Les Beaux Arts Club to host Saints' Roost Rendezvous

Les Beaux Arts Club will host Saints' Roost Rendezvous March 2, 1:30-5:00 p.m. at Patching Club House.

"A rendezvous was a time in early 1800s when trappers would come down out of the mountains to get supplies, sell their furs and have a good time. This re-enactment features a gifted artist who loves to paint subjects from this era. Don Hickmott, 34 year old artist from Amarillo, will have his work featured. It reflects his interest in historical characters and some Panhandle area residents have served as model for his painting of Bat Masterson and Billy Dixon. Take a close look and you see figures that resemble Dave Bailey of Amarillo, Ed Benz of Borger and T. Lindsay Baker of Canyon.

Honors have included awards from the Best of the Southwest, the Tri-State Fair, the Buffalo Gap Art Festival in Abilene and Artist Studio Northwest in Guymon, Okla. In Boise City, Okla., Hickmott won the President's Award and the Peoples Choice award for best artist.

His painting "In His Sunday Best" of an old mountain man graces the

cover of the Jan./Feb. issue of Muzzleloader, a national magazine for "black powder shooters".

His painting "Swapping Tales" was awarded the Best Acrylic in the 1985 Fall Citation Show sponsored by the Amarillo Fine Arts Association. He has issued four limited edition

prints incorporating his subjects of mountain men, trappers and the modern-day working cowboy.

Like the sure strokes of Hickmott's brush, his work is gathering momentum, both in garnering awards and commissions.

The Print Shoppe to publish a book by Fred Russell "Make Me A Cowboy Again For A Day"

The Print Shoppe in conjunction with the Sesquicentennial celebration in May when the Wagon Train comes through Clarendon will print a book "Make Me A Cowboy Again For A Day" by Oscar Fred Russell. This book was written by Fred, a well known early day cowboy and meat cutter in Donley County, and tells of his early days as a cowboy, pranks cowboys played on each other, and what the life of a cowboy was in the teens and twenties in Donley County.

Fred wrote this story for his children, grandchildren and great-grandchildren, and will be published exactly as he wrote it, in his own word, sentence structure and spelling. "I am going to write you a story of my life, the best I can remember it, every word is true. Some of it, of course, I was told of my early life when I was very young.

You are going to find a lot of misspelled words, and some I have left out. It has been 70 years since I went to school. I finished the 4th

grade. Went 2 days in the 5th. I have left out some things I wish I had put in, and I left out some on purpose." This is the first page of Fred's book.

You must pre-order this book, as only a limited amount will be printed. The book will have a plastic spiral binding, similar to those used in cookbooks. It will be approximately 150-200 pages long and will be \$10 plus tax. To order or for more information, Call Vonna Tunnell at The Print Shoppe, 874-2711.

Clarendon College has a booming off campus program

Clarendon College has a booming off campus program. This spring twenty courses are offered in five locations with an enrollment of 284. These figures do not include Pampa Center which will be featured in a later article.

Three Panhandle towns serving as Clarendon College satellite schools offer one class this semester. They are Shamrock (Government), Valley (Computer), and Samnorwood (Chemistry). Wellington has classes in Intermediate Typewriting, Computer, American and State Government, Real Estate Finance, and

Sociology. The largest offering and enrollment is at Childress. Eleven courses are being taught this semester. Several Childress residents demonstrate their seriousness about college education by qualifying as full time students by taking at least twelve hours of night classes each week. The Childress classes show an enrollment of 187 this spring.

These off campus classes are held in their local high school buildings. Clarendon College has had excellent cooperation from the school officials and residents of these towns that appreciate the opportunity to earn college credits at home. When this program was first started, Clarendon College campus faculty members often drove to teach the night classes. Now, however, most of the teaching positions are filled by public school teachers who hold the necessary qualifications and academic credentials to teach college courses. Off campus classes are another way Clarendon College strives to maintain the tradition started in 1898 of providing quality education to the area.

BUCKLE UP OR PAY UP

During December, the first month of actual enforcement of the safety belt law, an estimated 9,000 motorists received traffic tickets for safety belt violations. The fine for failure to front seat passengers to buckle up range from \$25 to \$50.

SHAWN FARRAR of Clarendon and Keila Waters of Vega were recently chosen College's 1985-86 Mr. and Miss CJC. They will be featured in the Bulldog Yearbook.

Local students eligible for membership in honor society

Stan Garland, Rod Keown, and Tashia Kay Duncan of Clarendon have been invited to become members of the National Phi Theta Kappa Honor Society of Clarendon College, Clarendon, Texas. They will be initiated into the Iota Phi Chapter of Clarendon College during the month of February, and if accepted into the organization will be formally installed later in the

semester. Phi Theta Kappa is the national honor society for all junior colleges throughout the United States. To become a member, students must have attained a 3.0 or better grade point average, be a full-time student, and be recommended by the faculty as showing academic excellence, being of good moral character, and showing qualities of citizenship.

Leland Howell nominated to US Naval academy

Following a three month interviewing process, Congressman Beau Boulter (R-13) announced the names of fifteen young men in the Panhandle and North Texas who will be nominated for admission to U.S. Military Academies.

Congressman Boulter, along with a nominating committee made up of area residents, screened applicants from the thirteenth district for the military appointments. In making the announcement Boulter noted that "many good candidates were inter-

viewed, and I was genuinely impressed by the number of high caliber young people who wanted to attend our country's military academies. I wish we could have offered a spot to each of them, but the openings were limited. Those young people who were chosen have a great deal to be proud of."

Nominated to the U.S. Naval Academy are Jodseph Philip Wedding, III of Amarillo and Leland Howell of Clarendon.

Xi Lambda Xi

The Xi Lambda Xi Chapter of Beta Sigma Phi met on January 27, 1986 in the home of Doris Ekleberry.

The roll was called by Recording Secretary Betty Veach and the minutes of the previous meeting were read and approved.

Pam Fletcher, treasurer, reported on our bills and disbursements.

The meeting was called to order by President Doris Ekleberry and all sisters repeated the opening ritual in unison.

President Ekleberry reported that the City Council will meet this coming week with the president, past president, and an elected person in attendance.

President Ekleberry suggested that a copy of the minutes be sent to the sisters who are not in attendance at the regular meeting. It was also suggested that we start meeting at the Patching Club House for our regular meetings. Carol Hinton called Merle Butts to check if this would be possible. The first Monday of each month if free and it would cost \$15 a member per year. This information was discussed and it was decided to table this issue until next meeting.

Mardi Gras: Susan Henson is checking on the band. The cost of tickets was discussed. The date of the Mardi Gras is March 22. Genella Eads and Nancy Watson are in charge of tickets; Carol Grady is in charge of advertising; decoration is Carol Hinton; food is Pam Fletcher. Time will be 8:00 to 12:00 p.m. Costumes will be optional. All will participate in clean up.

President Ekleberry asked the sisters to start thinking of a "Woman of the Year" for Founders Day.

Everyone is to vote on the sweetheart tonight. February 8th our sorority will travel to Groom and this is where our sweetheart and princess will be crowned along with Groom's.

It was decided to meet at Doris' house by 6:30 p.m. and all go together in the large vehicles (vans, etc.). The sweethearts will be crowned around 7:30 p.m. with the dance starting at 9:00 p.m.

The next meeting will be February 10th and it will be "Revealing of Secret Sisters".

It was reported that a yellow rose was sent to our sister, Maurine Butts. She has been in the hospital for appendicitis. She is recovering nicely.

Genella Eads brought the magnets she told us about at an earlier meeting. Her daughter, Andi, was selling them from her sorority.

The magnets were in the shape of the state of Texas with a yellow rose on them. They are lovely.

Genella Eads gave the program on "Memory Control." It was like a little workshop. She passed out literature that we used to answer questions, etc. "Society accepts fact that memory declines" but actually memory gets better with age. Our brains retain the information but

recall ability is not too good. Brain has capacity to store all knowledge. Recall is of five kinds: Primacy, Recency, Linking, Outstandingness, and Reviewed. After we had worked through out literature, we all noted that "memory does improve with age!!" It was a very interesting program.

With no further business, all sisters repeated the Closing Ritual in unison and joined hands for the Mizpah.

Doris Ekleberry won the raffle gift. Delicious refreshments were served.

Attending were: Betty Veach, Pat McCombs, Carol Hinton, Genella Eads, Frankie Henson, Carol Grady, Doris Ekleberry, Pam Fletcher, Nancy Watson, Judy Anderson, Fay Vargas, Nova Mooring, Barbara Fagerlund.

The Xi Lambda Xi Chapter of Beta Sigma Phi met February 10, 1986 in the home of Carol Hinton. Eighteen sisters braved the ice and snow to attend the meeting.

The meeting was called to order by President Doris Ekleberry. The opening ritual was repeated by all sisters present.

The roll was called and the minutes of the previous meeting were read by recording secretary Betty Veach and they were approved.

No treasurers report for Pam Fletcher was not in attendance.

President Ekleberry read some letters and notes from sisters: one letter from Maurine Butts and family thanking sorority for the meals and cards during her illness; a note from Maurine Butts to secret sister for all her thoughtfulness and kindness; a thank you note from Doris Ekleberry thanking the sorority for her honor as Sweetheart Queen of Xi Lambda Xi; and a thank you from Carol Hinton for being selected Sweetheart Princess. Doris and Carol were very deserving ladies for the honor of Queen and Princess.

Susan Henson, Doris Ekleberry, Carol Hinton and Betty Veach reported on the crowning of the Queens and Princesses for Clarendon, Groom and White Deer. The 2 chapters from Clarendon, Xi Lambda Xi and Alpha Upsilon Epsilon, traveled to Groom on Febur February 8th, while it was very icy and snowing. It was a very pleasant evening presented by the Groom Chapter. Attending from Xi Lambda Xi were Betty Veach, Wes and Susan Henson, Doris and Chuck Ekleberry and Carol and Don Hinton.

Unfinished business: It was reported that it costs \$10.00 a member to have meetings at Patching Club House. No decision was made at this time.

Susan Henson reported that the band, Country Fever, has been engaged to play for our Mardi Gras event March 22.

It was discussed that Betty Veach needed to change program dates with someone for March 10th; to be taken care of at a future date.

The meeting was adjourned. Refreshments of pie were served by Charlene Mays, Beth Walker and Carol Hinton served cake and pizza squares and drinks.

The program was presented by Doris Ekleberry and Carol Hinton. The guest speaker was the Italian, Leo Buseagclia. The sisters listened to a cassette tape on "Love." He talked about learning from models; learn to love; enjoy life; how can children learn through models if they have no models for caring, loving, and concern; everyone on the glove has a purpose, discover things about yourself. The tape was funny, informative and a pleasure to listen to.

Following the program gifts were passed out from secret sisters. Secret Sisters were revealed and also drew for secret sisters for coming year. Nova Mooring was winner of

XI LAMBDA XI QUEEN Doris Ekleberry, and Princess Carol Hinton.

MR. BOB HOWELL principal of CHS, was selected F.T.A. Teacher for February. We in F.T.A. feel he richly deserves this honor in view of the unwavering support he has given the club all year. His help and cooperation is greatly appreciated in all our fund-raising and various other activities. We just want to tell Coach Howell "Thanks for everything."

affle drawing.

The closing ritual was repeated by all sisters present. All joined hands for the mizpah.

Attending were Pat McCombs, Beth Walker, Carol Hinton, Frankie Henson, Susan Henson, Charlene Mays, Barbara Cospier, Doris Ekleberry, Betty Veach, Nancy Watson, Judy Anderson, Fay Vargas, Nova Mooring, Denise Grady, Lisa Shields, Kathy Hommel, Barbara Fagerlund and Jan Campbell.

DAVID PORTER, a senior at CHS, was selected F.T.A. 'er for February. This is David's first year in CHS F.T.A. and he is a very active member. He also participates in band.

WOULD-BE BANKERS HAVE BEEN MULTIPLYING LIKE RABBITS.

Don't allow yourself to be misled by apparent similarities. Just because so many others are hopping to include the word "bank" in their names doesn't mean that they are actually bankers. "Savings Banks," "Thrift Banks," stockbroker "bank" accounts, etc., try to blur the difference between them and real bankers. But they don't al-

ways offer you the experience or, sometimes, the security of bankers. In fact, the only place you'll find a banker is The Bank, where your deposits are Federally insured up to \$100,000. As for multiplying, our Full Service Bank* is always ready and able to offer the newest ideas to help your money reproduce.

THE ONLY PLACE YOU'LL FIND A BANKER IS THE BANK.

Twenty members and Lion Sweetheart Jessie Adams were present. Following the regular opening ceremony program chairman Don Smith introduced Lion Ronnie Gooch who told us how some of our local youth had fared at the various stock shows. Meeting adjourned.

The fastest recorded pitcher is Lynn Nolan Ryan who, on August 20, 1974, was measured to pitch at 100.9 mph. in Anaheim Stadium, Calif.

FIGHTING FLAKES

Dandruff is not considered to be a serious health problem. Nevertheless, it is a bothersome condition that probably affects over half of the population. Normally skin is continually being produced and shed from the body a - a new layer of skin every 30 or so days. This process occurs so slowly that we are unaware of skin being shed. But with dandruff, the scalp produces a new skin layer at a more rapid rate. Dead skin accumulates as flakes and is visible in the hair.

Although some individuals believe dandruff is associated with the presence of a yeast or

bacteria in the scalp, the exact cause of dandruff remains a mystery. There is no cure, but the condition can usually be controlled. A nonmedicated shampoo may relieve mild dandruff. Moderate to severe dandruff, however, often requires a medicated shampoo which either loosens dead skin cells [sallylic acid, sulfur] and/or reduces the rate of scalp cell multiplication [selenium sulfide, zinc pyrithione]. Shampoos containing coal tar may also be helpful, although we do not know how this material works. Ask your pharmacist to help you select an effective dandruff shampoo.

Lady Broncos beat White Deer

The Lady Broncos ended the 1985-86 season with a big win over White Deer 39-28. The win avenged an earlier 56-33 loss.

Eight players scored points in the contest. Janet Risley led all scorers with 11 points. Tami Chambliss had 8; Kami May 7; Stephanie Graham 4; Kristin Couch 3; Shanna Cole, Gwen Bohannon, and Brigit Spier each contributed 2.

Risley and Chambliss also controlled the boards with 12 rebounds each. May had 5; Couch 3; Bohannon 2; Christi Knorpp and

Stephanie Graham 1.

Although the Lady Broncos did not make the playoffs, they improved greatly throughout the year. The ability to play better at the end of a season is the true test of character for a team.

The Lady Broncos had two seniors, and co-captains. They were Janet Risley and Tami Chambliss. Both contributed heavily to the ball club and will be missed. Good luck to both of you in the future!

SCS can help with livestock grazing in pasture

Cattlemen, are you having trouble getting your cattle to graze the back parts of your pastures? Do your cattle seem to confine their grazing to areas within easy walking distance of water holes?

If you have these problems maybe the Soil Conservation Service can help you. The Soil Conservation Service can design livestock pipelines to place water in hard to reach parts of your pasture. By manipulating places where cattle can water, cattlemen can get better distribution of grazing. Grazing distribution help cattlemen better utilize the forage he raises on his farm or ranch.

For more information, contact Weldon Sears, Stanley Altman or Jim Donaho at the Soil Conservation Service Office at 416 South Kearney in Clarendon, or call 806-874-2339.

THANK YOU

We wish to express our thanks to all our friends who made our 40th anniversary such a happy occasion. Especially to the First Christian Church for the flowers, commemorative plate and the reception. The table was beautiful. Thank you all again.

The Electricity To Cook Breakfast for One Week Costs...

Less Than One Dollar!

The Value of Electricity

Just \$1 will buy enough electricity to light your kitchen ... make coffee in an automatic-drip coffee maker ... cook eggs on an electric range ... fix toast in a toaster ... and cook bacon in a microwave oven, and you'll have CHANGE LEFT OVER!

The price of electricity to do all these things every morning during a week for a

family of four is just 67¢! These costs are based on a WTU average rate and estimated kilowatt-hour consumption.

Electricity is still one of the greatest values for the money. And, it's one bargain you don't have to go out and shop for.

West Texas Utilities wants you to keep in mind the value of YOUR electricity as you continue to use it wisely!

Soil and Water Conservation helps local farmers with erosion problems

In January of 1986, the Donley County Soil and Water Conservation District, with technical help from the Clarendon Field Office of the Soil Conservation Service, completed two Grade Stabilization Structures. These structures were built under the Soil Conservation Service's Resource Development and Conservation Program.

This program was designed to allow Soil and Water District to designate critical area in the districts that needs special conservation measures, to use program money to help landowners correct erosion problems. The erosion problems are usually sites that use endangering public roads, homes or other sites that would normally cost landowners more than they could afford on their own.

The two sites completed were on the Troy Mays Ranch 12 miles northeast of Clarendon and on the Lacy Noble farm 3 miles south of Lelia Lake.

The Troy Mays site was a gully endangering the county road north of

Truett Hall's home. This gully was about 30 feet deep and 50 feet wide with other gullies connected to it. A structure was built parallel to the county road with a 24" pipe to let the water out. This structure is 684 feet long and 23 feet effective height.

The structure on the Lacy Noble farm was installed to allow water to drain from the field, through a 30" pipe, into the creek on the east side of Mr. Noble's farm. Years ago the creeks in the Windy Valley area had

dikes built along the banks to control flooding. Mr. Noble's structure allows water to drain from his field into the creek. In 1985, the spring rains had broken this dike creating a head-cut that endangered his field.

If you have erosion problems on your farm or ranch and need advice for solving the problems, contact the Soil Conservation Service at 416 South Kearney in Clarendon or call 874-2339.

Watt's Happening in Hedley

by Peggy Watt

Probably the most significant news around Hedley this week is the changing of ownership of the CanWay store. On February 15, Terry and JoAnn Bailey took over as owners and managers of the store. The Bailey family will continue to run the store as a family business. Terry and JoAnn will be joined by their son, Todd, who has been employed at the store for some time, and their daughter, Christi, who is a freshman at Memphis High School. Todd attends Clarendon College. JoAnn will only assist in the store

when her duties as principal and teacher at Travis Elementary School in Memphis allows.

Joyce Woodard, who has worked at the store almost since it opened, will continue to assist the Baileys.

Terry is a Hedley native and is a graduate of Hedley High School. He is the son of Elmore and Marge Bailey. JoAnn is a Hall County girl and has taught in the Memphis school system for approximately 20 years. She is the daughter of Mrs. Joe Wood of Memphis.

Good luck, Terry and JoAnn. On Wednesday, February 5, W.B.

Wiggins, manager of West Texas Gin, hosted the 1986 Farm Program. The information was given by Edwin Campbell, manager of the ASCS office in Clarendon. Those attending were V.T. McPherson, James E. Potts, Bill Clubb, Harold White, Doyle Messer, Buford Holland, James Potts, Connie DeBord, Kenneth Brinson, Bryan Leeper, H.M. Banister, Ricky Brinson, Don Springer, Earl Wheatly, Otis Farris, Jr., Rogelio Bryno, Phillip Wiggins, James and Carolyn Kirkland. Everyone enjoyed coffee and donuts after the informative program.

Paula Clendennen and Nancy Burr of McLean visited Paula's parents, Tom and Opal Clendennen last week. They went on to Memphis and visited with Leon and Linda Couch and Langly.

Thunder was home during the weekend. He brought his friend Gary with him. If he told me Gary's last name, I've forgotten it. I guess that's a sign of old age.

Carolyn Blackwell and Naomi and Bud Kemp of Amarillo visited last week with Dorothea Crawford. Carolyn is her daughter and Naomi is her sister. The Kemps lunched at the Senior Citizens with Dorothea Monday.

Mahdeene DeBord went to Amarillo last week and her mother Mrs. Allie Barrington returned home to spend a few days with her. It has been several years since I saw Mrs. Barrington. We used to visit often when I lived neighbors with Connie and Mahdeene.

Norvin and Ruth Shannon of Fallen River, California visited recently with Woodrow and Ora Pearl Farris. He is Ora Pearl's nephew.

D.K. and Beulah Hall have had a lot of company recently. His daughter J.C. and Vivian Harris of Gruver, son Truett and Fern Hall of Clarendon and grandson John and Susan Hall of Hedley visited Friday evening. D.K. and Beulah visited in Clarendon with Royce and Thelma Hall Sunday. They are both home from the hospital and improving. Royce's sister Alma Hall of Amarillo is staying with them as they recover.

Curt and Wanda Richards of Amarillo visited with her mother, Mrs. Eva Hansard Sunday.

Red and Dean Hill spent the weekend in Quanah with their children Max and Neva Lewis, Eric and Karah. Karah wanted them to spend the next seven weeks with them.

Marty and Sis Martin, Kendra and Matt spent the weekend in Childress with his mother, Mrs. Nellie Martin. And probably with Sis' grandmother Mrs. Jones.

Drucilla McBrayer and J.T. Dodson of Fort Worth visited with her mother Mrs. Leon Foster and sister Jerry and Buford Holland Saturday.

The pretty weather brought Mrs. Hartwell's children home. Arietta and Phillip Cobb of Wellington came and brought her a huge box of Valentine candy Saturday and James and Nonie and Leroy and Opal came Sunday. Very few weekends pass that they don't come to see her.

Mrs. Cassie Owens enjoyed several of her children over the weekend. Jim Owens and Gary came Saturday and visited for a while. Frenchie and Virginia Gafford and Al and Willie Monroe came and spent the weekend. Most of her children live and work in Amarillo. Jim got stranded in Tucumcari during the worst part of the snow storm we had last week. I think it took him about 20 hours to drive home.

Manfred and Wilma Snelson had most of their children home for the weekend. Maxey and Katrina Osburn, Christi and Brandi, Billy and Jackie Pierce and Angie Pierce, Joe and Marlee Brandon and Kale of Amarillo and Martha Favor of Childress joined Alfred and Viola Johnson in celebrating Kale's first birthday Sunday.

Pie Adamson and Rita Stone visited family and friends in Hedley last Thursday. They visited Rita's mother-in-law, Mrs. Kate Stone and lunched with J.T. and Helen Lamberson at the Senior Citizens. They got to visit with everyone there.

Speaking of Helen Lamberson, she told me last week about her little great granddaughters who entered

the beauty pageant in Pampa. She said the judges must be biased. Well I guess they were. The girls Mikala and Ashley Lamberson entered the regional pageant in Lubbock last week and won everything. I've forgotten how many trophies and tiaras they won, but do remember that Mikala won the most photogenic child in the entire contest.

Helen went to Amarillo Thursday and helped her sister Betty Hix pack. Friday they went to the Lubbock to the grand opening of her grandson's new pet shop. They returned to Amarillo and moved Betty on Saturday and Sunday. She missed the beauty pageant altogether. When I talked to her Sunday evening, she told me she was 'pooped.' J.T. stayed at home and minded things.

Murrell and Dorothy Whitaker had a busy weekend Saturday. They attended the funeral of Dorothy's brother-in-law Willard Scarth. Memorial services were held at the First Baptist Church in Amarillo with burial at Darrouzett. Their sons Roy Dean of Alvin and Jimmy Dean of Rosenberg also attended.

On Sunday, they attended the 40th anniversary celebration of Rev. and Mrs. Bernabe at the First Christian Church in Clarendon.

Mr. and Mrs. Jimmy Kirkland and children of Austin visited their Hedley grandparents Virgil and Opal McPherson recently. He is the son of James and Carolyn Kirkland of Amarillo and Clarendon.

Lynn Cherry of Amarillo and Howardwick visited his mother Mrs. Etta Mae Cherry Monday. They lunched at the Senior Citizens.

Beulah Hall brought Thelma Hall and Alma Hall to lunch at the Senior Citizens Monday. D.K. and Royce lunched at home.

For the past six years Texas has had a testing program designed to measure minimum basic skills in mathematics, reading, and writing. This program was known as the Texas Assessment of Basic Skills (TABS). It was administered to grades 3, 5, and 9.

Beginning with this school year (1985-86), a new assessment program the Texas Educational Assessment of Minimum Skills (TEAMS) has been instituted to measure minimum basic skills in mathematics, reading, and writing in grades 1, 3, 5, 7, 9, and 11. This program was mandated by House Bill 72, passed by the Texas Legislature in July 1984.

These tests were given to students in the 11th grade in October and the results of those tests are now in place in the student's folders. These tests are the ones that gained so much publicity in the fall as the Exit Level Tests on which students are required to show mastery in all areas before they be given their diplomas.

During the 2-week period of February 10-21, the TEAMS tests will be administered to all students in grades 3, 5, 7, and 9 in the state of Texas. Hedley students in these grades will be given the tests during this time. First grade students will be given the tests between April 1 and 11, 1986.

The administration and teaching staff of Hedley School System would like for you to be aware of the testing being done and encourage your student to work to the best of his ability.

The results are to be back in the school system by the first of May. You, as parents, will be given a report of your student's performance on these tests at that time.

If you have any questions, call the school (856-3661) and talk to Sharon Wheatly.

Public School Week will be March 3-7 this year. I don't know how many are aware of it, but the school system in Texas was first established by the Grand Lodge of Texas. The first public school in Texas met in the lodge hall in Brazoria. The Grand Lodge of Texas has supported the school system in Texas since before Texas became a Republic, much less a state. Open house at the Hedley School will be March 6. The Drama Class will present their one act play at this time. The classes will be open to the public and each teacher will have examples of the students work on display in the classrooms. Show the school your support by attending this event.

How to Handle an Atheist

Some years ago Charles Bradlaugh was the outstanding atheist in England. He was ever challenging the validity of the claims of Christianity. Down in one of the slums of London was a minister by the name of Hugh Price Hughes. He was a real personality, and all London was aware of miracles of grace accomplished at his mission.

Charles Bradlaugh challenged Mr. Hughes to debate with him the validity of the claims of Christianity. London was greatly interested. What would Mr. Hughes do? He immediately accepted the challenge, and in doing so added one of his own. He said in substance:

"Since we know, Mr. Bradlaugh, that a man convinced against his will is of the same opinion still, and since the debate as a matter of mental gymnastics will not likely convert anyone, I propose to you that we bring some concrete evidences of the validity of the claims of Christianity in the form of men and women who have been redeemed from lives of sin and shame by the influence of Christianity and by atheism. I will bring one hundred such men and women, and I challenge you to do the same.

"If you cannot bring one hundred, Mr. Bradlaugh, to match my hundred, I will be satisfied if you will bring fifty men and women who will stand and testify that they have been lifted up from lives of shame by the influence of your teachings. If you cannot bring fifty, I challenge you to bring twenty people who will testify with shining faces, as my hundred will, that they have a great new joy in a life of self-respect as a result of your atheistic teachings. If you cannot bring twenty, I will be satisfied if you bring ten. Nay, Mr. Bradlaugh, I challenge you to bring one, just one man or woman who will make such a testimony regarding the uplifting of your atheistic teachings. My redeemed men and women will bring an unanswerable proof to the saving power of Jesus Christ in the lives of those who have been redeemed from the slaveries of sin and shame. Perhaps, Mr. Bradlaugh, this will be the real demonstration of the validity of the claims of Christianity."

Again London was stirred. What would Mr. Bradlaugh do? For answer, Charles Bradlaugh, in great discomfiture and chagrin, publicly withdrew his challenge for the debate; and London smiled.

Forgiveness

Bitterness is a big burden for any person to carry. I have met many young people who are unhappy, unproductive and unfulfilled because they are loaded with deep resentment and anger toward people or circumstances in their lives. The only solution to the problem of bitterness is a forgiving spirit. If we are to experience true joy and a productive and fulfilling life, there are three areas where we must experience and practice forgiveness.

We Need Forgiveness From God

My prayer is that everyone who reads "Teen Talks" has had a personal experience with the Lord Jesus where you have placed your faith and trust in Him and experienced forgiveness for sin. How can one truly be happy when he has not had his sin forgiven? We read in Romans 4:7, "Blessed are they whose iniquities are forgiven, and whose sins are covered." Have you been forgiven? Not only do we need forgiveness from God in a salvation experience, but as believers we need daily forgiveness from God in order that our relationship with our heavenly Father is not damaged.

You do not have to wait until your church revival or camp to get right with the Lord. First John 1:9 tells us, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." Teenager, is your relationship with your heavenly Father right because you daily judge

yourself and confess your sin to Him?

We Need to Forgive Others

One does not live long on planet Earth without experiencing some hurt by some loved or trusted one. It is then that we must practice Ephesians 4:30-32:

"And grieve not the holy Spirit of God, whereby ye are sealed unto the day of redemption. Let all bitterness, and wrath, and anger, and clamour, and evil speaking, be put away from you, with all malice: And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you."

It is only when we practice forgiveness that we experience true freedom and joy.

Have you forgiven those who may have wronged you?

We Need to Forgive Ourselves

I suppose the most difficult area regarding forgiveness is learning to forgive yourself. Countless young people have promised the Lord during various invitations that they were going to serve Him and walk daily with Him, only to discover that however well meant their intentions were, they found out also how weak and frail they are. Find comfort in Psalms 103:14, "For he knoweth our frame; he remembereth that we are dust."

A person will not be saved long before he finds out that the Devil will use his memory to defeat him spiritually and stop his service for the Lord.

The Devil will remind us of our past sins and challenge us as to our right to speak for Christ with such a past as we may have. In those times of attack from

Satan we must practice Philippians 3:13,14:

"Brethren, I count not myself to

have apprehended: but this one thing I do, forgetting those things which are behind, and reaching forth unto

those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

We would like to thank Hazel Briley, member of the AOTC (Amarillo Obedience Training Club), for coming all the way from Amarillo to judge our graduation.

An installation service was also held as Judy McCully, leader of the 4-H Dog Project, introduced Terry Floyd, Donley County Agent. Terry began with explaining to our new teen leaders their responsibilities, such as assisting Judy, the leader, and Bob and Vera Andis, our dog instructors, in any way they can, sharing their experiences with the newer 4-H kids, and just being there as a teen leader. Our new leaders are Mike Moore as senior leader and Jenifer Davis as junior leader. From there, Mike Moore began to install our new 1986 officers. As Mike read to each officer their responsibilities, Jenifer presented each one with their official pin. The new 1986 officers are as follows: Shannon Myers, vice president; Christy Smith, secretary; Juan Rodriguez, reporter; Shawna Skelton, historian; Steven Davis, drill sergeant, and Craig Wright as social chairman. Those who could not be present, but who will be installed are Scott Myers, president; and Elizabeth McAnear as assistant drill sergeant.

After graduation and the installation, Shannon Myers presented awards to Annette Brooks and Jan Phillips for their marvelous job they've done these past sixteen weeks. Annette taught obedience class while Jan worked with the 4-H kids on junior showmanship and confirmation. Both came from Amarillo every Wednesday evening to show us how to work our dogs. Thanks to you both for your time and patience!

Mike Moore was also presented with an award for perfect attendance.

Many spectators were present during the evening. We enjoyed showing our dogs and hope many more will come in the future to watch us work our dogs, as we train to become the best we can be for our state meet in Snyder, Texas, this August.

Refreshments were served afterwards. Thanks to everyone who helped to make this evening a big success!

By **JUAN RODRIGUEZ** NEW DOB OBEDIENCE CLASSES BEGAN

Wednesday, February 5th at the Community Center, we will have subnovice, novice, and open classes. Classes run from 6:30 until 7:30 p.m.

We would like to welcome back Bob and Vera Andis as our instructors. The Andises have taken a sixteen week vacation from teaching our dog class, so we would have the experience of being taught by other instructors, which were Annette Brooks for obedience and Jan Phillips for junior showmanship and conformation. This also gave Bob and Vera time to go to dog seminars in Austin and different obedience classes in Amarillo and bring us back new techniques.

Attention K-9 Korp members! The 1986 state 4-H dog show is in August, which only gives us 6 months left to practice and learn all we can to be the best in Texas. In 1985 we took second place. Well, if you want to be number one this year, we need to try all we can. That means being present every Wednesday to train your dog, unless it is an important excuse. It is up to us as a group if we really want to win. We have two very experienced instructors who are there to help us and more important want to help us. So come on Donley County K-9 Korp let's be #1 this year! The drill team is also a part of competition. Those members who wish to participate need to be at the community center every Wednesday to practice from 7:30 to 9:30. We only have 7 weeks to get the routine down. If you miss two times in the next 7 weeks, you can no longer be on the drill team. It is very important you be present! That means all flag bearers also! The week of the six weeks test, we will not have practice on drill team.

New students in our obedience classes are as follows, David Lane and Bo (Pointer, German Shorthair Mix), Nuggett Bland and Traylor (Australian Cattle Dog), Lesia Fuston and Sassy (Border Collie), Craig Wright and Alex (Golden Retriever) and Punch Skelton and Chip (Australian Kelpie).

Those adults continuing their training are Tiny Alderson and Fritz (Schnauzer), Bud Moore and Sargeant (Doberman), Max Rodriguez and Possum (Australian Cattle Dog), and Brenda Rodriguez and Aussie (Australian Cattle Dog).

K-9 members who attended classes include Mike Moore and Max (Doberman), Jenifer Davis and Ben (Border Collie), Shannon Myers and Paddie (Collie), Scott Myers and Stormy (Collie) Steven Davis and Taffy (Toy Poodle), Juan Rodriguez and Bigfoot (Australian Cattle Dog), Elizabeth McAnear and Lady

(Labrador Retriever), Todd McAnear and Sandy (Labrador Mix), Christy Smith and Babe (Alaskan Malamute) Shawna Skelton and Tess (Australian Shepherd), Wil Burlin and Roscoe (Miniature Daschaund), Gwyn Tolbert and Brandy (Golden Brittany Mix) Debra Tolbert and Chico (Scip. Mix) and Lee Gage and Rascal (Aussie/Australian Cattle Dog mix).

President Anna Moores Simmons opened the meeting with a roll call. Lucy Saye, Chairman of the Art Exhibit Committee spoke of the plans that have been made for our exhibit which will be held at the Patching Club House on March 2, 1986. March 2nd is Texas Independence Day and our exhibit will be called "St. Roost's Rendezvous". The purpose is to sell some of the things and to have a good time by all. It is one of our ways of celebrating our State's Sesquicentennial Year.

There will be a display of flags of Texas and early flags of Texas, antique dolls, childrens books and childrens furniture.

Mr. Don Hickmott who specializes in art depicting the early 1800s will display his art work of paintings. With him will be the Mountain Men who will demonstrate some of the guns they have.

Mrs. Zell SoRelle will interest the children by telling stories to all those who attend.

Mrs. Helen Estlack will show slides of Clarendon homes and the surrounding area.

Two teepees will be set up on the lawn in front of the Club House.

There may be other artists showing their work, and anyone who has very old dolls or children's furniture

please contact Lucy Saye.

The March meeting will be cancelled as the exhibit will be held that week.

The meeting was turned over to Mrs. Virginia Browder and Mrs. Sy Foxhall for the program which was "Moon" and was narrated by Virginia. Music from that play accompanied the narration at times and this was a lovely way to spend an afternoon.

Hostesses Diane Chamberlain and Elmonette Bivens served refreshments with fortune cookies Japanese style. During this time Mrs. Cennet Rhode displayed beautiful clothing from Japan.

Those attending were Jo Baldwin, Elmonette Bivens, Betty Boston, Kathryn Cain, Diane Chamberlain, Pam Fletcher, Sy Foxhall, Maxine Hardin, Theda Hardin, Leona Musgrove, Anna Beth McNabb, Cennet Rhode, Polly Sarich, Lucy Saye, Anna Moores Simmons, Zell SoRelle, Bobbie Thornberry, Pat Thornberry, Glendora Greene, Dorothy White and Virginia Browder.

The Texas Experience

1986 marks the 150th, or Sesquicentennial, anniversary of the founding of the Texas Republic. This celebration offers new and native Texans an opportunity to examine the state's remarkable history and culture.

The commerce and agriculture that characterize Texas today extend back centuries to the time when Caddo Indians developed a farming and trading empire in the Neches Valley. In the 19th century, Texas would become contested land, where Spanish soldiers and friars tried to push New Spain's frontier northward and Anglo-American colonists sought to maintain independence beyond the U.S. border.

Hispanic and American contact contributed to the spirit that has distinguished Texans. From His-

panic, Black, and Anglo vaqueros to immigrant German artists, from early leaders like President Sam Houston and San Antonio mayor Juan Seguin to later reformers such as Governor James Hogg and President Lyndon B. Johnson, Texans have shown a venturesome determination. Vast land and enterprising citizens have made Texas excel in agriculture, ranching, petroleum, and transportation.

Texas was the only American state to form an independent republic years before acquiring statehood. This exceptional history, enriched by folklore and literature, has given Texans a distinctive identity. Their work and play, their struggles and celebrations shine through The Texas Experience.
