

## DONLEY COUNTY TAX VALUATIONS FOR THIS YEAR IS WELL OVER SIX MILLION DOLLARS—SHOWS GROWTH

### COUNTY TAX ASSESSOR'S REPORT GIVES INTERESTING DATA ON COUNTY'S WEALTH—ALSO SHOWS THE DIVISION OF PERSONAL, REAL AND CORPORATION PROPERTY IN THE COUNTY.

The tax rolls for Donley county are now complete and show some interesting figures. The total property assessed valuation of \$6,625,988 shows a decided gain. On this valuation will be collected a tax to the amount of \$11,086.89 for the state, \$49,694.64 for county expenditure, \$14,701.13 will be collected for the common district school fund. The state poll tax amounts to \$1,666.50 and the county polls a value of \$1,562,710. There is a total of 49,377 railroad mileage in this county which is valued at \$413,745. The rolling stock is valued at \$123,520. All railroad property values are fixed by the state commission sitting at Austin. Telegraph and telephone lines in the county are valued at \$16,600. The total number of acres of land in Donley amounts to 585,816.8 and is valued at \$2,786,790. The state tax is valued in cents less this year than last.

### CENSUS GIVES CLARENDON POPULATION OF 2,456

The official census report for Clarendon gives the population within the corporate limits as 2,456. The complete county census is: Donley county, 1920, 8,835; 1910, 5,284; 1900, 2,756. Precinct 1, 1920, 980; 1910, 542; 1900, 199. Precinct 2, including Clarendon city, 1920, 3,572; 1910, 2,583; 1900, 1,312. Precinct 3, including Hedley town, 1920, 1,976; 1910, 1,780; 1900, 377. Precinct 4, 1920, 430; 1910, 379; 1900, 268. Precinct 5, 1920, 1,277.

### MEETING CLOSURES WITH MANY CONVERSIONS

The revival at the Church of Christ closed Sunday night. Twenty-five converts resulted from the efforts of the faithful. While the attendance was never large at any time, those who availed themselves of this opportunity, were earnest seekers after truth. No one was disappointed in their expectations to hear good singing and a forceful sermon based on scriptural teachings.

### COX DOESN'T ENDORSE MATTERS OF CERTAIN MEMBERS OF CABINET

Omaha, Sept. 27.—Disapproval of "matters" in the administrations of Attorney General Palmer and Postmaster General Burleson, expressed by Governor Cox of Ohio here today in addressing a large audience at the auditorium where a strenuous Nebraska campaign was closed. The Democratic candidate said that although he believed the two cabinet officials had performed their duties "wholeheartedly" and were conscientious men, he did not endorse matters in both of their administrations. No specific affairs were stated by the governor. In response to a question propounded by a tax payer as to whether he endorsed the Palmer and Burleson administrations, the governor replied: "I served in congress with both these gentlemen. I know them to be high-minded, conscientious men and believe that their administrations were wholeheartedly performed. Yet, there are matters in both of their administrations which I do not endorse. Neither do I endorse the policy of Frank Hitchcock as postmaster general."

### SHRINERS TO STAGE ENTERTAINMENT

A Khiva Shrine entertainment to be held November 22, 23 and 24 was definitely decided upon Tuesday evening at a joint meeting of the Shrine Patrol, Drum Corps and Band. The entertainment is to be staged for the three nights, the last night of which will be the evening of Khiva Temple's second anniversary. The Band and theatre will probably be secured for the events. G. C. Sanders and W. N. Durham for the Patrol and Sam J. Orr and Frank Winkler for the Drum Corps were appointed as a committee to confer with producers and select a subordinate committee to perfect the plans. Chancellor E. Weymouth and George T. Maggard were appointed as a committee on program arrangements. S. W. Nickerson, formerly of Timberley, Iowa, and a member of Khiva Temple, was present at the meeting and presented a proposition for staging his productions. He declared that a cast of 100 people would be required to present an extravaganza and musical comedy. An inspection of the patrol uniforms was made and a committee appointed to look after the purchasing of equipment. On account of the fact that the Shrine band is badly in need of equipment, the Patrol agreed to give its share of the proceeds of the show for that cause.—Amarillo Tribune.

### LONG STAPLE COTTON IS GROWN IN DONLEY

The first effort towards growing the long staple variety of cotton is being tried out this season by R. F. Morris on his farm near Hedley. The special variety on trial mentioned here is known as "Coken No. 11." The seed grew in South Carolina near Augusta. The staple measures one from one and five-eighths to one and seven-eighths. Mr. Morris sold sixty-seven bales in Augusta last spring for one dollar per pound. While there is a difference in elevation, Donley county is in exactly the same latitude as South Carolina. The growing of this staple is an innovation for this section. Cotton of the long staple variety brings a great deal more than the common variety and always finds a ready market due to the long fiber of the staple. Mr. and Mrs. John Kibbler with their daughter, Miss Ormer, of McLean, were over Tuesday on a shopping tour. Mr. Kibbler is the telephone exchange man of his little city and manages to satisfy the folks with his service which is saying a whole lot when it comes to phone service.

### COTTON PICKERS WANT EMPLOYMENT HERE

The Chamber of Commerce has received inquiries from the following people who are seeking employment as cotton pickers. Many of these people can bring several families with them. Will Humphrey, Route 2, Linden, Texas. C. Z. High, Hotel Bran, N. Fort Worth, Texas. O. A. Roedel, Box 1257, Fort Worth, Texas. Daniel A. Penedo, Box 2405, Breckenridge, Texas. S. L. Cox, Box 724, Elk City, Oklahoma. J. L. Jordan, Crockett, Texas. S. J. H. Smith, 1616 Fifth Ave., Fort Worth, Texas. W. R. Martin, Route 3, Grosbeck, Texas. S. P. Kiech, Box 236, Mission, Texas. Melion Prentice, Campbell House, Dallas, Texas. E. C. Derrin, 202 E. 15th St., Ft. Worth, Texas. Mr. Bessie Edwards, Route 1, Hockley, Texas. M. B. Brylas, Italy, Texas. Al Fulton, Goodnight, Texas. A. L. Mayfield, Colorado, Texas. S. W. Riley, Embouse, Texas. H. C. Bailey, Forratan, Texas. D. A. Laughlin, 1317-18th St., Wichita Falls, Texas. H. G. Davis, Box 483, Olden, Texas. C. Leathers, Route 2, Mt. Calm, Texas. Dahlia Stewart, Route 3, Springfield, Texas. Mrs. Lee Faulkner, General Delivery, Ranger, Texas. Geo. Z. Williams, Venus, Texas. W. H. Davidson, Route 1, Box 13, Saginaw, Texas. M. A. Sweeten, 218-1-2 S. Sixth St., Ft. Smith, Ark. Geo. H. Calicut, 904 Young St., Ranger, Texas. H. W. York, 100 Inman St., Cambridge, Mass. Laura Andrews, Rhome, Tex. W. N. Clark, P. O. Box 1541, Ranger, Texas. W. W. Walker, 905 Milan St., Emis, Texas. J. M. Roberts, Box 709, Hurley, N. M. W. O. Bryan, 508 N. Milan St., Dallas, Texas. Earl Riggs, Magoffin Ave., El Paso, Texas. J. S. Parker, Box 35, Baird, Tex. Wm. L. Smith, 63 Prospect St., New Haven, Conn. W. F. Walthall, 514 W. Rosedale St., Ft. Worth, Texas. R. T. Haslin, Cleburne, Texas. A. J. Wilson, Gladewater, Texas. S. W. Marlan, 232 N. Dickson St., Gainesville, Texas. If you are in need of cotton pickers you can write some of these people personal letters and thereby get all of the pickers that you may need or you can come into the Chamber of Commerce office and we will write the letter for you. —Roy B. Mefferd, Secretary Chamber of Commerce.

### FIRST RAINBOW TROUT TO REACH PANHANDLE OF TEX.

What is said to be the first shipment of rainbow trout to be turned in waters of the Panhandle, arrived Tuesday from the Lone Pine hatchery of Colorado Springs. The fish are the property of the Clarendon Country Club and will be added to the metropolitan inhabitants of the finny tribe already in their big lake north of town. Bass, crappie and perch plantings in the lake have been very successful showing wonderfully quick growth judged from recent catches. Since the lake is fed by fresh water springs, there is no doubt but what the recent shipment will do as well as former stockings of other varieties of fish. Members of the club are jubilant over the prospects at the lake where improvements are constantly in the making.

### EDUCATION GETS LARGEST FUNDS SINCE HOBBY IN

Austin, Sept. 26.—A total of \$63,412,065.52 from state funds has been appropriated for educational purposes during the approximate three-year administration of Governor W. P. Hobby, according to figures in the state department of education, which show the following division of the total: Higher education, \$8,572,735.83; normal schools, \$3,126,891.81; educational eleemosynary institutions, \$3,045,556.79; public free schools, \$46,408,869.15; departments for educational purposes, \$2,258,931.94.

The most liberal appropriations ever granted by the state have been made for the next school year. These appropriations include a total of more than \$4,500,000 for higher educational institutions, the statistics show. The sum of \$2,000,000 was appropriated by the Thirty-sixth legislature for aid to rural schools whose taxable values were low; and more than that a million dollars was appropriated for state normal schools.

The per capita apportionment for public schools during the coming year also reached record figure with the increase from \$8.50 to \$14.50. This increase it is estimated will add \$7,500,000 to the public school funds, the total of which is set at \$18,126,595 for next year. Governor Hobby declared that the adding of this \$6.00 to the amount apportioned for each school child "was the proudest act of my administration."

The special session of the legislature convened by the governor in May appropriated \$4,000,000 for educational purposes and \$1,000,000 for the legislature for improvements and repairs at institutions of higher learning. The free textbook amendment to the constitution was adopted during the administration of Governor Hobby, who supported it. He has approved appropriations of \$3,500,000 to be put into effect. The constitutional amendment proposing to remove the limit of taxes that school districts may vote upon themselves, to be voted on at the general election, is also sponsored by the governor.

### Sweet Potato Crop Nets Naylor \$700 Per Acre

The sweet potato crop now being harvested in Donley county will be the biggest in her history. This is due to two reasons. The first is found in the fact that the acreage has been increased and the second reason is that a bumper yield has been made this season. All of the varieties known to tame culture is to be found here in both yellow and white. We may even see some—just a few—of the old-time stock potato with coarse grain like our fathers used to raise back east for the milk cows. The most of those now raised are of the very best grade and flavor of both yellow and white and will keep well if properly cared for in a dry cellar. Hundreds of bushels will be stored in the cellar of T. Jones & Company near town. He has already sold quite a bit of storage space. The tubers are bringing five cents per pound locally. This is a good price and will be the means of bringing a snug sum into the country. The average production for this section is 225 bushels to the acre of 50 pound bushels. H. B. Naylor has announced that his crop will make three hundred or better. At this rate his gross earnings from an acre of land will amount to \$750.00. All of the farmers will not do that well, but cut that by half. Then if it seems too much, cut it in half again making a fourth of the original \$750.00 and you are still making a gross earning of \$187.50. Harvest time precedes cotton picking and the gathering of other feed crops so very little rush is necessary in getting the crop to market and certainly not to the detriment of other crops that pay less. We might add further that modern, improved machinery makes it possible for one farmer to buy a digger and, after digging his own crop, dig for neighbors at a nice profit thus paying for his machine the first season.

### THE CHURCH OF CHRIST

A cordial invitation is given to all to attend services at the Church of Christ Sunday at eleven and at night. "Exercise thyself rather unto Godliness" will be the subject for morning service. New Testament teachings will be the subject for the evening. The church will meet promptly at ten o'clock for Bible lessons and preaching will begin at eleven. For evening services singing will begin at 6:45, preaching at 7:00. Everybody is invited to attend these services. —W. W. Brewer, Minister.

In keeping with other reductions over the country, gasoline dropped two cents at local filling stations Tuesday.

Mr. and Mrs. C. W. Bennett were called to Taylor, Texas, Tuesday night due to the serious illness of a brother-in-law. S. T. Clayton and C. H. Dean, former proprietors of the Cash & Carry grocery, will again embark in business in the building formerly occupied by Couch's restaurant. They announce that in addition to a general grocery line, they expect to carry a stock of queensware and dry goods.

## LUNCHEONITES DISCUSS CITY AUDITORIUM

### NEED FOR MUNICIPAL AUDITORIUM CLAIMS ATTENTION OF DINERS AND PLANS LAID FOR BRINGING IT TO PASS IN 1921.

"I have been in Clarendon for thirty-one years and the need for an auditorium for all kinds of public gatherings has grown with each succeeding year," said Mr. A. M. Beville, long time resident of this city, than whom there is perhaps no citizen better informed as to the needs of our city. This statement came in a talk made by Mr. Beville during the Tuesday luncheon at the Y. M. C. A. building and was received by the goodly number present as a correct statement of the case. Other expressions from these present showed that the sentiment in favor of a big municipal tabernacle or auditorium was general and had never been realized so forcibly as at the present time.

On motion of Mr. Connally the chairman was authorized to name a committee of three to secure data relative to an enterprise of this sort, seek out probable location for the tabernacle, and get together some plans and information to be reported back to the luncheon two weeks off for further consideration. Chairman Story will name the committee in a few days and the matter will be taken up vigorously. A sentiment was generally prevalent that if all organizations in the city might be induced to interest themselves in the matter that it might be possible to raise the finances and do the building in the early spring of 1921. It was informally decided that the building must be of a permanent type, not built especially for beauty but having all the elements of stability.

Report was heard on the Brice road project which revealed the fact that lots of good work had been done and was still in progress. Mr. H. Lott, who has had supervision of the work, asked that some Clarendon man be appointed to go with him occasionally to discuss the problems of the work and check up the expense account. John T. Sims was appointed.

In connection with the County Fair expense and necessary funds for financing the exhibit to the state fair, the chair appointed S. M. Braswell, Tom Connally and O. Caraway as a committee to solicit the funds from the Clarendon business and professional men and any others who might want to help in the good work.

The luncheon was well attended and the menu served by the Christian ladies was excellent.

### Bank Statements Show Donley Cos. Financial Strength

Judging from the published reports of the banking institutions of this county as to their condition on the 8th of this month, the financial condition of the county are all that could be desired. The six banks in the county all show a steady, substantial growth. When the financial thermometers of the county indicate safety, there is little for the general public to worry about. With a combined capital of \$240,000.00, the six banks show a total deposit of \$1,973,415.49. At the same time that loans near the two million mark, the rediscounts only total \$109,939.69. Owing to a bumper crop this season, very few farmers will not be able to meet their obligations at the bank with promptness. In fact, after the crop is gathered and sold, very few farmers will be left in debt even at the present market price of his products. The curtailment of speculation on borrowed money has been of great assistance in the readjustment of conditions in general all over the country in getting back to a solid, sane basis. This move on the part of the federal reserve banking boards has resulted in the practice of a more rigid economy and has forced down the prices of numerous commodities. The purchasing of luxuries has been curtailed to the point of a reduction of from thirty to fifty per cent in price. It is presumed that a further reduction in some lines is due shortly and that a general reduction will follow gradually in all lines until a sensible basis is reached.

### AMERICAN LEGION CALLS MEETING

The American Legion will meet at Judge R. H. Beville's office Tuesday night, October 5th, 1920, at 7 o'clock. There is some very important business to come up at this meeting, such as: The election of an Executive Committee of seven members; Presenting of blanks to make applications for "Victory Medals"; Begin plans for "Armistice Day," November 11th, and other important business that may be presented. You are especially urged to come and be present on time. We also have some American Legion buttons. —A. M. Beville, Jr., Post Commandant. —Roy B. Mefferd, Post Adjutant.

### CHURCHES GETTING ON MORE MODERN PLANE

That the churches are getting on a more modern plane is evident in that they are using the columns of newspapers for display advertising more and more each year. The local Church of Christ did some "effective work" in this line recently. In this issue the Methodist Sunday school is using a half page to acquaint the public with facts which they feel the public should know. Trade journals reaching our desk report the fact that numerous churches have adopted this means of informing the public of what they are doing and what they propose or want to do. And why not? It is more effective than window posters or a mere announcement. More people read papers now than ever before, hence the best way to reach the public is thru the papers.

### EPWORTH LEAGUE ORGANIZES

Last Sunday evening the young people's meeting was called half an hour early and the time was used for organizing an Epworth League. Judging from present standards this league is to be highly successful in its intentions and aims. Nearly one hundred and seventy members were enrolled during this first meeting and the election of officers, together with some enthusiastic planning displayed admirable spirit throughout the league. All officers were elected, as follows: President, J. R. Rich. Vice President—Carl Parsons. Chairman of Devotional Committee—M. L. Wentz. Chairman of Missionary Committee—Harold Bohning. Chairman of Social Committee—Miss Mabel Betts. Chairman of Service Committee—Miss Fay Stallings. Pianist—Miss Rodie Brittain. Chorist—Albert Cunningham. Treasurer—D. M. Brights. Agent for Epworth Era—Miss Winnie Weatherly. Secretary—Miss Oma Griggs. Reporter—Glenn Lewis.

### Fisher Revival Closes After 23 Days of Success

The biggest revival ever held in this city based on attendance and number of converts, came to a close Wednesday night at the tabernacle on the vacant lot east of the grammar school building. Despite the fact that a large congregation greeted the evangelist right from the beginning, this number constantly grew until all seating capacity was taxed to the limit and standing room near the tabernacle was taken up. Due to the message he brot and the wonderful power of the speaker, those present of all ages listened intently that nothing should escape their hearing. The conduct of all congregations from a standpoint of behavior further advertised the fact that the citizenship of Clarendon is of the highest order.

Although very hoarse from speaking in the open both day and night for a period of twenty-three days, the power of the minister did not weaken either in force or effect. Aged men and women as well as the younger accepted the simple truths of the great Teacher who has said that "Whosoever will come," in child-like simplicity of heart hearts were weakened by the powerful blows of the speaker couched in terms of reverence and love bearing the sweet gospel message of the blessed Master. Men and women long in the service and who have witnessed scores of conversions, state that never before have they witnessed such a spiritual awakening. Souls of young men steeped in sin and whose lives in the past have been dedicated to the service of the devil, were snatched from the jaws of hell with bright conversions that caused mothers to shout for joy and weep tears of gratitude for the saving power of an ever-loving Father.

The citizens of this town have long been aware of the fact that a moral wave was necessary. Mothers and fathers and others prayed and talked. Leaders in moral uplift made plans. Revivals started early in the summer and each did a good work. In the final winding up of the campaign against the devil, Christians of all denominations united in the great work and the power of God was felt as never before. Life today means far more to scores of our good citizens than it did a month ago. A new world has opened up before them. Homes are happier. There is a kindlier feeling one toward another. There is more of a willingness to assist in every good cause. The approximated number of converts during this meeting is given at 500, some one hundred and fifty of this number were received into the Methodist church Wednesday night. Thirty-two expressed a preference for the Baptist church. A number preferred to unite with the Presbyterian, Christian and Episcopal churches.

Early in the meeting the young people were put to work with designating colors of pink and green. Each side vied with the other in getting the largest number enrolled. The greens, under the leadership of Miss Fay Stallings, secured a total enrollment of 232, of this number 71 were secured on the last day—Wednesday. The pinks, championed by Miss Alice Mulkey, secured a total of 220. Both societies were lectured each evening by Mrs. A. C. Fisher, wife of the evangelist. The object of the societies was to in-

## CLARENDON INDOOR CHAUTAUQUA COMES NEXT WEEK FOR FOUR BIG DAYS HIGH CLASS ENTERTAINMENT

### CHAUTAUQUA-FORUM BEGINNING AT HIGH SCHOOL AUDITORIUM WEDNESDAY OF NEXT WEEK PROMISES TO BE BEST SERIES OF PROGRAMS RECENTLY SHOWN HERE.

### DONLEY FAIR EXHIBITS WILL LEAVE TUESDAY

All of the exhibits intended for the big fair at Dallas will be loaded on Hedley next Tuesday. The exhibits will occupy a portion of the car chartered by Mr. W. L. Butler, who will be there with a fine hog exhibit. The collection is being made by a number of progressive farmers and business men ably directed by Mrs. Ida Chitwood and Roy B. Mefferd, secretary of the local Chamber of Commerce.

### COLORFUL WOMEN SCRAP OVER AFFECTIONS OF MAN

A gymnastic encounter took place Monday in the rear of the Denver Hotel, two negro women being the principals in the exhibition. One Helen Sargent accused one Della McCampbell of having appropriated the affections of one Alonzo Sargent. It seems that weapons of the axe and butcher knife variety were forgotten entirely when fine paying time arrived. All are well known locally and ordinarily are peaceable, industrious citizens.

Cleveland Hayter has purchased the E. W. Bromley home on west second street.

C. D. Ardery and family are looking over the fair exhibits at Memphis this week.

Mrs. G. M. Richards is visiting relatives in Alabama. She expects to be away for several days.

There will be services at the Christian church Sunday evening at seven, at which time the ordinances of baptism will be observed.

C. W. Lewis reports the sale of the Will Moore steers to an Oklahoma party this week. They were coming 3's and brought \$60.

Some two hundred Mexicans have drifted into this section during the past week. Most of them are from northern New Mexico and they expect to pick cotton.

F. M. Hahn of near Girard, Texas, visited with his son, Lonnie Hahn and family here the last of the week. His son Earl and daughter Blanche, came with him.

Mrs. Chas. Baldwin left Tuesday night in response to a message informing her of the serious illness of her father who is with relatives living near Tenaha, Texas.

Mrs. Harris and three children were guests in the T. J. Allen home this week, having stopped off here while on their way from east Texas to their home at Hereford.

Joe Holland, veteran of the world war and who served with distinction in the 90th division, is attending the big reunion of that division at Oklahoma City this week.

Miss Marguerite McMurry is suffering from an attack of typhoid fever. Her many friends will be glad to know that she is not seriously ill and is getting along as well as might be expected.

Dick Allen is having the building formerly occupied by the Park or blacksmith shop remodeled and extended to the back alley. A filling station and accessory line will adorn the space when the job is complete.

The case of the State vs. Guy Taylor, in which he was charged with betting on a ball game, came to trial Tuesday and was dismissed by order of the court because of a faulty indictment. The case of L. McMillan vs. L. L. Wood, a realty commission suit, was dismissed.

crease the attendance at church and assist in any place where more "pep" was needed.

The children were carefully trained by director of the song service, Mr. McClesky, who had opposing sides known as the "Hustlers" and the "Rustlers." Like their elders, the children were organized to secure a better attendance and to assist in the song service.

The choir was made up of some of the best talent in the southwest in which a number of instruments played an important part. Singers of various denominations ably assisted in that important part of the program and were just as instrumental in saving the lost as those doing other lines of work.

The free-will offering of Clarendon to the evangelist amounted to a total of two thousand and sixty-seven dollars. This is no doubt the best investment the citizens of this town have ever made. Rev. and Mrs. A. C. Fisher and Mr. McClesky left over the Denver this morning bound for Stillwater, Oklahoma where they will begin a meeting Sunday.

The chautauqua season will open in Clarendon on October 6th. There will be five full days of learning, fun and amusement. Among the numbers to be put on this year are the Barnabys. Mr. Barnaby will read his original poem of "Stir up the sugar in the bottom of your cup." This program is very appropriate during the high price of sugar and when read in his own inimitable style, is very pleasing.

Miss Myrtle Tullar will present "The lion and the mouse." Miss Tullar is a story-telling artist of national renown. As some one has said, you forget that a single artist stands before you, but you imagine instead that you see a group of actors, carrying their parts and carrying them well.

"Sing" will occupy one place on the program at which time famous song artists will sing the old songs that "mother used to sing." As a prominent speaker and lecturer, Rev. Ernest C. Mobley, native American, but who has lived in Paris, England and Canada, will delight his hearers with a reasonable plan for meeting present day problems. He has a splendid voice and an ease of delivery with nothing superficial in his utterances.

Raymond B. Tolbert's lectures on cures for the high cost of living will at once attract attention. His lecture on "Patriotism" meets with a ready response and is inspiring and will set people to think about the great national problem that America is soon to be called to act upon.

"The Elixir of Youth" will no doubt be the most comical, fun-provoking, joy-tonic and sparkling cure for the blues on the list. This number is said to be far better than "It pays to advertise," the play which took the country by storm a few years ago.

WILL COTTON WORMS FORCE DIVERSIFICATION?

That cotton worms have reduced the cotton yield in this section of the Panhandle thousands of dollars is being realized more every day. There is but one course left open to the farmer who is depending on crop production from high priced land. He must diversify. We have cited in another article in this issue where sweet potatoes will yield handsome profits even during a dry year. Syrup makers in this section informed a reporter this week that red top cane was a sure crop in Donley county and on an average, would produce from one to a hundred and fifty gallons of syrup per acre. This being true, at the present market price of \$1.50 per gallon for country syrup, an acre will produce a gross earning of one to a hundred and fifty dollars. The syrup season, too, comes on before the regular crop harvesting season. With cotton selling at twenty-five cents and making a third of a bale to the acre as an average yield as it is likely to do this season, the gross earning from an acre will amount to \$25 per acre. From this must be deducted a charge of \$2.00 per hundred for picking making an average for that item alone of \$36.00 to say nothing of the numerous incidental expense accounts such as bagging and ties, ginning, hauling and handling, etc. The lowly "one-eyed" pea alone will beat it right here in Donley if the peas bring eight cents—the present market price. Remember that present market prices are being taken into consideration on all products enumerated. A few who took to the watermelon game have made far more than the cotton farmer will make and his work is done and he yet has the same time for the cotton as the other fellow.

### REUNION DRAWS BIG BUNCH OF VETERANS

Joe Holland returned from the reunion of the 90th division at Oklahoma City full of enthusiasm. The city showed the veterans every courtesy possible. Immediately after registering, each veteran was tagged with a T-O tag which gave him the privilege of free entrance to the fair grounds. The next reunion will be held at Camp Travis on November 11, 12 and 13, 1921.

Clyde Atteberry is a Hall county fair visitor this week, going down Wednesday.

Mary Jane, infant daughter of Mr. and Mrs. A. L. Luxa, is quite ill this week.

Miss Maud Thompson of McLean is visiting with Miss Jennie Dale Powell this week.

Everett Wyatt of Gainesville is here for a visit with his grandparents and uncle, Elmo Shoffitt. Mr. and Mrs. S. E. Atteberry and little granddaughters are taking in the big Hall county fair at Memphis.

The first indications of a frost for this season appeared in the low-lands of this county in the south end Wednesday night.

## The Pastime Confectionery

While it is the primary purpose of our business to render a very prompt service, while it is the invaluable purpose of our employees to be as courteous and as accommodating as possible—still we do not confine ourselves to this alone.

As a firm we are constantly on the alert to secure the newest, the freshest and the most delicious supplies of confections which money and a knowledge of the market can obtain.

We constantly strive to win your patronage by the excellence of our goods and to hold it by the quality of our service.

Make our fountain your meeting place!

Another thing about this census business—if Clarendon had the houses there would be four thousand people here as soon as it was known that housing could be secured. If we want Clarendon to make a big increase in the next ten years then we must provide the residence facilities to accommodate them.

Clarendon's census has been given out at last, and like that of every other Texas city it was most disappointing to the citizenship of our city and community. The figures show 2,456 population, while every mother's son in Clarendon knows that there are at least three thousand people here. Of course we have an alibi that our city limits do not include many families that really live in Clarendon and should have been counted. Again, we were not allowed to count the boarding students in Clarendon College, who live here three-fourths of the year. In other words, our grouch at the census department is just as large in proportion as Dallas' or Ft. Worth's or any other large city, over the "woeful underestimation" of our size and importance.

## FAMOUS COUPLE WHO WILL APPEAR IN RECITAL HERE OCT. 26TH ARE HUMANLY INTERESTING PERSONAGES

MADAME NEVADA VAN DER VEER AND REED MILLER WILL OPEN ARTISTS COURSE IN CLARENDON TUESDAY NIGHT, OCTOBER 26TH. MUSIC LOVERS FROM ALL PANHANDLE COMING TO THIS CONCERT.

From what the committee in charge of the Artists Course is hearing, seeing and doing it is assured that music lovers from all over the Panhandle will be here Tuesday night, October 26th, when Nevada Van der Veer and Reed Miller, world-famed artists appear here in joint recital. Tickets for the three numbers will shortly be put on sale and the heavy guarantee for the high-priced artists will no doubt be raised. Clarendon is the smallest city in the southwest, if not the entire nation, where such high grade talent has been secured for such a cause and the promoters who have gotten behind the series feel sure that our people demand the best and are perfectly willing to pay for it. The same course in a city would cost you twice as much. A very charming and interesting artist couple are Nevada Van der Veer, contralto, and Reed Miller, tenor, whose joint recitals and solo appearances have been enjoyed by audiences all over this broad land. Nevada Van der Veer, who as every one knows is Mrs. Reed Miller in private life, had so often been asked whether or not hers is a stage name and how she came to adopt it, that she says she has almost been tempted to have cards printed with this information. Van der Veer is my own family name and Emma Nevada is my Christian name. I was named after the great singer Emma Nevada but have dropped the first part as it made the name too long. My family were all very fond of music and for several generations we were named after famous artists. My mother's name, for instance was Jennie Lind, and quite by coincidence she had a very pretty voice, though she never sang professionally. Among the few living refutations of the statement that all artist couples are professionally jealous of each other and live "scrappily" instead of "happily" ever after, is Reed Miller, tenor, and Nevada Van der Veer, contralto, who laugh at this so-called byword of domestic bliss and admit that there is nothing like that in their family. "Quite the contrary," says Mr. Miller, "we take great pride in each other's successes and, in fact, during the first four or five years of our married life when either of us was singing, the other would stand in the wings and tremble until the ordeal was over. This nervousness became such a burden that we finally decided not to listen to each other at all, and so when Mrs. Van der Veer sings, I'm off somewhere having a smoke and likewise it does me no good to ask her how I sang on a particular occasion because the answer will be, 'I guess it was good, but I don't know, I wasn't paying any attention.'"

**PASS THE FLOWERS, PLEASE!**  
When I cash in, and this poor race is run, My chores performed, and all my errands done, Perhaps some folks who mock my efforts here Will, weeping, bend above my lowly bier— And bring large garlands worth three bucks a throw, And paw the ground in ecstasy of woe— And friends will wear crepe knots on their stiffer. While I look down (or up) a million miles, And wonder why these people never knew 'Uw square I was before my spirit flew. When I cash in I shall not care a yen For all the praise that's heaped upon me then; I'll come and riden in my narrow box, I shall not heed the praises or the knocks, And all the pomp and all the va'n display Will be just fass and feathers thrown away. So, tell me now, while I am on the earth, Your estimate of what my friendship's worth— Oh, tell me what a loyal chap I am And fill me full of taffy and jam; Spread it good like honey spread on bread— Don't wait to shoot the bunk when I am dead. —Author Unidentified.

**GOD AND LOVE**  
God is, God sees, God loves, God knows. And right is right, And right is might In the full ripeness of His time. All these, His vast prophecies, Shall round their grace-work to the prime Of full accomplishment, And we shall see the plan sublime Of His beneficent intent. Live on in hope, Press on in faith; Love conquers all things, Even Death.—New York World.

**FOR SALE OR TRADE**  
Fruit and stock farm, choice location near county seat, railroad town Ozark region northwest Arkansas. Good health, cold water, choicest section of the United States for all fruits, berries and gardens. E. R. TATUM. 40c

If the party who took the two grips from in front of Watson & Antrobus store Sept. 18th, will return the contents I will pay him a liberal reward and ask no questions. The papers in it are of no value to anyone but myself and they are valuable to me. Address M. E. K., care of Clarendon News. 40p

Some good farms to trade for city property. J. C. Harris. 36tf

## The Keystone of Foot Comfort

is the well-fitting shoe. Many feet are ruined because of ill-fitting shoes. When we consider the fact, that of the approximately 200 bones in the human body, 144 or 52 of them are in the feet, then we will realize the importance of correctly fitted shoes, to protect the joints, ligaments and tendons of the feet. We have made fitting the feet with correct shoes a study, we know how to fit feet, and we are here at your service. We want to sell you your fall and winter footwear. With a large stock of reasonable shoes to draw from, we are in a position to fill your shoe wants. We will appreciate a call from you.

PHONE NO. 8 CLARENDON, TEXAS

**THE STATE OF TEXAS**  
To whom these presents shall come and appear—Greeting:  
You are hereby notified that I, J. H. Rutherford, as Commissioner appointed by the Honorable District Court of Donley County, Texas, as on the 28th day of July, 1920, at the July term of said court, ending on August 7th, following, in cause No. 1085 upon the docket of said court, wherein Odos Caraway was plaintiff and the unknown heirs of J. B. Williams, deceased, were defendants, shall, at public vendue, sell all of the right, title and interest of said Odos Caraway and said unknown heirs of J. B. Williams, deceased, in and to all of Lots Nos. Nine (9), Ten (10), Eleven (11), and Twelve (12), in Block No. Eighty-Nine (89), in the original town of Clarendon, in Donley County, Texas, at the court house door in Donley County, Texas, in the town of Clarendon therein, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in November, 1920, same being the 2nd day of November, 1920, to the highest and best bidder, for cash, and that upon the payment of such bid, I, as Commissioner, shall, pursuant to the order, judgment and decree of said court, execute a deed to such purchaser, conveying to him all the right, title and interest of said parties in and to said premises. Wherefore, let all persons owning or claiming an interest in said lands and all persons interested in the purchase of such, be then and there present on the date of sale, to the end that they may make bids protesting their rights and making an investment according to their best interest under their direction. Dated at Clarendon, Texas, this 10th day of September, A. D. 1920. J. H. Rutherford, Commissioner of Sale appointed by the District Court in cause No. 1085 in said court, wherein Odos Caraway was plaintiff and the unknown heirs of J. B. Williams, deceased, were defendants. 40c

**DEMOCRATS ATTENTION!**  
I have been appointed for Donley county to solicit contributions for the presidential campaign to assist in electing the national Democratic ticket, and to forward the same to headquarters. In furtherance of this object I desire to designate the Clarendon News and the Hedley Informer to assist in this work and to receive contributions at their offices. Every good Democrat should have a part in this campaign to the extent of at least a dollar, and if all will "chip in" old Donley will be a leader. Hand your contribution to either of the newspapers of the county or to me, or you may leave it at your bank with instructions to notify me. R. H. BEVILLE. ## Car Prices

In view of the fact that two or three cars have made reductions lately, we wish to assure owners and prospective purchasers that the NASH CAR will not be reduced soon. While many cars advanced from \$250.00 to \$500.00 within the past six months, THE NASH only took on a \$100.00 raise, and when that went into effect, CORD tires were put on which change would cost purchaser \$80.00, also a FORCE FEED OIL SYSTEM was installed, something not found in any cars within several hundred dollars of the NASH PRICE. Hence the small \$100.00 advance was more than doubly offset by additional equipment, so in reality when the Nash was advanced \$100.00, the car combined as a whole was CHEAPENED in price. Therefore COMPETITIVE CARS that have advanced \$200.00 or \$300. with NO additional value to purchaser will have to reduce their advance to equal NASH PRICE and yet not have equal quality. Our price is still \$1885.00.

Lelia Lake      Clarendon

**ENGLE DERRICK BURNS DOWN AT GOODNIGHT**

Punching holes in the face of mother earth in quest of liquid gold is always accompanied by many terrors in numerous variety but one of the extraordinary delays occurred the last of the week when the big derrick at the wildcat south of Goodnight caught fire from fuel oil flare destroying it completely and doing great damage to the boiler which was caused to crack open from the intense heat. The rig is the property of Phil Engle who immediately began reconstruction work after the completion of which work will be rushed as before.

## LOCAL & PERSONAL

Ed Friedley had business in Wichita Falls the first of the week.

Roy E. Ward of Lelia is attending the Plainview fair this week.

L. A. Byrd, cashier of the F. & M. bank of Lelia, had business in Clarendon Monday.

Mr. and Mrs. Ben Wooten of Shamrock visited at the Estlack home over Sunday.

Elder W. W. Brewer arrived home Monday from Frederick, Oklahoma, where he has been in a meeting.

Mr. and Mrs. R. D. Fields of Chillicothe spent the week with Mr. and Mrs. J. A. Thompson of Lelia. Mesdames Inez Myers, Earl Myers and W. Nippert of Hedley, came up Saturday on a shopping tour.

G. D. Thorp of Sentinel arrived the first of the week to accept a position with the Rathjen shoe store.

J. M. Erwin is doing relief duty as operator at Dalhart this week, going up Monday to get on the job.

J. A. Youngblood, prominent citizen of the Lefors country, was over to attend to business the last of the week.

Mrs. W. M. Cothran of Lelia Lake is enjoying a visit from her mother, Mrs. Smith, of Montague county.

Mr. and Mrs. Henry De Lamar of Wellington visited with the lady's parents, Mr. and Mrs. J. O. Thompson east of town the past week.

Cop Palmer and Howard brothers of near Lelia Lake spent some time on the south plains recently returning home the last of the week.

Tom Cothran, who now makes his headquarters in Wichita Falls, visited in Lelia and surrounding country the first of the week on a business errand.

J. J. Edwards, formerly a resident of this section, spent the fore part of the week here on business. He now makes his home in Hamilton county.

Miss Minnie McBride, state advisory Red Cross Nurse, was here this week going over the Red Cross health service with Miss Yeager, Donley county Red Cross nurse.

P. C. Bennett, formerly county agent for this county, was in town Tuesday between trains. Mr. Bennett formed a partnership with Mr. Laybourne at the time of leaving here. They established a hog farm near Tascosa where they have already gained the reputation of having one of the best hog farms in the Panhandle.

D. M. White, who came out from Georgia during the summer to visit with his sister, Mrs. Dozier, southwest of town, passed away at his home on August 16th. Mrs. White is expected to arrive to make her home in Donley county. The death of Mr. White occurred very suddenly and was a great shock to his many friends at home as well as those who met him while here.

## Little Life Lines

W. H. F.

### Has The World Found It Out In You?

Science tells us that the average man consumes enough oxygen, hydrogen and nitrogen, to make \$2.45 worth of illuminating gas. How brightly is your light shining to make the pathway safer for someone else?

He contains enough carbon to make 2,360 good lead pencils. How many good thoughts have you written and passed on to stimulate and cheer some other life?

He contains enough phosphorus to make 800,000 matches. Have you ever helped to light the fires of true love in another heart?

He contains enough sugar to make 60 luscious lumps. Are you sweet tempered, or do you suggest vinegar and crab-apples?

He contains enough iron to make a spike strong enough to hold his own weight. Is there enough iron in your character to stand the tests of life?

He contains a lot of starch. How many back-bone have you got, when it comes to a stand on some great moral question in your community?—From Onward.

### THE PRESBYTERIAN CHURCH

"This May Be Your Church"

Next Sunday is Rally Day in the Sunday School. That's your day and my day to make the Sunday School begin another year of real work.

It is a day for the building up of our own school and re-enlivening the work of it.

It is also a day when we shall attempt to help the other fellow who has a harder time having a Sunday School and the Bible than we have.

So if you are a game guy and do not belong to another Sunday school come along and you'll help us and we'll help you and we will all help the other fellow.

If you are supposed to be a member of this church or school, just be game and set up! Some of you are so religiously sick and spiritually ailing that you are not even able to take nourishment, and would not know it if you saw it.

Morning service will be at 10:30 instead of 11:00. Be on time if you want to enjoy it.

Evening service at seven o'clock.

W. H. Foster.

We will have storage room in our dry-kiln cellar for a few hundred bushels of sweet potatoes. People are now speaking for room. Potatoes should be handled carefully and brought to cellar the same day they are dug. No potatoes accepted after Oct. 22. T. JONES & CO.

## TELLS GRAND JURY TO PROBE ALLEGED BALL GAMBLING

The fall term of the Potter county district court began Monday morning with the empanelling of the grand jury by District Judge Henry S. Bishop, J. D. Thompson was named foreman and other members are: J. T. Murray, John B. Gilvin, J. R. Gant, Fred E. Cornelius, G. B. Hill, J. W. Berkley, O. D. Short, Lewis Burson, L. T. Sears and O. W. Harrison.

Judge Bishop charged the grand jury along the customary lines for violations of state statutes, and emphasized particularly several laws which are being flagrantly violated, according to reports brought to him.

Gambling was severely rapped by Judge Bishop and he told the grand jury to make a thorough investigation. He declared that gambling was too much in evidence, according to statements coming to him, and he charged the grand jury to make efforts to stop it, returning indictments against alleged violators.

Specific reference was made to alleged gambling at baseball games during the summer months. He declared that it seemed to be taken for granted that betting was to be considered with baseball games. He made indirect reference to a game played at Panhandle last summer, which an Amarillo team won 4 to 0. Judge Bishop stated that he heard that even a bank was opened on Sunday to get money for gamblers.

In referring to this incident, though, he did not name the game or the city, but said the contest was played in an "adjoining county."

Complaint has been made to Judge Bishop that alleged prizefighting was being carried on here, and he ordered an investigation of this matter.

Emphasis was laid upon parties carrying concealed weapons, the judge declaring this was scarcely ever necessary in this age. If it becomes necessary for a party to go to the trouble of protecting himself, he usually can notify a peace officer within the same length of time, added Judge Bishop.

A strict investigation of public morals was ordered.—Amarillo News.

### OUR APPRECIATION

We have disposed of our interests in the Cash & Carry grocery to Messrs. E. A. Morrow and Geo. Taylor. We wish to thank the public for the patronage given us while conducting the business and ask that you show the new firm the same consideration.

C. H. DEAN,  
S. T. CLAYTON.

### NO TRAPPING

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above J. W. Kent, Superintendent.

## Those Who Have Bought a Sperling Dress, Know

We wish it were possible for every woman in our county to buy just one Sperling dress. In one, you buy the most stylish creations—the kind you won't tire of—made of materials that cannot be excelled. Proof? Ask the woman who has ever bought one. They always look well, wear well and wear longest.

And here's another thought we want you to get: A Sperling dress is worth every dollar we ask for it. We know this is true because we keep ourselves informed as to what the Sperling models are selling at in other towns around us—and we underprice them all. You may come to our store and buy a genuine Sperling dress with perfect confidence in the fairness of the price.

ARE YOU PARTICULAR ABOUT YOUR

## Shirts, Collars and Neckwear

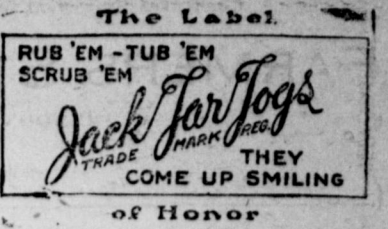

We are particular about the kind we sell to our trade, because we know that being particular means that we will sell good shirts, collars and ties.

IDE SHIRTS AND COLLARS  
PHOENIX NECKWEAR

We have just unpacked a shipment of fiber silk shirts in excellent patterns and we want you to see them. A quantity of them at \$6.00.

There Is Not  
a Better  
Middy Made

We are glad to announce that we now have the exclusive sale of the well-known line of "Jack Tar Togs." The line is well known, to you through the wide publicity given it in the national woman's periodicals, and by those who have given it a trial. The best of materials, with the best of workmanship, together produce a wonderful line of middies and middy suits. What we do not have, we will order for you gladly. Separate skirts, separate middies and suits come in a wide range of sizes and in white, red, navy blue, and green flannels, serges and various other middy cloths. Buy Jack Tar Togs—you will know them by the label—and you will have the utmost satisfaction. —\$2.95 to \$5.95

## Clothes That Stand the Tussle

Don't expect your boy to be careful of his clothes. He's going to "use 'em rough"—so get him the kind of suits that have "Knickers" with double thickness of fabric at seat and knees and between the knees, reinforced by patent inter-weaving stitches.

AND OVERCOATS

are built to give twice the service of the ordinary kind. They are the "Mother's Choice."

## Time Now to Think About Warm Things---How'd You Like Our First Little Norther Anyway?

Made you feel better, didn't it? Puts new pep into us all and reminds us that another season is at our door. But it finds us prepared—and better than ever before—to meet your needs, EVERYTHING is here, ready for your selection and PRICED at reasonable figures. Note that we do not say "at figures under anybody else." We cannot do that and sell you the kind of merchandise that will make a friend of you. "Reasonable quality always considered"—that's our policy as to price. Don't you think it's best in the long run?

The Early Buyer Is Sure Of Getting  
Choice of Sizes, Styles and Patterns.

Let us urge you to do your fall buying as early as possible—for your benefit and, of course, for ours, as well. If you don't know our way of doing business, let's get acquainted. What do you say?

## Strickland-Story's

"The Dependable Store"

## Wirthmor Waists

IN NEW FALL MODELS ARRIVE

—There's a charming simplicity about these new Wirthmor Waists that have just arrived that will appeal to everyone who prefers the simple, neat, modest yet refined styles. Departing from the more elaborate styles that were favored for Summer wear, these new models are developed along the tailored and semi-tailored lines, that Fashion decrees will be most acceptable for Autumn wear. They are typical WIRTHMOR values, which means that they represent the best obtainable at the low price at which they are sold. Choice of several new models at \$2.00.

Wirthmor Waists can be sold in just one good store in every city, and in this city they are sold here only.

## Sidelights On County Fair

Roy B. Mefferd, secretary of the Chamber of Commerce, upon whom devolved the greatest responsibility of the success of the fair, was kept jumping about fourteen different ways at the same time all of both days of the fair.

One of the most noteworthy and pleasing features of the fair was the good behavior of the crowd. Not a fight, no arrests, no wrangles or hard feelings, everyone had a good time and left for home in a happy mood. The only protest came when the babies were being weighed in for the better babies' contest. It appeared to the youngsters that in being stripped, they were to be put to bed thus bringing forth a loud protest from the majority, they not being thru with sight-seeing by a jug full.

Judging from the excellent showing made here, Donley county must be reckoned with at the greatest of all state fairs to be held at Dallas from the 9th to the 21st of October. Our county exhibit will be in charge of Mr. Mefferd. If you have something good—and, of course you have—see him at once—the sooner the better.

Major E. A. Simpson and wife, former residents here but now of

Amarillo, were here for the fair. Secretary Frank Jamison of the Pecos Valley Chamber of Commerce of Amarillo, and his good lady and two sons were interested fair visitors.

W. B. Estes, secretary of the Board of City Development of Amarillo, took occasion to imbibe some of the enthusiasm of our Donley county folk by viewing our products first hand during the fair. An old time cow man informed us during the fair that he did not think 30 years ago this would ever be a farming country, but had now changed his mind since seeing the wonderful exhibits here during the fair. "They all flop sooner or later."

The high cost of living has affected the sane, sensible farmer of Donley county very little to date and will affect him less in the future because he raises the goods right at home. The county fair is fostered primarily for the benefit of those who want to live better, happier lives, grow more stuff and better stuff and be of greater service to others, as well as to themselves.

Joe Hastings found little in Canyon to entertain him while a fair was in progress here so he came down to see the sights and mix with old friends and relatives.

There was every evidence of "hog and honey" with a vengeance at the Donley county fair.

The doll racks, rolly-pollys and such-like for the amusement of kids both old and young during the fair were owned and run by people of

Donley county with one exception. They raked in the coin, too.

The DeLoe man and tractor salesman took advantage to display their wares during the fair, either of which is a good investment.

That there were no car accidents during the fair is due to the diligence of local peace officers keeping the cars well off the principal street.

Everyone on a committee of any kind did their best all of, which helped to make for success. The co-operation of sensible people will accomplish the seemingly impossible. At any rate they had a great fair this time.

Did you notice how the younger folks took to the fair idea? Many of the exhibits were the products of the skill and toil of boys and girls of today who are to make up the backbone of the nation for tomorrow.

Donley's first bale of the season was exhibited on the street Saturday afternoon being sold for thirty cents.

Tom Bain lost interest in the hog exhibit soon after the judging took place due to the fact that some fifteen minutes before he sold a dandy good four months old boar to Monty Garrison that won first prize in his class. Monty took his hog to the plains country Wednesday where he hopes to build up a herd of good stuff.

The entire fair was free. The local Chamber of Commerce pays the bills.

The prizes given were either paid by the local Chamber of Commerce,

or will be paid directly through their efforts.

The lucky winners who will go to the state fair at Dallas will have nothing to pay except their railway fare. They may stay a week at Dallas if they like and have all hotel, jitney, and other expenses paid. After they get to the grounds they become privileged characters with a pass to all departments of the grounds including shows of every description and otherwise. That expense will be paid by the state fair association.

The state fair held at Dallas each season—with the exception of the time taken off to whip the Huns—is the greatest thing of its kind in the south. No wonder our boys and girls work for the fair trips.

The report that O. C. Hill fell in a chug hole on one of our principal streets Friday morning thus missing the fair could not be verified up to the time of going to press. The chug hole was there the first of the week following the fair in practically the same condition except that the hole was somewhat widened out.

Our townspeople do not keep their stock in an inclosure thru fear of the pound, but do fear that the stock may sustain broken legs due to the rough, holey condition of the streets should they find their way out of the weeds.

### NEWS FROM GOLDSTON

We are having fine weather and some of the farmers have begun to gather their crops.

J. J. Goldston is the owner of a new 5-passenger sedan Ford car.

Quite a number of relatives from different places were visiting Messrs. Venzey and Hulson and their families last week.

A well has just been completed at the Neely Venzey place.

Messrs. Gray and Venzy attended the conference at Lelia Lake last Saturday.

Quite a number from here are attending the revival meeting at Clarendon.

Mrs. Oller came in from Missouri last week.

A well is being put down at Clarendon Country Club.

Mrs. Ballew of McLean was visiting with her daughter, Mrs. Ras McAdams and family last week.

Fontayne Elmore has come to Clarendon to attend school this winter.

The all-day singing last Sunday was attended by a large crowd, people coming from different places. Had fine singing which was enjoyed by all present. A long table was arranged which was heavy laden with all kinds of good things to eat. The singing convention will be held at Lelia Lake the 4th Sunday in October. It was agreed to meet every three months.

Mrs. G. M. Richards is visiting a brother in Columbus, Mississippi. She will visit relatives in other parts of the state and in Alabama before returning home.

## CLASSIFIED COLUMN

### For Sale

FOR SALE—9 acres in city limits, located close to Flower House, block 195, and 208. Will take Ford car and some cash. Price \$1400 I mean business. Write C. C. Tipton, Amarillo, Texas.

## HIGHER LEVELS IN THE PORK MARKET

**INCREASED FOREIGN DEMAND AND DECREASE IN USUAL ARRIVALS RESULT IN BETTER TONE ALL AROUND—HEAVIER SUPPLIES LOOKED FOR IN OCTOBER.**

Revival of export business and reduced receipts of hogs have combined during the past fortnight to send hog values of the United States to the highest level of the year. The advances have been the sharpest in any period of similar length in more than a year. Coming at a time when corn and other feedstuffs were declining, the advances in hogs have been particularly gratifying to the producers of the United States. A top of \$18 has been reached on hogs at Chicago. At Kansas City a top of \$17.50 has been scored. These prices show advances of \$1.50 to \$2.00 per hundred over a fortnight ago. The market is almost as high as at this time last year. It is important to note that the improvement has extended to all grades with heavy-weights as strong as any other class, if not stronger. Outstanding among the developments in the market which have brought the sharp and gratifying

advances is the improvement in export business. Increased sales for export are reported by packers to Germany and to other European countries. It is stated that Germany has been taking carcasses of heavy hogs. An easy tone has surrounded foreign exchange rates, with the German mark at the lowest level in months and Italian lire and French francs at levels close to the lowest ever recorded. The English pound has been ruling around \$3.50, compared with the normal parity of \$4.86 5-8. However, it appears that Europe's needs have become of a character which forced increased buying in the face of low exchange. For many weeks the European demand had been disappointing, but it is now forcing advances in prices. In domestic markets a good tone is reported in provisions. While prices average higher, the public still enjoys a good purchasing power and is active on retail markets. Provision futures are also stronger, reflecting more confidence in the outlook.

**Price of Provisions**  
A comparison of present prices of provisions with those which prevailed on Sept. 10 shows the most marked changes in the products affected by export buying. Thus, dry salt clear bellies are quoted at 19 1-2 to 22 1-2 cents, against 17 1-4 to 21 1-2 cents a fortnight ago. Loin shows a big advance, being quoted at 39 to 40 cents, a gain of 5 cents

a pound. Butts are quoted at 25 to 25 1-2 cents, a rise of 1 1/2 to 1 cent. Tenderloins are also up 5 cents, to 65 and 70 cents. Green hams are quoted at 28 3-4 to 29 cents, against 25 1-4 to 27 1-4 a fortnight ago. Pienas was quoted at 18 1-2 to 19 3-4 cents, against 15 3-4 to 18 cents. Smoked hams are quoted at 26 1-4 to 26 1-2 cents, practically unchanged. Breakfast bacon is unchanged at 36 1-2 to 37 cents. These are Chicago wholesale prices. Sentiment was favorably influenced in the hog market and in the provision trade by the publication of the annual stock-hog estimate of the Department of Agriculture. The trade looks upon these figures as bullish, for they show a decrease of more than 5,000,000 head as compared with last year. It is now felt that, with corn relatively cheaper than hogs, there will be increased feeding and perhaps a heavier average weight in receipts, but this can hardly offset the reduced stock-hog supply, according to the majority opinion in the trade.

As usual at this season the movement of hogs shows a decrease. This period marks the wind-up of the marketing of matured porkers from 1919 spring pig crops. It is probable that the movement will continue comparatively light until the matured pigs from the spring farrowings begin arriving. This movement should start in October, but the prevailing feeling is that it will be late. First, the prices now ruling are stimulating feeding and discouraging unloading of holdings by farmers who have an abundant supply of feed. Corn is worth less than \$1 a bushel on farms, and with top hogs at \$18 at Chicago, there is a desire to make the most of the grain by feeding. Here and there, however, feeders are planning to mature their spring crops as early as possible in October because of the feeling that the inauguration of the new crop movement will bring some readjustment in values. Such a change would be in conformity with the action of the market at this season in past years.

**Hogs Show Heavier Weights**  
For the last fortnight receipts have been coming heavy in weight. Chicago's receipts averaged 251 pounds last week, against 249 a year ago. The heaviest weight on record for this week at Chicago was in 1919, when the arrivals averaged 254 pounds. Heavy weights are expected to become more numerous.

At the 11 leading markets for the year to date receipts of hogs total 21,000,000 head, compared with 22,970,000 the same time in 1919. Receipts for the same period in 1918 amounted to 22,100,000; in 1917, 19,150,000.

Immunized stock hogs, which average about \$1 per hundred higher than those not immunized, have sold as high as \$18.25 on the Kansas City yards. Tops for stock hogs before immunization are around \$17.25, a rise of about \$2 over a fortnight ago. It is feared that stock hogs normally come, notably areas in the Southwest which are uncertain producers of corn, report that supplies are too small for the demand. This is reflected by the prices being paid, which are closer to fat hogs than at any other time this year. Iowa, Illinois, Missouri and other states are seeking stock hogs because they have more corn and fewer porkers of their own than last year. The high prices are tempting some sellers, but many who are attracted by the quotations prevailing have so much feed that they want to finish their holdings out. With such influences, strength surrounds the stock-hog trade even at the present level—the highest of the year.

**October Price Levels**  
As October is at hand, the hog trade is looking back at the record of that month in past years. At Chicago last October the average price on hogs was \$14.35, against \$17.45 in September. Present calcu-

lations of market interests will be upset if the coming month makes a showing along the same lines. In other words, hogs are not expected to average in October such a decline as compared with the current month. There is even talk of advances if the new pig crop is late in moving. However, there may be recessions if a good volume of new pigs come. But those who forecast recessions are more optimistic over the market than some weeks ago, the turn in the export trade situation having effected a modification of price views. The October, 1918, average at Chicago was \$17.50, against \$19.65 in September of that year. The October, 1917, average in Chicago was \$17.15 against \$28.20 in September of that year. In 1916 the October average was \$9.80, against \$10.70 in September.

No little gossip is heard on stockyards as to the new disparity between hog and feed prices. For more than a year hogs had been too cheap as compared with market feed prices. Today hogs are relatively higher. Will this tend to depress hogs? The answer of many market students is that, so long as demand for hogs is ahead of the supply, the cost will not be an important element in determining the price. The abnormally high cost of feed the past year was slow in making itself in boosting hogs, as many feeders recall. With a reverse situation, should hogs go down just because feed is cheap? The answer is that hogs will go down only after production has been increased on a scale which makes a difference between demand and supply conditions. An immediate change cannot be effected. The advance on markets rests today with the feeders of hogs.—Poland China Journal.

Work on the local streets in the east part of town is going on gradually as means will permit. Some of the worst places have been attacked and have, after much careful work, gotten down to the point where they are passable. The crew is doing good work and doing their work well as they go.

# Rules For Automobile Driving

- "Obey the law.  
"Consider the other fellow.  
"Automobile owners who keep these two thoughts uppermost will help promote safety in driving," says Scruggs Motor Co., local dealer in Chevrolet passenger and commercial cars.  
"In addition, there are ten simple rules that should always be observed. Some of these rules are traffic regulations in most places. But the law varies. Wherever you are, obey the laws of that place.  
"And remember that considering the other fellow is not only a precaution for his safety but for yours also.  
"1. Don't attempt to pass the man ahead if there is a vehicle coming in the opposite direction. Always see that the road is clear.  
"2. Don't pass standing street cars discharging or taking on passengers.  
"3. Don't 'cut in short' after passing a vehicle.  
"4. Don't turn in a busy street except at corners.  
"5. Don't cut corners. When making a turn, make allowances for traffic in other directions.  
"6. Slow down and sound your horn when crossing or entering another street.  
"7. Always give the proper signal when starting, stopping, turning or changing speed may affect other traffic.  
"8. Don't forget that the legal speed is a safe speed.  
"9. Always slow down when you observe children playing near the curb or in the street—they have not the wisdom of adults.  
"10. Don't drive your car at all without knowing that brakes and steering gear are all right and that lights and license plates comply with the law."

## Think what depends on your tubes

They are almost as important as your tires. Yet few men watch tube service.

Miller builds the finest tubes that have ever been developed. For 24 years Miller has specialized in super-grade rubber goods.

Miller builds more surgeons' gloves, for instance, than any other concern in the world. And that's the sort of skill required in tubes.

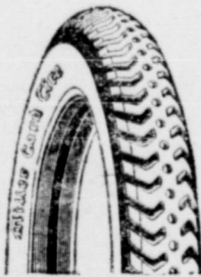

Miller Tubes are built of thin sheets of pure rubber. They are built layer on layer—sheet on sheet—up to the proper ply. Then each tube is tested for hours under air pressure to make sure it is air-tight.

You don't get such tubes when you buy tubes by guess. Come and try a Miller Tube, red or gray. Watch its service. After that you'll never buy an ordinary tube.

Miller's cost no extra price.

### Miller Tread Patented

Center tread smooth with suction cups, for firm grasp on wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

National Headquarters and divisional directors will address the workers and detailed information concerning the general Red Cross program for the coming year will be given them by the experts. This phase of the conference is expected to be of invaluable assistance to the workers in solving problems that will come up.  
Plans for the fourth annual Red Cross roll call, which will begin Armistice day, and last through Thanksgiving day, particularly as they relate to Texas also will be discussed at the conference.  
Among the speakers at the meeting will be Dr. Livingston Farrand, chairman of the American Red Cross; Frederick C. Munroe, General Manager; Dr. E. A. Petersen, director general of health service, and others whose names have not yet been announced.  
The meeting is one of a series being held throughout the Southwestern division of the Red Cross between the dates October 4 and 14.

### DID YOU KNOW?

Did you know that eighty thousand people were killed accidentally in the U. S. each year?

Did you know that fourteen million people were crippled in the U. S. each year? That is the record, yet so many men continue to take the old style life insurance policy that has been written for years and years.

Why not investigate the Reliance Perfect Protection Policy? A policy that protects you while you live, a policy that protects you when you are old, a policy that protects your family when you are dead. Nothing like it, and it is backed up by a big company that is operating in nearly every state in the Union.

Ask a Reliance policy holder, he will tell you that claims are paid without red tape and without cost to him.

See Thos. J. Allen, the Reliance Man. 40c

## Quality Always

AT BALDWIN'S STORE

## LIGHT AND POWER RATES INCREASES CAUSED BY HIGHER OPERATING COSTS

September Eighth, Nineteen-Twenty.

Honorable O. C. Watson, Mayor, City of Clarendon, Texas.

Dear Sir:—  
In referring to our conference on the afternoon of Friday, September 3rd, and in compliance with your request, I herein wish to confirm statement made to you at that time.

### FEDERAL RECEIVERSHIP

1. By order dated February 24th, 1920, the United States District Court at Houston, Texas, appointed me Receiver of all properties of the Texas Gas and Electric Company, which Company at that time and for several years past, owned and operated in twelve cities and towns in Texas, certain electric light, ice and water properties, among which was the plant located in Clarendon.

### OPERATING RESULTS SINCE RECEIVERSHIP

1. Since my appointment as Receiver, the information and reports which have been compiled for six months to date, show this property to be operating at a deficit of \$3627.36.

2. From a thorough analysis it is apparent that this condition is brought about by two principal causes, these being:

(a.) The unusual and unexpected increase in the price of fuel, which has advanced from 9c per gallon as of July, 1919, to 13 1-2c per gallon as of July, 1920, in addition to a material increase in labor costs and all other commodities used by the Company.  
(b.) Inadequate rates for which it has been selling electricity.

With this statement of facts in mind, it is apparent that the Company cannot continue to operate on its present basis and must have immediate relief. I have, therefore, prepared and hand herewith, statement showing present rates in effect and rates proposed to be established in order that the Company may obtain sufficient revenues to meet the actual operating expenses and a reasonable return on its investment under the present abnormal conditions.

### PRESENT RATES—LIGHTING

From 8 to 25 K. W. H.	\$ 15
From 25 to 50 K. W. H.	12 1/2
All Over 50 K. W. H.	10

Minimum charge \$1.50 for which customer is allowed 8KWH. Business minimum \$2.00 for which customer is allowed 13 KWH. City lighting—95—32 CP. Lamps—\$90.00 per month.

### PRESENT RATES—POWER

First 100 K. W.	\$.08
Next 300 K. W.	.07
Balance	.05

Minimum Charge \$1.00 per H. P.

### PROPOSED RATES—LIGHTING

First 25 K. W. H.	\$.22
Next 25 K. W. H.	.20
Next 50 K. W. H.	.17 1/2
All Over 100 K. W. H.	.15

Minimum charge residence and business \$2.50, 12 K. W. hours allowed on minimum.

### PROPOSED RATES—POWER

First 100 K. W. H.	\$.12
Next 100 K. W. H.	.10
Next 100 K. W. H.	.09
All Over 300 K. W. H.	.08

Minimum charge \$1.50 per H. P. connected. All installations over 50 HP. subject to special contract.

### CITY LIGHTS

95—32 CP. Lamps—Present rate \$90 per month. Proposed rates \$150 per lamp per month.  
250 CP. Lamps—\$5.85 per lamp per month.

### VALUATION

In view of the fact that the valuation assumed by me, as Receiver, and mentioned to you in our conference as a basis for the return and depreciation on which the property should earn, is far below that value as shown by the auditor's report, I deem it proper to say that while I am confident that the auditor's report shows a valuation in excess of the true value and that the valuation assumed by me is nearer that value, it must be understood that I have not arrived at this valuation by any accurate method of appraisal, nor fixed it as a valuation by any order of the court, and that my assumption in this matter shall not in any manner be taken in prejudice of the rights of the parties who own the property, or of myself, as I may be advised to claim for the property a higher valuation than that assumed, should it become necessary to accurately appraise the property in a judicial proceeding for that purpose.

### CONCLUSION

My purpose in meeting with you was to present to you a statement of facts in connection with the actual operating conditions of the Clarendon property of the Texas Gas & Electric Company, that you might clearly understand why it becomes necessary at this time to increase the selling price of electricity and will be in a position to explain to your citizens the manufacture of the products that I, as Receiver, cannot continue to operate the property on its present basis and am, therefore, installing the above mentioned rates effective as of next meter reading date, which will be about the 25th of this present month.

Yours very respectfully,

S. R. BERTEON, JR. Receiver.

### REASON APPEALS FOR AMENDMENT

By M. H. DUNCAN

On November 2, the people of Texas will vote upon the better schools amendment to the state constitution, an amendment to section 3, of article VII, which seeks to grant to each school district of the state the power to vote for the schools, such support as it may deem necessary. This privilege is now enjoyed by only about fifty of our larger cities, but is denied to country districts and those of small cities or towns. The purpose of this circular is to set before you the question of whether your children shall have a better chance at education, and preparation for wider usefulness and power in life, or shall lose a large part of the opportunity for education that they now have. Organized labor has demonstrated many times that it is a staunch friend of the school.

### Better Schools a Necessity for Texas Children

When our public schools are closed or when they are taught by half-educated, immature boys and girls, then the wealthy can send their children to private schools and equip them for leadership; but the children of the great masses of the people of Texas must depend for an opportunity for education, upon the public schools.

### The Teacher Shortage

The United States now has an alarming shortage of trained teachers. This is estimated at 100,000 elementary teachers and 20,000 high school teachers. Our children are the most precious asset of the state. The most important question now before the Texas people is this: Shall we retain the trained teachers whom we now have and induce other capable persons to enter the profession or shall we accept those whom other states will not take? Last session more than 50,000 Texas children did not attend any school, because no teachers for them could be found. Four hundred thousand children were taught by mere boys and girls, whose preparation was not beyond that of the eighth grade, and who were totally inexperienced. Many teachers with no certificate were employed, in violation of the law.

### Texas Schools Now Shackled

The four million dollar appropriation to increase teachers' salaries is a temporary stop-gap, made to tide over the present session until this amendment can pass, and can become effective.

If the amendment should fail to pass, it means disaster to Texas schools. Even where the citizens of a district unanimously wish to tax themselves enough to support their schools, the tax limit now set by the state constitution makes such action impossible. The right of local self-government in the matter of supporting their own schools is

needed to everyone in Texas except to those living in about fifty of our largest cities. Fifty per cent of the states of the union have no limit placed upon the power of taxation for school purposes, and no disastrous results have followed this freedom. In other states the tax limit varies from fifty cents to two dollars and fifty cents. In only 2 states, Texas and Virginia, is the tax limit so low as fifty cents.

As patriotic citizens who value your children's rights, you are urged not only to vote for this amendment yourself on November 2, but to work among your neighbors and friends to win support for the measure. Please explain to every child in this amendment does not raise taxes; it merely empowers those districts which desire to do so, to support their schools. It is a local option measure. It does not affect most of our large cities, but it extends to the small towns and rural districts an equality with the city as to the power to have good schools.

### Our Rank in Education

Our great state of Texas, which ranks first in size, first in agricultural products, third in production of oil, and seventh in wealth, is thirty-sixth in education. Shall we remain at a standstill while other states move forward?

### SHERIFF'S NOTICE OF ELECTION FOR SPECIAL SCHOOL TAX

THE STATE OF TEXAS, County of Donley.

Notice is hereby given that an election will be held on the 2nd day of November, 1920, at Skillet school house in Common School District No. 16, of this county, to determine whether a majority of the legally qualified property-taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually, a tax of, and at the rate of 50 cents on the \$100 valuation of taxable property in said district, for said purpose.

All persons who are legally qualified voters of this state and county, and who are resident property taxpayers in said district, shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County, by order made on the 22nd day of Sept., 1920, and this notice is given in pursuance of said order.

Dated the 22nd day of Sept., 1920.

—J. H. Rutherford, Sheriff Donley County, Texas. 41c

**CATTLE STEADY; HOGS STEADY TO 15 HIGHER**

Kansas City Stock Yards, Sept. 27th, 1920.—Cattle receipts today were about 6000 less than a week ago, and with receipts in Omaha and Chicago, the market remained quiet. Chicago received 14,000 north-west grassers, and the Omaha run of 21,000 was mostly from the range country. Hog prices showed a further advance. The top price was \$17.15 and the bulk of the offerings sold at \$16.50 to \$17.25. At the outset lambs sold slowly, but later became active at steady prices.

**Receipts**  
 Today's receipts were 26,000 cattle, 7,000 hogs, and 17,000 sheep, compared with 32,000 cattle, 5,000 hogs, and 15,000 sheep a week ago, and 39,500 cattle, 12,500 hogs, and 14,000 sheep a year ago.

**Beef Cattle**  
 Cattle prices held steady, with some of the medium classes slightly better than the extreme low point late last week. However, quality was plain. Full fed steers were lacking. General bunches of wintered grassers sold at \$13.50 to \$15.00, and straight grass steers brought \$7.75 to \$13.50. All markets are well supplied with plain grass fat steers. Omaha and Chicago quoted further declines in grass steers today. Cows and heifers were steady but demand was more active than late last week. Veal calves were steady to 25 cents lower. Heavy grades showed the decline.

**Stockers and Feeders**  
 A good many country buyers are here to start the week. Few early sales were reported but indications are that demand will strengthen in following days. Buyers want common stockers and feeders at bargain prices, and the better grades are in moderate supply. Stock calves were quoted weak.

**Hogs**  
 After showing a sharp decline the middle of last week, the hog market started up Friday and was higher again today. The top price today was \$17.5, and the bulk of the offerings sold at \$16.50 to \$17.25. Today's market was quoted steady to 15 cents higher. Pigs sold at steady prices.

**Sheep and Lambs**  
 Liberal receipts caused a late start in the sheep division, but demand finally became fairly active, with fat grades steady and feeding lambs 25 cents lower. Western lambs sold up to \$13.00, and feeders up to \$12.75. Ewes brought \$5.25 to \$5.75 and wethers \$7.00 to \$7.50. The bulk of the offerings came from the west.

**Horses and Mules**  
 Trade in horses and mules was fairly active at steady prices. Native horses were in moderate supply. Western and northwest range horses were offered freely. A special range horse auction is being held this week.

## "SMILES OF 1920" IS STATE FAIR FEATURE

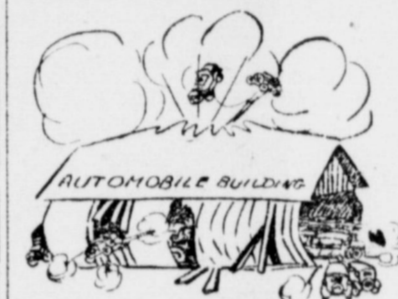

A message from Mars is coming to the State Fair of Texas, dates of which are October 9 to 24, at Dallas. The message from Mars is the theme of an elaborate scenic extravaganza, taking the form of a musical revue, staged by the noted French producer, Emil de Recat, and known as De Recat's "Smiles of 1920."

De Recat and his scenic artists are already on the grounds at Dallas preparing for the extravaganza. An afternoon and night performance will begin each day at the State Fair of Texas. This will be the first time that the production has been shown to the public, the French producer choosing the State Fair of Texas' gigantic coliseum to offer his elaborate Revue to the theatre world.

## 1921 MODELS ARE COMING TO STATE FAIR OF TEXAS

Dallas, Texas.—State Fair of Texas officials have never doubted that the 1920 automobile exhibit at the 1920 fair would exceed previous exhibits at these grounds, but it has come religiously to the attention of officials now preparing for the exposition that the huge automobile building, despite

the added space made available by extensive improvements, is not going to be able to accommodate the large list of entries. To provide for an overflow the merry-go-round and figure eight, former landmarks of the state fair grounds, have been torn down. All automobiles exhibited at the State Fair this year will be 1921 models, the State Fair of Texas having the distinction of showing these models first in the United States, as all other exposition dates are too early for manufacturers to release their 1921 designs.

## MEXICO IS TOLD ABOUT STATE FAIR

Fifteen thousand eight page booklets, printed in Spanish have been mailed by the State Fair of Texas to as many business men and Chambers of Commerce in Mexico relating the extent of the State Fair this year, with especial reference to the big Mexican National Exhibit which is a foremost feature of this year's exposition. The Spanish booklet is one of the most elaborate publicity attempts ever undertaken by the State Fair and is being given wide circulation throughout the Southern Republic. The book was printed in four colors and highly illustrated.

## SCHOLARSHIP GOES TO TEXAS WINNER

Dallas, Texas.—Miss Dow Murray, Route 4, Stephenville, Texas, will be one of the new students at the College of Industrial Arts, Denton, Texas, next term.

She is entering the college under a scholarship won by her at the State Fair of Texas last year, award of which has just been sent to her credit to President F. M. Braley at Denton by Secretary W. H. Stratton of the State Fair.

Seven scholarships for boys and girls of the Texas clubs are offered this year by the State Fair of Texas, which opens October 9 and continues until October 24.

## MEXICAN CONSUL IS BUSY AT STATE FAIR

Consul Roberto Garcia, representing the Mexican government in Dallas, is actively engaged just now in aiding preparations at the State Fair of Texas Coliseum for arrival of the mass of exhibits from Mexico which this year make up the great Mexican National Exhibit, foremost feature of the exposition, October 9 to 24.

## GREAT MEXICAN BAND COMING TO STATE FAIR

Don't fail, when you attend the State Fair of Texas, which of course you are going to, to hear that Estado Mayor Band from Mexico City, one of the most famous musical organizations in the world. It consists of 100 pieces and is sent to the State Fair of Texas by the Mexican government.

## WHEN GOV. COX WAS PRINTERS DEVIL

J. E. Black, who was working on the Middleton Signal when "Jimmie" Cox entered on his newspaper career in 1887, tells this story to the Springfield (Mo.) Leader:

Cox was put to work and as usual with a "devil" was given all the hardest jobs and was the butt of ridicule by his fellow workers. Cox was so good natured that the staff felt conscience stricken every time it played a joke on him, particularly the following: The paper was using copying ink at the time

and after it has been run off the press, Cox was given some gasoline and told to clean the rolls. He was entirely unsuspecting of the fact that gasoline is all right for regular printing ink, but that only water would do for copying ink. He went to work with his gasoline and at the end of three hours had succeeded in transferring most of the ink to himself, so that, as the staff put it then, he looked like a fresh boiled lobster. He continued working until a fellow worker took pity on him and told him the joke. Cox took even this good naturedly and slouched off to clean up. Rub as he could

none of the ink would come off. Young Cox literally had to wait until nature with a change of skin came to his rescue some time later.

### THE NEW GAME LAWS

Revised game laws of the State have been published and are being distributed throughout the State for the benefit of the hunters. A synopsis of the laws is as follows in regard to the opening of the seasons and the amount of game seasons:

Doves in North Texas, September 1 to October 31, fifteen birds a day.

Quail from December 1 to January 31, fifteen birds a day.

Ducks from October 16 to January 31, fifteen birds a day.

Snipe from October 6 to January 31, fifteen birds a day.

Plover from October 16 to January 31, fifteen birds a day.

Wild turkeys December 1 to March 1, two per season.

Buck deer November 1 to December 31, three per season.

Geese from October 16 to January 31, eight per day.

Squirrels, no closed season, ten per day.

Brant October 16 to January 31, eight per day.

Other laws regulating the hunters are: No one is allowed to kill an aggregate of more than twenty-five in one day of ducks, geese, plover, brant, snipe or any other birds.

It is unlawful to kill at any time of year antelope, mountain sheep, prairie chickens, pheasants, woodchuck or woodcock.

There is no law regulating the amount of the following: Rabbits, hawks, crows, buzzards, owls, English sparrows, rice birds, and black birds.

The killing of song birds of all kinds is prohibited. Turkey hens are not to be killed at any season of the year.

A hunter cannot ship game other than that killed by himself, and he must accompany the shipment. An affidavit must be made before an officer having the power of attorney or authority to make such affidavit and must accompany the shipment. Not more than twenty game birds or forty-five ducks may be shipped at one time.

Hunter's license may be obtained from the county clerk. For residents of the county the charge is \$1.75 and for non-residents of the State the fee is \$15.00.

It is unlawful to use headlights or other lights for killing deer or other animals after dark, and all forms of night shooting are prohibited.

It is unlawful to sell, buy or barter any wild game or game birds.

### SCHOOL CAMPAIGN WILL BE PUSHED

Letters are being sent this week by a committee to Panhandle parties, asking them to take the chairmanship of a county-wide organization to push the campaign for the carrying out of the pending constitutional amendment which seeks to remove the 50-cent tax limit. F. R. Jamison, chairman, J. A. Hill, Canyon, and Sam M. Brasswell, Clarendon, are on the committee, which is in charge of 26 Panhandle counties.

Dr. Robert E. Vinson, president of the University of Texas, is in charge of the Better School Campaign Committee of Texas, and he has requested the foregoing named committee to organize the work in the Panhandle. Literature will be sent to communities as soon as they are organized, according to present arrangements.

Those who have been asked to serve as county managers, are: C. H. Walker, Dalhart; Mr. Kessie, Stratford; W. A. Clark, Jr., Spearman; Jack Allen, Perryton; B. E. Shattery, Lipscomb; A. J. Shaller, Canadian; J. K. McKenzie, Miami; M. G. Mathis, Plemmons; L. A. Wall, Dunsmuir; Tom Collins, Channing; Wm. Pulliam, Vega; Ben Stone, Amarillo; J. Sid O'Keefe, Panhandle; Chas. C. Cook, Pampa; E. F. Thompson, McLean; M. M. Miller, Wheeler; C. C. Small, Wellington; W. T. Link, Clarendon; Lara V. Hammer, Claude; Mrs. C. R. Burrow, Canyon; M. Knight, Breckford; L. D. Hamlin, Farwell; B. D. Woodlee, Dimmitt; F. E. Savage, Tulia; L. B. Richards, Silverton; R. B. Morgan, Memphis, and B. M. Harrison, Childress.—Amarillo News.

Mr. and Mrs. J. F. Connor and Joe and Jessie spent the week end with relatives at Wheeler.

Mrs. Eliza Lechner spent the week with her brother and family J. F. Cannon.

Several of the Martin community attended church at Clarendon Sunday.

The young people enjoyed a tacky party at W. M. Mosely's last Wednesday evening.

A social at Mr. A. J. Sibley's last Saturday evening was enjoyed by all.

Mr. Brandt and family visited Mr. S. J. May and family Sunday. Edith and Dixie May spent the day Sunday with Polly and Coriia Sewell.

### IT HAPPENED IN CLARENDON

And Is Happening to People Every Week

The case told below is not an uncommon thing. The same occurs frequently and will continue to happen as long as folks have kidney's and overtax the kidneys.

J. M. Capehart, Clarendon, says: "I have used Doan's Kidney Pills off and on for several years and gladly recommend them. Before I tried Doan's, I was troubled a lot with rheumatic pains in my joints. My back was weak and I had sharp pains through it. The kidney secretions passed too frequently, getting me up often at night. Doan's Kidney Pills have never failed to relieve me of any signs of the complaint. They have done me more good than any other remedy I have ever used." Statement given Nov. 27th, 1915.

Lasting Results On April 21st, 1919, Mr. Capehart added: "Doan's Kidney Pills cured me and I believe the cure is permanent. I have not needed a kidney remedy since." 60c, at all dealers. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

A Peculiar People—Titus 2:14

First, as a religious people they claim to be simply the church we read about in the New Testament, founded by our Lord Jesus Christ and endorsed by the Holy Spirit. Matt. 16:18, Cor. 3:11, Eph. 2:20. Second, they reject all human creeds and take the Bible alone as their only rule of faith and practice. 2 Tim. 3:16, Rev. 22:18-19. Third, refusing all human titles, they accept only such names as are given to the disciples of Christ in the New Testament. 1 Cor. 1:2, Rom. 16:16, Eph. 3:16. Fourth, they offer the world no law of pardon but such as is found in the great commission and no hope of salvation short of a hearty obedience to the gospel of our Lord Jesus Christ. Matt. 28:19, Mark 16:16, Luke 24:45, Heb. 5:9, 2 Thess. 1:7. Fifth, they seek to bind their opinions upon no one but plead for a union upon the Bible and the Bible alone, to speak where the Bible speaks and be silent where the Bible is silent. "With charity for all and hatred for none." They plead for a return to the Bible as a complete and perfect rule of faith and service. Deut. 18:19-20, 1 Pet. 4:11, Gal. 1:8-9.

If you can endorse the above, come out to the Church of Christ and worship with us. If you do not endorse it, come out and let us reason together.

W. W. BREWER.

T. J. Allen returned from Mineral Wells Wednesday having accompanied Mrs. Allen down there the last of the week. Mrs. Allen expects to remain there possibly until Christmas for the benefit of her health.

## Marked Style Changes in Men's Clothes for Fall

New style changes for Fall as correctly interpreted by Society Brand Clothes will be heartily welcomed by men who pay particular heed to their appearance.

The long vent in the coat has gone. Vents in modish suits this Fall will be noticeably shorter.

Body contours have changed. The high waist line and the pinched-in effect have gone.

Coats hang with greater fullness from the shoulder. The result is a pleasing effect of unusual ease and smartness.

These are the style features that mark this season's models in Society Brand Clothes.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre at once

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

My lands in Briscoe county, known as Sink Lake and Timber Lake pastures are posted according to law and any hunting or trespassing will be vigorously prosecuted. M. E. Bell.

## TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Back-ache or have Bladder Trouble

Most forms of uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## DUTY OF THE SOUTH-ERN DEMOCRATS

The solid south along with the rest of the country, and the southern Democrats along with other Americans, have greatly profited by the wise and able Democratic administration of the last eight years. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

The southern Democrats, however, should take an active part and not be merely interested bystanders in this great contest. It is to be hoped, for the good of the Democratic party and for the good of the nation and for their own good, that they contribute as largely as they can to the Democratic campaign fund.

The Democrats are drawing their money from the body of the people, they care not some and will not use others of the methods of raising money adopted by the Republicans. Each individual Democrat should contribute his part to the comparatively small amount of money needed to elect Governor Cox.

## DO YOU NEED MORE COTTON PICKERS?

If you want cotton pickers or will need some soon, come into the Chamber of Commerce office and tell us how many you want, what you will pay and whether you have a place to keep them.

The Chamber of Commerce is in a position to secure a good force of pickers for you so it is up to you to let your wants be known. Roy B. Mefferd, Secretary Chamber of Commerce. Office in The News Building.

## RED CROSS HEALTH SERVICE SEEKS TO ASSIST SCHOOL KIDDIES

That nearly one-half of the school children are hindered by defects of one kind or another from getting the best results from their school work is the rather startling statement made by Miss Minnie McBride, Red Cross and State Board of Health Advisory Nurse, who is here assisting Miss Ella Yeager, Public Health Nurse for Donley County, in her work. The statement is based upon figures compiled by Red Cross workers while inspecting over 50,000 school children in the state of Texas last year. Miss McBride stated that many of the defects are easily corrected by home treatment.

Children who are defective in one way or another do not make as good grades as their healthier classmates it has been observed. Children whose defects have been corrected have often shown such marked increase in grades that both teacher and parents have been surprised.

In one county in Texas where 2,007 school children were given medical inspection by the Red Cross Public Health Nurse, it was found that more than half of those inspected showed some retarding physical defect. Of the number of children inspected 753 had throat and tonsil trouble while 350 were in need of optical attention and 239 had defective teeth. These figures, Miss McBride says, are typical and are not at all unusual.

It has been pointed out that communities as a whole do not seem to realize that money spent in maintaining schools is sometimes partially wasted because of the fact that at the present time many children are prevented by disease and ill health from attending schools provided for them and that the facilities of the school provided for these children must consequently be maintained at the expense of the community. Other children who do attend school do not get the best results from their work because they are hindered by ill health, which often forces them to be absent for irregular periods and thus be left behind the rest of the class.

Not only by the correction of defects does the Public Health Nurse strive to secure the good health of school children, but also by teaching children to form healthful habits, to take plenty of exercise in the open air, to eat slowly and chew thoroughly, to brush the teeth regularly, to keep the body clean and to get enough sleep in well-ventilated rooms.

## SCIENTIFIC PIGS DO MANKIND GREAT FAVOR

Blanket, Texas, Sept. 25.—What the scientific men and the chemists have been unable to accomplish, the pig has. The life of the boll weevil in Texas seems indeed short-lived as a result of the invaluable discovery of W. B. Starley, progressive farmer of this section. To him should go the \$500,000 reward for a solution of the cotton pest, say his friends.

The Starley cotton patch is going to make better than a half bale to the acre. His neighbors' patcher will make only a handful. The farm of the farmer is now almost without boll weevils. Those of his neighbors reek with the destroyers. Starley sometime ago decided to turn thirty-six hogs into his cotton patch, fencing them off with hog wire. The swine went up and down the rows sweeping the boll weevils from the plant, knocking out infested squares and forms, and devouring them and the larvae. Thousands upon thousands of the pest were there-with annihilated.

The porkers seem to enjoy their new range. It is more like heaven to them than anything else. The cotton is fruiting well and is being relieved of its parasites. Farmers from several sections of the country are visiting the farm and learning valuable lessons which will be emulated with the 1921 crop. Farm periodicals and swine journals which learned of the ingenious solution of the boll weevil problem are now devoting considerable space to the results in an effort to get the farmers of the country to follow the example. The hog breeders are looking for a great demand shortly.

## DONLEY COUNTY HOGS KNOWN FAR AND WIDE

The reputation of this county for the production of fine hogs is well known in the central states as well as many other places. J. C. Patterson, who judged the hog exhibit here Saturday stated that he had been familiar with the hog industry of the central states for several years and, after looking over the hogs exhibited here, saw no reason why hog raisers of this section should go elsewhere to get their stock when they could get better stuff right at home. That is the opinion of hog men who come from other places.

We have several clients who want to buy homes in Clarendon and some who want to trade land for Clarendon homes. Too, have several small Donley county farms to trade for ranches. What have you to offer? DUBBS-HAYTER LAND CO. 404f

Use Tung-Sol electric light globes. They give more light for less money. Stocking's Store sells them.

## A Third Of Your Time

A third of the life of the average person is spent in bed. The amount of benefit to be derived from that portion of your life depends upon the "kind" and "quality" of your bed. We make mattresses that makes bed-time arrive with pleasure.

We also buy eggs and chickens.

## No Compromise

With us on style, material, or workmanship. These must be the best that can be put into a suit by the most skilled suit producers. Made of Australian fine wool, by the most artistic suit builders. That is why we sell COLLEGIAN Clothes for men and young men. These have stood the acid test since 1917. Made by David Adler & Sons, Milwaukee, Wis. Come in, slip one on, see how perfectly you can be fitted in these clothes, how comfortable you will feel. See its graceful lines, see how you look in a suit that makes you look your best.

## Baldwin Bros.

### A STUDY IN STICKING

He came to our school—San Marcos Baptist Academy—a man of thirty, tall, broad-shouldered, a big husky fellow, fresh from ranch life. Seemingly as if by accident, a chance acquaintance had told him something of the big, wonderful

world, of school, and of the magic power that learning could give him. He was charmed, fascinated, and determined, at all hazards, to get an education. He secured money—an easy matter, as his father was wealthy—arranged his business affairs, and set out the next September on the toilsome road to knowl-

edge.

Having attended school only six months in his life, he necessarily entered the preparatory department in the academy. Though naturally of a vigorous mind, it was so untrained that learning was a slow, difficult process. His classmates—small boys and girls most of them—outstripped him sadly, a fact that made every recitation a period of torment to him. He studied hours on a lesson for the sole purpose, it seemed, of failing completely.

Days, weeks, and months dragged by, yet his task did not grow easier. It was only his physical fitness that made it possible for him to endure the mental strain. Far from home, discouraged at his slow progress, heartsick because of repeated failure, he would have given up early in the action had not his big, brawny fist, backed by his virile body, clenched in the determination. During those early months, frequently at nights, he would walk the streets and far out into the country, fighting to make himself stick. Born for the freedom of the range, he found the classroom a stifling prison.

It seemed a losing game. After months of the terrible strain, deciding the odds against him were too great, he bought a ticket for home; and, a poor, miserable, defeated creature, he started back.

With the dawn of the next day, however, he came to himself; his manhood awoke within him. He resolutely got off the train, bought a ticket back to the school town, and returned to stick it out.

How did it end? Exactly as a determination to succeed always ends. He succeeded, graduating six years later—years of strenuous toil and ceaseless effort—an honor man in his class.—Baptist Standard.

Clay Thompson, cashier of the Citizens State Bank at McLean, and his father, were here Tuesday on business matters.

R. N. Erwin left today for Tascosa where he has accepted a position as telegraph operator.

C. L. Hollis, county clerk of Cotter county, was in town on business Wednesday.

Hank Bagby and Bob Bedwell spent Sunday in Goodnight

### THEY DIDN'T NEED TO ADVERTISE

Under the above caption an advertising agency recalls the disappearance of Pearlina from the market, and the reason for its eclipse, and then points the moral of the story as follows:

"Do you remember Pyle's Pearlina? Once it was the most popular washing powder in America. In 1907 Pyle's Pearlina ceased advertising. They did not have to advertise. Advertising was no longer necessary. Pearlina was a good product and everybody knew about it."

"In 1914 the Proctor & Gamble Company bought Pyle's Pearlina at their own price to save it from bankruptcy."

"In seven years the public forgot Pearlina. You have got to do more than make a good product. You must tell your dealer and consumer and keep on telling them the advantages of your article."

"If people did not die, if people did not move, if new generations did not grow up, if customs and habits did not change, if competitors did not compete, if people were not open to suggestion, and receptive to new ideas, then there would be no need of advertising."

"But until then advertising is the shrewdest safeguard for the established product, the most certain hope for the new idea."—Advertising Age.

### ONE BURDEN THE CITY HAS TO BEAR

Times certainly have changed and the boys have changed with them. Twenty years ago a boy was willing to spend a year, sometimes three learning a trade. Do you see them doing that now? Not much. A lad strikes you today, for a job, and if you suggest that he work for a week or a month for "experience" he'll give you the laugh. He must have wages from the moment he dons his cap, and half the time he don't even do that, but loaf around the store or shop with his hat on the back of his head and a pipe between his teeth. He can get \$1.50 a day washing your windows or carrying the ashes from your cellar, so what is the use of wasting time learning a trade?

There isn't a business in Fairview today that isn't yearning for one of the old-fashioned boys who will treat his elders with politeness and take an interest in his work beyond waiting for the clock to mark up quitting time.

It's Saturday afternoon off and double pay for every minute overtime. He doesn't want to learn the business; he has no ambition to own dull town and hikes to the city at every opportunity.—Fairview (Oklahoma) Leader-Enterprise.

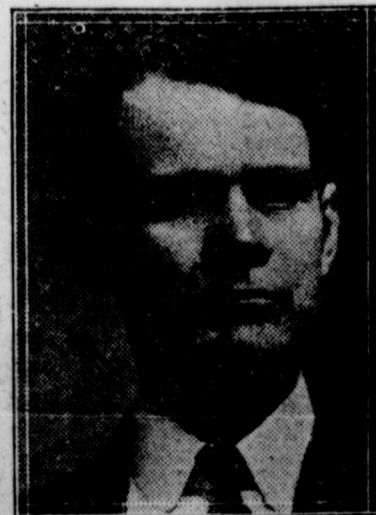

### Be Consistent, Sam!

There were perambulating in Canadian last week two damselfish whose attire would make Sam Braxwell, society censor of the Clarendon News, turn the door on his mother-in-law. One was a very large and altogether good looking young lady who might have had some difficulty in securing union-all large enough for her. The other was a small lady who evidently lived where they do not make the smaller sizes in union-suits. They were tourists and while their clothes were perhaps comfortable, and they did not give a continental what rubes of the short grass that of the looks of their attire, for being comfy while out on a back-to-nature, camping trip was their ambition, yet it was altogether quite an amusing parade to see the two on the sidewalk. But at that, it was as the editor of the Wellington Leader states: Such attire may seem out of place to men, but it is much more modest than the modern society clothes worn by most of the ladies, clothes so economically constructed and so well aerated that the entire outfit can be wadded up in a roll that will go in a man's vest pocket.

Even if Sam passed up the modern clothes as an improvement over the union-all girls, there still remain the bathing beach suits which he saw (by using a spy glass) while down to Galveston last summer, when he became so enthusiastic over the beauties of bathing beaches that he dived off into the gulf, cracked the concrete bottom of the sea wall and splashed so much water that the Panhandle has been drowned out ever since.

Be consistent about this union-all fad, Sam! be consistent.—Canadian Record.

Now Bro. Loomis, hownanhill is the News editor to pass on this costume business way up at Canadian when you didn't even describe the dress of the ladies in question, much less furnish us with blue print or photograph for our critical eye to pass on. We want to be consistent, all right, but we are more interested in being correctly informed. Our good friend of the Wellington Leader may be correct about "such attire may seem out of place to men," but the korrek kostume editor of The News insists that if it gets any further out of place someone will have to pass the apples again as in the Garden of Eden—so some people may discover just how naked they are.

DR. E. C. MOBLEY,  
Vital Problems, at Chautauqua.

### MEXICAN EXHIBIT LEAVES FOR TEXAS

The big Mexican National Exhibit, feature of this year's State Fair of Texas, will be en route to Dallas by September 12, reaching the State Fair grounds about September 17. This information was contained in a telegram just received from Luis

Luplan, secretary of General J. B. Trevino of the department of Commerce and Industry at Mexico City by the State Fair management. Mr. Luplan stated also that the official coterie of Mexican ministers and high officials, probably ten in number, will accompany the exhibit to Dallas at that time.

At a later date between 300 and 500 Mexican business men will arrive in Dallas, to be guests of the State Fair of Texas from October 9 to 24.

### DUROC ROUND-UP TO BE HELD IN DALLAS

Dallas, Texas.—State Fair of Texas officials announce that Dallas and the state fair grounds have been chosen as the scene of the 1929 Southwest National round-up of Duroc-Jersey futu-

ry pigs, given annually under the auspices of the National Duroc-Jersey association, and this year affiliated with the Texas Duroc Breeders' association and the State Fair management.

The round-up is a competitive affair and each year attracts hundreds of breeders from throughout the United States. This year a total of \$2,400 in prizes has been guaranteed.

### SHEEP EXHIBITS WILL BE LARGE THIS YEAR

Dallas, Texas.—A greater interest is being manifested in the sheep division of the State Fair of Texas this year at this time than during any previous year, according to announcement just made by J. M. Jones of the Texas A. & M. college, who is superintendent of that division. Not only have the premium classifications in this division been increased, states Mr. Jones, but in addition a modern, commodious sheep barn has been completed, which will be ready for occupancy at the opening of the fair. Mr. Jones has called attention of sheep men to the fact that Rule 14 in the sheep and goat division reads this year as follows: "Flock—A flock shall consist of one ram any age; one ewe two years old or over; one yearling ewe, and one ewe lamb."

### STATE FAIR SPACE IN GREAT DEMAND

Demand for space at the State Fair of Texas grounds, this season is unprecedented, according to Secretary Stratton and President Keist. Practically all of the space has been sold, although some remains which may be made available to late applicants. This, however, is going fast. The State Fair officials state that never before in the history of their experience with the State Fair of Texas has there been such a host of applications for reservations of ground space, booths and indoor exhibits.

### MEXICAN OFFICIALS COMING TO STATE FAIR

Dallas, Texas.—A telegram received by Secretary W. H. Stratton of the State Fair of Texas from the offices of General J. B. Trevino at Mexico City, secretary of the department of industry, commerce and labor, states that ten officials of the Mexican government will accompany the mammoth Mexican National exhibit to the State Fair of Texas this year. It is estimated that between 300 and 500 business men of Mexico will attend the State Fair of Texas.

### COAL CARS GIVEN PRIORITY TO AID MOVE

Chicago, Sept. 29.—In an effort to relieve the coal famine threatening the entire state, the Public Utilities Commission, in an order issued today gave priority to coal shipments.

Coal shipments left standing on tracks more than twenty-four hours were ordered seized by the railroads. Empty coal cars also were given priority in the order. The Commission ordered that these cars should be despatched to Illinois mines as soon as unloaded.

### JOSEPH W. BAILEY WILL PUBLISH WEEKLY PAPER

Fort Worth, Texas, Sept. 18.—The Democratic Review, a weekly publication, with former United States Senator and late candidate for Governor Joseph Weldon Bailey as editor and publisher, will make its appearance in Fort Worth Nov. 1, it was announced here today by Robert Barker, former chief clerk of the House of Representatives of the Texas Legislature. Mr. Barker

will be business manager and circulation manager of the newspaper. Mr. Barker said the paper will be published in the interest of "true Democracy and devoted to the cause of returning the younger generation to the principles expounded by Jefferson and Jackson."

Mr. Barker said that Senator Bailey, who is now in Washington, will return to Texas about Oct. 1 and begin the practice of law at Dallas.

## Cement! - Cement!

It has been very difficult to get cement for the past six months, as all are aware.

We have been very fortunate in receiving a few cars. If you need any you had better see us at once.
