## ROY B. MEFFORD NEW CHAMBER OF COMMERCE SECRETARY SUCCEEDING CURTIS A. KEEN WHO RESIGNED

### HAVING ACCEPTED THE RESIGNATION OF SECRETARY KEEN WHO GOES TO LUBBOCK ON SIMILAR WORK CLARENDON BODY ELECTS ROY R. MEFFORD OF DUBLIN. WILL BE ON JOB NEXT WEEK

From the time that it was definitely known that Secretary Keen of the Chamber of Commerce, had resigned and would go to the Lubbock Chamber at an increased salary, the directors of the Clarendon Chamber of Commerce have been busily engaged in sending and receiving telegrams from the several prospects for the job at this place. Two men were ordered to report here for conference and from this resulted the election of Roy R. Mefford of Dublin to this important post.

Mr. Mefford is a vigorous young man of high attainments, has had experience in Chamber of Commerce work and comes to us with the highest recommendations. He is in the service of the country during the war and is an enthusiastic American Legion worker. He first gained prominence as secretary of the Desdemona Chamber of Commerce, when oil was first discovered in that section and has now the full endorsement of both the West Texas Chamber of Commerce and the Texas Chamber of Commerce, the latter offering him more money than did Clarendon. Mr. Mefford came to Clarendon, however, because he feels that this city is the "most progressive small city in Texas," as he said, and because he feels that there is a future here for any man who fills the job full. He is of pleasing address and The News recommends him strongly to the people of Clarendon, as it feels that he will be a real addition to our citizenship, besides his value in the job to which he has been elected. He is married and will move here shortly.

## LOUISIANA HOUSE REJECTS SUFFRAGE

Baton Rouge, La., July 8.—Efforts to suspend the rules of the House of Representatives of the Louisiana Legislature so as to act on the suffrage amendment before adjournment of the session tonight failed today. The motion was voted down, 52 to 46.

Governor Cox of Ohio, Democratic nominee for President, in a telegram yesterday to Frank J. Looney, chairman of the Democratic State Central Committee, expressed the opinion that it was the duty of the Louisiana Legislature to ratify the woman suffrage amendment immediately.

From the first through the final day of the session ratification of the Federal woman suffrage amendment was given consideration either in committee rooms or on the floors of the house.

The "State righters," who bitterly fought ratification, fared no better, for their bills providing suffrage for white women by State amendment were killed, lacking by small margins the necessary two-thirds required for constitutional amendments.

Governor Parker's chief administration measure, a plan to raise \$3,000,000 by severance taxes on natural resources of the State, oil, timber, sulphur, gravel, gas and moss, went through with comparatively little opposition.

Gambling houses were dealt a death blow by legislation which empowers municipal authorities to condemn property where gambling is conducted commercially and where the authorities may enable them to secure convictions.

The promised war on horse racing did not develop.

## BOSTON-BAIN

Miss Mary Helen Bain and Mr. Carl Boston were married at the home of the bride's parents, Mr. and Mrs. J. L. Bain last Thursday evening at seven o'clock. The affair was the culmination of a courtship of several years, the contracting parties having known each other from childhood.

To the beautiful strains of Shure's Wedding March played by Miss Hazel Barnes, the couple entered the room where Dr. George Slover presided over the ceremony. After united them in the bonds of matrimony. Only intimate friends and relatives witnessed the wedding. Immediately following the ceremony the happy couple left for Colorado where they will make their wedding tour.

The bride is one of the most popular young ladies in Clarendon. She graduated from Clarendon College last year and while there she made many and lasting friendships by her winsome ways and sincerity in whatever task she undertook. Mr. Boston has indeed captured a prize. The groom is a young man of the highest and truest type. He was reared near Hedley. He got his education in Canyon Normal. He is now in the employ of the Canyon Lumber Company at Altus, Oklahoma. After their wedding tour, Mr. and Mrs. Boston will be at home at Altus.

Out of town relatives and friends who attended the wedding were: Mrs. R. W. Williams, Mr. and Mrs. J. P. Bass of Memphis, grandfather and grandmother of the bride, Mr. and Mrs. Chas. Kinslow, Hedley, Mr. and Mrs. Urban Boston, brother of the groom, Hedley. The News joins with their many other friends in wishing to this young couple many happy years filled with prosperity.

## CLARENDON HEADQUARTERS CATTLE COMMISSION CO.

C. W. Lennis is here from Ft. Worth making preparations to locate headquarters of a cattle commission company in Clarendon. Mr. Lennis has had many years experience in this business and the fact that the Commission companies have been restricted to the large cities indicates Clarendon's importance in the cattle business. Mr. Lennis is very favorably impressed with this country and will move his family here shortly.

## Cattle Show in Ruins of Ypres

Scene during the cattle show held in the market square of war-wrecked Ypres, Belgium. Visitors from all parts of Belgium attended this show. It was organized by the provincial council of western Flanders in honor of the visit of the duke of Portland and members of the allied agricultural relief committee.

## SHRINE CEREMONIAL DATE IS AUGUST 6TH

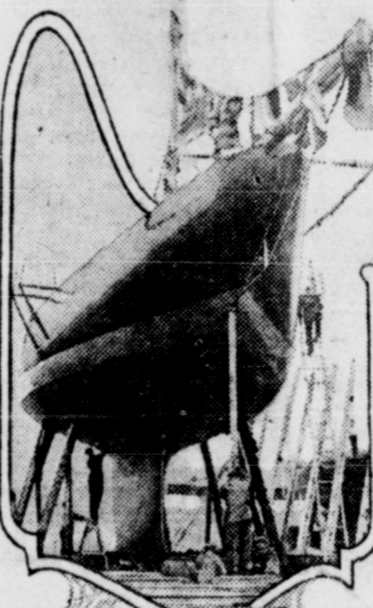

The cities of Plainview, Lubbock, Slaton, Post and other South Plains towns are being visited this week by John Sherman, chairman of the novice committee of Khiva Shrine Temple of Amarillo. Mr. Sherman is making a thorough canvass of that section for material for the first ceremonial of Khiva Shrine to be held in this city on August 6.

George Maggard of the Nisley Creamery Company is a member of the novice committee and will confine his labors to the city of Amarillo and immediate vicinity.

D. W. Crossland of Montgomery, Ala., first ceremonial master of the Imperial Council, passed through Amarillo recently enroute to his home from Portland and stated that he would be in Amarillo to celebrate the first ceremonial of Khiva Shrine. Noble Frank Jones of Houston will be the instituting officer, Mosiah Temple, which is the mother Temple of Khiva, will be here to conduct the ceremonial.

The office of R. R. Swift, recorder of Khiva Shrine Temple, is being moved from the rooms of the Panhandle-Plains Chamber of Commerce to the building at 403 Post Street, one door south of the Amarillo National Bank.

## JULY TERM OF DISTRICT COURT OPENS MONDAY

BELOW IS GIVEN A LIST OF THE GRAND JURORS AND PETIT JURORS WHO WILL APPEAR THIS TERM—THE CRIMINAL DOCKET IS VERY LIGHT

Clarendon's July term of the district court will start next Monday with Judge Henry S. Bishop, presiding. E. T. Miller, district attorney, will be present as the chief counsel for the state. There are only four criminal cases to be tried, three of these are for assault to murder, the fourth for running a gambling house. The civil docket is rather a full one. No petit jurors will be summoned for the first week of court but the list appearing herewith is that of the jurors who are summoned to appear the second week of court.

A good part of the cases to be tried this term are those continued from last term. The criminal docket is:

State vs. Zack Shepherd.  
State vs. J. H. Evans.  
State vs. Jack Woods.  
State vs. Henry Rowden.  
The civil docket is:

Nora Stone vs. John M. Stone, divorce; Western Cattle Loan Co. vs. L. F. Gregory, foreclosure, suit for damages and attachment; John F. ## CROPS DAMAGED BY HAIL SUNDAY EVENING

Considerable damage was done to the crops east of town by a hail that visited that territory Sunday evening. The size of the territory covered by hail was about three miles wide and about four miles long. At the same time about five inches of rain fell while the rain here in town amounted only to one fourth of an inch. In the streak country where the hail fell the crops were almost beaten into the ground. On the same evening the Lakeview country of the territory laid to waste there was about three miles wide and ten miles long.

## CLARENDON TO CROSS BATS WITH AMARILLO TEAM HERE TOMORROW

Clarendon's fast baseball team will try strength with the Amarillo "Cubs" here tomorrow afternoon at three o'clock on the diamond at the College park. The game will undoubtedly be one of the best that local fans will have the opportunity of witnessing this season. It is unnecessary here to speak of the strong local line-up, as that was shown here in the 5th of July game. The "Cubs" have a strong line-up and the game will be tight. Help the boys by going out and rooting for them.

suit on real estate commission; Farmers State Bank of Burkmetran vs. G. D. Thompson and W. M. Cotnam, suit on note.

The list of Grand Jurors is as follows:

## CLARENDON COLLEGE DEAN WEDS FORMER PUPIL AT HEREFORD SATURDAY

With a most beautiful and impressive wedding, Miss Mary Parmer and Mr. Stuart Condon were married at eight o'clock Saturday evening at the home of the bride's parents, Mr. and Mrs. W. B. Parmer of Hereford. The ceremony was performed by Rev. J. R. Henson, presiding elder of the Clarendon district. The occasion was the twenty-fifth anniversary of the wedding of the bride's parents, and was witnessed by relatives and intimate friends.

At the striking of the notes of Mendelssohn's Wedding March by Miss Mayme Landrum, the bridal party entered the room led by Mr. and Mrs. Parmer. The bridesmaid, Miss Nell Parmer, sister of the bride, dressed in blue and carrying a bouquet of sweet peas, followed. Then came little Miss Emma Lee Bratton, a cousin of the bride, dressed in white and bearing the ring concealed in a large bouquet of sweet peas. Then the bride and groom entered. The bride's dress was a beautiful white crepe meteor and the wedding veil she carried a lovely bouquet of bride's roses. The groom was attired in a black dress suit.

Rev. Henson thereupon spoke the impressive words that made them man and wife. Following the ceremony brick ice cream and angel food cake was served to the guests. The room was elegantly decorated with cut flowers.

The bridal couple left immediately for Amarillo. They will be gone for several weeks on a wedding tour through Colorado and New Mexico. Then they will return to their beautiful new home just completed on College Heights.

Mrs. Condon is a former pupil of Clarendon College, having graduated here in 1918. Since then she has attended S. M. U. at Dallas. She is one of the most popular young ladies who attended school here and because of her many accomplishments her friends are limited only by her acquaintances. The groom is to be congratulated upon his choice, and having chosen, upon being able to make good that choice. Mr. Condon is very widely known not only here but all over the Panhandle as the Dean of Clarendon College who does things. And with all his pupils he is a favorite. He is a young man of the truest type of character and has the best wishes of a host of friends. The new joining in extending the happy couple congratulations and the sincerest wishes for a long, happy and prosperous life.

The Girls Ginning and Ladies Demonstration Club of Ashtola gave an ice cream supper at the school house last Saturday night. All report a jolly good time. We made \$26.45 above all expenses, which we will buy a Community Steam Pressure Cooker with. Many thanks to all.

## VOTING STRENGTH OF DONLEY CO. IS NOW OVER 1600

COUNTY EXECUTIVE COMMITTEE RULES ON THE SOLDIER VOTE-ELECTION JUDGES APPOINTED AND OTHER ARRANGEMENTS FOR PRIMARY

When the time for paying poll taxes expired at midnight January 31st, it was found that 1524 poll taxes had been paid by J. H. Rutherford Sheriff and Tax Collector of Donley County. With 25 exempt voters, the total number is 1548. A conservative estimate of the soldier vote is placed between 75 and 100, which will run the total vote cast well above 1600, which is the largest voting strength in the history of Donley County.

Last year there were only 1136 poll taxes, so there is a gain of approximately 500 in the voting strength of the county this year. Of this number approximately 300 or some thing like 18 per cent of the total represents the female vote. It is to be noted that very few counties in the state exceed 20 per cent in this regard, and many of them fall as low as 10 per cent.

Following is the tabulated report for the county:

Prec. No.	Voting Box	Number
1.	Goldston	58
2.	Clarendon	663
3.	Lelia Lake	208
4.	Giles	46
5.	Hedley	240
6.	Rowe Ranch	21
7.	Jericho	48
8.	Whitefish	13
9.	Watkins-Oller	12
10.	Bray	49
11.	Martin	44
12.	Wilson	12
13.	Skillet	11
14.	Smith School House	23
15.	McKnight	33
16.	Ashtola	48
	Exemptions	24
Total		1548

Notice: Election judges in each of the voting precincts are requested to note the following ruling of the County Executive Committee regarding the soldier vote. In all cases where the applicant's discharge is at present going thru military channels for any cause, or where it has been lost or misplaced, the applicant, if otherwise a legally qualified voter, will be allowed to make affidavit to this effect and vote, under the same provisions governing those who have lost or misplaced their poll tax receipt. All ex-soldiers and election judges are requested to take note of this ruling.

Sam M. Braswell,  
Chairman Co. Executive Committee.

## 1920 CHAUTAUQUA CAME TO A CLOSE MONDAY NIGHT—LOCAL C. OF C. SIGNS UP FOR 1921

### REDPATH-HORNER PEOPLE GAVE CLARENDON A BETTER PROGRAM THAN LAST YEAR AND PROMISE A BETTER ONE FOR 1921—PROGRAM FAIRLY ATTENDED THOUGH NOT SO WELL AS LAST SUMMER

## NEW SECRETARY PRESENT AT TUESDAY LUNCHEON

Those who attended the regular Tuesday Luncheon had the pleasure of meeting and hearing Roy B. Mefford of Dublin who was in Clarendon that day as applicant for the job of Chamber of Commerce Secretary to which position he was elected later in the afternoon.

After the most splendid menu served by the Christian Ladies Secretary Keen asked for a statement from Mr. Conally concerning the progress made by the building committee of the Y. M. C. A. Mr. Conally announced that the flooring and mastic ceiling had all been received and that the work would begin in the course of the next few days. This is cheering news to Clarendon people and all those who subscribed to the completion fund in the late drive will please see that prompt payments are made that there may be no further delay in the work. We may yet get to enjoy the benefits of the building in the late summer.

Then Mr. Mefford was introduced and his easy bearing and complimentary expressions about Clarendon, her progress and people were favorably received.

After action which provided that the seats used in the Chautauqua tent be properly stored for protection the luncheon adjourned.

## LETTER FROM JERUSALEM THANKS PRESBYTERIAN AID

The following letter from the Anglo-American Society at Jerusalem, thanks the ladies of the Presbyterian Aid for a shipment of clothing shipped some months ago:

Dear Friends of the Presbyterian Auxiliary, Clarendon, Texas:

The splendid clothing came thru in fine condition and I want you to know how very grateful we are for them all. They are splendid for the children in the nursery. And the gift is much appreciated by the Administration who have had their hearts and hands full caring for these poor people.

Our report is on file with our Home Secretary, Mrs. W. W. Gatlins, Room 1212, Aeolian Hall, New York, and should you wish it I am sure she would be glad to send you a copy.

Faithfully and gratefully,  
Sarah D. Ames,  
Foreign Secretary.

## SOCIAL EVENTS

One of the most delightful parties of the summer was Friday afternoon when Mrs. Homer Glasco entertained the girls with a five hundred party. The table prizes were won by Miss Annie Muir, Miss Annie Maud Van Eaton, Miss Cassandra Sims and Miss Mary Cooke. The high score was won by Miss Laura Muir and consolation was cut by Miss Muffet Sims. Dainty refreshments were served to the following Mrs. J. D. Browder of Memphis, Mrs. J. R. Calhoun, Mrs. Chas. Trent, Miss Evelyn Crutchfield of Caddo, Oklahoma, Miss Annie Maud Van Eaton, Miss Mamie Harrington, Miss Elizabeth Dyer, Miss Cassandra Sims, Miss Laura Muir, Miss Marjorie Turner, Miss Annie Muir, Miss Muffet Sims, Miss Mary Cooke, Miss Tina So Relle, Miss Jennie Dale Powell, and Miss Ethel Gentry.

Misses Cassandra and Muffet Sims entertained with a dancing party Thursday evening honoring their house guest Miss Evelyn Crutchfield of Caddo, Oklahoma. Punch was served throughout the evening and at a late hour an ice course was served to Misses Crutchfield, the honoree, Roberta Morris, Laura Muir, Annie Muir, Marian Letts, Marjorie Turner, Ethel Gentry, Norma Rhodes Ola Grogan and Mae Bennett, Ernest Pope, Lee Pope, Edgar Burton, Joe Burton, Temple Calhoun, Curtis Keen, Bill Clifford, Harry Morris, Ed Nobles, Carroll Baldwin, Carl Bennett, Barcus Antrobus and Horace Tucker.

The Royal Girls Class of the First Christian Church met July 7th with Mildred Huckleberry. After devotional exercises the minutes were read, and the various committees were appointed. Our usual social hour was enjoyed by all. Delightful refreshments were served by our hostess. Our next meeting will be with Edna Mae Evans, July 21st.

T. M. Little will leave the first part of next week for Lily Dale, New York to visit with a brother, Miss Emma Mae, his daughter will miss the first of August for New York where she will buy the fall line of goods for the Little store in this city.

James Robinson and sons, of Hereford, returned to their home Tuesday after a pleasant visit with D. O. Stallings and family here. They were accompanied home by Miss Fray Stallings.

James Mauk and wife, of Hereford, visited the past week in this city with Mr. and Mrs. D. O. Stallings and family.

Mr. and Mrs. Born left yesterday morning for a visit in Missouri.

With favorable weather most of the time and good crowds in attendance, the Clarendon Chautauqua came to a successful close Monday evening. The most popular programs were the play given Saturday evening, "It Pays to Advertise" and the concert and play given Monday evening by Mr. and Mrs. Glenn Wells.

The program was opened Thursday afternoon with a whirl of music and fun by the Wesleyan quartet. This is a college quartet and the college pep was in evidence at all times. That evening the program was given by a series of impersonations by Eugene Knox. Mr. Knox showed himself very versatile in his line, as he used no wigs; he was a quick change artist and he impersonated all the characters that we meet in life from the young school man to the old deacon. On the second afternoon the Phillips Sisters novelty music company royally entertained the audience. They were followed that evening by Joseph Severance who gave a lecture dealing with the present day problems and their rightful solution in the future. On the third afternoon Dr. K. F. Nance gave one of the most appreciated lectures of the entire course dealing with the patriotic part that should be played by the American of today. That evening was given to the play "It Pays to Advertise."

That is one of the greatest stage successes produced in the last several years and the audience was convulsed with laughter as the rollicking play progressed.

A very unusual feature of the Chautauqua series this year is the fact that the best program was reserved for the last evening, Mr. and Mrs. Glenn Wells, were far and away the best entertainers of the whole series, and as The News sees it, presented the best single program that th Horner people have ever shown in Clarendon. Besides their ability as vocal soloists, they are par excellence portrayals of characters, both of them. In the afternoon their one act skit, "A Pressing Matter" was a scream from start to finish, while in the evening the three act melodrama, "Atonement for the Past," presented serious work that has ever been presented in Clarendon. There is no question but what Mr. and Mrs. Wells could be in "big time" productions, if they chose, but what appeals to them is the refined people they prefer to live their lives in the better society of Chautauqua work rather than mix with the society of the professional stage. Mr. and Mrs. Wells made a hit with Clarendon people and they return here will always be hailed with joy. At the evening program Mrs. Wells sang the "Jewel song" from Faust, an customer, to the very great delight of the music loving element of the audience. The Wells' work and act like they love their work, they have winning personalities, carry the audience with them and do it with a smile. Fact is—they are real people.

It may be of interest to Clarendon people to know that a contract for the next summer's Chautauqua has been signed and the guarantee pledged with the explicit understanding that the Redpath-Horner people guarantee a better series than was given this year. This, Manager Day readily promised, as he explained that during the war the Chautauqua talent was taken from the circuit for the entertainment of the soldiers and that next year old time standards would be re-established. Mr. Day put it this way, "Sign this contract and if next year's program is not fully up to standard, tell the Redpath-Horner people that you are done with them forever." That is fair, so the contract was signed by the Chamber of Commerce and probably some other organization of the city will be given the opportunity to sit tickets next year and make out of it what they can.

Mr. Day, who had charge of the event this year, is a splendid young man, a student of the University of Nebraska and captain-elect of the university football team for next season. He left many friends here who hope that he will be with us again next season.

## DR. JENKINS AND SON FORM PARTNERSHIP

With the return of Dr. Oscar L. Jenkins to this city Saturday night from New York where he was an intern at the New York City Hospital, having had charge of the X-ray laboratory for the past year, a new partnership for the practice of medicine will be formed. Dr. L. L. Jenkins, a successful practitioner in this city for the past several years, will be joined by his son Oscar. The young Dr. Jenkins, as well as his father, is well known here, having gotten his academic education in Clarendon College. Later he studied medicine in State University having graduated there with the class of '19. The many friends will welcome the news that the young doctor has decided to practice in his home town. They will occupy their handsome new office on the Presbyterian church corner after August 1st.

G. W. Medley and his wife, of Ft. Worth, esteemed former residents of this place, were here last week visiting with their daughter, Mrs. Fenn Bourland and with friends.

The News intends to support Thomson for governor and W. A. Johnson of Memphis for lieutenant governor. Thomson more nearly represents West Texas than any other man in the race and since our good friend Johnson has served so acceptably as lieutenant governor for one term we believe that he is justly entitled to another term at the hands of Texas voters. With Thomson and Johnson on the job at Austin we may expect nothing but a fair deal for West Texas, early redistricting and many other benefits. We have nothing against Mr. Looney, as he has proven his high integrity under trying circumstances, but with others he has failed thus far to develop much strength. Neff is not to our liking although he has strong following in Central Texas. Mr. Bailey would no doubt make us a good governor—away and beyond what his vitriolic enemies say of him, but unless his pleasing stand for the "open shop" brings him large strength in the next ten days we do not believe that he will prove stronger than second man in the primary, more likely third man. The people

are not overly worked up over the race this year and most anything may happen, but be that as it may The News is for Thomson and Johnson for the leaders of the state ticket.

We doubt the wisdom of returning at this time the hundred and fifty million dollars worth of alien enemy property seized by the government during the war. It gives the administration the attitude of returning this immense amount of property for campaign reasons and in order to profit by the act in the November elections. The two parties have been in the habit of charging each other with playing politics with the enemy and foreign element in the United States and as a Democrat we would prefer that the Republicans do that sort of thing. With such a ticket as Cox and Roosevelt the Democrats can win in November provided no false step is made in the meantime.

The News editor was apprised Saturday of the death of Mrs. Cooke, wife of Editor John Esten Cooke of the Rockdale Reporter. The sad news came through Mr. Joe Hurn of this city, long-time friend of the Cooke family and our very good friend as well. Mr. and Mrs. Cooke were formerly residents of this city, where Mr. Cooke published the old Banner-Stockman, and number among their friends all that portion of the citizenship of the town and county who lived here during their residence. For a number of years Mrs. Cooke has been in failing health and for several months it has been apparent that she could not long survive. Death came Friday night of last week at the family home in Rockdale, taking away a fine-spirited motherly woman from her husband, two daughters and a son who survive her. John Cooke has been a personal friend of The News editor for many years and while it has not been our good fortune to know Mrs. Cooke as we would have liked to know her, yet her going brings sorrow to us as we contemplate the loss which the home of our friend has sustained. May a kind and merciful Providence lighten the way for those left behind, guiding them to that time when they shall be called to "Cross the Bar."

In this issue will be found the official publication of three proposed amendments to the constitution of the state of Texas. The one of supreme importance from our viewpoint is the one relating to the taxing power of school districts. The proposed change is to remove the limit now in force of one dollar on the hundred dollars valuation. It must be kept in mind that the amendment does not seek to change the tax of any district, but merely seeks to give any district the power to raise more money by increasing the rate in a regular election. It is, therefore, a very democratic measure, and leaves each school district free to set its tax rate at whatever figure needed to provide the necessary funds for maintaining its school. A case in point is the present situation in the Clarendon Independent school district. The advancing costs of running the three schools in our city has gone beyond the taxing power of the law under the present valuation. Therefore, in order to raise the funds it has been necessary for the school board to raise the valuations throughout the district in order to get enough money to pay the bills. Every good citizen who really appreciates the value of good schools and the fact that some districts are situated quite differently from others should give their vote and influence to this amendment which offers the needed relief. The next in importance is the proposed change in the constitution which provides that cities and towns of five thousand or less population may by legal election raise their tax rates to not exceeding a dollar and a half on the hundred dollar valuation. The old rate was 25c on the hundred dollar valuation on ad valorem taxation, and this rate limit has caused many towns to raise their valuations in order to get the necessary funds upon which to operate the city government. This change is most desirable and is democratic for the reason stated above in connection with the school tax rate matter. The third of the proposed amendments seeks to set a standard salary for all public officials, designating the fund from which payments shall be made, setting the terms and methods of payment, all to be set by act of the legislature. It would be a change for the better. Every one of the three amendments should receive a large majority from the voters of Texas and The News hopes Donley County will furnish her share of that majority.

General Gorgas, formerly surgeon-general in the United States Army, died in London on July 4th. He was en route to Africa as head of a sanitary commission when illness compelled him to abandon his undertaking. Commenting editorially on his life and achievements, the New York Times says:

The death in London of General Gorgas removes one to whom had been given the unofficial but deserved title of "the world's physician." His epoch-making work in Cuba and at Panama gave him fame in all civilized lands as a master of sanitation and of scientific method. His genius in finally tracing the yellow fever germ to its true carrier, and in devising and developing the sure means of extirpating it, brought about in his lifetime the fulfillment of his own prophecy that cases of yellow fever would become a medical rarity. It was inevitable that after his amazing and complete success in Cuba and at Canal Zone his skilled services would be sought by other Governments. In Guayquil he demonstrated again his ability to rout yellow fever in one of its historic lairs, and in South Africa he brought his knowledge and devotion into play. No one in his time approached him in the number of victories which he won over tropical diseases. It was a dream of General Gorgas that the tropics might be made safe for the development of white civilization and he did an immense deal to hasten its realization. The wide recognition which came to him while living and which is renewed feelingly now that he is gone, was less of his scientific attainments, great as these were, than of his achievements as a soldier of humanity.

Last week The News carried an article from the pen of T. Jones of this city in regard to the monument for the soldier and sailor dead and returned men in both branches of the service who joined the colors from Donley County. It will be remembered that The News has stressed this monument from the very closing days of the great war, and we are frank to say that we believe it would have already reared its proud head heavenward standing as a daily tribute to those who gave their lives, and their time, and their sacrifice for country and home, had it not been that so many families contributed sons to the service therefore feeling that it was not their place to get behind the movement lest some unthoughtful person might accuse them of family glorification. Mr. Jones is deeply interested in the matter like a number of others and to prove his vital interest he has placed his check for \$100 in the bank starting the fund. The News has placed its check in the bank and this space is given the movement urging that every citizen who believes the monument ought to be built place his donation in the Donley County State Bank or any other bank, as all will be glad to co-operate in the plan. A great many people will begin to raise the question as to what the color of the monument will be, where it will be built, what will be its size and shape, and a thousand other questions of detail, instead of putting up the cold cash to back their belief that every boy who left Donley County for the service of his country and especially those who did not return, should have a monument paid for by the citizenry of Donley County in everlasting memorium of their service and sacrifice. Personally, The News gives its donation without regard to where the monument will be built or any other detail—it believes that when the fund has grown to a proportion that there will be no trouble in getting a mass meeting for the entire county where a competent committee can be selected whose patriotism and good sense will solve every detail. If Clarendon people don't take hold of the matter like they should and some other community leads the way, then The News will make no sort of protest against the monument being built in the community where the movement is believed in and backed up with funds and patriotic zeal. People of Donley County, the Memorial Monument must be built—it shall be built—and it should be built with your ready co-operation. The News will print from week to week the names of those who donate to the fund and their amounts donated. Look for it and see to it that your name appears on the list.

And now the interstate commerce commission has refused the loan asked for by the Orient railroad with the result that the road may have to suspend in the course of a very short time. The News gives this item prominence to prove that the system of bureaucracy that we have built up in our national government very often proves its absolute lack of interest in the needs of the people and an ignorance of the true facts in matters presented to them. No man can come into Texas, become versed in the immense agricultural and commercial importance of the section of the state traversed by the Orient line without instantly representing this decision of the commission. The Orient supplies a territory little less than the entire state of Connecticut, and the fact that this territory could be served in the primitive methods from distant points on other roads carries no apology for the finding of the commission—so could Connecticut. An appeal for rehearing on the matter has been made and The News with other interested Texans awaits either another face of the same sort with its attendant disaster, or a real effort on the part of the commission to discover the needs of the territory served, which can end only in granting of the loan.

Men and events continually bear testimony to the majority to the mortality of man and this week the daily dispatches carry news of the retirement of Christy Mathewson from organized baseball. Every lover of clean sport will regret that the health of the "iron man" has forced his retirement, even as they will wish for him a speedy return to reasonable health even though he can never be identified with the national game again. "Big Six", as he is admirably called by the thousands who know and love him, has been the typical educated gentleman in sport. Coming from a Christian home and from a small college where he won laurels as an athlete he began his baseball career with a clause in his contract which specified that he was to participate in no Sunday games. For over a dozen years while he was in the height of his supremacy as a pitcher he never worked on Sunday and was without doubt the greatest pitcher that the game has thus far produced. Mathewson is a good speaker, an author and is a lover of home and family. He always typified all that was clean and manly in baseball and his enforced retirement will be regretted by all America.

### EXTREMES ALWAYS IMMODEST

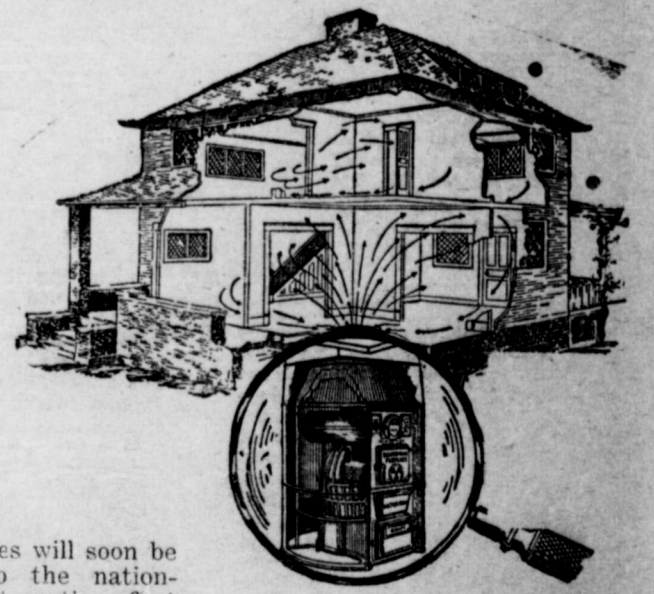

The modern styles of dress are not of themselves immodest, but unfortunately for their sex and all-fortunately for the sex of brainless females who take advantage of it to go to the extremes, and it is these extremists who are immodest—decidedly so.

The reason for it is as old as is the human race. It is the province of the female to get the male chancing after her, to captivate him with her charms, to cohabit with him in the wedded state and to thus propagate the species, which is Nature's law. The female knows that her chief charm for the male is physical, and that she has a hold on him there that nothing else compares with as it is drawing card in her favor. It is her bait to ensnare him in the meshes, or holy happiness, as the case may be, and she has always been keen to take advantage of it since the dawn of history. She did it in the days of our mothers and grandmothers, only

in those days she resorted to less "over the top" methods. Now with her new and prevailing fashions of dress, or rather undress, she makes a football rush that is hard for him to escape. It works, all right, but it is immodest, just the same, as practiced by those who go the limit.

#### WHAT OUR NEIGHBORS SAY ABOUT CLARENDON'S CELEBRATION, MONDAY JULY 5

The great 4th of July Celebration held at Clarendon last Monday was a decided success from start to finish. The street parade of decorated cars was a very pretty sight to behold. Many candidates who are hungry for office were there and made the air ring with patriotic speeches on the court house lawn. Clarendon is one of the live, progressive towns on the Denver road and her citizenship are alive along lines of progress and entertainment. Few towns can eclipse Clarendon when it comes to putting on a celebration of any kind.—The Claude News.

Sunday Aviator Carl Benton with Master Mechanic Schmidt of the Panhandle Motors Company, as a passenger left Childress at 2 o'clock for Clarendon. The distance is 58 miles and the airplane arrived over that city at 1:55 o'clock, or less by minutes than the hour the ship left Childress.

Childress uses Central time while Clarendon is in Mountain time, hence the standing of the figures but the time was fast considering the hottest period of the day prevailed and the ship down at an elevation of more than 4,000 feet.

A number of Clarendon people made their first flights Sunday afternoon and Monday.—Childress Index.

In company with most of the population of Memphis, we attended Clarendon's Fourth of July celebration Monday. To say that there was a crowd in our sister city is putting it mildly. The only people we missed were the Clarendon citizens who were in Memphis riding the Knights Templar goat. The streets, those nicely paved streets that we wanted to bring home with us, were lined with cars parked at the curbs and a continual stream of vehicles moving in both directions.

In the morning several candidates spoke at the courthouse. When dinner hour came, the cafes were swamped with hungry humans and hundreds who had brought basket dinners spread the eats on the court-house lawn.

The features of the afternoon were racing and bronc busting at the race track, aeroplane flights on College Heights and a ball game between Memphis and Clarendon at the College field.

The races and bronc busting were well attended and had plenty of thrills.

The ball game resulted in a victory for Clarendon by a score of 8 to 0.

The aeroplane flights were well patronized, the plane being kept busy from one to five o'clock with passengers. At 6:30 Aviator Bentzen gave an exhibition of stunting which thrilled the onlookers.

The crowds began hitting the road for home, those who went in cars, about five o'clock rushed up by the clouds which had begun to gather in the southeast. A dance that night held a large number over, however, who came home in the wee hours of the morning.

Clarendon can always be depended upon to do things up brown on the Fourth of July.—Hall County Herald.

#### RED CROSS URGES LIFE SAVER'S CORPS

A life-saving campaign under the auspices of the Donley County Chapter of the Red Cross for the purpose of reducing the number of drownings during the summer bathing season in this vicinity is urged in a communication recently received by local Red Cross officials from Southwestern Divisional headquarters at St. Louis. The program includes the establishment of a corps of Red Cross life-savers in Clarendon and its vicinity. Men and women are eligible for the corps if they are qualified swimmers. Girls must be able to swim 20 yards clothed, disrobe and continue for at least 80 additional yards; dive and retrieve a ten-pound sand-bag from the bottom of the pool; break three varieties of death grips; demonstrate four carries and explain and demonstrate the Schaeffer prone method of resuscitation. The men's test is essentially the same.

A "learn-to-swim" week will be held throughout the various states of the division—Missouri, Kansas, Texas, Oklahoma and Arkansas—from July 25 to 31. During this period Red Cross chapters are being asked to encourage the teaching of swimming lessons. The St. Louis Chapter of the Red Cross, which is conducting a learn to swim campaign, in two weeks recently, gave free lessons to almost 1000 persons, through a corps of Red Cross life-savers and municipal life guards.

A list of "don'ts" for swimmers that is expected to cut down the number of preventable drownings also has been issued. Some of the don'ts are: Don't swim on a full stomach, wait at least two hours after eating; don't swim if overheated; don't swim until exhausted; don't swim if you have heart trouble; don't dive without accurate knowledge of the depth of the water; don't fail to learn Red Cross life-saving and resuscitation methods; don't cry for help in fun, don't go in swimming alone unless you are an expert.

#### "NO POLITICS" FOR RED CROSS WORKERS

Of interest to Red Cross workers in Clarendon is a recent ruling received at Southwestern divisional headquarters at St. Louis discouraging the participation of Red Cross officials in political campaigns. A letter signed by General Manager Frederick C. Munroe from headquarters of the American Red Cross at Washington says, in part:

"In view of the already wide-spread activities in behalf of many candidates in connection with the coming general election, it seems advisable to invite your attention to the fact that the American Red Cross—embracing in its membership as it does adherents of every faith and party—is and must always be maintained as an organization of purely non-partisan and non-political character. The necessity for keeping before the public at all times the non-political character of the organization demands the earnest thought and cooperation of all Red Cross officials and members.

"Where Red Cross officials are actually candidates for office the danger of misunderstanding in the public mind is always present, and we have recommended that in such cases it would be probably best for these officials to resign from their Red Cross offices. Where Red Cross officials are actively sponsoring the candidacy of others, the utmost care should be taken to avoid mentioning their Red Cross connections and where a misunderstanding as to the status of our organization is likely to result, resignation from their official Red Cross positions would be in order. The matter is one to be determined largely by common sense and usually by the individual himself—the best being whether the activities engaged in will tend in any way to identify the Red Cross actually or in the public mind with partisan politics."

### FORMER SUFFRAGIST CHANGES OPINION

Miss Annie Bock of Los Angeles, formerly an equal suffrage leader, in a letter to W. K. Anderson, representative in the lower house of the Tennessee Legislature, urges him not to support ratification of the suffrage amendment. Suffrage, she says coarsens and cheapens women. She expresses her regret at her former activity in its behalf saying that since suffrage has been granted there has been an alarming increase in immorality, divorces and murder in California.

The letter says: "I was one of the prominent workers who helped to bring suffrage to California, and I regret it. "A year in politics has taught me that women are intolerant, radical, revolutionary and more corrupt in politics than men, also all this so-called reform leads to the socialist co-operative commonwealth. "Since suffrage there has been an alarming increase in immorality, divorce and murder in California. "Woman suffrage has made cowards and puppets of men. It has coarsened and cheapened women. Were the men to vote on woman suffrage in California today it would

not carry. "Suffragists asked suffrage that they might put only good men in office; now they clamor for a fifty-fifty show for all offices. "I shall do penance forever for the part I played in bringing suffrage in California. Please urge your colleagues not to do what will bring regret and disaster, but to stand for that 90 per cent of women who do not want suffrage, but are glad to trust all politics and governmental affairs to their beloved husbands, fathers, sons and brothers. "To the South woman suffrage would bring more than calamity."

### SECRETARY KEEN RESIGNS FROM CLARENDON C. C.

The change that is being made in Secretaries for the Clarendon Chamber of Commerce brings up an interesting phase of Chamber of Commerce work. That of the relation of a Secretary to the work of the organization and thru the organization to the community as a whole. For regardless of some weighty brains to the contrary the Chamber of Commerce that does not become an active part of every phase of the community's development has not realized the full responsibilities of such an organization.

In this Chamber of Commerce, as in most similar organizations, it is pretty generally assumed that when the Directors, representing the members of the Chamber of Commerce, hire a secretary they have hired a Chamber of Commerce instead. In fact the entire work of the organization is turned over to the poor unoffending secretary and it is up to him to build worlds—wreck kingdoms or otherwise mess things up. The directors and other members, to an even greater degree, sit back upon their dignity and watch the Secretary go to it. If he makes good—well, "See what a fine Chamber of Commerce we have." If he blows up it is "See what a boob we have as a Secretary—let's can him and get another."

The Secretary of such an organization is supposed to, in a way, lead the organization. He is hired to give his time and thought to the matters that need attention, to initiate such additional moves as are necessary to the growth and progress of the town, to tuck in the ragged ends of all worthy endeavors and generally make himself useful around the place. But he must be in a position to delegate a large part of the detail work to committees and be able to know that he has done so that it will be taken care of.

On the other hand every member of such an organization is directly accountable for the success or failure of his organization. For in the final analysis not only the workings of a Chamber of Commerce and its successes, but its very existence is dependent upon the mental attitude and spirit of its members. If the majority of the progressive, constructive, growing business men and citizenry of a town did not want a Chamber of Commerce it stands to reason that there would not be one in the town. It is your organization and you are personally responsible for its success or failure.

The Clarendon Chamber of Commerce is upon a sound, dependable basis at this time, in better shape in every way than it has ever been before—but the possibilities of the future are only scratched. As your retiring Secretary I point with pride to the reputation Clarendon has over the state, founded upon a conservative publication of the facts concerning the building operations, civic improvements, agricultural development and production of Clarendon and Donley County, as a modern, progressive, growing city of the Panhandle.

If the past nine months work had produced no other results than the general spirit of good feeling with the rest of the county, Clarendon and Donley County the whole expense and effort of the organization would have been worth while. But there are innumerable other things that have gone thru the channels of the Chamber of Commerce activities assisted by the citizens of the city who have not lined themselves up with the organization, that are just as important.

But there is a hundred fold more to be done than has been done. It is good and well for you to sit back in your superior dignity and criticize—but it is better for the city and county for you to heave your shoulder to the wheel and shove a bit in putting things over. A Secretary cannot make an organization of this kind. But an organization of this kind can make or break a Secretary. Your support, co-operation, sympathy and consideration all go to make life worth living and Chamber of Commerce work worth the effort for the secretary and I hope and believe that you will go just a little out of your way within the next couple of weeks in particular to make Mr. Mefford, your new Secretary, feel at home, welcome and that he has your individual support.

Introduce yourself, two or three times if necessary for it will be hard for him to remember you all at once. Invite him around to your place of business or home. Make him feel that he is more in your town than just a paid hireling to act as your official goat. I know that you are pretty well satisfied with your own little circle of friends and rounds of pleasure and associations—but if Clarendon grows it is going to have to include the new citizen and stranger in the circle of your consideration—and particularly it is that true in the case of your Secretary of the Chamber of Commerce.

To the old hardboiled brethren who do not belong to the Chamber of Commerce and really think the whole thing is a lot of bunk—sway away—drop around and meet this new man Mefford. Talk with him, look into the activities of a real chamber of commerce and at least inform yourself as to its deals and ambitions. It won't cost you anything and might be worth something to you. That is particularly true in the case of you big land owners, cattle men and so-called Old Timers. Maybe you can't teach an old dog new tricks but if he can see a bone on the other side, a lot of old dogs learn to jump through hoops in spite of their chronic grouches and old age.

It is a poor recommendation to the great reputation held by the Founders of the West that they cease to build as soon as they get financially independent. You did not make your stake without help, without encouragement, and without the consideration of some one man or men in the past. They advised you, directed you and helped you make your start. There are young men coming on today confounded with problems just as grave and conditions just as hard, though in possibly a different way. They need your help and advice and association. The town needs you. And the Chamber of Commerce representing the organized co-operation of all these needs you, your council and advice. Why don't you line up?

It has been the greatest mystery of my life why it is that men in Clarendon worth from \$50,000 to \$200,000 in land and stock and property and who receive the first and most direct benefit from increased

## Sitner's Style Shop

My work here is pleasant. Clarendon is one of the most delightful towns in the state in which to live—in spite of a number of her drawbacks and some of her folks. You are a congenial, cultured, pleasant class of people to meet, to know and to work with. The town and the county have some of the greatest possibilities for the future that can be found in any place in the world. A new country, with its greatest development in the future. Marvelous things have been done in the past twenty-five years it is true. Greater and more remarkable things will come to pass in the next ten years. The chronic kickers, the grouches, the old Aginers, may impede the progress of the town somewhat for sometime until they are laid to rest on the hill (I sometimes wonder if they will stay with the bunch even there). But youth and growth and progress cannot be stopped. Modern efficiency, methods, organizations and progress will overrun them in time and Clarendon will come out in the sunshine of her possibilities as she deserves.

You will find me either at the Chamber of Commerce office, hot-footing had talked for me. Thank you for it down some of the streets or in the lower left hand cell on the first floor of the county jail—regardless of the you from one end of Clarendon to the other, at Lelia Lake, Hedley, you hog men, stock men, farmers, every as nice as you have treated me and old Donley County—good-bye—and may my whole life be spent among I have been.

Let us think—then build Clarendon and Donley County! You bunch of folks pass through Lubbock country drop in to see me.

### MARRIED LIFE

San Angelo Standard:  
Much free advice is always to be offered those who in the month of June embark on matrimonial ventures, for better or for worse. And it would be well if in the hands of every couple there could be placed a copy of the writings of Dr. Thomas Fuller, a renowned English moralist of the 17th century, who in his time was regarded as a specialist on marriage and related problems.  
"Marriage," he said, "is not like the hill of Olympus, wholly clear, without clouds. Yea, except both wind and storm, sometimes, which, when blown over, the air is clearer and wholesomer for it."  
He advised against choosing wives for beauty alone and, in this connection, told of a floating island in Scotland that swam away with ships that were tied to it.  
And he added: "So are they served, and justly so, who only fasten their love on fading beauty, and both fall together."  
He described the ideal wife as one "who never crosses her husband in the springtime of his anger, but stays mildly she argues the matter, not so much to condemn him as to acquit till it is ebbing water. And then herself."  
"Her clothes," he said, "are comely rather than costly, and she makes plain cloth to be velvet by her handsome wearing it. Our good wife sets up a sail according to the keel of her husband's estate."  
And of the good husband, Dr. Fuller wrote: "He alloweth her to meet maintenance, but measures it by his own estate; nor will he give her less nor will she ask more."  
"Knowing she is the weaker vessel, he bears with her infirmities. He is careful that the wounds betwixt them take not air, and not to be publicly known. Jars concealed are half reconciled."  
All of which is a good advice in 1920 as it was in 1620. But though it was offered 300 years ago, there still are a powerful lot of folks who haven't taken it yet.

## RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OFFICIALS

House Joint Resolution No. 7.

A joint resolution of the Legislature of the State of Texas, proposing an amendment to the constitution of the State by adding to Article 16 a new Section 60; providing for the compensation of public officials.

Be it resolved by the Legislature of the State of Texas:

Section 1: That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 of Article XVI of the Constitution of the State of Texas, which shall read as follows:

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be ascertained, declared and fixed by the Legislature from time to time; provided that the Legislature may make such exceptions as it may deem advisable.

This section shall supersede all other provisions of this constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the constitution and laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words:

"Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto section 60, providing for compensation of public officials." Those who oppose such amendment shall erase by marking a line through them, the words "For the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder.

C. D. MIMS,  
Secretary of State.

AUTHORIZING ONE AND ONE-HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POPULATION

Senate Joint Resolution No. 12.

Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and making appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collected only in current money, and all licenses and occupation taxes levied, and all fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the state at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year." and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election, and to have the same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election.

MILLIONS TO BE SPENT FOR CARS

Eighteen million dollars will be spent by the Santa Fe System for new equipment to be delivered at the earliest possible moment. Santa Fe officials announced in Dallas yesterday. Orders already have been placed with the manufacturers calling for fifty locomotives of the most modern type for both passenger and freight service, 3,000 gondola cars, 2,500 refrigerator cars and 5,000 box cars. Fifteen hundred of the box cars will be built especially for the handling of automobiles and furniture.

The \$18,000,000 also provides for the acquisition of a large number of passenger, mail, baggage and express cars.

It is believed that the new rolling stock purchased will aid greatly in relieving the present acute shortage of cars and locomotives for handling freight. Deliveries will be made as fast as the equipment can be built.

Bring your fryers, hens and eggs to the Owl Cafe. Will pay highest price. 30c.

## A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.

No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly — improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

This Miller Cord Tire has run 22,000 Miles On a Heavy Truck

## 22,000-Mile Tread And Why They Are Exceptions

Worn Miller Tires are often exhibited with some sign like above. Countless letters also reach us telling such mileage tales. These are very pleasing. But we don't want users in general to expect miracles from Millers.

### Service to Expect

Expect from Millers greater service than from any like-type tire. And 19 times in 20 you will get it.

Expect it to outserve any tire you put opposite, and it almost invariably will. Expect twice the mileage tires gave a few years ago, and they will doubtless do still better. Expect tread wear 25 per cent better than from others and you'll not be disappointed.

But don't expect that Millers, under all conditions, can match some exceptional mileage.

### Why Mileage Varies

A Cord Tire gives vastly greater service than a Fabric Tire.

An oversize tire will vastly excel a tire that is undersize. Care, load and roads affect tire service greatly. Millers are uniform tires. That is a major reason for their supremacy. But uniform tires will vary with conditions.

### Tread Patented

Center Tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cogs in dirt.

### What Our Tests Show

We run tires at our factory ten million miles a year to make these service tests. These are radical tests. Tires are run constantly, night and day, and under heavy load. We want quick comparisons.

On our testing machines Miller Cords average 15,000 miles, and Fabrics about half that.

But these are not mileage records. We are running Miller Tires against high-grade rivals to prove that Millers last best.

### Be Satisfied With This

You will get on a Miller an exceptional tread. It is by 25 per cent the best tread made.

Not one Miller Tire, made under present methods, has ever come back with the tread gone.

You will get uniform tires. Every Miller Tire is signed, both by maker and inspector. Every man knows that a faulty tire means a penalty for him. And faults are extremely rare.

You will get greater mileage than from any tire you put on the opposite wheel. That is so nearly universal that we will stake your favor on any single test.

But you will get the best tire built today. There are hundreds of thousands who know that.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

### RELATING TO TAXATION BY SCHOOL DISTRICTS

Senate Joint Resolution No. 17.

Proposing an amendment to Section 3 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this state, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem state tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the state and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And

the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the Amendment to Section 3 of Article VII of the Constitution of the State of Texas," providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law, and all those opposed to said amendment shall write or have printed on their ballots "Against the Amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation

upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law." Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State. Sec. 4. That the sum of Five Hundred (\$500.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election. C. D. MIMS, Secretary of State. (Attest—A True Copy.) 32c.

upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Hundred (\$500.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election. ### MAKING MORE JOBS

At a recent meeting of the American Federation of Labor the executive council was instructed to aid any union that finds it necessary to reduce its maximum working hours from eight to six because of unemployment conditions.

In other words, if there are not enough jobs to go all the way around, the union shall decree only six hours per day (with no reduction in pay, of course); and that will automatically create jobs for one-fourth as many men as are then working. Incidentally, this proposed amendment will create a raise in the cost of living by reason of the fact that where a \$6 a day man might have been turning out 24 certain articles daily at a cost of 25 cents each, when his time of working is only six hours he will only turn out 18 such articles at a cost per product of over 33 cents, an increase of about one-third.—Tribune Chief, Quah.

### 15,768 PENSIONERS ON TEXAS PENSION FUND

The following letter will be of interest to Texas tax payers:  
June 11, 1920.

Hon. R. E. Thomason,  
Speaker, House of Representatives,  
Austin, Texas.

Dear Sir:

In compliance with a resolution passed by the House of Representatives June 8, I submit the following information relative to the Confederate Pension Fund:

There are now 15,768 pensioners on the rolls, a decrease of 814 for same date last year. Pensioners have received \$23.00 per quarter for the past five quarterly payments.

Balance on hand at beginning of fiscal year ending Aug. 31, 1919, \$505,071.45. Receipts during year, \$1,365,799.07. Disbursements for year, \$1,484,918.25.

At the close of last quarter, May 31, 1920, there was a balance of \$753,043.46 in the State Treasury to the credit of the Confederate Pension Fund, with warrants outstanding to the amount of \$362,664.

With the apportionment for this quarter fixed at \$23.00 there would remain in the Treasury at the close of this fiscal year possibly \$40,000.00 therefore I have increased the payment for this quarter to \$24.00 that those who are enjoying this meager benefit may receive every dollar available.

The Pension Fund is equally distributed between all beneficiaries, and can be drawn only for the payment of Quarterly Pension Warrants, and Mortuary Warrants issued after the death of a pensioner. Not one dollar of the Fund is expended for clerk hire, postage or other expense.

Respectfully submitted,  
M. L. Wiginton.

### WATERWORKS OR ELECTRIC LIGHTS FOR COST OF MULES

"You can put running water in your home, or put in electric lights either one, for the price of a pair of mules or a low-priced automobile." So says J. Z. Green, and his statement gives a pretty clear idea of the situation. Roughly speaking, either waterworks or lighting system will cost \$400 to \$1,000. It depends upon the system selected, the kind of fixtures used and how much of the work is done by the farmer himself.

The wiring of a six-room house should cost around \$75. This approximate cost added to the cost of the plant selected would be the total cost for electric lights. Plumbing for the home, including cost of installing, should cost around \$300 for kitchen and bathroom. This estimate includes bath, kitchen sink, lavatory, kitchen sink, and hot water tank. It will also be necessary to have a septic tank, which the farmer himself can build at a small cost. These items would make the total cost of a waterworks system.

If both waterworks and lighting plants are ordered at the same time through the same dealer, the total cost will be still less than here indicated.—The Progressive Farmer.

### ONE OF THE BIG ONES

The Matador Cattle Company probably holds the largest acreage of any concern in the country. One tract of land near Glenrio comprises five hundred sections in one pasture, then three or four other strips adjoin this, all largely in one tract, occupied by cattle and horses. One portion of the whole contains 2-year old steers, another calves, and a third cows, the fourth the bulls, the sixth the horses. This system avoids the cutting out of the stock every season. Twelve cowboys handle this arrangement working from May to September. This does not include the help at the various camps scattered over the vast tracts, headquarters for the various divisions presided over generally by the boss of the ranch and his wife. All this is but a portion of the whole. Matador, Texas, is an equally important adjunct of the system of the company. From that point the 2-year olds are shipped to Boise, the first town east of Glenrio, and returned into the particular pasture designated for the purpose. A shipment of thirty cars was received at that point last week and another is soon to follow from the same source. This is not all. Other large tracts are in Montana and Canada. Much of the stock from here reaches these remote points for rounding out before consigned to market. The company recently acquired acreage in Arizona which makes the concern one of large purpose. The stock is principally owned abroad, Scotchmen furnishing the bulk of the capital, a real, sure enough lord being one of the officers of the company. The tract in this section is especially favored, not a windmill on the entire acreage, water supplied by numerous springs, while it is stated the necessity for salt is a negligible quantity.—Glenrio (N. M.) Tribune.

### VOTE FOR R. E. THOMASON OF EL PASO FOR GOVERNOR

It is your first opportunity to elect a West Texas man Governor of this State. He is running strong in North, Central, South and East Texas and if the Panhandle and West Texas voters do their part Mr. Thomason is certain to be elected Governor.

He is a man of whom all may feel proud. He has a vision and a personal knowledge of the condition and needs of the Panhandle and West Texas that no other candidate has. He was reared on a farm in Cooke

county, Texas, in which county he now owns splendid farming property. Nine years ago, with his wife and two children, he moved to El Paso, since which time he has made that city his home. Four years ago he was elected to represent the El Paso district in the Legislature; re-elected two years and elected speaker of the House of Representatives without opposition and has made a record equalled by few who have ever served the Texas Legislature as Speaker, he is a close student of State affairs and if elected Governor will make this State one of its most able executives, serving without fear or favor, and

will give to each and every citizen of the State, from the highest to the lowest, a square deal.

Mr. Thomason is 41 years old; educated in the rural schools of Cooke county, finishing his college course at the Southwestern University at Georgetown and the State University at Austin. A clean, moral man; an unimpeachable character and one of the most lovable men in Texas.

Let the men and women voters of this section of the State back up one of their own when they go to the polls on July 24th by casting their ballots for Robert Ewing Thomason of El Paso. —Pol. Adv.
