W. M. PATMAN, Prop.

WHY YOUR BOY SHOULD JOIN ing and physical fitness. In setting forth a few things the

Boy Scout movement stands for, the scout oath is worthy of consideration. On my honor I will do my best

1. To do my duty to God and my country, and to obey the scout law;
2. To help other people at all 3. To keep myself physically strong, mentally awake, and morally straight.

This obligation assumed by boy will tend to strengthen the boys character and make him dependable and trustworthy.

The scout law is commendable and

A scout is trustworthy.
A scout is loyal.
A scout is helpful. A scout is friendly.
A scout is courteous. A scout is should.
A scout is obedient.

A scout is cheerful. 9. A scout is thrifty.
10. A scout is brave. scout is thrifty. A scout is clean.

11. A scout is clean.

12. A scout is reverent.

These rules are useful in developing and training a boy and will help our boys to grow up into useful citizens, and Christian gentlemen.

The purpose of the corporation is to promote through origination and co-operation with other agencies, the ability of boys to do things for themselves and others, to train them in scoutcraft, and to teach them patriotism, courage, self-reliance, and kindred virtues, using the methods which are now in common use by boy scouts, by placing emphasis upon the Scout Oath and Law for character develpoment, citizenship, train-

The motto is "Be Prepared." The general policies are: It is not sectarian in character. It is not of a political character. It is not militaristic in character.

Relationship with the home, it does not aim to assume the responsibility of the home or the parents, but suppliment and intensify home trainng in character formation, in helping to develop in boys such traits as courtesy, habits of cleanliness of mind and body, a sense of loyalty, responsibility and honor, qualities which all earnest parents desire to

we carnestly desire the help and co-operation of parents and citizens in Clarendon in pushing this movement, and we invite the parents to meet with us in our regular meet-

# Why We're Expecting An Immense **Business This Fall**

We have told those with whom we talk and those who read our ads, and told them at every opportunity, that we know we can not constantly increase the number of customers we serve UNLESS we consistently satisfy those who have been buying of us. We believe we have been doing this and find reason for that belief in watching our sales totals mount up and up. WHY do our sales continue to increase each month? As the breakfast food man said, "There's A Reason" and we know that the reason is found in our selling GOOD goods at reasonable prices. You want neither the lowest nor the highest priced merchandise, do you? But you do want good quality and are willing to pay a moderate price for it, aren't you? You're the person for whom we try to buy the bulk of our stock. No "kike" junk, no extravagantly priced goods but "in-between" goods at "in-between" prices. That's the principal reason why we are expecting an immense business this fall—a recognition of the fact that we are trying to give honest values for every dollar we take in.

## Have You Tried Us? If Not, Then Try Us One Time

We have customers without number who have been buying their necessities of us since we first opened for business. They have tried us and found that, in deed and in truth we sell "dependable merchandise."

Our buyers are away now on an extended market trip, looking for the newest and best things. But we want careful and economical people to note and remember this: Our staple merchandise was bought long ago on a market very, very much lower than now exists. That means that we can, and will, pass on to you the saving effected. Don't overlook that. It's important.

Concluding, we want to invite every man, woman or child who has never traded with us, to give us the opporof showing our merchandise to them this fall. We know it will be worth while to you.

RICHARD WALSH, FORMER MANAGER OF THE ADAIR RANCH TO VISIT HERE

Many of the old residents of Clarndon and Donley County will remember with much pleasure, Mr. Richard Walsh, who was here in the early days as manager of the Adair interests, and who for the past several years has been in South Africa in charge of extensive ranching in-terests for an English concern. Mr. Walsh will come to America in September and will pay Clarendon and Donley County a visit. His coming will be quite an event inasmuch as he had hosts of friends before he left and the balance of us are anxious to know him personally. News has been going to him regularly since his departure from America and he is therefore reasonably well in touch with the development of

this country.

We reproduce below an article concerning Mr. Walsh and his work which will claim your interest as it appeared in the Salisbury Herald, printed in England on the 17th day of June, last:

Ranching Enterprise

Mr. Richard Walsh, the capable and popular General Manager of the South Africa Company's ranches, has severed his conection with the Company's service and left Umvuma on Monay, via Victoria, Messina and Johannesburg for Cape Town, where he joins the Llanstep-hen Castle on the 25th inst. He proposes to take a long holiday in Europe and America. We are glad to be be able to announce that Mr. Walsh has no intention of bidding a permanent farewell to Southern Rhodesia. Mr. Walsh's contract with the Agricultural Clubs, as follows: One British South Africa Company exfor the best record in the production pired eighteen months ago, but at the of corn in 1920, given by the South. request of the directors he has carland Life Insurance Co., Dallas; one ried on till now. He expects to return to this country within the next twelve months and-thus showing his faith therein-to devote himself to the cattle industry on his own account. Our reaers scarcely require -certainly few farmers require-to count. Our readers scarcely require part Mr. Walsh has played in laying on Scholarships to one of the State the foundations of the pastoral Colleges for Girls for members of dustry of Southern Rhodesia on the Girls' Clubs, as follows: One for sound principles that prevail today. the first and second year work for At the same time we feel that it will 1920, given by L. H. Lewis Company not be out of place to indicate brief-of Dallas; one for third year work by the extent of the progress that for 1920 given by Sears-Roebuck & has been made on the British South Co., of Texas; one for fourth year Africa Company's ranches during work for 1920. given by Titche-Goet-tinger Co. of Dallas.

Mr. Walsh's regime. On March 31, 1914, when Mr. Walsh assumed the management, there were 21,696 cattle on the ranches. On March 31 last there were no fewer than 88,487 head of cattle on these ranches; in the interval, of course, there had been exwill by no means be devoted to re-search work. Amusement in plenty the herds were increased by 17,836 calves born thereon. In April and May cattle to the value of £18,000 were sold from the ranches, and it is

tions, with good houses for the section managers and all are connected by 120 miles of telephone line and good roads. The amount expended on buildings on both ranches has The plans for this event include been £10,700, on wells and boreholes, the entry of fifteen pens of six fe- £7,000, on fencing £10,000 and on 34 dipping tanks in operation on the ranches—17 on each—and more are n course of construction. Life on a Rhodesian ranch is not always devoid of excitement and adventures. This will be evident-and the news may come as a surprise to our readerswhen we state that during the past year the cattle killed on Rhodesdale and Nuanetsi by wild animals num-bered 868 and that bounties to the amount of £655 were paid in the course of the year for the destruction of 77 lions, 41 leopards, 49 wild dogs and 39 crocodiles. We wish Mr. Walsh a pleasant holiday, a safe re-turn to Southern Rhodesia and many years of prosperity in the industry which he has done so much to establish an a sound basis.

fully expected that the sales for the year will reach a total of £50,000. Rhodesdale, being the older of the

ranches, is more developed than Nu-

anetsi; the latter, however, carries 9,000 more cattle than the former. Rhodesdale is divided into seven sec-

## THOU SHALT NOT

In Chicago the other day Miss Meglitsch shot and killed Julias Janas, whom she had been living with for some time, though he had a wife and family. On the streets of Sherman, Texas, last week, a woman shot and killed another married woman because she had alienated the affections of her husband. In South Texas a man killed another man for being too intimate with his wife. Thus the story is printed almost

pected to bring into competition some of the finest laying breeds known to American fanciers.

In addition to this event, the regular program for the poultry and pet the competition and a curse upon the guilty.

That curse is just as grievous and

The man and woman who tread the primrose path of dalliance are playing with a fire that will in the end consume them.
In this heydey of modern thought

and practices people often imagine that the laws of Moses as handed down on the table of stones are out During the next few weeks Secretary W. H. Stratton, of the State Fair of Texas, is going to have some important announcements to make in regard to amusements. The finest novelties and features the amusement

lates interest among members of the class! no one has any idea what the world via shotgun or automatic pistol name of the claimant will be, but I al.-Plainview News.

Mr. and Mrs. Bill Weston and her mother and Miss Maude Elliot visited in the home of Mr. and Mrs. Bain

y ited Sunday with her friend Miss e Herlois Burrell of Goodnight.

### A CHAMBER OF COMMERCE A BUSINESS INSTITUTION

to take them, take them right away and in large and copious doses. They are WORK, PRODUCE, SAVE. funded. It will not cut off the number of selves will understand the work that your years of life one bit to work we are undertaking to do, but it is twelve hours instead of eight, if you thru the combined co-operation from the producing something and are geting paid for it. Work all you can in its forward movement. The only without injury, and do a work that way Institutions can be built for the sproducing something of use and welfare of a community is thru the

welfare of a community is thru the harmonizing and sympathetic coordinates. What are you producing that is of such benefit? If you are chasing around delivering lectures on the whichness of the wherefore or the psychology of parlor Bolshevism, you are producing nothing but hot air and chin music, and the man who plants one little row of cabbages out in his back yard is of much more real. in his back yard is of much more real benefit to the world and humanity.

Save! You must do it, or you will suffer sooner or later. There are many ways you can do it, and you these changes there comes the ever owe it to your family, your country increasing summons to us, bidding and yourself to do it. By save we do not mean the buying of more morrow. Our future will be either Amarillo, Texas overnment bonds and war savings constructive or destructive; either tamps, for there is room for argu- one where disappointment lingers, or

to work and produce something of Commerce should be run as a bushemselves, we should guess no. But iness institution as near as it can be. when an article is offered for sale to you at a price you know very well is twice or more what it is honestly worth, pass it up—do without it—get along with something else. You can do it if you will, and you ought to, and have got to if you expect to escape dire distress fater on.

If you will all get in the habit of doing without things upon which the profiteers are amassing millions, they will soon come to their senses and reduce the prices; but as long as you will pay, it is a cinch that they will charge. The fault is your own.

Every time you pay \$2 or \$3 for Ever

will pay, it is a cinch that they will charge. The fault is your own.

Every time you pay \$2 or \$3 for a 75c tie, 15c for a nickle cigar, \$6 for a \$20 suit of for a \$2 shirt, \$65 for a \$20 suit of for a suit of shirt and the problem and the problem and the formal shirt and the shirt and the formal shi THE PRESBYTERIAN CHURCH Executive Board; and such Commit-meal oil cook stove. In good conditees as may be necessary. Each Department will have its special work to do and will be held responsible for that work and no one else will try to do it. The Organization of each Department will be left entirely up to the Chairman of that department and he or she will be responsible to the Executive Board of the Chamber of Commerce for its success or failof Commerce for its success or fail-

Chamber of Commerce ought to be thoroughly departmentized, and that the work can be carried on efficientif each department is well organ-ed. I don't believe that it is right

Within a very short time we ex-Within a very short time we expect to have a weekly letter to each member of the Clarendon Chamber of Commerce telling that member what has been done in the different departments for the past week, and by that means each member will know just exactly what is being done in the other departments as well as in his own department. Publicity is allowed by the control of the control o right, but the great trouble is, with all the publicity you can possibly ger. know at the spirit of their Chamber of now as a unit what the organization is doing. We are planning to let each member know just what we are oing each week.

We hope to have every citizen who is interested in the welfare of Clarendon and Donley County as a member of the Clarendon Chamber of Commerce at an early date. # **New Figures** On Tire Mileage

The Miller Tire makers, in late years, have nearly doubled their tire mileage. In their factory tests made last year no rival

tire could match the Miller service. Miller treads outwore all rivals by an average

of 25 per cent. Large tire users are making million-mile comparisons. As high as 20 rival makes are compared with Millers. Miller Tires have already,

won many of these tests. Large Miller dealers, making careful compar-isons, find that Miller Tires increase their cus-

tomers' mileage from 50 per cent to 75 per cent. It is time to get new figures on tire mileage. Try a Miller, watch the mileage, compare it with the tire that you use opposite.

Hundreds of thousands have in this way come to Miller Tires. And Millers are today the most talkedabout tires in America.

Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.
