NEW SERIES: VOL. 29. NO. 15

OZARK TRAIL HEAD LUNCHEON GUEST HERE WEDNESDAY

Wednesday evening at a seven o'clock luncheon, the business men of Clarendon were host to Col. Harvey, President of the Ozark Trails Association and his accompanying party. Judge O'Neill and Odus Caraway met Col. Harvey's party in Claude earlier in the day and came along down the route with them as they made the new season's markings for the Trail.

Shortly after seven o'clock at Caraway's restaurant, Hon. Tom F. Connally called the business men and party to table and after a very pleasant repast, Mr. Connally introduced Col. Harvey, who spoke at length on the aims of the Ozark association, its relation to our town and what it means to us financially. He also took up the matter of Donley County's needs for bringing our part of Trail up to the specifications, and outlined what needed to be done to accomplish this desired end.

Announcement was made of a meeting for Donley, Armstrong, Potter and Collingsworth counties to be held tonight at Wellington, and J. T. Patman was appointed to secure and head the delegation from this county. It is expected that some ten or fifteen will be present, from Clarendon.

In the near future a further meeting will be held for the purpose of putting intelligent organization behind this enterprise which means so much for our people.

FROM WINDY VALLEY

Sunday school was well attended Sunday.

George Hammock and sister, Miss Maggie of Lelia Lake, spent Sunday in the Stogner home.

Misses Ola DeBord and Nora Ayer visited Miss Roxie Heath Sunday.

J. J. Bills and daughter, Miss Jack were Clarendon visitors Friday of last week.

John Snodgrass went to Jericho Friday.

Mrs. Ewing and son, Mahon and Truman Stogner attended the speaking at C. C. Saturday night.

There will be church here Saturday night and Sunday and Sunday night.

Miss Tillie Roff has returned to her home at San Angelo, after an extended visit here.

Obie Rich of Clarendon, spent Saturday night and Sunday here.

Mrs. Bert Ayers and Miss Barnett were Clarendon visitors Saturday.

Coon Alexander and family spent Sunday in the Woodson Dotson home.

Lorene Stogner visited Bernice Rowland Sunday afternoon.

Adeline and Cecilia Atteberry of Clarendon visited home folks Sunday and Monday.

Guss Loyd of Childress is visiting here.

The Baptist church is being repaired this week.

Trustee election was held Saturday. Messrs. Ewing and McCauley were elected.

Mrs. Grant and daughter, Miss Cna of Wood County, are visiting relatives here.

Arthur McElroy visited Lucile Bills Sunday afternoon.

Clay Inmon and wife spent Sunday with Charlie Cobb and wife.

There was a singing at Mr. Gollihoug Sunday night.

There was a Liberty Loan meeting at the school house Wednesday night. As yet we do not know the results.

Blue Eyed Sue.

Miss Emma Mae Little was in Ft. Worth the past week visiting friends.

SPECIAL SERVICE TO HONOR SOLDIER MEMBERS

Sunday morning at 11:00 a. m. services will be held in honor of the young men of the Methodist church who have enlisted under the colors of our country, and are now in the service, or who have enlisted for the service in our army and navy. An Honor Roll containing the names of these men will be placed in the church under the usual service flag.

Appropriate addresses will be made and suitable music will be rendered. Let all the members of the church and the friends of these young men be present, and take part in this dedication service.

Sunday school will be held at 9:45 a. m. Epworth League at 7:00 p. m. Preaching at 8:00 p. m.

COLLEGE MUSIC NOTES

The second in the series of Senior Recitals, given by the Misses, Benson, Baird, Smalley and Lane on Monday night, was a most delightful affair, unusually well performed and extremely enjoyed.

The large audience was given a most poetic feast to both ear and eye, for the stage was beautifully set with cut flowers, gifts from admiring friends to the deserving young ladies and as each appeared, she did so with an air of authority and confidence that comes from thorough mastery.

These are exemplary products of the College Conservatory and very well did they maintain its reputation.

It is sincerely hoped that their future undertakings may be as truly successful as was this, their Senior Recital at good old C. C.

Miss Chism, head of the department of expression, is offering us something unique and appropriate on next Monday night, in the way of a patriotic play, together with some war time readings, which will be enjoyed by those who attend. Come out and enjoy the evening; with us, we shall try to have you feel at home.

On Sunday night the twenty-first of this month, the choir will give an "Evening of Song" at the Methodist church. They will sing a number of Anthems and several solos and duets will be heard. Bro. Story will give a talk on music and those who attend will be amply repaid by having a bit of sunshine flood the soul thru the wonderful medium—music.

Last Saturday at Hedley was held an elimination election to decide which of her two candidate for Sheriff and Tax Collector for this county should continue the race. As the report came to us there were about 135 votes cast and L. F. Stewart won over his fellow-townsmen, B. L. Kinsey.

Mrs. G. E. Burton is at present in Dawson, where she is visiting her mother.

PATHFINDER NOTES

Miss Headrick assisted by Miss Mamie McLean entertained the club at Miss Headricks home, March 22. Nearly all the members were present. During business meeting five new members were received.

Topic Study—Home Economics. Miss Campbell gave a lecture on the subject that was both interesting and instructive. After partaking of a delightful lunch the club adjourned to meet with Mrs. Eddins, April 12.

CHRISTIAN CHURCH

Bro. Huckleberry will fill his regular appointment at the First Christian Church next Lord's Day, April 14, 1918, at 11 o'clock. (Signed) E. Dubbs.

FORTY-TWO CLUB ENTERTAINED

Mrs. Whitfield Carhart delightfully entertained the Forty-Two Club, last Thursday afternoon.

Five hundred was the diversion of the afternoon, at the conclusion of the games, Mrs. M. L. Kelly received first prize and Mrs. F. E. Chamberlain drew consolation. Little Easter favors were presented to each guest.

Delicious refreshments were served after the games. Those present besides members were: Mmes. John Chamberlain, I. W. Carhart, R. A. Chamberlain, J. D. Browder of Memphis, M. L. Kelly, Jr., W. H. Martin and Bob Younger.

The Workers' Council of the Panhandle Baptist Association meets at Windy Valley, Tuesday morning at 10:00 o'clock.

CROOK FLEECES SEVERAL OF LOCAL BUSINESS MEN

On Tuesday of last week Charley J. Butler, alias, Bostick, alias, Rogers, went about town making small purchases and giving checks for the amounts making them large enough to leave his pocket well lined when leaving the house.

After realizing enough to warrant his taking a trip, he boarded the west bound train and was well on his way before his scheme came to light. Local authorities at once got busy and he was overtaken at Gallup, N. M., near the Arizona line. The officers brought him back as far as Portales, N. M., and Sheriff Doshier left Tuesday to take him in charge.

The local merchants who were thus imposed upon were, Stocking's Store Potts & McGowan, Hayter Bros., Joe Goldston, Bryan & Son, Palace Confectionery, and H. W. Taylor & Son.

ASHTOLA NEWS.

Still dry, farmers are needing rain badly.

Health is exceptionally good, this week.

Mrs. A. D. Major attended school fair at Claude on Saturday.

J. W. Taylor made a trip to Clarendon in Friday on business.

Preaching by Bro. Hembree on Sunday night 31st of March, at School House.

The Holiness Christians are having preaching the past week.

J. A. Johnson made a trip to Clarendon, Saturday.

Mrs. A. W. Nicklaus made a trip to Amarillo, Monday.

Frank O'Neill came in from Goodnight Sunday morning.

School election was on Saturday to elect one trustee. Mr. Mason receiving the majority of votes cast.

Miss Chloe Hanson and Eula Rhodes visited Mrs. Felden Johnson Saturday evening.

Billie McBrier has been very sick the past few days.

Dill and Roy Shores made a trip to Goodnight Saturday.

Lew McClellan and family was in Ashtola Saturday.

Wylie Morris and family was in Ashtola Saturday.

W. F. Black shipped a car of cotton to Houston, Saturday.

NOTICE TO THE PUBLIC

Having disposed of my business to Strickland & Story, I take this method of thanking my many patrons for their business and giving notice to those who know themselves to be indebted to me to call at once and make suitable settlement. I desire to close out my accounts, hence this notice. Respectfully, D. P. Ross.

Jerry Dalton, the affable editor of The Memphis Democrat, was a Clarendon visitor Friday of last week, and while here called on The News. He had a very pleasant visit with the force.

\$35,000 LIBERTY BONDS BOUGHT HERE SATURDAY

As a proof of the popular will in the matter on last Saturday our people bought \$35,000 worth of the Third issue of Liberty Bonds and the first day's work is being followed up energetically, every effort being made to put Donley County over the top in short order for the \$189,000 quota asked of us by the Government.

According to the plan as announced in last week's News, Judge Huff of Amarillo, was here as the speaker of the Day and promptly at eleven o'clock after eloquent introductory remarks by Hon. Tom F. Connally and the singing of "The Star-Spangled Banner" by the large gathering collected in the center of the business district Judge, J. H. O'Neill very fittingly introduced Judge Huff, who without preliminaries, entered into a discussion of America's part in the war and our duty in the matter of backing the government with our finances, and our every energy.

Judge Huff is one of the most earnest speakers, and his treatment of the subject of practical patriotism was true and correct from every standpoint of Christian patriotism. He urged a calm and unvarying course of justice in dealing with German-Americans in our midst and declared the proper manner of dealing with Hun propaganda was openly and according to enacted law of the land. The speaker flouted the idea that the war was of short duration and of few sacrifices for America and pled that our people nerve themselves for a sacrifice of all in the mighty purpose of destroying brute-force dominated by selfish Prussianism, that "Democracy might not perish from the face of the earth." The morning exercises closed by singing "All Hail the Power of Jesus Name."

From early morning until late in the afternoon the girls of the Honor Guard and the ladies of the Red Cross were busily engaged in canvassing the city for subscriptions to the loan and the great success of the day was based upon the spirit of co-operation of the business men, farmers and laborers with the women in making the totals grow to the figure they reached by closing time.

The county has been well posted by the committee appointed for that purpose and before the week is over every community in the county will be visited by workers from Hedley, Lelia Lake, Clarendon and other places, striving to fill our quota in as short period as possible.

Everybody get in the game. Work hard this week. Buy all the Bonds you can. Sell all you can—and by Saturday next we can close the campaign for Old Donley's quota.

John Q. Sewell has had a most conspicuous sign placed across the front of his drug store. It proclaims the "City Drug Store" boldly and can be read over a half-block each way. It is a good advertisement and Mr. Sewell is the kind that makes advertising pay.

Capt. A. J. Barnett has returned from California where he has been for some time. He says he is feeling fine and that he enjoyed the trip to the fullest extent.

Mr. and Mrs. F. A. Story and daughter have moved from Gatesville to make their home here. Mr. Story is with the new firm, Strickland & Story, which has recently moved here.

Mr. and Mrs. Will Terrell entertained with a dance last Friday night, at their beautifully appointed home on Second Street. The affair was a most enjoyable one.

We Aim to Meet All Market

Conditions to take Care of you--Learn to Depend on us.

Mr. Hoover says that the Grocers must assist him and help to keep their patrons informed on wheatless days, meatless days, etc. It is our earnest wish to do our bit for the Sammies and we want also to use every resource at our command to supply your grocery orders. We ask for your continued confidence that we will take care of the grocery orders for our patrons to the fullest extent of the wholesale markets. When the best supply houses have the groceries you can depend on it that we will have them at our store.

The Banker Your Most Needed Friend

All friends are appreciated by men of good judgment and sound heart. That's right. But—when your business is in a position where just a little financial aid will enable you to turn expense to profit, or victory to defeat—then it is when if you have sought and merited the friendship of the banker, that the necessary arrangements can be made. This rule applies equally to farmer and the business man.

Test it out at our bank.

Clarendon, Texas

QUOTES GOVERNMENT REPORT OF ADMIRAL DEWEY TO PROVE GERMANY'S VILE PURPOSE.

Dr. Giddings, a professor of an eastern university and known as an authority in foreign diplomatic relations, has been making a tour of the west and south, delivering a series of very interesting lectures on the proven villainous purpose of Germany

to hurl Europe into a bloody struggle. He delivered lectures at Denton and Dallas and The News takes pleasure in quoting the most vital part of this interesting discussion:

"President Wilson in requesting a declaration of war from Congress," Dr. Giddings said, "put it on the ground that while Germany had not declared war against the United States, she had committed acts of warfare

for two years, refused to apologize or make redress and even refused to keep her promises to desist from the course she had been pursuing."

A different account of the American Revolution from that given in the school books is needed, Dr. Giddings said. He declared the Revolution was not in fact a war between the English people in the Colonies and the English people in Great Britain, but between the Colonists and a German King, who, while he ruled England, could not speak the English language. Efforts to get English volunteers to help subdue the Thirteen Colonies failed, he pointed out, and Hessian hirelings were brought from Germany and sent here to fight the battles of the German-speaking King of England.

"Is the character of Prussia any different today from what it has always been?" he asked, and himself gave the answer, in the following incidents:

After the battle of Waterloo, the Duke of Wellington wrote a letter to his mother, in which he characterized his Prussian allies as the most murderous crew of cut-throats ever gathered together, saying, in part, "From the German General down to the youngest and most insignificant drummer boy they have murdered, robbed and mistreated the peasantry wherever they have gone." And the great English hero was talking of his allies.

He recounted the series of wars against small nations which Prussia commenced in 1864 and of the theft of the rich Province of Schleswig-Holstein from helpless little Denmark.

For years the world believed that France had been the aggressor in the Franco-Prussian war of 1870. In Bismarck's memoirs, however, he tells how the war was started, giving the following reason for Prussia's action: "When a nation is about to make a war of conquest, it is essential to make the world believe that the other party is the aggressor."

The war party, of which Bismarck was the head, wanted war with France to strengthen Prussia, to weld the German confederation into an Empire and to make King William of Prussia the first Emperor of Germany. So a

dispute was raised with Napoleon III, over who should be King of Spain, Leopold being the Prussian candidate for the throne. Bismarck learned to his consternation that his royal master had agreed to abandon his stand. He hurried to Berlin and immediately went into a conference with General von Moltke.

The King had signed a telegram to be sent to France. It was very conciliatory. By taking his pen and scratching out words and sentences here and there Bismarck changed it into such an insulting message that when it was received and its text made public the boulevards of Paris were filled with crowds of the excitable Frenchmen, crying "On to Berlin." Germany was ready France was not.

The present Kaiser came to the throne in 1888. Dr. Giddings pointed out that as early as 1895 a book was published in Germany, "Gross Deutschland und Mittel Europa," in which the whole plan of an empire, extending from Hamburg to the Persian Gulf was set out. At that time this was looked on as a wild vagary. But in 1898, Dr. Giddings recalled, the Kaiser showed he was back of it. He made a trip to the Holy Land, ostensibly as a Christian pilgrimage, but what he really did was to get a concession for the Bagdad Railway.

"More than that, the German ruler made a speech at Damascus directed to Sultan Abdul-Hamid, that incarnation of cruelty, in which he said, 'May His Majesty and his 13,000,000 Moslem subjects rest assured that the German Empire is your friend forever.' That bargain was kept, Dr. Giddings said, the price was paid and now Turkey is fighting for Germany.

"But you may say, what has this to do with us?" he said. "In the same year we were at war with Spain. Admiral George Dewey had destroyed the Spanish fleet at Manila and was taking possession of the Philippines for America. A tense situation had come up. Admiral Diedrich and Prince Henry of Battenburg tried to prevent Dewey from firing on the Spanish fleet. Admiral von Goetz of the German navy had a conference with Dewey, who, untalkative as he was, thought of enough importance to communicate to Washington. This report laid in the files of the Navy Department for years. Recently Senator Lewis of Illinois dug it out.

"Admiral Dewey, in this official communication to the Navy Department quotes Admiral von Goetz of the German Navy as saying:

"About fifteen years from now my country will start a great war. She will be in Paris about two months after the commencement of hostilities. Her move on Paris will be but a step to her real object—the crushing of England. Some months after we finish our work in Europe we will take New York and probably Washington, and hold them for some time.

"We will put your country in its place with reference to Germany. We do not purpose to take any of your territory, but we do intend to take a billion or so of your dollars from New York and other places. The Monroe Doctrine will be taken charge of by us, and we will dispose of South America as we wish. Don't forget this about fifteen years from now."

Just about sixteen years after this conversation the great war commenced, and Dr. Giddings believe that Ad-

miral Dewey expected the warning to be turned to account.

"Still some people in the United States think Germany is fighting a defensive war," he said. "She will be before we get through."

DELCO-LIGHT Increases Farm Efficiency

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts. RUNS ON KEROSENE

75 YEARS OF KNOWING HOW

BACKED BY AN UNQUALIFIED GUARANTEE

The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 11, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers. This Lister embodied many other important features that will convince you that it is the best on the market.

The P. & O. No. 123 4-Wheel Lister

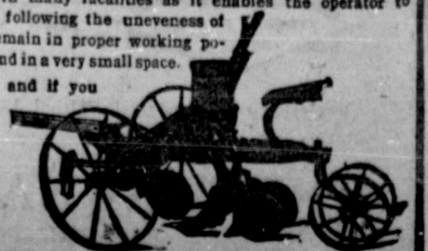

This lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

THERE'S MONEY IN THIS

Salvage of waste materials which still have a market value appeals to young and old alike. Many Red Cross Chapters are making large sums of money by collecting salvage and disposing of it at the best market price. This activity has been placed under the direction of the Junior Red Cross in the Southwestern Division.

No temptation must be placed before the children to get improperly any material which has not yet been condemned. Waste material, to be handled by the children, must not be unsanitary or otherwise dangerous. It must not be subject to decay, it must not be too bulky, it must have a fair market value.

No old iron, glass of any kind, brass, copper, heavy lead, lead pipe, or old clothing other than rubber will be received. Principals should not permit these articles to be brought to the schoolhouse. Experience may lead to inclusion of some other material later, but only articles mentioned in the following list will be undertaken for a time.

1. Tin-foil of all kinds.
2. Collapsible tubes which have contained tooth paste, cold cream shaving cream, extract, vaseline and other toilet articles.
3. Old gold and silver and broken bits of jewelry for the "Melting Pot."
4. Silver-plated water pitchers, castors, teapots and trays.
5. Scrap zinc.
6. Clean dry-cell battery zinc.
7. Battery lead from storage batteries.
8. Rubber boots and shoes.
9. Arctics.
10. Rubber tire casings of all kinds.
11. Inner tubes.
12. Old wringers.

The first step in the actual work of salvaging is to get a place to receive, sort and assemble the materials collected. Wherever possible, if they can be obtained and such in such a way as not to interfere with the school regulations or school work.

For delivery and disposal, the salvaged articles should be separated into groups according to the above classification. The tin-foil should be pressed firmly into bricks of 25 pound weight and wrapped in paper with the name of the Auxiliary on the outside, and the weight.

The collapsible tubes should be packed as compactly as possible in a cigar or pasteboard box, wrapped in strong paper and tied and marked plainly with the name of the School Auxiliary and the exact amount of the material enclosed.

The old gold and silver and bits of jewelry should also be packed in cigar or stout pasteboard box, wrapped in strong paper and tied and marked with the name of the school on the outside.

The proceeds of all these sales will go into the treasury of the Junior Red Cross Chapter Fund to the credit of the Auxiliary contributing.

DIGEST OF WAR NEWS.

Ordnance Department Provides Standard Cars for Field Use

Among the standard motor vehicles being provided by the Ordnance Department are the following: The ammunition truck, which has a steel body designed to accommodate packing boxes of any type of ammunition mounted on a four wheel drive truck chassis. The equipment repair truck, making use of the same type of chassis, has bins and drawers for spare parts and material for repairing personnel equipment, rifles and machine guns, leather equipment etc.

The artillery repair truck has a four-wheel drive chassis and a small machine shop body with equipment consisting of a lathe, drill press, bench grinder, electric drill, welding outfit, air riveting hammer, milling attachment, blacksmith outfit, and other tools. Electric power is supplied by a gasoline-driven generator.

The two and a half artillery tractor weighs about 5,000 pounds and is capable of making 12 miles an hour under favorable road conditions. The 5-ton artillery tractor, weighing nine thousand pounds and capable of a speed of 6 miles an hour, will handle a load of 10,000 pounds. It is intended for use with 4.7-inch gun and 6-inch howitzer material. A load of 18,000 pounds is the maximum for the 10-ton artillery tractor, which will make about 4 1-2 miles an hour on high speed.

The 15-ton artillery tractor and the 120-horsepower artillery tractor will be supplied in limited numbers. They are of the track-laying type similar to those used by the French and British Governments and are for heavy loads which are not subdivided for transportation.

Other standard motor equipment consists of the reel and fire-control truck with a four wheel drive truck chassis and rear wheels replaced by caterpillar tracks; reconnaissance car a 1-ton truck capable of a speed of from 30 to 40 miles an hour; the light repair truck, weighing about 2,400 pounds; the 1 1-2-ton trailer for anti-aircraft guns; the 3-inch field gun trailer, which is utilized for hauling ammunition as well as the 3-inch gun material.

Tanks and other armored land vehicles are designed, procured, and maintained by the Ordnance Department.

There has been a constant effort to keep the variety of vehicles and parts to a minimum. Only one size of tire is used on all the heavier trucks and trailers, this size also being used on similar vehicles by the Quartermaster Corps, Signal Corps, and Engineers. The same magnetos is used on all types of ordnance vehicles. All types of ordnance truck bodies are interchangeable on all truck chassis issued to the Artillery.

Weekly Examinations to Fill Positions in Civil Service

So urgent is the Government's need for bookkeepers that civil service examinations to fill positions of this character will be held throughout the United States each Tuesday until further notice. Women as well as men are eligible.

Two classes of examinations are announced. A grammar-school education or its equivalent is required of applicants for either class, with the further stipulation that those who wish to take the bookkeeper-typewriter examination must have had at least six months' experience in bookkeeping, and those who would undertake the clerk-bookkeeper examination, one year's experience in clerical work, six months of which must have been in bookkeeping. The vacancies to be filled from the register obtained from these examinations are in the departmental service at Washington and offer entrance salaries of \$1,000 a year.

These examinations are open not only to all citizens of the United States but also to subjects of allied nations who are otherwise qualified for the positions offered.

A national school poster competition has been put under way by the National War Savings Committee. Prizes of war-savings stamps are to

CITATION BY PUBLICATION.

THE STATE OF TEXAS

To the Sheriff or any Constable of Donley County--GREETING:

You are hereby commanded to summon M. Powell by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; to appear at the next regular term of the County court of Donley County, Texas, to be held at the Court House thereof, in Clarendon on the First Monday in May A. D. 1918, the same being the 6th day of May A. D. 1918, then and there to answer a petition filed in said Court on the 4th day of April A. D. 1918, in a suit numbered on the docket of said Court, No. 352, wherein Cicero Smith Lumber Company, Inc., is Plaintiff and M. Powell is Defendant; the nature of plaintiff's demand being as follows: Suit of a note in the principal sum of \$205.10 dated February 9th, 1918, and due November 15, 1918, executed by M. Powell and payable to the plaintiff Cicero Smith Lumber Company with interest at the rate of ten per cent per annum from date; and providing for ten per cent attorneys fees if suit is brought on same; and suit on account in the sum of \$9.65 for goods, wares and merchandise delivered to defendant by plaintiff at his special instance and request.

Plaintiff alleging that defendant has left this state permanently and has or is about to remove his property out of this state without leaving sufficient within the state to pay his debts and has failed and refused to pay plaintiff or secure the said note and account due by defendant to plaintiff. Plaintiff also alleges that it has placed said note in the hands of its attorneys for collection and has contracted to pay the ten per cent inside note stipulated as attorney's fee and prays judgement for its principal debt as represent by said note, interest and attorneys fees and for its debt as shown in said account, aggregating the total sum of \$214.65, and for such other and further relief, special and general in law and equity, that it may be entitled to and for costs of suit.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Clarendon, Texas, this 4th day of April A. D. 1918.

J. J. Alexander, Clerk, County Court Donley County, Texas.

be awarded for the best posters dealing with war-savings stamps and certificates, designed by pupils of public schools and art schools. The contest will close May 15.

The Norwegian Government has appropriated \$7,000,000 to assist intensive agricultural development. Of this amount, \$4,500,000 is to maintain low maximum prices for cattle feed and fertilizer.

New Japanese concerns numbering over 100 are reported as having entered business at Shanghai during 1917. The Japanese population is rapidly increasing, now being about 14,000.

A standard system of inspection by which Federal food administrators may keep a check on commercial bakers is being worked out by the Department of Agriculture and the Food Administration.

Raw Cotton from United States Goes to Spain

The War Trade Board has granted licenses for raw cotton to Spain in quantity sufficient to load several Spanish vessels. This action provides cotton necessary to fill the normal requirements of the Spanish mills.

Under the agreement with Spain that nation permits free export to the allies if certain commodities in return for which the United States permits, so far as consistent with its conservation policies, the export to Spain of necessary supplies of cotton and other commodities to cover genuine Spanish requirements.

Australian Farmers May Put Cattle on Wheat Land

Recently there has been considerable discussion through the press and at public meetings in Australia concerning the advisability of producing more beef cattle and sowing less acreage to wheat, according to a report to the Department of Commerce.

Let Stanley test your eyes and give what your eyes need in glasses.

GOOD MULES AND HORSES FOR SALE.

Two car loads of young mules, one car load of good horses to sell within the next thirty days. Cash or good notes, fall time. Come in and see me now.

H. LOTT.

ACT QUICKLY.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Clarendon evidence of their worth. I. W. Carhart, Third and Jefferson streets, Clarendon, says: "I have used Doan's Kidney Pills and have always found them fine for lameness across the loins and other signs of kidney trouble. I heartily recommend Doan's Kidney Pills, procured at McKillop's Drug Store, for uric acid in the system, rheumatic pains and bladder trouble."

OVER FOUR YEARS LATER Mr. Carhart said: "I haven't had to use Doan's Kidney Pills since I endorsed them before. I think just as highly of them now as ever."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mr. Carhart had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

SAVE \$1.50.

Make your Healing Remedy at home. Get a 50c bottle of Farris' Healing Oil, add it to a pint of linseed oil and you have a full pint of the best healing remedy that money can buy. It cures old sores, wounds, cuts and scratches. We sell it. City Drug Company.

At The Vogue you will find the King Bee and Gage hats which please the most artistic.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The disagreeable thing about talking to some people is that they won't let you get through telling your troubles—they break in and swamp you with their own woes.

It didn't take Clarendon but two days to get lined up with the new "summer time." Now the difference is scarcely noticeable except for the first hour in the morning—about getting up time.

One of our exchanges remarks that it is amusing to see how candidates, who have been opposed to woman suffrage, are now making frantic efforts to ingratiate themselves with the ladies. Gee! Aren't we glad we aren't running for anything, but three Hooverized meals per day.

Wilbarger County bought its full quota of Liberty Bonds the very first day of the campaign. They did it by just the same methods that Hindenburg crashed through the British line in Picardy—by intensive preparation in advance. They went Old Hindy one better however, he had to stop, and you can't stop those Wilbarger people.

As assistant secretary of the Texas Press Association, the editor of The News has been authorized to arrange for conducting a special Panhandle Pullman out of Amarillo to the annual convention which meets in Fort Worth, May 9-10-11. Circular letters giving the details have been mailed to the publishers of the Panhandle and already responses are coming in. Mail your check to this office today for your Pullman reservations.

Our troops are being rushed across the Atlantic with all haste to pile up the ever increasing volume of man power which shall hurl the Hunnish pride in the dust and shatter forever the Hohenzollern dynasty. The American is just the man to do the business, too.

Donley County must do her part in the Third Liberty Loan campaign. To reach our full quota every man must buy every dollar's worth of these bonds, he can possibly spare out of his business. If we give "force without stint" as expressed by President Wilson, then we must do so with our money. There is no force without finance.

Don't consider that because you bought Liberty Bonds in the First or Second calls that you are excused from buying in this third call. The fact of the Third call brings us face to face with the stern reality of putting the money behind however great the effort must be to win this war. The freer the dollars the sooner the victory—and peace.

This Smith person who conducts the Lockney Beacon attempts to throw a little asparagus on our "war gardening." He says a sinner of our type who don't want to grant votes to women ought not to have any help from his wife on the garden. Now Ben, when you start to the Panhandle Press Association at Amarillo next month with a woman driving your jitney, just come via Clarendon and we'll engage to let you sit out in the street and jeer while we give a little demonstration on the proper method of "war gardening." With all this Bevo and war garden investigation business, the Amarillo meeting is sure to be a warm affair.

It seems that Friend Smith of The Lockney Beacon and The News man cannot get together on this suffrage business. We recently charged that Bro. Smith was like most suffragists in the south in not knowing that the leaders in the feminist and suffrage movement had declared themselves against marriage, pleased over the increase in divorces and longing for the time to come when legal marriages shall be no more. True to form Bro. Smith says he never saw such a statement. Well, here goes:

Karl Marx, the father of socialism (and woman suffrage was born in rank socialism) says. "On what foundation is the present family based? On capital, on private gain. In its completely developed form the family exists only among the bourgeoisie. But this state of things finds its complement in the practical absence of family among the proletarians, and both will vanish, etc."

Mrs. Catt, in her derision of things sacred cries against the women opposed to suffrage and terms them the "home, heaven and mother party." We deride what we despise.

Miss Inez Milholland, noted New York leader says: "This pressure toward a constantly growing freedom on the part of the sex means that in the long run the institutions most certain to be changed are the home

and marriage itself." Nice ladylike sentiment.

Ellen Key aubs out the following: "Motherhood is a state institution where the man will not figure in the life of the woman except as father of the child—to keep the record straight." Showing how "strong-minded" she must have been.

Jennie Ashley, a former secretary of the National Womens Suffrage association says: "In the choice of love a woman is as free as a man. Human beings must be in a position to act freely where their strongest impulses are concerned. No one should have to give account of himself or herself. There may be as many fathers as children." Comment would be "shuparflus" as Kipling says.

W. L. George, great English suff leader declares: "In the main we are opposed to the indissoluble Christian marriage. The present increase in the divorce rate is of course gratifying but it is not enough. Personally, I feel that the ultimate aim of feminism is the suppression of marriage and the institution of free alliance. It may be that only thus can women develop her own personality." Nuff sed.

C. Gasquoine Hartley: "The free power of selection in love! Yes! That is the true Female Franchise. It must be regained by woman. Existing marriage is a pernicious survival of the patriarchal age."

But 'snuff Bro. Smith, you nor this writer will have to face the fruition of this thing. It's up to unborn generations, and God pity them.

THE CLARENDON OIL & GAS CO.

There has been lots of oil stock sold in Clarendon and Donley County the last few days and weeks, but the above company promoted by Joe M. Warren and J. T. Warren deserves the blue ribbon for doing things quickly.

This company was chartered by the State of Texas on the 4th, of this month and already they have sold about all the stock they wish to and have got the money in the bank to drill the first well, which will be begun in a few days, just as soon as the driller finishes a well he is now drilling.

The property that this company has acquired is now practically surrounded by producing wells, and the promoters feel like they almost have a cinch on getting paying oil.

The officers and directors are as follows: Joe M. Warren, president; Wesley Knorpp, vice-president; F. E. McCrary, secretary-treasurer. A. R. Letts and A. N. McCardle.

Such men as Harry Weatherly, F. Letts, A. R. Letts, M. L. Kelly, Jr., Wesley Knorpp, A. N. McCardle, F. E. McCrary, A. M. Beville, Harwood Beville, M. N. Nelson and others have bought stock in this company.

Warren Bros. deserve some credit for being able to put through a company so quickly and being able to interest such substantial men. The company certainly is organized on a fair basis and has valuable holdings.

KANSAS CITY STOCK MARKET.

Kansas City Stock Yards, April 8.—Western receipts of cattle started in light, while hogs increased materially, and sheep were normal. Here 11,000 cattle 13,000 hogs and 6,500 sheep, a loss of 1700 cattle, 8500 hogs and fair gain in sheep compared with last Monday. Cattle and sheep prices opened higher, while hogs declined sharply. Native steers up to \$15.10 Colorado pulpers \$14.75 record high price and fed lambs \$20.60, all April record prices.

Beef Cattle.

Dwindling of supplies of beef cattle in the west, which is more and more apparent each day, resulted in another sharp upturn in prices here in the face of an irregular market in Chicago. Natives sold at \$15.10 and Colorado pulpers \$14.75 25 above former top record. Packers are buying lightweights little better than stockers at high prices. Butcher classes firm to 15 cents higher; mixed yearlings at \$13.35, Colorado cows \$11.00, and bulls \$10.00.

Stockers and Feeders.

Competition from packers for lightweights carrying a little flesh infused new life into the stocker trade which closed dull last week. Prices ruled strong to unevenly higher, light and weighty selling up to \$12.50. Yearlings received more attention and better tone prevailed. Stock cows and heifers also firmer, best up to \$11.30 twelve loads Oklahoma stock cows \$9.50, train of Arizona yearling steers cows and heifers, \$8 to \$9.75.

Hogs.

Liberal supply in West and 1,000 gain here over last Monday with 13,000. Weakness was a dominant factor all around, early sales here 15 to 25 lower to shippers. Packers began slowly on about the same basis, but showed more interest on the close and paid strong to higher than the opening. Top lights \$17.15, butchers, \$17.95, heavies, 16.90, bulk \$16.75 to \$17.10 against \$17.05, top and \$16.50 to \$17.00, bulk last Monday. Pigs slow and weak. Close showed stronger tenancy.

Sheep and Lambs.

There was a fair increase in sheep, nearly 5,000 more than a week ago, but 1700 under early estimate of 8,000. Quality good. Fat sheep limited and steady.

J. A. Rickart,
Market Correspondent.

What Kind of Clothes are you Going to Wear?

Maybe you haven't decided what style you'll pick out, but one thing you've undoubtedly made up your mind to, the clothes you buy this spring are going to be the kind that will give unusually good service.

In these days when war taxes and high cost of everything are effecting all of us, there's a special reason for being particular about the quality you get. There is more economy in buying right than buying cheap.

Hart, Schaffner & Marx and Styleplus New Spring Styles Are Here

Come in and see these new clothes; they represent the all-wool fabrics, high-class tailoring, and the smartest styles to be seen anywhere. They mean clothes economy that figures cost by the month, not by the price.

Many new things in Shoes, Hats, Shirts and other fine furnishings.

April 15th, Opening Date

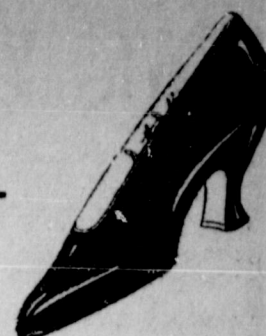

STRICKLAND & STORY

SUCCEEDING D. P. Ross, announce the opening, on April 15th, of a complete stock of Staple Dry Goods, Ladies' and Men's Furnishings, and Shoes. We call particular attention to our very large and exquisitely beautiful line of Silks--in Dresses, Waists, Underwear and Dress Goods, as well as men's and Boys' Shirts and Shirt Patterns.

Our stock, despite the high markets prevailing, will be found reasonable in price, and in line with the prices you have been accustomed to paying, and on a great many items, (new merchandise, at that) our prices will surprise you. An invitation—as you go to or from the war relic train next Monday, stop in to see our completely remodeled store and its stock. Mr. R. W. Harvey and Miss Ethel Rutherford will be glad to meet all their friends at our new store.

STRICKLAND & STORY

Opening Date, April 15th

The Philosopher Says:

CHOOSE your Shoes as carefully as you choose your friends.

Shoes, of kind, are on duty practically every hour of your walking day. On their absolute comfort and perfect fit depends much of your happiness and well being.

That's why **Howard & Foster Shoes** for men and **Dorothy Dodd Shoes**, for women, are always a wise choice. Made in the most attractive leathers, on the up-to-the-minute fitting lasts. They fit faultlessly. Try a pair and let us prove it.

Dr. and Mrs. Bob Younger and little daughter, Mary Jane, went to Bowie Sunday for a visit. Dr. Younger will go on to Mineral Wells for a short stay while Mrs. Younger visits in Jacksboro.

PAUL DUNKLE WRITES FROM FRANCE.

Battery A. 1st Trench Motor Bat. Somewhere in France.

Dear Folks:

Feb. 7.—The weather is fast becoming pleasant and seems just now as the spring could not be far off I am glad for I am about "fed up" on this snow and rain. We ran out of coal and oil last week, are now existing on candles and fresh air, but it agrees with me, health never better, horseback rides every day. Am still in charge of horses and giving riding lessons to all amateurs among the officers here in camp. Some new companies came in today so guess I will have them to instruct in horsemanship also. Am not very busy now but soon things will begin to "pop" especially with warm weather coming on I shouldn't be surprised if I see quite a lot of action in "The Line" somewhere,—sometime soon. Spring makes good fighting weather. Hope everything in Old Donley is pointing toward a prosperous year. Everything is so costly here now it takes extra endurance to live. Have paid for three Liberty Bonds.

Feb. 8.—I am now attached permanently to Battery "A." of the 1st Trench Motor Battalion and am now carrying out my duties as an officer in that company. You can address me from now on as such. The Battery is made up of New York National Guardsmen and regular army men and commanded by a Captain Donovan of the Coast Art. Corps. We will operate 9.45 inch trench mortars which throws a bomb carrying about 70 lbs. of high explosives blows a crater 25 feet in diameter and 10 feet deep. We will belong to first Army Corps and will operate on a wide front. The dirty "Hun" is going to catch cold (lead) when we turn loose on him. For a few weeks we will instruct our men in this line of work and then in all probability go into the line for Spring and Summer work. I am very glad that I am assigned to this work for I like the mortar we have, and perhaps after some service in the line I'll get a chance to return to the states as an instructor.

Feb. 19.—The weather is warmer now and quite a number of the officers in training here have gone nearer the front. I expect soon to see active service in the trenches and I welcome the time, for I do not want to return until I have done my "bit" and accounted for a "Hun" or two. Believe me when I do get a chance to take this battery—composed of N. Y. Gunners dagoes, Jews, etc.—into the trenches there will be a show for some one. My duties also require me to look after the personal equipment, the barracks and mess of my 61 men. And then after supper I must censor the mail until late at night, so you see I am kept busy. My assignment to this battery has increased my duties many fold; so I must settle down and put all my energies into preparing the men for service in the trenches. I am sending you several pictures which were taken of places around here. There are some very pretty scenes of lakes, rivers and mountains here, which remind me of the mountains of Colorado. Hill my room-mate is developing some pictures tonight. I am still blessed by having companions a few of the old A. & M. College men. Hope this finds you all well at home.

Lovingly,
Paul.

FUEL ADMINISTRATOR BLAIR URGES STORING OF COAL.

Below The News reproduces a letter from Fuel Administrator Blair in which he lays special emphasis upon our people buying their next winter's supply of coal during the summer months, thereby eliminating the heavy demands upon the railroads next winter and the accompanying shortage of coal during the winter months. Read the letter and buy your coal during the summer months:

Dallas, Texas, April 5, 1918. Local County Fuel Committee.

Gentlemen:
In a letter received today from the United States Fuel Administration in Washington, they requested that I write you and in turn instruct you to give wide publicity among your citizens to the fact that the Government looks for a more serious shortage of coal this coming winter than was experienced during the winter just passed. With this condition facing us, the Government earnestly requests and urges all consumers to buy their fall and winter supply of coal during the summer months from their retail coal dealer and store same at home.

Now gentlemen, the prudent man endeavors at all times to protect his home from want and suffering, and it is now up to him to act in regard to his fall and winter fuel supply, whether it be wood or coal. Every citizen of Texas should give this his immediate attention and make his arrangements at once, so that when winter time comes, his loved ones will be protected. I know that they will do this when the necessity of it is called to their attention, and it is up to you and me to see that the people know the true conditions that confront them, by giving the widest publicity possible to the above.

You are requested to go to the Ministers of the Gospel of all denominations in your Communities, and ask them to help out in this work. To a man, they have shown their patriotism and willingness to help our Government fight this war of Christianity versus barbarism, and I know that they will be glad from their pulpits to call the people's attention to this important matter and to say to them that our Government requests this co-operation on the part of every man.

The newspapers of Texas have shown their loyalty and co-operation in a marked degree. Take this up with the Editors of every paper in your County and ask that they, through the columns of their papers, give wide publicity to same. Also take this up with your Commercial and all other organizations in your County, and ask them to help in widely distributing the knowledge of the Government's position and wishes in regard to fuel, and it's request that every one co-operate by quickly buying and storing at home their requirements of fuel from now until next March.

To make it plain to the consumer and to enable him to lay in his supplies at less cost, the Government has reduced the price of coal for summer shipments. This reduction is based on the April price being lower than the other summer months, but they graduate up from April, monthly, until September comes, when practically the prices in effect last winter will again become operative. Consumers should bear this in mind and buy early.

While it is desired that all domestic consumers shall purchase their requirements, yet you are required to caution consumers to buy only a sufficient amount to do them. Every citizen should practice economy for his Government's sake as well as his own—not waste fuel but conserve it in every manner possible.

Instruct and caution all retail coal dealers that they must be careful and not sell any consumer more coal or wood than is actually necessary for his requirements when used economically, between now and March 1919. Dealers will not be permitted to sell any one more than their actual requirements, and will be held responsible should it be shown that they have done so. Coal must not be hoarded by any one above their needs.

When the people of Texas realize how necessary it is to conserve coal to aid our Government who must have same in quantities larger than ever before, for the transportation on land and on sea, of all supplies necessary to keep our Army fully equipped and well fed, they will, I know, efface all selfishness—which we all have in us in a more or less degree—and give to our Government every effort possible, and the conservation of fuel is one way in which all can help.

Yours very truly,
Wiley Blair,
Federal Fuel Administrator of Tex.

NOTICE.
We have installed for the benefit of our customer a grist mill and are now prepared to do all kinds of grinding, at the City Shoe Shop. Parker & Rhode.

I will teach a class in Piano and Harmony in Clarendon during the summer months. Will also give instruction in public school music, graduate in Piano Department, Clarendon College, student one year in music department of Drake University, Des Moines, Iowa. Have had two years experience as instructor of Public School Music, Amarillo Public Schools. Write Helen Powell, Clarendon, Texas. 16pd.

We Are After Your Business

If you don't trade with us we feel you are losing the satisfaction of careful

GROCERY SERVICE

which we pride ourselves on.

PHONE 18

And with your first order we will prove it.

We are striving to fulfill every condition imposed on us by the Food Administration, and we solicit the patronage of patriotic people who want to patronize "their kind."

FEREBEE GROCERY CO.

ARE YOU A DESTROYER?

We as a people of the U. S. A., are to assist all we can in growing and raising anything in the way of food, to help support ourselves and others, at home and abroad, during this great war, which seems to be a world wide war.

What are we going to with some one who comes along and destroys, or tries to destroy, chickens, garden, or other things which are essential?

If there is no law to protect one's property, or to protect one in trying to do all that is possible for that person or persons to do, then we may as well quit trying, or will of necessity have to have a city law which will protect us from boys or men, as the case may be, throwing rocks or other missiles at growing fowls, and in any manner trying to destroy.

Parents why don't you know the whereabouts of your children? Or why not if they must have such exercise, give it to them at home? And not let them destroy something which belongs to a neighbor, or even a stranger.

How would you like for some one to throw rocks at your little chickens, or at yourself? You might be tempted to get a gun after them. Well, we will try not do anything so rash, but we can turn such characters over to some official who can put them where they will not molest anyone.

It seems to me parents should go with their children just a little more than they do. We as older people should not expect our children to be grown up. They enjoy getting out if only for a good walk. During that walk try to see something which will interest the child or children, and at the same time be a benefit to him or her.

We would like our boys and girls just growing up to be good citizens, not of the type who wishes to destroy, take away or covet that which belong to some one else.

R. L. TEMPLETON OUT FOR STATE SENATOR

Mr. Templeton, of Wellington, Texas, is a candidate for State Senator in the Panhandle district composed of 49 counties and is now serving his third term in the House of Representatives from the 124th district. In his long service as a law maker he has advocated and supported bills to rid Texas of the liquor traffic and in the recent session of the 35th legislature introduced bills to make Texas free from the traffic and other evil influences. And he has always advocated senatorial redistricting so that Texas in the State Government as is justly due West Texas. He has advocated and does advo.

West Texas will have proper representation in the State Senate which has been denied by politics for more than 20 years.

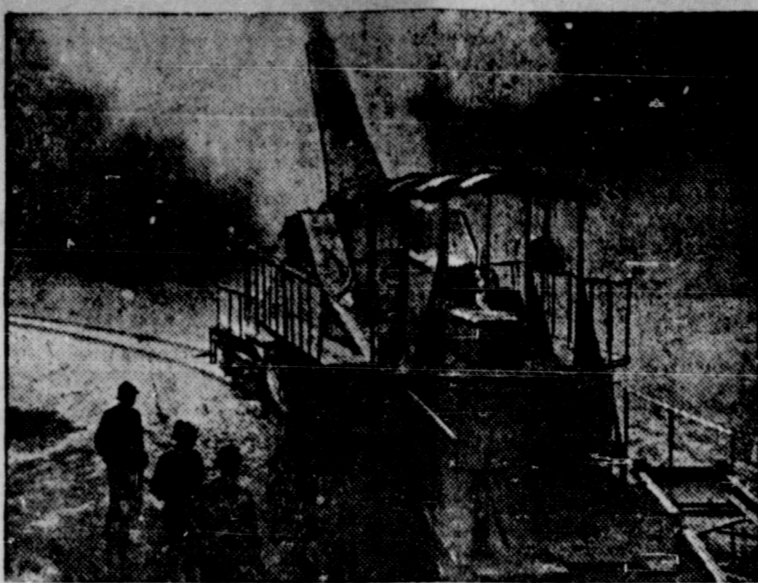

He is for reducing the present high tax rate so that the people can turn their savings to the winning of the war for the nation, and is for enacting only those laws which will aid Texas in becoming a greater factor for good in the war and a better State after the war, and is against making the legislature a political wrangle to serve the desires of politicians and spend the people's money. Subject to the Democratic Primary.

Gigantic French War Exhibit to Tour State

There is now being assembled at Waco, Texas, several car loads of every conceivable kind of fighting apparatus that is used on the battle fields of Europe, in the submarine warfare, and in the sky. The exhibit is the property of the French Government and is in charge of Mr. H. B. Coles, representative of the French High Commission. Mr. Coles is being aided in the arranging of the trophies by Mr. M. L. Fuller, special representative of the Missouri Pacific R. R.

This priceless collection will, when ready, be transferred to the American Government, and in turn into the care of the officials of the Eleventh Federal Reserve District.

Arrangements have been completed to divide the exhibit into two trains of five cars each, each train being composed of two flat cars, two baggage cars, and sleeper. The routing and transportation of the trains over the territory comprising this Federal Reserve District, is in the hands of Mr. O. W. Campbell, assistant to chief operating officer of the M. K. & T. Ry. The itinerary will allow for the inspection of the exhibit by the largest number of people possible in the various sections of the District. Two to three hour stops will be made at cities and towns en route. Each train will have a lecturer to explain in detail the history of the relics, and American soldiers will act as a Guard of Honor. The trains will start on this pilgrimage on the morning of April 6th, the opening day for the Third Liberty Loan drive. To attempt to describe in detail the history of this collection would be to tell the full story of the war. Nothing like it has ever been seen in America.

There is shown the type of torpedo that sank the Lusitania, airplanes, parts of Zeppelins, and every description of rifle and cannon that is being utilized.

They look—the airplanes and the 75's, the militralleuses and the trench mortars, and the caissons and the big gun carriages with the barrels shot away—as if they had been through every known kind of warfare.

The big French 75 millimeter cannon, a part of this exhibit, was damaged at the battle of the Yser. It shoots 23 times per minute, and without rest, an automatic cooling process making this possible. This immense gun is so perfectly balanced that one man can move it around. The range is four miles. The barrel is perforated with machine gun holes, made in close quarter fighting.

These are the guns that helped save Paris at the Marne, when the Germans were within fifteen miles of the capital.

A captured German airplane of the "Albatross" type, with a speed of 125 miles per hour is shown. When brought down, the two occupants, both officers, were dead; one of them wore the "Iron Cross" of bravery, and the machine itself, evidently for previous meritorious service, was designated with the same insignia.

There is a large German mortar of the "Minniewerfer" type, which was captured at the Marne by General Joffre's men. This piece is used to break down heavy defenses, and wherever it hits, everything is annihilated within a radius of several hundred yards.

You will see one of the French 400 millimeter guns that shoots a 16 inch shell and carries 24 miles, and is effective at 20 miles.

There is a collection of German 12 inch shells, captured at the Battle of Aires.

A notable relic is a Zeppelin bomb weighing 175 lbs. Each Zeppelin crew consists of 14 men, 2 machine guns, and 14 tons of projectiles.

There are liquid bombs for incendiary purposes. A defective German shell that burst out at the side, probably killing the nearest Boche—a French machine gun that shoots 550 shots per minute, the cartridges being fed on steel clips containing 26 cartridges each—a German trench mortar captured at Soissons—French catapults, a medieval style brought up to date, which throw grenades with immense force.

A peculiarly interesting piece is the gun carriage of one of the giant 120 millimeter French siege guns. This particular gun carriage was recently recognized by a French Officer visiting Waco, who declared his promotion was gained in an action around this gun. He shed tears of emotion when he satisfied himself of the gun's identity.

For trench war-fare, gun rests with periscopes are shown, so that the gunner can fire his weapon without putting his head in jeopardy. Supporting these mute but eloquent relics are upwards of four hundred actual battle front photographs, some of very large size.

The desperate character of the fighting above the earth is depicted in a vivid way by a close examination of the captured Albatross biplane, whose canvas wings are perforated in hundreds of places, and whose control wires are all wrenched and twisted into tangled masses.

The big Zeppelin bombs, the aerial bombs with fluted rudders, tell their grim story of death to women and children. The whole atmosphere of this hallowed collection of battle scared relics is redolent of deeds of valor, of sacrifice, and the determination to put out of the way for all time, this damnable Prussian octopus whose poisonous tentacles must be loosed once and for all.

THIS EXHIBIT IN CLARENDON

Monday, April 15, 1918 from 10 a. m. until 1 p. m.

WRIGLEYS

Helps teeth, breath, appetite, digestion.

"Give it to me, please, Granddaddy."

"Why Bobby, if you wait a bit for it you'll have it to enjoy longer!"

"Poo-poo! That's no argument with WRIGLEYS 'cause the flavor lasts, anyway!"

—After every meal

DECLARES RESULTS HAS BEEN AMAZING

Gained Eleven Pounds On Tanlac—Troubles Are Gone Now He Says.

It is not what the manufacturer claims for it, but the testimony of the multiplied thousands who have been benefited by it that has made Tanlac the most famous medicine in the world today. A. Palmer of 534 South Pearl Street, Denver, Colorado, a well known tailor who has been a resident of that city for six or seven years, in relating his experience with Tanlac, said: "For several years I have had an awful lot of trouble with my stomach. Everything disagreed with me and after meals I would get that puffed up, bloated feeling and belch up my food sour and undigested. I got to the point where I was almost afraid to eat anything because of the suffering I knew it would cause me. I was constipated, had terrible headaches and my sleep was very poor. My system seemed to be all run-down. I was losing weight and felt tired and worn-out all the time. I was losing ground all the time and felt that unless I could get the right medicine my troubles would soon become serious. "My wife who had been keeping up with the Tanlac testimonials persuaded me to try it and it has not only relieved me of my troubles but has built me up amazingly. I have taken three bottles and my stomach is now in good shape. My appetite is fine and I can eat what I want without feeling a sign of indigestion."

My constipation and headaches and all that tired feeling is gone and I have gained eleven pounds in weight, besides. Tanlac has been a great thing for me and I don't think anybody suffering like I did can make a mistake by giving it a trial."

Tanlac is sold in Clarendon by Dr. J. D. Stocking, in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

NO TRAPPING

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above. J. W. Kent, Superintendent. tf

"IF."

As we journey along amid life's busy throng,
In the thousands of faces we see,
If each one wore a smile, free from care free from guile,
What a jolly old world it would be!

If, instead of a frown for a "brother" who's down,
We stretched out a firm and free
With a hearty good will, just to help him uphill,
What a kindly old world it would be!

If dissension and strife we could banish for life,
And all nations to peace bent the knee;
If kind word and good deed cut out hatred and greed,
What a lovable world it would be!

Let us rise to a man and do all that we can

To proffer the bread that is leaven:
Put yourself to the test, let each one do his best
To bring this old earth nearer heaven.—Tit-Bits.

LOCAL RED CROSS NEWS.

The Chapter has this month made and inspected the following articles: Gause dressings fade by the Donley County Chapter 5273; gause dressings made by the Lelia Lake Auxiliary 175; gause dressings made by the C. C. Junior Auxiliary 475; total 5923.

Muslin bandages made by the Donley County Chapter 1354; muslin bandages made by the Hedley Branch 80; shot bags made by the Lelia Lake Auxiliary 46; total 1408.

Garments made by the Donley Co. Chapter 412; Comforts made by the Donley County Chapter 4; layettes inspected by Donley Co. Chapter 139 by Roman Catholic ladies and 3 by Episcopal ladies, total 446.

The packing and shipping committee report six boxes of surgical dressings, two boxes of garments, and three boxes of knitted articles were shipped during March.

McKnight has organized a Junior Red Cross Auxiliary, making the thirteenth in the County.

There was received from the Booth on last Saturday April 6, \$8.25.

If any lady has goods suitable for the Juniors to use in making refugee garments or scraps suitable for the comfort pillows please send same to the Red Cross work rooms.

The packing committee report

shipped for Belgian Relief 5 boxes and 2 sacks of clothing.

Knitting committee report 75 lbs. yarn received and distributed and 106 garments received for shipment.

The executive committee met in regular session Tuesday April 9 at 4 p. m. with 13 persons present.

The reports of the different departments were unusually good and showed much activity.

The committee was much pleased to have Mr. McDougal, chairman of the Hedley Branch, with them at this meeting and hope he can arrange to come regularly and also that the Giles and Lelia Lake organizations may arrange to send representatives.

Mr. W. D. Van Eaton will attend the Red Cross \$100,000,000 campaign conference in Dallas on April 16. Mr. Frank Bourland will probably accompany him, as they are our representatives in Donley County. This campaign begins May 20 and continues one week.

See Mr. W. D. Van Eaton about the beautiful quilt he has for sale for the Red Cross. It will be on exhibit at the rooms.

The Finance Committee has secured the names of the following persons who have promised to make donations to the Red Cross fund by signing the post-dated checks, aggregating so far, over \$300.00 monthly.

It is hoped this plan be adopted throughout the County. The following list will be continued until complete:

LELIA LAKE LOCALS.

Roy Guffey returned home Monday after about a week's stay in Pampa.

Walter Cothran and Homer Ellis returned home last week from a business trip to Brownwood.

We are glad to see Miss Ethel Ward recovering from an attack of appendicitis.

We are sorry to report Mrs. R. E. Conner real sick at this writing, but hope she will be greatly improved by the next one.

Buster Conner and family were Clarendon visitors Saturday night.

Quite a number of Lelia Lake folks motored to Clarendon Saturday night to hear the "Hawaiians."

We are sorry to hear Mrs. Earl Code real sick with a case of the "old red measles."

Mrs. H. M. Stebbins is visiting her mother Mrs. Inman of Dalhart.

C. H. Ellis and H. M. Ellis made a flying trip to Hall County Sunday. A party was enjoyed by the young folks Friday night at the home of Rev. Reavis.

Miss Dewey Mitcham of Clarendon visited friends here Sunday.

Mrs. Henry Jackson and daughter, Miss Irene of Canyon are visiting relatives here.

SAVE YOUR YEARLINGS

Stocking's Store sells the fresh Blacklegoids. Anybody can use it the process of administration is so simple.

KODAK ENLARGEMENT

Yes, we can make your kodak enlargements and do it right. Better bring us some of your choice negatives now and let us make you a nice lot of large pictures from them.

SATISFACTION GUARANTEED.
