WELFARE ECONOMICS URGED — Lt. Gov. Ben Barnes followed through on his warning that Medicaid welfare spending may "bankrupt" the state with proposals for trimming the bill an estimated 25-30 per cent for 1972-73.

Barnes suggested these steps: A limit on the time welfare patients can stay in the hospital.

A limit on the cost of hospital rooms.

A fixed fee schedule for doctors on welfare cases.

A surgical benefit schedule as in private health insurance plans.

AUSTIN, Tex. — Texas is going to have liquor-by-the-drink—and faster than nearly anybody expected.

Legislature completed action on the bill last week, spelling out the machinery for legalized mixed drink sales in open bars, and Gov. Preston Smith promptly signed it into law.

Smith said the measure will have "tremendous impact on the economy of our state" through increasing tourism.

Secretary of State Martin Dies Jr. has sent out instructions to local officials, noting particularly that the bill provides for mandatory option elections on the drinks issue in 46 counties on May 18.

Counties which must schedule referendums in their "all-wet" areas in connection with the May constitutional amendments vote are those which last November approved lifting the open saloons ban and which contain cities or precincts where "package" sale of distilled spirits already is legal.

Dies cautioned judges and clerks of those counties that they must call local option elections prior to April 28 to assure 20 days' notice. Elections will be held only in areas (precincts and cities) of the 46 counties where sale of all alcoholic beverages is legal. Only in counties where sale of all alcoholic beverages is legal countywide will the May 18 vote be held throughout the county.

These are the counties which will have liquor-by-the-drink referendums on their May-'78 ballots:

Aransas, Austin, Bandera, Bee, Bexar, Brazoria, Calhoun, Cameron, Colorado, Comal, Dallas, DeWitt, Duval, El Paso, Fayette, Fort Bend, Galveston, Gillespie, Goliad, Guadalupe, Harris, Hidalgo, Hudspeth, Jefferson, Jim Wells, Kendall, Kennedy, Kerr, Kinney, Kleberg, LaSalle, Lavaca, Loving, Maverick, Midland, Montgomery, Nueces, Presidio, San Antonio, Starr, Sutton, Tarrant, Travis, Val Verde, Victoria, Washington, Webb, Wharton, Wilson and Zapata.

"It is a relief to have this issue settled in Texas once and for all," commented Smith.

Later elections can be called in other partially-wet counties by the standard petition route.

CRIME FUNDS DISTRIBUTED — More than \$1.5 million in criminal justice action grants have been approved for 34 projects to combat crime.

Six of the projects are for police training. They include Heart of Texas Council of Governments, Waco, \$29,690; Southwestern Legal Foundation, Dallas, \$24,000; Tarrant County junior college district, \$33,047 for law enforcement supervisory personnel program in data processing; City of Tyler, \$22,873 to continue operating its career development program through Tyler Law Enforcement Academy; Houston - Galveston Area Council, \$39,935 for regional law enforcement training center; and North Central Texas COG, Arlington, \$5,126 to send 30 officers to an armed robbery conference.

Crime prevention projects on drug education were approved for Texas Department of Corrections, \$2,000, and City of Wichita Falls, \$12,500. Prevention and juvenile delinquency control programs were approved for Texas Rehabilitation Commission, \$39,748; Houston Independent School District, \$15,000; Cameron County, \$64,606 and Central Texas COG, \$11,000. City of Port Arthur received \$4,065 and Hardeaman County, \$45,600 for projects aimed at improving detection and apprehension of criminals.

Grants for improvement of prosecution and court activities and law reform were approved for Houston Independent School District, \$65,989 (teacher training); Alamo Area COG, San Antonio (night magistrate hire), \$83,365 and Nortex Regional Planning Commission, Wichita Falls, \$33,984 (judicial management study).

Projects to increase effectiveness of corrections and rehabilitation were approved for Sam Houston State University, \$78,273 (two projects); Travis County, \$53,617 and Texas Department of Corrections, \$70,570 (three grants).

Texas Criminal Justice Council received \$30,000 to hire an organized crime prevention council coordinator and staff. City of Amarillo received \$17,732 for its community relations unit and City of Amarillo received \$17,732 for its community relations police unit and City of Austin, \$115,771 to establish a police community relations program. Dallas County received \$379,401 to computerize its criminal justice information system. Corpus Christi got \$48,104 to establish a microfilm storage and retrieval system. Belton received \$13,912 for remodeling and building a police-court building. Capital Area Planning Council, Austin, received \$7,020 for planning criminal justice system. Capital Area Council also got \$6,656; Alamo Area COG, \$11,786; and Middle Rio Grande Valley Development Council, \$4,537 to combine information networks into an improved teletype loop.

COURTS SPEAK — Following U. S. Supreme Court approval of massive busing to achieve racial balance, federal court at Tyler ordered three all-black school districts dissolved and told the state to eliminate any racially-separate unit.

Fourth Court of Civil Appeals in a Toyah school district case held that it is illegal to conduct public business in closed meetings with the public barred. Actions taken in illegal meetings are illegal and void, Court held. Decision reversed a lower court.

State Supreme Court said Abilene police need no search warrants to search the pockets of a man suspected of being about to sell marijuana.

High Court upheld State Savings and Loan Commissioner W. Sale Lewis' 1969 approval for a branch office of the Stephenville Savings and Loan Association in Granbury (Hood County) and rejection of an application for a new association there. Decision upheld Austin district court and Third Court of Civil Appeals.

HOSPITAL AID ALLOCATED — State Board of Health has allocated \$8.9 million in federal Hill-Burton funds for health facilities construction.

Funds were drastically reduced by the federal administration, particularly for new general hospital construction. Texas received only \$300,000 for new hospital construction. Hill-Burton pays

up to 50 per cent of cost of construction or modernization of health facilities in areas of critical need. Of recent allocations, rehabilitation received \$612,000; out-patient facilities, \$4.1 million; long term care, \$1.4 million; modernization, \$2.5 million and new construction, \$200,000.

Individual projects included Scott and White Memorial Hospital, Temple, \$612,000; Houston West End Public Health Center, \$400,000; M.D. Anderson Hospital and Tumor Institute, Houston, \$1 million; Lubbock Methodist Hospital, \$858,000; Marshall Memorial Hospital of Garland, \$600,000; Lutheran General Hospital, San Antonio, \$325,000; Scott and White, \$388,000; Brownwood Community Hospital, \$775,000; Lubbock Methodist Hospital, \$142,000; Methodist Home for Older Adults, Hereford, \$110,000; Medical Center Memorial Hospital, Big Spring, \$900,000; Henderson Memorial Hospital \$1 million; Marshall Memorial Hospital, Marshall, \$666,156; West End Public Health Center, Houston, \$100,000 and Medical Center Memorial Hospital, Big Spring, \$100,000.

INSPECTION PROGRAM APPROVED — Texas meat inspection program finally has received federal approval.

Accreditation of the Texas State Health Department - conducted program was based on a recently-completed survey of the state's 800 meat processing plants and slaughter houses and finding that they had met standards equal to those of the federal government.

U. S. Secretary of Agriculture last February caused concern by advising the Health Department that federal standards were not met. New Texas Meat and Poultry Act went into effect Sept. 2, 1969, giving authority for an inspection program to the division of veterinary public health of the State Health Department. New school was established to train inspectors to meet the federal guidelines.

Purpose of the program is to give added protection to the consumer, according to State Health Commissioner Dr. James E. Peavy.

APPOINTMENTS — Governor Smith named Hillsboro attorney Robert G. Dohoney as district attorney of the 66th district effective May 1. He succeeds Frank G. McGregor of Hillsboro who resigned.

L. O'Brien Thompson of Amarillo was named chairman of a sub-committee to properly evaluate the current operating status of the Criminal Justice Council. Members of the sub-committee are Criminal Appeals Judge Truman Roberts of Austin, Dr. George Beto of Huntsville, Harris County District Attorney Carol Vance, Dallas Police Chief Frank Dyson and Judge Noah Kennedy of Corpus Christi.

LAND BOARD MEET RESET — School Land Board reset its oil and gas lease sale for July 6 after learning that the U. S. Corps of Engineers apparently will permit drilling in coastal waters.

May 4 sale of submerged leases on state lands had been cancelled after the Corps declared a moratorium on off-shore drilling pending draft of an environmental impact statement.

Land Commissioner Bob Armstrong said the Corps will issue permits while a statement on environment is being drawn. Armstrong said applications will be processed through normal procedures under specified conditions. Nominations for tracts to be sold at the July sale must be in the general land office by May 14.

"Mini-Bikes" Cause Maxi Headaches

Mini-skirts, mini-shorts... everything's a "mini" these days. But "mini-bikes," the latest craze in midget motorcycles, have the potential to cause maxi-headaches for many parents in Texas.

These packages of pint-sized propulsion look like toys and they are notorious for their ability to win their way into the hearts of youngsters - particularly those between 10 and 14. However, unless the driver is of legal licensing age (15 years old in Texas) or he operates the mini-bike only on his parents' own private property, the vehicle is being operated outside the law and insurance coverage is non-existent.

Texas law prohibits operation of a motor vehicle by anyone under the age of 15 on any public street or thoroughfare in the state and mini-bikes come under the provisions of this law. This covers riding on sidewalks; in parking lots; in apartment complex entrances, exists and access roads, as well as alleyways and highways.

If the mini-bike is being operated by an underage driver on his parents' property, any damage or injury caused by that driver is covered - within the limits of the policy - by the usual home-owners insurance coverage.

AGRICULTURAL BRIEFS... MOST DANGEROUS—A three-year study by the University of Iowa shows the rotary power lawn mower to be the most dangerous of farm equipment. Out of 180 cases of amputations studied, 34 were credited to rotary power lawn mowers; 20 to corn pickers with grain elevators and combines ranking third and fourth. Might be well to keep this information in mind when grass mowing time rolls around.

Mrs. S. H. Condon of Canyon visited friends and attended the College reunion through the week end.

The failure puts things off, the successful man puts things over.

The Bible says that man can not live by bread alone, but some folks still try to get by on a lot of crust.

It would be hard to tell how far we are from our goal in life unless we are sure we are going in the right direction.

In climbing up the ladder of success it is almost a must that we keep our chin up. . . In some social circles to be a success only means that we keep our nose turned up.

S. S. Tax For Farm Labor Increased

The social security tax to be withheld from farm wages increased to 5.2 percent on January 1, 1971 according to James I. Mallett, Farm Management Specialist with the Texas Agricultural Extension Service. The taxes withheld from wages must be matched with an equal amount by the employer and sent to the Internal Revenue Service.

When the social security tax withheld plus the employers contribution reaches \$100 or more at the end of any calendar month, the total amount must be deposited by the 15th day of the following month in a Federal Reserve Bank or a commercial bank authorized by the Internal Revenue Service to accept social security tax deposits. There are statutory penalties for failure to

make the required timely deposits.

Mallett explains that a farmer is required to withhold social security tax on any farm employee who works one hour or more on 20 days or more, or who earns \$150 or more during the calendar year. However, the farmer is exempt from withholding social security tax for farm labor crews, self-employed individuals performing custom services, his own children under 21 years of age, or for a husband or wife working for their spouse.

The farm employer is responsible for depositing the total social security taxes due whether he withholds the tax from the employees wage or not, Mallett said. The receipt for social security tax deposits and Form 943 is filed with the Internal Revenue Service in January of each year. Payroll records, including the

name, social security number, amount and time worked, the amount paid and the tax withheld, should be kept by the farm employer on each employee. It is also important to keep a copy of Form 943 which is used to report social security taxes, reminds Mallett.

distance from Estes Park, Colorado.

Friday evening, April 30, the College Drama Department under the direction of Mrs. Norma Selvidge, presented a superb performance of the Broadway Musical, "Oklahoma", after which a brief reception was held in the College Cafeteria.

Saturday was a day spent visiting, recalling the past, golfing, touring the new Greenbelt Lake area, the new College Campus, attending the Art and Artifacts Exhibit until the evening was climaxed by a banquet and dance.

Gene White, class of 1952, directed the golf tournament, earned himself a prize golf ball. The tournament was played on the 18 hole Country Club Golf Course. Melba Vaughan, wife of College President Kenneth Vaughan was second in the ladies division with Mrs. Arvis Davis, class of 1947, from Paducah winning the top prize. The men's division saw Oran Watson, class of 1952, take first and James Stavenhagen, class of 1955, second.

The Art and Artifact show held cooperatively by the Social Science and Art departments was headed by Mr. Clarence Hamilton and Mrs. Betty Bourns respectively.

Ernest Kent served as Master of Ceremonies at the banquet Saturday night. Miss Susan Clark, Student Senate representative, from Memphis welcomed those present followed by the response by Gene White. Musical entertainment was provided by Mrs. Nancy Crawford, Miss Linda Vaughan, and Miss Kay Greer accompanied at the piano by Miss Valorie Trout.

Mr. Kenneth Vaughan, president of the College, gave a report on the status of the College and reported on various projects, the financial structure of the College, a report on a grant received from the Federal Government the past week, and the gift of a College Farm by Mr. and Mrs. J. N. Weaver of Dumas.

After the banquet program, Mike Campbell of Grapevine, a sophomore student, gave directions to various events, visiting in the Cafeteria, the dance at Syd Blues, and made announcements.

Sunday morning each attended the church of his or her choice and met for a noon luncheon at the College Cafeteria. Paul Hancock and his wife brought a very beautiful message in song and Mrs. Lucile Naylor read an appropriate poem and submitted a list of names of those known deceased in a memorial service. The list was not complete. The service was, however, meant for all who have died and included a recent ex-student who died in the service of our country in Vietnam.

Marring the happy occasion was the report at the Memorial Service that Dewey Young, class of 1919, had been injured in an accident when returning to the motel and was returned to his home in Seagoville by his good friends, Mr. and Mrs. F. T. Carpenter of Phoenix, Arizona. He was sent a telegram by the association.

A report of the business meeting is being carried in another article in this issue of the paper. It was indeed a happy occasion to welcome so many Ex-Students to the new Clarendon College Campus and we are looking forward to seeing many more as we meet again next year. The date is to be set by the officers and directors.

Farm News

from County ASCS Com.

Emergency Haying and Grazing:

Authorization has been received which permits emergency haying and grazing on CAP and set-aside acreages through June 30th, 1971, as follows:

1. If the acreage is irrigated, you must file a request and pay the required fee prior to grazing or haying.

2. If the acreage is dryland, you need not file a request and there is NO CHARGE.

Drought Relief:

Requests have been made for emergency tillage and for a livestock feed program. We will inform you as soon as these programs are approved.

Measurement Service:

As in the past, we will measure an acreage for you if you are unable to measure it yourself. This service is available either before or after planting and can guarantee a farmer that he has fully complied with program requirements.

Emergency Tillage Operations

As you know, our county has been designated a disaster area due to the severe drought. The County Committee has received a special allocation of funds to help farmers with the expenses for deep-plowing, chiseling and listing to prevent wind erosion. 80% of the cost will be paid on deep-plowing and chiseling practices and 50% on listing. This is applicable to practices carried out since April 14, 1971.

We had informed some of you that in all probability listing would not be included in this emergency program. However, our approval does include listing at a rate of 50% of the cost.

We are accepting applications at the ASCS County Office.

"Oklahoma" A Huge Success At College

The cast of "Oklahoma" is tremendously pleased at the attendance of the public to see the recent Rogers and Hammerstein's Broadway Musical, "Oklahoma." The Harned Sisters Fine Arts Center was filled for both nights of the performance and the children's matinee.

After the performance Friday night a cast party was held in the college cafeteria for the actors and the general public. Excitement was high and the chatter and exchange among cast members and audience was lively, with much evaluation and fun.

The public support of the creative efforts of today's youth was an exciting happening.

Inside The Legislature with Rep. Tom Christian

Session Moves Into Final Round

As we rapidly approach the last month of this legislative session, the House has moved into a five-day week and on occasion, 12½ hour days . . . in addition to regularly scheduled meetings of committees, sub-committees and public hearings on bills.

The 12-hour plus consideration of the Appropriations Bill on Thursday was the longest single session of the House in the past 14 years.

H.S.R. 52 By Christian and Davis of Travis

This resolution which provides for the establishment of an Interim Study Committee on the problem of pornography in Texas is the first attempt to provide protective legislation based on adequate research. Previous bills to curtail the activities of the pornography pushers have been introduced on the basis of emotional reaction to this menace.

Rep. Harold Davis and I have been working on this legislation since the 61st Session of the Legislature. The rulings of the Supreme Court in the past few years make it almost impossible to draw a bill that will comply with Federal law. This Resolution provides for consultation by the Committee with federal officials, congressmen, senators and the federal judiciary before recommendations are drawn up. Perhaps through this cooperative effort, we can come up with legislation which will protect the environment in which we raise our children.

H.B. 446 Passes House

My bill to abolish the office of County School Superintendent in Randall County (H.B. 446) passed the House on voice vote. This bill now goes to the Senate for approval.

Purpose of the bill is to do away with a job which is now obsolete. The schools in Randall County are either part of the Canyon or Amarillo Independent School Districts. Any remaining duties connected with the office

will be handled by Randall County Judge Woody Pond.

Liquor By The Drink

The liquor bill passed the House virtually unamended and with few of the so-called enforcement safeguards that had been proposed. As of now, it is not going to raise funds anticipated by its proponents.

An interesting thing about this legislation is that two years ago we received an enormous amount of mail both for and against. As this issue came before the House this Session, we have had one letter and one wire . . . one for and one against.

The passage of the liquor referendum seemed to give the question an air of inevitability. The shouting came last Session, the voting on local option will come May 18.

Required Government Courses

A couple of weeks back Tommie Thompson in his Turnstile Column in the Amarillo Globe-Times bemoaned the fact that what this country needs is people who know more about government, not less. This was in reference to Rep. Richard Slack's proposed H.B. 829 which would do away with the six-hour government requirement for college degrees.

I couldn't agree more. Perhaps we are just two old school teachers beating a dead horse, but the fact remains, we are going to be passing legislation for an 18-year-old vote and this new voter needs the insight that is provided in those two semesters of government.

I would like to see the requirements that teachers who move to this state and become a part of our educational system take those six hours plus six hours of Texas History if they are in the field of social studies.

Comparative Negligence

H.B. 556 by Hale, et al, passed the House last week after much debate.

After weighing the merits of the comparative negligence bill, I voted against it. I feel that it will only lead to an increase in plaintiffs attorneys and an increase in auto insurance rates.

Apply For Or Renew Notary Public Term

Secretary of State Martin Dies, Jr. has announced that all qualified Notaries Public desiring appointment for the new term which begins June 1, 1971 and ends June 1, 1973, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1971 and May 15, 1971, inclusive.

Secretary of State Dies further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1971, should apply to the County Clerk before May 14, 1971. The required application forms may be obtained from the County Clerk.

Mr. Dies emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State inasmuch as the law specially requires that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.
