HARDING ELECTED BY THE HEAVIEST MAJORITY EVER POLLED IN THE U. S. —COX SHOWS GREATNESS IN DEFEAT

LATEST RETURNS SHOW HARDING WILL HAVE 391 VOTES IN ELECTORAL COLLEGE, COX 127 WITH THIRTEEN IN DOUBT—MONTANA AND ARIZONA GO FOR HARDING—MISSOURI PILES UP BIG PLURALITY—TENNESSEE GOES REPUBLICAN

The Harding landslide increased in size late Wednesday afternoon, when more complete returns indicated that the Republican candidate had carried Tennessee, Montana and Arizona.

These returns threw nineteen additional electoral votes to Harding who apparently will have at least 391 votes in the electoral college.

In addition, late returns from Oklahoma indicated that the result is still in doubt there, though Cox was holding a slight lead in capturing Tennessee the President-elect succeeded in breaking the Democratic front there for the first time since 1868.

Democratic headquarters do not concede Tennessee to the Republicans but latest figures indicate a 15,000 plurality here for Harding.

The outcome in the senatorial race in three states remained in doubt. These were Oregon, Arizona and Nevada.

That the "impossible" may have occurred making Oklahoma Republican, seemed within the range of likelihood today.

Democrats have not yet conceded the election. Republican State headquarters, claiming Harding and Harrell's election by at least 15,000. With the Republican plurality growing until it threatens to reach the 90,000 mark in Missouri, the eyes of the political world turned to the ninth district where former Speaker Champ Clark of the United States House of Representatives was threatened with defeat.

ELECTORAL VOTE

According to latest returns, following is the electoral vote by states:

States	Rep.	Dem.	???
Alabama	12		
Arizona	3		
Arkansas	9		
California	13		
Colorado	6		
Connecticut	7		
Delaware	3		
Florida	6		
Georgia	14

DEFEAT TEMPORARY DEMOCRATS DECLARE

(By Bascom N. Timmons in Amarillo Tribune)

Dayton, Ohio, Nov. 3.—Democrats all over the Nation today began to reform their lines following the crushing defeat of yesterday. They believed the reaction following the war was such that no Democratic candidate could have won this year, and they believed that when the American people have had an opportunity to appraise the achievement of the Wilson administration in the light of four years, Democratic victory will be assured in 1924.

One thing seems certain the Democrats will never send a candidate out single-handed to battle as Cox battled this year. The Democratic organization has never more than a shadow. Not until three weeks ago did it render the slightest aid to Cox.

Telegrams today poured in on Governor Cox. They began to arrive last night when it became certain that the landslide had carried Senator Harding to victory.

Francis J. Heney of California, wired: "This is only the battle of the first Marne. I hereby enlist as a private in the ranks to fight until victory is won."

Hundred of other telegrams congratulated Cox on his game battle, hailed him as the fearless champion of his party and said he was the only man to continue the policies of the stricken Wilson.

The gameness of Governor Cox in the face of certain defeat will

live long in the memories of the bank of close friends and newspaper correspondents who received the returns with him. On the street below a crowd of 15,000 men and women were receiving returns posted by Governor Cox's newspaper. It was for the most part made up of Cox adherents, but there was a large number of Harding supporters in the crowd. Upstairs Cox smoking his inevitable cigar, chatted with men and women who came to hail him as proudly as if he were elected rather than defeated. Governor Cox deeply appreciated their tributes. His spirits were as high as if he had just won instead of losing the greatest office in the gift of the American people. Newspaper men who had been with Bryan, Parker and Hughes when they were defeated contrasted their dejection with Cox's spirits. Nearly every man who greeted Governor Cox told him that he had merely had his occupancy of the White House postponed for four years.

DONLEY COUNTY FAVORS BETTER SCHOOL IDEA

Better schools has ever been the highest aim of the citizens of this county when reference is made to civic improvement. Special emphasis has always been placed on the idea of having better schools than those of any other section. We believe that our present school status is the best in the state and they mean far better than most of them.

As an instance of the sentiment of the voters of this county in regard to schools, the amendment carried by a large majority as it rightly should. Our citizen body believes in the best to be had and they mean to get it the vote Tuesday is any criterion to go by.

At the present time Donley county has three independent school districts—Clarendon, Hedley and Lelia Lake. Thirty-two teachers are employed with a scholastic census of 2412 for the county 723 of which is accredited to Clarendon, 398 to Hedley and 243 to Lelia Lake. The county is divided into nineteen districts with a total property valuation of approximately \$125,000.

Locally speaking, the public schools of Clarendon are in better condition now than ever before with absolute harmony prevailing upon the part of the official body having the matter in charge and the faculty.

Not only this, the best Junior college of the Methodist church to be found in the south is located at Clarendon making it unnecessary for the graduates of the public schools of this county to seek a higher education in distant cities.

MATERIAL ARRIVES FOR COMPLETION OF WHITE WAY

After a delay of several weeks, the remaining materials necessary to complete the work of the White Way lighting system on Kearney has arrived. Mayor O. C. Watson has been very persistent in his efforts toward getting the company to ship the materials found to be short in the original shipment. His labors were rewarded this week with the arrival of material sufficient to proceed with the work. Concrete foundations for the big iron posts is being placed by workmen in charge of Speed Bros., contractors of this city. Cable is already at hand and the posts have been shipped and are expected by the last of the week. Work on the lighting system was begun long before the paving job started. The delay was caused by a shortage of labor and material, a condition greatly relieved now due to a reduction of prices and a slump in demands.

RED CROSS DRIVE WILL BE IN CHARGE OF PASTOR

In another column will be found the name of Mr. Bourland, who was first mentioned as chairman of activities for the Red Cross drive. After that section of the News was on the press, we were informed that it was impossible for Mr. Bourland to serve, and that W. H. Foster, pastor of the Presbyterian church, had kindly consented to assume the duties as chairman. Mr. Foster is already formulating plans for the drive and asks the hearty co-operation of the public in seeing that every citizen has an opportunity to help Donley county do her duty in this important work.

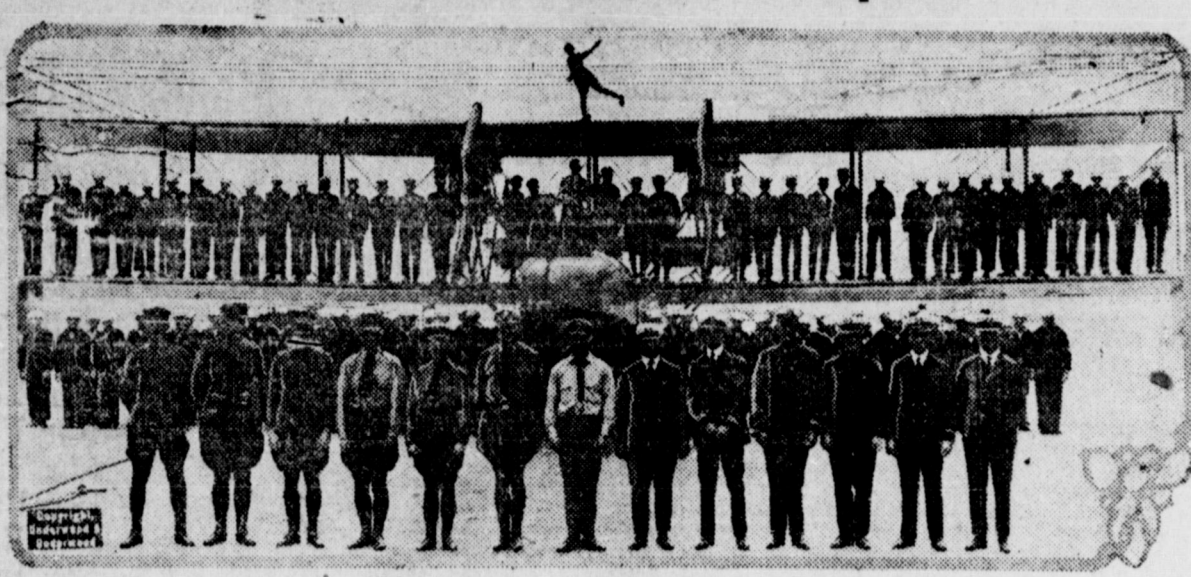

OPERATOR AT WILDERADO DEAD; FORMERLY OF JERICHO

News of the death of Jack F. Samsing reached this city Wednesday. Mr. Samsing was formerly an operator at Jericho but had been stationed at Wildorado the past few months where his death occurred. No particulars of his death were given in the message.

Mrs. Jim McMurtry and children, James Alfred and Laverne, returned the first of the week from a visit of three weeks at Cordell, Okla., with friends and relatives.

Mr. and Mrs. G. S. Patterson will leave this week for San Antonio where they will spend the winter.

Giant United States Naval Seaplane

This photograph, taken at San Diego, shows one of the immense seaplanes used by the United States navy on the Pacific coast.

DONLEY COUNTY FARMS ARE IN A-1 CONDITION

NEWS DEVELOPS A FEW INSTANCES WHERE FARMERS OF DONLEY COUNTY PROVE SOIL POSSIBILITIES

The lowering of prices even at this time did not seriously affect the more industrious class of Donley county farmers because they took the precaution to diversify earlier in the season. The farmer who runs his business economically, is seldom affected by prices provided he can buy what he needs at anything like a fair price, and not even then if he raises the most of his living on his farm as every farmer should.

In the class above mentioned, may be found such farmers as C. J. Talley of the Martin community. Being of an industrious nature and mixing brains with the soil classifies him as being a business man on the farm. His thirty-five acres of corn will produce around sixty bushels to the acre. The kafir and maize will beat a ton to the acre. Not wishing to let anything get by without producing something of value, his work stock consists principally of good mares which are bred carefully each spring each producing a good colt. Neither is he worried over the high price of meats and lard because he has a number of hogs which he butchers out later in the season. He raises a good garden and, with the help of a good housewife, vegetables and fruits are put up for the winter days. The entire family is due credit that may accrue to a family producing something of value, his work stock consists principally of good mares which are bred carefully each spring each producing a good colt. Neither is he worried over the high price of meats and lard because he has a number of hogs which he butchers out later in the season. He raises a good garden and, with the help of a good housewife, vegetables and fruits are put up for the winter days. The entire family is due credit that may accrue to a family producing something of value, his work stock consists principally of good mares which are bred carefully each spring each producing a good colt. NOTICE TO SUBSCRIBERS

Owing to the continued raise in the price of print paper and the increased postage rate, we are forced to raise the price of subscriptions from \$2 to \$2.50 on all papers going out of the county, after the first of January, 1921. We have refrained from this raise just as long as possible hoping that prices on paper on which we print the News might go down, but having been informed by the supply houses from whom we buy our supplies that the price will advance due to a shortage in this kind of paper, we are now forced to make the raise much against our wishes. Those who desire to protect themselves against the raise, are at liberty to renew before the first of January.

DIVERSIFIED GRAZING

Progressive ranchmen in West Texas are reaping, this year, splendid returns from diversified grazing. This means that they have learned in the words of a Sutton county ranchman, that "sheep make grass." Sheep men have known for a long time, that sheep eat weeds, thus preventing the stifling of the

THEY THROW ROCKS AT THE PROFITEER, BUT THEY HIT THE PRODUCER

(Manufacturers Record)

For months the responsible officers of the government have been engaged in a persistent and consistent effort to break down prices. They have taken it for granted, and the country seem to take it for granted, that the supreme goal of statesmanship was to lower ultimate costs.

The success of the movement was certain to mean ruin for thousands and severe hardship for millions of Americans. Indeed, the very locality of Providence, as witnessed in the promise of abundant crops, has meant woe and anguish for those who by the sweat of their brow brought these crops to harvest. The fruit of their labor is being taken from them. What profit a man to produce in abundance if abundance means for him poverty, while scarcity is the forerunner of his well-being and prosperity?

We have no tolerance for the profiteer. He is the thief, the embezzler, a criminal and a thief at heart. But it does not appear that it is against profiteers as such that the government has been working. It has not sought by any statement of facts to show that the prices prevalent for this product or for that product were inflated by the cost of production. It has simply driven promiscuously against ultimate costs in general, with the products of the farm as the chief object of assault.

The citrus growers say that it is foreign fruit, dumped into American ports, that is ruining them. The wool growers say that government sales and British government sales in America have driven the price of native wool to far below the cost of production. The peanut growers point out that they had never expected to be brought into competition with Oriental labor. But the government answers that prices are going down, and rejoice.

Yes, prices are going down, driven down by the aggregate policy of a number of government agencies, controlling credit and transportation and imports, but what shall be said of a government which deliberately adopts a program devised to force its own citizens to sell their products at less than cost, depriving them not only of their legitimate profit, but subjecting them also to actual loss? It is for the good of the worker in the city, it is said, and cheaper living is pleasing to voters, but no man ever heard of a prosperous American unless the farmers were prosperous. They are work for people when there are farmers able to buy the things the cities make, and not otherwise.

If cheapness of living is a real object of statesmanship, let our readers visit Serbia or other of the Balkan countries, or China, where cheapness of living is usual and directly common. They may learn that civilization is not the art of keeping soul and body together, but is the art of so apportioning production and creating wealth that the cost which a high standard of living connotes can be met. The average American does not care so much about how many dollars a living costs as to live in the style he wishes. Cheap living too often means a cheap country. The harder the times, the cheaper the living, but we have not heard of any political party in recent years arguing for hard times as a great desideratum.

We should like to see sugar sell at three cents the pound, if there were profit for the producer at that price. But if the cost of production were 30 cents the pound, it would be better for the country to have it sell at 31 cents than at 29 cents. If 10-cent cotton yielded the south a fair profit, we should like to see cotton sell for 10 cents. But if 10-cent cotton means a hog-and-hominy, illiterate, badly roaded south, existing on the labor of serfs, then 10-cent cotton is a disgrace.

History shows that a high price country is a good country to live in. A low-price country has its advantages, but they are primitive. Automobiles, good roads, good schools, sanitation, water systems, telephones, electric lights, carpets, and decent beds are things worth having and worth paying for. But the laborer who is better housed than was a prince 300 years ago cannot be so housed on the wages that would satisfy a Chinaman in a hut.

It is pure bancombe when men attempt to make the American people believe that they can have without paying. It is suicidal to beat down prices arbitrarily to the point where profit is not sufficient to satisfy requirements. High wages and low prices are not mates. They do not travel on the same road. You cannot bring nitrates from Chile to sell the resulting products at a price to compete with copra which costs little or nothing to produce. You cannot sell the farm products of America below cost of production and have farm products long-lived without arbitrarily beat down prices without beating down prosperity.

The government has just issued a report from a special committee appointed to consider the serious status of the electric railways of the country. The commission was appointed because the government knew that the electric railways could not continue to operate unless allowed to charge enough to pay cost of service. But it is not recorded that the government has appointed any commission to recommend measures of relief for the cattle industry, or the wool industry, or the cotton industry, when they, as a result of government pressure, find that their service does not command cost of production. There has been no wild effort by the government to lower cost of transportation, or cost of public utility service, or cost of insurance—and very wisely—but the same government shows signs of real energy in devising means and methods of beating down the price of farm products to ruinous limits.

It is then called lowering the cost of living, and it is a program which, strangely enough, is never very strenuously carried out until the harvest period of the year. And while the farmer is being cajoled with political promises on the one hand, the politicians are moving heaven and earth to paperize him on the other hand. They tell him

that commodities are being "liquidated." He would understand it better if they told him that he was to be "busted."

It is almost time for a sensible reconsideration of this whole movement that is so eloquently characterized as a program for reducing the cost of living. It is about time for farmers to see, if the profiteers cannot be cornered without the farmers first being driven to the wall. It is time to ask if reducing the cost of living is not first and foremost a scheme to make the farmer sell his property for less than it is worth, instead of being praised, some of the worthies in Washington, who are pinning medals on themselves for their success in depressing prices and the national spirit, should be called before a high court of justice to answer conspiracy against the property and well-being of some millions of their fellow-citizens whom they were supposed to represent.

PLAY FAIR WITH YOUR TENANT

Many of our landlords in the southwest who are troubled more or less with drifters as tenants, and who find their farms growing less fertile and decreasing in productivity, might try giving their tenants a square deal as a remedy for the evils of which they complain. The evils of tenantry could be lessened considerably if landlords were more considerate of their tenants and their families, and provided them with living conditions, equal at least, to those enjoyed by the livestock on the home place.

There are many rich farms in the southwest where renters are forced to live in leaky, unsanitary shacks that would have been considered a disgrace on any respectable farm or plantation in the south before the war. Slaves were valuable property. Tenants are only human beings.

There is a business side to this question, however, and to some, business considerations are more appealing than those dealing directly with the conservation of lives and the development of good American citizens. Is it not a fact that farming under modern conditions require intelligence? Can you expect a good farmer, with an ounce of pride and respectability in his makeup, to move his wife and children into the quarters provided on many rent farms? Only in case of desperate need will a man capable of properly cultivating the soil and caring for the crops accept living conditions of such a character. If he does, it is only a temporary move and he is up and away the first opportunity. If this opportunity is not offered within a reasonable time, his pride and respectability become submerged and he develops into a radical of the deep red type. He is no longer a good citizen or a profitable tenant on your farm.

Tenantry should not be the curse it has developed into. Good living conditions and a fair contract—a partnership with the landlord, if you will—will attract intelligent and respectable farmers who will increase production, keep up the soil and remain on the same farm for years. As there are many tenant homes of the character described, there are also, many illustrations of an opposite nature.

Not many years back a landlord in Texas with a block of four tenant farms equipped with modern machinery and a very pleasant character, was fortunate enough to have one set of these alleged improvements burn down. In replacing them he constructed a nice five room cottage, a good barn and other outbuildings. These buildings had not been completed before he was almost swamped with applications for the farm. Thus he was able to make a selection and secured a farmer who made him a profit that year for the first time in many. Accepting the cue, he replaced the buildings on his other farms with equally good results. There are now four happy, prosperous tenant farmers where there were four dissatisfied ones before, and the landlord is many dollars ahead besides free from much of the worry he was formerly subjected to. It will prove to be good business to give your tenants a square deal. It might also be said that this would be a most effective means of checking the move from the farm to the city.—Farm and Ranch.

MR. NORMAL TIMES IS RETURNING HOME

Mr. Normal Times has recovered from his attack of wanderlust and is coming into his own again. He is on the way, and all of our millions has not arrived, but he is happy of people are joyfully awaiting the time when he will again become a welcome member of our social center. Normal left us when the great war commenced. He just wandered away and was not seen again. We were all so busy chasing money at the time that few hardly realized his departure. But gradually, however, the fact of his absence was thrust upon us, and during the past four or five years we have bitterly regretted our indifference and shortsightedness, which lost him to us.

Daily now our citizens look and long for the return of our wandering boy. We are like a little child the day before Christmas—we can hardly wait for the hour to come. But far out over the horizon is a little cloud of dust. Each day it gets a little larger and becomes more readily discernable to the naked eye. Those of keenest vision pronounce it our dear friend Normal, returning to his own with the speed of the wind.

Thrice welcome will be he.—Ex.

SCHOOLS GET STATE AID

I have been notified by the State Department of Education that state aid has been granted to the Donley county common schools as follows: Sunny View, Dist. No. 1, \$500. Windy Valley, No. 6, \$310. Giles, No. 4, \$300. Smith, No. 10, \$500. Chamberlain, No. 20, \$500.

The State Department advises that the aid has been granted to the above named schools conditionally, and will be made final provided they meet all the requirements of the state aid law when visited by the state school supervisor.

—W. T. Link, Ex-Officio County Superintendent.

DIVERSIFICATION IS ANSWER

Some good lies in everything, can we but find it. Farmers who have lost millions of dollars this year because of the drop in the price of cotton, next year will plant a diversity of crops, which will insure them a good living, as well as ultimately, perhaps, more money in the bank. Farmers in many sections of the South can raise practically everything they consume instead of raising cotton only. If the farmer lived at home, he would not only solve the problem of his own existence, but would go a long way toward lowering the cost of living for the cities. Increased production of food-stuffs means lower prices. Living at home means less traffic for the railroads, and consequently more cars to move perishable freight, fuel and other stuffs necessary to be moved.

The less cotton raised the better the price which will be paid for it. Bankers of Miller County, Arkansas, and Bowie County, Texas, have organized an association to promote the raising of diversified crops. Bankers, farmers and business men of South and Central Texas and other sections of the South could do themselves and the remainder of the country a vast good by adopting similar action.—Amarillo Tribune.

T. J. Lyle of Shamrock, Texas, will hold a big registered Hereford sale at Shamrock on Monday, December 6th. Sixty head will be sold at auction by Col. P. M. Gross of Kansas City, Mo. Barbecue dinner. Sale starts at 1:00 p. m. Remember the date and write for a catalog.

MOSLAH PREPARES FOR BIG SHOW NOV. 13TH

Fort Worth, Tex., Oct. 30.—Moslah Temple's Fall Ceremonial, which will be held, starting with the registration of Novices, Friday, Nov. 12, and the Grand Reception and ball that evening, followed by the registration of Novices Saturday, Nov. 13, will mark the opening of the largest ceremonial ever held by Moslah Temple.

New and novel floats will feature the street parade which will be held Saturday, Nov. 13, which are in charge of Noble Lester Covans. The parade will also feature the Nobility in dress suits as well as Moslah Patrol.

The main acronomial will be held starting at 2 o'clock, Saturday, Nov. 13, and the Stunt Committee have arranged an entire new stage setting for the ceremonial and an entire new set of stunts.

The ceremonial will be over in time for the Nobility to attend the Majestic Theatre party in the evening and catch the early trains from Fort Worth, Saturday, Nov. 13, should they wish to. Special railroad rates have been granted on the certificate plan and Nobles and Novices attending the ceremonial are urged to procure a certificate when purchasing tickets.

The visiting ladies will register at the Metropolitan Hotel from 9 until noon when they will be guests at a dinner party and later in the afternoon they will be guests of Moslah Temple at the Majestic Theatre, where a special Shrine show has been arranged for the occasion. Denison, Sherman, Cisco, Ranger, Abilene, Brownwood, Coleman, Stamford, Jacksboro, Haskell, Seymour, Graham, Denton and Cleburne have so far been heard from definitely and as petitions are being received in every mail, it is thought that indications point to a 500 class.

Never before has any Temple made such elaborate entertainment arrangements for the visitors and the day will long be remembered by all who attend the ceremonial. Out of town Nobles and their ladies are especially invited to attend the ceremonial as arrangements have been made to take care of the largest crowd ever attending a Moslah Temple ceremonial.

DALLAM COUNTY HIRES GOOD COUNTY AGENT

The county commissioners of Dallam county recently employed P. C. Bennet as county agricultural agent. Mr. Bennet was the last man to occupy that position in Donley county. Since his resignation, no suitable man has been found. Mr. Bennet is a west Texas product, an A. & M. college trained farmer with plenty of hustle and ability to make good in Dallam or anywhere else. We congratulate the board of that enterprising section for their ability to see the need of such a man, likewise the citizen body for their ability to make the investment. It pays every time.

IMPORTANT INSTRUCTIONS FOR COTTON OWNERS

One of the important factors gives the following rules for the amelioration of the cotton situation throughout West Texas. If follows, he says, farmers and all persons interested will make the best of the present cotton crop.

1. Do not pay exorbitant picking prices. At present market price \$1.50 per hundred is fair compensation. Every county should organize its farmers so that a price reasonable enough may be fixed so that there shall be no variation under present conditions. Much of the cotton that will be picked will be low grade. High picking prices for it cannot bring the farmer profit.

2. Gin operators should be urged and required to clean their stands from two to three times a day so that the bad grade of cotton may not become mixed with the good. Importance of this is shown by the following figures: Strict low middling as compared with middling is now five cents a pound lower in price, or \$25 a bale. In previous years the difference in price was only one-fourth cent a pound, or \$1.25 a bale. In 1919, middling in former years was one cent a pound off, or \$5 a bale, whereas now it is quoted 12 cents a pound below middling, or \$60 a bale.

3. By all means, farmers are urged to mix good cotton with bad cotton. On the market such a mixed bale brings the price paid for the lowest quality of cotton contained in the bale. Put the bad cotton in bales to itself and the good in bales to itself. In this way the best possible profit will be gained.

4. Farmers should not "pull" cotton so as to gather the bolls or parts of the boll. Mills in Europe and America always classify the grade of such cotton as "bollies." Eliminate the bolls from your cotton.

FEDERAL COURT ENDS REGULAR FALL TERM

The September term of Federal Court for the Amarillo Division of the Northern District of Texas closed here Saturday afternoon with the rendering of \$2,000 damages to the plaintiff in the suit styled Lewis L. Brakey vs. J. J. Dimmitt, suit for \$20,000 actual and \$20,000 exemplary damages for alleged injuries. Several cases were continued over for the next term of court. A number of law and equity cases were disposed of, and several men were given jail and penitentiary sentences for counterfeiting, embezzlement, stealing from the United States mails, obtaining railway passes under false pretenses, for transporting stolen automobiles in violation of interstate commerce laws and for theft of goods in interstate commerce shipment.—Amarillo Tribune.

George Taylor and mother, Mrs. L. L. Taylor, were in Amarillo the last of the week on business.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to Flush Kidneys if bladder bothers you

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast or a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and sea water, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

ORIENT WILL EXTEND ROAD FROM SAN ANGELO TO BORDER

According to the latest press reports the Orient Railroad is preparing to extend their road to the Mexican border. Work on the grade between San Angelo and Sonora is said to have already begun. The question of projecting a railroad from San Angelo to Del Rio has been under consideration for years, and several years ago the Kansas City, Mexico & Orient Railroad built a roadbed from San Angelo to Sonora, a distance of more than seventy miles, in the direction of Del Rio. This was built with the intention ultimately of extending the line to Del Rio to make a connection there with Mexican lines. Recently because of the lack of funds the Orient Railroad agreed to relinquish the roadbed to citizens if they could find a builder. Since that time the Orient has succeeded in negotiating for a Government loan and has begun work on the roadbed between San Angelo and Sonora, not formally recognizing the relinquishment.

Mrs. G. S. Jackson is visiting a sister at Webb City, Missouri, for the present. She will likely make her home at Whitewater upon her return according to statements of relatives who have insisted that she make the change.

A Hundred Times

The man who earns a hundred and saves ten of it is a hundred times better off than the man who earns a thousand and spends it all.

First National Bank

Service Plus Groceries

When we entered the grocery business in Clarendon we determined upon two things:

First: That above all things we would give our patrons the best obtainable in groceries, both from the viewpoint of food value and the viewpoint of fair prices.

Second: That service would be our watchword. We wanted our customers to feel that when they traded with us that we were giving them every possible service in caring for their wants.

We still adhere to these business policies and will be pleased to convince you that they are foremost in the operation of our business.

At any time you see where and how we can improve our service we will appreciate your suggestion and your help.

If our efforts appeal to you then we solicit at least a part of your patronage.

BUM CHECKS LANDS A SECOND MAN IN LOCAL JAIL

Sheriff Rutherford brought R. Levi Edmondston up from Leslie the first of the week and lodged him in the county bastle. Edmondston was indicted by the last grand jury on several counts for issuing worthless checks and has been out on bond for the past two months. It is alleged that his bondsmen grew apprehensive during the past week and turned him over to the authorities.

WARNING

This is official notice that all trespassing upon the grounds of the Clarendon Country Club will be rigorously prosecuted from and after May 6th, 1920.

Clarendon Country Club.

To Your Interest

Two Important Facts Are Now Conceded

FIRST—Harding has been elected president of our United States.
SECOND—And most important, Baldwin Bros.'s 1920 Clearance Sale has proven to be the greatest wrecking machine ever turned loose on high prices in Clarendon.

Now listen to a few of our prices on real, honest-to-goodness, sure-enough, high-class goods. We have not shipped in any cheap, shoddy goods to camouflage the public with. Our prices are on high-grade goods and the prices cut to pieces. We are going to clean the decks.

3 Spools Sewing Cotton	25c
50-yard Spool Silk	10c
Crochet Cotton	12 1-2c
San Silk	5c
1000 yards English Snow White Long Cloth, 50c value, sale price	25c
Marshall Field 4-4 Bleached Daisy Muslin (none better), was 37 1-2 cents, sale price	24c
Yard Wide Fancy Silks down to \$1.00. Woolen piece goods cut to pieces. The life cut out of Silk Shirting, in fact everything specially priced.	
18x32" Bath Towels, each	17c
18x36" Bath Towels, each	19c
20x40" Bath Towels, each	39c
These towels all good heavy weights and heavy naps.	
One Lot Children's Hose	19c
One Lot Children's Hose	24c
One Lot Children's Hose	29c

Ladies' and men's ready-to-wear cut from 25 to 50 per cent. Wish we had space to tell you of all our good prices and good qualities; but come, expecting to save money and we guarantee you will not be disappointed. How to know when you are in the right store: Price our goods, examine the quality, if the quality is the best and the price the lowest, you are at

Baldwin Bros. Store

We realize you may not want to give up your money but see if our temptation doesn't cause you to shell down the kale seed.

One special lot heavy bed blankets, wonderful values, cut 1-2 price.

Baldwin Bros.

"THE ONE-PRICE STORE"

ORDINANCE

AN ORDINANCE prohibiting the use of the streets, alleys and other public grounds in the City of Clarendon for selling, vending, displaying for sale, hawking or peddling goods, wares, merchandise, produce, meat, medicine, nostrums or other articles, and providing a penalty for its violation.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARENDON, TEXAS:

Section 1. It shall hereafter be unlawful for any person to use the streets, alleys or other public grounds in the City of Clarendon for the purpose of selling, vending, displaying for sale goods, wares, merchandise, produce, meat, medicine, nostrums or other articles, or for the purpose of hawking or peddling goods, wares, merchandise, produce, meat, medicine, nostrums or other articles; and any person violating any of the provisions of this ordinance shall be fined not less than Twenty-five Dollars (\$25.00) nor more than One Hundred Dollars (\$100.00); and it is further ordained that each violation of any provision of the above ordinance shall constitute a separate offense.

Section 2. The provisions of this ordinance shall not apply to any

person who sells or offers for sale any products raised or grown upon property owned or rented by him.

Passed under the suspension of rules by the Board of Commissioners of the City of Clarendon, Texas, the third day of November, A. D. 1920.

Approved this the third day of November, A. D. 1920.

O. C. WATSON,
Mayor of the City of Clarendon, Tex.

Attest:
CLAUD McALLISTER,
Clerk.

CHRISTIAN LADIES AID

The Christian Ladies Aid met with Mrs. Walter Dubbs, Oct. 27, with fifteen members and three visitors present. Lesson study was the 7th Chapter of Chron., after which some business was brought before the house and it was decided that the ladies would put a heating plant in the church, which we hope to have completed by the time our new pastor arrives. The hostess served delicious refreshments which were enjoyed by all present.

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above J. W. Kent, Superintendent.

ODD FELLOWS HONOR SERVICE

The Odd Fellows of Clarendon will have an honor service November 2, 1920. This service is in compliance with a proclamation issued by Grand Master W. T. Savage of Dallas, and is for the purpose of permitting the old members of the order to be present and witness degree work and enjoy a real good meeting. This lodge will confer the 2nd degree on this occasion.

All members of the lodge who have conveyances will bring some of the older brothers who have not been attending the meetings, as many of the heroes of our order, members of the "faithful few" have kept the fires of the order burning in the lodge room by their regular attendance and by their sublime devotion to its ideals of mutual helpfulness, and have grown old and feeble and have not been able to attend our lodge meetings. It is these men that will attend this honor service and again enjoy the association of Odd Fellows.

See "Let's All Get Married," and learn how at the High School building, Thursday night, Nov. 11th. Get your reserved seats at the Palace Confectionery.

LOCAL & PERSONAL

Miss Lucile Tatum visited friends in Dalhart the last of the week. G. W. Smith of Wheeler county was in town Monday on a trading expedition.

Roy Kendall was down from Amarillo over Sunday visiting his family in this city.

Doc Howard went up the Denver to Dalhart Tuesday night to receive a bunch of steers.

Misses Dess Hood and Leota Woody visited Miss Hood's parents in Claude over Sunday.

Mrs. A. H. Baker is spending the week in Panhandle, a guest of her daughter, Mrs. Cox.

Gus Hensley and family moved to Ft. Worth the past week, making the journey by car.

Rev. J. H. Watts has been on the puny list this week but is improving at this time.

Mrs. J. J. Taylor is hostess to her sister, Mrs. Robinson, on the Taylor ranch south of town.

T. N. Clayton of Memphis visited his son, S. T. Clayton, and family of this city, the first of the week.

R. W. Talley, who makes his headquarters in Wichita Falls, was here the first of the week visiting home folks.

Frank White, claim agent for the Denver, visited home folks here this week leaving for a trip down the road Tuesday.

J. O. Quattlebaum made a business trip to Oklahoma City and other points in that state the first of the week.

C. T. Taylor, formerly a resident here, was up from the Falls the last of the week looking after business interests.

Mrs. Clara Wright of Wichita Falls is visiting her parents, Mr. and Mrs. J. J. Taylor, on their ranch south of town.

Byron Alexander holds the championship so far as turnip raiser. Byron has several loads and has plenty more at home.

J. M. Peabody left over the Denver Saturday bound for Ft. Worth, where he expects to spend the winter with his daughter.

Mrs. Harley Skinner returned from Commerce, Texas, the last of the week where she was called owing to the illness of a relative.

Mrs. G. M. Richards returned home the last of the week after a visit of several weeks in and near her old home in Alabama.

H. H. Taylor was here on a business mission the last of the week. He is making his home down in the oil belt at present.

Mr. and Mrs. G. W. Rankin and babe of Malta, Montana, are here this week for a visit with the lady's parents, Mr. and Mrs. M. P. White.

The infant babe of Mr. and Mrs. W. H. Alexander died at the family home four miles northeast of town Wednesday and was buried in the local cemetery.

A hunting party composed of Mr. and Mrs. Sam Denman of Amarillo, Hunter Lion of Dallas and Mr. and Mrs. Allan Beville, sought ducks in the Lelia Lake country Tuesday.

I. E. Monsole and W. H. Foster made a tour of Gray county the last of the week on a business trip. They report wheat in fine condition all over the plains due to the recent rains.

Pete Merrill, who moved to Wichita Falls a short time ago, was in town over Saturday looking around for a location to move back up here. They all flew sooner or later, you know. Come back, Pete.

A. H. Luttrell of Dubuque, Iowa, was an overnight visitor in Clarendon leaving for his home Wednesday. Mr. Luttrell expects to return here in the spring and invest in a home and enter business.

H. A. Meroney of Meridian, Mississippi, was here the first of the week looking for a location where the mosquito population is not so numerous and malaria unknown. He likes Donley and will move out here later.

G. T. Oldham of Dallas spent several days here the fore part of the week inspecting the farm and ranching interests with a view of investing in loans on Donley county dirt. He was well pleased with the outlook and found the country in fine condition.

Prof. L. H. Mullins is back to his old stamping grounds, he having about decided to yield to the wishes of the Giles people who have insisted that he again teach their school. Mrs. Mullins did not come with him. She is visiting with her daughter, Mrs. W. T. Lackey, near Mangum, Oklahoma.

T. W. Smith, formerly a resident of Donley, came in from Jerome Junction, Arizona, this week to see after his business interests. Mr. Smith lived at Pleasant for a time but likes the Junction country better. He stated that they had already had plenty of frost, all of which makes old Donley look better.

Mr. and Mrs. F. W. Reedy and son are again making their home in Clarendon, having disposed of their interests in Wellington. Mr. Reedy purchased the telephone exchange of that city but could not resist the temptation to return to what he claims is the best town he has ever found. A royal welcome is extended these worthy citizens by the City Beautiful.

Mrs. Sims, whose home is at Panhandle, but who has been attending college here, was stricken suddenly Saturday with an attack of appendicitis. His father at Panhandle was notified and came over. His mother, who was at Ft. Worth for medical treatment, also was notified and came in the same night. The young man is getting along about as well as could be expected.

The first real frost in this section arrived Monday night and amounted to a real freeze that will put a stop to all growing vegetation. Cotton will now open rapidly and be much more easily picked due to the shedding of the foliage. Feed stuff was well taken care of and no actual damage will result as the frost this season is later than usual and farmers have been expecting a killing frost or freeze for some time.

Public Put Its Stamp Of Approval On Our Reduction Of Prices

Price lowering movement was started and launched by this store some time ago. It is our purpose to always give the lowest prices and when the break in market prices occurred in the East, our resident buyer in New York City informed us of the reduction that the mills had made. We immediately lowered our prices accordingly. Substantial evidence of lower prices can be seen in every department. Many people are taking advantage of the low prices they find in this store. After all, the test proof is the price itself. We have not space to advertise prices, but come and see them for yourself. It is the opinion of the owner of this store that there will be no further decline in merchandise for some time to come, possibly two years yet, for there will have to be a reduction in wages of organized labor, for the manufacturers are paying the highest wages ever paid for labor in the history of the world. About four times as much for labor to run the industries than in 1914. Merchandise manufactured with this high labor cannot reduce according to the reductions of raw material. Even now there is a rebound and some merchandise is higher now than two weeks ago, and all merchandise in the dry goods line has just about reached its level.

"The Store That Values Built"

"BOBBY" HURLBUT TO BECOME CANDIDATE FOR SHRINE RING

Fred W. Hurlbut who Wednesday night became a Knight Templar, a member of the Plainview Commandery, is to be a candidate for the Klava Shrine's second diamond ring at the ceremonial to be held in Amarillo November 24th.

Practically all of the Shriners in the Plainview jurisdiction, not already pledged, have lined up behind "Bobby" to put him over.

At the first ceremonial in Amarillo in September Shriners of the Plainview jurisdiction made the mistake of having two candidates in the field, thus splitting the vote and losing the coveted honor for both. This time it is agreed that all should unite on one candidate and with the fifty additional members who were initiated at the last meeting it is thought the Plainview delegation will be able to control enough votes to elect.

Mr. Hurlbut is well known over the district as his work takes him throughout this entire jurisdiction. He is aggressive and a good mixer and should make a successful campaign with the local delegation lined up behind him. He is now working on his platform which will be ready for announcement in the near future.—Plainview Herald.

KILL KARE KLUB ORGANIZED FRIDAY

A bevy of ladies met at the home of Mrs. W. A. Massie Friday, Oct. 29, and organized a needle club. This club will be known as the K. K. K., the name chosen is Kill Kare Klub. The colors are pink and green, the motto "Abandon care, all who enter here." These ladies will abandon all cares of life and meet the first and third Friday afternoons of each month at 2:30 o'clock and let sociability and needle work kill all care on these afternoons. This club will entertain its members in alphabetical order. If a member cannot be present, she is requested to phone the hostess early in the morning of club day. The K. K. K. will meet with Mrs. W. T. Hayter the first Friday in November at 2:30 o'clock.

FOUR COUNTIES WILL HOLD JOINT TEACHERS' INSTITUTE

A joint teachers' institute to be held at Wellington beginning on Monday, December 20th, is announced. Teachers from Donley, Hall, Childress and Collingsworth counties will be in attendance. A varied program has been arranged that promises more than usual interest. At least two ladies of this city will appear on a program for this occasion to be announced later.

A. F. Risley, nine miles north of town, is taking the advantage of the pretty weather, picking upwards where she will spend the winter with a daughter.

Mrs. Annie V. Cline left Tuesday night over the Denver for Dallas where she will spend the winter with a daughter.

Mrs. Annie V. Cline left Tuesday night over the Denver for Dallas where she will spend the winter with a daughter.

Mrs. Annie V. Cline left Tuesday night over the Denver for Dallas where she will spend the winter with a daughter.

HOOSIER

SAVES MILES OF STEPS

—and Hoosier saves time, too. Its orderly arrangement, its oversize drawers and compartments, its many exclusive features, save backache and prevent "kitchen fag."

In a word, the Hoosier Kitchen Cabinet—used and approved by two million women—is America's foremost kitchen convenience.

If you would get out of the kitchen earlier each day—would coin some of your hours of drudgery into "time off" for rest and recreation, come to our store; sit before the Hoosier; notice how naturally and logically Hoosier's arrangement responds to your desire for kitchen shortcuts. See how much needles stooping, reaching and walking it will eliminate. And then—order it sent home.

WANTS NOTRE DAME PENNSYLVANIA MEET

New York, Nov. 1.—If Notre Dame and Pennsylvania State could be brought together, a national football championship would not be mythical.

With the season more than half

over, these two mighty elevens look by far the best roaming the gridiron.

Many think a post season game between the pair unnecessary, granting the westerners the decision by a big margin.

After seeing Notre Dame walloping the army Saturday, the best critics of the East are raving about

the Indiana eleven. Due to the good fortune of having an unusually large number of inter-sectional games, the East has seen the best of the South and Middle West, and Notre Dame looks to be the class of them all.

Not only are those westerners being lauded to the skies in the East, but four of the Southbend stars are

being nominated for all-American honors.

George Gipp, the sensational half-back who alone gained 236 yards, looks to be the best seen in the East since the days of the great Mahan. He is sure of one place on the mythical eleven.

Kiley and Anderson are the best ends to appear in the East, and Frank Coughlin, captain of the eleven, looks to be sure of one tackle position. With the exception of the elimination of Syracuse through one of the most surprising reversals of the season, the complexion of the eastern race remains unchanged.

Pennsylvania State, Pittsburg, Harvard, Princeton and Cornell remain undefeated among the most prominent contenders.

Chicago dropped out of the western conference race by losing to Ohio. The honors among the Big Ten now lie between Ohio State and Illinois.

Georgetown leads the pack in the South since Centre was defeated by Georgia Tech.

PARKER WELL OPENS NEW FIELD NEAR WICHITA FALLS

A good well was brought in the first of the week on the Mattie Parker tract, thus opening up a new field near Wichita Falls. Drilling on this well was stopped some time ago. At that time L. C. Parker, local ranchman, and brothers, took up the matter and got a rotary rig to put the hole on down. The well will test out over a hundred barrels according to a statement made by L. C. Parker Tuesday of this week when questioned regarding the matter.

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Rub pain away with a small trial bottle of old "St. Jacobs Oil"

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot", and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from "aching" joints; muscles and bones; stops sciatica, lumbago, backache and neuralgia. Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer, Rub rheumatism away!

STRONG GANG AUTO THIEVES BELIEVED BROKEN UP; 11 MEN IN JAIL, 30 CASES FILED

What is considered to be one of the most notorious gangs of auto thieves ever to operate in this section of the country is believed by Sheriff Burton Roach of Amarillo to have been broken up.

The sheriff, assisted by C. E. De Witt, chief investigator for the automobile thieves bureau of Texas began a systematic search for members of the alleged gang on Oct. 7 and in three weeks time thirty-four charges of automobile theft and of transporting stolen automobiles from one state to another have been filed. Eleven men are in jail and more than \$10,000 worth of property has been recovered as a result of their activities. Six of the men arrested are in the Potter County jail and the others are in prison at other places.

The gang was well organized, according to the sheriff and operated under a well defined system. The method of operation was to locate an automobile, and execute a bill of sale to one member of the gang, supplying a fictitious motor number. That member would go to a nearby town and apply to the county tax collector for license and seal under the fictitious number, secure a number and seal and return to the field of operation. The car would then be stolen, driven a few miles out of town, destroy the original number and seal and replace them with those newly acquired. Special dies and tools were in their possession with which to change the motor numbers to conform with the bills of sale. The car would then be disposed of in an apparently regular manner.

Sheriff Roach has confiscated the dies and tools used by the men. He declared that the organization has been operating in Texas, New Mexico and Oklahoma for many months and he believes it has now been put out of existence. He says that for the past three weeks he and his department have worked on the case night and day and have traveled more than 5,000 miles searching for the thieves.

Mr. Roach said that he has information that men of considerable prominence in other cities are at the head of the organization, and he believes it will not be many days until sufficient evidence is gathered upon which to file complaints against them.

The sheriff declared that since his department began its activities against the automobile thieves there hasn't been a car stolen in Potter or adjoining counties.—Amarillo Tribune.

\$95 OF EVERY \$100 SPENT FOR OIL STOCKS IS LOST

If our people ever can get high prices for their cotton again, they will probably be less willing to let all kinds of slick-tongued promoters take their surplus money from them. Readers who have money to invest this fall will do well to ponder the following item sent out by the United States Treasury Department.

"Production of oil is one of the great fuel requirements of the world today. But fake oil stocks have lit the fires under hundreds of thousands of bank accounts. Nathan Adams, vice-president of one of the largest banks of Dallas, Tex., in touch with every ramifications of the great Texas oil industry, estimates that out of every \$100 invested in oil stocks, \$95 is lost."

Oil stocks and mining stocks are probably the most risky of all investments but it is a safe rule to invest in no company that sends traveling agents up and down the country in search of buyers for its stock. Really high-class investments are not sold this way.

Companies whose stock and bonds are publicly advertised by long established and well-known financial institutions put themselves on record in black and white as to their assets, liabilities, and prospects. Consequently they may be held accountable for their statements. Stocks peddled about by all kinds of traveling salesmen, on the other hand, get most of their buyers on the strength of wild and extravagant oral promises which are never put in black and white by irresponsible agents who are here today and gone tomorrow.

Invest first of all in machinery, livestock, paint, fencing, buildings and home conveniences for your own farm. Then invest your surplus only in reliable industrial stocks and bonds—never in any sort of oil stock or mining stock, nor in any kind of stock peddled about over the country by wandering agents.—The Progressive Farmer.

WHY NOT A FAMILY REUNION THIS MONTH?

A family reunion at Thanksgiving is always a happy occasion, and everybody goes away with fragrant memories that sweeten life for a long time afterward. If the family to which you belong is so numerous in your section that it is not practicable for one family to provide dinner for so many as would come to a reunion, then why not have a "family-reunion picnic" and let each family bring baskets but all meet together at the ancestral homestead—or at the home of some other member of the family clan? We mention this reunion now because if it is to be carried out successfully in November, plans should be laid now.

One more thing we would like to insist on. Don't stop with just a dinner, but provide music, games, and have one or two of the oldest members of the family tell all they know about the earliest history and traditions of the family and of its older members. Just because we don't want an aristocracy of wealth in this country is no reason for not encouraging family pride of the right sort. If a family has a notable record for honesty, industry, sobriety, thrift; if every member of it tries to improve his farm, educate his children, and do his duty as a citizen and neighbor, it is a fine and inspiring thing to let the young people know it and encourage them to keep up the family tradition.—The Progressive Farmer.

PURINA COW CHOW FEED

MAKES A FULL BAG

Two or three pounds more milk in every cow's bag every day means a big extra profit at present milk prices.

This increase is possible by the use of Purina Cow Chow Feed, which costs only about a cent a cow more per day than the average ration.

The reason Purina Cow Chow Feed produces such heavy increase is that it contains 20% digestible protein (24% crude), the maximum amount a cow can assimilate and keep in the best condition.

Every ingredient used in Purina Cow Chow is a feed of recognized value. There is no cheap filler. Every pound yields more milk in the pail.

Try a ton and you will understand why dairymen insist on Purina Cow Chow.

ITEMS FROM THE CLARCO

The Clarendon College second team won a well earned victory over Pampa High School team Saturday the 23rd. The game started at two o'clock, and from the start it was evident that the Clarendon boys had the edge on the boys of the High School. It was a good game from start to finish and we are sorry that we are unable to give a report of the game by plays. The Pampa team had our boys outweighed by about five pounds to the man, but the experience of the Clarendon players, the speed and line plunging of the Clarendon back field, coupled with the excellent defense of the line predominated. The Clarendon goal was never in danger but once, that in the last quarter, when Meers, right half for Pampa, intercepted a pass on his own forty yard line and carried the ball to Clarendon's ten yard line where he was stopped by a sensational tackle by R. Ziegler, C. C. full back.

Clarendon made her first touchdown in the third quarter. After McPherson had recovered a Pampa fumble a series of line bucks and short end runs by Ziegler, Peeples, McCowan and Woodard carried the ball to Pampa's one yard line. Big Peeples smashed a hole thru the right side of the line for the touchdown. Then in the fourth quarter, after C. C. gained the ball on her ten yard line, following the spectacular run of Meers of Pampa, McCowan raced ninety yards for our second touchdown. Clarendon lost another touchdown in the third quarter, R. Ziegler broke through the Pampa line and ran forty yards to goal, but the referee claimed that one of the Clarendon men had held, so the score was not counted. Raymond Ziegler was the outstanding star of the game, both on offense and defense. Late after time he broke through the opposing line for good gains. McCowan's long run was a feature. Peeples was a consistent ground gainer as was Woodard, who handled the team splendidly. McPherson starred in the line. Twice he covered Pampa fumbles, one of them resulting in a touchdown for Clarendon. Lewis and Campbell at ends covered themselves with glory. No plays went around them. For Pampa, Meers at right half was the star. He is very fast and made several long gains on end runs.

Line-up for Clarendon:
Left End Lewis
Left Tackle Vaughter
Left Guard Joplin
Center Key
Right Guard McPherson
Right Tackle J. Ziegler
Right End Campbell
Full Back McCowan
Left Back R. Ziegler
Left Half Peeples
Quarter Woodard
Substitutions: Forgy for Campbell, Close for Lewis, McGhee for Joplin, Webb for McGhee, Reeves for Peeples, Peeples for Reeves.

With three of last year's letter men back, basket ball never looked better for Clarendon College perhaps than at this time. Besides the old men, and second team men, there are a number of men here fresh from their marks on High School teams, and other colleges. Some few fellows who do not come out for football are already throwing the big round pill around some, preparing for a hard drive to place on the team when the season opens. For the past two years C. C. has not been defeated in basket ball, and its field of contest is to be greatly widened this year, its splendid reputation of last year bids fair to be upheld and advanced from every standpoint. Dope has never looked better for any team.

C. C.'s timber was prize winning at the recent Methodist "log rolling" held in Clarendon. E. R. Stanford, '04 is a member of the Sunday School Board, with headquarters at Nashville, Tenn.; D. B. Donk, '06 is Educational Secretary for the Northwest Texas Conference; George Palmer, '08, is pastor at Perryton; J. E. Eldridge, '20, is stationed at Dumas; P. E. Yarbrough, at Lodge; J. O. Quattlebaum, Matador; J. A. Lane, Ralls; J. R. Rich, '20, Lelia Lake; V. H. Trammel, '05, supernumerary.

Boyd McCowan, the son of the second C. C. president, was a visitor at the chapel last week. Mr. McCowan is superintendent of Knox City schools.
Mrs. Anderson, '04, was a C. C. visitor last week.
Carolyn McLean, '20, pledged Kappa Delta Sorority at Colorado Agricultural College, Ft. Collins, Colorado.
Pauline Ozier, '20, pledged Sigma Kappa at S. M. U.
J. E. King, '06, is night edi-

tor of the Dallas Morning News. Misses Gertrude and Pearl Miller made the S. M. U. choral club.

Rev. G. S. Hardy, former president of C. C., was in Clarendon attending the conference last week.

Toward the close of the A. C. C. football game, Maples was thrown and in the fall received a blow that knocked him unconscious, but after a short time regained his memory. However, when he again entered the game one week later in the struggle with Decatur College, another blow on the head again knocked him out. At the present time he is in the hospital and we are glad he is reported to be doing well. Mr. Maples played a consistent game as quarter and is a good gain-er in the back field. The student body will be glad when he is able to be back to his business.

The Pan-Aletheans met in a mass session Saturday afternoon.

Misses Alma Browning and Reola Clay spent the week end at their home at Wellington, as did also Mr. Rudolph Wood.

Bess King made another trip to Chillicothe Friday evening.

A large number of the dump girls have been suffering the painful results of sojourns in the infirmary during the past week.

Messrs. Earl Clements and Red Upton very conveniently visited home the last of the week at Plainview and saw the C. C.-Wayland football game there.

Dick Thompson left Thursday for Lockney, and returned from there to play center for Clarendon at Plainview Saturday.

They say Hiram Vaughter is home-sick.

Webb was away a few days of last week.

The local high school lost to Childress the other day by a large score.

The Scrubs report a very pleasant trip to Pampa even if their return was not quite so enjoyable, when they spent the night in a school house, pushed four humming cars through fifteen miles of mud and rivers to come right back to the same spot while the night was dark and stormy. They also say their breakfast and preceding supper would have been good if they had had any, but as it was they missed both. However, they walked some ten miles next morning into Alanreed which same served to whet their appetites. There was no reminder of their childhood though for in the course of the trip, they had to pull off their shoes and wade a creek, with the temperature approximately freezing. One of the fellows was heard to sneeze the other night; otherwise they are none the worse off.

C. C. lost to Wayland College at Plainview, Saturday in a game in the mud, the last part of which was played in the dark. The game was marred with much squabbling. A full account will come out in next issue of the Clarco.

In a stubborn contest, Saturday, the McLean Independents finally defeated the Clarendon Scrubs, 7 to 0.

Come in and look over the list of new Columbia records and hear them played.
Peoples Pharmacy.

WASH YOUR FACE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.
Says inside-bathing makes anyone look and feel clean, sweet and refreshed.
Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.
For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.
A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.
A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

WE HAVE JUST UNLOADED

Two Carloads Of 1921 Model Buicks

Every lover of Buick Supremacy and economical operation will be interested in the beauty and improvements of the New Model Buicks.

No Cause TO Worry

Over Cut IN Prices

To stabilize the confidence of the prospective buyers, the Buick people have joined the local dealer in a guarantee that will be appreciated by every man who wants to know where he is on the price of his new car.

THE GUARANTEE—The prices quoted today on all models of Buick cars are guaranteed until July 1st, 1921. In other words, if the price goes down before that date you will be refunded the difference. That's fair, isn't it?

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wool's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

NEW BUSINESS HOUSE
Frank Kendall is erecting a handsome brick and tile business building on his lot just north of and adjoining his harness and racket store. The building will be only one story at present with plans for an additional one later if desired. There is a crying need in Hedley for more store room, and we hope others will follow Mr. Kendall's example. We believe they will within the next twelve months. You can't keep a good town down.—Hedley Informer.

The Wedding Gift

Lelia Lake

Clarendon

Even to the Tiniest Leak

YOU can't afford to let any of that golden cream escape in the milk. If you know where the leak is you are going to stop it. We can show you how the Primrose stops the tiniest leak.

The Primrose Cream Separator skims clean—the very last drop. It is simplicity itself in operation. The Primrose is the only cream separator which doesn't obstruct the cream outlets in the bowl with a cream screw.

Running quickly over a few of the other high spots—substantial supply can, heavy tinware, close-skimming bowl, highest grade material, simple driving mechanism, all parts oiled by splash from supply in gear case, sanitary frame.

There are several exclusive features whose values are obvious on a demonstration. We want to explain every one, and show how they all tend to save that valuable cream to the last valuable drop.

You are in the dairy business to make money. You need the warm skim milk for feeding. Let the Primrose help you. The size of your herd in no way affects the ratio of profit. The Primrose saves on the gallon—you can figure out your profits.

WATSON & ANTROBUS

Clarendon,

Texas

FOURTH RED CROSS ANNUAL DRIVE

The Fourth Annual Roll Call of the American Red Cross will be staged locally by the Clarendon Chapter sometime during the week of November 15th to 20th. Elaborate and extensive plans are being prepared by officials of the local chapter in order to insure the greatest possible success for the event, including the enlisting of the co-operation of both city and rural schools throughout the county and the personal services of a number of local people.

Mr. Frank Bourland, Red Cross worker, has been appointed chairman of all activities and arrangements relative to the drive throughout the entire county. A considerable quantity of advertising of various kinds has been received from Red Cross National Headquarters at St. Louis, and will be distributed and displayed between now and the date of the drive which, according to present tentative plans, will doubtless extend over a period of some two or three days during the week mentioned. A number of attractive newspaper cuts are included in the advertising received from National Headquarters, and these will be distributed among local merchants with the request that they use them in connection with their regular newspaper advertising between now and the date of the drive. The city of Clarendon will probably be divided or segregated into districts each of which will be canvassed by a committee of members of the local chapter.

The American Red Cross is a world wide organization whose activities have justified its existence. Its unselfish work for the betterment of humanity and advancement of civilization throughout all the Nations of the world has been such as to command the admiration, respect and unqualified support of all peoples. Its efforts to alleviate suffering and poverty during the recent world war made it the cynosure of all eyes; important and merited the loyal support—both financial and moral—of every American citizen.

Remember, it will cost you only a dollar for a year's affiliation with this organization, and you will search a long time before finding a better way in which to spend this amount. Remember also, that every dollar subscription given to the local chapter means that fifty cents of the amount will remain with it and constitute the funds on which it will operate in our midst during the coming year. This is a matter which demands your earnest consideration and loyal support. Watch the news for more interesting facts, then STOP, LOOK AND—LOUSEN.

KHIVA ARRANGES PLANS FOR SECOND CEREMONIAL

The second ceremonial of Khiva Shrine Temple, to be held in Amarillo November 24, promises to surpass that of September 2 when the Temple was instituted, according to Recorder R. R. Swick. One hundred and twenty-five petitions are already in the hands of the recorder and others promised from nearby towns, assure a class of at least 250 novices.

No efforts are being spared by the various committees in charge of the arrangement details and one of the biggest occasions in Shrine-temple is confidently expected. Noble Godfrey Baum, chairman of the banquet committee is arranging what he terms "a real feed."

The membership of the drum corps has been increased from sixteen to twenty and new features will be introduced at the ceremonial. The patrol is getting in shape to put on the work in good style and everything points to one of the most successful ceremonials ever witnessed.

Special attention is being devoted to the staging of the big musical comedy "Khiva Knights" November 22, 23 and 24. There are one hundred people in the cast and it is said that it will be one of the best shows, professional or non-professional, ever produced in Amarillo.—Amarillo Tribune.

HEDLEY FARMERS ORGANIZE EXCHANGE

President C. O. Drayton of the Farmers Equity Union was here last Monday, according to schedule, and addressed a good size audience at the Presbyterian church.

As a result of the meeting, the Hedley Farmers Equity Union Exchange was organized with a charter membership of forty. This is only a starter, and it is expected that the Exchange will have 200 members within a short time. By-laws were written and approved, and the charter will be here in a few days.

Directors of the Exchange are: Frank Simmons, J. B. Stogner, Walter DeBord, J. N. Benson, and J. H. Richey, and the following officers were elected: J. B. Stogner, president; J. N. Benson, vice president; J. H. Richey, secretary.

At the meeting Monday, Mr. Drayton presided and G. O. Woods acted as secretary.

As we understand it, the main object of these exchanges is cooperative marketing on a nationwide scope among the farmers; the doing away to a large and ever-increasing extent with the middle man and his enormous profits. Of course all farmers' problems will be gone into and dealt with as they arise, but the main object is to dispose of farm products and secure what they must purchase of life's necessities at fair prices.—Hedley Informer.

SHERIFF RETURNS WITH PRISONER FROM LOUISIANA

Sheriff J. H. Rutherford returned the last of the week from a long trip down in Louisiana where he went in quest of one A. J. Harris, formerly of this city, and who was charged with issuing worthless checks. The sheriff traced his man from Meriana, Arkansas, to Shreveport, thence to Texarkana and finally located him thru watching the mother's mail at Mansfield, Louisiana. It is understood that the party charged with the crime will enter a plea of guilty in order to receive the lightest form of punishment. He is now being held in the county jail awaiting a hearing.

EMPTY GRAVE PARTY LIVED IN WILBARGER

B. J. Cochran who has figured quite prominently during the last week or so in the "empty coffin case" of Aspermont, has been captured and carried back to that place to face grand jury indictments for swindling. Mr. Cochran was supposed to have died in March, 1919 and was buried. Later developments aroused suspicion of a number of people in that city and when several said they had seen him since the time of his funeral, the grave was opened and nothing found but a pine box.

He was arrested out near Sterling City on a ranch this week and carried back to Aspermont. According to the daily papers he has given out a statement saying that a Mexican came to his home one day in March, 1919, and he believes he was drugged. He tells of being carried out into New Mexico and held captive by the Mexicans for a time and later released.

Mr. Cochran is also said to be under indictment for murder in New Mexico, killing a Mexican in a running fight while he was a deputy sheriff in one of the counties out there. He claimed that so many of the people in that county were of that nationality that he was not given a fair show. He was out on bond at the time he is supposed to have been buried. His reported death revealed his bondsmen from their bond.

Mr. Cochran formerly lived in Wilbarger county according to a number of the old timers around Vernon. At one time he lived down on Beaver creek in the extreme south end of the county and later lived up near Harold where he had some cattle. Parties who knew him when he lived here said that he was fairly well fixed and had considerable property. His wife died sometime back and according to statements in the daily press, he promised her that he would pay back the \$10,000 insurance collected on his reported death. Two other men are in jail at Aspermont under indictment in connection with the same case.—Vernon Times.

YOUNGSTERS CELEBRATE HALLOWEEN SATURDAY NIGHT

Dressed in the most hideous and uncanny fashions, the younger element of the local population ran riot on the streets Saturday night shooting off fire works and playing pranks. The noise was so immense that the snort of a jitney did not rise above the din raised by the whistles, horn blowing and yells of the youngsters. The occasion of the occasion to do a little outdoor lung exercise. In the main the crowd was orderly and, with the exception of debris piled in the lower part of the principal street, little actual damage occurred. One plate glass window received a blow that made a hole large enough to admit a human being, but taken as a whole, the town got off lucky. Ghosts stalked the streets of the resident section forcing the little fellows to keep inside locked doors.

MULKEY SHOW BUILDING ASSUMES DEFINITE FORM

Work on the big Mulkey show building has been progressing at a rapid rate the past few weeks due to the fact that workmen now have the roof on and brick work done and can work inside during inclement weather. The inside floor is being removed and the front is being torn out to be replaced with the new front that is to be of marble, glass and faced brick. The new front will extend clear across in front of the Pastime confectionery and present a very beautiful appearance when completed. Homer Mulkey, owner of the building, states that he expects to have the building completed by the first of the year.

MARTIN NEWS

The fifth Sunday meeting was held here last Saturday and Sunday. A very good crowd for such threatening weather and everybody enjoyed the good talks that were made on various subjects.

School started Monday. The teachers are Mrs. Atchison and Miss Ocie May. We didn't have school Tuesday on account of the election day. We are going to have school Saturday to make up for Tuesday.

There was singing Sunday night at Mr. J. J. Bain's. Everybody reported a nice time.

Mr. and Mrs. Lloyd Moreland took dinner with Mrs. J. F. Cauthen in Clarendon Sunday.

Mr. and Mrs. W. E. Hodzky and family visited with their daughter, Mrs. J. D. Woods Sunday.

Mrs. Hill visited with her daughter, Mrs. J. J. Bain, Saturday and Sunday.

Sam Cauthen spent Saturday night and Sunday with Joe Cannon.

Gertrude Bain and Josie Cannon spent Sunday with Ruth Talley.

Rev. Smith and wife and Mr. W. B. Weston and family took dinner with Mr. and Mrs. J. J. Bain and family Sunday.

Kate Talley visited Sunday with Ruby Mosley.

Frank Mace and family visited Mr. C. J. Talley Sunday.

Minnie Pool visited Willie Moreland Saturday and Sunday.

SCHOOL CHILDREN PARADE

Inclement weather greatly interfered with the program of the school folks Saturday. Intermittent showers and sloppy streets off the pavement did not dampen the ardor of the younger generation in the least. Several hundred school children lined up at the appointed hour and, with banners and flags held high above their heads, marched down the principal streets asking their elders to support the school amendment on election day. The motley array of youngsters of all ages and sizes was well behaved and had a telling effect upon those who had not made up their minds as to just how to vote.

D. E. Saunders and family arrived this week to make their home in Clarendon for a time. Mr. Saunders will have charge of the installation of the new switchboard and otherwise getting the new exchange moved into the new building.

HEREFORD, ENGLAND, IS INTERESTED IN HEREFORD, TEXAS; SENDS GREETINGS

Several weeks ago The Brand published a story about a letter received by Mayor Knight from a resident of Hereford, England, asking about the origin of Hereford, Texas, its history, etc.

Thursday The Brand received the following letter from Lowrie Cholerton, Managing Editor of the Hereford Journal and the Hereford Mercury, both papers published in Hereford, England:

"I am enclosing you copies of the two papers printed in this office in one of which you will notice a reference to the 'Hereford Brand.' 'I should be greatly obliged if you would reciprocate by sending a copy or copies of your paper in order that we could talk about them and exhibit them in our office window. It might be to your advantage, as several manufacturers here are anxious to do business abroad, and advertisements might result.

"Anything of interest that you could send me, pictures, etc., I should appreciate, and I will send you some pictures in return."

The Brand will most certainly be sent to our English friends, and the Chamber of Commerce is arranging to send full information about this country, including photographs. Among the latter will be a set of the pictures made of the recent roundup, which will undoubtedly be of unusual interest to the Englishmen.

Copies of the two English papers will be on display at the Chamber of Commerce rooms. They look odd to an American newspaper man, as their language and general get-up is totally different from the papers in this country. Both papers carry an advertisement of "Bottled Beer, in Perfect Condition," and with each subscription furnish the new subscriber with a paid Accident Insurance policy. The Journal was established in 1714 and the Mercury in 1770.

Those of our citizens who desire to see these papers should call at the Chamber of Commerce rooms. The Mercury contained the following story about the correspondence regarding the two Herefords:

"It will be new to most people that in Texas, U. S. A., there is a new and enterprising town named Hereford, capital of Deaf Smith County, and that it is named, not after old Hereford in England, but after the famous county breed of cattle.

"Through the efforts and interest of Mr. Geoffrey Mander, prospective Liberal candidate for North Herefordshire, greetings are being exchanged between old and new Hereford.

"The matter was discussed at the meeting of the Hereford Chamber of Commerce on Monday night. It arose from the reading of a letter from the Mayor of Hereford (Mr. A. D. Steel), enclosing correspondence which he had received from Mr. Geoffrey Mander relative to the Hereford in Texas, U. S. A. The Mayor wrote: 'It appears to me to be a matter with which the Chamber of Commerce are best fitted to deal, and I should be obliged if you will bring it before them to take any action they see fit, and return the enclosures to Mr. Mander in due course.'

Another Mayor of Hereford Mr. Mander's letter to the Mayor was as follows: 'As one who is interested in the links between towns

Mother's Bread

That's right, MOTHER'S always right fresh from the Sanitary Bakery at MEMPHIS, TEXAS. Every loaf guaranteed or money back. 15c at—

Phone 278

Parson's Market

of the same name in the new and old world, I have recently been in correspondence with the Mayor of Hereford, Texas, U. S. A., and I think the information given in the accompanying letters and pamphlet cannot fail to be of considerable interest to the inhabitants of your city and the county generally. Please make any use you like of them, tho I shall be glad to have them back. In view of the shopping week recently adopted, the efforts at propaganda of your sister city are interesting.

Letter From Texas
One of the enclosures was a letter from the Mayor of Hereford, Texas, U. S. A. (Mr. W. M. Knight) to Mr. Mander, stating that he was enquiring about the circumstances under which Hereford, Tex., took its name. He enclosed a copy of a little "write-up" (guide book) published in the "Hereford Brand," the local paper.—Hereford Brand.

THE 1920 CHRISTMAS HEALTH SEAL

The idea of the Christmas Seals as a means of financing the war against tuberculosis was originally brought from Denmark, where the children, by selling little stamps of Christmas cheer, were enabled to raise funds for a children's hospital.

The Christmas Seal idea for America was worked out first in Delaware during the Christmas holidays of 1907, when the little stamps of good health were sold to finance tuberculosis work in that small state. Ever since that time, for 12 years, Christmas Seals have been sold in the fight against tuberculosis for the betterment of the health of the people. During eight years they have been sold in Texas.

Everyone knows the little Christmas Health Seals. They have been used on packages during the Christmas Holiday Season year after year. They have been sold for a penny each, and bring many pennies' worth of health to the State.

The seals are no longer known as the Red Cross Seals, as the National Tuberculosis Association and its 1,000 affiliated organizations have taken over the seal, with the best wishes of the Red Cross, and the proceeds of the seal sale are entirely used for anti-tuberculosis and other health work. They are now the "Christmas Health Seals."

In Texas, 20,000,000 Christmas Health Seals will be placed on sale during the Christmas Seal Sale, December 1st to 10th, by the Texas Public Health Association and its local organizations all over the State.

Ninety-five per cent of the money raised in the Christmas Seal Sale will remain in Texas, for the Lone Star State's fight against tuberculosis. The other 5 per cent goes to the National Tuberculosis Association.

FIRE FLOOD CYCLONE

May strike your town. Red Cross disaster relief units are always ready to meet with such emergencies. Red Cross relief followed 14 disasters in 14 months in the southwest alone. Join the Red Cross Nov. 11-25.

Rev. J. A. Smith and wife, J. C. Finley, W. P. Blake, Mrs. Mollie Gray and Mrs. Lucile McKillop were elected messengers from the Baptist church of Clarendon to the Texas General Baptist Convention, to be held at El Paso next week. El Paso is preparing to entertain from 2,000 to 4,000 messengers.

HARDING UTTERS PRAYER TO GOD

Marion, O., Nov. 2.—Convinced by early returns of his election to the presidency, Warren G. Harding issued a statement tonight saying that instead of being exalted over the result, he was "more given to prayer to God to make me capable of playing my part."

The governor himself said he would make no statement tonight. His newspaper, however, carried the election returns under the caption, "Republican Landslide; Harding Wins."

The senator's statement follows: "Assuming that the early returns are wholly dependable, I do not hesitate to say that I am pleased, of course, I am happy to utter my gratitude, but I am not exultant! It is not a personal victory. It is a renewed expression of confident Americanism and a national call to the Republican party."

"It is all so serious, the obligations are so solemn, that instead of exulting I am more given to prayer to God to make me capable of playing my part, and that all these calls to responsibility may meet the aspirations and expectations of America and the world."

"I am sure the people who have voted the Republican ticket will understand my feeling that I should make no unstudied statement of policies at this time, beyond the expression made throughout the campaign."

Receiving the election returns at his home here, Mr. Harding declined during the early evening to make any comment, and issued his statement only after the figures had piled up majorities for him which his advisers declared made his election certain.

At the same time, it became known that the senator and Mrs. Harding had made plans for a vacation trip, to be carried out regardless of the result of the election, taking them for a rest next week in Texas, and after that for an ocean voyage to the Panama Canal zone. They will return to Marion during early December.

Coincidentally with the senator's statement, Harry M. Daugherty, a member of the Republican campaign committee, made this statement here: "It is the greatest victory in American politics, clearly foreshadowed and predicted. It is a more than a partisan victory, as the result was contributed to by million of Democrats. The women of the nation have quickly vindicated the conferring of the suffrage privilege as they sensed correctly the issue and rallied to the cause of America and American institutions. The Republican party is fully conscious of the great responsibility immediately implied in this popular verdict and will faithfully keep its obligations."

The senator's trip to Texas will begin Friday night or Saturday morning, and Mr. Harding will arrive at Point Isabel, Texas, near Brownsville, next Monday. He plans to spend about twelve days there and then

leave for Panama by way of New Orleans. His stay in the canal zone will last about a week, during which he will make a first hand study of local conditions and particularly of the tolls system for American ships. He has advocated change of these tolls, and it is expected he will collect information on that policy.

Leaving Colon about December 1, he will land in New Orleans and will travel by train to Bedford, Va., where he speaks December 5 at an Elks' celebration. Afterward he is to return to Marion to remain under present plans, most of the time until March 4. He may make a trip during this interim trip, however, to some Southern resort.

President-elect Mr. Harding still would be a United States senator, but his friends say he probably would remain away from Washington and devote his attention to the choice of a cabinet and formulation of his foreign policies. Election of a Republican governor in Ohio would enable him to resign from the senate January 1, when the term of Governor Cox expires and when the new governor would appoint a Republican senator to the vacancy.

CLARENDON SHRINE CLUB PULLS OYSTERS SUPPER THURSDAY

Illustrious Potentate George Stapleton, of Khiva Shrine Temple, Ancient Arabic Order Nobles of the Mystic Shrine will go to Clarendon Thursday afternoon to attend a get-together meeting and oyster supper of the Clarendon Shrine Club. Thursday night. Other prominent Amarillo Nobles will probably accompany the potentate.

The invitation was extended to the Amarillo Shriners by Noble Sam Braswell, editor of the Clarendon News.

BRING IN YOUR TURKEYS

Bring in your turkeys for the Thanksgiving market as early as possible if you want to get the best prices. Lots of people wait until it is too late to ship for Thanksgiving to bring in their fowls and lose money on the sagging market. Don't do it—bring them in early and get best prices from PARSON'S MARKET.

JOIN THE RED CROSS

You, not only ought to join. But also help in the Roll Call. Phone Mr. Foster that you are willing to help. Join the Red Cross.

The American Red Cross is chartered by Congress to administer relief: In time of war In time of peace In time of disaster. It has never failed to meet an obligation. Fourth Roll Call, November 11-25. There's a Satisfied User Near You

Mrs. J. N. Eddins returned home the last of the week after a lengthy visit with her daughter, Mrs. C. H. Booth, at Corsicana. Mrs. Booth will be remembered as Miss Clara Eddins and grew to womanhood in Clarendon. Rev. Booth is pastor of the Methodist church of his city.

DRRESS MAKING—Plain and fancy. Children's clothing a specialty. See Mary S. Colvin, last house on east second street on north side. 45p

CREAM FOR CATARRH OPENS UP NOSTRILS
Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

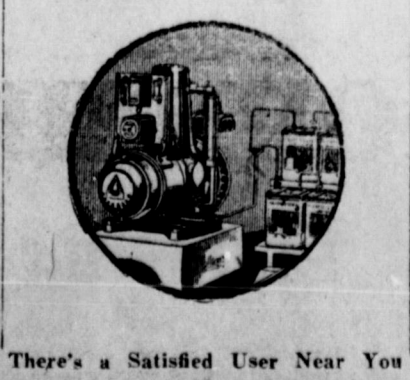

Real Help for Busy Housewives

Housewives appreciate the conveniences and comforts of Delco-Light, bright electric lights throughout the house, and electric power for forcing the water to the kitchen sink, running the washer, vacuum cleaner, separator and churn.

TO THE PUBLIC

I have resigned from the County Attorney's office and will hereafter do a general practice instead of limiting my practice to civil cases only.

This step has been in contemplation for several months, but I have been unable to be released from the office on account of some unfinished business which the officers of the court desired me to finish before resigning, and I have arranged to take care of all such business now on hand.

I desire to express my appreciation to the good people of this county who have supported me during my tenure of office, and who elected me to the position.

Very truly yours,
—R. H. Beville, Attorney. 46c

Mr. Antrobus received a message Tuesday informing him of the birth of a granddaughter, Mr. and Mrs. Charles T. Hyass, who make their home in New York City, being the proud parents, Mrs. Hyass will be remembered as Miss Florence Antrobus. Mother and babe are doing fine according to the message which will be good news to her many friends here.

W. E. Bruce raised a big crop of the Chinese fruit jubube which is now ripe. This variety of imported fruit is thoroughly at home on the plains and always bears a good crop due to its late blooming habit. Some specimens brought to the News office this week were as good as we have ever seen anywhere with a flavor right up to the standard.

The News is in receipt of a great many compliments for the excellency of the conference edition, among that number is D. H. Arnold of Memphis, all of which we appreciate very much. He states that "Clarendon should be proud of her newspaper." We presume they are as we have the town as well as the country back of us, all of which is required in the making of a good newspaper.

W. O. Woody left over the Denver Saturday night bound for Los Angeles, California, where he expects to spend his remaining days. The three boys have been out there for some time and recommended the country most highly. The family will follow just as soon as they determine whether the old man is going to like the country.

Beef Price Reduced

Since the City Commission has passed an ordinance prohibiting the peddling of beef on the streets of our city, thereby giving us the volume of business due us, it has enabled us to reduce the price of beef very materially. Just at the time cattle were getting cheaper and our expenses were getting less, the town was flooded with peddlers, which cut our volume of business down to where we were compelled to keep the price of beef up or go out of business. Now since the peddler has gone we will be glad to cut the price of beef in keeping with other legitimate business. We have at all times tried to furnish the best to be had at a reasonable margin of profit. We will be glad to sell you beef in quarters as cheap as anybody, quality considered. Call us for prices on quarters, roasts, steaks, sausage, pork, and all kinds of cured meats usually carried in markets.

CLARENDON MERCANTILE COMPANY

20 TO 33 1-3 PER CENT DISCOUNT SALE

BEGINNING FRIDAY

NOVEMBER 5TH

20 to 33 1-3
Per Cent
Off

Any item in our stock at at least 20 per cent discount and many articles as much as 33 1-3 per cent off of regular price.

We are placing our \$100,000 stock on sale at a special discount of from 20 to 33 1-3 per cent. This does not mean just one or two items, but it means anything in this big, new, stock of merchandise, from a 5 cent paper of pins to a \$75.00 suit of clothes. Scores and scores of things that you will need this winter can be bought at regular price, less at least 1-5. Many staple articles such as gingham, domestics, outings, sheeting, etc., that have already been cut to the core, go on this sale with a still deeper cut. Very few stores have ever attempted such a radical reduction as this, but we need the money, and as every one must take so much loss this year, we are ready to take ours now.

TERMS of this sale will be strictly cash to all. Our object in putting on such a reduction is to raise money. Watch Us Get It! You are not buying old shelf-worn stock, or seconds, but high grade merchandise in every department.

READ THIS—We are really losing money, selling some goods at these reductions and reserve the right to discontinue the sale within a few days notice. Remember the date, Friday, Nov. 5th. Terms strictly cash. Do not ask us to charge anything at reduced prices.

LELIA LAKE NEWS

Wednesday night, Oct. 27, "Uncle Sam's Nieces." This was the first number of the school lyceum course, which was given in the school auditorium. Those that missed this sure missed a treat and should try to make it convenient to be present at the other number which will be at the same place. So watch for the date as this is the first time Lelia has been honored by such artists.

Bro. Rich, the new Methodist pastor, will preach at the Methodist church Sunday. We welcome this good family to our town and hope for him a good year.

Lelia still grows, as we have announced up-to-date dry goods firm opened up in new brick owned by Cook & Lewis. The firm will be known as the Cross Dry Goods Co. A good thought indeed. We can get most anything we want in our own home town and at the right price, too, both in dry goods and groceries.

Weather looks very unfavorable for cotton picking, which is the order of the day.

Something over six hundred bales have been ginned to date of the fleecy staple.

You have to look twice to tell some of the farmers from bluing as the cotton market is so low and pickers so scarce.

Miss Carrie Butler is on the sick list at this writing, we are sorry to say.

Douglas Connor and brother, Ed, opticians from Kansas City, Mo., visited relatives here Wednesday and Thursday.

Mrs. John Clark and daughter, Mrs. Ruth Winslow, were down from Clarendon Thursday.

A party was enjoyed in the Guffy home Friday night by the younger set.

Mr. and Mrs. Walter Morrow moved into their new stucco home just east of town on the Gulf-Colorado highway.

Mrs. A. C. Clark and Grandma Clark of Clarendon spent Tuesday with their daughter and sister, Mrs. Bob Connor.

Mr. Cross from Memphis has been in Lelia several days looking after business interests.

Mrs. C. H. Ellis entertained the young people with a social Tuesday night. The only unpleasant thing that occurred was the time to depart came too soon.

Mrs. Barney Fidler was able to return to her home east of town the first of the week from Adair Hospital, where she has been several days having her tonsils removed.

W. A. Halliburton of Childress, was a visitor in the L. A. Byrd home a few days the past week.

There is to be a box supper Saturday night, Nov. 5, at the school building, the proceeds to be used as a payment on furniture for the Methodist parsonage. Everybody invited and the ladies of above church are urged to come and bring well filled boxes.

Mrs. Homer Ellis of Clarendon, spent Saturday in our little city, the guest of Mrs. F. Parham.

EPISCOPALS LAUNCH NATION-WIDE CAMPAIGN

Amarillo, Texas, Nov. 2.—The Rev. Rolt, N. McCallum, chairman of the diocese of Northwest Texas of the Protestant Episcopal church National-wide Campaign, is this week visiting parishes at Colorado, San Angelo, Coleman, Abilene and other points for the purpose of arousing initial interest in the campaign. A conference of the diocesan committee was held at Abilene Thursday, which is the second meeting on the work held there. The first accomplished the organization under Mr. McCallum as chairman appointed by Bishop Ed-ward Temple. The program for the campaign was then mapped out, the appointed diocesan committee supporting the chairman being composed of Rev. W. A. Williams of Colorado, Will Stith of Abilene and the northern territory represented by Rev. Gerhart of Abilene and the northern territory by Rev. G. C. Rafter of Clarendon. Mrs. Ledford is in charge of distribution of literature, Mr. Shields is treasurer and Edward E. Talmage of Amarillo is publicity manager, to whom all news of the campaign should be sent.

The purpose of the campaign which is an annual affair, is to arouse and stimulate the individual members to greater personal service expressed in increased activity along three branches: Religious education, meaning the church school, colleges and religious oversight wherever possible; for higher and lower schools; social service looking to the betterment of social conditions in all walks of life, schools, industry and Christian consciousness in all things and not strictly the church; church extension, meaning the reaching of the unchurched, providing religious environment for remote communities, intensified program for ground already held by the church and the like.

CHILDRESS WILL ENTERTAIN AMERICAN LEGION NOV. 11TH

According to present plans, Childress will celebrate Armistice Day with a big program on which appear the names of prominent orators of the state, Vernon, Quanah, and Clarendon will aid in the celebration by a special invitation of the Post of that city. Many local members and others are planning on being present to enjoy the celebration of the biggest day in American history.

CITY TO HAVE BETTER WATER SERVICE IN FUTURE

Work was begun on the drilling of a ten-inch hole for a city well on the lot owned by the city near the ice plant Monday of this week. If the flow is encountered that is expected, we may expect continuous water service and a lower insurance rate—a saving that will soon pay for the well. Mayor O. C. Watson and Jim Trent compose the committee having this matter in charge.

"Let's All Get Married," is the title of a roaring comedy which will be staged by the High School Dramatic Club, Thursday evening, Nov. 11th, at the High School building, benefit stage equipment. Get your tickets and reserved seats at the Palace Confectionery.

See "Let's All Get Married," and learn how at the High School building, Thursday night, Nov. 11th. Get your reserved seats at the Palace Confectionery.

When we think how many boys were found physically unfit during the war, we realize something of what this kind of service may mean in the future. The funds for this work must be secured in the Fourth Red Cross Roll call to begin Armistice Day, Nov. 11. Be ready to do your part.

HALLOWEEN PARTIES ARE NUMEROUS IN CLARENDON

Halloween was celebrated in the homes of Clarendon by grown-ups as well as the younger set Saturday night. A celebration took place at the R. W. Talley home Saturday night in which the older ones took a leading part. The usual program for such occasions was observed. Another party was held by the younger generation at the G. W. Antobius home the same night. Many beautiful costumes were worn, some of which represented different nationalities. Games and fortune telling occupied the time of the merry makers until a late hour. Judge W. J. Parsons and wife entertained the children of the Sunday school classes of the Christian church at their home with a Halloween party Saturday night. Like other parties of that nature, the fortune teller created an air of mystery, the lives of little ones were made miserable thru fear of hideous costumes, etc. A big crowd enjoyed the hospitality of these old folks who are ever known as the friends of the little folks. Many other parties were to have taken place but we could not get the data owing to a rush at the last hour.

THE PRESBYTERIAN CHURCH "This May Be Your Church"

You might, at least, come in to see if the church is clean; and then stay to think about God and yourself; and pray a little, and sing—

See "Let's All Get Married," and learn how at the High School building, Thursday night, Nov. 11th. Get your reserved seats at the Palace Confectionery.

THE PLANS OF THE RED CROSS

Like all the rest of us who have found the process of readjustment to 1920 conditions a slow one, the American Red Cross has been endeavoring, since a certain 11th of November, to find out just what is the best thing to do in the immediate future. The decision has been made, and on November 11 will be offered to the country for approval. It wants to do for us what it did for France, for Serbia, for every war-suffering country it could get into. In every one its mission was to have mercy—to put hands of lending on the ill, to feed the hungry, to clothe the ragged and unclad, to offer cheer and hope. Red Cross Chapters throughout the nation declare that the same service is needed there. But here the angle of approach will be different; in Europe the task was to carry for suffering humanity part of its otherwise unbearable burden, to alleviate ills that were incurable. Here the work is to be curative, to drive out disease, to put a capable sentinel at every danger point, to offer the nation the hope of a people among whom there shall some day be no preventable disease, no poverty thru illness or vice versa, no death that is not fought with for the victory. Do we need such an effort as the Red Cross proposes to make? Well, there are a million cases of tuberculosis now walking the streets of this country, with over 100,000 deaths a year; and tuberculosis is a preventable disease. We lose nearly a quarter of a million young children every year, most of them from preventable diseases. Twenty thousand more die each year of cancer; their attack surely are preventable. Other causes and diseases bring the annual death toll well over the million mark. To attack this problem all along the line is the task the Red Cross has set for itself. It is one in which the whole nation should join. The Roll Call will begin November 11 and end Thanksgiving Day. Your name should be on some one's list by that time.

See how large a percentage of your Red Cross membership dollar stays right here in your own community.

Fifty cents of every dollar received from annual membership dues is retained by your local Red Cross Chapter.

To fight disease and make your own community a healthier, safer place for you and your family.

To teach emergency aid in case of accident.

To save the babies and guard the family health by teaching home hygiene, care of the sick, and home dietetics.

To give immediate relief to victims of epidemics, explosions, floods, fires or similar calamities.

To aid in the care of crippled children, deserted mothers, financial straits, etc.

As our people have learned by this time, the special work that the Donley County Chapter is doing is supporting our public health nurse, Miss Ella Yeager. That she is being busy and doing effective work will be shown by her report for October, given below.

Number of pupils examined—639.
Number of pupils found defective—437.
Defects found:
Vision—50.
Teeth—133.
Tonsils—233.
Mouth breathing—29.
Hearing—2.
Number of cases referred to physician—304.
Number of cases referred to dentist—323.
Number of cases corrected—26.
Number of cases excluded—7.
Number of cases readmitted—4.
Number of schools visited—10.
Number of visits to schools—22.
Number of room inspections—9.
Sanitary inspections of schools—10.
Number of hours in schools—60.
Number of home visits to children—26.
Number of talks to children—17.
Number of nursing cases during month—5.

When we think how many boys were found physically unfit during the war, we realize something of what this kind of service may mean in the future. The funds for this work must be secured in the Fourth Red Cross Roll call to begin Armistice Day, Nov. 11. Be ready to do your part.

PUBLIC NOTICE

Be it ordained by the board of city commissioners of the town of Clarendon, Clarendon, Texas:

That section one and two of the ordinance on occupation tax on page 43 of the city ordinance book be changed to comply with state statutes on occupation tax, as to amount collected also as to who is subject to such tax. Or all tax that is paid annually shall be collected for the full year regardless of the time of the year the applicant applies for such tax.

It is the request of the board of commissioners that the clerk paste this over the present ordinance after same has been duly published.

O. C. WATSON, Mayor.

Attest: CLAUDE McALLISTER, Clerk.

(Seal) Passed under the suspension of rules this the 3rd day of November, A. D. 1920.
