Queen Contest And Variety Show To Be Held At Hedley

The Lions Club 1960 Queen Contest and Musical Variety Show will be held at the Hedley High School Auditorium next Tuesday night, March 22nd.
The Queen Contest will be to determine which girl will represent the Hedley Lions Club in the Lions District Queen Contest at Borger April 22nd. Out of town judges will be used and the girls will be judged on personality and poise as well as beauty.
The Musical Variety Show, under the direction of Mrs. Don Springer, will precede the Queen Contest starting at 7:30 p.m. Mrs. Springer has obtained some of the best talent in West Texas for her show and it will be something you can't afford to miss.
EPISCOPAL CLERGYMEN HERE FOR LENTEN SEASON
Episcopal clergymen of Amarillo will come to Clarendon on Tuesday nights during the remainder of the Lenten season to continue a special series of services at St. John Baptist Episcopal church.
The public is invited to join in these midweek evening prayer services at 7:30 p.m., Bill Greene, Jr., warden, said.
Bishop George H. Quarterman of the Diocese of Northwest Texas will conduct the service March 22.
The Rev. James Mock, curate of St. Andrew's Episcopal Church, will return for the March 29 service. The Rev. Mock led the teaching mission for the Clarendon church before Lent.
The Rev. Evans Moreland, rector of St. Andrew's Episcopal Church will come for the April 5 prayer service. The Rev. Moreland directs mission activities for the Northwest Texas diocese.
Holy Week service will be led by Bishop Quarterman at a date to be announced later.
Earlier this week the Rev. Ed Miller, vicar of St. Peter's Episcopal church in Amarillo, conducted the second midweek service of this Lenten series. It was begun by the Rev. Mock.

Reclamation Bureau To Cooperate With Greenbelt Water Group

Full cooperation of the Bureau of Reclamation of the Department of Interior was assured directors of the Greenbelt Municipal and Industrial Water Authority in a special closed meeting of directors by Congressman Walter Rogers in Childress recently.
Congressman Rogers told the group that there were absolutely no plans for a dam at the Ox Bow crossing on the Prairie Dog Town Fork of Red River, generally considered Red River, or any where else along the river in this area.
Tests of water in the river show that it is not useable for human consumption and irrigation.
"However, years in the future we may develop equipment to clean the water," Rogers told the group.
"The price for treating brackish water has been reduced from a round \$2 per 1,000 gallons to a round 80 cents per 1,000 gallons and the price could be reduced more as improved methods are learned," he added.
The only price ever mentioned for water from the Greenbelt site has been a maximum of 25 cents per 1,000 gallons.
The site of the Greenbelt dam is on the Salt Fork of Red River, north of Hedley, which is above the salt beds in the river.
Tests that have been taken at the site for nearly five years show that the water is excellent for human consumption.
Rogers reported that the reclamation office in Amarillo was now handling all of the work in this area instead of the Oklahoma City office.

FARM NEWS

from the County ASC Committee
Sales Price For CCC Cotton Set
Minimum sales prices for Commodity Credit Corporation stocks of upland cotton have been determined for the 1960-61 marketing year, according to Mr. Cooke, Chairman, Donley County ASC Committee.
The new sales prices are intended to emphasize farmers' marketings. The announcement at this time will provide farm operators with information on CCC's sales prices before March 16 deadline for electing Choice (B) allotments and price support for the 1960 crop.
For 1959 and prior crops of upland cotton in CCC inventory, the new minimum sales price will be the higher of (1) the market price as determined by CCC, or (2) 115 per cent of the 1960 Choice (B) loan rate. (This compares with the current 110 per cent of the loan rate.)
For 1960-crop cotton, the minimum sales price is as follows: When the cotton is sold by local sales agencies, the minimum sales price will be 110 per cent of the Choice (B) loan rate; when the cotton is sold by the New Orleans CSS Commodity office, the minimum sales price will be the higher of (1) the market price as determined by CCC, or (2) 110 per cent of the Choice (B) loan rate.
Mr. Cooke pointed out that carrying charges will be added to the sales price, beginning with 10 points in October 1960, and increasing 20 points per month for each month thereafter to a maximum of 190 points in July 1960. The current monthly increase for carrying charges is 15 points per month for each month after October 1959.
Flow-Up Must Have Regular Shapes
This is just another reminder that when cotton is plowed up, because too much was planted, adjustments credit shall be given only for acres of regular shape, with not more than four sides. One side or one end of the plow-up area shall be parallel with the rows or field boundary.
Cotton Allotment For 1960
If you do not intend to plant your cotton allotment this year, it would be to your advantage to release the allotment.
The County Committee can re-appportion the acreage to other farmers, but only to those who will come to this office on or before April 22nd and sign Form MQ-30 "Request for Additional Cotton Acreage."
Dates To Remember
April 1st — Premeasurement of Cotton (Final date for requesting this service). April 22nd — Release of Farm Cotton Allotment. April 22nd — Request for additional Cotton Acreage from those Released. April 30th — Final late to file wool and lamb sells receipts.

MRS. MARIAN OSBORNE

Executive Director Named To Head Quivira Council

Mrs. Marian Osborne of Pampa was named Executive Director of the Quivira Girl Scout Council at the final meeting of the Council Development Committee meeting recently. Mrs. Osborne began her duties at the Council office in Pampa the first of March.
Mrs. T. M. Caldwell and Mrs. Charles E. Deyhle of Clarendon have served on the Council Development Committee for the past year.
Mrs. Osborne has been active in Girl Scout activities for 13 years. She began her scouting career as a Brownie leader in November of 1946 and served in that capacity for three years. Keeping her same troop of girls, she was an Intermediate Leader for four years and a Senior Leader for six years. She served as training chairman on Top O'Texas Board of Directors for three and one-half years and volunteer trainer of leaders for three years. She was Council Assistant for the Top O'Texas Council for two years and has had numerous leader, board and camping training courses. Mrs. Osborne also served as a troop leader for 32 girls at National Roundup last summer.

M. P. West To Operate Noblitt Sales, Inc.

Effective March 1st, Noblitt Sales Co., local LP gas business here, changed its name to Noblitt Sales, Inc., and is owned and managed by M. P. West.
Mr. West, former operator of a butane business at Maple, Texas, stated that the business would be carried on as in the past with the same personnel and the same policy. We plan to expand the business to include the sale of other items that will be of interest to the people of this area within the near future, Mr. West added.
Mr. West has been quite interested in Flame Cultivation and plans to introduce this new method here within the near future.
Mr. and Mrs. West and son, Gary, age 4, are now making their home on West 3rd street but plan to build a new home here as soon as arrangements can be completed. They are members of the First Baptist Church.
Mr. and Mrs. Ray J. Noblitt, former operators of the business, will continue to make their home in Clarendon. They have operated the business here the past 16½ years and have enjoyed a successful growth in their business as well as friends.

Baptists To Observe 70th Anniversary Here Sunday

Sunday, March 20th will be the 70th Anniversary for the First Baptist Church here in Clarendon. The church started here the third Sunday in March, 1890 with eight members.
None of those eight members are living today. Yet, special services will be held in the local church Sunday morning recognizing the older members in the present congregation.
From the time of J. W. Brice, the first pastor, until the present with W. R. Lawrence, the church has had 24 pastors. Bro. J. Perry King was pastor here for the longest period of time, having served seven and one half years.
The public is invited to attend the special services Sunday morning.
Adobe Walls Council Scout Advancement
Boy Scouts received 1,395 merit badges during 1959 in the Adobe Walls Council. Total rank advancements were 2,364 with 1,565 rank advancements going to Cubs, 786 to Scouts, and 13 to Explorers.
A boy's advancement in Scouting is a measurement of the unit's success in helping him to acquire knowledge and skills to do his full share in his unit, home, church, and community, and to grow in Scout spirit and ideals.
Advancement is not an end in itself. It is a direct result of what has already taken place. A unit's advancement record will show the extent to which Cubs, Scouts, and Explorers have had opportunities to do things, to become proficient in Scoutcraft, to perform useful tasks, and to develop physically, mentally, and morally.
Another purpose that advancement serves is encouragement and recognition that most normal boys want. Advancement in rank offers a boy a goal at which to shoot, stimulates him to develop, and hence to be a better Cub, Scout, or Explorer. Clarendon Scouts need your help to advance and grow in their Scouting.

FARM BUREAU TO PRESENT MOVIE AT LELIA LAKE MARCH 22

The Donley County Farm Bureau has scheduled Cotton John's Alaskan tour movie "Arctic Adventure" for a showing next Tuesday evening, March 22nd, at the Lelia Lake School building. They extend an invitation to the public to attend.
This has been acclaimed as Cotton John's best picture, so don't miss this opportunity to see it, Lee Shaller stated.
It is requested that each family bring a pie as pie and coffee will be served at 7 p.m.

CUB SCOUTS MONTHLY MEETING TONIGHT

The Cub Scouts of Pack 37 will have their monthly pack meeting in the First Christian Church basement tonight, March 17, at 7:30 p.m. a wildlife sound and color film from the Texas Game and Fish Commission will be shown. The projector for the film has been donated by the Donley County Soil Conservation District Office.
Each den will display their projects on Texas. In a candle-light ceremony over the whitened skull of a buffalo, the new Cub Scouts will receive their Bobcat badges and cards and other Cub Scouts who have earned advanced ranks and arrow-points will have them presented to them. All the boys in Pack 37 will receive their new registration cards, which are special 50th Anniversary editions. A white rabbit will be given away in a drawing in which all children present will be eligible.
Families and friends of the cubs are urged to come and stand up for the den of their choice in the attendance count. The attendance award will have another tail added, so in addition to the Raccoon tail there will be a Bob cat tail. Mr. G. A. Myers has brought these tails in for the boys awards. — Rep.

Red Pencil Mark Time Again

Another month has rolled around again and time for that familiar Red pencil mark as a reminder to those subscribers whose subscription renewal is due again. If the red pencil mark appears at the left hand corner of this page, it is a reminder that your subscription is now due or past due.
Please let us have your renewal promptly as we do not want to remove your name from our list if you wish to continue receiving the Leader each week. High production costs along with postal regulations require us to keep our subscription list up to date. The subscription price is \$3 for those receiving the Leader inside Donley County and \$3.50 for those beyond Donley County.

FFA Chapter Does Well At Houston

The Clarendon FFA Chapter returned from the Houston Fat Stock Show with several placing ribbons in both the swine and the steer department. The members of the chapter exhibited fourteen head of steers and placed twelve of them in the show. James McAneer exhibited four steers that placed second, eighth, twelfth, and eighteenth in their respective classes. Don Huggins showed two steers that placed fourth and seventh in their respective classes. Don McAneer showed two steers that placed fourth and twenty-fourth in their respective classes. David Huggins exhibited one lightweight steer that placed ninth in its class. Gary Longen had three steers in the show that placed eighth, twelfth, and eighteenth in their respective classes.
The chapter did very well in the swine department. There were around one thousand entries in this department with Clarendon exhibiting fifty-two of the entries. The members of the chapter had twenty-eight placing barrows in the show.

LEGION NEEDS NEW MEMBERS

Dub Tyler, Adjutant of Clark-Brock Post of the American Legion here, announced this week that time was drawing short for the local post to reach their membership quota as the deadline is the end of this month.
Tyler is urging all old members to pay their dues and all others eligible are invited to sign up. "If we do not reach a certain membership, the state office has warned that we may have our post canceled here," Tyler added.
At the present time we need at least 50 new members, he concluded.
Mrs. Stella Hearne left Tuesday for a South America tour.

SUGAR

The question of whether or not the Sugar Act should be renewed for one year may turn out to be one of the hottest issues during this session of Congress, the reason being that Cuba furnishes about one-third of the sugar used in this country. In round figures, Cuba last year furnished 3,215,457 short tons (raw value) of the United States consumption of 9,400,000 tons. In fact, we buy more sugar from Cuba than from any other source, including all the sugar produced in this country. The final adjusted quotas for 1959 were as follows:

Domestic Beet (production area), 2,267,665 (short tons, raw value); Mainland Cane, 697,783; Hawaii, 977,970; Puerto Rico, 969,875; Virgin Island, 12,405; Philippines, 980,000; Cuba, 3,215,457; Full Duty Foreign, 278,945; Total, 9,400,000.

Hawaii, Puerto Rico, and the Virgin Islands, because of droughts or other causes, were unable to meet their original quotas by almost 390,000 tons. This deficit was divided up between the domestic beet growers, the mainland cane growers, and Cuba. The domestic beet growers got 224,185 tons, mainland cane growers got 68,984 tons, and

Cuba got 95,802 tons. It will be noted in the table above that Cuba is being permitted to provide approximately 250,000 short tons more than the domestic beet growers and the mainland cane growers thrown together are allowed to produce. In fact, this country, together with Hawaii, Puerto Rico, and the Virgin Islands, which are all a part of this country, produce less than 55 percent of our sugar needs. One of the reasons argued in support of this law is that sugar can be purchased from Cuba at a much lower price than it can be produced in this country, even though a premium above the world price is being paid to Cuba. In any event, the program definitely cuts down the number of acres of sugar beets and cane which can be grown in this country. And it might be pointed out that it is generally accepted without question that this country could produce its sugar needs domestically without too much effort. In view of this situation and the feeling generally that the present government of Cuba has been hostile to this country and overly friendly to the USSR, there is a great deal of sentiment for a re-appraisal by this country of the entire sugar situation, especially the preferred treatment which has been accorded Cuba. There are several schools of thought, one being that the Congress should immediately act to withdraw any further grant of quotas or preferred treatment to Cuba. Another is that the quota being enjoyed by Cuba at the present time should be measurably reduced and spread among other sugar producing countries. Still another is that the quota now held by Cuba should be measurably reduced and that portion given to mainland beet and cane growers. There is still another to the effect that the matter should re-

main static, and that any and all increases in sugar demands of this country should be filled by increased acreage allotments to mainland beet and cane growers. Some argue that to take the entire quota away from Cuba or even to measurably reduce it would be playing into the hands of the Reds. They feel that the Castro government would merely say to the world that the United States was punishing it for no good reason. Others feel that unless something is done to cut off or reduce the Cuban quota in the face of Cuba's recent actions which, taken at a minimum, have been definitely not friendly, this country could justifiably be accused of being soft.

Regardless of the school of thought to which anyone might subscribe, I think it could be unanimously agreed in this country that it is not to the best interest of this country to permit a Red-controlled government to be established practically at our front door, and certainly it is not to the best interests of this country to help finance the setting up of such a Red-controlled government, if that is what is hap-

pening. And many think just that. Whatever happens, every consideration possible should be given to increasing the production by mainland producers.

PROUD

Only 25 students at Gallaudet College, world's only college for the deaf, made the Dean's List for high scholastic attainment during the first semester of 1959-60. The names of those who achieved this honor were released by Dr. George Detmold, Dean of the College, and included Wanda May Wood of 411 North Madden, Shamrock, Texas, a graduate of the Oklahoma School for the Deaf at Sulphur, Oklahoma. It made my heart swell with pride when I received this good news. I know of the great accomplishments by the faculty and students of this fine college, and everyone in the Panhandle should be deeply proud and honored at this fine accomplishment of Wanda May.

YOUNG MUSIC LOVERS

High school students visiting Washington this year will again have the opportunity of enjoying free concerts given by the National Symphony Orchestra, un-

der the direction of Howard Mitchell. This series is made possible by Mrs. Merriweather Post and the National Symphony. It will be conducted for five weeks from April 21st through May 23rd. Any of you desiring to attend these concerts or any of them, please let me know and we will arrange to get your free tickets.

WHO DO YOU WORK FOR?

Who do you work for — and why do you work? The obvious answer, of course, is that you work for your employer or for yourself, and that the reason you work is to provide the wherewithal of living. However, that answer is an oversimplification nowadays. If you are an average citizen, more than a quarter of your 8-hour

working day is done on behalf of government. In essence, government is your employer during that period, and takes all of your earnings.

Here are the figures, as issued by the Tax Foundation. Taxes take 2 hours and 16 minutes of your working time each day. By way of contrast, food and tobacco together demand only 1 hour and 28 minutes, household and household operations 1 hour and 24 minutes, and so on down the list. If you think that taxation and government spending aren't of top importance to you and your family, think again!

BLOWIN' Out the CORNERS

by Uncle Zeb

Looking forward to the enjoyment of some worked for and well earned reward is sometimes the best part of the experience. Most of us can remember the first debt we ever made and how

hard we worked to make the payments. With great anticipation looked for the time when the last payment would be made and the ownership of some piece of property would be full and complete. Likely as not, when the day finally came there were other and bigger hopes and dreams taking place in our mind. Someone has said that "Pursuit is greater than possession," or some words to that effect. This may not be completely true but the value of our looking forward with hope to a better and happier tomorrow is the main thing

that keeps us plugging away day after day at the job of living. It is a funny thing about life anyway; by the time we grow tall enough to reach the cookie jar on the cabinet, we have ceased to care for them so much. Then in just a few more years we are not supposed to eat them for diet reasons and we begin that craving all over again. It may be the little house on the corner that we call home that makes it a pleasure to work hard at the job in order to make our payments on time. We may dream of a vacation in the sum-

mer-time with the fish jumping and charging at the bait that makes the days pass in a hurry. It could well be the hopes for the future of our loved ones that makes the job easier. What could be more worthwhile than this motive? Whatever our reason, it is this hope, this looking forward that keeps each of us going on. Success is a ladder that can not be climbed with our hands in our pockets. Success can come in many ways; Social, love, and even wealth. It matters not just so it brings Us hope, happiness, and health. If we have to work for our success that is not punishment but a reward. Some people are so busy learning; the tricks of the trade that they never do learn the trade. If we try to walk while sitting down all that we can do is kick. The above reminds us of a neighbor we once had. He had a habit of parking the wheel-barrow under the old hand pump to the well, and while resting during the noon hour he would lie down in the wheel-barrow right underneath the pump handle and pump away on the water for the livestock. Folks passing by called it laziness. Reckon we couldn't rightly judge him without knowing more about what went on in his thinking. It just might have been that he could pump water, kick with both feet, sleep with one eye open, and give we neighbors something to talk about, all at the same time. Trouble along the road of life is something that most of us try to miss, and rightly we should. As the old saying goes, "There is no use borrowing trou-

GEORGE'S WIFE

By "Sarah"

Our son left his "Salesman's Handbook" the last time he dropped by for lunch. Now we have all the answers, when those city slickers find their way out this far, peddling their wares.

We hope we do not reveal any trade secrets but — did you know these fellows know more about us, than we know about ourselves?

This handbook says; The farmer is older than the average member of society, that fifty four percent have only a grade school education, and only nine

percent have attended college. Listen to this: Farmers general attitude seems to be dominated by their pessimism toward their future in farming. Most farmers appear not to be satisfied with their future in farming. At least thirty percent are likely to be receptive to suggestions for improving their situation. We also assume to know much more about farming than we actually do, so accentuate the positive, they tell them.

This son of ours has not changed much since he left the family roost. He was always leaving his books at home when he went to school or his coat and rubbers at school, especially if the weather was wet and cold. We were kept pretty busy seeing that everything was at the right place at the right time, including the body. Naturally, we were in a panic to find he had left behind the tools for making a living. We calmed ourselves with the knowledge that his little wife has a good head on her shoulders, and

ble," because enough will just naturally come along. But when we really stop and think seriously about our past life it was usually the rough spots that sort of challenged us to do bigger and better things. Many times we have known someone to lose their job and maybe go right out and get a better one; maybe go in business for themselves. We have known many farmers who lost the place they were renting, and just when things looked the worst would find a way to buy a little farm and from that would be the beginning of a better life for them. Trouble of a sad nature seems so hard to bear but many times we gain understanding and even spiritual help from these experiences that go into making us a better person. No, we shouldn't borrow trouble or disappointment but when it comes we should try to overcome it with a victory that will be lasting and helpful.

Sometimes it seems that trouble is a thing we ought to miss. But if all was froth and bubble We'd never enjoy the bliss.

Trouble is the fire that tempers the steel that makes our life strong.

Trouble is many times the cloud that causes us to see the silver lining . . . It is also so much easier to look up when once we are down . . . We seldom stop to count our blessings until we have lost one . . . It's alright to ask that trouble pass us by, but if it must come, we need to turn it into a victory . . . Jesus did.

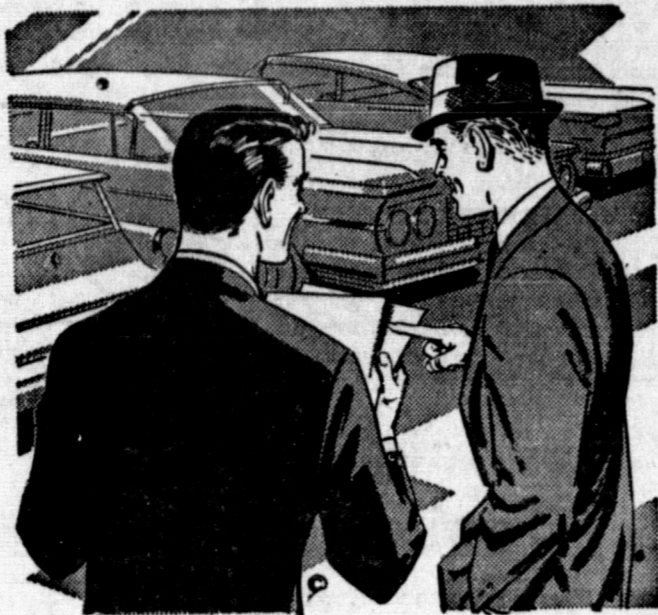

Today, women in the United States outnumber men 1,000 to 981. In 1910 there were 1,060 males for every 1,000 females.

The responsibility rests with her, to finish bringing him up. We know we could do a better job now, if we had another chance. All George had to say was, you petted him too much, besides he didn't have to go to college to learn all this. All some people went to college for, was to learn to make a living without working.

Today, women in the United States outnumber men 1,000 to 981. In 1910 there were 1,060 males for every 1,000 females.

FACT AND OPINION

The Territorial Enterprise, of Virginia City, Nevada, takes a dim view of modern inventions and innovations, existing and pending: "This is an age of horror it may well be worth sticking around to see if only for the day when the moving sidewalks go berserk and chew up all the pedestrians, the customers are

wrapped in cellophane and sent home by electronic delivery, the nightmare dream of a coast-to-coast traffic jam with every road solid with cars becomes a reality, and mankind finally and for all time strangles itself to extinction with machinery — on credit of course."

It's time enough to say it when you know it to be true.

BOOK CLUB HAS ALASKAN PROGRAM
Mesdames C. R. Brown and John Gillham were hostesses to the 1926 Book Club Tuesday at 4 p.m. in Patching Club House. St. Patrick's Day motif was carried out in refreshments and favors. As the guests arrived they were served a fluffy pineapple salad, Ritz crackers, green and white mounds of divinity candy, and hot coffee.

The president, Miss Inez Blankenship, presided. Mrs. A. J. Garland gave the opening prayer. The club voted to invite two guests each for the Guest Day program, April 5th.

Mrs. W. C. Thornberry, as program leader, introduced Mrs. Jack Wilder, Wichita Falls, Texas, who gave a most interesting narration of her trip to Alaska and Western Canada last summer. The trip was made by car, boat and plane, and extended northward as far as Point Barrow. Much of the story and many of the colored slides shown depicted this area of the Eskimos in their native habitat in a very realistic manner.

Many beautiful landscape scenes were shown. The pictures of the midnight sun were gorgeous and worthy of an artist's collection.

Other guests were Mrs. B. L. Bryan, Wichita Falls, and an aunt of Mrs. Thornberry; Mrs. Don Thornberry; Richard and Sandy Thornberry; Mrs. Frank Phelan, Jr., and Mrs. M. R. Allenworth.

Twenty-one members were present and all wished to express thanks to Mrs. Wilder for a most interesting and entertaining program. — Rep.

Mrs. Tren Stargel came Thursday to take her mother, Mrs. Lena Antrobus, to Oklahoma City for a visit.

PATHFINDER CLUB HAS REGULAR MEETING
Pathfinder Club met Friday afternoon, March 11, at Patching Club House with Mrs. George Benson, president, presiding. The social hour preceded the business and program. Members were served refreshments of sandwiches, olives, nuts and Cokes.

Mrs. Lee Holland led the group in reading Club Collect to open the business session. Minutes of the previous meeting were read and approved. During the business meeting it was announced that our next meeting will be our Spring Fashion Style Show. The club voted to allow each member to invite one guest. This program will be held at Patching Club House March 25 at 4 p.m. Mrs. Bill Greene Jr. and Mrs. Forest Sawyer will be in charge. Mrs. C. E. Bairfield, our incoming president, was elected delegate to the 7th District Convention of Federated Clubs to be held in Lubbock March 21-23.

The program for the afternoon was Short Stories with Mrs. Lee Holland, leader. She gave a very interesting biography of Mark Twain, the popular American humorist, and two of his short stories, "Five Booms of Life," and "Luck." Mrs. Forest Sawyer gave "From the Diary of Adam and Eve" edited by Charles Nieder.

Attending were Mesdames George Benson, Ed Dishman, J. H. Howze, Lee Holland, H. T. Burton, L. N. Cox, C. E. Bairfield, J. L. SOIL CONSERVATION DISTRICT NEWS

Progress With The GPCP

Donley County SCD is fortunate in having the Great Plains Conservation Program in operation here. It makes funds available for conservation cost sharing in addition to the yearly allotment through the ACP. This allows a speed up of conservation work for those who have a lot to do in any one year.

There is much interest in this program so far. To date there are twenty-five GPCP contracts in the SCD and several more are being planned. Much progress has been made in the Donley County SCD through the GPCP.

Shortage of funds is anticipated between now and July 1 to take care of new contracts. Therefore, contracts applied for in the near future may have to wait on receipt of more funds at the beginning of the fiscal year.

For more information concerning help under the GPCP, contact the Soil Conservation Service assisting Donley County SCD in Clarendon.

Farmstead Windbreaks

Two members of the Donley Soil Conservation District are scheduled to plant farmstead windbreaks this spring. They are Mrs. Ora E. Bray and Lloyd P. Hahn.

Mrs. Bray plans her windbreak on the north and west side of her house. They are to be put in for protection from blowing snow, etc. The trees she plans to plant will consist of a mixture of Chinese Elm, Red cedar, and Western Yellow pine.

Mr. Hahn's windbreak will be a similar mixture, consisting of Red Cedar and Ponderosa Pine. These trees will be planted along an existing terrace to supply extra moisture.

Farmstead windbreaks are for the purpose of protecting soil resources and controlling snow deposition. Also for prevention of wind damage to farmsteads and to provide shelter for livestock. All species of trees normally

planted in this county will grow on medium or coarse textured soils. This would fit over seventy five percent of the soil found in the Donley County Soil Conservation District.

For any help concerning arrangement, site preparation, methods of planting, etc., contact the Soil Conservation Service or any member of the Donley Soil Conservation District board of supervisors.

TO THE PEOPLE OF THE 18TH DISTRICT
By Congressman Walter Rogers

HEALTH OF THE NATION

The population of the United States on March 4, 1960, was, according to the best estimates of the U. S. Department of Commerce, 179,713,377. Of course, the decennial census will be taken next month and an exact head count of the American people will result. Unquestionably, however, one fact is certain — the population of the country continues to increase rapidly. Many factors have a bearing on this situation, not the least of which is the fact that people of the United States live longer than their forebears. The life expectancy of a newborn child continues to increase. Since 1943, the estimated life expectancy for men and women increased from 63.3 years to 69.6 years in 1956—a total of 6.3 years. The increase in average life expectancy can be attributed primarily, it seems to me, to the fact that considerable headway has been made and is being made in the control of crippling diseases. In the period 1944-57, deaths from pneumonia declined 24%; infant deaths declined 34% deaths caused by acute nephritis declined 65%; deaths from influenza declined 74%, as did deaths from syphilis; appendectomy deaths declined 78% and tuberculosis deaths dropped off 81%; maternal deaths and those from acute rheumatic fever both showed an 83% decline in the period.

The state of people's improved health, our ability to better control crippling diseases and our

increased life expectancy can likely be attributed in large measure to the products of research. The development of antibiotics, Salk vaccine, psychic energizers, antihypertensive drugs are but a few of these products. In my opinion, considerable of our progress is also due to improved health education. Many voluntary local, community and state organizations have organized in a determined effort to advance an awareness of the cause, treatment and cure of many illnesses.

In taking stock of the state of the nation's health, it is apparent that much has yet to be accomplished toward nominal control of fatal and crippling diseases. The number one cause of deaths in the United States today as arteriosclerosis which is the main factor in heart attacks, strokes and other heart diseases. This disease is responsible for over 50% of our deaths today. Of 1,564,476 deaths in the United States in 1956, major cardiovascular-renal diseases accounted for 854,152 of them, as compared with 658,165 in a total of 1,401,719 deaths in 1945.

Cancer, the number two killer, of which there are twenty main types, took 247,357 U.S. lives in 1956 to account of 16% of the deaths. Eleven percent of the deaths are associated with child-birth while accidents account for 6%. Both of these are on the decrease. Pneumonia is responsible for 3% and diabetes for 2% of our deaths, while cirrhosis of the liver and suicide each account for 1%. The death rate for tuberculosis has declined so that it can be attributed to less than 1% of all deaths in the United States.

Let us hope that with American ingenuity, which is born of

the free enterprise system, we continue to progress in control of fatal and disabling diseases to the end that all of our people can enjoy a fruitful and healthy life.

Grass Roots Opinion

Humboldt, Iowa, Independent:

"A man's right to work at his chosen occupation is one of the most fundamental American rights. That right is being violated constantly by compulsory union membership. Men are being forced, against their will, to become members of labor organizations and pay tribute for the right to earn a living. Many union members are against this but are powerless to stop the big labor bosses."

Norwalk, Conn., Hour: "Since the first sputnik went sputtering into the wild blue yonder, there has been a great vogue for following the example of Soviet Russia in matters related to science, on the theory that the Communists have the last word."

"... Dr. Atkinson, was a delegate to the International Federation for Documentation, held in Warsaw, Poland, last September. He found the Russians were copying the American system and were decentralizing at the moment our scientists were urging that the Soviet method be followed; If we aren't careful we'll meet ourselves coming back."

GRASSROOTS OPINION
Norwalk, Conn., Hour: "Public apathy has replaced consciousness of the dangers inherent in a continually upward spiral of prices. Inflation has been present so long it is accepted by many persons as an unalterable condition, as witnessed by wage increases geared to cost of living indexes and a general expectation that wage increases automatically call for higher prices."

ONE LIFE — \$3,000,000 or 25,000 LIVES AT \$1.39
The first bottle of a new miracle drug can cost almost \$3,000,000 to develop. For that reason, when a new drug appears the cost to the consumer is likely to be high. But soon new processes enable the manufacturer to produce great quantities at less cost. Result: 25,000 lives saved at the cost of only \$1.39 per prescription!

As soon as cost to us goes down, you see it reflected in cost to you. Fair price, too, is an essential when we translate your doctor's orders into medical weapons specifically for your aid — swiftly and accurately.

Bring us your doctor's prescriptions.

HEDLEY NEWS
Mabel Bridges

Ten out of more than 200 piano contestants in piano-organ competition at West Texas State College at Canyon Saturday took superior ratings and were awarded gold medals. Among the ten was Don Cox of Hedley, son of Dr. and Mrs. D. H. Cox. Congratulations, Don.

A bulletin, "Research in Education," published recently by the Department of Education of West Texas State College presenting reports on some of the outstanding reading programs in operation in this area included a chapter titled Reading Skills

Program for Grades 2 through 8 by Mrs. J. S. Hinds, 3rd Grade teacher in Hedley Elementary Schools. Mrs. Hinds presented the reading skills program introduced and used in Hedley schools. Other schools represented in the bulletin were Amarillo, Claude and Canyon.

Out of town relatives attending the funeral of Miss Montie Bell Jones were her brother, Mr. and Mrs. Walter Jones, and Rev. and Mrs. Kenneth Witt of Oklahoma City.

Rev. and Mrs. Wolf spent a few days visiting their son, C. L. Wolf, and family in Wichita Falls.

Mrs. Edith Willingham spent a few days at the home of her parents, Mr. and Mrs. Walter DeBord. Sorry to report Mrs. DeBord not feeling so well.

Mrs. R. L. Farris is in a Mem-

phis hospital with pneumonia. We wish her a speedy recovery. Rev. Leon Hill of Amarillo stopped in Hedley Wednesday to visit old friends.

Chester Hill of LeFors spent Saturday in Hedley.

The Troy Brown family of Vernon spent the week end with the lady's parents, Mr. and Mrs. Temple Cherry.

Mrs. V. C. Hopson and children of Dimmitt spent the holiday week end in the Roy Jewell home. Mrs. Jewell returned home with her daughter for a few days visit.

Mrs. W. R. Harris is visiting her sisters in Wichita Falls this week.

The Chas. Johnson family of Matador spent Tuesday evening with the Clifford Johnsons.

Mr. and Mrs. Don Hansard

and children of Berger spent the week end with their parents, the Bakers and Wayne Hansards.

Mr. and Mrs. Earl Dickson of Perkins, Okla., Mr. and Mrs. Billy Dickson of Altus, Okla., and Mrs. Lelma Winnus of Okla. City spent the week end with their father and grandfather, W. T. Dickson.

Miss Urma Lee Farris, who teaches in Wichita school system, spent the week end at the home of her parents, Mr. and Mrs. Woodrow Farris.

Rev. and Mrs. Wolf attended homecoming at the Harrah Methodist Church in Pampa Sunday. Rev. Wolf preached the sermon. Rev. Cox of Hedley filled the pulpit at the Methodist Church here.

Mr. and Mrs. John Dickson, Mr. and Mrs. Brownie Quisenberry and J. M. Dickson attended the funeral of James Russell of Jacksburro who died suddenly of a heart attack March 4. Funeral was Sunday, March 7, in Jacksburro. Mr. Russell was a nephew of Mrs. Dickson.

Harve Wilson has been home sick for several days. Glad to see him able to be at his place of business.

Mr. and Mrs. George Bulman of Clarendon visited Mr. and Mrs. R. M. Bradley Sunday.

Word was received at noon Sunday of the death of Mrs. Walter Patterson. Funeral services were held Sunday afternoon at Dodson, Texas. She was the wife of Rev. Walter Patterson of Wau-reka, Okla. The Patterson have a wide circle of friends in this

area. Rev. Patterson is an outstanding Evangelist in the Nazarene Church. At one time he was pastor of the Hedley Church of the Nazarene. Mrs. Patterson had been in failing health for quite awhile. She is survived by her husband, a daughter, Eunice; a son, Rev. Hershel Patterson; several grandchildren and a host of friends. Due to the delay in receiving the message, Hedley friends were unable to attend the funeral.

Mr. and Mrs. Corky Hunsucker of Lubbock announce the arrival of a fine little daughter, born March 9th. Hedley grandparents are Mr. and Mrs. C. R. Hunsucker. The Hunsuckers visited Corky and family over the week end. Mrs. Hunsucker remained for a few days visit.

Mr. and Mrs. Rob Simmons of Demming, New Mexico, spent a few days with the lady's mother, Mrs. W. B. Morgan.

Mrs. G. T. Foster has been on the sick list. Glad to report her improving.

Mr. and Mrs. Collier Heater and son, J. W., of Dumas spent the week end with her father and brother, the Fred Watt's.

Mrs. Pauline Waits and children of Big Springs were guests in the R. M. Bradley home Sunday.

Visitors in the M. W. Mosley home during the week end were Mr. and Mrs. Jiggs Mosley of Amarillo.

Little Lida Beach has been seriously ill in a Memphis hospital several days.

Mr. and Mrs. Winfield Mosley

and Rusty visited the Monte Smith's in Lubbock over the week end. Mrs. Smith and Sarah Ann returned home with them.

Mrs. Grover Heath of Clarendon spent Friday with her daughter, Mr. and Mrs. Frank Murry.

Several from Hedley attended the shower for the Leathers family at Lelia Lake Thursday night. Those unable to attend sent gifts. The ladies of Hedley Baptist Church are quilting a quilt for them.

Mr. and Mrs. Tige Hill and Mrs. Joe Woods and twin daughters are visiting in Alabama with relatives.

Mr. and Mrs. R. M. Bradley and daughter visited relatives in Shamrock Friday.

The Donley County Leader
Subscription Department
Clarendon, Texas
Dear Staff Members,

Please find enclosed a check in the amount of three dollars and fifty cents (\$3.50) for another one year subscription to the Donley County Leader.

At the beginning of our eleventh year we still look forward to receiving the Leader each week. It makes us feel a little closer to our home town and her people who are very dear to us.

Eventhough we realize you worked under adverse conditions for a long period of time we want to say congratulations on a job well done and thanks for the wonderful service we have received through these years.

Very truly yours,
Mrs. John E. Bain

FHA WATERSHED DEVELOPMENT LOANS

During the 1959 fiscal year the Farmers Home Administration loaned \$403,000.00 for small watershed development projects. This is a new service rendered by FHA and is designed to finance projects that protect and develop land and water resources in small watersheds.

Loans may be made to install facilities to convey and store irrigation water, stabilize annual stream flow, store water for municipal water supply, recreation, fish and wildlife improvement and similar purposes.

The loans are made to eligible local organizations such as soil conservation districts, irrigation districts, and flood prevention or control districts. Repayment terms are up to 50 years.

Loans are made only for watershed projects approved by the Soil Conservation Service.

Lakeview Ex-Students Plan Homecoming

The Lakeview Ex-Students Association is planning a homecoming for April 16th, 1960. It will be held in the Lakeview Grade School Auditorium.

There will be a later notice about the program.

The Publicity Committee asks that all ex-students of Lakeview please notify anyone they think might be interested as there will be no personal letters sent out this year to the ex-students.

This Homecoming will include all ex-students from Lakeview, Brice, Lesley, Deep Lake, Webster and Pleasant Valley.

LOCAL GIRL TO BE HONORED AT TECH

Beth Gillham, daughter of Mr. and Mrs. John Gillham, will be honored at the Annual All College Recognition Service at Texas Tech, Sunday, March 20th. The service will be held in the Lubbock Municipal Auditorium.

Recognition Service is the occasion on which the college pays tribute to those of its students who during the preceding two regular semesters have contributed with distinction to the college in the fields of scholarship, athletics, and leadership. Beth will be recognized for excellence in scholarship.

Beth was honored at a similar occasion last year. She is a sophomore at Texas Tech where she is majoring in Nutrition in the

field of home economics. The honor graduate in both her high school and junior high school classes in the Clarendon schools, she has maintained an admirable record at Tech. During the fall semester, she recorded 4 A's and a B plus in her academic subjects.

Mr. and Mrs. Gillham plan to attend the services at Lubbock Sunday.

Misses Edgar Mae and Mable Mongole attended the Teachers' Convention in Amarillo Friday and spent the week end with Mrs. Marguerite Goodner.

Mrs. Edith Longan visited last week in Pampa with her granddaughter, Mrs. Forest Clyde and children.
