CHRISTMAS GIFTS OVERSEAS MUST BE MAILED IN SEPTEMBER

"Save strong string and box material and start to plan shopping." Postmaster General Frank C. Walker advises Americans in announcing the rules for mailing of Christmas gifts for Army and Navy personnel overseas.

This year the Christmas mailing period for both Army and Navy overseas forces is the same—September 15 to October 15. After October 15 no gift parcel may be mailed to a soldier without the presentation of a written request from him.

The great demands upon shipping and the need for giving preference to arms, munitions, medicine and food is the prime reason for the early mailing date. Moreover, gift parcels must travel great distances to reach Army and Navy personnel who are located at remote points, and frequently the transfer of large numbers to new stations necessitates forwarding of the packages and additional time is required.

"The response that our people made last year during the overseas mailing period demonstrated that they will cooperate in any measure designed for the welfare of our armed forces personnel," Mr. Walker said. "It is not easy to concentrate on Christmas gifts in the midst of warm weather here at home but our people recognized the need, and because they want the men and women who are absent from their homes to know that they are not forgotten at Christmas they took pains to assure prompt delivery of Christmas gifts."

"I know that our people will observe the overseas mailing schedule once more this year but I do wish to stress this fact: More care must be taken in wrapping and packing parcels securely and addressing them clearly and correctly."

"It is not a pleasant thing to visit a postal concentration center and see the numbers of Christmas parcels which will never reach servicemen and servicewomen. Post office personnel have orders to do everything they can to effect delivery of such gifts, because we know how important they are for the happiness of the armed forces. Too frequently, nothing can be done."

"I am sorry that anyone ever mentioned that the size of a shoe box is the approximate limit for packages intended for gift mailings overseas. Unhappily many people became convinced that a shoe box is the best possible container. We must be mindful that these gifts must travel far, with shipping space crowded. If the gifts are to be protected in transit they must be packed in boxes made of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, reinforced with strong gummed paper tape or tied with strong twine. If both tape and strong twine are used, so much the better. If the outer wrapper is crushed—and this is likely to happen—the loss of contents may be prevented if fiberboard boxes are wrapped in heavy paper."

"We were unable to deliver many parcels which families and friends sent to men and women overseas last year because they were crushed in transit and the gift and the outside wrapper became separated. We would have been able to make delivery if the address had been shown on the inside wrapper. We advise that everyone write the address of the sender and addressee inside the package as well as outside."

"Christmas gifts mean much to our people overseas. Because strong twine, heavy paper and boxes and fiberboard will prove of real help in making delivery of gifts possible I urge those at home to begin saving these materials now. As time goes on they are going to become even more scarce than they are now."

Mr. and Mrs. W. L. Spencer and family who have been living at Okmulgee, Okla. have moved back to Clarendon.

Roy Stocking Dies At Plainview

Roy Stocking, 62 years old, Plainview pharmacist and former Hereford business man, died suddenly of heart disease at his home in Plainview Saturday. He was apparently in perfect health up to the moment of his death.

Mr. Stocking, son of a pioneer Panhandle physician, the late Dr. J. D. Stocking of Clarendon, came to Plainview 18 years ago from Hereford, where he engaged in the drug and automobile business for 11 years. Prior to that time he was a pharmacist at Clarendon and moved with his parents to Clarendon in 1885. He was married in 1907 at Dallas to Elise Coulter, who is among survivors. He was employed as a pharmacist at the Plainview Drug Store.

Other survivors are a daughter, Mrs. H. E. Gipson, Lubbock; a son J. T. Stocking of Amarillo; a brother, Dr. F. F. Stocking, Milaca, Minn.; six half brothers and sisters, J. D. Stocking, Dr. G. W. Stocking, Mrs. Joe R. Burton, Collins Stocking, Mrs. W. L. McConnell and Hobart E. Stocking.

Infantile Paralysis Chairman Here Last Week

Mrs. George H. Pittman, State Chairman of National Foundation for Infantile Paralysis, was in Clarendon last week discussing plans of the Foundation with Mrs. Johnnie Blocker, local Chairman. Although the financial drive is conducted only once each year, work of this group goes on continually. Mrs. Pittman brought a workable plan to be followed in case of an epidemic in Donley County and explained that the State group stands ready to back up any local group needing help.

"Infantile paralysis," said Mrs. Pittman, "is a thing which, so far, we have been unable to control. However, once it strikes, we must be organized to go into immediate action, not only for the sake of the victim but to endeavor to prevent the spread of the disease." The State Chairman highly complimented the work of nurses and doctors throughout Texas, and was especially grateful to Mr. John Q. Public, who by his offering of time and money, makes it possible for children throughout the nation to have the opportunity to overcome the effects of the dreaded polio.

WORTH WHILE COMMENTS

BY COUNTY AGENT Charles O. Reed

THE FOOD OUTLOOK

Let's look at the food outlook through the eyes of the Bureau of Agricultural Economics of the U. S. Department of Agriculture. A summary of the BAE's survey received by the A&M College Extension Service says that civilian supplies of all the principal foods will, at least, be as large as they were last summer. The total quantity of meats available to civilians in the July-September period is expected to be less than in the past few months but above last summer's supply. Meat consumption in the third quarter of the year usually is less than in the April-June quarter.

Poultry marketings probably will set a new record for this time of year, and only slightly smaller quantities of butter are expected to be available for civilians in July and August than in May and June.

The BAE estimates that the fresh market truck crop acreage may yield a fifth more vegetables this season than in 1943. The survey adds that the nation's all-time high wheat crop, estimated conservatively at 1,035-million bushels, indicates that somewhat larger quantities of wheat than was expected earlier may be used for feed. Texas contributed record yield of more than 72-million bushels to the nation's history-making production.

Meanwhile the Office of Price Administration has a word of caution and explanation on the distribution of these unequalled crops. It warns that it may become necessary again to assign point values to the meats and processed foods which were put on the free list last May. Canned vegetables, OPA assures, will be returned to point rationing. The chief reason for making the point free temporarily was to help move the 1944-45 stocks so as to induce canners to provide a maximum of 1944-45 pack.

Regardless of big food crops, OPA calls for the cooperation of every consumer against waste. "In wartime," it says, "waste and spoilage is a national scandal."

The fourteenth annual gathering of the Donley County Old Settlers Association will be held at Tate Park northeast of Hedley Friday, according to a statement of Uncle Bill Rains here Wednesday.

The boys and girls of Donley county do not want, and do not expect the home folks to "fold up" merely because of the war. They want them to carry on in the usual manner, and they will.

The gathering this year will have no set program. Rather will it be a time of getting together in good old neighborly fashion that such a mingling of old friends will bring to the saddened renewed hopes and consolation.

There will be boys in the service who will read about this gathering this Friday. They will recall their having been to such gatherings in past years. They will be encouraged to think that the folks back home carry on in the usual manner, and join all of us in the hopes that they will all be back here for the annual session next year.

Walter DeBord is president of the Association, and Mrs. Mable Bridges is the secretary.

To be eligible to membership, one must have lived within the county twenty years. Many have lived in old Donley county over fifty years.

Prepare your picnic basket and meet your friends at the old stumping grounds at least by ten o'clock Friday morning, August 18th. Many happy days have been spent there, and the spirit that will prevail will depend upon your presence.

There will be plenty of coffee, tea water and other conveniences, but bring your own cup.

No more ration points for utility grades of beef and lamb will be required through September 2, and for the same period point-values have been restored on pork loins, pork hams and canned fish, the Office of Price Administration has announced. Good Rain Puts Bumper Crops In Sight

Farmers and ranchers were on the jubilant side today after the most welcome rains were received over the entire county Tuesday and Wednesday nights. From all reports, the rain was general all over the entire Panhandle and extended up through the middle western states. Taking in such a wide scope, it is not likely to get anywhere near as hot as the past three weeks and crop prospects point to a bumper crop for most parts of the county. Some feed crops were beginning to need rain and the cotton was wilting in spots, but this rain more or less assures the crops as far as moisture is concerned.

The official weather station at the Airport reported .33 Tuesday night and .81 Wednesday night. Weather forecasts report more moisture in prospect for the entire section. Those enjoying electrical displays, had a chance to get their eyes full both nights.

LIBRARY NOTES

By Mrs. C. A. Burton

Gov. James Cox, who was the running mate of Franklin D. Roosevelt in 1920, has completed his autobiography, and it is now in the hands of Simon & Schuster. Dr. Frank Kingdon, author of "That Man in the Whitehouse," has revised the book so that the new edition will contain the recent conventions.

"Invasion" is the title of the eye-witness history of the thirty days that shook Hitler's world—from June 6 to July 5, 1944—by Charles Christian Wertenbaker, to be published in September. Wertenbaker, head of "Time-Life's" staff of foreign correspondents, has been in France with General Omar Bradley, and has just returned to London to complete the manuscript of "Invasion"—which will condense and interpret hundreds of dispatches, stories of heroism and eyewitness accounts into a clear, dramatic history of what really happened—before, during and after the invasion of France.

Walt Disney is making a film in German, the first since the war started. It is the first Disney picture since "Snow White" of six years ago to have a German narration.

Boyce House has a new book being published by the Naylor Company of San Antonio. It is "Tall Talk From Texas." It is said to be entirely different from his "I Give You Texas" which sold 60,000 copies in ten editions this year, yet is equally as humorous—and is typically Texas. It is said that one eastern publisher and another Texas publisher turned down "I Give You Texas"—but Naylor Co. found their faith in it justified.

Dr. George W. Truett left his theological library to the Southwestern Baptist Theological Seminary at Ft. Worth. It is estimated to contain 3600 volumes. Dr. Elliott, librarian at the Seminary, says the collection shows the widely ranging mind of Dr. Truett—it is not confined to the narrow channels of religious thinking, but includes social, moral and economic implications of theology.

John O'Donnell, the anti-Roose-

velt writer, is at Roosevelt Hospital in Washington.

The George Bernard Shaw birthday edition of the Saturday Review of Literature will be presented to Shaw in London by Katherine Cornell.

Pearl Buck's novel, "Dragon Seed," was given a premiere in New York recently, attended by the Chinese Ambassador and his wife and Pearl Buck—and was for the benefit of East and West Association of which Pearl Buck is president.

Congressman Joseph Clark Baldwin's book, "This Is Where I Came In", is scheduled for October publication by Coward-McCann—and is said to be a glamorous, star-spangled account of the people and worlds the author has known. Beneath the light-hearted anecdotes runs a serious commentary upon government and world affairs by a man who has firsthand knowledge of them.

UNITED GAS EMPLOYEES PASS \$1,000,000 MARK IN BOND BUYING

Total purchases of war bonds by employees of the United Gas Pipe Line Company and its two affiliate companies, the United Oil Pipe Line Company and the Union Producing Company, have passed the \$1,000,000 mark, according to information released this week by the payroll department of the companies.

Figures released by the companies do not include "personal" bond purchases made through agencies other than the payroll deduction system, the report pointed out.

As of July 31, total purchases through the payroll deduction plan had reached \$1,040,914.75, since inauguration of the plan on February 1, 1942. Of this amount, the 2,047 employees of United Gas Pipe Line Company accounted for \$796,918.72; Union Producing Company's 424, for \$228,024.38; and United Oil Pipe Line Company, with 38 employees, for \$15,971.75.

Meeting Called To Rewrite Texas Pension Laws

The Honorable C. W. Moore State Representative LeLeon, Texas Dear Mr. Moore:

As Chairman of House Committee under and by virtue of H.S.R. No. 159, and subsequent amendments, I hereby convene said House Committee for public hearings in Dallas, Dallas County, Texas, at 10 a. m., in the District Courtroom, on the 11th day of September, A. D. 1944.

The purpose of this meeting is to rewrite the Texas Pension Laws, and to prepare a bill providing for a standard budget for all old people, in lieu of the edicts now issued by the Department of Public Welfare, and to prepare a bill fixing jurisdiction of Appeals from the findings of the local investigators to some State Department other than the Department of Public Welfare, and to prepare a bill regulating Homes where old people are boarded on agreement of endorsing their monthly pension check over to the operator of the Home.

As Secretary of this Committee, I trust you will notify the members of the same and all members of the House and the Senate, and all State Officials who might be interested, and all Welfare Organizations in and near Dallas, advising them that we will welcome their suggestions and presence at said meeting. It will also be advisable, perhaps to take up any other matters of interest that might be called to this Committee's attention during said meeting.

Yours very truly,
Ennis Favors,
State Representative

Cost of The State Govt. of Texas

Cost of the state government of Texas rose from \$10.11 per capita in 1924 to a peak of \$32.07 in 1942, then receded to \$28.31 in 1943, the Texas Mid-Continent Oil and Gas Association pointed out today after compiling reports of the State Comptroller and the State Auditor covering a twenty year period.

"In 1924 the cost of the state government was \$50,919,819 contrasted with the all-time high of \$205,741,862 set in 1942 and with \$181,795,949 in 1943," the Association pointed out.

"The drop in 1943 was the first decline in nine years. In 1935 the cost of the state government was

\$111,001,066 compared with \$113,711,619 in 1934.

"The revenue from taxes in 1943 was \$149,969,853 contrasted with \$151,136,009 in 1942. Income from all other sources such as fees, royalties and federal aid amounted to \$95,581,588 in 1943

compared with \$77,933,070 in 1942.

"The total revenue to the state in 1943, \$245,551,441, exceeded the cost of government by \$63,755,490. The surplus in 1942 was \$23,327,197.

"In the twenty-year period from 1924 to 1943, inclusive, the total cost of the state government was \$2,378,711,450 or \$203,855,090 below the total income of \$2,582,566,540.

"The Association's study of the situation was prompted by the fact that the petroleum industry

pays more than half of the business and property taxes of the state. Production taxes levied against the industry are a major factor in reducing the deficit in the general fund. This deficit was cut approximately \$18,000,000 in the last fiscal year.

Miss Geraldine Browder, granddaughter of Mrs. R. A. Chamberlain and a friend, Miss Mary Ann Dunham of Ft. Worth, arrived Thursday evening to spend a few days with Mrs. Chamberlain.

THE TEMPLE OF TRUTH

By the Apostle

SOCIAL.
If the girl doesn't watch her figure, the boys won't.

SUGGESTION.
He was a wise old man who said: "Goodness is the only investment that never fails."

OPINION.
Only recently I heard a war worker drawing \$80.60 per week and, who had never before, pulled down more than \$15 a week, kicking about whiskey costing him \$23.20 a gallon when bought in "fifth" bottles. You finish the statement.

MENTAL STATUS.
Happiness consists largely in

A Fine Memorial Service!

... whether you pay \$100 or \$1,000!

Yes, everything complete regardless of what price memorial service the family selects. As servants of those in distress we know that this is the better, more kindly way. One call, day or night, places everything in capable hands.

being satisfied with what we have got, and what we haven't got.

INVENTIVE STUFF.
Speaking of German inventions, the most important for their well-being right now is a long pole with a white rag tied to it.

ADVICE:
Ladies, see your dentist twice a year, and your hubby every pay day. (Some time I get \$5 dollars for a crack like that.)

OBSERVATION.
The female bathing suits of 1944 are much like the barbed wire fences of the Panhandle. There is enough to protect the property without obstructing the view.

DUMB ANIMALS.
Tell a man that there are billions of stars above, and he will believe it. But stick up a 'fresh paint' sign and the darn fool will dab his finger into the stuff to see if you have lied about it.

The Old Apostle has no idea who wrote the screed for this column last week except that he or she has plumb plenty of gray hairs on his or her head. You have to live that interesting bit of history to know how to write it. Yep, the old man got back with a big batch of rocks, had a great time, did not get to stay long enough or see half enough. That's always the way with these annual vacations that have been delayed two years.

GOLDEN WEDDING ANNIVERSARY

One of the most pleasing social events of the season was the celebration of the Golden Wedding of the Pastor of the First Christian Church, Rev. L. Guy Ament and Mrs. Ament.

This pastor and wife have made for themselves a very definite place in the community life, as was evidenced by this celebration at the First Christian Church on Sunday, August 6th, from 3 to 5 o'clock. The occasion was sponsored by the membership of the church and a general invitation was given to all friends.

The spacious auditorium of the church was tastefully decorated with flowers, while lace-draped tables, loaded with beautiful and valuable gifts, bore testimony to the esteem in which the recipients were held.

The guests were greeted by Mesdames Frank White Sr., W. T. Hayter, G. A. Anderson, G. D. Shelley, Mrs. E. C. Herd presided over the Bride's Book, while Mesdames Homer Mulkey, J. D. Swift, Lloyd Benson and Misses Janice Benson and Patty Pittman were in charge of the gift tables.

To the ever-beautiful, ever-stirring strains of the Wedding March, played by Mrs. Page Harmon, the bride and groom of fifty years led the bridal procession in front of the flower-decked altar, followed by Roy Clappitt, Chairman of the Christian Church Board, Mrs. Roy Clappitt, Superintendent of the Primary Department of the Sunday school, Rev. Hal Upchurch, pastor of the Baptist Church and his wife, Mrs. Hal Upchurch, Mrs. Ruth Jacobus, foster daughter of the Aments and her own small son, Guy Alan; Rev. John S. Ellis, pastor of the Presbyterian Church; Frank White Jr., Supt. of the Christian Sunday School and his wife, Mrs. Frank White Jr.; Mrs. Kate Johnson and Mrs. Marian Williams, Charter members of the church; Mrs. C. A. Burton, Secretary of Home Service of Red Cross, and Frank White Sr., member of the official board of the church.

Rev. Hal Upchurch prayed an inspiring prayer of dedication; Mrs. Clappitt sang "I Love You Truly", accompanied by Mrs. Harmon, and Mrs. Burton read two of Edgar A. Guest's poems, "Wife O'Mine," and "Success," closing with Robert Burns' immortal "John Anderson, My Jo." Then while refreshments were being served by Mesdames Ernest Hunt and Joe Ritter at the table, assisted by Mesdames Mary Dozier, N. S. Percival, J. Bowles and Misses Arline Dozier, Frances Peabody, Joan Ritter and Jeanie Pittman, the Lions Club quartette, Messrs. R. E. Drennan, W. D. Kidd and Rayburn Smith sang a group of old familiar songs including "When You and I Were Young, Mollie" and "Let Me Call You Sweetheart." Mrs. J. H. Howze sang "Just a Song at Twilight," and Jimmie Dean Howze played two clarinet solos and a piano solo.

The Brides cake, which she herself had baked, was cut by the bride of fifty years, assisted by the smiling groom, and amidst the

congratulations and good wishes of the scores of friends, they began the second-lap of the martial journey.

A Texas sergeant serving in France wrote the following report of the fighting there:

"The Texas army is advancing steadily on Paris and will be in Berlin before long." As an afterthought, he added: "We are taking along with us some units from other states, to show them how."

It isn't exactly like that, perhaps, but there are so many Texans in the battle for France that at times it must seem that a Lone Star army really is there in force.

Sgt. Bob Jackson of San Marcos, fighting in Italy, used an old Texas trick to wipe out a group of embattled Nazis. When he found himself unable to use his grenade thrower because a chicken-wire fence was between him and the Nazis, he jumped into an old building, captured a German

sniper, and used him as a shield while advancing on the enemy strong point. Then with grenades and rifle fire, he drove out the Nazis, capturing six more.

Enemy planes aren't as numerous over France these days as they once were, but Capt. Burt Marshall of Greenville managed to find one recently. He quickly shot it down. Other Texas airmen who have been cited or decorated for air victories include Lt. M. M. Tomme, Navy pilot from Troup; Lt. (jg) Roy Bechtold of Lubbock and Ensign Jack Hogue of Graham, each of whom was credited with shooting down one or more Japs. Ensign Hogue failed to return after the fight.

On the home front, Texans are also helping win the war. Few men are doing more than the volunteer division, region and county leaders chosen to spearhead the coming campaign for the National War Fund. Under direction of Wayland D. Towner, general manager of the United War Chest of Texas, they will help put the nation's biggest state-wide drive over the top, and are now working at top speed recruiting workers and perfecting local campaign organizations.

The National War Fund finances USO, War Prisoners Aid and 17 other agencies serving our own fighting men and our allies.

Lucky is Pfc. Jose Lopez, a tough Brownsville scrapper. Fighting in Normandy, the Texan was hit squarely in the body by a bullet. The impact spun him around, but Lopez recovered his balance and with one bullet killed the German who had fired the shot. Then he discovered why he was not wounded—the Nazi bullet had hit an ammunition clip at his belt, and lodged there.

Texas' share in the war was commemorated again last week, when a new giant troopship was named for a famous Texas soldier, Gen. W. P. Richardson, who was born at Hunt. The ship was launched at Newark, N. J.

And here is a partial list of Texans who have been decorated for bravery and outstanding service: Lt. Lloyd Kelly, Coleman, Air Medal cluster; Lt. Col. Ed Harris, El Paso; Sgt. Joe Ellis, Orange, and Sgt. Ban Wyatt Jr., Brownwood, Bronze Stars; Capt. Jim Dooley, Dilley, and Andrew Block, Bonham, Soldiers Medals for heroism in saving lives of comrades, and the following Texans who received Distinguished Flying Crosses for fighting over Europe; Lt. Luther Abel, Glade-water; Lt. Charles Summers, Granbury; Capt. Morris Stanley, Alvin; Sgt. Hershel Moore, Del Rio, and Lt. Wade Knudson, Meridian, Sgt. im Daugherty of Imperial won the coveted Air Medal.

Texas fighting men in France are now getting full services of the various National War Fund agencies. United Seamans Service, USO-Camp Shows and War Prisoners Aid all are operating on the continent, as are French Relief and other NWF service units.

all get the same electric service!

WAR has moved many American families into new living quarters. But, whatever the size of their homes, they all get exactly the same dependable electric service.

Oh, sure, some folks may light more rooms and use more appliances than you do. But the service and the quality of the electricity you receive remain the same. You can't buy an "exclusive" grade.

Electricity is also the one service whose cost has remained low—while the cost of living in general has been going up. Whoa, you say? Your bill's been more over the years? Well, that's because you're now using electricity to keep food, wash clothes, clean rugs, tell time and make music—where once you used it only for light.

The truth is, the average American family today gets about twice as much electricity for its money as it did 15 years ago! And we, your friends and neighbors, are proud to be one of the many electric companies under business management, bringing you this bargain.

HOME SERVICE

Mrs. C. A. Burton
A contest open to present or discharged members of the armed forces of the U. S. and our Allies was announced recently by Random House. They offer \$2,500 for the best book either fiction or nonfiction, on the return and readjustment of servicemen to civilian life. The closing date of the contest is May 31, 1945.

The Administrator of Veterans Affairs is authorized to guarantee loans obtained by veterans for the purchase, construction or alteration of homes, farms or business property, or for the equipment of farms or business. The guarantee is limited to a maximum of \$2,000 and cannot exceed 50% of the loan. It may be made on loans obtained from persons, firms, associations, corporations, or government agencies, either state or federal. This loan benefit will terminate five years after the end of the war.

The Serviceman's Readjustment Act of 1944, which became effective in June, provides federal government aid for readjustment in civilian life for returning World War II veterans. New benefits are provided for education, loans and unemployment. Especially liberal are the provisions for education and vocational rehabilitation.

The necessity for full identifying information when seeking information can be understood when we realize that the index of servicemen now includes more than nineteen million names. There are more than 200,000 Smiths and about 12,000 of these are John Smiths. There are more than 130,000 Johnsons and 100,000 Browns. More than 92,000 have the surname Williams and 88,000 the surname Jones. Because of the many similarities of names, much information which seems non-essential is sometimes called for. But in spite of all these difficulties, the Red Cross Field Directors and the military men do a wonderful job in locating a man when necessary, as I had proof of during the past week.

Van Allen Kent has gone to Amarillo to work for the Ft. Worth & Denver railroad.

Mr. and Mrs. Fayne Kent of Phillips have returned home after a few days visit here with relatives.

Skinny Putman Writes Homefolks From Hawaii

The following letter was received recently by Mr. and Mrs. M. L. Putman from their son Skinny, describing a part of the Hawaiian Islands where he is now located. Dear Folks:

Just a few lines to let you know I am well and doing fine. Hope everyone there is the same. I am having a swell time at present as I am on a five day pass, and took a plane to the big Island. It is the highest Island in the Hawaiian Islands. The name of it is Hawaii. "The Garden Island" is what they call it. It is really a beautiful island, everything is so green. I think it stays that way all year around.

Two more boys and myself are here together. We are staying in the town of Hilo. It's a nice quiet town, almost too quiet. Ha. It hardly seems right. I have been used to a lot of noise.

We stayed last night at a rest camp. It is for service men on leave. They have horse back riding, bicycle riding and several other sports one can play. It is a nice place to rest. If one likes quiet and peace. We saw a volcano from a distance. It covers a lot of ground in spots. Some large, some small. I am sending some post cards of it. There is one volcano on this island that is one of the seven wonders of the world. I haven't seen it yet. I may and I may not. I am at one of the USO's now. It is still light out side and is eight o'clock or after, which means it is about ten thirty there or eleven. I guess I'll have a stack
