Returns After 30 Years And Sees Many Changes

Returning to Clarendon for the first time in 30 years, L. S. Page, son of Frank N. Page, who was once a rancher near Clarendon, found the town changed so much he couldn't even locate the site of his old home.

Mr. Page dropped into the News and said that he found only a few people here that he knew formerly.

Mr. Page said that the old school he attended when he was a boy here had disappeared, the home in which he once lived had been remodeled to such an extent he didn't recognize it, and that the town in general had changed so much he could hardly believe it.

Mr. Page, now 42 years old, is living in Santa Rosa, N. M., where he is the county democratic chairman and candidate for sheriff.

Mr. and Mrs. H. C. Brumley left Monday morning for Dallas. Mrs. Brumley will go through the clinic.

Farmer Living East Of Goodnight Complains Of "Too Much Rain"

Most farmers at this time of the year would welcome additional moisture, but not Mr. E. Bryson, a farmer living three miles east of Goodnight.

Mr. Bryson was in town this week and complained about having "too much rain." During the past week his farm has received about five inches of moisture,

Will Preside

Homer Mulkey will be master of ceremonies at the Old Settlers picnic-reunion at Tate Grove, near Hedley, tomorrow.

CLARENDON TO GET NEW FLOWER SHOP

J. T. Hoy of Pampa purchased the Lenode Goldston duplex here this past week and announced plans to open a flower shop on Main Street here.

Mr. Hoy made his purchase through the Killough Abstract Co., and at the same time announced his plans for opening up his new business here.

Mr. Hoy returned to Pampa but is expected to be back in Clarendon next week.

Absentee Voting Continues At Slow Pace

Absentee voting in the second primary still continued at a slow pace. To date, only six votes have been cast and five ballots mailed out, according to Helen Wiedman, county clerk.

Those who will be absent from the county on Aug. 24, date of the run-off voting, are reminded that they have only until Aug. 21 to cast their absentee votes.

MISS GLADYS WALLACE TO TEACH IN COLLEGE

Miss Gladys Wallace was elected by the school board here Monday to teach history in the Clarendon Junior College. Miss Wallace had previously taught history in the high school and the appointment comes to her in the way of a promotion.

CLARENDON MAN ENLISTS IN REGULAR ARMY

Harry W. Evans of Clarendon has enlisted in the United States regular army and has been assigned to the Coast Artillery Corp at Fort Crockett, Texas.

LOCAL BOOM IN REAL ESTATE REPORTED

BIG DEMAND IN BUYING AND RENTING HOUSES IS REVEALED

A boom in real estate was reported here this week by a local abstract office.

The office said that it had more calls for rent houses during the past two weeks than at any time during the past six months.

In the last twelve months this office reported that it had sold fifteen new homes.

One home was sold this past week to C. Huffman who bought the George McCleskey place across the street from the Tom Connally residence.

G. R. Grant of Goldston recently bought the Carl Peabody house and has occupied it already.

It was also reported that three other families, two from Pampa and one from Quail, were dealing for the purchase of houses here during the past week.

DONLEY TO SEEK HONORS AGAIN IN POULTRY

J. R. Gillham, vocational agriculture instructor announced today that plans were being made for Donley County's annual Poultry exhibit at the Tri-State Fair in September. Donley has won the county poultry exhibition premium for the past five years, and will be trying for their sixth consecutive victory in the county groups. 248 Donley County birds were shown in Amarillo last year.

Transportation to and from the fair will be provided, and the fair association will feed and water and care for the birds during the week they must remain on exhibition. Billy Thornberry, C. G. Kirkland, Lee Christie, Pete and Ralph Morrow, Carl Morris, Maschill Cole, Beatty Hillman, Forrest Helton, and Jimmy Goodman are members of the F. F. A. group that expect to exhibit their birds. In addition to the F. F. A. exhibitors, a number of Donley County poultry raisers exhibit their birds at the show annually.

E. V. Quattlebaum has been one of the most consistent winners since the show was inaugurated. Parties desiring to enter their birds in the show should contact Gillham and arrange for transportation for their birds.

Here's A Cat That Can Count, And Here's Proof

If you don't believe that a cat can count, then here's real proof.

A cat belonging to John Bugbee and mother of six small kittens raided Wesley Knorpp's chicken coop recently and made away with some of Mr. Knorpp's prize fowls.

You guessed it, she got seven chickens, one for each of her kittens, and, of course, one for herself.

I. T. James, North Texas Teachers 3-Year Letterman, Is Named Assistant Grid Coach Here

I. T. James, three-year letterman of North Texas State Teachers College at Denton, was named assistant football coach of Clarendon High School at a board meeting here Monday.

James takes over the place vacated by O. C. Warden who succeeded Emil Hutto as head coach. Hutto, who brought the Clarendon High School Bronchos from

a hopeless mired eleven to within one-half game of the district 3-A championship, resigned at the close of the last school year. James' duties consist of coaching the backfield and teaching history and government.

Coach Warden announced this week that uniforms for the first Broncho workout would be issued on Monday, Sept. 2.

REV. HENSHAW TO SPEAK AT UNION SERVICES

Only two services remain in the present series of Union Church Services which have been sponsored by the Ministerial group of this city each Sunday evening at the Football Stadium.

Two features which are appreciated by the sponsors of the services are the number of young people who have been present each Sunday and the fine concerts by the High School Band and their leader, Ray Robbins.

Last Sunday evening the Rev. J. Perry King was in charge of the worship period. The Rev. H. C. Gordon of the Methodist Church preached a truly great and challenging sermon. The soloist was Mrs. Edgar Henshaw.

An unusual part of the service was the participation of John Burton King and Millard Miller, sons of two of the local Pastors.

Following the hand concert this Sunday the Rev. M. M. Miller of the Presbyterian Church will assume charge of the worship service. In response to a number of requests the Rev. Edgar W. Henshaw of the Episcopal Church will sum up a series of addresses which he has delivered in Clarendon and other cities in the Panhandle and preach on the subject "What about our American Democracy." The final service in this series will be held Sunday, August 25 under the auspices of the Church of Christ.

The preacher on that occasion will be the Rev. Mr. Smith, pastor of the church. In the event of rain the service next Sunday will be transferred to the First Methodist Church where the same program will be carried out.

\$10,000 BEQUEST MADE TO ADAIR HOSPITAL

ENDOWMENT FROM ESTATE OF V. FINCH REVEALED HERE THIS WEEK

A \$10,099.63 bequest was received this week by the Adair hospital from the estate of V. Finch, an Englishman who came to this part of the country from his native land many years ago and became a prosperous cattleman.

The endowment was made following three years of legal procedure during which time taxes of Texas, United States and England were deducted from the estate. These taxes consisted of death duties, and bequest taxes in England, and estate taxes in United States and Texas.

The legacy was announced by the hospital board of directors, meeting here on Wednesday.

The bequest will become a part of the permanent fund created by Mrs. Cornelia Adair, who founded the hospital, equipped it, and contributed \$25,000 as a permanent endowment fund.

When Mr. Finch died he left a will naming Wesley Knorpp and M. K. Brown as co-executors and leaving the entire estate to his wife, Florence M. Finch with the stipulation that after her death the residue would go to the Adair hospital.

Mrs. Finch died in November, 1937, in England, having never visited this country.

Mr. Knorpp has been sole executor of the will, Mr. Brown having resigned as executor shortly after Mr. Finch's death.

ATHLETIC FIELD PROJECT O. K'D

President Roosevelt has designated \$13,246 under a WPA project to improve the Clarendon athletic field, according to a telegram received today by Mayor Tom Connally from Sen. Tom Connally of Washington.

Mr. Connally's telegram said: "President has designated W. P. A. project No. 50087 in amount \$13,246 to improve athletic field at Clarendon school grounds. Work includes excavating, grading and landscaping, construction wall, ticket boxes, gates and guard fence, demolishing old fence and performing incidental and appurtenant work. Project now eligible for operation at discretion of state work projects administrator."

Other routine business consisted of examining and approving the monthly reports of the following: Mrs. M. V. Thompson, county treasurer; Frank Kendall, justice of peace, precinct three; R. C. Weatherly, justice of peace, precinct two; Guy Pierce, sheriff; and J. W. Adamson, tax collector.

Five Donley 4-H Boys Back From Encampment

H. M. Breedlove, county agent, and five Donley County Boys returned this week from attending a 4-H Club encampment at Lake Marvin.

Donley boys attending were H. C. Shaw and F. G. Crawford of Hedley; Floyd Lewis and Johnny Leathers of Lelia Lake, and C. L. Garenor of Jericho.

Some 300 boys from the Panhandle attended the encampment. Four specialists of College Station were also present.

Former Clarendon Boy Is Elected To Office

J. W. Lyon, Jr. of Quitaque, and former Clarendon boy, was elected county attorney of Briscoe county, rolling up the largest majority of any county candidate.

Lyon is the grandson of the late Mrs. J. E. Lyon of Clarendon and the son of Mr. and Mrs. J. W. Lyon who lived here many years before moving to Quitaque.

Lyon received his law degree at Cumberland University at Lebanon, Tenn., and was admitted to the bar in December, 1937.

Miss Hazel Gilbert visited in Canyon the first of the week.

Sheriff Pierce Bemoans 'Bad Business' As His 'Hotel' Remains Empty

Sheriff Guy Pierce's "hotel" (county jail) is empty and the "bad business" during the past 30 days has set some kind of a record he believes.

Only once during the past month has the sheriff had a customer, and that one staying only overnight.

Sheriff Pierce, sitting on the front porch of his "hotel" in the cool evening breeze and mourning the slump in customers, recalled his first five years as

sheriff during which time he said he had an average of eight to twelve prisoners a day in his jail, and sometimes as high as twenty-four.

But during my last five years, he said, the jail business in Donley County has fallen off considerably. He said that he couldn't blame the slump on any one thing, but that conditions and changes in general had brought about the downward trend of business.

AMERICA CAN

Several weeks ago, as the passengers stepped out of a giant airliner that had just landed at the New York Municipal Airport, a group of newspaper men broke through the lines and rushed over to meet William S. Knudsen, who was on his way to Washington to take up his duties as a member of the National Defense Commission.

"Mr. Knudsen," one of the reporters asked, "do you think you will be able to produce the defense materials that the country needs?" "No, I can't," said Mr. Knudsen, "but America can."

THEY ENJOY LIFE

Punctuality is worth a fortune to those who realize its value. Others are forever poverty stricken for time because of the re-current feeling that, somehow, lost time can be made up. It can't. It can't.

The early risers enjoy life. Breakfast may be eaten in a leisurely fashion. The paper may be read with judicious selection. There's even time to plan the day's work. The early risers are that rich in time.

The tardy, on the other hand, are the unhappiest of mortals. For the theft of a few minutes from active preparation they must go tearing to their work. They must toil fearfully to make up or conceal their shortage in minutes.

Strangely enough, the tardy are the most amenable to discipline. Never being on time, they never get ahead sufficiently to lay plans for the future. They must be subservient to someone else. Seldom can they call their souls their own.

The old copybook stuff about the early bird and the worm does not appeal. But it is good business. Investing in activity the valuable moments which are wasted abed might change the whole day—if not a whole life.—Gulf Breeze.

SOUNDS UNLIKE OLD LINE PARTY PLATFORMS

If any Democrats or Republicans grow weary of the warm-over and re-hashed duplications of generalities, they might take notice of the following excerpts from another party platform: "We, the representatives of the National Prohibition Party, in convention assembled at Chicago, May 9, 1940, recognizing Almighty God as the source of all government, make the following declaration of principles and purposes: "We realize that permanent progress does not come merely by prohibiting certain things, but that prohibition of that which is evil must go hand in hand with the promotion of that which is good. Since all evils which are under-mining character stand in the way of such promotion they should be prohibited. Among these evils we name specifically the liquor traffic, harmful narcotics, commercialized gambling, indecent publications, debasing moving pictures and the block booking thereof, deceptive radio broadcasting, political graft, and injustices of all kinds. We commend the work of those combating these and other evils."

A voter could go much further and do a lot worse than support such a platform.

ARE WE INDOLENT, CARELESS, COWARDLY?

A people may prefer a free government, but if, from indolence, or carelessness, or cowardice, or want of public spirit, they are unequal to the exertions necessary for preserving it; if they will not fight for it when it is directly attacked; if they can be deluded by the artifices used to cheat them out of it; if by momentary discouragement, or temporary panic, or a fit of enthusiasm for an individual, they can be induced to lay their liberties at the feet even of a great man, or trust him with powers which enable him to subvert their institutions; in all these cases they are more or less unfit for liberty; and though it may be for their good to have had it even for a short time, they are unlikely long to enjoy it. —John Stuart Mill.

DO YOU WATCH YOUR FENDERS?

Long, long ago, a man from Detroit came to Washington in a beautiful new automobile. He drove about the country into Virginia and Maryland. At the end of a perfect day he slipped-up somehow and the car went off the shoulder of the road, knocked down a post, and carried it off on its fenders. Hasty examination showed only slight damage to the passengers. It was discovered that the post had traveled west and it was identified by the words which showed it to be the boundary marker between Maryland and the District of Columbia. It had moved forty feet over the border into the District of Columbia.

This incident might not have been noted except that some Maryland officials came along the next day and stuck the post up where they found it. Thus the invader came into neutral territory several years ago and changed a very important boundary line.

Later: The man from Detroit has owned many cars since that day. He holds up his hand and like a nice lawyer "does depose and solemnly swear that I became a safe and sound driver that day, due entirely to the fact I ever afterwards watched and paid careful attention to my fenders. I have driven more than 200 thousand miles since then and have never had a dent in them."

Moral: Watch your fenders and keep out the dents. It will mean that many of those 25 or 30 thousand persons marked for slaughter on the highways each year will escape injury, death—and even dents.

Tax Bills of Every Individual. National and International Happenings That Affected the Dinner Pails, Dividend Checks and Problems Inseparable From Local Welfares.

The pattern of Hitler's projected world revolution steadily becomes more clear. It is apparent to anyone that this is not a war in the traditional sense, in which Germany, if she wins, will be satisfied with reparations and colonies and economic power. What the Nazis obviously intend — despite their occasional protestations to the contrary — is the complete and final destruction of the British Empire, which for hundreds of years has held the balance of power in Europe and a large part of the rest of the world. And following that, if the Fuehrer's astounding frank Mein Kampf is to be believed, the rest of the democracies will receive similar treatment. Nowadays, the only democracies left, save England, are the American Republics. And of the United States possesses sufficient wealth, resources and potential armed strength to be a serious obstacle to the aims of National Socialism.

Men who were once close to Hitler have been describing what he plans if and when England falls, and the glittering Empire on which the sun sets crumbles away. They say that Hitler has no intention of launching an immediate military attack on the United States and the New World. If he did that, he would be courting disaster — the tactical obstacles in the way are gigantic, no matter how great his military and naval power. And Hitler and his highranking advisers seem to feel that the U. S. can be conquered simply and easily. First planned step, according to the reports, is to court U. S. good will, by offering us favorable economic agreements. This is designed to lessen our suspicions, and to create public opposition to spending more billions for national defense. At the same time, the Nazis, as quietly as possible, will carry on their economic penetration into Latin America. Next technique will be undercover work to create dissension within this country — to set group against group, race against race, class against class, and thus to make genuine national unity impossible. Nazi propaganda chief Goebbels and Nazi philosopher Rosenberg, judging by their speeches and writings, seem to believe that this can be done with little trouble. They have

Dick Shelton spent Sunday in Memphis.

Reba Garner of Sulphur, Oklahoma, spent this week here visiting June Power.

Ruby Tucker of Carlsbad, New Mexico, spent the week-end here with her mother, Mrs. J. R. Tucker.

Dick Shelton went to Amarillo Saturday to be with his sister who is recuperating from an operation in an Amarillo hospital. He was accompanied there by Miss Anita Meacham of Memphis.

Finally, if it becomes necessary, Hitler's great armed forces will attack us — depending largely upon internal unrest and disunity to make the job of his soldiers and sailors and airmen comparatively easy.

This may sound fantastic, but it seems to be the Nazi plan, and Hitler realizes that if he is to achieve a world revolution unprecedented in history, he must have allies. It must be admitted that he has so far been extremely successful in getting them. It was said for years that National Socialism would come a cropper when it ran into its old arch foe, communism. But today German-Russian relations are apparently of the best, and Soviet spokesmen have been denouncing the U. S. and England and praising the Reich. Italy was a world war ally — today she is Hitler's partner, and Fascist authorities have been extremely outspoken concerning Axis plans for dismembering England and giving the U. S. a dose of harsh economic medicine. Last, Japan — also a world war ally — seems to have gone Axis-ward whole hog. The new government is pro-Fascist, and 100 per cent anti-Democratic. English rights in the Far East are being ruthlessly abrogated, and Britain had to swallow a humiliating pill recently when she agreed to Japanese demands to close the Burma Road, principal source of supplies for beleaguered China. And Japanese-U. S. relations have rarely been in a worse state.

According to Nipponese authorities, Japan will pursue her "Asia for Asiatics" policy — a policy which is about as cruel and imperialistic as any in history — whether we like it or not. U. S. protests will not be seriously considered. And say the Japanese sword wavers, the Land of the Rising Sun will go to war with us if necessary. So far as Europe is concerned, Japan is solidly in favor of German-Italian plans and actions. American naval authorities have lately said that our navy could destroy the Japanese fleet in a few weeks in open warfare. But, if we went to war in the Pacific, the Atlantic would be wide open to the Axis, and we

OLIN CULBERSON SCORES HIS OPPONENT

WACO, August 14. National defense plans, raising of the truck load limit, making highways safe for traffic and unsafe for streamlined cattle rustlers are some of the things Olin Culberson, the consumer's candidate for railroad commissioner has talked about while my opponent has refused to discuss these problems, that candidate said here today.

"In regard to my opponent's efforts to tie himself to the coat tail of our popular governor, it is amusing that throughout the first primary, this man professed no friendship for Governor O'Daniel but just as soon as the votes in the governor's race were counted, my opponent immediately tried to hang on the kite tail in the hope that he might mislead our people and thereby avoid the defeat which seems certain. Also, I must remind the people that this is not the first time that this man has tried this trick. Two years ago, he was running for lieutenant governor and at that time he tried as now to make our people believe that the then governor elect had endorsed his candidacy for lieutenant governor. He even went so far in that instance that Governor O'Daniel was forced to repudiate him by endorsing his only opponent in order that the voters would not be deceived. I want it understood throughout Texas that I am running upon my own qualifications for Railroad Commissioner of Texas and upon the program which I have presented to the voters of this state. Frankly, I think that all of the friends of Governor O'Daniel resent the efforts of my opponent to use the name of the governor without authority in an effort to promote his political ambitions. I tender to the Governor and to all of our public officials my complete cooperation in an effort to solve the many problems facing our people, but in fairness to the Governor and to the people of Texas, I shall not make representations which are untrue in an effort to deceive and mislead," Culberson said.

Mr. and Mrs. Willis Lea and son, Ross Bowin of Dallas visited friends here Saturday.

Perryton's 21st Birthday Party Set Aug. 21

PERRYTON — There just ain't anything meaner than a wild brahma steer who has been turned astride his back, and when August 21-22 rolls around and this city celebrates its twenty-first birthday with every type of fun from rodeo to dance-rasslin'.

W. H. "Bill" Lance, chairman of entertainment for the two-day fiesta has announced every type of fun from carnivals, street parades, ball games, dances, attractions at Lake Fryer, receptions for the old timers, impromptu stunts, etc., to the rodeo classic.

Guest of honor this year, will be J. T. Fryer of St. Augustine, Florida who is returning to Perryton for the first time since 1915.

Bill Lance declares they have already arranged for more than 48 hours entertainment to crowd into two days of celebration.

ROADS FOLLOW TRAILS MADE BY BISON

Albuquerque, New Mexico — The bison, the Indians who lived off the immense herds, and the Spaniards who first explored the southwest have followed the same trails. So did those who came later and the railroads that followed them.

The great herds, numbering thousands upon thousands of animals, roamed the plains and moved with the seasons across the mountain ranges to the mesquitas and the valleys. The Indians trod these buffalo trails for centuries in search of food and shelter. The buffalo was a veritable storehouse; meat, bone, fat, hide, gut; the Indians used the carcass completely. The hides made excellent robes, tents and beds.

When Cabeza de Vaca crossed the continent the "hump-backed cows" made a strong impression on him. Year later, in 1539, came Fray Marcos de Niza and Francisco Vasquez Coronado — first Europeans to explore carefully the northern provinces of Mexico, now grouped in the general designation of "the southwest." Blazing his trail, which extend-

Nelson Eddy and Jeanette MacDonald in "New Moon"

ed from the west coast of Mexico north to Arizona, across New Mexico, Texas and Oklahoma into Kansas, Coronado followed the Indian trails and the paths made by the bison herds.

Nearly three centuries later other men were to follow the same routes, which became arteries of commerce and trade; the Santa Fe trail, the Stinson, Loving, Goodnight and Chisholm trails; the route of the trans-continental stages.

There were two main directions of travel, north and south along the valleys of the Pecos and the Rio Grande; east and west the way Coronado came; the way the railroads and U. S. 66 now run.

Explorers and pioneers have had something to say about the buffalo herds ever since the first European first saw them, brown and tawny islands in a sea of grass; or perhaps, grass islands in a sea of hump-backed animals.

Cabeza de Vaca, survivor of the Panfilo de Narvaez expedition to Florida, wandered for years across the country, sometimes as a slave; toward the end he had become a man of miracles and the Indians escorted him in awe from place to place as he tried to move ever south to Mexico. He amazed some people; the bison amazed him.

The states of New Mexico, Arizona, Colorado, Texas, Oklahoma and Kansas observe in 1940 and 1941 the 400th anniversary of the discoveries made by Coronado, who came in 1540, inspired by the tales told by Cabeza de Vaca and his companion when they finally reached Mexico City.

Roads and tracks now follow, in many instances, the routes laid out by the bison, who had an instinctive ability to find the easiest grades and the smoothest going. Thus the buffalo herds, the explorers and the railroads have something in common. They seek the easy routes, the gentlest grades. Coronado and the Indians did the same, because of that the route of the famous explorer is paralleled often by the tracks of the railroads.

Up and down the long valley of the Rio Grande, steel bands and long-zone marks of Coronado's horses run in the same direction. Santa Rosa, a railroad point of importance, was the crossing of the Coronado roads. The trail leads out from there, east and south to the plains of Texas; north in search of fabulous Quivira, land of gold; and back, west and northwest, when the army returned to winter camp near Albuquerque.

MELLINGER LEAVES ON VACATION TRIP

Isadore Mellinger left Tuesday on a vacation trip. He will visit Dallas, Fort Worth, Shreveport, New Orleans and other points south.

Visiting in the G. G. Reeves home are Mrs. Reeves' brother and wife, Mr. and Mrs. P. M. Self, and Mrs. Self's parents, Mr. and Mrs. W. A. Perkins all of Sacramento, California. They arrived Tuesday, August 6 and plan to stay another week.

Mr. and Mrs. Forrest McCreary and children returned home Sunday after a vacation trip to San Antonio.

WELLS WORKING 18 HOURS DAY CAMPAIGNING

From dawn to midnight, Deskins Wells, candidate for Congress, who led the primary ticket by 6,000 votes, has made speeches, greeted old friends, and attended reunions this week with the same energy and vigor that has characterized his whole campaign.

Wells, who is the only native born of the Panhandle in the race, expressed his thanks to the hundreds of friends who gave him such a substantial lead in the primary:

"I would like to personally thank as many as possible of the 15,373 men and women who so loyally supported me in the first primary and have been working 18 hours a day toward this aim."

In Wells' home county of Collingsworth he received over 81 per cent of the total vote.

Wells was born in Collingsworth County and has lived his entire 38 years here. Pointing out his great love for this section of the country, Wells said:

"In the stress and strain of Washington, a man who has ridden a cultivator in the blazing sun and milked cows in freezing weather will remember the conditions of the farmers in the Panhandle."

Wells has the unsolicited support of the Collingsworth County Agricultural Association, and showed a great strength in leading his nearest opponent in twenty-two of the twenty-eight counties.

MANY APPLY FOR BIRTH RECORD IN STATE

AUSTIN — "Patience should be exercised by those who have made application to the State Department of Health for a certified copy of their birth certificate, and have not yet received them," states Dr. Geo. W. Cox, State Health Officer.

"The Bureau of Vital Statistics is receiving an average of five hundred applications for birth certificate copies daily, and the number of personnel available in the Health Department to handle this flood of requests is grossly inadequate to meet the demands made. The files must be searched for each individual record and when it is found it is photostated for the applicant."

"The reason for this great increase in applications for birth certificate copies can be found to be due, in part, to the gravity of the international situation. Army and Navy recruits must have a certified copy of their birth certificates to be eligible to enter military service. All persons

connected with the radio broadcasting stations must have a copy of their birth certificates. Since a birth certificate is in reality the first citizenship paper of a baby born in these United States thousands are applying for this personal record as legal proof of citizenship," continues Dr. Cox.

Some other important uses of birth records are:

1. To prove that a child has reached school age.
1. To prove legal age to enter a profession or employment.
3. To prove legal age to marry without parental consent.
4. To determine the parents' liability for certain acts of their children.
5. As evidence in criminal cases involving age of consent.
6. As evidence to determine relations of guardians and wards.
7. To obtain passports and similar documents.
8. As evidence in the administration of estates, and in settlement of insurance and pensions.
9. As evidence in connection with jury service.
10. To prove age in determining the validity of contracts.
11. To prove or disprove consanguinity of kinship.
12. To secure old age pensions.
13. To prove age as qualifications for voting and holding

Secretary, Board of Trustees.

Mrs. O. W. Latson left Sunday for a visit with her sister in Mount Pleasant.

Ailene Rhodes spent Sunday in Bovina, visiting with her sister, Mrs. Glen Riley.

public office.

These are only a few of the valuable uses of birth certificates and it is small wonder that the citizenship is flooding the Health Department with requests for certified copies of this vital, important record. With the continued patient cooperation of those who are requesting certified copies, the State Health Department will furnish this service with the greatest possible dispatch," concluded Dr. Geo. W. Cox.

FOUR AMENDMENTS FACE VOTERS IN NOVEMBER

Voters of Texas will go to the polls in a special election November 5th to ballot on four proposed amendments to the state constitution. The four amendments in full are published in this week's issue of The News, this newspaper having been chosen by the Secretary of State to publish the amendments in Donley County.

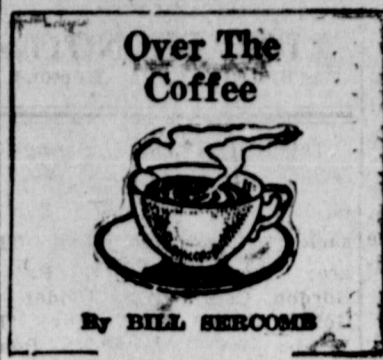

S. J. R. No. 6 proposes an amendment to Article 16, Section 30, of the Constitution limiting the duration of all offices not fixed by the Constitution to two years, shall not apply to appointive offices on all municipalities that are placed under the terms and provisions of Civil Service but the duration of such offices shall be governed by the election on the question of adoption or rejection of such amendment, making an appropriation therefor.

S. J. R. No. 4, proposing an amendment to Article V of the Constitution of the State of Texas giving the Legislature authority to provide for appeal direct to the Supreme Court in cases involving injunctions granted or denied on the grounds of constitutionality or unconstitutionality of any statute or on validity or administrative orders.

H. J. R. No. 45 which proposes an Amendment to Article 8, Section 9, of the Constitution of the State of Texas by adding a new Section thereto providing that the Commissioners Court of Red River County after a majority vote of the resident qualified electors owning taxable property therein shall have authority to levy a tax for purposes of refunding the outstanding warrant indebtedness of the General Fund of the County.

A complete text of all four amendments will be found on another page. The law requires that each be published four times.

Mr. and Mrs. Heckle Stark had as their house guest the past week her brother and wife, Mr. and Mrs. N. M. Patten and their little son, Billy Lester. Mr. Patten is general field superintendent for McMillan Petroleum Corporation of Long Beach, Calif.

Attorney General Mann has made a large number of speeches over the state during the past month, giving the voters an account of his tenure of office. Mr. Mann had no opponent during the first primary, and he was out to thank the people for their co-operation. It's a good bet that the aggressive Attorney General has his eyes on the Governorship of Texas, and this corner firmly believes he'll succeed O'Daniel.

Jerry is smart as a whip and a darn good politician. In fact, he was smart enough to be satisfied with the attorney general's job instead of jumping into the governor's race against O'Daniel. Mann evidently figured that he nor anyone else had a chance with O'Daniel in the field and chose to wait until 1942 or 1944 when perhaps O'Daniel would step out of the picture.

The weather is still warm enough that we can tell this old joke. Johnny, it seems, was strolling nonchalantly down the street when a local business man, just returning from his vacation, stopped him and asked, "How's your grandpa standing the heat?" Johnny replied, "Don't know yet, he's only been dead a week."

Remember folks, there are four mighty important offices to be filled in the run-off primary on Saturday, Aug. 24. Either Deck Wells of Wellington or Eugene Worley of Shamrock is going to congress; it'll be either Max Boyer or Grady Hazlewood who'll represent us folks down at Austin as state senator; it'll be either Olin Culberson or Pierce Brooks filling the important position of railroad commissioner; and it'll be either James Alexander or H. S. Lattimore sitting as chief justice of the state supreme court. Your vote may decide which one is which. By all means, do your duty as a citizen and vote on this date.

Speaking of voting, four constitutional amendments are printed in this issue of The News. These amendments to the state constitution will be voted upon in the general election in November. Every voter should read these amendments while they may see the full text of the provisions.

There is a lot of speculation as to what Vice President John Garner will do in the presidential election in November. Chances are that he will keep mum, as usual, and vote the Democratic ticket straight.

Mr. Hitler did us dirt. We predicted that he would subdue England by August 15 and our time's almost up and still Britain fights on. Hitler's not afraid of England — a mad man isn't afraid of anyone. Thus, we believe, Hitler has another plan he's carrying out which takes more time.

Hitler muffed his chance to bring England to her knees quickly when he had the English on the run in France. Had he invaded England at this time, he would perhaps have ended the war by now.

In the July primary approximately 1,500,000 votes were cast by the voters of Texas... the largest state in the union. This was a record vote, yet if all adults, exclusive of negroes, had voted the count would have been over 3,000,000. All of which would indicate that in the grand old state of Texas only about one-third of the adults exercise their right to vote. The voting strength of Texas, the largest state, is about the same as that of many smaller states, such as New Jersey.

Mr. and Mrs. O. C. Watson and son, George, returned Sunday from an extended trip to various points in Texas and Oklahoma. Accompanying them home were Mr. Watson's sister-in-law, Mrs. Pearl Watson and children, Winnie Aileen, Elizabeth and Jack all of McKinney and Mr. Watson's sister, Mrs. R. L. Mallow of Sanger.

Mr. and Mrs. Barcus Antrobus left Monday on a two weeks vacation trip to Eastland and San Antonio.

Miss Ann Hoddle of Brenham is spending the week-end with Anna Swift.

LIONS ENGAGE IN HECKLING MONTHLY PROGRAM CHAIRMEN'S HARRANGUE

No stump-speaking candidate ever got more hearty heckling than did monthly program chairman for the past year at the Clarendon Lions Club regular weekly luncheon Tuesday, when the program was given over to the business of deciding by vote the best month's program since August first, 1939.

To refresh the memories of the membership, each chairman made a presentation of the programs his committee offered during the month of its responsibility, and the battle was on. Voting committeemen questioned, heckled and bemoaned the speaker, and then suffered when their own time came, in like manner, but often in improved technique.

At the conclusion of the bedlam ballots were passed among the membership and each Lion voted for what he considered the top three committee's work of the year, in the order of their rating. From this composite voting, report will be made next Tuesday, and suitable prizes will go to the winning committee.

The new program committee for the year will take over next Tuesday under the chairmanship of Lion Marvin Warren.

Lattimore Endorsed By His Former Opponents

They say:

Dallas County: "I shall vote for Judge H. S. Lattimore because of his record as a Judge and as a man. He is a superb lawyer and an experienced and learned judge who works hard and writes clearly and forcibly. His life as a man proves him to be a good citizen who upholds the ideals of Texas."
—Richardson B. Humphrey, of Dallas.

Harris County: "I am voting for Judge H. S. Lattimore because, as a man, a lawyer and a jurist I believe him to be the better equipped man in the race for the high position of Chief Justice of the Supreme Court."
—John O. Douglas, of Houston.

Hidalgo County: "There are four particular reasons which determine my course in supporting Judge Lattimore." (The first three deal with Judge Lattimore's opponent). Fourth: "Your vote came primarily from the intelligent, responsible, uncontrolled, independent voters of the State. I find upon investigation among a great many of the men and women who voted for me, that most of them favor you over your opponent."
—Gordon Griffin, of McAllen.

Travis County: "The State Supreme Court needs a lawyer with democratic ideals, naturally endowed to be Chief Justice, and H. S. Lattimore is that in full."
—Jefferson G. Smith, of Austin. (His friends filed his name but he withdrew it before election date.)

Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

What is so rare as a day in August when no garden tasks call aloud for your care? One works so breathlessly there's hardly time to stop to enjoy the calm beauty of the month. Some of the terraces are defined by the Heavenly Blue Morning Glories which look as if the sky had been spilled down the hillside. The crepe Myrtles are exceptionally beautiful and more abundant than ever before in our town, the red ones at the Adair Hospital are very colorful. The lawns at the Allen Bryan and Will Lewis homes are perfectly kept. They are beautiful and restful in their many shades of green at the Ruddlel, Cornelius and Bob Hay homes.

There is not likely a spot of more majestic beauty than displayed by those massive cedars at Mrs. Benson's. There are numerous worthwhile glances that can be made at passing this lawn.

"The beauty of flowers is not all vain display; their healing powers have long been known to man." - Annie Carter.

LIBRARY NOTES

(By Mrs. C. A. Burton)

The small people among our readers got the Lion's share of our last lot of books - some such nice ones for them. They are: "Dog Nelson, A. B." by Gordon Campbell; "Yonder the Golden Gate," Ada Darby; "The Whales and the Ferry Boat," Josephine De Witt; "Honest John and Giddy," Walt Disney; "Little Elephant Comes to Town," Doris Estcourt; "Stories Told to Children," Michael Fairless; "Chips and Little Chips," Ruth Freeman; "Jimmy Flies," D. Heiderstadt; "Osa Johnson's Jungle Friends," Osa Johnson; "Children's Zoo," Lorna Lewis; "Porkey," James Lockhart; "Story of Columbus," Mora Chadwick; "Adella Mary in Old Mexico," Florence Means.

All of these stories are beautifully illustrated - the clever stories which the pictures tell must be seen to be appreciated. For instance, in "The Whale and the Ferryboat," Miss Dewitt tells us that Aurelius the baby whale, worried his poor mother as a father greatly - they couldn't understand why he wouldn't behave like other little whales. But poor Aurelius only wanted to have fun! And he finally thought himself out of trouble. This is one of the several. We have never had so many worthwhile stories for children at one time.

And here is the list of new ones for the rest of you: "Floor of Heaven," Sylvia Chatfield Bates; "Faundango," Robt. Briffault; "Watch for the Dawn," Sutarit Cloete; "Immortal Ease," Kathleen Coyle; "Dead Ned," John Masfield; "The Strickland," Edwin Laham; "Sister of the Angels," Elizabeth Goudge; "Days Before Lent," Hamilton Basso; "Recitations for Children," Stanstreet; "The Trees," Conrad Richter; "Look at Latin America," Gipson; "The Authentic Librette of the Gilbert and Sullivan Operas"; "Negro American Leaders," Jenness; "When the Storm God Rides," Florence Stratton; "Shining Cloud," Margaret Pedler; "The Ten Commandments," Deeping; "Thank You, Jeeves," P. C. Wodehouse; "Honeymoon Wife," Agnes Louisa Provost; "American Gun Mystery," Ellery Queen; "Curious Happenings to the Rooke Legatees," E. Phillips Oppenheim; "Salamina," Rockwell Kent. In addition to these, Mrs. Florence Hivaas gave us a copy of Hitler's Mein Kampf. Never have our readers seemed more appreciative of the library than this summer, and we have been so glad to be able to bring them many new books.

The book, "Look at Latin America" is a collection of photographs taken by Henry Clay Gipson and is very timely just now. Mr. Gipson traveled over 5,300 miles by land, sea, and air while compiling the book. These pictures, both in color, and black and white, have appeared in many periodicals, at galleries and museums throughout the country. One volume which I did not mention was "It Can Be Done. Poems of Inspiration," collected by Joseph Morris and St. Clair Adams. The poems in this volume are filled with the zeal of doing and the joy of living. The belief that what should be done can be done permeates each poem, gathered from Shakespeare on down through the ages to our own contemporaries. "Salamina," is the story of Rockwell Kent's years in Greenland. He started out to study architecture at Columbia, but gave it up for art, and today he is regarded as one of America's foremost artists. Probably his best painting has been done in Greenland for he found it an ideal place in which to work. The setting was amazingly beautiful and the natives became his close friends. "Salamina" is a true chronicle of many curious and romantic happenings in this remote and beautiful island world.

HEART ATTACK IS FATAL TO JACK HALL

His next venture was a mercantile business which he established near Clarendon. In 1898 he reentered the ranching business when he became assistant manager and bookkeeper for the old JA, where he worked six years.

The next years saw Mr. Hall as a cattleman, rancher and Potter County commissioner for three terms. As a member of the board of commissioners he

made arrangements for the purchase of land for the Northwest Texas Hospital.

He is survived by his wife, the former Ella Hewins Nay of Amarillo. They were married in 1904.

September 8 Set Aside For Prayer

HYDE PARK, N. Y. — President Roosevelt has set aside Sunday, September 9, as a day of prayer when Americans of every creed and denomination should ask God "to grant to this land and to the troubled world a righteous, enduring peace."

"When every succeeding day brings sad news of suffering and disaster abroad," he said in a proclamation, "we are especially conscious of the Divine Power," and "it is seemly that we should pray for God's blessing 'on our country and for the establishment of a just and permanent peace' among all nations."

The proclamation said in part: "The American heritage of individual freedom and of government deriving its power from the consent of the governed has from the time of the fathers of our republic been proudly transmitted to each succeeding generation..."

GRASSLAND WILL FEATURE FARM MEETING

COLLEGE STATION — Emphasis on a grassland agriculture will feature a five-state meeting of agriculturists scheduled for Amarillo on September 5 and 6. The meeting will be one of a series of grassland conferences held in the nation this summer.

Regional problems of seeding, adapting introduced grasses and improving native grasses, range management, and the raising of nutritional levels of grasses will be discussed.

Under-secretary of Agriculture Grover B. Hill is expected to conduct the session devoted to range grass problems and M. L. Wilson, federal director of the Extension Service, will speak on "Grass and Man."

The meeting will bring together farm leaders, ranchers, and representatives of the land-grant colleges, the experiment stations, state extension services and the various agencies of the U. S. Department of Agriculture to discuss the problem raised by Secretary of Agriculture Wallace:

"Now we are beginning to see the weaknesses of an agriculture stripped of grass. More and more we are turning in thought and practice toward an agriculture in which grass will act as a great balance wheel and stabilizer to prevent gluts of other crops — to save soil from destruction — to build up a reserve of nutrients and moisture in the soil, ready for any future emergency — to create a more prosperous livestock industry — and finally to contribute to the health of large numbers of our people through better nutrition."

The conference is sponsored by the Southern Great Plains Agricultural Council. The program chairman is R. I. Throckmorton, professor in agronomy at Kansas State College.

Neil Wright, printer in the Clarendon News office, planted some Gourd vine seed last spring beside the building in back of the News office. During his spare moments Neil kept the plant well watered and watched over it like a mother cat would her kittens.

Day by day the plant kept growing, and today it has covered almost one side of the back part of the building and has climbed almost to the top of the building.

HAZLEWOOD SETS BUSY SCHEDULE FOR WEEK

Grady Hazlewood, candidate for state senator, was laying plans for a busy week in the field. "There are several towns I have not had a chance to visit, but I'm going to make them before it is over," he said.

Grady Hazlewood will speak over radio station KGNC Saturday, August 17, at 6:45 A. M.

man's campaign at that, has made this impossible so far. I want to visit several towns on the north plains the first of next week. This coming Saturday I will visit Wheeler, Shamrock, Wellington, and Childress. "The big foreign major natural gas companies, and certain big oil corporations are spending a lot of money to defeat me; but the people have taken up my banner in a grand way and I can never thank them enough. It looks like a case of these big gas and oil corporations against the average men and women everywhere. If you will but check the election returns, you will see that is exactly the cast — just look and see where I didn't get any votes at all."

NEW FFA WORK PLAN WILL BE FOLLOWED

A new procedure will be followed in vocational agriculture instruction this year, according to J. R. Gillham, V. A. Instructor, who has just returned from state V. A. Teachers Conference. State supervisors are asking that emphasis be placed on notebook work this year. As a result of this instruction, local V. A. students will be required to complete only one project per year during their first year of vocational work. Notebook and classroom work will be emphasized more than in past years, and less time will be spent on field trips.

F. F. A. meetings, leadership events, banquets, and contests will continue to receive a good deal of emphasis. Plans are being made to hold all FFA Father-Son Banquets on the same night this year and to invite the president to speak to the group over a national radio hookup.

J. R. Gillham, loyal FFA instructor, was initiated into the MU Chapter of the Alpha Tau Alpha, national fraternity for outstanding teachers of vocational agriculture, during the chapter's annual meeting held at Bryan Friday, August 9th.

FARMERS TEACH AGRICULTURAL SESSIONS

COLLEGE STATION. — More than 450 Texas vocational agriculture teachers have a better knowledge of what the farmers are needing to know as a result of the farmers doing the teaching at the State wide Conference for teachers and farmers held on the Texas Agricultural and Mechanical College campus here.

Ten of the speakers who conducted classes for the regular teachers were bona fide farmers and ranchers, large and small. Subjects under discussion included: Agricultural Economics from the Farmer's Point of View; The Danevang Farmer Co. operatives; The Farmer and the Rural Electrification Administration; Developing District Programs for Soil and Water Conservation; Land Use Planning as the Farmer Sees It; Getting Young Men Established in Farming; Problems and Policies for the Agricultural Adjustment Administration.

R. A. Manire, director of vocational agriculture of Texas, stressed the administrative problems and policies, but it was his idea of having farmers to tell the teachers what the farmers want to know so that teachers may "find out more about farmer thinking."

Dr. T. O. Walton, president of A. & M. College, welcomed the visitors and pointed out that "education has not kept pace with science, so we must speed up education so the people may enjoy benefits to be derived from the work of our scientists." Visiting farmer teachers included Walter Hammond, Tye; Peter Harton, Danevang; Romeo Korth, Eceto; Luke Ballard, R.

LATTIMER ARTICLE IS TERMED AS MISLEADING

Lotta Bourland of Ft. Worth wrote a letter to the Clarendon News this week calling attention to the misleading statements appearing in an article run in last week's issue.

Miss Bourland said that the story knocking Judge Lattimore, candidate for chief justice of the state supreme court, contained many misleading statements.

Her letter is as follows: "I read the article in the Clarendon News last week concerning Judge Alexander's visit there. Needless to say, I was somewhat disturbed at the contents, however the same thing is being said and printed by him and his supporters. That is, that Judge Lattimore is not the late O. S. Lattimore and insinuating that H. S. Lattimore is more or less a 'dark horse'; Judge H. S. Lattimore has never pretended to be anybody else. The article, and also a form letter which has been sent out, leaves the impression that he, Judge Lattimore, has had no judicial experience. Whereas, he served one unexpired term, being appointed to that office in 1923 as district judge here, and then was elected to that office two succeeding terms. He was then elected Associate Justice of the Court of Civil Appeals for this Second Supreme Judicial District, Fort Worth, and resigned voluntarily in 1935 to re-enter private practice. It goes without saying that he is well qualified for the position which he is seeking."

Elditor's note: Your attention is called to the advertisement in this issue of the News which points out the reasons why many citizens are backing Judge Lattimore.

King And Queen Of Song Coming In "New Moon"

Together for the sixth time, Jeanette MacDonald and Nelson Eddy add to their prestige as the screen's favorite romantic team in "New Moon," coming to the Pastime Theatre at the Saturday prevue, Sunday and Monday.

Set against the colorful background of 1780 New Orleans, the plot sketches the story of a lady of noble French birth and a man who masquerading as a bondsman, manages to elude the guillotine by dropping his official title as the Duc de Villiers. His dream of a republican form of government is realized when, cast upon the shores of an inland remote from shipping lanes, he sets up a community with the members of his shipwrecked crew and the passengers of the boat, "New Moon" which he and his men seized from New Orleans to the island and is replete with many romantic as well as comedy situations.

The varied musical score by Sigmund Romberg is one of the finest ever presented in a MacDonald-Eddy musical. Miss MacDonald's solos include the famous "Lover Come Back to Me," "One Kiss," "Paree" and "Rondelet." Together with Eddy she sings "Wanting You," while the "Largo" number is sung by Miss MacDonald with a choir. Eddy's songs include "Softly As in a Morning Sunrise," "Stout Hearted Men" and "Shoe Shine Song," and a male quartet renders the hitting "Marianne." The musical numbers were recorded under the direction of Herbert Stothart.
