## Futures And Options Workshops Scheduled

To help producers make the most of their livestock at the market place, the Texas Agricultural Extension Service will hold an indepth futures and options workshop January 30 - 31, 1991, at Clarendon Junior College in Clarendon. It will include ten hours of training and will run from 9:30 a.m. until 3:30 p.m. each day. The workshop will provide market updates as well as basic training in various pricing alternatives available to area producers.

The cost of the workshop is twenty-five dollars, and is limited to the first ten producers that sign up. Producers can register until January 25th, by contacting the Donley County Extension Office and sending the \$25 registration fee.

A notebook and materials on futures and options will be provided. Spouses are encouraged to attend (the \$25 fee covers both). The workshop will be held at the Range Operations classroom on the Clarendon College Campus.

Contact the Donley County Extension Service at (806)874-2141 to register.

## Archeological Meeting Held

On January 15, the Clarendon Archeological Society met at the Clarendon College at 8 p.m. Pat Kaiser, board director of Yesterday's Children was the guest speaker. More than 50 people were in attendance.

Pat gave a good background as to how Yesterday's Children and ideas of Thunder Junction came about, the progress that has been made and current proposals of development.

Thunder Junction, envisioned as an authentic, turn-of-the-century Western town, will be built near Greenbelt Lake. A portion of the proceeds generated by this theme park will go into a trust fund to benefit area senior citizens organizations. Donley County's own rich historical and cultural heritage will complement the project. Grants and 0% loans are available. Private sources have offered investment funds and petitions have confirmed enthusiasm for the proposed theme park.

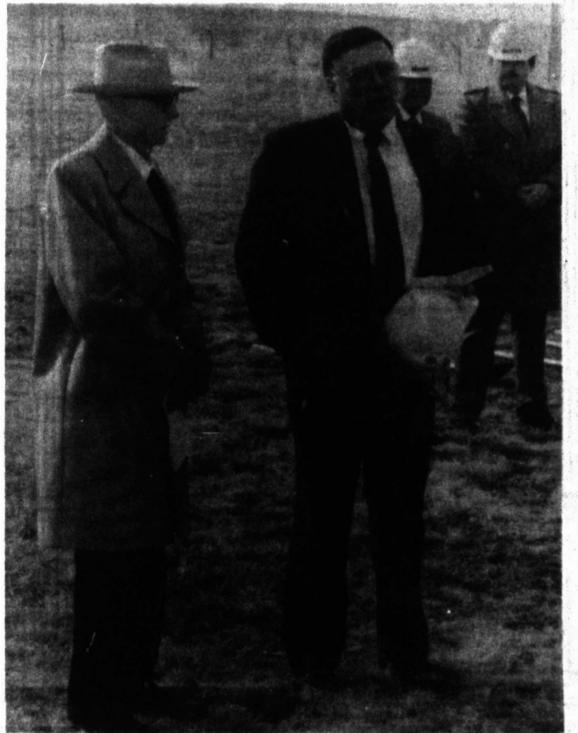

Rustic elegance, quality crafts and products typical of the early panhandle era and historical entertainment will be the goals for Thunder Junction and surrounding areas.

Texas A & M has offered to help develop an archeological aspect for the theme park since we are rich in distinctive mammalian

fossil forms, pre-historic and historic indians, ranching and pioneering history. Hopefully we will have an exhibit to engage thoughts someday.

The next archeological meeting will be held, Tuesday, February 12, at the Clarendon College Library at 8 p.m. Hope to see you there.

Don't forget the open house for Thunder Junction, Thursday, January 24, from 2 - 8 p.m. located at 318 S. Kearney. Meet some old bones and a few saints.

MR. CHARLEY BAIRFIELD makes a short and impressive speech early in the groundbreaking ceremony for the new building at Clarendon College.

PAUL BIVENS presents a black-and-white television to Mary Hooten, winner of a recent drawing at Bivens Pharmacy.

## Base Fertilizer Decisions On A Soil Test

Laboratories at College Station and Lubbock routinely analyze soils to determine the amount of available nitrogen present in the soil. This analysis is especially important to determine carryover nitrogen fol-

Cont'd on p. 8.

## Emergency Is No Time for Hide-'n-Seek

It's not too late to test soil samples to determine fertilizer needs for spring crops.

When farmers look for ways to reduce production costs, they often consider reducing fertilizer usage. But such a practice may result in yields too low to cover production costs.

A soil test may indicate that fertilizer is needed to attain a desired yield goal. Fertilizing at recommended rates will increase the probability of boosting yields enough to more than pay for the fertilizer and provide some margin of profit.

On the other hand, savings can also result when a soil test shows adequate levels of nitrogen, phosphorus, potassium or other necessary nutrients.

In either case, following soil test recommendations would effectively reduce the per-unit production costs and increase the chance of making a profit.

The Texas A & M Soil Testing

## Emergency Is No Time for Hide-'n-Seek

An alarmed citizen called Clarendon emergency personnel early Monday morning, but gave the dispatcher the wrong address. Fortunately the bad information did not result in tragedy.

The incident did, however, point up a serious problem that exists in Clarendon. Many people do not have numbers on their residences. In an emergency, the fire department or ambulance crew have to play guessing games while life and property hang in danger.

This dangerous situation has a cheap and easy solution. Every resident should post his or her address in big, legible numerals on the front of the house. Place them where they can be easily read, day or night. Such simple action could save a life.

Residents also should check to see that nearby street signs are intact. If the sign is defaced or missing, contact the City of Clarendon. If the sign is not replaced in a reasonable period of time, notify the fire department.

Clarendon is a relatively small town with many residents who have been here for years. But there is also a relatively large turnover in population as people come and go. It is not safe to assume, "Aw, everybody knows where I live." Don't bet your life on it!

Hedley is in even worse shape. Almost none of the buildings have street numbers. Remember: when you are having a heart attack, it's too late to go put up at street sign or house number.

## End-Of-Year Crop and Livestock Surveys

The Texas Agricultural Statistics Service will begin contacting farmers and ranchers across the state in late November for 1990 acreage, yield and production totals and end-of-year poultry inventories.

"Extreme weather conditions have certainly had an impact on Texas agriculture this year. From the heavy rains and flooding in East Texas last spring to this summer's prolonged hot, dry conditions, weather has been a major factor in Texas production this year. These surveys should help us summarize where the industry stands at the end of 1990," state statistician Dennis Findley explained.

"Information from these confidential surveys conducted by mail, telephone or in person will also help producers make their plans for the coming year.

"Sound production and marketing decisions require good, reliable information and some advanced planning, and our reports provide producers with solid facts and figures they can incorporate into their plans," Findley added.

As always, the Texas service will be trying to keep survey costs at a minimum, so Findley is urging producers to return their mailed questionnaires as soon as possible to avoid follow-up contact.

"Remember, these are sample surveys, so if you are contacted it is important to provide the requested information, since one producer represents several other operations of the same type and size. Our estimates can be no better than the numbers producers provide," Findley noted.

Results of the surveys will be published in early 1991. Anyone wanting a copy of the results can write Information Section, Texas Agricultural Statistics Service, P. O. Box 70, Austin, Texas 78767.

SPECIALIST Kelly W. Harmon is one of many servicemen in Saudi Arabia with relatives in Clarendon. Harmon is the nephew of Rosie Wright and Lillie Hook of Clarendon. For others serving, see page 8.

## Volunteers Needed

Volunteers are needed to assist with the Pre-school Storytime Program at the Burton Library. The storytime program will begin on Wednesday, February 6 for 12 weekly one-half hour sessions. Interested people who are able to help may contact Diane Chamberlain at the library (874-3685).

## Supper Set

The Lelia Lake Community Center covered dish supper will be held, Saturday, January 26, 1991, at 7 p.m.

## Coming Next Week:

The Donley County Junior Livestock Show

## Equipment Demonstrated

The Panhandle Regional 9-1-1

Network Advisory Committee is hosting a demonstration of equipment used in the provision of 9-1-1 services. Several vendors have agreed to set up their equipment and be available to visit with interested parties anytime during the hours of 11:00 a.m. to 4:00 p.m., Wednesday, February 6 at the Planning Commission offices, 2736 West Tenth Avenue, Amarillo, Texas.

The demonstration is open to the public. Anyone with an interest in 9-1-1 is encouraged to drop by the Planning Commission offices of February 6.

The Panhandle Regional 9-1-1 Network Advisory Committee is responsible for the implementation and on-going operation of a region-wide 9-1-1 system. The regional 9-1-1 system will consist of 23 answering points throughout the Texas Panhandle and should begin operation in January, 1992.

Linda (Sims) Hill

**Recertify Now!**

Panhandle Community Services, located in the old Courthouse at 300 Sully in Clarendon, has announced that it is important that their clients start coming in NOW to recertify for their commodity program.

The new year for commodities begins February 1, 1991, and it will simplify the procedure for all concerned if clients come in before commodities are given in February to fill out the required forms.

In order to complete the re-

quired forms, you must have the following items:

- Proof of income for all household members and,
- Social Security numbers for all household members.

Current monthly income for 1991 (such as direct deposit slips from the bank, award letter from Social Security, etc.) is what is needed to qualify.

Remember, the lines will be shorter and things go so much better if you come in Before February 1, 1991!

**Transit Still Available**

The Panhandle Transit has undergone a few changes in the past week.

They are still transporting locally during the week. All they need is a notice of the time you need their services.

The Transit will also be coordinating with the other Panhandle Transits to see that your appointments in Amarillo are kept in a timely manner.

Mary McAncar has recently resigned and the Transit has a new driver, Betty Tarley. We wish Mary the best in her new endeavors. Mary had been with the Transit for five years and had made many friends who will surely miss her.

JENNIFER LEE McANEAR AND TONY DAVID LINDSEY

**Tea Given For Bride-Elect**

A tea was given by Mrs. Richard Lee Gilkey at the Clarendon County Club on January 19, 1991, honoring her granddaughter Jennifer Lee McAncar bride-elect of Tony David Lindsey of Memphis, Texas. The couple will be married March 16, 1991, at the First United Methodist Church, Clarendon, Texas.

Serving were Mrs. Gayle Trollinger and Mrs. Boyd Moore of Pampa, Texas, aunts of the bride-elect, and Mrs. Chil Wilson of Pampa, Texas, cousin of the bride-elect. Registering the guests was Mrs. Bill Todd of Clarendon, aunt of the bride-elect.

Miss McAncar is the daughter of Mr. and Mrs. Ronnie Charles McAncar of Clarendon. She is the granddaughter of Dr. and Mrs. R.L. Gilkey and Mr. and Mrs. J.G. McAncar. She is currently a Junior student at West Texas State University.

Mr. Lindsey is the son of Mr. and Mrs. Jimmy Don Lindsey of Memphis. He is the grandson of Mrs. Grady Simpson. Mr. Lindsey is currently engaged in farming in Hall county.

DEBORAH BURTON

**Burton-Fewell Wedding Held**

Mr. and Mrs. Oran Burton, of Stinnett, announce the marriage of their daughter, Deborah Deatrice, to James Aubrey Foal Jr., of Dimmitt. The groom is the son of James Foal, of Dimmitt and the late Adele Foal.

Vows were exchanged December 18, 1990 in Polk Street United Methodist Church in Amarillo. Officiating was the reverend James Garrett. The bride attended Seward County Junior College in Liberal, Kansas and graduated in 1989 from Panhandle State University in Goodwell, Oklahoma. She earned a degree in biology. The groom attended Texas Tech University in Lubbock.

The couple is employed by American Fructose Inc., of Dimmitt and are making their home in Dimmitt.

The bride is the granddaughter of Jeanice Weatherly of Clarendon and the late Bill Weatherly.

Cosmetics May Cause or Aggravate Acne

Acne is the most common skin problem. This condition is characterized by skin lesions such as nodules, whiteheads, and blackheads. By the mid-teens, most boys and girls experience some form of acne. In one study of 1,555 young people from 8 to 18 years old, one-half of the girls and over three-fourths of the boys had acne severe enough to require medical treatment.

Many women do not have acne until their 20s or 30s. Some have noticed that acne may be aggravated by different cosmetic products. Skin specialists call this condition *acne cosmetica*. Cosmetics can inflame hair follicles, which can lead to formation of pus-filled nodules in the skin. Some cosmetics have less tendency to cause acne-related problems than do others. Check cosmetic labels to see if they are "noncomedogenic and nonacnegenic."

According to a recent article in *Pharmacy Times*, coal tar and the halogenated hydrocarbons are known to cause or aggravate acne. And it is thought that some oil-base cosmetics seal the surface of the skin, clogging the pores. Water-base cosmetics may be best for women with oily skin.

### Medical Center News

The Medical Center employee and residents celebrated their January birthdays Tuesday 15, 1991, in the Dining Room. We had five residents having birthdays this month: Cora Cart 1-12-1903,

CORA CART

Inez Skinner 1-14-1905, Beulah Matlock 1-8-1902, Terra Putman 1-20-1901, Haskel Phelps 1-24-1917.

All of our birthday honorees were present except Haskel; as he had a Dr's appointment, and was unable to attend.

A brief history of each resident was given; as they were presented. Every one made wishes for them. They were all able to blow out the three candles, one for the past, present, and future, as Happy Birthday was sang for them.

Every one present was served cake and punch. Before our refreshments were served, Joan

Kidd led us in a special prayer, giving thanks for our residents and what they meant to us. Thanks for their love, wisdom and guidance they had given to us through out their lives. Everyone had a good time.

### Quilting Club Meets

Martin Quilting Club met in the home of Hazel Edens, Jan. 17, 1991, one quilt was finished. A delicious meal was enjoyed by all. Those present were Pauline Kootz, Mary Lee Noble, Melba Risley, Verdine Tipton, Larence McAnear, Marie McCracken, Flossie Reynolds and Hazel Edens, host.

BEULAH MATLOCK

### Senior Citizens

Monday Night Dance Practice had another good attendance last week and gained several new memberships into the Senior Citizens Dance Club.

We had a very good turn out for the Blood Pressure check and Blood Sugar Clinic. How we appreciate Carmen Wright and her faithful efforts in checking Blood Pressures here for 14 years. Thanks to Kimberly Care for conducting the Blood Sugar Clinic the 3rd of the month.

On Tuesday, Jan. 15th, Jim Couzourt, program specialist from the Area Agency on Aging was here to install more up-dated software on the computer for the Client Tracking data requirements and appears to have most of the bugs remedied that plagued this program in the past.

During the lunch hour on Tuesday Jenks Boston, representative of local underground water supply and C.E. Williams, representing Panhandle Ground Water Conservation District #3 from White Deer gave a short informative orientation of the pres and cons pertaining to the Water District elect which was held on Sat. Jan. 19th.

Tuesday evening, Jan. 15th the "Fiftie Fashionettes" boarded the Ford Van to Amarillo Coulter Street Baptist Church to present their "unique fashion show" to a

function being held there. They enjoyed a most bountiful meal and fun evening.

The regularly monthly Board meeting was held Wednesday, Jan. 16th. Election of Officers for the coming year was conducted making Doug Burgess, President, Jerry Chambliss, Vice-President and Oneta Thomas, Secretary. Thelma Rudder was appointed as the alternate to the Advisory Council of the Area Agency on Aging. The monthly and quarterly operating reports were presented.

Recently some Gremlins removed all but two cement blocks we used for steps up to the storage warehouse and Buddy Derr came to our rescue by building and placing some very sturdy steps so we can to up and down them safely. "Thanks" to Buddy for his time, efforts and concern.

The Thursday Hear Aid Clinic was very busy with several people taking advantage of the Services provided by the Golden spread Hearing Aid Center. This is most beneficial to the community.

On Friday the city Fire marshal, Duane Garmen with the help of Jim Sharrar, conducted a surprise Fire Drill here at the Center during lunch hour. Hope we didn't frighten folks to much. This is a annual compliance regarding our grant program and to acquaint people with the exit location. Thanks everyone for your cooperation.

We are very excited about the software for the "Print Shop" program that was donated and hoc in-

stalled in our computer. I am sure glad our "Trina Judd" is familiar with it. She and Karen Wortham are mastering it beautifully. This is a feature that will be most beneficial.

REMINDER: Our Birthday/Anniversary Supper will be next Tuesday evening, Jan. 29th at 6 p.m. Since we did not have the supper in December due to Christmas Holiday, we will be honoring all the December and January Birthdays and Anniversaries. For the program we will be having cut "Puppet Show". So bring a dish, friend and neighbors for an enjoyable evening.

### WTSU Honors Announced

Two hundred and two West Texas State University undergraduates were named to the President's List and 751 earned mention on the Deans' List for the 1990 fall semester.

Students earning President's List recognition achieved a semester grade point average (GPA) of 3.850 (of a possible 4.000) or better with a minimum class load of 12 hours.

Judy McCully, of Clarendon, a Senior, majoring in Psychology has made the President's List.

Students on the Deans' List achieved GPAs of at least 3.250. Buffie C Hancock, a Junior, majoring in Reading; Jay B Gage, a Junior, majoring in Physical Education and Rhonda Aveni, a Junior, all of Clarendon, have made the Deans' List.

### WTSU Diplomas Awarded

Degrees have officially been conferred on 38 West Texas State University master's candidates and 343 baccalaureate candidates who completed academic requirements during the 1990 fall semester.

Gay Tibbets, of Clarendon, majoring in nursing, received a BSN.

### Senior Citizens Menu

Jan. 24 - Jan. 30

Thursday: Chicken Fried Steak, Broccoli Almondine Rice, Harvard Beets, Tropical Fruit Salad, Cherry Chocolate Ripple, Dinner Roll, Coffee, Tea, Milk

Friday: HB on Bun, Curly Fries, Pickles, Carrot Sticks, Lettuce and Tomato Slice, Apple Crisp, Coffee, Tea, Milk

Monday: Steak Fingers W/Gravy, Winter Mix Vegetables, Stewed Tomatoes, Coleslaw, Heavenly Hash, Dinner Roll, Coffee, Tea, Milk

Tuesday: Pork Roast, Sweet Potatoes, Frozen Green Peas, Rôsy Applesauce, Brownies, Dinner Roll, Coffee, Tea, Milk

Wednesday: Fish, Rice Pilaf, Mixed Greens, Marshmallow Dream, Lemon Fluff, Corn Nuggets, Coffee, Tea, Milk

### Meeting Set

There will be a colts mother's meeting at 5:00 on Jan. 28th at the school cafeteria. We would encourage all mothers of athletes to attend to join in the planning of the Colt Banquet.

### F.T.A NEWS

by Greg Collins

The F.T.A would first of all like to thank all of those who bought cakes at the bake sale that we held last Saturday. Proceeds from the sale will go toward transportation and dues to the State Convention which we plan to attend in the middle of February. Meetings were held on the eighth and fifteenth of this month where plans for the previous and possible upcoming bake sale were discussed. We also talked about the convention which will be held in Austin. Thanks again, and upcoming events will be announced beforehand.

### School Menu

Jan. 28 - Feb. 1

Monday: Corndog W/Mustard, Dinosaurice Fries, Baked Beans, Fruit & Cookies, Milk

Tuesday: Taco W/Cheese, Hot Sauce, Ranch Style Beans, Tossed Salad, Peaches & Cookies, Milk

Wednesday: Chicken Pot Pie, Cream Potatoes, Tossed Salad, Fruit & Cookies, Milk

Thursday: Macaroni W/Meat Sauce, Hot Rolls, Green Beans, Tossed Salad, Fruit & Milk

Friday: Bun Beef Tappers, Tater Round, Sliced Cheese, Onions, Pickles, Lettuce Leaf, Cherry Cobbler, Milk

### Annuals Go On Sale

Jr. High Colts Annuals are on sale for \$8.00 each. Deadline for purchasing one is Feb. 15th. Money should be given to students home room teacher.

### NOTICE FOR DEPOSITORY

Pursuant to Article 116.023, VERNONS TEXAS LOCAL GOVERNMENT CODE, and upon an order issued by COMMISSIONERS COURT at a regular session on January 14, 1991, the County of Donley is hereby accepting applications for a County Depository. Said application must state the amount of Banks paid up CAPITAL STOCK and PERMANENT SURPLUS, as well as FINANCIAL CONDITION and other proposals for a County Depository. A CERTIFIED CHECK in the amount of one-half of one percent of County's deposits or \$5,000.00, must accompany bid or application. Applications will be accepted at the County Judges Office until 10:00 o'clock A.M., February 11, 1991. If Bank is not accepted as Depository, check will be immediately returned. The Bank accepted, check will be returned as soon as bond or securities and contract are executed and approved.

W.R. CRISTAL  
COUNTY JUDGE, DONLEY COUNTY.

### SOLAR WATER PUMPING SYSTEMS

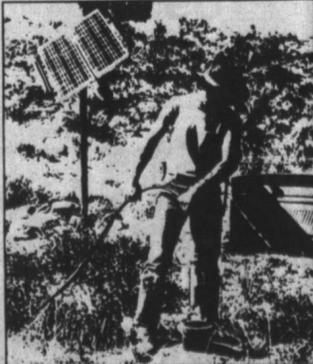

Proven water pumping systems for livestock, home, or small irrigation use. These pumps, solar panels, and control equipment are now available and in many applications less expensive than wind or fuel powered equipment & systems. They are very reliable and require very little or no maintenance. They have only one or two moving parts.

I have several systems in place now in Donley County. If you are interested please give me a call.

LAURI CARROLL of Memphis was one of several Clarendon College students to sink a spade into the dirt.

### Old-Time Texas Dance Parties

by T. Lindsay Baker

In springtime 1987 the city council of Anson, Texas, repealed a 50-year-old ordinance prohibiting dancing so that the high school senior class could hold a prom, but dancing has been a popular activity for Texans for well over a century and a half.

Dilue Harris, who came to Texas as a girl in April 1833, filled her diary with references to toe-tapping evenings on the dance floor. Her first dancing experience, in fact, was in Texas.

In April 1834 she wrote, "One evening Mrs. Dyer sent her brother, Harvey Stafford, to invite mother to attend a dancing party at her house," adding, "We children were delighted." They went the two miles to the Dyer home, arriving there before dark. "The people soon began to arrive, among them

several young ladies. ) "As soon as the house was lighted," Harris remembered, "a Negro man came in with a fiddle and commenced playing." The teen-agers began dancing, and "one of the boys asked me to dance." She had to decline, for "I had never danced."

"That evening, however, Kilue Harris looked on and watched the different steps until she felt that she could replicate them. Then, she related, "Harvey Stafford asked me to be his partner in an old Virginia

reel. I went on the floor and danced til morning."

July 1834 brought an occasion when the Americans in Mexican Texas celebrated the United States Independence Day as their own holiday. Together with a barbecue and a quilting bee, they marked the occasion with a dance. "It was a grand affair for the times," Harris said. "The young people thought it was magnificent."

Music for the event was provided by three Black men who alternated playing on a fiddle. "One Negro man got an iron pin and clevis, used at the end of a cart tongue or plough beam, and beat time with the fiddle." The third beat

a tin pan.

The Fourth-of-July dance lasted from three o'clock in the afternoon until dawn the next morning. "Everybody went home in a good humor, none more so than the Negro musicians, as they were paid for playing the fiddles and beating the clevis and tin pan," wrote Harris.

On yet another occasion, this time in April 1835, Harris attended a dance that had been organized so that the local young men could meet the pretty daughter in an English family that had just immigrated to Texas. As before, happy feet pattered across the floor

of a log-cabin home all through the evening.

"When daylight came," Harris fondly remembered, "all went home wishing the night had been six months long."

### 4-H K-9 Korp

The 4-H K-9 Korp will begin new classes Wednesday, January 30th at 7:00 p.m. at the Community Center. For more information contact Cheryl Pickard at 2141 or Melinda McAnear at 2377.

**Look up before pruning limbs!**

**When trimming, stay clear of overhead power lines.**

- Locate wires that run through tree limbs or bushes before cutting. Also before you trim, be sure limbs have ample clearance.
- Always use a wooden ladder making sure to position it away from power lines.
- Work only in dry weather and never on a windy day.

## USDA Expands Areas

Twenty-four Resource Conservation and Development (RC&D) areas have been expanded as part of the U.S. Department of Agriculture's rural development thrust.

"We're looking forward to working with more communities to help local people improve their economy and conserve natural resources," said Wes Oneth, State Conservationist for Texas.

"We're proud of the accomplishments of RC&D areas, which get their strength from local leaders, and we're proud to be part of this effort to make things happen in rural development."

"Texas expects to add two new RC&D areas in the near future," says Oneth.

Established 25 years ago, the Resource Conservation and Development program works through local RC&D councils and their committees. The program assists RC&D councils set their own goals and then identify local agencies, groups, and foundations to fund and carry out these actions. USDA provides a coordinator for each area.

Council members represent sponsoring organizations, including city governments, soil and water conservation district, towns, water districts, and other nonprofit groups. Today, 4,000 council members and 11,000 resource committee members volunteer their time in 194 RC&D areas nationwide. Texas has nine operational areas covering 80 counties. We also have approximately 250 council members and 2,000 resource committee members. Texas also has three application areas (pending approval) covering 31 counties.

"Through their efforts, they have improved local water supplies marketed local products, and improved needed community facilities, including hospitals, schools, and water sewage treatment plants," explained Oneth. "They've also accelerated efforts to control erosion, improve recreation facilities, and provide flood prevention."

Councils have broad authority to seek help from the sources they feel are best qualified to provide the needed assistance. The help may be technical assistance from other federal agencies, state and local governments, local soil and water conservation districts, or private industry. It may be financial assistance through donations, loans, grants, or cost-sharing programs.

All programs and services of the Soil Conservation Service are offered on a nondiscriminatory

basis without regards for race, color, national origin, sex, religion, marital status, or handicap.

## Your Social Security

by Jim Talbot

### Prompt Reports Are Key To Avoiding Overpayments

Most Social Security and Supplemental Security Income (SSI) overpayments result from beneficiaries not promptly reporting changes that affect the amount of, or entitlement to, their checks. Failure to make a timely report can result in a penalty as well.

The single biggest cause of Social Security overpayments is beneficiaries not reporting, or under reporting, yearly earnings. Some benefits must be withheld if 1991 earnings will exceed \$9,720 for those who are 65-69 years old, or \$7,080 for those under age 65. This report must be made directly to Social Security by any beneficiary under age 70 whose earnings will go over these limits.

There are special rules that apply to disability beneficiaries (including disabled widows and disabled adult children) who work. For these people any work must be reported, regardless of the amount of earnings. We need to know about any medical improvement as well.

The Clarendon News

SSI recipients must report any change in their income and resources, as well as any change in living arrangements. As other income increases, the SSI check must decrease. There is a resource limit each year that must be carefully observed. A living arrangement change can also cause the SSI check to increase or decrease.

Other events that must be reported by all beneficiaries are \* death or marriage of the beneficiary; \* change of address; and \* a beneficiary who is no longer in custody of his or her representative payee.

We send a booklet about events that must be reported along with every benefit award letter. It is the beneficiary's responsibility to make these reports promptly in order to avoid overpayments and possible penalties.

You can make a report by calling our toll-free telephone number 1-800-234-SSA (1-800-234-5772). The best time to call is between 7 a.m. and 9 a.m. although you can speak to a representative 7 a.m. to 7 p.m. weekdays.

## Assistance Available

Some low-income Texans may be eligible for help in paying heating bills this winter through the Home Energy Assistance Program, according to Texas Department of

Human Services Commissioner Ron Lindsey.

Lindsey said the one-time payment is available to many low-income households. Applications for energy assistance were mailed to households that received food stamps, Aid to Families with Dependent Children, or Supplemental Security Income in December. Other low-income individuals may request an application by calling the toll-free number 1-800-252-8060 during the enrollment period of Jan. 28 through Feb. 28.

Eligibility is limited by gross income and resources. Aid is available for a one-person household having less than \$628.49 gross income per month. The gross income limits are \$842.49 for households of two persons, \$1,056.49 for three, \$1,270.49 for four, \$1,484.49 for five, and \$1,698.49 for six.

Households are eligible if the cost for heating is included in the rent payment or if the household pays a portion of its home energy costs.

Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the energy provider. People receiving one of these energy assistance checks should mail it or take it in person to the energy provider business office with their regular energy bill. The check can be cashed only by the energy provider. If the HEAP check is more than the energy bill, the additional amount will be credited to the person's account for the next month's bill. If the energy bill is higher than the check, the person is responsible for paying the difference.

### FERTILIZER--from p.1.

Following a dry, or low-yield, year. A reduced nitrogen recommendation results in savings without sacrificing yield.

There is no substitute for knowing a soil's nutrient balance when planning for spring crops. Testing can provide an economical means of determining a soil's

## Hedley News

Several persons with ties to the Hedley community are already in Saudi Arabia, or are on alert and may join our forces there at any time. Craig Kennedy, grandson of Floy Barrow, is on alert at Altus Air Force Base. Craig helps to refuel jets in mid-air. Steve Scott, son of former Hedley school superintendent Vernon Scott, is already in the Middle East, as are Brandon White, son of Mr. and Mrs. Gary White, and Kelly Harmon, grandson of Jean Rowell. Pray for these, and for all our military personnel. If you know of others of the community family who are in the Persian Gulf area, please let us know.

Funeral services for two relatives of Hedleys were held in Lakeview last week.

Otha Earl Gardenhire, 79, passed away Monday, January 14. Services were held on Wednesday the 16th in Lakeview Methodist Church, with the Rev. James Edwards, pastor, and the Rev. Virgil Smith, retired Methodist minister, officiating. Burial was in I. O. O. F. Cemetery in Lakeview by Spicer Funeral Home. Mr. Gardenhire was a farmer and rancher all his life. He was a member of Lakeview Methodist Church, and was a brother of Garland Gardenhire of Hedley.

Fan Ruth Kirk, 80, died Wednesday, January 16, in Dallas. Graveside services were held Friday afternoon at Union Hill Cemetery in Lakeview with Rev. James Edwards, pastor of Lakeview Methodist Church, officiating. Arrangements were by Spicer Funeral Home. Mrs. Kirk was born in Memphis, was a member of Lakeview Methodist Church, and owned and operated the Lakeview Grocery for many years. She was a sister of the late Lloyd Leggett of Hedley. Among her survivors are two sons, Terry of Houston, and Tim of Dallas, and a sister, Lois Srygley of Memphis.

### Homecoming King and Queen to be Crowned

There will be a pep rally in the Hedley High School gymnasium, beginning about twenty minutes before dismissal of classes on Friday (approximately 3:20). The homecoming king and queen will be crowned during the rally. The public is invited to this event. Homecoming activities were postponed earlier this month because of icy weather. High school

teams will play Memphis Friday evening beginning at 6:30. Following the games, a dance for grades K through 4 will be held in the school cafeteria. A dance at the fire station for grades 5 through 12 is also planned for that evening.

Junior and Martha Hill of Hedley and Jason Ham of Clarendon spent the weekend of January 13 with Sherrie, Tim, and Jordan McDougal in Lubbock, helping Jordan celebrate his second birthday.

## Hedley Boosters to Sponsor Basketball Tourney

The Hedley Booster Club will sponsor a Junior High Basketball Tournament January 31 and February 2. The schools participating in this year's event will be Samnorwood, Silverton, Valley, and the host--Hedley. This will be a "Round Robin" competition, all teams playing each other once.

The action will begin at 4:00 p.m. Thursday; four games will be played. On Saturday, the games begin at 10:00 a.m., and will last throughout the day and into the early evening.

The Booster Club will also sponsor the concession stand. They will have plenty of good food to choose from. The club is accepting donations of food or cash for the benefit of the tourney. If you wish to contribute, contact Nancy Stephens at 856-5393.

The proceeds from the tournament will be distributed to benefit several activities that are participated in by the young people of the Hedley and Quail communities.

We invite you to come out and support your team and enjoy the hospitality. See you there.

## Reunion Planned; Addresses Needed

The Hedley High School classes of 1940-1949 are having a reunion July 6 and 7 in Amarillo. If you can help us locate the following persons, please notify James Stone, 4914 Landrun Lane, Arlington, Texas 76017:

Loeva Adamson, Winifred Brown, C. L. McQueen, Billy Proctor, Annie Lee Hill, Fay Langford, Gene Latimer, Patsy Blanks, Johnny Ward, Warren Winn, Johnny Richardson, Betty Usrey, Mildred Bailey, Kay Goode.

## Support Our People!

Please write to our people in uniform and remember them in prayer.

**Friday Breakfast:** Biscuits, jelly, juice, milk.  
**Lunch:** Hamburgers, lettuce and tomatoes, tater tots, ice box cookies, fruit, milk.

## Doorposts

## What is Your Reaction?

by Jon Leggett

"Sir, what is your reaction to the tragedy that occurred here?"

How many times have we watched as insensitive, unthinking reporters stuck their microphones under the noses of already-traumatized witnesses to calamity, and asked that asinine question? Shouldn't it be obvious how a person reacts to murder, mayhem, a storm's aftermath?

Wouldn't it be satisfying if, just once, when asked about his reaction to a tornado's devastation, a bystander, meaning only to shame the reporter into thinking before asking such a foolish question, said, "I'm delighted that Joe and his wife and children were blown away. He was better-looking than I am, and his kids got better grades in school than mine did. I hated them. I hope the twister doesn't put them down until they get to Kansas!"

Still, I can't help wondering what the Lord would say if a reporter shoved a microphone right up in His face (Fry the mike, Lord!), and asked that inane question concerning the Persian Gulf War.

I will not presume to put words into the mouth of the Almighty, but I wonder....

As this is written, two days of intense air strikes have been carried out against Iraq. Would the Lord answer the reporter in terms of how glad He is that the evil aggressor is getting his due?

Would the reporter's face glow like Moses' face at Sinai as he filed his story of how proud the Lord is of the pure motives of the United States and its allies?

Would a thunder-chuckle from the Eternal reveal His pride in how we've used the magnificent minds He's given us to develop an awesome technology of warfare—a technology that gives us the ability

to lob a missile between the goalposts at RFK Stadium in Washington, having fired the frightful bird in Los Angeles?

Would the Father share with the reporter His joy at seeing Americans flock to churches to pray for peace? Does the Omniscient Lord see that this represents (O God, may it be!) a new recognition of our need for Him in both wartime and peacetime?

I wonder. I really wonder.

But I can't help believing that His major reaction to the raging of the nations is that of grief. Isaiah describes the coming Messiah as "a man of sorrows, and acquainted with grief" (53:3). Surely He is again brought to grief as those created in His image will not cease their bickering. Surely He weeps as His beloved Israel suffers "the fiery darts of the wicked" (Ephesians 6:16). Surely he grieves because the richest nation the world has ever seen, given the greatest opportunity the world has ever seen to de-fang potential evil-doers by spreading the Gospel, chose instead to go into all the world with its gospel of wealth.

And surely, surely, He finds "no pleasure in the death of the wicked" (Ezekiel 33:11), and watches brokenheartedly for any sign that the Saddam Husseins of this world, and the spoiled-brat Westerners of this world might return to Him who is "not willing that any should perish, but that all should come to repentance" (II Peter 3:9).

What is your reaction to these dark days, Christian?

Tell that reporter--shout it to the world--that "the Lord is my refuge and my fortress: my God; in him will I trust. [I shall] not be afraid for the terror by night; nor for the arrow that flieth by day" (Psalm 91:2,5).

## To Our Past Due Customers

Our Expenses seem to be mounting from month to month .

Everytime a bill is not PAID at the end of the month , we have to mail another statement (sometimes 2 , 3 , or more times) , this costs us an envelope , a stamp , and time to do this .

The Utility companies will not do this but once , and then cut your supply off .

The companies we BUY from do this also .

So without our BILLS being paid by you , we have to Borrow money to pay them by the 10th or 15th , or we will be cut off .

We don't want to do this to you , our customers . We're Going To Keep Our Bills Paid Somehow!

We Appreciate Your Business and Want to Continue Doing Business With You .

Floyd's Automotive Supply**

## Arctic Blast Hard On Elderly

When record-setting cold temperatures plunged into Texas last year, even the hardiest individuals needed shelter.

According to weather records, on Dec. 21, already cold thermometer readings began to fall through the 20's, the teens and single digits - even below zero in northern parts of the state. By Dec. 23, all of Texas shivered under a dense layer of arctic air.

Businesses and homes throughout the state suffered flooding from ice-shattered plumbing. Some towns endured power outages as heating systems worked overtime. Employers in some areas ordered workers to stay home to keep warm and protect their property. Crops in the Valley froze in fields and orchards, while freak snowfalls on the Gulf coast created traffic nightmares.

But the event was worse than just an expensive inconvenience at Christmas time. For nearly a week, the statewide weather emergency endangered anyone unable to find warmth, especially the elderly.

At least 14 people died as a direct result of hypothermia - excessive loss of body heat. And all but two of the victims were 55 or older. Officials at the Texas Department of Health (TDH) warn that even if the weather this winter is milder, a similar death toll from the cold still can occur.

Dr. Diane M. Simpson, TDH Associate Commissioner for Disease Prevention, said that extreme cold is dangerous to anyone, but some are more susceptible to hypothermia than are others. Small children are at risk because their bodies radiate heat faster than those of adults. The sick, and people who have taken certain prescription drugs or alcohol may lack resistance to low temperature. The increasing number of homeless people are at further risk where temporary shelter is unavailable.

There are several reasons that the elderly may be more susceptible to hypothermia. Often their own

basal metabolism has decreased and they are also not very physically active. Also, they may not perceive cold as well as younger persons and may set their thermostats low. Older persons also may lose some natural reflexes such as shivering. In addition, some elderly are poor and are afraid of incurring high heating bills.

Dr. Simpson explained that hypothermia begins when the deep body temperature falls to 95 degrees Fahrenheit, just less than four degrees below normal. Because the drop can be gradual, such a temperature change can cause mental confusion. The victims may or may not be aware that anything is wrong. "Many victims die in their own homes, quietly oblivious to danger," Dr. Simpson said.

"Unless the hypothermia victim receives immediate care, drowsiness, slurred speech, falling blood pressure, shallow breathing and a bloated or pinkish tint to the skin develop. These symptoms are closely followed by unconsciousness and death."

Dr. Simpson stressed the importance of checking on older relatives and friends, especially those living alone, to be sure that they are

staying warm during cold weather.

"We are concerned about the elderly and others known to be at risk of hypothermia, but even average people who are used to being out in the cold should never underestimate weather changes," she said. Such people should dress warmly in loose-fitting, layered clothing, gloves and face covering to block wind-chill.

Wind-chill is the term for the cooling effect wind can have on the surface of the skin. A brisk wind, combined with even moderately cool temperatures, can produce wind-chill far below freezing.

(For more information, contact Dr. Diane Simpson, Associate Commissioner for Disease Prevention, at 512/458-7321, or Margaret Wilson, Public Information Coordinator, Public Health Promotion Division, at 51/458-7405.)

## The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday Jan. 15, 1991 at the Lion Hall with 28 present. The meeting was opened with prayer by Lion Tamplen. Following the meal, Boss Lion Barnabe called the meeting to order. After the opening ceremony our guests our guests were introduced by the members who brought them and they included Raymond Hodges and A.J. Garland who were the guests of Lion Jimmy Garland and Walt Knorpp who were the guests of Lion Lowe. Program chairman Smith introduced Tim Trimble, Donley County Agriculture Agent and Jank Boston who are members of a committee to look into forming a water district. Jenks gave us a little background on the project and then introduced C.E. Williams, manager of Panhandle Groundwater District No.3, who brought a slide program on the operation of the district. A question and answer session followed. Meeting adjourned.

## HONORS--from p.1.

Black's room - Shanita Harris and Carlos Vaquera.

Minding Your Own Business

## Business Predators

by Don Taylor

"Yes, friends, you TOO can be rich! With my Instant Rich Success Kit, you can't lose. Just invest \$99 today! Send your money to Ketchem, Cheatum and Howe. Satisfaction guaranteed or your money back."

The fictitious Willie Ketchem strikes again. Willie exemplifies the new breed of business predators who pounce on unsuspecting people. Be careful not to become entangled in Willie's trap.

You may not be able to fool all the people all the time, but thousands are out there trying. Late night and weekend television is becoming saturated with "talk show" advertisements. These programs offer a variety of products and services, but there is a common theme: Get rich quick.

The get-rich-quick theme is disturbing to me because I don't believe it is valid. I have no doubt that someone is getting rich. However, I believe that it is the predator who sells the schemes, not the unsuspecting buyer, who profits.

Perhaps, there is a more important loss than the tangible cash. Without question, the profit motive drives the free enterprise system and that is as it should be. However, when people buy these "all you gotta do is" programs and lose, their entrepreneurial spirit is wounded. Intelligent people won't be apt to make the same mistake twice. As a result, these commercials, disguised as programs and great opportunities, actually discourage valid new ventures. In the long term, they weaken the business climate.

**A Fool and His Money**  
James Howell said, "A fool and his money are soon parted." Those who prey on the unsuspecting are relying on that wisdom. They have canny ways and killer instincts. They use all the smart advertising and marketing tactics.

The programs and advertisements have glowing testimonials from people who claim to have used the product or plan with great success. They show successful people on their yachts, in their million-dollar houses and surrounded by rich-looking friends. The message is clear--this is easy and you can do it too, if you know the secret. The secret, of course, is for sale. It may be a \$10 book, a \$49 cassette library or a \$299 complete plan with books, manuals, cassettes and videos.

Not all predators use television to prey on the unsuspecting. Radio has been invaded by a host of questionable experts with something to sell. Many respectable magazines allow full-page "predator" advertisements. Some of the headlines I've seen lately include "Earn a Million Dollars in 9 Months, Guaranteed (invest \$20), Every Money Making System Revealed (invest \$10) and Money, Money, Money, Rich, Rich, Rich (invest \$17).

A key word the predators use is invest. You are investing in your future, they say. Frequently, you will see the amount of investment reduced if you call now, buy today or before the program ends. "Spend now" is the real message.

**Avoiding Losses**  
There are four simple rules I follow to avoid losses:

- \* I never gamble with funds I can't afford to lose. I don't like to lose, so I don't gamble unless I know the odds.

- \* If it sounds too good to be true, it probably isn't true.

- \* When in doubt, check it out. Call the Better Business Bureau, Chamber of Commerce or Federal Trade Commission.

- \* If the phrase "get rich quick" or "all you gotta do is" are included in an ad, keep your hand on your wallet or purse.

I'm from Missouri and you gotta show me. If you have been the victim of one of the business predators, write and tell me about it. On the other hand, if you invested in an instant success deal and stuck it rich, I'd like to hear from you, too: Minding Your Own Business, P.O. Box 67, Amarillo, Texas 79105. I'll publish the responses in a future column.

## NOTICE OF RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that GREENBELT ELECTRIC COOPERATIVE, INC., (the "Utility") intends to change rates for electric utility service, effective January 22, 1991, or as soon thereafter as may be permitted by law. Based upon a test year ending March 31, 1990, the increase requested over actual test year revenues is \$213,433 or 6.28%. If test year revenues are adjusted to reflect changes in wholesale power costs supplied to the Utility, the increase requested is \$258,369 or 7.70%. The changes are applicable to all areas, all customer classes, and all customers served by the Utility.

The Utility intends to change its service rules and regulations including rules relating to obtaining service, the provision of electric service, and discontinuance of service.

Implementation of the proposed changes is subject to approval by the Public Utility Commission of Texas. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at Wellington, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512)458-0223 or (512)458-0221 teletypewriter for the deaf. Campbell McGinnis Attorney for the Utility

## State Department of Highways and Public Transportation Public Hearing Notice

Pursuant to the Administrative Procedure and Texas Register Act, Texas Civil Statutes, Article 6252-13a, §5, the State Department of Highways and Public Transportation will hold a series of five public hearings on proposed new §§11.80-11.90, concerning Environmental and Public Involvement for Highway Improvement Projects. Notice of the proposed adoption of the new sections and their text were published in the December 14, 1990 issue of the Texas Register (15 TexReg 7160).

The dates, places, and locations for the respective hearings are as follows: Thursday, February 7, 1991, Memorial High School, 935 Echo Lane, Houston; Thursday, February 14, 1991, Holiday Inn Center, 6201 E. Highway 80, Odessa; Tuesday, February 19, 1991, Corpus Christi Marriott, 707 N. Shoreline Drive, Corpus Christi; Thursday, February 21, 1991, Holiday Inn DFW North, 4441 Highway 114 and Esters Blvd., Irving; and Monday, February 25, 1991, Camp Mabry, 3500 W. 35th Street, Academy Bldg. 82 (The Audie Murphy Bldg.), Austin.

Each hearing will convene at 7:00 p.m. Those desiring to make oral comments or presentations may register starting at 6:30 p.m. Any interested person may appear and offer comments, either orally or in writing, however, questioning of those making presentations will be reserved exclusively to the presiding officer as may be necessary to ensure a complete record. While any person with pertinent comments will be granted an opportunity to present them during the course of the hearing, the presiding officer reserves the right to restrict testimony in terms of time and repetitive comment. Organizations, associations, or groups are encouraged to present their common-held views, and same or similar comments, through a representative member where possible. Comments on the proposed text should include appropriate citations to sections, subsections, paragraphs, etc., for proper reference. Any suggestions or requests for alternative language or other revisions in the proposed text should be submitted in written form.

To assure that all persons who have registered to speak are afforded an opportunity to do so and to avoid undue hardship or inconvenience of conducting the proceedings beyond an unreasonable hour, the presiding officer may recess the hearing and reconvene at 7:00 p.m. the following evening at a location to be announced upon recess, for the limited purpose of receiving those remaining comments.

Written comments may also be submitted to William A. Lancaster, P.E., Chief Engineer, Highway Design Division, 11th and Brazos Streets, Austin, Texas 78701. Copies of the proposed rules are available from the department's district offices in each of the named cities and from Mr. Lancaster. The deadline for submitting all comments is 5:00 p.m. on March 31, 1991. 4-3tc
