Bronchos To Play Wellington Skyrockets In Homecoming Game

The Clarendon Bronchos, still smarting from the stings of their upset defeat at the hands of Groom last Friday night, will host the Class AA Wellington Skyrockets here Saturday night. It will be homecoming for the Bronchos and the game has been rescheduled for 7:30 instead of the originally announced starting time of 8:00 o'clock. A Homecoming Queen will be crowned during the half.

Coach Tom Jinks hopes his charges will be in a better frame of mind this week than last week. He stated that he felt that the boys allowed themselves to get over-confident before the Groom game and just had a bad night. "Groom pushed us all over the field and deserved to win," Jinks stated, and further added, "I think the boys will be more ready this week."

The coach also warned, however, that the Class AA Skyrockets should not be under-rated even though they have lost two of three games played so far this season. They lost to Memphis, 16 to 6, and to Lefors, 14 to 0, after opening the season with a sound 38 to 0 win over Hollis, Oklahoma. Both Memphis and Lefors have good strong teams this year and Wellington seems to be much stronger than last year when the Bronchos took a 20 to 6 win over the Skyrockets at Wellington.

This will be the fifth game of the season for the Bronchos. They have now won two and lost two. Coach Jinks stated that there might be some re-shuffling of the lineup during workouts this week and at press time could not give a probable starting lineup for Saturday night's game.

Zone 3 of SCD To Elect Supervisor

The election of a supervisor in Zone Three of Donley County Soil Conservation District will be held on night of Oct. 3, says County Agent H. M. Breedlove. Zone Three of the Donley County Soil Conservation District is all land lying east of Jericho Road to the county line and all land in this area that is north of Salt Fork river. Present supervisor is Mr. T. C. D'Spain. Term of office of a supervisor is five years.

Election will be held at the Doc Grogan home at 7:30 the evening of Oct. 3. All landowners in this area are eligible to vote and are urged to come by the Grogan home at time indicated and vote your choice of a supervisor. Breedlove urges everyone to vote.

F. F. A. EDUCATIONAL EXHIBIT WINS

The Clarendon F. F. A. Educational Exhibit won second place at the Tri-State Fair this past week netting the chapter \$55 in prize money. In addition to the above exhibit, two FFA members placed barrows in the swine division. James Moffett's lightweight Spotted Poland China placed second and his Hampshire placed 6th. David McBrayer's Berkshire placed 3rd.

FARM NEWS

from County ASCS Committee

COUNTY AVERAGE RATE FOR WHEAT IS ANNOUNCED

The average county rates per acre for wheat acreage diverted to conservation uses under the 1962 wheat program are \$15.30 and \$20.50, according to Mr. Cooke, chairman of the Agricultural Stabilization and Conservation Committee. Individual farm rates are based on these county rates, depending on the farm's productivity in relation to the county average, the chairman said. He also pointed out that each wheat producer in the county with a 1962 wheat allotment, and also each producer without allotments who have grown wheat in at least one of the years 1959, 1960 or 1961, has received information on the 1962 wheat program including two rates for his farm.

For the minimum payment, the rate is 45 per cent of the adjusted basic county support rate, multiplied first by the number of diverted acres, and then by the individual farm yield or productivity index. The maximum payment rate is computed in the same way using 60 per cent of the adjusted basic county support rate.

Producers must use an acreage at least equal to 11.1 per cent of their 1962 farm wheat allotment for conservation in order to be eligible for price support under the 1962 program and be in compliance with their 1962 allotment. In addition, farmers may voluntarily divert an additional one-third of their 1962 allotment. The payment earned for this additional diversion is made at the maximum farm payment rate.

The diverted acreage must represent an additional amount over the normal conservation acreage and any acreage diverted to conservation uses for which payment is made under any other Federal program, such as the feed grain program. However, cost-sharing under the ACP or the Great Plains Conservation program, may be used to carry out conservation practices on diverted acres.

WHEAT GROWERS CAUTIONED ON ACREAGE

Some small wheat producers who have grown less than 15 acres of wheat in the past 3 years may be subject to marketing quotas — and penalties — under provisions of the wheat stabilization program for 1962, according to Mr. Cooke, Chairman, Donley County ASCS Committee.

Under previous programs, farms that had less than 15 acres of wheat, or farms that did not produce more than 200 bushels of wheat annually, were not subject to marketing quotas even though they had allotments of 15 acres or less. The 200-bushel exemption has been repealed, and the 15-acre exemption is no longer applicable under the new program.

For 1962, the marketing quota exemption for those who planted 15 acres of wheat during any one of the 3 years, 1959, 1960 or 1961, and whose allotment is less than 13.5 acres, will be reduced to 13.5 acres. Exemption for growers who planted less than 13.5 acres of wheat will be the highest planted acreage in any one of these 3 years if the 1962 allotment is less than such highest acreage.

In addition to these quota requirements, some small producers may also be subject to marketing quota penalties under certain conditions, Mr. Cooke pointed out. For example, farmers who have not grown wheat in any one of the past 3 years and who grow wheat for harvest without an allotment in 1962 will be (See FARM NEWS, Page 8)

REV. W. R. LAWRENCE TO PARTICIPATE IN ALASKAN EVANGELISTIC CRUSADE

Rev. W. R. Lawrence, pastor of First Baptist Church, Clarendon, Texas, has been chosen as one of forty evangelists by the Southern Baptist Convention to participate in a Simultaneous Evangelistic Crusade in Alaska beginning Oct. 1 and continuing through Oct. 15. Lawrence will emplane at Amarillo, Friday, Sept. 29 and is due to stop over at Seattle, Wash., where he will join other members of the party. He is due to arrive in Juneau, Alaska, his field of service for two weeks, at 11:05 a.m. Saturday, Sept. 30. His address there will be Box 1779 or at 1649 Glacier Avenue.

Local Dealers to Display More New Models

A host of the new 1962 model cars and trucks will go on display in dealer showrooms this week end following the announcement last week of the new Oldsmobile and Pontiac.

The new Dodge will be featured at Bartlett Motor Co., Valiant at A. A. A. Motor Co., Chevrolet at Alderson Chevrolet, Pontiac Tempest and Buick at Chamberlain Motor Co. and Ford Cars and Trucks at Palmer Motor Co.

Those interested in the new models will have lots of viewing this week end as each of the auto producers have various models and styles in various sizes to offer the buying public. Local dealers are extending a cordial invitation to the public to come by and see their particular models on display.

ANNOUNCES MORNING DEVOTIONAL PROGRAM

Rev. J. V. Patterson, pastor of First Methodist Church, Clarendon, has announced that he will broadcast a Devotional Program Monday thru Friday from 8:30 to 8:45 a.m., at 110 or 1100 on radio dial.

Having started these broadcasts last Monday, Sept. 25, Rev. Patterson thinks he has most of the transmitting problems solved and he invites everyone interested to tune in. Both the Sunday Services, morning at 10:55 a.m. and evening at 7:00 p.m. will continue to be broadcast as well as Mrs. Merchant's Sunday School class at 9:45 a.m.

FORMER RESIDENT BURIED IN PLAINVIEW

Funeral services for Mrs. Hubert Ziegler a former Donley resident, were held Monday afternoon in Plainview First Methodist Chapel with Dr. J. H. Crawford, pastor, and Rev. Wilbur F. Gaede of Olton officiating. Burial was in Plainview Memorial Park.

Mrs. Ziegler died Saturday in a Plainview hospital. She had lived in Plainview since 1943, moving there from Clarendon. Her husband died December 12, 1957.

Surviving are three daughters: Mrs. Stan Murcheski of Plainview, Mrs. Dell Sanders of Pampa, and Mrs. Joe Hysinger of Olton; also one son, John of Tulsa.

Services Friday for Maurice Hart

Funeral services have been set for 10 a.m. Friday morning in the First Baptist Church for Maurice Alton Hart with Rev. W. R. Lawrence, pastor, and Rev. J. V. Patterson, pastor of the Methodist Church, officiating. Burial will be in Citizens Cemetery with Murphy Funeral Home in charge of arrangements.

Hart, 34, co-owner of Hart-Phelps Barber Shop, died at 4:20 a.m. Wednesday in Northwest Texas Hospital from injuries he received about 1:30 a.m. Tuesday when his car crashed through a wooden barricade at a highway construction project 1 mile east of Washburn and collided with a truck. He was returning home from an Athletic officials meeting in Amarillo. Lloyd Everett Nelms, 33, driver of the truck, died in the accident.

Jess Wertenberger, Armstrong County Justice of Peace, said Nelms was apparently thrown from the truck just as the two vehicles collided and the huge wheels of the van trailer passed over his body. Highway patrolman, Dan Self, who investigated the wreck, reported that Hart apparently crashed through the wooden barrier and swerved left into the path of the oncoming truck. Officers theorized that Nelms, in trying to avoid a collision, jerked the empty van sharply to the right, and the force of the sudden motion caused him to be thrown from the left door of the truck.

Hart was born April 8, 1927, at Tatum, N. M. He had been a barber in Clarendon the past 15 years. He was a Navy Veteran of World War II and a past Commander of the local American Legion Post. He was a member of Portales, N. M. First Baptist Church.

Hart was a strong supporter of all types of sport and helped organize the Donley County Golf Club and the Clarendon Little League. He had officiated numerous basketball and football games in this area the past several years and was a member of the Panhandle Athletic Officials organization.

He is survived by his wife, Jerry; one daughter, Penny, two sons, Phil and Paul; his mother, Mrs. Bessie Hart of Portales, N. M.; one sister, Mrs. Leone Beadle of Roswell; six brothers, Doris of Turlock, Calif., Marion of Wichita Falls, Charles of Oakland, Calif., Carl of Joplin, Mo., Rex of Washington, D. C., and Wray Hart of Eunice, N. M.

Pallbearers will be J. H. Spier Jr., Gerald Noble, Gene Putman, Colmie Huffman, Haskell Phelps, Jimmy Lumpkin, Bob Parker, and B. L. Graham.

October 5 Is Date for Soil Conservation Tour

October 5 is date for a big tour of Donley County Soil Conservation district, says County Agent H. M. Breedlove. Tour will start at 1 p.m. on street by Soil Conservation district office.

Points to be visited will be T. C. D'Spain Ranch and Joe McMurtry Ranch, south of Alanreed. Grass plantings and conservation work on farms and ranges will be seen, says Breedlove. Brian Draper, local work unit conservationist, will work with Breedlove in explaining the different conservation practices. Draper is in charge of this work in county along with his conservation staff.

Remember the dates and times and be present for this tour as it will leave on time. If you do not plan to take your car on the tour, be present anyhow, because there will be plenty of rides.

Misses Edgar Mae and Mable Mongole were week end guests in the home of Mr. and Mrs. B. L. Jenkins in Amarillo and attended the Ice Capades Friday evening.

Homecoming Slated for Saturday At Clarendon High School

Bronchos Fall to Groom In 12 to 6 Battle

The Groom Tigers broke a 6-6 deadlock in the last three minutes of the game last Friday night at Groom to come out on top of the Clarendon Bronchos by a 12 to 6 score. The Tigers had taken over on downs on the Broncho 45 yard line and ground out the touchdown in 11 plays, the scoring play being a pass from Don Craig to Bill Ruthardt for the final 10 yards.

The Tigers took a 6 to 0 lead over the Bronchos before the fans had gotten settled into their seats in the opening seconds of the game. Groom kicked off to Clarendon to open the game, but on the Bronchos' second play they fumbled and Groom recovered on their own 45. On their first play from scrimmage Quarterback Wesley Cornett fired a long pass to halfback Eldred James for the score.

The Bronchos' only score came in the opening minutes of the second half. Clarendon kicked off to Groom to open the second half. The Tigers were forced to kick on fourth down and Jim Robinson gathered in the kick on his own 40 and went all the way for the score. The Bronchos never seriously threatened at any other time during the game although Gary Campbell made two nice runs of 20 and 37 yards to set up drives that later failed.

Although Clarendon was a slight favorite before game time, the Tigers clearly outfought the Bronchos in every department and deserved the win. The rushing yardage was close with Groom making 126 yards and Clarendon 124, but the Tigers connected on five of seven pass attempts for 98 yards while the Bronchos failed to complete a pass out of three attempts. The Tigers made 10 first downs as compared to Clarendon's five and recovered two Broncho fumbles. Clarendon lost 45 yards in three penalties and Groom lost 50 yards in six penalties.

The biggest and best Homecoming ever to be held at Clarendon High School is scheduled for Saturday, September 30. Opening activities for the day will be registration in the college gymnasium.

Registration begins at 9 a.m. and will continue to 12 noon. The student council of CHS will serve coffee and donuts throughout the morning and tours of the new buildings will be conducted. Should you not arrive in time to register at this time you may do so at the football game or dance to follow.

Individual class meetings are set up for 12 to 3 p.m. Ask at the registration desk for information regarding these meetings. A Kappa tea will be held in the Glenn Wallace home at 1:30 p.m.

A general meeting of Alumni will be held in the College Auditorium at 3 p.m. This will be the business meeting for the group and is especially important.

At 6 p.m. a banquet will be served in the college gymnasium. Tickets will be \$1.50 each. The Clarendon - Wellington football game will begin at 7:30 p.m. and will be followed by a dance at the gymnasium, dancing from 9:30 to 1:30.

Those desiring to purchase mums for the football game Saturday night may contact any member of the senior class. The price of the mums is 80c for children and \$1.80 for adults.

All teachers and ex-teachers of Clarendon High School are invited to attend as well as students and ex-students. "Should your husband or wife not be an ex-student, bring him or her with you. We will be happy to have them with us," stated Mrs. Jack Matthews, president of the Ex-Student organization.

Make your plans now to attend any part or all of the activities for the day—Saturday, September 30.

Harrison Services Held In Shamrock

Funeral services for Jeff Davis Harrison of Clarendon were held Wednesday afternoon in Richerson Chapel, Shamrock, with Elder M. L. Dodson of the Erick, Okla. Advent Christian Church officiating. Burial was in the Shamrock Cemetery.

Mr. Harrison died enroute to Adair Hospital following a heart attack about 11 a.m. Monday. The body lay in state at Murphy Funeral Home in Clarendon until late Tuesday.

Jeff Davis Harrison was born March 19, 1892 in Dallas County. He lived in the Hedley area from 1936-40, moving to Amarillo. He had been a Clarendon resident the past three years.

Surviving are his wife, Berty, of the home; three daughters, Mrs. Fred Pierce, Salem, Ore., Mrs. Travis Bland and Mrs. Edgar Roach, Amarillo; two sons, Herbert H. Harrison, Amarillo, Billy Bob Harrison, Apple Valley, Calif.; three sisters, 16 grandchildren, and five great grandchildren.

TRAFFIC DETOURED ON 287 BY TRUCK SPILL

Traffic on Highway 287 was interrupted and a detour necessitated Sunday afternoon about 1:30 when a truck-semi-trailer overturned and spilled its load at the intersection of Highway 287-70.

The truck was hauling a huge oil well platform that was dumped in the middle of highway, blocking all traffic. Due to size and weight of the equipment, approximately two hours was required to clear road.

## Brown-Luttrell Vows Said September 16

Miss Linda Louise Brown, daughter of Mr. and Mrs. Andy Brown of Groom, became the bride of W. Leo Luttrell of Amarillo, son of Mr. and Mrs. Leeroy S. Luttrell of Clarendon, on September 16 in a double-ring ceremony in the First Baptist Church of Groom. The Rev. J. Walter Davis, pastor, officiated.

Traditional wedding music and processional and recessional marches were presented by Mrs. Bobby Cornett, organist. Mrs. Cornett also accompanied Miss Lynda Cornett and Gregory Lamb, vocal soloists.

A background of candlelight formed by arrangement of white wrought iron candelabra with white candles, and white columns supporting urns of white gladioli interspersed with emerald palms was the setting for the ceremony.

Miss Lynell Witt was maid of honor and Miss Nan Eschle was bridesmaid. Sue Ellen Luttrell, sister of the bridegroom, was flower girl. They all wore dresses of ice-blue crystal peau de soie fashioned with fitted bodice, bouffant skirts, and self material cummerbunds. They wore matching halo hats and carried colonial bouquets of white pom pom chrysanthemums.

Ringbearer was Jay Isaacs, nephew of the bridegroom. The candles were lighted by cousins of the bride, Kenny and Clifford Angel.

James H. Isaacs of Pampa, brother-in-law of the bridegroom, was best man. Roddy Seago of Lelia Lake was groomsmen.

Ushers were Wondall Luttrell, brother of the bridegroom, David Brown, brother of the bride, and Jon Pomeroy of Amarillo.

Escorted to the altar and given in marriage by her father, the bride wore a formal gown of white silk taffeta. It was fashioned with fitted bodice, scoop neckline, and long sleeves tapering to points over the hands. The neckline was accented with re-embroidered alencon lace, and the bouffant skirt with back fullness that fell into a chapel sweep, featured appliques of the re-embroidered French lace. The triple-tiered, elbow length veil of silk

illusion was held by a tiara of seed pearls. Atop a white Testament she carried a white cattleya orchid, French carnations and tuberoses.

Following the ceremony a reception was held in Fellowship Hall of the church. The triple tiered wedding cake, baked by Mrs. Joe Johnston of Plainview, aunt of the bride, and punch were served from a table laid with a white linen cloth. The table appointments were of crystal and silver and the centerpiece was made up of the bride's and her attendants' bouquets, and on either side were blue candles in crystal holders.

The bride chose a paprika and ivory tweed suit and black accessories for her going-away costume. She wore the orchid corsage taken from her wedding bouquet.

After September 18 the couple will be at home at 1215 W. 11th Street in Amarillo.

Mrs. Luttrell is a graduate of Groom High School. Mr. Luttrell is a graduate of Lelia Lake High School attended Clarendon Junior College, and they are both enrolled in West Texas State College at Canyon.

Pre-nuptial courtesies honoring the bride were a miscellaneous shower given in the home of Mrs. Turner Kirby; a lingerie shower given in the home of Mrs. John L. Witt; and a rehearsal party hosted by Mr. and Mrs. Leeroy Luttrell, was held at the Golden Spread Grill in Groom.

Now here—a great new exclusive from Buick

# ADVANCED THRUST

Moves power forward for arrow-straight going

It puts the engine ahead like the tip of an arrow • It tames "wind wander" and road sway • It sweeps you forward in a hush of luxury • It turns the floor hump into foot space.

WHAT IT IS—Buick's big new move: It positions the great new Wildcat V-8 and Turbine Drive way up front over Buick's front wheels.

WHAT IT DOES—As the engine went forward, the floor hump went DOWN. And, the forward weight makes wheel response far quicker, cornering far surer, ride far smoother.

WHY YOU'LL LOVE IT—It's the closest you can come to sports car handling in a passenger car. Distances shrink before its 3/4-G thrust. Hills disappear. Lean on curves is gone because the frame's gone wider. Winds don't make you wander. It's going at its Buick best!

## Wood-Morris Vows Exchanged Friday

Miss Carole Lee Wood, daughter of Mr. and Mrs. Arlie L. Wood, Clarendon, Texas, became the bride of Capt. Allen Morris, son of Mr. and Mrs. Clyde Morris of Memphis, Texas, in a double ring ceremony Friday evening, September 22, in the home of the bride's parents. Paul Hancock, pastor of the First Christian Church, Clarendon, officiated.

Vows were exchanged before an archway of greenery and candelabra. Bronze and gold chrysanthemums completed the floral arrangements.

Cheryl Ann and Ronnie Wood, sister and brother of the bride, lighted the candles.

Mrs. John Bass, pianist, presented nuptial music and accompanied Paul Hancock who sang, "Whither Thou Goest," and "Because."

Given in marriage by her father, the bride was lovely in a suit of amber wool complimented by black accessories. She carried a bouquet of tansman roses atop a white Bible.

Miss Sarah Antrobus was maid of honor. She wore a beige wool suit with black accessories. Her corsage was of tansman roses.

Joe Bob Browning of Memphis was best man.

A reception was held in the home following the ceremony. The bride's table was laid with a white linen cut-work cloth. Appointments were of crystal and silver. White tapers completed the setting. The tiered wedding cake was topped with wedding bells. Presiding were Mrs. Jack Eads and Mrs. Don Davis. Miss Elaine Behrens registered the guests.

After a wedding trip to Louisi-

ana, the couple will be at home after October 2, in Memphis. The bride is a graduate of Clarendon High School and attended college at Baylor and Clarendon Junior College. She is employed at the ASC office. The groom is a graduate of Memphis High School and served two years in the armed forces. He also attended Clarendon Junior College. He is employed at the Memphis Water Company.

Members of the two families and close friends attended the wedding.

## Stewart-Shillings Vows Are Exchanged In Church Ceremony

In a candlelight service at 7 p.m., September 16, in the Westminster Presbyterian Church, Amarillo, Texas, Miss Marilyn Kay Stewart, daughter of Mr. and Mrs. Howard Stewart of Amarillo, became the bride of Harold Ray Shillings, son of Mr. and Mrs. Oscar Shillings of Dumas, Texas. The Rev. William Everhart, minister, officiated at the double ring ceremony.

Vows were exchanged against a background of greenery, candelabra, and baskets of yellow gladioli. Candles were lighted by Randy, Monty, and Jimmy McElroy, Amarillo, cousins of the bride.

Mrs. W. C. Burgy, organist, presented a nuptial prelude and accompanied Linda Pierce of Dumas as she sang "Always," and "The Wedding Prayer." The traditional wedding marches were used.

The bride, given in marriage by her father, wore a formal gown of white sipped satin fashioned with a fitted bodice and long tapered sleeves. The skirt draped over Alencon lace fastened with strands of seed pearls. Her elbow-length veil of French illusion was attached to a tiara of seed pearls. She carried a bouquet centered with a white and yellow orchid.

Miss Marilyn Joy Stewart attended her sister as maid of honor. She wore a white satin sheath with full flaked chiffon overskirt. Her accessories were yellow. Bridesmaids were Sonja Hughes of Dumas, and Misses Prairie and Benese Chamberlain, Claude, Texas, cousins of the bride. They wore yellow satin sheath dresses with gold flaked chiffon overskirts and white accessories. Each carried a bouquet of yellow and white carnations. Jacklyn McElroy of Amarillo, cousin of the bride, was flower girl.

Serving as the groom's best man was Roy Clark of Dumas. Groomsmen were Wesley Stewart of Amarillo, brother of the bride, Larry Elam and L. T. Cooper, both of Lockney, Texas. Ush-

ers were Jessie Shillings, Amarillo, brother of the groom, and Jackie McElroy of Amarillo, cousin of the bride.

Following the ceremony a reception was held in Fellowship Hall of the church. The refreshment table was laid with a white satin cloth covered by a net overskirt and accented by yellow bows. Assisting were Misses Betty Dever of Clarendon and Nancy Helton of Groom, cousins of the bride.

For a traveling ensemble the bride chose a two piece aqua wool suit accented by black accessories and the corsage from her wedding bouquet. The couple will be at home at 2010 Washington, Amarillo, Texas.

The bride is a graduate of Dumas High School. The groom is also a graduate of Dumas High School and attended West Texas State College. He has just completed six months active duty in the army. He will continue his education at Amarillo Junior College where he is studying pre-pharmacy.

Out-of-town guests included Mr. and Mrs. Carl Axelson, Pampano; Mrs. Bill Todd, Mrs. J. G. McAnear, Misses Edgar Mae and Mable Mongole, Mr. and Mrs. J. W. Rhodes, Mr. and Mrs. Marvin Jones, Miss Betty Dever, all of Clarendon; Mrs. Nath Helton, Nancy and Mike, Groom; Mr. and Mrs. Roy Stewart and sons of White Deer; Wayne Stroope, Panhandle; Mr. and Mrs. Ray Chatman and sons, and Mr. and Mrs. John King, Dumas; and Mr. and Mrs. Ben Chamberlain of Claude.

Following the rehearsal the groom's parents were hosts at a rehearsal dinner for member of the wedding party.

Parties honoring the bride included a personal shower in the home of Miss Janette Sanders in Dumas and a bridal shower in the home of Dr. and Mrs. Floyd Blackburn in Dumas.

### YWA Council of Panhandle Assn. Have Organizational Meeting

The Panhandle Association of Young Women's Auxiliaries of the First Baptist Church, Clarendon, Monday from 5 to 8 p.m. The Council is made up of Young Women's Auxiliaries from the First Baptist Churches of Clarendon and of Hedley.

Meeting was opened with the group singing the YWA hymn, "O Zion Haste." A "Methods and Manual" study was conducted by Mrs. Bud Moore, Associational Director, using the theme "What's New in '62." This was illustrated by baby pictures with appropriate captions to the various phases of YWA work.

Each girl brought a baby picture of herself, and from this group of pictures "Miss YWA of 1962" was elected. Miss Agatha Wallin of Clarendon was the winner and she received a "baby rattler" for a prize.

Following the supper hour new members were initiated in an impressive candlelight monogram service. Then, Mrs. James Gouddy installed the new officers of each auxiliary using theme, "A Symphony of YWA."

After installation of local officers the group elected Council Officers to serve for the year as follows: President, Sandra Pinkerton; Vice-President, Sharon Davis; Sec.-Treas., Rosalie Welch; Program Chairman, Laveta Helms; Prayer Chairman, Jo Ann Woods; Mission Study Chairman, Sandra Saunders; Commu-

nity Missions Chairman, Connie Martin; Stewardship Chairman, Tabitha Sanders; Social Chairman, Andy Pinkerton.

Plans were made to meet quarterly, the next meeting to be held in November for a study of the Foreign Mission book, "Your Guide to Europe."

Attending from Hedley included: Sharon Davis, Thava Davis, Sandra Saunders, Tabitha Sanders, Patsy Hefner, Laveta Helms, and Mrs. Gene Grace, counselor.

Attending from Clarendon were Clea Koonz, Agatha Wallin, Paula Adams, Sandra Pinkerton, Sharon Willimas, Andra Pinkerton, Rosalie Welch, Connie Martin, Judy Pittman, Deana McAnear, Jo Ann Wood, and Mrs. Bud Moore, counselor.

Members who were unable to attend were: Carolyn Stephens, Alta Butler, and Delores Messer from Hedley. And Francis Armstrong, Sue McCord, and Carol Spencer, from Clarendon. It is hoped that Auxiliaries will soon be formed in Memphis and Estelline and that they will become members of the Council.

Mr. and Mrs. J. C. Ashcraft and Fern, Mr. and Mrs. Hatley visited Sunday evening with Mr. and Mrs. Tom Scoggins of Lesley.

### VACATION IN WESTERN STATES

Mr. and Mrs. W. C. Holland and Cliftie Ann, also Mrs. W. E. McBride have returned home after making a tour and seeing the sights in New Mexico, Arizona, California and Nevada. They visited relatives at Los Angeles, Fresno, Quincy, San Francisco, and in Reno, Nevada.

Among the tourist attractions enjoyed were Disney Land, the big ships in San Francisco harbor, the Golden Gate bridge, the San Francisco Skyway, and the San Francisco-Oakland bridge. While in northern California they visited Mt. Lassen. One night was spent in Las Vegas, Nevada, and they crossed Boulder Dam. Their trip carried them some 4,000 miles.

Mr. and Mrs. Frank Tyler of Lubbock announce the arrival of a 9 lb. 3 1/2 oz. son, September 9th. He was named Mark Edward. The proud grandparents are Mr. and Mrs. Grover Heath and Mrs. E. W. Tyler.

Those visiting Mr. and Mrs. J. C. Ashcraft and Fern Friday night were Mr. and Mrs. M. W. Hatley, Mr. and Mrs. W. A. Jackson and Jimmy.

Mr. and Mrs. Frank Tyler of Lubbock announce the arrival of a 9 lb. 3 1/2 oz. son, September 9th. He was named Mark Edward. The proud grandparents are Mr. and Mrs. Grover Heath and Mrs. E. W. Tyler.

**SOIL CONSERVATION DISTRICT NEWS**

The Donley County Soil Conservation District plans to have a conservation tour on October 5. Starting time will be 1:00 p.m. at the Soil Conservation Service office in Clarendon. The tour will last about four hours. Everyone is invited. Make plans now to attend the tour and see some of the conservation work that is being applied.

Time and conditions are ideal for planting winter cover crops in cotton middles. The Donley County SCD has equipment for this purpose available. Plan now to get your land covered so it won't be blowing in February and March. The ACP Program will share the cost of planting these cover crops.

Remember the Supervisors' election in Subdivision 3 of the SCD on October 3. Election will be at Jess R. Grogans home at 7:30 p.m.

**WHAT OTHERS ARE DOING**

**Pond Construction**—T. L. Roach and Son, T. C. D'Spain, Charles Weaver, L. R. Hagy Ranch, C. P. Hamilton, and Don and David Crockett.

**Diversion Construction** — T. C. D'Spain, Loyd Risley.

**Land Levelling for Irrigation**—L. D. Littlefield.

**Cover Crops** — Harold White, Jack Edens, Coleman Shields.

**SCD TO CONDUCT CONSERVATION TOUR**

The Donley County Soil Conservation District will conduct a conservation tour Oct. 5, according to Cap Morris, Chairman of the SCD Board of Supervisors. Purpose of the tour is to show some of the conservation work that some cooperators have been applying. The tour will start at 1:00 p.m. at the Soil Conservation Service office in Clarendon, and

will last 3 to 4 hours. Present plans include visiting the D'Spain Ranch and the McMurtry Ranch. Those attending will see some results of grass seeding, brush control, pond construction, and proper use of rangeland.

Everyone is invited, so make plans now to attend.

**SCD TO ELECT SUPERVISOR**

On October 3, 1961, an election will be held to elect a supervisor for Subdivision 3 of the Donley County Soil Conservation District. The election will be held in the home of Jess R. Grogan, 10 miles south of Alanreed. Time is 7:30 p.m.

Anyone owning land in Subdivision 3 and living within the boundaries of the Donley County Soil Conservation District is eligible to vote. Subdivision 3 is all land in Donley County lying north of the Salt Fork of Red River and east of State Highway 70.

SCD supervisors are elected for 5 year terms. Their chief responsibility is to help plan and get applied a conservation program on all land in the District.

T. C. D'Spain is present supervisor in Subdivision 3. He has served approximately 15 years in this capacity.

**Veterans To Hold Their 11th Reunion in October**

Veterans of World War I will hold their 11th Annual reunion in the Veterans Building in Childress, Texas on their 42nd Anniversary of going over the top which was on Oct. 7 and 8, 1918, which accounts for the first Saturday and Sunday of October every year for their annual reunion.

Company H, 142nd Infantry of World War I is composed of two former National Guard Com-

panies; Company "B" that was organized at Clarendon, Texas, by E. A. Simpson (deceased) and J. E. Wiley (deceased) of Quanah, Texas and upon arrival at Camp Bowie, they were consolidated into one company, Company "H", 142nd Infantry, when they were sworn into federal service. Dr. Marion B. Ray, D.D.S., of Denton, Texas is the president, and Harry I. Boothe of Chillicothe, secretary; Capt. H. Craig of Childress, Texas, treasurer; Mrs. Van Hill of Gainesville, Texas is the program chairman.

All former members of either of the above companies have a cordial invitation to come and bring their wives and children.

A ranch style supper will be held in the Veterans Building Saturday night followed by games of various kinds.

Sunday morning at 8:00 o'clock a Memorial Service will be held in memory of all the deceased buddies who were killed in action and who have passed away since.

**LOOK AT PLYMOUTH NOW!**

*Completely new for '62! New Forward Flair design! New beauty inside! New quality! New durability!*

Look at the exciting '62 Plymouth! Completely new in the way it looks, drives and saves, this full-size Plymouth now brings you the beautiful difference in the low-price field. Whatever make you're driving, you owe it to yourself to look at Plymouth now!

Plymouth's Forward Flair design is an entirely new design concept in Plymouth's field. Slender new dimensions all around. A gleaming new grille. A tailored, tapered hood. A rakish new roof line. And Plymouth unveils the richest interiors it has yet used to dress a car. The handsome fabrics display unmistakable good taste. There's new quality everywhere. Careful workmanship is obvious in the interior fabrics, in the choice of appointments, in the way everything works and keeps right on working.

When you put your foot down in this great new Plymouth, you surge to cruising speed about 10% faster than last year's quick Plymouth got you there. Then you merely point Plymouth the way you want to go. Plymouth stays on course, because of its improved center-of-balance. And Plymouth brings you what is probably the best gas mileage of any full-size car. Plus 32,000-mile lubes on major chassis points. There's never been a car like this one on your block or anywhere else. Look at the completely new 1962 Plymouth now! See your dealer today!

subject to marketing quota penalties on the entire production.

Another group of producers who will also be subject to wheat marketing quota penalties are those who have grown 13.5 acres or more in one of the 3 years, 1959, 1960 or 1961 and whose 1962 allotments are 13.5 acres or less and who grow for harvest more than 13.5 acres in 1962. Penalties may also apply to small producers who exceed their 1962 allotment when that allotment is greater than the acreage planted for harvest in any one of the years 1959, 1960 or 1961.

On farms where there is ex-

cess wheat acreage, the amount of wheat subject to a marketing quota penalty would be twice the normal yield of the excess acres multiplied by 65 per cent of the May, 1962, parity price for wheat. Downward adjustment in this determination may be made if the producer furnishes evidence of his actual production. In those cases where a producer exceeds the exemption, the penalty is figured from the allotment rather than the exemption.

Approximately two-thirds of the wheat producers in the U.S. grow less than 15 acres of wheat, yet these small producers raise about one-sixth of all the wheat grown in this country, Mr. Cooke explained. By reducing the wheat marketing quota exemption,

these growers now have an opportunity to make a greater contribution in the national effort to bring wheat supplies more nearly in line with demand.

**RESULTS OF COMMUNITY COMMITTEE ELECTION HELD SEPTEMBER 20, 1961**

The following is a list of the producers whom you have chosen to represent you in your community:

Students of Clarendon High School who had a desire to work on Yearbook for this school year met for an organizational meeting recently. In the business meeting three deadline editors were appointed. They were: 1st editor, Donna Estlack; 2nd editor, Sue Yankee; 3rd editor, Fredda Bourland.

Sponsors for the annual are: Mr. Willard Edgett, Mr. Roy Lewis, and Mrs. Velma Bourland. Working with this group are, Andra Pinkerton, Paula Adams, Sharon Williams, Judy Pittman, Deana McAnear, Connie Martin, Jill Benson, Dolfia Vallance, Peggy Jackson, Jeanine Gray, Shirley Mann, Sue McCord, Lynn Bourland, Sharon Henson, Jane Lowe, Connie Williams, Jeanette Crutchfield, Marie Blackburn, Jimmy Bates, Larry Stewart, Billy Hutton, Pat Green, Judy Benson, and Sandra Shults.

In the business meeting the design for the Annual cover was selected; the organization of the Annual was arranged; and last year's Annual was evaluated.

Larry Stewart and Jimmy Bates will be school photographers, working under the guidance of Mr. Edgett. Typing will be done by typing classes under Mr. Lewter's supervision. Annual assignments will be made for each deadline.

Sales of annuals will be by Fredda Bourland, Senior; Judy Pittman, Junior; Patricia Green Sophomore; and Sharon Henson, Freshman. They will sell for \$4 until Thanksgiving holidays, and then they will go for \$4.50. Sales and drawing of pages will be supervised by Mrs. Bourland. Rep.

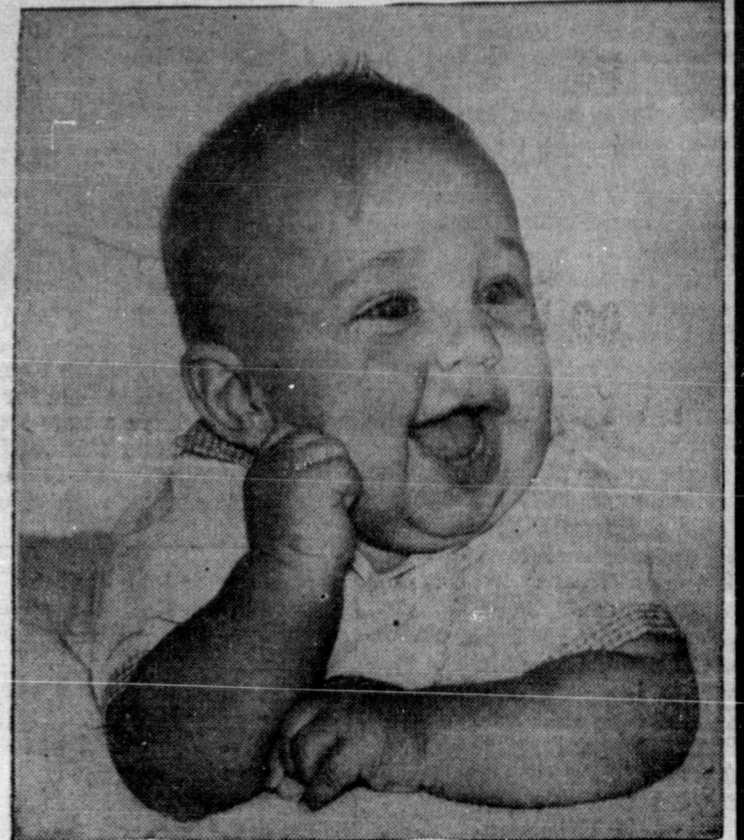

Guests in the W. C. Scott home were Mr. and Mrs. John F. Harlan, Mr. and Mrs. Ray Hefner, Chester Scott and Connie.

# BLOWIN' Out the CORNERS

by Uncle Zeb

Boys will be boys and I reckon that they are none the worse for mischief today than they were in the not-too-distant past. There were several boys in our family and I catch myself wondering why we seemed to get a joy out of aggravating each other.

Once a younger brother and myself were sitting on the cellar door pondering something to get into in a hurry. Suddenly the air was pierced with the cackles of a hen. There in plain sight on an old bed left there for times when we went to the cellar during storms was a newly laid egg. To this day we wonder why we had the idea but we offered to eat it raw if he would go after it. One catch to it was that just as soon as he was in the cellar we shut the door and had him hollering to get out for a while. Finally, we let him out, and to our surprise grasped firmly in his chubby little hand was, of all things, the fresh warm egg.

## Chevrolet Offers 3 Lines for 1962

The wide range of choices Chevrolet dealers will offer for 1962 is hinted in this three-car photograph. Pictured to compare over-all length are (top to bottom) the 158-inch Corvair 4-Door Sedan; the 183-inch Chevy II 4-Door Sedan, and the Impala Sport Sedan which measures 209.5 inches. They are representative of 32 passenger car models which Chevrolet dealers will start displaying September 29. The new Chevy II's bow in on the same date as other Chevrolet-built cars.

"Here it is," he said, "I kept my bargain, now you keep yours." I tried hard and honestly, but my stomach just wouldn't keep it down. We never tried to suck another raw egg. Another time we gave him 10 cents out of our money which totaled only a quarter to induce him to ride a milk-pen calf. The calf bucked harder than expected and threw him into the lot fence. We had to pay out the other 15 cents to keep him from "truthfully" explaining to our parents

how come the skinned place on his forehead. My worst money losing vice was paying them to let me cut their hair. It always turned out awful, including the "finishing" touches Mother gave us all with a peach limb. The experience never helped either.

Sometimes we are prone to criticize our children for being afraid of the dark. We may spend hours trying to convince them that there is nothing to fear. This

is as it should be. But, a real tragedy occurs when many grown-ups are afraid of the light.

Often we are reminded of this truth when we see both the law-makers and the law-breakers urging that various hearings and investigations be kept secret. When we see this thing we can know there is likely something wrong right close by. We can remember the scripture which taught that, "Men love darkness rather than light, because their

deeds are evil."

The laws were good which said that the regular meetings of governing bodies were to be open to those whose rights were being discussed. Many people do not know that they have the right to sit in when elected officials are pondering the problems of the citizens. In most cases they not only have the right but should be made to feel welcome to do so.

Even on the state level many of the scandals of the last few years would have been avoided if the people had known what was going on. Those who were supposed to check up on certain things become careless in their duties.

On the local level the honest public official will welcome the help and interest of the general public. The dishonest one will be less apt to practice his graft, if he thinks the public is alert. Our biggest mistake can well be our lack of interest.

Being Friendly to those we meet is a good habit to have. In return we will meet a lot of friendly people along the way. On top of that life will be a lot more pleasant, and our community will seem a far better place in which to live.

The Deep South has long been known for its southern hospitality which seemed to be a special brand all its own. Our part of the South which we love to call the Golden Spread has the same kind of a reputation for its friendliness. This is a record about which we can justly be proud.

We got to thinking along this line because of an experience of a lady who had been reared in the Panhandle when her husband became stationed in what

she decided was an unfriendly section of the country. Being a bit lonesome for some Panhandle friendliness she felt the urge to speak out to a person whom she did not know hardly at all, with a cheery "How do you do?" Her faith in that section of the country was shattered when she received this answer, "How am I supposed to do?"

It could have been that this person had gotten up on the wrong side of the bed that morning. But, likely as not, the habit of not speaking, except to close friends had sort of become the custom in that area.

Friendliness is often a chain reaction. A certain church may be known as a friendly church largely because of someone taking the lead along this line. Our club may make its visitors feel welcome because a few members took the time to linger at the door and hand out a few friendly, "How-do-you-do's."

## LIBRARY NOTES

EDITH BARNES

It is long past the time when we Africans should stop calling anyone who happens to disagree with us a Communist and get down to brass tacks and study and learn about just what Communism is and how it goes about its plans of world domination.

One of the better books on this subject is "The Naked Communist" by Cleon Skousen.

He starts with Karl Marx and explains in understandable language the beginning of this menace and brings you right on down to the mess in Cuba.

Communism in Russia was in a bad way in 1932. In fact, Stalin was about to accept defeat and resign but Molotov urged him to hold on for a while. Had two things not happened in 1933 we probably would not have a Russian menace today.

Hitler's rise to power in January of that year scared the Russians, who were ready to revolt against Communism and Stalin, so much that they began to forget their resentment because of their fear of Hitler.

Ironically the United States

chose this time to recognize Russia. This raised Stalin's prestige so much there was never another threat to him or Communism from the Russian people.

At the Yalta meeting in 1945 where so much was handed Stalin on a silver platter, including Nationalist China, Alger Hiss, a dedicated Communist, was President Roosevelt's, (then a dying man) closest and chief advisor. This was the same conference that sold Nationalist China down the river and made the taking over by the Reds a lead pipe cinch.

You will be shocked at the men in high places in our government before and during World War II who were communists and was feeding all kinds of vital information to Russia.

Harry Hopkins was not a Communist but he was a great admirer and friend of Russia and Stalin, and because of this made it possible for Russia to have many of our atomic bomb secrets. He even cleared a plane which an inspector had said could not take off for Russia after it had been found that this plane was loaded with secret papers about the bomb and even had a big sample of uranium for them to work with.

When we have such books as Hoover's "The Masters of Deceit" and Skousen's "The Naked Communist" to name only two to teach us about Communism and its many faces there is no excuse for us to be uninformed.

Three memorial gifts have been given to the library dedicated to the memory of Grady Rhodes.

tution and the Bill of Rights. These freedoms are so much more than those enjoyed by the nationals of other countries, even though they have been somewhat reduced in recent years. We would all fight to the death for them. However, I feel sometimes that we overlook the fact that such rights could be one of our vulnerable points if not properly exercised. I have reference to the fact that these same rights are available to those who would destroy this country and our concept of government, even though they enjoy U. S. citizenship. These rights are also available in large degree to the nationals of other countries, many of whom are not dedicated to the best interests and welfare of our nation. These rights, if misused and abused by our enemies who have access to them, can be formidable weapons and we must be very careful to see that this does not happen.

A good example is the flagrant use of the "fifth amendment." This is the amendment to the national constitution which, in simple terms, provides that a man cannot be forced to testify against himself. The source of this amendment was no doubt the torture chambers of England and other countries so fresh in the minds of those who founded this country and wrote the Constitution. This amendment, the primary purpose of which was to protect the innocent, has been badly misused and abused hundreds of times in recent years by those who would delight in see-

ing our government topple. It is available to those the same as it is available to all other people in this country. Many more examples could be pointed out where the enemies of this country have reversed our constitutional guarantees and rights and used them to promote their own causes and to try to do injury to us. This is a very serious problem and one that must be dealt with in the next several years. It is my feeling that the first thing that must be done is to provide a means whereby loyal, patriotic Americans can be identified; a means whereby those who falsely assume this role may be punished. This is not an easy task. It is one that will require many exhaustive hours of research and much effort to effectuate the desired results. As a beginning, in my work on the problem, I have introduced a bill, H. R. 9066. Several weeks ago I wrote a newsletter in which I stated that I was in the process of preparing such a measure. This has been completed and the measure has been introduced. There were a great number of problems associated with preparing this bill, and although it does not solve all of the difficulties, it will be a measurable step in the right direction. The bill is entitled "A bill to require loyalty declarations from employees of such suppliers."

Since the government of the United States spends approximately \$80 billion every year, it does business with every conceivable segment of the economy. Hence, loyalty declarations from all of these people could provide the nucleus upon which a defense against traitors and those attempting to damage or destroy our government could be built.

I can think of many reasons why a person supporting ideologies of government contrary to ours would not want to be identified. I can think of no reason why a true, loyal, patriotic citizen of this country would not welcome the opportunity to cry out his loyalty and devotion to his country.

**Valiant Offers Sporty New Signet**

The Signet 200, Valiant's all-new entry into the lowest priced compact car field, combines the sporty silhouette of the popular 2-door hardtop with sports-car interiors featuring bucket seats. Over all there are seven Valiant models. 1962 Valiants have improvements and refinements which add to the car's value and quality, enhance its appearance, and make it more durable, economical, efficient and trouble-free. The proven 170 cu. in. six-cylinder engine is standard, and a new high-performance Super 225 engine with an aluminum block is offered as an option.

It is time in the history of our country that we take the necessary steps to protect those freedoms which we so dearly cherish.

**FIGHT AGAINST BRUCELLOSIS LAGS**

Is Texas' drive against brucellosis bogging down? There are many indications that this is or has already happened. How soon the drive gets back into high gear will have a lot to do with the profits of thousands of cattle owners and swine producers this year and for a number of years to come.

To the individual farmer living in an area where the disease is still not under control, the cost of brucellosis can continue to be very heavy. It can cause a milk loss of up to 25 percent through alteration of the normal lactation periods. It can result in a high abortion rate, and can cause temporary or even permanent infertility.

And, brucellosis strikes the swine producer, too. In swine it causes abortions, posterior paralysis, lameness, swollen joints and infertility.

For the farmer who owns swine or cattle, or both, one of the baffling things about brucellosis is that it can resemble several other diseases. This applies to abortions in cattle or swine. It applies also to such symptoms as infertility in cattle and swine, and swollen joints in swine. If problems of this kind develop, it is usually best to have a veterinarian check the herd to determine exactly which condition is causing the trouble. Then proper protective measures can be taken.

Livestock men who want to get something done about brucellosis of cattle will do well to get behind an "area control" program. This plan has proved best to date in getting results. Under an area control plan, the stockmen of an area unite in a common effort to clean up the disease.

Veterinarians make periodic tests of all cattle in the area and those cattle which react are eliminated. Thus, all reactors are gradually weeded out. When this plan is coupled with a program of calving vaccination, excellent results are usually obtained. The ultimate profit difference to the stockmen of the area can be very great.

For the livestock producer who wants to stop brucellosis losses in his herd, the important thing to remember is that "brucellosis control is always local." It starts on the individual farm and in the individual locality. If farmers in each locality will push hard enough on this project, they can get their area-control program underway and begin reaping the benefits from it. They are our best hope for putting new life and vigor into the drive to stop this costly disease.

**Plant's Pressurized Air Now Starts Jets**

A new method has been developed for starting jet aircraft engines by the use of pressurized air from an aerospace plant's own system.

The new method will provide an economical substitute for the mobile compressor units currently used to start the engines. The mobile units vary in cost from \$25,000 to \$120,000, and have a limited lifetime.

The method involves a simple starting unit with only three moving parts and an almost unlimited lifetime. It pipes pressurized air from the plant's lines into the jet engine turbine.

A pilot merely presses a switch in the aircraft's cockpit to automatically open a valve which allows the pressurized air to pass through a regulator into a flexible hose connected to the engine's turbine section.

Once the turbine rotates fast enough to start the engine, the pressurized air is shut off—with in a half second—and the hose is disconnected from the plane. The entire start takes less than half a minute. Cost of the new unit: \$4,500.

At a company where engine starts are made daily, both for laboratory tests, and checkout flights, the saving is substantial.

**GEORGE'S WIFE**

Way back in 1950 a book was put out by Ed Lipscomb, director of public relations for the National Cotton Council of America. The title of this little booklet, "Grassroots Public Relations for Agriculture."

Ever so often we go back and read a chapter or so, to see what has come true or has yet to come about from a forecast in 1950. Chapter 2, called "Inventory" was interesting to read again. Here is what it said:

"American agriculture, if it continues to hold enough friends

and influence enough people to maintain its leadership, is going to be forced to adopt a program of persuasion which will assure successful relationships between it and all the various publics that are vital to its welfare.

If the farmer gets wage legislation he cannot live with, it will not be because a few so-called "labor barons" tell congress what to do. It will be because each individual congressman who votes for such legislation thinks, at least, that a majority of the voters in his district are either in favor of, or amenable to, his actions.

If he gets socialized medicine and socialized agriculture, or a federal budget which requires confiscatory taxes, or regimentation to the point of peonage, it will be because public opinion supports or acquiesces in such measures. The Congressman does not live—at least he does not live long in the form of a Congressman—who consistently votes at variance with the will of his constituents. To him and to the politician at any other level, "The voice of the people is the voice of God" as much today as at any time in this Nation's history."

Well, there it was, now here it is, almost. Now, just as it was in 1950 it's still up to We the People.

**SCHOOL LUNCH PROGRAM CONTINUES TO EXPAND**

More than 14 million of the expected record enrollment of 46 million children in the nation's schools will participate in the National School Lunch Program this year, reports the U. S. Department of Agriculture.

Last year, well over \$1 billion worth of foods, equipment and services were required to provide the 2.3 billion lunches consumed by the 13.5 million participating school children. Payment of this billion dollar lunch check comes from three basic sources—roughly 60 percent is paid by the children with the remaining cost about equally divided between state and local sources and the Federal Government.

The program, in its present form, began in 1946 when Congress passed the National School Lunch Act "to safeguard the health and well-being of the nation's children, and to encourage the domestic consumption of nutritious agricultural products."

When the new program got underway in the fall of 1946, less than one school child out of six was able to buy lunch at school. This year one out of three will

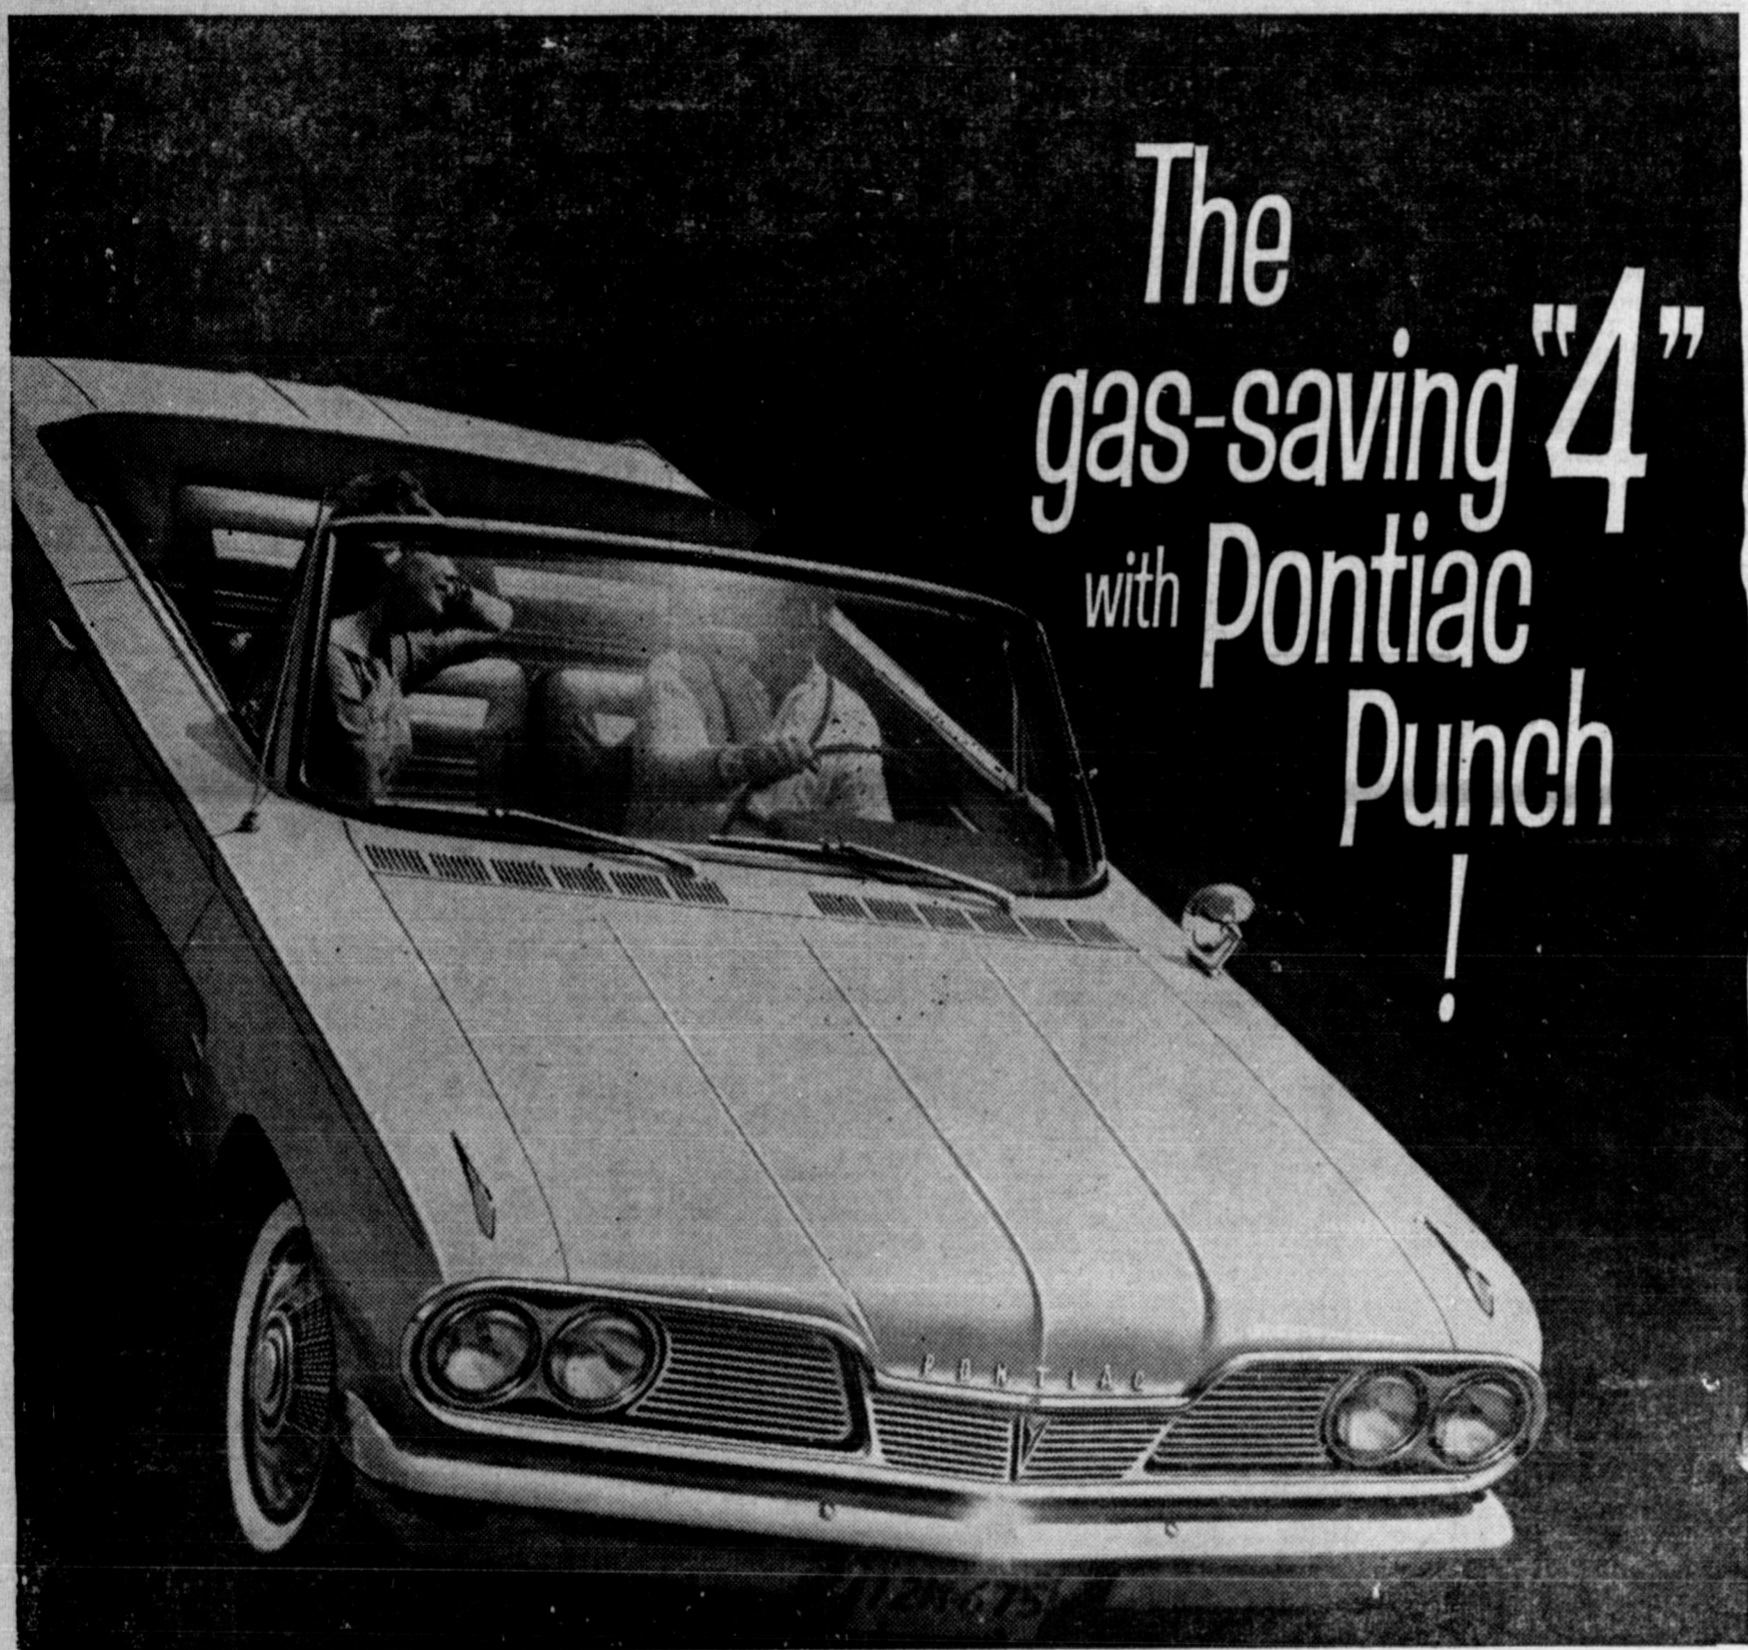

eat lunch at school. Of the total lunches served, about one in 10 is served free to children who cannot afford to pay.

Other programs carried out by the USDA to increase use of products from America's farms include special milk program for schools and child-care institutions, direct distribution of foods to needy families and the pilot food stamp projects. The major objective of all these efforts is to provide both adults and children a better diet.

"School Traffic Safety Week" has been designed as September 18-22 by Governor Daniel, who appeals for "vigorous traffic safety programs" throughout the state.

The gas-saving "4" with Pontiac Punch!

**PONTIAC TRIGGERS ANOTHER TEAM OF WINNERS.** Every one is a fancy mover. Convertible. Sedan. Wagon. Two Coupes. Choice of 110, 115, 120 or 140 h.p., gas-saving 4-cylinder engine. A couple of extra cost options: Put on a 4-barrel carb and get 166 h.p. The citizen who wants even more can go for an aluminum V-8 option that pulls 185 horses.

**TEMPEST HAS A FRONT ENGINE/REAR TRANSMISSION!** (The only American car with this feature.) It gives Tempest equal weight at every wheel. It has biting traction on the bricks or in the mud. Tires last longer. Brakes take hold like they mean it. The front floor is practically flat (no big hump in the middle). Tempest seats six—easily!

**TEMPEST HAS INDEPENDENT SUSPENSION—FRONT AND REAR!** Each wheel (and it's a big 15" one) moves up and down independently of the opposite wheel. There's no solid axle in the rear. Result: Firm ride on pavement, soft ride in the boondocks! Swing axles in the rear help the Tempest to carve out clean, firm curves.

**PLUSH NEW SERIES—THE LE MANS (LUH-MAHNZ).** The Tempest Convertible and Coupe are out this year in special custom trim. Call them the Le Mans! They both have sports-type bucket seats, full carpeting, floor mounted stick shift, acceleration rear axle option—no extra cost. Extra cost option: 4-speed gearbox. Take one out—it's a going machine!

Drive America's only front engine/rear transmission car... it's balanced like none of the others!

**NEW LOOK FOR DART**—Dodge's popular-price Dart is dramatically restyled for 1962. Dodge engineers say the new Dart features a new concept in standard-size car design which provides the owner with greater performance, economy and ease of handling. All useless weight and extra size has been "engineered out," they say. Pictured above is the deluxe Dart "440" four-door hardtop.

**BEEF CATTLE NEED MINERALS**

Today's beef cattle are hardy individuals and they can take care of themselves in most situations. The one big exception is the matter of getting enough of the right kind of food. If it's not in the pasture, the cattle must simply do without. This is where the cattlemen comes in — it is his job to see that his cattle receive all of the nutrients they need to realize their potential as money makers.

As U. D. Thompson, extension animal husbandman, points out, however, the cattlemen cannot solve all of his problems by simply running out and buying all of the minerals and vitamins available. Before he buys any, he must make a decision as to which minerals are needed. This choice is complicated by the many different types and forms available. Single minerals, mixtures, minerals fortified with vitamins and minerals high in protein are available in any feed store. What should the cattlemen buy?

Here are the current findings from Texas A&M. First of all, cattle should have access to common salt year round. Salt contains sodium and chlorine and

aids in digestion, points out Thompson. The form or color makes little difference to the cow, but both forms should be protected from the rain to prevent waste. Salt is usually cheaper when purchased by itself rather than mixed.

The major mineral problem in Texas is the lack of phosphorus. Phosphorus deficiency reduces the calf crop, and those that are born weigh less at weaning time. When green grazing is available, so is phosphorus, but when the grass browns up the phosphorus is gone. The same is true of protein and vitamin A. Thompson says the most practical way to supply phosphorus is to keep bonemeal out the year round in a weather protected trough. The animals will eat as much as they

need. No trace mineral deficiencies are known to exist at this time in Texas. Only small amounts of sulfur, copper and cobalt are recognized as essential, and it is felt these are in the feeds which cattle consume.

**TREAT SMALL GRAIN SEED EARLY**

Treat small grain seed for higher yields and greater profits. That's the advice of R. J. Hodges,

extension agronomist, who reminds farmers that the time for treating is now — even though small grain seeding time is still a few weeks away.

By treating now, the farmer can avoid the seasonal rush and be sure the crop is protected against disease, Hodges points out.

When treating wheat, oats, barley or rye, be sure to use a mercury treatment. By applying a Mercury treatment early, the farmer gains the additional benefit of "vapor action." Vapor action assures that all disease organisms on the seed surface and inside cracks and crevices are killed.

As the seed is treated, small amounts of the chemical are deposited on each seed. Within a few hours, organic mercury on the seed vaporizes, and the vapors surround the kernels and penetrate into the cracks. The vapors later condense and become permanently and uniformly attached to the seed. They will not dust off or deteriorate while the seed is in storage or in the drill.

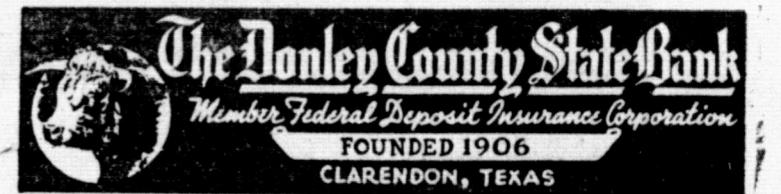

Even after the treated seeds are planted, the treatment continues to protect the seed from disease organisms in the soil, says Hodges.

**INTRODUCING FOR 1962 THE NEW LEAN BREED OF DODGE**

The black automobile above is the 1962 Dodge Dart 440, first of the Action-Economy cars. A low-price, full-size Dodge that will outrun, out-economize most any car around. For a fact, it accelerates seven percent faster on five percent less gas than last year's comparable model. Seats are chair-high. There's a fold-down center armrest in front.

The white car is the Lancer GT, America's first Sports Compact. It carries five. Corners flat. Handles neat. Really goes. Bucket seats, all vinyl upholstery, full carpeting are standard.

Full-size or compact, every Dodge is rustproofed. Has a smooth ride. Goes 32,000 miles between grease jobs. As always, Dodge means dependability.
