Donley County To Have Poultry Exhibit At Tri-State Contest

J. R. Gillham, vocational agriculture instructor announced today that plans were being made for Donley County's annual Poultry exhibit at the Tri-State Fair in September. Donley has won the county poultry exhibition premium for the past five years, and will be trying for their sixth consecutive victory in the county groups. 248 Donley County birds were shown in Amarillo last year.

Transportation to and from the fair will be provided, and the fair association will feed and water and care for the birds during the week they must remain on exhibition. Billy Thornberry, C. G. Kirkland, Lee Christie, Pete and Ralph Morrow, Carl Morris, Maschil Cole, Beatty Hillman, Forrest Helton, and Jimmy Goodman are members of the F.F.A. group that expect to exhibit their birds. In addition to the F.F.A. exhibitors, a number of Donley County poultry raisers exhibit their birds at the show annually. E. V. Quattlebaum has been one of the most consistent winners since the show was inaugurated. Parties desiring to enter their birds in the show should contact Gillham and arrange for transportation for their birds, if they do not plan to carry their birds to the fair personally.

NEW LEGISLATOR VISITS FRIENDS IN DONLEY

Greeting the public here Saturday was Hon. Ennis Favors of Pampa, who received the nomination for representative to succeed Eugene Worley. Mr. Favors is deeply appreciative of the consideration shown him, and was down merely to thank the folks and to get some idea as to their wants and needs before he takes up his new duties at Austin next January.

Mr. Favors had quite an insight into the work of the legislature since he was employed for some time in the office of the secretary of state the past two years.

UNCLE BILL RAINS GROWS TATERS AND HAM GRAVY

While in the Leader office Tuesday, some inquiry was made as to how Uncle Bill Rains maintained that soft, school girl complexion along with his 80-some-odd years. He reared back with that familiar twinkle in his eyes and said: "I raise yaller taters and ham gravy. The one-eyed peas are coming back since the rain, and the melons are putting on a show. With all that kind of stuff, a complexion just grows along with the grub and you can't help it."

He says he grows the 'punkin yam' variety of sweet potatoes and has for several years. "The kind that shrink from the skin and ooze out sorghum when they get hot," as he described them minutely and scientifically. As a parting shot Uncle Bill called back, "I'll meet you around the coffee kettle at the picnic Friday." And he will.

Rev. Gordon conducting revival at Heald, over in the Shamrock country. The attendance is said to be excellent. The revival will close next Sunday night.

Rev. Gordon secured another minister to take his place that he might fill his appointment at the open air service here Sunday night at the Ball Park. He is said by many to have preached his best sermon here on that occasion, evidently drawing inspiration from the extra large congregation that greeted him on that occasion.

UP FROM SHOE-BAR

Jake Chamberlain, permanent fixture on the Will Lewis Shoe-Bar ranch near Oxbow, was in town Saturday. He spoke of plenty of rain down that way and said the range was rapidly getting back to normal. Jake has been holding down the same job for ages, as a friend of his expressed it.

Collie Pups Given Worley Cause

While a number of the youthful members of the "Worley Goes to Congress Club" of Pampa were putting on a program at Berger a few days ago, they naturally got a lot of attention as campaigners for Eugene Worley. After the speaking, Sam Graham came up to congratulate Miss Helen Dudley, the 16-year-old speaker, and said: "Helen, I haven't got any money, but I have three Collie pups that are registered and I want you boys and girls to take them, sell them and give the money to your cause."

The pups were accepted and taken back to Pampa where many prospective purchasers are bidding them up to a fancy figure to "help the cause."

Sam Graham is a brother of D. Graham, TWA airways pilot on the line from Los Angeles to Kansas City.

Helen Dudley Worley Speaker Monday Night

PAMPA HIGH SCHOOL FOLKS BRING ORCHESTRA

The public here Monday night saw for the first time the aggregation of Pampa's high school pupils in action in representing their self-organized and celebrated "Worley Goes to Congress Club."

Their orchestra played several numbers as the crowd gathered in front of the Bryan clothing company store. A loud speaker was provided the speakers. Soon the main street was almost choked with autos as numbers of citizens stopped to listen to the program.

The main speaker was Miss Helen Dudley, aged 16, who won the district debating honors last term of school. Although illness caused her to make her talk shorter than usual and their rounds of the 26 counties in this congressional district, she spoke rapidly and covered many important facts. "Because of the large public debt," she said, "we younger people realize that we and our children will pay the major portion of this debt in the years to come. Mr. Worley is the same age as Marvin Jones when you sent him to congress 24 years ago," she emphasized.

"Because of Mr. Worley's voting record in the Texas legislature where he has been serving this district the past six years until he resigned to make the race for congress, he is receiving widespread farmer support. His support in practically every instance is coming from the working class of people. Big shots do not know him as their candidate. The agricultural Association of his home county has endorsed him. Mr. Worley was a member of the Texas House Agricultural committee, and the farmers know of his excellent work in their behalf. He worked for the state-wide soil conservation law, and assisted in the plains water conservation program."

"Mr. Worley made good on every promise when you sent him to Austin. Among those he stated that he would work for pensions for the aged. He did his best to get a tax bill passed, and that was all any man could do. He was complimented by Gov. O'Daniel for his efforts to help the aged and blind. He will be just as faithful when we send him to Washington as our congressman."

Arch Fullington of the Pampa Daily News staff supplemented the remarks of Miss Dudley by saying that Mr. Worley was for the great mass of common people, the people who earn what they get. He explained that the "Mr. Worley Goes to Congress Club" originated within the minds of the high school students, was organized by them, and that Miss Dudley's talks were her own without suggestion or dictation. He explained that similar clubs had been organized in Amarillo, Borger, Panhandle and many other towns.

Old Settlers Picnic Friday

The annual Old Settlers picnic at Tate Grove, six miles north-east of Hedley will get under way Friday morning, August 16th with a band number at 9:45. The crowd will sing America led by Sam Braswell.

E. H. Watt of Giles will extend a welcome, and J. Claude Wells, Memphis publisher, will respond. Mrs. W. Clyde Bridges will give a historical sketch of the Donley County Old Settlers Association.

The band will give two numbers after which a business session will be held, according to the program outline given your Donley County Leader.

A talk will be made by H. Deskins Wells of Wellington, candidate for congressman from this district, publisher of the Wellington Leader and a son of a prominent pioneer banker of Wellington.

Gene Worley, former representative in the state legislature until he resigned to enter the congressional race, will also speak. Wells and Worley are opposing candidates for a congressional seat to succeed Marvin Jones.

The singing of "Beautiful Texas" will be sung as a special dedicated number honoring Mrs. W. I. Rains, one of the charter members of the Association, and who had much to do with its beginning.

Band music will be heard, two numbers each by Shamrock boosters, and Wellington boosters, following the big feed at the noon hour.

A quartette will sing a memorial number arranged by Mrs. Joe Crawford and Mrs. Clyde Bridges. Hon. Frank Jones will be in charge of the "old fiddlers contest" in an effort to outdo anything that has ever been 'did' before.

Those attending the picnic are admonished to bring food, chuck and grub aplenty, the committee advises. The Association will supply tea and coffee and plenty of ice water, we are advised.

Union Services Draw Big Crowds

OUR NATIONAL CONDITIONS WILL BE DISCUSSED NEXT SUNDAY NIGHT

The Sunday evening Union Church Services, which have been conducted each week since the first Sunday in July at the Football Stadium, have created a gratifying interest which has increased from week to week. Those who were present last Sunday were fortunate in hearing a great and challenging sermon by the Rev. H. C. Gordon, of the Methodist Church. An unusual feature of this service was the participation by sons of two of the local Pastors, John Burton King and Millard Miller. The soloist was Mrs. Edgar Henshaw. A band concert preceded the service. The Ministers of the city who sponsor these services appreciate the work of the High School Band and of Mr. Robbins their leader.

This Sunday at eight o'clock there will be another of the band concerts. At eight thirty Rev. M. M. Miller will take charge of the religious service. In response to a number of requests which have been received, the Rev. Edgar W. Henshaw of the Episcopal Church will sum up a series of addresses which he has delivered in this and surrounding communities and preach on the subject "What About Our American Democracy?" The following Sunday the service will be in charge of the Church of Christ and the pastor Claude C. Smith, minister of that church will be the speaker. In the event of rain on next Sunday evening the service will be transferred to the First Methodist Church where the same program will be carried out.

SMITHS IN ANNUAL REUNION AT CHILDRESS SUNDAY

The third annual reunion of a certain strain of the Smiths of the Panhandle was a big event as they gathered in Childress Park last Sunday. Mr. and Mrs. J. Marvin Warren here were in attendance, Mrs. Warren being a daughter of Marvin Smith, former resident of Clarendon.

There were forty six relatives attending this reunion, the major portion of whom go under the name of "Smith," the others are 'inlaws', it is said.

CARAWAY GROWS FRUIT MOST SUCCESSFULLY

There is a knack in growing most any kind of fruit, as proven by the efforts of F. E. Caraway here. Time was when he had the best strawberries in the county. More recently he has turned his attention to grapes. At this time he has a wine grape that is unusual in that the berries are "wedged" on the bunches. Caraway says it is a result of proper pruning.

Jack Hall Dies Late Saturday

Former JA Ranch Manager Dies In Amarillo

Several of the old-time cowmen attended the last rites for Jack Hall in Amarillo. He died of a heart attack in a hospital there Saturday night. He was 76 years old.

Hall came to this section in 1887, working on the Quarter Circle Heart ranch on what is now the J. R. Porter farm near Goldston. Later he engaged in the mercantile business in Clarendon.

In 1898 Hall was bookkeeper and assistant manager of the JA ranch when Dick Walsh was manager. In 1899 he got into the cattle business for himself near Amarillo, later buying a ranch in 1914 northwest of Amarillo that, in later years became celebrated for its meeting place of old-timers and John Snyder barbecues. This ranch, with a reservation of 160 acres, was sold to Dewey Ashcroft a few years ago and Mr. and Mrs. Jack Hall retired to private life. Mrs. Hall is the former Ella Hewins Nay of Amarillo and survives the man whom she married in 1904.

Jack Hall was one of the best known and best liked among the old time cowmen. Like others from Scotland, he came west when but a lad of 19 and carved out a niche that was filled with respect and admiration by thousands who have come to know Jack Hall through the long years that he lived in the Panhandle.

Panhandle Press Association

Worley Active Over District

WHEELER COUNTY BACKERS PLEAD HIS CAUSE

The following statement is sent out by The Shamrock Texan relative to Worley's campaign progress:

Gene Worley of Shamrock, candidate for congress, is intensifying his personalized campaign which will carry him into every part of the district during the next ten days. With him on many of his trips are groups of Wheeler county supporters who, helpless to make a gesture in the first primary because of the fact there was another deserving and fine young man from the same county in the congressional race, they are now "shooting the works" in behalf of the young Shamrock lawmaker.

Recalling how he campaigned in a \$25 model "T" to win his legislative seat from Gray, Wheeler, Collingsworth and Donley counties six years ago, those who know Worley were not surprised when he polled 10,000 votes in the recent congressional primary to win a place in the run-off, entirely on his own, without money or political backing.

The Wheeler County Agricultural Association has endorsed Worley's candidacy because of the fact he was particularly active in farm legislation during his three terms in the state legislature. He was on the Agriculture Committee for four years.

Serving under two governors, the young Shamrock candidate received commendation from both of them, representing Governor Allred at a Council of State Governments in Washington in January, 1939, and acting as personal representative of Governor O'Daniel at a similar meeting held

Max Boyer Was Against Long House Session

SAYS HE SUPPORTED OLD AGE PENSION PLAN

Max Boyer, the leading candidate for State Senator, who polled 42% of the vote in the first primary, and approximately 64% of the vote outside the biggest city in the Panhandle, enters the final week of the run-off campaign with the active support of the rural area of the Senatorial District. Boyer stated Monday of this week that his hundreds of friends who helped him to pile up a lead of nearly 2500 votes against his Amarillo opponent were encouraging him to believe that he could increase the percentage of votes in the election Saturday August 24th.

Max Boyer has spoken in some 15 towns and cities since the first primary election.

Boyer stated Monday and we quote: "I am amazed that anyone would try to couple my candidacy with the political machine that has dominated the Panhandle for the past 15 years. Most everyone knows that the strongest opposition I have had during the present race came from the 8th floor of an Amarillo Office Building. I feel sure the good people who have supported me so loyally will not be deceived by the strategy of the smart politicians who cook up these schemes in air conditioned suites of the big city in the Panhandle.

Panhandle. You can readily see that the Amarillo opponent received something like 80% of his vote from that group of citizens that have been favored by the activities of the Panhandle Political machine. A check of this vote shows that the strength developed by your leading candidate came from the out-laying counties far from the selected circle that have received most of the popular favors from both state and federal agencies during the administration of a previous Amarillo Senator. I urge the voters of the district to follow the advice of our Governor, who asks that you read the record and decide for yourself who would serve best as your state Senator. In this statement made by the attention of the people of the House of Representatives had attempted to carry out and solve the all-important social security problem of this state. Among those members who have supported the governor and who have done all humanely possible to solve the social security program, you will find the name of your own leading candidate for State Senator, Max Boyer, of Ochitree county.

"As a part of my record, I take pleasure in calling to the attention of the voters of this district

the fact that I was among many State representatives who voted for early adjournment of the much discussed and so-called "Do nothing legislature." I would call your attention to the fact that this vote for adjournment came after the legislature had been in session long past the regular session limit. My first vote was cast on May 10. After the compromise measure, SJR 12 had been killed by the minority group in the House. In connection with this record I would call your attention to the fact that the legislature stayed in session 41 days after my first vote for adjournment, costing more than \$5,000.00 per day to the taxpayers of the state of Texas, without gaining tangible results in the matter of solving the social security problem. I would call your attention to the fact that our governor refused to call a special session of the state legislature to take up the social security problem, because he knew the problem was in a dead lock and that it would cost the taxpayers thousands of dollars when no results were possible. I urge the voters of this district to be on the alert for last minute propaganda that can not be substantiated. I pledge now as I pledged in the beginning that I will wage a clean campaign, and if you desire to promote me to the position I am asking, I pledge the best service that is possible for me to give."

B'way's Smash Stage Hit Now On Pastime Screen

Joan Crawford, the star who was the surprise hit of "The Women," joins forces again with the director, producer and scenarist of that production, George Cukor, Hunt Stromberg and Anita Loos, in "Susan and God," picturization of the celebrated Rachel Crothers' stage success, which co-stars Fredric March and opens Wednesday at the Pastime Theatre.

As Susan Trexel, rattlebrained social butterfly who adopts a new social movement as a fad, Miss Crawford has her most versatile role to date, with March following his stage success in "The American Way," making an auspicious return to films as Barrie, her inebriate husband. Cast in support is an impressive group of players headed by Ruth Hussey as Charlotte, the family friend in love with Barrie. Rita Hayworth is seen as the young actress, Leonora, married to the older Hutchins Stubbs, portrayed by Nigel

Bruce, but in love with the young actor Clyde Rochester, played by John Carroll.

Miss Hobart as Irene
Rose Hobart is Irene, hostess at the house party at which much of the action occurs, and Bruce Cabot is the sportsman, Mike O'Hara, in love with her. Rita Quigley appears as Blossom, young daughter of Miss Crawford and March.

The story revolves around Susan, who has neglected her own family responsibilities in her enthusiasm for converting in her friends to the new social movement. Gradually she antagonizes all her intimates and finds herself faced by a divorce which she does not want and losing the new found love of her child. She is forced to fall back on the faith which she so blithely discussed without understanding it, to pull her through. Hilarious comedy combines with highly dramatic situations to provide one of the season's outstanding pieces of entertainment.

FISHING STORIES VARY AS NIMRODS REPORT RESULTS

Fishermen often differ on the weight of fish. Less often they differ on the amount of fish caught. Bill Crawford says "we had a heck of time except that I burned my arm on the gas lantern in the boat." And then Fred Buntin says the catch was only "fair" so far as he could see. Is the other party, Grover C. Heath, is of the opinion that all fishing trips are great stuff, get 'em or not.

These fellows fished from a boat in Lake Kemp and returned home Sunday.

Pumping oil wells in Texas outnumber those which will flow by more than 12,000.

TEMPLE OF TRUTH

By the Apostle

AUTO SUGGESTION.

Oola Yurt says she never has ridden in the drivers lap because her mother always told her to keep away from joints.

MYSTERY?

The fellow with the most soft soap can do a girl the most dirt.

ADVERTISING!

When I pass a house and smell a cake burning, I know the home has a party line.

ROLLING PIN VICTIM.

A skull was found recently in a mound in eastern Oklahoma showing several dents across the top. While experts claim him to be the first man in that section, his skull also indicates that he was a married man.

UP TOWN STUFF.

Then there was the absent-minded business man who sent his correspondence to the golf club and went over to his secretary's to play a round.

ADVICE.

Bachelor Bill says a man doesn't improve his own reputation by spoiling that of the other fellow.

PIONEER STUFF.

An old-timer is one who recalls when women had to have on a lot of clothing before she got ready to faint.

ALMIGHTY KNOWS BEST.

As a rule, if a man could have half his wishes, he would double his trouble.

FREAKY DOINS'

Keeping up with the Joneses is that stage in life where one spends money he never earned, to buy things he doesn't need, to impress people he doesn't like.

FREE PRESS.

The United States is the only major nation in the world today that can boast of free speech and free press. That means that as long as an editor in this country writes nothing to offend the advertisers, the churches, the lodges, the unions and civic clubs, the subscribers or his own wife, he can fearlessly print just anything he dad burn pleases. Hoo - Ray!!!

FAMILY DOPE.

Hastoon Yazzie had gotten the money on his oil lease and handed

his wife a roll of bills with the suggestion: "Maw, you've staid at home and worked hard in the house and the field. Now I want you to take this money and get yourself some decent clothes." That was too much for Maw. She swung her fist under old Hastoons nose and yelled: "Dad burn it, I've been wearin' decent clothes all my life. Now I'm gonta dress like other women from here out!"

HERE'S A PUBLICITY IDEA.

The ladies solve the hot weather problem by wearing shorts or loose fitting slacks, while the men still stick to long trousers, shirts and ties. A lot of the men would undoubtedly like to wear nothing but a pair of shorts and a sport shirt these hot days but you could never get any one of them to start the new style. Of course, it would seem a little strange at first but we would soon get used to bow legs and knobby knees. Other towns get notoriety by making all the men grow beards during certain periods; we might get some publicity by making the male population wear shorts.

DISTRACTION.

I mean to take a vacation anyhow, so go ahead and criticize the old Apostle. At the same time, if our men folks had as much judgment and determination as our women folks, ninety percent of us would dress for summer much as our women folks do.

Fatal injuries to workers in the oil industry are now at the rate of only one in 2,078 work years.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

What is so rare as a day in August when no garden tasks call aloud for your care? One works so breathlessly there's hardly time to stop to enjoy the calm beauty of the month.

Some of the terraces are defined by the heavenly blue morning glories which look as if the sky had been spilled down the hill-sides.

The crepe myrtles are exceptionally beautiful and more abundant than ever before in our town, the red ones at the Adair Hospital are very colorful.

The lawns at the Allen Bryan and Will Lewis homes are perfectly kept. They are beautiful and restful in their many shades of green.

There is a gay assortment of flowers at the Ruddell, Cornelius and Bob Hay homes.

There is not likely a spot of more majestic beauty than displayed by those massive cedars at Mrs. Benson's. There are numerous worthwhile glances that can be made at passing this lawn.

"The beauty of flowers is not all vain display; their healing powers have long been known to man."—Annie Carter.

Pierce Brooks Makes Talk To Clarendon Crowd

Severely arraigning the political czars who control the present Railroad Commission and promising relief to the people when he takes office next January, Pierce Brooks, leading candidate for Railroad Commissioner, spoke in Clarendon Tuesday afternoon.

"The people of Texas, in the July 27 primary, routed the professional politicians who had conspired to gain control of the Governor's office," Brooks said. "Having been roundly defeated this

same gang have centered their efforts upon defeating me in this runoff, knowing if they do they will have one last haven of refuge in this elective body, which is beyond control of either the Governor or the legislature. "I said in the first primary campaign that I would co-operate for the general welfare of Texas with whoever the people named as their next Governor. As soon as they overwhelmingly named Governor O'Daniel I pledged him my full co-operation, and I mean it. I will go down the line with him in his efforts to restore the government of Texas to the people, and in all his efforts toward economy.

IS THIS THE KIND OF CO-OPERATION Governor O'Daniel Wanted?

The last session of the legislature ADJOURNED June 21, 1939. While the legislature was working on revenue bills to pay OLD AGE PENSIONS, TEACHERS' RETIREMENT, AID TO THE BLIND, and other social security obligations, MAX BOYER'S record is as shown below:

- (1) MAX BOYER voted on May 10, 1939, (immediately following his vote for S.J.R. 12) to ADJOURN the legislature. HE WAS THE ONLY ONE OF THE ENTIRE DELEGATION OF FIVE PANHANDLE REPRESENTATIVES VOTING FOR ADJOURNMENT. See Pages 3203-4, House Journal.
- (2) MAX BOYER, on May 19, 1939, WROTE AND INTRODUCED a resolution himself, being House Concurrent Resolution No. 156, to ADJOURN the legislature without providing for the funds which Governor O'Daniel had requested. Again, MAX BOYER was the ONLY ONE of the entire delegation of five Panhandle representatives voting for ADJOURNMENT. See House Journal, Pages 3458-9.
- (3) On June 1, 1939, another motion to ADJOURN the legislature was made, and those who wanted to work out the Social Security and Old Age Pension Problem voted to table the motion to ADJOURN. But MAX BOYER voted against tabling the motion, and by his vote again tried to ADJOURN the legislature at that time. See House Journal, Pages 3802-3.
- (4) On June 5, 1939, MAX BOYER WROTE and INTRODUCED a resolution to ADJOURN the legislature. His motion failed, but he voted in favor of ADJOURNMENT. See pages 3861-2, House Journal.

Governor O'Daniel wrote everyone of the 94 representatives who at ANY TIME voted for S.J.R. 12, including MAX BOYER, a letter of thanks for their vote on ONE DAY (May 10) and stated: "If we CONTINUE to do all we can, etc." But, disregarding the governor's plea for continued work, MAX BOYER followed his vote in favor of S.J.R. 12 on May 10 with a vote to ADJOURN (H. J. 3203) the legislature, although the remainder of the five Panhandle representatives voted against him. The legislature did not adjourn until 42 day after Mr. Boyer's FIRST VOTE TO ADJOURN. During those 42 days, the remaining Panhandle delegation CONTINUED their work to pay social security obligations.

Could the legislature CONTINUE its efforts if adjourned?
Could the legislature PAY PENSIONS if adjourned?
Can you plow your crop after you QUIT?
Was YOUR local representative always wrong?
WAS THIS THE KIND OF CO-OPERATION GOVERNOR O'DANIEL ASKED?

Was Mr. Boyer working in HARMONY with our other four Panhandle representatives who voted against him?

WHAT IS THE TROUBLE?
The contributors of this advertisement cordially invite you to inspect the above record as shown by the Official House Journal.

Deskins Wells Most Grateful For Support

Son of Pioneer Business Man and Banker Is Only Native Born in Race

The Leader is in receipt of the following statement from Deskins Wells, candidate for congress, which we pass on to our readers in keeping with our policy of fairness:

"From dawn to midnight, Deskins Wells, candidate for congress, who led the primary ticket by 6,000 votes, has made speeches, greeted old friends, and attended reunions this week with the same energy and vigor that has characterized his whole campaign.

"Wells, who is the only native born of the Panhandle in the race, expressed his thanks to the hundreds of friends who gave him such a substantial lead in the primary.

"I would like to personally thank as many as possible of the 15,373 men and women who so loyally supported me in the first primary and have been working 18 hours a day toward this aim."

"In Wells' home county of Collingsworth he received over 81 per cent of the total vote.

"Wells was born in Collingsworth County and has lived his entire 38 years here. Pointing out his great love for this section of the country, Wells said:

"In the stress and strain of Washington a man who has ridden a cultivator in the blazing sun and milked cows in freezing weather will remember the conditions of the farmers in the Panhandle."

Annuities paid by some Texas oil companies to retired employees total from three to six times those prescribed under the social security law.

Hazlewood Sets Busy Schedule

Grady Hazlewood, candidate for state senator, was laying plans for a busy week in the field.

"There are several towns I have not had a chance to visit, but I'm going to make them before it is over," he said.

"I have wanted to visit these places but, having to conduct a one-man campaign and a poor man's campaign at that, has made this impossible so far. I want to visit several towns on the north plains the first of next week. This coming Saturday I will visit Wheeler, Shamrock, Wellington, and Childress.

"The big foreign major natural gas companies, and certain big oil corporations are spending a lot of money to defeat me; but the people have taken up my banner in a grand way and I can never thank them enough. It looks like a case of these big gas and oil corporations against the average men and women everywhere. If you will but check the election returns, you will see that is exactly the case—just look and see where I didn't get any votes at all."

Grady Hazlewood will speak over radio station KGNC Saturday, August 17, at 6:45 a. m.

The assessed taxable value of Texas petroleum properties is now more than one and one-fourth billion dollars, including taxable holdings in every county of the State.

Eastern truck growers are waxing such vegetables as peppers, tomatoes, eggplants, cucumbers, and squash. A wax emulsion for that purpose costs three to four cents a bushel and results in premiums of from 20 to 30 cents. Leafy vegetables and bunched root crops cannot be waxed satisfactorily.

Approximately 30,000 Texans are employed by Texas oil refiners. The annual payroll for these refinery plant and office workers is approximately 50 million dollars a year.

HARRY BLAIR SUSTAINS HEAVY FIRE LOSS

The Vernon livestock commission barn, where Harry Blair holds auctions, was destroyed by fire in Vernon Tuesday night. Nineteen head of cattle, 100 tons of alfalfa, halters, scales, office and other equipment of Mr. Blair went up in smoke.

The building was leased by Blair from the Vernon warehouse company. The stock pens were not burned. Mr. Blair stated that weekly stock auction sales on Thursday and Friday would be continued. The property is said to have been insured.

Texas oil and its products pay each year over \$109,000,000 to Texas state and local governments.

In 1939, the acreage of the United States farm land planted to soil-depleting crops was about 23 million acres less than the average for the preceding 10 years. Of these 23 million acres a considerable part was planted to soil-building crops.

NEW PLAN TO BE FOLLOWED IN F.F.A. WORK THIS YEAR

A new procedure will be followed in vocational agriculture instruction this year according to J. R. Gillham, V. A. Instructor, who has just returned from state V. A. Teachers Conference. State supervisors are asking that emphasis be placed on notebook work this year. As a result of this instruction, local V. A. students will be required to complete only one project per year during their first year of vocational work. Notebook and classroom work will be emphasized more than in past years, and less time will be spent on field trips.

F.F.A. meetings, leadership events, banquets, and contests will continue to receive a good deal of emphasis. Plans are being made to hold all F.F.A. Father-Son Banquets on the same night this year and to invite the President to speak to the group over a national radio hookup.

AN APPRECIATION

● I wish to thank my customers and friends who aided me greatly in furthering the mutual interests of me and the Sinclair company during the ten years that I have been wholesale distributor for that company in this section. Since I am no longer representing the company here, I merely want each of you to know that the friendships made through the years are sincerely appreciated. It will be a pleasure to serve you in any capacity in the future.
