## WES IZZARD TO BE PRINCIPAL SPEAKER CHAMBER BANQUET

All committees for arrangement of the annual chamber of commerce banquet have completed their work, and plans for the banquet were completed today, according to J. R. Gillham, secretary. The banquet will be served by the Ladies of the First Christian Church in the basement of the Church, Tuesday, February 4th, beginning at 7:30 p. m.

Wes Izzard will be principal speaker of the program. The program committee feels fortunate in being able to secure Mr. Izzard, who is well known and very popular in this community. Another highlight of the program will be the rendering of a series of musical and song numbers by a group of young ladies from McLean whose renditions have made them quite popular in this section of the state. The detailed program is as follows:

Toastmaster—J. R. Porter.  
Invocation—Rev. Cecil Harvey.  
Welcome Address—J. R. Porter.  
Response—Garnet Reeves, of Pampa.  
Trio—McLean High School: Frances Sitter, May Evelyn Foster, Beth Yvonne Floyd, accompanied by Eroy Gleen Fullbright, piano, Robert Gibson, violin.  
Introduction of guests and presentation of awards for 1940 Holiday Decorations Contest.  
Balloting for Directors of Chamber of Commerce.  
Trio—McLean High School.  
Introduction of speaker—Sam Braswell.  
Address—Wesley Izzard, Amarillo, Texas.  
Report of elections committee.  
Adjournment.  
Secretary Gillham has mailed invitations to approximately 15 neighboring towns and communities inviting their representatives to be guests of the local chamber for the annual banquet. Other special guests for the occasion will be a number of the many "champions" of this locality who have helped to make 1940 one of the best years in the history of Clarendon and Donley County. The D. E. Leathers Family, Lee Christie, president of the Clarendon F.F.A. Chapter, which was rated as one of the four best in the nation in 1940, and Carl Morris, Harice Green, and Forest Helton, members of the Champion Milk Judging Team, of Texas in 1940.

Ralph Andis, chairman of the ticket committee has announced that tickets will be on sale today at the Douglas-Goldston Drug, Norwood Pharmacy, and by C. J. Douglas, J. T. Patman and J. R. Gillham, the other members of the ticket committee. Those planning to attend are urged to secure their tickets before Monday night in order that the arrangements committee may be able to arrange with the Ladies of the First Christian Church for the correct number of plates.

**CHESTER MAYO TRANSFERS TO ISTHMUS JOB**

Chester has been employed by a firm of contractors in Colorado for some time. Only recently he was offered more pay to go to the Panama country where the company is helping dig the second canal "just in case the other is bombed." He is a son of Mr. and Mrs. J. T. Mayo of Clarendon.

## BIRTHS

A daughter was born to Mr. and Mrs. Clyde Martin the 22nd.  
Mr. and Mrs. Travis C. Harris announce the birth of a daughter, Gaye Nell, on the 22nd.  
Mr. and Mrs. Ellis Chenault of Lelia Lake announce the birth of a son the 24th, in a Memphis hospital.  
Mr. and Mrs. Ed Myatt, former residents, announce the birth of a daughter, Mariynn, weight six pounds and three ounces on the 13th. Mr. Myatt was formerly an employee of the Mellinger & Rosenwasser store here.

## SPEAKER TO EXPLAIN STAMP PURCHASE PLAN THE 10th

Mr. James S. Allen, Regional Director of the Surplus Marketing Administration, will address the twenty-second Annual Chamber of Commerce Banquet at Memphis, Texas, February 10th, Carroll Smyers, Chamber of Commerce Manager announced today. Mr. Allen is administrator of the Food and Cotton Stamp Plan in the thirteen Southern States, with regional headquarters at Dallas, Texas.

The Food Stamp plan is an attack on the paradox of want amid plenty. It has proven popular throughout the country; wherein the government gives aid to the farmer, relief client and helps the business man also.

## COOK INFANT DIES

Crowell C. Cook, infant son of Mr. and Mrs. Olin C. Cook of near Goodnight expired January 22 as the result of pneumonia attack. Funeral services were conducted at the Church of Christ in Claude, with Claude C. Smith, pastor of the Clarendon church officiating. Funeral arrangements by Buntin mortuary.

## HERE FROM McLEAN

Mr. and Mrs. Clifford Allison and daughter Shirley were here Tuesday to visit his mother, Mrs. John A. Allison and transact business. Clifford has been cashier of the American National Bank of McLean for several years.

## Mrs. Porter Dies On Wednesday

Funeral services will be conducted for Mrs. Wm. A. Porter at the Methodist church in Tulia at 2 p. m., January 31, 1941, under the direction of the Buntin mortuary of Clarendon.  
Addiebelle S. Porter was born February 4, 1866, near Alvarado, Johnson County, Texas, the daughter of W. B. and Grace Senter. She joined the Church at the age of seven. She married W. A. Porter December 21, 1880 at Alvarado, Texas, where they lived until 1893, then they moved to Grayson County, Texas, where they lived until 1902, and in October, 1902, they moved to the Plains eighteen miles southeast of Canyon, Texas, in Randall County, then in 1903 they moved near Tulia and in 1906 they moved to the town of Tulia where she has resided since.

W. A. Porter predeceased having died March 27, 1922. There were born to this union of W. A. and Addiebelle S. Porter six children all of whom are living and are: W. L. Porter, Hale Center; R. G. Porter, Lubbock; J. C. Porter, Clovis, N. M.; J. R. Porter, Clarendon; E. E. Porter, Clarendon, and Vera Porter, Glenn of Silver City, N. M.

Mrs. Porter died at the home of her son, J. R. Porter, in Clarendon at five ten p. m. January 29. She was 74 years 11 months and 24 days old at the time of her death. She devoted her entire life to her family and to her church, and in her later years as a pastime she had adopted the writing of poetry which gave her considerable satisfaction. She was visiting in the home of her son at the time of her death.

## ATTENDS SCHOOL AS MEMBER PERRYTON CC CAMP

Clyde Skinner, former Windy Valley boy, stopped here a few days ago to visit his sisters, Misses Inez and Ethel Skinner. He was on his way to accept a federal position as senior typist at the Ft. Sam Houston hospital near San Antonio.  
Young Skinner joined the CC camp in October of 1936. He was stationed at Perryton four years and attended school there, graduating from the Perryton High School with the class of 1938.

## Crop And Feed Loans Ready

Emergency crop and feed loans for 1941 are now available to farmers in Donley County, and applications for these loans are now being received at Clarendon by Harold Himmel, Field Supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing and cultivating his 1941 crops or in purchasing or producing feed for his livestock.

Borrowers who obtain loans for the production of cash crops are required to give as security a first lien on the crop financed or, in the case of loans for the purchase or production of feed for livestock, a first lien on the livestock to be fed.

## WEARS FIRST EYE GADGETS AT SEVENTY-THREE

"My first pair of glasses and I don't like them," commented Mrs. Lena Antrobous a few days ago who began wearing eye glasses recently at the age of seventy-three.

Mrs. Antrobous, the mother of six children, came to Clarendon in 1887. Her daughter, Mrs. O. C. Watson, who was born that year, was the first baby girl to be born in Clarendon where it is now situated.

Mrs. Antrobous lived in a tent when first a resident in 1887, and later became Clarendon's first school teacher. A very remarkable woman in many ways.

## ADAMS TRANSFERRED TO NEW BOMBSIGHT SCHOOL

Some weeks ago mention was made by your Leader that Gale Adams had been advanced to receive instruction on the planes using the newest bombsight. That training was being given near Tacoma's federal aviation training grounds.

Gale is now a student of the new bombsight training school near Denver. From information received, one would suppose that quite a number are being trained in the use of the newest bombsight about which we read so much of late.

Gale is a son of Mr. and Mrs. Carl V. Adams of Clarendon, grew up here and is a product of our local schools.

## TWO ARE NAMED FEBRUARY SELECTIVE DRAFT CALL

The list has not been completed due to enlistments pending, and which will be determined Friday, but it is known that as many as two will be called under the selective service call February 7th, Geo. A. Ryan stated today.  
The two young men to be called are J. H. Green and H. L. Riley.

## Should Rooster Lay Eggs?

Sound silly? Maybe so, but wait. Perhaps a genetical anomaly has been discovered right here in old Donley - - the county that "leads in everything."

For months that inimitable poultry fancier, the Rev. J. Perry King, had mollycoddled a young rooster for the Greenbelt Poultry Show. Then when the fateful day arrived, this skylitot marched right down with his alleged prize-winning bird. As the bird was placed in the exhibit coop, the pastor stepped back, brushed his hands with a gesture of "now the folks will really see what it takes to grab off a blue ribbon!"  
When the old boy imported for the judging job got through, the Rev. J. Perry King's rooster had won the following appellation: Pullet, 1, 2, 3rd!!! The preacher's rooster turned out to be a pullet.

## Gov. O'Daniel Seeks Bureau Changes

AUSTIN—A staggeringly-large program of legislation was submitted to the Forty-seventh Texas legislature by Governor W. Lee O'Daniel in the first installment of his message to the legislature, which did not touch upon the number one problem—financing of social security.

His legislative recommendations, in general, embodied his ideas of improvement of state government, and his message included a bitter arraignment of the "third house"—lobbyists—and the "fourth division of state government—bureaucracy."

The governor's speech, broadcast over the state, was given before a joint meeting of house and senate and crowded galleries.

Here is a summary of the governor's recommendations:

- Removal Power**
1. Give the governor power to remove his own appointees, so activities of boards and bureaus may be responsible to some overseer.
  2. Place the state auditor in the legislative rather than the executive branch of government, and create a director of the budget apart from the board of control.
  3. Consolidate all funds in the state treasury, and enact a constitutional amendment prohibiting the governor from signing any appropriation bill unless there's money in the treasury to pay it.
  4. Place all tax collections in the hands of the state comptroller.
  5. Establish a state merit system for employees.
  6. Build more farm-to-market roads.
  7. Enact an equitable truck load limit law.
  8. Enact stricter liquor laws and forbid advertising of liquor in dry territories.

## AGED MAN RECOVERING FROM INJURIES

Mr. Roy Terrell, grandfather of Mrs. Walter Lowe, who fell on the Antro hotel stairway Tuesday of last week, an account of which appeared in the Leader, is able to walk again.

The right side of his head and his back each were painfully bruised. Mr. Terrell is past 88 years of age, and has been visiting relatives here for many years on occasion. In former years he rode horseback from Clay county to this point, and at times into New Mexico. The return trip was made by horseback, his favorite method of travel until age changed his plans.

## COUNTY SCHOOL BOARD WILL MEET SATURDAY

A meeting of the County School Board will be held at 1 p. m. in the office of the county superintendent of schools here next Saturday.  
Those having business with the Board will please bring it before the Board at this time.

## HERE FROM BOVINA

Mr. and Mrs. Glenn Riley were over from Bovina for the week end to visit relatives in this section. Glenn is superintendent of road construction, over a WPA crew near Bovina.

## PAY POLL TAX

Tomorrow, Friday, January 31, is the last opportunity to pay your poll tax. Without it, you may not have a right to vote on the several proposed amendments this summer.

Many times you will wish that you could vote. Don't think you won't. If you are not exempt, better see your tax collector right now.

Highway bond issues are liable to bob up any minute. The bond buyers are keen to get a chance at a mortgage on old Donley county. Your only way to defend your rights in this instance, is through your right to vote. Be sure you have that right all sewed up by Friday night.

ey is spent, yet has no continuing, competent agency to report to it on whether the laws have been complied with, he said.

## Hardware Men Attend Meet In Amarillo

A large attendance was had at the thirty-second annual convention of the Panhandle Hardware and Implement Association held in Amarillo Monday and Tuesday.

Attending from Clarendon were Mr. and Mrs. O. C. Watson, Dorothy and George, Mrs. Lena Antrobous, B. C. Antrobous and Mr. and Mrs. L. E. Thompson and their daughter, Jo Ann.

A number of speakers were heard over the two-day session. The principal speaker was Ray H. Knoohuzien of Plainview. Among the trite expressions heard from this able speaker, was:

"God's greatest gift to man is the ability to forget quickly," he said, and later: "There is a thin line between planning and worrying."  
Most of our Clarendon folks stayed Tuesday night for the banquet, dance, and floor show by Dixie Dice.

## SEE "LITTLE FOXES" IN AMARILLO MONDAY

A number of Clarendon people took occasion to see the play, "The Little Foxes" starring Talula Bankhead, daughter of the late Senator William B. Bankhead, in Amarillo Monday night.

Among those were Mr. and Mrs. John C. Knorrp, Mr. and Mrs. Chas. B. McMurry, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. Sam Dyer, Mr. and Mrs. Seldon Bagby, Mr. and Mrs. Kelly Chamberlain, Mr. and Mrs. Walter Knorrp, Mr. and Mrs. M. P. Gentry, Mr. and Mrs. Ira Merchant, Miss Vera Nolan and Wm. J. Lewis, Jr.

### C. G. Kirkland Wins District F.F.A. Newsriting Contest

C. G. Kirkland, secretary of the local F.F.A. chapter, won the Memphis district F.F.A. newsriting contest at Quitaque, Saturday January 25th. Kirkland's win made the fifth consecutive win for the local chapter in this event. The local chapter has also won the area contest for the past four years and hopes to repeat their winning this year.

J. F. White and Ray Robertson represented the local chapter in the one-act demonstration, and placed second in the event. The judges were especially favorable in their comment of the skill exhibited by the local youths in presenting an improved practice in swine castration. Jack Riley represented the local chapter in the public speaking contest and placed fifth.

Memphis, Quitaque, Estelline, Turkey, Lakeview and Clarendon were all represented in the contests, the first half of the 1941 Memphis District F.F.A. Leadership Contests. The other half of the contests will be held in Clarendon in the fore part of April.

### SIMMONS IS APPOINTED TO DRAFT BOARD

Announcement is made that Alva Simmons, long-time resident of Hedley, has been appointed by Gov. O'Daniel to serve on the selective service board here. Mr. Simmons succeeds to the place left vacant by the death of Homer Mulkey.

### VISITS SISTER HERE

Mr. John Robbin of Pampa was here Sunday to see his sister, Mrs. E. A. Sloan who has been critically ill for some time. He was accompanied by his son, Dearwood Robbins and family.

## Mrs. Sloan Is Buried Today

Funeral services were conducted by the pastor, Rev. Cecil E. Harvey at the First Christian church at 3 p. m. today for Mrs. Arra Amelia Sloan, who passed away at her home here late Wednesday, following a lengthy illness.

Attending the casket were Roy Clampitt, C. W. Taylor, Walter Clifford, Bill Ray, Dick Chunn, Odos Caraway.

Surviving are a son, Joe S. Sloan of Amarillo, and a daughter, Mrs. Bess A. Rolfe of Clarendon. The three grandchildren are Mrs. Herbert Frederick and Geo. Sloan of Amarillo, and Jack Rolfe of Clarendon.

Mrs. Sloan was a native Texan and was seventy-five years old at her passing. She and her husband, E. A. Sloan who passed on some three years ago, lived on the early day ranches in the Panhandle when first coming to this section. They became residents of Clarendon forty years ago, moving here for school advantages.

Mrs. Sloan was a devout member of the First Christian church here with which she became identified in 1906.

Interment was made in Citizens cemetery beside that of her husband.

Memorial by Womack Funeral Home.

### ESTLACK IS CHOSEN NEXT VICE PRESIDENT

At a meeting of the Board of the Donley County Old Settlers Association held at Hedley Friday, J. C. Estlack was unanimously chosen vice president. The vacancy was occasioned by the death of Mr. Homer Mulkey recently.

Estlack has been a resident of Northwest Texas fifty-seven years, and has resided in Donley county twenty-two years.

Mr. Tom Tate is president, and Mrs. Joe Crawford is secretary-treasurer.

A number of choice farm sales have been closed up in this section the past week, and a number are in process at this time. Those in a position to know, assert that farm property in Donley is due for a generous play the year of 1941.

A strange angle to the sales, so far as the outsider is likely to be concerned, is that the sales were made to Donley county men. Citizens of Donley county know the value of Donley county land best, according to sales reports.

Sales reported by J. P. Pool lead the list.

S. J. Dodson has purchased 240 acres of the Darlington estate. This farm is located near Hedley. Ross Darby of near Lelia sold his farm to Mrs. Guy Taylor and then purchased 320 acres of the Bugbee estate northwest of the Martin school.

Lloyd Risley has sold his 440 acres of the Darden place near Salt Fork to Leroy Luttrell of Hedley.

S. P. Dishman of Hedley has purchased 320 acres west of Goldston formerly farmed by Preach Goldston.

With prices more nearly stabilized, and a prospect for increased demands due to war conditions, this coupled with modern farm machinery with which to get the job done on a mass production basis, will greatly increase the demand for choice farm land, a Plains land trader stated today.

### LOCAL F.F.A. CHAPTER RECEIVES NATIONAL PUBLICITY

A three page article carrying a number of pictures of activities of the Clarendon Chapter appeared in the January, 1941 issue of the Agricultural Readers' Digest, a national farm magazine. A half page article and a photo of the 1940 Champion Carlot of barrows of the State Fair appeared in the February issue of the Progressive Farmer. West Texas Today, the official magazine of the West Texas Chamber of Commerce, carried a full page article and a cut of the chapter members in its January 1941 issue.

The Hampshire Herdman, The Swine World, the Duroc Record News, The Farmer Stockman, and other magazines have carried stories of the activities of the local chapter in recent issues of their papers.

### PUPILS MRS. BRYAN WILL APPEAR IN RECITAL

Monday evening, February 3rd, a number of pupils of Mrs. Allen J. Bryan will appear in recital at the College Auditorium. Pupils to appear on this program are:

Nelda Sue Burton, Dorothy Ann Kennedy, Sarah Beth Lowry, Guida Myrl Miller, Ada Sue Smith, Patty Molesworth, Ermagene Spencer, Imogene Spencer, Melba Christie, Margaret Jean Leathers, Marilyn Bartlett, Frankie Hommel, Kay Kimball. They will be assisted by Claude Hearne and Basil Kirtley, pupils of Ray Robbins.

### DR. STRICKLIN BETTER

Following a heart attack Friday of last week, Dr. C. G. Stricklin was taken to Baylor hospital in Dallas. Information today indicates that he is steadily improving.

### POOL TAKES RESIDENCE IN CLARENDON

"Since most of my realty sales are closed in Clarendon, I moved my place of residence to the county seat," J. P. Pool stated today. His family is occupying the home formerly owned by Mrs. Mamie McGowan and recently purchased by R. B. Moore.

### COTTON CROP IS SHORT 941 BALES IN 1940

A late census report of the ginners for Donley county shows that the 1940 cotton crop up to the 16th of January was 8,747 as compared with 9,688 at the same time for the 1939 crop.

REGISTRATION DAY PROCLAMATION

WHEREAS, by action of the 1940 National Convention and the National Executive Committee of The American Legion, a complete indexing and classifying of all members of The American Legion, primarily, and of World War Veterans generally, is ordered as a means of listing individual qualifications for voluntary national defense service in the event of the onset of a national emergency.

WHEREAS, the preparation of the material and culmination of the plans for such organization-wide American Legion and Veteran registration causes a day in the month of February, 1941, to be most suitable for such registration purposes; and

WHEREAS, no more appropriate day for the undertaking of such a patriotic enterprise on the part of The American Legion can be conceived than that of the 209th anniversary of the birthday of the Father of our Country, George Washington, on February 22, 1941;

NOW, THEREFOR, I, Milo J. Warner, National Commander of The American Legion, do hereby urge that the 11,700 Posts of The American Legion do publicize and utilize the day of February 22, 1941, as American Legion Registration Day and attempt during the course of that day to complete the questionnaire - registration forms, prepared by the national organization of The American Legion, for all their membership and for such other World War veterans who may desire to participate in such registration.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of The American Legion to be affixed.

Done at the City of Indianapolis, this 13th day of January, in the year of our Lord, nineteen hundred and forty-one.

CHIROPRACTIC ADJUSTMENTS HEALTH

You have a body that is indeed wonderfully made. It is a combination of tissues and cells that have chemical and mechanical purposes and actions. To have perfect health, these structures all must be maintained in proper alignment and relationship. Bones, muscles, ligaments, nerves, blood vessels, joints and organs respond to my efforts. There are things the body can do without, and there are things the body can do itself. But on the other hand, there are things the body must have help in doing. Together the body and the doctor will win in most cases. If we co-operate our chances are much better.

If you can find nothing to give you ease and comfort, take a chance and try the NATURAL method of healing - - CHIROPRACTICS. It has helped thousands, why shouldn't it help you. Dr. B. B. HARRIS Phone 35-J Edington Apt's.

**INDUSTRY NEGLECTED.**  
The most neglected industry in Texas today is our tourist industry. Our state has a coast line, mountains, valleys, high plains and thousands of miles of ribbon highways to take the tourist to any part of the state. Not the least of our attractions are our historic points of interest, including the Shrine of Texas Freedom—the sacred old Alamo at San Antonio. There is every convenience along the highways with tourist cabins in variety. Some of them cost thousands of dollars. Others are ornamental where native stone forms the structure. More than five hundred varieties of flowers are found in Texas from her high Plains to the water's edge at the Gulf. There are 207 species of song birds alone. Many highways cross game preserves where deer, antelope and other game animals are readily seen. Great is Texas!

**GRATEFUL.**  
How often a little consideration

can transform gloom into sunshine. In giving the address of Mrs. Fred Russell in your Donley County Leader last week, here comes the message from a grateful heart that is making the fight of her life to rejoin her babies, her home and to again be among loved ones. Mr. Russell is there, and that helps a lot. But there is a longing that words cannot describe. To you who kindly lent a helping hand to this good woman in this hour when friendships mean most, may I personally thank you. I pass on her message received Tuesday:

"Donley County Leader: I want to thank you for putting my address in the Leader. I have received many nice cards and letters and enjoy them so much. I am able to sit up a while each day, and am gaining each day. I have also enjoyed my lovely flowers friends sent. I enjoy the Leader so much. Keep the letters rolling in. Sincerely, Mrs. Fred Russell."

Now you folks out there in the great big Leader family know what to do, and will do it without urging. Right now you realize that you can make a lonesome one happier by doing the little things that you have often wanted to do,

and just put it off. Here's hoping that Mrs. Russell will be swamped with cards, letters and flowers sent to Room 146, Baylor Hospital, Dallas. That will help her to get well about as much as anything. Show her that somebody—yes, hundreds—really care.

**JANITOR GOES UP.**  
In the "35 Years Ago" column reference is made to Stuart Condon, janitor. Years later, Stuart H. Condon was a college teacher here. For several years he has been head of the Department of Government at West Texas College at Canyon. He always had the stuff that wins. There is no instructor in Texas today more popular than Mr. Condon.

**A REAL HONOR.**  
You know that when Tom Tate came in and told me Saturday that the Board of the Donley County Old Settlers Association had selected me as their new vice president, I could hardly believe him. I'm to fill largely the shoes of Mr. Mulkey. That will be impossible, but just to show these good folks that I really appreciate their compliment, I'm going to try my level best to make this Associational meet next summer the very best one yet. Thanks a lot, old timers. It's worth living in Donley county 20 years to get to become a member of this organization.

**HUDGINS**  
Mrs. S. M. Harp

### GARNER DONATES GAVELS TO STATE MUSEUM

AUSTIN—Two prized possessions of Vice President John Nance Garner—300 original cartoons by the nation's leading artists and 200 of the oddest gavels in the world—have been brought to the University of Texas campus.

Gift of the Vice President to the Texas Memorial Museum, the Garner collection represents one of the most unusual exhibits the museum has acquired, Dr. E. H. Sellards, director, said.

In making the presentation, Mr. Garner said that he knew of no better place for his gift than the Texas Memorial Museum, completed in 1939 after a \$300,000 fund campaign in which he himself had taken a spirited part.

Visiting in the David Johnson home the past week were their daughters and children, Mrs. Ralph Bourland of Quail and Mrs. Grady Halbert of Crowell.

### RESOLUTIONS OF RESPECT

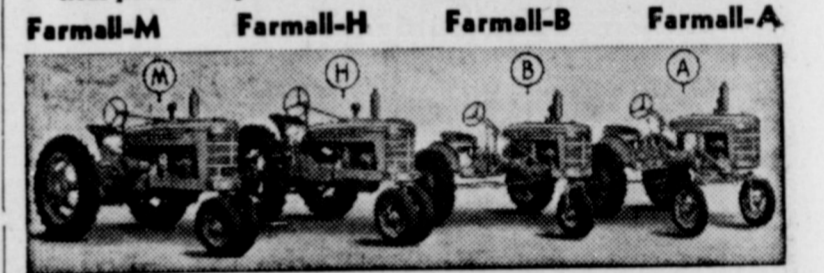

It having pleased Almighty God in His divine wisdom to remove from our midst Mr. Homer Mulkey, a faithful member of the Donley County Old Settlers Association, whose wise counsel meant much to us, and an efficient vice president who contributed much of his time and talent to the success of our organization, therefore be it:

Resolved, that we express to his widow, Mrs. Homer Mulkey, our profound sympathy in the loss of her husband, and commend her to Him from whom all solace comes, and whose wise judgment surpasses the understanding of mortal man.

Done at Hedley, Texas this the 24th day of January, 1941.  
Bill Rains, president Emeritus.  
Tom Tate, President.  
J. C. Estlack, Vice President.

Great novels which have been swept by a wave of popular interest onto the best-seller lists throughout the nation are, more and more, being sought by film producers as suitable vehicles for successful films. Some of the greatest have been based on best selling novels, like "The Grapes of Wrath," "The Rains Came" and "Drums Along the Mohawk."

And when Walter D. Edmonds' "Chad Hanna" was first appearing in the Saturday Evening Post under the title of "Red Wheels Rolling," it was natural that production companies would bid heavily for it. Acclaimed by millions of readers as a magazine serial and later as a novel, "Chad Hanna's" success on the screen was assured.

After purchasing the rights to "Chad Hanna," 20th Century-Fox assigned the task of bringing it to life on the screen to the combination which had so much to do with the success of "The Grapes of Wrath"—Associate Producer Nunnally Johnson, who also wrote the screen play, and the star Henry Fonda. Two other important starring roles went to Dorothy Lamour and Linda Darnell. Filmed in brilliant Technicolor and directed by the veteran Henry King, "Chad Hanna" starts its engagement on Wednesday at The Pastime Theatre.

"Chad Hanna" tells the appealing story of colorful people, earthy humor and tender romance in a wandering tent show. The romance revolves about Chad, portrayed by Henry Fonda, and another run-away, Linda Darnell, who goes on to become one of the show's leading performers. But when the exciting, gorgeous Albany Yates, played by Dorothy Lamour, rides into Chad's simple, country boy world, he is dazzled by her sultry allure.

A brilliant featured cast listing some of the screen's top names was hand picked for the projection of vivid characterizations of the other lusty characters from Edmonds' great novel. Seen in fine roles are Guy Kibbee, Jane Darwell, John Carradine, Ted North, Roscoe Ates and Ben Carter.

**"AUDACIOUS" WOMEN START TAX DRIVE**

Admitting their chief assets were "audacity" and confidence, two women who say they represent uncountable thousands over the State submitted to the Texas Legislature last week their alternative to Governor W. Lee O'Daniel's tax program: A \$65,000,000 tax bill bottomed largely on taxing natural resources.

"We're both farmers," explained Mrs. Jud Collier of Mumford and Mrs. Margaret Reading of Waller. Mrs. Collier is a "farm wife," she said, while Mrs. Reading manages a farm near Waller. They represent the "Woman's Committee on Economic Policy for Texas" which, they said, is an organization formed last May because nobody seemed to have done anything about taxes. "Because we were tired of nonsense," Mrs. Reading explained.

"We don't have any dues, but we've got thousands of letters, from farm women. We have key women in every county in this State. Many of them are in the

Home Demonstration Clubs. What's more those key women have obtained written pledges from 82 representatives and 16 senators that they will support a natural resources tax bill."

And they're against a sales tax. Or a transaction tax.

"It won't pass, either," said Mrs. Collier.

They have no pledge from anybody to introduce their bill; but it's a good one; "it was drawn up by experts." And their chief hope is to give members of the Legislature some idea of what a tax measure ought to be.

**Tax Resources**

Their idea of what ought to be embraced:

A sliding scale tax on crude oil ranging from 5 to 11 cents per barrel. The present tax is 2 3-4 cents.

A tax of 5 cents per thousand cubic feet on natural gas. The present tax is 3 per cent of value—about 1-10 of a cent.

A tax of \$5 per ton on sulphur. The present tax is \$1.03.

That's all. But that, the women

say, will be enough.

The women have two battle cries: "No more nonsense" and "A natural resource tax—the price of proration."

There is no membership fee to get into the Economic Policy Committee, so they have to donate their services.

"I got on a train at 3 o'clock this morning to get here, and have to go back tonight," Mrs. Reading explained. Mrs. Collier was rushing to a meeting in the lower valley.

Mrs. Collier is also chairman of the legislative committee for the Texas Federation of Women's clubs but she wanted it understood that the two organizations were not connected.

"Except that they're behind us," she added, "along with the professional women's clubs, the A.A.U.W., and a lot of others. But mostly farm women."

Mr. and Mrs. D. E. Holt and son David of Lefors spent the week end with her mother, Mrs. Karl Adams and family.

## Gene Worley Named To Important Labor And Irrigation Committees

WASHINGTON.—The Democratic Committee on Committees today announced the appointment of Congressman Eugene Worley to membership on four leading committees of the House. They follow:

Committee on Irrigation and Reclamation; Committee on Labor; Committee on Coinage, Wts. and Measures; Committee on Election of President, Vice President, and Representatives in Congress.

Announcement of the action by the powerful committee on Committees was made by Congressman Robert Doughton of North Carolina, chairman.

Of the four appointments given Congressman Worley, one of them—Irrigation and Reclamation—deals constantly with legislation vitally affecting his district, the 18th of Texas; while the other three handle legislation more national in scope.

The Committee on Irrigation and Reclamation is concerned with soil depletion, erosion and similar agricultural problems and membership on it is one of the most sought appointments in congress particularly by Congressmen representing districts where the needs of farmers are paramount.

The Committee on Labor, to which Congressman Worley was appointed, faces a year in which it may be called upon to help settle one of the most acute problems that has arisen out of the national defense program—strikes in defense industries. Child labor problems together with proposals to overhaul the Wagner Labor Relations Act and the Wage-Hours law await consideration by this committee. Labor problems

affecting work in the agricultural and ranching industries likewise come within the jurisdiction of this Committee.

By virtue of his seat on the Committee on Coinage, Weights and Measures, Congressman Worley may succeed to an active role in one of the biggest controversies on the Washington scene—the Eccles plan to strip President Roosevelt of his emergency powers over money. This plan, drafted by Marriner S. Eccles, chairman of the Federal Reserve Board, would vest these powers in the Federal Reserve Bank system, and has been referred to the Committee on Coinage by Speaker Rayburn.

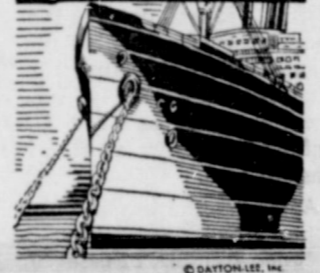

The Committee on Election of President and Representatives in Congress to which Congressman Worley was named, is scheduled to consider legislation to abolish the electoral college, a device set up by the founding fathers to meet the difficulties of communication and travel 150 years ago—problems that no longer exist. Those favoring abolishment of the electoral college system under which the President of the United States is officially "elected," contend that the college is outmoded and useless and that instead of voting for candidates for the electoral college, the American voter should be permitted to cast his ballot directly for the president. On the other hand, those favoring retention of the electoral college make powerful arguments in its behalf, pointing to tradition that has grown up around it.

The young Congressman was particularly fortunate in achieving a seat on the Committee on Irrigation and Reclamation. This Committee and the Committee on Agriculture deal with many common problems pertaining to soil conservation and agricultural problems throughout the nation.

### ZEKE SEZ

By Nugent E. Brown

AUSTIN—Everybody has been inaugurated now but there are some 80 or more recess appointments to state boards, commissions and jobs which the Upper House of the Texas Legislature will have to okeh or turn down in the next few days.

Looking at this new session of the Texas Legislature from an outsider's standpoint at this stage of the game, it looks like a natural resource tax of fair-sized proportions will likely be passed by both houses before the end of the session in May. That is the way it looks now, judging by the impatience of many members to get a bill into the hopper. Veteran Ben Sharpe of Paris summed it up Saturday thusly: "We can pass a tax that will raise some 20 million dollars and we had better pass it this session or just quit trying altogether."

Among the many bills already tossed into the hopper was one for the teachers retirement fund that would take money out of the general fund to match money already put up by the teachers, about half of the members of the House signing the bill, the first name on it being that of Emmett Morse, speaker of the House the past session. If the legislature passes this bill, it means a majority believe they will also pass a tax to raise more revenue because the general fund is now about 30 millions in the red.

### Up to Tom King

The Senate, in a resolution by Senator Clay Cotten of Palestine, last week unanimously asked State Auditor Tom C. King to come before that body, sitting as a committee of the whole, and explain what the auditor has termed "the headless fourth division of the State government." Auditor King has repeatedly charged gross inefficiency on several state departments that are controlled by commissions. Governor O'Daniel has backed up the auditor and has asked for a reorganization of the state governmental machinery. The West Texas Chamber of Commerce has been very active

in demanding such a reorganization of the state departments and funds. At the weekend, Auditor King had nothing to say in answer to the implied charges in the senate's demand that he appear before them and "explain." He merely said he "would appear before them" any time they wanted him. Privately, senators have said

that Tom King would be confirmed without any hitch.

Mrs. A. M. Beville left Thursday for Sulphur Springs where her mother is seriously ill.

G. S. Patterson of the north end of the county still is doing a good land sale business. T. J. Noland was down from Stratford yesterday. Rev. E. Dubbs is giving his personal attention to his confectionary business here now.

One of the neatest, and most unique, and most applicable to his business, is the calendar gotten out by Homer Mulkey, the photographer. The mount is gotten up by himself, a fine photo of Mrs. Mulkey with a lot of samples of their work conspicuously shown, yet nicely arranged. It is one that won't be thrown aside but will decorate the wall of the recipient for years to come. (Mrs. Mulkey continues to live here. Mr. Mulkey passed on the 9th of this month. Ed.)

F. A. White had business in Dalhart Wednesday. J. J. Alexander is the new salesman at the A. L. Daily hardware.

Mrs. W. M. Stevens is in Texarkana to visit her daughter, Mrs. R. B. Hooks.

Misses Francis Collinson and Nellie Parsons have returned home and started to school again. Roy Stevens and Stuart Condon, our faithful school janitors, are wearing smiles now limited only by the width of their faces. A large supply of fine, rich, pine kindling has been piled into the school basement. (Stuart Condon, now Dr. S. H. Condon of West Texas College, Canyon, Ed.)

Miss Lora Kimberlin has gone to be with her mother, who is ill in Sulphur Springs.

The mist that fell the past two days on top of the deep snow certainly has made it disagreeable. Cattlemen are said to be feeding heavily.

The courthouse is being wired today for electric lights. Miss Laus Houk's art class is constantly growing at the College.

**World's Greatest Passion Play To Be Here**

Unlike anything that ever has been shown in the religious field is the Passion Play that will be here on Good Friday, April 11. This is the first time this motion film has been brought to Clarendon and will be available to young and old in this community. It is in a class by itself, requiring \$3,000,000 to produce, and every scene is taken in the Holy Land and Egypt. It is copyrighted by the United States government as the world's greatest Passion Play. It is being arranged for in this city by the young people of the First Presbyterian and First Christian churches. Miss Helen Green has been named president of the local committee; others include Louis Chamberlain, Zoy Fronabarger and Earl Eudy. Good Friday, April 11 is the day. It will show three times, at 4, 7 and 9 p. m. The place is the Cozy Theatre. Mr. George Bagby, general insurance agent, has offered to produce the show. Special music is being arranged.

**RELATIVE DIES NEAR SEYMOUR FRIDAY**

Mr. and Mrs. Harve Smith and Paul Smith were called to Seymour Saturday where funeral services were conducted for O. F. Greer, a brother-in-law, who died Friday following a long illness. He is survived by his widow and three daughters and three sons. Frank and Gayland reside at Bakersfield, Calif., and Mrs. Bettie Lou Casey at Abilene and Mrs. Catherine Hargraves at Morton. The other children reside with their mother.

Prof. L. H. Mullins, who has been seriously ill for some months is again able to be up. While he does not get outdoors, he walks about his home. This will have a grand message for the people of Clarendon in the Easter season, and will mean much to the city in many ways. Tickets will go on sale at a future date. Remember the date, place and hours. Admission will be 25 cents and 10 cents for school children.
