## Coronado Pageant Plans In Hand For July 3rd-4th Celebration

### Series Of Burglaries Here In Residential District Stirs Citizenship

#### U. S COMMISSION DIRECTOR HERE FOR CONFERENCE

BLANDING SLOAN, OF TEXAS CALVACADE TO BE DIRECTOR HERE

Blanding Sloan, co-director of the Texas Calvacade with Mark Hamilton, has been assigned to Clarendon as director of the Coronado Rancho Round-Up pageant by the Federal Coronado Commission, and plans are now under rapid formation for the staging of a stupendous and colorful spectacle, which local promoters declare will be the "tops" of all Coronado folk festivals in the Southwest in 1940.

Director Sloan came here Saturday afternoon for a preliminary conference with the local committee and in the meeting that evening a workable and practical basis was adopted for the swift rehearsal and staging of the pageants under the lights at the football field here each evening of the Celebration, July 3-4.

Dean R. E. Drennan of Clarendon Junior College is the chairman of this feature of the Celebration, and the committee assigned general chairman Sam M. Braswell to assist him in the work of securing full co-operation with Director Sloan to produce a show which will go down in history as a regional event of first rank.

Committeemen here are jubilant over the good fortune in having Mr. Sloan assigned as the director of the local event, for he loves Texas and expressed himself as happy to be returned here for work. He made a headliner rank for himself when he co-directed the Calvacade of the Texas Centennial at Dallas in 1936, with Mark Hamilton, and his assignment here assures the success of the pageantry of the Celebration if Clarendon gives him the co-operation that exists here on all efforts to make the 1940 Celebration the high-light of the century thus far.

According to Chairman Drennan, some 125 to 150 persons will be needed to stage the several episodes of the pageant, which will include cowboys, chuck-wagons, buck-boards, Indians, Spanish soldiers, Legionnaires, citizens, men and women.

Mr. Sloan is at present in the final stages of the presentation of Lincoln, New Mexico's "Billy The Kid" festival, which will be staged in that historic center Friday and Saturday of this week.

He will come here Monday of next week and after decision on certain aspects of the scenario and narration of the Clarendon pageant, will begin rehearsals of all units, finishing up with two evenings of full dress practices Monday and Tuesday, July 1 and 2.

The director will bring with him the special lighting equipment and the superb sound equipment provided by the Coronado Commission.

The Texas Coronado Commission has been invited to be the guests of Clarendon and the local committee at both performances, and many other prominent visitors will be introduced along with them during intermissions in the program.

Band Director Ray Robbins will have charge of the theme music for the big spectacle, and a local cowboy band will also furnish music for certain features of the program.

#### TRANSFER BLANKS FOR STUDENTS RECEIVED

Transfer blanks for students transferring from one district to another have been received at the County School Superintendent's office here.

#### ANDIS REQUESTS 100 CARS FOR BOOSTER TRIPS

JAUNTS SCHEDULED FOR WEDNESDAY, THURSDAY OF NEXT WEEK

Ralph Andis, chairman of the booster trips which will advertise Clarendon's July 4th celebration to the whole Panhandle, has issued a call for fifty cars for each of the trips scheduled next week.

#### Sheriff Opens Drive On Citizens Slandering Government In Public

Sheriff Guy Pierce announced this week that he was conducting a drive on any unpatriotic citizens who might be found guilty of ridiculing our form of government in public.

Sheriff Pierce asked everyone to cooperate with him by turning in the names of those regarded as menacing by their remarks and he in turn would investigate them.

The sheriff said he will have the names published of all those found guilty of making slandering remarks about our government, and also reveal just who they are and where they came from.

"I have had a number of complaints lately about citizens ridiculing our government and am going to do whatever I can to prevent it from continuing here," Pierce stated.

#### RED CROSS STILL SHORT \$162 IN RELIEF QUOTA

APPEAL CONTINUES THIS WEEK IN HOPE OF REACHING \$380 GOAL

Nearly forty dollars was realized the latter part of last week in the local effort to make up the near \$200 shortage on Donley County's Red Cross Relief quota, the work being carried on under the direction of Mrs. Allen Jefferies, assisted by Mrs. W. H. Patrick and others.

According to Mrs. Jefferies the appeal will continue this week and those who have not yet made their contributions are urged to make their donations through the committee of ladies or go to any bank in the county and deposit it to the credit of the fund.

Monday afternoon Treasurer J. D. Swift reported the County quota short \$162.25, and the committee voted to make a sincere effort to enlist the aid of the citizenship this week to reach the goal.

According to a telegram received by Chairman Sam M. Braswell here Tuesday morning, National Chairman Norman H. Davis, warns that the cessation of hostilities in France will in nowise effect the extreme needs of the civilian refugees, and that the appeal continues with unabated urgency, since the imminent attack on England will bring new demands on American mercy.

Every dollar counts in this worthy cause, so please make your contributions at once.

#### RIGHT-OF-WAY SNARL MAY COST CITY OVERPASS

\$110,000 CONSTRUCTION HERE MAY BE LOST IF CITY FAILS TO ACT

At a joint meeting here Tuesday between engineers of the state highway department, city officials and county representatives it became apparent that unless a tangle on the right-of-way within the city limits could be adjusted, Clarendon might lose the \$110,000 overpass construction job this year, which had finally been certified by the department to bring Highway 18 over the Denver tracks and Highway 287 in West Clarendon.

Right-of-way has been guaranteed by the county for the route outside city limits, but difficulties in securing the two-way approaches to the end of the overpass loomed as barriers that might cost this community the benefits of the large expenditure this year and the facilities of the overpass, as well. Unless the city can find a solution to the problem, the department will likely divert the funds set up for the construction here to some other point where better conditions obtain.

Members of the city commission have asked that the matter be held in abeyance until the 24th of this month when property owners interested will confer with them on the matter.

Many local citizens are asking the commission to make a supreme effort to work out the route so that the community will not lose the opportunity now presented here after so long an effort to obtain its realization.

#### EPISCOPAL CHURCH 53RD ANNIVERSARY PROGRAM MONDAY

MANY VISITORS AND HIGH DIGNITARIES JOIN LOCAL GROUP IN REUNION

The oldest Episcopalian Church in the Texas Panhandle, which is the Clarendon Church, will celebrate the fifty-third anniversary of the consecration of the present building, on Monday next, June 24th, with special services commencing at eleven o'clock in the morning, and with a Barbecue Lunch and social hour during the afternoon. The Barbecue will be held at the home of Mr. and Mrs. Geo. Ryan.

The morning services will be in charge of the Rt. Rev. E. Cecil Seaman, Bishop of North Texas. Bishop Seaman will be assisted by the Rev. Messrs. Frederick A. Foster of Amarillo, Robert J. Snell of Pampa, and Edgar W. Henshaw, who has charge of the local Church, as well as Episcopal Churches in Shamrock, Childress and Quanah. Two well known residents of Clarendon, Mrs. B. W. Chamberlain and Mrs. J. B. McClelland, who were present at the first Episcopal Service in Donley County, fifty three years ago, will be present at the Come Home Day to which over five hundred persons in all parts of the world have been invited.

It is expected that at the services on Monday morning, one of the oldest services of the Christian Church, "The Laying on of Hands" known today as Confirmation will also take place. This will mark the first administration of this particular service, in Clarendon, in over five years. Performed only by a Bishop this practice of the church has come down from the early Apostles, and by it persons who have been Baptized, reaffirm their Baptismal Vows and are received into the full life of the Church.

Invitations are going out to all Panhandle Masonic lodges to have representatives here for the Anniversary, and a most impressive and inspiring program is being arranged. Several hundred Masons from over the territory are expected to attend. Former Deputy Grand Master W. H. Patrick of Clarendon has been named special representative of the Grand Master of Texas Masonry for the occasion.

#### BAREFOOTED MAN AGAIN PROWLs RESIDENCES

PANHANDLE WIDE SEARCH CONDUCTED FOR THIEF AND ACCOMPLICE

A barefooted prowler who entered four homes here three weeks ago Wednesday night, and escaped with \$4 in cash visited Clarendon Sunday night for the second time, fleeing with loot amounting to \$25.90 in cash and a wrist watch.

Sheriff Guy Pierce said today that a Panhandle wide search was being conducted for the robber and his male accomplice who have entered homes several times in Amarillo, prowled 12 houses in Panhandle recently and staged similar robberies at Pampa, Claude, Clovis, Tulla, Hereford and Canyon.

Sheriff Pierce said he believed that the robbers, whom he described as driving a dark colored coupe having two tail lights, were headquartered in or near Amarillo and had recently come to this part of the country.

The barefooted man does the prowling while his accomplice awaits him in the car at a certain spot ready to dart off into the darkness should they be pursued.

The barefooted man usually gains entrance into the homes with an ice pick by punching holes in the screen doors, then enters through the back porch or in the neighbor's yard as he moves on to his next victim.

Five homes were entered here Sunday night while several others were prowled on the outside. The W. W. Noblett home on the west side of town was entered by the barefooted man who gained entrance through the screen door with an ice pick. He entered the room where Mrs. Noblett and her son, Billy, were sleeping and took two packages of cigarettes, an Illinois wrist watch, and ninety cents off the dresser. He rifled one pair of Mr. Noblett's trousers hanging nearby and failed to find any money in them, but overlooked another pair hanging behind the door with over \$30 in them.

Several barefoot tracks could be plainly seen around the Noblett home. The thief then entered the Colie Huffman home where he took \$23 from Mr. Huffman's trousers and disposed them in the yard of Van Kennedy, a neighbor of Huffman.

The home of Mrs. J. R. Ayres was also entered after holes were punched in the screen door to gain admittance. The robber did not find anything here and was believed to have gone from here to Rev. H. B. Gordon's home where he continued to prowl. Mr. Gordon told Sheriff Pierce that he did not lose anything.

The prowler also entered the M. M. Miller home where the trousers of John Burton King were rifled of \$2 and thrown out in the back yard.

His last stop was believed to have been in front of the H. M. Breedlove home where a car pulled into the driveway and stopped. Mr. Breedlove and his wife were awakened and Mr. Breedlove immediately called Sheriff Pierce, believing someone was trying to steal his car. While on the phone, Mrs. Breedlove assured her husband that their car was alright and so Mr. Breedlove apologized to the sheriff for getting him up and told him he would treat him to a coke the next morning for his trouble.

Breedlove said that the car then parked across the street in front of the D. O. Stallings home and stayed there for over an hour. The next morning barefoot tracks were seen at the window of the Stallings home.

Breedlove said that he and his wife could hear two men talking in the car and gave Sheriff Pierce the description.

FINE CO-OPERATION ON EVERY PHASE OF CLARENDON'S CORONADO RANCHO ROUND-UP AND FOURTH OF JULY CELEBRATION

From reports of various committee chairmen there has never been such enthusiastic and uniform co-operation on any community project as is found on every phase of Clarendon's Coronado Rancho Round-Up and 4th of July Celebration to be staged here July 3 and 4.

This commendable and not always present spirit guarantees the success of the undertaking and renders pleasurable the efforts of the many who are giving freely of their time and talents for the promotion of the big event.

Clarendon has an opportunity in 1940 to set a record and a new high standard in the matter of small city celebrations in this Southwest territory. It is gratifying that our people are uniting so whole-heartedly in bringing the two-day event to successful culmination.

### COUNTY COMMITTEE STANDS BY THE LAW

The News believes that the County Democratic Executive committee did the right and proper thing by ordering the second primary in Donley County, although there was some pressure exerted to have the August primary abandoned. The argument was that only one race and that a precinct affair would demand a run-off this year, and that the cost to the candidates was therefore unduly excessive.

The fact is, Texas laws are explicit in making the conduct of the second primary mandatory, and on this legal aspect of the question the committee voted to hold the run-off.

Aside from the legal and local phases of the matter, there are district and state run-offs to be considered, and our citizenship certainly has a right to have their voice in the majority election of such officers. If no election were held in August, elected candidates would not likely forget Donley's failure to help in their victory — especially when the county's interests came before them for attention.

Most candidates entered the contests here knowing that they would be taxed for the cost of the second primary, so no advantage has been taken of them in the matter, and the citizenship's rights have been upheld.

### THE OUTLAW HASN'T CHANGED

Last week the attempted bombing of District Judge E. L. Pitts' home at Lubbock after he had revoked beer license of certain law-breaking dealers in that city, proves again and in our own Panhandle territory that beer and liquor dealers are what they always were—outlaws.

The American public is awakening to the danger of the poisonous reptile it has accepted into its breast, and the trend now is to complete suppression of the unpatriotic business as a quick means of national safety and defense.

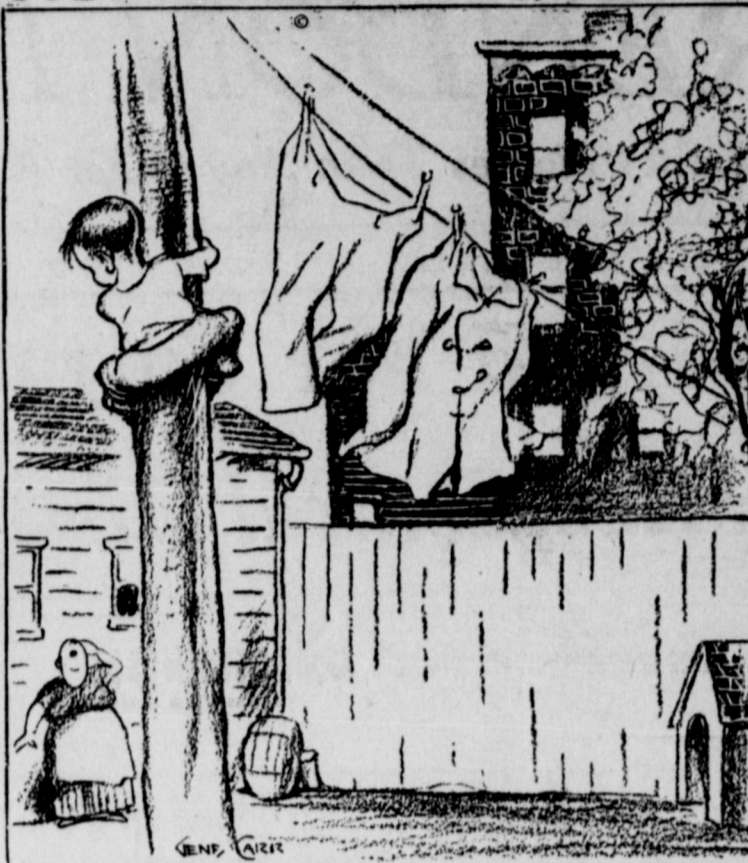

Suppress liquor and the fifth column will lose its strongest citadel in our midst.

## Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

The vivid term "Fifth Column" has an ominous significance these days. It first came into use during the Spanish civil war, when an insurgent general announced that he had four columns of soldiers driving toward Madrid — and a Fifth Column, consisting of spies, saboteurs and other enemies of the Spanish Republic, within the city. And since then, we have seen Fifth Columns operating with almost demonic efficiency and success in other parts of the world. The Nazis have developed the Fifth Column technique to an extraordinarily high level — to a very large extent, the collapse of Norway, Holland, Poland, and Belgium was due to the activities of Nazi sympathizers and purchased terrorists within those besieged nations. Sombre rumors of Fifth Column work have even come from France — as

witness the recent wholesale dismissals of 15 or 20 French generals who had, according to Premier Reynaud, made inexcusable and impossible — to understand blunders. And in the British Isles, the authorities have gone to unprecedented ends to ferret out and arrest any and all persons who might be expected to aid a German invasion.

That the high officials of the United States are tremendously worried by the specter of Fifth Column activity here, goes without saying. The President has mentioned it in a speech, and it is widely believed that his suggestion that he be empowered to call out the National Guard in peace-time was based on a fear that some such step might soon become necessary to put down Fifth Columnists at home. At the moment, the potential U. S. Fifth Column consist of avowed Hitlerites — the bulk of whom are organized in the German - America bunds and similar societies — and, to a lesser extent, the Communists, who have been running around in circles attempting to justify Lenin's denunciation of imperialism and conquest with Stalin's Communist-Nazi pact and the Russian invasion of Finland.

The expected Fifth Column technique in this country is simple and rational. In the words of the President, the Fifth Columnists would attempt to "create confusion of counsel, public indecision, political paralysis and, eventually, a state of panic." In other words, the purpose would be to prevent the attainment of anything resembling national unity. Group would be set against group, class against class, jealousy and hate would be fomented. It is apparent that a start has already been made to this end by alien groups. And, according to Dies Committee evidence it is a fact that both the Moscow and Berlin governments have paid Fifth Column actively at work here.

After the policy of confusion would come actual sabotage and terrorism. And there is a widely held fear that we may see this before long, as the armament program swings into high gear. Finally, once the country was thoroughly disorganized, minority groups would attempt to take over the government.

We are now embarked on a war against the Fifth Column. The government has moved cautiously, but it is moving. Registration and observation of aliens is likely to come soon — the proposal that the Department of Justice be given control of the Immigration Service shows the

way the wind is blowing. And far more severe measures are envisioned. There is an obvious danger in all this — and a danger that is exceedingly hard to avoid. That danger is that anti-Fifth Column work may become a hysterical witch-hunt. People would exploit personal grudges by unjustly denouncing others to the authorities — vigilante groups, operating outside the law but supported by enraged public opinion, would come into being. The experience of the last war should be recalled, when we went to ridiculous lengths in prosecuting people of German and Australian heritage whose patriotism was unqualified. Responsible government officials say that every effort will be given to protecting the innocent as well as apprehending the guilty, and that is one tough job.

While the public at large watches Europe and is mesmerized by the carnage in the Old World, experts are watching the Far East and Latin America. Japan has not, as feared, moved to seize or "protect" the Dutch East Indies — prime source of vital U. S. rubber and tin. But Japanese relations are still in what the diplomats call a deplorable condition. Leading publicists are urging that the U. S. take the lead in negotiations, on a frank and realistic basis, which might produce a U. S. - Nipponese agreement, fair to both sides, that would assure peace in the Pacific.

The effect of Europe's war on much of Latin America has been distressing. South America is a major source of Europe's peace-time commodities — and as Hitler's legions have swept on the Latin people have lost tremendously important markets. U. S. wonders how to help compensate for this loss, without creating a new surplus problem at home. Purpose of it all is to keep Latin America as free as possible of Nazi influence — Hitler's agents are working their heads off South of the Rio grande.

### SPEEDS RETURN HOME

Mr. and Mrs. Chas G. Speed returned here the first of the week and are occupying their home near the college again after an absence of several months in the Houston area. Mr. Speed says there is some apprehension in that section of probable attack in case war comes, and it feels good to be back in this country where cool night, warm friends and comparative safety make life worth-while.

Mrs. Faye Eggeston of Vernon spent Tuesday in the home of Mr. and Mrs. Louie Thompson. Mrs. Thompson and Mrs. Eggeston left Tuesday afternoon for Wellington to attend a house party.

Mrs. O. L. Fink returned home the latter part of last week after a three weeks visit in Denison, Iowa. She was accompanied home by Rev. and Mrs. A. S. Forch.

Mr. and Mrs. Zeb Dosier and family of Amarillo were guests in the home of Mr. and Mrs. Joe Goldston, Tuesday evening.

Mr. and Mrs. R. E. Duncan visited in Memphis and Wellington Sunday.

## TEXAS' PUBLIC WORKS PROGRAM NEARING END

ONLY EIGHTEEN PROJECTS REPORTED AS STILL BEING ACTIVE

Texas' \$161,000,000 program of public improvements undertaken with the assistance of \$109,000,000 of Public Works Administration grants is now 98 per cent complete. The program consists of 912 projects for which the Public Works Administration grants were approved by the President. Of this total 894 have been completed. Eighteen are officially reported as still active by D. R. Kenicott, Director of Region No. 2 of the Public Works Administration with headquarters in Chicago. Texas is now a part of Region No. 2. They are scheduled for completion during the summer. These uncompleted projects are mostly electric power plants and distribution systems.

The 18 unfinished projects are being financed with Public Works Administration loans totalling \$22,562,500; grants of \$12,234,184, and have a total cost of \$37,573,433.

The 1938 program in which many of the uncompleted projects fall was the most elaborate of the five in Texas, having 308 individual projects. For these PWA made loan of \$2,854,400, grants of \$16,362,359, for a total estimated cost of \$36,379,378.

As a result of the five Public Works Administration programs in which Texas participated, the State now has 27 new or improved and increased capacity power plants, eleven new hospital buildings, 73 new sewer and disposal plants; 191 new or improved and increased capacity waterworks; and 435 new buildings devoted to educational purposes. ## "Til We Meet Again" Has Cast Of Perfect Star Combinations

Heading the cast of "Til We Meet Again," the new Warner Bros. picture which is scheduled to open at the Saturday Prevue at the Pastime Theatre are the stars of two of the season's most outstanding hits — "The Fighting 69th" and "Wuthering Heights." George Brent, who played the reckless hero, and Pat O'Brien, who portrayed Father Duffy in "Fighting 69th," are the male stars of the new picture; Merle Oberon and Geraldine Fitzgerald, lustrous stars of "Wuthering Heights," are the feminine stars of "The Old Maid" and "Dark Victory" helped make those films so memorable. "Til We Meet Again" is a subtly "different" love story. The setting for the film is a luxurious liner travelling from Hong Kong to San Francisco, and there is action, drama, romance and comedy all along the way. Miss Oberon and Brent carry the romantic interest, as the pair of star-crossed lovers who know that when the trip is over they will never meet again. She is under sentence of death from a heart ailment; he knows that when the ship docks at San Francisco he will be taken to San Quentin to pay the death penalty for murder. Each tries to spare the other the knowledge of their fate, and to cram into the brief time they have together all the love of a normal lifetime.

Varying greatly from the priest role he portrayed in "The Fighting 69th" is the character of the detective which Pat O'Brien plays in "Til We Meet Again." Hard-boiled to the very core, he has supposedly chased Brent halfway across the world to bring him back to justice, and is escorting him back to the U. S. A. Brent makes several daredevil attempts to escape, and the battles between the two provide many action highlights in the romantic story. Pat's romantic interest in the film centers around Binnie Barnes, that lovely blonde queen of comedy, who plays the role of a phoney French countess, flourishing her way across the Pacific.

Geraldine Fitzgerald plays the role of Miss Oberon's friend and confidante, and Frank McHugh, Eric Blore, Regis Toomey, Henry O'Neill are also featured.

## SERVEL CONTEST IS POPULAR IN THIS VICINITY

The nation-wide contest in which sixty Servel Electrolux refrigerators and \$3,500 in cash are being awarded every week grows in popularity with the women in this vicinity as the competition proceeds, according to an announcement from L. E. Thompson, of the Thompson Hardware Co.

As we are now just about in the middle of the P&G-Servel Electrolux contest, in the neighborhood of 180 refrigerators have already been won by contestants in all parts of the United States and Canada in addition to three \$1,000 bills and fifteen or more \$500 bills, Mr. Thompson stated.

"Among the factors that account for the popularity of the contest are: first, the high standard of the Proctor & Gamble product, which is featured in the competition; second, the growing public acceptance of the Servel Electrolux refrigerator and the desire of women for that type of household refrigeration; third, the simplicity of the contest and fourth, the ease which women find in writing the sentences.

"No one should hesitate to enter the contest as no great literary ability is needed, nor does the contestant have to have any special aptitude in writing. Just a concise, spontaneous expression of thought in the simplest language is all that is required.

"Entrants are invited to submit a statement of 25 words or less to complete the sentence: 'I like P&G White Naphtha Soap because'.

The sentences are adjudged for

Breedlove said that in all possibility there would be six or seven centers in the county.

All persons eligible for these mattresses are requested to make application before June 15 so that an order can be sent for the cotton at an early date.

Miss Mantie Graves left Saturday to visit friends and relatives in San Antonio. From there she will go on over into Old Mexico.

Their originality, sincerity, and consciousness of thought. The awards go to those who are considered the best writers of the sentence.

"The contest is part of Proctor & Gamble's 'Guiding Light' program which is broadcast over a coast-to-coast NBC network every afternoon, excepting Saturdays and Sundays. Twelve refrigerators a day are awarded to winning contestants. The contest began May 20, and will end June 30, approximately two weeks remaining to enter.

"Our company invites all those who have not already done so to call at our offices for contest entry blanks and for information regarding the contest."

In many lands today, mothers are forced to give up their children—even the youngest. Dictators demand them—and dictators are all-powerful. In peace as in war, they control business and industry, capital and labor, life itself. Men and women are told what work they must do. There is no prize for ambition, no hope for the man who would like to choose his own career.

How different it is in the United States! Here, governed by men responsible to the people, we choose our life-work for ourselves. This system of free enterprise makes the United States the world's greatest nation. Because men are free to dream and work as they see fit, scores of industries have grown great in America: the automobile, radio, telephone and electrical industries are just a few.

As typical Americans, the employees of your electric company are devoted to the American principle of working together, producing more of the good things of life and making them available to more people. Through their efforts electric service steadily improves; at the same time, its price steadily comes down.

What inspires the people of your electric company? The best answer is this: the employees of this company are proud of their part in keeping America great. They work as free men to bring better service and value to other free men. They are glad to create wealth instead of destroying it.

This company has been built by free Americans. It is built to serve other free Americans. It is free from political dictation. Like all industry, it will succeed as long as there are free Americans to work for it and free Americans for it to work for.

"I Love You Truly," with a violin obligato by Mark Mackles, and "Just a Wearying For You," all piano solos by Mrs. Bland Burson. Following the piano solos, were vocal numbers rendered by Mrs. Charles Boyd, who sang "Just a Song At Twilight" and "Because" sung by Miss Betty Dunlap with piano accompaniment by Mrs. Burson.

Strains of Wagner's "Wedding March" from "Lohengrin," announced arrival of the bridal party, with the bridegroom and his best man, Cecil Rentfrow, entering from a vine-covered arbor.

The bridesmaids, ten in number, entered in pairs wearing garden frocks of pastel shades. All of the attendants' dresses were fashioned alike, made of organdy over taffeta, with crownless garden hats to match their gowns and carried old-fashioned nosegays tied with white satin streamers.

Scattering roses in the path of the bride were Joy Lee Cox, Carol Pinkham, and the bride's two small brothers, Gene and Jerry. The bride wearing a bridal gown of white shadow organdy over taffeta, entered on the arm of her father, who gave her away. Her veil fell from a gathered band to the bottom of her floor-length gown. She carried a small white Prayer Book, a gift from the groom, on which rested a gardenia corsage with sprays of lilies-of-the-valley.

After the exchange of nuptials, Mrs. Burson played Mendelssohn's "Recessional" and the newlyweds proceeded to the entrance of the garden to receive the congratulations of their friends.

Later, an informal reception was held, with ice cream, molded in the form of slippers, being served with the bridal cake, which, in keeping with tradition had its first piece cut by the bride. The cake was decorated with white sweet peas and lilies-of-the-valley.

Following the reception, the bride donned a beige tailored dress, with white accessories, and a gardenia corsage and the couple left on a short trip, their destination unannounced.

Mrs. Allensworth is one of Borger's popular young matrons, and is well known for her activities in the Silver Slipper Club.

Mr. Allensworth attended Texas A. & M. and is a Mason, as well as a member of the Black Boot Club.

Those attending the wedding from here were the groom's parents, Mr. and Mrs. M. R. Allensworth, and two sisters, Clairene and Mrs. Tony Watson of this city.

Mr. and Mrs. W. T. Link and Joyce returned Sunday from a vacation trip in South Texas.

Hollis Boren of Memphis was a business visitor in Clarendon Friday.

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

The days of June are fragrant with the breath of the many flowers that are at their best in this month of flowers. The Swift's back yard is gay with vari-colored blossoms, brilliant red cannas at the Rundell's and the red verbenas at the Boston's.

Climbing on the Forest Taylor fence is a trumpet vine abloom with its reddish orange blossoms.

Have you seen "Hollyhock Lane" up the Gentry way? A red dahlia is making an early appearance at Miss Emma Ayer's home, and salmon pink poppies are exceptionally lovely on the Gilbert's lawn.

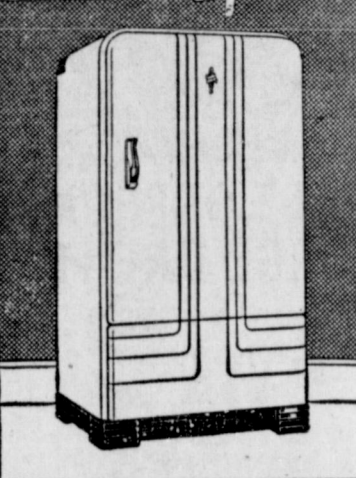

Various yard improvements are popular at present, rock curb at Tom Hilton's fence at Kelly Chamberlain's, new lawn and shrubs at the Marvin Warren's and a lovely iron bench at the Sam Dyer's. Make your weekly pilgrimage

## HEIRLOOM WATCH WORN BY GROOM

A most interesting sidelight upon the wedding of Mr. J. O. Allensworth to Miss Louise Guinn, at Borger, June 16th, was the wearing of an heirloom watch by the groom, which his father and grandfather wore on their wedding days before him.

The watch is the type in vogue a hundred years ago, closed face and key wind, was manufactured by James Hodell & Co., 15 No. Hampton Square, London, England. It was bought by J. F. Allensworth in 1866 for \$250, his mother having given him \$150 he added a hundred to buy this fine 18-karat gold watch, wearing it on his person when he married in 1884. The watch was given his son, M. R. Allensworth of Clarendon, on his 21st birthday, who likewise wore it at his wedding in 1908. Mr. Allensworth passed the watch to his son, J. O. Allensworth on his 21st birthday, and now the tradition of the third generation has been carried out in his wedding Sunday.

The heirloom is kept in the safety deposit vault at the Donley County State Bank, where it awaits generations yet unborn.

## JEAN PATCHING AND JOHN M. BASS UNITE IN TWILIGHT CEREMONY

Wednesday evening, June 12, Meredith Jean Patching, daughter of Mr. and Mrs. Fred Patching of Goodnight and granddaughter of Mr. and Mrs. F. G. Patching of Clarendon, became the bride of John M. Bass, Jr., son of Mr. and Mrs. John M. Bass of this city, in the garden at the ranch home of the bride's parents just at the hour of twilight with the Rev. Gibson of the Goodnight Baptist Church officiating.

An improvised archway of larkspur, roses and fern with tall baskets of gladiolus and two large candelabra with seven pink tapers in each standing on either side of the archway, made a picturesque background for the young nuptials.

Just before the ceremony Martha Jane Patching, twin sister of the bride, and Lula Stapleton of Plomont entered and lighted the candles while Miss Kathryn Doak of Claude softly played a medley on the piano. Miss Mary Walton of Pampa then sang, "I Love You Truly" accompanied by Miss Doak who played the wedding march also.

The bride entered wearing a light weight wool and chiffon redingote dress and carrying an all white bouquet of cape jasmine and baby breath of which the corsages the mothers of the couple were made of the same.

After the ceremony there followed an informal reception during which the bride cut the first piece of the large three tiered wedding cake. Miss Eva Patching of Amarillo and aunt of the bride, presided at the punch bowl.

Mrs. Bass was graduated from Goodnight High School in 1938 and attended WTSC in Canyon for two years.

REPRESENTATIVES TO MEET FRIDAY, 4 P. M. AT SCHOOL BOARD OFFICE

At a called meeting of the executive committee of the Donley County Chapter, American Red Cross, Monday afternoon, it was decided to invite the representatives of the various women's auxiliaries of the local churches to meet Friday afternoon at 4 o'clock in the school board tax office in the rear of the Farmers State Bank.

The purpose of the meeting is to work out plans of co-operation for the carrying on of knitting and sewing for civilian relief in Europe under the auspices of the local chapter. Mesdames A. T. Jefferies and H. T. Burton will represent the executive committee at the Friday meeting and explain the call for work.

Unlike the first world war days, there will be no sewing room set up this time, and all sewing and knitting will be done at home. The chapter here and the national Red Cross headquarters will furnish the cotton and wool for the work.

The Red Cross committees here invite a full attendance and hearty cooperation from the women of the community.

## Primary Costs Are Assessed Against Donley Candidates

With Chairman Ed Dishman presiding, the Donley County Democratic Executive Committee met at the Court House Saturday as provided by law, and made assessments against all candidates for offices in county and precinct to defray the costs of the primaries in July and August. Members present were: D. W. Turner, W. E. Hodges, H. C. Brumley, A. B. Bynum, A. O. Heffner, J. P. Pool, J. T. Patman.

The committee heard a request from candidates that no run-off primary be held in the county this year, and that in races with more than two candidates, only a plurality be required for nomination. It was said that only in one precinct race were there more than two candidates at present. After due consideration the committee voted to hold the second primary as required by law, and out of deference to the rights of county voters in district and state races where run-offs were certain to be required for majority nomination.

Assessments made against candidates was a sum equivalent to 4 1-2 per cent of the annual salary of the office sought.

According to the law each candidate is required to pay the assessment levied by Saturday, June 22nd in order to get his or her name on the official ballot.

Mr. and Mrs. Walter Taylor returned home from a vacation trip to Colorado and New Mexico last Thursday. They were accompanied on the trip by Mr. and Mrs. Bert Boomer of Amarillo, and Vivian and Dorothy Jo Taylor.

Supper Is Still Important

The click . . . click of the lawn mower sounds through the still spring afternoon and the fragrance of fresh cut grass makes the air sweet.

I have promised him strawberry shortcake for supper if he'll cut the grass this afternoon and I sit on the side porch stemming the red, heart-shaped berries.

But even if I close my ears to the radio the dread headlines of the morning paper reach through my mind.

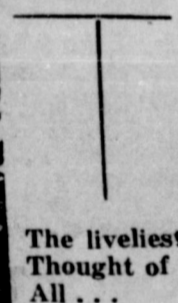

What does it matter whether the supper I get for my family is good or not?

Then there is quiet in my yard as the lawn mower stops for a moment. And Johnnie, turning a grinning freckled face, waves to me from across the pansy bed.

For that strawberry shortcake is important! I see it now: It's part of the pattern of security and comfort and "every-dayishness" that I, as a woman, am privileged to build against the terror that stalks the world.

BAILEY SHEPPARD GETS IN RAILROAD COMMISSION RACE

LONGVIEW — With his platform built almost entirely around oil conservation and national defense, Bailey Sheppard, 33-year-old Longview attorney and for several years an assistant general, has announced his candidacy for the office of state railroad commissioner.

"Oil is by far the most important commodity needed in America's defense program."

BAILEY SHEPPARD

Sheppard said, "and it is highly essential that our oil reserves be carefully safeguarded and used to the advantage of our state, our nation and our people."

"In announcing my candidacy for railroad commission, I am fully aware of the gravity of the situation faced by Texas and America today. With its vast reserves of oil, Texas almost controls the destiny of our nation, from a military as well as an economic standpoint.

"I believe in a fair deal for all of the oil fields of Texas, as well as to every other industry over which the Texas Railroad commission has control."

"Through actual experience in the attorney general's department and the oil field practice I have enjoyed the last ten years, as well as the very close study I have given to oil, I feel that I am eminently prepared to accept this great responsibility."

"From January 1, 1933 to January 31, 1935, I was an assistant under Attorney General James V. Allred, and was stationed in the oil and gas division at Longview. I handled more than a thousand law suits for violation of the proration laws, and filed and tried the first penalty suits ever tried in Texas. I also served as a special county judge in Gregg County in 1933."

"I was graduated from Baylor university, and did preparatory work at Southwestern. I was born and reared in Limestone County and my family still lives there. My father, a lawyer, is active in legal matters throughout Central Texas."

"If elected to the Railroad Commission, I would not at any time seek another office while I held the post to which you entrusted me."

Cleora Milam of Memphis was here on business Monday.

Quick Response To Red Cross Fund Is Urged

WASHINGTON, D. C. — Secretary of State Cordell Hull, in a letter today to Chairman Norman H. Davis of the American Red Cross, with reference to the Red Cross war relief fund, pointed out that "the American people can best help in meeting our share of the burden by contributing quickly and generously through the American Red Cross."

"My Dear Mr. Davis: As the story unfolds of the tragic plight of the millions of women, children and the aged who are the innocent and helpless victims of this war, it is heartening to know that the Red Cross has doubled its efforts and is seeking a relief fund of at least twenty million dollars. I am sure our citizens will want to do all in their power to aid in alleviating this unprecedented distress, and I am glad to note that the Red Cross will not confine its efforts to any limited categories of relief, but extend aid in any and every form which may be found to be most beneficial and effective."

"Chartered by the Congress, the American Red Cross is the official national relief agency of the American people. Already its trained representatives are in France and England and are being assisted by committee of outstanding Americans who business and other connections have given them wide experience in these countries."

"The American people can best help in meeting our share of the burden by contributing quickly and generously through the American Red Cross."

JONES ISSUES STATEMENTS ON HIS RETIREMENT

CONGRESSMAN COMPLIES WITH REQUEST OF HIS PANHANDLE FRIENDS

At the request of his Panhandle friends, Marvin Jones this week issued a statement in regard to his retirement from Congress. Mr. Jones' statement is as follows:

"As is generally known, I am retiring from Congress at the end of the present term to accept a place on the United States Court of Claims. It will not be easy to leave the work in which I have been engaged so many years, but sooner or later changes must be made, and the decision must be made at this time."

"The work of the Committee on Agriculture has been of great importance, not only to our section of the country, but to the nation. Hundreds of bills are referred to this committee each year. There are five subcommittees. The preparation of these bills, the answering of numerous inquiries, as well as personal requests, have made the last few years very busy ones."

"When I became chairman of the Committee on Agriculture in 1931 the Farm Board was the only agricultural legislation on the statute books, and the country was free to face with a panic."

"Since that time provision has been made for soil and water conservation, research, the lowest farm credit interest rates in our history, the distribution of surpluses, tenant home purchases and other basic acts."

"The ground work is done. That a national farm program is essential to the welfare of the entire country is now an accepted fact. While improvements will be made from time to time, the basic provisions have been enacted, and a solid foundation laid for a permanent program."

"The people of the Panhandle have been very generous to me: It has been a pleasure to work for them. I have not sought publicity, but I have sought to do a workmanlike job. All around may be seen the evidences of that work. I have never made a speech nor cast a vote in which I did not thoroughly believe — and I have never dodged a vote."

"To the people of every county in the district, to the newspapermen who have always been generous, to the businessmen, to the farmers who produce our basic wealth, to the stockmen, to the railway boys on whose brave shoulders rests the commerce of our country, to the half Wednesday and Friday mornings."

Miss Gladys Armstrong, area supervisor, visited the class on June 3 and was well pleased with the program.

DONLEY IS AGAIN TO HAVE BOOTH AT STATE FAIR

J. R. Gillham, local Vocational teacher, and F. F. A. adviser, received a contract this morning from Walter Burton, superintendent of the Agricultural Division of the State Fair of Texas, for a county agricultural exhibit for Donley County at the 1940 State Fair, Oct. 5 to 20 inclusive.

This will be the third consecutive year for Donley County to have a booth exhibit at the fair. Mr. Burton was highly complimentary in his remarks concerning the Donley County booth for the past two years stating that it ranked with the best of the exhibits on display in the agricultural building.

The local F. F. A. chapter is planning to exhibit approximately 100 pigs in the club and open divisions of the fat barrow show and a large number of poultry in the poultry show. The State Fair plans to hold an auction sale for all F. F. A. and 4-H Club boys' calves, pigs, and lambs in connection with the junior livestock show.

Deskins Wells Outlines Platform In Opening Speech At Wellington

WELLINGTON, Texas — Offering himself as a candidate who can and will serve the entire Panhandle, Deskins Wells opened his speaking campaign in Wellington last Friday night. Addressing the men and women of his home county, many of whom have known him for the entire 38 years of his life, Deck Wells laid down the platform on which he is seeking to represent the 18th Congressional District. "When a man asks to serve you as your Congressman, you have a right to ask what he thinks the duties are," Deck Wells told his listeners early in his speech. "How does he propose to do this work? What course will he follow? I tell you that I will be a representative for the entire district and for the welfare of every person in it. My aim is to preserve our democratic form of government at all costs."

DESKINS WELLS

Continuing, Deck Wells outlined the ten points in his platform: 1. An immediate defense program to enable the United States to adequately resist any and all potential threats of invasions of the Americas. In addition to fulfilling all modern mechanized needs of the air force, the army, and the navy, the defense program must be supported by sound prosperous conditions of American agriculture, labor and industry. 2. Strict enforcement of immigration laws, curtailment of immigration quotas, and rigid check on activities of all aliens by the United States Department of Justice. There is no place in the United States for any 5th column activities. 3. Recognition that international affairs might necessitate the United States furnishing planes and armaments to foreign lands of Europe. 4. Continuation of the Government farm and ranch programs to the end that soil resources be conserved; and the American farmer and rancher be assured of their rightful share of the national income. 5. Opposed to Federal control of the Texas oil and gas industry. 6. Continuation of the C. C. C., W. P. A., and P. W. A. programs, with their future work related where possible to the immediate needs of the emergency defense program. Wages and rates of pay in Texas should be equal to those paid in other states. 7. Continuation of the Federal Social Security Program with government payments to the groups designated in the Social Security Act. 8. Continuation of the recognition of the right to collective bargaining. 9. Represent the entire Eighteenth Congressional District including every person, every county, and every town and city in this district. 10. Dedicate my efforts and my life to the preservation of Democracy which has made us the freest, happiest, richest, and most tolerant people on the face of the earth.

We should defend what is eyes. We should defend what is our own," Deck Wells warned.

Breedlove stated that each of the ranches that he had contacted had promised to have representation in the parade.

The parade will be held at 1 p. m. on both the third and the fourth. Shamrock, Memphis, and Pampa have already indicated that they plan to have their bands on hand to participate in the parade and a number of other cities are expected to have their bands here for the celebration.

**Big Clarendon Delegation Goes To Pampa**

Twenty carloads of Clarendon people forgot the war and all their worries last Friday when they accompanied the high school band to Pampa where it participated in the Top 'O Texas Fiesta parade.

The band members and other citizens formed in front of the Clarendon Hotel about 9:45 a. m., and paraded down to the other end of Main Street where the band embarked.

Ralph Andis, chairman of the booster trips, was in charge of the motorcade and reported the trip as highly successful.

Those attending the Pampa celebration said that the Clarendon band made an impressive appearance.

**BILLIE COOKE IS WINNER OF '40 GOLF TITLE**

OUTSTROKES ALEX COOKE FOR 3 AND 2 WIN IN ANNUAL CITY PLAY

In a family affair bout for the 13th annual city golf championship, Billie Cooke outstroked Alex Cooke for a 3 and 2 win and the 1940 crown.

Billie jumped into an early lead and was never headed throughout the match. He was two up at the end of the first nine holes, two up at lunch time, two up at the afternoon turn and added an extra hole lead to cut off the match on the 34th.

Alex managed to draw even on several occasions but the champion always fired a burst of sparkling golf to draw immediately ahead.

Alex whittled the lead to one down on the starting hole of the afternoon round when he gathered a birdie three. He evened the match again on the 20th when Billie had trouble for a bogie six. After a half on the 21, Billie fired three birdies and a par on the next four holes and Alex was three down again. A fine par four on the difficult 26th by Alex cut the lead to two up.

Things turned black for Alex on the stretch drive when Billie won 29 with a birdie and 30 with a par to be four holes ahead. He came back strong with a birdie win on 32 but could do no better than pars and halves for the rest of the way, and the match ended on 34.

Alex gained the title round by downing M. P. Gentry, 3 and 1, in the semi-final match while Billie nosed past Neel Thompson, 1-up.

Ira Merchant, defending champion and medalist, suffered his second set back of the tournament when he lost 1-up to Dick Cooke in the finals of the championship consolation.

In the first flight, Walter "War-horse" Wilson had a tough time with Dr. H. R. Beck to win the crown. Wilson managed the win on the 18th hole after Beck had blasted his second shot out of bounds. The winner had trailed Beck throughout the match and was two down and three to go when the chance came.

T. F. Connally won the first flight consolation title by eliminating Tom Murphy in the last round.

Second flight honors went to Dr. H. F. Harter who slaughtered Frank Whitlock 6 and 5, in the final round. Harter advanced to the title match by ousting Glenn Churchman while Whitlock defeated John Gillham in the semi-final bout.

Clarence Whitlock beat, Doss Palmer for the second flight consolation honor after Palmer had trimmed Pud Bain in the semi-final bout.

**LOCAL SOFTBALL PLAYERS FAVOR FORMING LEAGUE**

CLARENDON TEAM WINS THREE GAMES, LOSES ONE OVER WEEKEND

Clarendon softballers won three games and lost one in out of town games played at Groom and Claude over the weekend.

Saturday night the local boys journeyed to Groom where they met the Groom All-Stars, taking the first tilt, 20-19 and dropping the second, 10-7. Sunday afternoon they went to Claude and took a doubleheader, winning the first game, 7-5 and the second one, 3-0.

This coming Sunday, Claude will come here to cross bats with the Clarendon team at 4 p. m.

A number of the Clarendon softball players are in favor of forming a softball league here if enough citizens are interested and a few businessmen sponsor the teams, according to one member of the team who has appealed for support of such a league.
