Funeral Services Held Wednesday For W. H. Cooke Jr.

Funeral services were held Wednesday morning at St. John The Baptist Episcopal Church for William Henry Cooke Jr., with the Ven. Claude E. Canterbury officiating.

Mr. Cooke, 70 year old native of this city, died at his home here Monday morning following a quite lengthy illness. Mr. Cooke was born Feb. 20, 1888 in Clarendon.

His father, the late W. H. Cooke, was Clarendon's first banker, and William Jr. was one of the first children born in Clarendon after its founding.

Mr. Cooke was a representative of Stafford-Lowdon stationary firm of Ft. Worth and had traveled the Panhandle area for a long number of years. He was a member of the Episcopal Church here.

Surviving are two sons, Alex K. of Lubbock and W. H. Cooke III of Hedley; four sisters, Mary Cooke of Clarendon, Mrs. Frances Forrest and Mrs. Helen Carr, both of El Paso and Mrs. Julia Cooke Smith of Amarillo; two brothers, Dick of Clarendon and Allen of Almarred and four grandchildren. Pallbearers were Emmett O. Simmons, William S. Greene, A. G. Alexander, Pat Slavin, Stina Cain, and W. K. Hardin.

Linda Kay Hardin Crowned Football Queen

Miss Linda Kay Hardin, daughter of Mr. and Mrs. Hall Hardin, was crowned football queen at the Homecoming Ceremony at the half of last Friday night's game with White Deer here. She was escorted to the queen's stand and crowned by football captain John Morrow.

The queen's escorts were Miss Sharon Smith, daughter of Dr. and Mrs. George W. Smith, and Miss Karen Knorpp, daughter of Mr. and Mrs. Walter B. (Buddy) Knorpp. The escorts were in turn escorted to the queen's stand by football co-captains, John Richerson and Milton Mann. Miss Hardin and Miss Smith are both junior students in Clarendon High School while Miss Knorpp is a freshman.

The brief ceremony took place immediately after the end of the first half of the game. The high school band and all members of the football squad participated in the crowning.

Seek To Secure Increase In Cotton Allotment For Donley County

Mr. Horace A. Green, Vice Chairman of the Donley ASC Committee, and Mr. H. M. Breedlove, County Agent, made a trip this week to College Station to meet with the State ASC Committee to do all in their power to secure an increase in cotton allotment for our county for 1959. With the hardships suffered in this county the last two years, the County Committee and Mr. Breedlove feel that there should be some consideration for our county. Mr. W. H. Cooke, III, Chairman of the Committee was to have gone along to meet with the State Committeemen, but could not do so after the death of his father on Monday of this week.

All the helpful information available in the county office was prepared for Mr. Breedlove and Mr. Green to take along, and because they firmly believe that our Donley County producers have not had consideration in the past for being a diversified farming county these two men will be most convincing in their petition for more cotton allotment for this county.

LAW VIOLATION ACTIVITY REPORT FOR DONLEY COUNTY AND NEARBY AREA.

Following is an activity report for the period Oct. 15-21. The Leader will attempt to have this report from all officials in the county every week showing the number and type of arrests made by each department.

Highway Patrol:
 Speeding arrests—10
 Disregard stop sign—2
 Wrong side of road—1
 DWI (Felony)—1
 Hit and run Accident (cleared)—1
 Traffic Violation Warnings—64.

REBEKAH'S ANNUAL MEXICAN SUPPER NOVEMBER 1st

LEADER CLASSIFIEDS GET RESULTS.

Local Students Honored In College Elections

In the recent class and student body elections held by the Clarendon Junior College students, the electors of each division honored local students with the top posts of leadership by electing Walton Crain as President of the 1958-'59 Student body. The students of the sophomore class chose Jimmy Carter as their President and the Freshman class selected Richard Vallance to the presidential responsibilities and leadership during their first year in college. All three of the above local students have served in various class offices in the past, and proved their abilities and honorably accepted their responsibilities, and we can feel sure that they will serve with as much credit during this school year.

Other officers who will work with these presidents to promote student activities and build better school spirit and moral are: Vice President of the Student body, Nancy Challenor from Plano, Texas; Secretary-Treasurer of the Student Body, Myrlene Nichols from Bula High School near Morton, Texas; Vice-President of the Sophomore class, Jack Buttram of Alamogordo, New Mexico; Secretary of the Sophomore Class, Marilyn Ayers of Lelia Lake; Treasurer of the Sophomore Class, Janice Martin of Cleo Springs, Okla.; Vice-President of the Freshman Class, Gano Wilson of Quail; Sec.-Treas. of Freshman Class, Carolyn Wright, Quail.

Hedley Church Is Honored

The District 10 Church Achievement Award, sponsored by the Baptist General Convention of Texas, has been granted to the First Baptist Church of Hedley.

The district's 19-county area extends from Hall County to the north, east and west borders of the Texas Panhandle. It includes 105 churches and seven missions with more than 57,200 members, and is one of 17 areas in the state in which the achievement program is carried on.

The Hedley church will be one of 17 to be judged for statewide honors as Texas Baptist convene in San Antonio, Nov. 3-5th.

Dr. O. C. Curtis, of Amarillo, district missions secretary, said the Hedley church during the past year conducted an improvement program to win the award. It built a new \$35,000 sanctuary, with men of the church donating cost of the labor, to replace a building destroyed by fire.

The Rev. J. S. Tipton, pastor, said members of his congregation refurnished several educational areas and landscaped the church grounds in other improvement projects. The new sanctuary includes four Sunday school rooms, a baptistry, administrative offices and central heating and cooling equipment. Community improvement projects included youth recreational programs, vacation Bible schools, and spring and fall revivals, while world improvement projects were gifts to missions through the Texas Baptists' cooperative program and contributions to a Chinese scholarship student.

FORMER RESIDENT DIES IN COLORADO

Friends received word here Wednesday morning of the death of Francis M. Brown in Denver, Colo., Monday night. Mr. Brown had suffered a heart attack at his home in Walsenburg, Colo. Funeral services have been set for today, Thursday, with burial at Colorado Springs.

Mr. Brown was foreman of the old Jordan ranch south of Ashtola for a number of years.

Among survivors are his wife Eva Brown, a son Bobby and a daughter, Jeanette, all of Walsenburg.

FARM NEWS

from the County ASC Committee

RECORDS
 In order that our records may be kept current, please advise us of: (1) change of address; (2) sale or purchase of acreage; and (3) any change in operations that could affect payments made thru this office.

ACREAGE RESERVE
 This year we had some 218 Acreage Reserve (Soil Bank) Agreements in our county. Likely this will mean that there is wheat or some small grain crop seeded for harvest in 1959 on the Soil Bank land on approximately 20% of these farms. Any or all of you who have followed this practice are urgently reminded that even though you have received your Acreage Reserve payment for 1958, this land is still under contract until January 1, 1959, and must not be grazed until then. Violations are very serious and quite expensive matters. Don't graze your 1958 Acreage Reserve yet.

CONSERVATION RESERVE PROGRAM
 Applications for a rate under the Soil Bank Conservation Reserve (See FARM NEWS, Page Eight)

Local Pharmacy Ranked High In State Ratings

Bob Moss Rexall Pharmacy ranked number 22 in Texas this week in Rexall Drug Company's annual rating of individual stores. This competition is with large and small stores, and large and small cities, no holds barred. The final standings are determined by purchases and sales of Rexall Drug Company merchandise. Bob Moss is proud of this rating which has risen from 423rd position in 1950 to 22nd position currently. These figures indicate that Clarendon and Donley County are offering a steady increase of potential business to all progressive merchants and businessmen.

Colts Defeat Lefors Villians 26 to 6

The Jr. High Colts displayed their power last Thursday by giving the Lefors Villians a good drubbing by the tune of 26-6 and three other touchdowns were called back due to some infraction of the rules.

Quarterback Dwight McAnear, fullback John Cearley and end Gerald Johnson scored two touchdowns each and each had one of the scores called back. Gary Campbell and Jerry Elmore also scored for the Colts.

The Colts will play their final scheduled game of the season here tonight in Broncho stadium at 7 o'clock with the Claude Colts. All you football fans are urged to come out and watch the Colts play tonight and give them your support.

WILL CELEBRATE HOLY COMMUNION SUNDAY MORNING

St. John the Baptist Episcopal Church will celebrate Holy Communion Sunday at 11 o'clock.

The Venerable Claude C. Canterbury, archdeacon of the Missionary District of North Texas, will conduct the service. Luncheon will be served in the Mission Hall after the service.

HOSPITAL NOTES

Patients as of Wednesday, October 22nd:

Mrs. C. E. Johnson, Mrs. J. E. Watts, Mrs. V. L. Watts, Mrs. B. L. Graham, Mrs. Carrie Porter, Mrs. E. F. Morris, Mrs. J. L. Rea.

Dismissals:
 Mrs. Bob Baird, Mrs. Ormie Harlan, Frankie McKinney, O. R. Morgan and Mrs. C. A. Pitts.

White Deer Overpowers Bronchos, 39 to 6

The big, fast and experienced White Deer Bucks lived up to every expectation here last Friday night as they handed the Clarendon Bronchos their worst whipping of the season, 39 to 6. The Bucks used the running of Hershel Powell, Allen Harman and Don Adams, the passing of Adams and the pass-receiving of Jeffrey Bearden to remain undefeated for the season and establish themselves as top-heavy favorites to win District 2-A.

The smaller and less-experienced Clarendon team fought the visitors all over the lot for the first half. White Deer scored first late in the first quarter when Harman climaxed a 56 yard drive with a three yard scamper around right end. Harman also added the extra points with a run off tackle to make the score 8 to 0. A few minutes later, John Morrow brought the crowd to its feet with a beautiful 44 yard run scoring through the middle of the White Deer line, only to have it nullified by a clipping penalty. The foul occurred on the Buck's 22 yard line and 15 yards was marked off from there. The Bronchos marched down to the White Deer seven yard line before being held for downs.

The Bronchos finally scored midway of the second quarter. They recovered a Buck fumble on the White Deer 46 yard line and five plays later had the ball down to the opponent's 25 yard line. From here, Morrow circled right end for the touchdown. Dewey Wilson attempted the conversion but failed. Late in the second quarter the Bucks added their second touchdown when Adams passed to Bearden for 28 yards and the score. The conversion failed and the half ended with White Deer holding a slim 14 to 6 lead over the fighting Bronchos.

The second half saw White Deer take command and increase their lead with two touchdowns in each of the third and fourth quarters. The Bronchos kicked off to the Bucks and on their first play from scrimmage, Powell raced down the right side lines for 69 yards and the touchdown. A little while later the Bucks covered a Broncho fumble on the Clarendon 24 yard line and drove from there for the score with Harmon going the last four yards. In the fourth quarter, Don Adams, the Buck quarterback, went 83 yards for a touchdown and near the end of the game Dickie Hanna passed to Thomas Lester for 16 yards and the final touchdown.

The Bucks rolled up 392 yards running and added 114 passing for the staggering total of 506 yards from scrimmage. The Bronchos made 224 yards rushing and 33 passing for a total of 257 yards from scrimmage. The Bucks made 19 first downs to 14 for the Bronchos; attempted nine passes and completed five while the Bronchos attempted nine passes and completed three.

Morrow was outstanding on offense, picking up a total of 116 yards; Wilson added 51 and Lefew 43. Defensive standouts were John Richerson, Milton Mann, Lynn Spier, Morrow, Wilson and Lefew.

Lelia Lake P.T.A. To Sponsor Halloween Carnival, Oct. 30th

The Lelia Lake PTA is planning a Halloween Carnival for Thursday night, October 30th at 7:30 in the high school gym.

There will be a number of booths for entertainment and each room is sponsoring a king and queen contest. Good food will be served in the lunch room beginning at 6 p. m. The coronation will climax the event.

Mr. and Mrs. John Gillham spent the day Saturday with their daughter, Beth, who is a student at Texas Tech, Lubbock.

Greenbelt Water Names Group To Confer With Federal Representatives

A committee from directors of the Greenbelt Municipal and Industrial Water Authority has been appointed to meet with officials at the regional Federal Reclamation Service in Amarillo this week, it was announced this morning by President S. H. Townsend.

The committee is scheduled to meet at 10 a. m. Thursday at the Federal building in Amarillo.

The purpose of the meeting will be to learn what participation can be expected from the federal government in the erection of a dam across the Salt Fork of Red River to provide water for the member cities in the District.

Congressman Walter Rogers is scheduled to be at the meeting in Amarillo also.

Those named to the committee are George Shadid of Wellington, Wendell Harrison of Memphis, Carroll Knorpp of Clarendon and Clifford Johnson of Hedley.

Townsend plans to attend the meeting also.

A permit to build the dam was granted a few days ago by the State Board of Water Engineers in Austin. At the same time the Authority applied for a loan of \$3,000,000 from the Texas Development Board.

Member towns in the Authority are Childress, Quanah, Wellington, Paducah, Memphis, Hedley and Clarendon.

Benny Edens Critically Burned In Explosion

Benny Edens, husband of Mrs. Barbara Estlack Edens and son of Bill Edens of this city, was critically burned in an explosion at an oil well near Spearman last Thursday night. He received second and third degree burns to his entire body from the waist up and also received several first and second degree burns on both legs.

Benny and two other workers at the rig were in the "dog house" when a butane stove exploded. After the explosion, the men had to go through the flame to reach the outside as the stove was near the door-way. The three men were rushed to the Hansford County Hospital at Spearman for treatment.

At last report Benny was reported doing as well as could be expected considering the extent of his burns and barring all complications, is given a very good chance of recovery. Visitors are being discouraged for the next several days but Benny would be happy to receive cards or letters from his many friends.

Bronchos Travel To Lefors For Game Friday Night

The Clarendon High School Bronchos will go to Lefors this week to play the highly regarded Lefors Pirates. Game time will be 7:30 Friday night.

The Pirates, winners of the district crown last year and returning ten of eleven starters this year, started off in great form this year and the week before their game with White Deer were ranked second in the state in class A teams. The Lefors eleven opened the season with a 48 to 0 win over Shamrock, then took Sunray, 34-0; Wellington, 38-0, and Memphis, 56-0. Then came their crucial game with White Deer in which they lost 36-6, then went down before the Stinnett Rattlers last week, 20-14. In six games the Pirates have scored 196 points to their opponent's 56. Tommy Johnson, their fine quarterback, has scored 102 points. The Bronchos in seven games have scored 52 points as compared to their opponent's 107.

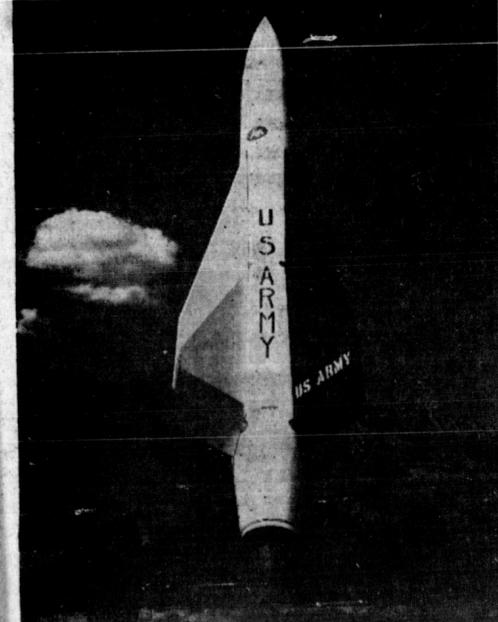

The Pirates will be especially after the Bronchos since they have not beaten Clarendon since 1954. In 1955 the Pirates were highly favored to win the district but were upended by a surprising Broncho team, 31 to 20. Then in 1956, the Bronchos crushed the Pirates 61 to 14, and last year handed them a 14 to 7 licking for the Pirate's only conference loss. Add to that the fact that Coach Tom Jinks was raised and played his high school football in Lefors, the Pirates certainly will have the incentive to win this one.

Coach Jinks has listed his tentative starting line-up as follows: Ronnie Tyra and Ted Weatherly at ends; Lynn Spier and Jerry Gray at tackles; Milton Mann and Dennis Bradshaw or George Mays at guards; John Richerson at center; Neel Carter at quarterback; Darrell Lefew and Dewey Wilson at halfbacks and John Morrow at fullback. The coach is experimenting with some possible switches this week end has said that he may possibly move Lefew to left end, Tyra to center, Richerson to fullback and Morrow to halfback.

The Pirates will outweigh the Bronchos approximately 17 lbs. per man in the line and about five pounds per man in the backfield.

The Bronchos will enjoy an off week next week and will resume play against the Canadian Wildcats at Broncho Stadium on November 7.

Mrs. Kenneth Sams and children of near Brownfield are spending a few days here with her parents, Mr. and Mrs. A. D. Estlack and Dana.

DEADLY DEFENDER—Next to be added to the arsenal of operational missiles fulfilling the Army air defense mission is the supersonic Hawk. Nikes Hercules and Ajax, already on site in the U. S., have proved their ability to down fast-flying planes. The mobile Hawk will pounce on low-level enemy raiders.

MRS. JEE'S LIEUTENANT—Lt. Col. Denmark C. Jensen of Boise, Ida., and of the Army Advisory Group to Korea, prepares to distribute clothing to Korean orphans. Mrs. Jenny Lee of Emmett collects the clothing from fellow Idahoans who have helped to support 11 orphanages since last Christmas.

HEDLEY NEWS

Mrs. Paul Duncan

Hedley is back to normal after the Cotton Festival. Fall harvest is well underway; feed crops are almost out; some late crops are to be gathered. In general crops are good. School will remain out until Oct. 27. The pupils are very busy helping while school is dismissed.

The School of Missions of The First Baptist Church will be this week with different missionaries speaking each evening. Rev. Tipton says he is expecting a good attendance.

Rev. C. W. Lisenbee Dies
 Rev. C. W. Lisenbee passed away in Veterans Hospital in Waco Thursday morning, Oct. 16 after a lengthy illness.

Funeral services were held in the First Baptist Church of Ver-

non, Texas, Sat., Oct. 18 at 2:00 P. M. The Rev. Lisenbee was formerly pastor of the First Baptist Church of Hedley. While at Hedley he led in the construction of a new educational building and it was while working on this building he became ill and had remained bedfast over eight years. Rev. L. A. Sartain of Friona officiated assisted by Rev. Jack Merritt of Vernon and Rev. J. S. Tipton of Hedley.

He is survived by his wife, Mrs. Elva Lisenbee, one daughter, June of Waco, Mrs. Nell Lisenbee of Vernon his step-mother, and a host of friends.

Serving as pallbearers from Hedley were Otis Owens, John Nash of Wellington, Chas. Rains of Amarillo. The others were from other churches where he had pastored.

Hedleyans attending the services were Lee Everett, Mr. and Mrs. R. W. Alewine, Mr. and Mrs. V. F. Wade, Rev. J. S. Tipton,

Miss Myrtle Hall, Mesdames Royce Hall, Jewell Quisenberry, Annie Simmons, Pauline Moffett, Dot Messer, Joe Miller, Marshall Stone, Milt Mosley, Mr. and Mrs. Jess Beach and possibly others.

Mrs. Dee B. Leach is home from a Groom hospital after major surgery and is doing fine.

Mr. and Mrs. C. K. Alewine of San Benito, Texas and Mrs. Inez Ross of Boswell, Okla. spent the week end with the R. W. Alewines.

Mr. H. Hoggard is doing fine after surgery in Northwest Hospital in Amarillo last week.

Mr. and Mrs. U. J. Boston of Amarillo visited friends here last week. We are always glad to see these good people.

Mr. George Frost celebrated his 84th birthday Oct. 2nd. He was honored with a birthday dinner by his children and grandchildren. We wish him many more happy birthdays.

Mrs. C. P. Cunningham of Enid, Okla. is spending a few days with her mother, Mrs. Eva Parker who has been ill in a Memphis hospital.

Mr. and Mrs. Kent Bellah of St. Jo spent the week end with the Dees Franks and the Stewarts. Mrs. Bellah will be remembered as Hazel Stewart.

Mrs. Iva Harris of Rotan spent week end with Mrs. Reeves and Myrtle.

Mr. and Mrs. H. H. Hall are visiting their children, Mr. and Mrs. Sam Owens Jr. and family in San Antonio.

Ella Kirkpatrick of Amarillo spent week end with the Herman Kirkpatricks.

We extend sympathy to Mr. and Mrs. H. E. Darnell in the death of their infant daughter. Grave

side services were held Monday morning at 10 o'clock.

Another friend and neighbor has passed on in the death of Mr. Lair. We extend sympathy to the family.

Mrs. Anna-Mae Riddle and son of Amarillo spent the week end in the Walter McCracken home. Several renewed their Leader for another year. Others subscribed for it. See your Hedley Reporter and renew or subscribe.

Mr. and Mrs. T. J. Cherry, Mr. and Mrs. Aubrey Lee Cherry and baby spent first of week in Midland.

Mr. and Mrs. Bert Whittington and son Reece of Hereford spent week end with Mrs. Ethel Kinslow.

Mr. and Mrs. Murry Wolf of Long Beach, Calif., Mrs. Sam McCarrill of Sweet Water, former Hedleyans and pioneers greeted old friends Saturday.

Mr. and Mrs. Bill Scales spent Sunday and Monday in Abilene with their children, the Kenneth Whisenants. Rusty came home with them for a visit.

Mrs. Mary Stotts and daughter, Nelda, Mrs. G. F. Foster are vacationing in Mississippi.

Mrs. Elnore Stuckey left Monday for a visit with her daughter and family in Bridgeport.

Mrs. Clifford Johnson spent first of week in Idalou.

Mr. and Mrs. J. C. Upton of Memphis are the parents of a fine little daughter, born Oct. 15; weighed 7 1/2 lbs. The name chosen for her was Mary Cynthia. Her Hedley grandparents are Mr. and Mrs. Roy McKee. Congratulations!

90 mile cars plus 60 mile roads plus 30 mile drivers equals DEATH.

Honestly, now, what's the hurry?

Mr. and Mrs. Ira Self visited his brother, French Self and family of Quail Sunday.

Rancher Comes Home To Wed Swiss Bride

While 240 rapt-faced boys watched, ex-Boys Rancher Charles Peterson and charming Eleanor Zaugg of Zurich, Switzerland, exchanged nuptial vows in the newly-remodeled Boys Ranch chapel on the afternoon of September 18th.

Like every boy about to be married, Charles, or Red as he's usually called, wanted to show off his lovely bride-to-be to the home folks so it was only natural

BACKER-UP—Among the proudest of Army artillerymen are these Seventh Corpsmen in Germany who man the 280mm cannon, capable of lofting atomic shells deep into enemy lines. Developed after World War II, the gun filled the gap between conventional artillery and today's atomic-warheaded missiles.

that he brought her to the place he called home for more than seven years.

Red met the attractive, young Swiss girl in Zurich while on furlough from his artillery unit in Stuttgart, Germany. They became engaged on a trip on Lake Lucerne but it was two years before Eleanor could come to the states.

When her date of arrival was known, Charles asked Mr. Farley if the wedding could be held at the Ranch and the affirmative answer was given with great pleasure.

Many difficulties had to be surmounted in bringing Eleanor to this countrf and Charles had little time for relaxation. In addition to his studies in Sociology as a junior at West Texas State, he worked a full eight hours at night and in his "free" time, he had to fill out myriad forms and complete a great amount of correspondence necessary for arranging Eleanor's coming to America.

All the time that plans and details for the wedding were being handled, work on the chapel was stepped up to a furious pace in order to have it completed in time. Even as the guests were gathering for the ceremony, electricians were making final installation of lights.

It wasn't until just fifteen minutes before the wedding was to begin that workmen finished laying the carpet and cleaned out their equipment. But despite the hectic rush the chapel was completed and it was quite fitting that the first service should be the wedding of a former Boys Rancher.

Cal Farley gave the bride away and his daughter, Mrs. Sherman Harriman, attended Miss Zaugg as matron of honor. Mr. Harriman was the best man and Rev. Robert Skinner of Amarillo's Presbyterian Church officiated at the double ring ceremony.

After the ceremony, the bride and groom and wedding party left the chapel through an honor guard of twelve mounted Boys Ranchers and then went immediately to the new dining hall for a formal reception.

In speaking of all the effort and work put forth by the Ranch and members of the staff, Charles stated, "It's wonderful that everyone did so much for us just because I once lived at the Ranch. I guess that no matter where the exes are or what they do, they'll always be Boys Ranchers".—Boys Ranch Roundup.

1926 BOOK CLUB

The 1926 Book Club met Tuesday afternoon, October 21, in Patching Club House. Mrs. John Gillham, president, was in charge of the meeting. After the Club Collect, business meeting was dispensed with.

Mrs. W. C. Thornberry gave a very interesting and entertaining review of the true short story "My Heart Lies South" by Elizabeth Barton de Trevino. Mrs. Trevino was an American girl who married a native of Monterey, Mexico. The story gives an account of her life and her problems of adjustment in her life south of the border.

Hostesses for the occasion were Mrs. Loyd Johnson and Mrs. Nelson Seago. The Halloween motif was carried out in the table decorations and throughout the entertaining room. Doughnuts with apple cider from a black boiling Caldron were served with smiling Jack O' Lanterns and witches looking on.

The following members were present: Mesdames John Gillham, C. B. Morris, B. C. Antrobus, E. S. Ballew, Homer Jones, J. R. Brandon, Clyde Hudson, Loyd Johnson, W. C. Thornberry, J. N. Weaver, Frank White, Jr., Johnny Leathers, and Nelson Seago. —Reporter.

H. D. CLUB

The senior Home Demonstration Club met Friday afternoon in the home of Mrs. Mae Kennedy. The president, Mrs. R. C. Bingham presided. During the business session, roll was called and the minutes read, then plans made to quilt a quilt at the next meeting.

Refreshments of sandwiches, ice box cookies, coffee and tea were served to nine members and one visitor. —Reporter.

Delta Kappa Gamma Regional To Meet Here Oct. 24-25th

The Annual Delta Kappa Gamma Regional will meet in Clarendon October 24 and 25. More than 100 women teachers from 26 Panhandle counties are expected to attend.

The President's Dinner and Workshop will be held in the Homemaking Department at 7:30 Friday evening.

Registration will begin at 9:00 A. M. Saturday in the Administration building of the Clarendon Junior College.

The theme of the Regional is: "In Vain We Build a World Unless the Builder Also Grows."

Dr. Madge Davis, Professor of English in the Midwestern University at Wichita Falls, and State President of Delta Kappa Gamma will be the Regional Director and will be assisted by Miss Sara Dunn Sistrunk, Music Supervisor of the Fort Worth schools, and State Music Chairman of Delta Kappa Gamma.

Gamma Kappa Chapter will be hostess to the Regional under the capable leadership of President Velma Weaver.

Other chapters participating in the Regional are: Pi Chapter, Miss Gladys Wallis, Amarillo, President; Beta Delta, Mrs. Kenneth Walters, Pampa, President; Gamma Eta, Miss Stella Bowman, Lorenzo, President; Gamma Theta, Mrs. R. T. Bowen, Perryton, President; Gamma Ki, Miss Marie Reynolds, Dalhart, President.

After the morning session luncheon will be served in the auditorium of the gymnasium by the Lelia Lake Methodist ladies.

State President of Delta Kappa Gamma

DR. MADGE DAVIS

Dr. Madge Davis will be the guest speaker at the luncheon.

PATHFINDER CLUB TO MEET FRIDAY

Mrs. C. B. Morris and Mrs. William S. Greene will be hostesses to the Pathfinder Club at 4 o'clock Friday, October 24th. The program will be on the Arab countries and Middle East accessories will be used to enhance the interest. Mr. J. Eudy, Vocational Agriculture teacher will show picture slides taken in the Middle east which will depict the customs of those countries. Pathfinder members please be present. —Reporter.

Mr. and Mrs. Wm. J. Lewis, Jr. left Sunday for Louisville, Ky. to be gone a week.

SARA DUNN SISTRUNK

MIDWAY CLUB

Club met Oct. 21st with Josie Simmons. A sack lunch salad and cake was enjoyed by Ellen Moreland, Lillie Mae Carmichael, Jewel Myers, Lissie Loyd Hillis, Pearl Terry, Louise Riley, Marjorie Hensley, Katie Bell Wells, Terry Wells, Katherine Carmichael, one guest, Mrs. Murphy Brock.

Two quilts were finished and another worked on. Next meeting will be with Katie Bell Wells Nov. 4th. Bring a sack lunch. There will be a Stanley Party in the afternoon.

M.Y.F. OF LELIA LAKE METHODIST CHURCH

We were opened with prayer by Evelyn Chamberlain. There were 10 present. The program was on "There's Always an Answer." We were closed by M.Y.F. Benediction. —Reporter.

CHAMBERLAIN CLUB

The Chamberlain Club will meet Thursday, Oct. 23, at the Community Center with Clara Mae Carter as hostess. We will quilt.

Don't forget about the Halloween party at the Chamberlain Community Center, Friday night, Oct. 24. Bring pie and come and have a lot of fun with us. —Reporter.

LELIA LAKE PTA MEETS

The Lelia Lake P-TA met for its regular meeting Monday night. The program was in memory of Wayne Aten. John Bob Butler, president of the M.Y.F. presented Mr. Spire's, "The Robe", a book for the Lelia Lake Library. Ann Stepp, president of the student council, presented to Wayne Chenault for the school, an 8 x 10 bronze plaque of Wayne Aten. A large number attended. Coffee and cake were served after the service. —Reporter.

Visitors in the home of Mr. and Mrs. U. T. Fowler Sunday were a daughter, Mrs. Beatrice Foster, a granddaughter, Mrs. Joe Sullivan and Rodney Joe, and a sister and her husband, Mr. and Mrs. Fee Fellows, all of Amarillo.

Mrs. C. W. Martin is visiting her children in California.

ASHTOLA NEWS

Mrs. Doyce Graham

Mr. Joe Sasser visited in the Woodrow Ashcraft home over the weekend.

Joe Sasser and Jimmy Ashcraft went to Albuquerque Sunday and returned Monday.

Mr. and Mrs. J. C. Ashcraft and Fern had supper Monday night with Mr. and Mrs. Woodrow Ashcraft and family.

Mr. and Mrs. Gene Row had supper Sunday night with Mr. and Mrs. Woodrow Ashcraft and family.

Mrs. Fred Row, Brenda and Rickey visited Friday night with Mrs. Woodrow Ashcraft and children.

Mr. and Mrs. W. A. Poovey spent the past 5 days in El Paso with Mr. and Mrs. Charles Catoe and boys.

Mr. and Mrs. Bill Graham are moving to Dalhart, and they spent Monday with Mr. and Mrs. J. M. Graham.

Mr. and Mrs. Homer Deaton and Mr. and Mrs. Hubert Deaton all of Amarillo visited Mr. and Mrs. John White Sunday.

Mr. and Mrs. Loren Rhoades and Leon of Amarillo visited the Hubert Rhoades during the week end.

Rev. Foster and his sister, Miss Foster, and Mrs. Daletta Burkett were traveling to California, and stopped to spend the night Thursday with Mr. and Mrs. J. M. Graham.

Mr. and Mrs. Francis Hill and children of Hereford visited during the week end with Mr. and Mrs. Gracie Henson.

Mr. and Mrs. H. O. Talley and children of Dodson spent Sunday with Mr. and Mrs. H. A. Graham.

Mr. and Mrs. Ed Robison of Claude visited Mrs. S. G. Evans Monday.

NEEDLE CLUB

Our Needle Club met Thursday in the clubroom with Mrs. H. A. Graham hostess. Mrs. M. L. Rattan won the prize with her exhibition of stuffed dolls and animals. Plans for a Halloween Carnival were discussed and also plans for a rummage sale.

At the next regular meeting on Nov. 6, Mrs. Carl Barker will be

hostess and Mrs. Clyde Hudson will be leader.

The hostess served cake and punch to ten members.

Our own Linda Kay Hardin was crowned queen of the Broncho football squad Friday during high time activities of the Homecoming Game.

Mrs. Jerry LaGrone and children of Canyon are visiting this week with her parents, Mr. and Mrs. C. C. LaGrone.

Mr. and Mrs. Theron Holland of Amarillo announce the arrival of a daughter, October 7. She has been named Laura Lisa and weighed 7 lbs. 4 oz. She is the granddaughter of Mr. and Mrs. J. C. Heathington and Mr. and Mrs. C. W. Martin.

I wish to take this means of thanking all my friends and neighbors for the flowers, cards, visits and other kindnesses during my stay in the hospital. May God bless each of you.
O. R. Morgan

We are sincerely grateful to friends and neighbors for their many kind acts of sympathy during our sad bereavement. We wish to thank the ladies of the Church of Christ for the food that was prepared, and those who sent flowers. May God's blessings be with each of you always.
The family of Mrs. Sid Endsley

100 Years Ago in Texas

October 19-25, 1858
INDIAN BATTLE
 We condense the official report of Major Van Doren which we find in the San Antonio Herald. We think the contingency has arrived when the President ought to take the responsibility of calling out a Texas Regiment. On the 29th, two Indian spies came in, and reported a large Comanche camp, near the Wichita Village about 90 miles due East from the Depot. On receipt of this, all the stores, draught mules, and extra horses, were put within the stockades, and four companies of cavalry, with the Indian allies, made a forced march of ninety odd miles in thirty-eight hours, and arrived at the villages on the 1st inst. The enemies camp was charged a little after daylight.

The number of Indians is variously estimated, probably there were about 400. Lt. Van Camp fell with an arrow through his heart. Three privates were killed, one missing—supposed to be dead—another has since died of his wounds. Among those dangerously wounded are Maj. Carl Van Doren, Capt. S. Ross, and Corporal Taylor. Mr. J. T. Ward, sutler to the company, and several others, eight or nine in number, are slightly hurt. Lt. Major killed three Indians in a hand to hand fight, and Capt. Evans and Lts. Harrison and Phifer, two each.

Scientific Facts

MINERAL SPRINGS
 To trace the successive changes which take place in water from the time it falls on the ground, as rain, and settling through layer after layer, the fissures of rocks, runs in underground streams, or collects in underground basins, until, finding an opening leading to the surface, it bursts out, laden with earthy, saline, and gaseous matter, which it has either found or manufactured in its progress, is highly entertaining and instructive. Mineral Springs are either hot or cold. The question as to what depth below the surface the heating of the water takes place is generally referred to the theory of the central heat of our globe.

FURNITURE!
 The oldest establishment in Austin is now opened again. In a short time we will be prepared

to manufacture all kinds of furniture in a superior manner. None but the best workmen will be employed, and we confidentially expect a share of patronage.

Antelope Crop Shows Big Gain In Trans-Pecos

AUSTIN — Outlook for a good Prong-horned Antelope season in the Trans-Pecos area this year is very promising, according to the Director of Wildlife Restoration of the Game and Fish Commission. Aerial surveys indicate an exceptional fawn crop. Many ranches over the area have had 100 to 125 per cent reproduction of Pronghorn herds, well over recent 50 to 60 per cent reproduction rates. Persons desiring to hunt should immediately send their request for applications to the chief clerk of the commission in Austin.

"Range land is in the best shape in several years," Pierce Uzzell, wildlife biologist for the commission, said. He explained that winter snows and spring rains have improved vegetation which have enabled doe to rear more young. Leader—Local rate, \$3.00 a year

Mr. and Mrs. L. T. Whitlock and Larry of Amarillo visited Sunday afternoon in the G. W. Estlack home, and with Mrs. Frank Whitlock.

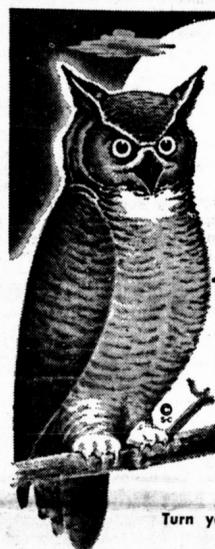

Bob Wear of Canyon was guest speaker Tuesday night at the Lions Club Ladies Night banquet.

LELIA LAKE SCHOOL NEWS

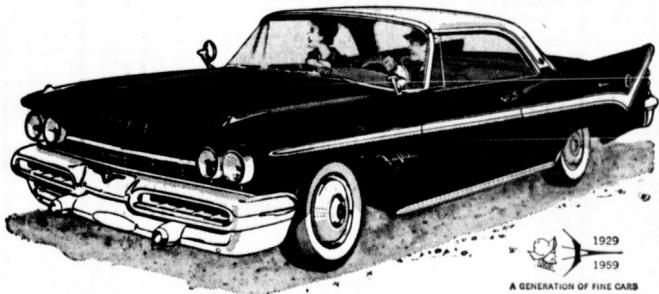

New library books, freshly painted gymnasium walls, and a new gym floor finish await students and teachers on return to school. The walls are a fresh-looking blue-and-white. All of the teachers have had a part in selecting the new books. With school back in full swing again, there should be many activities both inside and outside the classroom, and dull moments should be very few.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

FEDERAL HIGHWAY PROGRAM

There are several schools of thought relating to Federal aid

for any purpose, but Federal aid to highway construction has been with us for some time. This type of program has been expanded many, many times by the new highway program adopted by the Federal government in 1956. I say expanded many, many times, because the magnitude of the program staggers the imagination. The network is intended to link most of the cities of the nation

with populations of 50,000 or more. Many smaller cities, towns, and villages will also be served by this network. Efforts were made to follow present highway routes. For instance, the famous Highway 66 with which we are all so familiar, will be utilized but will be known as Interstate Highway 40. The routing of these roads has been left primarily with State highway agencies. The Federal

Bureau of Public Roads retained veto powers only. I have been advised by the Bureau that such powers would be exercised only in extreme cases where the routes chosen by the State agencies were not in conformity to the general requirements and specifications of the Federal highway program, the Bureau taking the position that it would be preferable to permit State agencies to determine

the routings of the highways within their respective States. The Federal contribution in this program will be far in excess of the contributions in previous programs. Under this program the Federal government will provide 90 per cent of the cost, which leaves 10 per cent to be provided by the States. This was intended to provide a method of leaving much of the State funds in the hands of the States to be used for roads and streets under the 50-50 State and Federal matching funds program.

The program was intended to be worked out over a 13-year period and brought to completion by the end of that time. It is anticipated that it could be completed earlier.

The cost of this program will be in excess of \$50 billion, more than half of which will be spent on the interstate system. The interstate system will be controlled-access, or limited-access, highways, which means there will be no crossroads or intersections on the roads, and no railroad grade crossings. Much of the thinking that was employed in the designing of this highway system was prompted by the anticipation that by 1975 there would be at least 100 million cars on the highways of this nation. With only 65 million cars in 1956, 40,000 people were killed and 13,500,000 injured, many suffering permanent disabilities. The property loss was tragic, to say nothing of the tremendous loss of man-hours and its effect on the national product.

From the standpoint of the economy, the leading proponents of the program foresee and predict great benefits. They point out that during the period of construction an average of 880,000 jobs concerning 190 industries will be generated. Steel requirements will exceed present highway steel demands by more than five times. Fuel requirements will be doubled. An estimated 12 billion gallons of paint, and 12 million new traffic signs will be needed. 1,339 million barrels of cement, 710 million tons of aggregate and 128 million tons of bituminous material will be used.

FIRST AID in peacetime is very important; after a nuclear attack, it might mean life or death because there would be few medical personnel for millions of casualties. This family is practicing some of the simple first aid techniques described in the civil defense "Handbook for Emergencies" to be distributed to all families

The markets for aluminum, seeds, fertilizer, chemicals, engineering tools, electronic computers, and a host of other items will be immeasurably increased.

WORLD TRADE AND FOREIGN AID

Many students of world problems are writing at length recently on the world trade and foreign aid. A recent book was written by Mr. Howard K. Smith and five other correspondents of CBS News. This book was published by Smith, Keynes, and Marshall, Publishers, as one of its ECONOMIC BOOKS, books on economics, politics and business. The name of the book is "The Ruble War" and is referred to as a study of Russia's economic penetration versus U. S. foreign aid.

It is not my purpose to be selling books for anyone, and I certainly am not advising any of my readers to make a mad dash to the book store to purchase one of these books. However, it does have some statements in it that are somewhat alarming to me, which I wanted to quote. I certainly wanted to identify these

statements, which seem to be the general object of the publication, and with which I would certainly take issue. On page 71 of the publication is the following statement:

"In conclusion, I would reaffirm two points. One is that the American people must be aroused to the urgent necessity of increasing and improving our foreign aid. The American people are not so aroused at the present time.

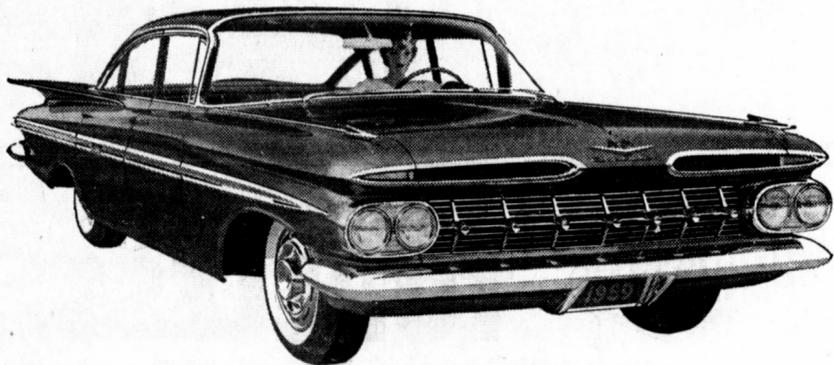

"The other point is that Congress must be made to realize that this effort is a necessary part of our national life. We should not have to debate foreign aid and reciprocal trade as strange and controversial proposals each year. They must be commonplace, the natural things to do. Debate on them should not be as to whether they should be done; it should be limited to the question, what is the most effective way to do them?"

The adoption of such a doctrine would, in my opinion, seriously threaten many segments of our economy, as well as endanger some of the basic rights which we should be seeking to preserve under our Constitution.

CHEVROLET SAYS NEW LIKE NOBODY ELSE!

Let your eyes linger over Chevrolet's fresh, finely shaped contours. Relax in the roominess of its elegant new interior, get the exhilarating feel of its hushed, silken ride. No other car says new like this one!

Here's the car that's definitely new in a decidedly different way. The '59 Chevy is shaped to the new American taste with new Slimline design. It brings you a roomier Body by Fisher, vast new areas of visibility. There's a new Magic-Mirror finish that needs no waxing or polishing for up to three years. A new Hi-Thrift 6 and a wide choice of vigorous V8's. Bigger, safer stopping brakes. An even smoother ride. At your Chevrolet dealer's right now!

definitely new, decidedly different! The new Impala 4-Door Sedan, like all new Chevrolets, has Safety Plate Glass all around.

ALDERSON CHEVROLET

CLARENDON, TEXAS

Man in the making

You watch your bright-haired boy turn in a twinkling from rowdy horseplay to tender cherishing of an injured bird.

How humbly proud you are of such evidence that your son is growing—in all directions!

And how you want for him a world where there are no barriers to his development as a free and independent American.

There are many ways you can help assure this sort of world for him. One very important way is to be on the watch for ideas that could deprive him of his right to freedom and independence.

The idea, for instance, that "government should run such and such a business, a service, an institution." Even though it has been shown that the more things government runs, the less freedom there is for the individual.

When you hear people talking like that, point out that when you take independence away from anybody, you undermine the freedom of everybody.

Very much aware of this threat are the independent electric companies, because government already runs part of the electric business. And powerful people are pressing government to take over more.

ing in the referendum must approve marketing quotas if they are to be effective. In 1959, if marketing quotas are approved in the Dec. 15 referendum, each farm operator will have an opportunity to choose the kind of allotment-price support program he will comply with — called Choice (A) and Choice (B). Choice (A) includes "regular" farm allotments, with price support available to growers who comply with their regular allotments at not less than 80 per cent of parity.

Choice (B) includes larger farm allotments—40 per cent above the farm's regular allotment, and price support to growers who comply with their Choice (B) allotments at 15 percent of parity less than under Choice (A).

Notice of individual farm allotments under both Choice (A) and Choice (B) will be made available to producers prior to the referendum.

If marketing quotas are not in effect for the 1959 upland cotton crop, only the "regular" allotment program will be in effect, and price support will be available to cooperators at 50 percent of parity, as provided by law.

Under the 1959 quota program, in accordance with the controlling legislation, growers who exceed their chosen farm acreage allotments will be subject to penalties of 50 per cent of the cotton parity price as of June 15, 1959, on the farm's excess production of the crop. In addition, all the upland cotton produced on the farm will be ineligible for price support.

NEW HOSPITAL COMMANDER AT FORT DIX

Fort Div, N. J. — Col. Knox Dunlap, formerly of Ponca City, Okla., has been appointed post surgeon and commanding officer of the U. S. Army Hospital at Fort Dix, N. J., one of the largest military installations in North-east America.

A member of the Army Medical Corps since 1933, Colonel Dunlap has served at various posts and hospitals in the United States, Europe and the Far East.

The colonel is married to the former Pauline Shelton of Clarendon, Texas, and they are currently living in post quarters at Fort Dix. Their daughter, Mary, is attending Sargent College at Boston University.

Frank Phelan Jr. Appointed To Industrial Commission

Frank Phelan, Jr. has been appointed to the Advisory Board of the Texas Industrial Commission by Governor Price Daniel. Announcement of the appointment was made by E. B. Germany, Dallas industrialist and chairman of the Commission.

Mr. Phelan attended a meeting of the Advisory Board in Austin recently to which all members of the Legislature had been invited. Manley Head, executive director of the Texas Motor Bus Association, pointed out that Texas was more than 10 years behind the rest of the nation in the exploitation of her great industrial and tourist potential. He urged those present to unite November 4th on adoption of Constitutional Amendment No. 7 and untie the hands of Texas in order that the tremendous resources of the state can be developed on a state level.

Following the meeting Mr. Phelan was a guest of Governor Daniel at a luncheon and heard Governor Daniel strongly endorse Amendment No. 7. "It is a paradox that the very name 'Texas' means 'friendly,'" Governor Daniel said, "and that the State motto is 'Friendship,' yet since 1876 Texas has borne in its Constitution a clause which indicates unwelcome to anyone from outside its borders."

"The writers of the 1876 Constitution prohibited the use of State funds to attract new immigrants because they had just been through the Reconstruction period when many of the immigrants who came to Texas after the Civil War did not come to help our State, but to plunder its wealth. However, this period in our history has long since passed, and we should not allow this archaic holdover from Reconstruction days to further impede the growth of Texas."

"Texas is growing industrially. The evidence shows that much of this growth is concentrated. Many sections of our State are not receiving industry, despite positive attractions. The reactivated Texas Industrial Commission, cooperating with local and regional chambers of commerce, is seeking to make known the general attractions of our State."

Farm News—

(Continued from Front Page)

serve program was filed by 166 producers in this county. Out of this number, 143 producers have made application for contracts. October 17th was the final date for making application.

1959 COTTON ALLOTMENT AND MARKETING QUOTA PROGRAM

Secretary of Agriculture Ezra Taft Benson September 29 proclaimed a national marketing quota of 12,167,000 bales (standard 500 lb. bales) and a national acreage allotment of 16 million acres for the 1959 crop of upland cotton.

The national acreage allotment for 1959 has been set at the level required under Section 342 of the Agricultural Adjustment Act of 1938, as amended, and the national marketing quota has been set at the number of bales required to provide an acreage allotment of this size.

The Secretary also announced that referendum on upland cotton marketing quotas will be held December 15. At least two-thirds of the upland cotton farmers vot-

GOODYEAR TIRES & ACCESSORIES

PLOWIN' Out the CORNERS

by Uncle Zeb

Lately we have been having trouble with our memory. Please don't tell me what someone did the other day that; "We're just getting old." Anyway, we forget the things that we should remember. Some months we forget to pay someone we owe and they have to send us a bill. If we owe anyone an amount not to exceed a dollar please send in your bill. But once, we even forgot about a fellow that owed us. Now, that is getting serious.

Someone said that it was just as bad to have the habit of remembering things that we should forget. We have always heard that we should remember the good and forget the bad. So this could be a bad situation.

Now if you have a good system for remembering things please let us know. We have tried writing them down on a list and checking the things off each day. The only trouble with this is that if you depend on a list for several days then you quit doing anything that's not on the list and we get in trouble there.

Seriously, we guess the cause of most of our troubles along this line is the complicated lives we live in this rush and begone era of fizz and stew. We need more time on the creek bank just to rest and think slowly. Even most of the events which we attend that are meant for relaxation are more trying than our work. As a result we are gearing ourselves faster and faster to a

killing pace. Most folks smoke drink more coffee and sometimes other things than our forefathers. We take more sleeping pills, we drive faster, do less actual labor, have less time to rest than any people in history. Where will it end??

"Anyone who thinks friendship grows on trees is apt to get caught on a limb."

"The fellow who insists on doing the dividing up should be willing to let the other fellow take his choice of the pieces."

The above reminded us of the old custom for dividing up some ownership that couldn't be separated into pieces. Folks would say; "You set the price and I'll give or take or, I'll set the price and you can give or take." This rule has dissolved many ownerships and kept many friendships. It would be hard to write a better rule into law for such matters.

We heard about the fellow who grew up in a small community back in the hills and this particular spot was known as Goat Hill. In later years oil was struck thereabouts and a city sprung up around the hill. Now his folks live on Angora Heights. I laughed when I heard that one, I hope you do:

The best political story we heard at the Convention was about a fellow who went out electioneering in a community that was split wide open on the goose question. Half believed that geese should be turned loose and the others thought they should be kept up. At the first place they asked him how he stood on the goose question. He told them he was for them running loose. They wouldn't vote for him. Next house he took the other side and guessed wrong again, so at the following house he wound up his speech by saying; "And I want you to know this, "I'm Right on this Goose Question." Pretty good, eh?

When applying for renewal of your driver license, be sure to include your full name, birth date, address and old license number.

Sorghum Stubble Left for Protection Against Wind Erosion

Several cooperators in the Donley County Soil Conservation District are reducing wind erosion hazards by the proper management of stalks and crop residues this fall and winter. R. R. Partain of Ashtola, Marvin Jones, George Hillis, and Edward Dishman all of Clarendon are planning the practice of crop residue utilization this year.

Crop residue utilization is the management of crop residues and other vegetative material so as to leave a protection cover on the surface of the soil during the critical blowing season of the year. Management practices such as proper grazing, no burning, permitting the stubble to stand without tillage are those which constitute crop residue utilization. Within a few days all grain sorghums will have been harvested. Sorghum stalks make ideal residue as crop residue utilization.

Crop residue utilization will benefit the soil by serving as protection against the wind and water erosion. The stalks and stubble will also maintain or improve the chemical, physical, and biological condition of the soil. For the most effective benefits, about 3500 pounds per acre of residue should be retained on or near the surface in the sandy soils, 2500 pounds per acre in the moderately sandy soils, and about 1500 pounds per acre in the heavier soils.

Operators in the District are urged to properly manage their crop residues and to help control blowing dust and soil erosion during the critical season ahead. Additional information on crop residue utilization may be obtained by contacting local Soil Conservation Service technicians.

EDITORIAL

CAL FARLEY

What are the plans for the future of Boys Ranch after the present management has to lay down their boots and saddles?

This question is asked quite frequently and there is a definite answer. Every member of the very fine Board of Directors has thought, worked on and formulated a plan that will carry Boys Ranch on and on many years after the present boys now living at the Ranch have become grandfathers.

First, the Board, for the past six years, has elected new and younger men who sit in monthly meetings with the men heading the different departments of the Ranch. All the problems of the Ranch come before them and the older Board members sit in with the younger ones in these meetings so that they may have the advantage of their years of operating experience.

For the past few years, more and more of the decisioning and programming of the Ranch has been and is being done by four of the key men; the General Superintendent of the Ranch, School Superintendent, Superintendent of boys and boys' programs, and General Business Manager. They are together in meetings daily discussing the different problems that arise in the raising of almost 250 youngsters.

These men have been with the Ranch from 4 to 12 years and have learned that what these boys need most is "to be lived with". The warmth and friendliness of these men and their wives, which naturally generates thru the entire staff of the Ranch, as

well as the 17 teachers in our school, amazes visitors daily when they see the staff, their wives and their children all eating together with our boys as families, playing together, learning together and attending non-sectarian church services together.

All this comes about through a sincere interest on the part of everyone connected with the Ranch to place the welfare of our boys first. Every staff member, whether he or she be a teacher, dorm parent or truck driver, has been taught over the 19 years of the Ranch's existence that no decision will ever be criticized if it is made for the benefit of the boys and with the single thought of "They're our boys — let's raise them".

Yes, Boys Ranch has been built on a sound, business-like basis by businessmen with the same determination that built their own establishments. Every large organization came from a very

humble, one-man beginning and as each grew, the founder built a staff of competent men around him with a good, strong Board of Directors, all working to the same end to make a success of their enterprise.

With this in mind and with men being trained as heads of the different phases of work, and with young men being taken into the Directorship who have shown a sincere interest in this type of boy, there is no doubt in our minds but that Boys Ranch will continue to give a home to thousands of boys for years and years to come.—Boys Ranch Roundup.

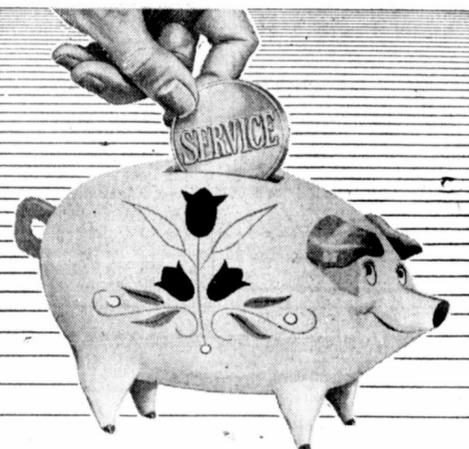

A motorcade is a traffic fatality; Texas had 2,539 motorcades in 1957.

Mr. and Mrs. Harold McDonald and baby spent Saturday night with Mr. and Mrs. W. H. McDonald.

Mr. and Mrs. Roy Roberson visited Tuesday night with Mr. and Mrs. Doyle Ray Littlefield and babies and played 42.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week some friends of the Library donated a copy of Fulton J. Sheen's "Life Is Worth Living." It is an excellent book. I placed a copy here in memory of Mr. Louie Merrill in 1954. We have so many excellent books here for you to enjoy this winter.

The 1949 Sewing Club gave a book by Dr. Pearl in memory of Mr. J. H. Hurn. It is "Inspiring Messages for Daily Living." It has some wonderful messages for

its readers. In fact, you may appreciate it more than any book he has written.

This week we received a copy of "Investment Companies for 1958." This 1958 Regular Edition is limited to eight thousand copies. The cost is \$25.00 per copy. Ours is a gift, but I doubt if it will be used by any body in our small town. Our people find it necessary to make practical investments. Usually something they can contact readily. Our book copy is about 9" x 12" and a very attractive binding.

We continue to receive some few small donations that are greatly needed. A number of paper back westerns and a few

current paper back novels were given us this week. These paper back copies are very practical and used by a number of our readers.

A friend gives us "News Week" every week and we take "Time" as that helps us to keep in touch with current topics. We also have Life, Post, and a few technical publications for men with their copies of True and Argrosy. There is a large assortment for women and American Girl and Boy's Life for the younger readers. Come and enjoy our books and periodicals.

More than five million individual driver license records are on file at the Texas DPS.

Mrs. Dennis Harrison visited Mr. and Mrs. H. A. Harrison Sunday.
New Highways Lead To Boys Ranch

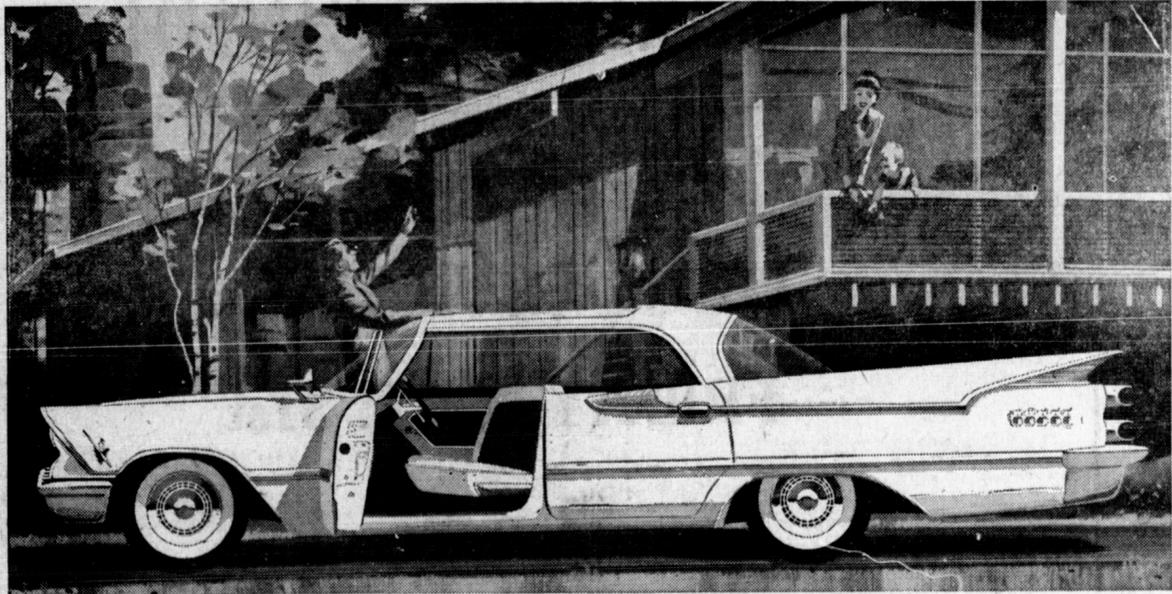

With the completion of the new road came the paving of all dirt and gravel roads on the Ranch proper, thus eliminating the old discomfort of dust, mud or frozen ruts. The new paving has also brought a marked reduction in maintenance costs on Ranch vehicles.
But, as in all progress, there are a few diehards among the boys and staff who vividly remember encounters with dust, ruts, truck-stopping mud and hub-deep sand holes and although they appreciate the new highway, they feel that it has taken the adventure out of a drive to Boys Ranch and their pioneer spirits long for the adventurous "good old days"—Boys Ranch Roundup.

The recent completion of Farm Road 1061 from Amarillo has finally given Boys Ranch something it has hoped for for nearly 20 years—open, paved highways in all directions from the Ranch. The old dirt roads that made travel so uncomfortable and uncertain are no longer used, driving time to or from Amarillo is cut nearly in half and getting around the Ranch is now made easier.
Years ago, if the Canadian River was up, it was a hard, 72-mile drive to the Ranch, mostly on dirt roads and fording creeks. Then came the bridge, the final connecting of North-South highway 51 and it was only 61 miles. Today, it's a short 36 miles to Boys Ranch from Amarillo through beautiful riverbreak country on 1061.

The Texas Department of Public Safety advises that if you want to stay alive, drive as though you do.

Smart Ducks Don't Wait...

The smart duck takes early precautions against freeze-ups. In fact, just about the smartest thing you can do is take your car around to your Phillips 66 Dealer today for guaranteed anti-freeze service! Here's what we guarantee:

Bring your car in and tell us the temperature protection you want—even down to 40° below. We'll fill your radiator with the right amount of Phillips 66 Anti-Freeze (permanent type). Then, if at any time during the winter you have to add anti-freeze to maintain this level of protection, we add it at no expense to you.

Could anything be fairer? Get this guaranteed anti-freeze service at any Phillips 66 Station.

AUSTIN — More dust is being stirred up over issues than over candidates, in the build-up to the General Election, Nov. 4.

Texans will vote on nine proposed amendments to the Constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guesstimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expenses of office" could open the door to "fat-cattling" with public funds. Sen. Dorsey Hardeman of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials and employes of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term—or less—and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace only until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against district, county and precinct officials since other officials—U. S. senators, state senators, railroad commissioners and others with more than two-year terms—can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more

generous arrangement than is provided for other state employes.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature

to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita

County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

ROUGH ROAD AHEAD

Latest reports by the State Tax Study Commission list several possible new tax sources the Legislature could turn to for additional revenue.

They include (1) new selective sales taxes, (2) a general retail sales tax, (3) a personal income tax, (4) a "value-added" tax levied on difference between selling price and cost to seller, (5) a gross

First Boys Rancher Back To Visit

Roy Williams, the first boy to come to Boys Ranch, returned recently for a visit and had a wonderful time reliving the early days with Mr. and Mrs. Farley, and Mrs. Maude Thompson who was cook and housekeeper when Roy was a Rancher.

After spending some time with the Farleys in Amarillo, Roy visited the Ranch and Mrs. Thompson was the first person he sought out. The reunion was a happy one and Mrs. Thompson kept referring to Roy as "her

income and receipts tax on business and (6) a corporation net income tax.

boy". Roy's only comment on the growth of the Ranch was, "Wow".

Now living in California, Roy is married, has three fine children and he is the successful operator of a large ranch where he raises and feeds nearly 10,000 head of top-grade cattle.

Ever since he was a small boy Roy has been deeply interested in livestock and after he left the Ranch, he worked up from a cowboy, through foreman, then manager and now owner of his own ranch.

Boys Ranch is proud of Roy Williams, as it is of all the ex-Ranchers, but he holds a special place in the hearts of all the old-timers because he is still "the first boy".—Boys Ranch Roundup.

Time gained on the street is often lost in the hospital.
