NO. 36

Fair Meeting, City Hall Tomorrow 4:30

FAIR MEETING IS VERY IMPORTANT

**WAYS AND MEANS AND THE
BOOSTER TRIPS TO BE
DISCUSSED AT MEET**

The meeting of the business men of Clarendon and Donley County who are interested in a larger and more complete Donley County Fair has been called for Friday afternoon of this week at 4:30 in the City Hall. Preliminary announcement of this event was made some weeks past, with a tentatively outlined program that will be discussed during the time of the session.

The primary intention of the Chamber of Commerce of Clarendon is to call the business men together for the purpose of discussing a number of trips to be carried over the county an effort to more thoroughly sell the Fair idea to the people of the county. Placards and circulars will be used in connection with the fair advertising and it is hoped that all communities of the county can and will be well represented in the showings during the two day fair here.

The Ways and Means Committee will also have some remarks to make in conjunction with the work of the organization, and there will no doubt be some discussion of a permanent organization for a bigger fair. As previously stated, there are no plans for the organization for a Donley County Fair Association, but should the consensus of opinion demand such an organization, this will be done and the new and greater Fair will be well under way.

The business men of Donley County are invited to attend this meeting since the welfare of a Fair for Donley County affects every corner of the county and it is to the advantage of every town in the county that representatives should be here.

W. S. Wade, Secretary-Manager of the Motion Picture Theatre Owners Association of Texas is here this week to work over this zone in conjunction with Mr. Mulkey. This zone covers the state from Childress west to the New Mexico border and will probably take these men the larger part of a week to complete the work in hand.

JUDGES FOR FAIR CHOSEN THIS WEEK

**COMPLETE TEAMS WILL BE
READY FOR ALL DEPART-
MENTS IN FEW DAYS**

Another part of the Fair work will be completed by the latter part of this week, according to Lester Boykin of the Chamber of Commerce. Mr. Boykin has been working on this detail for the past few days and stated that the plans were lining out nicely for a complete set of judges by the end of the week. One especially interesting item in connection with the Dairy Stock Judge is the fact that the man was a member of the International winners from A. & M. College some years back and is one of the most capable men of this section of the state.

This week will see the start of the work in the Grammar School building at the head of Kearney Street. The racks and tables for the use of the ladies in getting their displays ready for the fair will be the first items to come to the attention of the Fair Committee. The booths for the business men of the city will also be moked off and will be ready for the merchants to start their work of decoration in the immediate future.

Fair exhibits are to be the best that have ever been shown in Donley County, and will cover more territory than has been the case in the past. The dairy cattle division is to add a great deal to the interest in the fair, especially since this industry has taken such strides toward the lead in the past eighteen months. This part of the fair is to be in a place other than on the Grammar School grounds since those in charge state that the Club and individual and community exhibits will take up all the space available in the tent that will be spread for that purpose. The poultry will also be housed in the tent and not in the school building.

Discussion of advertising the fair will be had at the meeting of the business men of the county Friday of this week in the City Hall.

PAMPA IS HOST TO REGIONAL MEETING

**DISTRICT ORGANIZATION OF
W. T. C. C. TO MEET IN
PAMPA NEXT MONDAY**

The Rex Theater in Pampa will be the scene of the regional meeting of the West Texas Chamber of Commerce. It will be remembered that this group met in Clarendon some years past in one of the best events that had ever been staged here for the organization. Registration will be started early Monday morning and will entitle all holders of badges to entrance to all meetings and will give the wearer a vote. Sam M. Braswell of Clarendon has been chosen as toastmaster of the banquet which will be held at noon and at which time the business will be concluded. The following program has been outlined:

- Presiding Officer, W. W. Fleniken, Amarillo.
- 9:30 A. M. Band Concert.
- 10:00 A. M. Called to Order.
- 10:05 A. M. Song "America".
- 10:15 A. M. Invocation, Rev. Jas. Todd.
- 10:10 A. M. Address of Welcome, F. M. Gwin.
- 10:20 A. M. Response, S. R. Pinkston, Wellington.
- 10:30 A. M. Object of District Conventions, J. E. Biggs, Field Representative W. T. C. C.
- 10:45 A. M. Appointment of Committees.
- 10:50 A. M. Entertainment features.
- 11:00 A. M. "Our Roads" W. R. Ely, State Highway Commission.
- 11:45 A. M. "An United Front", A. M. Bourland, Pres., W. T. C. C.

LUNCHEON
Toastmaster, Sam M. Braswell, Clarendon.
Some Needs of Panhandle-North Plains Section, Hon. C. W. Warwick.
"Co-ordinated Cooperation", Col. H. H. Haines, Mgr., Amarillo BCD.

Two Minute Talks, Representatives of various towns.
"Education and its Relation to Material Development", Dr. J. A. Hill, Pres. WTSTC, Canyon.
"Agricultural Development", Judge H. E. Hoover, Canadian.
Report of Resolutions Committee.

Selection of next meeting place.

REV. S. R. MCCLUNG APPOINTED PANHANDLE CHAIRMAN

(Special to the News)
Waco, Texas. — To lift the strangling debt of Baylor University from around the neck of Texas Baptists, the Greater Baylor University campaign for \$2,000,000 in the state at large is in full force and workers all over the state are busy organizing districts for special campaigns.

Loyal Baptist leaders and Baylor alumni are being chosen to serve as district and Baptist associational chairmen who will lead the drive in their own communities. They will secure city chairmen to carry out the general campaign plan, every detail of which forwards the popular drive, from Nov. 16 to Nov. 23.

Rev. S. R. McClung of Clarendon has accepted the association chairmanship of the Panhandle association and has already begun active work in organization. He is an outstanding Baptist leader of that section and will be influential in the promotion of the campaign. Removal of the debt against Baylor will relieve Texas Baptists of the bulk of the state denominational debt. The campaign's success really means \$4,300,000 for the university for Dallas and Waco have promised gifts of \$1,000,000 each and the General Education board will make a gift of \$300,000 when Baylor's endowment is increased. Campaign money will be used for retirement of indebtedness and to create additional endowment.

Sent by Blanche Reeves, Publicity director.

LOCAL REPRESENTATIVES ATTEND AMARILLO MEETING

Nine members of the Clarendon First Christian Church were in Amarillo Tuesday of this week attending the Panhandle gathering of these folk. Two of the people from Clarendon were Rev. and Mrs. McMurray, who are here for the revival services now in progress at this church. A splendid program is reported, with a full attendance from all parts of the Panhandle country. The following were from Clarendon: Mr. and Mrs. J. D. Adams, Mr. and Mrs. G. A. Anderson, Rev. and Mrs. McMurray, Mrs. Ed Carlson, Mrs. O. D. Leisberg, and Mrs. E. H. Cline.

Miss Blanche Parker left Tuesday for her home in Cleburne after a visit of some duration in the W. B. Tarwater home.

PADUCAH MEN VISIT LOCAL WATER PLANT—ARE PLEASED

Hearing that the water system of Clarendon was one of the most up-to-date and workable plants in the Panhandle section of the state, a group of eight of the business men of Paducah visited Clarendon one day last week and were shown the compact plant of this city. These men had been in their search for a plant that would be satisfactory to install in their home town. They interviewed Mr. A. L. Chase, Commissioner of the City of Clarendon and stated as they left that they had learned more of the water business in the short time they were in the city than they had in all the time they had been visiting other towns in the Panhandle. These men were especially taken with the new well that was installed for the city at the opening of the summer, and were especially more interested when they learned that formerly Clarendon was bothered to a great extent by the quicksand menace. Although invited to stay here and see a part of the city, they merely visited the water plant and left for their home.

WORK ON HIGHWAY 88 IS UNDER WAY

**CONSTRUCTION CREW STARTS
WORK WEDNESDAY MORN-
ING. MUCH TO DO**

T. M. Couch, Section Foreman for the State Highway Department stated that active construction work on Highway 88 was started Wednesday morning at Goldston. The machinery and crews arrived here late Tuesday and planned to start their work at or near the Goldston school house Wednesday morning, working toward Clarendon.

This stretch of road has needed considerable attention for the past few months, especially since the heavy rains of the past weeks have added to the terrors of the road as it now stands. In a number of places water would stand in the roadway, making it almost impossible to get through for a short time after the rains, and leaving rough places after the holes had dried.

The main part of the work will be done on this end of the road at this time, although Mr. Couch stated that the crew would possibly work east along Highway 5 after they had completed the stretch on Highway 88. The machinery has been working in and near Hedley for the past few days and had completed their work there before coming to Clarendon for work out of this point as a center. Mr. Couch stated that the road would be worked north out of this direction from that center. In addition to this work, the county has been at work on the roads west of the Goldston schoolhouse with the elevating grader and other equipment owned by the county.

A. & M. EX-STUDENTS MEET IN AMARILLO SATURDAY EVE

The annual gathering of the Ex-Students of A. & M. College gathered in their annual event in Amarillo Saturday evening of last week with a large attendance. Clarendon was well represented and those from here state that the program was one of the best that has ever been rendered in that city since these meetings were originated some years past. The following made the visit from Clarendon: Mr. and Mrs. G. Lester Boykin, Mr. and Mrs. B. L. Jenkins, Jr., Jack and Joe Bourland, Manette Chase, Buss Bell, Walter Mark and Rufus Emmons.

SHELTON-SANFORD GROCERY CHANGING STYLE OF STORE

One of the biggest changes that has been made in the business houses along Kearney Street during the past few months is the change that is now under way in the grocery business of Shelton & Sanford. All the shelving will be changed to the now more popular height that will enable the purchaser to select his own produce as far as possible. The other cases and counters will be rearranged to make the store as pleasing as possible to the customer and at the same time make the handling of the business as easy as possible to those who work in this place of business. The entire interior of the place of business is to be repainted in pleasing tones shading from a pure white ceiling to a deep ivory on the shelves and fixtures. When completed, the store is calculated to be one of the most pleasing businesses of color and arrangement in the entire city.

LOW SCHOOLS ARE IN FULL BLAST

**OPENING HELD WEDNESDAY
MORNING WITH APPRO-
PRIATE EXERCISES**

The formal opening of the Junior High School and South Ward was celebrated at 9:00 o'clock as was scheduled. The auditorium in the Junior High School was crowded to capacity by students, the faculty, members of the school board and the patrons of this school. The School Board is especially joyous at the great number of patrons who were present at the opening exercises, taking this as an index to the fact that they are more interested than they have been in the past.

All members of the school board with the exception of two were present and each of them welcomed the students to the school again. Due to the shortness of time these remarks were short and to the point, but were greatly enjoyed by the great gathering. A musical number by Miss Geneva Merrill was "re-ally enjoyed by those present."

H. T. Burton, Superintendent of the Clarendon Public Schools made a few remarks to the gathering, expressing the hope that all things might go well during the school term ahead. Mr. R. E. Drennan, new Principal of the Junior High was then introduced and gave some of the things that would be expected of the students during the term ahead. He earnestly asked for the cooperation of the students to make this one of the most successful years in the history of the Clarendon Schools.

One announcement made at this time by E. M. Lindsey received much attention. Mr. Lindsey stated that there would be a band for the Junior High School and further stated that there would be no charge for admission to the band. A band is planned for the school to be composed of the younger musicians in the city and those who are learning the work of the band.

Enrollment figures for these two schools are not complete, but the attendance is expected to be larger than last year, which set a record of more than 1,000 students to be enrolled in the schools of the city.

The opening of the High School and Clarendon Junior College will be held Friday morning from 10:15 to 11:00, following the enrollment of these two schools.

Chester Williams returned last week from a three week visit with friends and relatives in Oklahoma.

Mr. and Mrs. Frank Erman of Eagle Rock, California, spent last week end with Mr. and Mrs. John Beverly.

Mrs. W. C. Heath, sister of Mrs. John Beverly, and children of Wichita Falls stopped en route from Colorado Springs to their home for a short visit with Mr. and Mrs. John Beverly and other relatives.

GOLF TOURNEY IS NEAR COMPLETION

**FIRST AND SECOND FLIGHTS
COMPLETE, THIRD FRAME
IS UNFINISHED**

With W. H. Cooke definitely established as the champion of Clarendon and V. A. Kent as the runner-up in the first flight, interest in the Hillcroft Golf Club's tournament has lagged and little more play is expected. The third frame lacks two matches of being complete. Cooke was presented with a handsome loving cup which is to remain in his possession until he shall have lost it or until he wins it three years in succession, when it will become his property. Kent was presented with a suitable prize for his place as second.

Low medalist prize was presented to Robert Weatherly, Junior, who was in the first flight. He turned in the remarkably low score of 77 on the two qualification rounds.

Second flight play was won by Walter Wilson, who vanquished Kenny Lane only after a series of hard fought battles. These two were also presented with prizes suitable to the places they held in the match.

The third flight lacks a little being finished with Sam Braswell, Junior on the first frame and the match between J. T. Patman and Fred Buntin holding up the finals of this bracket. It is possible that this flight will be completed in the next few days.

CITY IMPROVING STREETS NORTH OF RAILROAD TRACK

Tractors and crews were busily engaged the fore part of this week clearing and straightening the street leading north across the right-of-way of the railroad on the West side of the depot. The road has formerly branched to the East and West here leaving a high spot in the center of the street. This has been removed and the street will be left to run straight here instead of turning by easy curves. The surplus dirt was used in the low place in front of the depot that there might be no mud hole in the street at this point. Other work has been done on the streets, particularly in opening the paved streets on the north to allow excess waters to pass off before depositing their load of sand on the paved streets. This has been done in a number of cases and is expected to assist materially in caring for the drainage situation here.

Mrs. James Trent and Mrs. L. S. Bagby returned Saturday evening from a trip through New Mexico which they had made in company with Mrs. E. A. Simpson and children.

REVIVAL SERVICES TO CLOSE SUNDAY

**SPLENDID SERIES BEING CON-
DUCTED HERE IN FIRST
CHRISTIAN CHURCH**

Rev. and Mrs. McMurray will remain in Clarendon at least until the fore part of next week if the plans of those in charge of the First Christian Church work out as they have been made. A no more splendid series of services had ever been held in the city, and the results have been more than gratifying to the membership of the church at large.

At the beginning of the series of meetings the weather was such that it was thought wise to make provision for a cooler place of meeting, and benches and a platform were placed on the west side of the church. These have been used a very little since the first due to the coolness of the nights and the frequent showers that have made the place untenable.

The attendance has been good when the weather conditions and all other matters have been taken into consideration. The sermons of Rev. McMurray have been direct and to the point and he has made many friends during his short stay here. He will continue to preach throughout this week, and will probably close out the series on Sunday evening.

As in the past, the people of Clarendon are cordially invited to attend any or all of the services and are assured of a warm welcome.

RATHJEN'S STORE ADDS MAN TO ASSIST IN FALL RUSH

E. A. Hardin of Amarillo is one of the latest additions to the business forces of the City of Clarendon. Mr. Hardin is an experienced shoe man with a number of years work in the business, and comes to Clarendon with high recommendations as being well fitted for the place. During the summer months, Mr. Rathjen has been operating the place of business alone the greater part of the time, but has secured this young man to assist in the store during the Fall months when business will be at the peak.

HOME ECONOMICS DEPART- MENT BEING REMODELED

The Home Economics Department of the Clarendon High School is to have one of the most complete places to work in the Panhandle section of the state when the workmen have completed the work they have in hand. The first floor of the North wing of the Young Ladies' home has been turned to the use of the department named and is to be completely changed. New wiring has been installed to accommodate the appliances that will be used in this department, and a complete new outfit of gas stoves will be installed in the kitchen. A dining and reception room will take the southern half of the building, along with a small room set aside for a laundry and a cloak and rest room. The improvements in hand are being made with the stamp of approval of the State Department of Education, that no more controversy will be had in this connection. At the present time the place is badly torn up and it would be difficult to see what will be the appearance of the rooms when they have been released. Miss Helen Beck will again be the head of this department of the High School.

FIRST BALE HERE FROM HALL COUNTY

**RAISED BY A. D. HALLFORD
ON LOTT FARM IN BRICE
VALLEY**

The first bale of cotton for Clarendon for 1928 was brought here Wednesday by A. D. Hallford of Brice. The cotton was raised on one of the Lott farms in the Brice section and weighed 450 pounds. It was ginned at the Cosby Gin at Brice and was sold to Mr. Cosby at Brice for 18.25, totalling \$82.13. A fund was raised in Clarendon late Wednesday afternoon and an additional \$40.00 was given Mr. Hallford, which brought the total receipts on the bale to \$122.13 exclusive of the seed. Since this was the first bale, it is supposed that the ginning was contributed by the gin company.

The following list represents the amount raised by the business men of the city and will be pro-rated 60-40 to the first Donley County bale and to the first bale brought into the county from outside. Mr. Hallford has received his share of the premium and the remainder is awaiting the first Donley County man to bring a bale to Clarendon. There were some men who were not seen, but these will be added when they are located. The list follows:

- \$2.50 list: Figgly-Wiggly, A. N. Wood, Goldston Brothers-Douglas & Goldston, Watson & Trobust Co., \$5.00 list: First National Bank, Farmers State Bank, Donley County State Bank, Wm. Cameron Co., Inc., West Texas Utilities Company, C. D. Shamburger Lumber Co.
- Hanna-Pope & Co. \$3.00.
- Amarillo Furniture Co. \$2.00.
- Shelton & Sanford, \$2.00.
- Little Mercantile Co., \$1.50.
- \$1.00 list: Alderson's Studio, Home Bakery, Sain Lowe, Drs. Jenkins, City Garage, City Market, Hokus-Pokus, Clarendon Plant & Floral Co., Greene Dry Goods Co., H. W. Taylor & Sons, Bryan-Miller, Odos Caraway, Powell & Patman, Jerome D. Stocking, Clifford & Ray, Castleberry's Market, "M" System, The Clarendon News, Johnson-Mahaffey, M. W. Hendrick & Sons, J. W. Watts, Clarendon Drug Store, Moss Battery and Electric, Parsons Bros., Holland Bros., Ballew & Noble, A. L. Chase, J. T. Warren, Henry Williams, Geo. H. McCleskey, F. W. Rathjen, H. C. Kerbow & Sons, W. C. Stewart, Pastime Confectionery, Dr. T. H. Ellis, Kandy Kitcher, Ball Drug Company, J. M. Stephens, Johnson Grocery, Ideal Cafe, Clarendon Grain Co., Clarendon Motor Company, R. L. Bigger, and J. C. Killough.

50 cent list: C. R. Mitchell, Quality Grocery, L. H. Skelton, Potts & McGowan, Frank Whitlock, H. L. Edinger, Dan Sauls, Willard Boss, J. M. Tucker, W. A. Land.

CASH MARKET OPENED BY LONNIE WOOD THIS WEEK

L. L. (Lonnie) Wood has bought the Hokus Pokus Market and will operate it under the name of the "Cash Market" from this time forward. Mr. Wood has been in the cattle business in Clarendon for ten years and has sold meat to the various markets during that time. He comes here knowing meats and is endeavoring to serve the people of Clarendon in a manner that will keep his business on the increase. He starts this week with an advertisement with special prices and will run regularly from this time on out. Messrs. Lynn and Butler have made no announcement as to their plans after relinquishing the market.

PARTY GOES AFTER DOVES TUESDAY—PATMAN INJURED

A party composed of J. T. Patman, J. W. Martin and P. A. Patman of Clarendon and Joe Hardy of Wellington journeyed to the dove grounds Tuesday of this week after the choice birds and one of the members came back with quite a painful injury. It is understood that the party secured the limit soon enough, and that the injury to Mr. Patman was quite accidental. It seems that Mr. Patman was slipping along and that his foot became hung on the lower strand of a discarded wire fence and could not be disengaged. He fell and in falling scraped his right leg from the knee down to such an extent that he was using a cane Wednesday morning. They report a plentiful supply of birds, but that they are becoming wild as they are pursued.

Miss Maurine Vinson left Sunday morning for Canyon, where she will attend Institute before returning to Groom, where she will teach during the coming school term.

INTERSCHOLASTIC MEET TO HEDLEY

**COUNTY INSTITUTE RECEIVES
RECOGNITION—WILL BE
HELD NEXT YEAR**

The Donley County Institute came to an end Tuesday afternoon of this week and was acclaimed one of the greatest successes that has ever been held here. Dr. J. T. Shaver of the Education Department of Texas Technological College was the director of the event, and as such, brought great messages to the teachers of Donley County who were in attendance.

Such was the reception accorded the two day meet that the teachers voted unanimously to again hold such an event in 1929. The former custom has been for the teachers to either meet with the larger institute at Canyon, or group with the teachers of four counties at Memphis. Eighty-seven of the teachers of Donley County were in the meeting.

Interscholastic League details for Donley County were worked out to the satisfaction of all concerned. Officers were named and the heads of all departments of the work in the county were named. The teachers again decided to hold the meet in Hedley. The following were named as heads of departments in the County: Director General, Principal Maxwell of Hedley; Director of Declarations, Miss Rita Foster, Clarendon; Director of Essays, Mrs. Davenport of Hedley; Director of Spelling, Mrs. Lee Nowlin of Ashtola; Director of Athletics, E. R. Reeves, Jr., of Lelia Lake; Director of Typewriting, J. Roy Wells of Clarendon; Director of Music Memory, Miss Geneva Merrill of Clarendon; Director of Arithmetic, Lee Nowlin of Ashtola; Director of Wild Flowers, Miss Coye Latson of Hudgins; Director of Art, Miss Lorena Steagall of Clarendon; Director of Debate, R. E. Drennan of Clarendon; Director of Extemporaneous Speaking, Miss Mary Lou Lelia Lake; Director of Dramatics, to be supplied.

Other details attended by the meeting here were climaxed by the closing program of the institute Tuesday afternoon when the assembled teachers were treated to a watermelon feast as the final event of the two day program.

PANHANDLE DEMO- CRATS TO RALLY

**AMARILLO NAMED AS RALLY
POINT, THURSDAY NIGHT
OF NEXT WEEK**

United States Senator Sam Bratton of New Mexico will be the principal speaker at an all-Panhandle Democratic rally to be held in Amarillo next Thursday night, September 13.

Arrangements for the rally were complete Wednesday night at a meeting of Democratic leaders at the Amarillo Hotel when an organization was perfected to push the party's campaign in Amarillo and cooperate in the campaign throughout the Panhandle section. Senator Bratton was reached by telephone in Albuquerque, and said he would be glad to come to Amarillo next week. He opened the Colorado campaign last Saturday in a speech at Denver.

Others prominent in the party will be secured for the program next Thursday and will be announced later. The Amarillo organization selected Judge Bob Underwood as permanent chairman, Lloyd Fletcher as secretary, and Mayor Lee Bivins as chairman of the finance campaign.

It was also voted to open district Democratic headquarters in Amarillo at once. Col. Ernest Thompson tendered the committee the use of a room on the ground floor of the Amarillo, which will be used by the committee. Col. Thompson also announced that the Herring Hotel ball room could be used as the place for the meeting next Thursday if desired by the committee. It will seat a crowd of 600, but the committee may deem it wise to use the municipal auditorium as hundreds from out of town are expected to be on hand. The meeting place will be announced later.

Judge Underwood, Lloyd Fletcher and other speakers urged a campaign of education to acquaint the voters with the ability and character of Governor Al. Smith.

Mr. and Mrs. Roy Jefferies of Wichita Falls spent the last week end with Misses Donna Leta Ellis and Lucille Naylor.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

Donley County's Free Fair will be staged here September 21-22, and promises to be an eye-opener as to the range and quality of farm and garden products in this section. The dairy industry will also have large place in the fair.

Occasionally you read of a woman who has advanced in some profession to the point that she receives a man's wages. In the time-honored profession of house-wife woman has been getting man's wages for thousands of years.

Now we have a pact to outlaw war and the United States is its leading proponent. So long as the capital of the United States is left in Washington, these agreements with other powers should be promoted for the benefit of the world and the advancement of continual peace.

Most of the resentment among the brass collared Democratic leaders over the anti-Al movement in the party is not on the grounds of "party loyalty" as some make it appear, but because party victory is menaced. These fellows are much more interested in victory and pie than they are in principle and good government.

Texas' supremacy as a cotton producing state is being seriously menaced by the spread of root-rot in the great black-land belt of central Texas. Unless some remedy is found it will be impossible to raise cotton in those counties within a year or two. This root-rot began in the lower section of the state and has advanced northward for the past two or three years.

"Prohibition isn't the issue" is the continuous and parrot-like cry of the Tammanyites. Maybe it isn't, but just the same they send Joe Robinson down into the South to do the speaking, since he is another of those week-kneed pros who have been bound willingly to the liquor machine. Somehow they feel that Joe will get over better down here than would Al.

We are rather of the opinion that if Joe Robinson stays long in Texas he will quit referring to the opposition to Al Smith here, as the "whispering campaign". Texas Democrats who refuse to be gagged by the liquor bunch from Tammany,—that bunch who refuse to recognize or respect the constitution of the United States,—that bunch who dares to defy the majority wishes and platform of the Democratic party—Texas Democrats, we say, don't whisper. They talk out loud.

The Association Opposed to the Eighteenth Amendment is sending out questionnaires to over one thousand candidates for congress in the nation. They are preparing to segregate the out-and-out pros for a vigorous attack, sparing neither money or methods, while supporting those favorable or passive to their cause. No, no—prohibition isn't the issue.

The News couldn't get excited over the personalities of the senatorial run-off between Earle Mayfield and Tom Connally, because from personal acquaintance we discounted the things each said about the other. We know Earle Mayfield is a good man. We know Tom Connally is a good man. Down deep each knows the other is a good man. Politics make men say and do many strange things. Texas will be well represented by Tom Connally.

Clarendon will send a good-sized delegation to Pampa next Monday to attend the district convention of the West Texas Chamber of Commerce. Effort is being made to take the Clarendon Municipal Band to assist in the entertainment of the meeting and to aid Clarendon if she decides to make a bid for the 1929 district meet. Go to Pampa next Monday to help out our city's showing and to get the good of contact with some of our state wide men of affairs.

Supt. Burton and Dean Cooper are pleased over the opening of Clarendon Junior College and the public schools of the city. A very splendid faculty has been assigned their duties and the school for 1928-29 is getting off to a fine start. All the difficulties of the previous years have been surmounted and with the united support of the citizenship our schools should take even higher rank this year. Our schools are among our chiefest assets. Let us enlarge our support to them, for as they prosper our city prospers.

Joe Robinson says Al Smith has the "disposition and ability to enforce the 18th amendment so long as it is a law". He shows his disposition by proposing to change the law since he says it cannot be enforced. No executive has any disposition or heart to enforce a law he does not respect. Smith's disposition is best shown by the fact that he has taken the oath as governor of New York four times, and each time he has sworn to uphold the constitution of the United States, and yet he has used the whole force of his executive position to defeat at least one of its provisions. If elected president he proposes nullification. Look that "disposition" over.

THE MEMPHIS DEMOCRAT SHOULDN'T GO TO HELL

Some weeks ago Editor Claude Wells of the Memphis Democrat took the local gas company of that city to task about its policy of refusing to contribute to community projects. Some higher up official got a copy of the criticism and sent back a very undignified reply—an invitation for the Democrat to go to hell, or words to that effect. We don't want the Memphis Democrat to go. We need it here in the Panhandle to carry on its great work aiding every phase of development in Hall County. Without it the gas company would never have selected Memphis as a city desirable for a franchise. Stay here, Claude and keep the Democrat here with you, and maybe there'll come a time when the gas company will see the narrowness, the selfishness, the ugliness of trying to do business in any community where it operates and earns its pleasant dividends.

In reply to the discourteous invitation the Democrat had the following to say last week:

"When the editorial titled 'They Won't Put Out Anything,' which appeared in The Democrat of August 9, was brought to the attention of officials of the Northern Texas Utilities Company one of those gentlemen sent word to Memphis by messenger to 'tell The Democrat to go to h—l.' We suppose this verbal consignment also goes for the citizens of Memphis, often refused small favors by the gas company. The utterance is a remarkably clever defense of the company's lack of interest and refusal to assist in several movements."

Our gas company contributes monthly to the support of the Clarendon chamber of commerce and we believe they will aid us on the fair and any other worthy community project.

MODIFICATION HELD AS ENTERING WEDGE TO BREAKING DOWN OF PROHIBITION

When national prohibition became a part of the constitution there were those who predicted that the American hotel would suffer seriously from the loss of its bar-room. But the reverse has been true and today the hotel business is one of the best revenue producers in the nation and whereas ladies unattended, dreaded to go to a hotel, now they are as safe as they ever are without escort and have no feeling of dread in that connection. The hotel business has been lifted to a high level and the attitude of the men who direct its efficiency is worthy of study. Over at Atlanta, Ga., there is published the "Southern Hotel Reporter" which says editorially in a recent issue:

"Prohibition and its effect upon the American hotel industry has long been a topic of much importance among hotel men, especially those who got their start in the 'good old days'. Elimination of the saloon has tended to elevate the business of running a hotel. Prohibition has injected a better atmosphere, a more efficient system of operation than could ever have prevailed with barrooms as an adjunct. Many of the proprietors and managers of the 'good old days' made better bartenders than hotelkeepers in the modern sense of the term. An ability to out-drink the guest was frequently considered a greater personal asset than a knowledge of cost accounting or business ethics. There are many hotel men aware of the benefits conferred by the elimination of the saloon. It is extremely doubtful if the controlling influences behind the American hotel industry would vote for a return of the barroom—It may be that an enlightened people will see fit to modify a law that does seriously infringe upon the popular doctrine of personal liberty. The 'drouth' may be leavened by the sale of light wines and beer, but it is inconceivable that the saloon will ever disgrace the community again. More optimistic proponents of light wines and beer believe modification soon would lead to a complete breaking down of the prohibition law. If that were the case it would be far better to increase the effectiveness of the statute and dispell all hope of even the slightest change or alteration."

FORMER CLARENDON BOY WRITES NEW BOOK

Charlie Ferguson, son of the late Rev. C. N. N. Ferguson and Mrs. Ferguson who was pastor of the Methodist church in Clarendon several years ago, has recently written a book which will be published by Doubleday, Doran and Company in October.

This book, "Confusion of Tongues", as reviewed by Umphrey Lee, pastor of the Highland Park Methodist Church in Dallas, is of interest to Texans both because of the author being a native of Texas and the subject matter. "Whether Ferguson's book is to be a sober historical survey of the various religious movements which make up the modern Babel or whether the volume is to be a satiric attack upon American religiosity and credulity remains to be seen".

Mr. Ferguson attended Clarendon College for several years, and later, S. M. U. where he was yell leader. While in school there he achieved distinction as a writer and received the praise of H. L. Mencken, something hitherto unknown in Methodist circles. It will be remembered that Mr. Ferguson married Miss Victoria Wallace, also a former student of Clarendon College.

Mr. and Mrs. J. W. Morrison and family returned Friday evening of last week from Laramie, Wyoming, where they had been for a vacation visit.

Grade Teachers are: Miss Vera Brinson, Mr. Otis Smith, Miss Garland, Miss Layma Taylor and Miss Alta Lewis.

MILLION VOTES PREDICTED IN NOVEMBER ELECTION

That a million votes will be cast in the National election in Texas is the opinion of B. D. Sartin, manager of the Anti-Al Smith Democratic headquarters in Dallas.

Judge Hart bases his estimate on reports that have been turned into both the Dallas and Houston Headquarters, also the district of-

ices at Wichita Falls, Amarillo, Corpus Christi and San Angelo.

"In event the women vote in full strength, which we expect them to do," said Judge Sartin, "Texas will see 350,000 women votes for Herbert Hoover electors.

We can depend upon 250,000 men voting for Hoover. This will give us a total of 600,000 votes, leaving Smith, the wet, to get 400,000.

"The people can rest assured that the Anti-Al Smith Democratic headquarters in every city are organized to get out a full vote of women. We are organized to perfection and there will be no let-up in our work, regardless of whether we have funds or not.

Our workers are interested in the morals of Texas people and are not campaigning for the dollar there is in it. We want a clean government, a clean state and a clean people. The liquor traffic, again restored, will tear down the work we have spent over forty years in doing.

"Texas women are fighting like those who gave their last blood in defending the Alamo. We do not know the word defeat. We are seeking a glorious victory for our's is a glorious cause of right and justice. Down with Al Smith and his wet gang of Tam-

Smith's Hall."

Dr. Mike Walker and wife, Mr. and Mrs. Henry Hudgins and Mrs. J. M. Raney of Wichita Falls visited Sunday in the home of Dr. Walker's sister, Mrs. Cap Lane and family. Gordon Lane returned with them to Wichita Falls where he will undergo an operation on his tonsils.

AMARILLO GOLF PRO HERE TWO DAYS EACH WEEK

"Boney" Bonebrake, golf pro- fessional of the Hillcrest Golf Club at Amarillo, was in Clarendon Monday and Tuesday of this week beginning a series of private lessons to local golfers. Mr. Bonebrake will be here Monday and Tuesday of each week for a month or two and has signed up a number of pupils who will endeavor to cure their golfing ills under his instruction. He is one of the most successful instructors of the ancient and honorable game in the entire Southwest, having attained quite a reputation in Kansas before coming to Amarillo, and those who have already had

a lesson attest to his ability as a teacher.

Mr. Bonebrake played the Hill- croft course Monday afternoon and is outspoken in his compli- ments to the local course and of the ability of its keeper, Mr. Nolie Simmons.

Mrs. Thos. McCarty left the fore part of this week for Pueblo, Colorado, where she will again be connected with the public school system.

Rev. and Mrs. M. M. Chunn and family of Whitney, Texas, are here for a visit with his mother, Mrs. R. A. Chunn and his brother, Richard. They plan to be here for about two weeks.

Dial-Poovey

The nuptials of John Dial, em- ployee of the Fort Worth & Den- ver Railway Company and Miss Oneta Poovey were performed Wednesday afternoon by Rev. Leon O. Lewis in his offices in the First National Bank Building.

Mr. Dial is an extra man on the Denver road and has until re- cently been located at Tascosa. He was located in the local station at one time and is well known here.

Miss Poovey is the third daugh- ter of Mr. and Mrs. W. A. Poovey of Ashtola, and is known as one of the most popular and talented young ladies of that community. The many friends of the con- tracting couple wish them a long and happy life.

Couch-Park

Mrs. Annie Park announces the marriage of her daughter, Lucile, to Mr. Rhea Couch. The wedding took place Saturday evening, Sep- tember 1, at the Methodist par- sonage. Rev. S. E. Allison per- formed the ceremony.

The bride graduated from the Clarendon High School in the class of 1927. She was very active in all the work of the school and has many friends among that group being possessed of a very winning personality.

The groom is the son of Mr. and Mrs. T. M. Couch and is a former student of the Clarendon schools. He has been an employe of Lowe's Grocery for the past few years, and has a host of friends who wish him and his bride much happiness in their life together.

Mr. and Mrs. Couch left im- mediately following the ceremony for a short honeymoon trip.

Gorsuch-Haning

The nuptials of Mr. Joseph Gor- such of Saint Louis and Miss Ruth Haning were celebrated in Saint Louis on August 31st. Other de- tails of the ceremony are lacking.

Miss Haning has been a resident of Clarendon for the past four years, having removed to this city from Dalhart with her mother and family. She is a talented mu- sician, having studied violin and had taught here for a number of years with excellent success.

Mr. Gorsuch is a resident of Saint Louis and is in the employ of the U. S. Fund and Guaranty Company of that city.

The romance began some years past while Miss Haning was study- ing in Saint Louis.

1928 Book Club Opens New Year

The opening meeting for the 1928 Book Club year was held in the home of Mrs. Charles Trent, Tuesday afternoon, where a profusion of late autumn flow- ers gave added attractiveness to the entertaining rooms.

The business session, presided over by Mrs. Sam Braswell, pres- ident, was followed by roll call with each member present telling how they had spent their vaca- tion. This feature proved most interesting as some present had had wonderful trips.

The names of Mrs. Jimmy Mil- ler, Mrs. Fred Rathjen and Mrs. Rayburn Smith were added to the roll due to the vacancies caused by resignations.

An ice course was enjoyed at the close of the meeting.

Ruth Warren Celebrates Birthday with Fine Party

Ruth Warren was nine years old Friday, the 31st.

Her cousins, Velma, Ira and Lillian Huckaby came up from Memphis to spend the day with her. Thurecia May Turner also came with them. In the afternoon other little friends joined them and went to the theater, after which they all enjoyed watermelon, birthday cake and ice cream.

Ruth was happy to receive many pretty gifts.

The guest list included the fol- lowing: Pauline Brown, Maxine and Dorothy Nell Oler, Lucile Nidever, Lou Etta and Bethelie Northcut and Lovella Bell.

Circle II Has Watermelon Feast

The ladies of Circle Number two of the Missionary Society of the Methodist Church was host- esses as a whole Wednesday after- noon, with a watermelon feast in the city park.

Mrs. Boston, president of circle number two, directed the cere- monies of the afternoon. There was a bountiful supply of water- melons and canteloupes which were thoroughly enjoyed. A small victrola, presided over by Mrs. Charles Lowry, was played during the feast.

A good time was reported by the large group of ladies present.

Mr. John F. Blocker Surprised with Birthday Party

At 7:30 o'clock Monday evening, at the instigation of Mrs. Blocker, friends and relatives of Mr. John Blocker surprised him with a birthday party at his new home.

The house was decorated with cut flowers in the autumn shades. The white birthday cake with forty-two candles occupied a prominent place in the center of the buffet.

A bountiful three course din- ner was served at two long tables, in the dining room, which were very attractive with centerpieces of vari-colored nasturtiums in green bowls. Tall pink tapers in green holders burned on either

side and cast a soft glow over the many happy faces.

At the completion of the meal Mr. Homer Mulkey presented Mr. Blocker with a gladstone bag, a gift of "the bunch". Mr. Blocker made a splendid speech of ac- ceptance, then the guests indi- vidualy made fitting remarks in regard to the occasion with much credit due Mrs. Blocker.

The party was turned into a stag smoke later and was enjoyed only as men know how to enjoy themselves on an occasion of this kind.

Those present: Messrs T. M. Shaver, Odos Caraway, R. Wilker- son, H. Mulkey, J. W. Martin, W. Taylor, A. L. Chase, Clyde Douglas, Wm. Patman, Joe Horn, Ernest Pope, J. T. Sims, Joe Cluck, Frank Whitlock, B. L. Bigger, T. M. Pyle, Dorr Ellis, J. T. Patman, John Blocker, Jr., and John F. Blocker, the honor guest.

Rev. J. A. Smith is Honored

Mr. and Mrs. W. C. Stewart contributed delightfully to the late summer social activities, Monday evening, when they opened the doors of their home for a social honoring Rev. J. A. Smith of Lin- dale, Texas, former pastor of the Clarendon Baptist church.

Garden flowers in rich autumn shades were used profusely in the reception rooms, where old ac- quaintances were renewed and a musical program was rendered.

Mrs. Allen Bryan delighted those present with a number of instrumental selections and Miss Sara Thompson, accompanied by Mrs. Bryan beautifully rendered a group of vocal numbers.

A love gift offering, from those present, was presented by Mr. H. C. Brumley to the honor guest.

A delicious ice course was served by the hostess and as de- parting time drew nigh the hymn "When We All Get to Heaven" was sung in concert, followed by a prayer for the safe-keeping of the group present by Rev. S. R. McClung.

Those paying honor to Rev. Smith were: Mrs. Mollie Gray, Mrs. Frank Whitlock, Mrs. M. E. Thornton, Mrs. Buel Sanford, Mrs. F. C. Whipple, Mrs. J. A. Leath- ers, Mrs. F. L. Weempe, Mrs. Allen Bryan and Mrs. Glen Casey of Amarillo, Mr. and Mrs. E. F. Bryan of Amarillo, Mr. and Mrs. W. A. Land, Mr. and Mrs. A. O. Hott, Mr. and Mrs. Nolie Sim- mons, Mr. and Mrs. W. B. Sims, Mr. and Mrs. Ed Speed, Mr. and Mrs. Fred Ballew, Mr. and Mrs. H. C. Brumley, Mr. and Mrs. Joe Goldston, and Mr. and Mrs. H. Leathers of Lelia Lake, Rev. Mc- Clung, Mr. J. F. Oler, Mr. H. M. Parker and Mr. W. W. Buck, Miss Sara Thompson, Miss Lillian Ab- bott, Miss Marjorie McKillop and Miss Alleen Ballew.

Thursday Afternoon Club Meets

A morning party was given by Mrs. H. Rhoads at her country home Thursday honoring the mem- bers of the Thursday afternoon bridge club.

In the games of bridge, Mrs. Homer Glascoe received the high score favor.

Luncheon was served at noon to: Mesdames Earl Alexander, T. H. Ellis, W. C. McDonald, Homer Glascoe, Louis Merrill and Clyde Price, Misses Beulah Baird, Mary Cooke, Fannie Florence Sims, Frances Cooke, Annie Moores and Ruth Stocking.

Dual Wedding Anniversary Held

Mr. and Mrs. Loyd Stallings and Mr. and Mrs. G. Lester Boy- kin numbered among the hosts and hostesses for the week with a beautiful forty-two dinner party, Monday evening, at the lovely home of Mr. and Mrs. Loyd Stallings, in commemoration of their second and fourth wedding anni- versary respectively.

The palatable two course din- ner was served at small tables where astors, bridal flowers of Mr. and Mrs. Stallings and cle- matis, bridal flowers of Mr. and Mrs. Boykin, with greenery were artistically used, enhancing the charming table appointments while the rooms were ablom with a profusion of fragrant garden flow- ers.

The game forty-two followed and was enjoyed until a late hour when the guests departed wishing the hosts and hostesses many more years of happy married bliss.

The guest list: Mr. and Mrs. E. C. Britain of Amarillo, Mr. and Mrs. D. O. Stallings, Mr. and Mrs. A. A. Mayes, Dr. and Mrs. Wilder, Mr. and Mrs. H. T. Burton, Miss Fray Stallings, Miss Claire Marie Braswell and Miss Nedra Cooper of Fort Worth.

1922 Bridge Club is Entertained

Beautiful roses, dahlias and crepe myrtle were artistically ar- ranged in the home of Mrs. W. H. Cooke, Tuesday afternoon in welcome to the members of the 1922 Bridge Club when they gathered for an afternoon of pleasure in the playing of their favorite game, auction bridge.

Mrs. T. H. Ellis held high score at the close of the games and Mrs. J. T. Sims was fortunate in the cut for consolation.

A lovely refreshment course was served to: Mesdames Geo. B. Bag- ger, Odos Caraway, J. B. McClel- land, T. H. Ellis, A. R. Letts, J. T. Sims, Sella Gentry and R. A. Chamberlain.

W. A. Riddle

arose at an early hour and by six thirty o'clock they were en- joying a swim at the Country Club. After which they had a very delicious breakfast. Sliced oranges were served and then hot "dough boys" filled with bacon and eggs and others with jelly and butter were served with steaming coffee.

Those enjoying the morning were: Misses Davilla Kelly, Betty Walker, Gladys Burson, Nadine Haile, Lois Alexander, Wylfa Alexander, Elgin Patrick, Latrice Benson, Gwyn Youngblood, Edna Montgomery and the hostess, Miss Julia Taylor and the caretakers, Mesdames W. W. Taylor and W. H. Youngblood.

Miss Latrice Benson was the popular hostess to the Old Maids Society Friday night. They met at her beautiful home about eight o'clock and then went to the show. After the show they visited the Pastime Confectionery where they had drinks and lis- tened to the new music box, before returning home to find two ice cold watermelons await-

ing them. Later in the evening they were serenaded by several boys.

Those enjoying her slumberless party were: Misses Julia Mae Caraway, Gladys Burson, Julia Taylor, Gwyn Youngblood, Elgin Patrick, Betty Walker, Nadine Haile, Davilla Kelly, Lois Alex- ander, Wylfa Alexander, Jane Killough, Edna Montgomery and the hostess, Miss Latrice Benson.

Presbyterian Auxiliary Meets

An interesting Bible lesson, with Mrs. W. G. Word as lesson leader, was instructive to the large group of members present at the week- ly meeting of the Presbyterian Auxiliary, when they met in the home of Mrs. Floyd Lumpkin, Wednesday afternoon.

A short business session pre- sided over by the president, Mrs. Holman Kennedy, was followed by a devout prayer.

During the social hour a lovely afternoon refreshment plate was served.

MEMPHIS MAN IS NEW SCOUT HEAD

CLAUDE WELLS IS CHAIRMAN OF SOUTHEAST PANHANDLE SCOUT COUNCIL

A meeting held at the conclusion of the Southeast Panhandle Scout Camp formally organized the council, naming officers that will hold their places for one year from the date of organization. The completion of the organization of this group of four counties will make the United States complete with a very few sections of the country. One other remains to be organized in the northwestern part of the Panhandle and the Panhandle of Oklahoma.

Clarendon will be represented on the council by G. L. Boykin, Secretary-Manager of the Clarendon Chamber of Commerce. Representatives from the five towns organized were present and took an active part in the organization of the council. Memphis, Clarendon, McLean, Shamrock and Wellington were well represented at the event and it is thought that the Scout work will show great impetus under the new group.

J. Claude Wells of Memphis is Chairman of the Council, G. Lester Boykin, C. O. Bogan of McLean, Burt Clem of Shamrock, H. E. Singley of Wellington, Vice Presidents and Raymond McClure of Wellington, Secretary-Treasurer. Active organization work will be started in the district in the immediate future.

C. M. Doak of Wichita Falls spent Monday here in the home of his mother, Mrs. J. M. Williams.

NAYLOR

The Singing School has closed, and will long be remembered as a good school and a most interesting one.

The Baptist meeting closed last week. Much good was done. Mr. A. E. Tidrow and daughters are now at Memphis attending the meeting of their church. They were sent as delegates.

Saturday morning long before any one else thought of rising Misses Lucille Pickering, Lucille Johnson, Rachel and Louise Tidrow and their house guest, Ruley Canley and Messrs Dick Tidrow and Kenneth and Clyde Bain left for a day's outing over at the Shott Cut, returning by Turkey and Memphis, eating supper at the Wayside Inn on Parker Creek. Their fun grips were packed full, and as yet they say they have not told half.

Dick Tidrow and niece, Miss Ruby Canley, after a three weeks visit with A. E. Tidrow and family left Monday for their home at Cooper, Texas.

Wednesday, August 29 was the 27th mile post in the married life of Mr. and Mrs. Richmond Bowlin. About ten o'clock that morning, to their surprise, their children and grandchildren came bringing with them all the cats they could think of. The day was spent in merry-making for all those present were: Mr. and Mrs. Sidney K. Beach and son, Mr. and Mrs. Wynne Bowlin and family of Hedley and Mr. and Mrs. L. R. Bowlin.

Mr. and Mrs. Steward and Mr. and Mrs. Clyde Steward enroute from Dallas to their home at Dalhart, visited T. B. Downing and family Thursday.

Mrs. Evans and Mr. and Mrs. Truman Hickman and baby of Amarillo spent Thursday night with Mr. and Mrs. T. B. Downing, Mrs. Hickman and baby going to Childress Friday morning. Messrs Evans and Hickman, accompanied by Waldon Downing, went to McLean for the week end.

Monday was given to birth-days at the home of Mr. and Mrs. T. E. Naylor, the whole family, father, mother and son celebrating. A feast fit for the kings was held and those present were: Mr. and Mrs. H. B. Naylor and children of Amarillo, Mrs. Fanny Naylor and Miss Minnie Naylor.

CHAMBERLAIN

Mrs. Self of Abilene and Mrs. Cornelius of Elk City, Oklahoma, are visiting in the home Mr. Rumpy.

Mr. Malone and family visited at Memphis for the week end. Clifford Johnson and family motored to Amarillo Saturday.

Mr. and Mrs. Bryson have returned from a ten days' in Erath County.

Mr. Martin and family of Lelia Lake visited with the Hughs family Sunday.

Mr. McQuarrie of Clarendon attended Sunday School here Sunday.

Misses Beulah and Beatrice Womack, Rosie Rhodes of Cooper, Texas, and Mattie Rhodes of Brice visited in the Malone home Sunday.

Mrs. H. B. Rhodes and little son, H. B., Jr., visited in the Mill-sap home for the week end.

Park Chamberlain and wife have returned from a months' vacation in the mountains of Colorado.

Mr. and Mrs. Emmons visited at Ashtola Sunday.

Jimmie Millsap left Sunday to begin his school at Bethel, Hall County.

Mr. Choate of Nebraska is visiting his brother, Frank Choate.

HANNA-POPE SECURES CLERK TO KEEP PACE WITH STORE

Faced with one of the biggest Fall seasons in the history of the organization, the management of the Hanna-Pope Store in Clarendon has secured Mr. John Burgan of Clovis, New Mexico, to assist in the business that is certain to be theirs during the months ahead. Mr. Burgan will work in all departments of the store, specializing in the shoe section.

CLARENDON MEN ATTEND GIN MEETING AT QUANAH, TEXAS

Ed McDaniel of the Farmers Co-operative Gin and H. Fitzgerald of the Fitzgerald Gin were in Quanah the latter part of last week in attendance on the meeting of gin men in that city. The West Texas Gin Men's Association was organized and officers were named. Other representatives from gins in Donley County were represented at the meeting.

W. A. Creamer of Lelia Lake returned Sunday evening from a trip of quite large extent through Roswell, Carlsbad, Clondercroft and other points of interest in New Mexico.

Mrs. Eva Draffen and son, Jack, returned this week from Saint Louis and other points in Missouri after a month's visit.

THE FIRST NATIONAL BANK

AMARILLO MAN IS LEADER FOR BAYLOR IN DISTRICT

WACO, Texas, Aug. 29.—Occupying possibly the 18 most important positions of the entire Greater Baylor University campaign, district chairman, chosen from the leading Baptists and Baylor alumni of the state, are laying definite programs of effort to promote the drive for \$2,000,000 in the state at large.

Another district chairman has begun organization, following the acceptance of J. M. Cooke of Amarillo to serve as leader of district 9. He is prominent in denominational work and stands high in Baptist activities, particularly in that section of Texas.

Baylor's cause is now a desperate appeal, according to state headquarters here. The oldest educational institution in Texas, Baylor was founded and nurtured by Texas Baptists and its support depends on them, now.

Actual figures audited here recently, showed that more than 89 per cent of Baylor's income is derived from students' tuitions and fees, a dangerous financial

situation. Campaign money will be used for erasure of that indebtedness and to create additional endowment. Dallas and Waco will build new structures.

COTTON SURPLUS IS MILLION BALES SHORT OF 1927 CROP

Austin.—Reports from the Cotton Textile Merchants of New York City during July were rather discouraging, according to Bernard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"Considerably less cotton is on hand in the United States than a year ago at this time," he said.

"On August 1, the supply was 15,729,000 bales while on August 1, 1927, the supply was 16,865,000 bales, and on August 1 two years ago, it was 20,182,000 bales. Consumption and exports during the final month of the cotton year were smaller than expected; at that the present supply is a little larger than was looked for earlier in the year.

FORMER CLARENDON GIRL FLIES ON ST. LOUIS TRIP

The following clipping was taken from the Clayton, New Mexico, News, and will be of interest to Clarendon people since Miss Zurich is a former Clarendon girl and has many friends here. The item follows:

Wednesday morning Miss Jess Zurich left via airplane for St. Louis, Mo., where she will meet Miss Rose Tixier, who has been attending school in New York City for the summer.

The plane Miss Zurich used is a new four passenger Eaglerock, recently purchased by the Union County Cattle Co., from Alexander Industries of Colorado Springs.

The two young ladies will fly to New Orleans and Dallas before returning to Clayton.

Another interesting item to be taken in connection with this is the fact that Miss Zurich also took a plane when she started home, and passed over Clarendon Sunday, August 26th en route to her home in New Mexico.

PADUCAH FARMER PROFITS IN COTTON

LIVES OFF PRODUCE AND LEAVES COTTON FOR HIS CASH PROFIT

Another striking example of the farmers who are making good in this section, is that of M. H. Wall, who lives in Green Valley Community, six miles southwest of Paducah. Mr. Wall attributes his success to his dairy herd as so many of our successful farmers are doing today. His hogs and chickens yield a clear profit after the cream checks pay the feed bills. The chicken and hog money buys the groceries and dry goods and operates the car, to leave the cotton as a net profit crop.

Mr. Wall first began dairying on a small scale in 1925. He was led into this field of work by the arguments of the county agent of the A. & M. Extension Service. He started with three head of cows and has gradually built up his dairy herd until today he has 7 head of milk cows and five heifers, one of which will be fresh between now and fall. These included some nice young heifer calves that will be taken into the herd to make it better. Mr. Wall says his herd grows better each year as he uses only first class registered sires, which is the best and quickest way of building up a dairy herd.

Asked for his secret for farm success, Mr. Wall said: "Get some cows, some hens and some hogs and make your living. In the event of a crop failure you have a cinch anyway. You will stay even with the world and in the event of a failure you are put to no embarrassment to meet your obligations. If you stay even you have no obligations to meet."

Mr. Wall stated that he made around \$400 per year off his hogs and chickens. All of the feed consumed by the dairy cows, hogs and chickens is raised on the farm with the exception of cotton seed meal, which is a part of the feed given, put into a balanced ration of wheat bran and other things.

When Mr. Wall first started out in dairying he owed about \$6,000 on the farm he had purchased. He owned the machinery and equipment in the clear. In the five years that the dairy has been operated the indebtedness on the farm has been reduced to \$2,000, in addition to the living that has been made for the family. About \$750 additional was put into farm improvements, including an entirely new set of farm equipment with row binders. Four head of mules have been purchased and in the meantime the dairy herd has been built up from grade stock through the use of registered sires. In addition, the net profit cotton crops have enabled Mr. Wall to buy a couple of lots in the business district of Paducah, worth about \$2,000 each.

Taken altogether Mr. Wall has made about \$8,750 in the past five years off his farm operations. He admits that he could not have done this without the operation of his dairy herd and gives them full credit for the part they have played in his achievement. Mr. Wall has some sound practical ideas and advice to give to any

Miss Lucile Park is Honored

The home of Mr. and Mrs. Charlie Speed was decorated with pink roses, white dahlias and greenery of different kinds, Friday afternoon when Miss Edith Speed entertained with a miscellaneous shower in honor of Miss Lucile Park, bride-elect.

The guests who arrived early were hidden in the various rooms of the house after being relieved of their packages which were wrapped in white tissue paper and tied with pink ribbons. On the arrival of Miss Park she was directed to the dining table where the packages had been deposited and just as she peeped beneath the white covering the guests stormed her.

After the unwrapping of the packages an array of beautiful gifts was to be seen. This was followed by a musical program by Miss Sallie Smith, both instrumental and vocal.

Refreshments of angel-food cake with pink frosting and pink ice cream were served with dainty plate favors which the hostess requested the guests to place their names on, then paste on small recipe cards and write their favorite recipe thereon, which were then presented to the honoree.

The guest list included: Mesdames Tom Crabtree, I. O. Noble, Charles Fronabarger, Houston Miller, Ed Speed, Ann Scurlock, T. M. Couch and Odos Jackson, Misses Sallie Smith, Gwendolyn Allison, Dale Park Elma Smith, Maude Crawford, Lois Cox, Gwendolyn Couch, Edith Park and the honoree Miss Lucile Park.

McMurtry Family Has Reunion

The ranch home of Mr. and Mrs. Charlie McMurtry was the gathering place Saturday for the members and relatives of the McMurtry family.

The members of the family began to arrive Friday and were housed at the ranch and the town-house of Mr. and Mrs. J. L. McMurtry.

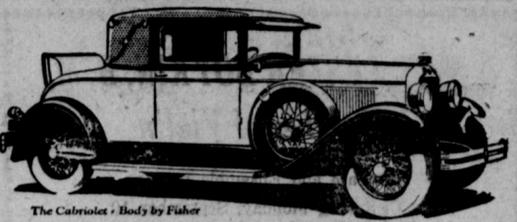

Near the ranch headquarters in a cottonwood grove they gathered Saturday for the noon and evening meals. Barbecue and all the essentials of an outdoor picnic lunch were served abundantly and the guests were loath to leave in late afternoon when the departing time came.

Those present were: Mr. and Mrs. W. J. McMurtry of Archer City, Jeff McMurtry of Archer City, Mr. and Mrs. Charles McMurtry and son, Carroll, Mr. and Mrs. J. L. McMurtry and children, Alfred, La Verne and June, Mr. and Mrs. Joe McMurtry, Mr. and Mrs. Ed McMurtry and three children of Vigo Park, Mr. and Mrs. A. L. McMurtry and two children of Silverton, Texas, Lee Helvey McMurtry of Silverton, John McMurtry of Muleshoe, Lawrence McMurtry of Pampa, Mr. and Mrs. Jim Williams of Pam-

pa, Mr. and Mrs. Charlie Carpenter and two daughters of McLean, Dr. and Mrs. Hilburn and son, Robert Jr., of Wichita Falls and Mrs. Mary Brown of Justin, Texas.

All the children of Mr. and Mrs. W. J. McMurtry were present except two, Bob McMurtry and Margaret McMurtry.

Mr. and Mrs. E. C. Britain of Amarillo spent the fore part of this week in the D. O. Stallings home.

Now You Can Buy Your Pontiac Equipped With

6 WIRE WHEELS

To provide an even greater degree of impressive smartness and dash, special wire wheel equipment has been made available on all Pontiac Six closed and open models. This equipment—which costs but \$95 extra—includes the important items that leading custom designers are employing; six wire wheels; two spare tires; front fenders with wells in which the spares are cradled alongside the hood; chrome-plated spare wheel clamps; and a folding trunk rack.

If you are in the market for an ultra-modish car of extremely low price, come in and see how Pontiac's low, rakish lines are enhanced by this new equipment which is available in no other six of comparable cost.

The new Buick is the new Style

More than handsome... more than luxurious... a wonderful new type of motor car beauty... a thrilling turning point in body design

It will be imitated, of course! The new, the fine and the beautiful always inspire emulation. But so great is the cost of building the magnificent new Fisher bodies for the Silver Anniversary Buick that imitation will be possible only to much costlier cars, and even these will find difficulty in following where Buick leads!

\$1,600,000 has been expended in manufacturing the dies alone for the new Buick bodies; and the gracefully curving side panels which form one of their distinguishing characteristics represent the most expensive steel paneling work employed on any automobile in the world!

But it is not in the matchless grace and beauty of exterior design alone that the Silver Anniversary Buick eclipses other cars. In feet, powerful performance too, the world holds no equal for the Silver Anniversary Buick with Masterpiece Bodies by Fisher. And the motor-public, buying in such tremendous volume as to force the great Buick factories to work day and night to supply the demand, is elevating it to the prominence of a vogue!

WHEN BETTER AUTOMOBILES ARE BUILT... BUICK WILL BUILD THEM

TRI-STATE FAIR TO DRAW CROWDS WITH FREE GATE

AMARILLO, Tex., Sept. 5.—The Tri-State Fair this fall expects to "pay out" on a novel scheme—"a free gate," the first time such an innovation ever has been attempted in the state of Texas, it is believed.

The 1928 annual Tri-State Fair will be held at the fair grounds here September 22 to 29 inclusive, and in place of the 40,000 who attended last year and paid the usual admission, indications already point to 250,000 visitors and exhibitors this month.

Visitors from this section of the Southwest, under this plan may drive to Amarillo, park in twenty-nine acres of free parking space adjacent to the grounds, see every exhibit and take in much of the entertainment and programs without paying a cent.

Twenty farm exhibit spaces already have been reserved. Some of the entertainment features procured for the eight days and nights are Schooley and Collins' Winter Garden Revue from Chicago. Which will perform every night at the grandstand. This is the revue that will be used at the Dallas fair.

Leonard Stroud Rodeo will appear each afternoon before the grandstand. Included in the rodeo acts are some of the leading cowboys and cowgirls of the country.

Two interstate high school football games between the now famous and formidable Amarillo Sandies and the fast powerful high school squads of Norman, Oklahoma's university city, and Oklahoma City, the state's capital. Claude and Pampa are scheduled for a Panhandle high school game on the 28th.

Oklahoma City and Norman will run special trains here with the teams, fans and pep squads.

No state fair in the United States came within 350,000 of reaching the total attendance number at the State Fair of Texas last year.

Eight rural normal schools have been established in the State of Guanajuato, Mexico. The number of rural and elementary schools has been increased, teachers' salaries raised, and a larger budget for education provided.

Flies have caused more deaths than all wars combined—yet some of us do nothing to help prevent future casualties. Flies have no preference—you or some of your family or friends may be next. Start today—and kill every one you see. It is very easy if you use the product produced and perfected by the foremost industrial institute of its kind in the world. It is fragrant and harmless to mankind, but kills all household insects. Just follow instructions on blue label of bottle. Insist upon FLY-TOX from your retailer.—Adv.

RAINS COLLECT BIG ROAD TAX

TRAVEL IN SOUTH CRIPPLED BY FLOOD WATERS; COST IS TERRIFIC

Thousands of miles of rural roads in North and South Carolina, Virginia and Georgia were entirely useless during the recent rain and flood siege, a wide-spread investigation reveals.

In times of six-inch rainfalls in 24-hour periods, when swollen streams threaten both human life and livestock, when food supplies and medical attention are needed, then the full value of well paved roads is emphatically pictured, and the lack of them intensifies the trouble ten-fold.

Out of Atlanta there were but two roads which could be traveled during the flood without danger and with any degree of comfort. These were the permanently paved highways leading to Macon and to West Point. These highways served as though nothing unusual had occurred, as though elsewhere hundreds of anxious rural citizens were not to be found at all hours of the day and late into the night prying cars from mud-holes, or else deserting them on the theory that one mud-hole is no better than another.

No through state highway could be traveled, with the exception of the 50 mile stretch of concrete leading south from Savannah on the Coastal Highway.

These anti-travel conditions have been encountered many times by motorists in many states for even rainfalls of far less disastrous proportions have converted passable dry weather roads into sloughs of despond.

To calculate the cost of roads susceptible to unusual weather conditions is next to impossible, for so many factors of astounding proportions must be considered. First of all, the routine of every day business and every day life, is halted. Then, there is the actual physical loss of washouts, destroyed and weakened road surfaces and the cost of replacement. The wear and tear on the automobile and the many extra costs of car operation on poor roads when they become useable once again are big items.

A Georgia editor in writing of the situation in his state utters a truism that is applicable to any community:

"There can never be any progress in completing durable surfacing so long as the millions of dollars poured annually into the road fund must be used to rebuild shoddy paving, and to maintain thousands of miles of sand clay and unpaved roads that blow away in dry weather, and wash away in wet seasons, and are never perfect at any time."

Herein are contained sound reasons for bond-issue road building. By making readily available the assured road building income of a few years hence, the state passing a bond issue plan rather than the piece-meal "pay-as-you-go" plan which limits the mileage of up-keep-saving pavements.

FALL CEREMONIAL AT KHIVA TEMPLE TO BE HELD NOVEMBER 15TH

Shriners will meet in Fall ceremonial in Amarillo, November 15.

Announcement of the fixed date for the semi-annual frolic of Khiva Temple was made Saturday from the office of George Stapleton, recorder, after a recent meeting of the Temple Divan.

Preparations for an outstanding ceremonial was authorized by Potentate J. H. Read of Memphis, and the uniformed bodies and individual members of the Shrine were urged to go the limit in planning entertainment for the probable 2,000 visitors.

A substantial class of novices will be ready for the work, and committees are being named to look after all phases of entertainment.

Aside from the usual fun and pleasures of the Shrine, a vast amount of business will be transacted at the business sessions, Potentate Read says.

Coincident with the setting of the ceremonial date, the divan authorized two pre-ceremonial dances, one to be given on September 29 and the other on Oct-

ober 31. The dance to be given on September 29, while being a Shrine affair, will have as guests, members of the Blue Lodge and their ladies. On October 31, the Hallowe'en dance, members of the DeMolay and the Rainbow Girls will be guests of the Shriners. Arrangement for the social events is in charge of Ted George, and further announcement will be made later.

In announcing the ceremonial, Potentate Read is especially anxious that the Shriners unite in making the fall ceremonial one of the best in Khiva Temple's history.

Special trains will in all likelihood be run from the several sections of the Panhandle-Plains, and the largest delegations ever in Amarillo are expected to take part in the activities.

The ceremonial will follow the Scottish Rite reunion at El Paso and Dallas.

Merkle—A trade trip to Nubia featuring music and speeches was made recently.

HOOVER MAJORITY PREDICTED IN LARGE VOTING POWER

"Through various sources and means we have compiled data that shows it is probable to expect a vote of between 900,000 and 1,000,000 in the national election to be held in November," says B. D. Sartin, manager of the Anti-Al Smith headquarters.

"The figures show that more than 400,000 women can vote. It also has been ascertained that in event the women enter the election as they now intend that at least 350,000 of them will vote against Al Smith and for the Herbert Hoover electors.

"We can count on 250,000 men who are prohibitionists to vote for Herbert Hoover, the dry candidate for the presidency. This gives us a total of 600,000 votes and we predict in event a million ballots are cast that Mr. Hoover will receive at least that number and very probably more.

"Leaders of the dry forces in Texas were informed of the election school a few days ago and requests are now pouring in for specimen ballots just as soon as they are off the press. In the Butte-Ferguson campaign many thousands of ballots were thrown out because of being mutilated. This will not occur this year because the records show that had the Butte ballots been properly marked that Mrs. Ferguson's majority would have been only a few thousand votes.

"Encouraging reports are coming from the meetings being held this week. By Saturday night

over 50,000 voters of Texas will be told of the present campaign and the real issue, that of restoring the liquor traffic, not only in the nation but Texas as well, in event Al Smith is elected president."

COLLINGSWORTH CO. FAIR PROMISES TO BE BEST HELD

The eighth annual Collingsworth County Fair, to be held in Wellington on September 13, 14 and 15, promises to be the best ever held in the county. Crop conditions on the whole are excellent and many exhibits of surprising quality will be shown. The poultry and livestock exhibit will also be highly gratifying to those who are interested in this department.

Amusement Program Excellent
The amusement program is more complete this year than ever before. The Fort Worth Cats will play the Western Oklahoma All-Stars, motorcycle, automobile and horse racing will also furnish many thrills. Shefflett's flying circus will exhibit before the grandstand each afternoon and night, display at night will be worth driving many miles to see.

The people of Collingsworth County extend a cordial invitation to all its neighbors to be present at their eighth annual fair and enjoy the many fine things which will be presented. Remember the dates are Thursday, Friday and Saturday, September 13, 14 and 15.

A Statement to the Public by L. W. Baldwin, President of the

MISSOURI PACIFIC LINES

Future of the Southwest Will Be Measured by the Agricultural Development

BASIC importance of agriculture is unquestioned. Everyone knows that sound and lasting prosperity in the United States is dependent upon the prosperity of our Agricultural Industry. This is especially true in the Great Southwest. And this fundamental, economic truth is recognized by the Missouri Pacific Lines. Furthermore, the Missouri Pacific organization is doing everything possible to assist in putting all branches of Agriculture on a happy and prosperous basis.

Demand and market for products of Agriculture are increasing in far greater proportion than our increases in population would seem to justify. Improved transportation—distribution—is largely responsible. Fresh fruits and vegetables, only recently referred to as "out of season" and as hot house luxuries, now are common articles of diet the year round on nearly every table in the country. American producers now are marketing annually nearly 2,000,000 car loads of perishable fruits and vegetables. This is virtually double the consumption in the United States less than ten years ago and the fact is mentioned merely to show the possibility for future development.

Responsibility for agricultural development rests primarily on the people who are living on the land, but other institutions such as the Missouri Pacific Lines can, and our earnest desire is, to be of great service in working out and applying the solution of the so-called problem of Agriculture. That is the reason the Missouri Pacific Lines maintain a staff of experts available to assist in the development of any community or section along sound and practical lines.

Our experts do not advocate "growing two blades of grass where only one grew before," but they do advocate more efficient and economical production. Or, in other words, Missouri Pacific men advocate more bales of cotton or bushels of wheat or corn on fewer acres. And, in addition, they advocate an intelligent diversification of production that has for its ultimate aim, a cash "pay day" on every farm every month.

There are vast areas of comparatively undeveloped territory along the Missouri Pacific Lines and not only the experts in our Agricultural Development organization but also every member of the Missouri Pacific Lines family will gladly help farmers and any others interested in any scheme or plan for constructive development of any community.

Millions of dollars of new wealth have been created and put in circulation in the Southwest, in some instances largely and in many places at least partially as a result of the assistance of the Missouri Pacific Lines. More such tangible prosperity is in prospect. Our organization solicits the opportunity to be helpful wherever possible and anyone interested should feel free to consult any Missouri Pacific man at any time.

I solicit your co-operation and assistance.

L. W. Baldwin
President
Missouri Pacific Lines

"MEN'S FURNISHINGS"

SECRETARIAL SCREENINGS

Clarendon Chamber of Commerce
G. L. BOYKIN, Secretary

All aboard for Pampa! Clarendon will be well represented at this meeting of this section of the West Texas Chamber of Commerce. If all the energies of West Texas were devoted to the West Texas Chamber of Commerce we would have more and better results. We have too many duplications of effort. Pampa we will be there.

There are three things that if a town should be municipally supported. They are the public charities, Chamber of Commerce and Municipal Band. We do not have the population to allow us under the law to support a chamber of commerce in such a manner but we can lawfully support a band that way. We should and distribute the cost.

Plans are fast taking form for the Donley County Fair. Don't forget the meeting in interest of the Fair to be held at 4:30 P. M. tomorrow at the Chamber of Commerce offices. Be there and lend your aid for better agriculture in Donley county and a better county fair as one of the best means to get it.

Reports are going out of the bumper crops in the Panhandle this year. A warning at this time is also timely to beware of the slicker and grafter that are bound to come our way. The business men handle lots of these fellows through the Chamber of Commerce and get them out of town quick. We are polite but firm.

Commissioners courts in Hartley, Hall, Dallam, Gray and other counties contribute to the expense of a county exhibit of its agricultural products at various fairs. A fine piece of work to help advertise and build up the county in which you live.

Don't miss the fair meeting, 4:30 P. M. Friday, Chamber of Commerce offices. If you live in the county you are invited and will be missed if you are not there.

PANHANDLE BAPTISTS MEET IN SESSION AT HULVER

Hulver, a community five miles west of Estelline, was the scene of the gathering of the Panhandle Baptist Association in their annual get-together beginning Monday evening of this week and ending Wednesday afternoon. On Monday the ladies and the laymen held the floor of the convention, attending to their business and making plans for the year's work in the one evening's meeting. The other two days of the meeting were turned to a program that had been planned with the idea in view of giving the most in the shortest possible time. Clarendon was represented at the Tuesday sessions by O. C. Watson, Rev. S. R. McClung and Mrs. Wm. Gray. The Martin community was excellently represented, having five present for the entire duration of the meeting.

RAILWAY PRAISED IN LIONS WORK

WORK OF OFFICIALS GIVEN HIGH PRAISE IN DISCUSSION PROJECT HERE

In connection with the recent sending of Jennie Mae Morquette and her mother to the Mayo Sanitarium at Rochester, Minnesota, Lion A. L. Chase has the highest praise possible for the officials of the railroads in Amarillo for the consideration shown this case. Even though the point of origin of the case was off the Santa Fe, the officials handled it with all the care and consideration possible, giving a pass to Kansas City and return, and securing a single fare for the mother and daughter over the C. & G. W. from that center to Rochester, Minnesota. In addition, letters were written to a hotel in the city of destination, asking that all possible consideration be given the people.

The Lions of Amarillo took considerable part in the work, due credit being given Lion President Ordway of the Amarillo club for their interest in the work, to T. B. Gallaher of the Santa Fe Railroad and to Mr. Carwile, Chief Clerk of the Santa Fe road in Amarillo.

Discussion of this and the work of the Lions of the Panhandle with the crippled children of this section took the greater part of the luncheon hour. Many instances were given that would be of great interest to the Lions here, with many others that could be mentioned and carried out to the satisfaction of the Lions.

Lion D. O. Stallings reported on the work done by the committee appointed last week to work with Frank Bourland and others in connection with the funds to be raised to assist in caring for the expenses of the Morquette child and mother to the sanitarium. The men worked a very short time, and at last report had raised more than \$200 to be used in this connection, with the promise that more could be secured if it were needed. This work was done outside of the Lions Club, only a few of the Lions being allowed to have a part in the work. W. C. Stewart was the other member on the committee from the Lions.

The air port committee asked that more time be given them in connection with their work, although they report that more than ordinary interest is being displayed in this connection. Secretary-Manager Boykin reported on the receipt of a letter and petition asking for an Air Mail line from Pueblo to Dallas, the petition was signed and returned and will be presented to the Postal Department on September 15th, after which time announcement will be made as to whether a line will be had through the city of Clarendon.

Two Lions were back in the luncheon Tuesday after an absence of four and eight weeks respectively. Lion Sherman stated that he was more than ever sold on Clarendon as a town, further carrying out his remarks some months past to the effect that this was the best town in the United States. He stated that the automobile business was keeping the Eastern part of the United States alive and that that part would be dead indeed if it were not for that business. George Ryan brought a message to the Lions concerning good roads. He stated that he had traveled over all sorts of roads, good, bad and indifferent, and that the dusty roads of the Panhandle did not go very well after thousands of miles of paved roads in other parts of the United States.

Guests for the day included two members of the newly organized Lions Club in Claude, who stated that they were glad to be in the city and trusted that they might be of some service to the town. They were assured that the Clarendon club would be only too glad to need any needed assistance. Will Miller and Herb Gunter were the two Lions in the luncheon Tuesday.

J. T. Shaver, Director of the Donley County Institute was one of the other guests present. He brought greetings from the Texas Technological College, stating that he was more than surprised at the number and quality of the schools to be found in the western part of the State of Texas, and further stating that there was no little surprise elicited when figures are seen showing that sixty per cent of the scholastic increase in the state is in the part of the state mentioned above.

Rex Reeves, Superintendent of the Lelia Lake schools was another visitor who expressed his appreciation at being with the Lions. M. P. Gentry stated that he would be glad to be of any possible assistance to the club, especially as the matters of the crippled children are concerned. T. D. Nored, new manager of the West Texas Utilities Company for Clarendon stated that he was glad he was here, that this was his home and that he would be glad to be of assistance to Clarendon people when he was called upon.

Lion Porter was named on the committee of investigation appointed some weeks back, taking the place of Lion Wilder. This committee is asked to make further investigation and report at their earliest convenience. Lions Cooper and Porter took a fall, one from the other, with the meeting closing in much merriment. Adjournment as usual.

Miss Irma Lewis left Saturday evening for Green River, Wyoming, where she will teach the next school term.

Mr. and Mrs. Clyde G. Atteberry and family of Pampa were Clarendon visitors over the week-end with friends and relatives.
