## FATHER-SON BANQUET TUESDAY NIGHT

### F. F. A. BOYS BUY FINE BERKSHIRE PIGS FOR HERD

**ALMOST \$250 REQUIRED FOR PURCHASE OF THE ANIMALS BY CLUB**

Clarendon F. F. A. youths added two new herdsires to their already imposing group of herdsires this week with purchases of Chester White and Berkshire boars. The Chester White boar is sired by the world champion Chester White Boar "Star King", the boar that sired the grand champion barrow at the last two state fairs, of Texas, the last two American Royal Shows, and the last International Livestock Show.

Two littermates of the Chester boar have been recently shipped to California for service there.

The Berkshire boar is a littermate to the champion Berkshire barrow at the Texas and Oklahoma State Fairs and is sired by the champion barrow of the 1940 Oklahoma State Fair.

The boars cost the club boys \$120 and \$125 respectively which cost is being met through cash prizes won by the local F. F. A. Chapter in swine production work with a certain amount of aid from the Clarendon Lions Club.

The boys realized that the investment on the boars was high but they intend to carry the work on the same high standard in these breeds as in the Hampshire, Duroc, and Poland breeds where they have secured world champion bloodlines from stock furnished them by Ballew's Hampshire Farm, Bagby and Mayfield's Duroc Farms, and Carl Morris' and Tierra Blanca Poland herds.

The boars will be open for service to the public and the service fee will be \$3 payable in advance, and ten cents per day for caring for sow if left over one day. The Chapter's Duroc, Poland China, Berkshire, and Chester White boars will each be stationed at the herdshire pens, south of Clarendon.

### LIONS LUNCHEON CALLED OFF FOR NEXT TUESDAY

Members of the Clarendon Lions Club voted to not hold their regular weekly luncheon next Tuesday and all members attend the Father-Son banquet.

Nelda Sue Burton and Lewis Chamberlain gave two musical numbers as highlights of the program. They were accompanied by Mrs. Allen Bryan at the piano.

The next regular meeting will be held Tuesday, December 2, it was announced.

### NOVEMBER 27, 28 SET FOR PUBLIC SCHOOL HOLIDAY

Clarendon Public Schools will observe Thanksgiving Thursday and Friday, November 27, 28, it was announced today by board president, O. C. Watson.

Consideration of a change in dates to this Thursday and Friday, in order to give local teachers an opportunity to attend the state teachers meeting, was dropped upon recommendation of school superintendent H. T. Burton who pointed out that confusion would arise because the dates had been scheduled in the catalogue.

### PASTIME THEATER WILL HAVE CHRISTMAS PARTY

The Pastime Theatre will again play Santa Claus to Donley County children with a free picture show and gifts the day before Christmas, December 24. Manager Lee Bell, announced this week.

The program is scheduled for 10 o'clock in the morning and will feature a Raggedy Ann story, Bell said.

### Complete Program For The United Thanksgiving Services At First Presbyterian Church Released

The complete program for the union Thanksgiving service of Clarendon Churches, to be held at the First Presbyterian Church Wednesday night at 7:30 o'clock was announced today by the Rev. M. M. Miller of the Presbyterian Church.

The Rev. Frank M. Hutchins, Rector of the St. John's Episcopal Church, will deliver the sermon and special music will be

### Hubert L. Campbell Killed At Grade Crossing In California

Hubert L. Campbell, husband of the former Dorothy White of Clarendon, was killed suddenly Tuesday about noon at a grade crossing near Victorville, California, when his car was struck by a train.

Campbell, who was a branch manager for the Bank of America at Victorville, was making a short trip in the interest of his bank when the accident occurred. A long time resident of Los

### Christmas Decorations Contest For Business Firms And Resident Announced This Week By C. Of C.

The annual Christmas decorations contest for Clarendon businesshouses and residences will again be held this year, it was announced today by J. R. Gillham, secretary of the Chamber of Commerce.

Gillham's announcement came after a Chamber of Commerce board meeting Tuesday night at which time it was decided to again sponsor the event.

Prizes in the contest are circulating loving cups and becomes the permanent possession of anyone winning three times.

The Bryan Clothing Company may secure possession of the businesshouse cup by winning this year as they placed first in 1939 and 1940. Mellinger &

### YEARLY MIXUP ON THANKSGIVING IS AT HAND TODAY

For Government agencies and the postoffice department today was Thanksgiving but for the citizens at large and school children it was just another day.

Today while loafing around home, or whatever they chose for their holiday pleasure, Government employees could grin at the working people. But next Thursday the grin will be on the other side when today's lucky ones have to work in an almost deserted town.

The banks, of course, have it over all for they will observe both today and next Thursday also.

This is the last year of the holiday mixup, however, as in 1941 the entire nation will go back to the good old puritan way of celebrating Thanksgiving.

### Weather

Thermometer readings hit a new low for the year last night when a northerly wind drove the mercury to 25 degrees, seven below freezing. A heavy frost accompanied the cold snap.

Tuesday was the warmest day of the week when a maximum of 53 degrees was reached.

### Host Pastor

The Rev. M. M. Miller of the First Presbyterian Church of Clarendon who will be guest minister of the United Thanksgiving services which will be held in his Church Wednesday night, November 26.

### F. E. CARAWAY IS NAMED COMMANDER OF LEGION ZONE

CLARENDON MAN ELECTED HEAD OF FOURTH ZONE IN DALHART MEETING

F. E. Caraway of Clarendon was elected Commander of the Fourth-Zone at the 18th District of Texas and Texas-Oklahoma Panhandle Plains Association of the American Legion and Auxiliary convention in Dalhart Sunday.

The Fourth-Zone includes Clarendon, Hedley Claude, Turkey, Wheeler and Shamrock.

Over 250 delegates attended the convention and endorsed Charlie Maisell, Phillips for commander of the Department of Texas next year.

Caraway's election resulted from his outstanding work in the local post and the entire 18th District.

Others attending the convention from here were Dick Chund, Tom Tucker and Mrs. F. E. Caraway.

Borger was awarded the next convention.

### ALL METHODIST MINISTERS ARE RETURNED HERE

BIG SPRING CONFERENCE CONTINUES PALMER, QUATTLEBAUM AND WILLARD

When Bishop Ivan Lee Holt read the appointments Sunday afternoon at the closing session of the Northwest Texas Methodist conference, all local ministers of the Methodist church were returned here for another year.

Dr. G. T. Palmer will begin his fourth year as district superintendent of the Clarendon district; Rev. J. O. Quattlebaum, Jr., will serve his second year as pastor of the First Methodist Church, while Rev. Vernon Willard will begin his first full year as pastor of the Clarendon circuit.

These assignments are generally pleasing to the church and community, the Bishop having been cited by resolution of the board of the local church for the return of the pastor and district superintendent.

At the organization meeting of the new board of stewards Monday evening at the First Methodist Church, J. R. Porter was named chairman G. G. Reeves, vice-chairman and J. T. Patman was continued as secretary-treasurer. Pledges from the membership to cover the budget will be taken in the next two weeks.

Mr. and Mrs. Will Johnson spent the weekend with relatives in Portales, New Mexico.

### REV. A. L. LOFTIN TO PREACH AT BAPTIST CHURCH SUNDAY

The Rev. A. L. Loftin of Esteline will fill the pulpit at the First Baptist Church in Clarendon Sunday, it was announced today.

Rev. Butler will preach both the Sunday morning and Sunday evening sermons.

### BRONCHOS DROP FINAL 31 TO 0 TO McLEAN

PONIES OUTPLAY TIGERS DURING ENTIRE GAME; LEAD IN FIRST DOWNS

The Clarendon High School Bronchos closed their season Friday night when they dropped their last conference game to the smashing McLean tigers 0 to 31.

Playing doggedly throughout the contest the Bronchos offered several scoring threats but were never able to push across a counter.

Clarendon clearly outplayed the Tigers in the first quarter, twice getting inside the McLean 10-yard line where the Tiger defense rose up and held.

McLean finally scored in the second quarter when Lee romped 35 yards on two plays and then Cook passed to Wright for the touchdown.

Before the half ended Cook slipped away from a gang of tacklers and romped 60 yards for a touchdown.

Clarendon again showed surprising power in the third quarter but in the fourth they faded and Cook passed to Lee and Dyer and Dwight went over. Lee came back with a pass good for 40 yards and a touchdown and Cook ran 50 yards for another score before the final whistle.

The Bronchos added up thirteen first downs to McLean's eleven.

The line up for Clarendon: Thornberry and Taylor, ends; Wardlow and Clark, tackles; White and Gregory, guards; Spencer, center; Adams, quarter; May and Shaw, halves; Allison, Fullback.

### M. L. TUCKER IS BURIED HERE THURSDAY

FORMER CLARENDON MAN DIES SUDDENLY AT HIS HOME IN CARROLLTON

Funeral services for M. L. Tucker, former Clarendon resident who died suddenly at his home in Carrollton Texas, were held at the First Methodist Church today with the Rev. J. O. Quattlebaum, Methodist pastor, officiating.

Mr. Tucker, a world war veteran and member of the American Legion, was in the contracting business in Carrollton. He was born in Dublin, Texas, February 2, 1891.

Survivors include four sisters, Mrs. Myrtle Reed of Clarendon, Mrs. Watson Duffie of Eldorado, Oklahoma, Miss Eula Tucker of Gallop N. M. and Miss Viola Tucker of Port Worth; and two brothers, W. E. Tucker of Canyon and J. W. Tucker of Turkey.

### MRS. VAN KENNEDY INJURED IN AUTO COLLISION

Mrs. Van Kennedy received a painful ankle injury Sunday when the car she was riding in with her husband and family was in an automobile collision south of Clarendon.

Ira Smith, driver of the other car, and his family were not injured.

Van Kennedy, Cashier of the Farmers State Bank, said this morning that Mrs. Kennedy's injury was not serious.

The cars were not heavily damaged.

Granting of this favor will be highly appreciated.

### FORMER PIONEER OF CLARENDON DIES IN AMARILLO

SERVICES FOR MRS. W. M. SPARKS HELD IN AMARILLO FRIDAY

Funeral services for Mrs. W. M. Sparks, 72, of Amarillo and one time pioneer resident of Clarendon, were held at the Blackburn-Shaw funeral chapel in Amarillo Friday afternoon.

Burial was in the Clarendon cemetery where graveside rites were performed.

Mrs. Sparks was born in February, 1869 and moved to Clarendon from Jericho with her family in 1897 when the railroad was built through here.

Upon the death of her husband, William Monroe Sparks in Clarendon in 1917, she moved to Amarillo where she has been residing since that time.

Surviving Mrs. Sparks are three sons, William Leo and Omar S. of Amarillo; and Guy of the Panama Canal Zone; and three daughters, Mrs. Jack Wilkinson of Pampa, Mrs. Zorad Conner of Amarillo and Mrs. W. G. Caldwell of Perryton.

Mr. and Mrs. Marvin Warren spent Sunday in Pampa with Mrs. Warren's brother, Mr. and Mrs. Earl Smith.

### Donley County Red Cross Roll Call Is Disappointingly Slow

Donley County's reaction to the annual Red Cross roll call which opened here November 11, is highly disappointing, Laverne McMurry, chairman, said today.

"During these trying times when we should all work together it is very depressing to think that Donley County may fall far short their quota of 900 members," Miss McMurry said.

Then voicing a note of optimism Miss McMurry said that it is possible the local workers "have

### Thanksgiving Proclamation

The Pilgrim Fathers, after bounteous crops in their new homes in 1608, issued a proclamation calling all inhabitants to meet and publicly give thanks to an All Wise Father, who had so wonderfully blessed their efforts as they settled in this new and untried land.

This was the beginning of Public Thanks Giving in America. This custom was continued by the early settlers each year, until this country became the UNITED STATES of America; then the first president of the United States, George Washington, in 1789, issued his first Thanksgiving proclamation, calling on all the people to meet and give thanks on the fourth Thursday in November.

In keeping with that honored and benevolent custom, and to remind the people of Clarendon, of the many blessings and privileges that we have enjoyed in the year just passed,

Therefore, I, Tom F. Connally, Mayor of Clarendon, do hereby call on our people in every walk of life, to give thanks for these privileges, and do, set aside, and designate Thursday, November 27th, 1941, as a day of Thanks Giving; and to prove our loyalty to our Country, to our neighbors, and to God, that we are really thankful let us make some contribution to those among us, who by reason of adverse circumstances, are not so well situated as we.

Given under my hand and seal of office, at the City Hall in Clarendon Texas, this the 17th day of November 1941.

**TOM F. CONNALLY,**  
Mayor of Clarendon, Texas

### FRANCHER UPSHAW IS CHOSEN FOR MAIN SPEAKER

AT LEAST 200 EXPECTED FOR YEARLY DINNER AT CHRISTIAN CHURCH

Over 200 fathers and their sons are expected to gather in the basement of the First Christian Church Tuesday evening, November 25, for their annual Father-Son banquet.

The program will open at 7:30 o'clock with America being sung in unison.

Francher Upshaw, well-known after dinner speaker of Amarillo will highlight the program with the principal address. Other speakers will include Tommy Goodner, W. H. Patrick, and Clarendon school superintendent H. T. Burton.

Billy Jack and G. D. Shelley will be on the program with a special musical number and the Harmon's High School Orchestra will entertain during the evening.

The Rev. Frank L. Hutchins, M. A., Episcopal Rector will give the invocation. Announcements and election of officers will follow Mr. Upshaw's address.

Billy Ralph Andis is president of the organization, the Rev. M. M. Miller, vice-president and Clyde Douglas, Jr., Lewis Chamberlain, Charles Lowry and Guy Wright, directors.

### J. EDLEY CRABTREE IS POTTER COUNTY AGENT

J. Edley Crabtree, former Clarendon boy, assumed his new duties this week as agriculture agent of Potter County.

Mr. Crabtree went to Amarillo from Dalhart. Previous to being stationed there he served in Hartley and Sherman counties.

Carl Morris, student at Texas A. & M. College, spent the weekend here with his parents, Mr. and Mrs. Cap Morris.

## Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual National and International Problems Inseparable From Local Welfare.

The President's address to the International Labor Organization which was attended by 250 delegates from some 35 nations, was not as direct and as aggressive as some had hoped. In language very similar to that he has used in the past, he again condemned what he termed the misguided few in the ranks of industry and labor "who place personal advantage above the welfare of the nation." Perhaps the most telling sentence was that in which he spoke of those who use their power "to force acceptance of their demands, rather than use the established machinery of mediation of industrial disputes." That certainly fits a good many labor leaders these days.

A great many authorities are convinced that labor is this country's Number 1 defense problem now. Cases where industry has refused to cooperate with the government and accept the findings of arbitration boards, are few and minor. Cases where labor has taken that attitude are many and major. It is probably true that the bulk of workers are willing and eager to do their share and accept arbitration. But the fact remains that a number of labor leaders in key positions are working on the "whole hog or none" principle and seem to think nothing of virtually defying the government unless they get their own way. These leaders are in a position to call strikes which could bring the defense program to an absolute stop.

It should be kept in mind that the majority of recent important labor disputes have not concerned questions of wages, working hours or working conditions. In some instances they have simply been disputes between the two major labor unions—A. F. of L. carpenters, as a theoretical example, may refuse to handle lumber cut by C. I. O. workers, and vice versa. The strike which delayed production for some time in a factory making transmissions for tanks, trucks and other military vehicles, was of this character.

Other strikes have revolved around the closed shop issue. There is no question but what the big labor leaders have as their goal a 100 percent union shop—a shop where no man can hold a job unless he joins and

pays dues to a union. Strikes have been called or threatened in plants which pay the union scale or better, simply because non-union men were employed along with union men. All available evidence indicates that the public is overwhelmingly opposed to a closed shop—the latest Gallup poll, for instance, showed that those queried were more than 70 percent against it—but the union drive to achieve it goes steadily on.

Biggest labor trouble yet is the threatened strike of railroad operating brotherhoods. In this case a question of wages was involved. The union made demands for a 30 per cent blanket wage increase. That, according to the carriers, would have meant an additional wage cost of \$900,000,000 a year. The labor spokesmen disputed this, and placed the cost at \$600,000,000. Which ever figure is right, the financial cost to the carriers would be several times as great as their total net income in any late year. It would be substantially greater than their anticipated net profit for 1941, which is a year of abnormally high earnings due to the vast volume of defense shipments.

The President delayed the strike by submitting the controversy to an emergency arbitration board made up of men with solid reputations for fairness and integrity in labor mediation work. The board gave the unions an increase of 7-12 per cent, which, it is estimated, would cost the railroads \$270,000,000 a year. The carriers at once accepted the findings even though, their spokesmen said, they regarded the increase as an excessively heavy burden on the lines. One day later the leaders of the five operating railway brotherhoods rejected the plan flatly, and called for a nationwide railroad strike beginning December 5.

Anyone can imagine what such a strike would do to this country. Transportation is the very backbone of defense, to say nothing of normal trade and commerce. Steel, lumber, aluminum, food, wire, chemicals—all the thousand and one things which are needed for arms production—could not be moved. Key munitions, airplane and tank factories obtain their raw materials from other plants hundreds and thou-

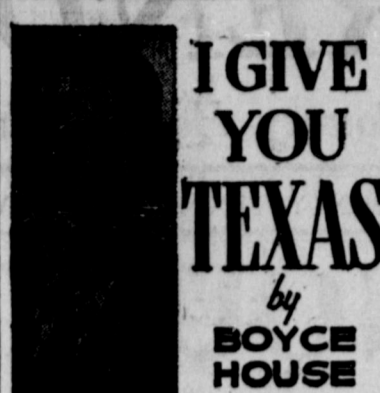

sands of miles distant. No other kind of carrier is in a position to transport more than a fractional part of this gigantic load. If the railroads stop, national defense stops.

We will know soon what is to happen. No other strike of such magnitude and such infinite importance has been threatened. Here is a case where the leaders of 350,000 already highly paid key workers in an absolutely basic industry have refused a handsome wage increase made by an official board which no one could accuse of being "anti-labor." The labor issue moves swiftly on to the climactic stage.

Repeal of the principal provisions of the Neutrality Act—those forbidding American merchant ships to be armed and to enter belligerent waters—was certain from the beginning.

The shooting war has started. And now the important thing, as the President said, is who fires the last shot.

Mr. and Mrs. Al Word are the parents of a daughter born Thursday at the Adair Hospital.

I never visit Laredo but what I remember it as it was when I first saw it, in November of 1920. Upon alighting from the I. & G. N. train, the traveler found out what had happened to a goodly portion of the hacks over the United States that had been displaced by taxis, for a line of 25 frayed carriages drawn by sad nags was in waiting, each with a shouting Mexican driver. The principal streets were not paved but there were stepping stones at the intersections and the drivers of carriages and of clivvers would stop and let the

pedestrian escape being splattered with mud and water.

There were orange trees and exotic blooms and you heard Spanish on all sides—even from the motormen and the policemen. There were more signs in Spanish than in English; and a soda dispenser, after filling your order (which you'd given in English) would resume his conversation with friends in Spanish.

It was all very picturesque—but it made one who was young and far from home feel very lonesome. For three days the weather did its best to add to the feeling of depression for: a slow, cold drizzle fell. One who was seeking sunshine in which to build up his strength was bound to think longingly, under such circumstances, of the little town of Cotulla—halfway between San Antonio and Laredo—where the train had stopped and all the passengers hurried over to a long table in the hotel and sat down to a meal of bountiful proportions.

And so it is hardly to be wondered at that I retraced my journey as far as Cotulla and spent

a winter there.

Laredo has changed greatly in 21 years. Can it really be that 21 full years have passed since then? Streets are paved; hacks have disappeared; coffee shops and hotel rooms are air-conditioned; stores are modern; but there is still the atmosphere of romance—dark-eyed senoritas, musical Spanish, vendors with trays of queer candy, lovely parks, and just below the city (now twice the population of 1920) rolls the Rio Grande and on the other side is a foreign land.

The postoffice Department in Washington was looking up titles in Baton Rouge, La., with the idea of securing a site for a new Postoffice. The favored site looked good but the title was guaranteed only as far back as 1803. That would satisfy most of us; but the Government is particular; so the Department demanded that the title be traced back to the source, regardless.

In due course the explanation arrived, signed by the attorney for the owners of the land: "Please be advised that the Gov-

ernment of France in the year 1803 acquired title from the Government of Spain, which government acquired title by discovery of one Christopher Columbus, traveler and explorer, a resident of Genoa, Italy, who (by agreement concerning the acquisition of title to any lands discovered) traveled and explored under the sponsorship and patronage of her majesty, the Queen of Spain. The Queen of Spain had verified her arrangement and received the sanction of her title by consent of the Pope, a resident of Rome, Italy, an ex-officio representative and vice regent of Jesus Christ. Jesus Christ was Son and Heir Apparent of God. God made Louisiana. I trust this complies with your request."

The Government accepted the title. (Clipped from Exchange).

Mrs. Clinton Henry, formerly of this city and now of Pampa, visited with friends here Saturday.

Mrs. Ralph Randel of Panhandle visited here with friends Saturday.

## THIS BUSINESS OF Living

BY SUSAN THAYER

### "They Might Come In Handy"

We've always been good at saving things—we women. Those old coats in the hall closet—that box of buttons frugally cut from blouses and shirts before we turned them into mop rags—even those pieces of string and folded paper in the kitchen drawer. Sometimes the family has made fun of us for hanging on to things because, as we said, some day they "might come in handy." The children growing up in an age of plenty have shaken their heads over us; and our husbands, used to the larger ways of business, have been amused.

But now and in the months to come no one is likely to ridicule our little piles of savings. Already "they're coming in handy," as industry begins to scrape the bottom of the storage space where there has always been such an abundance of metal—of paper—of rubber—of lumber and oil. Plans are under way to make house-to-house collections of old materials for industrial use and individuals are beginning to rescue things out of the attic instead of always going downtown to buy something new.

America has always been a land of plenty; plenty of space, plenty of raw materials, plenty of machines and skill and men. But today America is faced with a task greater than any she has ever undertaken. Today she is arming to the teeth in order that she may be invincible herself and at the same time is producing millions of dollars worth of arms for those countries fighting for the things we believe in. For the first time in our history we are using our plenty to the limit.

Women have always played a part of importance in this free world, but today, with our defense effort rising to new heights, we're going to be called upon to play a still more important part. It won't be spectacular. We won't get any medals for what we must do but it will be essential. It's up to us to get along cheerfully with many fewer commodities than we've been used to... to stretch incomes cut into sharply by de-

fense taxes... to save not only string and old coats but food and newspapers and fuel and a hundred other things of daily use. Finally, by our own faith and courage, it's up to us to keep the morale of the country strong and resilient. For you see, the time has come at last when the things that we, as simple housewives, can do for the nation itself will come in very handy.

### LITTER IN FIELD BREEDS FLIES

COLLEGE STATION—Litter left in the fields after threshing should be plowed under quickly to prevent breeding of stable or "dog" flies. According to Cameron Siddall, entomologist of A. and M.

Small stems which ferment when wet is one of the principal breeding places for the stable fly in Texas.

The painful bite, or sting, of the stable fly causes pain and worry to livestock. During severe outbreaks their bloodsucking weakens animals and it is believed they contribute to transmitting certain livestock diseases. Dairymen report that fly attacks sometimes cut milk yield by as much as 40 percent or more, and horses and mules often lose 10 to 15 percent in weight during heavy infestation.

### TERRACING PROGRAM AIM IS 25,518 MILES

COLLEGE STATION—A terracing program of 25,518 miles of standard terraces is the goal of Texas farmers under the 1942 AAA farm program, according to Fred Rennels, assistant administrative officer in charge of the Texas AAA.

The extensive terracing program will be made possible by the conservation services or purchase order plan of the AAA program, he explained. The cost of terracing, established at a basic fair price for farms in a county, may be deducted from future AAA payments.

## DO YOU KNOW TEXAS?

By Garland Adair

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

Memorable Passage—"It, of course, is everyone's duty to love his Country. But he must know his Country in order to love it as he should. Whether he be plumber, farmer, doctor, lawyer, teacher, merchant, or minister, he will be better one and of greater honor to a free citizenship if he knows and loves his State and Nation."—Ben B. Hunt.

Q. Does Texas have a state museum?

A. Yes. The Texas Memorial Museum located on the campus of the University of Texas is a state museum and is maintained as such with funds appropriated by the legislature. Dr. E. H. Sellards is director.

Civic Pride: Rosebud, Texas, points with particular pride to the fact that there is a rosebush in every Rosebud yard.

Q. When did Elizabeth Ney, sculptor of renown, move to Austin?

A. In 1892.

Q. Are there any records of punishment or discipline being meted out to soldiers during the Texas Revolution?

A. Bascom Giles, Commissioner of the General Land Office, answers this question by referring to the muster rolls of the Army of the Republic. In one instance, Commissioner Giles points out, a soldier was sentenced to wear a ball and chain for three months. In another court martial a soldier was sentenced to wear a ball and chain for three months. In another court martial a soldier was sentenced to death, but the penalty was commuted to imprisonment at hard labor, and the soldier forfeited any and all claims against the government.

Q. Who was the last Texas governor to wear whiskers?

A. Governor Tom Campbell who served from 1907-1911.

The great Commoner:—William Jennings Bryan resided on a ranch near Mission, Texas, at one time. When he ran for president he was accorded votes in every county in the United States except Hidalgo county. "I bought a ranch there so I could do some missionary work," he recalled jokingly at the San Francisco convention of the Democratic Party in 1920. Mrs. D. F. Strickland of Mission has a bust of Mr. Bryan made of him in the early part of the century by the most noted of all Texas sculptors, Elizabeth Ney.

Q. How many governors has Texas had since entering the Union?

A. Coke R. Stevenson is the 34th governor of the State of Texas. The pictures of all of Texas' governors hang in the rotunda of the capitol. There is, however, no picture of Governor Sam Houston. His picture is carried along with the presidents of the Republic. Governor Miriam A. Ferguson's picture appears twice on the walls, once for each of her terms.

Center of Texas:—The geographical center of Texas is located about 15 or 20 miles northeast of Brady.

## QUIZZ

### DEFENSE BOND

Q. When will the "drive" to sell Defense Savings Bonds begin?

A. There will be no "drive". Many people think of the Defense Savings Program as like the Liberty Loan campaigns of the first World War, which were conducted for stated periods to raise specific quotas. The Defense Savings Program is a long-range, continuing effort to stimulate the public to buy more and more Defense Bonds and Stamps month by month, and is essentially a program to promote mass saving, as well as to provide money for defense.

Q. Are the Defense Savings Stamps sold at retail stores exchangeable for Defense Savings Bonds?

A. Yes. They are the same as Stamps on sale at post offices and elsewhere.

Note—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at retail stores.

Mrs. Annie E. Puyear of Jacksonville, Texas, arrived here Wednesday for a visit with her brother and sister-in-law, Mr. and Mrs. Henry Williams.

## LIBRARY NOTES

By MRS. C. A. BURTON

One of our friends remarked the other day that she planned to give several memberships as Christmas gifts. Nothing would give more pleasure to the recipient. We are all planning our Christmas giving now—plan for these gifts.

And if every reader in the library would plan to make a Christmas gift to the library of one good book, think what it would mean. It would also in a way, be a gift to your friends who would be able to enjoy the gift. A long time till Christmas, you say—but the stories are showing their lovely gifts already, so please include the library in your planning. I will be glad to suggest titles—I always have an order list ready—which I do not have the money to order.

Many of you remember Arthur L. Coleman, a Clarendon boy of the long ago, who is now Associate Editor of Holland's. In a recent review of Gerald W. Johnson's book, "Roosevelt: Dictator or Democrat", he refers to some of the critics of the book as "being in the main men who read a book once—and didn't like it." Rather apt!

Recently a request came from the publishers of "Who's Who in America" for the names of those making valuable gifts to libraries during the past year—large collections of books or of money. The City Library had none to report.

A most significant book just now is the winner of the Atlantic Monthly Prize of \$5,000, "Tomorrow Will Come" by E. M. Almedingen. It is the story of the author's youth in Russia, and of the five years during which she lived there after the inauguration of the Communist regime. It is a tragic story of hunger and sickness in a formless, topsy-turvy world, but with a philosophy and faith in which says, "Tomorrow Will Come."

Mary Ellen Chase, whose two sea stories from Maine, "Mary Peters" and "Silas Crockett," have been enjoyed by our readers, has a new story, "Wind-swept", which she wrote in her home on this same Maine coast.

Erich Maria Remarque, author of "All's Quiet On the Western Front", "The Road Back", and "Flotsam", has recently taken out his first naturalization papers at the Los Angeles District Court. Our readers have enjoyed the first two named books from our shelves.

Phyllis Bottome, author of "Inheritance", "A Modern Tragedy" and "The Mortal Storm" will publish a new book, "London Pride", the last of this

William Holden and Claire Trevor as they appear in "Texas" showing Wednesday and Thursday, November 26 and 27, at the Pastime Theatre.

month.

Shirer's "Berlin Dairy" has gone into its fifteenth printing since its publication on June 20, and this will bring the number of copies up to 513,007. It is still the most popular non-fiction in our library.

Next to Shirer perhaps the man who is getting most attention just now is H. R. Knickerbocker with his book, "Is Tomorrow Hitler's?" Mr. Knickerbocker, war correspondent, lecturer and author, is a Texas product, and because of that fact of which Dallas is proud, he has been chosen to open the current season for the Community Course at McFarlin Auditorium this next week. The subject of his address will be "What Americans May Expect In and After This War." His book is the outgrowth of his lectures delivered in more than a hun-

dred American cities.

United States Ambassador to the U. S. S. R. Joseph E. Davis has signed a contract for the publication of a book which he will call "Mission to Moscow"—selections from his diaries, journals, correspondence and dispatches to the State Department since he was made Ambassador in 1937. It will probably be published in December.

The prize winners in the twentieth annual contest of the Poetry Society of Texas were announced a few days ago by Hilton R. Green, president of the Society. Five prizes aggregating \$175, were awarded. The Dorothy Callaway Memorial prize of \$50 was won by Arthur M. Sampley for his poem, "This Is Our Time"—the best poem on Democracy. Mr. Sampley is a member of the English faculty at Teachers' College, Denton.

## DR. B. L. JENKINS LIMITS PRACTICE IN STATEMENT

In a signed statement, Dr. B. L. Jenkins, well-known physician of this city, announces the limiting of his practice, as he introduces, Dr. M. E. Borsook, M. D., as an associate who will take over his practice, as explained in the statement, and in an announcement appearing in The News. The statement follows: "Due to age and some of its handicaps I have, after due deliberation, decided that it would serve the best interests of my friends, as well as mine, that I limit my activities; and such I plan to do. With that in view I have procured a young man who can and will render to you far better service than I ever did or could. Hence it is with pleasure I present M. E. Borsook, M. D., an affable christian gentleman. He is a graduate of the Medical Department of the University of Toronto, Canada. That is one of the three best medical schools in the world; and in which he took the full six years course. He then spent two years in one of New York's larger hospitals. The first year as rotating interne; that means he served in its every department, medicine, surgery, obstetrics, diseases of women and children and skin. The second year as resident surgeon. Since that time he has been in active general practice in South Dakota, where he was chief surgeon in a standard hospital. Therefore I, very frankly, say to you, my friends: he is a real physician in its fullest sense, and as such I commend him to you.

"I also want to take this opportunity to thank my friends for their many kindnesses, courtesies and the confidence shown me during my thirty one years in Clarendon. To many of you I owe a debt of gratitude I can never repay; but to you may I say: I shall continue, as long as I live, to endeavor, as best I can, to liquidate that debt.

B. L. JENKINS."

West Texas students home for the holidays include Estelle Thornberry, Phebe Ann Buntin, Frances Grady, Jo Word, Edith Shelton, and Ethelyn Drennan.

Mrs. Ralph Grady and Mr. and Mrs. Sim Rhodes were in Amarillo Wednesday.

## NORMAL BUILDING NOT BANNED BY SPAB ORDER

Analysis of the recent policy statement by the Supply Priorities and Allocations Board (SP-AB) on the exercise of control over public and private construction shows that the order will leave repair, remodeling, farm building, and normal residential construction practically unchanged. Roy Wyatt, Manager of Wm. Cameron & Co.'s local store said today.

The real purpose of the SPAB release was: (1) To prevent the passage of "pork barrel" legislation now before Congress providing for river and harbor improvements, flood control and power projects which would use a substantial amount of critical materials, particularly structural steel. (2) To discourage the planning, promotion and requests for priorities in respect to the building of all unnecessary public and private projects such as factories, warehouses, office buildings, etc. which use an appreciable amount of critical materials. Even in the case of such buildings, if wood can be substituted for the structural metal materials, construction is OK. (3) The term "residential construction" is aimed at larger homes, costing over \$6,000 and which require substantial amounts of metal. Homes costing under \$6,000, involving only a small quantity of metals, plumbing, lighting and hardware in relation to the amount of other materials and employment furnished are not banned under the order. (4) The order concerns solely the granting of material used in construction. Where dealers, builders or contractors have the material, such construction can go ahead. Where there is a need for housing in defense or non-defense areas, such housing can go ahead, but priorities will not be granted for it if it uses an appreciable amount of critical materials. Dealers, builders and contractors must eliminate all metal possible. They must use simplified plumbing, substitute other materials for metal wherever possible. Unnecessary speculative building must be eliminated. (5) There is no ban on farm and rural construction. In fact, all farm construction is encouraged as necessary for the health and safety of the public and to create further food and other farm reserves for war and after-the-war rehabilitation purposes. (6) The majority of modernization and repair materials, such as lumber, paper and paint are materials on which there is no shortage and no limitation whatsoever.

Therefore, Mr. Wyatt stated that there are no limitations today on normal construction in our area which would limit the majority of the building needs of our community. "If construction is largely of wood and furnishes employment, this is still OK. On homes costing under \$6,000—which most of ours are—and on repairs and remodeling, and on farm work, it is still possible to build. Some delay may occur and substitution of designs in plumbing, hardware and lighting fixtures may be necessary. But normal construction work is still possible," said Mr. Wyatt.

Mr. and Mrs. T. W. Bell of Turkey visited here Saturday with her parents, Mr. and Mrs. Roy Beverly.

Mr. and Mrs. A. J. Parker spent Sunday in Quanah with her mother, Mrs. T. J. Perkins.

Bill Weatherly and Sam Darden spent the weekend in Lubbock.

Mr. and Mrs. L. A. Hudson of Dimmitt visited here Sunday with his sister, Helen Hudson.

### GARDEN CLUB CONCLUDES YEAR'S WORK AT MEETING MONDAY AFTERNOON

Meeting at the home of Mrs. J. L. McMurtry, the Garden Club had one of the most enjoyable sessions as they brought to a close the work for the 1941 year. Assisting as hostesses were Mrs. C. T. McMurtry and Miss Laverne McMurtry.

Open house was held for the club members to enjoy the beauty of the newly decorated home. Entertaining rooms were deco-

### PATHFINDER CLUB HEARS "THEY CAME TO A RIVER" REVIEWED BY MRS. COX

Mrs. L. N. Cox brought to the members of the Pathfinder Club Friday afternoon an interesting book review of "They Came To A River" by Allis McKay. A story of one of the latest frontiers on the upper Columbia River in the apple growing country, this book has been acclaimed to be one of the finest of the few written which portray this section of the great Northwest.

Messdames T. H. Ellis and W. H. Patrick assisted by Mrs. Harold Bugbee were hostesses to one guest, Mrs. J. F. Blocker, and the following members: Messdames C. E. Bairfield, H. R. Beck, Fred Buntin, C. A. Burton, L. N. Cox, Ed Dishman, J. W. Evans, Ernest Hunt, Lee Holland, B. L. Jenkins, R. Y. King, J. L. McMurtry, J. R. Porter, Oscar Thomas, A. T. Cole, Clyde Douglas, Eva Draffin, and Misses Edgar Mongole and Eula Joyce Burleson.

Decorated with white chrysanthemums, English Ivy and a lovely aquafloerium of roses.

At the conclusion of a brief business session conducted by the president, Mrs. Lee Holland, Mrs. Joe Goldston, program chairman, read a clever Garden Club letter to Santa Claus. An education discussion of Christmas decorations was given by Mrs. Mae Prewitt.

In the absence of Dr. I. Q. Mrs. Sam Braswell, with the able assistance of Mrs. Lee Bell, conducted a general quiz on the growth and propagation of the Poinsettia.

Approximately twenty members and guests attended.

Mrs. Ruth Kennedy is visiting with her daughter, Mrs. Glenn Hess, in Oklahoma City this week.

Mr. and Mrs. Jerome Stone of Wichita Falls were in Clarendon on business Monday.

### MRS. FRANK WHITE IS HOSTESS TO KILL KARE KLUB

Mrs. Frank White, Sr. was hostess to the Kill Kare Kneede Klub at her home Thursday afternoon.

During brief business session committees were appointed for the annual Christmas party to be given at Mrs. Harry Brumley's on Dec. 11. Committee appointments were made as follows: Program committee, Mrs. W. A. Land and Mrs. Homer Mulkey; Refreshment committee, Mrs. J. R. Bartlett, Mrs. F. L. Goldston, and Mrs. S. W. Lowe; decoration committee, Mrs. R. R. Dawkins and Mrs. Buel Sanford.

Concluding the business session, the remainder of the afternoon was spent socially.

Attending were Messdames Homer Mulkey, Lon Rundell, Harry Brumley, W. A. Massie, R. R. Dawkins, Eva Draffin, F. L. Goldston, J. R. Bartlett, M. W. Mosley Buel Sanford, and Misses Ida and Eta Harned. Guests were Mrs. Henry Williams and Mrs. Lloyd Benson.

### JUNIOR C. H. D. MEMBERS HONOR HUSBANDS

Members of the Junior Home Demonstration Club were hostesses at the annual party honoring the husbands Thursday night at the club rooms.

Fall motif of decoration was carried out by bouquets in season decorating the rooms. Centering the table from which the buffet supper was served was an attractive fruit bowl and tall red tapers. Red mandina berries were placed at the base of the centerpiece.

Following the supper, the guests drew names of comic strip characters for partners in forty-two. At the end of the evening Roy Blackman and W. C. Larimer cut for high.

Attending were Mr. and Mrs. Roy Blackman, Mr. and Mrs. Ralph Decker, Mr. and Mrs. W. C. Larimer, Mr. and Mrs. Walter Flynt, Dr. and Mrs. B. B. Harris, Mr. and Mrs. U. Z. Patterson, Mr. and Mrs. Dexter Todd, Mr. and Mrs. L. L. Wallace, Mr. and Mrs. Clyde Wilson, Mr. and Mrs. Guy Wright, Mrs. J. E. Burch, Mrs. Hattie Palmer, and Mrs. Kenneth Orin.

### ANNOUNCEMENT MADE AT TEA GIVEN BY BRIDE'S MOTHER AND SISTER

Announcement of the forthcoming marriage of Miss Vera Noland and Mr. William Jenks Lewis Jr. highlighted the social calendar this weekend.

Plans for the marriage of Miss Noland, daughter of Mr. and Mrs. Eugene H. Noland, and granddaughter of the late Mr. and Mrs. D. L. McClellan, pioneer settlers of the Panhandle, to Mr. Lewis, son of Mr. and Mrs. W. J. Lewis of Clarendon and Dallas, were revealed Saturday afternoon at a tea given by the bride-elect's mother and sister, Mrs. Robert W. Boston, of Vernon, at the home of Mrs. U. J. Boston.

Names of the betrothed couple and their wedding date, Dec. 6, were inscribed on a tag tied with white tulle to a white moire-covered wedding ring box, which centered the lace covered table, and contained a wedding ring made of small white flowers. Rings of the same blossoms encircled silver candelabra in which white tapers burned. On the buffet, as a background for the tea table, was a bouquet of white rosebuds, and white roses and mums were used throughout the guest rooms. Miss Laverne McMurtry and Miss Berkley Ryan presided at the silver service and Mrs. E. H. Noland, Mrs. Robert W. Boston, Mrs. Ralph Randel of Panhandle, Mrs. Claude Moore of Memphis, Mrs. Lloyd Benson, and Mrs. John McClellan assisted in the dining room.

In the receiving line were Mrs. E. H. Noland, Mrs. Robert W. Boston, Mrs. W. J. Lewis, and the honoree.

The wedding will take place at high noon at St. John's Episcopal Church here. The bride's only attendant will be her sister, Mrs. Robert W. Boston, who will serve as matron of honor. Serving as best man will be Mr. Lawrence Neese of Pampa, and ushers will be LuMcClellan, Jr., cousin of the bride, Robert W. Boston of Vernon, Tom Slick of San Antonio, and William Gibbons of Houston.

Out of town guests included Mrs. Clinton Henry and Mrs. Mel Davis of Pampa.

### SERIES OF PARTIES HERE HONOR BETROTHED COUPLE

The first in a series of parties to honor Miss Noland and Mr. Lewis was a buffet dinner and scavenger party given by Miss Berkley Ryan Saturday night.

The dinner service table was centered with a clever arrangement of a miniature wedding party. At one end the tiny bride and groom marched down the aisle toward the small distinguished preacher.

Concluding the evening was a scavenger hunt of which Mr. and Mrs. Robert W. Boston were the victors.

Attending were Mr. and Mrs. Harold Bugbee, Mr. and Mrs. Kelly Chamberlain, Mr. and Mrs. H. M. Breedlove, Mr. and Mrs. Alfred McMurtry, Mr. and Mrs. Johnnie Blocker, Mr. and Mrs. Walter Knorpp, Mr. and Mrs. Clyde Slavin, Mr. and Mrs. Robert W. Boston, Mr. and Mrs. Ralph Randel of Panhandle, Mr. and Mrs. Claude Moore of Memphis, Mr. and Mrs. John McClellan, Misses Charlotte Molesworth, Laverne McMurtry and Vera Noland and Messrs Dick Cooke, Ray Palmer, and William Lewis.

Continuing the series of parties that will honor Miss Noland and Mr. Lewis, Mr. and Mrs. H. M. Breedlove were hosts at a dinner bridge at their home Tuesday night.

The dining table was centered with a miniature bride and groom placed before a small altar made from white chrysanthemums. Chrysanthemums were used further in decoration of the entertaining rooms.

Guests included Mr. and Mrs. W. W. Noblett, Mr. and Mrs. George Norwood, Mr. and Mrs. Walter Knorpp, Mr. and Mrs. Clyde Slavin, Mr. and Mrs. John Knorpp, Mr. and Mrs. Carroll Chamberlain, Mr. and Mrs. Kelly Chamberlain, Mr. and Mrs. Alfred McMurtry, Mr. and Mrs. Simmons Powell, Mr. and Mrs. John Blocker, Jr., Misses Laverne McMurtry Nettie Sims, and Vera Noland, and Messrs Pat Slavin and W. J. Lewis, Jr.

Among the parties that will honor the betrothed couple will be the rehearsal dinner given by the bridegroom's mother, Mrs. W. J. Lewis on December 5. Immediately following the wedding ceremony Mrs. Fred Chamberlain will honor the couple at a wedding breakfast.

### MISSIONARY NOTES

The Women's Society of Christian Services of the First Methodist Church met in their regular business and social circle session Wednesday afternoon.

Circle I met with Mrs. U. J. Boston with Mrs. Lon Rundell conducting the business session. The devotional was given by Mrs. R. Y. King and the program was concluded with a solo by Mrs. J. O. Quattlebaum, Jr. Refreshments were served to twenty members.

Circle II met in the home of Mrs. C. M. Lowry with Mrs. Clarence Whitlock in charge of the business and also reading the devotional. Mrs. Lowry read two articles on the Home Mission Schools. Refreshments were served to seven members.

Circle III met in the home of Mrs. G. T. Palmer. Mrs. C. A. Burton gave the devotional and also finished the Mission Study Book. Nine members were present.

The Society is still collecting old papers and all donations will be greatly appreciated.

### ORPHANAGE POUNDING AT BAPTIST CHURCH MONDAY

Members of the First Baptist Church will hold a Thanksgiving pounding for the Butler Orphanage in Dallas Monday afternoon at the Clarendon Church, at 2 o'clock.

Everyone is invited to attend and bring a box of canned goods or cookies.

Mrs. L. T. Green of Dallas arrived last week to spend the winter here with her son, Mr. and Mrs. G. L. Green.

Mr. and Mrs. Bert Smith are in Temple this week. Mrs. Smith is in the clinic for medical treatment.

Mrs. Mel Davis of Pampa attended the Lewis-Noland announcement tea here Saturday afternoon.

Mrs. J. R. Porter spent the weekend in Dallas with her brother, Bob Powell, who was visiting here from Houston.

Mrs. Frank Williams has returned to her home in Dalhart after a visit with relatives here and in Amarillo.

C. B. Powell of Boise City, Oklahoma, spent the weekend here with his son-in-law and daughter, Mr. and Mrs. Paul Slaton.

*Save with a purpose...*

It isn't always rich people or those who inherit money who retire and do all the things they've wanted to do. It's folks just like you who have the foresight to save now—a small amount each week will do—and who enjoy this money later in life. Think about it now; you can't wait too long. Then open an account this payday!

PRESS CONVENTION

The Broncho Range Press Club sent Dorothy Anne Kennedy, Mary Williams, Billy Jack Shelley, Clyde Benton Douglas, and their sponsor, Miss Wallis, to a press convention held in Lubbock the fourteenth and fifteenth of November.

CHAPEL ONE YEAR AGO TODAY

Since the High School has not had a planned Assembly program this year, due to the fact that no seats are in the auditorium, it will still be well to keep up the spirit, anyway.

FOOTBALL BOYS ENTERTAINED

The three cheer leaders, Neta Cornell, June Miller, and Lou Alice Adams, entertained the football boys Wednesday by taking them to the first show of "Honky Tonk" and then taking them to Norwoods Pharmacy for supper.

NEW NUMBERS GAIN INTEREST

On arriving at band practice Monday evening, the members of the band were very pleased. In each folder were five new numbers. Ready now, since the football season is over, to do some hard work, the band thoroughly enjoyed rehearsing these new numbers.

Side Glances On Texas History

By CHARLES O. HUCKER University of Texas Library

On The Well-Known Deaf Smith Legend

Deaf Smith! If there is such a thing as a "name to conjure with" in the annals of Texas history, every schoolboy knows that's it. And such a statement represents something of a major phenomenon, since the amazing Deaf Smith legend which has spread so completely throughout the state apparently is built upon one single incident.

BAND PARENTS MEETING

A meeting of the band parents will be held Thursday evening, at 7:30 o'clock. Matters of finance and future trips to be taken by the band will be discussed.

PERSONALS

Four members of the local Press Club attended a press convention last week end at Lubbock. Miss Wallis and Mrs. Van Kennedy accompanied Dorothy Ann Kennedy, Mary Williams, Billy Jack Shelley, and Clyde Douglas.

MEET A NEW PERSONALITY

Douglas Jarral is from McLean. He was for McLean until after the football game Friday night. He is for Clarendon now and Clarendon is for him.

QUESTION OF THE WEEK

What Do You Do When Thinking Seriously? Jack Brigrance: If I were to have a serious thought I would faint.

Dear Suds:

This is my second epistle since I saw you last. Tuesday, we had a holiday, and why I have no earthly idea.

Well, here goes with some more highlights of our High School. Remember? Just add the first letter and spell the name of the owner of these characteristics.

RUMMAGE! RUMMAGE! RUMMAGE!

While looking for suggestions for band news Mr. Harmon's advice was sought. His very first idea was a plea for more rummage. Making twenty-nine dollars last Saturday the Band has a good chance to make thirty next Saturday—if only the rummage is brought in.

# Cameron To Open Model Home

The model Cameron-Built "TEXAN" home at 400 Taylor Street will be open for public exhibition throughout the week beginning next Sunday, November 23, local manager Roy C. Wyatt of Wm. Cameron & Co., sponsor of the home, announced today.

There will be no admission charge, and the visiting hours will be as follows: Sunday, 1:30 P. M. to 8:30 P. M., week days, 1:30 P. M. to 8:30 P. M.

Representatives of the sponsor of this modern, low-cost home will be on hand to escort visitors through the rooms, explaining all construction features and answering any questions the visitors might have.

This rather unusual home was designed by Cameron's Home Planning Department and was built by John M. Bass, contrac-

tor. Sub-contractors were Ralph Decker, painting and paperhanging, and the Speed brothers, concrete work.

This modern home has six rooms including living room, dining room, kitchen, two bedrooms, bathroom, hallway and six closets.

One of the most important necessities in a modern home is plenty of built-in cabinets and woodwork specialties. The "TEXAN" is equipped with the nationally famous IDEAL Step-Saving Kitchen, completely built-in. It also has Ideal Built-In Medicine Cabinet, Ironing Board, China Cabinets and Mantel. IDEAL Windows, doors window and door frames, screen doors, window screens, and interior woodwork trim are used throughout.

The floors are of the first grade of oak. The roof is of the

best quality red cedar shingles. Minnesota Brand paints, enamels, and varnishes, selected and handled exclusively by Wm. Cameron & Co. because of their suitability for Southwest climatic conditions, were used throughout. Wallpaper consists of choice selections from among Cameron's "1941 Smash Hits." The foundation is guarded by approved metal termite shields to exclude termites and all other crawling insects.

"This is one of 36 Cameron-Built "TEXAN" model Homes throughout Texas which have been opened for public inspection," said Mr. Roy C. Wyatt. Government statistics show that about 80 per cent of the adult population of the United States earn less than \$2,500 a year. Certainly these people cannot afford the more expensive homes

which are being offered the buying public and, for this reason, Wm. Cameron is giving special attention to the building of small, high-quality homes containing a maximum of livability, comfort, and beauty to meet the need for low-priced, real-value homes."

**FATHER OF CURTIS E. DOUGLAS SUCCEDES**

Young Edward Douglass, 92, pioneer Texan and father of Curtis E. Douglas, one time Texas senatorial candidate of this district, died at the home of a daughter, Miss Lucille Douglass, in Pampa Sunday.

Funeral services were conducted at Waco Monday afternoon.

Mr. and Mrs. O. C. Watson and daughter of Perryton spent the weekend here with his parents, Mr. and Mrs. O. C. Watson, Sr.

## New Window Unit Is Announced

WACO, Nov. 20—The Ideal Company of Waco, furnishers of windows and other woodwork in the model Cameron Home of Clarendon, has announced a new, completely assembled window unit designed especially for low-cost, small homes, it was announced today.

The Ideal Company, largest soft woodwork manufacturing establishment in the south, has named this new product the "Ideal All-Weather Window Unit" because of the design which gives adequate protection against all weather hazards.

Created in the Products Designing Department of the factory, pre-tested under various service condition, and offered to the public for the first time this spring, the all-weather unit is creating a sensation wherever shown.

This window unit is precision-manufactured and completely assembled at the factory. It includes frame, sash, glass, weatherstrip and sash balances. The sash and seals are wood preservative treated by the Ideal method for longer life. The exclusive type of spring-bronze weatherstrip is extremely efficient. Tests have proven the unit to be on a par with the highly efficient weatherstrip of the Ideal Lock joint window and the Ideal casement window. The airtight construction gives a definite saving in winter heating cost and assured added protection against the infiltration of dust.

These windows give to low cost homes an added element of true architectural beauty and lasting window satisfaction. It is available in single, twin, triple or a number of other designs.

3. Sub-floors overlaid with felt under the finish floors. This prevents creaking floors and makes them more airtight, moisture-resisting, keeping out cold air and lowering the cost of winter heating.
4. Ceilings that don't sag, because we use the correct size and number of ceiling joists.
5. Roofs thoroughly braced in the attic to keep them properly lined up or over-sized rafters used to accomplish same purpose.
6. Expertly applied, long-lasting, low-keep roof of best Red Cedar Shingles or mineral-surfaced Flintkote Asphalt Shingles.
7. IDEAL wood preservative treated windows, which resist swelling and shrinking, insect attacks, and decay.
8. IDEAL precision-made millwork, including doors, windows, window and door frames and trim, mantels, and built-in cabinets, all manufactured in the Southwest's largest and most efficient millwork plant. Exterior, pre-fabricated exposed materials are wood preservative treated.
9. Ample closet and storage space, extra conveniences, such as mirror doors, dressing vanities, bookcases, and wall mirrors.
10. Conveniently located gas connections and electric base plugs and switches.
11. Beautifully finished No. 1 oak hardwood floors.
12. Colorful, water-proof tile-board wainscoting in bathrooms and kitchens.
13. Thoughtful placement of windows and doors to permit varied arrangement of furniture.
14. Thorough cross-ventilation for greater summer comfort.
15. IDEAL ventilating attic louvers, open in summer to reduce home interior heat and closed in winter to conserve heat.
16. Your selections of home color decorations, wall papers, and wall finishes are made from the Southwest's largest and finest assortment.
17. Adequate plumbing, lighting, and a quality, insulated, automatic water heater.
18. Quality-built IDEAL Step-Saving Kitchen, designed by cooking experts for convenient meal preparation and to reduce kitchen work to the minimum.
19. Sound, water-tight roof construction with adequate flashing where required.
20. A complete plan-drawing service at each Cameron store enables us to revise or create any plan exactly to fit your needs and tastes.
21. Cameron's Home Planning Department, staffed by home-building experts, is constantly testing and developing improved homes, materials, and building methods. Their services are available to you at no extra cost.
22. Cameron's Full-Value Specifications are more detailed and complete than those published by FHA, better assuring you of an entirely satisfactory job.
23. Inlaid linoleum in kitchen and bathroom.
24. Cameron-Designed homes are architecturally attractive, soundly constructed throughout, and completely livable in floor plan and interior decorative treatment.
25. The Southwest's widest selection of soundly constructed home plans and home building ideas, created by the company with the longest Southwestern building experience—73 years.

**THE LOW DOWN FROM HICKORY GROVE**

You won't pick up a paper except you see where they are finding some new way to clamp down on business. You would think business was some kind of a Jesse James. And while they clamp down, business plods along and builds more 6-shooters, and planes and battleships.

Politics makes the flowery talks. Business lugs the burden—and is the goat. Nobody ever pats business on the head and says, "Buddy, you are doin' a very skookum job." That would be a faux pas, of the first water.

We have all kinds of celebrations and festivities—birthdays, labor days, and election days, etc. But a day for saying a good word for business—not on your tin-type. But every dog has his day. We even got around, in time, to having a Father's Day. So who can say, about business. Maybe manana.

Yours with the low down,  
JO SERRA

**NEW MARKET FOR COTTON LISTED**

COLLEGE STATION—There is a new, almost untouched market for cotton that will use around 750,000 bales a year if only 10 percent of the potential market is captured.

The field is that of insulation. Tests, however, show that the lightness and cohesiveness of cotton insulation make it a natural where settling by vibration is a factor.

For this reason manufacturers are turning to cotton insulation in refrigerator cars and trucks and in household refrigerators. The product is now being tested for use in marine and airplane construction.

Cotton insulation material is impregnated with a fire resistant agent and houses insulated against cold, heat, and sound with cotton treated in this manner are actual more fire-proof than non-insulated structures.

**PIRATES FORFEIT GRID TITLE TO TIGERS - IRISH**

**POPULAR CLUB TAKES CELAR AFTER YEAR OF PERFECT PLAY**

Faced with the same yearly eligibility probe, the worm in the apple of championships in District 3-A. Superintendent E. R. Reeves of Lefors Tuesday voluntarily beached his Pirate craft and left the District 3-A grid title open for Shamrock or McLean.

According to Reeves' announcement Ralph Earhart, for two years the sparkplug of the Lefors club, had attended school in Oklahoma and had one semester overtime.

The Pirates were popular champions for District 3-A having finished the season undefeated and untied. The team lead the state in scoring with 161 points and were given the best chance to stop the Phillips Blackhawks, who seem headed for their second straight Regional crown.

As it stands now the District crown is for either Shamrock or McLean pending their game in McLean Friday night.

By virtue of the forfeit, all District 3-A clubs move up a notch in the standings to make room at the bottom for the Pirates.

Clarendon now rests in fourth place after winning only three games from Memphis, Wheeler and Lakeview.

**Last Week's Results**

Lefors 26, Wellington 0.  
McLean 31, Clarendon 0.  
Shamrock 33, Wheeler 0.  
Lakeview 12, Pampa 6.

The revised conference standings:

Team	W.	L.	T.	Pct.
McLean	6	0	0	1,000
Shamrock	6	0	0	1,000
Wellington	5	2	0	611
Clarendon	4	3	0	571
Lakeview	3	4	0	428
Memphis	2	5	0	285
Wheeler	1	6	0	142
Lefors	0	7	0	000

**Actual Standing**

Team	W.	L.	Pct.
Lefors	7	0	1,000
McLean	5	1	833
Shamrock	5	1	833
Wellington	4	3	571
Clarendon	3	4	428
Lakeview	2	5	285
Memphis	1	6	143
Wheeler	0	7	000

**COLLEGE STATION, Nov. 20**

Texas peanut growers harvesting peanuts for edible trade in 1942 will be subject to marketing quotas, according to Romeo M. Korth, state AAA committeeman from Cleto.

The average oil well in Texas today costs \$25,000 to drill compared with \$15,000 in 1922.

Twenty-four states of the United States, or half of those in the Nation, now produce oil.
