

CLARENDON COLLEGE COMMENCEMENT CLOSED MONDAY MORNING AFTER A SERIES OF BRILLIANT PROGRAMS

THIRTY-FIVE STUDENTS GRADUATED IN ALL DEPARTMENTS—TWENTY BEING YOUNG LADIES—MANY STUDENTS SIGNIFY THEIR INTENTION OF RETURNING IN SEPTEMBER.

The twenty-second annual commencement of Clarendon College passed into history near noon Monday when the graduating exercises of the local institution were concluded with the benediction.

The programs of the closing week began Tuesday evening in the college chapel when the primary grades under the direction of Miss Vaughan gave a most creditable program of choruses, readings and pantomimes.

Thursday evening the pupils of the Dunning system of music under the tutelage of Miss Betts gave their annual recital to the usual attentive audience.

On Thursday evening the play "The Hoop" presented by the members of the senior class drew a record breaking crowd, and with their presentation of the very refreshing wit of the lines kept the audience in an uproar for over two hours. The college orchestra, directed by Miss Loeffler pleased the big crowd with its numbers before and between the acts of the play. The News is informed that the class play of this year attracted the largest attendance and took in more money at the door than any other class play in the history of the college.

Friday morning was presented the grand concert by pupils of Director Frank E. Marsh in what proved to be one of the most delightful programs of the entire commencement. Miss Pearl Miller, honor graduate in music and Mrs. Edythe Bryna Cameron post-graduate student with the assistance of Mr. Marsh gave an exhibition of art in musical interpretation seldom witnessed in Clarendon or elsewhere.

The artists' recital in the afternoon and the oratorio "Ruth" at the evening hour is given space in another column.

Saturday morning was given over to the annual reading and oratorical contest under the direction of the department of expression with Miss Gailley as teacher. The contest was of a high order and very interesting with not much to choose as between the contestants. The medals were awarded to Mrs. Mary Lillian Young and Mr. J. E. Eldridge in the respective contests. The winners are young people who would give a splendid account of themselves in any company.

At the evening hour the annual inter-society debate between the Pan and Add literary societies drew a tense and interested crowd. During the afternoon the streets had been monopolized by the two societies in cars decorated in their respective colors, therefore the debate was a white heat and the debate enjoyed one of the largest gatherings of the commencement occasion. The subject for discussion was, Resolved: "That labor as such, should have effective representation in the management of the industries" with Chas. Ferguson and Kenneth Pope affirming for the Adds, and J. E. Eldridge and Hughes Quattlebaum denying for the Pans. The debate had a double interest in that the Farmers State Bank of this city had offered a medal to the best individual debater regardless of the side which won. This decision was announced first, the medal going to Chas. W. Ferguson with first placings by the judges. Then another pandemonium broke loose when Dean S. H. Condon announced that although the medal went to an affirmative debater, the decision of the judges gave the debate to the negative side. The celebration by the Pans lasted far into the night even though the Adds did hold the medal.

Sunday morning at the Methodist Church the commencement sermon was preached to the graduating classes of the college and to the graduates of the Clarendon High School, Dr. C. M. Bishop, president of Southwestern University at Georgetown delivered a most scholarly sermon from the text "I have finished the course". Special music was rendered by the choir.

Sunday evening Dr. Bishop preached another profound sermon to the undergraduates.

Commencement Day, Monday—dawned bright and fair. At ten o'clock the graduating class assembled at the chapel for the last act in the drama of their junior college life—the receiving of their diplomas. After the invocation by Rev. Ferguson, Miss Loeffler rendered a beautiful violin solo, "Legende" by Wieniawski. The addresses by the two highest honor graduates were delivered by Misses Janie Cousins and Alpha Kemp. In the absence of Dr. Bishop, Dr. Brooks, pastor of the Polk street Methodist church of Amarillo delivered a most thoughtful and practical address to the graduates—one that found lodgement in the heart of every person present. After a rendition of Liszt's "Rhapsodie Hongroise" No. 6, by Miss Pearl Miller, President Slover delivered a few words to the class and presented diplomas to the following:

A. A. Degree
Ballard, Joe Allen
Bynum, Faye
Carroll, Perry
Cobb, Otis
Clifford, George
Cousins, Janie
Cagle, Annie
Ferguson, Charles
Harrington, French
Harris, Heck
Kemp, Alpha
Keen, Harold
Lotts, Eugene
Ligon, Ann
Lottis, Earl

Miller, Gertrude
Miller, Pearl
McLean, Carolyn
Ozier, Paul
Pope, Kenneth
Stocking, F.
Taylor, Vera
Walker, Gertrude
Young, Mary Lillian
Shropshire, Drucilla
Stinnett, Porter C.
General Culture Diploma:
Andrews, Ioma
Bain, Mary Helen
Mickle, George Ella
Porter, Vera

Expression:
Eldridge, James E.
Ligon, Ann
Powell, Jennie Dale
Watts, Lulu

Music:
Miller, Pearl

Medals were awarded as follows:
First Honor Graduate, Miss Alpha Kemp; Honor student of Junior class, Mr. Arch Hart.

Pres. Slover then gave an insight into the financial problems and difficulties of the college and outlined his plans for the coming year and his goal in making Clarendon College a grade A institution.

Following announcements of the summer school by Dean S. H. Condon the benediction was pronounced and the session of 1919-1920 took its place in the records of the school.

Jack Murphy and mother are visiting friends at Hereford this week.

ARTISTS' CONCERT AND ORATORIO GET GREAT APPLAUSE

SOLOISTS FROM FORT WORTH IMMENSELY PLEASE CLARENDON MUSICIANS IN CONCERT AND ORATORIO FRIDAY AFTERNOON AND NIGHT

Music Day of the May Festival of Music in Clarendon last Friday lived up to all the proud history of its past and seemed to surpass the outstanding programs of former years, if one is to judge by the general commendation heard on all sides. Clarendon is a city of music lovers, a city where good music is known and appreciated and in spite of all the difficulties that Director Marsh encountered this spring the rendition of the oratorio "Ruth" will long be remembered as a criterion and a rendition to which all oratorios in years to come will be measured.

The soloists for the occasion were Mrs. Pearl Calhoun Davis, soprano; Miss Arlen McKenny, contralto; Mr. Bernard U. Taylor, bass; all of Fort Worth and recognized as leaders in that city where there are more artists than in any other southern city. Mrs. Davis has a wonderfully pliable voice of excellent quality and her work in the recital of the afternoon and the score of Ruth at the evening performance was of the highest order and her work and pleasing personality will live long in the minds of those who heard her.

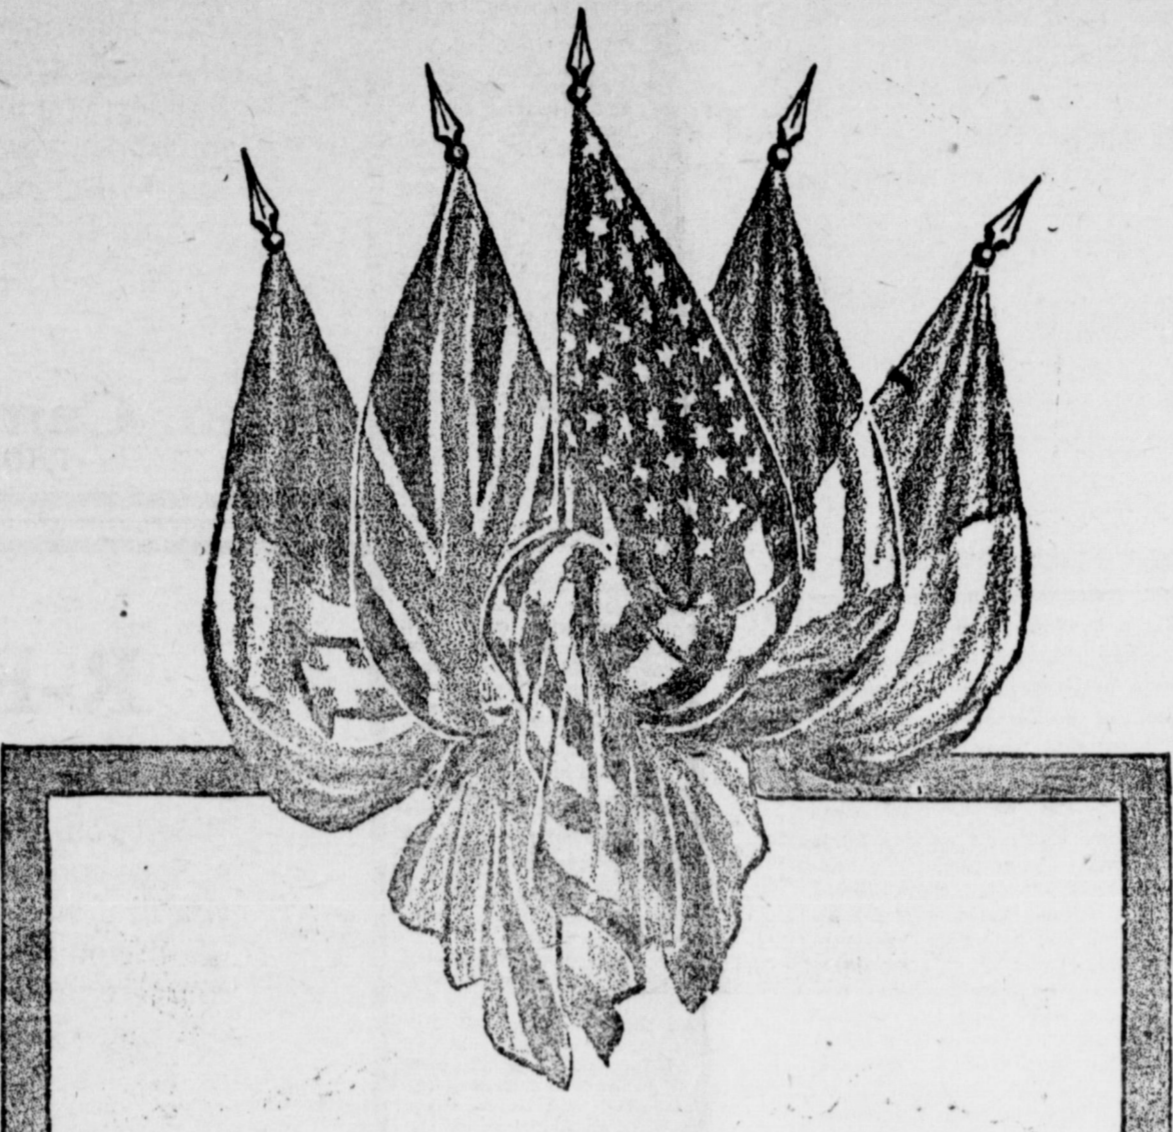

Miss McKenny proved a most pleasant surprise, for one doesn't look for so big and rich a voice in one no larger physically than she. In the afternoon concert as in the evening program, where she appeared as Naomi, Miss McKenny's colorful singing proved one of the attractive features of an especially delightful combination of features.

Mr. Taylor came to Clarendon well recommended as one of the newer acquisitions to the roll of Fort Worth's finished bass soloists. On several previous occasions Clarendon people have heard men of his class, but never have they heard one with so much polish to his work as exemplified by Mr. Taylor. Besides his splendid execution Mr. Taylor has a radiating personality which wins his hearers and causes them to regret that his programs must come to a close. His interpretation of Boaz in Ruth was without reproach in any respect.

Director Marsh is one of the most tireless directors the College has ever had, and the work of the chorus under his direction bore full testimony as to his ability. The oratorio "Ruth" is one of the most tuneful in the literature of the sacred cantatas, and Friday evening Mr. Marsh interpreted every shade of the human emotions and passions to one of the largest assemblies that has ever been seated in the Methodist Church. The work of the orchestra with Miss Loeffler, concert-melister, Mrs. Adams at the piano and Miss Betts at the organ gave a background to the singers which added wonderfully to the success of the evening. In fact the only disaster of the evening was the chronic failure of the electric lights when the program was a little more than half concluded. After it appeared that the lights would not come on again that evening, the program was concluded with flashlights and the aid of several pressure lamps hurriedly provided. The News has something to say about this debacle in another column.

Withal the audience was patient fully appreciating the difficulties besetting the singers and rendered a full meed of sincere praise for the rendition of the oratorio.

In the intermission between part

Memorial Day Gains An Added Lustre WILL BE CELEBRATED IN FRANCE....

Memorial Day services will be held over the graves of 50,000 A. E. F. dead in the Military Cemeteries of France.

One of the beautiful and impressive features of the ceremonies to be held, will be the splendid spirit of co-operation which will be displayed between the veterans of Paris Post No. 1 of the American Legion and veterans of French military organizations, when they will join forces in paying tribute to the heroic spirit and indomitable courage of the brothers-in-arms of the late war—visiting first the graves of those brave American soldiers—who having made the sacrifice supreme, now sleep peacefully in American cemeteries in France. Then, in turn, they will visit the burial places of the superb Poilu, and there, too, join in paying homage to the spirit which animated these brave fighters.

ODD FELLOW ASSOCIATION WILL MEET HERE IN 1921

Local members of the organization inform us that all the credit for securing the meeting here next year is due to an earnest, eloquent plea of J. D. Gillan of Hedley. No other town contended for the meeting place after the speech of Mr. Gillan.

Several members from here attended the meeting of the Panhandle I. O. O. F. association at Amarillo Wednesday and Thursday of last week. Among them were: Chas. Corlier, Chas. Speed, J. C. Finley and A. Sowell. Hedley was also well represented by several members.

A banquet at which plates for 187 were placed closed the largest gathering of Odd Fellows yet to meet on the plains. E. Q. Vestal grand master of the order in Texas, acted as toastmaster. Mrs. Bailey, who sang here at the recent Odd Fellow celebration, sang "From Jerusalem to Jericho," meeting with a responsive cheer due to her beautiful rendition and the theme of the song.

W. C. Teague of Canadian was elected president of the association for the ensuing term. Mrs. Van Zandt of McLean was elected vice president. S. H. Taylor of Amarillo was elected secretary.

TRACTOR DEMONSTRATIONS NEAR TOWN PROVE TO BE VERY INTERESTING

Many farmers have been interested visitors the past week to the tractor trials grounds southwest of the city where the Standard machine has been on exhibit. After watching the wonderful performance of this machine, most any up-to-date farmer would be slow about loading down an expensive team to do the rough farm work. The Standard is the product of L. R. Boyer, who is here at this time and who is also a strong stockholder in the Standard Farm Tractor company. A. G. Schutt, salesman for the company, is also here for the week.

The test Monday demonstrated the fact that the tractor will plow twelve acres per ten hour day at a three mile speed without any extra effort. The pull uphill ran up to 3900 pounds with no halt on the part of power. The gas consumption is very little as that fuel is used in starting only. The Kerosene consumption averages about one and a quarter gallons to the acre. Mr. Boyer will have several machines on exhibit here at the tractor show July 6th.

COUNTY OFFICIALS GUESTS AT TUESDAY LUNCHEON

Tuesday of this week the Luncheon Club was host to the county judge and county commissioners. The occasion combined business and pleasure in that aside from the festive occasion the plans for the carrying out of the city-county paving project were presented to the commissioners' court and a general discussion was held of plans for handling the city and county warrants here at home.

The principal speeches of the day were made by Mayor O. C. Watson and County Judge Link. Mr. Watson presented the plan of local parties assuming the city and county proration of the paving cost until the warrant market had recovered to normal, in this manner saving the low contract now held for construction with the Panhandle Construction Co. Judge Link dwelt at length on the financial condition of the county and took occasion to uphold the view of a certain bond buyer in Texas that the warrants of the county were not altogether attractive from a legal standpoint. However, before closing his speech he assured the meeting that the commissioners' court would not fall down on their part of the contract in so far as the present administration could say.

The very excellent menu was served by the Christian Ladies and the guests present were: Mrs. O. C. Watson, Judge Link, Commissioners Naylor, McDougal, Anderson and Goldston.

A special effort will be made by proper committees to put the local end of the paving matter through by next week.

YOUNG LADY SUFFERS FROM STING OF A CENTIPEDE

At about two o'clock Sunday morning, Miss Nita Hannon, niece of Mrs. F. A. Johnson, was stung in three places by a centipede that had crawled into her bed. A physician was immediately summoned and prompt efforts probably saved her life. While the patient suffered excruciating pain for several hours, she was sufficiently recovered to return to her home in Wichita Falls Tuesday in company with her mother.

MR. AND MRS. J. M. MARSH AND SON MARRIED IN ARIZONA

Mr. and Mrs. J. M. Marshall and son Marian of Hayden, Arizona, stopped off here a few days on their first of the week for an extended visit at the Luxa home in this city.

AIRPLANES AND OTHER FEATURES WILL BE ATTRACTIONS FOR JUNE TRADES DAY—BIG EVENT IN JULY

CHAMBER OF COMMERCE IS PLANNING FOR THE GREATEST EVENT OF THE YEAR ON MONDAY, JULY 5TH PANHANDLE-WIDE IN ITS SCOPE AND BROAD IN ITS INCLUSION OF MOTORS.

MEETING CALLED TO ORGANIZE EGG CIRCLE

Acting in the interest of every egg producer in Donley County, the Poultry Association has called a special meeting for Saturday, May 29th, in the District Court room at 2 p. m., for the purpose of putting into operation one or more egg circles. In order to explain what an egg circle is, it should be stated here that it is merely an organization of egg producers which guarantees to the consumer buying an egg bearing its stamp that the egg is INFERTILE. Members of the organization are pledged not to place the rubber stamp on any egg that is not infertile, and eggs so marked always command a premium above the ordinary market price, because an infertile egg will keep in good condition very much longer than one which is fertile. A fertile egg will "rot" because animal life within its shell has died and decay has set in. An infertile egg, on the other hand, will only become stale.

If your hens produce more eggs than you use at home, you ought to attend this meeting, and help make it possible to get the highest price, "Egg Circle" eggs always command the highest price, just the same as does certified milk.

Remember the date and the hour—May 29th at 2 p. m.

For the First Monday in June it is expected that one or two planes will be in Clarendon, a Big All Day Auction Sale will be staged on the square near the depot and the square of interest. The last Trades Day, while not breaking any records or starting the world was a continued success. The Auction Sale idea was started and a number of cars, livestock and other property changed hands.

A full announcement of the day will be made in next week's issue. In speaking of this part of the Chamber of Commerce work Secretary Keen said: "The Big Party being planned for July 5th is taking shape right along and it is going to be some day. A rough sketch of the plans to be worked out but the details for which are not quite ready will include among other things:

"A big exhibition, demonstration and testing of trucks, tractors and cars of all makes, and to last all day—possibly two days. The Grand Motor Parade in which every make of car will be grouped together, all Flivers will Fliver together, all Dodges, Buicks, Overlands, etc., will have a section in the parade. The car making the best showing will be awarded a cup, or banner, and the individual car making the best showing a cup or banner.

Efforts are being made to stage a competitive parade of the Canning Clubs of the County. Each club to be allowed a truck which will be decorated and gotten up by the entire club under plans to be worked out by the Club Secretaries and the Chamber of Commerce Secretary showing the work of these organizations in the county.

Rest rooms will be provided the visiting ladies, a series of novelty races will be features, a ladies fancy driving contest, and possibly a lot of things that are being worked out.

Remember the date July 5th (the 4th comes on Sunday.)

Mrs. G. L. Herndon of Vernon, Texas, is visiting her mother, Mrs. W. A. Russell in this city.

DALLAS BOOSTERS VISIT THIS CITY LAST SATURDAY

TOURING PANHANDLE IN A SPECIAL TRAIN OF TEN PULLMANS DALLAS TRADE EVANGELISTS CAPTURE CLARENDON

The Dallas Trade Boosters arrived here Saturday morning on schedule time in their special train of ten Pullman coaches and on being met by a number of business men of the city marched up Kearney street with great gusto behind the Dallas Municipal Band under the direction of Paul Harris former leader of the Camp Dick Military Band. Having marched up to the end of the paving on Kearney street the party counter-marched to First street where the band gave a concert while the hundred odd representatives of the line of business in Dallas made hurried acquaintance with the business and professional men of the city.

There was no formal address of welcome but every Clarendon man gave a hearty welcome to the visitors who responded personally to the hospitality taking occasion to praise the bustling citylike appearance of Clarendon and to praise this part of the Panhandle. Big, jovial Fred McJunkin was the marshal of the Dallas force—most Texas people know Fred McJunkin—and he had a handshake which many Clarendon people will remember for some time. It had a punch to it.

Secretary Keen of the Chamber of Commerce had prepared a consolidated statement of all Donley County banks in an attractive folder which was given to each of the visitors. The splendid financial condition of the county met with most favorable comment and no little surprise by the bankers and wholesalers of the party.

The train left here about ten o'clock for Memphis and other points on the last lap of the road home.

The nineteenth annual trade tour of Dallas began Sunday, May 16th at 11:00 o'clock when the train bearing the trippers left Dallas. The oil belt of Eastland and surrounding counties was visited on the first day. The night stop being at Baird. The second night was spent in San Antonio, after which they followed the intervening points had been visited. The Dallas Boosters spent Wednesday night at Lubbock having visited Brownwood and all points between Brownwood and Lubbock during the day. They spent Friday night in Amarillo, after which they followed the Fort Worth and Denver back to Dallas.

The trade special is made up of ten Pullmans, a diner and an observation car. The Dallas men declared upon arrival that it was the longest trade special ever started out of Dallas.

The train carries one hundred representatives of eighty-seven jobbing houses and business firms. Many of these representatives are among the most successful business men of Dallas.

Members of the Dallas Municipal Band, one of the largest bands in Texas, press representatives and the train crew make the total number making the trip about 150. All meals are served on the train and boosters spend the nights in the pullmans. Naturally the cost of conducting such a tour is very large but as stated by Fred McJunkin, shortly after the arrival of the Dal-lasties, the good will of the merchants and people in the towns visited is worth many times the cost of the trip.

The tour covered eighty-five towns and a total of 1,300 miles was traveled. The special was routed over six different railroads.

SENATOR OWEN DENOUNCES HIGH INTEREST RATE

Washington, May 18.—Senator Owen (Dem.) of Oklahoma again denounced today high interest rates now allowed by the Federal Reserve Board warned the Senate that if a panic resulted the Nation was to have a "North Dakota reaction," and establish state banks to furnish money at fair and stable rates.

The board was justified, he said, in encouraging denial of credit for speculative purposes, although he regarded it as "hazardous" to deny credit to the so-called non-essential enterprises. The resolution by Senator McCormick (Rep.) of Illinois, adopted yesterday, asking the board what steps it contemplated to meet the inflation of currency, offered an "invitation from the Senate to the board to declare a policy of deflation," the Senator said.

"I warn the Federal Reserve Board that this country is not going to submit to any depression created by the banks of the country by the policy of the board, or under advice of financiers of either New York or Chicago," Senator Owen said.

"When the Federal Reserve Board summons a council to determine a policy that council should include merchants and not bankers alone."

WATER TRIP FOR TEXAS BOYS PART OF PRESENT PLANS

Dallas, Texas, May 21.—A trip down the Potomac River aboard the "Mayflower," the president's official yacht, will be given the 150 Texas boys who make the trip with the Farm Boy Special during the first three weeks of August, if plans of Walton Peete, manager of the agricultural department of the Texas Chamber of Commerce, are successful. The boys will be guests of Secretary of Agriculture Edwin T. Meredith, on the grounds that they are guests of a cabinet member. Mr. Peete is seeking to secure the use of the yacht and believes that he will be successful.

Whether the yacht is secured or not, however, the boys will be shown Mount Vernon, house of Washington, and the home of General Robert E. Lee near Arlington, as well as the Congressional Library, Smithsonian Institute, and other points of interest while in the national capital.

OLD BUILDINGS OF FAIR GROUNDS SOLD TUESDAY

The local fair association passed into history Tuesday with the sale of the buildings located on their grounds in the north edge of town. All the material brought a good price due to the prevailing high price of building material. The material was sold at public auction, Will Lott being the successful bidder for the grand stand. The exhibition hall went to A. W. McLean. Hervey Lott purchased the hog sheds as a part of the stalls. A. Tipton bid in the west string of stalls. C. W. Ryan was the successful bidder on the ticket office and race track fence. The county fair will be held at Hedley this fall as it was last season.

A. C. Donnell, prominent farmer residing southeast of town, was in after more machinery Wednesday saying business was picking up down his way. A. C. always lands with a good crop and is going to try to beat his old record this year.

Pish, tush, etc. Think of it. Last Thursday on the designated Clean Up Day, when Secretary Keen was rushing around waving his arms trying to get more workers on the job of cleaning up the city, a number of the vigorous, virile young men organized a ball game. The stores were closed. There was nothing to do—so they played ball. Even a chamber of commerce secretary has his troubles.

The power and light situation in Clarendon has been especially fierce in the past few weeks. It was a great commentary on the civic advancement of our city when all our visitors witnessed the deplorable spectacle of "no lights" last Friday night while the oratorio "Ruth" was being presented at the Methodist church. The local management have hopes of new equipment in June to which the long-suffering public look with patient anticipation. There is nothing so visible as utter darkness.

CLEAN UP DAY MIGHT HAVE BEEN BETTER

Thursday was the day set apart to conclude the Clean Up Campaign that has been in operation for the past week under the direction of the Chamber of Commerce. The stores closed from 2 until night in order to turn the men loose to haul the trash collected by the boys of the town.

According to Secretary Keen, "It was a great day for cleaning up the city. It must have been from the great number that went fishing, picnicking, and to the ball game. Out of a possible 50 trucks and wagons in the city we had possibly ten or twelve that turned out to work. That was less than half of the number that promised to help. Out of the 3100 people we have in town less than 30 turned out to load this trash. Being practically 1 per cent of the population of the city—we feel exceedingly well pleased with the showing made. There can no longer be a doubt but that every citizen of the city has the interest of the city at heart."

"A number of our larger merchants and more prominent citizens loaded their entire family into the car and beat it for parts unknown just as soon as the stores closed. A large majority of the remaining ones who couldn't catch a ride out of town, organized a ball game for it was a half holiday, you know."

"The very unsatisfactory showing made by the majority was accentuated by the excellent work done by a dependable few. The greatest showing made was possibly by the team composed of Jim Adams' truck with Frank Whitlock, Dick Walker, and Jim Adams and John Clark. The Chase truck with Atteberry, Goldston and a few others did some good work as long as they lasted. Bill Stewart and Harry Sinner with four or five from First Street hauled a lot of trash. Mr. Stalling's truck on College Hill moved a lot of tin in the afternoon, as well as did Bill Patman's bunch including Rev. Foster in overalls, and everything."

"A number cleaned up their own back yard and called it a day. About the only justification we can find for them is that they at least beat by a long shot what the majority did. As a matter of fact some of the dear brethren that were the first to beat it from town after two o'clock were likewise the first to phone down the next day and ask "When are you going to get OUR trash hauled off?"

"All told it was a great day for a Clean Up even if we didn't do much cleaning up."

HOG-PASTURE IS IMPORTANT

At the Arkansas station, alfalfa was ready to pasture ten days before red clover. The Oklahoma station pastured four pigs averaging about 100 pounds each on alfalfa and pasture; they were given no other feed, says a Farm and Ranch writer. In five weeks they had gained about five pounds each; during the next three weeks they gained a little less than two pounds each. Four other pigs averaging about 68 pounds each were turned into a field of alfalfa and were given at the same time full feed of kafir meal and shelled corn. The first five weeks they gained an average of 50 pounds each and for the next three weeks about 31 pounds each. It required about two and two-tenths pounds of grain with alfalfa to produce a pound of gain. Where the pigs were fed a supplement of grain, the fields of alfalfa carried a half more stock than the other field where no grain was fed and the alfalfa remained green. At the Kansas station, hogs without pasture required 371 pounds of grain to 100 pounds of gain. In another experiment one acre of alfalfa pasture produced 775 pounds of pork.

Hogs gained 229 pounds an acre on cowpeas. On a field in which cowpeas were about half matured and yielded at the rate of 12.2 bushels an acre, pigs required but 307 pounds of corn to produce 100 pounds of gain, while on corn alone 586 pounds were required. At this rate, it was concluded that an acre of cowpeas would replace 1,662 pounds of corn. The pork made on corn and cowpeas was as good as that made on corn alone.

In another test, pigs weighing 57 pounds were grazed 35 days on cowpeas. No grain was given. A total gain of 51 pounds was made, an average .48 pounds a day to a pig. Considerable loss was sustained, as many of the peas were ripe and fell to the ground. The station recommends that peas be pastured a little before ripe, and a small amount of grain be fed. Fourteen pigs made an average daily gain of one pound on one and seven-tenths acres of cowpeas for two and three-tenths days without grain, at the Mississippi station.

Peanuts are available for pasture from August to December, sometimes later. In 17 tests at the Alabama station hogs raised on peanuts and fed one-half the grain ration gained 333 pounds on an average to the acre. When pigs were pastured on peanuts and given no other feed, the gain was 281 pounds to the acre. It required two and eight-tenths pounds of grain when fed with peanuts to produce a pound of gain. When pigs were herded on peanuts not quite matured, the increased growth was sufficient to give a value of \$13.34 for the peanuts, valuing the pork at three cents a lb. Pigs weighing 124 pounds were pastured 132 days on peanuts at the Arkansas station and the average gain was 73.5 pounds each.

A similar lot of hogs pastured on soy-beans made an average gain of 22.75 pounds; another lot on chufas 39.33 pounds. Hogs the same size gained 76.75 pounds when shut up and fed corn in a pen during the same time. Three hundred and thirteen pounds of pork was produced on one-fourth acre of peanuts. The yield of peanuts with 87 percent stand was 90 bushels an acre. Pigs fed on peanuts alone made soft, oily pork, but when finished on corn or when corn ration was fed while on peanut pasture, the pork was much firmer and the melting point of the lard raised.—The data herewith presented shows very conclusively the importance of pasture.—The Poland China Journal.

LOCAL LIGHT PLANT WORK OF IMPROVEMENT BEGINS

What seems to be relief in sight from the many perplexities of the local light plant situation began this week when foundation work for the big new engine, which is to arrive the first of July, was begun. The old building will be remodeled to accommodate the large size of the local light plant situation began this new machinery that is to replace the

old. The local manager is confident that the public will have little cause to complain just as soon as the new engine is received and installed.

—THE GREAT

Nazimova

—IN—

“ REVELATION ”

REVELATION is a stupendous picture drama, a worthy vehicle for the genius of the great Nazimova. It tells the story of Joline, a model living in the Latin quarter in Paris, who finds a soul through the agency of the sacred rose-bush. Through Joline, a miracle is performed, when a pious monk who sees her standing beside the sacred bush sees shining in her eyes the pure spirit of the Madonna. The bush bursts into bloom. But this miracle is as nothing compared to the REVELATION by which Joline's whole nature is transformed and purified. Echoes of the Great War are heard in "REVELATION," and Joline finds her happiness first in service and then in love.

For a hundred years the Turkish-Armenian situation in Europe has been a problem which the combined wisdom of the European powers have not been able to solve and which has been a constant source of wars, massacres and worse. Now when these same European nations found Uncle Sam in a particularly philanthropic state of mind they insisted that the United States take a mandatory over the Armenian republic—a chimerical sort of a government which is supposed to exist in lower Russia and the upper reaches of Turkey. In other words this seems to our European friends a splendid time to unload on us a proposition which they have never had the nerve to handle themselves. The News is willing that the United States assist in putting the Turk out of Europe and giving the Armenian Republic a fair start. We are willing that the republic now on paper be made a reality through the kindly oversight of the European nations and the United States, but when it comes to this nation taking over a mandatory for the administration of a government in the heart of Eurasia, we are emphatically opposed to it. We have problems of our own on this side of the Atlantic which we have not yet solved. We give money individually for the Armenian Relief fund, like any other Christian nation should, but for us to be forced to "prove" our philanthropy to a selfish Europe by doing a costly and a lengthy job which they all shrink from is asking too much. The American people will have none of it.

"France keeps her word," was the laconic placard posted by the commander of the French forces of occupation of Frankfurt and Darmstadt on the day of the French evacuation of those cities and provinces. The French army had occupied the neutral territory because of the breaking of the terms of the treaty by the German army, announcing all the while that when Germany moved her troops back to the zone specified in the treaty that she would withdraw her forces. When the German at last reluctantly did so, the French commander ordered the withdrawal of his troops and notified the citizenship of the provinces in the words quoted above. The outstanding feature of the world war was that no promise or treaty of the German nation could be relied upon, although for hundreds of years her neighboring nations had always felt honor bound to carry out any promise or treaty entered into—even when they were compelled to become a party to the agreement. Now in 1920, after all the shattering moral and physical effects of the war and according to old standards justified in reprisals it is wonderfully refreshing to see the nation that suffered most at the hands of the Hun, the nation that has most to fear from a rehabilitated Germany, make a simple statement "France keeps her word," and do so while she is saying it. It is the difference between moral depravity and national character—it is the difference between Germany and modern civilization.

The daily press of Saturday, last, carried notice of the death of Mrs. Lee Satterwhite, wife of Editor Lee Satterwhite of Panhandle, who passed away at the family home on Friday, May 21st. The News editor immediately wired his personal condolence, but we take space here to register again our sincere sympathy for Bro. Satterwhite in this greatest loss he has ever sustained. May the Great Hand brush away the poignant pain and temper his utter loneliness.

MARTIN CANNING AND POULTRY CLUB
 We thank Mrs. Chitwood for meeting with us and helping us Thursday night. We cleared a sum of \$18.70 which will go to the benefit of the club.
 Our next meeting will be held Monday, June 7 at Mrs. Bains. All members are asked to be present.
 A. H. Travis of Wichita Falls is in the city this week looking over the housing situation with a view of locating here.

Car Owner's Notice

On account of the number of Ford cars in our territory, we are forced to discontinue shop work on all makes of cars, except Fords after May 31st. The Ford Motor Company's slogan has always been "Service" and they insist now that we devote our entire attention to their products.

We will continue to carry Tires and Tubes for larger cars and will do small repair jobs, such as Oiling, Washing and Tire work, but no shop work on any except Fords. Ford owners, we are sure will be glad of this announcement for now we can give you instant service on any job large or small. When your Ford needs a mechanic bring it to the Ford "Home."

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time receipt, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—its' so easy to use, too. You simply dampen a comb or soft brush and draw it thru your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

DRILLING SITUATION BRIGHTENS UP WITH DRILLING RESUMPTION

Drilling was resumed Wednesday of this week at the Home Peoples Deep Lake project. Some trouble is being experienced with the lost bit in the hole. Workmen are attempting to slip six inch casing past the old bit.

Casing that has long delayed work on the Lelia Lake well arrived the first of the week and is being placed in the hole. The hole is down to a depth of 3380 with good indications of oil.

Drilling is progressing at a rapid clip at the Grogan well at a depth of seven hundred feet. All the material necessary to continue work for some time is on the ground.

The Bugbee drilling crew is waiting for casing. Night and day shifts are forcing down the hole for the Mutual Petroleum Products company south of Amarillo in the northeast corner of the county. Plenty of material is on the ground or in transit to complete a hole to a four thousand foot depth.

The rig erected for the Riverside company northeast of town is being dismantled according to reports reaching town Wednesday. It is further reported that the complete drilling rig has been sold to Estel-line parties who will drill on the townsite.

On sale at Miss Porter's at great reduction, big lot of Ladies, Misses and Childrens Spring Hats. Also a bargain counter with all kinds of good things. Net and wire frames, straw, bread, crepes, Moline laces, flowers, ribbons and silks. Come while picking is good. 22pd.

SUMMER SCHOOL

The summer school of Clarendon College opened Tuesday morning at eight o'clock with a splendid enrollment. To date, in the literary department, forty separate enrollments have been made while a large number have signed up for work in the Fine Arts department. A number have wired in for reservations and will be ready for work by the close of the week. Several are coming, or are already here from New Mexico. Without any doubt there will be sixty or seventy students doing regular college work before the close of the week.

To secure credit for full summer term, students must enroll and begin work by Monday, May 31st. This gives students who missed some owing to sickness or other causes, a chance to work off any conditions in their high school work.

Director of the summer term, Dean S. H. Condon is enthusiastic over the results of the summer school thus far and is confident that with the initiation of the four term regime in the college next summer that we will have as many students during the summer term as during the regular term. There is no reason why this should not be the case. No climate in the country is better suited for summer study than the Panhandle. We have some warm weather it is true, but think of the wonderful nights, cool, invigorating and refreshing beyond description. There is no reason why the average healthy boy and girl should not continue his study during the summer the same as the winter. He still has seven or eight weeks in which to recuperate and by that time he is ready to begin work again.

The plan for classes in the summer school is indeed fortunate. Classes begin at seven in the morning and close by noon, this gives all afternoon at home for study or recreation. Following out such a plan far better scholarship will be noted among our high school and college students.

The summer school faculty will be glad to discuss the work and plans with any student who may be interested in the work. If you are contemplating some such work, call at the office any time between the hours of seven and eleven and they will do what they can to serve you.

The summer school means a better and more attractive town. Let the business men, citizens and every public spirited man and woman back this movement and see that it is the success that it should be.

CHAMBER OF COMMERCE OF AMARILLO TO CELEBRATE ANNIVERSARY JUNE 3RD

The Panhandle-Plains Chamber of Commerce of Amarillo will celebrate the first anniversary on June 3rd, in the City Hall, which is the present headquarters. A day and night session will be held with good speakers provided for both sessions. The program will close with an excellent banquet at night. A large crowd will no doubt be present to aid in the celebration of the first anniversary of an organization that has been of so much help to the people of the Panhandle the past year.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then The Back Hurts.

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

HAIL INSURANCE ON CROPS

We write Hail Insurance on grain and cotton crops in standard Old Line Companies. Can place only a limited amount in Hall County, but an unlimited amount elsewhere. All standard Old Line Companies require crops to be up and a good stand when policies become effective and policy holders should not overlook these requirements.

We solicit your Hail Insurance in only responsible Old Line Companies which "pay when they lose" and accord fair treatment in their adjustments and as agents we endeavor to have our customers understand their contracts, policies and meeting their conditions, as the Company does its part. We have never had a policy contested.

A. M. BEVILLE & SONS

NEW FILLING STATION UNDER CONSTRUCTION ON EAST FIRST

Forest Sawyer is to have a concrete stucco filling station building erected on east first street at the east end of the bridge on the north side. The plans call for a drive in style of late plans modeled much after those to be found in larger cities. Material is already being placed on the ground and active construction will begin at once.

W. B. Rutledge was in the city on a business errand Tuesday.

Wheat growers up on the plains are organizing to become a part of the National wheat growers association claiming to secure a better price for their product.

Good Clothes at Fair Prices

Society Brand Clothes

A knowledge of the prices asked in some stores for the same "Society Brand" Suits in our stock would convince any fair minded man that, in this store, there is no profiteering on clothing, and what is true as to clothing holds good on any other article in the store, and we believe the other stores of Clarendon to be equally fair with their customers.

A Fair Price Means a Fair Profit

which is all we are entitled to. Our "Society Brand" Suits show a price range upward from \$54.75. Other Suits at smaller prices.

We Have Kept Faith With The People of Donley County.

When we began business here, over two years ago, we pledged faithful service, dependable merchandise and fair prices to you. We look back with a pardonable feeling of pride at the way we have kept faith. We have made mistakes, of course—who has not?—but we are always eager to correct them.

And now, when in widely scattered places there are merchants who are putting on, not clearance or end-of-the-season sales, but sweeping reduction sales, one cannot but conclude that perhaps their prices were excessively high. Doesn't it seem so?

Wash Dresses and Aprons

Our racks are still well-filled with styles designed by "Worthmaid" and priced very low.

We call your particular attention to them because warm weather is here, and because you never wore a ready-made house dress or apron like "Worth-Maid". Try one.

STRICKLAND-STORY'S

THE DEPENDABLE STORE

LOCAL & PERSONAL

Frank Elmore, who lives west of Jericho, reports a good rain Saturday.

Mrs. J. A. Conner and W. M. Cothran of Lelia Lake were shopping in this city Saturday.

Floyd Little, who is attending a business school in Amarillo, spent the week-end with home folks.

Mrs. J. A. Warren and children visited at the home of the lady's parents at Lelia over Sunday.

Mrs. J. M. Capehart returned home Sunday night from a visit at her old home near West Plains, Mo.

Miss Francis Wyatt of Stamford, former student of Clarendon college is here for the closing exercises.

Mr. and Mrs. Zed Dozier and children, returned the last of the week from a winter's stay in California.

Mr. Glass, popular salesman of the Little store, who has been absent from his duties several days due to the illness of his son, is again attending to his usual duties.

J. A. Warren is now employed as salesman at the Little drygoods store. He held a similar position when the firm first began business here and feels very much "at home" there.

Mr. and Mrs. H. D. Ramsey arrived home from California the last of the week. When Mr. Ramsey stepped off the train he remarked, "there is no country like this in the world, and Clarendon is the best town I ever saw." Welcome back H. D. and may you live long and prosper in the best country to be found anywhere.

Mrs. John M. Warren spent Sunday with her daughter, Mrs. C. J. Talley in the Martin community.

Ben Bentley, prominent farmer of near Jericho, was in town Saturday and reported conditions just right up to this way.

Mrs. C. V. Harris of Portales was an interested visitor here the past week, her son, Heck, graduating at the college.

Joe Sheppard postponed cotton planting long enough Saturday to get to town to look after his old line of social duties.

Dr. Carroll of Claude was down the first of the week to see his son, Perry, receive his diploma as a graduate of the college.

H. A. Ferguson of Amarillo arrived the last of the week for a visit of a few days at the parental home, Rev. C. N. N. Ferguson's home.

Mr. and Mrs. J. R. Mace and daughter, Miss Ieta, of Lelia Lake spent the day Saturday at the home of their daughter and sister, Mrs. J. A. Warren of this city.

D. J. Jenkins and daughter, Mrs. L. E. Forbis of Whitesboro, Texas father and sister of Mrs. Matt Bennett, are expected to arrive the last of the week for an extended visit here.

M. W. Hendrick received a nice basket of choice Bermuda onions the last of the week, a gift of his daughter, Mrs. W. Drummond, who lives at Mission, down in the Rio Grande Valley. The onions were large, rich and juicy and in keeping with the famous products of that noted section for the production of vegetables.

Mr. and Mrs. Lloyd Nolan of Stratford are visitors at the Gene Nolan home this week.

Ernest Naylor has completed his studies at Kansas City and is now located with the Burroughs people at Amarillo.

H. F. Bayeat, a hail fellow well met with headquarters at Dallas, looked after business interests for his firm here the first of the week.

Mr. and Mrs. B. F. McCrary and grandson of east Tennessee visited at the home of B. F. Wallin and other relatives in this section the past week.

W. E. Christy of Windy Valley had car trouble Saturday, but found a man here who changed his expression to one of smiles he departing for home happy once more.

George Hermesmeier one of the leading stock farmers of the Jericho country, was in town Saturday. He got a good rain the same day which insures a good grain crop.

Will Bell of Goodnight was down the last of the week. Will is not enjoying the usual good health of former years and may take an extended vacation this summer to some health resort.

John Hudson of Ashtola had the misfortune to get his hand badly mashed a few days ago while unloading oil well casing at that place but is doing nicely without any loss of fingers as was expected at first.

W. R. Silvey, superintendent of the public schools of Pampa, and who occupied a similar position here for many years, came down the last of the week to visit friends and attend the closing exercises of the schools of the city.

Joe M. Warren had important business in Amarillo Monday.

Pen C. Johnson of Hedley transacted business at the county metropolis Monday.

Rev. P. R. Huckleberry spent the last of the week in the Wellington country on personal business.

Pat Longan left Monday in response to a message informing him of the death of his mother at Loveland, Colorado.

J. W. Adams, an Amarillo contractor, was here the last of the week to get a share of the contracts that are now open.

Rev. Paul J. Merrill and wife of Pampa spent the week end here attending the closing exercises of the college and public schools.

Very few farmers have found time to get to town the past week due to the favorable weather and good season coupled with planting time.

Miss Mary McLean who was connected with the secret service office at Washington during the war, is visiting relatives in this city this week.

Alva and Olin Slay of Amarillo former students of Clarendon College came down from Amarillo and spent the week here enjoying college festivities.

District Attorney E. T. Miller was down from Amarillo Saturday and performed the services of judge in a debate held at the college that night.

Mrs. Joe J. Mickle of Amarillo whose daughter, Miss Ella, graduates this year, spent the week here to attend the closing exercises of Clarendon College.

Mrs. L. H. Skelton left Sunday night for an extended visit with relatives in and near Temple, Waco, Coleman and other places, to be away for several days.

Mr. and Mrs. R. H. Beville returned the first of the week from an extended tour of south Texas including Galveston where the judge engaged in aquatic sports like unto a veteran.

Miss Pearl Burkhead of Tulia stopped off here for a few days visit the first of the week on her way to Dallas, she being a special friend of the young ladies of the R. A. Long home.

Mr. and Mrs. C. L. Loftis of Paducah, spent the week in our city for the purpose of attending the closing exercises of the college. Their sons, Ray and Earl, are students of the local institution, Earl graduating this year.

Mrs. J. M. Eldridge of Amarillo visited friends here the past week and attended the closing exercises of the college. Ed Eldridge, a son, graduates this year. Ed also won first place in a state oratorical contest open to the junior colleges of the state recently.

A fishing party of juveniles composed of Bunk Ozier, Glen White, Spooks Goldston and Simp Davis armed with expert fishing tackle made an attack upon the inhabitants of Lelia's noted lake Monday night. A fish accrued to the stock of the lads early in the game and all was going well until near midnight when Glen landed a mud turtle which dispersed the band in disorder.

Miss Bernice Decker is a guest of Mrs. J. J. Woodard of Amarillo this week.

Miss Mary Casey spent the week end in Hedley visiting with Miss Etta Mae Kid returning home Sunday evening.

Mr. and Mrs. Lindsey Taylor are leaving today for a visit with Mrs. Taylor's relatives at Bellevue, Texas to be gone for a week or more.

Mr. and Mrs. W. A. Porter of Tulia were over for the closing program of the college. Their daughter Miss Vera, is a graduate this year.

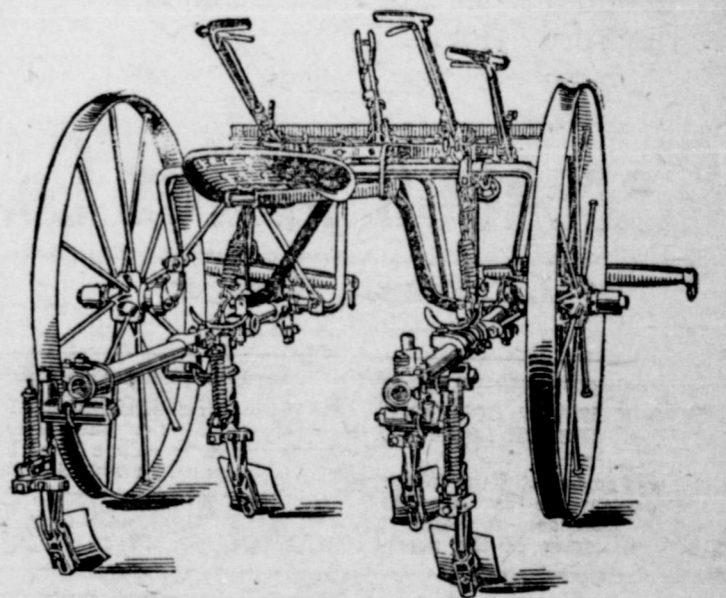

Hubert Zeigler was stricken with a heart attack while working in his field near town Tuesday. While very ill for several hours, he is much improved at this time.

Charly Carder of Amarillo had business here Wednesday. Mr. Carder is vitally interested in the Deep Lake oil prospect, and is an official of the Mutual company having drilling done there.

The closing exercises of the college, so far as the student body is concerned, would be incomplete without the presence of J. D. Merriman, "Daddy Merriman" as he is familiarly known to his friends. "Daddy M." came down from Amarillo the last of the week mingled with the gay throng throughout the festival season.

Oscar Wiles had business at Herford during the week going over there Wednesday.

W. H. Averyt moved his family back to their stock farm at Claude the first of the week.

Why "Wiggletail?"

"It does away completely with the leg-weariness caused by other cultivators." That's what one man said of the P&O Wiggletail Cultivator. He said a mouthful, and he touched on but one feature of this cultivator.

That word "Wiggletail" is an odd name for a cultivator, but it fits this one to perfection. Cultivators are made to loosen the ground and to destroy weeds. Can you imagine a better way than by wiggling a hoe or a cultivator shovel along between the rows?

Dodging in and Out Among the Crooked Rows

On the Wiggletail Cultivator, the tongue is pivoted both to the frame and arch. When the rear end of the tongue is moved sideways to the right or left by the shifting of the seat, the same movement angles the frame in the opposite direction and with it the arch and gangs. In crooked rows, the gangs can be instantly thrown out to prevent the destruction of growing crops, and in straight rows it is the easiest running cultivator ever made.

No cultivator on the market is so easily controlled, has such a wide range of adjustments to suit every condition, nor affords as great comfort to the driver as the P&O Wiggletail. And what we say about the "comfort" of the driver also applies to the team.

We have one dozen of these Cultivators left and will not be able to get any more this season. If you expect to get one it will be necessary to place your order at once.

SHOOTING DOWN HIGH PRICES

We always take the lead in Reducing Prices. We split our profit, thereby we offer you a saving—a big saving—on all merchandise. Beginning

SATURDAY, MAY 29, 1920

We are going to lead the way to Lower Prices. For a long time we have been looking for the time when we might start a sure enough campaign against high cost of everything. We are tired of high prices. We know you are tired of high prices. Everybody wants things to get back to where a reasonable amount of money will buy an equally reasonable amount of goods. And to do our part, we start a downward price movement, not because goods are cheaper on the market, for they are not. We lose our profit to make goods cheaper, in spite of the high cost—by knocking our profit. Now we hope that nobody thinks that the High Prices we have had and are still having were due to the retail merchant, but if you think that the retail merchant has in any way made more than a reasonable profit you are mistaken, and now we are giving up all our profit to help bring prices down, firmly convinced that the universal sacrifice of Profit by the merchant is the only way to start a downward price movement. We make a decisive price cut. We lead in the Price Downward Movement by giving up our profit. Don't miss this sale. We invite you to come and see for yourself. You will be astonished at the price of merchandise. Tell your neighbors we are sounding the Death-Knell to High Cost of living. You need the merchandise. We can save you money when this Big Sale opens. People of Clarendon and vicinity will see one of the greatest Bargain Sales ever witnessed. Nothing held back. We want you to come, expecting much and we see that you do not go away disappointed.

A TALK WITH A CLARENDON MAN

Mr. W. H. Martin, Retired Merchant of 4th and Park Sts., Tells of His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Clarendon man:

"I found Doan's Kidney Pills very good for pain and lameness in my back," says Mr. Martin. "I got Doan's at McKillop's Drug Store and was pleased with the results they gave me right away. They are certainly a good remedy." (Statement given January 24th, 1911.)

On April 21st, 1919, Mr. Martin added: "I have not had any signs of kidney trouble for some years. I believe the cure that Doan's Kidney Pills gave me is permanent. I am always glad to say a word in praise of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Martin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

"SMILE AND SAY HOWDY"

Folks, we are going to have a lot of visitors in this town within the next six months. They are your visitors and if you are the sure enough decent bunch that everybody knows you are, why just spread yourself out a little and make them feel that you are really human, that this is a good place to live, that you are glad to see them and would like to have them come again.

That is so blooming easy done, takes less than a minute and leaves an impression in favor of your city that you could not buy with one round thousand dollars in cold cash. For instance a car parked on the street Tuesday. It was mud splashed, had baggage tied all over it and looked some the worse for wear. A Ford and it came from Portland, Oregon. I asked him where he was from (the day has passed when it is dangerous in the West to ask a man that question) how far down he was going, how the roads were and gave him some instructions how to get to his destination.

Did he like it? Why of course he did. He is just as much human as you or I. For twenty days he had been pushing that Tin Lizzy along and talking to nobody but the gas man—and believe me that is discouraging conversation with gas at thirty something-cents—why he just beamed and grinned forth with what a good looking town we had, and productive country—now he had not seen much of our country but he was feeling good because he had been noticed in a friendly way, and when he leaves—even if he could never guess what sort of soil or crops we have, he will always tell folks we have a good productive country, a beautiful prosperous city and some good folks.

If everytime a tourist car parks on the streets of this town thru the summer the nearest business man to him would take one minute to drop over and speak to him, tell him where to get what he wants whether it is tobacco, tobacco, a tire patch or a section of land, give him directions as to how to get out of town, where is a good place down the road to stop and just be human, it would do more to make this town known over the whole United States than a ten thousand dollar publicity campaign. And it is interesting. You meet some interesting folks—for as a matter of fact the interesting folks you have known have been mostly folks that have been a little of everywhere and know how to meet and talk to a stranger without wanting something.

So when we see folks visiting in our city, "smile, and say howdy." Curtis A. Keen, Sec. Chamber of Commerce.

A CAMP FOR TOURISTS

Plans are being worked out by the Chamber of Commerce to provide a camping ground with free water, fire wood and light for the use of Auto-tourists that are already beginning to move thru both North and South. This plan has been put into operation in a number of places within the past few years and it was thru the suggestion of Mr. Baker of the Peoples Pharmacy that it has been taken up here. Already as many as a dozen cars of tourists pass thru in a single day and as the warmer weather of summer comes on that number will be doubled several times.

A camping ground serves a number of good purposes. It invites the weary tourist who has driven over states and counties stopping just a short night at each place to linger a number of days in our town. While they are here they will spend money with our merchants, investigate our opportunities and make themselves acquainted with the conditions in this section of the state. When they leave they become a walking advertisement for our city, our beautiful trees, abundant vegetation and the spirit of our people. If they contemplate a business or change of home naturally they think of this place among the first to be considered.

In short the idea is possible of any number of beneficial results when carried out in a wholesome, open hearted, neighborly way and it will pay the City of Clarendon from the beginning—even if no one individual does reap great profit from it in a dollars and cents way. The site near the High School grounds known as Prospect Park will likely be put into shape within the near future and signs placed from Texline to Wichita Falls announcing the fact that the camp ground is here and they are every tourist is welcome to stop over with us.

Mr. and Mrs. J. L. Campbell of Tulsa are visiting at home of their son R. E. Campbell in this city.

YOUNGER GENERATION BEATS OLDER HEADS IN CLEANUP WORK

If the younger generation of Clarendon had put forth no more effort than a whole lot of the older heads clean up day in the 'City Beautiful' would have been a farce. As it was, these youngsters made a record all over town. In fact, the boys did so well that it was an extremely difficult matter for the judges to determine the winners. After carefully looking over the trash piled up, the prizes were awarded as follows: John Hayter and Emanuel Dubbs won first prize amounting to \$20 which was equally divided between them. The remaining prizes were added together and \$2.50 paid to each of the following: Ovet Wallin, Phifer Estlack, Earl Jones, Stanley Miller. Winners of prizes other than first could not be determined without weighing the piles of trash as the sizes were so nearly the same.

No provision was made for the girls to compete in this civic task and right there is where the whole bunch got fooled. In making the round of inspection, the judges were surprised to find that Blanche Bowling had done a big lot of out door house cleaning. The young lady pulled down the special prize amounting to two dollars.

Would like to rent a house. See or call me at Hayter Bros. Ray Kennemer. 22p

It's a cinch to figure why Camels sell!

Camel CIGARETTES

You should know why Camels are so unusual, so refreshing, so satisfying. First, quality—second, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there! And, Camels never tire your taste!

You'll appreciate Camels freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor!

For your own satisfaction compare Camels puff by puff with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

THE STATE OF TEXAS:

TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETINGS:

You are hereby commanded to summon William Lester McCormick to be and appear before the Honorable District Court of Donley County, Texas, at the Courthouse hereof in Clarendon, on Monday, the 19th day of July, 1920, then and there to answer the petition of Bertie Lillian McCormick filed in said Court on the 20th day of July, 1920, wherein Bertie Lillian McCormick is plaintiff and William Lester McCormick is defendant in Cause No. 1070 on the Civil Docket of said Court, by causing a true copy hereof to be published for four successive weeks in some newspaper published in Donley County, Texas, the first of which publications shall be at least twenty-eight days before the return day of said term of said Court.

The nature of plaintiff's cause of action is a suit for divorce upon the ground of abandonment alleging a lawful marriage still existing on the second day of July, 1920. And alleging abandonment by defendant in the month of July, 1913, and further alleging the sole and only issue of said marriage to be one girl child, named Lois Adeline, 6 years of age, and praying for the possession and custody thereof exclusively.

Herein fail not but have this writ with your return thereon before said Court on the first day of the next term thereof as the law provides showing how you have executed same.

Given under my hand and seal of said Court this 20th day of May, 1920.

W. E. Bray Clerk District Court, Donley County, Texas.

By S. Hightower, Deputy.

SHERIFF'S SALE

STATE OF TEXAS, COUNTY OF DONLEY.

By virtue of an order issued out of the Honorable County Court of Armstrong County, on the 16th day of April 1920, by the Clerk thereof in the case of J. N. Collins versus O. J. Foy, No. 381 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the 12th day of June, A. D. 1920, at the Gin yard in Lelia Lake in Donley County, the following described property, to-wit:

One J. I. Case threshing machine, one J. I. Case steam tractor, engine together with the accessories, belts and parts thereof, levied on as the property of O. J. Foy, to satisfy a judgment amounting to \$423.80 in favor of I. N. Collins and cost of suit.

Given under my hand, this 24th day of May, 1920.

J. H. Rutherford, Sheriff.

THE PRESBYTERIAN CHURCH

It will be the pleasure of the members of this church and friends to hear Brother L. O. Lewis preach in this church on the coming Sabbath morning. Mr. Lewis is well known in Clarendon and in his many years of residence here, the people of this church as well as of the community have heard him preach and know that he has something good to say whenever he speaks.

It is hoped that as many of the members and friends of the church will hear Brother Lewis next Sunday morning.

There will be no service in the evening, due to the absence of the pastor.

Sunday School at 9:45 a. m. W. M. Montgomery, Supt.

W. H. Foster, Pastor.

POSTED

My lands in Briscoe county, known as Sink Lake and Timber Lake pastures are posted according to law and any hunting or trespassing will be vigorously prosecuted. M. E. Bell.

"HOW EUROPE CAN ESCAPE COLLAPSE"

"We Must Aid By Extending Credits," Says Davison.

"GRAVE MENACE TO U. S. A."

"European Ruin Would Involve America—Starvation and Disease Rampant."

Des Moines, Ia.—Speaking before the general conference of the Methodist Episcopal Church, Henry P. Davison, chairman of the board of governors of the league of Red Cross societies, said:

As chairman of the convention of Red Cross societies, composed of representatives of twenty seven nations that met recently in Geneva, I am custodian of authoritative reports recording appalling conditions among millions of people living in eastern Europe.

One of the most terrible tragedies in the history of the human race is being enacted within the broad belt of territory lying between the Baltic and the Black and Adriatic seas. This area includes the New Baltic states—Poland, Czechoslovakia, the Ukraine, Austria, Hungary, Roumania, Montenegro, Albania and Serbia.

The reports which come to us make it clear that in these war ravaged lands civilization has broken down. Disease, bereavement and suffering are present in practically every household, while food and clothing are insufficient to make life tolerable.

Men, women and children are dying by thousands, and over vast once-civilized areas there are to be found neither medicinal appliances nor medical skill sufficient to cope with the devastating plagues.

Wholesale starvation is threatened in Poland this summer unless she can procure food supplies in large quantities. In Greece now approximately 250,000 cases of typhus in Poland and in the area occupied by Polish troops.

"Worst Typhus Epidemic in History"

This is already one of the worst typhus epidemics in the world's history. In Greece the whole country is crippled and business suspended. In some districts there is but one doctor to each 150,000 people.

In the Ukraine, we were told, typhus and influenza have affected most of the population.

A report from Vienna, dated February 12, said: "There are rations for three weeks. Death stalks through the streets of Vienna and takes unhindered toll."

Budapest, according to our information, is one vast city of misery and suffering, the number of deaths is double that of births. Of the 160,000 children in the schools, 100,000 are dependent on public charity. There are 150,000 workers idle.

Typhus and smallpox have invaded the four countries composing Czechoslovakia, and there is lack of medicines, soap and physicians.

In Serbia, typhus has broken out again, and there are but 200 physicians to minister to the needs of that entire country.

In Montenegro, where food is running short, there are but five physicians for a population of 550,000.

Returning to the United States a few weeks ago with all these stories ringing in my ears I found myself once more in a land whose granaries were overflowing, where health and plenty abounded and where life and activity and eager enterprise were in the full flood.

I asked myself: "What if this plague and famine were here in the great territory between the Atlantic seaboard and the Mississippi valley which fairly parallels the extent of these ravaged countries and that 65,000,000 of our own people condemned to idleness by lack of raw material and whose fields had been devastated by invasion and rapine were racked by starvation and pestilence and if we had lifted up our voices and invoked the attention of our brothers in happier Europe to our own deep miseries and our cries had fallen on deaf ears, would we not in our despair exclaim against their heartlessness?"

"Only Three Ways to Help Europe."

There are three ways by which these stricken lands can secure supplies from the outside world. One is by payment, one by credit, and the third is by exchange of commodities. If these peoples tried to buy materials and supplies in America at the present market value of their currencies, Austria would have to pay forty times the original cost, Germany thirteen times, Greece just double, Czechoslovakia fourteen times and Poland fifty times. These figures are official and are a true index of the economic plight of these countries.

It is clear, therefore, that they cannot give us gold for the things they must have nor have they either products or securities to offer in return for credit. If only they could obtain raw material which these idle millions of people could convert into manufactured products they would have something to tender the world in return for its raw material, food and medicine. But if they have neither money nor credit, how are they to take the first step towards redemption?

One half the world may eat while the other half starves. How long do you believe the plague of typhus that is taking a hideous death toll in Estonia and Poland and the Ukraine and eating along the fringes of Germany and Czechoslovakia will confine itself to these remote lands?

Only last Saturday our health commissioner of New York, Dr. Copeland, sailed for the other side just to measure the danger and take precaution against such an invasion.

This is one menace at our threshold. The other, more threatening, more terrible, is the menace of the world's ill will. We can afford to die, but to be despised forever as a greedy and pharisaical nation is a fate that we must not incur.

The French government has many

serious problems to solve, but the French peasant is working and the French artisan, while still sadly in need of raw materials, has not lost his habit of industry and thrift. The most encouraging fact about France today is that her people are alive to the seriousness of France's problem and they are going forward bravely to solve that problem.

Italy, despite her great shortage of raw material, is looking forward and not backward. Italy can be relied upon to do her part.

England is meeting the problems of reconstruction just as those who know her past should have expected her to meet them.

"Plan to Aid Central Europe."

It is not for me, perhaps, to give in detail a form for solution, for the world's ill, but as I have been asked many times, "what would you do?" I am glad to give my own answer. Accordingly, I would ask:

1. That congress immediately pass a bill appropriating a sum not to exceed \$500,000,000 for the use of central and eastern Europe.

2. That congress call upon the president to appoint a non-political commission of three Americans, distinguished for their character and executive ability, and commanding the respect of the American people. Such a commission should include men of the type of General Pershing, Mr. Hoover of ex-Secretary Lane. I would invest that commission with complete power.

3. I would have the commission instructed to proceed at once, accompanied by proper personnel, to survey conditions in Oriental and eastern Europe, and then act for the restoration of those countries under such conditions and upon such terms as the commission itself may decide to be practicable and effective. Among the conditions should be provided that there should be no local interference with the free and untrammelled exercise by the commission of its own prerogative of the allocating and executive ability, and commanding the respect of the American people. Such a commission should include men of the type of General Pershing, Mr. Hoover of ex-Secretary Lane. I would invest that commission with complete power.

4. I would have the commission instructed to proceed at once, accompanied by proper personnel, to survey conditions in Oriental and eastern Europe, and then act for the restoration of those countries under such conditions and upon such terms as the commission itself may decide to be practicable and effective. Among the conditions should be provided that there should be no local interference with the free and untrammelled exercise by the commission of its own prerogative of the allocating and executive ability, and commanding the respect of the American people. Such a commission should include men of the type of General Pershing, Mr. Hoover of ex-Secretary Lane. I would invest that commission with complete power.

5. Immediately the plan was adopted I would have our government invite other governments in a position to assist to participate in the undertaking.

6. To set forth, in my opinion, I should add that in the final instruction the American people through their government, should say to the commission:

"We want you to go and do this job in such a manner as after study, you think it should be done. This is no ordinary undertaking. The American people trust you to see that it is done right."

I would also say to the commission: "Use so much of this money as is needed." Personally, I am confident that with the assistance and cooperation which would come from other parts of the world the sum of \$500,000,000 from the United States would be more than enough to start these countries on their way to self-support and the restoration of normal conditions.

The whole plan, of course, involves many practical considerations, the most serious of which is that of obtaining the money, whether by issuing additional Liberty bonds, an increase in the floating debt or by taxation. But I think we could properly say to the treasury department:

"We know how serious financial problems are. We know the difficulties which are immediately confronting you; we know the importance of deflation and we know that the government must economize and that individuals must economize, but we also know that the American government advanced \$19,000,000,000 to its allies to attain victory and peace. Certainly it is worth making the additional advance in order to realize the peace for which we have already struggled, for nothing is more certain than that until normal conditions are restored in Europe there can be no peace."

Above all things, I would say that whatever action is taken should be taken immediately. The crisis is so acute that the situation does not admit of delay, except with the probability of consequences one hardly dares contemplate.

The situation that I have spread out here is far beyond the scope of individual charity. Only by the action of governments, our own and others whose resources enable them to cooperate, can aid be given in sufficient volume. I am also confident that our action would be followed by the governments of Great Britain, of Holland, of the Scandinavian countries, of Spain and Japan, and that France and Belgium and Italy, notwithstanding all of their losses, would help to the best of their ability.

NOTICE

A meeting of the Donley county Democratic executive committee is hereby called to meet at the office of A. M. Beville, in the city of Clarendon, Texas, on the 21st day of June 1920, at 2 o'clock p. m. as provided by the Terrell election law, for the transaction of such lawful business as may be the duty of such committee. Since I cannot be present on that date, A. M. Beville is hereby appointed to act in my place and stand as chairman of such meeting.

S. M. Braswell,
Chairman Donley Co. Dem. Executive Com.

WARNING

This is official notice that all trespassing upon the grounds of the Clarendon Country Club will be rigorously prosecuted from and after May 6th, 1920.

Notice

To Business Houses on Main Street

In compliance with an order from the City Commission we are moving our pole line off Main Street, from Third street to the Railroad. We have already completed the line in the west alley and as soon as material arrives we will commence the work of building the line in the east alley. When we do this we are going to need some of the equipment now in use. So we ask our patrons on the west side of Main Street to have their buildings wired so as to be served from the alley as soon as possible. In this connection we wish to say to the property owners on the East side that it will take a very few days to build the lines down the east alley so we kindly ask that you have your wiring changed as soon as possible.

LADIES AID MEETS

The members of the Ladies Aid met at the home of Mrs. Jim Casey Wednesday in a business session. Nine members were present. No future meeting place was announced.

Clyde Wright, among the first to graduate at Clarendon college and a noted football player of that day, was seen at Childress last week by county attorney R. H. Beville. Clyde is now making his home in Seattle, Washington.

MEMORIAL DAY TO BE HELD OVER A. E. F. DEAD

Officials of the Donley County Chapter of the Red Cross here were notified of Memorial Day exercises to be held in American military cemeteries in France over the 50,000 graves of A. E. F. dead. Army officers, officials of the War Department as well as representatives of the American Legion and the Red Cross will participate in the ceremonies.

Delegations from 600 veterans of Paris Post No. 1 of the American Legion will visit every American cemetery on May 30. Each delegation will place wreaths on every American grave and conduct appropriate memorial ceremonies. The Red Cross will furnish automobiles in which the delegates will travel to the burial grounds.

It is planned to request the American Army Occupation on the Rhine to furnish buglers who will blow "taps" over the graves of the fallen at the close of each ceremony. At the suggestion of M. Andre Tardieu, minister for the devastated regions of France, French veterans societies will be invited to attend the ceremonies. On the same day, a delegation from Paris Post No. 1 will visit a French cemetery, to be indicated by the French authorities, and in token of America's sympathy for the dead of her great ally, will conduct ceremonies similar to those planned for the American burial grounds.

The American Legion memorial tributes will immediately follow the placing of thousands of American flags, one to each grave, on the tombs of the fallen. These flags are being sent by the War Department and will be distributed by officials of the U. S. Graves Registration Service in France.

JERICHO ITEMS

Miss Ethel Enochs came in Tuesday to visit with her sister, Mrs. T. Darnell and attend the commencement exercises at the Clarendon College.

Miss Annie Hermesmeier and brother, Jimmie, spent the week visiting with friends at Groom.

A number of the Jericho people attended the baseball game at Clarendon Wednesday.

A pie supper was given at the school house Wednesday night. The funds are to buy equipment for the 2nd baseball team of Jericho.

J. E. Hunt returned home Saturday after spending several weeks in Missouri.

I. E. Osborn and son, J. L., made a business trip to Alamogordo Thursday.

Mr. and Mrs. Darnell and son Donley and Miss Alma Brown left Sunday night for several weeks visit in Georgia.

Miss Ruth McOsker of Amarillo was a week end guest in the Osborn home.

Johnnie Brooks and family left Tuesday for several weeks visit at points in Oklahoma and Arkansas.

Herbert Bural and sister Miss Vada were among the Jericho people that attended the closing exercises of the Goldston school, Friday night.

Mr. and Mrs. Goldston and daughter, Margaret, Miss Ernestine Osborn, attended the Senior play at Clarendon College Thursday night.

Jess Trout and sister, Miss Lillian were in Clarendon Saturday.

Misses M. E. Helm and Dessie Ashmead were shopping in Clarendon Wednesday.

MARTIN NEWS

By special correspondent. Our school closed last Friday. We had a program Thursday night and Mrs. Ida Chittwood came out. The Club girls sold popcorn, candy, etc. to make money to put in the treasury of the Club. They made \$18.75 and Miss Mary Fair awarded a gold medal to the one that made the best grades for the entire term of school. The highest grade was 96 4-7, made by Isabel Bailey, so she was awarded the gold medal.

There was an all day singing last Sunday. Rev. Baker, the missionary preached at 11 o'clock. Then we had a bountiful dinner which was enjoyed by a large crowd and then they sang all the afternoon. After the singing the Baptist members held conference to call a pastor.

Miss Sadie Stewart returned home Sunday from Brice where she visited a few days with friends.

Miss Ocie May's school was out last Friday and she has returned home to spend the holidays.

Miss Lela Cannon spent last week with her sister, Mrs. J. F. Canthen.

Daton Bruce and bride have moved to Alamogordo to make their home this year. The community wishes them happiness and prosperity.

Mrs. J. F. Canthen and children spent Saturday night with her parents, Mr. and Mrs. J. F. Cannon.

Miss Mickle from Clarendon spent Saturday night with her mother Mrs. Sowell.

Mrs. McKensie and sons of Memphis visited with her sister, Mrs. Conda Jones Saturday night and Sunday.

BRICE NEWS

We are having some beautiful weather and the farmers are very busy planting.

Mr. George Kimble of Lelia visited Mr. Jim Johnson and family Sunday.

Born—to Mr. and Mrs. J. M. Jordan, a boy May 22nd.

Mr. and Mrs. W. S. Hearne and family visited Mr. and Mrs. Sturdivant south of Clarendon Sunday.

JUDGE HOGGARD OF HEDLEY ANNOUNCES FOR OFFICE

At the solicitation of many citizens of Hedley, Judge W. Z. Hoggard, who has filled the post of justice of the peace at that place for a number of years, has consented for his candidacy for the office of county judge to be announced. The judge has spent something near sixty years in the west and during that time has filled many offices of responsibility and trust, being identified with offices of law enforcement of various kinds for many years. He has always cast his lot with the democrats and has ever been a faithful worker in the cause of the party of his choice.

NOTICE

Notice is hereby given that all candidates of the democratic party wishing their names to appear upon the ballots used in the primary, must file such request with the county chairman of the democratic executive committee not later than Saturday before the third Monday in June of the year in which said elections are to be held upon forms and according to regulations as provided in Sec. 111 of the Terrel election law.

S. M. Braswell, Chgm. Donley Co. Dem. Executive Com.

E. B. MACE

SHERIFF'S NOTICE OF ELECTION

For Special School Tax

THE STATE OF TEXAS,
COUNTY OF DONLEY,
Notice is hereby given that an election will be held on the 15th day of June, 1920, at Boydston school house in Common School District No. 3, of this county as established by order of the County school trustees of this County, of date the 24th day of April, 1920, which is recorded in Book 1, pages 7 and 8, of the Record of school districts of said county, to determine whether a majority of the legally qualified tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$3,000.00 the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to 30, both inclusive, payable 20 years from their date, with option of redemption after 10 years, and bearing 5 percent interest per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping public free school building of wood material within said district and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually upon said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and County and who are resident property tax payers in said district shall be entitled to vote at said election and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words "For the Bonds."

And those opposed shall have written or printed on their ballots the words "Against the Bonds."

J. W. Rhoades has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this County by order made on the 12th day of May, 1920, and this notice is given in pursuance of said order.

Dated the 24th day of May, 1920.
J. H. Rutherford, Sheriff,
Donley County, Texas.

SHERIFF'S NOTICE OF ELECTION

For Special School Tax

THE STATE OF TEXAS,
COUNTY OF DONLEY,
Notice is hereby given that an election will be held on the 15th day of June, 1920, at the Boydston school house in Common School District No. 3, of this County, as established by order of the County school trustees, of this county, of date the 24th day of April 1920, which is recorded in Book 1, pages 7 and 8, of the Records School Districts said county to determine whether a majority of the legally qualified property tax paying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually, a tax of, and at the rate of 50 cents on the \$100 valuation of taxable property in said district, for said purpose.

All persons who are legally qualified voters of this State and County, and who are resident property tax-payers in said district, shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County, by order made on the 12th day of May, 1920, and this notice is given in pursuance of said order.

Dated the 12th day of May, 1920.

CLARENDON, TEXAS

Front Campus View, Baylor University

Oldest University In Texas To Celebrate 75th Anniversary In June

Distinguished Statesmen, Poets, Clergymen, University Presidents and Educational Leaders To Be Present On This Historic Occasion.

By Coleman Craig

Celebrating its seventy-fifth anniversary, Baylor University at Waco, Texas, the oldest institution of higher education in Texas, is expecting ten thousand visitors and former students to be in attendance at its Diamond Anniversary exercises, to be held June 13-16. Distinguished men from over the United States will be present on this occasion. President Wilson has appointed as his personal representative to attend the celebration, Postmaster General Burleson, an alumnus of Baylor. Among other prominent visitors will be the Hon. Cato Sells, commissioner of Indian Affairs; Senator J. Hamilton Lewis, who was member of the 56th Congress from the state of Washington, later removing to Chicago and elected as senator from Illinois, the author of the resolution recognizing Cuban Independence; Bishop Ainsworth of the M. E. Church South; a group of famous poets, including Edwin Markham, Vachel Lindsay, William Butler Yeats, and Amy Lowell; the presidents and representatives of seventeen universities from ten states; Dr. Geo. W. Truett of Dallas, who will deliver the commencement address; and Dr. Geo. W. McDanel, who will preach the baccalaureate sermon. Honorary degrees will be conferred on these distinguished guests. As part of the anniversary year's celebration, Baylor had as its guest recently, William Howard Taft, ex-president of the United States, upon whom was conferred the honorary degree of Doctor of Laws.

Bach's Masterpiece to Be Presented For First Time in South.
As part of the Diamond Jubilee program, Bach's masterpiece, The Passion according to St. Matthew, is to be presented. This is the first time in the history of the South that a college or university has ever attempted to re-

der this oratorio. Under the direction of Baylor fine arts department a massed chorus of 500 voices is being trained for the presentation of this most wonderful oratorio in all the realm of music. An orchestra of fifty pieces will furnish the accompaniment in connection with the spring festival of music, the light opera, Pinafore, is also to be given.

Mammoth Rustic Arbor to Be Built
To add a distinctive western atmosphere to the program, a mammoth rustic arbor, seating ten thousand, and similar to the typical Texas arbors, such as have been erected by the thousands on the wide prairies of Texas, will be constructed, where many of the exercises will be held.

Movies Will Film Occasion.
The more dramatic features of the program, and close-ups of the distinguished men and women who will be present, will be taken and shown all over the United States. A corps of newspaper men will also be present to cover every detail of the program, from whose reports a history of the event will be written and preserved in permanent book form.

Degrees to Be Conferred On Old Students.

Among the most interesting features of the program will be the conferring of degrees upon the old graduates of Baylor University, when it was located at old Independence, and of the graduates of Waco University, which was in 1886 united with Baylor at Waco. Fully a hundred of these old students, now gray-haired grandfathers and grandmothers, and living in distant sections of the United States, will return to their old alma mater for their degrees and to take part in the Diamond Jubilee celebration. President Brooks is in receipt of letters from these old students, written, in

many cases however, by sons and daughters because of failing eyesight and trembling hand, saying they are planning to be present. Since receiving one such letter, another has been received, written by the daughter, saying that the old mother, who had planned to be present and had been gathering with almost childish enthusiasm pictures and little mementoes of the old class to bring along, had died during her preparation for the trip. It illustrates the age which many of them have reached.

Began With Twenty-four Students.
The celebration of Baylor's seventy-fifth anniversary recalls some interesting historical facts. The institution began with twenty-four students and only one department. The growth has been phenomenal and now Baylor has an enrollment in its different schools of 1600, and departments in fine arts, liberal arts, education, medicine, dentistry and pharmacy. During the institution's history approximately 22,000 students have passed through its doors.

Born In Days of Republic.
Baylor University is older than the state of Texas. It had its birth in

S. P. BROOKS, President Baylor University.

the days when Texas was a republic among the nations of the earth. The charter was granted by the Republic and signed by President Anson Jones, Feb. 1, 1845. Leading up to the founding of the institution, there had been an organization known as Texas Baptist Education Society, which was organized in 1841. Thus the idea and desire among the Texas pioneers for an institution of higher education dates back at least eighty years. The work of this organization was handicapped in the founding of a university, however, by the unsettled condition of the times, General Woll's Mexican invasion and other disturbances. The leaders of the movement for a university for Texas were Judge R. E. B. Baylor, a distinguished jurist for whom the institution was named; Rev. W. M. Tryon and Rev. James Huckins. A Unique Bid Offered for Location of School.

When it was fully determined to found a university in the state there was quite a bit of competitive bidding for the location among several of the towns. One of the bids offered had the following items listed as the inducements to bring the university to the interested town: one section of land, one yoke of oxen, five head of cattle, a cow and calf, one bay mare, one hale colt, twenty days' hauling, and \$200 in cash. The old town of Independence won in the bidding and

it was here that Baylor was first located. The school remained here until 1886 when it was moved to Waco and consolidated with old Waco University, under the corporate name of Baylor University at Waco. The four towns that made effort to secure the university location were Independence, Huntsville, Travis and Shannon's Prairie.

Idealism of Texas Pioneers.
The men of that time lived in crude surroundings, it is true, but the following sentence taken from the statement of the purpose for which Baylor was founded, attests the genuineness of their idealism: "To found a university upon a plan so broad that the requirements of existing conditions will be fully met, and that will be susceptible of enlargement and development to meet the demands of all ages to come." A sentence surely that would not be ill-fitting, were it framed in the year 1920!

Second Co-educational School in the World.

Baylor University has the distinction of being the second school in the world to admit women on the same basis as men. It is another tribute to the progressive-ness of these pioneer Texans that they were men of such breadth, and living so far ahead of the generally accepted standards of the time. It will add emphasis to their idealism and progressiveness when it is remembered that the men of this time were dividing about equally their efforts in following bloodthirsty Comanches on the war-path, and eking out a liv-

For wedding gifts, see our line of cut glass and silver ware. Goldston Bros.

Grandpa Davidson in his eightieth year, is forced by the hand of time to give up active duties, but his kindly ministrations have never lessened. After seeing many others take home raised plants the first of the week to his little friend, Richard Glass who is detained in the hospital, this venerable old man remarked that it was his desire to take some of God's flowers to the little man. Accordingly he gathered a bouquet of wild flowers of loveliest hue and pleasing odor and became the donor of a gift which was the direct

creation of his Master. The recipient was more than pleased with the gift, not altogether because of the quality but also for the kindly remembrance of a boy grown older who remembered him.

No home complete without music. See our line of watches. Goldston Bros.

C. I. A. BULLETIN GIVES HOUSEWIVES HELPFUL HINTS

"How to Buy, Care For, and Use the Family Wardrobe" is the title of a bulletin which is now ready for distribution at the College of Industrial Arts. This bulletin has been prepared to assist women with limited incomes to provide for the needs of the family in a satisfactory manner. While the bulletin presents the hygienic, artistic and economic phases of the clothing problem, the emphasis is placed on the economic phase; conservation of resources as concerned in the purchase of clothing, the care required to lengthen its term of service, and the right use which is seldom given serious attention, are stressed. Certain phases of the housewife's problem is presented in detail although briefly, and definite suggestions are offered in the hope that these concrete examples will be helpful to those who have no opportunity to work out their own solutions. The fundamental facts and principles of economics have been used as a basis for expenditures, and an attempt has been made to analyze the problem of consumption in the form of clothing, to discuss the factors of expenditure and offer solutions which will be suggestive.

From an economic standpoint consumption is just as important as production; indeed it determines production and hence might be considered of primary importance. But for years men have devoted their attention to production almost to the exclusion of the subject of consumption; time and effort and money have been spent to prepare large numbers of people, that we might have efficiency in processes of production. Efficiency in consumption, as a factor in their economic life was entirely neglected. The task of the modern woman is seen to be one which requires training, for women determine how nine-tenths of the money in the world is spent. Women themselves are demanding the opportunity to secure such knowledge as will enable them to solve their own problems. This demand from women all over the county warrants the assumption that this bulletin will be received as a timely contribution to this fund of knowledge which is needed. Requests for this bulletin should be addressed to the Secretary, Department of Extension, College of Industrial Arts.

SERVICES AT THE PASTIME THEATRE

SUNDAY, MAY 30TH.
Bible School beginning 9:45 a. m.
Communion - - - - - 10:45 a. m.
Preaching - - - - - 11:20 a. m.
Topic for Discussion, "In the Image and Likeness of God."
Text: Genesis 1:26-27.
Preaching in evening, 7:30 p. m.
Topic for discussion: "Who was Jesus."
Text: Matt. 16:13.
Interest in these services are increasing. We cordially invite every one who is interested in the pure gospel, and a candid discussion of vital, spiritual truths, to attend these services.

In these reconstruction days, the church must be true to the "Great Commission" of our Lord. Are you a "Disciple of Christ" and not worshipping elsewhere? Show your colors. Let your light shine. Be a real Christian.

Strangers and traveling men especially invited. The glad hand church.

P. R. Huckleberry, Pastor.

HARVEY-BALLENGEE

Married, Friday morning, May 21, 1920, in Crawford, Nebr., at the St. John's Catholic church, at 7:30 o'clock, the Rev. Father J. P. McMahon officiating, Mr. E. W. Harvey and Miss Helen V. Ballengee, both of Crawford. The bride was attended by Miss Garnet Nester as bridesmaid, while Mr. Russell Hand was best man for the groom. Following the ceremony, a wedding breakfast was served by the bride's mother at Crawford. The bride is a daughter of Mr. and Mrs. J. H. Ballengee, is one of Crawford's most winsome lassies, and who has grown up from early childhood in this city, and is one of our most popular girls. The groom is a valued employe of the Inter-mountain company, a thorough electrician, and the not so well known to our people, is well liked and highly respected by all who had business relations with him or have met him in a social way. The Courier wishes for their future success and happiness.—Courier, Crawford, Nebr.
Above is a reprint of a wedding that will be a pleasant surprise to many in this city, the groom having grown to manhood here. The News joins with the many friends in congratulations.

SPECIAL NOTICE!

I am in Clarendon to put on a special campaign for the Security Benefit Association, successors to the Knights and Ladies of Security. One of the best fraternal insurance organizations in the United States, where ladies and gentlemen are equal and provide insurance for the whole family at a reasonable rate; gives a 20-year payment policy with all the advantages of any old Line company and cheaper, with the social and fraternal advantage I want the lodge musicians to play for us at our meetings and will give them their dues for six months. Also want four ladies or gentlemen to assist me in this good work and will pay you well. If interested phone Miss Mary Casey, No. 374 for particulars.

R. F. SMITH, District Deputy.

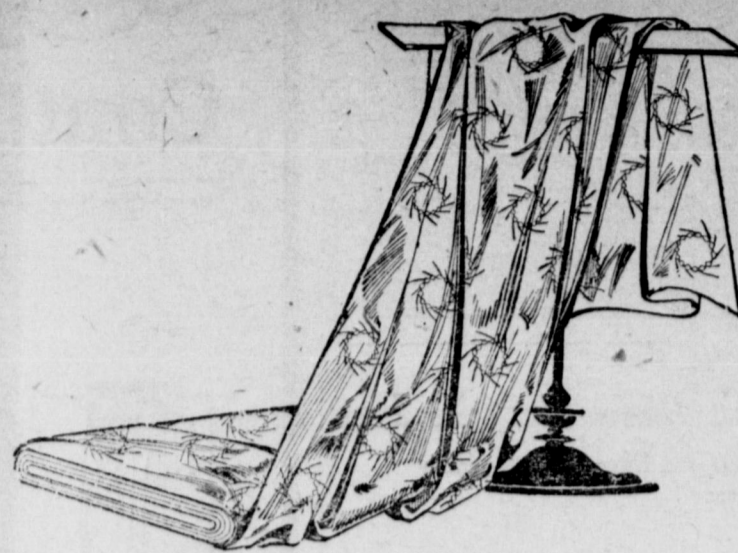

BAPTIST CHURCH

There will be preaching at the Baptist Church Sunday at the eleven o'clock hour. There will be no services at the evening hour on account of the pastor being away in attendance on the Fifth Sunday Meeting. A cordial welcome to all.

Rev. Joe Smith, Pastor.

W. F. Minnick and son Glen came in this week from Springfield, Colorado. Mr. Minnick's family resides here during the winter for the benefit of the excellent school advantages and then spend the summer in cool Colorado on their ranch near Springfield.

Clarendon Merc. Co.

THE STORE WITH THE GOODS

Due to the flurry in the Silk market in the past three weeks, we are lowering our Silks in proportion to new prices that have been set by the wholesaler. We, nor many others, do not feel that these prices will exist long, but are caused by the present crises in Japan.

Silk Shirts

of Crepe de Chine, Jersey, Tub Silks and Silk mixtures, all on one counter—at reduced prices.

Many have profited from these in the past few days.

\$5.00 Values, special	-----	\$3.95

2.50 Values, special	-----	1.95

Figured Georgette Crepe

Entire stock of this beautiful materials \$4.75 quality, special-----\$3.79

Our complete stock of Suits and Dresses at sharp reductions.

MANY NEW STUNTS SCHEDULED AT DALLAS FOR JUNE 4, 5, 6

Dallas, Texas, May 26.—Eyes of sport fans throughout the south are turning to Dallas where on Friday, Saturday and Sunday, June 4, 5 and 6 a 100 mile auto race derby and 15 short distance events will be staged at the State Fair of Texas under the auspices of the Dallas Stadium committee.

While auto racing, with over half a score of the world's most famous pilots in competition, will be the chief attraction of the three days, auto polo and aviation will play important parts in bringing thousands of sport enthusiasts to the city. Three games of auto polo have been scheduled with the All-American team and the Canadian aggregation battling for championship honors.

The Oakley Escadrille will hold the center of interest in aerial circus when Arthur Oakley of Abilene, Texas, the youth who recently leaped from a moving passenger train to an aeroplane flying overhead, will make a change of planes in mid-air.

Handfuls of other dare-devil stunts will be performed by the Texas boy and his troupe of performing aviators.

PUBLIC CELEBRATES AT MARTIN

Citizens of the Martin community gathered at the local school house Sunday for one of those old-fashioned, neighborly gatherings famous in the past and celebrated with singing, preaching and dinner "on the ground." Many interested visitors from Clarendon, Lella, Hedley, Sunmyview, Ashitola and other nearby places were on hand to aid in the celebration. Rev. Baker preached an excellent sermon. The afternoon was given over to the singers, the handicapped by the non-arrival of new books ordered, made the walk-in ring with the joyous sacred songs.

School came to a close at the Martin schoolhouse Friday. An excellent exhibition was given by the pupils that was well attended. Miss Mary Fair, who taught the present term, is held in highest esteem by the good people out there who are loud in their praise of her good work.

GOODNIGHT HOMES MOVING TO THE CITY BEAUTIFUL

For some time a number of Good-night citizens desired to move their place of residence to this city but found such a big difference in property valuations there and here that they have decided to buy lots here and move their homes. Among the number is the Bertie Mace residence formerly the property of Prof. Warren and one of the most beautiful homes in that town. Four others are also to be moved down during the next few days.

TREASURY DEPARTMENT

Office of the Comptroller of the Currency
Washington, May 1, 1920.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The First National Bank of Clarendon," in the city of Clarendon, in the county of Donley and State of Texas, has complied with all the provisions of the Act of Congress "to enable National Banking Associations to extend their corporate existence, and for other purposes," approved July 12, 1882;

Now, therefore, I, Thomas P. Kana, acting Comptroller of the Currency, do hereby certify that "The First National Bank of Clarendon" in the city of Clarendon, in the county of Donley and State of Texas, is authorized to have succession for the period specified in its amended articles of association; namely, until the close of business on May 2, 1940.

In testimony whereof witness my hand and seal of office this first day of May, 1920.

T. P. KANE,
Acting Comptroller of the Currency.

Growing Greater Mileage on Desert Land

On several thousand acres in the Salt River Valley of Arizona, this company today is producing the finest variety of commercial long-staple cotton in the world. While this accomplishment is of general interest as beginning the reclamation of an immense agricultural empire, it is primarily important to users of our tires. Cotton is an indispensable element in modern tire construction; superior cotton enhances the strength, flexibility and endurance of the product it enters. In converting the immemorial wastes of the desert into fertile and profitable acreage, Goodyear is really growing greater mileage on hitherto abandoned land. Through every stage of their development Goodyear Cord Tires have benefited by work of such character as is represented in this Arizona enterprise. Not one element of their composition, not one principle of their construction, but has carried steadily forward by invention, experiment and toil. Today the harvest of such endeavor is seen in the capacity of Goodyear Cord Tires to deliver a kind of performance unapproached in any earlier type of tire. Because Goodyear Tires and the sincere conservation service behind them afford unmatched satisfaction, more people ride on Goodyear Tires than on any other kind.
