Leon Doherty was announced as the Soil Conservation "Comeback Farmer" of the State last week. He will receive his award and be honored at the big banquet in Ft. Worth May 1.

Leon Doherty Wins State SCS Award

Leon Doherty of Hedley was recently selected the "Comeback Farmer in Texas for 1970" in the Texas Conservation Awards program sponsored by the Fort Worth Chamber of Commerce and the Texas Soil and Water Conservation Districts.

To win this award, Leon did an outstanding job of overcoming his physical handicap while practicing conservation. He lost his sight in both eyes after being blind in one eye for nearly a year. He then attended the Texas Rehabilitation Center and received training in the use of his Seeing-Eye Dog, Rennie. He has since continued farming operations.

Doherty performs all phases of farming operation except for driving a vehicle. He has designed an inter-row seeder for seeding rye in cotton, a subsoiler for breaking hardpan while listing, and a front-end loader for his tractor. He also goes to the field with his equipment to set it for operation.

While terracing on his farm was in progress, he and his dog checked follow-up plowing and seeding. The ability he has shown won for him the local and state "Comeback Farmer" award.

Doherty will be presented his state award in Fort Worth, Texas Saturday, May 1, 1971 at a banquet held at TCU Student Union Ballroom at 7 p.m. All residents of Donley County are encouraged to attend.

New Regulations For Farm Pickups, Trucks

Farmers and ranchers are being urged by Jay Gould of Clarendon, president of the Donley County Farm Bureau, to let the federal government know how proposed farm truck driver regulations would affect their operations. Letters should be addressed to John A. Volpe, Secretary, U. S. Dept. of Transportation, Washington, D. C., 20515, Gould said.

The regulations effective July 1 would affect drivers of all farm trucks—including pick-up trucks. Although the new regulations would be applicable to interstate commerce, recent court decisions indicate that the interstate commerce clause applies to anything and everything that might at some time enter interstate commerce.

Proposed regulations would include the following requirements for drivers of farm trucks and pick-ups:

- (1) Be at least 21 years of age.
- (2) Carry a certificate, executed by a physician during the preceding 24 months, evidencing fitness to drive a truck or pick-up.
- (3) Pass a road test in truck operation.
- (4) Take and pass an examination on the federal Motor Vehicle Safety Regulations.
- (5) If driver is employee of farmer, he must supply the farmer with evidence of compliance with the four preceding requirements, plus an application for employment which shall disclose traffic violations and disposition thereof, plus an annual supplementary statement relating to traffic violations.
- (6) A farmer who employs a driver would be required to "verify" the driver's driving record—and to maintain for each driver a file containing items 1 to 5 above, plus a record of the employer's verification of the employee's driving record.

Gould said letters to Secretary Volpe should include the farmer's personal appraisal of how his farm or ranch operation would be affected if the regulations are adopted.

Pathfinder Club 60th Anniversary Tea Held At Patching Club House

The annual Anniversary Tea for members and guests of Pathfinder Club was held Friday afternoon from 3 to 5 p.m. at Patching Club House. This year's tea marked the 60th anniversary of the club, one of the oldest in the Top of Texas District Federated Clubs.

Special guests for the occasion were Mrs. Kermit Lawson, Federated District Club President of Pampa; Mrs. Bob Lindsay, Federated District Past President of Borger; and Mrs. Myrtle Ritzenhouse of Borger.

Guests were greeted by Mrs. Frank White, Jr., Mrs. Pete Kunz, Miss Mabel Mongole, Mrs.

Brumley, Mrs. Lacy Noble, and Mrs. C. E. Bairfield. They were assisted by Mesdames H. T. Burton, Frank Pheasant, Jr., Joe Goldston, Walter Lowe, and Sam Lowe.

The serving table was beautiful with an exquisite imported antique linen cutwork cloth centered with an arrangement of pink carnations, the club flower, and pink tapers in crystal holders. Appointments were silver.

Members of Pathfinder Club marked their 60th anniversary with a Tea Friday afternoon. Pictured left to right are Mrs. R. S. Brumley, Mrs. H. T. Burton, Mrs. L. N. Cox of Hereford, Mrs. S. H. Condrion of Canyon, Mrs. Pete Kunz, Mrs. George Benson, Mrs. Sam Lowe, Mrs. Kermit Lawson of Pampa, Mrs. C. T. McMurtry, Mrs. C. E. Bairfield, and Mrs. Frank White, Jr.

Pink cake squares, line sherbet punch, nuts, and rosebud mints were served to approximately sixty members and guests by Mrs. H. T. Burton, Mrs. R. S. Brumley, Mrs. George Benson, and Mrs. Dick Shelton.

Pink satin ribbons inscribed "Pathfinder 1911-1971" were pinned on each present by Mrs. A. R. Henson. During the afternoon there were stereophonic interludes. Photographs were taken by Tommie Saye.

Floral gifts were presented to the club by Les Beaux Arts Club; Mrs. Mary K. Blanton and Mrs. John Oakes of Amarillo; Mrs. C. G. Stricklin, Mrs. H. T. Burton, Mrs. C. E. Bairfield, and Mrs. Frank White, Jr. Also assisting in the houseparty was Mrs. W. W. Winkles.

Pathfinder Club was organized in 1911 with meetings being held in private homes. As membership grew the City of Clarendon gave the clubs of the town a room in the Old City Hall which is now being used as a library organized by Pathfinder in the 1920's. Approximately twelve years ago, the Patching family, a pioneer family of the area, gave, upon the death of their parents, the family home in Clarendon, a colonial, two-story home, to the Federated Clubs of Clarendon to be used as a club house as long as it is used for this purpose.

This week we received a letter from our friend Alfred Montaper, from whom we quoted most of our column a few weeks back. He sends us a list of the things for which he is glad: "I am glad for every sacrifice I have made that has given happiness to others, and made their lives more livable. I am glad that I have searched for truth early and late. Truth is all that I shall have when the sun sets on my years. I am glad for all the hard stretches of road I have traveled. They have made me more appreciative of the easy places and of the beautiful vistas. I am glad that I still have opportunity to apply the lessons I have learned, and so doing further improve myself and enrich others. I am glad to be blessed with old age, everyone does not always have this privilege. And as weary seekers of the best, we return home from our quest to find "that what all the sages said, is found in the book our mothers read." A. A. Montaper.

Produce carloads of sorghum with NK 222G Growers report 1,000 to 1 return Leon Stotel produced over 1,000 lbs. of grain from every pound of NK seed he planted. Seeded at the rate of 8 lbs. per acre. Stotel averaged 8,400 lbs. of grain at harvest. Excellent quality grain. The large yellow endosperm berries build a high test weight. Reports of over 60 lbs. are not uncommon. Castleman says NK 222G makes top quality feed. Threshes clean with a minimum of dust. Strong-standing. NK 222G stalks are extremely tough. A huge root system defies root lodging. GRASSHOPPER ALERT — A survey made last fall showed more than 2.3 million acres of crop and rangeland, mostly on the High and Rolling Plains of Texas, could suffer severe infestations of grasshoppers this spring. Reed Green, Extension survey entomologist, advises farmers and ranchers in the area to keep a close watch on the situation, especially if weather conditions are favorable for a good hatch and survival during the hopper hatching season — April - June.

Banking Board Member Still Unapproved

Forty-eight state banks have been chartered by the State Banking Board since October of 1969.

Responsible for approving these charters are the three members of the State Banking Board — Jesse James, State Treasurer; Robert L. Stewart, State Banking Commissioner; and Dr. Elmer Baum, appointed by the Governor in October, 1969.

Baum, who according to Gov. Preston Smith, handles all Smith's financial activities including stock purchases, has been an active member of this Board for almost two years. His name has yet to be approved by the Senate Committee on Appointments.

Baum's name is slated to come before this committee on May 6, however, because of the stock fraud investigation by the SEC, it is doubtful that he will gain Senate approval.

In fact, speculation in Austin this week contends that Baum, despite denials in the press, is planning to resign and that Gov. Smith is pushing for the appointment of former ambassador Ed Clark.

It is interesting to note that this man is said to be resigning a position for which he has not been approved to hold. Yet this man, who does not have Senate approval, may by state law be authorized to approve the charters of every state bank that opens in Texas since appointment.

As the law now stands, when a man is appointed during the interim, he can be sworn and serve in the office until the Legislature is in session. Therefore Senate approval is little more than a postscript to the fact.

Perhaps there should be authorization for an Interim Appointments Committee with instructions to approve or disapprove an appointee before he ever takes office. Numerous people are aware of Baum's appointment, but few realize that he has been serving as a member of the Banking Board all this time.

Ethics Bill (H.B.203)
After lying dormant for many

weeks, the Ethics Bill (H.B.203 by Nugent) reappeared on Tuesday, April 6, rekindling the militant mood of the House. It was amended to include a strict disclosure section (authored by Rep. Charls Patterson) with a solid vote of 32 for and 107 against the tabling of such an amendment.

After numerous attempts to adjourn or recess the House finally adjourned at 2:15 p.m. with continuing debate scheduled for the Wednesday session at 10 a.m.

As the bill stood on adjournment Tuesday, there was more merit in it than in any bill passed in the previous four sessions.

Wednesday's debate brought so many amendments that no one knows what the bill says in the final analysis. It is slated to be reprinted as amended so that the members may re-read the bill before voting on final passage.

Penal Code

We are continuing to receive mail concerning the proposed revision of the Penal Code. . . . in strong opposition to the sections which require the breaking down of firearms for transporting. Both of these areas have drawn so much fire they have been removed.

However, the bill still contains many other undesirable provisions including one setting cattle theft of less than \$1,000 as a misdemeanor.

At this time I doubt this bill will be cleaned up enough to gain my support.
