Schedule Of Events Announced For Homecoming

Officers and secretaries of the Homecoming Association met in the College Auditorium Saturday afternoon, Sept. 16, and made final plans for Homecoming to be held at Clarendon High School and College Saturday, September 30.

The following program of events and activities has been announced:

- 9 a.m.—12 Noon—Registration, Coffee and donuts served through the courtesy of the Student Council. Tours of the new buildings to be conducted.
- 12 to 3 p.m.—Individual Class Meetings.
- 1 p.m. Kappa Tea to be held in the Glenn Wallace home.
- 3 p.m.—General Meeting of all Exes, College Auditorium.
- 6 p.m.—Banquet to be served in the College Gymnasium
- 8 p.m.—Clarendon-Welling-ton Football Game, Broncho Stadium.
- 9:30 to 1:30—Dance to be held at the College Gymnasium.

Tickets for the banquet will be \$1.50. The meal will be prepared and served by Henry Daniels Catering Service. Charles Grimes Orchestra will provide music for the dance to follow the football game. Plans for the decoration of the gym were made at the Saturday meeting.

A nominating committee was appointed and a slate of prospective officers and committeemen prepared to be presented at the alumni meeting the afternoon of September 30.

Those in the local area desiring to purchase banquet tickets may contact Dick Kennedy who has a supply on hand at the present time.

COLLEGE EVENING SCHOOL ENROLLS FORTY MONDAY NIGHT

A total of 40 people registered for night classes at the college last Monday night. This was an increase over the first night's registration last year.

Dean Oliver Abel is urging everybody who plans to be enrolled in the evening school to be on hand next Monday night, Sept. 25. At that time the classes will be set as to what night they will be offered.

Interest was shown Monday night in the areas of Government, History, English, Biology, Education, Art and some of the business subjects.

School Tax Rate Set for 1961-1962

In a called meeting on August 22, the Clarendon School Board set the maintenance tax at \$1.30 and the bond interest and sinking fund rate at \$0.40 for a total of \$1.70 on the \$100.00 assessed valuation. This constitutes a raise of \$2.00 on each \$1,000.00 of assessed valuation.

This 20c tax rate was made imperative in order to lower an operation deficit and pay the increased current budget caused by the Hale-Aikin pay raise of \$810.00 per teacher. The State Foundation Minimum Program pays approximately 80 per cent of the salaries for 34½ teachers and the college funds pay salaries of 6½ teachers while the local district bears the total salary load for 8 teachers.

This rate increase will be reflected in the tax statements which will be mailed you on or soon after October 1.

For further information and clarification call the Clarendon School Administration Offices at 874-3551; or call in person at the new Administration Building. Superintendent Cox or/and Mrs. Naomi Phelan will be glad to discuss the problem with you.

Queen Contest Sparks Forthcoming Hedley Cotton Festival

Queen Mary Finchum

Miss Mary Finchum will reign as Queen of the 10th Annual Hedley Cotton Festival to be held Friday and Saturday, Oct. 13 and 14. Queen Mary graduated from Hedley High School last year. She is 19 years old and is a redhead. Her parents are Mr. and Mrs. A. L. Winn who live about one-half mile west of Hedley.

There are 11 girls now competing for her crown. The contest started last Thursday night with a dinner for the girls at the Lions Club and will last one month. The new queen will be crowned by the Lions District Governor at Coronation Ceremonies Saturday night of the Festival.

The Queen's Coronation and program will again be under the direction of Miss Myrtle Reeves. She will be assisted by Mrs. Don Springer and others.

Queen candidates and their sponsors are: Susan Cox, Moffitt's Hardware Store; Leveta Helms, Security State Bank; Delores Messer, Clifford Johnson Insurance; Sandra Moffitt, Hedley Lumber Yard; Sammie Sanders, Hedley Beauty Shop; Sandra Saunders, Cherry Drug Store, Inelda Shields, Hedley Variety Store; Sara Spalding, Dorothy's Beauty Shop; Cheryl Stegall, H. H. Hall; Carolyn Stephens, Johnson Dry Goods; and Anita Stone, West Texas Utilities.

Over 3,000 Visit Donley County Fair

The Donley County Fair and Quarter Horse Show was the biggest and best ever held in Donley County, says E. S. Ballew, vice-president of the Planning Board of the Fair. Flip Breedlove, county agent and manager of the Fair said that all entries were above average and that over three thousand visited the Fair in its two days of showing.

The Quarter Horse Show featured 47 of the top quarter horses from all over the country and Judge Russell Moore of Plainview, Texas had his hands full to select his winners. The grand champion stallion went to Poco Merritt owned by John Strickland of Shamrock, Texas. The reserve champion stallion went to General Lee Hill owned by Fulton Stables of Lubbock, Texas. The grand champion mare went to Baglena owned by Fulton Stables of Lubbock, Texas and the reserve champion mare went to Katy Taylor owned by E. Paul Jesse of Pryor, Texas. The champion gelding, Concho Scott, was shown by Jr. Cluck of Dimmitt, Texas, and the reserve champion gelding went to Dusty Tater, owned by John Leslie of Bailey, Texas.

In the quarter horse reining of the adult division first went to General Lee Hill of the Fulton Stables of Lubbock, and second went to La Joelta, owned by Doyle Stove of Clovis, N.M. In the junior reining contest first went to Mike Martin of Clarendon, and second to Mack McClellan of Clarendon.

Judge Buford Hancock of College Station, Texas, studied all 14 of the community agriculture exhibits and his final decisions went to first place with the Ashtola Community, second, Chamberlain Community, third, Martin Community, fourth, Lela Lake, and fifth, Goldston. Agriculture exhibits selected from the community agriculture exhibits were shown at the Tri-State Fair at Amarillo and this year Donley County won a total of 15 first places, 12 second places, nine third places and four fourth places. Donley County this year won six more first places in the Agricultural department than (See COUNTY FAIR, Page Eight)

Bronchos Travel To Groom For Game Friday Night

Grady Rhodes Dies In Car Accident; Services Held Monday

William Grady Rhodes, 18, died at 1:15 a.m. Sunday morning in Adair Hospital from injuries suffered a short time earlier in an auto accident near the "Old Clarendon" marker west of the Red River Bridge five miles north of town.

Grady, son of Mrs. Rosa Lee Rhodes, was fatally injured when the car in which he was a passenger went out of control and overturned on the curve a short distance from the top of the hill. Tommy Messer, 18, driver of the vehicle was hospitalized with bruises and a wrenched back. Sue Yankie, a third passenger in the car, was not injured. The car was demolished.

Funeral services for William Grady Rhodes were held Monday afternoon in the First Methodist Church with Rev. J. V. Patterson, pastor, officiating. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Grady was a native of Clarendon and had lived here all his life. He was a senior in high school and was a member of the First Methodist Church.

Survivors include his mother, Mrs. Rosa Lee Rhodes; the maternal grandparents, Mr. and Mrs. Ralph Grady Sr. of Brice; and the paternal grandmother, Mrs. W. M. Rhodes of McLean.

Pallbearers were Neal Carter, Eddie Tipton, Jim Robinson, Don McAnear, Leon Gibbs, Steve Shelton, Jerry Elmore and Bill Spier.

Local Chapter TYF Elects Officers

The Clarendon Chapter of the Texas Young Farmers met Tuesday night in the school ag building. James Stair, Joe McWilliams and Joe Leach of the Plainview Chapter were present to help organize the local chapter.

Nelson Christie gave a report of the area one Young Farmers Convention, which he and Joe Shadle attended in Plainview last Saturday.

Officers for the local chapter elected for the coming year were: President, Don Robinson; vice-president, Earl Shields; secretary, David Bennett; treasurer, Don Thornberry; reporter, Joe Shadle; historian, Bill Porter; Advisors are Jack Moreman and Bob Baxter, vo-ag instructors.

All young farmers interested should be present on the 1st and 3rd Tuesday nights of each month at 7:30 in the ag building. Sixteen members were present for the meeting Tuesday night.

The Bronchos of Clarendon High School will travel to Groom Friday night for their fourth non-conference game of the season. The Bronchos will be going after their third straight win since their opening game defeat by Stinnett. They have registered two shutouts the past two games, defeating Silverton 36 to 0 in their second game and gaining a hard-fought 16 to 0 win over Panhandle last week.

The Groom Tigers of District 1-B always come up with a good solid team. Last year the two teams fought to a 14-14 tie here in Broncho stadium. This year the Tigers, who were the pre-season favorites to win their district, have won only one game of three but the two losses were at the hands of strong Class A teams. They opened the season by losing to always strong White Deer by a score of 31 to 0 and last week fell to the surprising McLean Tigers by a score of 49 to 0. McLean has the strongest team this year that they have had in a number of years.

The one victory that Groom has chalked up this year was a 14 to 0 win over the Panhandle Panthers in their second game of the season. Since Clarendon's win over the same Panhandle team one week later was 16 to 0, it would appear that the Bronchos and Groom should be rated about even.

Coach Tom Jinks was highly pleased with the defensive skill of his team last week in holding the big Panhandle team to only three first downs. However, the coach is still concerned over the mistakes his team is making on offense. Last week they lost the ball two times inside the Panhandle ten yard line.

Jinks stated that he would probably go with the same starters of last week which had Bill Hermesmeyer and Leon Gibbs at ends, Charles Stout and David McBrayer at tackles, Frank Hermesmeyer and Billy Hearn at guards and Mike Heath at center. In the backfield will be Dwight McAnear at Quarterback, Jim Robinson and Gary Campbell at Halfbacks and Jerry Elmore at fullback.

NEW LOVELL STATION OPEN FOR BUSINESS

Ben Lovell is announcing in this issue of the Leader, that his new service station and store is now open for business midway between Ashtola and Goodnight on the south side of the four lane highway. Lovell moved his business from Ashtola after his present location was included in the right-of-way for the four lane highway to be extended from the county line to Clarendon. He has operated his business at Ashtola for a long number of years. A new building has been constructed at the new location.

Red Cross Disaster Fund Campaign Quota Set At \$399

The local Red Cross chapter received word from the National Headquarters this week stating that Donley County's quota in the Emergency Relief Drive had been set at \$399.00. Texans have been asked to raise one million dollars for the Carla storm victims along the Texas Gulf Coast area.

The \$399 set for Donley County is a small figure compared with the total needed and should be raised before the end of this week. Mail or leave your donation at either of the local banks just as soon as you can so this Red Cross money can be put to work.

In the appeal last week for clothing etc. to be left at the First Baptist Church for storm victims, Rev. W. R. Lawrence reported a splendid response with numerous boxes of items being brought in and shipped out on Wednesday.

P-TA Sponsors Back-to-School Night Tuesday, Sept. 26

With the starting of school our thoughts turn to P.T.A. and Sims P.T.A. is again sponsoring a "Back to School" night on Tuesday, September 26 at 7:30 p.m.

Parents will come dressed in their school clothes and will first go to the auditorium for a short assembly. Teachers and other school officials will be introduced. The parents will then go to their own child's home room. The teachers will go through their regular school routine, answering any questions and explaining various regulations.

In Junior High, at 10-minute intervals the bell will ring and the teachers will change rooms, giving the parents an opportunity to meet each of the teachers and learn something about the different subjects their children are studying.

This program is being sponsored to help the parents and teachers get better acquainted and to create better understanding between parents and teachers.

"Treat Day" is also another P.T.A. project this year. Beginning on Tuesday, September 19 and each Tuesday throughout the year, treats will be sold by the Mothers. These treats, consisting of popcorn balls, cupcakes, cookies and etc. will be sold for 10c each. The money is given to the teachers to be used for their individual rooms. The Mothers will be notified by their child's teacher what day they are to be responsible for furnishing treats.

All of the P.T.A. meetings have been scheduled as night meetings. So, reserve the fourth Tuesday night of each month for P.T.A.

Mr. and Mrs. Tack Moreland and family plan to move here from Amarillo this week end to make their home. Mrs. Moreland will be employed at Pauline's Beauty Shop.

Bronchos Take 16-0 Victory Over Panhandle Panthers

The Clarendon High Bronchos took a 16 to 0 victory over a determined bunch of Panhandle Panthers at the local stadium last Friday night. The game featured bone-crushing tackles from start to finish and the victory was a well-earned one for the Bronchos.

The Panthers from Panhandle never seriously threatened the Broncho goal. They got inside the Broncho 30 yard line only one time and that drive was stopped by an intercepted pass. They could gain only three first downs as compared to Clarendon's 12 and gained 86 yards rushing and passing to Clarendon's 136.

The Broncho attack featured the spirited play and hard running of Jim Robinson, one of the hardest running backs to play for the Bronchos in several years. Jim ripped the Panther line for four yards and the first score early in the second quarter. Quarterback Dwight McAnear passed to Bill Hermesmeyer for the two points and the score stood 8-0 in favor of the Bronchos until late in the third quarter. The Bronchos marched down to the Panther five yard line only to be set back 15 yards for a holding penalty. Two plays later, Panhandle took over on downs on their own six yard line and on their second play, Robinson charged in from his defensive position to smear Panhandle's Kenneth Ware behind his goal

line for a safety. This brought the score to 10 to 0.

The ball was brought out to the Panhandle 20 where the Panthers were given a free kick following the safety. On the first try, Robinson returned the kick to the Panhandle 32 but the Bronchos were off-side on the play and the Panthers kicked over from their own 25. This time Robinson gathered in the ball on his own 32 and raced 68 yards for the touchdown. This concluded the scoring for the night.

The Bronchos had a number of defensive standouts. Along with Robinson, whose play both on offense and defense stuck out like a sore thumb, Bill Hermesmeyer, Leon Gibbs, Frank Hermesmeyer, Charles Stout and Gary Campbell were outstanding on defense.

For the Panthers, halfback Kenneth Ware was their main offensive threat, and they, like the Bronchos, also had several defensive greats. Their line play was led by their great tackle, 235 pound Carroll Bentley, along with 210 pound Mike Smith, end Jim Brinkley and back David Slagle.

Week end guests in the home of Mr. and Mrs. W. M. Pickering were her nephew and wife, Mr. and Mrs. Harold Hawk of Des Moines, Iowa. Mr. Hawk is attending a radar school in Oklahoma City.

FIRST BALE GINNED AT LELIA LAKE

Jimmy Lee Butler, pictured at left, who farms 3 miles south of Lelia Lake brought in the first bale of cotton to be ginned at Lelia Lake Sept. 13. The 1960 pounds of Blight Master seed cotton was gathered from an irrigated field that was planted April 29. The finished bale weighed an even 500 pounds. Quinn Aten, pictured at right, manager of the Lelia Lake Paymaster Gin reported that the ginning was free and that Butler received a \$50 bonus check from the Clarendon Chamber of Commerce.

By Congressman Walter Rogers

Ode to the Statue of Liberty

Several days ago I inserted an item in the Congressional Record which I think will be of interest to many people in our District. With your permission, I am going to reprint it here as my newsletter for this week.

**Extension of Remarks
of Hon. Walter Rogers
of Texas in the
House of Representatives**

Mr. Speaker, I was recently honored by a visit from an old friend of mine from Alanreed, Texas. Alanreed is located on Highway 66 in the southern part of Gray County, Texas. Just north of Alanreed my good friend, Paul M. Bruce, has long maintained a nursery. He has dedicated his life to the soil and the things that God makes to grow. His wonderful work is well known through the Panhandle of Texas and the southwest.

In recent months, he came to New York to visit his brother and decided to come by the Nation's Capital for a visit. While so doing, he struck up a conversation with a gentleman by the name of Johnny Walker of Scranton, Pennsylvania. Mr. Walker

very kindly brought him by my office, as he was well acquainted and familiar with Washington.

Subsequently Mr. Bruce wrote to Johnny Walker thanking him for his courtesies and enclosing in that letter his thoughts as he viewed the Statue of Liberty. Mr. Walker was so deeply impressed with these two documents that he forwarded them to his Congressman, the Honorable William W. Scranton of the 10th District of Pennsylvania. Congressman Scranton very kindly forwarded these documents to me, and I am taking the liberty of inserting them in the Record. I think that the statements of Paul M. Bruce, of Alanreed, Texas, should be read by every American, and I hope that this will be possible. The letter from Mr. Bruce I insert and his "Ode to the Statue of Liberty" immediately following:

August 12, 1961
Dear Johnny Walker: I don't have words to express my thanks to you for being so very nice to me in the District of Columbia.

My Representative, Walter Rogers, was wonderful, also seeing that I was well cared for while in the District of Columbia. I saw many beautiful sights. God has made us a wonderful nation. When I left Walter's office, I was just a little lost. A very nice lady started past me. She said, "Aren't you a little lost here in the District of Columbia? I might help

you." "Sure," I said. "I would like to get out in the open." She was from New Mexico. I never have had so many wonderful experiences in all my life. Every time I needed help, someone was right there to help the Texan. I hope I can be helpful to others as they were to me.

I am enclosing my version of the Statue of Liberty as I promised.

I will never forget how nice you were to me.

I wish you success in your every endeavor. Best wishes always.

Love,
Paul M. Bruce
"Ode to Statue of Liberty"
(By Paul Bruce, Alanreed, Tex.)
I fell in love with her—the Statue of Liberty.

We boarded a helicopter at Idlewild Airport near New York City. It was a beautiful evening. A fine old gentleman sat beside me. He was born in New York City and he began to tell me about the different beautiful sights. "I hope the pilot flies us by the Statue of Liberty." "Wonderful," I said. We could see her at a distance. The pilot headed our plane directly toward her; we passed just above and to my side. I was next to the window as we faced her. She is the most beautiful statue I have ever seen. Standing there in the harbor, facing the ocean, calm, beautiful, poised and serene. That's when I fell in love with her. I waved my hand and blew a kiss to her. Something was telling me she understood. It all happened so quickly, she didn't have time to wave or smile back to me. Then I began to realize what she really meant to me — liberty, freedom, love, and the pursuit of happiness. In fact, everything, all the virtues of life. Man has no greater gifts than these except eternal life in heaven with his Maker. She stands there in the harbor, facing the ocean, to welcome the weary traveler on his long voyage home across the deep blue sea, or the one seeking a new

home on her beautiful and peaceful shores.

We pray to our God in whom we trust, that she will always remain there, beautiful, serene and unmatched, as she stands today and that the peoples of the world will fall in love with her as I have. Please do.

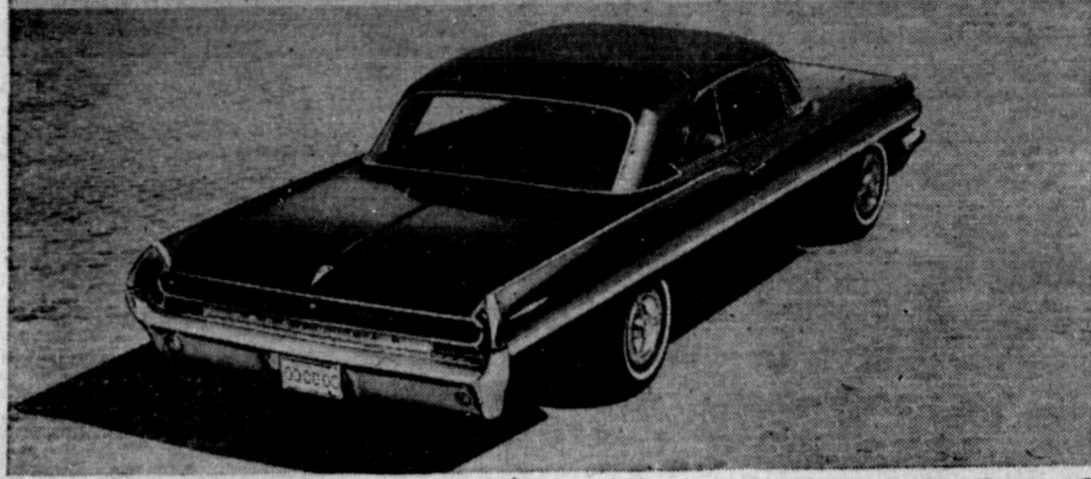

I am wondering if all who have gazed upon her lovely face fully realize what she means to them and what she stands for—let's not forget. We are truly indebted to all who had a part in erecting this beautiful Statue of Liberty. I pray that all who view her or learn of her wonderful ways will fall in love with her as I have. Although I live many miles from her, I will always love her and cherish the memory of her. Won't you?

Everyone in the United States of America that's old enough has heard about her. She is cherished and loved by millions, and not enough millions have looked into her beautiful face — still not enough. You should see her. To see her is to appreciate her more.

Her name is Liberty because she stands for every principle that we know as a free, liberty loving people and Nation. We should do our very best to live the principles of life she stands for. Liberty has cost us much since the birth of our Nation. Let's be brave and not cowards. Let's preserve it, love and keep it. God gave it to us because He loved us.

Let's love and trust Him more. He is the Giver of all our blessings. Won't you love Him More? Let Him be your first love.

About a nickel a day—that's what tax experts figure the new sales tax will cost the average Texan whose income is figured in the three-to-four-thousand-dollar bracket.

LUXURIOUS STYLING of Pontiac's 1962 sports coupe models is graphically illustrated by these views of the sparkling new Bonneville. A smaller rear window and a lower roof design give this two-door hardtop the rakish look of a softtop convertible. A divided V-shaped grille of horizontal bars exemplifies the smooth flowing lines and the Bonneville's generous full-length side moulding accentuates the car's long, low and sleek appearance. This same new look in hardtops is found in the Catalina sports coupe.

**"BACK-TO-SCHOOL" EFFORT
DIRECTED AT HIGH SCHOOL
AND COLLEGE STUDENTS**

A "Back - to-School" campaign directed at high school and college students has been initiated by the U. S. Office of Education. The campaign will be a year-round effort as over 900,000 students dropped out of the Nation's schools last year, although 70 per cent had the ability to finish high school and probably go on to college. Since the dropping out rate will vary from one community to the next, the problem must be approached from that

level. Dropping out of school has a number of implications for the student and the community. The student is restricting earning power substantially by dropping out of school. The community suffers when a student drops out of school, because this reduces the supply of trained manpower available to expanding business and industry.

It is suggested that officials of schools, local governments, employment agencies, business and industry can help by individually and collectively conducting a "Back-to-School" campaign.

'round. One needn't borrow from his neighbor's store, 'Cause you'll have plenty at your own back door.

Likely, it seems to most of us that Ole Man Trouble keeps right on our trail. Perhaps we don't, but most of us want to count the little bothersome things that come our way.

It is said that one doesn't have to wait for the bad things to happen—they just sort of catch up with us while we are not looking. The good fortunes have to be encouraged and worked for. But, the best way to have trouble is to just do nothing. We won't have to wait long for it to overtake us when we are sitting around with an expectant look on our faces.

Not long ago we read the story about all of the people bringing their troubles together and exchanging them for the burdens of another. Each went their way but soon became even more miserable than before. When they were granted another chance to exchange burdens each took for himself the same old trouble which had seemed so hard to bear at first. After trying the other

fellow's for a while it seemed by far the easiest to carry.

If we put importance to our troubles and start adding them up we are already in bad. On the other hand if we begin counting our blessings, the troubles seem to fade into insignificance. If we can brush aside the little troubles and start looking for the blessings we are on the right track. With the big sorrows extra strength for the hour will come, but when the little trivial things get us down then we are down for the count.

DEBTS to most of us who outlasted the terrible 30's are sometimes such a worry that it causes one to pass up golden opportunities. If we owed debts in those days and took seriously the obligation we are likely to have a lifetime impression of those tough days.

We used to place a scarecrow in the watermelon patch or potato patch to keep the rabbits and birds away. Sometimes we would even put a make-believe gun in the dummy's arms to make it a must. Debts became like a scarecrow to so many.

There was an old saying which went like this, "You can run into debt, but you have to crawl out." Crawling seems almost too speedy a word according to our memory.

On the other hand most young folks have little fear at all of debts. Credit comes easy on every side and in most cases the payments are promptly made. We are glad to see people have things easier but we just can't help urging a bit of caution.

Times have certainly changed. In the old days one of the best ways to have a good credit was to get by without using it. If a

young couple knew how to make a living then the banker would be anxious to loan them money to make money with. How folks establish a credit by using it.

The modern way has its good points but a savings account can come in mighty handy even with a good credit. Putting some money in bonds or a savings account can be a part of our monthly payments. Money in the bank can make even a rainy day a cheerful one . . .

The need for Courage is at a premium if our country is to remain free. The pressure on everyone to conform to whatever trend that for the moment seems expedient has just about taken away our will to be individuals.

It does take a lot of courage to stand for the right thing. The thing that is right seldom ever has the attractiveness of the other way. It may not even appeal to our five senses.

It takes even more courage to stand for the right thing when we are standing alone. Never in our history has the power of public opinion been brought to bear with such fury on those who would rather be right than president.

The real test of our courage comes when we stand for the right thing, not only alone, but when it is not for our best interests for the time being. One fellow remarked that to him a certain program would in the long run turn out to be wrong. But, most everyone about him was for it. Their main reason being that to vote otherwise would be cutting their own throat.

So many of our bitter pills come to us with enough sugar-coating to make us swallow them. Perhaps we shouldn't call our so-

cial security a complete pill, but it did slip up on us sugar-coated. Many of our old folks get a chance to reap benefits after only three small payments. We felt so glad for them. The take from our check was small and it looked like wonderful security for the future. But as the bite gets bigger and bigger we begin to wonder. If the tax reaches the straight nine percent and with no deductions it will mean in many cases a higher tax than our regular income tax. . . Just one example of sugar-coating.

TEXAS DRIVERS LICENSE FEES INCREASED

The Texas Department of Public Safety reminded Texas drivers today an increase in license fees has been ordered by the Legislature effective Sept. 1.

The Texas operator's license on and after that date will be increased from \$2 to \$3 for a two-year period, the commercial driver's license will increase from \$3 to \$4.50 for a one-year period, and the chauffeur's license will go up from \$4 to \$6 per year.

The fee for a duplicate of a lost license will remain at 25 cents.

"We urge all drivers to be sure they send the right amount in with their renewal applications," said Col. Homer Garrison, Jr., DPS Director. "Those which are

accompanied by the old fee after Sept. 1 will have to be returned to the sender, causing unnecessary delay and inconvenience."

He said the \$3 two-year operator's license will still be lower than the fees in 12 other states, and will be exactly the same as in five other states. He reported Texas now has 4,838,000 currently-licensed drivers.

Hunters, observe all safety measures while in the field. Never point a gun at anything you do not want to kill.

ROILERS A GOOD MEAT BUY

Broilers are such a good buy on today's retail markets that consumers may wonder if something is wrong with them. There isn't says F. Z. Beanblossom, extension poultry marketing specialist.

The quality of the birds is excellent as are all Grade A broilers identified by known inspection standards for wholesomeness — USDA or equivalent, he says.

The key to the low price of broilers is research which has brought about many changes in the scientific feeding of the birds for peak nutrition and poultry breeders have also made their contributions by developing birds which meet the demands of consumers. Beanblossom says there has been a significant reduction in the relationship of age to weight of the birds when they go to market, with chickens reaching the desired weight within 8 to 10 weeks. This makes it possible for growers to produce several broods in the same houses each year.

The specialist suggests that buyers of broilers in local retail markets look for the label indicating the grade and inspection for wholesomeness. The label, he adds, is usually attached to a wing of the broiler. Broilers which are shipped across state lines must pass federal inspection for wholesomeness, he adds.

Broiler price and quality do not necessarily go together. Broiler production has been very heavy during the past several months and the lower price reflects this increased production, concludes the specialist.

Labor Day weekend was the safest in Texas since 1946 with only 19 fatalities recorded by Department of Public Safety against expected 30. There were 17 for comparable period in 1946.

GEORGE'S WIFE

By "Sarah"

Occasionally we fish around to see who is reading this world-shaking masterpiece, and wind up getting just what we ask for.

We asked our friend at the first window where we do our banking if he ever read it a while back. Yes, he said, I did once, but didn't get anything out of it. We had urgent business elsewhere until we could get our face straight. We should have told him that that was the same answer we received from our own daughter the first time she read it also. So don't feel bad, pal, if you ever discover the author. We have trouble communicating face to face, let alone this media.

"The Shepherd" by Julien C. Hyer, on Sept. 12, in the Amarillo Daily News says something of what we had in mind in the beginning, we get carried far away at times though, Mr. Hyer says:

"Were you afraid you'd get 'involved'?" and by-passed life and have resolved to 'let George do it' and not care... How others feel or fall or fare? Don't hasten

past the wounded man... and let the Good Samaritan do your job of humanity... Don't shun responsibility... Stop, lend a hand and succor give... and justify your right to live."

Just look where we are today from letting "George do it." I claim something has happened to George, and we'd better begin asking, what can I do? Instead.

Since we cannot be a "George's Wife" instead. And most times we are a living example of just that.

GROWTH

Keystone of the Center of the Southwest

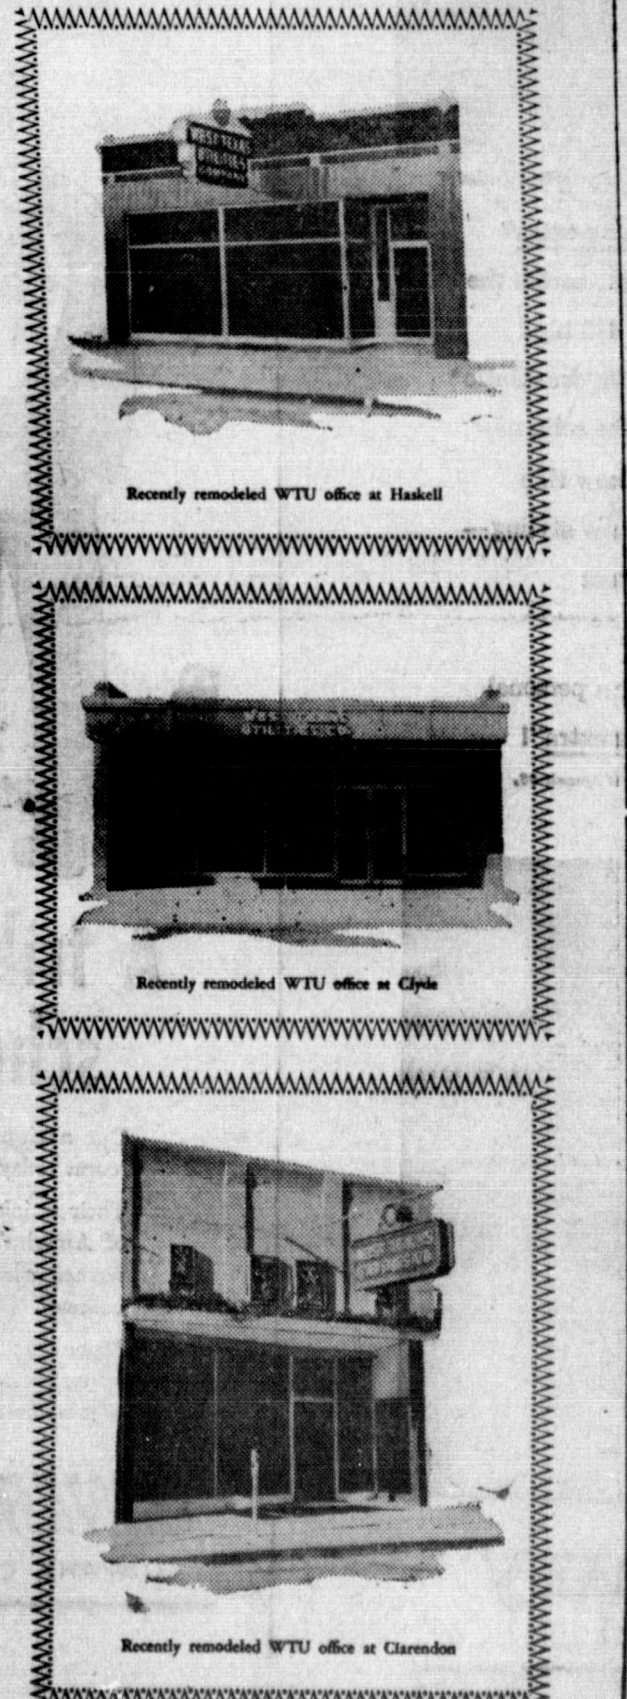

West Texas Utilities Company's service facilities are growing as the area we serve grows.

This service area is the Center of the Southwest — the very heart of a five-state region that is growing 25 per cent faster than the Nation.

A multi-million-dollar growth program is now under way, and even more expansion is in the planning stages. Major examples are our new generating, transmission and distribution facilities, where much construction is now going on.

Our continuing growth program is seen also at the local level. Pictured here, for example, are three of our local offices which have been remodeled recently.

This Company is convinced that we face Growth Unlimited. The money we are spending for expansion today is our INVESTMENT IN THE FUTURE.

Miss Montgomery Entertained At Party Monday Afternoon

Miss Sherry Montgomery, bride-elect of James Semrad, was honored with a miscellaneous shower Monday afternoon, September 18, in the home of Misses Edgar Mae and Mable Mongole. Receiving hours were from 3 p.m. to 6 p.m. Lovely arrangements of autumn flowers decorated the entertaining rooms.

Guests were greeted by Miss Mable Mongole and presented to the honoree, her mother, Mrs. William Montgomery, and Mrs. John Semrad. Misses Fredda Bourland and Pauline Gillean registered the guests.

Aqua and white were the colors used at the refreshment table. The table, laid with a white cloth, featured a floral arrangement of white stock and carnations with aqua tapers. Alternating at the silver service were Mrs. Johnny Davis and Misses Gay Watson, Norma Self, and Beth Johnson.

About forty guests were registered. Out-of-town guests included Mrs. Joe Montgomery and Sarah Beth and Mrs. Paul Montgomery of Memphis. Rep.

Casteel-Phillips Wedding Solemnized in Home Ceremony

Miss Nita Carol Casteel, daughter of Mr. and Mrs. C. I. Casteel, Clarendon, Texas, became the bride of Lloyd Phillips, son of Mr. and Mrs. Virgil Siddle, also of Clarendon, in a double ring ceremony Sunday afternoon, September 17, in the home of the groom's parents. Bro. Stout, pastor of the Martin Baptist Church officiated. Vows were exchanged against a background of palms, candelabra, and gladioli.

The bride given in marriage by her cousin, Alvin Casteel, wore a dress of white lace fashioned with a fitted bodice, sweetheart neckline and three-quarter sleeves. The bouffant skirt was waltz length. Her finger-tip veil of illusion was attached to a bandeau of seed pearls. She carried a bouquet of white carnations atop a white Bible.

Miss Gay Watson attended the bride as maid of honor. She wore a dress of pink net over taffeta and carried a bouquet of pink carnations.

Larry Don Phillips was his brother's best man.

Following the ceremony a reception honored the couple. The refreshment table was laid with a white linen cloth. The tiered wedding cake was topped with a miniature bride and groom. Crystal appointments completed the setting. Miss Gay Watson and Miss Reta Casteel presided. Mrs. L. A. Watson registered the guests.

As a traveling costume the bride chose a blue wool suit complimented by black accessories and the corsage from her wedding bouquet.

The bride attended Lakeview and Clarendon schools. The bridegroom attended Clarendon schools and served three years in the armed forces. The couple will be at home in Clarendon.

Members of the two families and close friends attended the wedding.

1926 BOOK CLUB SALAD SUPPER AT CLUB HOUSE

The 1926 Book Club met Tuesday evening, September 19, at Patching Club House for the first meeting of the current club year and a salad supper. Mrs. J. R. Porter and Mrs. W. C. Thornberry were in charge of arrangements.

The serving table was laid with a harvest cloth carrying out all of the lovely colors of fall in autumn leaves, flower, fruits, and vegetables. Decorating the table was a basket arrangement of mixed fall flowers and fruit. Guests were seated at quartet tables.

Following the meal the program was presented by Mrs. Frank White, Jr. Mrs. White showed a number of interesting slides of the White's recent trip to Europe.

Those present were Miss Inez Blankenship and Mesdames E. S. Ballew, Homer Bones, J. R. Brandon, L. N. Cox, A. J. Garland, C. B. Hudson, Loyd Johnson, Otis Naylor, J. R. Porter, Nelson Seago, W. C. Thornberry, Frank White, Jr., R. C. Bryan, W. E. Clifford, and J. N. Weaver, also one guest, Mrs. Frank Phelan, Sr.

Mrs. Herman Cross and Annette visited Saturday in Memphis with their parents and grandparents, Mr. and Mrs. E. F. Lemons.

Pictured above is a section of the Flower Show entries displayed at the County Fair last Friday and Saturday. The show is sponsored each year by Les Beaux Arts Club. There were more entries than usual and the quality much better.

Miscellaneous Shower Honors Miss Casteel

A miscellaneous shower honoring Miss Nita Casteel, bride-elect of Jackie Phillips, was given in the home of Mrs. Dick Vallance, Friday, September 15. The entertaining rooms were decorated with white carnations and red roses.

Co-hostesses were Mesdames Dick Vallance, J. R. Allen, Truett Behrens, W. C. Ragan, Mike West, Bill Jones, Dollie Bain, A. E. Allgren, Leon Sutton, Steve Mills, Reta Casteel, and Raymond Waldrop.

Guests were greeted by Mrs. Vallance and presented to the honoree, her mother, Mrs. C. I. Casteel, and Mrs. Virgil Siddle. Mrs. Steve Mills presided at the register.

The refreshment table was laid with a white cloth and a centerpiece featuring white carnations and a pink net umbrella. Crystal appointments completed the setting. Misses Gay Watson and Reta Casteel presided.

The honoree received many lovely and useful gifts. —Rep.

BETA SIGMA PHI HOLDS REGULAR MEETING

Mu Gamma Chapter of Beta Sigma Phi met in the home of Quinn Draper Thursday night for their regular meeting. Lea Tyler, president, presided.

Program chairman for the evening was Lea Tyler. She introduced Wanda Phelan who presented a very interesting program titled "The Body Beautiful." Mrs. Phelan discussed many of the famous Greek Paintings and other famous paintings to modern day.

Present were Mesdames C. B. Morris, Bert Garland, Shirley Clifford, Frankye Henson, Ann Hommel, Evelyn Mann, Jean Davis, Pat Day, Betty Leathers, Mary Neal Risley, Lea Tyler, and Quinn Draper.

LELIA LAKE MYF

Meeting was opened with prayer by Lacy Lee Noble. There were seven present with the MYF having charge of the Worship Service. We showed a film, title of which was "Tell Tale Arm." We were dismissed by the MYF Benediction.

PLEDGES TO SORORITY

Miss Connie McMurtry, daughter of Mr. and Mrs. Alfred McMurtry has pledged to Beta Sigma Chapter of Kappa Alpha Theta at Southern Methodist University in Dallas. Connie will be a freshman at the university this fall.

Mrs. D. R. Phillips and daughters went to Amarillo Sunday to see their son and brother, Dwayne Phillips. He had gotten out of traction on Saturday but doesn't know just when he will leave the hospital. We hope it will be soon. They also visited a while with Mr. and Mrs. Elmer Tucker who were there to see a new great-grandbaby.

Hurricane Carla had its impact on the State Capitol. But not like it did on the Coast.

Refugees camped on the Capitol grounds the first night of the storm. They were moved into public buildings as the rains reached Austin. Several giant trees on the Capitol grounds were blown down, and the Board of Control estimated damage of \$5,000 to Capitol grounds and buildings.

State officials were busy, too. Gov. Price Daniel's on-the-scene inspections led to several coastal counties being declared disaster areas. Thus they became eligible for Federal aid.

State Insurance Chairman Thomas Ferguson announced that several hundred insurance adjusters had moved into the coastal area to begin estimating damages to insured properties.

So far no one had any estimate of the total damage Carla did to Texas.

One sure thing is that insurance companies, which have taken in about \$15,000,000 in premiums this year for windstorm and rain damage in the seacoast territory, will have substantial losses to pay above their income from this source.

More Sales Tax Rulings
 Comptroller Robert S. Calvert is still issuing rulings on how the new sales tax applies to specific situations.

He has changed his mind for the first time. It's on the subject of repairs.

New ruling declares that the repairman is the consumer of the tangible personal property which goes into a repair job, unless he has a contract under which he is to bill the customer separately for labor and parts or materials. In that case, he can collect the sales tax from the customer on the materials only. But if the repair contract is for a lump sum price, the repairman must pay the 2 percent sales tax on the supplies and materials at his cost.

These and other complications of the huge new tax law led to two proposals for changes. Atty. Gen. Will Wilson recommended that it be changed to an across-the-board tax, with no exemptions.

State AFL-CIO Pres. H. S. Brown called for complete repeal of the sales tax, and substitution of an income tax which he said "you pay just once a year, instead of 15 times a day."

What's A Farm Trailer?
 The new revision of the law which used to exempt farm trailers from license fees has lots of

people in a swivet. The law was revised twice during the spring sessions of the Legislature. Governor Daniel vetoed the first bill by Rep. Grainger McIlhany of Wheeler, so it was passed again in modified form.

It now requires larger farm trailers to have "exemption tags" which cost \$5. It also requires owners of oil-well servicing and drilling equipment to have license plates if they are to be moved over the highways.

Oilfield servicing companies brought suit to set aside this interpretation of the law. License plates, based on weight, would be staggering, they claim as they maintain that the legislature did not mean to tax them when it wrote in an exemption for the water well drillers.

Rural legislators report some farmers aren't happy about having to pay \$5 to be exempt.

Club Tax Revenue Heavy
 Another new act of the Legislature which took effect Sept. 1 levied a tax and license requirements on the "private clubs" where mixed drinks are served.

Texas Liquor Control Board had little idea how many such clubs there are, and how many members they had. In the first two weeks, the license-fee receipts at the Liquor Board came to \$420,000, and returns are still coming in.

This would indicate a private-club membership of about 210,000 since the tax is approximately \$2 per member per year. Clubs operated by veterans organizations and fraternal organizations are exempt from the tax and license requirements.

The new law was pushed by the hotel and restaurant people, who wanted to get the private clubs legalized and out of the woman's land where they have been operating for several years. Regulations require them to have food available to serve their members and guests in order to be eligible for a license.

More Elections
 Special elections will have to be held in Bexar, Grayson-Cooke, Galveston and Potter Counties to fill House vacancies before Governor Daniel can bring the Legislature back into the special session he plans for it this fall. If he sets the special session for late October or early November, as many think he will, the elections will have to be called soon, to have the new lawmakers ready to go to work when the session opens.

Major item for the special session is the enactment of legislation to license lenders and regulate interest rates.

House passed a bill during the regular session in the spring to set up tight regulation with fairly high interest charges. But the Senate could not agree. So the bill died.

As the law now stands it is illegal to charge more than 10 per cent per year in interest. Courts have wiped out all the various subterfuges by which higher rates were being charged. So lenders, who contend they cannot get by on 10 per cent on small loans,

LOCALS TO ATTEND W.T.S. MEET SATURDAY

Two men from Clarendon and one from Hedley will be among mayors and other representatives of more than 50 Panhandle and South Plains towns visiting on the campus of West Texas State College Saturday.

Clyde I. Price, Jr., and Bill Todd, will represent Clarendon, and Bill Matthews will represent Hedley at the special day of activities, sponsored jointly by WT and the Canyon Chamber of Commerce.

Almost all the visitors are mayors or presidents of chambers of commerce, and they represent cities as far south as Seagraves, as well as the two New Mexico cities of Clayton and Clovis.

Guests will begin arriving on the campus about 3 p.m., with a brief meeting scheduled in the Student Union Building before groups tour the campus.

The visitors will be guests at a dinner at 5 p.m. in the cafeteria, when WT President James P. Cornette will talk on the progress and future plans of West Texas State. They will also be guests at the season-opening football game at 7:30 p.m. in Buffalo Bowl, between the WT Buffaloes and Brigham Young University.

Mr. and Mrs. L. P. Fields of Amarillo spent the week end with the Naylor sisters. Those calling Sunday afternoon were Mr. and Mrs. Arletis Rinehart and son and Mr. and Mrs. Raymond Fields of Groom, Mr. and Mrs. W. C. Scott and Mr. and Mrs. E. V. Quattlebaum.

Mrs. Mack Butler is a patient in Groom Hospital.

Mrs. Ethel Robinson of Pampa was a guest Monday night in the home of Mrs. Edith Longan.

Visitors in the home of Mrs. Edith Longan Saturday afternoon were Mr. and Mrs. Wylie Fronbarger of Ft. Sumner, N. Mex., Mrs. Willie McFarland of Hereford, Mrs. Ben Andis and Snooks of Amarillo, and Mrs. Johnny Beard.

are anxious to be legalized in some fashion.

New Oil Policy-Maker
 Lieut. Gov. Ben Ramsey became Railroad Commission Ben Ramsey in ceremonies Monday, and went right to work at the statewide oil proration hearing held Tuesday.

Ramsey leaves behind a record that probably will never be broken—election to six terms as lieutenant governor. Some earlier holders of that office had won as many as three terms, but there had been few of them.

Ramsey's salary goes up from \$4,800 a year and an apartment in the Capitol to \$17,500 a year, but he will have to pay his own rent.

Senator Bruce Reagan of Corpus Christi assumes the duties of lieutenant governor until the special session opens. Then the Senate will choose another senator to preside over its meetings. Choice lies between Senators Culp Krueger of El Campo, Charles Herring of Austin and Henry Gonzales of San Antonio. All three came to the Senate on the same day in 1957.

A flashing high-performance addition to the Oldsmobile line of cars for 1962 is this Starfire coupe with its distinctive band of brushed textured anodized aluminum extending from front to rear. Luxuriously and tastefully appointed, it offers the same color, trim and mechanical features as Oldsmobile's spectacularly-received Starfire convertible. In-

cluded as standard equipment on the new 345-horsepower Starfires are front bucket seats, a sports-type power console, an even smoother 1962 4-8 Hydra-Matic transmission, self-adjusting power brakes, and dual exhausts. Genuine leather is extensively used in the car's interior.

INFERTILE BULLS ARE EXPENSIVE TO PRODUCER

One infertile cow would not do too much damage to the beef producer's pocketbook. If she failed to produce a calf, only one animal would be lost. But stop and think how costly an infertile bull would be. Instead of missing one animal, the cattleman would miss an entire calf crop. This would be very costly.

U. D. Thompson, extension animal husbandman, says there is no way to look at a bull and tell

whether or not his sperm are capable of reproduction. Today, however, it is possible to have one tested and thus know in advance if he is capable of settling a cow. Many veterinarians have a machine called an electro-ejaculator, which aids them in collecting a semen sample. This sample is placed under a microscope and evaluated. This test enables the cattleman to know in advance whether or not his bull is a "calf-getter."

Look at the question carefully, says Thompson. Suppose it costs \$80 per year to keep a cow, and \$10 to have the bull tested. This places the cow cost up to \$90, but the cattleman has a chance to get this and more back if the bull is fertile. On the other hand, if the bull is not tested and proves to be infertile, the cattleman is out \$80. In other words, by not having the bull tested, the producer is betting the upkeep of the entire herd against the price of a test. These are not very good odds.

percent in place of the 45 percent rate listed for the minimum.

Question: Will there be advance payments in the wheat program as there was in the grain program?

Answer: Yes, producers who sign up may receive cash in advance up to one-half of their special conservation payment.

Question: What are the sign-up dates for wheat program?

Answer: After Sept. 15 or as soon as you receive your notice of payment rate. Dec. 1 is closing date.

Question: May 1962 fall-seeded small grains on acreage designated as diverted acreage under the 1962 program be grazed prior to January 1, 1963?

Answer: No. The community committee establishes a wheat productivity index for each farm in the community taking into consideration the productivity of the farm compared with other wheat farms and also taking into account the special cultural practices, such as summer fallow or irrigation normally followed on the farm. In the event the producer desires to furnish his proof of yield for the crop years 1959 and 1960 it is most important that only verifiable evidence be brought to the county committee. Some of the types of evidence which will be considered as evidence is properly identified by farm and by years are: (1) warehouse receipts, (2) sales receipts, (3) loan documents, (4) bin measurements, (5) income tax and other tax returns where sufficient details are shown and (6) other equally reliable evidence. All appeals must be presented not later than Sept. 30, 1961.

any other county at the Tri State Fair. This was due to the fine work of the communities in selecting the commodities for their community agricultural exhibits. Money won at the Amarillo show will be returned to the communities winning it.

In the Home Economics Department, first place went to the Clarendon Chapter, and second place went to the Hedley Chapter. Donley 4-H won first on their display of rural defense against atomic fall-out.

The flower show was a beautiful thing to see and one of the best in years. The Beaux Arts club will publish the winners in the flower show. The merchants displaying in their division were paid many compliments by all who viewed the Fair and this department had many nice commodities on display.

In the cake department, canning, needlecraft and fine arts the results are not available at this time but will be published next week. Mrs. Louise Riley and Bobby Dishman were superintendents of this department and did a wonderful job of arranging and had the highest quality of displays ever shown at the County Fair.

In the Poultry Department all winners are not available and will be published later. E. V. Quattlebaum was the judge and had some of the finest quality chickens ever shown in Clarendon. Mr. Graham Brinson was superintendent of this department and did his usual fine job of running the poultry show.

FARM NEWS

from County ASCS Committee

AGRICULTURAL STABILIZATION PROGRAM

Producers who have approvals outstanding for conservation practices should pay particular attention to the expiration date for that practice. When the practice is completed you should sign and date your approval and send it to the ASCS office. Should you need additional time for completing the practice, you should advise this office before the expiration date.

Planting a good cover crop now will insure more organic matter in your land, reduce erosion, condition your soil, and hold

more rain water in the field where it falls. One of the fall seeded crops is rye. Come in and sign up today. Cost-share assistance for rye is \$2.00 per acre.

1962 WHEAT STABILIZATION PROGRAM

The following questions and answers are pertinent to the 1962 wheat stabilization program.

Question: Does a producer have to sign up for the wheat stabilization program even though a 10 percent mandatory reduction already has been made in the wheat acreage allotment?

Answer: Yes, if he wishes to collect payment for acreage diverted to conserving use.

Question: How are payments figured for land diverted from production of wheat to acceptable conservation use?

Answer: For the mandatory minimum, the payment will be at the rate of 45 percent of the adjusted basic county support rate, multiplied by the number of diverted acres, and by the farm productivity index. For the voluntary up-to-30 percent additional diversion, substitute 60
