INTERSCHOLASTIC MEET HERE SOON

FRIDAY AND SATURDAY OF NEXT WEEK IS TO SEE COUNTY CHAMPION CHOSEN

Friday and Saturday, March 17 and 18 will see the annual interscholastic meet for Donley County staged in the College Park of this city.

Several prizes are being offered by the merchants of the city. Some of them are to be cash prizes, some merchandise and still others will be medals and ribbons suitably engraved.

The winners of the contest here will go to Canyon, where they will compete with the winners from other schools of the district.

JUNIOR EVENTS: 50 yard dash, 100 yard dash, 440 yard relay, Running High Jump, Running Broad Jump, Pull up (Chinning bar).

SENIOR EVENTS: 120 yard High Hurdles, 1 mile run, 220 yard Low Hurdles, 440 yard dash, 220 yard dash, 880 yard run, 1 mile relay, Pole Vault, Shot put, Discus Throw, Running High Jump, Running Broad Jump, Javelin Throw.

The mental part of the meet will be held in the various rooms of the High School building starting Friday evening and ending Saturday at noon.

There are so many of these contests that a great many of them will be necessarily happening at the same time. To save confusion in this, the person who enters the building and pays his admission fees will be tagged and will not be charged when they pass from one room to another.

The contests staged will be as follows: Debate: Senior Boys, Senior Girls. Declamation: Senior Boys, Senior Girls, Junior Boys, Junior Girls.

Essay Writing: Class A School, Rural Schools, Ward Schools. Spelling: Senior Junior. Music Memory: High Schools, Rural Schools.

Journalism: High Schools, Rural Schools. Extemporaneous Speech: One division. Arithmetic: One division.

LIONS ENTERTAIN C. H. S. SENIORS

GO TO SCHOOL AT HOME IS THEME OF DISCUSSIONS AT REGULAR LUNCHEON.

Forty-eight seniors of the Clarendon High School will remember with a vivid recollection the time they dined in a den of Lions.

The Lions who were out of the city in attendance on other clubs will find that they have missed one of the biggest treats they have had the pleasure of enjoying for many weeks.

The set program of the day was opened by Dean S. H. Condon of the Clarendon College faculty, who spoke for a short time on "Why the graduating class of the Clarendon High School should attend school at home."

The boys of the Panhandle of the state gathered at Canyon Monday for this week for the annual District meet. Eleven teams from a large part of the country gathered in that city and with sixty-five men competed for the honors in the contest.

C. A. Cryer, teacher in the college then spoke and gave his sentiments much the same as had been given by Dean Condon.

The Martin Baptist Church is delighted to announce that representatives of the volunteer mission band of Simmons College of Abilene will meet with the church April 19th, (third Sunday), for a series of programs.

Mr. and Mrs. W. E. Betts of Claude visited in the C. A. Burton home the last of the week.

The first reason given. The records borne out by the students of the college when they attend other schools of learning will show that they are well founded in the elemental parts of the education that is to come.

A small amount of the regular business of the Lions was attended after the luncheon had been finished after which the club and visitors adjourned in the usual manner.

FATHER AND SON CHICKEN BARBECUE IS POSTPONED

As a number of the committee of arrangements for the Father and Son Chicken Barbecue, announced two weeks ago for Friday evening the 10th, are to be out of the city, it has been decided to postpone the big spring event until a later date.

Mr. and Mrs. C. H. Dillehay and small daughter of Hereford were in the city over Sunday, visiting in the home of her brother, O. T. Smith.

CLARENDON BOYS WIN FOURTH MON.

GRAIN JUDGING TEAM WINS FOURTH PLACE AFTER CLOSE COMPETITION.

The boys of the Panhandle of the state gathered at Canyon Monday for this week for the annual District meet. Eleven teams from a large part of the country gathered in that city and with sixty-five men competed for the honors in the contest.

Corn, kaffir, milo maize, seed identification, cotton and plant production were the points judged in the contest. Out of a possible 1,800 points, the Clarendon team scored 1,285 points.

There was no special honor to be won in this contest, since it was only a preliminary to prepare the boys for the contest which is to be held at College Station on the 20th of this month.

ALL DAY SERVICES AT THE MARTIN CHURCH

The Martin Baptist Church is delighted to announce that representatives of the volunteer mission band of Simmons College of Abilene will meet with the church April 19th, (third Sunday), for a series of programs.

Mr. and Mrs. W. E. Betts of Claude visited in the C. A. Burton home the last of the week.

TAYLOR ELECTED MAYOR IN TUESDAY'S ELECTION

H. W. Taylor, senior, Commissioner for the city of Clarendon was elected to the office of Mayor Tuesday of this week. 343 votes were cast in the election.

THOMAS NELSON NAYLOR

In the loss of Thomas Nelson Naylor, Donley County and Clarendon in particular have lost another of their pioneer citizens.

Funeral services were held from the Methodist Church Wednesday afternoon at 2:00 p. m. Rev. J. H. Hamblen, pastor of the church officiated. Interment was had in the Citizen's Cemetery.

Thomas Nelson Naylor was born in Davis County, North Carolina, August 23, 1847. He was married to Fannie F. Naylor, February 8, 1877.

Decidedly survived by his wife and all of their eight children, P. O. Naylor, Misses Minnie and Ava Naylor, all of this city, J. B. Naylor of Portales, New Mexico, H. B. Naylor of Amarillo, Miss Lou Naylor of Amarillo, and Mrs. L. P. Fields of Amarillo.

From so large a family as this there has never been another death, all of them living near here and enjoying the best of health.

His going will be mourned by the many friends of the family who were wont to call this aged couple "Uncle Tom" and "Aunt Fanny."

KNIGHT TEMPLAR SERVICE AT MEMPHIS SUNDAY 3 P. M.

Knights Templar Easter service at 4:00 p. m., Sunday afternoon will be held in the Presbyterian Church at Memphis.

\$1,000 PLEDGED BY LOCAL CHURCH WOMEN

Clarendon College is to become a Senior College in September. The boarding facilities that heretofore have been used for the co-operative clubs for girls will necessarily have to be used in this way.

Opening this week with a high powered drive for funds among the College students, the latest improvement for Clarendon College and College heights was launched.

To date, the students have placed approximately \$300 in the hands of the treasurer to finish the work of the first day of the drive.

The proposed plans call for a structure of brick and steel that will cost about \$12,500. The building will house a basketball court that will care for all the spectators that will care to attend the games.

Plans for the largest Home Coming of students that has ever been held at the College are already well under way and will be completed in the next few days.

Should it be possible to have the structure started by commencement time, it will be almost a necessity that the building be finished by the fall term of 1925.

A letter has been mailed to the entire body of students who have left the school and these will be followed by others to show that the work is not losing interest to the local folk.

In the very near future, there will be an open rally held in the College auditorium to officially open the drive for the gymnasium.

Texas needs more cotton mills. Today 98 percent of all Texas staple is shipped out of the state to be made into cloth. Texas ought to mill and ship the finished product.

Great occasions do not make heroes or cowards; they simply unveil them to the eyes of men. Silently and imperceptibly, as we wake or sleep, we grow strong or we grow weak, and at last some crisis shows us what we have become.—Canon Westcott.

There are only twenty-eight cotton mills in Texas and these mills can handle only two percent of Texas grown cotton. This means that it will require about fourteen hundred mills of like capacity to handle the total Texas crop. What a wonderful avenue of progress and wealth!

When the Katy builds to Clarendon in her plan of making an Amarillo connection, this city is almost certain of becoming a division point from Altus, Okla. This would mean a small payroll here and would give still greater prestige to Clarendon as a business center.

Well, the governor vetoed lots of the educational appropriations. "in keeping with the announced platform of economy." The News is sorry that it had to come out of the educational funds, but it will gain applause from many who feed on this "graft in education" stuff.

Our exchange table is now being visited each week by the Holland Progress, a weekly paper of Bell County, edited and owned by Arthur Coleman and his mother, formerly of Clarendon. The Progress is well patronized and we congratulate its new owners on their new venture.

Getting ready for Clarendon's big Clean Up Day, it will be well for all of us to get our trash and rubbish ready for the dump-wagons. When the trash is all carried away, then a program of painting and repairing is to follow and Clarendon will shine as she has never shone before.

WHAT A CHAMBER OF COMMERCE DOES

William Allen White, famous newspaper editor of Emporia, Kan., recently wrote in Collier's relative to the Chamber of Commerce:

"The Chamber of Commerce modifies the innate cussedness of the average selfish, hard-boiled picayunish, penny-penning, narrow-gauged, human porker and lifts up his spout, makes him see further than his home, his business and his personal interest, and sets him rooting for the community.

"A man, no matter how greedy and how squint-eyed he may be, cannot work a year upon a committee of his town's Chamber of Commerce without being a better father, a better husband, a better citizen, a better brother."

JESUS CHRIST'S RESURRECTION OUR HOPE—Now if Christ be preached that He rose from the dead, how say some among you

that there is no resurrection of the dead? ¶But if there be no resurrection of the dead, then is Christ not risen: ¶And if Christ be not risen, then is our preaching vain, and your faith is also vain. ¶Yea, and we are found false witnesses of God; because we have testified of God that He raised up Christ: whom He raised not up, if so be that the dead rise not. ¶For if the dead rise not, then is not Christ raised:

¶And if Christ be not raised, your faith is vain; ye are yet in your sins. ¶Then they also which are fallen asleep in Christ are perished. ¶If in this life only we have hope in Christ, we are of all men most miserable. ¶BUT NOW IS CHRIST RISEN FROM THE DEAD and become the first fruits of them that slept. —I Corinthians 15:12 to 20.

Amarillo has the backing of all the Panhandle towns for the 1925 convention of the West Texas Chamber of Commerce, and we believe there is little doubt that she will win the big event at Mineral Wells next month. While Amarillo will directly benefit by the convention, it will also mean a great victory for the entire Panhandle country. Clarendon will cast her votes for Amarillo and will assist in entertaining the twenty or twenty-five thousand visitors next year.

Voters of the Clarendon Independent School District last Saturday re-elected Mess. Montgomery and Youngblood and elected Mr. John Martin to the board for the coming two years. The two re-elected have shown themselves well qualified to carry on the business of the board and Mr. Martin is especially well-fitted for the duties imposed. The News believes that Clarendon people will continue to give backing to the unselfish work of this important body in our community.

President Walsh of the West Texas Chamber of Commerce is very emphatic about his edict, backed by the executive board, that there is to be no drunkenness at the Mineral Wells convention this year. The board wants it understood that if you can't act like a gentleman, it doesn't want you at the convention at all. The future progress and growth of West Texas cannot be promoted by a bunch of drunks. This is a he-man's country and it takes a clean body and clear mind to stand the everyday gaff, much less promulgate and carry out a program commensurate with the greatness of West Texas.

PANHANDLE FESTIVAL DATES TAKE WHOLE WEEK

In another page of this week's edition of the News there will be found an ad of the Panhandle Music Festival, which has become one of the institutions of the great Panhandle part of the state. Since we received this plate, the dates of the festival have been changed to take in the entire week, beginning with Monday, April 13 and continuing on until Saturday evening, April 12. The Girvin Little Symphony Orchestra has been re-engaged to fill their regular place on the Monday program and there will be no advance in the price for the added attraction. The latest addition to the program, Florence Macbeth will hold her place on the program on Saturday evening as was announced before. No other changes were made to allow the orchestra its place on the program Monday.

Cap Lane was called to Wichita Falls Sunday evening to attend the serious illness of his mother. His mother has been very sick for a number of weeks and her condition is not improved at the present time.

BRONCHOS WIN FROM WELLINGTON SATURDAY

The Clarendon High School Bronchos defeated the Wellington High team on the College Park last Saturday afternoon with a score of 9 to 4. The Clarendon team played almost an airtight game from beginning to end, tallying only seven errors for the entire game. Marion Gatlin, who pitched for the Bronchos during the entire game was at the top of his glory during the entire period. This is the first year that Gatlin has appeared on the diamond as a baseball player and Saturday was the first game he ever pitched. His record of holding the Wellington team to a low number of three hits would indicate that here is a man with a rare possibility as a ball player.

The Wellington players allowed the Bronchos seven hits from which they made their nine scores. Their pitcher got eleven strike-outs to his credit from the Bronchos while Gatlin held the Wellington to three.

Errors in the Saturday's game were very few, totalling only twelve, of which, Clarendon is credited with seven. The splendid pitching of the Broncho pitcher is held to be the reason for the score on the part of the Clarendon team.

The Clarendon team is made up of the following: Gatlin, p. Schull, c., Reavis, 1b., W. Emmons, 2b., Bourland, 3b., R. Emmons ss., G. Johnson, 1f., White cf., Merchant rf. Substitutions: Merchant for Taylor. Wellington, Coker, C., Bussey, Curry, Leach, Fuller, Coker, R., Fowell and Cummings.

Coach Boykin states that there are still other games that will come to the attention of the Clarendon baseball fans that will be of still more interest than the one played last Saturday. Announcement as to dates will be made in later issues of the News.

MRS. VICTOR SMITH LOSES HOME IN FIRE

Last Saturday morning, the fire truck of the city responded to a call to a fire at the home of Mrs. Victor Smith in the Eastern edge of the city. Although out of the fire limits it was thought that some assistance might be rendered by the fire apparatus in the use of the chemicals that are carried. The blaze was fanned by the high wind and the house was doomed before assistance could be secured. The origin of the fire was not determined but it is supposed that the boys who had stayed in the house the night before had in some manner let the fire get started. Mrs. Smith was not at home at the time of the fire, being in the city of Amarillo. Partial insurance was carried on the home and contents.

CITIZENS TOLD OF SANITATION

STATE HEALTH OFFICER ADDRESSES AUDIENCE SATURDAY ON CONDITIONS HERE.

Last Friday evening, a number of the citizens of the city met in the City Hall to hear a discussion of the methods of dealing with unsanitary conditions that are to be found prevalent through the State of Texas. To those who did not know of some of the carelessness of the people of the state, the statements were truly appalling. Statements that said cities which were formerly growing and flourishing centers of business were losing ground on account of sanitation conditions were scarcely believable. Yet this is what is happening in some sections of the state.

It might be added in this connection that the Panhandle of the State of Texas has the cleanest bill of health of any section of the state.

Special emphasis was given to the keeping of eatables covered with screens to prevent contamination with flies and other insects that may carry disease germs and other contaminating agents. Screens and other protective agents were urged for the homes and other places where the folk live.

Some discussion was had as to the condition of the local sewerage disposal plant and the necessary changes that must be made to insure the safe guarding of the health of the city. Some regret was expressed that a large number of the folk of the city were not present to hear what should be done to secure a clean bill of health for the city of Clarendon.

EFFECTS OF UNEMPLOYMENT ON BRITISH SCHOOLS

Unemployment in Great Britain is reflected in many ways on the educational system of the nation. The annual report of the London County Council for 1923, recently received by the Bureau of Education of the Interior Department, states that pupils in the schools were kept under strict supervision and special arrangements were made for undernourished children, either by meals furnished at school or in the way of family relief.

On the other hand, the unemployment situation caused many schools to extend their playgrounds and to modernize and enlarge their school plants.

This was done under the unemployment relief scheme.

H. Lott spent the first of the week in Amarillo on business.

Mrs. Edgar Johnson is very ill at her home on Clarendon heights.

Marriage license was issued to Hardy Johnson and Marie Bell, colored citizens of the city early this week.

Clarendon High School annual style show will be held Monday, April 20th at the High School.

NOTICE OF SALE

STATE OF TEXAS COUNTY OF DONLEY:

This is notice as is required by law, as provided by Article 5665, 5666, 5667 et seq., Revised Civil Statutes of Texas, 1911 for the sale of one automobile, described as follows to wit: 1922 model Little 4 Overland; Motor No. 29,434, which said car has been held at my place of business in the town of Clarendon, Donley County, Texas, for more than sixty days prior to this 8th day of April, A. D. 1925.

Now, therefore, know all men by these presents that on the 17th day of April, A. D. 1925, at my garage in the town of Clarendon, Donley County, Texas, between the hours of 9:00 a. m., and 2:00 p. m., said car will be sold at public outcry to satisfy a labor, storage and material bill on said car in the sum of \$83.70, unless said sum is sooner paid.

Witness my hand and signature this 8th day of April, A. D. 1925. R. L. BIGGER.

When returning to their home in this city last Tuesday, Mrs. Cap Lane was rather severely shaken up and a collar bone was broken when their car overturned on the other side of Childrens. Mrs. Lane was rushed to Childrens to a doctor and came home on the train. Mr. and Mrs. Lane had been to Wichita Falls to visit the mother of Mr. Lane and were returning when the accident occurred. At last report she is resting as easily as possible.

On last Monday evening Charlie Bartlett, residing south of Brice had three horses bitten on the nose by the same rattlesnake. The horses were some distance from the house and he saw them, one at a time, smell of the snake and then make a jump and head for the house. By the time they got to the house their face and jaws were swollen. Dr. B. J. Finch who was called to give them aid reports that the horses are getting better and the swelling was leaving. Search was made for the snake but it had never been found.

LOTT TO HANDLE AMARILLO AGENCY

LOCAL MAN TO HANDLE OVERLANDS AND WILLYS-KNIGHT CARS PERMANENTLY.

H. Lott of this city will be the permanent distributor for the Overland and Willys-Knight cars in our neighboring city of Amarillo.

A building on Polk Street has been leased by Mr. Lott and all arrangements have been finished to make this one of the most complete agencies for any automobile in the Panhandle. Five carloads of cars have been ordered out from the factory and it is planned to carry a stock of cars that will be complete in every car that is made by the Overland and Willys-Knight people.

In addition to the sales part of the plant, Mr. Lott intends to carry a complete and full line of parts for the cars and will maintain a staff that will be fully capable of bringing the repair work that will be his attention. For the past months, Mr. Lott has made a bit of success in handling cars in Clarendon and it is possible that he will have a greater success in Amarillo.

It is very interesting to his friends wish success in his new field of work. Fred Connolly, of this city has been retained as a force in the newly established agency.

Mr. and Mrs. Ed Bolter and family and Mrs. Fred Hedley were in the city recently attending to business affairs. Incidentally attending the showing of "North of 36." and Mrs. W. T. Luckey and son, Jack Theodore are in the city for a two-day visit with her parents, Mr. and Mrs. I. S. Mullins. Rev. Luckey is located this year at Harrison, Oklahoma.

Misses Mamie McLean and Ruth Pirtle were in Memphis Friday and Saturday of last week where they acted as judges in the Hall County Interscholastic meet.

ERRONEOUS REPORT IS CIRCULATED ON SHOW

The report which has been circulated to the effect that either Gabe Garrett or John Sullivan had been killed is false. Mr. Garrett is with a new show that is opening for the first run at Chillicothe and Mr. Sullivan will be with the show that is here. These are mere rumors that have no foundation and should be discounted as such as possible.

Misses Linnie Davidson and Beatrice Blevins of the dormitory spent the week-end with home folks at Quail. Miss Audrey Kiker accompanied them, visiting in the Davidson home.

Mr. and Mrs. J. R. Porter and baby daughter left Tuesday afternoon for Amarillo, where they will attend the school conference in that city. Later, they will go on to Tullia where they will visit for a time with his mother and other relatives.

T. B. Haney left Wednesday afternoon for Louisiana, driving a car for the N. B. Black family who were going there for the burial of Mrs. Black.

The S. A. Pierce family who moved to California last winter have returned to the best country in the world, after having made that discovery by comparison, and are being welcomed by their friends.

Wednesday was Senior Class Day at the College and they began their celebration with a Senior breakfast at the dormitory then spent the day at Dripping Springs in Paladuro Canyon near Claude. Chaperoned by Misses Pirtle and Young and Mr. Fuller. The "end of a perfect day" was reached in a Senior Banquet at the dormitory.

Mrs. C. M. Lane was given a delightful surprise party on the occasion of her birthday on the 20th by the Mother's Sunday School class of the Baptist Church. This class, which is taught by Mrs. W. B. Sims came en masse, bringing lovely gifts and a tempting array of "good eats," which they served to themselves and their surprised hostess. It was an occasion of rare good fellowship and hearty enjoyment to all who were privileged to be present.

Miss Ruby Moseley entertained the faculty and a part of the students of the Hedley High School the fore part of last week with a very enjoyable dinner party in her pleasant country home. The entire High School faculty and a number of the students in her class were pleasantly entertained until a late hour, when they dispersed wishing that Miss Moseley would entertain them again in a like manner.

INTEREST IN FESTIVAL BECOMING WIDESPREAD

All the musical Panhandle is looking to Amarillo anticipating the series of programs to be given Panhandle Music festival week. The management reports that ticket orders, applications of contestants and many inquiries regarding the various programs come in every mail from people over the entire Plains section, including parts of Oklahoma and New Mexico.

The Panhandle Music festival is staged for its educational values, and the Panhandle-Plains musical people have learned to appreciate it as such. The musical contests furnish opportunity to all local talent as they include practically every phase of music and any one who cares to enter them may do so. Every year exceptional talent is discovered by means of the contests and stimulated to greater endeavors by the inspiration of the great artists who appear here.

With the ticket sale progressing nicely, and the interest in this year's event increasing as it approaches, Emil F. Myers, the festival sponsor, declares that the event will serve the people of this territory this year better than any previous year.

"Panhandle music week is what the festival really signifies, and it might truly be termed one of our leading conventions—a musical convention," said Mr. Myers. The festival begins this year on April 13 and lasts for five days.

THE DOCTOR AND THE TELEPHONE

It was not so many years ago that an emergency requiring a physician meant the hurried sending of a messenger. Now it simply means telephoning—for there are telephones close to most of us.

In the February issue of the Texas State Journal of Medicine is found the following discussion of relations with the doctor, especially in connection with the universal use of the telephone in such cases:

If there are any two agencies of the public welfare more important, and more closely related than the doctor and his telephone, we do not know of it. The telephone and the policeman, or the telephone and the fireman, are in the same class, but neither the policeman nor the fireman is so dependent upon the telephone as is the doctor; likewise neither the policeman nor the fireman is so imposed upon through the medium of the telephone as is the doctor. The doctor has long recognized this fact, but the public has been slow getting at it. The telephone company has come to the assistance of the doctor and throughout the country suggestions are made to patrons as to ways and means to conserve the services of the two. We are in receipt of such a pamphlet, issued by the Southwestern Bell Telephone Company, which we commend most highly, and which we present to our readers herewith:

"To most people the telephone is a well-trained servant. But to the doctor this same telephone is his master and seldom allows the doctor a minute in the twenty-four hours when he can feel that he is not on call. This is not the fault of the telephone, but is due to thoughtlessness of many of the doctor's patrons. Below are some suggestions to be used when calling a doctor:

"First—When the doctor, in answer to your telephone call, says, 'This is Dr. Blank,' do not say 'Is this Dr. Blank?' for the doctor has already told you it is Dr. Blank. Also do not say, 'Is this the doctor himself?' Just go ahead with the conversation.

"Second—If the doctor does not personally answer the telephone, if possible give your message to the one who does answer. Most doctors' wives and office girls are capable of telling them that you want them to make a visit, or what time they will be at their office, etc. As a matter of fact, that is what the doctor has an attendant for, and if you give your message to the attendant when you can, you may save the doctor many miles of traveling.

"Third—After the doctor leaves his office in the afternoon or evening he is entitled to rest and recreation. Like other people he should be allowed to forget his business after he gets home at night. But he cannot do this if he is continually called at his residence during the evening. So as far as possible, call the doctor at his office during his office hours. (Emergency calls excepted. Think of the doctor.)

"Fourth—Learn from your doctor what his regular calling hours are, and then plan your call so that your request is in his office before he starts his rounds, thus saving him time, enabling him to serve all of his patients to the best advantage, and very likely he will be able to call upon you at an earlier time.

"You probably feel that the doctor should go whenever he is called. That is true, but the above suggestions, with more thoughtfulness on the part of his patients, will greatly assist the doctor in making his calls." We might say in passing that the Southwestern Bell Telephone Co. seems to have better insight into the ethical and economic principle governing the practice of medicine than corporations usually have. For one thing, its method of employing physicians is significant. It selects medical service for its employees exactly on the basis that the head of a family selects his family physician. It is not a matter of securing the most

service for the least money, or the greatest advantage for the company itself, but of getting adequate service for an adequate fee, in accordance with circumstances surrounding the individual case. This policy has been adopted by this great organization on its own initiative and without pressure from the medical profession. We might mention other matters of interest in this connection, but forbear at this time. We might well remember some of these things when we are aggravated and feel that the telephone is the biggest nuisance on earth; and for fear that some will think that we love the telephone company, we had better hang up!

An industrial school for wayward and delinquent girls is to be established in the State of Wyoming. Such girls are now sent to Colorado institutions, but the arrangement has proven unsatisfactory, and it has been decided to locate the school in Sheridan County. The affairs of the institution will be under the control of the State board of charities and reform.—School Life.

DOES YOUR BACK ACHE?

Bad Packs Bring Sufferings to Many Clarendon Folks

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Clarendon folks. L. D. Stanford, farmer, Jericho Route, Clarendon, says: "I had a mean ache in my back and at times sharp pains cut into me. If I stooped over I got such pains in my back I could hardly get up straight without putting my hands on my back and getting up slowly. My kidneys acted too freely and at night my rest was broken because of this condition. I used two boxes of Doan's Pills and they cured me. I had had no return of the trouble." 60c, at all dealers. world renowned artists who are to appear.

The festival includes the great names of Florence Macbeth for 11 years a leading singer in the Chicago Opera Co.; Mojica (J has the sound of H) a sensational young tenor of the same company; Oscar Seagle, famous baritone, May Peterson, lyric soprano of the Metropolitan Opera Co.; Albert Spalding, America's greatest violinist and Rudolph Reuter a brilliant pianist of Chicago. With these artists the festival holds up the high standard of previous years and the interest will no doubt be greater than that shown at any former event.

Numbers of Clarendon people attend this great festival each year and many of our folks have already made their plans to be there this year for the entire week.

THIRTY CENT COTTON— TWENTY DOLLAR LAND

Either the cotton is too high or the land is too cheap. For one acre of land will usually produce from one fourth to one half bale of cotton annually—worth from \$35 to \$75. One crop will frequently more than pay for the land. We will sell you the land for \$12 to \$20 per acre on long time payments and at a low rate of interest. If you are interested in securing a home for yourself and family where there is no boll weevil and where the climate is fine and the water good, write today to W. A. FINANCIAL ADVICE OFFERED GRATUITIOUSLY TO TEACHERS

Competent advice on personal financial problems, offered gratuitously to teachers and other employees of the schools of Highland Park, Mich., is reported by H. C. Daley in School Life, a publication of the Department of the Interior, Bureau of Education. A standing committee has been appointed, consisting principally of successful business men, most of whom are members of the board of education. To this committee may be brought any financial perplexities in which experienced business men may be presumed to be

able to offer advice. The service will not necessarily be confined to investment problems. The committee will also pass upon applications or permission to distribute circulars and other printed matter through the schools.

ENDOWMENT TO PROMOTE EDUCATION

An anonymous donor has given the sum of 40,000 pounds, nearly \$200,000 in our money, to the Bradford, England chamber of commerce to be used in the promotion of business and technical education. The interest from this sum will be used to send specially chosen young men to the Continent for periods of six months or more for the study of languages especially the Russian and Spanish, and at the same time to learn some branch of the textile industry. The purpose of the donor,

as stated in a report by Mr. Frank C. Lee, American consul at Bradford, is to enable these young men to assist their home city, Bradford, to develop important and permanent trade relations with foreign countries.

"Inside and Out" Clean-ups Are Urged As Safeguards of Community Health By Authority Who Advises Millions

Spring cleaning should not be confined to the inside of the house, but should extend to the premises as well. Furthermore the cleaning of both should be periodic, rather than seasonal, in the opinion of Dr. J. Allen Patton, medical director of the Prudential Insurance Company at Newark, N. J. He makes this timely suggestion to the more than seventeen million policyholders whose interests he seeks to safeguard.

"Cleanliness should be external as well as internal," Dr. Patton says. "In the matter of body cleanliness the tendency is to give more attention to the outside, while the opposite is true, ordinarily, of household conditions. A well-balanced program in both instances would be preferable and more hygienic."

"The ventilation of stuffy rooms makes for more healthful conditions by the removal of germs and stale air; a cleaning up or put-

ting into condition of business affairs results in strengthened resistance for the business; by the same token a clean-up of the premises removes many breeding places for disease and safeguards the health of the family.

Such interest has been aroused in recent years in this phase of health protection that all sorts of folk, of all ages, are active in the campaigns as the accompanying pictures show.

"A wise householder will make a detailed examination annually, note any unhealthful conditions and necessary repairs, and then proceed to put his place in shape. Then it will stay that way, and the annual clean-up will be more or less a matter of form and the doing of the long-deferred, if the proper attention is given to sanitation from time to time."

"There are many seemingly small things that demand attention," he cautions. "Old cans and other potential receptacles for water which will furnish a breeding place for mosquitoes should be banished, even though so placed that they are not usually seen. In that way spring cleaning may preclude malaria or other summer complications."

"Garbage pails should be kept closed as well as clean, and must be inaccessible to flies."

"Cisterns in rural districts, barns, chicken houses and the like are in too close proximity to the house, which is particularly dangerous where water is furnished by the well on the back porch. These should be moved, and once moved they cease to be a menace if properly kept. Yards should be raked, and all refuse hauled away."

"And finally," Dr. Patton suggests, "make your spring cleaning a matter of daily routine."

as stated in a report by Mr. Frank C. Lee, American consul at Bradford, is to enable these young men to assist their home city, Bradford, to develop important and permanent trade relations with foreign countries.

Expert Watchmaker and Jeweler at Stocking's Drug Store

If you are owner of a high grade watch that fails to give satisfaction, take it to Hugh E. Skiles at Stocking's Drug Store.

Mr. Skiles has served as railroad watch inspector for a number of the largest railway systems in the south, and for several years repaired daily many standard movements restoring them to perfect railroad accuracy.

SWISS WATCH EXPERT ALSO

No watch work is too difficult. Mr. Skiles is a Swiss watch expert and comes direct from Dallas where he was employed by a wholesale watch repair firm which made a specialty of repairing Swiss watches.

Watches intrusted to his care are put in condition with the skill of a factory expert and all work is guaranteed by—

CASTLEBERRY'S MARKET

OPPORTUNITY PASSING!

We have a few choice tracts of what is commonly called Railroad land for sale, on terms of one-eighth cash, and the balance in seven equal annual payments due two to eight years, inclusive, from date of sale. Also have a few fine stock farms for sale on the same terms.

Only four sections of the Famous Edwards Ranch land are left for sale, on terms of \$4.00 per acre cash; nothing more on the principal for three years, and a long time on the balance.

If you are at all interested in this section of the Country you had better avail yourself of these good prices and terms, as we expect to close out all of the above land this Spring. When this is gone we have no other land of equal quality that can be sold within \$5.00 per acre of the prices on the above land. You may never have such an opportunity again to buy quality land for such prices or on such terms as offered.

Get in your car, and come up and look the proposition over.
