mrs. J. W. Sullivan and is a Junior College student in her second year. Mr. Givens was formerly employed in New Mexico on a government project for the past several months.

S. S. OF BAPTIST CHURCH HAVE BANQUET

The Young Ladies S. S. Classes of the Baptist Church entertained the Young Men's class and prospective members with a banquet in the church parlor Thursday evening. Sponsors were teachers of these classes, Mrs. Geo. McCleskey, Mrs. McHenry Lane and Miss Jessie Cook.

Rev. W. M. Mason pastor of the Baptist Church of Memphis was guest speaker of the evening.

Ruth Cornell gave a toast to the young men's class. Jr. Swift gave response.

Jo Ann Thompson gave a toast to the Young Married Couple's class.

The W. M. S. of the church assisted in serving the lovely dinner which consisted of chicken and all the trimmings.

Out-of-town guests were Mr. and Mrs. W. M. Mason and daughter, and Mrs. Harrison, all of Memphis. Forty-six locally were in attendance.

Subsidy Payments Will Not Be Paid Till Work Sheet Is Filled Out

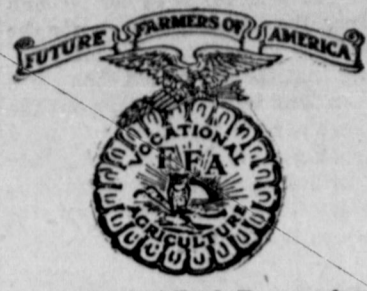

Subsidy payments on cotton placed in the government loan will not be made until farmers have filled out 1937 work sheets, county agent H. M. Breedlove said today.

Breedlove asked that all producers who did not sign a '37 work sheet to come to his office at once so the blanks could be used as a basis from which to figure the 3-cent subsidy payment.

This does not incur any obligation on the part of the producer, Breedlove said.

W. W. Crawford is reported confined to his home with illness.

Walter M. Wilkinson, draftsman here for some time, will leave with his wife soon for Amarillo where he has accepted a position with Sears' Map & Blue Print Company.

F.F.A. Project Book Progressing

The first portion of the F.F.A. scrapbook is almost complete as clippings for the first six months of the F.F.A. year have been pasted into the book. Approximately 300 new articles concerning the F.F.A. were printed in local and state papers during the first six months.

The individual section is well started. Each member has one page in the book which will be adorned with pictures of the said member, of his projects, and a typewritten article concerning his articles and F.F.A. activities. A large number of group pictures have been placed in the book including the pictures made on the annual summer trip.

Boys Complete Room

The local chapter completed their standard F.F.A. room equipment last week when they mounted their great horned owl. The local chapter is the only one in the Memphis district to have a complete assembly of room equipment.

Only recently the standard three by six foot banner was added to the chapter room, which was already equipped with station markers, framed pictures, steel plow, and other F.F.A. paraphernalia.

Boys Set Out Trees

The F.F.A. boys have been busy the past week setting out trees for various home owners in Clarendon. Approximately 250 trees have been set. The tree setting work is one of the major field jobs of the F.F.A. boys for the entire year.

By securing actual practice in the art of tree planting, each boy will be better able to perform similar jobs in the future. A number of F.F.A. boys are setting out trees at their homes to aid in beautification of the home.

F.F.A. Buys Brooder

A 1,000 chick Janeway battery brooder has been purchased by the local F.F.A. members to use in

their group F.F.A. chick brooding project. In addition to the project, a number of individual members will brood out chicks for their projects in the brooder.

A number of the boys plan to enter the chicks they raise in the Tri-State Fair at Amarillo next fall.

LELIA LAKE

Inez Skinner

There was all day services at the First Baptist Church last Sunday. Bro. Allen having been pastor of this church 1 year Sunday, we had a number of visitors and the following pastors with us: Bro. Wells of Hedley, Bro. King of Clarendon, Bro. Stovall of Goodnight, and Bro. Williams of Windy Valley, each making a talk in the afternoon.

Mrs. Joe Johnston, Miss Lucy Stogner and Mrs. Riley Jones attended a Sunday school convention at Ft. Worth last week returning home Friday night.

We're glad to report Jack Foster who has been confined to his bed several days with pneumonia is improving. We wish for him a speedy recovery.

Mr. and Mrs. B. F. Wolford spent the week end at Medina Valley near San Antonio.

Mr. and Mrs. Allen Angel of Groom and Mrs. Clarence Johnson

and daughter of Ashtola attended services at the Baptist church Sun.

Mrs. Rolfe Wagner visited Mrs. C. H. Reynolds Monday.

The revival meeting began at the Church of Christ Monday night. The services are being conducted by Rev. Claude McClung.

Dr. and Mrs. B. L. Jenkins spent the week end in Amarillo with their son, B. L. Jr. Brit Jenkins grandson of Dr. Jenkins was very ill.

Mrs. Joe Hayes Sr., Mrs. Elmer Palmer and son James Wesley were in Canyon Saturday. Miss Loraine Hayes returned to Clarendon with them.

HERE AND THERE

HERE—There are 104 persons in Donley County totally unemployed; 133 working on WPA, NYA, CCC, or other emergency work and 248 partially employed and wanting work, statistics from Washington revealed

HERE—Richard Morris of Claude, Armstrong County Attorney and former Clarendon boy, began an audit of the City of Clarendon's tax records last week in preparation for a drive for delinquent taxes. Morris said suits for collection may be filed later.

HERE—If the Democratic primaries were held today, only 1067 votes could be cast in Donley County exclusive of persons baloting who are over 60-years of age. The figure, derived from 1013 poll tax payments and 54 exemption certificates is 1,233 short of the expected 2,300.

HERE—Local postmaster Forest Taylor last week was inspecting letters from Cuba enclosing prohibitive matter. About 50 of the advertising letters had been received at the local office and were in violation of the lottery laws.

HERE—Petty theft and minor law violations for the past several weeks has hit a new high for the season. Several violations have been traced to boys who are being watched by officers. Pencils and fountain pens, supposedly stolen from Mrs. Mc's place, near the college, were recovered when they were offered for sale.

THERE—There were 13,106 mentally diseased patients on the books of Texas hospitals at the beginning of 1936 and 3,581 additional patients were admitted last year, the Bureau of the Census reported this week.

HERE—Much credit for an increase of cream sales is given to trench silos by G. H. Crews of Brice who says a 35 per cent rise has been noted since his silo was opened December 16. Mr. Crews' sales for 30 days, ending January 4, amounted to \$90.90 whereas he was formerly averaging 8 to 13 pounds-per-day.

HERE—Fearing a tame deer, caught in the southeastern part of Donley County would be killed by

dogs, Austin O'Neal, game warden, has been carrying the animal around in the back seat of his car.

THERE—Seven or eight buildings are under construction on the Terry County Cyanamide plant near Tahoka. About 100 men will be employed in the plant.

HERE—In line with the Chamber of Commerce tree planting program, the City of Clarendon will plant 80 Chinese elms on a vacant lot near main street. The lot is where the trades day drawings were held.

HERE—Swelling to giant size recently, the oil well bubble almost burst with the sale of acreage which, according to information, would cause too much off-setting, if the well was brought in. Inside circles sadly disclosed this week the slush pit, already dug, might be converted into a storm cellar.

THERE—With the announced plans for building a \$300,000 dam in Gray County under P.W.C.A. setup, interested parties here discovered the Gray County commissioners court voted an expenditure of \$100,000 for the lake-site. Donley County recently contributed to the cause with the commissioners voting \$100 to be paid for membership. The Chamber of Commerce also pledged \$58 toward the sought J. R. Porter dam project. Informed sources, however, doubted the Clarendon project would be included in this year's budget.

HERE—Several varieties of long staple cotton are being considered and plans are going forward to-

A Story Of Three Eggs

This is a story of three eggs. Big egg, middle size egg and little egg.

The eggs were brought to town by R. C. Bangham yesterday. The big egg weighed 6 ounces and was eight and one-half by six and one-half inches. The middle size egg weighed 5 ounces and measured eight and one-half by five and one-half and the little sized egg scaled one and one-half ounces and measured one and one-half by two inches.

They were produced by Rhode Island Reds.

Branch Watkins of Hedley had business here Monday.

Pride In Personal Appearance

You would be no less pleased with the appearance of your clothing than you would the appearance of your shoes and hat. Certainly not!

You would be no less particular in the selection of your clothes cleaners than you would the selection of your clothing. Certainly not!

There was a time when you naturally expected your clothing to look "old" after being worn a few times. There was that "dullness" that made them look just that way despite all that could be done about the matter.

Not so - - TODAY

Our DRI-SHEEN process insures a return of the "NEW" appearance by raising the nap. That flat, smooth, shiny surface is eliminated. This applies to all qualities of men and women's clothing.

The appearance of "newness," the clean, spotless surface and absence of odor is what appeals to our patrons. And it costs you no more than an ordinary cleaner would charge who did not have the machinery and skill used in our plant.

Most Exciting Sweethearts of the Screen Co-starred Again In "Second Honeymoon"

Acclaimed by increasing numbers of fans with each new picture as the most exciting sweethearts of the screen, Tyrone Powers and Loretta Young are co-starred again in Twentieth Century-Fox's "Second Honeymoon," coming Sun. Mon. and Tuesday to the Pastime Theatre. Already hailed as the merriest, "marry-est" romance of the year, the film is said to be their perfect picture together. Their love is news again, but this time they mean it with all their hearts.

Love at first sight is romantic enough, Tyrone and Loretta agree, but love at second sight... MMM! They fall for each other twice in this gay hit. After parting in Reno, they meet accidentally under a thrilling Miami moon and kiss impulsively, to find they have fall-

en love all over again.

Having left Tyrone because he was mad, irresponsible and gave her no sense of security, Loretta finds she wants him back for the same reasons. But a honeymoon renewed is not so easily accomplished as a honeymoon "Reno'd," especially when Loretta's second husband is considered. Played by Lyle Tabor, he is a common garden-variety of spouse out-bloomed by the hardy perennial that is Tyrone's and Loretta's love.

There are others, also, who have a say in the matter. There is Stuart Erwin, who is crazy about pretty Marjorie Weaver and, as a conscientious gentleman's gentleman, wants his employer, Tyrone, to enter into a similar state of bliss. There are Claire Trevor and J. Edward Bromberg, a sophisti-

cated couple carelessly throwing interesting little monkeywrenches into the not-to-smoothly running machinery of matrimony.

The thole trouble starts, however, when Husband Number One and Husband Number Two try to become friends. Tyrone arranges a "propping" expedition, a new pastime of spear-fishing at night under powerful searchlights, and the entire party is invited.

It is this expedition that proves to Loretta that her divorce was a mistake. But when she sets about to rectify it, she finds Tyrone apparently much interested in Marjorie Weaver. The misunderstanding is caused by Miss Weaver's constant efforts to be near Stuart Erwin, who in turn is always near Tyrone. It requires an exciting, swiftly paced climax of events to result in the only proper solution.

Clarendon's Schools
Are Going to Keep Open

We, the members of the school board were elected to carry on your schools—our schools—and are faced with the necessity of providing funds to do the job. Under the law we have levied sufficient taxes to pay all costs, and now your part is to pay your taxes. You owe it to yourself and you owe it to the great majority of people living in the Clarendon Independent School District, who have paid and are paying their school taxes, and who demand from this board that our schools run the full nine months' period.

\$41,262.00 Delinquent Taxes Due

Besides the current 1937 taxes due by Jan. 31st, there are \$41,262.00 delinquent taxes due the school. The board has tried by every fair means to collect this tax money, and have seen all local means fail. There is not now enough money in sight to carry the schools through February. The schools must run, so we have decided to place the collection of delinquent taxes in the hands of an outside collection agency, who will have no local friendships or ties to hamper them in the task.

Penalties After January 31st

In years past we have been lenient in the matter of penalties provided by law, as a help to people facing the hard financial situation. We cannot longer pass these penalties by and be fair to those who are paying their taxes. The properties of the district stand for the taxes lawfully assessed and all penalties added for delinquencies.

Pay Your Taxes Before January 31st to Avoid Penalties

Remember that penalties on 1937 unpaid taxes are added at the rate of one per cent per month, until July 1, 1938, when the penalty is increased to eight per cent and interest charges at the rate of one-half per cent per month are added.

We Are Facing Our Responsibility
And Ask You to Face Yours

Our school system is the greatest asset we have in the Clarendon school district. If our schools suffer, our Junior College will fall along with it. The education of our children NOW at their tender age is a matter we cannot shift to some other day. The law is plain as to the duties of the school board. We have decided to face the issue, as any other elected board must do. The property here must bear the load.

We thank you heartily for all co-operation in years past and gone, and we solicit your early meeting of all obligations due the district. If there was any easier way out to carry on our schools we would use it. Arrange to pay your current and delinquent taxes before the penalty date and give evidence of your deep interest in the children of this district.

AT THE FIRST BAPTIST CHURCH
 J. Perry King, Pastor
 There is Always Worship Fellowship :: Service

There is one and only one eternal code of ethics regulating the rules of righteous living. That code emanated directly from God during the patriarchs and prophets. When Christ came he illuminated the world by living this code in its

every detail. When Christ went away he said ye are the light of the world, referring to his followers. The church is the custodian for the continuation of the moral order given by God the Father and exemplified by Christ his son. Ones qualifications for carrying out the principles for right living is greatly handicapped if his relationship to the church is regarded lightly. Make much of your church. Live up to its standards. Govern your life according to its rules, for they are based on an eternal order. One makes no mistake in following the light as given to us by Christ.

MEN...
 if You Promised a Penthouse, stay out of the Doghouse by giving her *Electric Cookery*

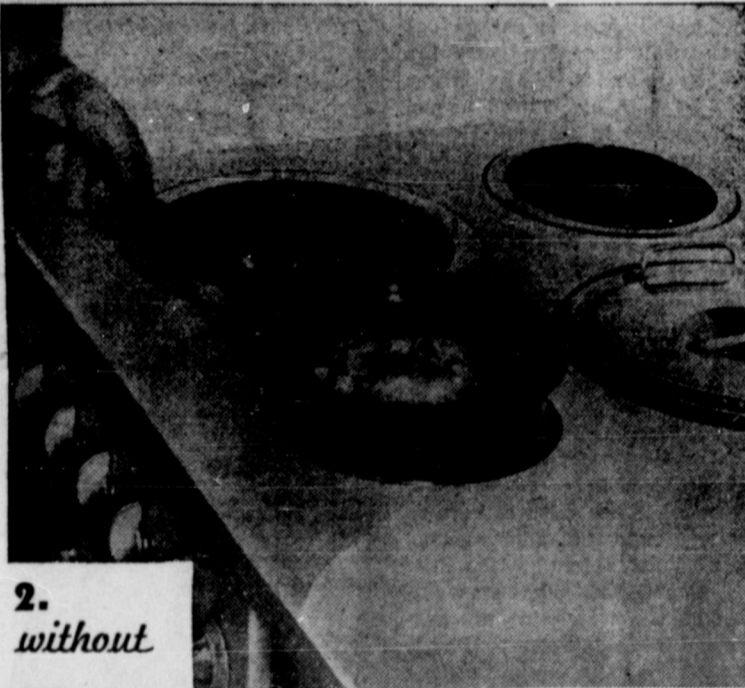

Men, if your wife had illusions of grandeur when she married you ... worshipped you as a super-man ... then remember this: *A disillusioned feminine heart is more to be feared than a woman scorned!*

If she expected a penthouse, you're apt to land in the doghouse ... unless ...

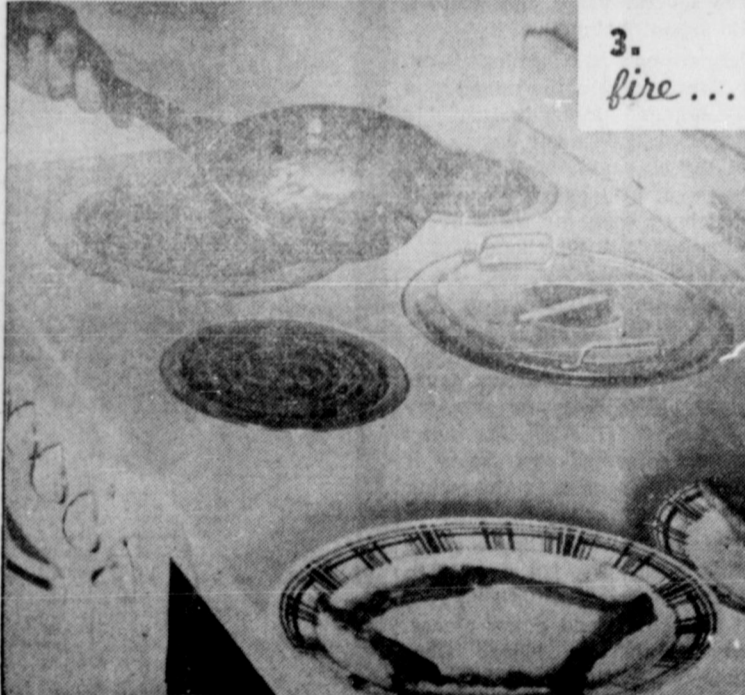

All-electric houses no longer are illusions. And they're grand! Penthouses, of course, are rare in West Texas. Instead, we have *electrified* homes. They're better. And, fortunately, any home has all the grandeur of a penthouse if equipped with the right kind of servants ... Electric Servants. Electric cookery, refrigeration, dishwashing, water heating, sweeping, entertainment, food mixing, coffee making, sun tanning and clothes washing—all make every home equal to the luxurious penthouse ... a feminine dream born of fiction and suppressed desires. So, men, don't disillusion your wife by condemning her to another year, midst hated kitchen drudgery.

1. You can cook ...

2. without

3. fire ...

4. right Now!

CALROD is the name of Hotpoint's patented metal-sealed flat-top cooking coil that has revolutionized electric cookery. It has brought new speed, new cleanliness, new economy and longer life to electric ranges.

In the Picture: With an electric range, a bacon-egg-toast-coffee breakfast can be prepared in less than 10 minutes. Fix bacon and toast in oven while eggs fry and coffee percolates. Electric fuel for this type of breakfast costs less than three cigarettes.

1. You have five cooking speeds in 1938 models. Use *super speed* to heat skillet. 2. Turn switch to *half speed* for frying ... or for fast boiling. 3. A second egg may be tried with switch turned to *quarter speed* ... an ideal heat for sautéing fresh vegetables. 4. A delicious breakfast without smoke or fumes in kitchen or dining room! For other meals, you have two other *low speeds* for economical cooking of foods.

World War Veteran Buried Here Tuesday

Funeral services for Robert Lee Carroll, aged 49, were held here Tuesday afternoon. H. V. Crumley, pastor of the Church of Christ conducted the last rites. The deceased had been in poor health for some time having been gassed during the world war. He passed away in Deming, N. M. Jan. 23rd, the body being shipped back here for burial. His mother, Mrs. Enner, who makes her home with Mr. and Mrs. Frank Thomas, is one of the survivors. Mrs. Frank Thomas and Mrs. O. C. Phillips are his sisters. He became a member of the Methodist church in 1933. All through his long years of suffering, he was patient, sympathetic and had an understanding of the trials of life that helped him endure the hard lot that was his. He had many friends as well as relatives who will be grieved at his untimely passing at this time. Miss Ruth Donnell is at Wichita Falls taking a business course. Mrs. W. D. Van Eaton spent last week in Amarillo attending the revival led by Gypsy Smith.

Postmaster Makes New Start

Those accustomed to filling their fountain pens from Uncle Sam's postoffice bottle may step forward. Early Monday, Postmaster Forest W. Taylor cleaned the kaffir seed out of the bottle, refilled it and took a new start. The pen point that had been used for a public plaything, dirk, chisel and what not, was removed and a new one inserted. The postmaster went one better by placing two brand new pens at the disposal of the public. Though there is a heavy penalty for destroying Uncle Sam's public conveniences, the bottle and pens often become entangled in an argument. No doubt the old boy who poured the kaffir seed into the bottle was trying to illustrate just how rapidly his cotton check money was disappearing.

Popular Couple Is Remarried Monday

Groom is Minister Several Churches in Wilbarger County Where They Now Reside

An occasion that resulted in popular approval and pleasure to their many friends in this section was the remarriage early Monday of Rev. W. T. Lackey and Mrs. Maurine Lackey. They had been divorced here on April 2, 1935. Rev. Lackey came up from Vernon and was accompanied to Lelia Lake early Monday by Mrs. Lackey where they were married by Rev. V. W. Allen, pastor of the First Baptist church there. Rev. Lackey was in charge of several rural churches here for several years and is held in highest esteem by both his church people and the public in general. He recently was assigned to serve in a similar capacity in Wilbarger county where his efforts again are meeting with popular approval. Being of an industrious nature, he continues his profession of barbering when not actively engaged in church work, a trade he learned while working his way through college. Mrs. Lackey is well known for her many fine traits of character. Her experience as a public school teacher, made her services here as an instructor in the adult school project invaluable. When the school was closed, she was employed on the state-wide tax survey work in Donley county. She is said to have received her college degree several years ago while a public school instructor. They are now making their home near Vernon where the minister is busily engaged in conducting his barber shop on week days and supplying as pastor of the several churches in his charge. Scores of friends here wish for them every happiness in their new home.
