CLARENDON, DONLEY COUNTY, TEXAS, AUGUST 20, 1942

A Common Paper for Common People

Senatorial Contest Creates Interest As Showdown Nears

The political hot spot this week end centers around James V. Allred and W. Lee O'Daniel as the star attractions in the second primary, August 22nd. Both men have stumped the state in feverish haste since the first primary, determined to be top man in the United States Senatorial race. A combination of political outbursts as expounded by these two ex-governors of Texas is bound to result in heavy polling at the Saturday voting boxes.

So intense has been the interest created in the Senatorial race, that other races have been shoved into the background. However, as far as Donley County is concerned, we have a hot race of our own in the County Judge's race between the incumbent R. Y. King and Walker Lane. Both candidates have been very active and the outcome is being watched with much interest.

Other candidates listed on the ticket are John Lee Smith and Harold Beck for Lt. Governor; Jesse James and W. Gregory Hatcher for State Treasurer; Beauford H. Jester and Pierce P. Brooks for Railroad Commissioner (unexpired term); E. L. Pitts and E. C. Nelson for Chief Justice of Civil Appeals of Seventh Supreme Judicial District.

Approximately 1,800 Donley voters went to the polls the first primary and all indications point to as large, if not larger, amount of voters this time.

According to the tabulation of Miss Helen Wiedman, County and District clerk, 65 absentee votes have been received through her office.

This is one occasion where anyone who has paid his poll tax, has the privilege of exercising his right to vote for whomever he pleases, and should, by all means, exercise that right by going to the polls Saturday.

MISS DELLA WOOD EXHIBITS FINE CUCUMBERS

Miss Della Wood, who lives in the Martin community, exhibited some fine cucumbers at the Leader office Friday. One of the large ones measured 10 1/2 inches in length and still retained its crisp-like texture. She says that she has them for sale in any size. The seed came from Nebraska.

WINS TRIP

Jean Stargel of Okla. City, granddaughter of Mrs. Lena Antrobus, won a ten day trip to Chicago to a musical festival for playing an accordion in the band.

Home-Raised Beef Real Contribution To War Effort, County Agent Says

Producing beef for home use is a real contribution to the war effort says county agent H. M. Breedlove of Texas A&M College Extension Service.

"If some families are to have beef they must produce it, and even the nondescript small jersey steer can be made into satisfactory beef for the family use," the county agent said. "It needs to be fed a fattening ration from four to six months before being killed. Fattening not only makes more beef but improves the quality to an almost unbelievable degree. If a milk pen calf is available it should be started on feed at once and be sure to use the feed grown on the farm. It takes about 1100 pounds of milo, 1100 pounds of cotton seed meal and two sacks of cotton seed meal for the inexperienced feeder to develop a calf into good edible beef, but the feed will be

Highway Dept. Asks Cooperation Of Public

Bill Riney, local maintenance Highway Engineer, asked this week for the fullest of cooperation from the people to help preserve our highways.

In order to provide the necessary asphalt for construction of Army Training Camps, Air bases, Defense plants and other War Activities, the Petroleum Coordinator has restricted the use of asphalt to military installations and the Strategic Military Highway Network.

As a result of this restriction, no asphalt is available for patching of holes, cuts or other damaged conditions developing on the major portion of the highway mileage in this District. Therefore, the Texas Highway Department will not be able to maintain the highways at the standard to which the traveling public has become accustomed in the past. The attention of the traveling public is directed to these conditions and it is urged that the highway users be patient and that they exercise the fullest care possible in driving over highways so that wear and damage to tires as a result of depreciated road conditions will be held to a minimum.

The particular attention of farmers and other individuals who find it necessary to transport equipment or implements along or across highways is directed to these conditions. Their fullest cooperation is requested in handling equipment in such a manner that damage to highways will be avoided. Damage to asphalt surfaces through carelessness or unlawful operation is not only subject to legal action and fine, but is definitely unprofitable at this time when asphalt for repairs is not available to care for the damage. Farmers and other operators in general have been very cooperative, but some individuals persist in violating the laws in this matter. It will be necessary to take full legal action against violators in the future.

According to the tabulation of Miss Helen Wiedman, County and District clerk, 65 absentee votes have been received through her office.

This is one occasion where anyone who has paid his poll tax, has the privilege of exercising his right to vote for whomever he pleases, and should, by all means, exercise that right by going to the polls Saturday.

MISS DELLA WOOD EXHIBITS FINE CUCUMBERS

Miss Della Wood, who lives in the Martin community, exhibited some fine cucumbers at the Leader office Friday. One of the large ones measured 10 1/2 inches in length and still retained its crisp-like texture. She says that she has them for sale in any size. The seed came from Nebraska.

WINS TRIP

Jean Stargel of Okla. City, granddaughter of Mrs. Lena Antrobus, won a ten day trip to Chicago to a musical festival for playing an accordion in the band.

Home-Raised Beef Real Contribution To War Effort, County Agent Says

Producing beef for home use is a real contribution to the war effort says county agent H. M. Breedlove of Texas A&M College Extension Service.

"If some families are to have beef they must produce it, and even the nondescript small jersey steer can be made into satisfactory beef for the family use," the county agent said. "It needs to be fed a fattening ration from four to six months before being killed. Fattening not only makes more beef but improves the quality to an almost unbelievable degree. If a milk pen calf is available it should be started on feed at once and be sure to use the feed grown on the farm. It takes about 1100 pounds of milo, 1100 pounds of cotton seed meal and two sacks of cotton seed meal for the inexperienced feeder to develop a calf into good edible beef, but the feed will be

used to a good advantage. "Feeding the calf until it weighs at least 600 pounds when it is ten months old is a good figure to shoot at. It is a good idea to have the calf on a self feeder and let it have the feed before it at all times. When the calf gets older and receives less milk it should be eating one pound of meal to five pounds of grain. Give plenty of salt and good clean water." Anyone wishing to have a ration worked out for a calf for fattening can contact the county agent and he will be glad to help work out a ration for the calf. This is a good program of producing the beef on the farm for home use and will save a great deal of money for the farmers. It appears at this time that beef might be rationed, so this program might be of great benefit for the farmer.

Battle for United States Senatorial Seat

SEN. W. LEE O'DANIEL

JAMES V. ALLRED

James V. Allred and Senator W. Lee O'Daniel have created a political "hot spot" in Texas that has almost paralleled the war headlines. Both men have conducted a hectic campaign, and as the deadline draws near, are appealing to the voters from every angle. O'Daniel received a little less than 50 percent of the votes in the first primary, but staunch supporters of Allred claim the former Federal judge will whittle the one-time flour salesman's majority down to a minority in Saturday's ballot casting.

WILL TEACH IN LOCAL SCHOOL

Miss Fannie McGowan, member of the Tell faculty in Childress county the past two terms, has accepted a place on the Clarendon school faculty, and will likely be assigned to the first grade work.

Miss McGowan was offered positions in a number of schools this term, among them Lelia Lake. She preferred to work in the Clarendon schools, quite naturally, where she can be at home.

VISIT IN TULIA

Mr. and Mrs. L. N. Cox and daughters Mary Ladell and Inell are visiting her sister and family, Mr. and Mrs. Van Zandt at Tulia, Texas this week.

PVT. MARVIN WARREN TO BALTIMORE

Word was received here this week by Mrs. Warren that Marvin had finished his training at Fort Francis E. Warren, Wyoming and received his diploma and was being sent to Baltimore, Maryland where he will probably receive additional training in the Quartermaster division of the Army.

VISITING IN FT. WORTH

Mrs. Lilia Ebevy who has been visiting her sister, Mrs. J. D. Stocking this week left for Fort Worth Wednesday. She was accompanied home by Mrs. Stocking where they will visit a sister, Mrs. Geo. Latimer and her husband.

Sears Roebuck Swine Program Offers Fine Jersey Heifer To Club Boy With Best Gilt Pig

According to county agent H. M. Breedlove of the Texas A&M College Extension Service, Donley county 4-H club boys participating in the Sears Roebuck swine program in Donley county will compete for a registered jersey heifer to be offered to the boy having the best gilt and taking the best care of his pig. This judging of the eight pigs will take place at the Donley county fair to be held in Clarendon on the ninth and tenth of October.

Boys having pigs given them by Sears Roebuck and company are H. C. Shaw, Hedley; Raymond Bailey, Hedley; Buford Holland, Lelia Lake; Monte Ray Wolford, Lelia Lake; Jack Lewis, Lelia Lake; Lloyd Brock, Clarendon; Bobby Kidd, Hedley and Druane Naylor of Hedley.

These boys will show their gilts against each other in Donley county and the winner will go to the district show where he will be presented with a registered jersey heifer for having the best pig in the county.

Other prizes will be offered by Sears Roebuck and company for the other placing of the eight pigs in the county.

"This is a wonderful program being sponsored by the Sears Roebuck and company," the county agent stated, "and I am sure that it will bring some fine stock into the county. The boys are doing a fine job with their pigs, and the competition is going to be tough between the eight boys for the registered jersey heifer in the county show."

Fair Sales Committee Now Arranging For Fall Auction

Bert Mayfield, E. S. Ballew, and J. R. Gillham, auction sales committee for the fall fair met at the county agent's office Tuesday night, and outlined plans for the proposed auction of the club boys' prize winning pigs to be held on October 9th in connection with the Donley County Fall Show, October 9th and 10th.

In the past no auction sale has been held, but the boys' pigs have been exhibited at the Tri-State Fair and the State Fair of Texas. Due to the cancellation of these shows, local club leaders decided to sponsor an auction sale of the premium winning animals. Local club boys have the most

outstanding record in the state, if not the entire southwest, in connection with the pig club phase of their work, and many of the youths have been enabled to obtain much valuable experience in farming operations. A number of these youths are now in school or farming with profits realized from their club work.

Every businessman and individual in Clarendon will be contacted in connection with arranging the auction which will serve as a means of encouraging Donley County youths to continue their club work and at the same time be producing food to aid in the war program.

Vote As You Like

(An Editorial)

The staff of your Donley County Leader has felt all along that it was not our place to try and influence votes one way or the other in any of the State or County races. We feel that in times like these that everyone should consider each candidate carefully, from every angle, and then vote as he thinks best - - - and may the best man win in his respective race. Chaotic times as we are now experiencing call for sound leadership in the men who hold faith with his people, his State and his Nation. You, as voters, are responsible for the man you place at the helm of your government. Your privilege to decide, is your heritage to protect.

MEN ACCEPTED FOR ARMY

The following men were accepted for military service at the induction center at Lubbock Tuesday August 18. A part of them will take their regular 14-day furlough before going to Ft. Sill.

Mike Stricklin, James Yates, Joseph Keno Wilson, L. B. Kempson, Raymond Martin, Warren McDaniel, J. B. Melton, Jesse James Shirley, Elbon Naylor, William Hollingsworth, Milton Tyler, Tom Maddox Reed.

Faculty Is Named For Clarendon Schools; Opens August 31st

The opening date for the 1942-43 session of the Clarendon Public Schools and Junior College is August 31. Registration figures and places will be announced by school officials next week. One thing has been already settled that will concern students coming in from the rural districts. The take-up time for the mornings will be 9:30 on account of the distance some of the busses have to travel, thus causing some of the students to have to get up a long time before sunrise.

With the exception of a football coach, a complete faculty has been hired by the school board.

Junior College And Senior High School

The faculty: H. T. Burton, President of Jr. College and Superintendent of Public Schools; R. E. Drennan, Dean of Jr. College and Principal of Senior High; Mrs. M. C. Goodner, English; Miss Mary Howren, Math; Miss Lucile Polk, History; R. E. Ferguson, Math and Band Director; W. C. Larimer, Commercial; Mrs. H. M. Lane, English; Miss Maurice Berry, Home Economics; J. R.

F. L. BEHRENS, JR. NOW IN BOEING SCHOOL

F. L. Behrens, Jr., principal of the Martin school for the past two years, is now in Oakland, Calif. attending the Boeing Air School of Aeronautics. He is one of 43 men in the United States to have the privilege of attending this school at the present time. A large number of the men in the school are said to have high degrees of education and are from all walks of life. After finishing the school, the men are supposed to be able to make, maintain and fly any type of airplane.

Mr. Behrens is a son of Mr. and Mrs. F. L. Behrens Sr. of Clarendon. He will be in school until November, at which time he will be granted a 30 day furlough.

PIERCE SPENDS TIME DOWN STATE

At this time S. A. Pierce is visiting relatives in the Medina valley around Devine below San Antonio where he finds time to relax, rest and see the folks.

He has been there a number of times and has a wide acquaintance where the Pierce brothers, Guy, and I. B. have been in the lumber business several years.

Salvage Committee Designates Aug. 29 As Junk Rally Day

Loans Available For Purchasing Farm Homes

Word has been received by the local Farm Security Administration Office, that loans will be made for the purchase of farms under the Bankhead-Jones Farm Tenancy Act.

Eight farms have been purchased in this county already and this presents a good opportunity for other tenant farmers to become landowners.

Those who are interested in making application should contact John E. Burch, RR Supervisor, at the Farm Security Administration office, located in the Goldston Building, Clarendon, Texas. The closing date has been set for September 1st.

The enormous drain on the nation's metal supply by the all out production of more planes, battleships, tanks and guns, has reached the point where the scrap metal of the United States must be collected at once and shipped to production centers. In order to meet this demand, salvage committees have been set up all over the nation to see that this needed material is brought in as soon as possible.

In order to stamp out the indifferent attitude and to impress upon the people that we are in the war up to our necks, patriotic Junk Rally days are being held throughout the nation.

At a meeting Monday night, the Donley County salvage committee designated Saturday, August 29 as official Junk Rally day for Clarendon and vicinity.

The committee stresses the fact that no scrap of metal is too small to be brought in. A lot of small pieces of metal will make a big gun or a powerful tank, so don't overlook the discarded odds and ends of metal lying around the home. Any kind of scrap metal must be considered essential at this time, and no piece, whether large or small, should be left lying useless when its value at the production center is regarded so valuable to the war effort.

Persons bringing in scrap metal may stack it at any one of the piles east of the courthouse lawn or ask for information at the county agent's office. Those who have scrap and are unable to handle it, are asked to call 135 or any of the committee whose names appear in this article.

The Junk Rally Day is not supposed to end the salvage drive. The drive for scrap of all kinds will continue so long as the War Production Board deems it necessary. (See SALVAGE, page Eight)

HUGH G. PHELPS NOW PRIVATE FIRST CLASS

Hugh G. Phelps, son of Mrs. C. C. Phelps of Clarendon, has just been promoted to Private First Class, according to Major Samuel K. Eck, Commanding Officer of the newly designated unit of the Air Service Command. This unit is temporarily located at Lubbock Army Flying School and is training its men to be ready to supply the needs of other fields at a moments notice.

Pfc. Phelps, who is a graduate of Clarendon High, enlisted in the Army February 13, 1942. He is now with the Sub-Depot Supply in this new mobile unit that has come to be known as the "Fightin' 83rd".

LEAVES FOR HOME

Mrs. Geo. McCleskey Jr. left Tuesday for her home at Ft. Worth after a two weeks visit with Mr. and Mrs. Geo. McCleskey Sr.

ROWLAND CONFINED TO HOSPITAL

Friends of Mr. J. W. Rowland will regret to learn that he is confined to a hospital bed at this time. He is a patient in the Clarendon Clinic hospital, and has been there for the past few days.

LEAVES FOR AIR CORPS

Rusty Gibson left Tuesday morning for Lubbock where he enlisted in the Army Air Corps.

Swine Breed Ass'ns. Offer Special Premiums to Local Club Youths

The Hampshire, Poland China, and Duroc Breed Associations will offer special premiums to local club youths exhibiting barrows in the club boys show here on October 9th. The Poland China Association will award a special Poland China Pearl handle knife at the rate of one knife for each three exhibitors of purebred Poland China barrows and their special Eversharp type pencil at the rate of one pencil for each three exhibitors of registered Poland China gilts. The Duroc Association will pay a cash award of \$8

to the youth winning the grand champion award if the barrow is from a registered Duroc boar and Duroc sow.

The Hampshire Association is offering the most attractive specials with \$5 cash awards to the grand champion barrow, the champion pen of three, and the champion litter if they are from registered Hamp sires and dams. They are also offering a special high grade Hampshire knife to the champion Hampshire barrow, champion Hamp pen of three, and champion Hamp litter.

FREE ENTERPRISE FIGHTS THE WAR

In the view of many authorities, one of the main reasons for the reverses suffered by Hitler in his Russian campaign last winter, was lack of railroad transportation. Hitler had pinned his faith on highways and trucks as the ideal means of transport, and the government-owned German railroads were permitted to deteriorate. Since then, the Germans have no doubt concentrated on rebuilding their railroads.

In this country, luckily, the railroads were never allowed to go downhill. The Post, of Belle Fourche, South Dakota, tells the story well in these words: "Though many leaders in this country believed that the truck and the highway were taking the place of the railroad, railroad builders did not let themselves be pulled under by this belief. They continued to repair roadbeds, to construct stronger freight cars and more powerful engines. They

concentrated upon safety and speed.

"Then war came to our nation. Oil tankers were sent to the bottom. Fleets of trucks or pipe lines could not carry enough oil to keep the wheels turning. An oil shortage that would retard the war effort threatened. But the railroad lines were still in order—at a peak of efficiency—and down the well-tended rails sped trains of tank cars. The war industries of the nation were kept at full speed because the railroads of the United States had not been allowed to deteriorate.

"The trucks are still in use, still necessary, but for the long, fast pull no transportation has taken the place of rails—Free enterprise, which permitted railroads to develop in a time when trucks seemed to be the coming mode of transportation, free enterprise may mean the difference between victory and defeat for Hitler, the dictator."

Think of that next time you see

a railroad train. It is as much a part of the war effort as battle-ships and planes and guns—it is one of the greatest, most dependable military resources the United Nations possess. And it is a free private enterprise.

PRICES BEYOND RETAILERS

A good many authorities believe that our present form of price control, as now administered by the OPA, may prove inadequate. In time, they think, other and more stringent price control measures may have to be adopted.

If existing price control does fail, however, the consuming public must not make the mistake of blaming it on the retail industry. It may be only natural, when prices go up, to kick at the storekeeper. But the plain truth is that retailers, big and little, chain and independent, have cooperated 100 per cent with the government in every price control endeavor—and that the great majority of retailers voluntarily did everything possible to hold down prices long before the general price freezing order was put into effect.

Government officials have pointed out that very few instances of profiteering by retailers have appeared. Instead, retailers aggressively opposed profiteering long ago—and voluntarily cut their own modest profits in order to prevent price increases. They were among the first to realize the dangers that lie in hoarding, and to fight it. And they vigorously fought "scare advertising" because it tended to make consumers buy abnormally—and so create abnormal scarcities and shortages.

Today, retailers are doing their best to make the OPA brand of price control work satisfactorily. But they cannot do the impossible. If their cost of operation rises, they will have no choice save to ask for higher retail prices. If the present system of price

National Scrap Harvest Added

COLLEGE STATION, August 18.—Another vital crop has been added to the list of important war crops on Texas farms this year—all kinds of scrap.

County USDA War Boards are working closely with county salvage committees in the drive to gather all the scrap on Texas Farms this year. B. F. Vance, chairman of the Texas USDA War Board, has announced.

"County boards have been carrying on scrap collection campaigns for some time," Vance said, "and their experience will prove valuable in the concerted, continuous drive which must be carried on from now till the last shot is fired."

America's steel mills need huge supplies of scrap iron and steel in order to operate at maximum capacity. In addition, the national salvage campaign will continue the drive to collect scrap rubber.

County USDA war boards are charged with the responsibility of reaching all farm people in the salvage campaign. Vance pointed out in his letter to the boards. They will work with the county salvage committees, farm equipment dealer, rubber dealers, WPA and other groups directly connected with the campaign.

Mrs. Farus of Burleson, Texas visited her aunt, Mrs. W. D. Martin the last of the week.

R. L. Gibson left Monday for his home at San Angelo after a visit with his sister, Mrs. W. D. Martin.

Mrs. Odie Martin took her son Jimmy to Amarillo Monday where he had his tonsils removed.

Do Not Hoard Calcium Arsenate

College Station, August 16.—Cotton growers were urged by the Texas USDA War Board this week not to hoard supplies of calcium arsenate.

Ample supplies of calcium arsenate, which is used for poisoning cotton insects, are being manufactured, B. F. Vance, chairman of the board, said. According to latest information, approximately 68,000,000 pounds will be available, 10 percent more than was used last year.

Indications are that some farmers are making purchases before they need the insecticide, while others are making unnecessary purchases or unnecessarily heavy purchases, Vance said. As a result, local shortages are occurring in some areas.

Everything possible is being done to get the calcium arsenate to the places where it is needed at the time it is needed, Vance pointed out. Farmers and dealers can help meet this year's heavy demand by preventing early or unnecessarily heavy purchases and by using the materials as sparingly as possible, he continued.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

Lawns, shrubs and flowers have shown much improvement since the rains and cooler weather making the homes and the city more attractive.

Heavenly blue morning glories adorn the back fence in the garden of O. D. Skelton. Other flowers also present quite a splash of color and beauty to the yard.

Pink and white peri-winkles are blossoming in front of the Clarendon Motor Company.

Bright pink geraniums make an attractive display in the garden of Dave Johnson.

The Lon Rundell home is very noticeable with its many bright hues of different flowers. The dahlias are beginning to bloom. They are always a showy flower of marvelous beauty.

There is a bright colored shrub in bloom in the yard of B. F. Kirtley, and also some very pretty dahlias.

Orange colored giant marigolds are flowering in the yard of J. A. Warren.

Cheese Featured As Food Special

College Station, Aug. 15.—Eat cheese and lighten the load on meat supplies.

Texas-USA War Board announced this week that cheese, which is being produced in plentiful supplies, will be a Victory Food Special from August 17-29. Previous Victory Food Specials featured broilers, fryers and peaches.

Designation of cheese by Agricultural Marketing Administration as a Victory Special is made under a program for widening the distribution of commodities in abundance in order to make the fullest use of the nation's total wartime food supply.

Mr. and Mrs. C. D. McDowell and Mr. and Mrs. John Frasier and two sons of Groom and Mr. Bert Leslie of Ft. Smith, Ark., enjoyed a picnic supper at McClellan Lake Friday night.

Yes sir... you'll find all your chick raising needs right at our store. This is a real opportunity year, as egg and poultry prices are going to be good... that's why it's so important for you to get started right! This is the year to buy the best—buy good chicks, feed a good starting feed, and protect your chicks from disease with careful sanitation. We have everything you need to do the job right. Come in now—place your orders for chicks and feed early!

FEED PURINA STARTINA

Good chickens demand good feed—that's why we urge you to give your chicks the RIGHT start on Purina Chick Startina. It's tops for livability and growth. Takes only 2 lbs. per chick!

JUNK needed for War

"What's it good for?"
"Guns, tanks, and maybe part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. **Throw YOUR scrap into the fight!**

JUNK MAKES FIGHTING WEAPONS

MATERIALS NEEDED
Scrap iron and steel.
Other metals of all kinds.
Old rubber.
Rags, Manila rope, burlap bags.
Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer.
NEEDED ONLY IN CERTAIN LOCALITIES:
Waste paper and tin cans—wanted only in certain areas, as announced locally. **NOT NEEDED** (at this time): Razor blades—glass.

THE TEMPLE OF TRUTH

By the Apostle

GOSSIP.

It's hard to love thy neighbor if he be of the meddling type. An old lady once remarked to me that "some folks envy others simply

because the other folks are successful." Do you believe that?

HISTORY.

Member back in the other World war when an auto tire that would last 3,500 miles was a honey? You bet we had them and they were the best on the market. A 2x28 jitney tire sold for \$27.50, too. And the full dinner pail worried a lot of folks, while today it

is the full gas tank that is of most concern. Time keeps moving, false teeth and hair dye are improving and we may pull through after all.

SCARCITY.

One thing that is getting scarce: News that is too good to be true.

WIND.

It's an ill wind that blows no one good, the old timers were

told. Maybe metal will get so scarce that trombones will become scarce.

RUINATION.

If a fellow loses his pocketbook these days he is ruined even if he didn't have a dime in it. His social security card, registration certificate, driver's license, sugar rationing booklet, his fishing license, his wife's picture (maybe) and a

bunch of choice addresses will all go by the board. Good golly, to where are we headed?

YOU SAID IT.

Many an auto wreck is caused by hugging the wrong curve. That same guy probably had a father who carried a chip on his shoulder because he was wood from the neck up.

That's all for this week except that the old Apostle returned Saturday from a tour of Arizona, New Mexico and Colorado. Yep, he got the rocks, gem stone material and saw the greatest scenery of all nations on the Globe. Traveling 2,476 miles with only one puncture made the trip most enjoyable. The Navajo Indians are making rapid progress up at Ft. Defiance in the northeastern part of Arizona. Good schools has made the change. The old heads still are Indians. The young ones are Americans only, skilled in many trades and many of them are in their Uncle's service in a foreign land.

The Black Range between Silver City, N. M. and Hot Springs is the most beautiful of the many ranges of the Southwest. Southern Arizona is the most interesting desert because of the varied cacti. The southwestern part of N. M. is the most desolate because of its desert minus any form of natural ornament.

The most beautiful mountain streams are in southern Colorado in proportion to the area. The most interesting object on the trip was the Aztec ruins and museum at Aztec, N. M. The people inhabiting that city hundreds of years ago were expert builders, and among the proofs is the Grand Kiva where they held their religious ceremonies. In that building a whisper may be heard a hundred feet across the depths of the sunken chamber. Be sure to see it on the San Juan river when you go that way.

Don't forget to plant a fall garden any time now. Yellow and purple top turnips are great. The winter greens patch should include mustard, turnips, spinach, kale and rape. The last named will be the last to disappear in January as the cold becomes intense. That variety is a favorite in this county and never fails the planter with plenty of winter greens.

From where I sit . . .

by Joe Marsh

WHENEVER I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins' had thirteen children.

I mention this story about Dad Hoskins because it's something like what I understand the beer industry is doing to regulate itself.

They weren't a bad bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

As I see it, most of the beer industry behaves itself perfectly all right . . . but every now and then, I guess, a retailer comes along who runs a place that isn't up to scratch . . . sort of like a wayward kid.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

So like Dad Hoskins' family, the brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "clean up or close up" offending retail places.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

The brewers, who want to protect beer's good name, cooperate wisely with the authorities who enforce the laws.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally did get a little time for himself.

From where I sit, that's a fine thing for the brewers to do . . . particularly when you realize that after all they're really not responsible for retailing conditions.

Joe Marsh

by express to service men who have been transferred will be re-shipped to them in this country without extra charge.

Headstones for memorial graves will not be issued by the quartermaster general only for graves where actual interment has been made.

Coopertown Academy, Coopertown, N. Y., has been given six scholarships to be known as the Clark Wartime Scholarships. They are to be awarded on a competitive basis to pupils whose education has been interrupted by war time conditions.

More than 2,500,000 applications for National Service Life Insurance have been written since 1940. Since it will take some time to issue the many thousands of new certificates by the Veterans' Administration, families of service men are told not to be disturbed over the delay, and not to write in regard to this delay as that only

takes more time by those who are getting them out.

The War Department requests that under no circumstances will any plan to encourage or promote correspondence between soldiers and civilians unknown to the serviceman be approved by the department. They say that many communities have sponsored special projects by which certain persons take the name of an inducted man and correspond with him while he is in the service. The department says that though the motive is kindly, it is not a wise plan.

Betty and Jimmy Vawter left Friday for their home in Los Angeles after a 7 weeks visit with their aunt, Mrs. Harry Blair and other relatives.

Mr. and Mrs. Pat Slaven have moved to Pampa. Pat is a student flyer. They are at the Schneider Hotel at present.

RED CROSS VOLUNTEER SERVICE

Members of the Hedley unit of the Donley county Red Cross knitting and sewing department came to the front this week with superb work. Mrs. Clyde Bridges, chairman of the group, turned in four quilts, two afagans, nine quilted baby blankets, twenty-eight infant's gowns and five children's dresses. The Hedley Junior Red Cross was instrumental in furnishing a number of these garments.

Mufflers were knitted by Mrs. W. C. Payne, Mrs. Ned Grimsley, 2; Mrs. G. C. Brinson, 2; Mrs. Grimsley also turned in a sweater and Mrs. Bridges turned in four squares.

In Clarendon helmets were issued to Mrs. C. B. Morris, Mrs. A. B. Turner, Mrs. W. J. Clifford, Mrs. Ernest Kent, Mrs. Douglas Wadsworth and those turning in completed helmets were Mrs. W. J. Clifford, Mrs. C. D. McDowell and Miss Lee Patton.

Sweaters turned in this week were knitted by Mrs. C. B. Morris, Mrs. Sam Dyer, Mrs. Fred Buntin, Mrs. Douglas Wadsworth, Mrs. Paul Smthey and Miss Louise Aten (Lelia Lake).

A quilt donated by Mrs. Joe Horn and turned in by Mrs. C. D. McDowell was quilted by the Clarendon Home Demonstration Club.

The production room regrets the departure of Mrs. C. E. Griggs who is leaving this week with her husband who will be engaged in defense work in Dumas. Mrs. Griggs has been a very helpful Red Cross worker.

The Volunteer Chairman also wishes to express regret of the resignation of Vivian Taylor as a member of The Clarendon News staff. Miss Taylor has been of much service in the conduction of this column.

GARDEN CLUB

Members and guests of the Garden Club were entertained August 17 in the home of Mrs. J. L. McMurtry with Mrs. Rayburn Smith assistant hostess. The entertaining rooms were decorated with peach colored dahlias, gladiolus and roses.

With the president, Mrs. John Goldston in charge of the business session, the following officers were elected for the ensuing year: Mrs. John Goldston, president; Mrs. Frank Phelan, vice president; Mrs. Walker Lane, Secretary.

Mrs. J. H. Howze, who was

leader of the program gave a thrilling story of extensive flower gardening in California. "The Cliff Dwellers", a story of the vital part that flowers play in the private life of Jeanette McDonald, who proudly has gardening for her avocation. Mrs. A. L. Chase and Mrs. Joe Goldston presented interesting discussions of shadow boxes. The planting and culture of the Oriental poppies was discussed by Mrs. A. W. Simpson.

A refreshment of delicious iced watermelon was served on the lawn to guests: Mesdames Dishman, Alvin Landers, and Elba Ballew; to members, Mesdames

Lena Antrobus, H. C. Brumley, C. D. McDowell, J. H. Howze, W. W. Taylor, O. C. Watson, Will Johnson, U. J. Boston, A. L. Chase, R. R. Dawkins, Frank Phelan, Walker Lane, Joe Goldston, John Goldston, A. W. Simpson, Rayburn Smith and J. L. McMurtry.

Before leaving, the guests made a tour of the garden which was marvelous in a splendid array of colors.

1922 BRIDGE CLUB

Mrs. C. T. McMurtry entertained the members of the 1922 Bridge Club complimenting Mrs. J. B. McClelland who is a member of this club and who is leaving for an indefinite visit with her children.

The guest rooms were beautifully decorated with red, white and blue flowers and the patriotic motif was carried out.

Games of bridge were played from three to five-thirty. Mrs. Ellis won high for club and Mrs. Trent won the cut. Club members were Mesdames R. A. Chamberlain, James Trent, L. S. Bagby, T. H. Ellis, Sella Gentry, A. R. Letts, and J. T. Sims and the honoree, Mrs. J. B. McClelland. Both gifts were presented to Mrs. McClelland.

After the games, the members of the Episcopal Auxiliary, Mesdames McClelland, Allen Jefferies, Geo. Ryan, W. H. Patrick, Ben Chamberlain and C. W. Bennett were invited to tea. Mrs. Clyde Slaven and Mrs. J. L. McMurtry were guests. A delicious refreshment of muskmelon pudding and coffee was served.

Mrs. McMurtry and Mrs. W. H. Patrick each presented Mrs. McClelland with a gift.

1937 BRIDGE CLUB

Mr. and Mrs. John Gillham entertained this club at their home Tuesday evening. Cut garden flowers were used in room decorations.

In the games, Mr. and Mrs. G. W. Estlack received high, Mr. and Mrs. A. D. Estlack, low.

Refreshments were served to guests, Mr. and Mrs. Alvin Landers, Mr. and Mrs. A. B. Turner; Members, Mr. and Mrs. G. W. Estlack, Mr. and Mrs. Lawrence Whitlock, Mr. and Mrs. Alfred Estlack, and the hosts.

JOHNSON—HOWARD

Miss Mable Johnson and Urseal Howard of Joplin, Mo., were married August 12 at Ft. Worth. Mable is the daughter of Mr. and Mrs. Will Johnson of Clarendon. She has lived in Clarendon all her life, receiving her schooling here and at Canyon. She also graduated in beauty course training at Amarillo. Mr. Howard received his schooling at McAlistier, Okla.

They will be at home at McAlistier, Okla. after a short visit here with her parents, Mr. and Mrs. Will Johnson.

COUNTRY CLUB MEMBERS HAVE ANNUAL MEETING

Approximately thirty club members and their families and their guests were present for the annual country club meeting and barbecue at the club north of town Friday evening.

Barbecued chicken and picnic lunches was enjoyed and then a business meeting was held and new directors were selected for the coming year. The directors are J. R. Porter, W. W. Brunais, C. T. McMurtry, E. R. Andis and W. W. Taylor.

SOCIETY OF CHRISTIAN SERVICE

Circle No. 2 of the Woman's Society of Christian Service of the Methodist church met at the home of Mrs. Clarence Whitlock Wednesday afternoon with six members present. Mrs. Whitlock gave the devotional, Mrs. Chas. Lowry gave the lesson.

WIN ONE S. S. CLASS ENJOYS PICNIC

The Win One S. S. Class of the Methodist Church entertained their families with a picnic at the City Park Thursday evening.

MARTIN GARDEN CLUB

The Club will meet with Mrs. John Thomas on August 28. A tour of the yards will be made; and will also have our ladies along to judge the yards. Everyone try to be there. We will try and meet at 2 o'clock instead of 3 as is our regular meeting time.

—Club Reporter.

NEW ARRIVAL

Born to Dr. and Mrs. B. B. Harris, a daughter, Sunday morning, August 16. Weight 6 1/2 lbs. The little lady has been given the name Betty Jeanice. Mother and babe doing nicely.

MAY MORRIS CELEBRATES 10th BIRTHDAY

Mrs. Cap Morris, assisted by Mrs. Gatlin, Sara Beth Lowry and Naomi Morris, entertained 16 youngsters with a picnic supper at the Country Club Monday afternoon, complimenting her daughter, May, on her 10th birthday.

Swimming was enjoyed as well as other games played.

1926 BOOK CLUB

The members of this Club entertained their families with a basket supper at the City Park Wednesday night. After enjoying the bountiful supper, the older folks visited while the children played. About 15 families were present.

Mrs. Bill McClung of Spur, visited her sister and brother-in-law, Mr. and Mrs. G. W. Kemp, over the week end.

Lloyd Johnson from Sheppard Field visited the week end with his parents here, Mr. and Mrs. C. M. Johnson.

Cleta Verne Philips of Groom has returned to stay with her grandparents, Mr. and Mrs. Hunt and attend college this term.

Mrs. Tate of Dumas visited her brother and wife, Mr. and Mrs. Joe Terry the week end.

Mrs. Emery Sayer and daughter Lois of Childress visited her sister, Mrs. Fred Chamberlain, Mon.

Mr. and Mrs. G. C. Heath and daughter and Mrs. Herschel Heath left for Long Beach, Calif. Friday for a visit with their son, Herschel Heath.

Mr. and Mrs. C. D. McDowell attended the Old Settler's Picnic at Wellington Thursday. Mr. Bert Leslie, a brother-in-law, accompanied them home.

Strictly Formal

Mevie star Rita Hayworth sets the pace for formal wear this fall in a fine crepe silk evening dress, designed by a famous Hollywood stylist. The hose are of the same spun-sugar sheen as the pink and silver dress.

Mrs. N. E. Bruce of Wichita Falls is visiting her sister-in-law, Mrs. W. A. Davis.

Pearl Prachar of Summerville is visiting her grandmother, Mrs. W. A. Davis.

Judge and Mrs. R. Y. King and daughters and Mrs. W. A. Davis attended the Old Settler's picnic at Hedley Friday.

Bert Leslie who visited his sister-in-law, Mr. and Mrs. C. D. McDowell last week, left for his home at Ft. Smith, Ark.

Naval Training Means More Than Graduation

Graduates of Naval Training Schools are given Bureau of Navigation certificates of graduation. Entries are made in the graduate's service record showing the school from which graduated, with final marks and class standing.

One of the following notations is also entered in his service record:

"Graduated from Class 'A' School Group I(a) 'Electrical School'. Especially qualified to strike for ratings of Electrician's Mate, Fire Controlman."

"Graduated from Class 'A' School Group I(b) 'Ordnance School'. Especially qualified to strike for ratings of Gunner's Mate, Torpedoman, Aviation Ordnanceman."

"Graduated from Class 'A' School Group II(a) 'Communication School'. Especially qualified to strike for ratings of Radioman, Signalman, Quartermaster."

"Graduated from Class 'A' School Group II(b) 'Clerical School'. Especially qualified to strike for ratings of Yeoman, Storekeeper".

Graduates are given ten days leave of absence if practicable plus travel time subject to orders on hand.

Graduates are assigned to duty on board vessels of the Fleet. They are given the privilege of requesting the ship they desire, and these requests are usually granted if practicable.

Keith Carrol Hudson, small son of Mr. and Mrs. Willard Hudson of Amarillo, is visiting his grandparents, Mr. and Mrs. Major Hudson and Mr. and Mrs. A. M. Taylor this week.

Our Great America *by Tryon*

HOOF OWL LOGGERS!

A NUMBER OF WEST COAST FOREST OWNERS SEND THEIR LOGGING CREWS TO THE WOODS AT DAYBREAK AND LET THEM STOP SHORTLY AFTER NOON. THE HIGH HUMIDITY OF EARLY MORNING HOURS MINIMIZES THE RISK OF FOREST FIRES. THIS IS ONE OF THE MANY MOVES INSTITUTED BY PRIVATE FOREST OWNERS TO REDUCE LOSSES DUE TO FIRES, SO THERE WILL BE ENOUGH WOOD FOR NOW AND FOR FUTURE GENERATIONS.

AT THE TURN OF THE CENTURY IT TOOK 15 MAN-HOURS TO PLANT, CULTIVATE AND HARVEST AN ACRE OF CORN. TODAY, AMERICAN FARMERS WITH MODERN EQUIPMENT DO THE JOB WITH 4 MAN-HOURS... AND EACH ACRE YIELDS ABOUT TWICE AS MUCH CORN.

IT TAKES APPROXIMATELY 12,500 GALLONS OF GASOLINE TO TRAIN ONE BOY TO BE A U.S. AIR CORPS PILOT.

Old Cowhands To Hold Annual Reunion

The old cowpunchers of the West are ready for their annual reunion on the T-Anchor range near Canyon on the evening of Aug. 26 and all day Aug. 27, president E. C. Britain announced today.

On Thursday evening, Aug. 26, there will be son-of-a-gun stew prepared by Mel Armstrong, an Old Tascosa sheriff. Ed Baird of Canyon will supervise the evening program.

The feature of the evening will be a ranch style square dance on a big and strong platform. There will be suitable music. Bill Hensley of Amarillo, "Uncle Billy" Jarrett of Dalhart and others will do the leather-lunged calling. The dance will last as long as anyone wants to "shake a leg."

The big reunion comes the next day—a morning of yarn swapping, a John Snider barbecue at noon and a snappy program in the afternoon.

President Britain will call the meeting to order just before the "come and get it" sounds for the barbecue. Elmore Dodson of Dodson in Collingsworth County, an old Laurel Leaf puncher, will say the invocation.

Soon after the barbecue, President Britain will call for order. There will be music, including numbers by the Blackburn-Shaw Quartet, and second generation cowboys and girls.

Officers will be elected; then Judge C. E. Coombes of Stamford will speak. Also on the speaking program are Mrs. Billy Dixon and Miss Laura V. Hamner. All old punchers and pioneer women will be introduced by John McCarty, the master of ceremonies.

Mr. Britain said today that all persons eligible should notify him of membership and send in the \$2 initiation fee. Mr. Britain's address is Oliver-Eagle Building, Amarillo.

This will be the 22nd reunion of the old punchers. Any men, or their families, who pioneered in the west prior to 1900 are eligible for membership.

Mrs. Monica Harvey and son Bernard of St. Louis, visited her son, Bob Harvey, and wife at Dalhart, Wed. and Thurs.

Grayson Tennyson of Wichita Falls visited in the Van Kennedy home this week.

Mrs. R. T. Foust and children of Grand Junction, Colo. visited her sister, Mr. and Mrs. Dick Lanham and daughter here last week.

Mrs. J. M. Acord is visiting relatives at Dallas.

OUR DEMOCRACY *by Mat*

UNCLE SAM SETS A GOOD TABLE.

SUPPER—MEAT, POTATOES, VEGETABLE, DESSERT, HOT OR ICED BEVERAGE.

THE MODERN FIGHTING-MAN'S MEALS ARE MODERN TOO—SCIENTIFICALLY BALANCED, EXPERTLY PREPARED, GOOD TO EAT—AT A COST OF 45¢ PER DAY.

AN ARMY AND A NAVY STILL TRAVELS ON ITS STOMACH—AND OUR MEN ARE GOING PLACES!

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary Donley County ACA

This article has to do with some of the problems concerning the County Office and the Producers, and with some of the things the Producers should know regarding their crops.

There has been some complaint about it taking so long for this office to get the notices to the producers regarding the acreage of cotton and other crops. A great deal of this delay has been caused by Producers coming in to see how they came out BEFORE the notice was mailed to them thus causing some clerk to take about four times as much time to wait on them as it would have had they waited until the regular notice had been mailed. In doing this the time is lost since the regular notice must be mailed out anyway. We sincerely ask that Producers stop this practice, since we are doing everything in our power to get the notices out as quickly as possible. I am sure that we know how you feel regarding plowing up your cotton when it is too late this year we have taken the farms as they came in and worked them out in the same manner, and I hope that we may continue to do so.

Another thing which I think has been misunderstood by several Producers is: the recheck fee and the compliance fee. The recheck fee is to pay for checking cotton destroyed, or otherwise removed, and the fee is \$1.00 for one or two plots and 50¢ for each additional plot. The compliance fee is paid when a Producer wants all or a part of his farm remeasured. The fee for this remeasurement is \$1.00 plus 2¢ per acre for the land that is to be rechecked, and if there is found to be an error of 0.5 acre in the special allotment crops, the fee will be returned at the request of the Producer.

Mrs. J. M. Winston of Weatherford who has been visiting in the Geo. McCleskey home left for her home Friday.

Mr. and Mrs. F. G. Patching and Miss Eva Patching have returned home from a vacation trip in Colorado.

Mr. and Mrs. Chas. Lowry and family and Mrs. Eula Cox were shopping in Amarillo Monday.

RAINED OUT ON FISHING SPREE

The long, tall fishing story seemed to be drenched as three of Clarendon's prominent fishermen returned from Lake Diversion the first of the week. The report was that it rained so much that it was hard to even stay on the lake and that they had to fish in the canal—and not much was said about the catch.

Those making the trip were Geo. E. Norwood, Bill Hilliard and Carl Peabody. These boys usually bring back the fish if the weather is favorable at all.

Mrs. Karl Adams and daughter June and Marilyn Sawyer were Amarillo visitors Monday.

Mr. and Mrs. Heckle Stark, Mr. and Mrs. Neal Bogard and Mrs. Ralph Grady were in Amarillo Tuesday.

Mrs. H. T. Warner is visiting her mother, Mrs. Parker at Wichita Falls.

Mrs. Joseph Gorsuch of St. Louis, Mo. is here visiting her sister, Mr. and Mrs. Roy Clappitt and family.

Mrs. Mary C. Bugbee left Thursday for Long Beach, Calif. after a three months visit here and at Claude visiting relatives.

Mr. and Mrs. Dalton Ford and children spent Sunday night in the home of her parents, Mr. and Mrs. A. G. Lane.

Mrs. Marion Northcutt and son of Dallas are here visiting her mother, Mrs. Eva Atteberry.

Mrs. Moss and daughter of Borger were visiting friends in Clarendon last week.

Judge Henry S. Bishop of Amarillo was here on business Wed.

Mrs. Marion Northcutt and son of Dallas are here visiting her mother, Mrs. Eva Atteberry.

Marilyn Maher is visiting her mother Mrs. Edith Maher at Seymour.

Mr. and Mrs. C. E. Griggs have moved to Dumas where Mr. Griggs will be employed in defense work.

Mr. and Mrs. Elzy Kutch and baby of Phillips are visiting their grandparents, Mr. and Mrs. S. B. Kutch this week.

Cap Morris is looking after their farming interests in Foard County this week.

Elmer Logsdon visited his wife, Mrs. Logsdon last week. He left Tuesday for Abilene.

How Food Stamp Program Helps Donley Farmers

How the Food Stamp Program helps Donley county farmers as well as underprivileged families was pointed out in a report released today by Mr. Dan L. Boyd, Amarillo, Texas, Area Supervisor, Agricultural Marketing Administration.

Over \$34,000.00 in blue food stamps which have been issued to needy families in the county from the beginning of the program, May 16, 1941 through July 31, 1942, represent additional farm markets created by the program, the report showed. An average of 233 families representing some 979 persons have received increased food purchasing power in the form of blue food stamps each month since the program began.

"Farm products often come to market in season and out in such heavy supply, prices would be ruinous to the farmers if use of the commodities by consumers was not increased," Mr. Boyd explained. "The Food Stamp Program helps bring about this increased use."

"Families using Food Stamps are first required to buy orange stamps with the money they would normally spend for food. They are then issued blue stamps which gives them an increase of 50% in food purchasing power."

"Orange stamps will buy any kind of food while blue stamps will purchase only those foods for which farmers need an additional market."

Blue Stamp Food Lists are subject to change by the Department of Agriculture each month, it was pointed out. Therefore, the commodities for which farmers need added markets can be included on the list at all times.

Bain Talks of More Rubber Production

Visiting relatives and friends here the past few days were the members of the family of J. R. "Dick" Bain, former residents and who have resided in California for several years.

Mr. Bain is employed in guayule rubber production, he being on the growing end of the line.

He says the federal government has taken over a small nursery affair where the plants were propagated, has saved seed and replanted until this season they will have enough seed to plant out 2,500 acres. Next year they expect to plant 300,000 acres, he said.

According to Mr. Bain, the plant produces an excellent form or quality of real rubber, and the acreage production is a big item in the venture.

The plant and grounds are located "somewhere in California."

"The family will spend a few days this week with relatives and friends in Dumas, after which they will return to the Pacific coast country."

Funeral Services For R. L. Heathington

Funeral services were held Tuesday morning for Robert Lee Heathington, aged 78, at the First Baptist church with Bro. E. L. Moody, officiating.

Mr. Heathington passed away at the home of a daughter, Mrs. J. A. Endsley in Clarendon. He had lived here for the past four years.

He is survived by four sons and two daughters: Roscoe of Granbury, Jim of Missouri, Oscar and Lester of Clarendon; Mrs. J. A. Endsley and Miss Lula Heathington of Clarendon. Also 10 grandchildren and one great grandson.

Pallbearers were Alvin Landers, Howard Stewart, Bill Adams, Sid Endsley, Walter Chapman and Bert Mayfield.

After the services here, his body was taken overland to Granbury for burial Wednesday. Buntin Funeral Home had charge of funeral arrangements.

Mrs. Will Johnson visited last week with her daughter-in-law, Mrs. Albert Johnson at Amarillo.

Oma Lee of Hedley is visiting in the R. Y. King home this week.

Copper, Mica, and Lead Before and After Columbus

This is the way the mound builder looked a thousand years ago with his wealth when he lived at the King Mounds, an ancient buried city, Wickliffe, Kentucky.

By COL. FAIN WHITE KING, Research Director of Archaeology of Kentucky

With every miner digging into the bowels of the earth after the precious war materials, copper, mica, and lead, one is prone to wonder if such feverish activity ever prevailed to such limits. Yes—we have records of the prehistoric Mound Builder accumulating meager quantities of these minerals over a life-long period by means of primitive mining and energetic trade and commerce, however in no vast quantities such as is produced today.

Michigan and the West produce ninety-five percent of the copper mined in this country today. The Mound Builder secured his copper from Michigan and the Isle Royale district. Above is shown the copper wealth as it looks today, as found in Kentucky, and the way the Mound Builder looked when he wore it a thousand years ago. This can be seen in colors in Mrs. Blanche Bussey King's new book, Under Your Feet. Copper is used today in electrical appliances, telegraph, telephone, radio and airplanes. Every ship built requires quantities of copper. Copper will win the war, save it.

Prior to the present war India and foreign countries furnished most of our mica; today we are dependent upon North Carolina, Canada, Brazil, and a few scattered minor sources. The apparent consumption of sheet mica in the United States during 1940 exceeded all previous records, and much of it came from North Carolina. Long before Columbus discovered America the aboriginal peoples were mining mica in North Carolina using it for mirrors, ornaments, and shiny decorations. The WPA sent crews of workmen to these old primitive diggings and men were able to make about two dollars a day taking mica from these very same workings that the primitive workman had discovered and used about a thousand years ago.

Mica is a non-conductor of electricity and heat; it is used in condensers, radios, and electrical equipment. Muscovite mica can be split into thin sheets, punched, and stamped; it is also ground and used as covering or insulation for electrical wiring as well as for many varied uses in industry.

Lead has served its usefulness as bullets, but not as an essential war material. Shells and cartridges are made of steel and explosives except fuses and other small parts which often use lead. The principal use of lead is in the manufacture of storage batteries; every tank, truck, airplane, submarine, and radio must have batteries. Second place in the use of lead is for paint and cable covering. All war equipment must be painted. The Mound Builder used lead which he had never learned to melt, but used in its original form, galena, to shape and fashion into ornaments and ear-plugs, and for personal adornment. The Mound Builder secured his lead from Joplin, Missouri area.

Come and see the greatest collection of minerals, paint rocks, and tools in the entire world taken from one site of the Mound Builder. At Wickliffe, Kentucky, an ancient buried city, for ten years with orange-wood sticks, spoons, and small brushes, the writer and his wife, Mrs. Blanche Bussey King, with a staff of archaeologists, have been uncovering the romantic story of the first people that lived in our rich and glorious country.

AMARILLO COLLEGE OFFERS PRE-EMPLOYMENT REFRESHER TRAINING COURSES, FREE

In conjunction with the U. S. Office of Education and the State Department for Vocational Education, Amarillo College is offering pre-employment refresher training course, without cost, both to men who have had some practical experience in mechanical fields and to qualified young men and women who have had no previous experience. The purpose of this program is to enable each trainee to attain the necessary

skill and technical information in order that he or she may obtain employment on jobs in national defense industries.

No tuition fee is charged for any of the courses offered. The only expense incurred by the students will be cost of manuals or technical texts. The cost of these books should not exceed \$5.00 for any course.

All applicants not employed at present must report to the United States Employment Service (323 W. 7th St. in Amarillo) in order to make application for any course offered.

With the exception of the aircraft engine course, all courses are open to men of ages 18 to 60, of good physical condition, with a minimum of 8th grade education. Previous experience in mechanical fields is desirable but not essential.

The aircraft course is open only to high-school graduates from 18 to 40 years of age who have preferably had at least two years of math and science in their high-school work.

Classes in Machine Shop and Aircraft Sheet Metal are open to women. Age limits for women are from 18 to 35 years with a minimum of 8th grade education.

Upon completion of the training program, all trainees are awarded a certificate of training and referred to the United States

Employment Service for placement.

Because of the intense demand throughout the nation for men and women who can use their hands as well as their heads it is anticipated that no graduate will have difficulty in obtaining satisfactory employment.

After an intensive survey, the educational requirements for arc welding trainees have been removed, so that any man of 18 years or over can now take this course regardless of his previous education.

Mr. and Mrs. Bill Meaders left Saturday for their home in Los Angeles after a visit with their parents.

Mr. and Mrs. Bill Todd, Mr. and Mrs. Todd Sr. and Mr. and Mrs. McAnear were guests in the La Grone home Friday evening, all having a covered dish supper.

Marvin Jones of Lubbock Air Corps, spent Saturday night and Sunday with his mother.

Bobbie Jones who returned to his home after spending some time with his grandmother, had his tonsils removed at Amherst the past week. Bobbie will return later and attend high school here.

Mrs. Cordia Thompson and children spent Saturday night and Sunday in the Aubry Tompson home.

Miss Ruth Leach from Illinois is visiting Miss Virginia Williams this week.

Mrs. Christal and Mrs. Tomlinson of Lelia Lake visited with Mrs. John Goldston Monday morn.

The John Goldstons visited with Mr. and Mrs. Bill Bromley and Mrs. E. W. Bromley Sunday afternoon.

Mr. and Mrs. Cecil Beach, Mr. and Mrs. A. B. Stephens and baby, Mr. and Mrs. Jimmy Johnston and baby all of Plainview, and Mr. and Mrs. Nelce Robinson were guest-in the Longan home Sunday.

Monday guest were Mrs. Ben Andis, Mrs. Ralph Andis, Mrs. Jim Montgomery of Amarillo, Snooks Andis and Mr. Egra of Amarillo.

Mr. and Mrs. Bob Williams visited with Mr. and Mrs. Luttrell Sunday eve.

Romeo Derrick celebrated his birthday with a chicken barbecue at his home Monday eve. A number of friends enjoyed the occasion.

Miss Nancy Stidham of Okla. is visiting her uncle, Mr. and Mrs. Quattlebaum this week.

Mr. and Mrs. Hefner visited with Misses Minnie and Ava Naylor Sunday. Miss Minnie returned from the hospital in Amarillo the past week. She is improving.

Mr. and Mrs. Hartman and Mr. and Mrs. Whitt visited with Mrs. Jones Saturday eve.

Misses Mattie and Irene Rhodes and Ben Chamberlain spent Sunday with Mrs. Jones and son Marvin who was home from Lubbock.

Misses Mattie and Irene Rhodes and Ben Chamberlain spent Sunday with Mrs. Jones and son Marvin who was home from Lubbock.

Mr. and Mrs. Ray Heath and Jamie Heath, a cousin of Ray, spent Tuesday night with her father, Mr. Roy Brock and family. They were on their way to California from Arkansas.

Ennice Vick visited in Memphis Sunday.

Mr. and Mrs. H. C. Smith and family visited in the Roy Roberson home Sunday evening.

Mrs. Murphy Brock and Mrs. Roy Brock returned home last week after spending a few days with their mothers.

Mr. and Mrs. Charlie Young and family, Mrs. DeWitt Pope and daughter and Mrs. Glen Brock visited in the Joe Dilli home Sunday.

Marjorie Brock spent Sunday with Bernice and Annice Rattan. Daphne Roberson returned home Thursday after spending a week with her cousin, Billie Frances Roberson of Amarillo.

Mrs. Pettet of McLean and Mrs. Kellie Lambert of Lawton, Okla., an aunt of Mr. Roberson spent Saturday night in the Roberson home.

Mr. and Mrs. Eulan Higdon spent last week with his parents, Mr. and Mrs. Bill Higdon.

Mr. Higdon is better after being sick a few days.

Texas Farmers Show Gain In Financial Way

COLLEGE STATION, August 18.—Texas farmers ranking third in the nation in production of eggs, ninth in hogs and tenth in milk are enjoying substantial benefits from huge government purchases of these and other commodities for Lend-Lease and related distribution needs, Emmett McBryde, Austin AMA Acting District Supervisor and member of the Texas USDA War Board, said today.

gram in April 1941, through June 30, this year, the Agricultural Marketing Administration purchased over \$248,000,000 worth of eggs, \$464,000,000 in pork products and \$262,000,000 in dairy products," McBryde pointed out. "These products represent only a part of the farm commodities purchased by AMA. Purchases of all commodities totaled more than \$1,396,000,000 for the period."

JUDGE E. L. PITTS of Lubbock

Thanks the Voters of the District for the splendid support given his candidacy for Chief Justice of the Court of Civil Appeals in the first primary, the results of which gave him a long lead over his nearest opponent who lives in Amarillo.

Judge Pitts solicits the support of every voter again on next Saturday and reminds the people that Lubbock County polls the biggest vote of any other county in the district but has not had a man on that Court for nearly twenty years during all of which time Amarillo has been well represented on the Court.

What Will Win The War?

There are many statements, loosely circulated, to the effect that food, faith, hope, courage production, unity, etc., etc., each is the one thing that will win the war. However, the truth is that military might will win—nothing else. The things mentioned above, and many others; are highly important, some vitally so. But let's not be distracted from the fact that FORCE is what we must have to win. Let's bend our every effort to build the greatest striking force of all time.

FARMERS STATE BANK

Member Federal Deposit Insurance Corporation.

Would You Do this Job for A DIME A DAY?

... and when you and the carpet are both worn to a fizzle, would you clean the oil lamps... and do a week's wash on a knuckle-bruising board... and run out to the springhouse after milk and butter... all for the same 10 cents?

"No bargain!" you say. But Reddy Kilowatt, your electric servant, does all these jobs and more—for a dime a day or less in the average West Texas home. What's more, that dime's value has grown so steadily that nowadays it buys about twice as much service as it did ten or fifteen years ago.

It's about the biggest bargain in the world... and probably the only household item that hasn't gone up as a result of the war!

Today, under experienced and practical business management, West Texas enjoys an abundant supply of electric power... power to perform household drudgery... power for wartime schools, training camps and industries... and power that will enrich the life of everyone in peaceful years to come.

H. J. A. No. 1

A JOINT RESOLUTION proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January

1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or have printed on their ballots, the words: "Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment

thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election. (26-c)

H. J. R. No. 23

A JOINT RESOLUTION proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas as to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal

year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said Fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election. (26-c)

H. J. R. No. 24

A JOINT RESOLUTION proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendments shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or

printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election. (26-c)

NOTICE OF DISSOLUTION OF PARTNERSHIP WITH CONTINUANCE

Notice is hereby given that the partnership between Joe Goldston Tom Goldston and Donna L. Goldston, under the firm name of Goldston Brothers was dissolved July 29th., 1942. All debts due to the said partnership are to be paid and those due from the same discharged, at the old place of business of Goldston Brothers, Clarendon, Texas, where the business will be continued by the said Joe Goldston and R. S. Brumley under the firm name of Goldston and Brumley.

Clarendon, Texas, July 29, 1942.
Donna L. Goldston
Joe Goldston
R. S. Brumley (26-c)

Mrs. Clyde Slaven and small daughter, Madylin Ann, are visiting her grandmother, Mrs. Chamberlain and other relatives.

Mr. and Mrs. Geo. Chamberlain left Wednesday for their home near Bay City, after a weeks visit with his parents, Mr. and Mrs. F. E. Chamberlain.

ASHTOLA
Mrs. W. B. Miller

A nice crowd attended Sunday school Sunday, but we hope the attendance will be larger next Sunday. All members of the Ashtola Baptist church are especially urged to come, since we are to have a conference after Sunday school.

Miss Gladys Holley has recently returned from a visit to relatives at Ft. Worth.

Mrs. Eugene Cornelius from Lubbock was a visitor at Sunday school Sunday. She is remembered here as Miss Oleta Marshall and her many friends were glad to see her.

We are sorry that Jimmy McKee had the misfortune to break a leg Sunday afternoon while playing at his home. He was carried to Clarendon to a physician who set the bone. He was then returned to his home. We hope he will soon be up and able to go to school which is to begin next Monday.

Miss Edna Mahaffey spent last week with relatives at Amarillo.

Mr. and Mrs. Wayne Ewing resigned last week as bus driver and primary teacher of Ashtola school. They moved to Borger Friday where Mr. Ewing is to be employed.

Mr. and Mrs. Roy Cornelius and daughter, Georgia Faye, and Mrs. Eugene Cornelius spent Saturday night in the home of Mr. and Mrs. H. S. Mahaffey.

Mr. and Mrs. Clarence Clark and children from Harlingen, visited in the home of Mr. and Mrs. W. P. Holley last week. Mr.

Clark is a grandson of Mrs. Mary Cook and nephew of Miss Jessie Cook and Mrs. Holley.

Miss Helena Poovey from W.T. S.C. spent the week end in the home of her parents, Mr. and Mrs. W. A. Poovey. Other visitors in the home Sunday were Mr. and Mrs. Earl Butler, Mr. and Mrs. Willard Cook and Mrs. Lavera Ramsey and Billy Lee from Borger.

Mrs. S. T. Clayton from Amarillo and Mr. and Mrs. Thomas Clayton and little daughter Mary Alleine from Memphis spent Sunday in the home of Mr. and Mrs. H. S. Mahaffey.

Mr. and Mrs. W. P. Holley and Miss Gladys attended church services at Goodnight Sunday.

Miss Bobby Watts of Canyon has been employed as primary teacher here. She spent Monday at Ashtola.

Mr. Arthur Nelson left Saturday morning to visit his mother in Red River county.

Mr. Frank Mahaffey and sister Miss Edna visited their aunt, Mrs. Otis Naylor, who is a patient in the Clarendon Clinical hospital, Sunday afternoon.

Miss Sammie Jean Allen from Amarillo is spending this week in the home of her grandparents, Mr. and Mrs. A. L. Allen.

Ted Tomlinson from the Midway community spent Sunday with James Reid Lovell.

Clyde Slaven has been transferred to Washington from San Diego, Calif. He is very well pleased over his transfer.

Mr. and Mrs. Bob Harvey of Dalhart visited his mother, Mrs. Monica Harvey the week end; also visited her mother, Mrs. Blackwell.

That Extra Something!
...You can spot it every time

ANY housewife can tell you that in wartime you have to put something extra into housekeeping to make a home bright and cheerful. And housewives know that ice-cold Coca-Cola, sparkling, refreshing, helps to brighten the most important part of home... the people in it.

For Coca-Cola has a unique, extra something that sets it apart... a finished art in its making that gives it unmatched taste-appeal... with an unmistakable after-sense of refreshment.

That's why no imitator can copy it. That's why Coca-Cola has the quality and delicious goodness so widely recognized and welcomed by all.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coca-Cola, being first choice, is the first to go. Ask for it each time. No matter how short the supply, the quality of Coca-Cola will not be changed in any respect.

Families working on war schedules add an extra burden to the job of housewife. In such homes, ice-cold Coca-Cola brings sparkling refreshment to lighten the task.

The best is always the better buy!

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY MEMPHIS COCA-COLA BOTTLING COMPANY

Cotton Leaf Worm Makes Appearance In Various Parts of Donley County

Reports from various parts of the county are that the cotton leaf worms are beginning to appear in small numbers. County agent H. M. Breedlove of the Texas A&M College Extension Service advises that the small hatch at the beginning is the hatch to kill in order to stop the leaf worms from spreading.

"The leaf worms should be dusted with calcium arsenate at the rate of about 5 to 7 pounds per acre," the county agent advised. "This will have to be done after each shower in order to keep the poison on the plant. It is not necessary that the cotton plant be wet with dew in order to dust the cotton. By experiment, it has been decided that any time of day or night is alright to dust with calcium arsenate as long as the weather is quiet and the dust will settle on the plants.

"This dusting procedure for leaf worms at this time will also help to control boll worms. It will depend on the weather from now on as to the worms and bollworms on the cotton in this section."

There are several dusting machines in the county, and if any persons have an outbreak of leaf worms, if they will contact the county agent it might be worked out so that the dusting machines in the county can be sent to those parts of the county where the infestation is the worst.

"All persons wanting any calcium arsenate should notify the county agent's office at once," Breedlove stated, "so that this poison can be ordered, as it might be hard to get at this time. This should be given our immediate attention when the leaf worms appear."

Daugherty Is Old Settler President

Heading the Old Settlers' Association the coming year by unanimous choice is Winfred Daugherty, resident of the Hedley country for some forty years or more. He succeeds "Uncle Bill" Rains who has served several years after trying to "beg off" a number of times.

Charles Rains was chosen vice president and Mrs. Thava Crawford was re-elected secretary after having served the Association several terms. Her election again this year is a distinct compliment, she having served longer than any other secretary in the history of the Association.

The annual session was held at Tate Grove some five miles northeast of Hedley last Friday.

The welcome address was made by Chas. Rains. Talks were made by county judge R. Y. King, E. H. Watt of Giles, Rev. Patterson and others.

The Moss family of parents and three children delighted the large crowd with several musical numbers. The Hedley Quartet came in for a loud applause on their numbers.

The program reverted to a popular demand of the old folks to "just shut up" and visit a great deal of the time while the younger members carried on their favorite amusement of music and singing.

President Daugherty is already laying plans for the best program ever to be presented, next year. He plans an old folks portion that will recall their pioneer days, it is said.

These annual gatherings of residents of this county who have been here for 25 years or more, is said to be the most wholesome affair of its kind to be held in the entire Panhandle. Several have been here for more than 50 years, and take the most active part in the organization.

Stamp Number 8 Entitles Purchaser To 5 lbs. Sugar

War Ration Stamp Number 8 will be valid for the purchase of five pounds of sugar during the ten-week period beginning August 23 and ending October 31, G. E. Kinslow, chairman of the Donley War Price and Rationing Board, announced today.

"This is a larger amount of sugar and the ration period is longer than has been assigned for any previous stamp," Mr. Kinslow explained, "but each person will have to continue using sugar at the original rate of no more than half a pound a week to make the five-pound ration last ten weeks."

Mr. Kinslow said the allotment of five pounds on Stamp No. 8 will permit household users to buy sugar in larger packages, and also will help to dispose of five, ten and 25-pound packages.

"Packages of these sizes were put up last fall and winter before it was known that rationing would be necessary," he said, "and the stores have had difficulty in disposing of these larger packages, because the ration stamps heretofore have been valid for only one or two-pound purchases. Unless the sugar in the larger packages is sold, it would have to be repackaged, and that would cause an undesirable waste of labor and materials."

Stamps Numbers 6 and 7 carry validity for the purchase of two pounds of sugar each until midnight of August 22nd.

BROUGHT HOME

Mrs. Billie Weatherly and Mrs. Geo. Wayne Estlack went to Amarillo Monday to get little Elizabeth Ann, baby daughter of Mr. and Mrs. Billie Weatherly who has been ill in the Northwest Texas hospital. They brought the baby home. She is much improved.

J. B. Knight Buys An Outstanding Duroc Boar

J. B. Knight, youthful Clarendon Future Farmer member, bought a Junior Duroc boar pig the past week from Charlie Franz of Turkey, Franz, a former president of the Texas Swine Breeders Association, and an outstanding Texas Livestock breeder, picked the boar for the youth from the get of his top show herd boar and his top rated sow.

Young Knight started in club work in the fall of 1941 when he bought four duroc barrows from Geo. B. Bagby. He fitted and exhibited these barrows at the Donley County and Amarillo Fat Stock Shows. He exhibited the champion Duroc barrow, reserve champion barrow over all breeds, and champion duroc pen of three barrows at the 1942 Amarillo Fat Stock Show.

The duroc boar he secured from Franz will be used as the club boar by members of the Clarendon F.F.A. Chapter, and Knight will mate the top seven gilts he raised out of a spring litter with the boar.

U. S. Government Wants Mules

The United States Government is wanting to buy mules for pack mules, according to a statement issued this morning by county agent H. M. Breedlove of the Texas A&M College Extension Service. The department is wanting to buy 900 mules for packing service in the army.

All persons in Donley county having mules that will meet the following specifications will notify county agent H. M. Breedlove who will notify The South Central Remount Area at San Angelo and set a date for the inspection of the mules offered for sale in Donley county.

"The mules should be from four to eight years old, height about 14 to 15 hands, weight 1,075 to 1,150 pounds, short straight back and deep chested, big bodied with well sprung ribs, straight legged with good bone, gentle and sound in every respect. The mules to average about \$200 per head," Breedlove said.

Persons having mules for sale should notify the county agent at once as a list of the persons having mules for sale will be completed by the twenty-fifth of this month and the station notified that the people are ready for inspection of their mules for sale.

"Please give this program your immediate attention," the county agent advised, "if you're interested in selling mules."

Henry Tatum, Mrs. Clyde Douglas and Mr. and Mrs. Richard Carter and son Richard Earl, attended the funeral of their aunt, Mrs. R. S. Flatt at Wichita Falls.

National Farm Loan Ass'n To Hold Annual Stockholders Meeting

Farmers and ranchmen in Donley county who make up the Clarendon National Farm Loan Association will hold their annual stockholder's meeting in Clarendon, at the Pastime Theatre at 10:00 o'clock Saturday, September 5th, it was announced by C. E. Killough, Secretary-Treasurer.

The year 1942 marks the "silver anniversary" of the establishment of the Federal Land Bank system, which is made up of local farmer's cooperative credit organizations throughout the country. The Clarendon Association, one of the 300 in Texas which own the Federal Land Bank of Houston, has more than 180 stockholder-members and a large attendance is expected at the meeting.

Directors of the Association are Odos Caraway, president; C. B. Morris, vice-president; C. H. Bugbee, Henry Williams and R. W. Moore.

All borrowers are urged to be present.

VISIT IN NEW MEXICO

Mr. and Mrs. W. A. Land, Mr. and Mrs. Frank Whitlock and Mr. and Mrs. Clarence Whitlock visited Mr. and Mrs. Marvin Land and family at Tucumcari, N. Mex. last week; also enjoyed fishing at Conchas Lake. They returned home Friday.

Damon Farr is visiting his parents at Cado Mills this week.

Mrs. F. C. Johnson who has been visiting her sister at Sunset returned home Tuesday night in an ill condition. She is confined to her bed at this time.

A Good Wash and Lubrication Job Will Help SAVE YOUR CAR

It is becoming more essential every day to see that your car receives the very best of care. Take every precaution against unnecessary wear and tear on essential working parts by having your car washed and lubricated frequently, especially when it rains quite a bit. Our power washing equipment will do the best job that can be had, and will force the mud and grit from every working part.
