## DONLEY COUNTY FAIR FRIDAY & SATURDAY

### Bronchos Meet Gruver Greyhounds At Local Stadium Friday Night

The Clarendon High School Bronchos will test their third opponent of District 1-A this week when the high powered Gruver Greyhounds invade Broncho Stadium for a game beginning at eight o'clock Friday night. The Bronchos are winless to date having lost two close games to Stinnett and Spearman, while the high-stepping Greyhounds have chalked up a 40 to 0 victory over Panhandle and a 43 to 0 decision over Follett.

The Greyhounds were scouted last week by Coach Buddy Travis and he reports that they have size, speed and experience. These are the three main ingredients for a good football team.

Coach Jinks is still experimenting with his squad in an attempt to field his strongest eleven boys. His tentative starting line-up for this week has been announced as follows: Jerry Allen and Wayne Mann at ends; John Richerson and Jerry Gray at tackles; Milton Mann and Lynn Spier at guards; Ronnie Tyra at center; Darrell Lefew at quarterback; John Morrow and Ted Weatherly at halfbacks and Dewey Wilson at fullback. The big switch here is the moving of three-year letterman Richerson from center to tackle. However, coach Jinks stated that Richerson could play any position in the line and with sophomore Ronnie Tyra coming along fast, he felt that the switch would bolster the line especially on defense. The backfield starters are the same as last week, but the coach stated that little Neel Carter, 118 pounds soaking wet, is improving fast and is going to give somebody a real fight for the quarterback slot. Don Hudgins is also slated to see some service in the backfield. Other linemen who will probably see a lot of action Friday night include Bob Schull, George Mays and Monty Mann.

### Lions Broom Sale Here Today

The Lions Club sponsored Broom Sale will be going full blast today with the big truck parked on main street for the convenience of those wishing to make purchases of the many items offered at this time.

All items on the truck have been made by blind people at the Lighthouse For the Blind, a non-profit organization. The money they receive from this merchandise goes back into a fund to help train and rehabilitate the blind in Texas. These workmen do an excellent job. All the items they produce are top quality as many of our residents already know from purchases in the past.

A complete list of the items available is listed in a box on the back page of this issue of the Leader. Check the items you need right now and the items you will need in the near future and make your purchases today, Thursday, September 18th.

### HOSPITAL NOTES

Patients as of Wednesday, September 17th:

Mrs. Alice Raney, Mrs. Virgie McAnear, Mrs. T. W. Heatherly, G. A. Robertson, John Hunt, Simmons Powell, Mrs. J. L. McMurtry.

Dismissals: Mrs. Bob Moss and baby daughter Sue Moss, Lee Bell, Archie Smith, C. C. Carter, Mrs. L. O. Christie, Luther Hall, Shep Jones, Mrs. J. N. Riley, Arthur Singleton, Tommy Thompson, Mrs. V. L. Watts.

### Services Held Sunday For Mrs. R. B. Bramblett

Funeral services for Mrs. R. B. Bramblett, 33 of Amarillo were held in the First Baptist Church of Hedley Sunday afternoon with Rev. J. S. Tipton, pastor, officiating. Burial was in Rowe Cemetery at Hedley.

Mrs. Bramblett, a former resident of Hedley, died Friday morning in an Amarillo hospital. Surviving are her husband, R. B. Bramblett of Amarillo; two daughters, Beatrice Alene and Patricia, both of Amarillo; one son, Gerald of Amarillo; her mother, Mrs. Alice Fetters of Lelia Lake; three half brothers, William B. Hancock of Borger and Jimmy R. Fetters of Lelia Lake; two sisters, Mrs. Gertrude Hatfield of Dumas and Mrs. Margie Sanders of Childress; two half-sisters, Alice Jo and Mary Jane, both of Lelia Lake and her grandmother, Mrs. Ella Bridges of Memphis.

### Flower Show To Have Many Features This Year

Mesquite root art objects will be a new feature in the bright display of floral and foliage arrangements at the traditional Donley County Fair Flower Show Friday and Saturday.

The Flower Show, sponsored by Les Beaux Arts Club, will demonstrate the artistic arrangements of flowers, foliage and fruits of this area, Mrs. Tommie Saye, chairman of the show, said.

The mesquite root objects on display are a part of the collection of Mr. and Mrs. Cleve Bennett of Goodnight. The Bennetts collect the roots and carve them into bowls, lamp bases and other artistic forms as a hobby.

The Hedley Garden Club will bring many entries.

The show this year will also feature a section of Oriental designs. Children's arrangements will be shown in another division. The traditional floral centerpieces will also be shown, Mrs. Saye said.

Flowers may be brought to the Flower Show in the northeast corner of the new Fair Barn Friday morning. The show, with many divisions and awards, will be judged at 1:30 p. m. Friday.

### Conservation Supervisor Election Oct. 7th

Zone five of the Donley County Soil Conservation district will have an election for supervisor on October 7th, says County Agent, H. M. Breedlove. Zone five is south of Hedley along the railroad and clear up to Lelia Lake. Roy Jewell is the present supervisor.

Breedlove says that the term of office for a supervisor is five years. All land owners, husbands and wives, living in the zone are eligible to vote. The election will be held at the school house in Hedley on October 7th at 7:30 P. M. Breedlove and Bill Swindle, local SCS work unit conservationist for Donley County will have a program of moving pictures and also refreshments will be served. All land owners are urged to be present to vote for your supervisor and to enjoy a good moving picture and refreshments.

George Watson of Dallas spent the weekend here with his parents, Mr. and Mrs. O. C. Watson.

### Brochure Sent To Factory Prospect

A complete brochure of the information requested by the garment factory interested in locating in this area was forwarded to it last week by The Donley County Industrial Foundation.

The brochure included the current results of the campaign to raise \$50,000.00 dollars to construct a building for industry interested in locating here, as well as the information obtained by the labor survey being conducted by the Foundation. Included also was a binding lease-purchase option contract which was obtained from the owner of one of the buildings available in Clarendon which would be suitable at the present time for use by a garment manufacturer. Photographs of this building were also included.

Complete information on tracts of land available for industrial building sites and their cost was also sent to this manufacturer, along with the description of school, medical, transportation, and recreational facilities available here.

A report early this week showed that 61 men and 271 women had completed the printed questionnaire forms being used to take the labor survey. Officials of the Foundation pointed out that a manufacturer who would employ around 200 workers would require as a minimum, a labor supply of approximately 400 persons to take care of personnel turnover, sickness, etc.

As a result, the labor survey is being continued in order that everyone who is interested in working in a factory of any kind will have an opportunity to be included in the final tabulation which will determine the work (See BROCHURE, Page 8)

### Clarendon FHA Has Two Chapters This Year

There are two Clarendon FHA Chapters in our High School this year, a Senior Chapter and a little sister chapter or a Junior Chapter.

The Junior Chapter consists of Freshman girls and the Senior Chapter of the Sophomores, Juniors, and the Seniors.

There are 60 members enrolled in the Senior Chapter and 24 enrolled in the Junior Chapter.

Having two chapters will initial us to take more girls to the State FHA Meeting in the spring. Each chapter is allowed to take 2 girls and those receiving their State Homemaker's Degree. This will also give girls more training in leadership and help them to understand FHA better.

The officers in the Senior Chapter are: President, Sharon Smith; Vice President, Pat Spurgeon; Recording Secretary, Elaine Behrens; Corresponding Secretary, Sandra Pinkerton; Treasurer, Carole Woods; Historian, Pat Owens; Parliamentarian, Sherry Montgomery; Sargent-at-arms, Ann Elliott; Reporter, Robbie Johnson; Song Leader, Jean Welch; Pianist, Georgia Harmon. Senior Chapter sponsor is Mrs. F. W. Bourland and the Junior Chapter sponsor is Mrs. Hester Shields.

Officers to serve the Little Sister Chapter are: Fredda Bourland, president; Judy Benson, vice-president; Karen Knorrp, treasurer; Marcia McMurtry, secretary; pianist, Andy Pinkerton; song leader, Lynda Cook; reporter, Jeanette Crutchfield.

The first regular meeting of the Senior Chapter will be held on Monday night, Sept. 22nd.

REV. JESSE LEONARD

### First Baptist Revival Continues

The revival services at the First Baptist Church will continue through this Sunday evening. Jesse Leonard, pastor of the First Baptist Church, McLean, Texas is serving as the evangelist. Beginning last Sunday, the attendance and interest has continued to grow. There have been many additions to the church upon profession of faith and baptism and transfer of letter. Bro. Van stated also that there was a great revival spirit growing among the membership of the church. The Friday services will begin at 7:00 p. m. in order that the services may close at 7:45 and therefore not conflict with the High School football game.

Morning services are at 10:00 and evening services are at 7:30. The church invites you to attend, participate, and join in with this spiritual effort in the community.

### Bronchos Lose Hard Fought Battle To Spearman, 8 to 0

The Clarendon Bronchos lost their second game of the young football season at Spearman last Friday night when they lost an 8 to 0 decision to the heavier team of District 1-A.

Spearman scored on the first play of the second quarter when their hard running 190 pound quarterback, Dale Cornelius, climaxed a 70 yard drive with a 6-yard run around right end. The same Cornelius added the extra points with a run around left end which took care of the scoring for the night.

The Bronchos threatened three times during the game. Twice they fumbled inside the Spearman 20-yard line and once they were held for downs on the Spearman seven. The Bronchos fumbled six times during the game and the alert Spearman defenders covered the ball each time.

The statistics were about even for the two teams. Spearman gained 153 yards rushing to 146 for the Bronchos. Each team made eleven first downs. Clarendon attempted three passes and the Lynx one, all being incomplete. Clarendon was penalized four times for 30 yards and the Lynx were penalized seven times for a total of 55 yards. Darrell Lefew, playing quarterback for the first time, was the leading ground gainer for Clarendon as he picked up 47 yards on eleven tries. He also had the longest run for the Bronchos, a nifty 19-yard scamper around left end. John Morrow had a total of 40 yards; Dewey Wilson, 39, and Ted Weatherly gained 20 yards. Morrow, Lefew, Jerry Gray, John Richerson and Milton Mann were outstanding on defense.

### 1959 Buicks To Be On Display Friday

The new 1959 Buicks, the first new model to make its appearance, will be on display Friday, September 19th at Chamberlain's. Numerous changes have been made throughout and especially the body styles, so you will certainly want to drive out to Chamberlain's Friday and look them over.

### Jr. High Colts To Play McLean Cubs Tonight In First Home Game

The Clarendon Jr. High Colts, coached by J. R. Williams, will entertain the McLean Cubs here tonight, Thursday, in Broncho Stadium for their first game of the season. Game time has been set for 7:30 p. m.

Coach Williams has 33 boys out for the team this year which creates considerable competition for the various positions and they will be making every effort to win this first game to start the season off right.

Reporting for the Colt squad are Gary Campbell, John Cearley, Jerry Elmore, Robin Green, Billy Hearn, Larry Height, Dwight McAnear, Steve Richerson, Charlie Slavin, Mike Heath, Larry Hicks, David Hudgins, Gerald Johnson, David McBrayer, Danny Ray, Vernon Morris, Jerry Smith, Gregory Adams, Jimmy Bradcock, J. A. Glisson, Teddy Graham, David Moore, Stevie Shelton, Jerry Taylor, Lester Welch, Tommy Edwards, Joe Benny Landers, Ronnie Longan, Ronnie McAnear, Timmy Ray, Dennis Stev. Roger Stone, Faylon Watson, Team managers are Charles Vaughn and James Moffett.

### 4-H Club Members Tour Feeding Projects

Donley County 4-H Club feeders made a tour this past Saturday of beef calf feeding operations by the members in Donley County. H. M. Breedlove, County Agent, and in charge of 4-H Club work in the county says that twenty-six persons went on the tour.

The tour started at 8:00 A. M. and ended at 4:00 P. M. in the Giles community. A picnic dinner was held at the Leathers farm at noon and everyone had a big time and saw all the other steers being fed by 4-H Club members. There are thirty-two 4-H steers on the feed this year.

The first show for the clubbers after the Donley County show will be at Odessa on New Years Day, followed by shows at Amarillo, Fort Worth, El Paso and Houston. The steers will be separated for the different shows according to finish and age says the County Agent.

### Services Held Friday For Marion H. Reed

Funeral services for Marion H. Reed, 65, chuckwagon cook for the JA Ranch for many years, were held Friday at the First Baptist Church with Rev. Ernest Phillips officiating. Burial was in Citizens Cemetery.

Mr. Reed died Wednesday after an illness of several years. He was born Dec. 10, 1892 in Covington, Texas, and served with the Army in France during World War I.

Survivors include three sons, Marion E. Reed of El Paso, and Kenneth and Bill Reed, both of Amarillo, a daughter, Mrs. Wally Black of El Paso; four sisters and 10 grandchildren.

### 1959 Buicks To Be On Display Friday

The new 1959 Buicks, the first new model to make its appearance, will be on display Friday, September 19th at Chamberlain's. Numerous changes have been made throughout and especially the body styles, so you will certainly want to drive out to Chamberlain's Friday and look them over.

### Exhibits, Flower Show & Horse Show Expected To Attract Many Visitors

#### Leader Foreman Goes To West Texas State

The Leader office hasn't been the same this week. Herald Stogner, who has been with us the past seven years and who has been shop foreman the past three years, moved to Canyon last week to further his education at West Texas State. He graduated from Clarendon Junior College here last Spring.

At West Texas he has joined the Printing Department at the school and will assist in the publication of the "Prairie".

Although still inexperienced but showing rapid progress, James Mahaffey, has stepped into Herald's position at the Leader and is doing an excellent job, along with the help of his younger brother, Gary "Windy" Mahaffey. They are sons of Mr. and Mrs. Ed Mahaffey of this City.

Most business and professional men of this area are acquainted with James and his ability to MC an FFA Father-Son Chicken barbecue. He was president of the FFA last year and won the honor of being the second highest ranking Star Lone Star Farmer in the State in June of this year. He and his mother will go to Dallas October 3rd at which time James will be honored at a banquet on Friday night.

### Wreck Victim Reported In Critical Condition

Joe Edward Minnick, 61, of Dallas, who was injured in an automobile accident near Lelia Lake Monday night, remained in critical condition at last report in Northwest Texas Hospital in Amarillo. He was transferred to the Amarillo hospital Tuesday from Adair Hospital here. He is believed to have suffered head injuries, broken arms and lacerations on the face.

The accident occurred 4 1/2 miles east of here near Johnson Lake on Highway 287 about 9 p. m.

Officers believe that Minnick fell asleep while driving his car. The car left the road and smashed into a tree before overturning several times. The doors on one side were ripped off and the motor was shoved loose through the car hood.

### Donley County Hog Breeders To Exhibit At Tri-State Fair

A good representation of Donley County Swine Breeders will be on hand at the Tri-State Fair at Amarillo next week. One or more Poland Chinas, Berkshires, Spotted Poland Chinas, Chester Whites, Durocs, and Hampshires will be on exhibit in the breeding show by breeders in the county who are cooperating with the members of the Clarendon F.F.A. Chapter in a swine improvement program.

Carl Talley, W. H. Cooke III, Milton Mann, Bobby Longan, James Mahaffey, Clarendon FFA Chapter, Doyce and Harold Graham will each probably exhibit several breeding animals. In addition to the breeding animals, members of the Clarendon FFA Chapter will exhibit between thirty and forty head of barrows in the junior and open barrow show division of the fair. The barrow show is held on Monday, and the breeding show will be held Tuesday and Wednesday of next week.

Leader—Local rate, \$3.00 a year

Make your plans now to attend the big Donley County Fair and Quarter Horse show says County Agent H. M. Breedlove, who is general manager of the fair. All exhibits will be set up Thursday and ready for the judging which will start at 10:00 A. M. on the 19th in some of the departments. The quarter horse show will be held Friday afternoon on the 19th at 1:00 P. M. at the rodeo arena. Entries will close just before the starting of the judging.

The different departments of the fair are Merchants department, community agriculture exhibits, poultry, home economics, needle craft department, fine arts department which deals with paintings, flower show, home made cake department, and the quarter horse show.

Bring all the family and come out on Friday and Saturday and see your county fair and the different commodities that are being grown in the county.

The catalogues are being distributed and are in business places in town and one hundred and fifty were mailed to quarter horse owners over the state.

All judges are from out of the county and judging will be going on all day Friday.

Breedlove will leave Saturday night after the county fair for the Amarillo fair and will set up the Donley County exhibit there. Commodities in the exhibit at Amarillo will be taken from the Donley County fair.

All premiums for the county fair were made possible by the advertising bought by merchants and individuals as seen in the catalogue.

### 18 Girls In Hedley Cotton Festival Queen Contest

According to Clifford Johnson, eighteen girls have entered the Hedley Cotton Festival Queen contest. They were honored at a dinner at the Hedley Lions Den last Thursday night.

The contestants are Lena Ivey, Sue Wilson, Patti Patton, Brenda White, Cordelia Harris, Tobytha Sanders, Betty Sanders, Judy Sanders, Kathy McPherson, Pat Alexander, Brenda Garrison, Sarah Spalding, Pat Houdashell, Joy Nan Wood, Nancy Hinds, Carolyn Steptons, Cecile Hoggard and Marie Butler.

The girls have drawn their sponsors and are now out working for themselves and the festival. Regardless of who wins, she is going to be beautiful, Johnson stated.

Johnson also announced that a Booster trip would be made to the south as far as Quannah Saturday with the caravan leaving Hedley at 8 a. m. Everyone from this area is invited to go along. This will be Hedley's seventh annual Festival and the big event will take place Friday and Saturday, October 10th and 11th.

### Jr. High Colts Football Schedule Announced

Coach J. R. Williams announced this week that the Jr. High Colts would play six games this year with their opening game set for tonight, Thursday, Sept. 18th here in Broncho Stadium at 7:30.

The schedule is as follows: Sept. 18—McLean, here Sept. 25—Canadian, there Oct. 2—Wellington, here Oct. 9—Memphis, there Oct. 16—Lefors, here Oct. 23—Claude, there. The Colt mothers will operate the Concession stands at home games.

## Pathfinder Club

The Pathfinder Club had its initial meeting Friday evening, September 12 in Patching Clubhouse. The occasion was the President's Dinner with hostesses being Mrs. H. T. Burton, Mrs. S. W. Lowe, and Miss Ruth Richerson. The entertaining rooms were attractively decorated with pink table cloths and lovely arrangements of zinnias, dahlias, and roses.

The meeting was opened by the President, Mrs. C. T. McMurry, who asked Mrs. Ed Dishman to give the invocation. Then the club collect was read in unison.

After a delicious meal was enjoyed, Mrs. McMurry conducted a business meeting. Mrs. E. J. Walker's resignation was read and accepted and Mrs. Lovett Noble was elected to membership. A treasurer's report was given by Mrs. Heckle Stark. Then the new officers were installed by being introduced by the out-going officers. Mrs. C. B. Morris introduced Mrs. Simmons Powell as vice-president, Mrs. Simmons Powell introduced Mrs. Forrest Sawyer as recording secretary, Mrs. Heckle Stark introduced Miss Mable Mongole as treasurer. Mrs. J. H. Howze introduced Mrs. Wm. S. Greene as corresponding secretary. Mrs. Forrest Sawyer introduced Mrs. C. T. McMurry as federation counsellor. Other new officers are Mrs. Carl Allmond, parliamentarian, and Mrs. Dick Shelton, historian.

Mrs. C. T. McMurry thanked her officers and the club for their year's cooperation and then graciously introduced Mrs. Bill Greene as the new president. Mrs. Greene made a charming acceptance speech. She then asked for the Club History which was interestingly given by Mrs. L. N. Cox.

Mrs. A. T. Cole expressed her appreciation for having been made an honorary member of the club. The meeting adjourned.

Those attending the dinner were: Mesdames C. E. Bairfield, Lena Antrabus, George Benson, Fred Buntin, H. T. Burton, L. N. Cox, Ed Dishman, Bill Greene, Wm. S. Greene, J. H. Howze, C. D. McDowell, C. T. McMurry, J. L. McMurry, C. B. Morris, Frank Phelan, Jr., Simmons Powell, Forrest Sawyer, Heckle Stark, S. W. Lowe, A. T. Cole, and Misses Gladys Burnham, Mable Mongole, and Ruth Richerson.

## BETA SIGMA PHI

Mu Gamma Chapter of Beta Sigma Phi met at Patching Club House Thursday evening, September 11. After the business session, a special program sent out by the International office was presented by Frankie Henson. She was assisted by Beth Bennett and Ann Hommel.

Members were reminded that there was one week left to get in the names for the birthday calendar to be printed by the chapter.

Officers for the coming year are President, Frankie Henson; Vice President, Ann Hommel; Treasurer, Beth Bennett; Secretary, Juanita Phelps; Corresponding Secretary, Pat Cornelius; Extension Officer, Annette Hardin; Historian, Lee Tyler.

Hostesses Annesse Bennett and Jane Bownds served refreshments of Cokes and cookies to Beth Bennett, Pat Cornelius, Jo Ann Davis, Bert Gariand, Frankie Henson, Ann Hommel, Betty Leathers, Francis Long, Evelyn Mann, Lena Morris, Jo Ellen Pfeiffer, Mary Neal Risley, Lois Schollenbarger, Nancy Shelton, Melba Vaughan, Lee Tyler, and Evelyn Yeates. —Reporter.

MR. AND MRS. BERNIE LEE BENSON

## Mann-Benson Nuptials Solemnized

Miss Mary Nell Mann, daughter of Mr. and Mrs. R. S. Mann of Saint Jo, Texas became the bride of Mr. Bernie Lee Benson, son of Mr. and Mrs. Lloyd Benson of Clarendon, Texas, Sept. 7th at three o'clock in the afternoon at the First Methodist Church in Saint Jo. Rev. Jerry Delleney read the double ring ceremony.

The altar was decorated with baskets of white gladioli and greenery. Organ music was provided by Miss Delia Burchfield, and Mrs. Archie McMahon sang "Because."

Miss Twila Holland attended the bride as maid of honor. She wore a dress of pink satin with a draped bodice and a full skirt. Her bouquet was of pale pink carnations.

Dr. Charles Deyhle of Clarendon was the best man. Serving as ushers were Johnny Brogdon and Jerry Mann, cousins of the bride.

Given in marriage by her father, the bride wore a street-length dress of white, brocaded satin. The bodice was fitted and styled with short sleeves and a sweetheart neckline. The full skirt was gathered at the hemline and accented with a bow. Her finger tip veil fell from a small hat of pearls and iridescent sequins. She carried a bouquet of pink roses with satin streamers on a white Bible.

The mother of the bride wore a dress of beige lace with pink accessories and a pink carnation corsage. The bridegroom's mother wore a dress of blue wool crepe with blue accessories and a corsage of white carnations.

## LOCAL SCIENCE CLUB FORMED

The Clarendon Junior High School Science classes formed a local Science Club, Friday, Sept. 12th, affiliated with the Science Clubs of America. The club consists of approximately 40 to 50 members. The meetings will be held the first Monday of each month at 8 p. m. in the Science room of the Jr. High School building. It is sponsored by Johnny Leathers, local Jr. High Science instructor.

The elected officers are as follows:

President, Danny Ray; Vice-President, Jerry Elmore; Secretary, Larry Neece; Treasurer, Gerald Johnson; Reporter, Sharon Williams; Librarian, Sue Phelan. —Reporter.

## M.Y.F. REPORT

Meeting held Sept. 14th. Carolyn Castner called meeting to order. Mrs. Mace led in prayer. There were 13 present.

The M.Y.F. had charge of the services. Title of program was the Christian and the Christian Homes. Those on program were Jessie Lee and Jerry Don White, John Bob Butler, Lacy Lee Noble, Beverly and Carol McCallum, Judy and Carolyn Castner, Jean Fox, Don Altman, Mrs. Mace, Nancy Young. We were dismissed by the M. Y. F. benediction. —Reporter.

A reception in the church annex was held immediately following the ceremony. The table was laid with an ecru lace cloth over pink with a bouquet of pink gladioli. Guests were registered by Mrs. Carl Von Ree and served by Mrs. O. C. Mann and Mrs. C. S. Dennis.

Mr. and Mrs. Benson graduated from Clarendon Junior College and Mr. Benson will continue his studies at Texas A&M this fall. The couple will reside at 208-A North Congress in Bryan, Texas.

Guests attending the wedding from Clarendon were Mrs. Bertha Benson, Mr. and Mrs. Houston Bell and Jacquie, Dr. and Mrs. Charles Deyhle, Mr. and Mrs. Wm. S. Greene, Mr. and Mrs. Frank White, Jr. and Frank III, Wesley Stewart, Jerry Swinney, Tommy Hennard, and Miss Janice Benson. —Reporter.

Mr. and Mrs. Willard Skelton, Clarendon, Texas, announce the engagement and approaching marriage of their daughter, Paula Sue Skelton. Miss Skelton is the bride-elect of Clifford Eugene Odom, son of Mrs. Marvin Land of Alamogordo, New Mexico. The couple will be married the eleventh of October in the First Methodist Church of Clarendon.

## GOOD NEIGHBORS CLUB

The Good Neighbors Club met September 12 in the home of Florence Harp in an all day quilting and covered dish luncheon at the noon hour. One quilt was quilted.

Those to enjoy the day were Ruby Jordon, Maggie Easterling, Della Barker, Nova Barker, Eula Butler, Emma Davis, Mava Anderson, Bennie Crabtree, Lida Warren, Rosie Bingham, Bessie Helton and the hostess, Florence Harp.

The next quilting will be with Bessie Helton, Sept. 26. Everyone come and don't forget your Pollyannas. —Reporter.

## HUDGINS CLUB

The Hudgins Quilting Club met Sept. 9 with Mrs. Belle Smallwood as hostess. One quilt was finished.

Those enjoying the afternoon were Cora Elliott, Pearl Self, Veda Goad, Frankie McAnear, Pauline Kooztz, Martille Webb and hostess Belle Smallwood. The next meeting will be Sept. 23rd with Ruth Hudson. All try to be present. —Reporter.

## BRIDAL SHOWER

A miscellaneous bridal shower honoring Mrs. Alonzo Thomason, the former Miss Lorna Dee Underdown, was given in the parlor of the First Baptist Church, Saturday afternoon, September 13. Garden flowers decorated the entertaining rooms.

Receiving hours were from 3:30 to 5:00 p. m. In the receiving line were Mrs. Troy Wiley of Amarillo, Mrs. C. E. Underdown, and the honoree, Mrs. Thomason.

The refreshment table was laid with a blue cloth covered with blue net and centered with a floral arrangement of white dahlias surrounding a blue and white bird in a miniature cage. Presiding at the table were Miss Glenda Borden and Mrs. Wesley Farr. Mrs. Glen Wallace secured names for the bride's book.

The honoree received many lovely gifts. Among the out-of-town guests were Mrs. Foyd Lewis, Mrs. Troy Wiley, and Mrs. Wayne Carrull, sisters of Mrs. Thomason.

Hostesses for the party were Mesdames P. C. Messer, Norris Spurgeon, Chauncey Hommel, L. P. Moore, A. J. Hicks, Glen Wallace, Pete Darnell, Wesley Farr, and Miss Glenda Borden. —Reported.

## KIL KARE KNEEDLE KLUB

Mrs. Grover Heath entertained the Kil Kare Klub with a breakfast in her home Thursday morning, September 11.

Those to enjoy the breakfast were one guest, Mrs. Doss Palmer, and members, Mesdames M. C. Rampy, S. W. Lowe, J. R. Bartlett, Homer Mulkey, R. O. Thomas, Robert Davis, Sam Dale, Buel Sanford, Harry Brumley, Major Hudson, and the hostess, Mrs. Heath. —Reporter.

## SR. H. D. CLUB TO MEET

The Senior Home Demonstration Club will meet Friday afternoon at 3 p. m. for the first meeting of the fall. Meeting will be held in the home of Mrs. Virgil Poole with Mrs. G. I. Green assisting hostess. —Reporter.

Carroll Brumley of Miller, Mo. visited the week end with Mrs. Harry Brumley and other relatives. —Reporter.

**DELTA KAPPA GAMMA**  
The Delta Kappa Gamma society for women teachers, met in the Community Building in Wellington, Texas at 2:00 p. m. Saturday for their first fall meeting.

Miss Mary Foreman called the meeting to order and introduced those on the program. Miss Maudie Coffee led the reading of the Club Collect. Mrs. Sara Jones gave a very interesting and worthwhile talk on "Teacher Personality."

Announcements and plans for the Regional to be held in Clarendon during the month of October were made by the chapter president, Mrs. Velma Weaver.

Following the program and business meeting, Miss Inez Blankenship led the group in singing a medley of Delta Kappa Gamma songs.

Frosted punch and cookies were served to twenty-four members from Wellington, Childress, Memphis and Clarendon.

Mesdames Velma Weaver, Claudine Todd, Hazel Brandon, and Misses Edgar Mae Mongole, Ruth Richerson, Gladys Burnham, and Inez Blankenship attended from Clarendon. —Reporter.

**HEDLEY PTA TO MEET**

Mr. and Mrs. Lloyd Morsette of Los Angeles, Calif. spent Monday here visiting Mr. and Mrs. O. C. Watson.

**Bulldogs Basketball Workouts Begin**

Coach Buddy Travis of the Clarendon Junior College Bulldogs issued his first call for fall basketball workouts on Monday of this week and nineteen boys answered the call. Among the nineteen aspirants reporting were three returning regulars from last year's team, two other lettermen from last year, and one regular from the 1956-57 team. Also reporting were six transfers from other colleges and seven freshmen.

Coach Travis is beginning his third year as the Bulldog mentor. In two years here his boys teams have hung up 31 wins against 20 defeats. His 1956-57 team tied for the West Zone Junior College Conference Championship.

Prospects seem brighter this year than ever before for the Bulldogs, however, it is a known fact that nearly every other team in the conference will be stronger than last season. Add this to the fact that there are two more teams this year, Lubbock Christian College and South Plains College of Levelland, the Bulldogs have a hard schedule ahead. Besides their conference opponents, Travis has scheduled some of the toughest junior college quintets in the nation. Already on the schedule are such teams as Arkansas City, Hutchinson, Dodge City and Pratt, Kansas, along with the Cameron A&M team of Lawton, Okla.

Regulars from last year's team reporting this year are Capt. Bub Eldridge and Co-Captains Dennis Love and Loyd Stephens. Eldridge is a scrapping 6.1 guard from McAdoo; Stephens, also 6.1, is a high scoring guard from Ron, Oklahoma, and Love is a 6.4 center from Tulia. The two other returning lettermen from last year's team are Benny Lesley, 6.1, guard from Borger and Gerald Garvin, 6.2, forward from Silverton. Also coming back for another season is Buzz Bailey, 6.3, forward from Silverton, who was a regular on the 1956-57 team. He encountered scholastic difficulties in the spring of 1957 and was ineligible for the team last year.

Transfers from other colleges include four promising looking

boys from Wayland College. All four played on the Wayland team last year. Jackie Buttram is a 6.1 guard from Alamogordo, New Mexico; Max Whittington, 6.3, forward from Shamrock; Brad Wilson, 6.0 guard from Silverton and Margin Young, 6.4 center from Bovina. Young is the brother of high school basketball coach, Roy Young. Other transfers are Johnny Hudson, 6.1 guard from Benjamin who was a regular on the Hardin-Simmons University freshman team last year, and Wayne Mackey, 5.10 guard from Wheeler who went to West Texas State last year.

Coach Travis has assembled a good looking group of freshmen boys this year which include Alva Carter, 6.6 center from San Jon, New Mexico; H. D. Yarbrough, 6.3 forward from Claude; Richard Vallance, 5.10 guard from Clarendon; Pat Wilkins, 5.10 guard from Wellington; Felix Johnson, 6.3 forward from Quitaque; Charles Roberts, 6.3 forward from Dodson, and Carl Irlbeck, 5.10 guard from Happy.

Information on some of the new boys indicate that the returning regulars may have a hard battle on their hands to hold their jobs. Buttram was an all-state selection in New Mexico two years ago and was the outstanding player on Wayland's freshman team last year. Whittington is also showing up good at the present time. Hudson is also showing up good but will be ineligible the first semester on account of scholastic sub-standards at Hardin-Simmons last spring. Carter was an all-district choice in New Mexico last year and his height will add to his chances of making the team. Yarbrough was a star on the Claude team which went to the state tournament last year, and both Wilkins and Johnson were very outstanding in high school. Irlbeck has been out of high school two years but is improving himself a hustler and Clarendon fans need no introduction to Richard Vallance who has been a regular for three years on the Broncho team.

Coach Travis is hoping to be able to mold a team that will be able to take care of themselves during the tough schedule ahead.

**The Texian Editor's Frontier News Flashes**

Department of Journalism & Graphic Arts University of Houston

AUGUST 17-23, 1858

AUSTIN—It may be important for some persons to know that the following law was passed by the last Legislature.

If any person shall unlawfully remove, sell, or in any other manner dispose of any animal which has been taken up by him as an estray, he shall be punished by fine not exceeding double the value of the property so unlawfully disposed of.

**BREVITIES**

There are 250 hands employed in building at San Antonio.

The Eastern Texian boasts of a 30 lb. muskmelon. It is a mere circumstance.

The corn crops in Eastern Texas are very abundant. The preponderance of immigration will be to Northern Texas this year.

The San Antonio Ledger will commence the publication of a Daily, this week. Success to it. We would inform the Waco Democrat that we never said Gov. Rannels had appointed Matt Ward U. S. Senator. We copied from other papers, and know nothing of the truth.

AUSTIN — The dinner at this place given to General Houston on the 12th was a splendid demonstration. The Barbecue was one of the best we have ever seen—the meats abundant and well prepared, and the tables groaned under the cakes of all descriptions—honor to the ladies.

General Houston's speech occupied two hours, and was regarded as one of his best efforts. It was, in the main, a vindication of his past public career, with reflections upon the present aspect of public affairs. It was delivered with good feeling, and was generally well received.

forms us that the reserve Indians have made enough corn this year, and are improving in the arts of industry. Some Prairie Indians have been to the reserve, without arms, since their chastisement by the Texas Rangers. They professed friendship and contradicted the reports about intended hostilities.

**ADVERTISING SURGEON DENTIST, Austin, Texas**

Has moved his office from Pecan St. to Swenson's building, front entrance up stairs, first door on the left. Dr. B. calls particular attention to his success preserving the natural teeth, thousands of which are lost by neglect and bad operations. Artificial teeth inserted on the most improved method. All operations guaranteed.

Ladies waited upon at their residences if desired.

"We now plow horizontally following the curvature of the hills and hollows on dead level, however crooked the lines may be. Every furrow thus acts as a reservoir to receive and retain the waters; scarcely an ounce of soil is now carried away. In point of beauty nothing can exceed that of our waving lines and rows winding along the face of our hills and valleys."—Thomas Jefferson.

"I know of no pursuit in which more real and important service can be rendered to any country than by improving its agriculture."—George Washington.

**Train Fares Reduced To State Fair**

A reduction of one-third in chair car fares from all points on Fort Worth and Denver Railway between Decatur and Texline to Dallas for the State Fair of Texas October 4-19 was announced today by Roy H. Kimble, General Passenger Agent for the FW&D.

Round-trip tickets good in air-conditioned chair cars on all FW&D trains including Texas Zephyrs will go on sale daily commencing October 3rd and will be sold to and including October 19th. Final limit of tickets will be midnight October 20th, said Kimble.

The reduced fares may be purchased by individuals or parties, such as FHA groups, grade school and high school classes, etc., it was also announced.

According to J. H. Howze, Agent for FW&D at Clarendon, the special excursion fare to Dallas will be \$10.35, as compared with the regular fare of \$15.45. The usual federal transportation tax of 10% is in addition to the fare.

**Texas Set for 45-Million Pound Pecan Crop**

U.S.D.A. estimates in August of Texas pecan crop prospects set estimated production at 45,000,000 pounds—10 million pounds below last year's estimated 55 million pound crop. Still, Texas is picked as the top national pecan producer, 2 million estimated pounds above Georgia's estimated 43 million pound crop. Total U.S. pecan crop estimate this year is forecast at 179 million pounds, indicating that Texas will be responsible for approximately one-fourth of national production.

Mr. and Mrs. Billy Mac Hicks of Amarillo visited the week end with homefolks.

## CHINESE: NATIONALISTS VS REDS

The long smoldering Chinese problem appears to be bursting to open flame. If such is the case, and if the Red Chinese do seize over the offshore islands of Quemoy, Matsu, etc., and mount strong invasion effort against Pescadores and Formosa, it would prove most embarrassing to present Administration. It will be remembered that one of the first pronouncements of the Eisenhower Administration was a "dynamic new foreign policy" which included the unleashing of Chiang Kai-shek. It was openly declared and insinuated, if not explicitly stated, that such a policy would permit Chiang Kai-shek to retake China and recover it from the Reds. As most people know, this was nothing short of political propaganda. There was just about the same amount of slack in the rope before it was snapped when Chiang's neck was after. No one was naive enough to believe that the Nationalist Chinese had forces or the equipment to invade the continent. In order for them to have secured a beachhead, U. S. forces larger than the Nationalist forces would have been required. However, as a gesture to somewhat support the unproven theory, Chiang Kai-shek recently increased the number of his forces on Quemoy, Matsu and the other islands immediately adjacent to the shore of the continent. He did this with reluctance because

he realized the very small chance of retaining these islands should the Red Chinese decide to overrun them. They are so close to the shore it would be almost impossible to prevent invasion. And it is entirely possible that the same policy would be followed concerning Quemoy and the Matus as was followed in evacuating the Tachens. The Secretary of State, John Foster Dulles, has come in for some criticism in some of the metropolitan dailies as the architect of the policy forcing Chiang Kai-shek to increase the forces on these offshore islands. The United States has been placed in a rather embarrassing situation insofar as Oriental philosophy is concerned. The loss of face that could be suffered by the free world would far outweigh the military importance of these islands, should the Communists decide to take them.

It might be pointed out that it is generally conceded the Chinese Communists do have the equipment and the men to overrun these offshore islands without too much difficulty when they decide to do so. This is not startling news, because the Chinese Communists could very easily mount a force of over a million men to do this job, if they thought it was of sufficient importance.

However, there is much doubt as to whether or not a decision has been made by the Reds on this question. Many feel that the Communists would much prefer to have the issue than the islands. This theory is supported by the general proposition or principle which has been pursued by the Communists for so long. That is, to maintain a constant state of conflict and confusion, which they have done very successfully

## LELIA LAKE SCHOOL NEWS

Three PTA committees have been announced, the basketball teams have begun their practice, and improved equipment is being used at Lelia Lake school.

On Monday evening, Sept. 7, the five elected officers were installed at the PTA meeting in the study hall; Billy White gave a talk on "We Who Run"; Superin-

since World War II. These offshore islands are so located, that it is very easy for the Communists to keep the conflict going with very little chance of suffering any losses of manpower, equipment or material. They furnish a perfect opportunity for the continued agitation that has seen the Berlin Airlift, Korea, Budapest, the Near East crisis, the many vetoes in the U. N., and the other acts of international peace sabotage that has been the policy of the Kremlin for so long. You can expect a continuation of this pattern, because one of the primary objectives of Communism is to keep the free world off balance. The contiguity of the Communist world allows them to conduct such operations over vast areas of the earth's surface without requiring them to cross over enemy territory or international waters in order to maintain such activities.

It occurs to me that those forming our foreign policy should take a long look at this general Communist policy unless we want to be prepared to run our legs off putting out brush fires.

tendent J. H. Spires made a number of comments from the standpoint of cooperation as the new school year begins; and these committees were announced by the president, Mrs. Lacy Noble; Membership, Vida Shields, chairman; Daisy White, Grace Ayers, and Mrs. Hook, members; Social, Altha Floyd and Nova Lee Mooring; Program, Mary Chenault, chairman; Mrs. Shaller and Edna Dishman, members. A social hour in the lunchroom followed the meeting.

The Borden Co. has given the school a new clock for the gymnasium. Five new basketballs, two new nets, and a complete new first aid kit have been bought. The Lance Hall Co. has given for playground use six good used baseball bats and 3 good used basketballs.

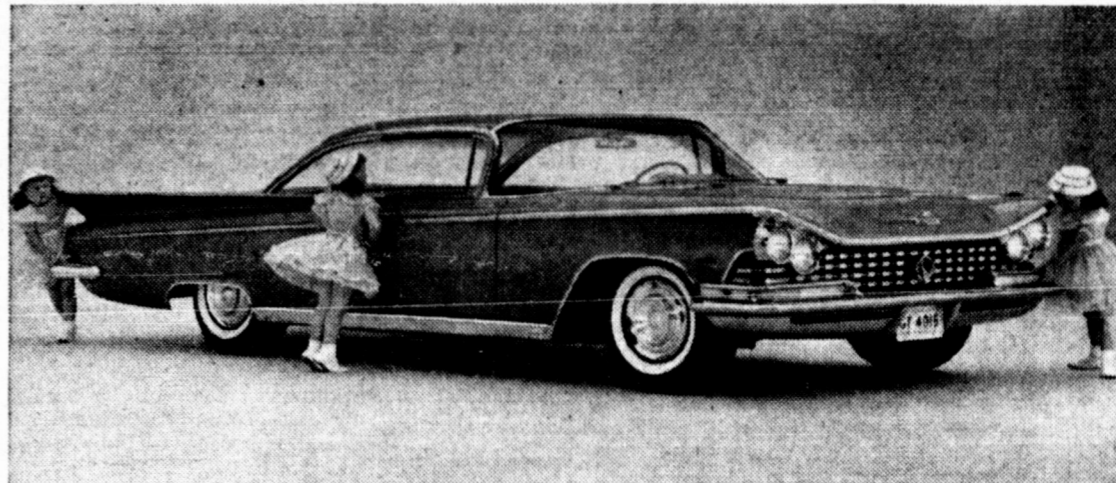

Coach Billy White has begun basketball practice for both boys and girls in high school basketball. When the first date for inter-school scrimmage arrives on Oct. 15 a schedule will have been set up for this purpose.

Rayburn Monk gets credit for devising a new name for the school paper to avoid duplication of "The Bluebird", already given to the annual. This will bear the title of "The Laker."

A few centuries ago the kind of bread a baker sold his customers indicated the buyer's standing. The degree of freshness was of great import, too. Freshly baked was for royalty, one-day old for nobility, two-day old for the gentry, three-day old for scholars and friars, and four-day old for the peasants.

Leader—Local rate, \$3.00 a year

## Buick's New Styling Is Sleek And Low

Sleek and low describes Buick's new styling for 1959. The model shown is the luxurious two-door Electra hardtop which measures less than 55 inches in height yet retains approximately the same headroom as last year's Buick. The "delta-wing" styling of the rear fenders that flare out to a point, and twin headlights that are set on an angle give the new Buick a look that is light and jaunty. Compound windshields that curve back into the roof and eliminate wind noise are a feature on all 1959 Buicks. The Electra is powered by a 401-cubic inch V-8 engine with 10.5-to-1 compression ratio. Twin turbine Dynaflo and power steering are standard on all models in the Electra series.

## GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The first book we will announce is "Time and the Hour" by Howard Spring. This book was given in memory of Mr. Frank Phelan Sr. You who are familiar with Howard Spring's writings know how well written and enjoyable his books are. We possess most of them. There are usually passages that the reader appreciates and quotes, or at least my husband did so, as Howard Spring was one of his favorite authors of fiction. Another memorial is "The Single Path" by Dr. James W. Fiffeld Jr., D.D. given in memory of Mrs. Kirk Doshier. This is excellent and stimulating reading also.

There are several books for the younger readers. I'm always elated to secure C. W. Anderson's books. He writes and illustrates his own horse stories. This one is "Pony for Three." Berta and Elmer Hader write fascinating stories for children, that are usually experiences from their home in the country. This home is near Nyack, New York. They

too, illustrate their books beautifully. This story is "Little Chief." Their books are \$3.00 and C. W. Anderson's are \$2.50 books. Then we have "A Small Farm for Andy" by Miriam E. Mason. Her books are accepted as very delightful for children. We have several of her books.

A little lost Golden Book was replaced by one of our readers. This is "The Little Red Caboose." My youngest boys all appreciate train stories; so this will be read until it can't be mended.

## Lake Cleaned Fish Get Big In First Year

AUSTIN—Case history on a renovated Texas lake shows how fast bass will grow under proper conditions, according to the Director of Inland Fisheries of the Game and Fish Commission. According to a report made by Ken Jurgens, Aquatic Biologist, a city lake at Taylor, covering three acres, was completely renovated in April, 1957. Rough fish were eradicated with a netting survey. A month later the lake was fertilized at the rate of 200

pounds to the acre. In June, 600 bass fingerlings were stocked. In November, a netting showed the bass ran from 6-8 inches in length. By January of this year they had reached 8-10 inches. Today they are running 10-11 inches in length.

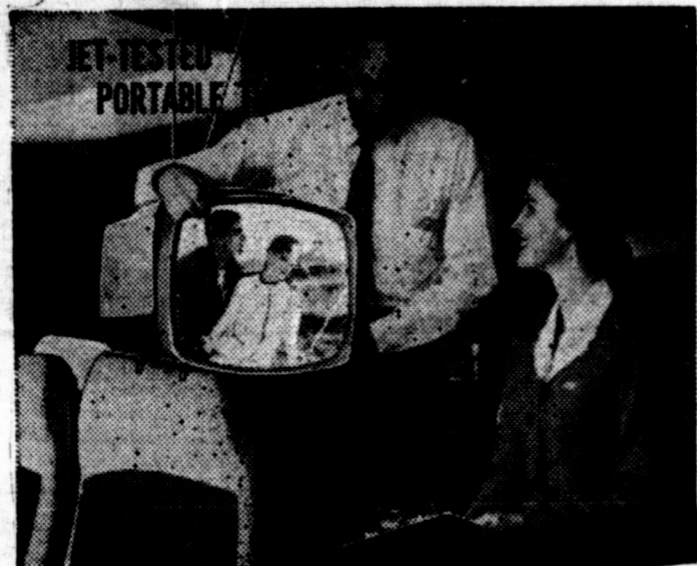

Plans now are being made to pass an ordinance limiting fishing in this lake to persons under 16 years of age. It will be known as the "kid's fishing hole" for the city of Taylor, if the proposed ordinance passes.

"The handling of this lake is a fine example of what can be done to improve fishing," the Director said. "Where we have been able to go in and do a total kill and then restock the lakes with game fish under proper conditions the growth has been very remarkable."

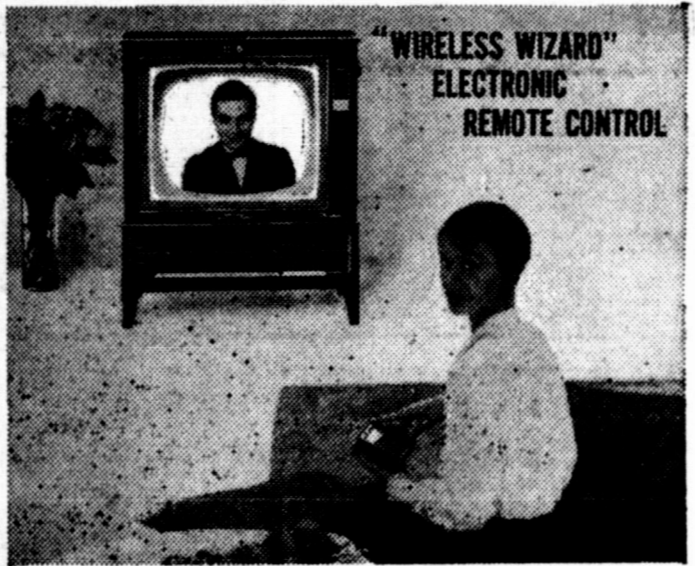

"This same practice can be put into effect on private ranch tanks to improve the quality of fishing," he said. "Every time any water is renovated and then properly stocked someone benefits. We have enough ranch tanks in Texas to provide some very fine fishing. If they are put to use, it will relieve the pressure elsewhere."

from the County ASC Committee

## REPORT OF COMMUNITY COMMITTEE ELECTIONS

On Thursday, September 11th, the County Tabulation Board reported the following men elected in each community:

### "A" Community

John Fraser III, Chairman and Delegate to the County Convention; Roy Roberson, Vice Chairman and Alternate Delegate; Andy Brown, Regular Member; Jim Hermesmeier and James L. Ashcraft, first and second alternate members.

### "B" Community

Horace A. Green, Chairman and Delegate to the County Convention; Harold A. Graham, Vice Chairman and Alternate Delegate; W. Dane Perdue, Regular Member; John M. White and George W. Gresham, first and second alternate members.

### "C" Community

Dennis R. Lindley, Chairman and Delegate to the County Convention; Charlie C. Hearn, Vice Chairman and Alternate Delegate; John C. Heathington, Regular Member; Steve M. Fedric and Robert A. Williams, first and second alternate members.

### "D" Community

Will P. Chamberlain, Chairman and Delegate to the County Convention; Pat C. Longan, Vice Chairman and Alternate Delegate; Edwin Eanes, Regular Member; Edward O. Dishman and Walter C. Scott, first and second alternate members.

### "E" Community

J. B. McDaniels, Chairman and Delegate to the County Convention; J. W. Helm, Vice Chairman and Alternate Delegate; William O. Mooring, Regular Member; Lacy Noble and Johnny Leathers, first and second alternate members.

### "F" Community

Tommy W. Bain, Chairman and Delegate to the County Convention; William H. Clay, Vice Chairman and Alternate Delegate; Homer L. Morgan, Regular Member; William F. Maddox and Robert H. Couch, first and second alternate members.

### "G" Community

Harold L. White, Chairman and Delegate to the County Convention; Fred A. Watt, Vice Chairman and Alternate Delegate; W. Ray Altman, Regular Member; Henry Moore and Loyd C. Leggett, first and second alternate members.

### "H" Community

Spencer B. Sitter, Chairman and Delegate to the County Convention; Billie D. Rice, Vice Chairman and Alternate Delegate; Virgil (Jack) Burr, Regular Member; Archie N. Hardman and Granville L. Simmons, first

## FARMERS MAY INCREASE 1959 COTTON ALLOTMENTS BY 40 PER CENT UNDER NEW PROGRAM

Secretary of Agriculture Ezra Taft Benson has determined and announced Sept. 5 that alternate (Choice B) farm allotments for the 1959 crop of upland cotton will be 40 per cent larger than the regular (Choice A) allotments for the same farms. Under Section 101 of the Agricultural Act of 1958 (Approved August 28, 1958) the Secretary is authorized to increase regular upland cotton farm acreage allotments by "not to exceed 40 per cent" for those who elect Choice B under the cotton allotment program. The determination announced September 5 means that such farmers may increase their 1959 cotton acreage by the full 40 per cent.

As provided by the legislation, if marketing quotas are in effect, such farm operator who has an upland cotton acreage allotment will have the following choice in 1959 between two programs—Choice A and Choice B. (In the event marketing quotas were not approved by the producers, this optional choice plan would not be in effect.)

(A) He may elect to grow his crop in compliance with his regular upland cotton acreage allotment, in which cases he will be eligible for the full level of price support available for the crop (not less than 80 per cent of parity for 1959); or

(B) He may increase his upland cotton acreage by not more than 40 per cent over his regular farm allotment and be eligible for price support at a level which is 15 per cent of parity than the level available under Choice A.

For 1960, farmers will have a similar choice but the increase for Choice B farms has not been determined.

If any person operates more than one farm with an upland cotton acreage allotment, he must elect the same choice for all his farms; he may not elect Choice A for one farm and Choice B for another.

For the 1959 crop of upland cotton, each farm operator will be informed of the Choice A and Choice B farm allotments applicable to his farm.

After 1960, farmers will receive their regular cotton acreage allotments, and price support will be available at levels determined by the Secretary within specified limits (from 70 to 90 per cent of parity for 1961, and from 65 to 90 per cent of parity thereafter).

The additional acreage in cotton production on a farm under Choice B will result in increased future allotments since the law provides that it shall be considered as cotton acreage history in establishing future acreage allotments for the farm, county, or State. Allotments for farms for which Choice B has been elected may not be released for re-portionment to other farms.

Cotton from farms where Choice A has been elected will be eligible for price support through a Commodity Credit Corporation purchase only. Price support for cotton from farms for which Choice B has been elected shall be made available through loans, purchases, or other opera-

tions. During the period Aug. 1, 1959, through July 31, 1961, CCC-owned cotton must be offered for sale for unrestricted use at not less than 10 per cent above the Choice B level.

## Brochure—

(Continued from Front page)

force available here.

Results of this survey will be used not only for this one garment manufacturer, but will be sent to other industries interested in locating here. The next manufacturer who becomes an industrial prospect for Clarendon could be interested in employing only men, it was pointed out.

Response from Lelia Lake, Ash-tola and Hedley has been light, but it is hoped that many of these people will fill out a questionnaire at either The Donley County Leader office or the Lowe & Steed law office this week.

Over \$25,000 dollars had been pledged by local businessmen early this week toward the construction of a building for an industry which would sign a binding lease or lease-purchase contract, according to C. A. Pitts, treasurer of The Donley County Industrial Foundation.

A part of this total amount has been pledged by concerns which have headquarters elsewhere, and who, although they have pledged this amount, had not paid the requested ten per cent down at press time.

Local firms who have pledged a total of \$18,550, and have paid down \$1,900, which was deposited in the bank on Monday are as follows:

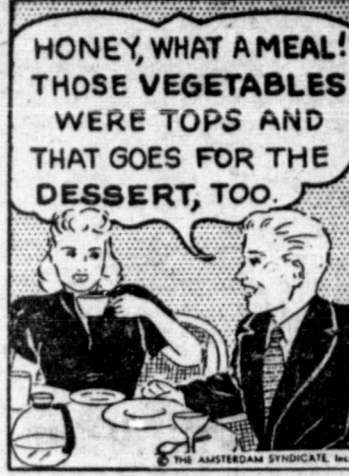

- Noblitt Sales Company
- Bob Moss Pharmacy
- Kelly Chamberlain Insurance
- Mulkey Theatre
- Donley Hotel

### Modern Man History Dates 37,000 Years

AUSTIN—Texas now can boast evidence of the longest history of modern man in the world dating over 37,000 years ago. In the July issue of "Texas Game and Fish," Bob Slaughter of the Dallas Pre-historical Society shows evidence that for hundreds of years men made annual hunting trips to the Trinity River Valley north of Dallas.

The article, "Probe Into the Past," relates work of archeological teams from Dallas and Fort Worth in finding the earliest carbon-dated evidence of man in America. Carbon-dating devices can indicate the age of objects up to 37,000 years, and the Texas findings go past this limit.

Remains of 20 hearth fires and many animals furnished enough information to determine the size of hunting parties, the luck they had, and what they ate. Flint weapons found indicate the presence of the Clovis culture that dates back 15,000 years.

All this points up the fact that some form of modern man existed in America at the time of the Neanderthal man in Europe, he said.

Besides Mr. Slaughter's article, the July "Texas Game and Fish" will include other interesting features on the fire ant, boating safety, hawks, the state bass tournament, and the shrimp industry.

### Trinity Lakes Playground For Texas Millions

AUSTIN—Helping the Mighty Mississippi fill the Gulf of Mexico is the Trinity River, which dumps a Texas-size portion of 5 million acre-feet of water per year into the bay above Galveston.

L. A. Wilke, Information Specialist at the Game and Fish Commission, describes the river; its past, and the area it benefits in an article in the May issue of TEXAS GAME AND FISH.

The headwaters of the Trinity are backed up by a series of dams around Dallas and Fort Worth which "provide a playground of approximately half of the more than 8 million population of Texas," Wilke explains. These dams also contain the source of water for the two cities besides affording flood protection for lands along the river.

Although the Trinity River Association has failed in attempts to develop the river for navigation, the 455 mile body of water has remained a favorite source of fishing, both from small boats and from its banks.

Wilke concludes the article with a list of lakes in the Trinity watershed including a run-down of the hunting and fishing facilities provided at each lake and on the river itself.

### Over 65 Voted Exempt License To Fish, Hunt

AUSTIN — Texans who have reached 65 years of age now may have a sportsman's proof of his age.

The Game and Fish Commission has approved a suggestion that a card be prepared which will be offered as proof of age, according to the Assistant Secretary of the Commission.

Hunting and fishing licenses are not required of Texans who are over 65 years of age. Heretofore when these persons are questioned by game wardens, it was necessary for them to show some proof of their age, such as driver's license. The proposed ID card is a courtesy card not required by law.

Under the new program, which will become effective Sept. 1, an exempt card now may be obtained from license deputies. The card will be issued on proof of age, which can be obtained from driver's license, social security, insurance certificate, or poll tax receipt.

Once the card is obtained renewal will not be necessary, according to the Assistant Secretary.

**PLOWIN' Out the CORNERS**  
by Uncle Zeb  
We enjoyed the occasion the other night when we heard our good friend Cotton John Smith tell of his experiences on the recent trip to several of the old countries. He tells about the trip in a very interesting way. One gets a thrill from his narration of the tour. Part of story about the conditions and sights over there make you thrill to want to see and experience these things. Other parts make you thrill that we have such a wonderful place over here, to come back to.

We heard the story about the small town that had its usual very prominent family in its background, with the town still filled with the descendants. In speaking about the situation one person put it this way:

"Over in Smithville where we live everybody is either Smiths or wish they were."

We read in the papers last week that science was about to come out with an Electronic Wife in contrast to the rib-sprouted variety which we have grown so accustomed to the last couple of million years.

As for me, guess we are always a little skeptical of new gadgets but we will have to look into the matter before we express any degree of approval. Some of the advantages were listed as number one your being able to turn them off and on. Number two you can light up their eyes on your return or when having told a funny joke. Number three the dial could be set for a twelve o'clock lunch even if you were to come home at three and no fussing.

Even after reading all the arguments in favor of this new-fangled idea we are still stuck with and in favor of the old models. It would be sort of like a fellow we knew one time who married a girl just out of the cradle, as the saying goes. It seemed that he wanted to raise him up a wife just like he thought one ought to be. Trouble with his experience was that he didn't like the finished product. It could turn out the same way with these automatic wives, every now and then we might push the wrong button. So if we are not in the dog-house too bad already we will just continue to take our chances with the unpredictable and uncontrollable variety.

"If folks don't buy what you say, they won't buy what you sell."

"A careful inventory of all your past experiences may disclose the startling fact that everything has happened for the best."

Thinking on the above it is so many times true. Not long ago we knew a fellow who lost his job. Everything looked black and his so-called world seemed to crumble about him. For awhile he was blue and despondent. Then, he took on a new work. It was something he had always thought about doing. Almost instantly he was a success. Busier and definitely happier than he had ever been in his whole life.

The same was true with someone who had a farm rented. For years he had lived on this farm belonging to another. He lost the lease, moved away. He couldn't find another farm to rent. He was blue. Finally he bought a farm, now he owns a home. We never know what may be best.

### Hall County Picnic Set For September 21st

According to J. Claude Wells, publisher of the Memphis Democrat, the 3rd annual Hall County Picnic will be held Sunday, Sept. 21st in the City Park at Memphis. Around 3 to 5 thousand is expected for the gathering. All ex-Hall countians are reminded to bring your basket lunch and there will be plenty of ice water, Wells stated.

**STATE CAPITAL**  
*Highlights*  
**AND**  
*Sidelights*  
 by Vern Sanford  
 TEXAS PRESS ASSOCIATION

AUSTIN—How best to educate Texas children—and how to pay for it—will be a key issue in the upcoming legislative session.

Problems were spotlighted when the Hale-Aikin Committee made its first report. Included were 12 recommendations for improvement or expansion of public education.

Several proposals reflect the concerns of the times. In an age of mounting traffic death tolls and almost universal availability of high-speed cars to teen-agers, state-supported driver education

was urged. In the face of widespread reports of the superiority of educational systems in other countries, the committee recommended state aid for classes for the "academically gifted." It also proposed increasing the school year from a minimum 175 days to 180 days plus five days for teacher training.

Other proposals were to provide state support for (1) more principals, (2) assistant superintendents in large districts, (3) pre-school teaching of children unable to speak English, (4) larger allowances for maintenance, (5) replacing school buses and paying drivers (6) buses for city children living more than two miles from school, and (7) state and local guidance services.

It also suggested basing teacher-pupil ratios on current attendance rather than figures for the year before and urged the setting aside of TV channels for future educational use.

Final decision on other recommendations was postponed until Sept. 15. These include raising

the minimum pay for teachers \$595 a year (from \$3205 to \$3800) and releasing state property taxes to allow for more local district collections.

Hale-Aikin Committee is a 24-member study group of lawmakers and private citizens set up by the last legislature to study public schools and make recommendations to the 1959 session. Grass-roots discussion has been going on for nearly a year in cities and counties over the state. Proposals being made now result from sifting and weighing of hundreds of ideas urged by educators and interested citizens.

Committee members are not blind to the likelihood of stiff legislative resistance to the additional money-spending called for by most of the proposals. Cost of the state minimum foundation program for the present school year is estimated at \$349,416.00. H-A Committee's "enrichment" suggestions could add from \$50,000,000 to \$150,000,000 to that figure.

Most lawmakers already are feeling financially gloomy because of a predicted \$140,000,000 gap between state revenue and cost of present programs—without any kind of improvement anywhere.

One committee member suggested that, while all the proposals might not be put into effect right away, they could serve as "a pattern for years to come."

**WHAT, NOT HOW**  
 Greater emphasis on what to teach, rather than how to teach will be reflected by this year's college graduates majoring in education.

A law passed in 1955 requires future teachers, beginning with the 1959 grads, to have 40 per cent of their credits in subjects they will teach, 40 per cent in "cultural subjects," 20 per cent in

education courses. State Board of Education called attention to this change at its September meeting.

Board also hit a lick in its unrelenting battle against all plans to dip into principal of the permanent school fund for current expenses. Its resolution warned of possible "tragic consequences."

Education Commissioner J. W. Edgar was authorized to prepare recommendations for Texas participation in the newly passed federal aid to education program. Texas would be eligible for some \$9,000,000 to bolster the training of teachers, scientists, mathematicians and other kindred purposes.

**PHOTO FINISH**  
 Race for speaker of the House seems stalemated with the likelihood that the winner will not be known until all 150 members convene and vote in an all-exits-barred showdown.

Both Rep. Joe Burkett of Kerrville and incumbent Speaker Waggoner Carr of Lubbock claim a majority. But each says he does not have permission from the signers to show all his pledge cards.

There are rumors that several House members, wanting to be agreeable, pledged support to both candidates, never dreaming that the contest would be so close as to bring a "judgment day."

If and when the two candidates sit down together and compare notes there may be a number of representatives with red faces. Some speaker candidates have done just that, in the past. Then

they jointly telephoned the representatives whose pledges were "in question" to settle the matter then and there.

**Youths Snare Fishing Lures From Anglers**

AUSTIN—Fish traps are well known in every part of the world, but some Denton County youths have had luck with a fish lure trap.

Below the Lewisville Dam where the Garza-Little Elm Lake goes into the river there is a deep swift channel. This is an ideal spot for channel cat and white bass fishing, but a lot of lures and plugs are lost in these waters.

Some teenagers in the area decided to get some of these lures, according to W. R. Long, Denton County game warden, but they must have wanted new ones. He

reports a rope was strung across the channel about six feet below the surface.

Long, of course, was not present at the installation of the "lure trap," but he was around when it was taken out. The rope was full of fishing plugs and lures "I have never seen a

Christmas tree, so decorated," Long said.

When fishermen cast out, the line would settle over the rope, and the hook would hang when reeled in. "There was nothing to do," Long said, "but break-the line and leave the lure on the hidden obstruction."

# TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

## ADJOURNMENT

Although the word "adjournment" has been mentioned in no less than 10 newsletters, it was always used in the future tense. The word is being used in this newsletter in the past tense because the House of Representatives finally adjourned at 2 a. m. on Sunday morning, August 24, and the Senate followed suit at 4:11 a. m. the same morning. Adjournment is a funny thing. The Congress begins to prepare for it in the spring and works on it all summer but never seems quite ready. This probably explains why it is necessary to stay up all night in order to finally close down the session.

As usual, the House of Representatives finished its work ahead of the Senate. There was very little to do in the House from mid-afternoon Saturday, August 23, except to wait for the spasmodic actions of the Senate on measures that had already been acted upon by the House. We did recess from time to time waiting for one of these measures to be returned for final House action. This waiting period usually creates a tension among the House Members. This tension creates a desire to let off steam and some of the Members like to employ these waiting hours by singing or citing poetry or other such activities on the floor of the House. In some past sessions of Congress singing has been permitted as well as the playing of musical instruments by some of the Members. However, this year these waiting hours

were devoted primarily to the discussion of legislative matters as between the members. Efforts to engage in song and musical activities, or other nonlegislative activities, were stopped. Personally, I feel that the Speaker did a great service in not permitting a departure from action in complete keeping with the jurisdiction and rules of the House of Representatives. It is my feeling that there is a traditional dignity about the House of Representatives and the Senate that should be observed at all times. I feel that this traditional dignity should not be challenged by activities that may appear unbecoming in the least. It is my hope that in the future the adjournment of Congress will, like the convening thereof, be conducted in a decorum befitting a body charged with such serious responsibilities. I feel sure that if the wishes and desires of Speaker Sam Rayburn are adhered to, the House Chamber will never become a forum of frivolity for even a fleeting moment.

## RESUME OF THE 85th CONGRESS SECOND SESSION

The second session of the 85th Congress was continuous from January 7, through August 24, 1958. The House was in session for 562 hours and 12 minutes and met on 135 days. The Senate met on 138 days and was in session for a total of 1,014 hours and 45 minutes. Proceedings of the House required 6,721 pages in the Congressional Record. The Senate consumed 11,389 pages. A total of approximately 44 public bills became law. Three hundred and four of these were House bills and 140 were Senate bills. Two hundred eighty-four private bills became law; 179 were Senate and 105 were House. The House pass-

ed a total of 1,348 measures, including Senate bills, House bills, Senate joint resolutions, House joint resolutions, Senate concurrent resolutions, House concurrent resolutions and simple resolutions. The Senate passed 1,370 of the same. Four thousand nine hundred forty-four measures were introduced in the House, while 1,647 were introduced in the Senate, making a grand total of 6,591 measures introduced during the second session of the 85th Congress. It is well to note that at the time these figures were compiled on August 27, 1958, only 444 of the public bills had become law. This will afford some idea of the exhausting screening process through which all measures introduced in the Congress must pass before becoming law. In the House of Representatives there were 102 quorum calls and 93 yeas and nay votes, making a total of 195 recorded votes and quorum calls. The Senate had 114 quorum calls and 202 yeas and nay votes. All bills are not passed by a record vote. A yeas and nay vote may be on a motion to strike the enacting clause, on a motion to recount or on passage of a bill. This explains why there were more bills passed than there were yeas and nay votes. The President vetoed 6 Senate bills and 8 House bills or a total of 14. Only one veto was overridden. He presently has several bills on his desk which may be vetoed before you receive this letter.

## IMPORTANT NOTICE

My Washington office is open 12 months during the year. Should any of you need any assistance or information on any subject or matter in which I can be of help, you may obtain immediate information from the Washington office. The telephone number is CAPITOL 4-3121, extension 3706.

You do not need this number but it will help to expedite any calls. You can get in touch with me by simply calling for Congressman Walter Rogers in Washington, D. C. I expect to be traveling around the District and visiting with the people, but if you will call the Washington office, your needs will be taken care of without delay.

Originally, 90 percent of our people lived on farms and produced their own food, clothing, and shelter. Now 20 percent of our people are producing all the Nation's food and releasing the rest of us to become engineers, lawyers, dentists, doctors, business and professional men—in fact, butchers, bakers, and candlestick-makers.

**Key your Kitchen to MODERN living with an Electric RANGE**

Cook and clean up — meal after meal — day after day? If you're on a treadmill like this, find out how easily you can cook better — and live better... electrically.

Electric cooking is faster, easier, cleaner. Your electric range will fry, barbecue, roast, broil, bake and boil—without the slightest attention from you. No wonder that modern electric cooking means a happier you!

Ask your dealer how you too can key your kitchen to modern living with an electric range—how you can LIVE BETTER ELECTRICALLY!

Electric Cooking is Inexpensive — To cook the modern, electric way costs the average WTLU family less than 3 cents a meal — about \$2.34 a month.

MUNICIPAL AND INDUSTRIAL WATER AUTHORITY, the post-office address of which is Hedley, Texas, on the 11th day of August, 1958, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Salt Fork of the Red River in Donley County, Texas, not to exceed 30,000 acre feet of water per annum, 18,000 acre feet for municipal use and 12,000 acre feet for industrial use; capacity of proposed reservoir 100,500 acre feet, being more fully set out in said application.

Station 40 - 00 of the proposed dam is located at a point which bears south 1200 feet from the northwest corner of H. & G.N. RR. Company, Block 21, Section

No. 117, on the north bank of Salt Fork of Red River in Donley County, Texas, and is distant approximately 10.0 miles in a northerly direction from Hedley, Texas.

A hearing on the application of the said GREENBELT MUNICIPAL AND INDUSTRIAL WATER AUTHORITY will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, OCTOBER 6, 1958, beginning at two o'clock p. m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Board and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Board Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this the 11th day of August, 1958.

**A Good Cover Crop—Austrian Winter Peas**

have made conditions ideal for the planting of fall cover crops. Many cooperators have already got their cover crops up to an early start. Interrow seeding of cover crops is becoming popular with operators throughout the area. Kenneth Brinson of Hedley and Richard Finch of Clarendon have interrow seeded cover crops which were up before the rain.

The best time to interrow seed cover crops is just after the last cultivation. This will provide some growing time for the cover crop before cold weather retards growth. Cotton is an ideal row-crop in which to inter-seed cover crops. The district has equipment available especially adopted to the planting of cover crops in this manner.

Good cover crops will provide a lot of protection for the soil against wind and water erosion. Cover crops will also improve the tilth of the soil by adding organic matter which in turn will also increase water infiltration.

Information on cover crops may be obtained by contacting the local Soil Conservation Service Office.

**THE CAR**

ELECTRA 225 IN THE EYE-STOPPING NEW 4-DOOR HARDTOP

Here it is . . . and now you know! Know why we have called this *THE CAR*. Know that a new generation of great Buicks is truly now here. From just this one view you can see that here is not just *new* design . . . but splendidly *right* design for this day and age. A car that is lean and clean and stunningly low . . . and at the same time great in headroom and legroom, easy to get into or out of. And when you see your Buick dealer and walk the whole wonderful!

way around this Buick, you'll know still more how *right* all this is. From anywhere you look, here is a classic modern concept that is Buick speaking a new language of today. A language of fine cars priced within the reach of almost anyone. A language of quality and comfort and quiet pride of ownership. And when you see your quality Buick dealer and get behind the wheel, the car will speak to you in a language of *performance satisfactions* without equal.

**THE LOOK.** A clean, lean, new kind of fine-car look. The look of the best-engineered, best-manufactured Buick ever built . . . and the most excitingly beautiful design in Buick's nearly 60 proud years.

**THE ACTION.** Get the feel of thrifty new Wildcat engines. New Equipoise ride. New fin-cooled rear brakes and aluminum front brakes. New Twin-turbine and Triple-turbine transmissions.\*

**THE QUALITY.** Buick quality to the core, new super-quiet bodies by Fisher. New Magic-Mirror finish retains its beauty longer. New interior décor throughout. Safety-Plate Glass everywhere. Magnificent new quietness, new comfort, the feel of fine-car quality everywhere! Yours to test, yours to savor—the magnificent new Buick for 1959.

\*Optional at extra cost on certain models.
