Shown from left to right are John O'Neal, Glenn Myers, and Nancy Taylor who participated in the Texas Special Olympics in Abilene recently. They are holding flowers made from egg cartons that were entered in an arts and crafts show in Amarillo last week. Part of the satellite school program includes arts and crafts.

Murder Charge Filed In Shooting Here

Charges of murder with malice were filed here Saturday morning by Police Chief Gary Gerdes against Mrs. Juanita Gambill in connection with the shooting death of her husband, Bruce Calvin Gambill, 49. Bond was denied at that time by Justice of the Peace Carroll Lewis but was set at \$3,000 Tuesday.

The charge was filed by Chief Gerdes after police answered a call at the Gambill residence. He reported that Gambill was fatally shot in the chest with a 22 calibre rifle following a domestic quarrel. Gambill was a farm laborer.

Local Students To Texas Olympics

The Texas Special Olympics were held in Abilene on the Abilene Christian College campus recently. Students from all over the state were entered in field and track events. More than 1,000 contestants participated in competition in four age divisions and four performance levels.

Those entered from Clarendon were Nancy Taylor, John O'Neal, and Glenn Myers. They won a 1st place medal, 3 second place medals and ribbons of participation. Students from Amarillo, Perryton, Dalhart, Borger, Tulia and Clarendon found "riding a chartered bus, eating out and staying in the A.C.C. dormitories a new experience and lots of fun."

Registration funds were made available by the local Satellite School for Human Development Advisory Board, W. R. Lawrence, Chairman, for the three students and Cloe Ann Newhouse, sponsor.

Annual Scout Fund Drive Now Underway

The local fund raising drive for the Adobe Walls Council of the Boy Scouts of America was kicked off with a breakfast at the Lions Club hall Wednesday morning of this week. Gene Alderson, campaign chairman, stated that a good number of volunteer workers enjoyed the breakfast which was followed by a short speech by Frank Phelan, president of the Adobe Walls Council this year.

Alderson stated that most everyone is aware that we have a very fine scouting program in the Clarendon area. Cub Scout Pack No. 37 is sponsored by the First United Methodist Church and led by Cubmaster Charles Blackburn. Thirty cubs are members of this pack. Boy Scout troop number 33 is sponsored by the First Christian Church and is led by Scoutmaster Tommie Saye. There are 49 boys in this troop. Fifteen adult volunteer helpers also assist in the local scout program.

One of the honors which the boys may work to achieve in scouting is the "God and Country" award. More boys in Clarendon have received this award than in any other town in the Adobe Walls Council.

The Boy Scout program helps mold boys into the kind of men a community and a nation can be proud of. Be generous when a campaign worker calls on you for your investment in our leaders of tomorrow, Alderson concluded.

Little League Fund Drive Today (Thurs.)

Tex Selvidge, president of the Little League, announced yesterday that the annual fund drive for the Little League would be held this afternoon (Thursday) at 5 p.m. at which time the youngsters will make a house-to-house canvass.

All Little Leaguers are to report at the playing fields in uniform. Residents are asked to make contributions to boys in uniform only. Anyone missed and wishing to contribute may contact Mr. Selvidge or mail your check to him. This organization for our youngsters needs your support to purchase needed equipment to keep this program going.

MAN ARRESTED HERE WITH STOLEN CAR

An Amarillo man was arrested here early Saturday morning in a stolen car by city patrolman Daniel Archuleta.

Marion D. Carroll, 34, was stopped for having no rear tag on his vehicle and upon further investigation the car showed to be hot-wired. Carroll was placed in the county jail and a check revealed that the car was stolen from a used car lot in Amarillo and had not been missed by the owner. He was returned to Amarillo by the Amarillo Sheriff's department to stand trial on felony theft charges.

Plans Under Way For Annual Celebration

Horace McCellan, president of the Clarendon Outdoor Entertainment Association, announced yesterday that plans were well under way for the Annual July 4th Celebration with the official date set for July 1-2-3 since the 4th comes on Sunday this year.

Rodeo performances will be held all three nights with no afternoon performance. Cordell and Campbell will furnish the stock and saddles will be given again to the cowboy with the best roping and best riding averages.

Dances will be held all three nights with Emil Schattel's band furnishing the music. The Pre-Western dance will be held June 3rd and the Chamber of Commerce will have charge of this event.

The Free Barbecue will be served on the court house lawn at 6 p.m. the afternoon of the 3rd. McCellan reported beef donations are coming in good at this time.

Mrs. Wayne Riggs is the chairman of the Queen's contest and at the present time needs more entries.

Ernest Kent will be in charge of the Old Timers meeting which has not been set yet.

Highway Caravan To Stop Here Tues.

The U. S. Highway 287 Association Caravan will assemble at Memphis, Texas for a convention prior to the Caravan North on June 6 and will depart from Memphis Tuesday June 8. The Caravan will stop in Hedley and proceed to Clarendon arriving here at 10 a.m. Tuesday.

Bill Todd, local chairman of the committee on reception and arrangement, has announced that the group will be escorted into town and will stop in the center block of Main Street. Mayor H. M. Breedlove will welcome the Caravan and Mr. Arling Cordell, Public Relations chairman of the Chamber of Commerce will add a few words. The Caravan plans a short program and entertainment along with the visiting.

Everyone is invited to be on hand at 10 a.m. Tuesday to greet and visit with this fine group when they stop in Clarendon.

Gambill Services Held At Memphis

Funeral services for Bruce Calvin Gambill, 48, were held in Spicer Funeral Home Chapel in Memphis Monday afternoon, May 31, with Rev. Roy W. Sullivan, pastor of the Calvary Baptist Church of Clarendon officiating. Burial was in Fairview Cemetery.

Mr. Gambill died at his home of a shot in the chest Saturday morning and was pronounced dead at the scene by Carroll Lewis, Donley County Justice of the Peace, acting as coroner.

Mr. Gambill was a farm laborer. He was born in Paris, Texas and had been a resident of Hall County since 1940 until moving to Clarendon.

Surviving are his wife; a son, Eddie of Duncan, Okla.; two daughters address unknown; four brothers; and four sisters one being Mrs. O. D. Braddock of Clarendon.

Mr. and Mrs. Claude Hearn of Spokane, Washington visited Tuesday evening in the home of Mr. and Mrs. G. W. Estlack.

\$100 Reward Offered By Country Club For Vandals Arrest

The Men's Golfing Association and the Clarendon Country Club are offering a \$100 reward for the arrest of guilty persons or person in connection with the taking of 16 green flags from the Club course Monday night of this week.

A spokesman for the association stated that this was the third time recently that vandals have taken flags and committed other felonious acts at the club course. Any person caught in connection with vandalism or theft from the Golf Course will be prosecuted to the fullest extent of the law, the spokesman added.

Good Moisture Improves Crop And Pasture Outlook But More Needed

The rains finally came over the Memorial Day week end and brightened the outlook for both farmers and ranchers considerably. The moisture dented the drought but more is needed in various areas over the county for practical planting of crops.

The bulk of the rain fell Friday and Saturday nights with some areas receiving good moisture both nights. Those that did not fair so well Friday night received the most benefit Saturday night.

Our official weather observer recorded .10 here in town Friday night but a nice 1.15 for Saturday night while the Hedley area received 1.60 Friday night. The total rainfall for the month of May was 1.78 and the year's total was 4.21 thru Wednesday morning.

A number of irrigation farmers report a good stand of cotton with some just coming up when the rain came which could be affected to some degree.

Even though the moisture was of great benefit, some farmers are waiting for more moisture before they plant as the moisture did not penetrate deep enough to hold the crops should they come up and not receive more moisture at the right time.

WTU NAMES NEW DISTRICT MANAGER

A. D. Green, assistant district manager of the Panhandle District of West Texas Utilities Company since March, will be promoted to district manager effective July 1 to replace J. C. Randal who is retiring after serving as district manager of West Texas Utilities Company's Panhandle District for the past nine years.

Green has been with WTU for the past 23 years and began his career with the company in the Lighting Department in Abilene. He has since worked in Quanah and Stamford. In 1963 he moved to Abilene to serve as local manager of the Abilene office. In 1967 he was promoted to assistant district manager of the Abilene District and was transferred to Childress in January.

Mrs. Green is the former Sammie Morley of Quanah. The couple has two daughters and three sons.

THREE VACATION AT SALVATION ARMY CAMP

Three Clarendon boys will have a vacation dream come true at the Salvation Army's 370-acre Camp Hoblitzelle, seven miles south of Midlothian. This camp offers boys camping experience at no cost to them. Most of them would not otherwise have such an opportunity. These boys are sponsored by the Clarendon Salvation Army Service Unit Committee.

Pete Bromley, camp chairman, reports that Andrew Turner, Velma Calloway, and Freddie Reese will leave Clarendon by bus June 6 and will return June 13. They will join 800 other boys from 326 Service Unit cities across Texas attending one of four Service Unit camps.

At camp the boys will enjoy such activities as fishing, boating, sports, horseback riding, crafts, games, Bible study and worship service.

We heard of the fellow who carries so many mortgages on his home that he calls it his lien-to.

Someone has said that if we find ourselves with a lot of time on our hands we should learn to use our hands.

We spend the first half of our life learning habits that shorten the other half.

Courtship is the moonlight of love - marriage is the light bill.

A vacation is a way of getting into the pink by going into the red.

Safety belt is one good way of not leaving the scene of the accident.

Duty is something you dislike, do with hesitation, and then boast about ever afterward.

Women may at one time been a man's rib, but now she is many a man's backbone.

Maybe you have noticed it but a dollar can look mighty big until you go to spend it.

A vacation is something that after you get over the expense you need one.

State Capitol

Sixty-second Legislature wound up its regular session with a bang and a roar — and a few whimpers.

In a photo-finish, the House-Senate conferees turned out a record \$6.9 billion biennial budget for near-deadline consideration.

Lawmakers earlier agreed on a \$617 million tax bill which will go into effect July 1, then followed up with \$35 million worth of new taxes on liquor-by-the-drink and by-the-gallon.

Texans will be paying four per cent sales (five, in most cities) and auto sales-rental tax, 18.5 cents a pack on cigarettes; \$4.50 per \$1,000 on corporation franchises; and \$5 per barrel on beer. A 10 per cent gross receipts tax will be levied on mixed-drink sales and \$1.95 a gallon on liquor sales generally. A gasoline tax increase, approved earlier, was repealed in a subsequent bill.

Among other achievements for which the 62nd Legislature will be remembered are:

Ratification of a federal constitutional amendment to lower the voting age to 18.

Approval of a liquor-by-the-drink sales act and submission of a mixed drink referendum to the first group of wet counties on May 18.

Congressional and legislative redistricting.

Submitted a constitutional

amendment to authorize the convening legislature in 1974 to sit as a convention to rewrite Texas' constitution.

Passed far-reaching bank law reform legislation.

Creation of a tuition-backed revenue-bond fund to build new state colleges.

Establishment (by constitutional amendment) of a \$100 million bond fund to aid cities that build sewer facilities.

Lawmakers gave up on budgeting for welfare services for this biennium, and will return next year (if not sooner) to appropriate funds for 1973 assistance to the needy, meanwhile hoping for expanded federal aid.

AG OPINIONS — An appointee who served one day as "executive" of a printing company was ineligible for the "employer" member position on the Texas Industrial Accident Board Atty. Gen. Crawford Martin has filed.

In other recent opinions, Martin concluded that:

Governor does not have power to veto proposed constitutional amendments.

A bill providing that a dry area annexed to a wet area shall occupy the same wet status as the annexing area is unconstitutional, as it violates the local option mandate.

Applicants signing petitions for incorporation of a new town must be qualified electors who have resided in the area at least six months. Area must contain more than 200 inhabitants (who do not have to be qualified electors).

Out-of-state witnesses in criminal cases receive compensation solely from the state, not the counties.

Environmental Protection Act 1971 is constitutional in authorizing private individuals to maintain legal anti-pollution actions on behalf of the public or to sue the state, but vagueness and caption of the bill offer constitutional problems.

Bill authorizing commissioners courts in "counties of one million to 1.5 million" to prohibit keeping of hogs within 500 feet of a residence not in an incorporated city is unconstitutional.

A hospital district in which an indigent prisoner was held by the sheriff is liable for his medical

ills when it did not have adequate facilities and treatment had to be administered by another hospital.

Texas Board of Licensure for Nursing Home Administrators has no authority to fix licensing fee of \$50 per annum for "administrators in training."

A State Department of Public Welfare employee called out on an emergency mission for protective service to an abandoned or abused child is entitled to reimbursement for official travel mileage expense.

COURTS SPEAK — U. S. Supreme Court decision striking down Georgia's financial responsibility law poses a threat to Texas' law. Court said the law must provide for determination of fault before a drivers license is suspended.

Third Court of Civil Appeals here reversed the local court in a suit involving control of an Abilene bank.

State recovered \$6,000 penalty from Texas Rockwool of Belton in an air pollution suit filed by the attorney general on behalf of the State Air Control Board.

State Board of Registration for Professional Engineers got a permanent injunction against a Del Rio man from practicing engineers or representing self to the public as a licensed professional engineer.

APPOINTMENTS — Rep Tommy Shannon of Fort Worth was designated by House Speaker Gus Mutscher of Brenham as speaker pro tempore of the House of Representatives.

George W. Horan Jr. of Fort Worth and George Dillman of Dallas were designated chairman and vice-chairman of the Texas Tourist Development Board.

Gov. Preston Smith named J. H. Bain Jr. of Stockdale to a new term on the Finance Commission of Texas.

Smith appointed John T. Duncan of Bryan to the American Revolution Bicentennial Commission, to replace Mrs. Marcella Perry of Houston who resigned.

BARNES TELLS ASSETS — Lt. Gov. Ben Barnes, in keeping with his pledge, filed a voluntary statement of financial assets and liabilities with the Secretary of State.

Lieutenant Governor listed financial assets of \$267,721 and liabilities of \$184,100, for a net worth of \$83,621. Principal asset was a business association with Brownwood businessman Herman Bennett. Barnes said he has interests in construction, motel franchises, real estate, farming, radio stations and shopping centers as well as \$74,600 worth of stocks — but owes \$150,792 in bank loans.

Barnes was among the first major officials to file a voluntary statement. He pushed for a new state law requiring such disclosure by public officials.

require holding all purchased swine for 30 days at the premise of the purchaser, and no movement will be allowed except for slaughter during the quarantine, Bailey says.

If swine are apparently healthy, this premise quarantine will automatically expire after the 30th day without any inspection, according to Bailey.

He added that it is strongly felt that extending the quarantine control will bring Texas closer to the complete eradication of the hog cholera virus by the December 1972 target date. Although 22 cases of hog cholera have been confirmed since March 29, none of these cases have been connected with swine movements after that date.

Bailey reminds producers that all swine can be moved, provided that proper inspections and permits are acquired.

Swine moving to slaughter can be transacted to packing houses or public markets without inspection or written permits. Once at the market, they can't be legally sold as feeders, he said.

The leader...any way you look at it.

Cadillac for 1971. It could well be your best car buy, any way you look at it.

Styling. It's a carefully created combination of styling continuity and contemporary flair.

Comfort. A longer wheelbase and new suspension system mean an even smoother ride.

Performance. The proven 472-cubic-inch V-8 is amazingly responsive—on regular gasoline or no-lead and low-lead fuels.

Luxury. In the incredible quietness inside, in the beautiful standard appointments and in the many features you can order. Choice. The first Cadillac luxury you enjoy. There are nine models from which to choose.

Value. A Cadillac traditionally returns a larger portion of original investment than any other car built in the land. Cadillac is the leader—any way you look at it. And now is the time to look at it—at your authorized Cadillac dealer's showroom.

Cadillac  1971

Cadillac is doing something about traffic safety, but some things only you can do. You might be surprised by the scope of our involvement in advancing the cause of safety.

Did you know, for instance, that Cadillac was the first to install safety glass in its cars? And introduced the triple braking system?

Today you can see evidence of the magnitude of our concern. The 1971 Cadillac incorporates a host of recent safety developments. Including an energy absorbing steering column, padded instrument panel. Seat belts

for all passenger positions. Side-Guard steel beams in the doors. And the work goes on. But all our efforts will not be enough, unless you do your share.

Here are five ways you can help. 1. Always use your seat and shoulder belts. 2. Make sure your car is in good running order. 3. Never drive when you're tired or under the influence of alcohol. 4. Support driver training and uniform traffic codes and enforcement. 5. Drive defensively. Please. Will you do your part?

HOW LONG DID IT TAKE YOU TO COURT YOUR WIFE?

Did you happen to see her . . . walk up to her . . . ask her to marry you . . . call in the minister . . . right on the spot?

Certainly Not

It probably took a lot of calls and trips, movies, flowers, candies, and a lot of putting your-best-foot-forward tactics. You had to sell yourself. She had to know all about you.

It's the Same with Advertising

You can't "woo" customers with one ad . . . you've got to "call on them" over a period of time . . . you've got to win their confidence and be convincing.

Constant Advertising

. . . wins the customer if it's truthful . . . if it gives helpful information . . . if it saves shopping steps . . . if it is backed with intelligent, courteous and honest values.

Woo your customers steadily, consistently through the columns of The

Y-Knot Twirlers Dance Friday Night

A swinging good time was had Friday night at Lions Club Hall when the Y-Knot Twirlers gathered to dance to the calling of Audrey Brown of Amarillo. Four squares of Y-Knots were in attendance. We were happy to have Karen and Wayne Lewis, Kathy and Ricky Knox of Amarillo, and Maurice Britten of Groom dance with us.

Also visiting the club were Francis and Carl Gerhard. This couple was traveling through Clarendon from their home in Santa Monica, Calif. when they found there was a square dance club in town and they stayed over for the dance. We were very pleased to help prove a square dancer is always welcome wherever there is a club.

Several local people came to watch and this always makes the Y-Knots happy. Come see us any Friday evening at 8 p.m. Hostesses for the evening were Kay Greer and Linda Vaughan.

Girl Scout Camp Dedication July 17

The formal dedication of Camp Cibola was announced by Council President, Don Thompson of Borger, at a called meeting of the Quivira Girl Scout Council Board of Directors Monday night.

Representative Bob Price will give the Dedication address at the ceremony scheduled for July 17 at the camp north of Clarendon. Tours will be conducted at Camp Cibola at two and four and the actual dedication is set for 3 p.m.

The Dedication is the midpoint in the two-week planned Established Camp. Visitors to the dedication will have an opportunity to see exactly what opportunities are available for girls at Established Camp.

"Visitors will also have an opportunity to see the accomplishments the council has achieved through a successful cookie sale

and the long range goals for the camp," explained President Thompson.

"It is our hope that interested citizens throughout the ten county Quivira Council will join us at this very happy occasion of dedicating the camp — long a dream of Quivira Girl Scout Council," said Mr. Thompson.

Farm News

from County ASCS Com.

Set-Aside Acres:

Haying and grazing of set-aside acreage has been extended to November 1, 1971, in Donley County. Be sure and make an application before you hay or graze your set-aside acreage.

Emergency Conservation Measures:

Funds are available to assist producers for emergency wind erosion control due to the drought.

Planting Dates:

The final planting or replant date for cotton is June 10, and for grain sorghum it is July 1. In order to be eligible for price support payment and/or history credit, cotton and feed grain must be planted, cultivated, and maintained until maturity with the expectation of producing a crop for harvest. A good seedbed must be prepared, normal seeding rates seeded, and proper cultivation must be done.

If it remains so dry you cannot plant and expect the crop to come up, you may file an application for acreage credit, and request credit for history and price support payment.

Compliance:

The final date to certify cotton, feed grain, and set-aside acres is August 15. However, to get an early payment, you must make an early certification. The first drafts should be issued in July.

When crops are all planted and you know you're in compliance, you should measure your crops and come on in and make your certification.

Mr. and Mrs. Herb Howie, Bart, Brent, and Bridget and Mrs. Nina Lauderdale and Ronny of Liberal, Kansas visited over the week end with the ladies' aunts, Mr. and Mrs. John White and Mrs. Della Allen.

Girl Scout Camp Days Set June 21-25

Girl Scouts of Quivira Council are looking forward to camp days. Day Camp dates for District II have been set for June 21-25 for Clarendon and Memphis.

Fees for Brownies, Juniors and Cadettes will be \$4 while the fee for non Girl Scouts will be \$5. Senior Scouts do not have to pay but they must register. Mrs. Tommy Leek of Clarendon will direct the session.

Non-Girl Scouts may register by securing a registration card from the Girl Scout Office, Box 459, Pampa, Texas 79065 or from the Neighborhood Chairman, Mrs. T. M. Caldwell, Clarendon.

Five full days of outdoor program opportunities are considered in the camp program: nature study, crafts, cookouts, games, perfecting of camping skills, and badge work.

Cadet Girl Scouts who have completed the 7th grade may register as Program Aides in Training.

Girls attending Day Camp will leave Clarendon each morning by bus joining the Memphis Girls as they come through Clarendon. They will return to Clarendon by bus in the afternoon.

HOSPITAL PATIENT

Fred Russell, who has been a patient in Hall County Hospital, was transferred to Northwest Texas Hospital for further treatment. He is improving satisfactorily and expects to be home within a few days.

Guests in the home of Mr. and Mrs. O. C. Watson for the holiday week end were Mr. and Mrs. O. C. Watson, Jr. and son, Rex, of Colorado Springs, Colo., and Mrs. Dorothea Ledbetter of Amarillo.

Mrs. John F. Harlan and Mrs. Don Barker, Brenda and Gary of Amarillo spent Sunday with their mother, Mrs. W. C. Scott.

Mrs. E. V. Quattlebaum was taken to Memphis Hospital Tuesday morning. She is reported to be in a serious condition.

NEWS FROM Congressman Bob Price 18th District, Texas

Congressman Bob Price has advised the Department of Agriculture of his support of the North Rolling Plains Resource Conservation and Development Project and has asked for funding at the earliest possible date.

Briscoe, Collingsworth, Donley, Gray, Hall, Hemphill and Wheeler Counties are in the project area. "It is one of 59 applications on hand from local sponsors seeking RC&D Program assistance," a Department official wrote Price. "You can be assured that the North Rolling Plains application will receive careful consideration along with others on hand when new planning starts may be authorized," the officials added.

The Panhandle Congressman has been told unofficially that the project will be funded sometime during the 1972 fiscal year which begins this July 1.

The primary project objectives are: to develop a plan that will develop, conserve and properly use all of the resources of the area, to improve its overall economic condition, and to provide a safer, healthier place for its people to live, work and recreation. Primary project emphasis will be on soil and water conservation, including construction of reservoirs. Job opportunities and training and expansion of water and sewer systems are also high on the list of project goals.

"This is the type of Federal project that gives a hand-up rather than a hand-out," Price said. "For this reason, I will be making every effort to see that it is funded as soon as possible. My congratulations to President Harry Frye of Shamrock and to the other public-spirited citizens of the area who are spending so much time and effort to bring a better life to the people of the North Plains area."

Congressman Bob Price has received a clarification from As-

sistant Secretary of Agriculture, Clarence Palmy as to eligibility requirements for participation by farmers and ranchers in the Emergency Livestock Feed Program.

"The applicant for reduced price government-owned grain must certify that he is unable to obtain sufficient feed for livestock from normal suppliers without imperiling continuance of his farming operations, defaulting on existing financial obligations, un-sound borrowing, or excessive disposal of livestock, Price said.

"Any farmer or rancher who would have his operations seriously damaged were he to purchase feed at the market price is eligible for assistance according to Mr. Palmy," Price said.

The Congressman added that the Secretary of Agriculture will be sending clarifying instructions to the Texas ASCS State Office which will indicate that County ASCS committees should pay more attention to long range damage that may be done to a farmer or rancher's operation if he is forced to spend all current assets on feed for livestock.

"A county committee may be inclined to refuse a man's application if he has a substantial net worth on paper. However, that net worth may be primarily in the form of property or other tangible goods which are not easy to convert into cash. In this case, the farmer or rancher would definitely be eligible for the reduced price grain," Price said.

Castro, Collingsworth, Donley, Gray, Hall, Hemphill, Lamb, Lipscomb, Ochiltree, Roberts, Swisher, Wheeler County farmers and ranchers are presently eligible for the reduced price grain and hay transportation assistance.

Congressman George Miller (D-Calif.), Chairman of the House Science and Astronautics Committee has requested Congressman Bob Price of Pampa to accompany him to Europe during Congress' Memorial Day recess. The Representatives will travel by regularly scheduled military airlift and will make stops in Wiesbaden, Germany; LeBourget, France, and Madrid, Spain. Price's presence was sought be-

cause of his membership on the House Space Committee and his experience and familiarity with jet and supersonic aircraft.

In Wiesbaden the Congressman will tour the Headquarters of the U. S. Air Force in Europe and meet extensively with Senior Air Force and Foreign Service officers regarding European defense planning and NATO balance-of-force levels.

At LeBourget, France, Price, Miller, and company will be U. S. representatives at the 29th International Air Exposition, which will feature aeronautics and aerospace displays from over 700 exhibitors representing the major industrial nations. Price said, "As a member of the Space Science and Applications Subcommittee, I will be carefully examining the various aerospace exhibits to cull out those items which would help strengthen the U. S. space program. In addition, I will be evaluating the current status of the British-French Concorde, the European rival to the SST."

While in France, Price will make new efforts to meet with Nguyen Minh Vy, Deputy Head of the North Vietnamese delegation to the Paris Peace Talks. Price, who met once with Vy last September hopes to obtain specific information regarding the treatment and release of American POWs and MIA's, said.

"Three pilots I flew jet combat with in Korea are known to be Communist prisoners and two others are listed as missing in action. I want to find out about these men as well as other POW's from the Texas Panhandle and the rest of the State." Before returning to the United States the Congressman will visit

the Deep Space Network Tracking Station outside Madrid which is one of the three major tracking stations positioned around the world. Attention will be focused on the progress in the construction of a new 210 foot space tracking antenna which will be the only link with earth for the long range U. S. space missions of the seventies — space probes and fly-bys to Jupiter, Saturn, Mars, and other outer planets of the solar system.

Mrs. Janet Blevins and children of Vega, Bill, Kay, Millie, and Sherry Blasingame of Hereford were week end visitors in the home of Mr. and Mrs. Roy Crutchfield.

Mr. and Mrs. J. H. Spier, Jr. and Mr. and Mrs. Bob Williams attended a nuptial shower honoring Miss Paula Camp and Gary McFall at Pampa Sunday afternoon.

Miss Margaret Hillman of Cisco, Calif. and Beatty Hillman of Ridgecrest, Calif. have been visiting their sisters, Mr. and Mrs. Harvey Shaw and girls and Miss Jane Hillman, also other relatives and friends.

Mr. and Mrs. James Marvin Clark and daughter, Suzanne, of Lubbock and Mr. and Mrs. Earl Barker of Groom spent Sunday with Mr. and Mrs. Doyce Graham and Mike.
