LIONS JAMBOREE - CARNIVAL & MOVIE HIGHLIGHT WEEK END

Joining in to add to the fun of the week end, Lee Bell, manager of the Pastime Theatre, has turned his Friday show over to the Lions Club for a benefit show beginning with the afternoon showing and again Friday night with all proceeds going to the Community Center fund.

The regular show hours are 5:30 p. m., 7:30 and 9:30 p. m.

The name of the show is "The Man From Frisco", starring Anne Shirley and Gene Lockhart. This will be a fine, entertaining picture, and Mr. Bell has secured extra short reels that will be very interesting, to fill out a complete 2 hour program.

Members of the Lions club have been out selling tickets for this show for the past two weeks and sales are mounting by the day.

Make your plans now to see this show and if you haven't been contacted for a ticket sale, just see one of the members of the Lions club and they can fix you up with any amount you might need.

Bring the kiddies, neighbors or friends, for all the proceeds from this show will go to build our community center fund. This fund, as you probably already know, will be used to build our swimming pool, recreation building, etc., on the old school building lot just south of main street.

ATTEND AMARILLO PRESBYTERIAL

Those to attend the Dallas District Conference Presbyterian at the Elwood Park Presbyterian Church at Amarillo Wednesday were Mesdames Millard Word, Will Word, Fred Chamberlain, R. A. Chamberlain, J. H. Howze, Neckle Stark, Lillian Stark and Rev. John Ellis.

Mrs. Lawther Russ of the Dallas Auxiliary at Dallas was the main speaker. Mrs. Guernant of Sherman was also a speaker. Mrs. Will Word sang a solo. Rev. Ellis gave the devotional and Mrs. Stark read the Clarendon Auxiliary report.

War Chest Drive "Over The Top"

With reports which have been received this week, Donley County is "over the top" in the United War Chest Drive. Several of the school districts have not yet reported the exact amounts which have been collected, but they are urgently requested to do so by November 1st, as the final audit and report must be made as soon as possible after that time.

When all the reports are in, a complete picture of Donley County's efforts will be given to the people in the form of the record each District has made.

Of the 28 counties included in Region 18, Donley is one of 8 which are listed as "over the topers" at this time. These eight counties, with per cent of quota as of latest report are: Randall 192%, Sherman 140%, Dallam 135%, Ochiltree 117%, Carson 117%, Hartley 115%, Donley 103%, Roberts 101%.

This is a cause which merits the support of everyone, so let us make a special effort to complete the job at the earliest possible time.

Bronchos Defeat McLean Tigers

The Clarendon Bronchos broke loose from their shackles last Friday night and won their game over the McLean Tigers by a close score of 14-13.

This was a very closely contested game with both teams being evenly matched. The Bronchos made their first score on the first play following the kick-off after McLean had made their first score.

Jr. Mann took the ball and skirted left end and took the pigskin for 42 yards for the 6 points. Bentley's kick was good for the extra point. The second score came when Beard intercepted a McLean pass on the 18 yard line and went over the goal stripe without being touched. Bentley's trusty toe sent the ball through the uprights for the extra point which proved the winning margin.

Bulman and J. Mann were outstanding in the game, on line getting more than their share of the tackles.

According to figures, the McLean eleven did the Bronchos despite their defeat. They gained 200 yards on ground plays to the Bronchos 153. They punted 3 times for an average of 32 yards, whereas the Bronchos punted 5 times for an average of 23 yards. They made twelve first downs to four for the Bronchos.

The Tigers attempted five passes and completed two. One good for a touchdown. The Bronchos attempted two passes and completed none; however, they intercepted two of the McLean passes.

This was the second conference game of the season that the Bronchos had won. The first being from Lakeview, and then losing to Lefors and Wellington.

LOCAL GIRL RECEIVES SOUVENIRS FROM BATTLE ZONE

Miss Ann Jacobs, of near this city, has received souvenirs from her brother, Haskell (Pete), who is somewhere in France or Germany. These articles are from the bodies of German troops. They include an Eagle and Swastika emblem from an officer's garrison cap, a corporal's sleeve strip, a cuff identification of an SS guard, and a few pieces of money.

Haskell is with General Patton's third army. He went across in October of '43. He was stationed in England until July of this year. Haskell has a brother in action against the Germans in the First Army. They have not yet met but have agreed that Berlin would be a suitable place for the time being.

Bronchos To Meet Wheeler Mustangs This Friday

A crippled but highly spirited Bronco team will journey to Wheeler this Friday night to tangle with the Wheeler Mustangs in another conference game.

The Bronchos are higher in spirit this week after defeating the McLean Tigers in their game last Friday night, 14-13.

They will enter the game Friday night minus two of the regulars who were injured in last week's game. Bentley received a bruised hip which will hold him out this week and possibly next. Jiggs Mann had the legments torn loose in one knee and will possibly be out of the play for some time. The Bronchos will feel quite a loss in these boys, for they are both mighty good scrappers, and have played heads-up football in every game to date.

The Bronchos will enter the game as the favorite as the Wheeler boys have been in the cellar the entire season. You can never tell though, with two of our best linemen out, they might give the Bronchos a good run for the winning talley.

If the opportunity affords, go along with the Bronchos to Wheeler and give them all the backing you can.

The game time over there Friday night will be 8 p. m.

AMARILLO SKY GIANTS TO PLAY LUBBOCK AIR FIELD ELEVEN AT AMARILLO

Unhappy, but undaunted, by their loss last week end, the Sky Giants of Amarillo Army Air Field lost no time in preparing for their game at Amarillo Saturday night, October 28th, with the South Plains Army Air Field eleven.

The game, to start at 8 o'clock at Butler Field, will be the third and next to last home game for the Amarillo Army Air Field Sky Giants.

NEW SHOE STAMP VALID NOV. 1

Airplane Stamp 3 in War Ration Book Three may be used for buying one pair of rationed shoes beginning November 1, 1944, the Office of Price Administration has announced.

The new stamp, like Airplane Stamps 1 and 2 now in use, will be valid indefinitely.

Mrs. Lula Ebey of Ft. Worth is visiting her sister, Mrs. J. D. Stocking.

A Jap Lived Here Once

This was once a Japanese pillbox in Burma until our boys came along and Mr. Nip ducked so hurriedly that he left behind his helmet and rifle. It did him no good to run. He went very quickly to his ancestors with an American bullet bought by somebody's War Bond. Only 50 yards away are more Jap pillboxes filled with other little men who thought we were a pushover. Now occupying the Jap pillbox are Pfc. Hugo J. Wagner (left) Ferdinand, Ind., and Pfc. Albert St. Weaver, Mount Vernon, N. Y., both members of the Burma Task Force.

Mrs. Mamie Hall Receives Air Medal Awarded Son Killed in Action

Mrs. Mamie Hall of Clarendon last Saturday afternoon received an Air Medal with an Oak Leaf Cluster awarded a son, Staff Sergeant David F. Hall, who was killed in the Italian Theater of war.

The decoration was pinned on Mrs. Hall by Brigadier General Carl W. Connell, commanding general of Amarillo Army Air Field, at a parade ceremony. Climax of the presentation was the parading of several thousand soldiers and officers for review by Gen. Connell.

Sgt. Hall's citation was "for meritorious achievement in aerial flight while participating in sustained operational activities against the enemy from January 30th to February 16, 1944 and from February 23rd to March 17, 1944.

Mrs. Hall was accompanied to Amarillo by two daughters, Mrs. Willer and Mrs. Wardlow, both of Clarendon.

VIRGIL MERCHANT REPORTED IN HOSPITAL IN ITALY

Word has been received by Mr. and Mrs. Cal Merchant that Virgil Merchant, who is in the General Hospital in Italy, is improving. He was wounded Sept. 17 while on combat duty with a machine gun squadron with Mark Clark's 5th Army.

SENATOR O'DANIEL HERE TUESDAY

United States Senator, W. Lee O'Daniel spent a few minutes here Wednesday afternoon, visiting a few of the old boys gathered on the corner. The Senator has aged quite a lot since his last visit here on one of his rampaging campaigns. He and his party were on their way to Amarillo where he made an address in behalf of the Texas Regulars Wednesday evening.

"Honorable Yank"

That is the name our engineers call this tractor just as tank men name their tanks and fliers their ships. Starting from scratch these men are driving this road through the jungle in the Sansapor Area of Dutch New Guinea. The tractor is hauling a road grader along a clearing. Your War Bond purchases assure our fighting men of the best of equipment and here you see some of it at work.

R. R. Keaton Lion Speaker Ladies Night

R. R. Keaton, State secretary of the Lions Club of Austin, Texas, was the principal speaker here Monday night when the local club celebrated their 22nd anniversary and Ladies Night. Words can hardly describe the delivery of Mr. Keaton's address. His subject was on "Work." He brought out the necessity of work and its association with every day life.

Before his main speech, Mr. Keaton's humor held the entire group with high laughter for several minutes. One club member made the remark that he could hardly see how any man could just open his mouth and comical speech would roll out free and easy and he himself hold a straight face.

Besides the local Lions and their guests, a large delegation from the Lakeview club and the Hedley club were present for the occasion.

Everyone present reported this to be one of the most enjoyable meetings that the club had ever held.

Church Council Makes Appeal

Mrs. Millard Word states that this week is the last chance to help in the donation of clothes for the war-torn countries. The response has been wonderfully fine and the clothing will be packed at the Red Cross room on Friday. Be sure to have all donations there by noon on Friday.

The next meeting of the Church Council of Women will be at the Presbyterian church on Nov. 3rd. It is hoped that there may be a splendid attendance by the women of all the churches.

SGT. JIMMY E. GOODMAN AWARDED DISTINGUISHED UNIT BADGE

T/Sgt. Jimmy E. Goodman, 21, a B-24 nose turret gunner, of Clarendon, is a member of a B-24 heavy bomber group which has been awarded the Distinguished Unit Badge, the highest unit award, 15th AAF. Headquarters announced.

He is now entitled to wear the Distinguished Unit ribbon. The award was given for the precision bombing of the Bad Voslau, ME 109 fighter plane factory. This new factory, the pride of Hermann Goering, had just swung into production, when it was attacked by the 15th AAF. The factory was literally wiped off the face of the earth.

Sgt. Goodman joined the Air Corps in December, 1942, and has one German ME 109 destroyed to his credit. He is a son of Mr. and Mrs. D. T. Goodman of this city.

GOLD STAR MERIT AWARD PRESENTED GEORGE JACOBS

Aviation Cadet W. George Jacobs has completed primary training at Lancaster, California. The Gold Star Merit Award was presented him by Major C. C. Moseley of Mira Loma Flight Academy for having completed that course in flying without an accident of any kind and very good conduct.

Cadet Jacobs is scheduled to receive his wings and gold bar in March.

PRISONER OF JAPS

Mrs. Wilson Gray has had definite news that her son David Odem is alive and a prisoner of the Japanese.

Bob Bentley who was hurt Friday night while playing football is able to be at home and will soon be able to play again.

It's coming! In fact it's just about here - - the most fun you've about to have had in years. IT'S THE LIONS JAMBOREE AND CARNIVAL starting tomorrow night (Friday) at 7:30 p. m. in the old Mellinger & Rosenwasser building across the street from the Post Office.

You will be thrilled at the games such as bingo, doll racks, nail driving, chuck luck, ring game, etc. There'll be fun for everyone - - mama, papa, sister, brother, Uncle Zeke, Aunt Liz, in fact everyone. You can't help it with all those Lions roaring and shouting forth their ballhoo.

The prizes to be given away? Why, you just won't believe your eyes - - everything that is rationed, hard to get; sheets, pre-war blankets, prestone, towels, cigarettes and many other items that you haven't seen in a long, long time.

There will be plenty of room, plenty to do, plenty of the above mentioned, priceless prizes for both Friday night, Saturday and Saturday night. You can just bring your lunch and stay all the time; the Lions won't object.

The Jamboree and Carnival starts Friday night at 7:30 p. m., and runs till the wee hours of the morning or when everyone wants to get a little rest in order to start in again Saturday afternoon when the doors open at 2 p. m. and go until?? again.

Don't forget, this affair is being sponsored by the Lions club, but is to the interest of everyone, for all the proceeds go into the Community Center fund.

Everyone is welcome and you will miss half the fun of your life if you don't plan to take it in at least part of the time.

Services Held For Mrs. O. S. Anderson

Funeral services were held Monday afternoon at the First Baptist church for Mrs. O. S. Anderson with Rev. Hal Upchurch officiating.

Mrs. Anderson passed away October 21st after a quite lengthy illness. She had been a resident of Donley county for a long number of years and moved to Texas in 1890 from Arkansas.

She is survived by her husband and three children: Willie Anderson who is serving with our Armed forces in India, Mrs. Leona McWhorter of Estelline and Mrs. Donie James of Welasco, Texas. Also two sisters, four brothers and 11 grandchildren.

Pallbearers were Bob Hay, Bill Ray, Bert Smith, Joe Goldston, Roy Clayton and Howard Stewart.

Burial was in Citizens Cemetery with Buntin Funeral Home in charge of arrangements.

Mrs. E. P. Shelton was called to Wichita Falls Saturday due to the illness of her daughter, Mrs. Knox Dunlap.

Mill Iron Ranch To Hold Sale of Hereford Bulls

The Mill Iron Ranch will hold its second annual sale of registered Hereford bulls at the Cottonwood headquarters on Monday, November 6th, Lafayette M. Hughes announced this week.

The distinctive method of selling the young high quality bulls that was used in 1943 will again be followed in the 1944 sale. "We had other plans for the sale this year," Mr. Hughes said, "but our buyers asked for this sale to be like last year's sale, and were so persistent that Mill Iron is again selling the bulls in the same manner as last year."

Registration for positions of drawing, 1st, 2nd, 3rd, etc. will take place at Cottonwood at 9 o'clock, Monday, Nov. 6th. First to register will have first draw, and in case there are registrants present at the same time they will draw for positions in that group.

LIBRARY NOTES

By Mrs. C. A. Burton

A few more new books for our readers: "A Bell for Adano" by John Hersey—a first novel by a war correspondent. It is described as a novel, but also as the truth—a story about Americans in Italy. He had written "Into the Valley"

and "Men on Bataan," but this is his first novel. "Taps for Private Tussie" by Jesse Stuart was winner of the 1943 Thomas Jefferson Southern Award and is a Book-of-the-Month Club selection. "The House of Mrs. Caroline" by C. M. Franzero is an Italian story from the late 19th Century up to the advent of Mussolini and Fascism. "Leave Her to Heaven" by Ben Ames Williams is a leading best

seller. The author says, "As a younger man I had thought that stark drama rarely touched normal lives; as I grew older I discovered my mistake. So in this novel, basically a psychological study, the most extreme dramatic situations found a place." "Cone of Silence" by A. Fleming MacLeish gets its title from aviation terminology. The author is at present flying bombers from California to Texas for the army. He is described as a poet, novelist, and aviator.

"Susan Merton on the Home Front," and "Nurse Merton, Washington Assignment," by Louise Logan are two of those interesting nurse and WAC stories which are so timely. "Fair Stood the Wind for France" by H. E. Bates is another war story—written by a man who has served for the past three years with the RAF. "Simone" by Lion Feuchtwanger is another story of France in the war—a singularly tense, affecting story. "Time for Each Other" by Margaret Lee Runbeck is the story of a family who are bravely "living apart" in order that thru the years they may "live together"—a story which has its counterpart in many, many homes. W. Somerset Maugham's "The Razor's Edge" has been a leading best seller for several weeks. The author is called the dean of living novelists. "Auger in the Sky" by Susan Ertz is said to be one of the author's finest books—containing courage, staunchness, the will to endure, and the longing to bring out of the present chaos a saner and wiser world. "The Sound of an American" by David Ormsbee is another war story—and it is said to be one of the most timely and significant of them all.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

You mean, it's that easy?

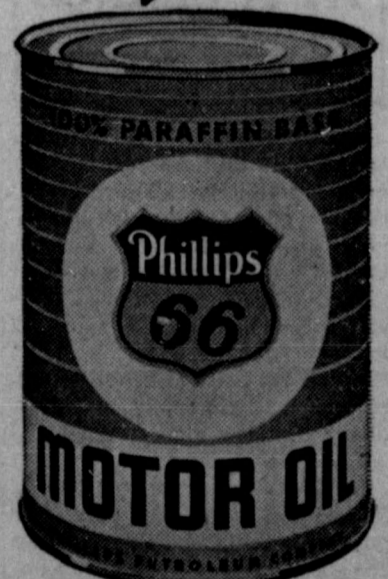

This Skeptical Gentleman represents many hundreds of thousands of automobile owners . . . intelligent, patriotic drivers who are determined to give their cars the best of care, who understand the nation's need for keeping every possible car running for the duration.

They require no long-winded arguments to convince them that quality oil is the best policy. They ask only: How can I select a quality lubricant, when I am neither an engineer nor a chemist? Isn't there some simple, easy way to make sure of getting a motor oil of quality?

There is! Phillips, with an outstanding reputation in the field, makes a frank and clear statement to relieve all doubt when choosing between the various oils marketed under this good name. Phillips says, if you want our best oil, remember we frankly tell you that Phillips 66 Motor Oil is our finest quality . . . the highest grade and the greatest value . . . among all the oils we offer to average motorists.

Oil wears thin in summer use. It also accumulates dust, metal particles, and oxidation products. So it's wise, say experts, to drain every two months, under today's reduced driving conditions. Especially when you make the seasonal change, ask for the correct winter grade of Phillips 66 Motor Oil.

Have a "Coke" = Join in the fun

... or adding life and sparkle to Halloween

What's a young folks' party without refreshment? "Coke" is naturally a member in excellent standing with any group of youngsters. And there's no better place to enjoy Coca-Cola than at home, served ice-cold right from the family refrigerator. Have a "Coke" is the invitation that starts a party off right and keeps it going. Coca-Cola adds its own life and sparkle to the natural gaiety of youth. When young people get together, Coca-Cola stands for the pause that refreshes, —symbolizes the sunny side of life.

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you,

CORRIDOR COMMENTS

What Groom boy's ring is Ar-dith Warren wearing? I hear she got it last Saturday night. Elise was all in a flutter last week. She heard from Bill. Betty Brown, you bad girl! What in the world did you do to get your pledge ribbons so long? Mrs. Hess seems to know a very funny moron joke; I wonder where she heard it? The Porter gals are going to get to be together again, all three of them. Ann is coming home next week, everyone is looking forward to seeing her. I hear that Treva Nell and a certain blond-headed boy are having a little trouble. How about it, Trussell? "Handlebars" seems to be an old-timer when it comes to chewing tobacco. How about that, "Red"?

Why did Joe move back near Gertrude in the first period English class last Thursday? Is something starting? Is Edith glad or sad because she got a card from Earnest the other day? We are all sorry that Dick Reeves had to leave us. Come back to see us, Dick. Whose Marine identification bracelet is Klyda Fern wearing? What thing of interest went on all third period Civics class Friday? We wonder. "Meb" Grady has a very changeable mind lately; now she is wearing Billy Roy's identification bracelet. But she still likes Goodnight some, too. Louise is wearing a cute pin nowdays. Where did it come from? Memphis? Could be! Why is Billy Neal always trying to read something that doesn't

concern him? It seems all the girls have forgotten Frank Sinatra and have started swooning over "Tuffy" Ellis. We are very sorry that the "Parker Tiro-Heels" lost their game to Lelia Lake last Friday night, and we hope they do better the rest of the season. "Chuck", we heard you rode on the running board of a certain Plymouth last Monday night? Scared! He's not a wolf. Just tries to be. After a little trouble "Dot" Kemp and Jack Sutton are seen together again! Dot, be careful!! We hear that a certain four-some had a wonderful time last Friday night and it wasn't at the football game either. Billy, what were you and Bert doing Friday night? Betty Jean Brown has been seen quite a lot with a certain dark headed boy lately. Good work Bett; keep it up!! It doesn't seem as if Jack Semrad goes in for that girl in every port every day. What about that? Laura Ruth had a swell party at her house last Monday night. Practically everyone was there, and we all had a swell time. Ask Joe Barns? All the boys are asking who that darling little number with Jeanne Porter is. Well, boys, she is Patsy Wiley from Wheeler. Too bad, but we couldn't find out her telephone number. Joyce West is wearing a diamond ring. Ask Bill Perdue about it.

"AMBASSADORS IN WHITE"

One of the new books received by the Clarendon Junior College library is: "Ambassadors in White", by Charles Morrow Wilson. It presents, for the first time, the epic story of medicine in the American tropics. The men, both famous and unknown, who have waged war on the invisible deaths and diseases that make the countries to the south of us truly "a sick man's society" were our first and are still our Ambassadors of goodwill. Cuba's brilliant Carlos Finlay spent his life investigating a theory of yellow fever contagion so revolutionary that it was only in old age that he was recognized as a genius, and not a mad man. Walter Reed, an Army doctor from Virginia, proved Finlay's theory to be true; William Gorgas pioneered in its practical application which made the construction of the Panama Canal possible. The heroic Jesse Laxar, the amazing Noguchi, and the brilliant Bill Deeks as well as the less famous, but equally valiant and effective men of today, doctors and sanitarians have been making Latin American history and transforming the tropics. The story of what they have done and how they did it makes good reading. Mr. Wilson tells of the struggles against fearful and often hapless odds, of the Ambassadors in white whom the United States and European nations have sent to Central and South America and the West Indies. He tells of the victories and defeats, and the tragic mysteries which have marked the course of the effort to change Latin America from a sick man's society to a healthy, vigorous one.

FUTURE FARMERS OF AMERICA

The F.F.A. organization was started in November, 1928. Mr. J. R. Gillham is now the instructor of the Clarendon Chapter. It is an organization highly valued in the Clarendon schools. The F.F.A. is an organization that every one benefits from whether he intends to be a Future Farmer or not. It is an opportunity for the boys to learn more of agriculture and also to earn money of their own. The organization has its officers as other clubs have. President, George Bulman; Vice President, Danna Howerton; Treasurer, Joe Lovell; Historian, J. B. Knight. They will have their Sweetheart after "Cotton-pickin'." The four candidates are Louise Underdown, Edna Lou Lamberson, Betty Jean Brown, and Klyda Wilson. We hope that in the future, the Future Farmers of America will carry on their splendid work that they are now doing.

CHAPEL

On Friday, October 20, 1944 during the seventh period the high school and college had a chapel program. This program consisted of music, yells, and two talks.

The band played several football tunes which the pep squad yelled. Mrs. Millard Word made an appeal for clothing for the people in the war torn countries. She appointed committees from the school to help with this. The Rev. Ament delivered a splendid talk.

My Electric Bill is Always LOW!

No wonder you're pleased, lady! Far from going up, electric prices have been coming down—steadily! Within the last three years, while the cost of living has climbed about 22%, the average price of household electricity has dropped about 9%. Why is electricity so cheap compared to other services and to the amount of investment and labor behind it? Because experienced business management has made it so! Your electric company has been on this job for years.

CLEANING OUT THE JAPS

By Cpl. Edward Johnson
'Twas on a rock point of a lonely bay;
The twentieth was to have its say.
When orders came down to make the attack,
Where other troops had been driven back—
Up forward they moved, their goal to gain
With weapons clean and without stain;
Watching for movements; listening for sound.
'Till from mortars and snipers they hit the ground.
But down on the ground not long did they stay,
'Cause up ahead was Japs to slay.
While their buddies were wounded and some dropped dead,

With determined steps they moved ahead,
And soon the rats to their holes did run,
To never again see the rising sun.
Up the hill our boys did creep,
The promise of faithful men to keep.
Bombs and shells were sent galore
To silence the caves for ever more.
So up on the ridge the skymen stood—
A pride to the Army of our native land;
And down on the beach stands our Colonel so true,
Shedding tears over boys he loved and knew,
While homefolks grieve and mourn in the loss,
But let me tell you, your son died a man—
The way he had lived since his training began.
So rest in peace till we meet on that shore,
Where weapons of war are heard no more.

Simple Test Aids Thousands Who Are Hard of Hearing

Thanks to an easy no-risk hearing test, many thousands who have been temporarily deafened now say they hear well again. If you are bothered by ringing, buzzing, hissing noises due to hardened or congealed wax (cerumen), try the Ourine Home Method test. You must hear better after making this simple test or you get your money back at once. Ask about Ourine Ear Drops today at Douglas & Goldston Drug Co.

Donley County Leader. \$2 a year.

This column is dedicated to Texas fighting men abroad. Today's column is dedicated to a home-front campaign that is supporting their fight for democracy and freedom—the National War Fund.

I know of no better way to show our appreciation for our men abroad than by all-out support of the state-wide campaign for the fund that provides aid for our own men in service, for their allies, and for suffering war victims throughout the world.

In every Texas county this week, local leaders are in the final stages of their campaigns for the war fund. Some have already surpassed their goals; others are working hard in an effort to go "over the top" before the drive ends.

Each county has its war fund quota and its campaign goal. The campaign goal, however, is merely "something to shoot at" - - a point toward which to strive. The real goal is all-out support of the war—a healthy contribution by every man, woman and child.

The campaign goal is the "floor", not the "ceiling" of giving. Humanity knows no limit. Every county should contribute to the limit of its ability to the fund that backs up the efforts of our fighting men on every front.

Let's look for a moment at the record and see where the money goes. More than 43 per cent of every war fund contribution goes to our own fighting men, through USO and USO-Camp Shows. This service goes to our men both at home and abroad, following them even to battle areas.

Seven and a half per cent of your contribution goes to our men in enemy prison camps, in the form of books, games, sporting and athletic equipment, study courses and other morale-building

supplies. Thus your gift helps combat the dread "barbed wire sickness", through aid to our own men who have been captured in battle by the enemy.

Four per cent of your gift goes to merchant seamen, who have so bravely stuck to their dangerous posts, carrying men and supplies to invasion points. Eighteen per cent is spent on behalf of war refugees in combat zones, easing the suffering of millions of helpless men, women and children. Five per cent goes for relief in occupied zones, and another five per cent for service to United Nations armed forces, other than our own.

Other small amounts are expended through National War Fund agencies to alleviate suffering brought on by the war, and a very small percentage is set aside

as a contingency fund for use of all agencies in case of emergency. Help make your county campaign a success by giving, and giving generously. Answer the call in the words of the campaign slogan.

TIME FOR PEACH TREE BORER CONTROL

The best time to control peach tree borers in north Texas is the first twenty days of October, says C. R. Heaton, horticulturist for the A&M College Extension Service. The most suitable time for such control work in south Texas is be-

tween October 20th and 15th. The point is that the control treatment should be applied before the temperature drops below 65 degrees and remains there for several days. Heaton says that if treatment cannot be applied in the fall in central and east Texas the latter part of April is the second best period to do so.

PDB, which is short for tongue-twisting name, para-di-chloro-benzene crystals—is the material most commonly used for control. The quantities are one ounce for each mature tree; one and one-half ounces for extremely large trees, and one-half to three-

fourths of an ounce for immature trees. Before applying, however, the crystals should be crushed to about the size of sugar grains. Before PDB is used all grass and weeds should be removed to a distance of three to four inches from the tree trunk. If the borers are visible above ground, the soil line should be built up above where they are working. Apply the crystals in a one-inch band, one to one and one-half inches from the trunk and cover them with a few shovelful of dirt which should be well packed. The soil, however, should be fairly dry. The mound and crystals may be removed from the tree in about four weeks.

Treatment for the lesser peach tree borer, which works in the upper part of the trunk and the scaffold branches, may be given at the same time. Dissolve one pound of PDB crystals in one half gallon of crude cottonseed or linseed oil and paint the infected parts only with a small brush after removing the exuding gum and grass.

WEEKLY CROP LETTER

Charles O. Reea, Donley County Agent, has received the following letter from D. A. Adam, Farm Labor Field Assistant, on crop conditions in this area for period ending October 21, 1944.

Cotton Pulling Situation
All counties in Northwest Texas are needing pullers badly with the entire cotton crop ready to be pulled. The only hope for a better distribution of pullers is for the fair weather to continue so that some areas can get pulled out and release migratory workers to other areas of need. Counties such as Crosby, Garza and Floyd have some areas in the county having excellent crops, while the county average is comparatively low, which has resulted in these counties being by-passed. Migratory workers should be encouraged to visit the County Agent's office in the counties they go through and let the County Agent have his field man show the workers where these excellent crops are. The need for pullers is critical, but most critical is the Western section of the Plains, Mitchell and Howard counties, and the Childers and Hall County areas. The price for pulling is steady to an upward trend. Many counties should exploit the opportunity of uncovering new sources of labor, such as the V.F.W. and others.

Grain Sorghum Situation
Grain is being piled on the ground in some localities awaiting storage space at elevators or sale to commercial truckers for transport into feed deficient areas. Elevators are full, the rail car situation is becoming acute and, as a result, commercial truckers could help a lot. Our office checked the moisture content of grain sorghums at a number of elevators this week and found that all grain that is coming in now is very satisfactory for storage even if picked up on the farm.

Feed Distribution Program
Practically all grain bought from elevators is government inspected, and inspection can be had on all if required by purchaser. Prices being paid to farmers generally range from \$1.30 to \$1.40 at the elevators and from \$1.20 to \$1.30 at the farm. Price structures to purchasers are as follows: when purchased from elevators—price paid farmer, plus loading, cleaning, grading, and handling charges, plus freight to point of destination equals the delivered price. If purchased from farmer and trucked to point of distribution—price paid farmer plus handling fees equals price of delivery. The market has been quite steady this week. Quite a lot of grain sorghums are going into farm storage.

VISIT IN OKLAHOMA
Mr. and Mrs. W. B. Webb visited relatives at their old home near Altus, Okla. Sunday. Mrs. Webb remained over for a longer visit with her sister, Mrs. Stout. Mr. and Mrs. Webb were early "Nesters" in those parts, settling there along in the 90's. Mrs. Webb at one time taught school in then Old Greer County, now constituting some three counties, having been divided up and shorn of its some 120 miles of length.

Rev. J. O. Quattlebaum of Brownfield visited in Clarendon Tuesday on his way to Dallas to visit his daughter, Patti, who is attending S.M.U.

Mrs. Floyd Lumpkin, Mrs. Geo. Norwood and daughter Elise, and Mrs. Rufus White shopped in Amarillo Monday.
