GRADUATING EXERCISES OF THE CLARENDON PUBLIC SCHOOLS HELD ON FRIDAY, MAY TWENTY-EIGHTH

ON FRIDAY EVENING, LAST, THE GRADUATING MEMBERS OF THE SENIOR CLASS WERE AWARDED THEIR DIPLOMAS—FRANK R. JAMISON OF AMARILLO DELIVERED THE GRADUATING ADDRESS

The graduating exercises of the Clarendon public schools closed Saturday night after a program of almost every night for the entire week. All of the regular programs and recitals were held in the auditorium of the high school building. Ten members constitute the class of 1919-1920 and are: Oswald Coleman, Clark Dever, Douglas Doshier, Ola Grogan, Helen Martin, Dorothy Smith, Mary Cagle, Mary Hallett Benedict, Virginia Manly, Roberta Waldron. Class day exercises were held Thursday night and an excellent program rendered. Diplomas were awarded at the exercises proper Friday night, Frank R. Jamison of Amarillo delivering the graduation address. The address of Mr. Jamison is pronounced the best ever made in our city by citizens in a position to properly judge of such matters. The auditorium was crowded to the limit with all standing room taken. A most interesting program was rendered by the class in connection with the graduation address.

The pupils of Miss Myrtle Houk gave their first recital Monday evening, followed by the recital given by the little folks Wednesday, both programs drawing good sized crowds. The intermediate grades assisted the younger pupils in making their success share with them the many complimentary words of those who were present to enjoy the numbers. The program rendered Wednesday night was a drawing card due to its part to the fact that the winners in music for primary grades included Christine Chitwood and Irene Meads. Those of the intermediate musical class to receive medals were Fanny Florence Sims and Ruth Clark. Papers in the advanced class to win medal honors were Minnie Allen and Ruby Busbee. Silver medals as second honors were awarded to Ora Griggs and Ruth Rutherford. John Morris has the distinction of winning first place in all contests in the declamation contest.

In the contest between the pupils of the department of expression Friday afternoon Mary Joe Chamberlain won first honors and Ruth Chamberlain second representing first year juniors and seniors respectively. In the contest of second year pupils, Nettie Sims won in the junior and Verna B. Goldston for the seniors. Thelma Parsons was the happy recipient of the medal awarded to the best recital in all of the work of Miss Houk's department. The senior recital in piano and expression given Saturday night was well attended by a large and appreciative audience. Those competing described their duties in the department of the public school this term were Lois Reavis and Jessie Ingram.

With all the pupils of the public schools have done extremely well in both the paper and declamation contests we have the best crops of instructors to be found anywhere. The opinion of the school board is voiced in the fact that they have put forth every effort to induce the same in teachers for the next term at an increase of salary. Most of the same teaching force will be with us again next term. Much credit is due Supt. Nelson for his ability to secure suitable teachers and for the able manner in which he has discharged his duties in the responsible position which he has filled to the entire satisfaction of the patrons.

We have it on reliable authority that ample means will be on hand to pay salaries for the next term commensurate with the work expected of those who will have the matter of instruction in hand. Not only this, a department of domestic science and art will be added this season with a full equipment in charge of an experienced instructor. Judging from all indications, everything bodes well for an even greater school year for 1920-21.

MEMPHIS PREPARING FOR BIG FAIR DOINGS THIS FALL

The citizens of our sister city of Memphis are not content with putting up a goodly portion of the prize winning exhibits at the state fair, but are preparing to build a number of fair buildings right at home, contracts being let the past week for three large buildings and a grand stand. Liberal prizes will be offered to those offering winners.

BRICE NEWS

Our school will close this week. Most everybody done planting in this community.

There was a large crowd at Sunday school Sunday morning.

Mr. Jim Johnson and family visited in the home of their daughter, Mrs. Dot Kimbel at Lelia Saturday and Sunday.

Mrs. Butler visited her son Clyde Butler and family of this place last week.

Mr. and Mrs. W. S. Hearne enjoyed a family reunion at their home last Sunday. All the children and their families were present and among them was Mr. E. S. Kimberlin and niece, Miss Lola Mahoffey of Clarendon and Mr. Bynum Jordan of this place.

The young folks enjoyed a singing at the home of Mr. Youngblood's Sunday night.

PUBLICITY CAMPAIGN WEST TEXAS CHAMBER-COMMERCE

The National Publicity Campaign of the West Texas Chamber of Commerce thru which it has been arranged to visit 250 cities and towns of sixteen states of the union with airplanes, motion pictures, exhibition trucks and printed booklets, is rapidly being arranged and the party hope to leave West Texas as early in June as possible.

Dr. O. H. Loyd of Vega, known throughout the country as a great WEST TEXAS booster has been speaking to meetings of the business people in many towns and counties and not a single audience has failed to express their desire to affiliate in this work and place their town before the nation, in order that much of the adverse advertising that has gone out of this country may be corrected and that the people of the middle west and east may realize that West Texas today offers greater opportunities than any other section of the country. Dr. Loyd is endeavoring to cover all the principal towns and cities of West Texas, doing this organization work without remuneration, because he is a believer in this country. Following this is our motion picture photographer who will take pictures of anything desired in this community that affiliates in the work. These will be shown in each city thru the east in which a days stop is made. With this campaign will be sent a three ton Wichita truck loaded with agricultural and mineral displays. This truck has been generously donated by its manufacturers for the trip. In advance of this truck will fly daily from one stop to the next two airplanes covered with West Texas advertising. These will act as the sensational part of the campaign and will enable the movement to secure pages of newspaper editorials throughout the nation that could not be purchased at any price. Stops will be made each night where the motion pictures will be shown and during the day short stops will be made in the smaller towns as they are passed.

The campaign has been planned for the purpose of setting right in the minds of the northern and eastern neighbors facts about West Texas. Everything that goes into this campaign must be true of the country it represents and will be placed before the east as an educational campaign and not one of advertising. This will enable us to reach thousands of people that would pay no attention to an advertising scheme and yet to us in West Texas it is the greatest advertisement we could send out.

West Texas has many things to overcome; when John C. Fremont was sent to this country in the early 60's by congress to determine how far west agriculture was practical, he reported that at the 93rd meridian and the geographers marked our country as the Great American Desert.

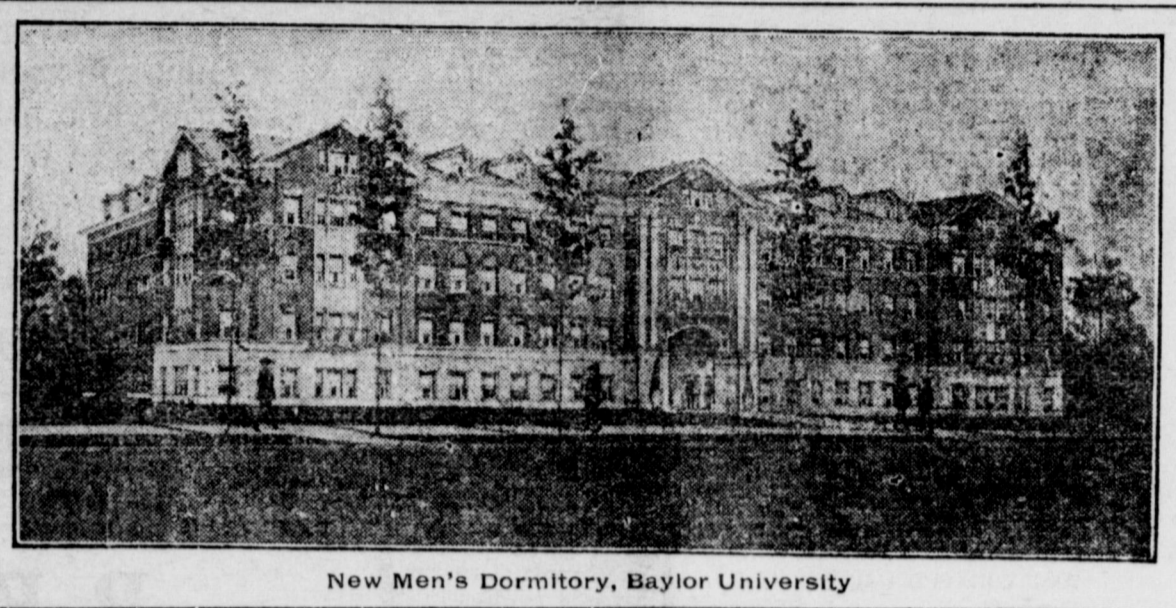

Some years ago northern land speculators came into this country and brought droves of unsuspecting people, selling their land at many times its market value, causing dissatisfaction. There is the impression throughout the country that West Texas is a region of long horn cattle, where every man carries a six shooter that is easy on the trigger, wears boots and a big hat and that the "bad man" still roams at will.

In 1917-18 the newspapers of the nation gave wide publicity to the truth that was experienced in sections of West Texas which served to corroborate the impression and belief that this was a drought stricken country.

Recent oil development and large stock speculation in petroleum has won another reputation for West Texas which is as hurtful, if not more so, than these other forms of publicity. Millions of dollars worth of oil stock has been distributed throughout the country based upon real or imaginary claims, said to be located near or in producing oil pools in some portion of West Texas. Today many communities in the north and east know West Texas chiefly by reason of having beautiful green stock certificates setting forth that they are the owner of so many shares of some oil company.

Leading magazines and newspapers have published articles regarding the oil fields of Texas that have been harmful and not creditable to our country.

West Texas today offers the greatest opportunities in the country for the farmer, the merchant, the manufacturer or the capitalist, but in order to secure our full share of these opportunities we must, by a concerted action on the part of all West Texas place before them the truth regarding our country. We must tell them of our substantial business life, and oil development as contrasted with the "good old days" and the home of our great stride toward intensive farming and the giant irrigation projects under way. These people must know that West Texas is no longer the country of the wild and woolly west, that the land speculator is not the products of West Texas, that our farms produce on an average larger crops than the high priced lands of the east and that West Texas today is the greatest storehouse of undeveloped resources in the United States and the home of the highest type of American men and women to be found in this en-

New Men's Dormitory, Baylor University

SUMMER SCHOOL

The summer school at the college is now in its second week of progress. The enrollment is nearing the seventy mark. This includes only students doing high school and college work. This is double anything that we have ever had before and merely indicates what it will mean when the College runs on a regular four-term basis beginning with 1921.

A new feature has been added this week. A section organized last Monday comprising grades sixth and seventh. Miss Annie Lou Richards, a most successful teacher and former graduate of the College is in charge of this work. The enrollment is already good and had we known in time that this work would have been offered would doubtless have reached a high figure. Even yet students may enroll for this work and complete a part of these grades. With the departmental plan as most schools have now, it is possible for a student in two summers to make a complete grade and thereby hasten the time when they will graduate from the high school or enter college and prepare for their life's work.

Another new feature of the summer school is the Art Department under the direction of Miss Wilma McLean. This work is centering on water color and china painting. Students may enroll any time for this work but should do so once if they hope to get the best results or a large amount of china painted. The china especially, should be especially interesting to many who wish to make their home attractive, for what is daintier than hand painted china.

A complete list of students will be furnished next week, giving the department in which the students are enrolled. The departments as now operating are: Literary, College, High School, Sixth and Seventh grades in Grammar School, Art, Violin, Piano.

FAREWELL PARTY

On last Saturday evening Miss D'Laurel Beville entertained sixteen Clarendon girls with a party by way of saying farewell before the departure of various members of the group for the summer. The invitations said "42" party, but the chief interest of the evening centered about the handkerchief shower given to Misses Gertrude and Pearl Miller, who are moving to Amarillo, and to Miss Mary Lillian Young, who is returning to her home at Megargle, Texas. After an hour of pleasant conversation and music, the hostess presented the party, giving to the guests of honor in a very clever little speech. After two hours more of pure joy, delicious refreshments were served, and those present decided to organize a perpetual society for the furtherance of friendship among their number. After extended discussion, the following guests took their departure, declaring Miss Beville a most charming hostess: Misses Mary Lillian Young, Gertrude and Pearl Miller, Maffet and Cassandra Simms, Pauline Zier, Carolyn McLean, Winnie Weatherly, Willie Nell Richards, Thelma Allen, Ruth Massey, Annie Cager, Jessie Morrison, Mary Helen Bain, D'Laurel Beville and Alpha Kemp.

FARMER SELLS OLD TIME COUNTRY PRODUCT WEDNESDAY

It has been a long time since the farmer folks have been selling home cured meats and lard. T. B. Berry, prosperous farmer of the Hedley country, brot up ninety pounds of good country lard Wednesday which he sold to Clayton & Dean. The quality is first class and compares back to the "good old days," except that he got present prices for the goods.

MISS YOUNG ENTERTAINS

A most enjoyable affair was the Little Party given by Miss Mary Lillian Young at her home, last Thursday night. Fourteen girls responded to the invitation to join in a jolly evening. The first thing on the program was a serenading tour of Clarendon. This proved very profitable as well as pleasurable for various citizens, charmed by the sound of singing mingled with the strains of the steel guitar, brought forth various good things to eat. Finally this part of the entertaining was concluded, the party returned to Miss Young's where a further jolly time was had, including a story-telling contest in which it was unanimously decided that Miss Polly Zier was the chief performer.

Dr. Loyd will have an interesting and valuable talk. We hope you will arrange for a good meeting of your Chamber of Commerce and business men. There are many towns he will not be able to visit and if these desire to partake in the work we know it will be good advertising and will be glad to send particulars regarding the affiliation or arrangement for Dr. Loyd to visit your community.

This is an opportunity for your community to be brought to the attention of fully 5,000,000 people throughout the country at very small cost, backed by the second largest organization of its kind in the world, which endorsement will have greater weight than any form of advertising might do. We want every progressive town shown in this campaign. For further particulars, address W. K. Whipple, Publicity Campaign Manager, West Texas Chamber of Commerce, Stamford, Texas.

CYCLONE STRIKES NEAR LELIA LAKE LAST TUESDAY

During a rainstorm about three o'clock Tuesday afternoon, a small cyclone cloud with typical tail readily recognized by the initiated, formed on the ridge just north of Lelia Lake. The cloud traveled west until near the Christal farm and then turned in a southeasterly direction, jumping the oil derrick and landed near the lake south of the track. At this point wire fences were twisted and then spilled in the Christal farm pasture, all of which was witnessed by Taylor who was building fence near the performance of the cloud. After taking the water from the lake, the cloud broke up and was dispersed. A path shorn of all growth as clean as a floor marks the path of the cloud. No other injury was done, the Christal home escaping by a miracle of the jump made from the hill to the lake, the house being in a direct path.

When the cloud was first forming, warnings were passed around in Clarendon, hundreds watching the strange maneuvers of the cloud from the streets and tops of buildings. Immediately after the cloud had passed south of the lake, Mrs. Jenkins hastily got together first aid medical material and made a quick drive to assist any who might have been injured. They were the first to arrive on the scene only to be followed by many other cars loaded with rescue parties. A general rejoicing was noted when they found that no damage was done. The ugly appearance of the cloud drove several women into hysterics, women and children fled to places of retreat. The excitement in this city was at fever heat for several minutes in the residential sections. In the business part of town crowds of both sexes calmly watched the clouds rise and the ground rise with volumes of dirt. Those who had never had any first hand experience felt confident that a safe retreat could be found in a house and especially a stone or brick building.

Monday is Trades Day—EVERYBODY IS INVITED

MONDAY IS TRADES DAY—EVERYBODY IS INVITED

Monday, June 7th, is Trades Day in Clarendon. Special features have been added since the last Trades Day. The auction next Monday will be for all day. Two planes will be down from Amarillo to furnish their share of the thrills and entertainment. Many little things have been added here and there to make the day just as interesting and pleasant as possible. It will be a great day for the whole crowd. An extra number of shoppers are expected to be here for that day to take advantage of the special bargains being offered by our enterprising merchants. Many of our busy farmer folks will take advantage of the fact that they can see the sights, make their necessary purchases and attend to personal affairs of business all on the same day without losing any extra time from their work during the busy season.

MISS YOUNG ENTERTAINS

Make the day a holiday. Bring in the folks and get acquainted. Bring in what you want to sell or trade. Get something new. A change makes a fellow feel better if the profit is not so large.

HISTORIC GROUND CHANGES HANDS FIRST OF THE WEEK

One of the most historic spots in Clarendon changed hands this week when Mrs. Susie Patterson sold her lots south of the court house to T. J. Jolly. It was upon this spot that the first church in this city was built, that being the Methodist church constructed in 1897. The church was sold several years later and moved to Dalhart. Uncle Joe Stanton, still a resident here, was among the first to preach in the church mentioned above.

R. Curtis, head mechanic in the repair department of the City Garage, visited relatives in Memphis over Sunday.

KANSAS CITY STOCK MARKET

Kansas City, Mo., May 31.—Considering that today was a holiday in other divisions of the markets, live stock receipts were liberal and trade was quiet. All the big packing houses were closed, but buyers were in the competition. They bought yearlings and butcher cattle and calves steady, heavy steers slightly lower, hogs steady Saturday and sheep steady to strong.

Receipts today were 11,000 cattle, 14,000 hogs and 8,000 sheep, compared with 10,000 cattle, 14,000 hogs and 15,000 sheep a week ago, and 15,000 cattle, 15,000 hogs and 16,200 sheep a year ago.

Killers bought yearling steers, mixed butcher cattle and cow and heifers at steady prices, in some cases paying strong prices for yearlings. Heavy steers however, continued in slow demand and prices were weak. Other markets had moderate supplies but they were unable to report any improvement in the trade.

Trade in sheep and lambs was active at firm prices. Killers were the principal buyers. Southwest spring lambs sold at \$15.50 to \$16.00, and some clipped lambs at \$14.50. Ewes sold at \$9.00 to \$9.25, wethers \$10.50 and thin feeding lambs at \$11.00 to \$11.25. Moderate receipts are expected the rest of the week.

AUBYN E. CLARK POST OF AMERICAN LEGION CELEBRATES MEMORIAL DAY IN A MOST FITTING MANNER SUNDAY

MEMBERS OF THE LOCAL AMERICAN LEGION CAMP AND OTHER VETERANS HOLD VERY IMPRESSIVE MEMORIAL SERVICES LAST SUNDAY—FORMAL RETREAT AND FIRING OF SALUTE OF HONOR WERE FEATURES

AFTERMATH OF CLEANUP DAY AS REVIEWED BY LEADER

Following Clean-Up Week in which the boys of the town piled more trash than it was ever believed to be possible to have found in this city, and Clean-Up Day when part of this trash was hauled—let the City of Clarendon continue the Clean-Up programme thru the entire summer and fall. In short, let the Clean-Up Day become a habit and make the city the most beautiful and healthful city in the state.

As was announced, the City has put on a special wagon to haul the cans that were piled up—but there is such an unearthly lot of them that we cannot promise to haul those from your yards in less than a month—and if you simply cannot wait that long, why haul them yourself, no one will feel hurt or slighted. When it is remembered that there were several piles in town that have taken four wagon loads to move out—you can appreciate the time that it will take to move the 75 contesting piles, not to mention the innumerable smaller piles over the city.

Weeds are growing up in the alleys and on the side walks over the city—not to mention the vacant lots adjoining your homes. These are not only an eyesore to the public but a bad impression for visitors, but also a nuisance and a danger to the health of the city, and as such can be condemned by the City Commission and a fine assessed upon the owner of the property. But it is not believed that such measures will be necessary. Pride, self-respect and common appreciation of the value of cleanliness for good health and happiness will clean these patches out in short order as soon as your attention is brought to the matter.

If you have a \$3,000 home without flowers and a lawn—by the addition of flower beds, grass lawns, shrubbery, white washing the trunks of the trees and a general cleaning up of the place—with paint now and then—you will add not less than \$1,000 to the value of the place should you desire to sell it and nickles can never measure the increased value of the place from a house to a Home. There are an innumerable number of ways in which this town can be made more livable, more beautiful and more healthy. Every time an improvement is made in the living conditions of a man's homelife or a city's homelife—a corresponding increase in his capacity for productive work, prolonged life, smoother nerves and greater capacity for just plain living.

What is the use of living if you can't get some of the finer things out of life. And what can give more satisfaction than a well founded pride in your Home, your City, your State and your Country? And by this I mean the earnest right to feel proud—and not the basking in the sunlight of results due to your neighbor's labors. One good old brother in our fair city rushed up to me within the past week and began to gush about something that he had found in the newspaper. He had from meeting people that were talking about Clarendon all over the state on a recent trip. "Why," said he, "I was simply proud that I lived in Clarendon. I went something like that folks where I was from. That beloved brother went fishing on Clean-Up Day, has never paid a cent to the Chamber of Commerce work, I'll bet a dollar has weeds in his yards and a wife with a perpetually tired look on her face. Way down deep under the whole heart of the thing he was little better than the man that would get money out of a bank when he had never put any in—was using something that the other fellow labored for, produced and should have felt a sense of shame instead of pride that he was from Clarendon, instead of a part of Clarendon.

The problems of the city and the destiny of the city are matters that concern every human in the city. Whenever we appreciate the fact that the City's affairs are our affairs—that the city's bad streets, poor outgoing roads, bob-tailed water mains, and other shortcomings are our own shortcomings and not George's and for which we gloriously well cuss George—then we will begin to build and do something in a big way.

Any man that gets in any organization for a selfish grasping motive has done himself an injustice and the organization harm. One man in the city said recently that the Chamber of Commerce had never paid him one cent. A Chamber of Commerce is better off without such members in it. Whenever a man's ideals, viewpoint, capacity for civic pride and general outlook on life gets to that stage it is a detriment to any human being to associate with him and death to any progressive organization to allow his spirit to breed death inside its vitals.

Service is Success and no man grows until he gets into something bigger than himself. Give more of yourself to the world and the world will give more to you. This City is Our World, in part.

Let Us Think.
Curtis A. Keen, C. C.

Mrs. Frank Whitlock has been very ill the past week. Dr. Hamm was called to her bedside from Devo, Oklahoma, Tuesday. She is better at this time.

One of the most impressive ceremonies ever presented to a Clarendon or Donley County gathering was staged by the American Legion assisted by the Civil War Veterans Sunday, May 30, on the Court House lawn. The occasion of Memorial Day was the observance of the ceremony in honor of the "Heroic Dead" of the past who have given their lives in the establishment and protection of the honor and position of our government.

Under the direction of the Aubyn E. Clark Post of the American Legion, a program was arranged for the occasion and was presented before a gathering estimated to be around 2,000 people at 5:30 Sunday lawn. The occasion of Memorial Day was the observance of the ceremony in honor of the "Heroic Dead" of the past who have given their lives in the establishment and protection of the honor and position of our government.

After these came the officers of the Legion, Post Commander J. J. Keen, Adjutant Keen, Finance Officer Adams and Historian Mrs. Cameron. The Company was commanded in march by Ex-Capt. Fields and consisted of 96 men from every branch of the army, navy and marine corps.

Coming on to the court house lawn the company was halted in company front, facing the flag-pole, flying the American flag at half mast. Rev. Ferguson of the First Methodist church offered an invocation. Mr. Connally spoke upon "Memorial Day" and Mr. Peebles upon "Our Heroic Dead."

Taps was blown by Bugler Dean followed by the Salute of Honor, the firing squad being commanded by Ex-Sgt. Robinson.

The band played two selections appropriate to the occasion and attention was soured by the bugle, preceding the Formal Retreat observed by every branch and department of the army. The Star-Spangled Banner was played as the flag was lowered and the feeling that surged thru the crowd reflected the deepest patriotism of West Texas people better than countless words could.

Cars were provided by friends of the Legion to make the trip to the cemetery to decorate the burial place of the five ex-Service men who sleep in the cemetery. A guard of honor stood at the foot of each grave, when again Attention was sounded. A wreath was placed on the entrance and Taps were sounded in memory of the men wrapped in the folds of Eternal Sleep.

The occasion was one of the greatest successes of the year—not from the brilliant display of any particular speaker, participant or feature—but on account of the spirit, the sentiment and the unified commemoration at the shrine of American Patriotism, of the supreme sacrifice made by the men in whose honor the ceremony was held. In spite of the dire predictions of half-baked American agitators, the flag waving cans, the calamity holding of the dis-peace insulting so called Red, the American nation stands upon a foundation whose stones are the heart and souls of a blood minded, noble hearted, full blooded average American.

DOMESTIC SCIENCE CLASS IS ENTERTAINED BY MRS. CHITWOOD

The pupils of the domestic science and art classes of Mrs. Ida Chitwood, county demonstrator, were delightedly entertained by their teacher in the parlor of the Palace cafe Monday evening. Thirty-three girls were present, about half of the regular class being unable to attend. The program rendered gave evidence of careful training and excellent discipline upon the part of their instructor. The first number consisted of a pleasing exhibition of the terpichoreon art by little Miss Christine Chitwood. Readings by Mary Joe Chamberlain, Ada Benson, Thelma Parsons, Nettie Sims and Grace Kendall were very much appreciated and called forth applause and enthusiasm. Refreshments were served at the close of the program.

Mr. and Mrs. Don Parker of Iowa Park, Texas, stopped of here Tuesday to allow his spirit to breed death inside its vitals.

AGED RESIDENT DEAD.

Joseph Henry Reeves, aged 78 years and an old and respected resident of this city passed away at the family home the 27th. The remains were laid to rest in the Citizen's cemetery, Rev. J. A. Smith, pastor of the local Baptist church officiating. A widow and a number of children residing in many different states survive.

THE PASTIME CONFECTIONERY

—By Painsstaking Effort Has

—Succeeded in building up a clientele of After-Show parties—attracted to our place by the convenient location and held by the pleasing combination of real service and of deliciously flavored Creams and Sodas.

—Then, too, our fountain trade receives equally prompt service.

—Monday, June 7th, is Trades Day—We invite you to make our place a convenient headquarters while here.

FOR FEWER CONGRESSMEN

The 1920 census will, on the present basis of representation, increase membership in the lower house of Congress to upwards of 500. The present membership is 435. With the ninety-six Senators and the delegates from Alaska, the Philippines and other possessions, we have already six hundred legislators.

Any reasonable man will readily understand that this number is too large to get the best results. There are many reasons why this is true. In the first place, it is difficult to get action when such a large number of members must be consulted and heard from, and with such a large number of representatives in Congress it is certain that many of them will be of mediocre ability. We need fewer and better legislators in Washington.

The better method is to decrease the number of Congressmen, increase

the pay and elect more capable men to the office. It is very probable, however, that this will not be done. If Congress increases the basis of representation it means that many of the members will be legislating themselves out of office. Most members of Congress are politicians, and very practical politicians at that, and it is probably asking more than could be expected to make a demand that the basis of representation be changed so as to reduce the House membership about a third. That is what ought to be done, but certainly we should not have any more Congressmen than we have now.—Amarillo Tribune.

One of the most promising fields of operation for the young man is agriculture. Production of food is at a low ebb. There are too many consumers and too few producers. Farm products will not reach pre-war prices for many years, if ever. The young man on the farm will not soil as many white linen collars as does the young fellow who is working in the city for a small weekly wage, but he'll accomplish more for himself and be of much greater service to his country. Many of the former objectionable features of farm life have been removed. It is not now of the humdrum character of former years. Neither is it so far removed from town conveniences. The motor car has brought the farm close to town and the farmer and his family no longer are isolated from their trading place.—Wheeler County Texan.

Wichita Falls, Texas, June 2nd.—Because restaurant proprietors would not agree to quit buying supplies from wholesalers who are members of the Open Shop association, union cooks and waiters were called out on strike this week from practically every eating place in the city. To help break the strike, members of business and civic organizations are volunteering for emergency duty as waiters. The strikers had recently been granted an increase in wages.

A TERRIBLE MIX-UP IN A PRINTING OFFICE

How things sometimes get mixed up in a printing office can only be understood by those who are members of the craft when in a rush to "get to press" two printers are finishing up the last copy and "dumping" on the same galley, and the foreman is cussin' blue streaks in his efforts to close the "form." The following write-up of a wedding and a notice of an auction sale is a fair example that recently appeared in a Texas paper:

"William Smith, the only son of Mr. and Mrs. William Smith, and Miss Lucy Anderson were made happy by being disposed of at public auction at my farm three miles east of town in the presence of quite a large number of guests, including two mules and 12 head of cattle.

"Rev. Johnson tied the nuptial knot for the happy couple averaging 1250 lbs on the hoof. The beautiful home of the bride was profusely decorated with one sulkey rake, one feed grinder, two sets of work harness, nearly new, bought just before the ceremony was pronounced. Mendelssohn's beautiful wedding march was rendered by one cow, 5 years old, one Jersey cow and one sheep, who carried a bunch of bridal roses in her hand; she wore one light spring wagon, two barrels of apples, three ricks of hay, one grindstone of mouseline de sole trimmed in about a hundred bushels of corn and some pea vine hay.

"The bridal couple left yesterday for an extended wedding trip with the best wishes of a lot of household and kitchen furniture and other things too numerous to mention. Terms, spot cash."—Swiped.

EXTRA MONEY FROM STATE FOR SCHOOLS

Schools of Texas will receive an extra appropriation of \$5,000,000 next year if the bill now pending before the legislature passes, according to a communication from Miss Annie Webb Blanton, State Superintendent of Public Instruction, to M. H. Duncan, Superintendent of Public Schools in Amarillo.

If this appropriation is made it will be apportioned on a per capita basis and will amount to about \$3 per child of scholastic age in this state, thus increasing the state income for public schools from \$8.50 to \$11.50. Miss Blanton states that there is a surplus in the State Treasury now of approximately \$7,000,000 and that the legislature is anxious to use the money as the people desire, but that they will not make the appropriation without knowing that the people want them to make it. Miss Blanton urges that all those who are interested in the public schools write their Senators and Representatives at Austin asking them to get in behind this measure.

TEXAS CONGRESSMEN NOT TOBACCO USERS

Washington, May 28.—The tobacco trust will never declare another dividend if the percentage of tobacco users in the country was as small as it is among the Texas Congressional delegation.

Both Senators Culberson and Shepard and half the House delegation are non-users of tobacco. The House members who evade the wiles of lady Nicotine are: Congressman Eugene Black of Clarksville; John C. Box of Jacksonville, Hatton W. Summers of Dallas, Clay Stone Briggs of Galveston; Joseph J. Mansfield of Columbus; Fritz G. Lanham of Fort Worth; Lucian W. Parrish of Henrietta and Thomas L. Blanton of Abilene.

Congressman Marvin Jones of Amarillo seldom smokes and never uses tobacco in any other form. Congressman James Young of Kaufman, Rufus Hardy of Corsicana; Joe H. Eagle of Houston; James F. Buchanan of Brenham; Tom Connally of Marlin; Carlos Bee of San Antonio; John N. Garner of Uvalde and Claude B. Hudspeth of El Paso like a good cigar.

KEEP SOWS IN GOOD FLESH

Unless a sow is in good flesh when she farrows, before the pigs are old enough to wean she will be so thin that she will stagger from weakness as she walks. This is not only unprofitable, but downright cruelly, and one of the greatest mistakes. The sow should never get too poor, or rather stay poor, until she farrows, and then try to keep her up by stuffing her with food beyond her powers of digestion, thus bringing on disease. A sow, while suckling, especially if she has a litter and is a good milker, will convert so much of her food into milk, that she will have a voracious appetite. If allowed, she will eat more food than she can digest and the result is a case of indigestion. The old notion that a sow must be poor when she farrows is entirely wrong. Do not try to fatten her while she is suckling, but just give her what good, sweet wholesome food she can digest and no more.—Field and Farm.

BUILD FOR THE FUTURE

Wherever you find new business buildings going up—there you will find prosperity. This is such a community. Buildings hastily constructed with "any kind" of material, are temporary—they will not last. As a builder, you are responsible for your part of the community in years to come. Build buildings that will endure! Our part of the responsibility is to furnish quality lumber, dependable materials and sound building counsel. You can benefit by it. Write or call

CHILDERS OUT FOR DISTRICT ATTORNEY

The News is authorized to announce the name of W. H. Childers, of the firm of Barrett & Childers, for the office of district attorney, forty-seventh judicial district, subject to the Democratic primaries in July. Mr. Childers was born in Bosque county, Texas, October 4, 1881, and is 38 years of age. When 4 years old his father moved to Arkansas where he was reared. Was educated in public schools and finished Junior year in college. Studied law and was admitted to practice in Arkansas courts in 1906. Practiced law in Walnut Ridge, Arkansas, and later become connected with American Trust Company, Jonesboro, Ark. Moved to Memphis, Texas, in 1912. The total value of all other and was associated there in the practice of law with Judge R. J. Thorne.

Was assistant cashier and vice president of Amarillo National Bank, Amarillo, and vice president of Drovers Cattle Loan Company, Kansas City, Mo., until 1919, since which time he has been associated with Judge L. C. Barrett in the practice of law. During the present term of district court he has defended five cases and secured five acquittals. He asks the voters to remember him at the coming primaries.

THE DAIRY COW STANDS FIRST

Of all farm animals the cow that gives milk to sustain and develop the human race ranks first in value in the United States. Statistics denote that the total value of cows being milked was \$2,022,000,000 January 1, 1920. The total value of all other cattle is not equal to the monetary value of the dairy cow and it is now

maintained by such eminent authorities as Dr. McCollum that in introducing food for mankind, no livestock is equal to that which produces milk, butterfat and vitamins.

It is therefore, well that during the past five years the average value of milk cows has increased from \$58.25 to \$91.95.

The manner in which the dairy cow's importance is being recognized is providing the incentive for breeding better cows, for giving cows a better chance and for eradicating disease from herds.

There is no doubt that the future offers much to him who will breed good dairy cows and provide them with favorable care, feed and management, regardless of what section of the United States he may live in.—Dairy Farmer.

LOCAL & PERSONAL

S. R. Isaacson, business man of Amarillo, was in our city Tuesday.

Frank White, claim agent for the Denver, spent Sunday with home-folks.

Rev. Joe Smith, pastor of the local Baptist church, attended the 5th Sunday meeting at Hedley last Sunday, preaching to them that night.

Tom Curtis, prominent stock man of the Amarillo country, had business in Clarendon Tuesday.

Frank Mace sold his place in the southeast part of town to George Chamber the last of the week.

Berry Lynch and Miss Tye, stenographer in Mr. Stallings' office, were married at Claude Sunday.

Mr. and Mrs. A. M. Black of Spearman returned home Tuesday after spending three weeks with relatives here.

W. H. Childers, candidate for district attorney, circulated among the voters of Donley county the past week.

Over two thousand have registered for the 31st Texas Annual State Endeavor convention to be held at Dallas June 9-13.

H. J. Greenlee of Guymon, Oklahoma, was down the first of the week looking for a farm location having sold out in his country.

Clyde Butler of Brice was a business visitor in the city Wednesday informing us that his big cotton crop was looking fine and needed no further attention for the present.

Miss Jessie Zurich returned from Denver yesterday where she has been in college. Miss Zurich is looking fine and of course every one is glad to see her back again.—Clayton Citizen.

W. W. Moreland brot in a sample of white minora eggs Wednesday, a sample of which weighed four ounces. The chickens are owned and managed by a small daughter, Willie, who takes a great interest in her charges.

Mrs. W. A. Allan, with Mrs. Tom Carhart and little John Allan Heath, left Monday to make their home in Wichita Falls. Mrs. Linley of Houston expects to join them there in June to spend the summer months.

George F. Morgan, grand master of Texas masonry and a well known resident here at one time while serving the county in the capacity of county judge and as county clerk, will visit the local masonic lodge on Friday, June 11th. All the members of the fraternity are invited to be present.

Representatives of the state department of insurance were in our town the past week. After making a careful inspection of the water-works system, they were of the opinion that the rates would have to be raised as the pumps are worn out and the entire water system on the bum. Jim Trent has been trying to get us to do something for a long time but we prefer to wait and regret what will eventually happen.

Dick Shaffer an Guy Andia had business in Amarillo Tuesday.

Mrs. W. M. Sparks is visiting friends in the city for the week.

Mrs. F. C. Whipple was a business visitor to Amarillo the first of the week.

J. J. Hansen of Ashtola, is assisting with the construction of the Christian church.

Mrs. J. R. Bartlett spent the week end with her mother at Memphis, returning home Sunday.

Mrs. Annis, who has been in the hospital at Amarillo for some time, died at Claude Saturday.

J. S. Martin, building contractor of Birmingham, Alabama, was here Tuesday, looking for a location.

Miles Bivens was down from the city of Amarillo on a business mission the fore part of the week.

R. H. Lynch and R. V. Woods of Claude had business here the first of the week, both reporting wheat crops looking fine up on the plains.

Over four hundred have enrolled in the state school for geological instruction this summer due to the increased demand of the oil fields.

Dr. McDaniel left for California the first of the week to seek a new location. His family will join him just as soon as a desirable place can be found.

Carlock Annis, who has been in the aviation service at Marsh Field, California, for several months, was transferred to Kelly Field No. 2 at San Antonio last week.

Mr. and Mrs. C. H. Dean and the two girls, Mattie Ruth and Julia, will leave the last of the week for a vacation tour of New Mexico, visiting relatives at Clovis and near Roswell.

Mills Bivens of Amarillo had an attack of pneumonia poisoning at Hedley Tuesday and was brot to the Adair hospital in this city. He had recovered sufficiently Wednesday to be taken to his home in Amarillo.

Miss Ola Harris, graduate of the Clarendon high school in the class of 1917, later spending three years training as nurse in the Baptist Memorial hospital at Dallas, and who has been with the local sanitarium the past winter, left Tuesday for Oklahoma to join her mother, Mrs. E. M. Harris. They will spend the summer in Colorado and Wyoming.

November 5th and 6th.
December 3rd and 4th.
If interested please preserve this notice. 21c.

W. T. Link, Ex-Officio, County Superintendent.

Wichita Falls, Texas, June 2nd.—Because of the demoralized condition of the eastern bond market, Wichita Falls finds no buyers for bonds voted for municipal improvements, and she has consequently inaugurated a campaign to sell \$1,500,000 in municipal bonds to her own citizens. The movement has every prospect of success, particularly in view of the fact that municipal bonds are exempt from the income tax which is a considerable item with many Wichitans.

As We See It

We have been asked a few times if it were true that dry goods, shoes, clothing, etc., were to be cheaper in the near future than heretofore. And because we were vitally interested in the question ourselves, we have not lost an opportunity to hear or read any opinion which we believed would give us light on it.

Volumes have been written and published in the dailies, feeding the hopes of the people that merchandise MUST come down in price. No one wishes that it could be so more than the merchant himself. So much proof has been advanced that there are merchants who take an exorbitant profit on their goods that the public has been almost ready to believe all merchants were profiteers. But they are not, and a sane public is acknowledging its confidence in the majority of merchants by continuing their purchases as heretofore. Some people, sensing what they hopefully believed to be a coming drop in prices have withheld purchasing necessities, not because they believed, at heart, that all merchants were robbers, but solely because of the expected decline.

Will Prices Be Less?

Any high school student of economics will tell you that the fundamental element entering into price-fixing is the Law of Supply and Demand. We will not ask you to wade through a mass of statistics, but dependable statistics show that there are far smaller supplies of raw material for the manufacturer to draw on today than ever before; that production per man is less today than ever before, due to shorter hours and slackened interest; that production per unit of machinery is consequently less today than ever before; that movement of raw material and finished products to and from factories and mills is more unsatisfactory than ever before, due to a serious shortage of cars; that both manufacturer and farmer face constantly increasing costs, and so on.

Price lists and bulletins from wholesalers and manufacturers unanimously agree in the opinion that it is humanly impossible for merchandise to be cheaper UNTIL (get this) as a nation we get

to producing on a pre-war basis. Can you figure out how merchandise can soon be cheaper? If you can, you can beat us. And if we were to jump in here and advertise a general reduction sale and unload merchandise bought, and priced to you today, on the basis of a market much lower than it now is, we would then have to turn round, buy merchandise at a higher figure and ask you even more than we are now asking you. We are taking only a legitimate profit on goods in stock. We are not going to inaugurate a general reduction sale, because we can not believe it is right to do so, knowing the condition and firmness of the merchandise market. It has always been our practice to have special sales to clear out short lengths, odds and ends, unseasonable merchandise that we do not want to carry over another season, etc. That is generally accepted as a good merchandising principle. (We are now offering worth-while reductions on certain articles which will soon be unseasonable, and it will be to your interest to watch for these special reductions.)

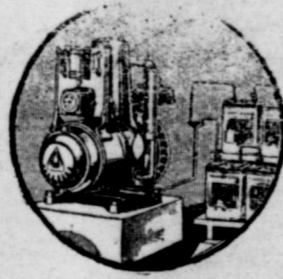

We have been unable, as already mentioned, to conclude that there can be any important change in prices, as much as we would like to see prices lower. So, therefore, we are looking for the silver lining to the cloud so many are seeing, and we see that, here in Donley County crop prospects were never brighter, our banks show resources easily double those of any previous year at this time, and the average family is wearing better clothing, eating better food and enjoying more of the pleasures of life than ever before. Things are not ALL wrong, so let's quit howling, and make the best of things as they are. We ought not to speculate (and our banks will see to it that we do not), but let's go ahead and do business in a healthy, sane and therefore safe manner and "it'll all come out in the wash."

If you have read this, we appreciate it, and hope that it will be regarded as a sincere effort to aid in reestablishing a confidence necessarily shaken somewhat by the process of eliminating the speculator from the nation's financial problems. Our Federal Reserve Banks, and the Comptroller of the Currency have told us, within the week, that conditions were fundamentally sound and that legitimate business ought to go ahead and would receive such aid as was needed from the banking system. So, as they said over there during the war, let's "Carry On."

Come to Us for PRINTING

SHOOTING DOWN HIGH PRICES

We always take the lead in Reducing Prices. We split our profit, thereby we offer you a saving—a big saving—on all merchandise. Sale began

SATURDAY, MAY 29, 1920

We are going to lead the way to Lower Prices. For a long time we have been looking for the time when we might start a sure enough campaign against high cost of everything. We are tired of high prices. We know you are tired of high prices. Everybody wants things to get back to where a reasonable amount of money will buy an equally reasonable amount of goods. And to do our part, we start a downward price movement, not because goods are cheaper on the market, for they are not. We lose our profit to make goods cheaper, in spite of the high cost—by knocking our profit. Now we hope that nobody thinks that the High Prices we have had and are still having were due to the retail merchant, but if you think that the retail merchant has in any way made more than a reasonable profit you are mistaken, and now we are giving up all our profit to help bring prices down, firmly convinced that the universal sacrifice of Profit by the merchant is the only way to start a downward price movement. We make a decisive price cut. We lead in the Price Downward Movement by giving up our profit. Don't miss this sale. We invite you to come and see for yourself. You will be astonished at the price of merchandise. Tell your neighbors we are sounding the Death-Knell to High Cost of living. You need the merchandise. We can save you money when this Big Sale opens. People of Clarendon and vicinity will see one of the greatest Bargain Sales ever witnessed. Nothing held back. We want you to come, expecting much and we see that you do not go away disappointed.

36 inch Bleaching, no starch, 35c-40c val. ..	24c

DRIVING DOWN PRICES

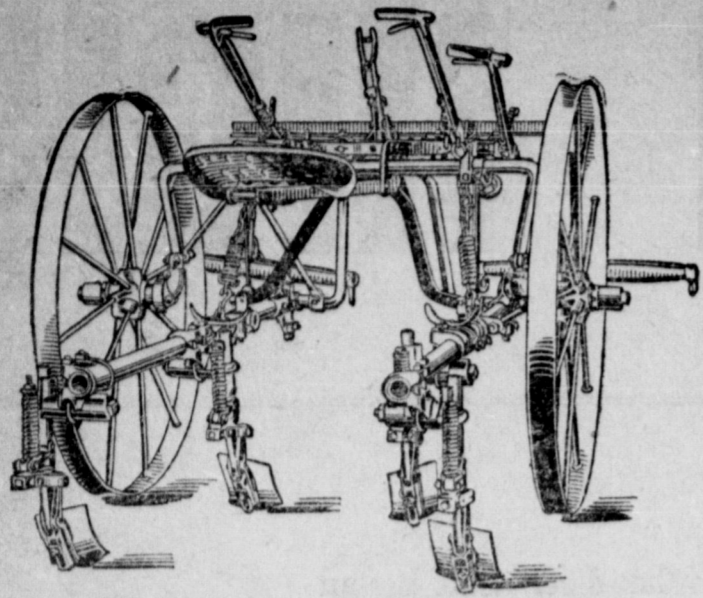

Buy your comforts and blankets now—it's the right thing to do. Cotton filled comfort size 72x84	\$4.99
Woolnap, gray and tan plaid blanket large size	\$6.25

DRIVING DOWN PRICES to the lowest possible level. The manager of this store wishes to call your attention that in this store you have always found prices lower than other stores, and now no store can make greater reductions than this store is making in effort to drive prices down. This sale is of much interest to everybody that wants to lower prices and practice true economy.

T. M. LITTLE

"The store that always leads in low prices"

Clarendon, Texas

Why "Wiggletail?"

"It does away completely with the leg-weariness caused by other cultivators." That's what one man said of the P&O Wiggletail Cultivator. He said a mouthful, and he touched on but one feature of this cultivator.

That word "Wiggletail" is an odd name for a cultivator, but it fits this one to perfection. Cultivators are made to loosen the ground and to destroy weeds. Can you imagine a better way than by wiggling a hoe or a cultivator shovel along between the rows?

Dodging in and Out Among the Crooked Rows

On the Wiggletail Cultivator, the tongue is pivoted both to the frame and arch. When the rear end of the tongue is moved sideways to the right or left by the shifting of the seat, the same movement angles the frame in the opposite direction and with it the arch and gangs. In crooked rows, the gangs can be instantly thrown out to prevent the destruction of growing crops, and in straight rows it is the easiest running cultivator ever made.

No cultivator on the market is so easily controlled, has such a wide range of adjustments to suit every condition, nor affords as great comfort to the driver as the P&O Wiggletail. And what we say about the "comfort" of the driver also applies to the team.

We have one dozen of these Cultivators left and will not be able to get any more this season. If you expect to get one it will be necessary to place your order at once.

A TALK WITH A CLARENDON MAN

Mr. W. H. Martin, Retired Merchant of 4th and Park Sts., Tells of His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Clarendon man:

"I found Doan's Kidney Pills very good for pain and lameness in my back," says Mr. Martin. "I got Doan's at McKillop's Drug Store and was pleased with the results they gave me right away. They are certainly a good remedy." (Statement given January 24th, 1911.)

On April 21st, 1919, Mr. Martin added: "I have not had any signs of kidney trouble for some years. I believe the cure that Doan's Kidney Pills gave me is permanent. I am always glad to say a word in praise of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Martin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

SCHOOL TERM AT GILES ENDS WITH EXHIBITION

The public school at Giles came to a close Friday of last week followed by a lengthy program. Miss Ruby Watt assisted much to the success of the program, contributing her musical skill in a manner most pleasing. Miss Maurine Mullins and father, Prof. L. H. Mullins, have been repeatedly requested to take charge of the school for next year owing to the fact that their work has been pronounced most successful by patrons and the school board.

AMARILLO TO ENTERTAIN CATTLE MEN IN CONVENTION

The executive committee of the Texas Cattle Raisers' Association will meet in Amarillo on the 8th of this month. The committee is composed of fifty-four members. In addition to that number, some two hundred prominent stock raisers from all over the state will be on hand. A big barbecue is planned to be held on the Masterson ranch. A trip to the big gas wells is also on the program. The main feature of this meeting will be a protest against the annulment of the tick eradication law now pending.

WANT ADS ARE CASH IN ADVANCE

We wish to again call the attention of our patrons to the fact that unless they have a regular monthly account with us, it will be impossible for us to open an account with them in order to charge a small item. The loss of time in making these small collections amounts to more during these times of high expense, than the item amounts to. Matter phoned in for the want column must be paid for before the day of publication if the party has no regular monthly account.

USE FOR CELLARETTE

When prohibition came on, Mr. E. J. McMullin, a Philadelphia artist, found a very good and antique cellarette on his hands. He purchased necessary parts of a phonograph and converted the cellarette into an excellent talking machine which now dispenses grand opera or jazzy music instead of wine.

Easy for Autoists.

Keeping the radiator of his parked car from freezing is the least of troubles to the autoist of London, Ontario, says Popular Mechanics Magazine. By paying a fat fee for the season he obtains a key which unlocks the covers of electric sockets attached to terminal boxes, mounted on posts at frequent intervals along the streets of the city. A small electric heater with a long cord is carried in the car and connected to the street box by simply inserting a plug. Not only is the car's circulatory system safeguarded, but its interior is kept comfortable during the owner's absence.

Joe Kemp of Leslie was up the first of the week for supplies.

GOLDSTON CANNING CLUB

The Goldston Canning Club spent an enjoyable afternoon at the home of E. E. Owen May 26th. The sewing lesson, under the instruction of Mrs. Chitwood, was very interesting. The community is gradually waking up to the necessity of this work and making it possible for the club members to show what excellent work they can do.

Wonderful plans for the future have been made and we realize that it will be a hard task for the other clubs of the county to meet us in competition at the county fair this fall.

The next lesson will be at the home of W. H. Morgan, June 2nd.

Secretary.

SHERIFF'S NOTICE OF ELECTION

For Special School Tax

THE STATE OF TEXAS,
COUNTY OF DONLEY,

Notice is hereby given that an election will be held on the 22nd day of June, 1920, at Boydston school house in Common School District No. 3, of this county as established by order of the County school trustees of this County, of date the 24th day of April, 1920, which is recorded in Book 1, pages 7 and 8, of the Record of school districts of said county, to determine whether a majority of the legally qualified tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$3,000.00 the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to 30, both inclusive, payable 20 years from their date, with option of redemption after 10 years, and bearing 5 percent interest per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material within said district and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and County and who are resident property tax payers in said district shall be entitled to vote at said election and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words "For the Bonds."

And those opposed shall have written or printed on their ballots the words "Against the Bonds."

J. W. Rhoades has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this County by order made on the 12th day of May, 1920, and this notice is given in pursuance of said order.

Dated the 24th day of May, 1920.

J. H. Rutherford, Sheriff,
Donley County, Texas.

SHERIFF'S NOTICE OF ELECTION

For Special School Tax

THE STATE OF TEXAS,
COUNTY OF DONLEY,

Notice is hereby given that an election will be held on the 15th day of June, 1920, at the Boydston school house in Common School District No. 3, of this County, as established by order of the County school trustees, of this county, of date the 24 day of April 1920, which is recorded in Book 1, pages 7 and 8, of the Records School Districts and county to determine whether a majority of the legally qualified property tax paying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually, a tax of, and at the rate of 50 cents on the \$100 valuation of taxable property in said district, for said purpose.

All persons who are legally qualified voters of this State and County, and who are resident property taxpayers in said district, shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County, by order made on the 12th day of May, 1920, and this notice is given in pursuance of said order.

Dated the 12th day of May, 1920.

THE STATE OF TEXAS:

TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETINGS:

You are hereby commanded to summon William Lester McCormick to be and appear before the Honorable District Court of Donley County, Texas, at the Courthouse hereof in Clarendon, on Monday, the 19th day of July, 1920, then and there to answer the petition of Bertie Lillian McCormick filed in said Court on the 20th day of July, 1920, wherein Bertie Lillian McCormick is plaintiff and William Lester McCormick is defendant in Cause No. 1070 on the Civil Docket of said Court, by causing a true copy hereof to be published for four successive weeks in some newspaper published in Donley County, Texas, the first of which publications shall be at least twenty-eight days before the return day of said term of said Court.

The nature of plaintiff's cause of action is a suit for divorce upon the ground of abandonment alleging a lawful marriage still existing on the second day of July, 1920. And alleging abandonment by defendant in the month of July, 1913, and further alleging the sole and only issue of said marriage to be one girl child, named Lois Adeline, 6 years of age, and praying for the possession and custody thereof exclusively.

Given under my hand and seal of said Court this 20th day of May, 1920.

W. E. Bray, Clerk District Court, Donley County, Texas.
By S. Hightower, Deputy.

SHERIFF'S SALE

STATE OF TEXAS, COUNTY OF DONLEY.

By virtue of an order issued out of the Honorable County Court of Armstrong County, on the 16th day of April 1920, by the Clerk thereof, in the case of J. N. Collins versus O. J. Foy, No. 381 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the 12th day of June, A. D. 1920, at the Gin yard in Lela Lake in Donley County, the following described property, to-wit:

One J. I. Case threshing machine, one J. I. Case steam tractor, engine together with the accessories, belts and parts thereof, levied on as the property of O. J. Foy, to satisfy a judgment amounting to \$423.80 in favor of L. N. Collins and cost of suit.

Given under my hand, this 24th day of May, 1920.

J. H. Rutherford, Sheriff.

TREASURY DEPARTMENT

Office of the Comptroller of the Currency

Washington, May 1, 1920.
Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The First National Bank of Clarendon," in the city of Clarendon, in the county of Donley and State of Texas, has complied with all the provisions of the Act of Congress "to enable National Banking Associations to extend their corporate existence, and for other purposes," approved July 12, 1882;

Now, therefore, I, Thomas P. Kane, acting Comptroller of the Currency, do hereby certify that "The First National Bank of Clarendon" in the city of Clarendon, in the county of Donley and State of Texas, is authorized to have succession for the period specified in its amended articles of association; namely, until close of business on May 2, 1940.

In testimony whereof witness my hand and seal of office this first day of May, 1920.

T. P. KANE,
Acting Comptroller of the Currency.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyleth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, a sit does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after application of two, your hair becomes beautifully dark, glossy and attractive.

NOTICE IN PROBATE

THE STATE OF TEXAS.

To The Sheriff or Any Constable of Donley County, Greeting:

You are hereby commanded to cause to be posted for a period of not less than one year in Donley County, a true copy of said notice for ten days, exclusive of the day of the first day of publication prior to the next regular term of this court which said notice is as follows:

THE STATE OF TEXAS.

To all persons interested in the Estate of J. S. Stephens, deceased:

C. T. McMurtry has filed an application in the County Court of Donley County, on the 9th day of February, 1920, for letters of administration on the estate of said J. S. Stephens, deceased, which said application will be heard by said Court on the 21st day of June, 1920, at the court house of said county, in Clarendon, at which time all persons interested in said estate are required to appear and answer said application should they desire to do so.

Herein filed, but have you before said court on the first day of the next term thereof this writ, with your return thereon showing how you have executed the same.

Witness my hand and official seal at Clarendon, Texas, this 20th day of April, A. D. 1920.

W. E. Bray, Clerk County Court, Donley County, Texas.

GOLDSTON ITEMS

Mr. Ziegler is on the sick list this week.

Quite a number of children have whooping cough.

Monty Garrison and wife were visiting at the Elmore home last Sunday.

Mr. and Mrs. Barnett were visitors at Mr. and Mrs. Walter Goldston's this week.

Mrs. Morgan, who broke her arm while cranking a car, is improving.

The derrick for the test well on Mr. Huntington's place has been erected and drilling will be started in the near future.

V. Grant and wife of Kansas City after visiting with his parents, Mr. and rs. G. R. Grant for a few days, returned home the first of the week.

A very successful term of school closed last Friday, the 3rd, teachers Miss Gray, Miss O'Neal and Miss Bordenman are commended for the manner in which they conducted the school. A good program was rendered Friday night, a large crowd being present. A gold medal was offered to the pupil in each room who kept their books cleanest and nicest. Luco Owen won in Miss Gray's room; Nina Grant in Miss O'Neal's and Loyd Thomas in Miss Bordenman's. Vena Grant won the prize for best house-keeper and Lela Shannon for best drawing book in seventh grade.

WHAT COULD BE FAIRER?

Some Iowa ex-service men have drafted a satirical bonus bill for congressmen who are against the bonus plan. The bill limits congressional pay to \$30 a month for the time on duty, less allotments, insurance, payments on Liberty bonds and court-martial fines. Issue clothing to the members, altho it must be ill fitting and renewable at rare intervals. Rations at 52 cents a day will be allowed, and one-tenth ounce of Bull Durham daily. Travel in third class coaches and box cars is provided, and each man will be in his seat at the Capitol at 7 a. m. Kitchen police and fatigue details will be provided from the rank and file of membership. After enacting this bill, the congressmen are invited to kill the soldiers bonus.—Ex.

2ND MISSION COMES FROM PHILIPPINES

Body Headed by Senate President Quezon Reiterates Demand for Independence.

That the Filipino people are in earnest in their demand for immediate independence is indicated by the coming to the United States of a second Philippine mission to work for independence. Coincident with this announcement the War Department received a cable from Manila stating that the all-Filipino legislature had adopted resolutions reiterating its plea for immediate independence.

Senate President Manuel L. Quezon.

States. Mr. Quezon and the Hon. Sergio Osmena, Speaker of the Philippine House of Representatives and Vice President of the Council of State, are the leaders of the Nationalista party, which has been in power since 1907.

While Speaker Osmena is not so well known in the United States as Quezon, he is considered one of the ablest men in the islands. Senate President Quezon recently referred to Osmena as "the greatest Filipino since Rizal." The personal relations between Osmena and Quezon are probably without a parallel in modern politics. They have been the leading political figures in the islands for 12 years, yet there has never been the slightest indication of rivalry between them. Throughout their college life as well as their long political service each has refused to be a candidate for any position that the other aspired to.

During the years Quezon was the Philippine delegate in the American Congress he won the esteem and confidence of both the Republican and Democratic sides of the chamber. Whenever he spoke he was assured of a good attendance. One of the official short hand reporters once declared Quezon used the purest English of any member of the House.

Osmena, as president of the Nationalista party, is the leader of the national movement for independence. "Osmena is the premier 'de facto' of the Philippines," said a leading Filipino

Speaker Sergio Osmena.

no Journalist, now in America. "A very conscientious and tireless worker, thorough and persistent, a genius for grasping the big features as well as the smallest details of public affairs, cool headed, quiet by temperament and education, a deep thinker, an eloquent speaker, a polished writer, a keen observer of men—such is Osmena." Both Osmena and Quezon have been consistent advocates of Philippine independence, yet when the occasion demanded it they have never hesitated to champion the cause of America's good intentions toward the Filipino people.

Wichita Falls, Texas, June 2nd.—The city government is planning to do nearly 12 miles of paving before the end of 1920. Wichita Falls now has ten miles of paved streets, so that the paved area will be more than doubled when the program is completed. On the wider streets, parkways will be constructed in the centers to give a boulevard effect.

Notice

To Business Houses on Main Street

In compliance with an order from the City Commission we are moving our pole line off Main Street, from Third street to the Railroad. We have already completed the line in the west alley and as soon as material arrives we will commence the work of building the line in the east alley. When we do this we are going to need some of the equipment now in use. So we ask our patrons on the west side of Main Street to have their buildings wired so as to be served from the alley as soon as possible. In this connection we wish to say to the property owners on the East side that it will take a very few days to build the lines down the east alley so we kindly ask that you have your wiring changed as soon as possible.

NEW TRAINS ON JUNE 6TH

Sunday morning, June 6th at 12:01 the new time card for Fort Worth & Denver passenger trains goes into effect. The new schedule calls for two through daily trains each way between Fort Worth and Denver. These trains will be run some faster than heretofore.

There will be a plug train run between Amarillo and Fort Worth. The schedule for the through trains to arrive and depart at Childress is as follows: Train 1 will arrive at 6 in the afternoon and depart at 6:15 Central time. Train 7 will arrive at 7:55 in the morning

and depart at 8:10 Central time. Train 2, which runs south will arrive at 10:15 Mountain time in the morning and leave at 11:30 Central time. Train 8 will arrive at 9:35 Mountain time at night and leave at 10:45 Central time. Trains 1, 7, 2 and 8 will be known as through trains and only one stop will be made between Fort Worth and Wichita Falls. Two stops will be made between Wichita Falls and Childress, two stops between Childress and Amarillo, and one stop between Amarillo and Texline. Trains 3 and 4 will be local trains, working all stations.—Childress Index.

Can he clean them? I'll say he can, replied the man who has his car cleaned at Alonzo Sargent's Automobile Wash Rack. Clean Up Day put our part of town in good condition, so don't be afraid of your tire getting a puncture. If that holds you back, for not having your car cleaned at my Wash Rack, phone 368.

MEET THE DE VEYRA FAMILY!

They Are Putting the Philippines on the Map in Washington

Hon. Jaime C. de Veyra, Who Has Just Been Re-elected as Philippine Commissioner to the U. S.

Mrs. Jaime C. de Veyra. She is Doing Important Work for Her People in America.

THE CHILDREN OF THE PHILIPPINE COMMISSIONER. The Baby of This Group Speaks Three Languages—Visayan, Spanish and English.

Permit us to present the De Veyra family. The Hon. Jaime C. de Veyra is the Resident Commissioner from the Philippine Islands to the United States and has just been elected to a second term of three years. As Resident Commissioner he has a seat on the floor of the American Congress, the privilege of taking part in debates, although no vote.

Commissioner de Veyra has an interesting wife and four bright Filipino kiddies. The De Veyra family, individually and collectively, constitute the best argument as to the tact and capabilities of Filipinos that the Philippine Islands have in Washington.

The commissioner is a 100 per cent Filipino, a Visayan, and is one of the foremost leaders of the party in power in the islands. During American occupation he has been successively governor of his province, member of the Philippine legislature, cabinet member and executive secretary of the islands.

Like many statesmen of the Philippines, he was originally a newspaper man. He was one of the founders of El Nuevo Dia of Cebu, the first Filipino paper published advocating Philippine independence. The paper came under the censorship of General McIntyre, and on the appearance of the first number the editors were left in the singular position of seeing every prominent article blue penciled.

Mrs. de Veyra, like her husband, is a "live wire" in the Philippines cause. She is the best known Filipina in America. She is an interesting public speaker and is constantly giving illustrated lectures at women's clubs and other gatherings. Mrs. de Veyra is a publicity bureau all in herself and has put the Philippines on the map, so far as the women folk of Washington congressional circles are concerned.

"I find that the Filipino people have been much misrepresented in the United States," says Mrs. de Veyra. "I do not mean to infer we are perfect, for we are not. My people have most of the defects, I suppose, that other humans have, but at the same time we are far from the people that many Americans have been made to believe. Not only are we a Christian people, but our race has a history that we are not ashamed of. Throughout the Philippine Islands the people are now working earnestly to improve themselves and their conditions so they will be prepared to take over their own affairs. We all love America for giving us a chance to help ourselves and for having promised us our independence, which is one of the dearest desires of the entire citizenship of the islands."

To American women whose ideas of Filipinos have been founded on Sunday supplement descriptions of wild tribes, Mrs. de Veyra's gentle manner and evident culture have been a revelation. She is sought by women's clubs because of her charming manner as an impromptu speaker on the subject nearest her heart—the women of her country.

At a recent Washington gathering she gave in perfect English a concise account of the work of a woman's club in Manila which supplies milk to the babies of the poor and trains mothers to care for their young children. She told of another woman's club which has branches all over the Philippine Islands and which maintains day nurseries for the children of the working women, provides Christmas cheer for the lepers, the insane and the convicts, and gathers data to influence legislation for the benefit of Filipino women and children.

The four little De Veyras, shown in the picture, having attended the public schools in Manila, slipped right into the same grades in the schools of Washington. Even little Mary, the baby of the family, speaks three languages—her native tongue, Spanish and English.

"PLAY BALL!" They can do it the year around in the Philippines.

Here's indisputable evidence that the Filipino people have been Americanized! The great American game of baseball is the rage in the islands. This photograph shows a parade which preceded one of the big games in Manila. Baseball is played from one end of the archipelago to the other, and, as in other branches of athletic sports, some classy players have been developed.

BIGGEST FARM DEAL EVER MADE IN DONLEY SATURDAY

What is said to be the biggest farm deal ever made in Donley county was closed up Saturday when J. H. Morris was handed the papers to the Sims-Bennett farm of 2080 acres some three miles northwest of town. The deal was \$135,000. This is one of the best farms in the county, much of it being subirrigated land and all of which is highly productive. The deal was made thru Dubbs Bros., realty dealers of Clarendon.

NOT A MAVERICK NOW

A Tuscola girl is suing her employer for \$5,000 damages on account of a most peculiar accident which occurred in the home where she is employed as a domestic. She was taking her bath by the kitchen range and she stepped on a cake of soap on the floor and sat down on the stove. When she arose she was branded "Majestic."—Villa Grove (Ill.) News.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts To Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

The Reporter man is just in receipt of the complete program showing the entertainment features which the city of Houston will stage for the members of the Texas Press Association in their annual convention there June 10, 11, and 12. The Association is 42 years old, and it is safe to say that more elaborate entertainment was never planned for the newspaper men of Texas than this occasion will present. That member of the association who misses the Houston meeting will have something to regret for the remainder of his life. Here's what Sam Fore, President of the Association, has to say about it in his Floresville Chronicle-Journal:

If any member of the Texas Press Association fails to attend the Houston meeting on June 10 to 12, he is going to miss the time of his life. Judd Mortimer Lewis and a few of the other live wires of the Bayou City have arranged an entertainment program, the like of which was never before attempted by any city entertaining the press. To be a little confidential, boys, they had arranged so much entertainment that Sam Harben was forced to make a special trip to Houston last Sunday and meet with the committee and rearrange the program. He finally managed to get them to consent to give us enough time on the business session to open and close the meeting. Boys, don't miss it! Take our word for it.

And here's what Secretary Sam Harben, of the Richardson Echo, has to say about it: "The complete program for the meeting of the Texas Press Association in Houston, June 10-12th, is this week being mailed out to the members and reflects a grand and glorious time for all who attend this season. There will be more going at this meeting of the association, in a genuine pleasure way, than ever handed out to any meeting at any time. The association has not met in Houston for 19 years. Houston is determined to show them what they have been missing. Ship channel rides, picnics, dinners, special train rides, inspection of state farms, of sugar factories, banquets, theatre parties, flying stunts, with every editor given the opportunity to fly, and a trip to Galveston. Could you reasonably expect more from any city under any conditions. Probably you have not made up your mind about going to Houston, then do so today; it is going to be there for you in big chunks.—Rockdale Reporter.

HAIL INSURANCE ON CROPS

We write Hail Insurance on grain and cotton crops in standard Old Line Companies. Can place only a limited amount in Hall County, but an unlimited amount elsewhere. All standard Old Line Companies require crops to be up and a good stand when policies become effective and policy holders should not overlook these requirements.

We solicit your Hail Insurance in only responsible Old Line Companies which "pay when they lose" and accord fair treatment in their adjustments and as agents we endeavor to have our customers understand their contracts, policies and meeting their conditions, as the Company does its part. We have never had a policy contested.

MARTIN NEWS.

(By Special Correspondent)
June 1st.
Everybody busy finishing up their planting of crops.
Had Sunday school last Sunday at the regular hour with good attendance.
Had a singing at Mr. Bain's Sunday evening which was enjoyed by all.
Mr. Sam Rogers and family visited in the home of Mr. S. J. May's Sunday.
Mr. and Mrs. J. A. Pool visited with Mr. and Mrs. Edwin Bailey Sunday.
Minnie and Vernice Pool spent Sunday with Kate Tally.
Ruth Tally spent Saturday night and Sunday with Josie Cannon.
The young people enjoyed a social at Mr. S. J. Mays Saturday evening.
Quite a crowd of Martin young people attended the soldiers' parade at Clarendon Sunday afternoon.
Miss Jewel Dyer has returned from Estelne where she has been visiting her uncle and aunt, John Crone and wife.
Joe Cannon, while cranking a car Monday afternoon, had the misfortune to break his arm.
Lee and Oswald Jones spent Saturday night and Sunday with their

sister, Mrs. Claud Primrose.
Miss Winnie Blanche spent Saturday night with Misses Jessie and Jewel Morgan. They attended the social at Mr. Davenport's Saturday evening.
Ramon Bain and Mabel Sibley are attending the summer school at Clarendon. They spent the week end with their parents.
Mr. T. W. Hunt spent last Thursday and Friday with his sister, Mrs. J. F. Cannon.
Clarence May motored to Clarendon Monday afternoon.
Miss Laura Clayton is enjoying a very pleasant visit from her schoolmate friend of Weatherford, Texas, Miss Willie Parks, this week.
J. L. Allison, prosperous farmer out on the Jericho road north of town, is this week having a Delco lighting system installed in his beautiful farm home.
Burney Baldwin, who has been a student in a commercial school at Tyler, Texas, for several weeks past, arrived home Saturday night. Burney is a little under the weather, probably due to excessive study and the sultry east Texas climate. He brot back three diplomas with him, one each in cotton grading, Borroughs machine course and the general commercial course.

WANTED

Man and wife wanted to live in the High School building during June, July and August. Free rent. For further particulars see J. T. Patman at Ford Garage. 23
C. L. Zinn and little son Jack, were down from Amarillo Tuesday.
Misses Aline and Lena Evans visited friends at Panhandle over Sunday.
Mr. and Mrs. F. J. Mahaffey left Wednesday for a vacation tour of California to be gone three weeks or more.
Mrs. Cecil McCausland of Amarillo is spending the week at the home of her parents, Mr. and Mrs. W. L. Richards of this city.
The Ladies' Aid society of the Presbyterian church will meet with Mrs. Fred Chamberlain next Wednesday at the usual hour.
Robert Broad, who has been staying at the home of his aunt, Mrs. Homer Glascoe while attending college the past season, left Thursday for his home in Michigan.

J. W. Seitz of White Deer was a business visitor here a few days the fore part of the week.

A wireless fan is on duty at the City Drug Store. The power is furnished by hot air generated from a small lamp. The fan is sometimes known as the "real estate" fan owing to the fact that it may be run without any lamp at all.

E. W. Miller and family moved to Amarillo the first of the week where they will make their home in the future. Their many friends regret their leaving and feel the loss of this estimable family.

F. M. Guinn of Brice was in town Wednesday gathering up a large supply of hoes and other equipment to properly take care of his large cotton crop.

Miss Minn Weatherly is visiting friends in Houston to be away for several days.

Miss May Bennett is visiting a sister in Fort Worth and attending graduating exercises of the public schools there.

Misses Ruth and Sarah Thompson who have been attending the state normal at Canyon the past term, are expected home Friday of this week.

For wedding gifts, see our line of cut glass and silver ware. Goldston Bros. tf.

Miss Maude Clark is visiting friends in Springfield, Missouri. She will accept a position as bookkeeper with the Strickland-Story drygoods house upon her return.

No home complete without music. See our line of watches. Goldston Bros. tf.
