

DR. SLOVER WITHDRAWS C. C. RESIGNATION

TRUSTEES IN ANNUAL MEETING ASK THAT SLOVER CONTINUE IN WORK

CONDITION OF SCHOOL IS FOUND TO BE BEST IN HISTORY OF SCHOOL. FACULTY IS CHOSEN WITH EXCEPTION OF THREE PLACES. VACANCIES TO BE FILLED IMMEDIATELY. FEW CHANGES TO BE MADE IN FACULTY OF PAST YEAR.

Possibly the outstanding event in the meeting of the Board of Trustees of Clarendon College held in the office of the school on last Thursday was the reconsideration of the resignation of Dr. Geo. S. Slover, president of the school for nineteen years past.

ber of students expect to be here for that time. Some departments of the school are planning extensive changes to be able to meet demands placed on them by this summer session and will be ready to start out with their full equipment at the beginning of that session early in June.

The standing of the college in the Senior rank will be accepted with the opening of the fall term this coming September and many plans are being worked out to make it the largest the school has ever seen.

COLLEGE WILL RECEIVE SENIOR RATING THIS YEAR

Dean Condon of Clarendon College, returned from a visit to the meeting of the Association of Texas Colleges in Fort Worth the latter part of last week. He stated that the University Club of Fort Worth had the best planned program of entertainment he had ever seen and that the spirit of hospitality was present at every turn.

Other matters that are usually brought to the attention of the Board were presented for their approval. It was found that the school is facing a new era of seeming prosperity and the outlook of the school is better than it has been for a number of years.

Financial matters in the school were found to be in a better condition than they have ever been since the founding of the school. There are no pressing needs of the institution for funds and the work of improvement in several of the departments is going forward without a hitch.

The faculty was chosen for the coming year and will remain the same as has been in effect for the past year with but very few changes. Three places remain to be filled, with persons in view that will fit the stations open. These which are not filled will be closed within a short time.

The faculty as chosen for the coming year is to be as follows: S. H. Condon, Dean and teacher of History and Economics; H. T. Burton, Athletics; R. E. White, Romance languages; I. W. Wade, Chemistry and Physics; Mary E. Howren, Mathematics; Mamie F. McLean, English; Ineva Headrick, English; Lena V. Griswold, Romance language; Ella Marie Ross, Art; Zetta Moon, Registrar; Mrs. P. G. Huffman, Manager of Girl's Hall; Grover C. Morris, Piano; Franke Longbotham, Expression. The vacant places on the faculty will be filled at once.

Plans are working to the most successful summer session ever held here. Present enrollments show that more than twice the average number of students are expected.

MASONS BUILDING ALMOST CERTAIN

COMMITTEES FEEL THAT BUILDING IS ALMOST ASSURED FOR SUMMER.

The committees announced in the last issue of the News have been doing their part all the past week and they are feeling that their hard at their appointed tasks of efforts have not been in vain. The option on the desired location in the heart of the business district of Clarendon is still in effect and will be held for some time yet.

Bids have been received on the upper story of the Farmers State Bank Building now occupied by the Masonic Lodge as a meeting place, but will not be acted upon until the next stated meeting of the lodge. In case the bank does not purchase the place, the lodge has a number of other plans they will put into effect immediately and some sort of plan to complete their plans for building.

The committee on securing pledges on the building have met with fair success at every turn and will have quite a sum on hand to start work on the building when they are ready for the work to be started. The committee is working on the proposition and all members who have not been seen will do well to look up one of the members and tell him that amount they might expect when the building is started. Nothing more of importance can be done until the stated meeting of the lodge when business matters can be transacted.

CLARENDON H. S. SECOND IN MEET

SECOND PLACE IS WON BY CLARENDON IN HOTLY CONTESTED EVENT.

Friday and Saturday of last week saw the closest meet in this District that has ever been staged. Clarendon fought for first places all along the line and won so many places, first and second that the place was given to Clarendon. Clarendon contestants excelled in both track and field meets and the Clarendon High School had entrants in all the finals.

One of the largest delegations ever seen at one of these meets was in Canyon for the affair the latter part of last week. Twenty-nine representatives from the Clarendon High School were on the teams that took first place. In addition to the contestants, there were sufficient visitors from Clarendon to bring the total number in attendance to near fifty for the entire meet.

Extemporaneous speaking was the first number on the card for the meet. This place was won by Byars Erwin of this city, from a field of eight speakers. He will represent the school in the State meet that will be held in Austin May 6 and 7. He was presented with a Gold Medal.

The Boys' Debating team won second place out of ten teams and was given the biggest ovation ever seen when they re-appeared on the stage after the debate was finished. The team was composed of Robert Dillard and Gilbert Johnson. The consensus of opinion of the audience had it that the Clarendon boys won the debate.

Second place in the district was won by the Music memory team from the South Ward School building. Four teams were in the competition. The Clarendon team was composed of: Dovie Parker, F. L. Behrens.

Thirteen boys were in the Senior declamation contest. Phifer Estlack tied for first place in the semi-finals and won third place in the finals after a third trial to select a winner in the semi-finals.

Isabel Baley won second place in the finals after she had tied for first place in the semi-finals for the third time. Eunice Johnson took third place in the Junior Girls' declamation contest.

As in the mental tests, the athletic events were well attended by the Clarendon representation. Second place was won here as well as in the other part of the contested meet. With no representation in the Pole Vault, shot put or Discus, the boys made a fine showing and the winners in all of the events knew they had done something out of the ordinary.

Girls Tennis was lost; Geraldine Kelly lost to Amarillo in the singles and Lelia Mae Kerbow and Ruth McDowell lost to Panhandle in the doubles.

The Boys' tennis matches were lost: Raymond Davis lost to Miami and Raymond Davis and Harold Ruddle lost to Amarillo in the doubles.

Clarendon won second place in the track and field events, tying with McLean. On the flip to decide the winner of the place, McLean won the cup. A total of eighteen points were made in all events. Seven boys qualified for the state meet in this part of the event and will make the trip to Austin the early part of May.

The Clarendon relay team took first place. Rufus White, Leonard Harris, Walter Mark Emmons and Paul Montgomery being the members of the team.

Walter Mark Emmons won first place in the 440 dash and second in the 220. Arthur Arnold took second place in the javelin throw with a mark of 150 feet and some inches. Gilbert Johnson took second place in the broad jump with a mark of nineteen feet ten inches. Robert Dillard tied for second place on the high hurdles. Both Robert Dillard and Arthur Arnold placed in the low hurdles.

Walter Mark Emmons was high point winner for Clarendon with two first places to his credit. One of the Clarendon representatives could not compete on account of scholastic standing at the beginning of the school year.

Mrs. C. L. Reavis, employed for some time in the Little Mercantile establishment, has tendered her resignation to that firm and contemplates making her home in Childress. The News wishes her the best of luck in her new home.

MAY FESTIVAL IS BIG AFFAIR

DEAN MORRIS OF COLLEGE STATES FESTIVAL TO BE GREATEST OF YEAR.

In the last edition of the News, a mention was made of the coming May Festival to be presented by the Clarendon College Department of Fine Arts. The direction of the affair is to come under that of Mr. Grover C. Morris of the department of music and Miss Franke Longbotham of the Department of Expression. The three days to be given to this affair will be the three greatest days in Clarendon for quite a time and no booster of the college will want to miss the event.

The program for the three days festival will be as follows:

- * * * Monday, May 3, 8:15 p. m. * * * "Art, Where art Thou." A play directed by Misses Ross and Longbotham. College Auditorium. * * * Tuesday, May 4, 5:00 p. m. * * * May Day Pageant. Directed by Misses Ross and Longbotham. College Campus. * * * Wednesday, May 5, 8:15 p. m. * * * Community Concert. Directed by Grover C. Morris. * * * Mr. J. Abner Sage, Guest Soloist. Methodist Church. * * *

Many of the organizations of the city have signified their intentions of assisting all they possibly can in the festival and to help, have taken season tickets to the affair. A list of those who have purchased tickets will be found below:

May Festival Patrons and Patronesses.

DISTRICT MEET SPLENDID AFFAIR

DISTRICT CONVENTION AT WHEELER IS MOST SUCCESSFUL EVENT.

The District Conference of the Clarendon District of the Northwest Texas Conference of the Methodist church held last week in the city of Wheeler, was one of the most successful affairs of this sort that has ever been held in this district. There were 102 delegates and visitors in attendance on the meeting and there would have been at least fifty more had the inclement weather not interfered with the plans of a number who were planning to attend. Rain the fore part of the week kept the larger number of the Clarendon delegation from attending, although a number were there who left earlier and thus escaped the wet weather.

W. E. Hamilton delivered the opening sermon on Monday evening. Henry Frances filled the pulpit the morning service Tuesday and Rev. J. H. Hamblen of Clarendon held the office for the evening service Tuesday. Rev. C. A. Bickley of the city of Vernon had planned to be present for the Tuesday morning service, but was held off by the weather. Rev. J. T. Hicks preached the closing sermon of the event at the eleven o'clock hour Wednesday.

Especially prominent was given the Sunday School, League and Missionary Society work of the church with a proportionate amount of time being held for the laymen of the church to discuss their plans and to tell of the work they had done for the year and their plans for the remainder of this coming year. The work of the laymen was found to be in fine condition all over the district. This section of the work of the church has set as a goal, the distribution of five hundred copies of the "Methodist layman", their official paper over this district this year. The organization of Brotherhoods was also stressed as this part of the work of the church has been found to be especially effective wherever they have been organized and properly worked.

The financial condition of the church in this district is found to be splendid. The members plan to have Clarendon District one hundred per cent when the Annual Conference meets this fall. Over one half of the Missionary Special has been raised and the entire fund will be on hand before the close of the year. The dollar per member for Clarendon College has almost all been raised and turned to the school for maintenance.

The spiritual condition of the church is good, fine revival having been held all over the district since the last Conference was held. One example is that of the Wellington church where there were 125 conversions and ninety-six additions to the church in a very short time. The next meeting will be held in Hedley, this town having won the meeting from Pampa by the narrow margin of six votes. The vote of thanks from the entire district was given the people of Wheeler for their efforts in giving the delegates and visitors the best entertainment that the district Conference has ever had. Grandma Rogers was present at the meeting and lent her assistance to make the affair a success.

Delegates were chosen to the Annual Conference and will be as follows: G. E. Garrett, Claude; W. W. Carter, Dodsonville; Mrs. Nina Greag, Heald; Mrs. John W. Hawkins, Hedley; H. B. Hill, Shamrock; H. W. Kuhn, Memphis; Mrs. Scott Johnson, McLean and Arthur Giddens, Plaska. Alternates are: J. A. Mahan, Wellington; W. L. Blaylock, Lelia Lake; M. M. Noble, Clarendon and R. N. Rutherford, Claude.

MARKET INSTALLS OVEN TO PREPARE MEATS FOR SALE

Russell's Market of this city, installed one of the latest and most up-to-date electric ovens on the market the fore part of this week to care for their use in preparing their cooked meats for sale. The oven was installed by the Texas Central Power Company and is another instance of the extension of their service to the patrons. The oven will be used to cook the meats sold during the summer months and will allow the patrons of the place to see their meat as it is in the course of preparation and to see what methods are used to make it ready for their table use.

Mr. Fred Rathjen motored to Childress last Sunday.

SECOND TRADE TRIP TO BE MORE INCLUSIVE THAN FIRST OF SERIES

THURSDAY, MAY 6, SET FOR SECOND OF SERIES OF TRADE TRIPS TO ADVERTISE DOLLAR DAYS FOR CLARENDON MERCHANTS. OIL BELT LOOP TO BE INCLUDED IN PART OF TRIP. FIFTY CARS AND TWO HUNDRED PEOPLE EXPECTED TO MAKE TRIP.

CLARENDON'S FIRST PASTOR VISITS FRIENDS IN CITY

Rev. W. A. Cooper, a pioneer pastor of the Panhandle country, returned to the scenes of his earliest pastoral work when he stopped over night in Clarendon Tuesday. He came direct from Birmingham, Ala., by the Methodist Missionary Board, where he had been sent as a delegate. The object of his visit was to retrace the course of his first ministerial efforts. Reverend Cooper has been in the ministry 43 years and still holds an important charge at Arcanum, Ohio, a city of 30,000.

He came to the Panhandle in an early day and held charges at Mobeetie, Old Clarendon and in this city. He had a charge at Mobeetie as early as 1886 and was one of the first citizens of the old town. Leaving here in 1893 he took a charge at San Antonio and later was moved to Santa Fe, N. M. Leaving that city he settled in Ohio and has remained there ever since. Rev. Cooper performed the first wedding ceremony, baptized the first babe and conducted the first funeral in the old town.

While in the city he called on the Chamberlains, Stockings and other old timers of the city.

Rev. J. T. Griswold will leave this evening for the meeting of the General Conference of the Southern Methodist Church in Memphis, Tennessee. Rev. Griswold is a member of the General Board of Education.

ROAD WORKERS FEEL CONFIDENT

AUDIENCE WITH CAGE IN AMARILLO PUTS NEW LIFE INTO WORK.

On last Thursday, Messrs. G. G. Kemp, A. T. Holcomb, J. H. Hurn, and Homer Mulkey made a flying trip to Amarillo to meet Mr. Cage, Road Supervisor, who was on a trip of inspection through this district of the state. An audience was secured with which Mr. Cage in the Amarillo Hotel and quite a bit of time was spent with him, together with Mr. Cox, Division superintendent.

The intent of the meeting was to impress Mr. Cage with the importance and advisability of the designation of the road from Clarendon to Floydada as a continuation of Highway No. 88, which starts in Liberal, Kansas, and ends in Clarendon. Maps were shown and Mr. Cox told of the condition of the road from Clarendon South. The road has already been put on the probable list in the Highway Department at Austin and it is possible that the designation will be made at some time in the near future.

It was brought out in the meeting that this suggested designation was more of a possibility than any other that has been wanted by Donely county for a number of years. The reason for this was shown that the greater part of the roads designated the past few months have been those running between the east and west roads. The road as wanted will open a great territory that has been hitherto closed to travel. The scenic highway to the south of Clarendon, just this side of the caprock near Silverton is one of the most beautiful roads in this section of the state and is comparable to that found in some sections of the states of New Mexico and Colorado.

Dr. Oscar Jenkins attended the convention of the American Medical Society at Dallas the past week. He reports that Dallas set a new high mark in the matter of entertainment, which greatly impressed the visiting physicians from other sections of the nation.

Miss Mary Beall McGee, principal of Clarendon High School, was called to her home in San Marcos last Tuesday night because of the serious illness of her father.

Plans are being formulated to make the second of the series of Trade Trips for the merchants to advertise the second Monday in each month as Dollar Day in Clarendon. A tentative schedule has been made that will cover many of the towns of the Panhandle oil section and tell that part of the state of the possibilities of Clarendon as a buying center.

Fifty cars are expected to make the trip and it is hoped that two hundred representatives of the city of Clarendon and the business men will see fit to make the trip. The band will make the trip with the boosters and will assist to entertain the cities that the trip passes through.

The expected itinerary will include Goldston, Jericho, Groom, Panhandle, Conway, Claude, Goodnight, Ashtola and Martin. Stops will be made at all the mentioned cities and matter will be distributed that will make the trip a success.

The first Dollar Day, held April 12, was one of the most successful affairs of this sort that has ever been held in Clarendon. The greater part of the merchants of the city had their windows in the correct manner of display and many of them reaped largely from the effort they had made. The scheme was so shortly made up that many of the folk of the city did not have sufficient time to prepare for the event to any great degree, but all of them state that they will do their best for the second of these affairs that are to be held in Clarendon.

If the plans of the Chamber of Commerce do not go amiss, these days will be continued through the summer months until fall when the business conditions are much improved and little is needed to stimulate trade.

M. A. Dewell attended to business matters in connection with the store in Artesia the fore part of this week and returned to Clarendon Tuesday, leaving shortly for the Chillicothe place of business, where he will be for a few days.

R. M. Chunn, for the past several years an employee of the Light and Power Company of this city, left the fore part of this week for Panhandle, where he will be connected with a light company of that city.

R. H. Jones and wife of Hedley, were in this city Tuesday.

COLORED FOLK SHOOT IT OUT

TWO ARE DEAD AS RESULT OF FRACAS SUNDAY EVENING.

Dick Bates and Harry Patterson, respected citizens of the colored section of Clarendon shot and killed each other Sunday evening in a pistol duel. It seems that there had been some argument as to the presence of one Harry Patterson in the place of business of Dick Bates and that the owner had been invited out in the street to shoot the matter out. Bates secured his gun, a .45 Colts revolver and started the scarp. Patterson was hit once in the abdomen, the wound causing his death a few minutes later. After he had fallen to the ground outside the residence of Bates, the injured man drew his gun, a .38 automatic and emptied it into Bates. All shots took effect.

Dick Bates is one of the oldest residents of the colored section of the city and leaves two children. Harry Patterson is one of the late comers to the city and was one of the staidest set in the colored section of the city. He leaves a widow.

This altercation is the first that has been seen in Clarendon for a number of years and will cause the citizens of that section to watch their steps a little closer than they have been accustomed to doing of late.

NOTICE—Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

Clarendon people are generally pleased with the action of the general board of trustees of Clarendon College, when it asked Dr. Slover to withdraw his resignation as president of the institution. If Dr. Slover can continue his oversight of the affairs of the college without peril to his recovery, then the school is very fortunate and much cumulative good will come of the continuance of his administration. It is hard for a school to pass from one administration to another without loss in prestige and good will and those who love Clarendon College are reassured in her senior rank by Dr. Slover's acquiescence in the plans of the board. We are behind you and Clarendon College, Dr. Slover.

From all quarters comes the news that the citizenry in all walks of life who want to see Texas under a sound, honest business administration, are aligning themselves under the banner of Hon. Lynch Davidson, Democratic candidate for nomination as governor. There never was a time when the state needed a real business man in the governor's chair, as now. Of all the candidates now in the field, Lynch Davidson is far and away the best qualified, he is making a campaign on principles, devoid of mud-slinging personalities, and is claiming the adherence of all those who want a middle-of-the-road candidate for executive of this state. Some candidates have had their greatest popularity. Lynch Davidson will attain his in July.

NO GLAMOUR THERE

What glamour there is in crime. Drefus Rhodes, 25, who escaped from the Oklahoma State prison and killed a policeman has been sentenced to death. A government officer who trailed him said he had more nerve than Gerald Chapman and more self possession than Dutch Anderson.

That officer's statement is typical of the American attitude that has encouraged crime. Streamer headlines, sob stories and undue sympathy have given the life of a criminal a glamour such a life does not actually possess. Where in the statement of the government officer does it say Gerald Chapman died in the electric chair? Where does it mention the end of Dutch Anderson who died in an alley fleeing and afraid? The deaths of those men were not heroic, yet thousands of stories have been written which picture them so.

The end of Drefus Rhodes will not be dramatic. It will be sordid. Crime will decrease when the general public learns the criminal must and will be punished and when boys and girls are taught the truth about criminal life—that it is a life of fear, hate and suffering.—Wellington Leader.

Machinery has been set in motion which promises to settle the telephone rate controversy, which has been smouldering in Clarendon for the past few months. Here's hoping that the settlement comes speedily and with the minimum amount of dis-satisfaction. Any issue—whether civic, political or religious—that divides the citizenship of a community and gives opportunity for the display of ill-feeling, is an issue that merits the best thought and attention of the citizenship, looking to its speedy and satisfactory settlement. All can agree on that basis, and from such a premise go forward to a smoothing out of all differences.

Our old friend, T. T. Waggoner of the Claude News, gets a little suspicious over the difference in estimates of the attendance at the Panhandle Press Convention at Amarillo, given out by the McLean News. The McLean News spoke of the fifteen in attendance and the Clarendon News mentioned the forty present. We were both right, Tom. Our esteemed McLean contemporary was referring to the bona-fide newspaper owners present, while this column had reference to the newspaper men and their families and the paper salesmen, etc., who were there. Panhandle newspaper men are nearly always right—sometimes.

COLLEGE DAY AT THE WEST TEXAS CHAMBER OF COMMERCE IN AMARILLO, JUNE 23.

Wednesday, June 23rd, has been designated as "College Day" at the annual convention of the West Texas Chamber of Commerce, which opens at Amarillo June 21. This day, set aside for the colleges of West Texas, is always one of the most interesting and colorful of the entire convention, and is one that Clarendon College and Clarendon people should not overlook.

The convention being held this year in Amarillo, will tend to lessen the number of schools to be represented, since the distance is so great from other sections, but it is all the more reason that Clarendon College and other colleges in this immediate territory should make extra effort to make a most imposing showing. It is very probable that delegations and floats will be on hand from only Clarendon College, West Texas State Teachers' College at Canyon, Wayland College at Plainview and Texas Technological College at Lubbock.

Since Clarendon College is the oldest educational institution in the Panhandle territory, it is more reason why our school should set the pace in preparing a decorated float, indicative of the cultural standards of our home institution. Local and summer school students could make an impressive marching unit, while the Municipal Band leads the parade.

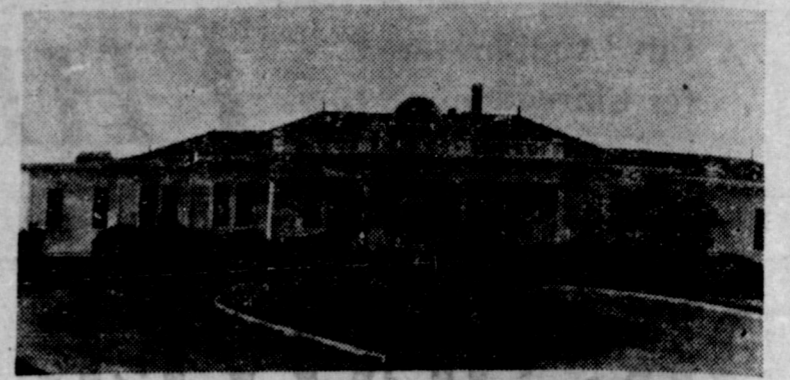

It is not too early to begin now to prepare for an appearance on "College Day" that will give the forty thousand visitors a new idea of the importance of Clarendon College and a demonstration of the loyalty of Clarendon people.

COTTON WILL ALWAYS REMAIN 'POOR MAN'S CROP', ASSERTS SPEAKER

Cotton is and will remain a "poor man's crop" and the cotton farmer must dismiss the idea of sitting on the fence while his crop is made, Shephard W. King, Dallas cotton merchant and large scale cotton farmer, told the economics session of the Southwestern Political and Social Science Association meeting for the second day at the Jefferson Hotel in Dallas Friday afternoon.

Mr. King further precipitated a lively discussion by adding, "And if we of the South continue to raise cotton and expect to receive as high as 20c a pound for it, we must expect competition from the entire world that may ultimately put us out of the running." The hordes of cheap laborers in India and other cotton producing areas of the world, who live at a much lower standard of living than Americans, will keep cotton farming a poor man's job, he said.

Charles Trent left Sunday morning for Dallas, where he will join Mrs. Trent, who went there the latter part of last week for medical treatment. They will possibly return the latter part of this week.

OUR WANT ADS GET RESULTS

ECONOMIZE

Just now the bankers all over the country are preaching economy and we all know that its the thing to do, the problem is how and where. Most everything else can be done electrically, why not economize electrically?

Statistics show that throughout the country one man with the aid of electricity can do the work that formerly required thirty men, and at one fourth the cost.

You can do the cooking for the average family with electricity for less than it can be done with coal, and its the most modern way of cooking.

Summer will soon be here and hardly a day will pass that we won't spend at least a dime for a cold drink that will cool us off for a few minutes, and the same dime spent for electricity would keep the entire family in the home, cool for ten hours.

There are many other ways you can save time and money by using electricity, call at our store and let us tell you about it.

CITIZENS CEMETERY ASKS ASSISTANCE FOR YEAR

The trustees of the Citizens Cemetery have completed mailing out about 1500 letters asking those that have relatives and friends buried in the cemetery to make such donations as they feel able in order that the work on the grounds may continue as it has in the past. This is a very worthy cause and should be given deep consideration by all and prompt action in meeting the obligation. The cemetery is considered one of the best kept of any in this part of the state and let us all send in such amounts as we feel able and help the trustees to continue the good work for "those resting there."

Mr. and Mrs. H. B. Kerbow were Amarillo visitors Monday of this week.

KEARNEY STREET PICK-UPS

L. O. Lewis: "Am proud of my boy's getting on the honor roll at State University his first term there." And Mr. Lewis has a right to be—they don't hand out any favors down at State U.

Bennett Kerbow: "If some of you birds took to coming to lodge, I don't know what would happen." Guess they'd have a hard time getting in, unless some kind-hearted brother would vouch for 'em—huh?

Jim Patman: "Just had to get back into business in Clarendon." Spoken like a gentleman and a patriotic citizen. They ain't no better towns to live in and do business than Clarendon.

Jas. Trent: "This golf business has cost me about half my force. I count Charley as about half and he has 'took up golf' with a vengeance." Get on the band wagon, your own self, Mr. Trent—mighty fine for a young man like you.

Dean S. H. Condon: "The University Club at Fort Worth certainly knows how to entertain. The entertainment of the representatives of the Texas Colleges the past week was wonderful, and the inspiration of the occasion was worth all the time and expense."

Bill Patman: "We can't have high rentals on residence property in Clarendon with salaries no higher than they are." In other words you can subtract x from y, if y isn't big enough to stand it.

H. T. Wallace says he wishes the Clarendon News was published semi-weekly. That would be nice, but that means the perpetrator of this column and his associates in sin would have to work twice as fast—with the golf season getting in full blast. Nix. Nix.

Fred Chamberlain painted the morning rosy for Pickups the other day by telling us how good a paper The News is these days. Somehow we can stand that kind of conversation pretty well.

A Clarendon Gump says the Clarendon high school debaters won the finals in debates at Canyon the other night, but the other team got the most votes. Sometimes it happens that way, but there is no bunch of folks in this end of the world that can stand that sort of thing better than Clarendon people.

The "culud gemman" who works for Bob Biggers says after the double killing over across the tracks the other night, you could have heard a rat eating cheese as far down as Wichita Falls. And we bet that is the undoesed truth, too.

Three more heroes in town. A new city equalization board is sitting.

WESLEY KNORPP HOME FROM LONG BEACH, CAL.
Thursday of last week, Wesley Knorpp, president of the Donley County State Bank, returned here from Long Beach, Cal., where he has been spending the latter part of the winter with his family. Mr. Knorpp reports conditions very favorable in California, and is much pleased with the outlook in Donley County for this year.

WALLACE & COMPANY MAY LOCATE IN ESTELLINE

Wallace and Company of Clarendon and McLean are interested in putting a stock of dry goods in Estelline. Mr. Wallace states that they would be glad to contract a building immediately if desirable location can be obtained. Wallace and Company have recently incorporated and contemplate having four big stores doing business in the Panhandle of Texas before fall. Mr. Wallace who has been owner and manager of the company in Clarendon and McLean for several years is a wide awake business man who is not afraid to advertise his goods and boost for the town he lives in.

We hope the company will be able to secure a building suitable for their needs and locate one of their stores in Estelline.—Estelline News.

STAR PARASITE REMOVER
A GREAT POULTRY REMEDY
Given freely in drinking water or mixed in feed thoroughly kills them of all blood-sucking lice, all mites, fleas and blue-birds, destroys in them all intestinal worms and parasites. Its formula is sulphur and other ingredients known remedies for improving the appetite, purifying the blood, tonic the system and preventing disease. Better prevent than try to cure. Contains no alcohol or poison. Can be given to all ages of chicks, old fowls and turkeys, any kind of weather with good results.
It costs very small—a one dollar bottle will last 100 fowls more than 100 days. The manufacturers are anxious for all poultry raisers to try it 60 days at their risk on the following conditions: After using 60 days if your flock has not improved in health, produced more eggs—eggs that hatch stronger and thrifter young chicks—come back to your dealer—we are authorized to refund your money.
BALL DRUG COMPANY

EXPERT WATCH REPAIRING

Watches repaired at Stocking's Drug Store are turned out with the skill of a factory expert. Every pivot is polished, every plate is trued, every pinion is perfectly adjusted and the balanced wheel is timed just as it was when leaving the factory. Hugh E. Skiles, formerly a railroad watch inspector does the work in such a manner that the watch owner may rely on his timepiece.

Remember the May Festival, May 3, 4 and 5.

Williams-Rutherford

Last Saturday, at Clarendon, was announced the marriage of Mr. Carl Williams and Miss Rena Rutherford which occurred in Childress, at the home of Rev. Garland Shell on Friday, April 16. The young couple intended keeping the wedding a secret until the close of the school term, but changed their plans and made their announcement Saturday.

Mr. Williams is an employee of The Childress Index and a former employee of the Childress Post. Miss Rutherford is a daughter of J. H. Rutherford, of Clarendon and is acquainted in Childress, having visited here for the past year. She has been teaching at Memphis where she will finish the school year. The wedding is a culmination of a college romance, the couple having been sweethearts while attending Clarendon College—Childress Post. The bride is one of the popular daughters of Clarendon and the News congratulates the bride and the groom, both former students of Clarendon College, upon their decision to embark upon the martial adventure. May they live and prosper with the felicitations of their many friends in the community.

The T. E. L. class have for sale cream, cake and sandwiches on election day, July 24th, on the corner of the Rexall Drug Store.

Mother's Day (May 9) Cards at Ethel Rutherford's Shopp's (17c)

FIRST CHRISTIAN CHURCH

If you are looking for a Sunday School that believes in Christian fellowship, where pupils and teachers, superintendents and preachers all work together, then come visit us Sunday. It makes no difference how old you are nor how young, whether you are single or married, there will be a class for you and a brotherly, home-like fellowship. Don't miss the Communion and church services.

Sunday morning sermon, "Noah and Jesus." The C. E. society will meet at 6:00, an hour earlier, as we are expecting several young people from Amarillo to visit our society. Preaching at 8:00, sermon, "Building, According to the Pattern."

A party of local ladies motored to Amarillo for a few hours visit last Sunday afternoon; those in the party were: Misses Rhoda and Helen Weidman, Lillian Quattlebaum, Rae Ballew, and Mrs. A. C. Hallmark.

The FLORSHEIM SHOE

When you buy a new pair of Florsheims, you have the same feeling as when your house has been re-decorated. Things have been freshened up a bit, but you still feel entirely "at home."

Mr. and Mrs. Monty Garrison made a short visit to Amarillo Sunday of this week.

Miss Lena Bedell of Tyler is in the city for a visit this week in the home of Mr. and Mrs. O. T. Smith.

Morton Whitesitt of the Childress Post force was in Clarendon over the last week end for a visit with friends.

Miss Imogene Condon, former Clarendon College student, whose home is in Elgin, Texas, was in Clarendon for the last week-end with friends and relatives.

Messrs. Dick Cooke, Weldon Jolly and Homer Corbin visited friends in Memphis last Sunday.

Mrs. J. H. Watts visited in the Brian Bybee home at Lockney the latter part of last week.

Miss Ethel Rutherford spent Sunday in Tulsa, visiting her sister, Miss Ruth Rutherford.

T. E. L. CLASS MET IN KEYS HOME

T. E. L. Class met in a business and social meeting at the home of Ralph Keys and Mrs. Cleo Keys Tuesday afternoon. After the business hour the meeting was turned over to the hostesses. Dainty refreshments consisting of cream and cake were served to the following: Mesdames Land, Whitlock, Mace Buck, Barns, Ratcliff, Hart, Speed, Brooks. Guests were: Mrs. Simms, Cole and Young.

HANNA-POPE INSTALLS NEW CASES FOR SUIT SHOWING

The latter part of last week the Hanna-Pope Company of this city, installed one of the most up-to-date cases for the proper display of men's clothing that has ever been seen in the city. The case is of the wall type with revolving hangers for the suits. Two tiers of the hangers in each of two cases gives them ample room to display their merchandise and also the clothing is protected from the dust that will arise in the store. In addition to the display case, there is a small compartment that will be used for a dressing room and that will save many trips to the basement when a prospective purchaser desires to try on a suit before the purchase is effected.

CLASSIFIED

Clarendon Chapter No. 216: Stated meetings held on first Friday of each month. M. T. Crabtree, High Priest; E. A. Thompson, Secretary.

Clarendon Lodge No. 700 A. F. & M meets second Friday night in each month. Bennett Kerbow, W. M., E. A. Thompson, Sec.

The greatest business in the world is Life Insurance, pleasant work and good income. I want a representative in Donley County. Write Manager, National Reserve Life Insurance Co., Box 81, Wellington, Texas.

TO WHOM IT MAY CONCERN
We have lost no sweet potatoes, notwithstanding some misinformed people and liars are reporting that we lost all seed bedded.
T. Jones & Co. (17c)

If you want your mattress renovated, call Lee Morrison at No. 191. (20pd.)

MICHAELS-STERN CLOTHES

Are you looking like a wrong number in the big telephone book of life?

Everyone who looks you in the eye—looks you in the suit.

A poorly turned lapel can discount all the \$7 words in your vocabulary.

A shiny elbow outshines the polish of a Bachelor of Arts.

1000—yes, 10,000 times a day you are taken at face value—you are judged just like a piece of furniture—except that there is no premium on antiques.

A new double breasted suit costs less than the double cross of too rigid economy.

DRESS UP --- it's May and these new (Michaels-Stern) suits may be the turning point of your whole life.

HAYTER BROS. THE MEN'S STORE

Remember the May Festival, May 3, 4 and 5.

The intercollegiate debaters of the College have put much time and effort into preparation for the dual debate between Lubbock Tech and Clarendon College to be held in the College auditorium Friday night of this week. The patronage of the townspeople in events of this kind is always gratifying and it is expected that a good sized crowd will attend. The local school will have representatives in Lubbock at the same time and the two debates will be carried on simultaneously.

Mrs. Carl McAdams of Lockney is visiting on the Monty Garrison home this week.

E. A. Taylor, manager of the local planing mill has again demonstrated his ability as a woodworker in the novel music cabinet and file that he designed for the Music Lovers' Shop. The cabinet provides compartments for the various types of selections and in addition provides good display facilities, although it occupies a minimum of space.

PURELY PERSONAL

Mr. A. N. Wood returned last Thursday from an extended trip into East Texas and southern Oklahoma.

J. R. Wood of Jacksboro, Texas, arrived last week to spend the summer months in the home of his son, A. N. Wood.

A small party of young folks motored to Tulsa last Sunday, making the trip with Ex Brooks.

J. D. Summers of Mountain Air, New Mexico, arrived early last week to take up a position in Reed's tailor shop.

Mrs. W. O. Butler returned late last week from a visit with relatives in Royse City.

We are glad to note another newcomer has allied himself with Clarendon interests; Mr. Russell Clark has assumed the operation of the meat market in the Quality Grocery.

Mr and Mrs. R. C. Vinson announce the birth of a daughter Monday, April 26th.

"MEDICINAL BEER" BARRED AS DRINK

AUSTIN, Texas, April 22.—The Dean act, Texas, prohibition statute, will not permit the sale in this State as a beverage of the so-called 3.75 per cent "medicinal beer," the Attorney General's Department in an opinion by Assistant Attorney General L. C. Sutton ruled Thursday.

Within the meaning of the Dean act "this preparation must be classified as intoxicating liquor and the provisions of the law in reference to permits of manufacturers, wholesale and retail druggists apply" the opinion holds. In other words permits are necessary to the same extent in reference to this preparation as they are in respect to other intoxicating liquors, that is "medicinal beer" can be sold in Texas only on prescription from a doctor who has been granted a permit to fill such prescription.

Figuring that a physician would charge \$3 for a beer prescription as he now charges in Austin for a one-pint whisky prescription, "medicinal beer" probably would not be very popular in Texas.

It is held in the opinion, which was given State Comptroller S. H. Terrell, that "medicinal beer" is not a medicinal preparation manufactured in accordance with formulas prescribed by the United States Pharmacopoeia, or National Formulary or American Institute of Homeopathy.—Dallas News.

CLARENDON WOMAN TO BE ONE OF PARTY TO MAKE EUROPEAN TOUR

Miss Annie L. Bourland, secretary of the Donley County State Bank, will be a member of the All-Church Press Dunning Tours to Europe, Egypt and Palestine this summer, according to announcement just made. Miss Bourland will sail from New York June 19 on the S. S. Volendam, which has been selected for the Eastern passage by Dunning Tours. The Volendam is a new steamer of the Holland-American line and is the one on which numbers of Texas people sailed during the past several summers.

The Dunning Tours will arrive at Boulogne June 28, from there take the train to Paris. The entire balance of the week will be spent in

brightest and most colorful pages. It is awesome, but it is also inspiring when guided by one like Dr. Dunning who knows the particular bit of history that is carved into every one of its broken columns.

July 21 is the date set for arrival in Constantinople, visit to the Museum, St. Sophia and other principal mosques, the Hippodrome, etc. After that in rapid succession come Smyrna, Rhodes and Cyprus.

"Where Jesus Trod"

"From this date (July 22) on through the middle of August, I expect to spend some of the greatest days of my life," said Miss Bourland. "Dr. Dunning is an authority on the Holy Land and Egypt, having written two books on these countries and having had the widest travel experience there, reinforced by a thoroughly critical scholarship."

Beirut, Baalbec, Damascus (the oldest city of the world), Tiberias (Canaan of Galilee—the Mountains of the Beautitudes), Nazareth, Samaria, Jacob's Well, Shiloh, Bethel, Jerusalem (Church of the Holy Sepulchre, Garden of Gethsemane, Mosque of Omar on the site of Solomon's Temple, Mount Zion, the Walling Place of the Jews, etc., etc., Bethlehem, (Solomon's Pools), Hebron, Mount of Olives (Garden of Gethsemane), Bethany, Jericho, the Dead Sea and the Jordan—Suez Canal, Land of Goshen, Cairo (Museum with relics of Rameses the Great and other Pharaohs, treasures from the tomb of Tut-Ankh-Amen, Old Cairo and the Island of Rhoda where Moses was found in the bulrushes, mosque, streets and bazaars of modern Cairo, Alexandria—these are but a few of the dozens of places that will be seen in and around the "Land that flowed with milk and honey" some 2,000 years ago.

Literary Shrines

Another day or two in France and a second visit to Paris will be made on the return trip. The Tour winds up with a grand flourish, for what else could one call a visit to London, England, Holland and Belgium? To many, it's worth the price to see the church where Shakespeare lies, the spires of Oxford the "Little White Town" of "Westward Ho," the churchyard where Gray wrote his immortal Elegy, the tumbling castles of "Bluff King Hal" and a thousand and one other spots in England that have been woven into the heart of every American.

And of course it's a thrill to everyone to see the country of canals and windmills and dikes—of tulips and brightly painted houses and gaily clad children in baggy trousers, voluminous skirts, starched caps and wooden shoes.

Miss Bourland will arrive in New York September 10th on the S. S. Ryndam.

Friends to Accompany Her
Miss Bourland is one of Clarendon's most accomplished and versatile young ladies, an efficient banker, an active church worker, a musician, and popular in the best circles of society. Two years ago she made an extensive tour of the east, visiting New York, Washington and other eastern cities. Miss Bourland has a large circle of friends in this and in other states, and several have expressed their intention of making the trip with her—among them is Mrs. George Cope, formerly of Clarendon but now of Fort Worth.

The Dunning Tours are among the oldest agencies in the country, having been established in 1895. They care for every detail of travel and arrangements, so that all one has to do is to enjoy himself and profit by what he sees. For the past three years, All-Church Press newspapers, with headquarters at Fort Worth, have been collaborating with Dunning Tours in order to stimulate Holy Land travel, because of the real awakening such travel always arouses.

Messrs. J. W. Martin, C. W. Bennett and S. W. Lowe are the members of the Equalization Board for the city this year. Hearings will be held on May 4 and 5.

MISS ANNIE BOURLAND

and around Paris, seeing the Louvre, Luxembourg, Madeline, Eiffel Tower, Bois du Boulogne, Versailles, where the peace treaty was signed, and the palaces with their memories of Marie Antoinette and the kings of France. Excursioning to the battlefields, visiting Chateau Thierry, Belleau Wood, Rheims, etc.

Beyond the Alps

From there party will go into Switzerland and linger a while among the world famous lakes, Berne, Interlaken, Muerren, Loetschberg and Simplon will be visited enroute to Milan, the first of a ten day's stop in Italy. In Venice, thought by many to be the most picturesque city in the world, Miss Bourland will see the church of St. Mark, the Doge's Palace, the old Rialto, etc.

Returning from an excursion to Lido, the famous bathing beach, the Tours will go direct to Florence for a Sight of the Uffizi and Pitti Palaces and Balfisten. Then comes the Eternal City, Rome—Ancient Rome with its Forum, Coliseum, Catacombs, Baths of Caracalla, Appian Way, etc., Medaevael Rome, where is St. Peters, Sistine Chapel, St. John Lateran, the Scala Santa and other churches; also the museums of the Vatican, Capitol and private collections.

On Wednesday, July 14, the party arrives in Naples, the largest city in Italy and a city of over 300 churches, a city of sheer beauty, breath taking colors, of laughter and sunshine and music. Sailing from Naples the 16th, the party will arrive on the 17th in Malta, where St. Paul was shipwrecked. This will be particularly interesting to students of the Bible and to those who have been following Mrs. W. F. Barnum of Fort Worth in Sunday School lessons over WBAP.

Cradle of History and Art
Going on up to Athens they will see the "Glory that was Greece"—the stupendous remains of a country that furnished history many of its

Bad Color (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Theford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."

Ford Highest in Quality Lowest in Price

Ford cars are built throughout of the finest materials that can be produced. The very best steels available are used in Ford manufacture. The plate glass for windshields and windows is a perfect as can be made. Upholstery material contains a larger percentage of wool than is ordinarily specified—even for much higher priced cars. The basic features of Ford design have never been improved upon by any manufacturer.

No other car offers greater dependability. The Ford car has won the favor of millions of users under every conceivable motoring condition. Its convenience is known and appreciated the world over; its performance is taken for granted.

Such quality is possible at Ford prices because every operation,

from mining of ore to final assembly, is under direct control of the Ford Motor Company.

Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Glass comes from Ford glass plants; wood from the Ford timber tracts in the North. Raw materials and finished products are carried over the Company's own transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization. There are even salvage plants, paper mill, cement plant, etc., to transform waste materials into useful by-products.

In this way every possible economy is effected. Under no other circumstances could Ford quality be had at Ford prices.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. One! 85 cts. At any drug store. (Adv)

Sound Business Principles

The Telephone business industry has just one source of revenue. That is the sale of its service. When this revenue is sufficient to pay the cost of the service—which includes the wages of the capital employed in the industry—continuous good service is assured. But every item that adds to the cost of the service must be reflected in what the consumer pays for the service—for what the consumer pays is the only revenue the company can get.

So the burdens of taxation—the cost of government—when imposed upon the public utilities out of proportion to other industry are added charges against the people who use this public utility service. To impose undue tax burdens on any public utility simply makes that utility a tax collector—but it must in the very nature of the case add to the cost of that utility service.

Clarendon Telephone Co.
O. L. FINK, Supt.

BUTTON GWINNETT, SIGNER

Twenty-two thousand five hundred dollars was the price paid recently for an autograph of Button Gwinnett, one of the three Georgia signers of the Declaration of Independence, which will be commemorated by the Sesqui-Centennial International Exposition from June 1 to December 1. His autograph is said to be the rarest of any of the fifty-six signers.

Gwinnett, the son of a minister, was born in England in 1732. He received a good education and was not illiterate as is commonly supposed. He emigrated to America and settled in Savannah in 1775. Here he became a successful business man and planter. He purchased a plantation on St. Catherine's Island, off the coast of Georgia, and gave his attention to agriculture.

Previous to 1775, Gwinnett had not taken an active part in politics, but the subsequent enthusiasm with

which he maintained Columbia rights attracted the attention of his fellow citizens. At a meeting of the Provincial Assembly held in Savannah in January, 1776, he was appointed a representative in Congress, signed the Declaration, and in October was re-elected for the ensuing year.

In February, 1776, he was appointed a member of the State Government, and is said to have furnished the basis of the Constitution which was finally adopted. Within a year after his first appearance in public life, he was appointed President of the Provincial Council, the highest station in the province, through the death of Archibald Bullock. As Commander-in-Chief of the Army of Georgia, he headed the expeditions against the British forces occupying St. Augustine.

At the time when he represented Georgia in Congress, Gwinnett became candidate for brigadier-general of the Continental brigade to be levied in Georgia in opposition to General Lechlan McIntosh, but was unsuccessful in the election. This defeat so embittered the signer that they were enemies ever afterward. In a session of the Assembly, Gwinnett was insulted by McIntosh, and the former challenged him to a duel. They fought with pistols at a distance of twelve feet, both were wounded above the knee, and Gwinnett died shortly afterward.

OUR SEC. SAYS

A discussion of the value of feeding hogs and the feed of Donley county and marketing them on the peak of the market as it now is, seems to be a good idea for the farmers of the county. But the great trouble is that the farmers who have worlds of feed do not have any hogs to feed.

The experience of hog feeders of this county shows that five pounds of crushed maize or kaffir and a pound of cottonseed meal produces fat of marketable quality and makes it fast.

At the present prices of feed a combination of the above feed ration costs ten cents for eight pounds balanced against thirteen cents for the pound of fat that was produced by this ten cent ration.

An investment every two weeks that will pay thirty three and a third percent dividends is one to be studied because of its quick turnover and also because it comes from a commodity that bids fair to be left on the owner's hands as a total loss.

It has not been the attitude of the local chamber of commerce to encourage the importation of large number of hogs into the county but the above figures are taken from Donley county records of actual feedings that have been made and are now being made within the county. It has been the intention of the chamber of commerce to aid in whatever manner possible, the farmers in getting just enough hogs to care for the scraps and waste of the home and farmyard, converting these wastes into a nice finished hog of marketable size for the home use. In this manner, the middleman who has to do with the great difference between the Iowa farmer who produces the meat and the Texas farmer who eats it is lessened by many cents per pound of meat consumed.

DEATH AT GILES

On Friday, April 16th Giles was made sad by the death of one of our most estimable citizens, W. M. Stotts, or "Grandpa" Stotts as we all loved to call him.

He was born December 26, 1846 in Coffey County Tennessee, and moved to Lamar county Texas, 49 year ago, living there and in Delta county until 1915, when he came to the Panhandle. During the last 8 years he lived in Giles. He is survived by a wife and 10 children, 7 sons and 3 daughters all of whom, with the exception of one daughter were with him during his last hours.

He was taken sick about a month ago, and from the first small hopes were entertained for his recovery, yet loving hands and faithful hearts did all that could be done, but death was victorious in the conflict. He was a tender husband and a loving father, a true and faithful friend loved and respected by all who knew him. We feel that Giles has indeed lost one of her best citizens since he has gone. To the bereaved ones, we can only extend our heartfelt sympathy for them in their sorrow.

Funeral services were conducted by the Rev. A. D. Rogers of Memphis and interment made in the Fairview cemetery at that place Saturday afternoon, in the presence of a host of friends and relatives, who had gathered to pay their last tributes of respect to the departed one.

Plenty of money at 7-7 1/2 and 8 per cent according to amount. See Leon O. Lewis. (20cfe)

Must Pay Assessment

In the case of the Florists & Gardeners Insurance Association of Toledo vs. Gus Adrian of Cincinnati, the courts have once more held that a mutual policyholder is liable for an extra assessment. Adrian, a Cincinnati florist, testified that in the solicitation for his insurance, the representative of the mutual said the company had never made an extra assessment. Six months after his policy had been issued an assessment for two and a half times the original premium was made. Adrian protested on the ground that there had been misrepresentation. The municipal court of Cincinnati rendered a judgment for \$263 in favor of the mutual with interest Jan. 7, 1925 to Jan. 3, 1926 and costs.

WHAT'S DOING IN WEST TEXAS

(West Texas Chamber of Commerce)

Haskell—Many new buildings are under construction here including a new hotel, a two story telephone office building, a \$12,500 brick residence and many other buildings are nearing completion.

Childress—This city will soon have a up-to-date fire proof modern hotel if present plans do not fail to go through. Present crop outlook for the year is reported to be the best in many years.

Wellington—The recent poultry show held here proves the fact that poultry business is worth while as there were hundreds of fine show birds in competition for prizes as well as many entries for the prizes for eggs were in competition.

San Saba—A large Lobo wolf was trapped here in this county recently and ranchmen are very much relieved as many young live stock have been destroyed by this animal.

Del Rio—Much complaint has been received lately from ranchmen who have had many of their goats sheared with hand clippers by thieves who make the rounds by night through the pastures, catching the goats and clipping the mohair.

Mineral Wells—Much interest is now being shown here and the old time hustle of business is rapidly returning since the location of the Baker Hotel, which will be under construction soon at a cost of \$500,000.

Dalhart—This part of the Plains is now assured of one of the best small grain crop in many years. The late rains and heavy snows have brought out the wheat and oat fields to their fullest capacity for production and the year 1926 bids fair to be the banner year of the Canadian river region.

Crowell—Every one here is looking forward to one of the most interesting District Convention meetings that has been held by the West Texas Chamber of Commerce, May 11th. Mr. Ferguson, president of the local Chamber of Commerce is leaving nothing undone to make each and every one visiting Crowell have a profitable day.

Chillicothe—The business men here appreciating the good work for all West Texas by the West Texas Chamber of Commerce and realizing the value of the Poultry, Hog and Seed Selection campaign to the farmers of West Texas, came in strong in their renewals for 1926 memberships, doubling their usual membership.

Ballinger—The Chamber of Commerce of this city entertained the Commissioners Court with a luncheon recently and much interest was shown in the building and up keep of the highways. The Ballinger Luncheon Club meets once every month and all directors are requested to be present that all matters of interest be discussed.

Roswell, N. M.—According to Claude Simpson, Secretary of the Chamber of Commerce there will be a large delegation from Roswell to the annual West Texas Chamber of Commerce Convention to be held in Amarillo June 21-22-23. New Texas people and soil under another name.

Munday—The 36,000 egg hatchery here has been running at full capacity since the opening season and to date manager Walter Beaver states that he is unable to take care of the custom trade and has been unable to supply the demand for baby chicks on this account.

Stamford—According to the last reports on hog shipments to different towns in West Texas there has been shipped and received to date more than 20 car loads of young immuned brood sows for the replenishing of hogs for West Texas.

MEMPHIS ROTARIANS THROUGH HERE EN ROUTE TO CONVENTION

The Memphis Rotary Club, together with the Memphis Band passed through Clarendon early last Friday enroute to Amarillo. The District Convention of the Rotary Clubs met in Amarillo Fri-

Our Trade-in Plan is going big

We make you an allowance for the unused mileage in your old tires and you can start off with Generals without sacrifice. Let us inspect your old tires.

BALLEW & NOBLE GARAGE

—goes a long way to make friends

GOSSARD Corsets in the Orient

Modern ideas in India, Turkey, China and Japan, inspiring greater freedom for womankind, have also inspired demand for modern refinements of dress.

There is a world-wide call for Gossards. The bazaars of Bombay and Constantinople carry Gossards, as do the shops of Singapore, Shanghai, Kobe and Tokio.

But we doubt if anywhere you will find a more complete Gossard assortment than in our store. We feature Gossards—we make a specialty of "the Gossard Line of Beauty" and are in a position to supply exactly the correct garment for Evening, Street, Sport and Home wear.

day and Saturday of last week and this bunch of boosters were planning to do all in their power to help liven the big city with their music and other fun.

DENVER HOTEL EXTERIOR AND INTERIOR OF HOTEL TO BE REMODELED AT ONCE.

H. C. Herndon of Wichita Falls, owner of the Denver Hotel in this city is adding some fifteen rooms to that place of business and will have them ready for occupants in the very near future. Mr. Herndon has been in the city for the past two weeks attending to the remodeling of the exterior and has announced that he will make the addition in the very near future.

It has been only a short time since steam heat and hot and cold water was installed in all the rooms in the building and all the exterior remodeled. To meet the demands that have been made on the hotel

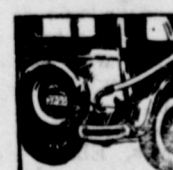

during the past few months the new addition will be made and the Denver will be the largest hostelry in the city.

Mr. Herndon has leased the building to Mr. Rogers of Hedley, who has been operating this place of business since late in the Fall of last year. Workmen have been busy for the past few days on the ex-

terior of the building and will have the work completed very shortly.

Students of the University of the Philippines, Manila, have petitioned for a five-day weekly schedule in order that Saturday may be devoted to athletic and social activities. At present classes are held every week day.

It Costs Less to Own a Better Buick

Gasoline, lubrication, water and fair treatment are all the Better Buick needs to deliver its mileage at astonishingly low cost.

The Valve-in-Head engine, as Buick builds it, develops more power from a given quantity of gasoline. Buick Automatic Heat Control, an integral part of the Buick carburetor, still further aids fuel economy, by super-efficient carburetion.

FUEL—less than most cars

OIL—less than most cars

In no other car, regardless of price, will you find the completeness of protection for performance afforded by the Buick "Sealed Chassis" and "Triple-Sealed Engine." Dirt cannot get in, anywhere, to cause wear, looseness and vibration.

WATER—less than most cars

To know what motor car economy really is, for finer transportation at lower cost, own a Better Buick.

Headaches?
Dizzy?

Take New, Mild
"Pepsin-ated"
Calomel

Does Not Gripes,
Cramp, Sickens

If you are continually troubled with headaches and dizziness, or if you have backaches and are bilious, constipated, or suffer from poor appetite and can't sleep at night, your whole system is probably out of order. You need to have your stomach fixed up and your liver stimulated to good action.

Of course, you know that calomel is the best thing you can take for that. And now there is a new kind that will not gripes or sicken you like the old "raw" calomel did. "Pepsin-ated" Calomel is mild and easy to take, yet three times as effective.

Send for a Free Sample

Try this wonderful new combination first. Take one tablet at bedtime—no "follow-up" pills needed. See how good it makes you feel. Then get "Pepsin-ated" Calomel at your drug, grocer, or health food store. "Pepsin-ated" Calomel is sold only in bottles. Have it always ready for any sign of trouble. If you act in time, it may avoid more serious disease. Send the coupon. Address: Pepsin-ated Calomel Company, Atlanta, Ga.

husband quite a surprise Saturday night in the form of a birthday party. He knew nothing of it until the following guests arrived: Mr. and Mrs. A. E. Tidrow, Mr. and Mrs. W. H. Pickering, Mr. and Mrs. E. V. Quattlebaum, Mr. and Mrs. Tom Bain, Mr. and Mrs. L. R. Bowlin and Mmes. Naylor and Wooten, Mr. and Mrs. Sidney K. Beach, Mr. and Mrs. Wynne Bowlin, Mr. and Mrs. Milton Moseley of Hedley. The home was beautifully decorated with pot plants and cut flowers, purple and old gold being the colors. Evening was spent in old games we played in boyhood and girlhood days. The great surprise came to Mr. Bowlin when the shower bath game was played, he being made to

stand under a box fastened to the ceiling. A string was pulled and gifts from friends showered down upon him. At the appointed time, Mrs. Bowlin served the old time boiled custard and cake. Mmes. Wooten and Beach assisted.

PRESBYTERIAN CHURCH

All regular services will be held at the Presbyterian church next Sabbath.

The College Glee Club will sing at the evening service. If you are a stranger in the city, or if you are not in the habit of attending another church, come and worship with us. You will be welcomed cordially.
