## Saint's Roost celebration July 4

For a real old fashioned Fourth of July with genuine atmosphere enjoy Saint's Roost Fourth of July Celebration and Rodeo in Clarendon, July 4th, 6th and 7th.

Three performances of the rodeo will be held with the first performance to be held on Wednesday, July 4th at 8:30 p.m. The other two will be Friday, July 6th at 7:30 p.m. and the final performance will be Saturday, July 7th, at 8:30 p.m.

Books for all rodeo events will be open one day only June 29, from 9 a.m. until 4 p.m. All entry fees must be paid for by cash only. Money sent by Western Union should be sent to CLARENDON RODEO, CHILDRESS WESTERN UNION. All fees must be paid by 5 p.m. June 30th. NO EXCEPTIONS! Phone 806-874-2539.

For the kids rodeo events there will be a wild calf race and calf scramble each night. A drawing for Free Beef will be held at each rodeo performance also.

The annual western parade will be held at 2 p.m. on the Fourth of July with entries from across the area as well as local floats and horseback riders.

The Old Settlers Reunion and Fiddlers Contest are places to visit with long time friends and to enjoy toe-tapping music. Old Settlers will gather at 10:30 a.m. and last until noon. A cash purse will go to the winner of the Fiddlers Contest, to be held at 3 p.m.

One of the highlights of the day is the barbecue with serving to begin at 11 a.m. Al Morrah Shrine Club sponsors the barbecue and proceeds from the sale of tickets at \$3.00 per plate will go to benefit the Crippled Children's Hospital. Tickets may be purchased from any Shriner, the Farmers State Bank and Henson's.

Another event which brings buyers and sellers from all across the area is the County Craft Fair. County Craft Fair '79 will be set up on the

Clarendon courthouse square, July 4th, from 9 a.m.-4 p.m. Deadline for booth reservations in June 30th and the cost of booth space is \$7.00 per booth. For reservations, accompanied by space remittance contact Laura Harbert, chairman, Naylor Route, Clarendon, Texas 79226, or call 874-3910 or 874-3697. With your entry fees list items you plan to show or sell.

Food of a wide variety will be available. These foods will be prepared by local 4-H Clubs.

## Little league fund drive starts Friday

The Annual Little League Fund drive will be Friday afternoon June 22. The drive will begin at 5:00 and last about two hours. All Little League, Minor League, Babe Ruth and Girls Softball players are to meet at the baseball park at 4:15 in their uniforms. The players will be accompanied by an adult. The funds from the drive are used to help pay a portion of the expenses of the youth baseball program.

Clarendon Little League has seven teams participating in the baseball and softball program this year. Plans are being made to add girls softball ages 9-12 next year. A generous donation by the Clarendon employees of Pan-Tex, made possible the purchase of suits for the girls softball team and the Rangers Minor League team.

## West Texas State University to offer classes in fall

Loyd Waters, Dean of the Pampa Center, has announced that West Texas State University will offer upper level courses at the Center beginning in the fall of this year.

W.T.S.U. has scheduled two classes for the fall semester, which begins in late August at the school.

Offered of Tuesday evenings will be 312-6. Principles of Law, and on Wednesday evenings BA330-6, Principles of Management.

A recent questionnaire conducted jointly by W.T.S.U. and the Pampa Center indicated a large interest in approximately a dozen upper level courses.

W.T.S.U. had hoped to offer 6 to 10 courses in fall but must limit the offerings to the two courses due to availability of faculty. Efforts by Clarendon College and W.T.S.U. will continue to expand the offerings by West Texas State in the future.

## Services for Lauren Elise Tomlinson held

Lauren Elise Tomlinson, infant daughter of Mr. and Mrs. Mack Tomlinson, was born June 9, 1979 and lived only a few hours after birth. Interment was in Carrollton.

## Masonic hall dedicated

After about two years of planning, working, raising money and other various activities the Clarendon Masonic Lodge, the oldest in the Panhandle, chartered December 19, 1890, was dedicated in ceremonies held Saturday June 2, 1979.

Acting as Master of Ceremonies for the momentous occasion was Emmett Simmons,

who recognized various members of the Masonic Lodge and the Eastern Star for their help and dedication in acquiring the building and its restoration and remodeling.

The members of the Lodge #700 may be duly proud of their beautiful facility, and the effort put forth to realize its completion.

## Local 4-H'ers to participate in district horse show

Donley County 4-H members are busy making final preparations for the District 14-H Horse Show June 27-28 in Amarillo according to County Extension Agent Ronald Gooch. Several 4-H'ers from Donley County are expected to participate in the event with hopes of qualifying for the State Horse Show later this summer.

Twenty horses and exhibitors will be qualified to participate in the State 4-H Horse Show, July 25-27 at Odessa.

## Cheerleaders to have car wash

Clarendon High School cheerleaders are having a car wash on Saturday, June 23, at the Clarendon High School bus barn from 10 a.m. to 5 p.m.

The charge for a wash job will be \$3.50. For a pickup and delivered call 874-3519.

Proceeds from the car wash will be used by the cheerleaders to pay their expenses to Cheerleading camp at the University of Oklahoma, June 27-30.

## Ambulance report

This is a report of the ambulance runs, emergency and otherwise made on June 7 through June 19.

June 7, Miles Skelton was transported from near Brice to Hall County Hospital for injuries sustained when he was kicked by a horse.

June 8, Lisa Mendoza, 11 years of age from Dallas had respiratory problems and EMT and Para Medics examined her but did not transport.

June 13, Irene Roop, was a medical patient transported to Hall County Hospital.

June 14, Mrs. Bailey Estes was in an accident just west of Clarendon, when a tire blew out on her car. She was taken by ambulance to Hall County Hospital and treated for injuries.

June 14, a car-pedestrian accident in front of the Dairy Queen sent Mr. Hubbard, the pedestrian to Amarillo for emergency treatment. He remains in ICU. He was hit by a pickup driven by an Arizona citizen.

## Truck driver fined \$300

Charlie R. Slaton, a truck driver from Solida, Colo. was fined \$300 on Saturday, June 16, when he tried to run a number of motorcycle riders off the highway.

The motor cycle riders turned out to be off duty policemen and their wives, on their way to Yellowstone Park from their homes in down state Texas.

Slaton who was enroute to Denver with his loaded 18 wheeler, felt he was being harassed by the riders and decided to run them off the road, according to reports.

He was fined and charged with reckless conduct with a motor vehicle after coming into town followed closely by more than a dozen motor cycle riders.

June 14, W.G. Tims, a medical patient was transported to AERC (emergency room service).

June 19, Rosa Bingham medical patient transported to St. Anthony's in Amarillo for tests.

Members of the police and sheriff's departments and emergency vehicle drivers urge all persons to drive and walk with extra care with the heavy traffic up coming for the 4th of July.

## Al Morrah Shrine Club barbecue July 4

Plans for the 4th annual Al Morrah Shrine Club barbecue have been made and this year 9 beeves will be barbecued to feed the crowd which has grown with each succeeding year.

With the 9 beeves the Shriners expect to feed an estimated 2,500 persons on the Fourth of July for \$3.00 per plate. All profits from the barbecue will go to the Shriners Crippled Childrens Hospital and Burns Institute.

Make your plans to eat with the Al Morrah Shrine Club on the 4th of July, and help little children who can really use some help.

### The Omelet Man a huge success

Pete Vigil, the Omelet Man from Amarillo came and served divine fare from his pan, for the Friends of the Library and their guests.  
Complete with tall, white chef's hat the culinary artist served cheese, tomato and green chili omelets to the "Friends" and guests present.  
Talented local chef's prepared pineapple shells filled with fresh fruit, sausage, donut holes and bread sticks served with white wine or coffee.  
Charming door prizes of a plump set of calico hens in a basket, a creation of hot pan holders by Antonett Hamilton; a potted cactus, sporting silk flowers; a pair of tickets to the next attraction sponsored by the "Friends" and a ceramic Giraffe which doubles as an ash tray were won by Avis Benson, Katherine Green, Bobbie Thornberry, and Karen Simmons.  
Friends whose enthusiasm, ideas and help made the omelet party, a fun, fund raising event were Betty Palmer, Frances Deyhle, Patty Craft, Shirley Clifford, Joy Lee Martin, Nancy Shelton and Annton Riggs.  
"Friends of the Library" so enjoyed this culinary event and appreciated the supporters of the library that they are planning something really big and it is coming up soon!

Free Booklet On Investment

There may be more ways to make more money through unique markets, investment mediums and services available to the general public than most people realize.

Not too many years ago, the grass roots investor wasn't able to invest in such things as commercial paper in modest amounts, small denomination U.S. Treasury bills, gold and silver, silver coins and foreign currency in small lot sizes.

Now there is an exchange and marketplace that makes all this possible—the American Board of Trade (ABT), an established institution within the U.S. commodity and investment community. Since 1969, ABT has offered highly competitive prices in all its markets, as well as unique investment opportunities, and has served thousands of customers throughout the country.

A booklet—"ABT Markets and Investment Mediums"—explains, in easy-to-understand language many investment and trading mediums not previously available to the general public.

For a free copy of this booklet, write to The American Board of Trade, Inc., 286-C Fifth Ave., New York, N.Y. 10001.

### 4-H'ers take part in leadership training

Dean Hawkins, Starla Mann and Melody Moreman, Donley County 4-H'ers were among the nearly 75 4-H club members who participated in a three-day district teen leadership lab here Thursday-Saturday (June 14-16).  
The annual workshop for selected 4-H members was held on the campus of Clarendon College, Ronald Gooch Donley County Extension Agent, said.  
Adult leaders, Extension specialists and a team of older youths conducted the learning experiences for the 4-H'ers attending the lab. Participants took part in a variety of activities, from group learning and discussion sessions to game tournaments and special morning and evening ceremonies.  
Training focused on teaching teen leaders to help others learn new recreational activities. Time for fun and relaxation provided the participants with the opportunity to make new friends.  
The annual leader lab helps 4-H youths develop skills in working with younger club members, broaden their friendships and strengthen their leadership abilities.  
Four-H is a year-round program of the Texas Agricultural Extension Service which is open to all youths.

**The Consumer Alert**

by Mark White  
Attorney General

AUSTIN—If the new product you just bought comes with an impressive and official-looking warranty you may feel that you have also bought complete protection should problems develop.  
But that warranty could be essentially worthless, according to our Consumer Protection and Antitrust Division attorneys.  
For instance, a consumer who buys a hair dryer with a lot of plastic parts might discover when trying to have it serviced under warranty that plastic parts are excluded from coverage.  
While consumers have certain rights regarding warranties under both federal and state laws, our attorneys point out that it's always far better to avoid potential problems by knowing exactly what kind of coverage you'll get before you buy a product.  
They suggest, too, that you shop as carefully for warranties on a product as you do for a good price. In the long run, you might save money by buying a more expensive item with a "full" warranty than a less expensive one with a "limited" warranty.  
What's the difference?  
A "full" warranty means complete coverage. A defective product will be fixed or replaced at no charge; the product will be repaired or replaced within a reasonable amount of time; the warranty covers anyone who owns the product during its life; and if the product cannot be fixed after reasonable attempts it will be replaced or the purchaser's money refunded.  
A "limited" warranty means one with restricted coverage. For instance, it may mean that cost of parts only, not labor, is covered, that the buyer must return the product to the original seller for service; that there are charges for postage and handling; or that the owners other than the original one are not covered.  
Of course, a product may have a combination of full warranty on some parts, a limited one on others.  
Then there's the "implied" warranty consumers get with every product, whether or not it's stated in writing. This type of warranty means that the item purchased must do the job it's purchased for—an example would be that a stove must cook. Only if the seller expressly disclaims such implied warranties are they inoperable.  
Our lawyers say that one important right all consumers have, and which they should take advantage of, is the right to examine the warranty on a product before buying. Warranties must be displayed so the consumer can read them and use them for comparison shopping. They must also be written in language that is easy to understand, not in legal jargon the average consumer would find confusing.  
But the very best warranty is only as good as the merchant behind it, according to experts. So pick a seller with a reputation for prompt, courteous service on warranty complaints. And if you have questions about your rights regarding warranties, get in touch with the Attorney General's Consumer Protection and Antitrust Division in Austin, Houston, Dallas, San Antonio, El Paso, Lubbock, or McAllen.

**APPLIANCES**

Try to use major appliances such as washing machines or dishwashers during early morning or later evening hours whenever possible, suggests Pat Seaman, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.  
By performing these household chores at such off-hours, you can help relieve the heavy demands made on utilities during the day by offices, schools and factories, Ms. Seaman explains.

**MEAT STORAGE**

Store ham, frankfurters, bacon and sausage in their original containers in the refrigerator, recommends a consumer marketing information specialist.  
Use within a week for best flavor, says Gwendolyn Clayatt with the Texas Agricultural Extension Service, The Texas A&M University System.

**U.S. Agriculture**

The U.S. House of Representatives is expected to receive its committee's report regarding agricultural appropriations for the fiscal year ending on September 30, 1979 in late June. The House Agricultural Appropriations subcommittee is proposing a total budget of \$18.5 billion which is about \$1.5 billion less than what the administration requested. To this total is added \$10 billion in authority for the Farm Home Administration and Rural Electric Administration. The food program contained in the budget established at \$10.4 billion (56.2% of total) up from previous year's \$9.3 billion. Farm Income Maintenance, including support program, deficiency payments and other, budgeted at \$3.3 billion (17.8% of total), down from previous year's \$5.7 billion. The subcommittee has planned the research budget at \$1.5 million for the fiscal year ending on September 30, 1980, up from last year's \$338 million above the administration request of \$344 million.

**Veterans news**

Veterans who used GI loan entitlement to purchase mobile homes prior to October 1, 1979 have additional entitlement available and may not know about it according to Jack Coker, Director of the Veterans Administration Regional Office. Prior to enactment of this legislation veterans who obtained a GI mobile home loan used their full entitlement and their Certificate of Eligibility was marked "NO ENTITLEMENT AVAILABLE FOR USE."  
"The Veterans' Housing Benefits Act of 1978 (Public Law 95-476) effective October 1, 1979 liberalized mobile home entitlement and the restrictive use notation on eligible certificates no longer applies," Coker said. Veterans are notified to the difference between the amount of entitlement they actually used and statutory limit of \$17,500. So they may qualify for restoration of previously used entitlement if the mobile home loan has been repaid in full and the securing the loan has been disposed of.  
Veterans who wish to have their "NO ENTITLEMENT AVAILABLE FOR USE" certificates updated should obtain VA Form 26-1880, Request for Determination of Eligibility from any mortgage company VA field office or regional office. The completed form with certificate should be mailed to the VA Regional Office, 1 North Valley Mills Drive, Waco, Texas 76710. "Restoration previously used entitlement also be considered automatic in connection with updating certificates," Coker said.

# U.S. Agricultural appropriations

The U.S. House of Representatives is expected to receive its committee's report with regard to agricultural appropriations for the fiscal year ending on September 30, 1980, in late June. The House Agricultural Appropriations Subcommittee is proposing a total budget of \$18.5 billion, which is about \$1.5 billion below what the administration requested. To this total is added \$10 billion at loan authority to the Farm Home Administration and Rural Electric Administration. The food programs contained in the budget are established at \$10.4 billion (56.2% of total) up from the previous year's \$9.3 billion. Farm Income Maintenance, including support programs, deficiency payments and etc. is budgeted at \$3.3 billion (17.84% of total), down from the previous year's \$5.7 billion. The subcommittee has placed the research budget at \$363 million for the fiscal year ending on September 30, 1980, up from last year's \$338 million and above the administration request of \$344 million.

Cost-sharing practices, including agriculture conservation payments and water bank etc., are budgeted at \$2.5 million, which is about the same as previous years, but above the

administration's request of \$135 million. Soil conservation funding is cut to \$512.8 million instead of the administration's request of \$547 million.

## Test your self

### SELF TEST

How do you feel about mistakes? Take a self test, she says.

Have you ever stopped to ask yourself if it's "ok" to make mistakes?

How do you feel when you goof?

Is it "ok" to "miss your mark" and try again?

Or do you feel guilty if you goof?

"Unfortunately, there are many who have been taught that it's very bad to fall short of perfection," Ms. Reinhardt says.

"This belief can lead to much stress and frustration. It also stifles creativity."

### ACCEPT, BE FREE

When we accept mistakes, we free ourselves of the "have-to-be-perfect" burden.

We allow for imperfection in others—in children, adults and older adults.

We no longer have to use energy and time worrying about being a super person, because if we believe humans are mistake-makers, we are included.

### STAMP OUR MYTHS

Stamping out myths about mistakes makes it easier to accept them, Ms. Reinhardt says.

One myth says if it's "ok" to make mistakes, then people won't carefully consider their choices.

"Not true," the specialist says.

"Those who accept humans as mistake-makers still weigh the pros and cons of different choices when they make decisions."

Another myth says that if we believe mistake will happen, we won't strive toward goals.

"Not true," the specialist says.

That isn't true either, Ms. Reinhardt insists.

"Instead, those who know mistakes will happen are freer to work toward goals.

"Rather than spinning our wheels worrying about making everything perfect the first time, we can relax and get to creating," she stresses.

"Unfortunately, there are many who have been taught that it's very bad to fall short of perfection," Ms. Reinhardt says.

## money making ideas

Want to make money in your spare time—as much as \$10 to \$20 an hour?

Even if you haven't had experience as a bookkeeper or accountant, you can learn to be a tax consultant. It's a lucrative and learnable field. And it's become a year-round business.

A short at-home course is offered by the National Tax Training Institute, the only tax consultant training school that is both an accredited member of the National Home Study Council and approved for veteran training.

Not only will this course teach you tax consulting and show you how to start and operate your business; it will also keep you informed of important changes in tax laws and provide free consultation after graduation.

For a free booklet on how you can learn to be a tax consultant, write to the National Tax Training Institute, Box 100, Monsey, New York, 10952.

You'll learn a lot about taxes and how to make them pay off—for you.

# Shower honors new bride

Mrs. Tommy Leeper, the former Miss Jackie Phillips, was honored at a bridal shower Thursday evening, June 14th at the home of Mrs. Luz Taylor.

The refreshment table was laid with a white lace cloth and crystal appointments and centered with a fresh floral arrangement. The refreshments served to the guests were fruit punch, wedding cookies, nuts and mints.

Approximately 60 families of friends and relatives were represented at the shower. Among those attending were the grandmothers and great grandmother of the bride, Mrs. C.J. Casteel, Mrs. Freida Siddle and Mrs. John Helton, and the groom's grandmother, Mrs. G.L. Leeper.

Hostesses for the occasion were Mesdames: Judd, Welch, Molder, James, Taylor, Cookerham, Hewett, C. Phillips.

Eads, Osburn, C.A. Johnson, Vinson, A. Johnson, Hollar, Campbell, D. Phillips, Booth, Mays and Hill.

## IT'S A FACT!

It's a fact that the United States is now importing 8,400,000 barrels of oil per day at an annual cost of more than \$50,000,000,000.

It's a fact that in an effort to help remedy that, J. Hugh Liedtke, Chairman and Chief Executive Officer of Pennzoil has pledged that his company will use any additional net income it receives from oil decontrol to look for more domestic oil and gas.

# Veterans

## news

Veterans who used GI loan entitlement to purchase mobile homes prior to October 1, 1978, have additional entitlement available and may not know about it according to Jack Coker, Director of the Waco Veterans Administration Regional Office. Prior to enactment of this legislation veterans who obtained a GI mobile home loan used their full entitlement and their Certificate of Eligibility was marked "NO ENTITLEMENT AVAILABLE FOR USE."

"The Veterans' Housing Benefits Act of 1978 (Public Law 95-476) effective October 1, 1978, liberalized mobile home loan entitlement and the restricted use notation on eligibility certificates no longer applies," Coker said. Veterans are now entitled to the difference between the amount of entitlement they actually used and the statutory limit of \$17,500. Some may even qualify for restoration of previously used entitlement if the mobile home loan has been repaid in full and the unit securing the loan has been disposed of.

Veterans who wish to have their "NO ENTITLEMENT AVAILABLE FOR USE" certificates updated should obtain VA Form 26-1880, Request for Determination of Eligibility, from any mortgage company, VA field office or regional office. The completed form with the certificate should be mailed to the VA Regional Office, 1400 North Valley Mills Drive, Waco, Texas 76710. "Restoration of previously used entitlement will also be considered automatically in connection with updating of certificates," Coker said.

## FACTS & FIGURES

Half of all cases of blindness can be prevented with the application of current medical knowledge and techniques.

Cataract is a leading cause of blindness in the U.S. today, accounting for some 76,500 cases. But people who have cataract surgery regain useful vision in more than 95 out of every 100 cases.

An estimated two million persons in the U.S. have glaucoma, and half don't know it. Early diagnosis and treatment can control glaucoma, which otherwise may result in irreversible vision loss.

With proper protective eyewear, 90 percent of eye injuries in industry could be prevented.

## Medical Center news

Good friends of Medical Center Nursing Home continue to help raise money for the patio cover at the nursing home with Mrs. Connie Holland giving a crocheted coverlet to go to the lucky winner of a drawing when chances have been sold for 50 cents. Mrs. G.L. Leeper gave the Nursing Home a double knit quilt to sell chances on for 50 cents a chance with the proceeds to go to the patio cover.

Throughout the summer residents of Medical Center Nursing Home will enjoy ice cream every Friday evening, twenty seven residents were present for last week's ice cream.

Bowling was enjoyed while Billy Ray Johnston made the ice cream in the new freezer. Everyone had a good time at the first ice cream social of the summer.

Clifford Decker and George McKee were in combat over their bowling game. Another bowling devotee is Gladys Diggs.

June birthdays were celebrated with Timmie Higgins, Julia Adams, Gladys Hahn, Orrie Link and John Jones having birthdays this month.

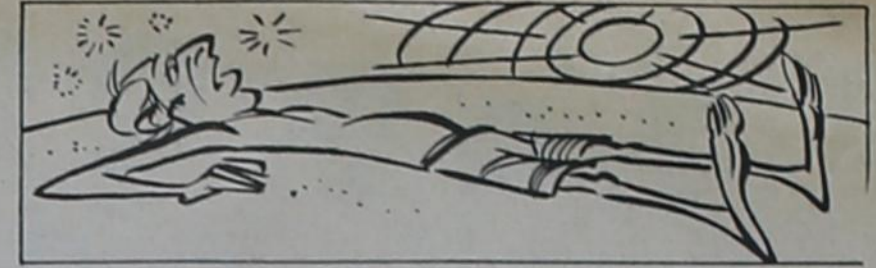

Timmie Higgins was born June 16, 1894; Julia Adams was born June 15, 1897; Gladys Hahn was born June 10, 1900; Orrie Link, June 24, 1889 and John Jones June 19, 1901. John was sick and not able to attend the birthday party.

Each person present had "Happy Birthday" sung to him or her and blew out the candles on the cakes and made birthday wishes.

Juanita McAnear, Fae Montgomery and Oneta Sanders furnished the lovely cakes for the party.

Mary Lee Noble accompanied on the piano while the rhythm band played their music, to the enjoyment of everyone. Also fun was the particular kind of basketball the Medical Center residents play.

At the conclusion of the entertainment residents and guests were served cake and punch from the flower centered table.

On September 13, 1922, the temperature in Al Aziziyah, Libya, reached 136.4°F in the shade.

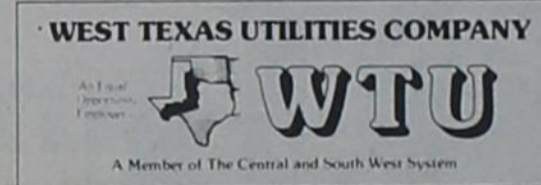

Spend a quiet evening at home without electricity . . . and see just how quiet it really is.

Forget about watching TV or listening to the stereo. How about reading a good book — that's a great idea if you do it before dark or if you plan on using Abe Lincoln's lighting, the fireplace.

Nobody has to tell you how important electricity is in your life. It surrounds you daily, lighting the way, entertaining you and making life more comfortable.

And that's the way it should be, but we at West Texas Utilities hope you'll use electricity wisely and efficiently. Make sure your home is properly insulated and weatherized, turn off unnecessary lights and appliances, and above all, watch that thermostat setting. These things not only conserve valuable energy, they can help to lower your monthly bills. And that's important now and in the future.

## Al Morrah Shrine Club news

The Al Morrah Shrine Club met at 7:30 at the Country Club for their regular meeting.

Club President Emmett O. Simmons presided. Invocation was given by Noble Paul Hancock.

A lovely meal planned by Noble John Sarich and his lady, Polly, was enjoyed by the Nobles and their ladies and two guests. The guests were Miss Elizabeth Tarplay and Jimmy Allen.

Noble Green reminded the Nobles of the meeting with the Shamrock Shrine Club which will be held June 21st at 7:30 p.m. at the Barbeque Inn in Shamrock.

Noble Jerrel Martin, Vice President and Chairman of the 4th of July Barbeque gave a

report. He said there is a lot of work to be done, but the beef is ready and the beans and onions and other food to be served is being readied.

Noble Martin thanked President Simmons for the organization Plan which was going to all the Nobles showing their specific duties.

All the members of the Al Morrah Shrine Club are encour-

aged to help make this one of the greatest 4th of Julys.

All profit from the Barbeque will go to the Shrine Burns and Crippled Children's Hospital.

To close the meeting and get

everyone in the 4th of July spirit, Program Chairman, Paul Hancock, introduced Jimmy Adams who entertained on his fiddle with some good ole western music.

## BIG FEDERAL GOVERNMENT

The U.S. News and World Report of June 11, 1979, reported some very interesting information headlined "Just How Big Is The Federal Government?" The following are a few of the interesting facts revealed:

(1) The number of U.S. Government civilian employees has remained below the 1969 peak of 3,076,000, but the civilian payroll of the U.S. government has more than doubled during the period of 1969 to 1978, reaching \$53.7 billion in 1978.

(2) The federal government occupies enough building space to fill 613 Sears Towers and more is being added every month. The Chicago Sears Tower is 1,454 feet high with 110 floors.

(3) The U.S. Government employed a total of 2,866,657 in 1978, divided as follows: executive branch, 2,814,879; legislative branch, 38,609; judicial branch, 13,169.

(4) In the twelve months ending last September 30, the General Service Administration, the Government Printing Office, and the Bureau of Engraving and Printing bought 330,752 tons of paper for use by federal agencies. This represents 66 billion sheets of standard 8 1/2

by 11 inch paper or 304 sheets per capita (based on 217 million population).

(5) Lands owned by the U.S. government total 742 million acres, which is about 1/3 of all U.S. land and would cover the entire U.S. East of the Mississippi, plus Texas and Louisiana.

(6) U.S. holdings include 91% of all land in Alaska; 88% in Nevada; 65% in Utah; 53% in Oregon.

## World Meat Production

The second forecast of meat production in the key commercial markets of the world continues to indicate another record year for meat output in 1979. Substantial gains in pork and poultry output are expected to outweigh a 6 percent decline in beef production. The reduction of beef supplies is expected to result in higher net imports into these markets.

While total supplies of meat appear plentiful, growing populations and increasing incomes are fueling increases in consumer requirements. Prices for all meats in these major markets have continued to rise, particularly for beef.

In the major beef exporting countries, production is forecast to drop by over 8 percent. Rising prices in these countries are encouraging producers to begin rebuilding herds after recent years of relatively low prices and high slaughter rates. Firm export prices continue to draw supplies from domestic markets. In many cases this will cause declines in domestic beef consumption in these exporting countries.

Revised estimates of 1978 beef production in major exporting countries indicate that cattle slaughter remained somewhat higher during the

latter part of the year than anticipated. It appears that the long awaited turn-around in the cattle cycle was delayed and herd rebuilding may only now be starting.

## Solar Grain Drying

The United States Department of Agriculture announced on May 25, 1979 that grain farmers are now eligible for government loans to build solar grain drying systems. Producers interested should contact the local Agricultural Stabilization and Conservation Service Office.

## Brucellosis in Coyotes

A survey in the following 13 counties reveals that 24% of the 126 coyotes collected had brucellosis using blood tests and 18% when tissue tests were used: Houston, Madison, Grimes, Brazos, Chambers, Williamson, Travis, Bastrop, Bexar, Goliad, Refugio, Aransas and Jim Wells Counties. Results indicate a relation between the disease in cattle and coyotes of 1 to 10 that is if 17 cows per 1,000 react to the brucellosis test, it follows that 17 coyotes per 1,000 reacted in the same county.

## MEAT TENDERIZERS

The United States Department of Agriculture has proposed that meat processors be permitted to use tenderizers in all meats and mature poultry. Current regulations authorize tenderizers for beef only.

Visiting Mr. and Mrs. Shelby C. Bell for the past few days was Mrs. Julia Land, of Rotan, Mrs. Bell's sister. They will visit later in the week with two other sisters, Mary Frances McCully and Agnes Heironimus, in Kansas City.

**Texas Commission on the arts**

The Texas Commission on the Arts is now accepting registration cards to be included in the Texas Artists' Registry, according to Allan Longacre, Commission executive director.

Primary purpose of the new program is to enable persons

and organizations seeking professional artists to locate them. The Commission will file registrations by artistic discipline and geographical area and will make all registrations available to persons requesting them.

"The Commission will not screen registrations for qualifications, but will accept all registrations received," said Longacre. "It will be up to the user of the registry to determine the ability or suitability of the individual artist."

Longacre also stressed that the registry should not be considered as an offer of employment for artists. "We want to know what artists are available and where to find them," he said.

To register, an artist should provide the following information on a plain white 3 x 5-in. card: Artistic Discipline / Skill in upper right-hand corner

Name, address (home and business), City, State, Zip Code and Telephone number both home and business

The individual may also provide any other information which can be given within the area of the card. Such additional information might include a brief educational or employment background; shows, productions, and exhibits; awards or other credits; and references.

Registrations will be accepted in all areas of arts activity such as musicians (instrument), visual artists (media), filmmakers, photographers, dancers, choreographers, writers, actors, directors, and designers (specify field).

Registrations should be sent to the Texas Commission on the Arts, Box 13406, Capitol Station, Austin, Texas 78711. For information, call 512-475-6593. add Facts for you

**FACTS & FIGURES**

Experts on the economy point out that two-thirds of the multi-billion dollar pretax profit increase realized by the top 27 domestic oil companies in 1977 was absorbed by higher income taxes.

One major oil company, Pennzoil, with 1.7 billion barrels of oil in place under its producing leases, has pledged to use every additional penny of net income that it receives from oil decontrol for increased domestic oil and gas exploration and production.

The Department of Energy operates with an annual budget that is greater than the combined yearly profits of the seven largest international oil companies.

JOHN 3 : 16 - 17

God so loved the world that he gave his only begotten son, that who ever so believed in him should not perish but have everlasting life. For God sent not his son into the world to condemn the world but that the world through him might be saved.

Norway called Dennis and Loretta Harrison to tell them Anna Harrison had arrived safely in London Wednesday morning. The call came at 5 a.m. They plan a tour of England before going on the Norway.

"The decision to leave Clarendon College did not come easy", stated Waters. "The Pampa Center means a lot to me and the cooperation we have received from everyone in Pampa has made the development of the Pampa Center most pleasurable. Pampa is a progressive city that is full of a lot of nice people. I feel very fortunate to have had the opportunity to be a part of the Pampa Center for the past six months.

Balcom and his family moved to Pampa five years ago to assume duties with Pampa I.S.D. as assistant football coach and a teacher of physical education. Waters stated that Clarendon College was very fortunate to obtain a person such as Balcom to further develop and direct the educational facility at Pampa.

# What Must I Do To Be A Christian?

**THE GOSPEL MUST BE PREACHED AND HEARD**

It is by preaching of the gospel that the world is saved! After stating that Christ sent him to preach the gospel, Paul said, "For the preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God... It pleased God by the foolishness of preaching to save them that believe." (1 Cor. 1:18, 21). There must be preaching: "For whosoever shall call upon the name of the Lord shall be saved. How then shall they call on him in whom they have not believed? and how shall they believe in him of whom they have not heard? and how shall they hear without a preacher? So then faith cometh by hearing, and hearing by the word of the Lord." (Rom. 10:13-14, 17). It was not by chance that in the first gospel sermon Peter said, "Hearken to my words" and "Hear these words." (Acts 2:14, 22). And we read, "Now when they heard this, they were pricked in their heart." (v. 37). Hearing produced faith that prompted the vital question. To those in Christ, Paul said, "In whom ye also trusted, after that ye heard the word of truth, the gospel of your salvation" (Eph. 1:13). Without the hearing of the gospel, there could be no saving faith. The Gospel must be proclaimed and heard!

**One Must Have Faith: Believe**

Faith is a paramount requisite to salvation. One must have a deep, abiding faith in God as the omnipotent, omnipresent and omniscient Creator of the universe! One must "trust in the living God, who is the Saviour of all men, specially of those that believe." (1 Tim. 4:10). There can be no salvation without it: "But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is the rewarder of them that diligently seek him." (Heb. 11:6). A cold, passive faith lacking obedience can never save. "He that saith, I know him, and keepeth not his commandments, is a liar, and the truth is not in him." (1 Jno. 2:4). Now those are not my words: they are the words of God!

But we must also have faith in Jesus Christ as the only begotten Son of God! "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." (Jno. 3:16). Jesus warned, "For if ye believe not that I am he, ye shall die in your sins." (Jno. 8:24). This trusting faith must be active in doing what He commands. He asked, "Why call ye me, Lord, Lord, and do not the things which I say?" (Lk. 6:46). It is sheer hypocrisy or self-deception to say, "I believe in Jesus and love Him," while refusing to do what He teaches! He said, "If ye love me, keep my commandments." (Jno. 14:15). You can't follow Jesus without obedience: "Though he were a Son, yet learned he obedience by the things which he suffered; and being made perfect, he became the author of eternal salvation unto all them that obey him." (Heb. 5:8-9). If we have sufficient faith we will trust Him completely and obey Him implicitly! A shallow, superficial belief without obedience will never save! "Thou believest that there is one God; thou doest well: the devils also believe, and tremble." (Jas. 2:19). Yes, one must have trusting, obedient faith!

**There Must Also Be Repentance!**

God's entire dealing with man, from first to last, shows that sinful man must repent toward God! "Or despiseth thou the riches of his goodness and forbearance and longsuffering; not knowing that the goodness of God leadeth thee to repentance?" (Rom. 2:4). If one remains impenitent, it is no fault of God's! "The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance." (2 Pet. 3:9). God surely has done His part to promote repentance among sinners!

But Jesus spake as openly on this, saying, "I tell you, Nay; but, except ye repent, ye shall all likewise perish." (Lk. 13:3,5). This was the theme of His personal ministry: "From that time Jesus began to preach, and to say, Repent: for the kingdom of heaven is at hand." (Mt. 4:17). His commission was "that repentance and remission of sins should be preached in his name." These two are joined inseparably. When men asked on Pentecost what they should do, Peter's first word was, "Repent." (Acts 2:38). This was often repeated by the apostles in preaching (Acts 3:19; 8:22; 17:30; 26:20). What is repentance? It is the change of heart that is subsequently seen in a changed life. It is not godly sorrow, for that works repentance (2 Cor. 7:10). It is not reformation, but rather produces reformation. Jesus clearly illustrated this: "But what think ye? A certain man had two sons; and he came to the first, and said, Son, go work to day in my vineyard. He answered and said, I will not: but afterward he repented, and went." (Mt. 21:28-29). The son first changed his mind, and then he changed his life!

**Baptism Inducts Into Christ!**

Hearing, believing and repenting does not bring one into Christ. It is baptism that occupies that pivotal position! Baptism always precedes salvation, and is so stated in every passage where the two are together. Jesus clearly stated: "He that believeth and is baptized SHALL BE SAVED." That puts baptism squarely before salvation, and one must be baptized before becoming a Christian! Christ appeared unto Saul of Tarsus, but it was not to make him a Christian, for Christ said, "For I have appeared unto thee for this purpose, to make thee a minister and a witness" (Acts 26:16). Later Ananias came to tell him, "For thou shalt be his witness unto all men of what thou hast seen and heard. And now why tarriest thou? arise, and be baptized, and wash away thy sins,

calling on the name of the Lord." (Acts 22:15-16). It was this baptism that brought him into Christ for salvation. "Know ye not that so many of us as were baptized into Jesus Christ were baptized into his death? Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life." (Rom. 6:3-4). Here Paul obtained a new relationship—IN CHRIST! Why walk in newness of life? "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." (2 Cor. 5:17). There is no new life until one is in Christ, and one is not in Christ until put there by baptism! If there is any other one item of faith or obedience that puts one into Christ, why hasn't someone informed me? I have been pleading for that Scripture for years!

Paul explained this plainly in Gal. 3:26-27: "For ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ." No one puts on Christ apart from baptism, for Paul says the number who put Christ on, and those baptized into Christ are identical!

**They Who Believe Shall Be Saved!**

Do you really believe Jesus Christ? He said, "He that believeth and is baptized shall be saved" (Mk. 16:16). Now that is either true, or it is false! Jesus plainly said it; and it is either true, or else we can't really believe Jesus at all! How about it? This verse says to be saved you must believe and be baptized! The last part of the verse says, "He that believeth not shall be damned." If you want to be saved, believe and be baptized. If you want to be damned, just refuse to believe! If you can't understand this message, get a fifth-grader to explain it to you!

When men asked Peter on Pentecost, "What shall we do?" Peter replied, "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." (Acts 2:37-38). Analyze that carefully. Those folk had heard the gospel, had believed it (else the question would not have been asked), and were then told to repent and be baptized for remission of sins (salvation). Those were the identical steps found in Christ's commission! (1) They heard the Word; (2) They believed; (3) They repented; (4) They were baptized; and (5) They were saved. Notice this: "Then they that gladly received his word were baptized; and the same day there were added unto them about three thousand souls. . . . And the Lord added to the church daily such as should be saved." (Acts 2:41, 47). Those were the items in the commission that promised salvation: those are the items on Pentecost where remission of sins was obtained and folk were saved! Do you want to argue with Jesus Christ, or the inspired apostle, Peter?

**Search the Scriptures!**

From this point you can start your journey through the book of Acts, studying each case of conversion. In each and every one you will find the convert (1) heard the word; (2) had faith in Christ; (3) repented of sin; (4) was baptized; and (5) rejoiced in salvation. To be sure, not each item is mentioned in every case; but where not they are implied. But notice that item four [BAPTISM] is to be found in each instance, and is expressly stated! God allows no confusion on this vital item, for it is the one that inducts into Christ! One is lost out of Christ, and only when baptized into Christ!

Friend, have you wondered why so many are fighting so hard against baptism? The devil is still as cunning and cunning, as wily and as devious, as he was in Eden. He knows every man is in his power until he enters into Christ; so he musters all his strength at that point. Jesus says believing and being baptized saves: but the devil says differently! Which one are you going to trust and obey? Review the five items carefully, and resolve to obey Christ! —DILLARD THURMAN

**Quivira girl scout council has new teepees**

Eight teepees, adapted from the Indian teepee, will be a new addition to the Girl Scout established camp site at Camp Cibola near Clarendon. Camp dates are July 15-21 and July 22-28. Reservations and fees are due now at the Girl Scout office, Box 459, Pampa, Texas.

The new teepees will be erected on concrete slabs. This housing will be in addition to the covered wagon and platform tent units already in use at the camp. The tents are made of white ducking to reflect the light and are designed for maximum ventilation during warm weather. They will be 16 feet in both diameter and height.

The program at Camp Cibola is designed for girls who have completed the first through twelfth grades, said Mrs. Margaret Rion, field director. Older Girl Scouts can work in the aide program. Emphasis is on swimming and canoeing in the outdoor program. There is also hiking, outdoor cooking, arts and crafts drama, sports activities, singing and campfire ceremonies.

The camp fee is \$45 for Quivira Council Scouts and \$50 for non-Scouts. Trading stamps may be used as partial or total fees, and cookie credit receipts earned during the cookie sales can be used for fee payment. Supplemental camperships are available for those who need them.

**Pete Bromley Salvation Army camp chairman**

Pete Bromley, Clarendon Junior High School Coach and a member of the Clarendon Salvation Army Service Unit committee, has been named 1979 camp chairman for the Service Unit. The announcement came from the Service Unit chairman Reverend Robert W. Brown, Sr., of the First United Methodist Church.

The camp chairman will be in charge of selecting 3 boys from ages 8 to 14 to attend the Salvation Army's Camp Hobitzelle at Midlothian July 7- July 14.

All Texas communities are invited to send selected youths who would not otherwise get a chance to attend a summer camp. The camp chairman is responsible for selecting the boys. The Service Unit furnishes them with any clothing, toiletries or other items they might need, arranging medical examinations and providing them with \$5.00 in cash. It also arranges transportation to and from the camp for them.

The local Service Unit guarantees local expenses in getting the boys ready. The Salvation Army Texas Division pays all cost of the camp itself, which offers swimming, hiking, athletic contests, and many group activities in each of four one-week sessions.

**Q & A**

Have you a question about social security? Address it to Jim Talbot, District Manager, Social Security Administration, P.O. Box 7000, Amarillo, Tx 79109. You will receive an answer in this column or by mail.

Question: I will be eligible for medicare later this year, and I'm trying to decide whether I will need additional health insurance, what exactly does medicare cover?

Answer: Medicare Hospital Insurance helps pay for inpatient hospital care and, after a hospital stay, for inpatient care in a skilled nursing facility and for home health services. Medicare medical insurance helps pay for doctors' services, outpatient hospital services, outpatient physical therapy and speech pathology services, and a number of other medical services and supplies not covered by hospital insurance.
