THREE BRONCHOS TO PLAY IN ALL-STAR GAME

HUFFMAN, ALLISON AND GREER ACCEPT BIDS TO JOIN EAST TEAM

PLAINVIEW, April 24. —Col. H. Huffman, Boyd Allison and Russell Greer, Clarendon high school football players, have accepted an invitation to play on the all-star game that is to be played at Plainview on August 30, 1940, at the conclusion of the Plains coaching school to be held there August 26-30. Huffman plays at center position, and Allison and Greer are tackles. The Clarendon trio will play on the East team.

Forty four boys, outstanding Class A football players on their high school teams this past season, have been invited to attend this Coaching School, the first high school coaching school to be held on the Plains. The school is being conducted under the auspices of the Plainview Chamber of Commerce, and will be held August 26-30.

Two teams, East and West, will be organized, with Frank Kimbrough, football coach at Hardin-Simmons University, Abilene, mentor of the East team, and Jack Curtis, West Texas State College, Canyon, coach of the West players.

The boys have been selected on the basis of votes received from coaches of opposing schools, and some of the finest talent in the sports world of the Plains will be on hand for this school.

An invitation has also been issued to all Southwest Conference coaches and sports writers of leading newspapers in the conference to attend a banquet that is to be held at the Hilton hotel on the concluding day of the school. These men will also be guests at the all-star game that will follow the banquet.

Poke On Nose The Hard Way To Get Relief Groceries

A Clarendon relief client wanted groceries Wednesday afternoon and he got them the hard way for both him and the case worker who suffered a smashed nose.

The client applied for the groceries and was informed by the case worker that he could not have them due to a previous ration this month.

The client then doubled up his fist and smashed the case worker's nose. Now he will have groceries for thirteen days in the county jail where he was lodged in default of a \$25 fine and cost.

DONLEY COUNTY SCHOOL BOARD TO MEET MAY 4

The Donley County board of education will meet at the county superintendents office Saturday afternoon, May 4, for the purpose of classifying county schools, it was announced this week.

All trustees are requested to be present for the business which is to be transacted, superintendent George Kavanaugh said.

BIRTH

Born to Mr. and Mrs. Robert Linder of Floydada, a son, Tuesday morning, Mrs. Linder is the former Mary Frances Powell of Clarendon.

Mrs. W. L. McConnell of Panhandle is here visiting her mother, Mrs. Sarah M. Stocking this week.

Clarendon FFA Members Will Give Banquet For Fathers-Businessmen

Approximately 175 members of the Clarendon FFA chapter will entertain their fathers and businessmen of Clarendon Friday night at the Methodist Church with the annual Father-Son-Businessmen banquet.

R. A. Manire, State Director of Vocational Agriculture, will be the principal speaker. Also on the program will be O. T. Ryan, Area One FFA supervisor, from Lubbock.

Sam M. Braswell will present the Lions Club award to the

Speaker

Col. Ernest O. Thompson, of Amarillo, Texas Railroad Commissioner, and past president of the Colorado-Gulf Highway Association, will be one of the principal speakers on the program at the 28th annual convention of the association in Childress, Saturday, April 27.

CLARENDON WILL INVITE C. TO G. MEET IN 1941

LOCAL DELEGATION WILL ATTEND ANNUAL CONVENTION AT CHILDRESS

Clarendon, a long-time factor in the Colorado-to-Gulf Highway Association affairs, will send a delegation to Childress Saturday morning to attend the 1940 annual convention of the Association and to invite the 1941 convention for this city.

The highway committee of the Clarendon chamber of commerce will present Clarendon's invitation, backed up by joint invitations of the Lions Club and the City Commission. The committee personnel is made up of C. J. Douglas, J. T. Patman, A. L. Chase, Odos Caraway, with Sam M. Braswell, as chairman, Homer Mulkey and others will likely attend.

Elmer D. Elliott of Dalhart is president of the organization, with R. H. Faxon, Raton, N. M., as secretary. It will be the 28th annual convention of the association—one of the oldest organizations in the Southwest.

Clarendon School Band Not To Go To Waco Tests

The Clarendon High School band will not go to Waco to the National Band Contest, May 9, 10, 11, Director Ray Robbins announced this week.

Robbins said many of the parents objected to the long trip. The local musical organization won the right to compete for national honors by winning first place in the class C division at the recent district contests in Plainview.

FIREMAN INSTRUCTOR TO BE HERE TODAY

Chief Frank Williams, instructor in the Firemen's Training School sponsored by the State Firemen's and Fire Marshals Association and conducted by A. & M. College will be in Clarendon today for the purpose of demonstration and explanation of any and all phases of the Short Course and extension lessons put out by this school.

FORTY YEARS OF HAWAIIAN GROWTH TOLD TO LIONS

FORMER ISLAND CLERGYMAN GIVES CLUB ACCOUNT OF PROGRESS

'Forty Years of Hawaiian Progress' was the subject of an address delivered Tuesday at the weekly luncheon of the Clarendon Lions Club at the Hotel Clarendon, when Lion W. H. Patrick, program chairman of the day, introduced Rev. E. W. Henshaw, rector of the St. John Baptist Episcopal Church, of this city.

Speaking from a number of years observation, while he was stationed in Hawaii, Rev. Henshaw, brought a vivid picture of the wonderful growth made in every line of civic and commercial life by the Islanders since the acquisition of the Hawaiian group by the United States over forty years ago. Statistics from government sources studied the address and gave added emphasis to the esteem in which the speaker so evidently holds Hawaii.

Last year the Hawaiian group stood fifth among the customers of the United States, and with the world commerce disturbed by the European war, observers predict that in 1940 the islands will step up to third place in our national exports.

Lion Gillham made announcement of the meeting of a group of committeemen Thursday evening to begin work on plans for the Coronado Rancho Round-Up and 4th of July Celebration here, July 3-4.

On motion of Lion Braswell the club joined in an invitation to be extended to the Colorado-to-Gulf Highway Association in session at Childress to hold their 1941 convention in Clarendon.

By vote of the club the board of directors were directed to name a delegation to represent the club at the Lions District Convention at Midland, May 5-6-7.

Lion T. M. Shaver was welcomed back into the club after several months absence, as was Lion W. W. Noblett.

DONLEY RANCHERS LEARNING VALUE OF CONSERVATION

FORMER RANGE INSPECTOR OUTLINES IMPROVEMENTS BY FEDERAL PROGRAM

Donley County ranchers are rapidly learning that conservation practices recommended by the federal AAA range program will eventually pay large dividends, says Joe McMurtry, former range inspector.

Fifty nine out of the sixty-one large ranchers in Donley County, who signed as operators in 1939, carried out the practice as outlined by the agricultural department, McMurtry declared. During the year, 12,013 acres of grassland was deferred for several months, with additional practices continued on 7,940 acres.

Contour furrowing, with the ridges 7 1/2 feet apart was also popular. Over 750 acres of 76, 824 linear feet of contour ridges was and 30,820 linear feet of pasture terraces were constructed. One thousand and sixty cubic yards of dirt were used to build spreader dams and eighty nine watering places were developed. Sixteen of these called for water wells with 4 1/2 to 6 inch casing, while others necessitated the excavating of 358 cubic feet of sand and gravel to allow springs to flow. Also 714, 734 cubic yards of dirt were moved to construct seventy earthen reservoirs with an estimated capacity of 183 acres feet.

There were three masonry dams built with 83 cubic yards of rock and concrete being used. All dams on the local rangeland now total 200.

Conserving moisture in the removal of 470 acres of mesquite and 435 acres of prickly pears. Also in protection of grassland 5,280 linear feet of fire guard has been plowed in the county.

The offices of the Dr. B. L. Jenkins and Dr. E. F. Hamm were moved this week from the Goldston Building into the Latson Building on west third street.

CHRISTIAN CHURCH REVIVAL TO CLOSE SUNDAY, MAY 12

SERMONS BY CECIL E. HARVEY LISTED FOR NEXT WEEK

The revival meeting at the First Christian Church, which opened Wednesday night, will continue through Sunday, May 5, it was announced today.

The pastor, Cecil E. Harvey, who is also the pastor of the Claude Church, is conducting the services. Mr. Harvey is a native of Canada and before coming to Claude in October, was a pastor of a church in Canada.

Earl Eudy is in charge of the music for the meeting and announces that special music will be given by Memphis, Claude and Clarendon choirs.

Friday night, Mrs. J. Yeaman of Claude will sing a solo. The subject of the sermon is "Is Jesus Coming Back?"

Other sermons during next week are as follows: Saturday, "The Five Judgments."

Sunday morning, "Overstating Our Poverty."

Sunday evening, "The Good Samaritan."

Monday evening, "The Secret of Success." (This is young people's night. An after service for all youth will be held.)

Tuesday evening, "Five Minutes After Death."

Wednesday evening, "How to Become a Christian."

Thursday evening, "Waters of Damascus."

"The people of the Clarendon community are cordially invited to all of the services," the announcement said.

Recommendations upon the rear last year, but federal authorities were unable to adopt them.

C. TO G. HIGHWAY BODY PROPOSES LONGEST ROAD

DALHART, April 24. — Last year at the 27th annual Colorado-to-Gulf Highway Association convention in Amarillo, President Elmer Elliott proposed making the colorful C. to G. into an international route.

BUY CATTLE AT JERSEY HERD SALE

Thirty one head of registered and grade Jersey cows and heifers were bought at the Walnut Creek Jersey Farm's Auction sale and from neighboring dairies by a group of Donley County men last Thursday. A registered herd bull was bought by J. W. Sullivan, Sullivan, H. A. Harrison, Charlie Hearn, Lawrence Sullivan, Lloyd Reid, and J. R. Gillham were members of the group attending the sale.

C. W. Howard, McKnight, bought one of the nicest young cows in the sale. His bid was placed by Gillham, Hershall Brinson and a number of other youths and farmers have bought cattle from the group since their arrival in Donley County, but a number of the high blooded animals are still available.

Mrs. Frank McClure returned to Clarendon this week from San Antonio, Mrs. McClure, a sister of Mrs. Ed Dishman, plans to make her home in Clarendon. She was formerly of Hedley.

PHILLIPS SEISMOGRAPH CREW IN CLARENDON; APARTMENTS IN DEMAND

The advance group of the Phillips Petroleum Company seismograph crew was in Clarendon today and indications were that the crew would make their headquarters here during the next several months.

Apartments, as usual, were at a premium as lodgings were being sought for approximately seventeen families and ten single men. The local chamber of commerce and businessmen were this afternoon aiding in the housing problem.

The entire crew recently stationed in Canyon, will have a personnel of about thirty men but the length of stay here is indefinite.

Killed In Car Accident Recently

Formerly of Clarendon who was killed April 13, in an automobile wreck near Eagle Pass. Mrs. Reynolds and a companion, Mrs. Reynolds was the daughter of Mr. and Mrs. R. H. Muir of Amarillo.

PLAINVIEW READY FOR PANHANDLE DAIRY SHOW

DATES ARE SET FOR MAY 7-11 IN ANNUAL EXHIBIT OF ANIMALS

PLAINVIEW, April 24. — Dates for the thirteenth annual Panhandle-Plains Dairy Show have been later than any previous show. Exhibitors have declared that they feel that the later date will be of great advantage to them in finishing their stock for the taintment features, the pageant judging ring.

There will be the usual coronation of a queen on the opening night, Tuesday, May 7, dances, with music furnished by Joe Buzze's orchestra, one-act plays, T. J. Tidwell Shows on the Midway throughout the week, exhibits and demonstrations in the educational department, and various other attractions for the thousands of visitors who annually throng the grounds during Dairy Show Week.

Tuesday, opening day, has been designated as Future Farmers of America day, with dairy products judging and dairy cattle judging contests held. Preliminary tests in the Production contest will be held on Monday. On Tuesday afternoon, dairy products will be judged, and the day will conclude with the pageant, and coronation of the queen, and the queen's ball at the Hilton Hotel.

Wednesday in Jersey Breeders and 4-H club day, with judging starting in Jersey classes at 9 o'clock. John Palmore, Swisher county farm agent, is superintendent of this department.

The annual banquet and meeting of the Dairy Show association is scheduled for 6:30 o'clock that evening, and another Dairy Show dance will be held at the Hilton at 9 o'clock. At the dairy barns, one-act plays will be presented in the judging arena, the sketches to be put on by groups from home demonstration organizations.

Thursday is Holstein-Friesian and Guernsey breeders' day, with A. & M. College ex-students having their annual round-up and banquet in the evening. One-act plays will again be presented in the judging arena.

LEADERSHIP TESTS WON BY CLARENDON IN MEET SATURDAY

WINS GIVE LOCAL FFA CHAPTER SWEEPSTAKES FOR ENTIRE YEAR

Outpointing five other schools for two first and two second places in the Memphis FFA leadership contest here Saturday, the Clarendon chapter won the association's sweepstakes for the year.

Four places were added Saturday to the previous two firsts won at Turkey, February 3.

Saturday's results ranked in order: Senior chapter conducting, Clarendon, Quitaque, Memphis and Lakeview.

Junior chapter conducting, Clarendon, Quitaque, Memphis and Lakeview.

One-act plays, Estelline, Clarendon and Lakeview.

Saturday's first and second place winners will represent the district in the area contests at Childress, May 4.

Clarendon's win in the chapter conducting event marked the second event won four straight times in the leadership contests for the year. The first was the newswriting test won in the recent Turkey competition.

Carl Morris, Junior Spier, Ray Bulls, Ray Robertson, Lee Christie, Pete Morrow, Howard Gibbs, Carlton Gordon, Rex Moore, H. A. Harrison and Obra Spier were members of the winning senior chapter conducting team.

Redell Henson, Billy Thornberry, C. G. Kirkland, Bobby Smith, H. A. Harrison, Obra Spier, J. F. White, William Sullivan, Woodie Spencer and Billy and Charles Smith, were members of the junior chapter conducting team.

The local one-act play group consisted of Frank Cannon, and Freeman Helton and the local debaters were Junior Spier, and Clyde Peabody.

Senator Moffitt To Address Young Democrats

Senator George Moffitt of Chillicothe will address the Donley County Young Democrats' Club at their next meeting next month, it was announced today.

Moffitt, in Clarendon on business Wednesday, said he would be delighted to talk to the local Young Democrats on some phase of legislation which will probably highlight the next session of the legislature.

Definite date of the meeting will be announced soon, according to Isadore Mellinger, club secretary.

DEMOCRATIC PRECINCT CHAIRMAN OF DONLEY MEET HERE SATURDAY

According to Ed Dishman, county chairman of the Democratic forces of Donley, all precinct chairmen of the county have been invited to attend a meeting here Saturday afternoon to plan for the precinct conventions set for Saturday, May 4.

The meeting will be held at J. T. Patman's office, according to County Chairman Dishman, and will begin at 3:00 o'clock.

Mr. and Mrs. Clifford Allison and daughter, Shirley of McLean, were Clarendon visitors this week.

Committee Heads Meet Tonight to Lay Plans For July Coronado Celebration

With a few exceptions the heads of committees for the Coronado Rancho Round-Up and 4th of July Celebration to be staged in Clarendon on July 3-4, will meet in an initial session tonight to begin the detailed plans for the greatest celebration ever to be remembered in Donley County.

From a telegram received here from Clinton P. Anderson, managing director of the Federal Coronado Commission at Albuquerque, N. M., Walter Reger, promotional director of the Coronado events, will likely be present at the meeting and give the local group first-hand information about how to set up the Coronado folk-festival granted Clarendon by the Commission on the recommendation of the Texas Coronado Commission recently. Mr. Reger is in Pampa this week, but on direction from headquarters will come to Clarendon to get the work started here.

With such an elaborate entertainment built up on the Coronado Folk Festival idea, and with no other nearby events to conflict, Clarendon is expected to have its celebration visited by fifteen thousand people in the two-day event.

As early-day capitol of the ranch country, and with the festival theme being merged from Coronado's exploration of this area, into the ranch saga of over fifty years ago, the local committee has set a high standard and goal for the expansion of Clarendon's annual celebration this year.

C. TO G. HIGHWAY GREAT LOCAL ASSET

The final paving of the Colorado-to-Gulf Highway from tide-water to the Rockies, along with its proposed lengthening to Canada gives added emphasis to its importance to Clarendon and other points along the route. For years local folk have looked on the C. to G. with too much matter-of-factness, after having seen its near stretches paved, but in the light of conditions today, it should bring renewed emphasis to its importance to us.

According to tourist authorities the C. to G. will enjoy at least a ten-percent increase in tourist traffic this summer, which means an added ten-percent in tourist dollars, and the tourist dollar has come to mean quite an item in the annual business of all our towns and cities.

The C. to G. Convention in Childress Saturday throws the spotlight on the route in its financial implications, and Clarendon is showing her renewed interest in the organization and the importance of the highway by inviting the convention here in 1941.

DAIRYING INDUSTRY CONTINUES GROWTH IN COUNTY

With the recent importation into Donley County of some forty purebred jersey cows and heifers, the rising importance of dairying comes to a new level in this area. During the remaining months of the year this increase is likely to more than double, with a powerful

demonstration of the trend toward dairy specialization in our county. This trend, coupled with the great number of milk cows of better than average grade in the county, points definitely to the early—already present—need of a milk processing plant, to bring the added profits possible to a section served by such an institution. Donley will do well to speed her efforts in dairying for profit along the lines now indicated.

STRAWS IN THE WIND FOR THE GOVERNORS RACE

Aside from Col. Ernest O. Thompson's laudable ambition to represent his home district in the U. S. Congress, his switch from admitted potential candidacy for governor of Texas, is without doubt a straw which indicates how many seasoned observers of state politics are viewing the political situation in the good year 1940.

Col. Thompson no doubt sensed the almost impregnable position of Gov. W. Lee O'Daniel with Texas voters and his tremendous odds for re-election in the primaries this summer. Win or lose here at home it is a better chance than that facing the odds in the governor's race. The Colonel is a keen observer.

AGRICULTURE PREPONDERANT IN DISTRICT

With all our huge and growing petroleum interest in this congressional district, the fact still remains that the greatest and most important interest of the area is bound up in agriculture and its kindred occupations. This situation is one big reason why Hon. Marvin Jones has been worth so much to our people as head of the powerful congressional committee on agriculture, and rightly so.

With this situation in mind it is going to be very clear to the voters of the 18th congressional district that in filling Mr. Jones' seat there undoubtedly should be elected a man thoroughly informed and thoroughly in sympathy with the difficulties of the farmer and stockman. Hon. Deskins Wells of Wellington meets these requirements and is also possessed with a clear knowledge of the needs of the petroleum industry in the Panhandle. Mr. Wells was reared on a typical Panhandle farm, was educated in local schools, WTSC and the University of Texas, and now for over a decade has fought the battles of the farmer and all of us who depend on him through his strong Collingsworth County weekly, the Wellington Leader.

Agriculture is preponderant in the district—Wells is particularly prepared to serve it and all of us.

POSTPONING THE EVIL DAY

The debt limit of the Nation has been set at 45 billion dollars, and some of the statisticians seem to be sure that it is now that much. Dexterous bookkeepers might subtract paper-profits on unused appropriations and get the Administration over the hurdles till late in the present year—even without imposing new taxes. But the rate of spending so far this year, and approval to new fancies and facts make it definitely sure that the debt limit will be increased in 1941; and that taxes will be heavier.

JOHN GARNER, PRESIDENTIAL PROSPECT, HAILS FROM SMALL-TOWN LIFE IN TEXAS

When he is not in Washington presiding over the Senate, John Garner is a typical Texan—a friendly neighbor and an ardent sportsman. Folks who drop in at his Uvalde home usually find him tending the chickens or raking up the back yard, but his love of a vigorous outdoor life often sends him hunting or fishing at some remote camp for days at a time.

Vice President Garner, now a leading presidential candidate, is a stalwart American whose political honesty and integrity stem from the simplicity of his home life in Texas. Born and reared on a Blossom Prairie farm, he became a country lawyer and editor before beginning his notable career of public service. Today he still cherishes his ties with small-town life in Texas.

Robert Leathers Initiated Into Kappa Delta Pi

At a formal dinner held in the Crystal Room of Marquis Hall, Thursday, April 11, Robert Leathers, son of Mr. and Mrs. H. K. Leathers, of Clarendon, Texas, was one of those initiated into The Alpha Iota Chapter of Kappa Delta Pi, a national scholastic fraternity.

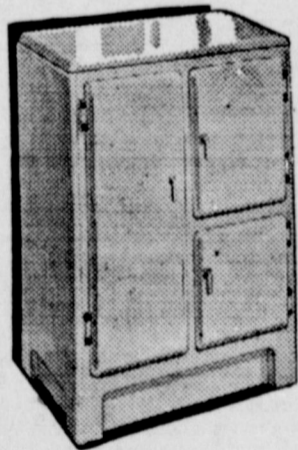

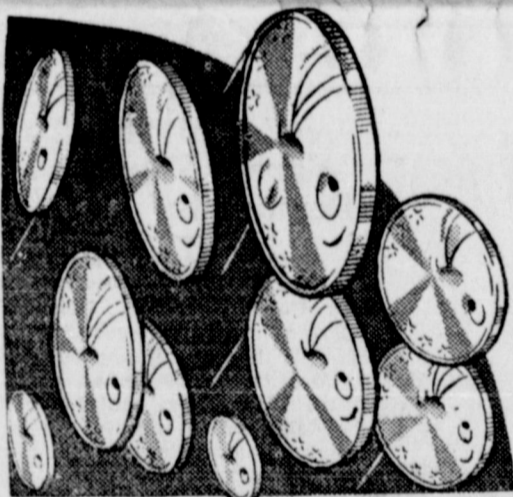

Membership in this organization is on an elective basis, and only students of junior and senior level with superior scholastic ratings are eligible for membership.

Howard Rhodes and family and Goldie Howard, all of Tell, were guests in the home of Mr. and Mrs. John Rhodes here Sunday.

Donley Residents Have Opportunity To Fly, Club Being Organized.

Donley County citizens now have an opportunity to take wings.

Those interested in aviation can join the Donley County flying club to receive instructions by an approved licensed instructor in a new cub monoplane, according to Leo Ray, Hedley, who with Moon Johnson is organizing the association.

Seventeen members have already joined the group, and enthusiastic response is encountered on all sides, Ray said. The plane will be kept at the

airport which is one of the most modern in the Panhandle.

Initiation fee into the club will be \$25 with monthly dues set at \$3. Twenty five members are needed to fill out the quota. The original \$15 will be used to purchase the ship and the monthly dues will be converted into monthly installments on the plane.

Anyone wishing additional information on the project should get in touch with Leo Ray at Hedley or Moon Johnson, Brice Route.

TEXAS OUT-O-DOORS

AUSTIN, April 17. —The fishing and boating season in Texas is rapidly approaching and the executive secretary of the Texas Game, Fish and Oyster Commission is urging boatmen to be careful in the operation of their crafts, whether they be rowboats and canoes or larger boats. Observance of the following simple rules will assist in holding down the list of drownings, the secretary said.

Never overload a boat, nor allow occupants of a boat to stand up in it.

Do not use a motor of too large horsepower for the size of the boat. It is also unsafe to use a small horsepower motor on a large boat because in case of a storm the boat will be uncontrollable.

Every boat should be equipped with: one life preserver for each person in it, fire extinguisher, lights and good oars or paddles.

Every outboard motor should be equipped with a chain or good rope because motors will frequently become loose and be lost at the bottom of the lake.

While a motor is running, never leave it unattended. The motor may give a quick turn and throw you into the water.

Leave your bottle at home. Water and alcohol do not mix.

How many 3 to 3 1-2 inch

fish can a 2 1-2 pound catfish eat in a night? Your guess is probably way off, but W. E. Fairless of Shackelford County just about knows the answer. Mr. Fairless recently placed a catfish in a live box along with thirty one bream each approximately 3 1-2 inches long. The next morning the bream had all disappeared and when he cut open the bulging stomach of the cat he found all thirty one of the sunfishes there.

Chachalacas Are Spreading

Not only are the white winged doves moving northward, but surveys made by the Texas Game Department biologists reveal that the chachalaca, a fine game bird found in the Rio Grande Valley, has extended its range to northern Willacy County. They are also ranging along the Rio Grande through Zapata County.

Coal Black Raccoon Found

Add a black raccoon to the outdoor oddities seen in Texas. A pure black coon has been seen twice on the shore of Lake Wichita Falls. The raccoon, according to Mr. Brandon, is an unusually large specimen. Albinos, that is white specimens of birds and animals, occur more often than do black specimens.

"Girl Friday" Wild Witty New Comedy

The year's wildest, wittiest whirlwind of romance, according to ecstatic advance reports, opens Saturday, April 27 at the Pastime Theatre with Cary Grant, and Rosalind Russell costarred. The film is Howard Hawks' "His Girl Friday," a Columbia romantic comedy with Ralph Bellamy featured.

"His Girl Friday" is said to be a sparkingly racy riot which brilliantly interweaves romance and laughter. Grant is seen as the maddest man who ever ran a newspaper; Miss Russell is his capricious, captivating star reporter, and Bellamy the fuming, fretting insurance agent to whom she is engaged. Against a background of drama and tragedy, this splendid screen triumvirate move through excitingly hilarious events which top and climax each other in breathless fashion.

"His Girl Friday" is heralded as a thrilling modern romantic comedy set against the vibrant background of metropolitan life. Euspenseful situations, scintillating dialogue and sparkling comedy are said to form an integral part of the picture.

The unusually well-chosen cast of featured and supporting players includes: Melvyn Frank, EUGENE TRUAX, JOHN QUALIN, GENE LOCKHART, ROSCOE KARNS, ABNER BIBERMAN, PORTER HALL, CLARENCE KOLB, FRANK ORTH, ISABEL WITHERS, CLIFF EDWARDS, FRANK JENKS, HARRY WATSON and POT WEST.

Howard Hawks, noted director of many screen successes, has brought his well-known flair for fast-moving drama to the direction of the new picture. "His Girl Friday" is based on an original play by Ben Hecht and Charley MacArthur.

Registration will start at 10 a. m. Saturday. Forty and Eight luncheon at noon followed by street work and wreck at three o'clock. The Amarillo Voltire will be on hand with their new streamline locomotive and train. All registered delegates will receive free tickets to picture show Saturday afternoon. Registration will be \$1 for men and 50c for women.

C. TO G. HIGHWAY BODY PROPOSES LONGEST ROAD

DALHART, April 24. — Last year at the 27th annual Colorado to Gulf Highway Association convention in Amarillo, President Elmer Elliott proposed making the colorful C. to G. into an international route, stretching from the Canadian Northwest to Old Mexico City.

The proposed road would be the longest highway on earth—about 3,000 miles. It would be an extension of the present C. to G. route that stretches from Denver, Colorado to the Gulf coast, and would be named in keeping with the pioneer traditions of the C. to G., Elliott said.

Elliott last year was re-elected president and at the C. of G. Home-coming convention in Childress, April 27, will renew efforts to make the C. to G. into an international route.

Last year he appointed Rufus G. Gentry, of the Denver Public Service Company, chairman of a committee to study the proposed routing and Gentry will make his report at the Childress meeting.

Incidentally, the Childress meeting is being called the Homecoming convention because in Childress on June 6, 1913 the Colorado to Gulf Highway Association was formed.

Miss Dorothea Watson of Lubbock spent the week-end here with her parents, Mr. and Mrs. O. W. Watson.

Mr. and Mrs. Ernest Jones and son, Bobby Joe are here from Littlefield to visit with his brother, Marvin Jones, who is improving after an accident.

Mrs. Ullis Arey left for Mount Carmel, Illinois, Tuesday night where she will join her husband. They will make their home there indefinitely.

AMERICAN LEGION SPRING MEETING PLANS LISTED

PERRYTON, April 24. — When the spring convention of the American Legion Posts and Auxiliary Units of the 18th District of Texas convene in Perryton on Saturday and Sunday, April 27-28, it will be more of a Tri-State convention than just a one state event for hundreds of members and state officers from Oklahoma and Kansas will join with the Texas World War veterans.

R. B. Orrill and Mrs. Blansit Carter, Post Commander and Auxiliary Unit President of Perryton and co-chairman for the convention, in extending an invitation to all Legionnaires and Auxiliary members of the Southwest, say that there will not be a dull moment during the two-day meeting.

Registration will start at 10 a. m. Saturday. Forty and Eight luncheon at noon followed by street work and wreck at three o'clock. The Amarillo Voltire will be on hand with their new streamline locomotive and train. All registered delegates will receive free tickets to picture show Saturday afternoon. Registration will be \$1 for men and 50c for women.

A dinner honoring Mrs. George S. Berry, Lubbock, Texas Auxiliary President, and Mrs. L. D. Adkin, Shawnee, Okla., Auxiliary President will be held at 7 p. m. Saturday. Tickets will sell for 60c. Reservations should be made in advance to Mrs. B. Carter.

HELEN WIEDMAN IS CANDIDATE FOR COUNTY CLERK

Helen Wiedman, long time deputy county clerk who was last week appointed to fill the unexpired term of W. G. Word, this week announced her candidacy for that office subject to the action of the democratic primaries in July. Miss Wiedman says:

"At this time I am announcing my candidacy for the office of County Clerk of Donley County. For the past several years I have been Chief Deputy in this office and the experience I have gained in all phases of work

connected with the duties of the county clerk make me confident that I can render fair, impartial, efficient and competent service to the people of this county. The Commissioners' Court has appointed me to fill the unexpired term of W. G. Word who has resigned, effective May 1, and as the duties of the office require me to be present at all times it will be impossible for me to see every voter individually, so I am taking this opportunity to ask for your support and influence."

HELEN WIEDMAN.

Mrs. L. M. Cargile of Mount Pleasant, Texas, visited here with her sister, Mrs. O. W. Latson, last week.

EXHIBIT VISITED BY MANY

Many visitors came to see the exhibit work done by the students of Clarendon High School and College.

Although there were many interesting exhibits they were attracted by the things on exhibition or by the hearty welcome of Miss Hall and Mrs. Goodner, no one can say. I am inclined to think that they were constantly filling these exhibition rooms because of the excellent work to be seen and by the proud teachers and students.

The visitors, who arrived at all hours from one until three forty five, were greeted and shown through the building by enthusiastic sons or daughters, or in several cases by some interested and courteous student.

As you all know the work on exhibition was performed by the sophomores, juniors, and seniors in high school and by the freshmen and sophomores in college.

STUDENTS UNUSUALLY BUSY LAST WEEK

The past week was spent with few idle moments for most of the students in Clarendon. High School projects for exhibit were due at the end of the week and everyone seemed to be very studious. Almost every class period, students came rushing to class out of breath because of the sudden rush. Throughout the school a good spirit was shown; and at the end of the week, everyone was glad that it was over and they could again slow up with their work and walk leisurely down the hall passing jokes with their friends and class mates.

HAROLD BUGBEE JUDGES POSTERS IN LIBRARY EXHIBIT

Great interest was manifested among the students this past week in exhibits for their different classes. Not only did they work diligently for their individual departments, but many of them made very good posters for the library exhibit. Most of the posters for the library depicted the value of books, some of them picturing things of international interest as well as things of interest in the book world.

Iva Ruth Gibbs won first place among the high school posters with her excellent poster of Pinocchio and his father, Helen Graham won first in the college division. Her poster depicted the growth of young people from reading books. Prizes were copies of "Gone With the Wind"; and for her outstanding work, Iva Ruth received a bear, sculptor work of Harold Bugbee, who judged the posters. Mr. Bugbee thought her poster to be very exceptional for a high school student.

Other outstanding posters were made by Thelma Hardin, Pauline Riley, Led Jay, Billie Lou Gilbert, Betty Jo Caraway, and Margaret Wadsworth.

CAN YOU IMAGINE?

Jo Wells being timid.
 Craig Johnson wearing a dirty shirt.

La Verne Goodman being an old maid.
 Jack Reeves being called "Wallflower."

Virgine Webb out-talking any girl in the school.
 Forrest Adamson not knowing where "Main Street Hill" is.

Francis Grady being jealous.
 Jimmy Thompson, Christine Knox, Betty Jane Smith, Jack Gardenhire, and Billy Patman makin a "D" in English.

Johnnie Rhodes being slouchy.
 Root Reed and Clay Plunk not being heart-throbs of the college girls.

Callie Mae Gunter not having a wave in her hair.
 Phebe Ann Buntin not liking her chewing gum.

Led Jay and Earl Shannon not picking at everybody.
 Frances Holt not flirting with any one.

Glenn Bruce not being afraid of the girls and the janitor.
 Ethelyn Drennan not chasing after Johnny Grady.

The janitor greeting everyone with a smile.
 Zackie Salmon not being easily embarrassed.

H. R. King not seeing the show on Tuesday night.
 Ione Wall turning down a date.

Neil Wright not being mischievous.
 Thelma Tate enjoying conversing with herself on the phone.

Odell Davis winning the prize by telling the biggest snake story.

THE NEW EDITION OF THE BRONCHO RANGE

A special edition of the school paper consisting of fourteen pages was published Tuesday by the Press Club.

There was an article in the paper about each student in High School from the Sophomores to the College. The paper also contained what the different organizations of the school have done during the year. The band, FFA, Home Economics, Hi-Y and others, were included.

The Press Club was well pleased with the sale of the paper.

CARLSBAD TRIP

The Senior Class of Clarendon High School has planned a trip to the Carlsbad Caverns in New Mexico, May third, fourth and fifth.

A meeting was held Friday, April 19, to settle the question of transportation and fees for the two nights lodging. It was decided that the class would stay at Black River Village, a tourist camp near the Caverns.

A vote has been taken and about fifty seniors are to make the trip. Everyone seems to be eager to go and, the faculty and class officers feel sure that everyone will have a wonderful time.

REPORT ON F. F. A. DISTRICT MEETING

The Memphis F. F. A. District meet at Clarendon, Saturday, April 20, was a continuation of a meet that met at Turkey some few weeks ago. There were about five teams present including, Estelene, Turkey, Memphis, Clarendon, and Quitaque. The leadership contests consisted of Chapter Conducting — Junior and Senior;

CHEMICAL MAGIC

In the chemistry laboratory you will find many things which can be explained only by science. Many who saw the chemistry exhibit found this to be true.

Did you know that:
 It takes four months to make linoleum?

Air will burn?
 Water can be turned into wine and wine into water? (Very handy).

You can permanently put your name on glass without the use of a sharp instrument?
 Blue paper can be dyed?

Red paper can be dyed by dipping it into blue dye.
 An ammonia fountain will run on it's own power.

The average lung capacity is three quarts.
 Water would run uphill without any apparent reason.

Out of every nine bars of soap used, eight of them are used to soften the hard water.
 There seems to be no limit to the possibilities of science.

HOME ECONOMICS EXHIBIT

Last Friday, beginning at 1:00 the Home Making Department had on exhibit all the dresses of the first, second and third-year girls made were being hung over the room so they could be easily inspected.

Also the home projects were on exhibit. There were many beautiful projects: cuptowels; scarfs; and dresses.

The girls' dresses that won first prize stood out most of all. Punch was served to all of the visitors.

BAND NEWS

The High School Band, in order to have a better marching group, is to be divided into several groups. A captain will drill and supervise one group, and in each group there will be one or two officers to assist the captain of that group. The officers will be appointed by Mr. Robbins, the director, and schooled in marching technique before undertaking the task of drilling the band.

The criticism of the band's playing at Plainview was received, and the points stressed most by the Judges was that the overtures were played too fast. Better tone can be obtained when a number is played slower. Although the Band did get much criticism, the Judges sent congratulations to each member.

one act play, and debating. Clarendon won first in Junior and Senior chapter conducting, and second in debating and in the one-act play. Those on the Chapter conducting team were president, Carl Morris, vice president, Lee Christie; reporter, Ray Robertson; treasurer, Ray Bullis, secretary, Junior Spell; parliamentarian, Pete Morrow and farm watch dog, Howard Gibbs. This group won a trip to Childress to represent the Memphis district in the contest there that will be held soon.

In the meets at Turkey, Clarendon won two first; one in Public Speaking, by Carlton Gordon; and News Writing by Frank Cannon. Clarendon won fifth in extemporaneous speaking, and fifth in one act demonstration.

The Clarendon chapter won the sweepstakes in this district with four first, two seconds, and two fifths.

"GONE WITH THE WIND" VS. "GRAPES OF WRATH"

"Gone With The Wind" and "Grapes of Wrath," are two pictures which have caused more comment than any two of the year. These two pictures are closely related even if the characters of each are of an entirely different social status.

In each picture there is trouble from the beginning to the end. A leading character of "Gone With The Wind" was kicked out of College.

In "Grapes of Wrath" the people had to leave their land because of the owners taking it over driving tractors through their houses; in "Gone With the Wind," the people went to war instead of California. The Yankees burned their houses instead of driving tractors through them.

During the war, Scarlet picked cotton, worked in the field and looked as shabby as Rose-Sharon. Scarlet had the advantage of Rose in that she had three husbands to Rose's one. But in the end neither one had a husband.

When the Southern men came back from war, they looked worse than any characters in "Grapes of Wrath." They were probably faced with more poverty. The Carpetbaggers took the place of the cops of California. Taxes were raised so high that the southerners could not pay them.

The Civil War put a stop to the big plantation owners, just as the land owners in Oklahoma put a stop to the share croppers.

In the end, poor Scarlet did not know what she was going to do; while in "Grapes of Wrath," they had twenty days of work.

In "Grapes of Wrath" the fact was stressed that the poor common man would never be wiped out. While "Gone With the Wind" stressed that the big plantation owners where slaves had been used, were wiped out forever.

The reason that most of us liked "Gone With the Wind" better is that it took place many years ago, and we do not know the horror of it. While in the "Grapes of Wrath," we hate to admit that there is such poverty existing all over our nation today.

TOPICS OF CONVERSATION AROUND SCHOOL

In these last days of this school year of 1939-40 there are many items that are discussed pro and con by the students. I have been eaves-dropping and here are some of the topics of conversation around school.

"Are you going to Carlsbad?"
 "Will you be glad when school is out?"

"What do you plan to do this summer?"
 "Have you studied your English for today?"

"Do you know anything that would do to tell?"
 "What do you think of the war situation?"

"Did you see "Gone With the Wind"?"
 "How many more days are there in this school year?"

"Have you started your Physical education theme yet?"
 "Did you see the exhibits last week?"

"Are the senior kids cute?"
 "Isn't this wind terrible?"

"What did you do this weekend?"
 "Will you be glad when you graduate?"

HOME-MAKING

At Dallas from April 24 to the 27 there will be a statewide Home Making Convention which three or four thousand girls will attend. The four days will be filled with different contests in which girls from all over Texas will participate. There will be business meetings which are attended by the presidents of each club. On the night of April 26, there will be a formal banquet attended by all the girls.

Each club in Texas is allowed four representatives; a first, second, and third year girl and a delegate for the club. These persons transportation and hotel bills are paid by the club.

STUDYING

Studying isn't hard, it just calls for concentration. Some people find it easier to concentrate lying flat on their stomachs on the floor with the book propped up in front of them. The only thing wrong with this is that someone is apt to stumble over you. Especially, if there are children in the house.

Who could study in the room where there are children playing? Usually, there are two or three little brothers and sisters who insist on playing bandits, stick horses or something equally noisy. After so long a time children might be coaxed to go into another room or get quiet. All is well. You think you are going to get those fifty pages in history read in a few minutes.

No, someone has turned the radio on full blast. You turn around very indignantly. Nothing can be done; not with a papa who has to hear the news every night. He isn't deaf. Why does he have to turn it on so loudly?

Disgusted, you pick up your books and go to your room. Everything is nice and quiet. Anyway, it's easier to concentrate sitting in the middle of your bed. That is, if you can push aside enough papers, clothes, and other things to make room for yourself.

You are very much engrossed in the life of Napoleon Bonaparte when the phone rings.

"Marie, it's for you," calls your mother. Books are flung aside. With a rush you are out of the room and down the stairs. Perhaps, it is John. Who wants to study anyway?

HISTORY EXHIBIT

The History IV class of Clarendon High School worked up many interesting books and burnt wood projects for the exhibits given this year for the parents. Betty Jo Caraway made three burnt wood plaques. They were of the early travel, early animals of the plains and Coronado in the

THE TREND TOWARD SMALLER FARMS SHOWN IN STATE

LAND MUST NOW SUPPORT 42 PER CENT MORE FAMILIES THAN IN 1900

COLLEGE STATION — The farm land of Texas is now being called upon to support 42 per cent more farm families than it did in 1900.

In the 40 year period, the acreage per farm has decreased 23 per cent. In most sections of the South, it is likely that the land will have to support still more families on even smaller farms.

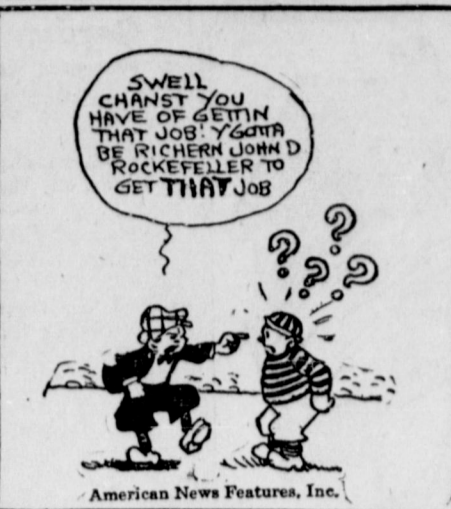

The trend toward smaller farms appears to have slowed down in Texas, the Texas Agricultural Experiment Station has found. Indications are that the current census will reveal a slight decrease in the number of farm families in the state.

The long time trend toward smaller farms, with the greater financial burdens of present day agriculture, means that a soil conserving and soil building system of farming must be followed, C. (Dutch) Hohn, specialist in soil and water conservation with the Texas A. & M. Extension Service, has pointed out.

The expense involved in changing from a soil depleting to a soil building program depends largely upon the way farmers go at it, he said. The faster the change, the greater the cash outlay required. Fast changes may make it more difficult for the farmer to keep his farm operations balanced.

and some of our larger ones, are behind the eight ball," the specialist observed. "They can't afford to put the necessary soil building practices into effect. On the other hand they can't make a decent living with their soil in the shape it's in."

GILES SAYS ADS HELP PRICE OF TIMBER SALE

Bascom Giles, Commissioner of the General Land Office, announced at the conclusion of the first advertised sale of timber in four East Texas counties that he was highly pleased with the unusually high bids received, and

BASCOM GILES "It Pays To Advertise"

he attributed a large part of the success to advertisements in weekly newspapers located in the counties where the timber was for sale.

Commissioner Giles stated that he had been offered \$1,500 in private sales for the same amount of timber which brought five times that amount of money to the State as a result of newspaper advertising and competitive bidding.

This policy of advertising the sale of State lands has been actively pushed by Commissioner Giles as a part of his plan to place the management of the State's land on a business-like basis.

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

AUSTIN. — Withdrawal of Ernest O. Thompson, railroad commissioner, and entrance of the Fergusons in the Governor's race, many political observers here believe, raises a serious question of the ability of Gov. W. Lee O'Daniel to win renomination for a second term as Governor of Texas.

The Fergusons, all observers agree, will poll a considerable vote. It may be substantially lower than the big votes they collected during Jim's hey-day as a campaigner, but nobody here is willing to discount Jim's past record when he or Ma is the candidate, despite their failure to deliver the vote to other candidates they have supported. Sadler, too, will cut off considerable numbers of votes that went to O'Daniel last time, with his appeals to the old folks and his extravagant promises of wider social security benefits.

Thompson, decision to run for congress in his home district, where Marvin Jones will step out to become a Federal judge, has greatly strengthened the position of Harry Hines, highway commissioner, since most students of the situation agree that Hines and Thompson would have divided the "conservative" group of thinking voters, while O'Daniel, Sadler and the Fergusons are appealing to much the same group.

Makes No Promises Hines so far has kept strictly

NEGLECT MAY INVITE PYORRHEA

Gums can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fails to satisfy. DOUGLAS & GOLDSTON

away from extravagant promises, and his advocacy of an omnibus tax bill that will raise a moderate amount of revenue to carry out the present social security program, appeals to common-sense voters, since the state's recent legislative history reveals that an omnibus bill, with the tax load distributed among natural resources and other lines of business, is the only important revenue raising legislation that has gotten by the Legislature in many years. Allred used it successfully to get revenue during his administration, and neither sales taxes nor "single-shot" tax bills could be pushed through the House and Senate. Many believe that the same situation prevails today.

Indications here are that the O'Daniel advisors are becoming worried about their candidate's re-election. O'Daniel's establishment of a campaign sheet, which he calls a newspaper; the sloppy publicity over the O'Daniel gesture to the churches, in connection with his flour company's certificate scheme, and his rather desperate efforts to make some political thunder with some of his appointments, are seen as indications the O'Daniel camp is beginning to wonder what may happen in July. O'Daniel still has some big business support, based on a hope for another two-year stalemate on taxes; but he has largely lost the small-town businessmen who hoped for a "business administration", and got a sales taxer. Big business is very handy to have around, when campaign financing is to be done; but little businessmen cast more votes, and influence more of their neighbors, than corporation officials.

Near 400,000 Texas school children each year have their entire schooling paid for by the Texas oil and gas industry.

New Chief Justice

The appointment of W. F. More, of Paris, chief assistant to Attorney General Gerald Mann, as chief justice of the State Supreme Court, placed an able lawyer on the State's highest court bench. It may also have created a friendlier feeling among the supporters of the Attorney General toward O'Daniel. Grover Sellers, former Court of Appeals Justice from Texarkana, succeeded Judge Moore as Mann's chief aide, and he likewise, is an able attorney with eminent professional standing. One of the secrets of the remarkable record Mann has made as the chief law officer has been his ability to select and induce capable attorneys to serve on his staff at the meager pay which is allowed Assistants to the Attorney General. Judge Moore must stand for election to serve out the unexpired term of the late Justice Cureton (two years), and it is indicated he will have opposition. But the appointment gives his a distinct advantage.

Fruit production in Texas for 1939 was 1,150,398 pounds more than in 1938, due to production on 900,000 trees planted three years before by 4-H Club girls and Home Demonstration Club Women.

A new Texas industry for 1940 is the Geophysical Machine works which will manufacture scientific machinery. It will be located in Houston.

"DUSTY" MILLER IN FAVOR OF NEW DEAL HERE

Favoring a continuance of the New Deal so far as it applies to the Eighteenth district and endorsing a program to industrialize Texas, E. T. "Dusty" Miller, of Amarillo a resident of the Panhandle for 51 years and who has had a varied and extensive legal practice throughout the plains for the past 33 years, has formally entered the race for Congress to succeed Marvin Jones.

Mr. Miller, widely known throughout the Plains country, is one of its first citizens, moving to Armstrong County with his parents in 1889 when four years old. His father, W. E. Miller, was the first merchant and postmaster and helped organize the first church in Armstrong County. Dusty Miller was born in Johnson County in 1885.

He attended school at Claude, at Polytechnic College in Fort Worth, the University of Texas and graduated from the law school of Washington & Lee University in June 1907, and moved to Amarillo that same year to begin his practice. His first partnership was with Marvin Jones. This partnership continued until 1916 when Mr. Jones became a candidate for Congress and Mr. Miller ran for district attorney, which office he held for two terms. Previously he had been city attorney of Amarillo for eight years.

"I want to go to Congress," said Mr. Miller, "to represent all of the people of this district and to serve the country in which I have lived for over one-half of a century. I asked nobody if I could run and I owe allegiance to no one except the people of this district as a whole, from the humblest to the highest and without respect to where they reside."

Mr. Miller said his platform in full would be announced at an early date.

"However," he said, "I want it understood now that I am in favor of continuing the New Deal, with its beneficial policies too numerous to recite, in so far as it applies to the Eighteenth Congressional district. I am for it 100 per cent."

"The farm program, sponsored chiefly by Marvin Jones, through its crop payments and loans, rehabilitation and restoration of our lands and cheaper interest rates to farmers and stockmen has been the economic salvation of the plains country. I want this program continued."

"I am a strong believer in a program to bring Texas to the front industrially and, whenever possible, I would favor in Congress the enactment of any and all laws that would help a program of this nature."

"I have always believed that old-age pensions should be made more uniform and more certain to the deserving needy and I would favor federal legislation to make them more uniform and more certain."

"I want it distinctly understood by everyone that I am the candidate of no group, clique, block or class. My friends and all the people throughout the district who know me and my record are well aware of this fact. I am offering my services and I pledge my utmost to do my best for the general welfare of every inhabitant of this district."

Mr. Miller said he would go into detail on the various major issues confronting the voters at a later date.

"BLIMP EGG" BROUGHT INTO NEWS OFFICE

In a world full of freak eggs what is probably the most freakish was brought into the office this week.

The egg might properly be termed a "blimp egg" as it is soft shelled, tapering to a point. The egg measures about four inches from top to bottom and about one and one-half inch in circumference. It was laid by a Buff Orpington owned by Joe Barnes.

LELA LAKE HIGH SCHOOL NEWS

Our school has improved a great deal as school draws near the close we are trying to get in all book reports, and make up incomplete grades.

The Juniors and Seniors are planning for their trip. They plan to go to Carlsbad Cavern.

The Juniors put on their play last Friday night. It was a very big success. We appreciated the support of the public.

FOLK FESTIVALS MARK CORONADO CELEBRATION

ALBUQUERQUE — The return of Francisco Vasquez de Coronado after four hundred of still life in dusty archives and venerable folios, will be marked throughout this section by a series of folk festivals during 1940, and the saga of the lone-dead explorer will become a throbbing, living thing for thousands of people.

In communities where the English traditions predominate, old fiddles are being tuned up and old-timers gather with new interest to talk about the days when week-ends meant square dances.

Hundreds of women are busy today in many parts of the state making dresses in the fashions of a century ago; children get in the way with more than the usual frequency, because they have become aware that an unusual event is approaching. The old-timers who made frontiers as they went are organizing old-fashioned get-togethers to tell tall tales and swap eye-popping yarns.

Dances and costumes, with the active participation of owners and performers, are all part of the state-wide celebrations of the fourth centennial of Coronado's arrival in the Southwest.

One of the problems facing the poultry industry is to find more uses for the whites of eggs, as it is easier to get 25 cents the pound for egg yolk than five cents for the whites. Egg producers are busily engaged trying to create new markets for this part of the egg.
