Preparations Being Completed For Outstanding County Fair Next Week

The county Fair Barn will be a busy place next week says county agent H. M. Breedlove. A committee will help the county agent set up all tables and necessary spaces for the agriculture exhibits and flower show, merchants department, poultry, home economics, needle craft, fine arts, home made cake department and of course the quarter horse show will be set up on the 18th and ready for the judging on the 19th.

Mr. Joe Cole, horticulturist of the A&M College Extension Service will judge the agriculture exhibits; Mr. John Stotts of Matador will judge the horse show. Judging the Home Economic department, the cake show, needle craft and fine arts department will be Miss Virginia Hill, Home Demonstration agent of Armstrong County. The Les Beaux Arts Club will select their own judges for the county flower show. The poultry show will be judged by Mr. Elma Burneson of Littlefield, Texas.

The Donley County Fair board met this past week and approved all departments of the fair and everything is ready for the big fair. Every one is urged to take part in the fair and contact your community chairman to help with your agriculture exhibits. All exhibits will be set up on the 18th so that they will be ready for the opening of the fair on the 19th.

The first judging will start at 10:00 A. M. on the 19th and the horse show judging will start at one P. M. Entries for the horse show will start on the 18th and end at noon on the 19th, just before the judging.

Hedley Cotton Festival Queen Contest To Open Thursday Night

The Hedley Cotton Festival Queen contest will open Thursday night with a dinner for all contestants at the Lions Den at 8 P. M. The contest will last a month and the new Queen will be crowned in an out door ceremony the last night of the Festival, Oct. 11th.

The contest is open to any single girl attending either Lelia Lake, Quail or Hedley High schools. Over twenty girls are expected to enter. All girls who enter will receive a gift whether she wins or not. Also each girl is expected to make one stage and one T.V. appearance.

Several events and entertainment have been reported but more are needed. Concession Chairman is Carl Reid and any one wishing concessions should see him soon. The food committee plan to barbecue one and a half buffalo to serve during the Festival. Festival dates are Friday and Saturday, Oct. 10-11th.

Breedlove To Manage District One Agriculture Exhibit At Dallas Fair

County Agent H. M. Breedlove has been appointed by Mr. Knox Parr, District Agent for the A&M College Extension Service, to take the district one agriculture exhibit to the State Fair at Dallas. There are no county exhibits at the State Fair but only regional exhibits.

Breedlove will get his products from the various counties showing at the Amarillo fair and also from the Donley County fair. Anyone having big watermelons can contact the county agent as he will need about twenty-five large melons for the Dallas Fair. These melons will be paid for by the State Fair, so you might get a good price for some melons if you have the right size.

Breedlove will leave for Dallas with the products on Sept. 28.

Locals Attend Firemens Convention At Boys Ranch

Those from here attending the 49th Semi-Annual Panhandle Firemen's Association meeting at Boys Ranch Tuesday, Sept. 9th were City Fire Marshall Geo. L. Green; Firechief C. W. Bennett Jr.; Assistant Firechief Lloyd McCord; Mrs. C. W. Bennett, Mrs. Homer Parsons and Mrs. Barcus Antrobus. Fire departments from most every city in the Panhandle were represented.

Mason King of the Globe-News and Cal Farley were the main speakers. A delicious dinner was served in the big air-conditioned dining room at the ranch and the 268 boys and the staff were dinner guests of the Firemen's Association.

Lions Club Broom Sale Set For Sept. 18th

It has been announced that the Lions Club will sponsor another Broom Sale on Thursday, Sept. 18th. Most everyone is acquainted with this particular sale as all the items offered for sale are made by the Texas Blind and the money they receive from these items goes back into a fund to help rehabilitate other blind persons in Texas.

Among the various items that will be offered for sale will be brooms, mops, door mats and other items. The truck will be parked on main street on the above date for those that wish to buy downtown.

Donley County Exhibit To Be At Tri-State Fair

Donley County will be represented again this year at the Amarillo Tri-State Fair says county agent H. M. Breedlove. Breedlove will set up the county exhibit from products taken from the Donley County Fair, and will leave for Amarillo Saturday night right after the closing of the county fair.

All products at Amarillo will be shown on Sunday and Breedlove and his committee will set up the county exhibit right after the judging. Every one is invited to come in the Agriculture building while attending the Amarillo fair and look over the county exhibit.

GUN MISHAP INJURES GRANDSON LOCAL COUPLE

Mr. and Mrs. Emmett Bryson received word Tuesday that their grandson, Bill Bryson, son of Mr. and Mrs. W. D. Bryson of Carlsbad, N. M. had been accidentally shot in the hip and was doing nicely considering the wound at last report.

Young Bryson, 14, was playing with a boy friend when a shot gun they were looking at, accidentally discharged striking him in the hip.

Moisture Arrives After Lengthy Recess

Clarendon and the surrounding area received a deluge of water from a quite boisterous storm that moved in early Wednesday morning which was the first beneficial moisture received here in town in several weeks. The area west and north of Kelly Creeks received good moisture Saturday and Sunday nights.

The Martin, Ashtola and Goldston communities received an inch or better Saturday and Sunday nights which was quite beneficial to crops in the area, but received only .12 inch here in town Sunday night.

Our official weather observer reported 2.30 here Wednesday morning and some gauges in the west part of town registered a fraction under three inches. Ben Lovell reported 1.25 at Ashtola, Mrs. M. W. Hatley reported 1.45 at the Country Club, Willard Knox reported .64, the smallest amount, at Lelia Lake, and Hedley reported one inch.

If the weather settles, farmers will be busy drilling wheat, barley and other winter grain crops, and they certainly have ample moisture in most areas to do a good job.

Several loads of milo have come in this week but local grain operators report most of it has too high a moisture content to go into the government loan. They are urging all farmers to let their grain get ready before harvesting.

Bronchos Lose Thriller To Stinnett Rattlers, 14 to 6

The Clarendon High School Bronchos fought a stout-hearted battle before losing to the powerful Stinnett Rattlers here last Friday night by a score of 14 to 6.

The Rattlers, featuring the all around play of halfback Joe Bain, scored touchdowns in each of the first two quarters, and the Bronchos tallied in the third period. The Rattlers punched across a touchdown midway of the first period when Bain went the remaining seven yards of a 72-yard drive. Bain passed to the right end for the conversion which added two more points and made the score 8 to 0. The Rattlers scored again in the second quarter when Bain handed off to halfback Harry Anderson who went five yards for the score. This time the Broncho line held on the conversion try.

The Bronchos dominated play in the second half but could score only one time. Half way through the third quarter John Morrow, playing quarterback for the Bronchos, passed to halfback Dewey Wilson on a play that covered 32 yards for the score. Wilson caught the ball on the five yard line and twisted into the end zone. Morrow's attempted run for the extra points failed.

The Bronchos threatened two other times in the final period. Once they were held on fourth down on the Stinnett 21 yard line and again they fumbled on the Rattler 19 yard line.

Clarendon clearly outplayed their more-experienced opponents during the rugged last half. Morrow, Leffew and Wilson were outstanding on offense and Morrow, Leffew, Monty and Milton Mann, John Richerson and Jerry Gray did themselves well on defense.

LAND VALUE TO AFFECT '59 SOIL BANK PAYMENT RATE

Farmers who have already "reserved" part of their land under the Soil Bank's Conservation Reserve program may be eligible for the higher 1959 annual payments on the balance of their cropland if the productivity of the land warrants such increased payments. Ross Springer, Chairman, Donley County Agricultural Stabilization and Conservation Committee, said September 5, 1958.

Many farmers who have Conservation Reserve contracts entered into in previous years may have more attractive contracts than can be offered under the 1959 program. In determining rates of annual payment, land productivity is a more important item in 1959 than in former years. In addition, the cost-share assistance for many conservation practices has been reduced beginning in 1959.

Farmers with more productive and valuable land will generally find higher rates applicable to their farms than in previous years. As in previous years, farmers taking part in the program also receive assistance during the first year of the contract to help cover the cost of installing a conservation practice on the "Reserved" land.

The Chairman explained that no change can be made in the level of annual payments to be made under an already-existing Conservation Reserve contract. During the past 3 years, farmers have entered into Soil Bank Contracts voluntarily under the then prevailing rate of payment. Such a contract may not ordinarily be changed or broken during the period it is effective unless, of course, such a change were in the public interest.

For farmers who would like to put their entire farm in the Conservation Reserve, the higher rate of annual payment may be available for eligible land not already in the program and an additional incentive payment of 10 per cent above the normal rates will be made if all the eligible land is put in the program for at least 5 years.

Chairman Springer reminded farmers that the Conservation Reserve will be the only Soil Bank program available in 1959. The Acreage Reserve for allotment crops is being discontinued after 1958.

'ELIGIBLE' LAND DEFINED

Any farmer who has cropland which is regularly used for cultivated crops or tame hay is eligible to participate in the 1959 Conservation Reserve of the Soil Bank. Using Conservation Reserve regulations, Chairman Springer defined "eligible" and "ineligible" land for the program as follows:

Eligible land includes:

- (1) Any land from which a crop was harvested or which was in regular crop rotation in 1958, and
- (2) land from which tame hay was harvested for hay or silage in either 1957 or 1958. Tame hay is defined as "a stand of perennial grasses or legumes normally established for hay by land preparation and seeding."

Non-eligible land includes:

- (1) That planted to small fruits, vineyards, nursery stock, orchard or nut trees, and land between rows of these crops;
- (2) any land owned by the Federal Government or a corporation wholly owned by the Federal Government; and
- (3) land in noncrop open pasture, range, woods or in the farmstead.

In Donley County, Chairman Springer said, the smallest amount of land that can be put in Conservation Reserve is 5 acres. If the entire acreage to be put in the program is to be planted to forest trees, however, as little as 2 acres may be planted.

LEADER CLASSIFIEDS GET RESULTS

Labor Survey Short; More Signers Needed

Results of the labor survey announced last week to determine the number of men and women available for employment in a garment factory have been disappointing, according to members of The Donley County Industrial Foundation who were conducting the survey.

Early this week less than 100 men and women had indicated their willingness to work in such a factory. Of this number, very few had any prior experience in either a garment factory or a manufacturing plant of any nature.

Those persons answering the request for information showed tremendous interest as well as hope that some sort of new industry could be attracted to Clarendon.

Almost one hundred per cent of the women responding to the survey indicated prior experience sewing in their homes and many have had experience sewing for the public.

Information was also requested on prior experience in canning or in other related manufacturing fields. Results show that nearly all of the ladies were experienced in home canning, but few had any other manufacturing experience.

A total of fourteen men indicated they might be interested in employment in a manufacturing plant Monday.

The Garment manufacturer which requested the information on the availability of labor in the Clarendon area requires approximately 175 women and 15 to 20 men of all races between the ages of 18 through 50 years.

Officials of the Foundation were in hopes that many more than the number signed up would respond to this survey. The information collected is being sent to this particular Manufacturer this week.

In order that the Foundation will know accurately the amount of labor that is available here, the survey is being continued through this week.

The questionnaire forms are being distributed to all of the local grocery stores for convenience, and names are still being accepted at The Donley County Leader and the Lowe & Steed Law Office.

The results of this survey and the information which is being compiled from the questionnaire forms will be used not only to send to this particular company, but to future industry which might be interested in locating here. Therefore, if you haven't sent in your name or filled out a questionnaire form, you are urged to do so immediately.

4-H Club Beef Calf Tour Set For Sept. 13th

This Saturday, Sept. 13th is the 4-H Club beef calf tour. H. M. Breedlove, county agent and in charge of 4-H Club work in the county says that all club members will meet at his office at 8:00 A. M. and bring a sack lunch with them. The group will tour thirty-two 4-H Club calves and the tour should end around four in the afternoon. Be on time as the tour will start promptly at 8:00 A. M. and any one else wishing to make the tour is invited whether they are 4-H Club members or not.

U. T. Fowler's Celebrate 50th Anniversary

Mr. and Mrs. U. T. Fowler celebrated their 50th wedding anniversary at their home here Sunday, August 31st. A large number of relatives, friends and neighbors dropped in between 2 and 5 p. m. to honor them and make it a wonderful day for the couple.

Mr. and Mrs. Fowler were married at Shinery Lake, Stonewall County, Texas in 1908. They have made their home in Donley County and Clarendon since 1918.

Revival At First Baptist September 14 - 21st

"Get Better Acquainted with Christ and His Church" is the theme for the Revival which will begin Sunday, September 14 at the First Baptist Church and will continue through Sunday, September 21st. Services will be held both morning and night Monday through Friday at 10 a. m. and 7:30 p. m. and on Saturday night as well as the regular Sunday services.

Jesse R. Leonard, pastor of the McLean Baptist Church will be the Evangelist and Harry M. Skaggs, will be the music director.

Leonard is a World War II veteran, served in the Presidential Guard, toured the United States as honor guard aboard the Freedom Train and has pastored churches at Leslie and Turkey prior to moving to McLean. During the past Associational year, the church at McLean has had 72 additions by letter and 43 additions by baptism.

Leonard stated that his plans for the Revival here had been expressed in a little formula that was published some time ago in the Baptist Standard as follows: It pays to advertise. It destroys to criticize. It is good to organize. It is well to sympathize. It is a must to agonize. If we are to evangelize.

The pastor, W. F. Vanderburg, states that everyone is urged to attend this meeting.

"Meet The Teacher" At Picnic Planned For This Thursday Night

"Meet The Teacher" at a picnic in the City Park Thursday, September 11, at 7 p. m. will be the first regular P-TA meeting of the year.

All parents of school children and their families are invited to attend. Everyone is to come bringing their picnic baskets with sandwiches, potato chips, and cookies. The P-TA will furnish all drinks.

Previously planned for Sept. 18, Mrs. Fred E. Chamberlain, Jr., president, wishes all to notice that the date has been changed and is this Thursday night at 7 p. m.

Parents will have the opportunity to meet all of the teachers and visit with them. In the past this method of bringing together both teacher and parent at a picnic has been very successful.

CLYDE CASTLEBERRY SEEKS MASTER'S DEGREE AT TEXAS TECH

Clyde C. Castleberry, Soil Conservationist who has been associated with the Donley County Soil Conservation District and the local Soil Conservation Service has recently enrolled in Texas Technological College. Castleberry graduated from Texas A&M College in June with a B. S. Degree in Agriculture. He plans to complete requirements for a Master's Degree at Texas Tech.

Castleberry was a farm planner in the local work unit and has made many friends throughout the area. The Board of Supervisors of the Donley County Soil Conservation District and work unit personnel wish him every success in his graduate work.

BAND PARENTS SUPPER SET FOR SEPT. 16th

A get-acquainted supper for band parents has been set for 7:30 p. m. the evening of September 16th at the band hall. All parents of band students are urged to come and bring a salad or dessert.

Coach Jinks Has Indicated That His Starting Line-up Will Probably Be As Follows: Wayne Mann and Jerry Allen, ends; Monty Mann and Jerry Gray, tackles; Milton Mann and George Mays, guards; John Richerson, center; Darrell Leffew, quarterback; John Morrow and Ted Weatherly, halfbacks, and Dewey Wilson, fullback. The backfield is slightly changed from last week. Coach Jinks is still experimenting with the quarterback slot and has decided to give Leffew a try at the position and move the power running Morrow to halfback. Also, Wilson is being shifted from halfback to fullback. There is one change in the line with Mays replacing Bob Schull at one of the guard positions. However, Schull will still see plenty of action as will Lynn Spier who will replace Mays on defense.

Over \$20,350.00 had been pledged to The Donley County Industrial Foundation by local businessmen early this week for the erection of a building for a garment factory or other reliable manufacturer who might wish to locate here.

The pledges were taken with the understanding that the total sum pledged would not be called for unless a binding lease-purchase or long-term rental contract was entered into by the Foundation and a substantial manufacturer.

The businessmen were asked to pay to the Foundation immediately ten per cent of the amount of money they pledged to pay current necessary operating expenses.

In a meeting last week, members of the Foundation expressed confidence that in the neighborhood of \$50,000.00 could be raised locally if it were certain that a factory would locate here.

The garment manufacturer who is the best prospect for our area at the present requires a building containing 20,000 square feet of floorspace. First estimates indicate that such a building will cost approximately \$100,000.00.

Financing of the additional \$50,000.00 is available if local citizens can raise the first fifty thousand, according to members of the Finance Committee of the Foundation.

Emphasis this week has been on local businesses. Next week, a drive will be made to secure pledges from individuals. Persons wishing to help out by making a pledge are urged to stop by the West Texas Utilities Office or contact Mr. C. A. Pitts, or Carroll Knorpp, members of the Finance Committee.

Block chairmen who have been soliciting this week in their respective blocks are: Homer Estlack, Frank Phelan, Jr., Carroll Knorpp and A. R. Henson, Emmett O. Simmons and Bill Todd, George Thompson and Billy Goodman, Lee Bell and Bro. Berkeley SoRelle, Ray Palmer and J. B. Melton, Ray Noblitt and B. L. Graham, and Shelby Bell.

Bronchos Travel To Spearman For Game Friday Night

Coaches Tom Jinks and Roy Young will take their young Bronchos to Spearman Friday night for a non-conference game with the Spearman Lynx. This will be the first meeting of the two schools in several years. Game is scheduled to get underway at 8:00 o'clock.

Little is known of the power of the Spearman team. They did not play last Friday night. This is their first year in Class A football but they have fielded strong teams in Class B for the past several years.

Coach Jinks has indicated that his starting line-up will probably be as follows: Wayne Mann and Jerry Allen, ends; Monty Mann and Jerry Gray, tackles; Milton Mann and George Mays, guards; John Richerson, center; Darrell Leffew, quarterback; John Morrow and Ted Weatherly, halfbacks, and Dewey Wilson, fullback. The backfield is slightly changed from last week. Coach Jinks is still experimenting with the quarterback slot and has decided to give Leffew a try at the position and move the power running Morrow to halfback. Also, Wilson is being shifted from halfback to fullback. There is one change in the line with Mays replacing Bob Schull at one of the guard positions. However, Schull will still see plenty of action as will Lynn Spier who will replace Mays on defense.

LELIA LAKE SCHOOL NEWS

The junior and senior classes are sponsoring a school newspaper, on a trial basis. First number of the publication, entitled The Bluebird, is scheduled for Friday, Sept. 19. Gary Rogers is Editor-in-Chief, and will be assisted by John Bob Butler, assistant editor, and Sue Douglas, business-production manager. Other staff members are: Wayne Che-nault, boys' sports writer; Jean Fox, girls' sports writer; Jo Dish-man, society editor; Keith Dish-man, vocational agriculture reporter and class reporters, Ellis Butler, J. O. Armstrong, Vernon Cockerham, and Inelda Shields. Sponsors are W. F. Howard and M. R. Mathis. Further details remain to be worked out.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

My Sunday paper had nothing worth discussing on the Sunday Bookman.

Miss Erdman's recent book and one or two others have been ordered. Then there is "Aunt Mamie Touring the World" and two or three books of the month that have not been in circulation but very few times.

Sandell Drive-In Theatre will show "Band of Angels", "The Vikings" and "From Here To Eternity" that are on our shelves, and the Mulkey Theatre program has been misplaced, but we have some books that will be shown there also.

Several of our magazines will

be discontinued as we need our funds to replace quite a number of books for juniors and children that were too worn for use after being in constant use the entire summer.

A friend brought us a "bushel basket" and then some of paper-back pocket size books this week. They were assorted and were immediately put to use. We use about 25 paper backs per week. However, they soon come apart and have to be destroyed.

We shall begin cleaning up our shelves now, as I mended books last week and traced quite a few that had not been returned.

BOB AND PAT DUNNING'S DREAM CAR COMES TRUE IN PLYMOUTH'S END-OF-MODEL CLEARANCE SALE

Canny young local couple takes advantage of year's lowest prices

Bob and Pat Dunning had put off buying a car. Budget. Wanted to see what would happen.

Last week as Bob, a commercial artist, was driving to work he noted a sign in a Plymouth dealership reading, "End-of-Model Clearance Sale. Lowest Prices of the Year." . . . "Just," as he says, "for the fun of it," he stopped his car and went in. Chatted with a Plymouth salesman. Couldn't believe his ears.

Bob and Pat own their new Plymouth

now — made the best deal of their lives.

You can, too, if you hurry. This End-of-Model Clearance Sale will be on at your Plymouth dealer's until the last 1958 is sold. All models included, and all at the year's lowest prices. All come equipped with Plymouth's luxurious Torsion-Aire Ride at no extra cost. All feature sleek Silver Dart Styling, Total-Contact Brakes, thrilling sports-car "feel," other Plymouth exclusives. Engine options even include the breath-taking Golden Commando V-8.

Better stop in at your Plymouth dealer's today. If you've been waiting to "see what happens" . . . it's happening right now!

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

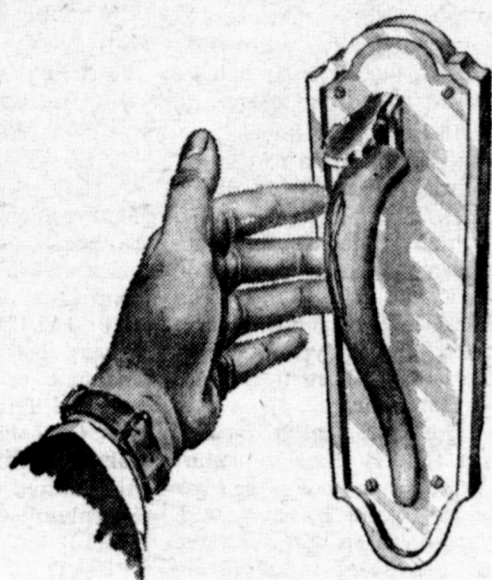

A farm or ranch is a place that must produce foods, fats, oils, and fibers for an expanding population without permanent damage to the soil. At the same time we must look to this land for recreation and relaxation. The farms

and ranches of the Donley County Soil Conservation District can provide hunting, fishing, and trapping as well as produce the foods and other materials needed. Land primarily suited for use as cropland or pasture produces wildlife as a secondary crop. In addition, there is land on almost every farm that can and should be used to produce useful wildlife as a primary crop—it is wildlife land. Small areas of wildlife land well distributed over the farm, when coupled with proper use and management of other land, make

the whole farm an ef for the production o including wildlife.

There are no two kin life such as quail, dov

bits that have the same requirements for living. However, it is safe to say that all kinds of wildlife need food, cover, and water. To be the most useful, food must be plentiful and close to cover that will furnish protection from enemies and weather. Food must be available in seasons when it is usually scarce. The most critical season for wildlife food is winter and early spring. There are no insects during these seasons and most of the wild fruit and other foods are gone. Snow and ice may cover waste grains.

Most kind of wildlife need

ing, and over emies

against snow, sleet, cold, and wind in the winter. Good management of cover for wildlife will consist of unburned, ungrazed, or unmowed fence rows and fence corners. Also dense, or thorny shrubs for protection against predators and for nesting is important.

Wildlife obtains water from three sources: Surface water, food that contains lots of water, and dew. Here in this area, surface water is a necessity. Trees, shrubs, and grasses located around livestock watering places will generally afford sufficient

protection to wildlife when they require water.

Since harvest time for grain sorghums is just about here, farmers and ranchers of the district are urged to leave that last row or two of milo near windbreaks, fence rows, ditch banks and odd areas that have protective cover and food for wildlife.

For additional information on this subject contact your local SCS technicians.

Field Day Sept. 17th At Halfway Texas

Wednesday, Sept. 17, promises to be a big day for people interested in Agriculture on the High Plains. Preparations are in high gear for the second Annual Field

Day at the High Plains Station of the Texas Research Foundation at Halfway, Texas.

The first tour will start at 1:00 P. M. and continue until the barbecue at 6:00 P. M. Explanations of the projects at each of the eight stops will be made by members of the staff at the Station, from

the Texas Research Foundation and others. Twenty tractor drawn wagons will carry the visitors over the mile and a quarter tour, and guides who accompany each wagon will be professional Agricultural personnel from the Soil Conservation Districts, County Agents and Vocational Agricultural

Instructors in the High Plains Area.

Signs designating the crop varieties, fertilizer tests, soil and water conservation projects will be placed throughout the tour route.

Chambers of Commerce, Civic Clubs and Farm Organizations have offered to assist in conducting the Field Day by assisting as greeters, registrars, hosts, in parking cars and serving the barbecue.

The Farm Implement exhibit, so popular last year, will be larger this year, according to information received from company representatives.

Members of the Advisory Council and Investors in the Station are extending personal invitations in their neighborhoods. Some communities are organizing car caravans to bring their neighbors to Field Day.

"Too often we give all the publicity to one black sheep when we have ninety-nine white ones."

By the same token as the above we many times pick out one black sheep to ridicule, when we have dozens mostly as colored which for some reason we overlook.

I guess people are just funny about black sheep.

We heard this some place; "People are dying round about us who never did before." The only ones who would argue about the above would be the Re-Incarnationists. Maybe they wouldn't even do that.

"The wealthy usually grow richer by seeming poor. We poor folks mostly get poorer by seeming rich." That must be where my money went.

Heard one person talking about the evils in the world, the black sheep and all the other negative things that we sometimes run into in the world, especially in the big cities. Anyway, this fellow in commenting on his venture into the bright lights remarked; "You know, sometimes I wish I had stayed home and kept ignorant."

It is possible to send a message around the world in one-seventh of a second but it sometimes takes years to force one simple idea through one-quarter inch of skull.

The husband and wife compromised; he admitted he was wrong and she admitted she was right. Double with the funny side of life. His statement is that mostly when she admits she is right—she is right.

Quoting from our preacher; About the worst thing in the world is to not know, and then to not know what we don't know." Sounds like a real catastrophe. Hope nothing like that ever happens to the likes of me.

If politics on the national level get much worse we may have to break our resolution to never write about that subject again in this world. Not that we would help the situation any by writing about it.

Life is just one thing right after another, with the bad things coming in double-dips sometimes it seems.

White-Winged Doves Return To Old Nests

AUSTIN — The white-winged dove is definitely a creature of homing instinct, despite the fact that it is a migratory bird. This has been established in the Lower Rio Grande Valley, according to the Director of Wildlife Management of the Game and Fish Commission.

It is just a part of the proof that colonial nesting areas are necessary for the continued population increase of this game bird.

Last fall, moving picture cameras operated by Game Commission photographers recorded bulldozers knocking over ebony, granjeno, huisache, mesquite, and catclaw in the Valley. This was to be a scene in "The White-winged Dove Story", just recently released in 16mm sound and color.

Now white-winged doves are returning from Mexico to the old nesting areas, according to Biologist W. H. Kiel and his staff. Those which nested in this particular area last year have come back to it and are alighting on the ground, looking for the brush they nested in last year, or perhaps the brush where they were hatched last year.

"It is the biological history of this bird that it likes to return to the same place year after year for nesting," the Director said. "That is the reason why we have been so interested in acquiring permanent brush land, so the birds will have protected nesting areas throughout the years."

Biologists this week are checking nesting conditions in the valley and in Northern Mexico. This is preparatory to a banding program in which thousands of young birds will be banded and a census made. From the census in the valley, it will be determined whether another open season on white-winged doves can be recommended this fall. The Mexican inspection will be made by Biologists P. B. Uzzell and Calvin Vernor.

HOW MANY HORSES IN YOUR HOME?

... in terms of the amount of work you give electricity to do, perhaps 5 or 6. The electricity an average American family uses actually equals the work of a half-dozen powerful horses.

Hard to believe? Stop for a minute and think of all the ways you put electricity to work—and how often. Cooling, heating, cooking, cleaning, lighting, even entertaining.

Yet how little all this electricity costs! Nothing else your family buys adds up to such a value.

The horsepower, equivalent in electric energy, used for Electric Cooking costs the average WTU family less than 2¢ a meal—about \$2.34 a month.

Electricity costs so little— you can afford to use more of it! West Texas Utilities Company

Bural - Thompson Vows Exchanged In Church Ceremony

In a candlelight service at 6:30 Saturday evening, September 6, in the First Methodist Church, Groom, Texas, Miss Marjorie Bural, daughter of Mr. and Mrs. Bert Bural, Groom, Texas, became the bride of Mr. George M. Thompson III, son of Mr. and Mrs. George M. Thompson, Jr., Clarendon, Texas.

Rev. R. C. Hankins read the double-ring ceremony before an altar marked by wrought iron candelabra bearing cathedral tapers and flanked by arrangements of ivory chrysanthemums in white standards. An upright prie dieu with ivory brocade pillows and entwined with ivy and ivory chrysanthemums centered the altar area. White aisle cloth extended to the altar and ivory satin bows marked the family pews. Tapers were lighted by Bert and Tony Chauveaux, Claude, Texas, nephews of the bride.

A nuptial prelude was presented by Mrs. Bill Williams, Clarendon, organist who also accompanied Mrs. Ray Moore as she sang "Because," D'Hardelot and "The

Lord's Prayer," Malotte.

The bride escorted to the altar by her brother-in-law, Mr. John Chauveaux, Claude, Texas, was lovely in a gown of Chantilly lace and imported tulle over satin. The bodice, fashioned with a scalloped neckline and long sleeves tapered over the hands, buttoned down the back to a point at the waistline. The bouffant, floor-length skirt was of tulle with insets of lace. Her finger-tip veil of imported illusion was attached to a tiara and was appliqued with lace sprinkled with seed pearls and rhinestones. She carried a white Bible topped with a bouquet of white orchids and stephanotis.

Attending the bride as maid of honor was Miss Nancy Helton of Groom. She wore a ballerina length dress of sapphire blue taffeta styled similar to that worn by the bride, and a matching half hat of feathers. She carried a cascade bouquet of ivory and sapphire blue chrysanthemums.

Marsha McCracken of Pampa, Texas, niece of the bride served as flower girl. She wore a dress of antique ivory taffeta styled as that worn by the maid of honor. Her headpiece was of matching flowers and she carried a basket of chrysanthemums. Ring bearer was Larry McCracken, Pampa, nephew of the bride. Rings were carried on a silver tray embedded in ruffles of tulle and satin love knots. The tray was presented to Miss Bural when she was chosen "Miss Irish Rose of 1957." Miss Judy Thompson, Clarendon, sister of the groom, presided at the bride's book.

Best man was Gene Alderson, Clarendon, Texas. Ushers were Allen Homer Estlack and Wesley Knorpp, also of Clarendon.

For her daughter's wedding, Mrs. Bural chose a mauve lace

MRS. GEORGE M. THOMPSON, III

dress with Dior blue accessories. Mrs. Thompson wore a Sheffield embroidered silk taffeta dress in stone blue with a matching hat and black accessories. Each wore a corsage of white rosebuds.

Immediately following the ceremony a reception was held in Fellowship Hall of the Church. The bride's table was laid with an ivory cloth and decorated with silver candelabra with ivory twisted candles draped with table smilax entwined with ivory chrysanthemums. The tiered wedding cake topped with a miniature bride and groom was served alternately by Mrs. John Chauveaux of Claude and Mrs. Jimmy McCracken, Pampa, sisters of the bride. Miss Martha Goodlett dispensed punch.

For the wedding trip to Galveston and other points of interest

in Texas, Mrs. Thompson traveled in a beige knit suit and peacock feathered hat, and brown accessories. She wore the orchids lifted from her wedding bouquet. The bride is a graduate of Groom High School and at the time of her marriage was employed by White and Kirk in Amarillo. The groom is a graduate of Clarendon High School and has attended Clarendon Junior College and Texas Tech, Lubbock where he will re-enter this fall as a junior student in Chemical Engineering. The couple will be at home at 1004 Ave. X, Lubbock, Texas.

Mr. and Mrs. Grover Cornelius of Borger were guests Sunday in the home of their son and family. Mr. and Mrs. W. W. Cornelius and daughter.

Messer - Hill Vows Exchanged

Miss Edith Lillian Messer, daughter of Mr. and Mrs. C. D. Messer, of Wellington, became the bride of Wallace W. "Billy" Hill, son of Mr. and Mrs. R. C. Hill of Clarendon, on Thursday, September 4, at 8 p. m. The double ring ceremony was read by Minister John L. Davis of Clarendon in the home of the groom's parents. Vows were exchanged before an arrangement of greenery and lighted pink tapers in branched candelabra.

Only a few close friends and relatives attended the wedding.

The bride, given in marriage by her father and her mother, wore a sheath dress of white embroidered cotton satin with a matching bolera jacket. She carried a bouquet of pink and white carnations. She wore her grandmother Simmons' gold locket on a gold chain borrowed from her aunt, Mrs. L. D. Messer. She wore a pair of blue garters and the traditional sixpence in her shoe. Pearl earrings completed her costume.

The bride's only attendant was her sister, Miss Ellen Messer of Clarendon, who wore a sheath dress of pink embroidered cotton satin with white corsage. Best man was Jiggs Riley of Clarendon, cousin of the groom.

Candles were lighted by Ann Ruth Messer, sister of the bride, wearing a dress of aqua dacron and cotton with full skirt, accented by a wrist corsage of white carnations, and Calvin Robinson, cousin of the groom, of Amarillo. Katrina Joy Messer, cousin of the bride, carried the rings on a white satin-covered pillow. Her dress was turquoise ruffled nylon.

Mother of the bride wore a pale beige printed rayon dress and black accessories. The groom's mother wore a gunmetal printed rayon dress with black accessories. Both wore white carnation corsages.

At the reception which followed, the bride's table was laid with a pink lace cloth. Crystal appointments were used. The three-tiered cake, topped with pink wedding bells and roses with miniature bells and roses on the sides, was served by Miss Melba

Langley after the bride and groom had cut the first slice. Mrs. Jiggs Riley poured pink punch from a crystal bowl in which floated a pink ice heart topped with roses.

Mrs. Wesley Farr was at the guest register.

For traveling, the bride chose a brown dacron and sheath dress with beige duster and beige accessories. Her white corsage was taken from the wedding bouquet.

The bride was a popular member of the 1958 graduating class of Quail High School. She has been a 4-H Club member 8 years and won many honors in that field. She received the State FHA Homemaker degree in 1957, was chosen 1958 high school annual queen, received the Betty Crocker award and VFW award for outstanding achievement in Home-making and citizenship in 1958. She has been employed at Adair hospital since June 1st.

The groom attended Clarendon Schools. After a short wedding trip the couple will be at home in Clarendon where the bride will be employed at C. C. Powell Insurance and Abstract Co. and the groom is an employee of Cornell & Kidd Texaco Station.

Out-of-town guests for the wedding included Mr. and Mrs. N. A. Simmons, Mrs. T. N. Messer, Mrs. O. F. Messer, Mrs. L. D. Messer, all of Hedley; Mr. and Mrs. L. C. Robinson and family of Amarillo and Richard Ware of Abilene.

SENIOR CLASS ORGANIZES

On Friday, September 5, the Senior Class of 1958-59 had their first meeting. The purpose of the meeting was to organize.

The following officers were elected for the coming year: President, Butch Schollenbarger; Vice President, John Morrow; Secretary, Georgia Bell Harmon; Treasurer, Carl Talley; Reporter, Beth Lamberth; Sgt.-at-Arms, Vicki McAnear.

The class also discussed selling felt pennants and hats, but no definite plans were made.

Mr. and Mrs. L. T. Whitlock and Larry of Amarillo spent the week end with Mrs. Frank Whitlock.

McBrayer - Brown

Wedding vows uniting in marriage Miss Barbara McBrayer, daughter of Mr. and Mrs. Odell McBrayer of Clarendon, and Ray Dean Brown, son of Mr. and Mrs. R. Brown of Amarillo, were solemnized August 29. Rev. W. F. Vanderburg read the single ring ceremony at 8 p. m. in the Baptist parsonage.

Attending the couple was Mrs. Clyde Davis, matron of honor, and Clyde Davis, best man. Mrs. Davis wore a navy blue dress complemented by white accessories.

The bride, given in marriage by her father, wore a winter white, sheath dress and carried a white Bible topped with a bouquet of white carnations. The Bible was presented to her by the YWAs.

Following the ceremony a reception was held in the home of Mr. and Mrs. Clyde Davis. The serving table was laid with a lace cloth over blue and was lighted by tapers. Presiding at the table were Mrs. Lyvon McBrayer and Mrs. Davis.

For the wedding trip, the bride chose a light blue dress with blue accessories and wore a penny in her shoe for good luck.

The couple are making their home in Amarillo where Mr. Brown is employed by the Munday Company.

SOCIAL AT CHAMBERLAIN COMMUNITY CENTER

The Social at the Chamberlain Community Center, Friday night, was enjoyed by all present. Cookies and drinks were served by the hostesses, Mrs. A. B. Ivey and Mrs. Mark Allen. The next social will be September 19. Mrs. Ira Self and Mrs. Harvey Shaw will be hostesses. Bring sandwiches and drinks.

The Chamberlain Club will meet Thursday with Mrs. Harvey Shaw as hostess. We will work on our fair products at this meeting.

MARTIN QUILTING CLUB

The Martin Quilting Club will meet Wednesday, September 17th at the Clubroom with Eunice Land as hostess. This will be the first meeting of the fall season and we hope to see everyone present.

Miss Rebecca King Honored At a Surprise Bon-Voyage Tea

Miss Rebecca King, daughter of Mr. R. Y. King of this city, was honored at a surprise bon-voyage tea given at the Patching Clubhouse from four to six Thursday afternoon.

Mmes. Don Thornberry, Bill Porter, Jack Eads, R. O. Bain, Brodus Spivey and the honoree received the guests who registered in the white leather-bound guestbook at which Mrs. J. L. McMurtry presided.

The entertaining rooms were gaily decorated with vividly colored travel posters. Refreshments were served from a buffet covered table. The centerpiece, which was made up of bon-voyage gifts from the hostesses, boasted a wicker basket overflowing with colorful cellophane grass and a beautiful pale green head scarf flowing over one side.

Emerging from the top of the basket was a giant-size Coke and a twig of driftwood on which were clusters of yellow and orange marigolds. On the table to one side of the basket was placed a lovely pale green leather-bound scrapbook and a small pocket-size novel. Serpentine streamers completed the arrangement.

Miss King, whose major is violin, is one of ninety-seven Oberlin College undergraduates comprising the third year class of Oberlin Conservatory of Music. The class will sail from N. Y. on the Queen Elizabeth on September 24 to begin a unique experience in music education. This is the first class to be transplanted for one academic year from Oberlin's 125 year-old mid-west American campus to the world-famous Academy of Music and Performing Arts—the Mozarteum in Salzburg, Austria. Requirements will include Music Theory, Technique and History, together with German language, European history and fine arts. Students will receive full credit toward their Oberlin music degrees. Their Senior year will be finished at Oberlin. The class will arrive in Cherbourg, France on Sept. 29 and travel by chartered bus to Salzburg. They will live

in Hotel Kasererhof and Schloss Frohburg. During the year trips to Munich, Vienna and other cultural centers as well as holiday trips to Italy, France, West Germany, Switzerland and other countries will be made.

Before going to Oberlin to study, Miss King studied under Miss Josephine Citron of Amarillo and played in the first string section of the Amarillo Symphony Orchestra under the direction of Mr. Clyde Roller during her four years in high school.

Co-hostesses helping to wish the honoree a happy bon-voyage and year's stay in Salzburg were Mmes. J. L. McMurtry, C. B. Morris, Frank Phelan, Jr., J. H. Howze, Millard Word, Bess Stricklin, John McClellan, Dick Shelton and Miss Mantie Graves.

LES BEAUX ART CLUB

Members of Les Beaux Art Club held their initial meeting of the fall Friday morning at Mrs. Bromley's.

After the sumptuous breakfast was served, the president, Mrs. Tommy Saye, called the meeting to order and twenty-three members answered roll call. Mrs. Frank White, Jr. gave the history of the club for the '57-'58 club year. After old business was dispensed with, the new president, Mrs. George Benson, presided.

The Flower Show for the Donley County Fair was discussed. Each member will be asked to furnish 2 arrangements. Guest Day was set for October 3rd and each member was reminded to invite four guests. Completing the business for the morning, members voted to sell Texas Pecan cakes as a money making project.

Hostesses were Mrs. J. D. Swift, Miss Anna Moores, Mrs. W. K. Hardin and Mrs. C. T. McMurtry. —Reported.

ASHTOLA NEEDLE CLUB

Mrs. George Gresham was hostess to this club Thursday, Sept. 4th. After a short business session, the afternoon was spent in preparing grain, peas, and beans for our booth at the Fair. Everyone who is to bring fresh things as okra, tomatoes, etc., please have them at the Fair Barn Thursday morning the 18th as we will prepare our booth that day. We are depending on each

member for the things she has promised to bring.

Mrs. Gresham served delicious German Chocolate cake and fruit punch to 12 present that afternoon.

It was voted to have the next meeting on Wednesday, Sept. 17 instead of the regular time of Thursday. At this meeting on the 17th Mrs. J. M. Graham is hostess, and we will make final preparations on our products for the Fair. Members are asked to bring everything that day that will need sorting or picking.

REHEARSAL DINNER HONORS WEDDING PARTY

Mr. and Mrs. George M. Thompson, Jr. were hosts at a rehearsal dinner Friday evening, Sept. 5, honoring members of the Bural-Thompson wedding party. Dinner was served in Mrs. Bromley's dining room.

The table was centered with a large nosegay of blue and ivory mums with miniature nosegays of ivory meline tuffs and ivory satin streamers extending to the corners of the table. Places were marked with white rice bags tied with white satin bows and lettered in silver "Compliments of the bride and groom, Marjorie and George, September 6, 1958."

Attending were members of the wedding party and the two immediate families.

BAND ENTERTAINED

Mr. Willard Edgett entertained the band with a hamburger feast at his home Tuesday evening. There was plenty to eat and a good time was had by all. About twenty-five attended.

—Reporter.

Mr. and Mrs. Emmett Bryson returned Thursday from Stephenville where they attended the Bryson family reunion. Sixty relatives were present for the occasion. The Bryson's also visited relatives at Dublin, Gustine, Comanche and Seymour.

Russell Bain of Amarillo visited Sunday in the home of Mr. and Mrs. W. W. Cornelius and daughter.

Mr. and Mrs. Price Whitlock of Escondido, Calif. are visiting his mother, Mrs. Frank Whitlock and other relatives and friends.

Large Attendance At FHA-FFA Fall Picnic

The annual fall FHA-FFA picnic which was held at the Sawyer Ranch Monday afternoon was attended by approximately 150 FFA and FHA members of Clarendon High School. The group enjoyed hiking and games and then roasted weiners and marshmallows, chocolate milk, and home made ice cream. This was the first of the three annual inter-school club socials. The other two are the annual Christmas party and the annual chicken barbecue which is held on the first Tuesday of May each year.

The largest group to ever attend one of the events was present to enjoy it, and both the F.F.A. and F.H.A. are grateful to Mr. Forest Sawyer for allowing them to have the picnic at his ranch. The group was supervised by Mrs. Fred Bourland, Mrs. Hester Shields, J. R. Gillham, and Jerry Hawkins, the vocational home economics and agriculture instructors in the local high school.

Those visiting in the Odell McBrayer home recently were Mr. and Mrs. Clyde Davis and family, Mr. and Mrs. Lyvon McBrayer of Dalhart, Mr. and Mrs. Leldon McBrayer and family of Fort Worth, Mr. and Mrs. Ray Brown of Amarillo and an aunt of Mrs. McBrayer, Mrs. Vina Curtis of Quitaque.

Harry Ellis of Garfield, Ark. spent the week end in the J. H. Helton home. Mr. Ellis is a nephew of Mr. Helton and this was their first visit in 37 years.

Mr. and Mrs. Albert S. Graves of Lenexa, Kansas visited the week end in the homes of Mr. and Mrs. J. T. Patman and Miss Mantie Graves.

Mrs. J. L. Whitlock left Monday for her home in Shreveport, La., after visiting the past week in the home of Mrs. Frank Whitlock.

Mr. and Mrs. Clarence Whitlock of Amarillo and Mr. and Mrs. George Garrison of Artesia, N. M. visited recently with their mother, Mrs. Frank Whitlock.

First Baptist Makes Annual Report

The First Baptist Church of Clarendon has completed its associational year. This also marks the beginning of the fourth year with Bro. W. F. Vanderburg as pastor. During the past three years of Bro. Van's pastorate, the church has received 284 new members, given \$25,020.00 to mission causes, and the church has supported its program with gifts exceeding \$92,000.00. Also during the past three years the Sunday School has averaged an attendance of 266 each Lord's Day and the Training Union has averaged an attendance of 118 each Lord's Day.

Last year the church reports 77 additions to its membership. The Sunday School reports an average attendance of 260. The Training Union reports an average attendance of 109. A total of \$32,090.00 was given with \$8,323.00 going to mission causes.

The new officers for the coming year to be presented to the church for election will be as follows: Chairman of Deacons, F. O. Hodge; Church Clerk, F. O. Hodge; Organist, Mrs. C. S. Williams; Sunday School Superintendent, Wm. J. Lowe; Training Union Director, Bryan Boone Adams; W.M.U. President, Mrs. Norris Spurgeon; Brotherhood President, Mr. Ray J. Noblitt; and Church Treasurer, Mr. J. N. Weaver.

The church records show many achievements for which each member is humbly grateful. The latest is the establishment of a church library where those interested in Christian literature and Bible study helps may come and study or check the books out to be taken home for use. This library consists of some of the best books for the above purpose.

"At least three billion tons of solid materials are washed out of the fields and pastures of the United States each year by water erosion alone. It has been figured that to move such a bulk of American soil on rails would take a train of freight cars 475,000 miles long—long enough to girdle the planet 18 times at the Equator.—"To Hold This Soil."

STATE FAIR OF TEXAS

"The Music Man" production to be presented at the Music Hall attraction during the 1958 State Fair of Texas, Oct. 4-19, will be an exact replica of the Broadway original.

Currently the hottest musical comedy hit on Broadway, "The Music Man" will have performances nightly during the 16-day State Fair with matinees on Wednesdays, Saturdays and Sundays.

The national company which will play Dallas after opening Aug. 18 in Los Angeles will star Forrest Tucker and Joan Weldon, both familiar to movie and television fans, in the lead roles of Professor Harold Hill and Miss Marian Paroo.

Meredith Willson wrote the story, music and lyrics for the tale of a fast-talking, likeable confidence man who poses as a musician although he cannot play a note, and who becomes enmeshed romantically with the town librarian. It all takes place in Iowa around 1912. Author-composer Willson called the setting "River City," but it is a thinly disguised Mason City, his own home town.

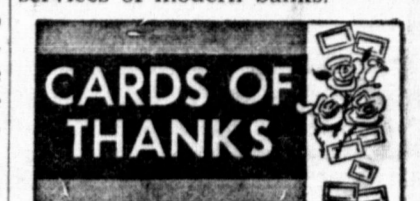

Prominent in the star-studded cast will be the fabulous "Frisco Four," one of America's foremost barbershop quartets.

Among the song hits in the show are the rousing "Seventy-Six Trombones" and the specialty number about the pool table being installed in the billiard parlor, "Trouble."

Kermit Bloomgarden is producer of "The Music Man," which won the New York Drama Critics' Award for the season's best musical comedy. The big national production has been staged by Morton Da Costa, who directed the original show. Conductor for the national company will be Michael Pieriere.

Processing of mail orders will begin Monday, Sept. 1, but ticket orders may be sent in at any time to the State Fair Downtown Box Office, 1315 Elm Street, Dallas, and checks should include a twenty-five cent handling charge. Ticket prices are \$4.95, \$4.40, \$3.30, \$2.20 and \$1.65.

The first bank opened 700 years ago in Venice. Its sole purposes were to safeguard and loan money—a far cry from the multiple services of modern banks.

We want to say thanks to all our relatives and friends and neighbors for all the beautiful flowers and gifts and cards and everyone who came and especially for the beautiful cakes.

Mr. and Mrs. U. T. Fowler.

God bless you for every act of kindness and loving sympathy, for all the cards, flowers, fresh vegetables, and prepared foods. For all the joy you've scattered along my way has really, truly mattered far more than I can say. Thanks a million each and every one.

Mrs. Ben R. Lovell.

The kindness and sympathy of friends and neighbors in our recent sorrow will always remain with us as a precious memory. For the beautiful service and floral offerings we are deeply grateful.

Two Areas Show Good "Seed Crop" Of Wild Turkeys

AUSTIN—The new year has started off with indications of a good "seed crop" of wild turkeys in at least two areas, according to the Director of Law Enforcement of the Game and Fish Commission.

Warden P. D. Moseley of Canadian, reported having carefully watched and counted 93 turkeys, of which 75 were hens, near a turkey roost on the Brainard ranch on the Canadian river last week. He said he had parked his car, before daybreak, some 200 yards from the roost. When the birds started out they passed within 20 feet of the car, enroute to grounds where cattle are fed.

Warden Moseley also reported having seen 15 red-legged partridges feeding in a deserted field near Canadian. They were about six miles from where they had been released. This took place in Lipscomb county where they were released within the past two years.

At Kerrville Biologist Houston Green told of having seen 87 turkeys at the entrance of the Kerr Wildlife Management Area last week. Most of them were young birds.

Six miles away, he found another bunch of 34 birds, indicating broodstock for the area. Biologist Walton S. Daniel of Fairfield, reported that in Freestone county last season hunters took some 500 bucks and 25 wild turkeys. The average weight of the bucks, as determined by field dressed animals in cold storage, was 83.1 pounds.

Antelope Fawn Crop Is Heavy In Panhandle

AUSTIN—The Texas Panhandle antelope crop this year is exceptionally good, according to reports if the Executive Secretary of the Game and Fish Commission.

An aerial census just completed indicated a good fawn crop of approximately one and a third fawn per doe. The count showed a total of 1619 antelope, according to Warden Pilot Frank Homer, Jr. There were 353 bucks, 773 does, and 493 fawns.

Flying with Hamer were Biologist Nard Wallace of Canadian and Warden Jess Felts. They reported the antelope to be in excellent shape.

The count was made under adverse conditions, according to Pilot Hamer. The census takers had to compete for air space with aerial sprayers working on grasshoppers.

"It was almost like World War II," Hamer said. "Planes were buzzing around at every level. The antelope were badly scattered."

"This may not be the best fawn crop on record but it is the best I've seen since I've been flying." The figures are now being studied for another possible open season in the Panhandle this year, according to Biologist A. S. Jackson.

AUSTIN—Texas' 56th Legislature, though not yet sworn in, already casts a long shadow over Statehouse activities.

Its membership was settled—virtually settled—with the counting of the Democratic second primary votes. A few will have Republican opponents in November.

Of more interest now is how the 56th will lean on key issues. Political prophets already are taking pulse readings and pronounce it likely to be more liberal than its predecessor. But not predominantly liberal. A big influx of newly-elected liberals from Houston is expected to be offset by Dallas conservatives, plus others from small towns.

On next session's crucial issue—finance—everyone's crystal ball seems a bit cloudy. Next Legislature will have to grapple with a financial deficit which the Legislative Budget Board has predicted may call for as much as \$140,000,000 in additional tax revenue.

Winning candidates, in both their speeches and newspaper announcements, were understandably skittish and unspecific in making specific proposals for dealing with this gigantic problem. Many came out flatly against a general sales tax or state income tax. Numerous suggestions were made to balance the budget through "economy in government, elimination of waste, duplication," etc.

Such statements are like the breeze off an iceberg to state departments, many of whom said they'll be asking for more, not less money, next session.

When the showdown comes, decisions will be made largely by the same group who pushed the voting buttons in '57. All told, there'll be 49 new faces among the 181 lawmakers.

Replacing the three retiring senators, Ottis Lock of Lufkin, Searcy Bracewell of Houston and Carlos Ashley of Llano will be Martin Dies Jr. of Lufkin, Robert W. Baker of Houston and Louis Crump of San Saba.

House will have 46 freshmen, slightly less than the normal one-third turn-over of its 150 members. Changes result from the retirement of 33 representatives, defeat of 13 others.

MANGLED MATH

When the next speaker of the House of Representatives takes office in January, some confused arithmetic will be cleared up.

A speaker is elected at the start of each regular session by the

190 House members. Support, in the form of signed pledges, is lined up well in advance of the session's start.

This year, when the dust settled from the run-off primary, both contenders claimed victory. Rep. Waggoner Carr of Lubbock, present speaker, said he had 80 pledges. Rep. Joe Burkett of Kerrville claimed 77 pledges. In addition, Burkett said he knew of 15 House members who had made no pledges.

All the claims added to 172 representatives—22 more than the people elected.

TOO "GENERAL"?

Alumni of East Texas State College are asking help in untangling conflicts over a new program at the Commerce school.

At issue is the value of a "general studies" program instituted by ETSC President Dr. James Gee. Revised curriculum substitutes a course in "communications" for freshman English, "heritage" for American history, and so on. A professor who had taught some of the "general" courses called them a "hodge-podge," comparable to grade school work.

Dissatisfied exes meeting in Austin asked Sen. Charles Herring, Senate investigating committee chairman, to look into the situation. Herring said he would bring it up at the committee's next meeting, but urged the exes to talk first with the college's Board of Regents.

FACULTY RAISES ASKED

Salary raises for faculty members are the principal item in a \$12,515,000 budget increase being sought by Texas' 18 state colleges and universities.

Texas Commission on Higher Education said the \$4,000,000 being asked by college officials would allow for average raises of \$600 per year per prof.

Altogether, the colleges' budget requests to the Commission total \$68,721,975 for the 1960-61 biennium.

Commission's task is to screen these requests and make up a recommended budget to present to the Legislature.

Panhandle Old Settlers Ass'n Annual Meeting Set For Sept. 24th In Amarillo

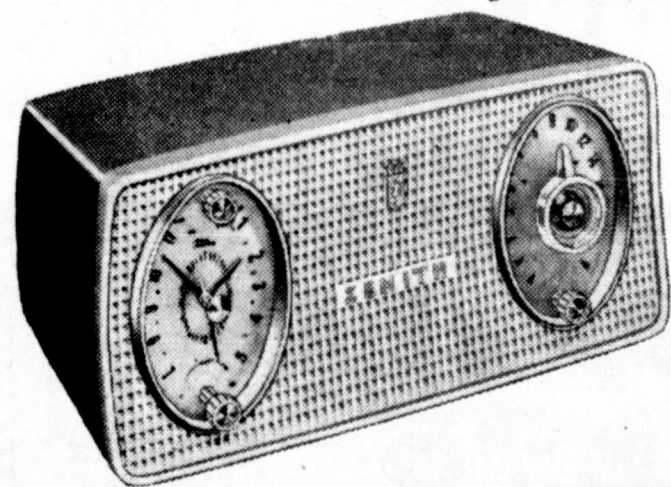

The Panhandle Old Settlers Association will have its regular annual meeting in Elwood Park in Amarillo on Wednesday of Fair Week, which will be the 24th of this month. The session will convene at ten o'clock a. m. and remain in session until two o'clock p. m. and as much longer as the members desire to visit informally. In the event of inclement weather the meeting will be held in the Y.W.C.A. building adjoining the park. Judge Stokes, of Amarillo, president of the Association, states that Rev. Leon Hill will be the speaker and a square dance of at least one set will be staged for the amusement of the members and guests.

A new feature of this year's meeting will be the manner in which the food is provided. All of the members and others who attend are asked to bring basket lunches, if it is convenient for them to do so. All of the lunches will be assembled and spread on the table together in a kind of picnic style so that everyone present will feel free to partake whether he has brought a basket or not. This innovation is made necessary because of the uncertainty as to the number of people who will attend. A musical program is being prepared and free drinks, such as Coca-Cola, soda pop, Dr. Pepper will be furnished.

Every person who has lived in the panhandle territory, generally known as the West Texas area, and more recently referred to as the Golden Spread, for twenty-five years or more is eligible for membership, the fee for which is one dollar. The management hopes that a large attendance will feature this year's meeting. All are invited to attend whether they are members or not.
