CLARENDON PRESS

Volume VI Number 44 Thursday, November 3, 1977

JERRY PATE [right] presents Mayor Tex Selvidge the AAA Special Citation for cities under 10,000 population.

City of Clarendon recognized by AAA Club

AAA-Panhandle Auto Club has presented Clarendon a Special Citation for its casualty record for cities under 10,000 population.

The Special Citation, according to William Ottoson, Club President, was one of the 320 top awards and citations presented by AAA, in its annual Pedestrian Safety Inventory. A record 2,577 cities plus 29 states participated in the AAA survey that reviewed safety achievements for 1976.

The AAA program, the only one of its kind, focuses national and local attention on pedestrian safety needs.

Recognition is given to cities and states that have shown superior achievement in their pedestrian death and injury records and have conducted effective pedestrian safety programs.

Methodist to have Fellowship Supper

Sunday evening, Nov. 5, the United Methodist Church will have their regular monthly fellowship supper at 6 p.m. All members are invited to bring a covered dish and attend. The Harmony Class will host this get-together in Fellowship Hall.

SCHOOL HOLIDAY

Friday, Nov. 4 is a school holiday. Teacher T.S.T.A.

Pardon our error

In the October 24 issue of the Clarendon Press article about the Powder Puff football game, reference was made to the football field scoreboard. That was an error. The game proceeds will go toward a new scoreboard in the gym, the basketball scoreboard.

Pedestrian safety often is given limited attention in many traffic safety programs, AAA maintains. Yet, Ottoson noted, nearly one-fifth of all traffic fatalities are pedestrians. Through the program, AAA and its affiliated clubs hope to increase public awareness of the need for strong pedestrian safety projects.

Awards and citations are presented on the basis of low

pedestrian death and injury figures and on accident prevention programs which are evaluated in seven key areas-- maintenance of efficient accident records, safety legislation, enforce-

ment, traffic engineering, traffic safety organization, quality of school traffic safety programs and active public information and education programs.

Clarendon vs Memphis

The Clarendon Bronchos will host the Memphis Cyclones Friday night at 7:30. Memphis is presently leading in the district race after defeating the Wellington Skyrocks last Friday night by a score of 7 to 6.

Memphis will show a stingy defense with a balanced offense led by Kirk Fields. Fields, an all-state back last year, is showing

the field. He is tough to block and has a knack for finding the ball.

Memphis is also blessed with good quickness offensively and defensively. This makes it hard to run wide.

The Cyclones have several other key players including Rodney Hall, linebacker; Randall Shanan, quarterback; Terry Allard, halfback; defensive end; and Ricky Guy, a 6'-7" offensive end.

Memphis has a 7-2 record overall with a 2-0 record in district. Their only defeat was to a strong Crowell team and Class Double A Lubbock Roosevelt.

Pampa to host Third Annual Coca-Cola Pushmobile Derby

Behind Coronado Center on Sumner First United Methodist Church Cub Scout Pack 437 will be participating with two cars. Leaders Shirley Hall and Glenda Hawkins state sixteen Cub Scouts from Clarendon will be racing. Registration will be from 1:45 until 2:30 p.m.

The course is approximately 800 ft. long and marked off in four equal sections. Two Cubs start, one as a pusher and one as a driver. When they arrive at

the first change over point another pusher and driver take over. This is done twice more, then to a turn around point. On the return leg--drivers become pushers and the pushers become drivers, this way every Cub gets to push and drive. The first car to cross the finish line is the WINNER. The WINNERS will compete again until a final WINNER for each age group is determined.

Mark White resigns office to run for Attorney General post

Secretary of State Mark White resigned Monday to seek the Democratic nomination for attorney general.

Thirty seven year-old Houston lawyer and former Assistant Attorney General Mark White has served as Secretary of State since January, 1973. In announcing his candidacy, White said he views the office of attorney general as one of extreme responsibility to the people of Texas.

"Texans deserve an attorney general who is

qualified and determined to lead the way to justice for all - not one who just wants to satisfy a personal ambition," he said at press conferences in San Antonio, Austin, Houston and Dallas.

"The chief legal officer of this state should be a man who has the ability to stand on his own two feet, basing his decisions on the law, legal precedents and common sense instead of on political considerations, past or present, direct or indirect," said White.

White said many people confuse his main opponent, Price Daniel, Jr. with his father, Justice Daniel Sr.

"I am proud to run on my own name and my own qualifications," he said. "I think the voters of this state are fed up with cases of mistaken identity and they want to vote for the best candidate, not the best known name... Fortunately, we live in a country where high offices cannot be passed from father to son."

White said he intends to begin campaigning immediately. His wife, Lindsay Gayle, will help in the campaign "as much as time

and our three children - will permit." The three children are Mark W. White III, age 7; Andrew, 5; and Elizabeth Marie, 3.

A 1958 graduate of Lamar High School in Houston,

White received a business administration degree from Baylor in 1962 and his law degree from Baylor Law School in 1965. He returned to Houston and entered private law practice. In 1966, White entered public life as an assistant attorney general in the Insurance, Banking and Securities Division.

As Secretary of State, he has modernized and streamlined the office into a highly effective operations more

responsive to the public.

While expanding its services, especially in connection with election laws and voter registration, White has returned to the treasury more than \$4.2 million of the approximately \$27 million appropriated to his office.

As attorney general, he pledged to "eliminate as much red tape as possible and open up government operations to public view."

Plowin' out the Corners

By Uncle Zeb

Last night we were in Clarendon for the Lions Ladies Night. Leon Hill was at his best with the program, and the meal was tops. We watched one lady in particular... You could tell she had had a poor day. At first there was not even a smile as Rev. Hill tore into his humor. Later a pretty good chuckle, and finally she just broke into stitches... A trip to her doctor couldn't have been better for her. Or for me... In addition to Rev. Hill there were preachers all over the place... I was among almost a covey of them... Rev. McGarity, of the Presbyterian Church, and his wife sat across from me... His favorite jokes seemed to be those that reminded him of some church experience... My parents being Old Baptists as opposed to what I am, it was easy for us to become involved in Calvinism... We never did convince each other that the other believed; "That what is to be will be, whether it ever happens or not..." I am so glad we met... Sitting on my right hand, and in my opinion he will always be in that group was Rev. Paul Hancock, a Christian minister...

Irene Walls a new poet friend from 4600 Brynarth Drive, Greensboro, North Carolina 27407 sends the following called:

And the sunbeams dancing on them, reflect them to a star.

ODESSA KING

Services for Odessa King, 65, who died Saturday in Amarillo, were held Tuesday in Blackburn-Shaw Memorial chapel in Amarillo with the Rev. Paul Hancock, Christian minister of Clarendon, officiating. Additional services were held at 4:40 p.m. in Citizens Cemetery in Clarendon.

Born in Hedrick, Okla., Mrs. King had lived in Clarendon many years. She was a housewife and member of First Christian Church.

Survivors include her husband, Fred, two sons, three brothers, two sisters, and four grandchildren.

Thereby making his or her morning glad.
It may greet you in the evening,
When your own heart maybe sad.
Do a deed of single kindness, tho' its end you may not see,
It may reach like the widening ripple down a long eternity...

Last week in my hospital visits we met a very dear couple from the vicinity of Erick, and Western Oklahoma... Right off they admitted reading Uncle Zeb on occasions... They sometimes fished in Lake Eufaula, and read this column in The Indian Journal, published in Eufaula. I am so sorry I didn't take down their name... Mary, maybe they will read this... Mary Rule is the editor of the Journal, and what a paper, I pass mine all over the neighborhood.

One of my favorite neices lives all the way up in Mile High Denver. My but it must be cold up there... Last year she was reminding me of their good winter compared to our own, when BLEU-EY in come one up there that set the hair... Her name is Neldean Nunnally, 4612 So. Lewiston Way, Denver, Colo. 80232... Not only is she Special as a neice, but I would nominate her for a Special Mother Contest... Before raising her own she was the oldest of six wide awake kids... She could do more things to and for a "bawling youngun" than anyone we knew... She sends me a thought that ever since we have been thinking about; it came from a friend of Neldean's "If You Pray, Why Worry; and If You Worry, Why Pray"... Thank You My Dear...

There's something cute I want to say,

BOB Simpson makes sense...

... because he is the only candidate with any state legislative experience. Bob Simpson has a proven record of hard work, responsiveness and effectiveness.

... because he believes in open and candid government. Bob Simpson is the only candidate making full public disclosure of all his personal financial records. He is known for his honesty and integrity.

... because he has farming and ranching interests in this district, and is committed to solving the problems of farmers and ranchers.

... because he opposes a state income tax. Bob Simpson has never voted for a tax increase.

Sure there are candidates in this race who make lots of noise and are full of promises. But campaign rhetoric isn't what this district needs. We need a Senator who will work for us. A Senator who can find realistic solutions to the problems facing our state. Bob Simpson will be the Senator we need ... because Bob Simpson makes sense.

Al Thomas from Claude discusses his rock collection with the fifth grade class.

Fifth grade hears rock enthusiast

The fifth grade, taught by Pauline Heath and Karen Stafford, is currently studying about minerals and rocks in science class. Tuesday, the class enjoyed a most informative and very interesting study about different rocks when Albert S. Thomas of Claude, who collects and studies rocks for a hobby, brought some of his collection to the class. Thomas identified about fifty specimens from his collection and told how and where each was found. Thomas explained he had no gemstones and that few gemstones are found in the southwestern part of the U.S. with the exception of turquoise which is common in Arizona

and New Mexico. The students examined the rock specimens and saw how many rocks look when cut and polished. Thomas enjoys

collecting rocks and has perhaps one of the most interesting collections of anyone in this area, and is very nice to share his hobby and knowledge with others.

Sunshine Scout troop meets

By Nessa Brandon

This week we decided on a name for the Girl Scouts. Our name is Sunshine Girls.

Friday night at the football game we girls are going to raise the flag but we can't do it unless we have our uniforms.

We have a Scrap Book to put our goodies in; we are having a Mel Davis skill day November 12, 1977. It is 75 cents to go. Dues this year, we suggested, we should be at 15 cents.

We are working on our badges now.

The Maranatha Club met to discuss the business that was of importance! We are selling some Jesus Christ 33 A.D. Bracelets. These can be worn by girl or boy. They are very nice and very good conversational items. They will make good Christmas gifts, too. So just like you support other CHS functions, support your local Maranatha! Other items that will be for selling projects are Broncho posters and many other community services.

Last Thursday, October 27th, the Juniors and Seniors went to Amarillo to see the motion picture, Let Freedom Ring! It was an exciting trip and one that everyone learned something from. The movie was a historic picture of how our nation obtained or fought for its liberty. We, as Juniors and Seniors, want to thank Coach Overcast and Coach Abernathy for sponsoring us and for putting up with us.

Next week is Homecoming! There is a lot of preparation going into that already. The Seniors are selling mums, so if you want one, men, be sure you contact a Senior and let us know. We are real excited about this! Our Broncho team plays Shamrock next week. It will be a good homecoming. There are many things going on that you will be able to attend. The Seniors will be sponsoring the school dance and the Hard Travellers from Lubbock will be in the college cafeteria. So you are invited to these things. Bring your date or come with friends.

Mr. Roper- Sorry about being out of step on the ONE-STEP drill! C. Abernathy- Follow the leader? Where'd ya learn to drive that thing? Oh, at the show? No wonder! C. Overcast- No popcorn, no show? That's the breaks! You say you got your driver's license at Toon-N-Totum! We know! Mrs. Hayes- A little yellow bag? (to breathe in?) Kathryn P.- Bite your tongue! Renee C.- Dead on arrival! At the dr. office? Mickey M.- Blue legs? Oh dear, why? Ricci T.- "TIC"! Vanell L.- Were you stranded? Where? Charlie O.- Slow?! Jeanna S.- What's on your leg? IT- (Irven T)- Gone to the beauty parlor lately? What about that "bone-power"?

The Band wants to thank their bus drivers. They had a great time and a very safe trip!

Donny G.- "Grandpa Garman" and his specs! The new style! Bubba N.- Goldy-locks broke little bear's chair! Did you know that? And then you go and break the "Planet's" chair! Janna B.- A certain brand of brown bottle and a pizza that understands??? Gary T.- How many times did you get told it wasn't a "luxury ride"? Don't you ever get the hint, Bus hog? LETTERS TO THE EDITOR

Hospital beds and services will be rationed if Department of Health, Education and Welfare (DHEW) proposed "standards" are adopted.

So said O. Ray Hurst, President, Texas Hospital Association (THA), Austin, as he described the DHEW proposals published in the *Federal Register* on September 23, 1977.

Hurst went on to point out that these proposed regulations mean that within five years Texas will be required to reduce the number of hospital beds by approximately 17,500.

Hurst stated that "such loss of beds coupled with previously announced ceilings on allowable patient days means that one in every four patients that need to be admitted to a hospital will be turned away."

He pointed out that this will be accomplished by forcing the closure of entire hospitals or portions of hospitals.

The proposed guidelines as published will require hospitals to have an occupancy rate of at least 80 percent over all. Also a hospital must have, in order to maintain obstetrics services, a minimum of 500 deliveries per year (2,000 in or near cities over 100,000). Hospitals will be required to comply with special restrictions on open heart surgery, cancer therapy, renal dialysis and cardiac diagnostic procedures. In addition, there are geographic restrictions on services that are available to a community within 45 minutes travel time.

Hurst pointed out that "a part of the stated purpose of these proposed guidelines is to reduce health care cost while improving the care of patients, yet no consideration is given to the medical needs of the community. The THA Statewide Hospital Productivity Center that has been in operation for two (2) years has saved Texas patients over \$100 million dollars. This type of voluntary system could be used as an example of efficiency by the private sector without Federal mandates for limiting and rationing of quality health care."

DHEW is giving the public, hospitals and physicians until November 22, 1977, to comment on these proposals. Comments will be received by Health Resources Administration,

Room 10-22, 3700 East-West Highway, Hyattsville, Maryland 20782.

Hurst said "THA is encouraging all persons interested in the continued availability in Texas of quality health care to respond to these proposed limitations. Although these proposals are from the bureaucrats, no doubt U.S. Senators and Congressmen will be interested in the public's views on these limitations and the rationing of health care."

Letter to the Editor:

The government has proposed standards aimed at eliminating one of every 10 general hospital beds in the nation while improving the care of patients.

The proposed regulation, the first national standard set for hospitals, is part of a national plan to bring soaring hospital costs and growth under control.

The plan, developed by the Department of Health, Education and Welfare, would limit the number of general hospital beds in a community to four per 1,000 population and would require hospitals to maintain an average occupancy rate of 80 percent.

This would mean about 100,000 of the current 950,000 hospital beds would

Delicious refreshments of chips and dips, cookies, spiced tea, coffee and punch and Halloween candy were served to members Louise Aten, Florene Bennett, Ora Aten, Lily May Carmichael, Irene Jones, Lucille Luttrell, Yvonne Belle McDaniel, Mary Lee Noble, Leona Quattlebaum, One visitor, Annie Thomason, and the hostess Edna Dishman.

have to be phased out by the time the standards are fully implemented in 1984.

It also would set frequency standards for certain specialized medical procedures so that only hospitals that regularly perform such procedures could offer them.

The standards would require that:

A metropolitan hospital would have to perform at least 2,000 deliveries a year in order to maintain an obstetrical unit.

An institution that provides open heart surgery should perform at least 200 such procedures each year.

Hospital units offering radiation therapy to cancer patients should be limited to one for every 150,000 people or should serve at least 450 new patients each year.

There should be at least 20 beds in a hospital pediatric unit and such units should maintain an average annual occupancy rate of 65 to 80 percent.

The final regulations will be issued in December or January, after the public has had a chance to comment on the proposals. Local health service agencies than would have one year to draw up plans for putting the standards into effect and four additional years to actually put them into effect.

St. John the Baptist Episcopal Church marks ninethieth birthday

ST. JOHN the Baptist Episcopal Church located on the corner of Second and Ellerbe Street. Oldest church continuously in use (in earliest Episcopal parish) in the Texas Panhandle.

PETTIGREW HAMILTON, minister, and his congregation as they celebrate an outdoor Rogation service.

The Historically designated St. John the Baptist Episcopal Church in Clarendon celebrates its ninethieth birthday this month. November, 1887 in the J.B. McClelland ranch home located on Kelly Creek the I.W. Carharts, T.S. McClellands, J.B. McClellands, C.J. Lewis, Susie Rogers, and the Rev. Townsend gathered together to celebrate Holy Communion. This meeting marked the beginning of the first Episcopal church in the Texas Panhandle.

For a meeting place this zealous group used the school, however, the need for a permanent meeting place increased so within two years fund raising began. R.E. Montgomery and Morgan Jones representing the "Clarendon Town Site Company" sold land to Isaac W. Carhart who then gave this land to be used for a building location site. Denver architects and builders, who were in Clarendon erecting the Court House, were employed to construct the church building. To raise funds for the building individual contributions were solicited and among those who contributed toward the church fund were: Messrs. R.E. Montgomery, I.W. Carhart, Alfred and Vincent Rowe, Stanhope and Bruce McClelland, J.M. Wells, C.J. Lewis, Morgan Jones, Charles Goodnight, C.W. Hotchkiss, Arthur J. Tisdall, C.M. O'Donel, C.J. Latimer, Jack Hall, B.W. Chamberlain, W.H. Patrick, Al Gentry, Will Lewis, John Beverly, W.H. Taylor, Jim Jefferies, C.J. Parke, W.H. Cooke, B. Ramsey, Charlie Eyer, and Mr. Gray of the Matador Ranch. As another fund raising source R.E. Montgomery brought a band from Ft. Worth to play in Clarendon at the Cain Hotel. Also, church choir members gave musical productions. An elderly Mrs. Groff in Philadelphia donated \$350 in exchange for her right to name the new church in the far away Texas Panhandle for the Biblical "voice of one crying in the wilderness." Eventually the \$1,500, cost of the original building, was raised.

On April 24, 1893 St. John the Baptist Protestant Episcopal Church in Clarendon was consecrated by Bishop Garrett. At the consecration service Mrs. T.S. McClelland's new damask table cloth served as an altar cloth, and the hangings on the lectern and credence shelf were her best hemstitched pillow slips. The offering was taken in the McClellands' silver syrup-pitcher plates. The Clarendon church mothered the development of other churches in the area and for many years was the center of Episcopal church work in the Panhandle. Bishop Garrett sought to attract to the Episcopal church the English immigrants, most of whom were communicants of the Anglican Church, the parent church in England. Some of these and their descendants are still leaders in the church today.

Some thirty-five clergymen have served the church in its ninety years. The Rev. Pettigrew Hamilton, native Carolinian presently serves the church as vicar. Also, many faithful members have served the church and serve the church today. Serving as Sr. Warden, now is Bill Craft and Jr. Warden is James F. Hayes.

While the church has seen many changes through the years the church today celebrates two traditional services that originated with England's Anglican church: The Choral Communion on Christmas Eve and an outdoor Rogation service.

Music has always been important in the services of the church. The present pipe organ was financed by contributions made by Alfred Rowe, J.B. McClelland and Chester Heath. The organ cost \$1300, and in the days before electricity was powered by young boys. For some twenty-five years there was a regular choir of twenty-four to thirty-six members. Some who faithfully sang in the church choir were: Winn and Lila McClelland, Mrs. G.A. Ryan,

Messrs. C.W. Hotchkiss, Morris Rosenfield, F.D. Martin, Alfred Rowe, Phillip Gentry, and Chester Heath.

The women of the church organized the Women's Guild in 1899 and the Women's Auxiliary in 1911. The two groups merged in 1921.

The Episcopal church has maintained a prominent position of distinction down through the years. Now in its ninethieth year the church remains a monument to those original charter members who sacrificed their labors and love that their descendants some six generations later, might too have and enjoy the same place of worship.

St. John the Baptist Episcopal church of Clarendon marks another first for this area, and contributes to Clarendon being the most unique and historical little town in the Texas Panhandle.

Mauldins enjoy visit with friends here

Friday evening Mark and Sheryl Mauldin and young son, Ryan were honored with a party in the home of the Bernie Greens. Ryan received much attention from friends who came to see him the first time.

Mark will be remembered in Clarendon as band director during the last school year and as director of the Methodist choir. Those who enjoyed the evening of fellowship and delicious refreshments served by Kathryn Green were: the T.M. Caldwells; Mel Mills and Sharon; H.M. Breedloves; Robt. W. Browns and Sarah; Sheryl Shadles, Chi and Tracy; Oressa Delaney; David Moorings and Aarvin; Jack Moremans; Beth and Sheryl Walker, Viola and Homer Bones; Francis Johnson; Paul Hancock, Amy and Buffie; Gloria Gage and Lee; Antoinette Hamilton, Sally and Josh; Ellen Green; Corky Patterson; David Leathers; Ken Slavin; Karlen Cantrell; Kim White; Cynthia Hardin; Donna Brewer, and Bernie Green and David.

The Mauldins spent Friday night with the David Moorings before going to Amarillo to be with Mark's parents. Sunday, young Ryan was baptized in the San Jacinto Methodist Church by his grandfather, the Rev. Rex Mauldin. The Mark Mauldins presently make their home in Abilene.

Pathfinder Club has regular meeting

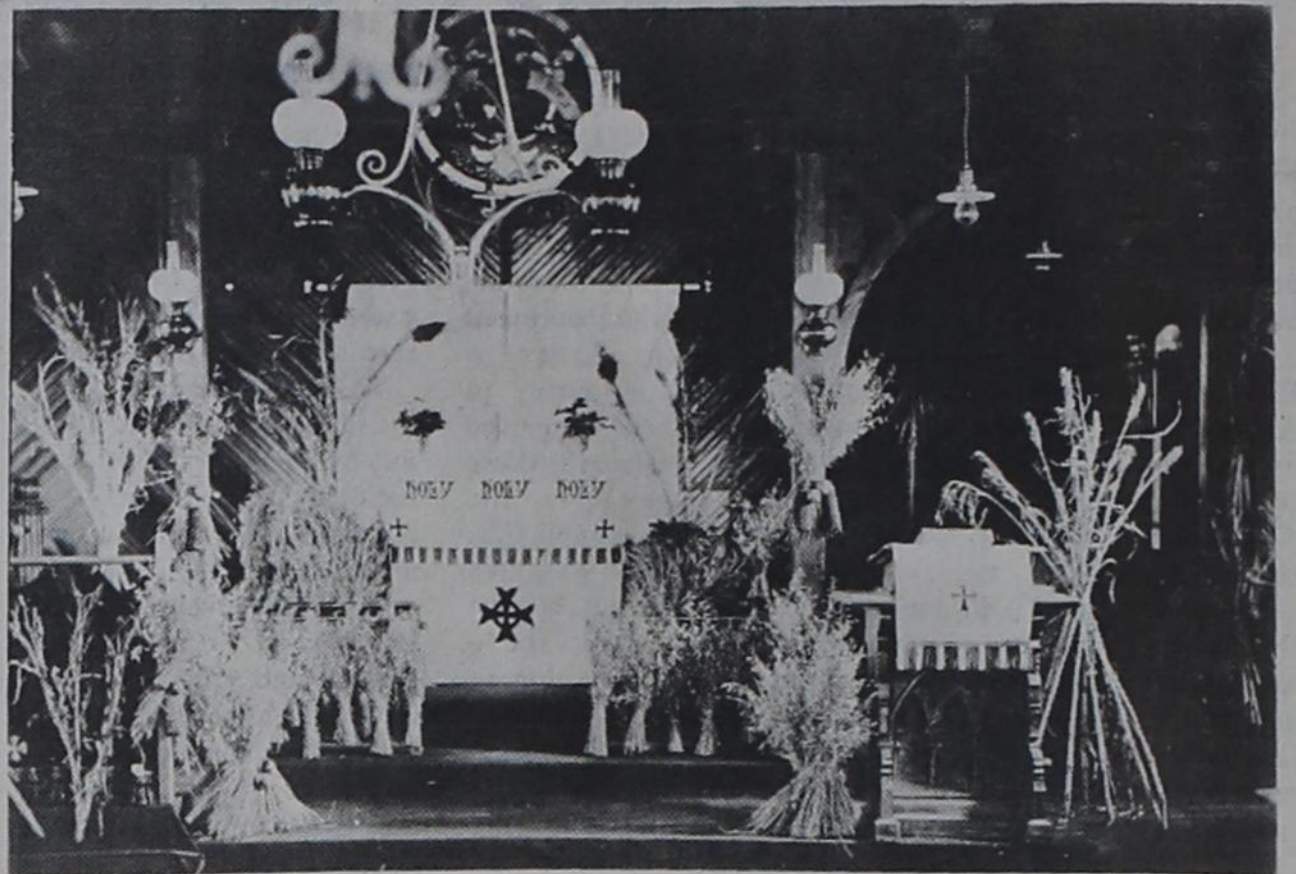

The Pathfinder Club held their regular meeting at the Patching Club house on Friday, Oct. 28.

In the absence of the president, the vice president, Miss Mable Mongole, presided over the meeting. The meeting was begun with the reading of the club collect. A new member, Oressa Delaney, was voted into the club.

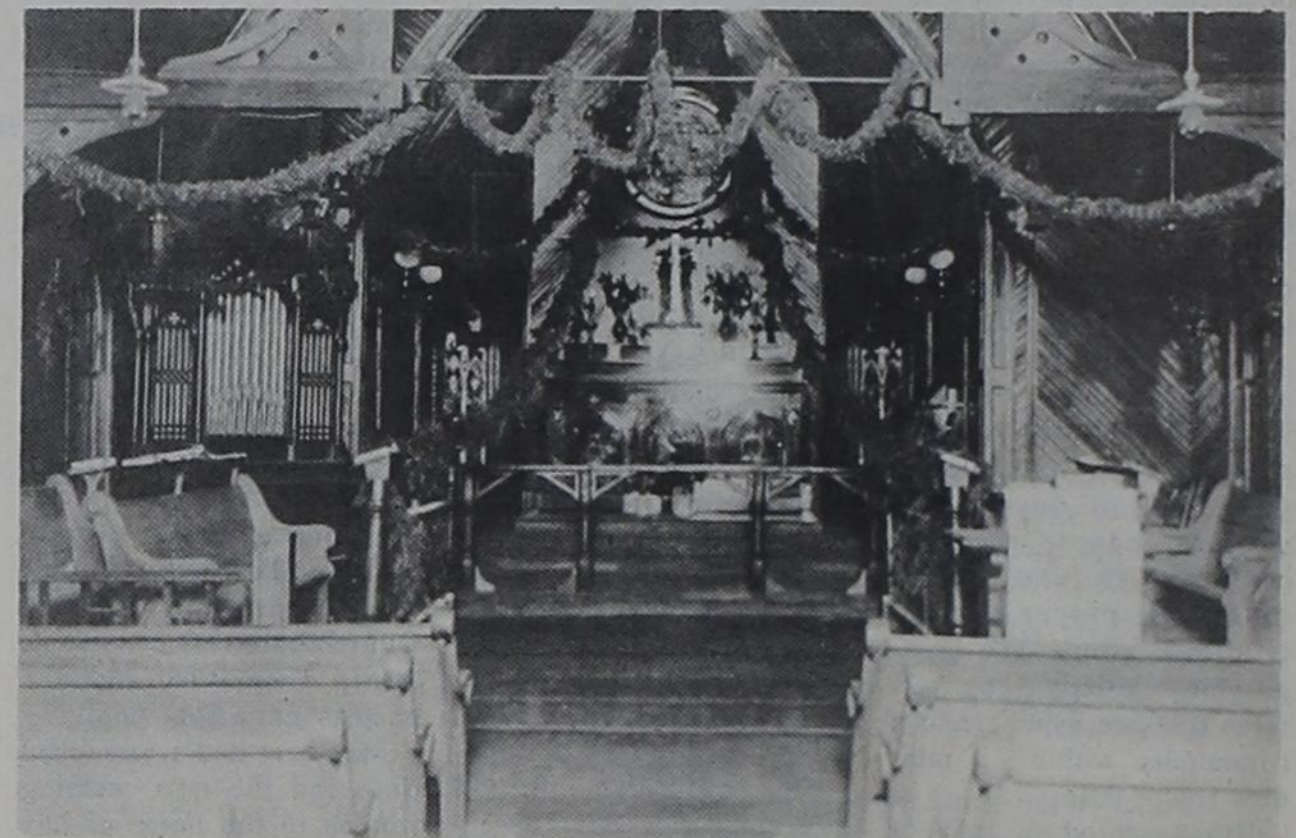

Mrs. C.J. VanZandt introduced the guest speaker, Miss Cynthia Manning, Donley Co. Home Extension Agent, who demonstrated several unusual uses for food blenders. After making a pie filling, a dip and a salad, she let everyone have a sample and it was delicious.

The rooms were decorated with fall foliage, a pumpkin and Indian corn. The hostesses, Mrs. Heckle Stark and Mrs. Tommie Saye, served pumpkin pie and coffee or tea to the members present: Mrs. Goodwin Bray, Mrs. Rolle Brumley, Mrs. Morgan Cox, Mrs. Verdine Herrington, Mrs. Pete Kunz, Miss Mabel Mongole, Mrs. C.J. VanZandt, Mrs. Frank White, Jr., and Mrs. Paul Shelton and the two guests, Mrs. Forrest Sawyer and Cynthia Manning.

ATTEND CHURCH SUNDAY

ST. JOHN the Baptist Episcopal Church of Clarendon awaits a Thanksgiving service. In 1903, lighting was by both kerosene and electricity. Notice the Lectern. Sometime after 1909 the church's original lectern was made into a litany desk. The desk was used in mission hall located south of the church. Floods of the late 30's damaged the hall and its contents. Finding the remains of the litany desk and recognizing its historical significance recently, Lawrence Neece restored and repaired the lectern, and placed it in its original place.

Caldwells return from Europe tour

Mr. and Mrs. I.M. Caldwell have recently returned from a ten day trip to Paris and London. They flew from Houston with a group of fifty to New York City, where they boarded an Air France 747 and flew directly to Paris. Paris is a city they described as beautiful.

While there, they took a lovely boat ride on the Seine River through the city. They went to exquisite Notre Dame Cathedral where they were thrilled by sounds from the huge church organ. They toured the Louvre, seeing the famous statues, "The Wigned Victory" and "Venus de Milo" and DaVinci's painting, "Mona Lisa."

They visited Versailles Palace, which is being completely restored, and here saw the gorgeous formal flower gardens. Prevalent throughout Paris were tree lined boulevards. The Champs d'Elysees and Arc de Triomphe were as grand as imagined, Genevieve said. Another thrilling experience they enjoyed was dinner at the Eiffel Tower, an engineering masterpiece, overlooking all of Paris.

One day was spent touring the country side south of Paris, through the Chateau Country of the Loire Valley, viewing among other famous homes the beautiful Chateau Chambard. This was a delightful day, going through small villages and seeing how the people lived.

Flying to the great city of London, the group toured first the Tower of London, which is a large building and more than a single tower, built by William the Conqueror. Here many pieces of armor and the Crown Jewels were displayed and Genevieve says the Crown Jewels are beyond description in size and beauty. They visited St. Paul's Cathedral and Westminster Abbey, the latter is most imposing, magnificent in all its ornateness and number of tombs. Leading to the Abbey is a long portal where all reigning monarchs have been crowned beginning with Elizabeth I. Other sites in London the Caldwell enjoyed were the Changing of the Guard at

Buckingham Palace and at St. James Palace; Trafalgar Square, and Big Ben striking on the hour.

One morning was spent viewing Churchill's home, Chartwell, located in the lovely country. His home has been kept just as he had it, even to a cigar in an ash tray in his study. The English countryside is a green and beautiful and picturesque as one has always heard, says Genevieve. Roses were in bloom everywhere.

One of the nicest days of the trip was spent west of London through Chaucer country to Canterbury. At the small town of Canterbury is beautiful Canterbury Cathedral, a very sacred place where St. Augustine preached. Located near Windsor Castle, without a

doubt the most elegant castle in the world, with every room a treasure of art in some form. Enroute back to London the group ate at the famous "Great Fosters" an ancient English "keep", or inn and then spent the night at Chillingham, a medieval castle. Another fun evening was spent at Cockney Cabaret and Music Hall. A boat trip around the city on the Thames River was also enjoyed by the Caldwell.

In both Paris and London, the Caldwell stayed at the beautiful Inter-Continental Hotels. The one in London was located directly off Hyde Park. The weather was wonderful the entire time, with only one foggy morning in London. Genevieve and Red reported a marvelous trip and hope to go back someday.

Bensons vacation in Spain and Africa

The Lloyd Bensons returned to Clarendon Oct. 17 from a seventeen day tour visiting Spain and Africa.

They left from Amarillo on a chartered plane and landed in Madrid, Spain. From Madrid they went to Seville and then to the coast of the

Mediterranean where they spent a week in Tarremolinas. From Tarremolinas they took a hydrofoil plane across to Morocco.

Before returning home the Bensons also visited Tanzier. They reported this was a very interesting trip.

Fall Festival Bazaar

The Donley County Home Demonstration Council and Home Demonstration Clubs are sponsoring a Fall Festival Bazaar on Friday, November 11 from 9:30 a.m. to 5:30 p.m. The Bazaar will be in the old Goodman Furniture Building on Main Street.

The club members have been working on items to sell at the bazaar. Some of the items on sale will be: Christmas ornaments, baked products, and different craft and needlework items which would serve as good Christmas gifts and many more great items.

A coffee bar will be set up at the back of the building so you can come by and browse and have some coffee and a piece of your favorite homemade pie. Barbecue hamburgers will be served for lunch along with the pie

and coffee. Proceeds from this sale will go to the Council and the club treasuries so they may help support the 4-H program and members going to state meetings.

Members of the Early Bird, Late Edition and Young Homemakers groups are participating in the bazaar.

A featured item of the afternoon will be a demonstration of Bernina Sewing Machines by Emaleen Hermsmeider from Groom. Come by and observe if you are interested in these machines.

Texas sportsmen are warned of fire hazards

Texas sportsmen are gearing-up for the fall hunting seasons and new hunting licenses have been purchased, bird dogs have received their shots and permission to hunt has been obtained from landowners. There are not many incidents that can mar a hunt quicker than an uncontrolled

fire and the Texas Parks and Wildlife Department is reminding hunters to use common sense and proper techniques in preventing or controlling a range or brush fire.

Be sure the exhaust system on your hunting vehicle is in good condition and drive only on defined roads. Catalytic converters can be dangerous if grass, weeds or other combustible materials become lodged under the vehicle.

Even using the road systems on ranch or farmlands could be dangerous this year due to dry conditions if cigarettes and matches are not placed in

proper receptacles.

W When building camp fires, use designated areas free of heavy cover and protected from winds after getting permission from the landowner.

Most hunters have citizens band radios and if there is doubt as to whether you or your hunting group can handle the fire, relay the message as to location and size of the fire to the landowner and other authorities.

Uncontrolled fire is dangerous to wildlife, their habitat and also to human life. A careless mistake may lead to tragedy for both you and wildlife.

Lions Club Ladies Night enjoyed by many

Ladies Night and the 55 Anniversary celebration of Clarendon Lions Club was enjoyed by approximately seventy-five Lions and guests Tuesday evening Oct. 25. Honoring the club as special guest was Lions District Governor Felix Ryales and his wife. Boss Lion Bill Johnston served as emcee for the evening and R.E. Drennan led the group in favorite club songs and the pledge to the flag. Owen McGarity brought the invocation and a delicious dinner of turkey and dressing prepared and served by madames Johnston and Luttrell was enjoyed by all present. The fall and halloween motif skillfully used by the Jack Baldwins, Paul Bivens, and Patrick Robertsons made the Lions den a very beautiful scene for the occasion. Lion Tamer Patrick Robertson introduced the guest speaker, the Reverend Leon Hill of Amarillo. Rev. Hill in a most humorous manner gave those present some very good advice as he spoke on "Getting Back to Sanity."

Musical entertainment brought by Charles Clinton and Billie Clinton, Lions Club Sweetheart, completed the evening of good fun and entertainment.

Hunting Forecast

Good crops of quail, turkey and deer are being reported across northwest Texas from Dalhart to Abilene and sportsmen will find plenty of cover with adequate moisture in most areas of the Permian Basin although, some counties in the Panhandle are still dry.

quail season begins Nov. 12 and continues through Feb. 12, 1978 with a daily limit of 12 birds and a possession limit of 36 birds. This daily limit will include both bobwhite and scaled quail or a combination of both bagged during the 90-day season.

"The South Plains has received some good rains and a good crop of birds are being reported in the Childress area," said Bill Pratt, Lubbock district supervisor.

Turkey season is the same as the deer season in Texas and large broods of young turkeys are being seen in all the turkey habitat except the Canadian area of the Panhandle. The Panhandle deer/turkey season is Nov. 19-Dec. 4 with a 1 mule deer buck and a 1 white-tailed deer buck limit along with 1 turkey gobbler or bearded hen.

The wide variety of hunting seasons and daily bag limits in Texas requires 4-H'ers begin food projects

By Cynthia Manning

Fifty five 4-H'ers are involved in food project groups and will show what they learned at the County Food Show on November 19. The purposes of the food and nutrition project are (1) To help members understand the signs of good health and food needs of different age groups. (2) To help members develop good eating habits. (3) To help members understand the relationship between science, nutrition, and food preparation. (4) To help develop an understanding of social and cultural roles of food. (5) To help members develop skills in food buying by studying food costs. (6) To help members learn skills in managing time and work in planning, preparing, and serving nutritious meals, and (7) To help members learn to store foods to conserve nutritional value and for food safety.

The project groups meet once a week with leaders who teach and guide the 4-H'ers in learning experiences. Then the 4-H'er practices at home things that have been learned in the group meeting. Leaders working with the groups this year are: Pat McAnear, Sue Thompson, Jeannie Formway, Evelyn Hicks, Judy Bland, Delores Crump, Henrietta Richardson, Valorie Ashcraft, Shirley Clifford, Tiny Alderson, Linda Bell and Connie Robinson. Each of these leaders is being assisted by a senior 4-H'er who is working as a junior leader.

The County Food Show on November 19 will be a time when the 4-H'ers prepare a dish and are judged. Winners of the food show will then proceed to Amarillo to the District Food Show. Age Divisions for the show will be: (1) Senior - must be 14 by January 1 and not over 19, (2) Junior - ages 9 - 13, and (3) Pre-4-H'er - Anyone under age 9. These students under 9 who are interested in 4-H may enter the food show, but will not be judged.

Any person regardless of socioeconomic levels, race, color, sex, religion or national origin may participate in programs conducted by the Texas Agricultural Extension Service. Any questions concerning 4-H club work can be answered by County Extension Agents Cynthia Manning and Ronald Gooch.

the sportsman to check the new 1977-78 Texas hunting guide prior to the season. These guides are available at all license vendors and P&WD offices and contain valuable information on hunting rules and regulations along with license requirements.

Everyone hunting deer and/or turkey must have the necessary tags including those hunters under 17 and over 65 years of age. Hunters not required to purchase the regular hunting license can purchase an exempt license for \$1.25. Both the regular and exempt Texas hunting license contain the deer/turkey tags which must be filled out and attached to the deer/turkey carcass upon possession by the hunter.

Legal shooting hours for all game birds and game animals are one-half hour before sunrise to one-half hour after sunset. These shooting hours do not apply to migratory birds such as doves, ducks, geese or cranes.

Hunters must make a reasonable effort to retrieve all wounded or dead game animals and birds and when bagged, these animals and birds must be kept in an edible condition.

Upon completing a successful Texas hunt, sportsmen are required to retain some proof of deer sex until the carcass is transported to their residence or taken to a meat locker for processing.

Game birds and animals may be stored indefinitely but if a shipment of these game carcasses is necessary, an affidavit must be attached showing that the game was legally bagged.
