CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, OCT. 4, 1928 Established in 1878.

New Series Vol. 39.

No. 40

**EXHIBIT READY  
FOR DALLAS FAIR**

**ALL CHOICE MATERIAL FROM  
LOCAL AND TRI-STATE  
SHOWINGS READY.**

With only a very few days before the opening of the Dallas Fair, the Donley County exhibit is ready to be shown. All parts of the score card have been filled and the lessons learned in the showing at Amarillo have been observed in that no duplicates are found in any part of the work. Secretary-Manager Boykin has been busily engaged in securing the best and finest specimen possible from all parts of the county and is assured that the showing from here will be well worth the time taken in preparing it. He will leave with the exhibit in plenty of time to have it in place for the opening of the Fair Saturday.

The Donley County exhibit will have a background similar to the one had at Amarillo with the exception that it will be changed as to context and arrangement. This exhibit will be one of the nine counties in the Pease-Red River Valley Association and is calculated to attract more attention in this manner than it would if the county were all alone. The nine counties will be under the banner of the association and all counties will be separate but will have no partitions as is ordinarily the case when a county exhibits alone.

**CLARENDON TO BE HOST  
TO BAPTISTS IN DECEMBER**

O. C. Watson and Mr. and Mrs. W. Z. Borror were the attendants on the meeting of the Sunday school and B. Y. P. U. meeting in Turkey Sunday of this week. In reporting on the work, the delegates state that they were royally entertained and that the spirit of the even was better than at any they have ever attended. In the selection of the next meeting place for this particular part of the work of the church, Clarendon was placed in the race and was awarded the event for the fifth Sunday in December.

**MRS. WOOD AND DAUGH-  
TER VISIT SEVERAL FAIRS**

Mrs. J. C. Wood and daughter, who live west of this city, returned the latter part of last week from a visit to Abilene, Bangs, Brownwood and other cities in that section of the state. They attended the fair at Brownwood and visited an aunt 95 years old among other relatives. They were accompanied as far as Stamford by Mr. and Mrs. Perry Wood. The West Texas Fair at Abilene was another of the places visited while they were out on their trip.

**SEVEN FIRST PRIZES ARE  
WON BY DONLEY FARMERS**

Seven first places were won by Donley County farmers at the Tri-State Fair and Exposition closed Sunday in Amarillo. In addition to this, five second places and four third places were copped by Donley County products entered by Secretary-Manager Boykin of the Chamber of Commerce. Both first and second places were taken by the watermelons exhibited from this county. Glenn Williams took first place and Frank Hardin carried off the second honors. Nolie Simons took first place with the cantaloupes entered. Frank Hardin also was awarded first place on pumpkins. W. P. Howard of Lelia Lake took first on Seeded Ribbon Cane. Gust Persons took first place with Donley County pears. M. M. Noble was first place winner with Kafir Corn. Crowder Peas and Rye from Donley County also took first places in the fair. Second prizes were awarded Kershaws, Tomatoes, Peaches and Bundled Wheat. Third prizes were awarded on Tomatoes, Peanuts, Bundled Kafir and Barley. It is thought that a number of other prizes were awarded Donley County products but that they were not listed and the ribbons and other awards could not be seen.

**CLARENDON MEN PLAN  
TO HEAR SEN. ROBINSON**

Many of the Clarendon men who are backing Governor Alfred E. Smith and Senator Joe Robinson as winners in the campaign for president are planning to hear Senator Robinson when he appears in Amarillo tomorrow afternoon. A number of carloads of the supporters will leave here in the morning to be assured a seat in the municipal Auditorium. Mr. Robinson will pass through Clarendon on the Fort Worth & Denver at 11:55 Friday and those who care to see the candidate will have the opportunity while the train is stopped here.

Mrs. Frank Burkly and son, Jean, returned the latter part of last week from a visit of two months in Cleveland, Ohio, with a sister and in Johnstown, Pennsylvania, with her parents.

**JOE ROBINSON TO  
BE AT AMARILLO**

**DEMOCRATIC CANDIDATE  
FOR VICE-PRESIDENT TO  
BE HEARD FRIDAY.**

When it was learned in Amarillo that Senator Joe Robinson of Arkansas would be in that city for a short time Friday afternoon, the Democratic leaders immediately began their plans to receive him royally. The Municipal Auditorium has been secured and is expected to be jammed full as the interest in the campaign grows warmer.

The speaking will be held at 3 o'clock Friday afternoon and full arrangements are being made to allow the overflow crowds at the auditorium to hear the address.

One of his campaign managers, Harry Robinson, newspaper publisher of Fort Smith, arrived in Amarillo Tuesday to make plans for the candidate's address.

As the running-mate of Gov. Al Smith, Senator Robinson is drawing immense crowds at all points, and he is recognized as one of the most forceful speakers in America.

Senator Robinson is a leading Democratic member of the United States Senate, and has been a central figure in the public life of Arkansas for 15 years, having served as legislator, congressman, governor and senator.

He is a Methodist, and is recognized as one of the outstanding prohibitionists of the Senate.

The vice presidential candidate will discuss prohibition in his Amarillo speech, Harry Robinson declared.

**CLARENDON BOY NAMED  
ASSISTANT BANK EXAMINER**

Lenode Goldston, for the past year assistant cashier of the First National Bank of this city received notice the latter part of last week of his appointment to the position of Assistant Bank Examiner. Lenode left the early part of this week for Dallas to report for duty and will probably remain there a short time before being assigned to some other city in the state. The vacancy in the bank here has not yet been filled.

**DEMONSTRATION AGENT  
HAS BIG REPORT FOR SEPT.**

Miss Harvey Thompson has handed the news a condensed statement of the work she has done in Donley County during the past thirty days of September. During that time she had 54 calls, 94 telephone calls, 35 home visits on club work, 25 meetings held with the Home Demonstration Clubs of the county with 325 people in attendance and has traveled 976 miles. The mileage traveled includes a trip taken to Hereford to judge in the fair at that city.

In addition to the items listed above, Miss Thompson assisted in the Donley County Fair with the club girls' work and held numerous and diversified demonstrations over the county. One bit of work was done with the girls of the county, showing the exact manner in which the record books and histories should be kept. Salads were demonstrated to the Martin club girls.

The Ashtola women set one of the club meeting days apart for a demonstration on canning vegetables for the Donley County Fair. Assisted by Mrs. Bernice Clayton, who gave two living room demonstrations, the agent gave three demonstrations on how the living room could be improved. The Goldston girls are working on the matter of improving their bedrooms in many different manners. The Hedley Club held a demonstration on relishes and heard a short lecture from the demonstrator on the proper use of highly seasoned foods in the everyday menu. Demonstrations were also given on cake making, specializing on sponge and butter methods of making cakes. Economy in baking cakes was stressed when the use of the yolks from an angel food cake was shown in making an "Upside Down Butter Cake."

**ST. JOHN BAPTIST  
(EPISCOPAL) CHURCH**

Rev. L. L. Swain, Rector. The Eighteenth Sunday After Trinity.

Sermons:

Holy Communion and Sermon at 11 a.m.

Church School and Bible Class, 9:45 a.m.

A cordial invitation is extended to worship with us. Come and bring your friends. The triennial convention will convene at the Cathedral, Washington, D. C., Wednesday, Oct. 10th. The Woman's Thank Offering will be present the following day, at which time there will be a corporate communion of all the auxiliaries in all the churches. All are urged to attend.

Mrs. C. W. Taylor is visiting with her daughter, Mrs. C. B. Stephenson, and Mr. Stephenson of Houston.

**Hillcroft Halves  
Memphis Turney**

Clarendon and Memphis tied the golf tournament played there last Sunday afternoon after it seemed that Clarendon would lose the play entirely. Eighteen matches were played and Clarendon won nine and lost the same number. The following members of the Hillcroft Golf Club won their matches: Walter Wilson, 2 up; J. T. Patman, 3 up; R. C. Weatherly, Sr., 7 up; Carl Parsons, 3 up; C. J. Douglas, 2 up; H. B. Kerbow, 2 up; Les Casey, 2 up; T. F. Connally, 4 up; and Phillips Gentry, 6 up. Hillcroft losers are Bill Cooke, 2 down; Holman Kennedy, 1 down; Allen Cooke, 1 down; A. N. Wood, 4 down; M. P. Gentry, 3 down; V. A. Kent, 1 down; Homer Parsons, 2 down; Wesley Knorpp, 2 down; Forrest Taylor, 5 down.

The weather being propitious and all things favorable, the Clarendon players will make the trip to Panhandle next Sunday afternoon for a return match for the one played here a short time past when the out-of-town team lost to Clarendon so heavily.

Mrs. W. A. Porter left Saturday evening for her home in Tulsa after a visit in the home of her son, Judge Porter, and Mrs. Porter.

Mr. and Mrs. H. B. Smith of Abilene came in Monday for a visit in the home of Mr. and Mrs. Earl Alexander. They were accompanied from Memphis by Mrs. O. M. Cosby.

**LADIES NIGHT TO  
BE HELD TUESDAY**

**SEMI-ANNUAL EVENT TO BE  
STAGED TUESDAY OF  
NEXT WEEK**

Roll-call at the Lions luncheon Tuesday provoked more than the usual amount of interest in this feature of the meeting since each member was asked to say in ten words, something concerning his buddy. Many of the Lions present showed a little reluctance in answering and would say very little concerning their buddy in the game.

The workings of the contest seemed to be getting into a good condition since only a very few Lions were out of their usual places in the luncheon. Some of these were out of the city, while others were detained for reasons they did not make known to the club.

Lion O. C. Watson as chairman of the Lions Education committee was called to the floor for the introduction of Cub Lion Nored. He stated that Lion Nored was a true Lion as shown by his actions when recently approached on the work of the Donley County Fair and again when the dismantling of the tent was taking the center of the stage. He further stated that the Lion should have inclination to take time from his business to put to the work of Lionism should have the spirit of unselfish service and should be unselfish in his attitude to his fellow Lions. Lion Nored had all these requirements and for that reason should be spared questions that would show these things more clearly.

In the response by Lion Nored, he offered himself to the club for service anywhere he might be needed and stated that he hoped to be able to fill the place of a Lion with credit to the club.

Lion Porter stated that last Tuesday he attended the Lions Club luncheon in Amarillo and that they had offered here, tickets for "The Ship," a play to be offered in the Municipal Auditorium in Amarillo on October 23rd by the Lions. Proceeds are to be used in the work of the Amarillo Lions Club with the crippled children. Lion Porter stated that he had secured some tickets for the event and that if any Lion cared for one of these that they might secure them. Otherwise the Clarendon Lions will receive credit for the work and the tickets are paid for.

**RALLY DAY EVENT  
IS FINE AFFAIR**

**LARGE ATTENDANCE MARKS  
EXERCISES OF PROMO-  
TION FOR METHODISTS.**

The program committee announced the Ladies Night for Tuesday evening of next week in the dining room of the Antro Hotel. The Lions and their ladies are together at 7:30 and the second event of this nature will be held at that time. The attendance committee stated that the attendance on Ladies Night event would be counted in the contest now being staged.

Lion Burton announced that a football game would be played here Friday afternoon and urged the Lions to attend. Announcement was also made of the double-header game that is to be played on October 19th.

Mrs. Joe Cannon was at the luncheon of the Lions for the first time as pianist. Mrs. Cannon has been elected to that position in the club and will take her place with the Lions each week. Jas. C. Sharp was the guest of the day.

Adjournment as usual.

**COLLEGE OPENS  
SEASON FRIDAY**

**LOCAL MEN TO MEET CAN-  
YON YEARLINGS IN INI-  
TIAL TIILT.**

Clarendon Junior College opens the football season in Clarendon on Friday of this week with a battle to the finish with the Yearlings from the West Texas Teachers College at Canyon. The two teams from Clarendon and Canyon have been hereditary enemies since the organization of the school at Canyon and Clarendon College has for a number of years held the edge on games won although the rank of the two schools was much different.

This game Friday will officially open the college season and will usher in some of the hardest fought games that have been seen here for a number of years. The College will follow the usual line of tactics and will play the New Mexico Military Institute at Roswell, Wayland Baptist College at Plainview, the Yearling Matadors from Texas Technological College and other teams of like rank in the Panhandle section of the state.

The College team has been designated as "The Iron Men" since there are few to be used for replacements and the eleven men who make the team are forced to carry through once they are on the field. Coach Stocking has realized a fond ambition this year in his selection of a team, having a fast backfield who are capable of running, passing, kicking and managing a team.

The support of the local people is urged for the reason that the college has comparatively few students to draw from. The game will be called promptly at 4:00 o'clock in the College Park and everyone is cordially asked to be present for the opening gun.

**Panhandle Highways  
Drawing Attention**

Sub-Committee of the Panhandle Highway Association met last Friday in Pampa and completed their work for the present time, setting the next meeting at Borger in the Black Hotel on October 23rd. Officers were nominated at the meeting in Pampa and will be voted upon at the Borger meeting.

Plans for the active campaign to "get the Panhandle out of the mud" will be outlined and launched at the Borger meeting. The nominations for this body are: Judge A. A. Callaghan of Panhandle, President; Vice Presidents, L. A. McAdams, Canadian; Judge A. C. Hoffman, Memphis; S. B. Hale, Spearman, C. W. Warwick, Canyon, and C. H. Walker, Dalhart; Geo. W. Briggs of Pampa is nominated for the office of Secretary-Treasurer.

The purpose of the association is well explained in the preamble to the constitution, which reads as follows:

"...the purpose of this association shall be:

To promote a coordinated system of highways in the Panhandle of Texas, comprising 26 counties as follows: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Collingsworth, Parmer, Castro, Swisher, Briscoe, Hall and Childress, Turkey, Quitaque, Paducah and Clarendon. The joint meeting of Zones 10 and 11 will be held in Memphis on October 18th, according to a letter received from G. G. McBride of Borger, chairman of the Panhandle group and remaining chairman of Zone 10. The growth of the Lions movement has been so great in the Panhandle section of the state that this reorganization became necessary to the convenient and expeditious handling of the affairs of the Lions Club work in this part of the state. District Governor Erdhard will be present at the meeting of the groups in Memphis on October 18th and a large delegation is expected to be present from Clarendon.

A meeting of the Deputy Governors of the Lions Clubs of Texas was held in Dallas the latter part of last week resulting in the reorganization of the Panhandle district into two zones. Zone 11 is the one in which Clarendon is included and will contain Claude, McLean, Shamrock, Wellington, Memphis, Estelline, Childress, Turkey, Quitaque, Paducah and Clarendon. The joint meeting of Zones 10 and 11 will be held in Memphis on October 18th, according to a letter received from G. G. McBride of Borger, chairman of the Panhandle group and remaining chairman of Zone 10. The growth of the Lions movement has been so great in the Panhandle section of the state that this reorganization became necessary to the convenient and expeditious handling of the affairs of the Lions Club work in this part of the state. District Governor Erdhard will be present at the meeting of the groups in Memphis on October 18th and a large delegation is expected to be present from Clarendon.

The interest manifested last Sunday morning in the Methodist Sunday school was such that the entire morning was given over to the exercises of promotion from the various departments of the school. The morning preaching hour was discontinued in favor of the youngsters and their work. All departments of the Sunday school had a part in the graduation from one grade to another, the new work being as vastly interesting to the students in this work as is the work in the grade schools.

The superintendents of the various organized departments of the school had prepared their programs with exactness, filling the time from beginning to end. As each department finished their part of the work assigned to them on the program, the graduates from the various courses were presented their diplomas. More than sixty of these were passed out in all the departments of the church.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

School time is here and the need for careful driving of motor vehicles on our streets becomes more urgent. Safety for the children should be the first thought of Clarendon motorists. Carelessness collects its toll.

oOo

There is a daily increase in demand for houses to rent, apartments and rooms in Clarendon. Our schools, churches, civic character and high class citizenship make Clarendon the most attractive home city in the Panhandle.

oOo

W. Gregory Hatcher entered the governor's race in 1930 last week when he scored his fellow officials in Austin because they refused to sign a statement to Texas voters prepared by the "wet" contingent of so-called Democratic party bosses. Of course a fellow might change his mind in two years.

oOo

Our Southern fathers had the courage to desert a flag for principle's sake. They would disown sons who lack courage to disavow a party when principle is again the issue. The only hope for the Democratic party is to wrest it from the hands of a leadership foreign to its principles. That's the issue as we see it.

oOo

In election years newspapers have an interesting time. If the paper takes a definite stand on public questions, it becomes a "sorry sheet" to partisans on the other side, and a "great newspaper" to those who hold similar views. Only last week The News got an order from a real "dry" Democrat in Tennessee for a copy of our "great newspaper." Three guesses as to how he stands on national politics.

oOo

Another example of the vaunted "tolerance" of Tammany Hall: The September 1928 issue of the Junior Red Cross Magazine was suppressed in New York schools by the Tammany-ized director of schools, because it carried a fine American sentiment for the children quoted from Herbert Hoover, who has done more for the Red Cross than any living American. There's your tolerance.

oOo

Governor Moody says the prohibition laws are being enforced in Texas to a fair degree, and that better enforcement could be had if the officers of the law had the disposition to do it. Governor Moody is right. Prohibition laws are being enforced in Texas on a par with other laws, and it is just as easy to get convictions for its violation as it is to get convictions for murder. It is true that officers often fail to have the active co-operation of the best citizens in their enforcement of prohibition, but the constable down in Childress County found a way to get results—he sent for Texas rangers. Where there's a will there's a way.

Officials of the Childress Fair announce that horse-racing was a losing venture at their fair recently closed, while automobile racing paid a neat profit. It seems the "sport of the kings" has been motorized.

oOo

"Free Gate" at the Amarillo Tri-State Fair was a success. For the first time since its inception the Fair "paid out" this year, which was the first year a free gate policy was adopted. When it is considered that the attendance for the nine days was a quarter of a million people, and that means that practically everybody within a radius of one hundred and fifty miles attended the Tri-State Fair, it is easy to see that with the rapid influx of population the free gate policy will be paying a neat profit within five years. The people approve of a free gate. 1928 proved the point.

oOo

Over at Sherman there is a judge of some reputation who is crying aloud against what he terms the "political preachers" in Texas, and urging that the memberships in all Texas churches refuse to support financially any minister who takes active part in the present national campaign. The Sherman judge may think he is springing something new in Texas, but he isn't. In every fight against the saloon and liquor interests waged in this state, the wet representatives have always cried against the "political preachers," and it isn't to be wondered at in 1928. It is the same old fight. When any man opposes Al Smith he opposes the liquor traffic 1928 model. No preacher or layman who sincerely fights liquor in any form and under any guise can afford to be silent in face of the attacks of the Smith-Tammany-Liquor minority. No, Judge, you haven't sprung anything new—you have merely disclosed to the people just what you stand for.

oOo

### A PERSONAL CRITICISM IN GENERAL

There is a criticism being aired among Clarendon business men which has basis enough in fact to become of constructive worth to this community if we but recognize its significance and take the lesson home to ourselves. The criticism is that the committee in charge of the trips by the band to advertise the County Fair over Donley County got meager response to their work and often had hard sledding in providing enough cars for the band, not to mention securing any sizeable delegation to go along to prove to the communities over the county that Clarendon was really intent on putting the fair over and extending a fullsome welcome to our neighbors.

We must face the facts, folks.

One of our outstanding civic faults is sitting smugly by and "letting the other fellow do it." We do not mean to be backward, we do not intend to be inhospitable, we do not want to be classed as shirkers. We usually pay our part, or nearly so, and let that go to prove that we are behind every movement of community nature. We do the churches that way; we do the lodges that way; we do the chamber of commerce that way; we do the Boy Scouts that way; we have just done the fair the same way.

It will not suffice, Clarendon. We must put our personal time and interest into community efforts, or we shall lose our prestige we won by using opposite methods. There is not a citizen in this community who can't improve in this respect.

Let's be real citizens and do our part as well as pay the bill.

### "THE THINGS UNSEEN"

Chicago's loop district on Sunday is deserted by Chicagoans but State Street, within the loop, is thronged from early morning until late at night by folks from other towns. The windows of the great department stores are centers of attraction, but only drawn curtains greet the eye in the greatest of them all. In a full-page advertisement in the Chicago Tribune a few weeks ago Marshall Field and Company told why they deliberately sacrificed the advertising value of their windows for one day of the week:

"At the end of their first week in business the owners of a little shop lowered the curtains of their windows and went home."

"On each succeeding Saturday night the curtains were pulled down and kept down until Monday morning."

"As the little shop grew the suggestion came from many sources that the curtains should stay up. 'The windows are beautiful,' people said; 'let us walk by and look.'

"The owners had an old-fashioned background. They had been taught in childhood that six days are enough for the things that are seen. The first day of the week, they said, is for the things unseen—rest and worship, and family life, and freedom from thoughts of business."

"Seventy-five years have passed. The store has grown until its windows are said to be more valuable than any windows in the world. But the example of the founders remains, and all day Sunday the shades are down."

"Is this old-fashioned custom good, in days when so many old-fashioned customs are being crowded out? We like to think so. We like the idea that on the first day of the week the Church and the home should come first."

"Strong churches and strong homes build strong cities. All the great words of business—service and courtesy and kindliness and truth—have their inspiration in religion. And prosperity is only permanent where there is reverence, and mutual trust, and faith."

### W. M. EMMONS HAS PLACE ON A. & M. GAME AT FAIR

College Station, Texas, Oct. 3.—Clarendon has a personal interest in the Aggie-Sewanee game at Dallas Saturday opening the State Fair for the sixth successive year in the presence on the Aggie squad of W. M. Emmons, a promising candidate for a tackle job. Emmons was a star at Clarendon High and in spite of meeting veteran Varsity competition, is making more experienced players huddle for a place this season.

Business Manager Sullivan announces the opening of the Dallas ticket sale for the Sewanee game Monday, October 1. Reservations can be obtained downtown up to 1 o'clock on the day of the game.

## Why Not Now?

There is no reason why you should put off the erection of that house, the changing of that room you have been planning for such a long time or the complete remodeling of your present home.

We have plans for buildings that will please the most fastidious, we have material that can be used on the most expensive homes. You will find too, that the cost will not be so much as you expected.

Now, while the time is right, why not plan to start at once on your renovation or building program?

We feel certain that we can help you and will be more than pleased to render what assistance is possible.

VISIT OUR PLACE OF BUSINESS.

## VALUE OF DAIRY IS WELL PROVEN

FINDS DAIRY HERD MOST PRODUCTIVE PART OF FARMING LIFE.

J. E. Bowman, who lives four and a half miles southeast of Memphis, has found that there is money in dairy cows. In fact he has reached the point where he has decided that the height of his ambition is to own a dairy farm with about 30 head of dairy cattle and sell cream. He thinks there is more money to be made in that manner than through raising of cotton.

Mr. Bowman has been milking cows all his life. He first started farming for himself on a place near Nocona. He dairied at some points where he lived and at others was permitted to do so. He brought three dairy cows with him when he came out into this country, settling on the Stervan place, near Hedley. There the landlord would not let him have an acre of grass, insisting on the planting of cotton alone. Mr. Bowman decided that he did not like to live on the farm of such a landlord. If other tenant farmers would decide the same thing in all sections of the country they would find themselves in better financial circumstances in only a few years. So he had to loan out two of his milk cows while he lived on the Stervan farm, keeping one cow to supply milk for the family.

He then decided that he wanted to get on a place where he could milk cows and sell cream to pay the family living expenses, so he could raise a clear profit cotton crop. He came to Memphis and settled on the place where he now lives. This new landlord is in sympathy with his desire to live at home and urged him to keep his dairy cows, his hogs and his chickens. He has been on this farm through four crops. He had been borrowing from \$500 to \$700 per year from the bank for living expenses for dry goods and groceries. This year he has not borrowed a single cent to make the living. He got a letter from Mr. Montgomery of the First National Bank of Memphis the other day, wanting to know if he was sick. The bank could not understand why he had not been in to borrow money as so many other farmers had done.

When he first moved on the farm here he had three dairy cows and sold cream. He soon saw the possibilities of the dairy business if he had more cows. He went to the bank and told the banker that he was going to have to keep him up some way. He told him that he thought he could make his own living if the banker would loan him \$140 to buy three dairy cows that he had already located. He had a separator, which is a necessary piece of equipment on any dairy farm.

About twenty days ago Mr. Bowman bought two more cows and has another that he is trying out. He borrowed the last one to see what she would do. He has since offered the owner \$60 for this cow. He now has a herd of nine dairy cows.

Mr. Bowman is selling about \$21 worth of cream per week and his feed expense is very small—only about \$2 per week. He runs the cattle on a 13 acre tract of Sudan and they cannot keep it down. Some of it is as high as one's head. He then feeds a little cottonseed meal to six of the cows. He is clearing \$19 per week off his dairy herd, which money goes to buy groceries and dry goods and to operate the car. There is sometimes a little left over after these purchases.

Mr. Bowman says that they raised 350 chickens this year at a total cost of \$85. They sold about 200 for around 50¢ apiece and have 150 left to furnish eggs on the winter market. They had bad luck with turkeys and have only four or five this year.

Mr. Bowman, however, has the family garden, which helps out very much. They raised everything possible to raise in the country. The garden provided fresh stuff for the farm table and the surplus is being canned up. Mr. Bowman said that they expected to start the winter with about 300 cans of fruit and vegetables.

Mr. Bowman has 80 acres in cotton and from present indications will yield around 40 bales. He is out the \$100 he spent for chopping cotton this spring and will be out from \$20 to \$25 per bale for picking this fall. He should net around \$3,000 from his cotton crop as clear profit.

Where is the business man of this section who can show a \$3,000

## PAVEMENTS SAVE MISSOURI'S CASH

INCREASED AUTOMOBILE RECEIPTS OUT CAR COST \$50 PER VEHICLE

By E. E. DUFFY

The high cost of neglecting to build roads is forcibly pointed out in Missouri's annual highway commission report. In 1920, during the height of the bad roads era in that state, the limited mileage of improved highways saved the motorist only 97 cents yearly on the average. In 1927, after the completion of a goodly portion of Missouri's sensible road plan, the saving per vehicle owner through lowered automobile operating costs was \$74.59, or more than \$50,000,000 to all motorists.

But the story gets more interesting when it is said that in 1920 the Show-Me motorist was paying \$7.11 in motor vehicle taxes with a very small comparative return, while in 1927, with gas and vehicle taxes averaging \$21.29, the return because of improved highways was 3 1/2 times. By spending more money on a really comprehensive and all-embracing road system Missouri accomplished a tangible road saving.

The motorcar owning public in Missouri through the passage of a \$60,000,000 bond issue which speeded up the highway program three years, has been saved \$100,000,000 in that period, states the report. That is to say, if the roads had been neglected for these three years the extra travel cost would have amounted to that enormous figure. This is difficult to realize since motor operating expenses are taken for granted by the average driver. Yet Missourians, and others, may still recall those days when sturdy built flivvers, etc., racked themselves to death in one or two seasons, and gasoline had but a dozen or so miles a gallon in it at best.

Consequently Missouri is possessed of an appreciable mileage

clear profit from his business during the past year, over and above his cost of doing business and his living expenses? There are a few, but not many. Yet, there are those who say there is no money in farming.

The experience of Mr. Bowman is proving that any man who has the patience to fool with a dairy herd and will take the time to care for them, can make money in agriculture. If cotton brings 30 cents a pound this fall, the result will be profit. If it brings only 8 cents a pound, it is profit just the same. Mr. Bowman cannot go in the hole because he has incurred no indebtedness.

Of cottonseed meal Mr. Bowman said: It is the only feed for dairy cows. I cannot find any thing that will equal meal and hulls. I have tried bran and other things. Lots of people say I feed too much meal, but I feed a coffee can full of meal to each cow, at a feeding, and find that I get better results than from smaller quantities. I have not killed a cow yet and have fed one of them four years. I have found that meal and mulls are better for dairy cows than mixed feeds.

Mr. Bowman will have eight cows to feed this winter and they will consume nearly five tons of cottonseed meal. He plans to trade about five tons of his seed, or more, to the Memphis Cotton Oil Mill, for meal and hulls.

Mr. Bowman says that the trouble with most farmers is that they haven't the ambition to take care of a dairy herd. To put it plainly, he said they were too lazy. He says that some of his neighbors tell him that they would not go to the trouble that he does no matter how much money they could make. And that is why the dairy business does not grow faster.

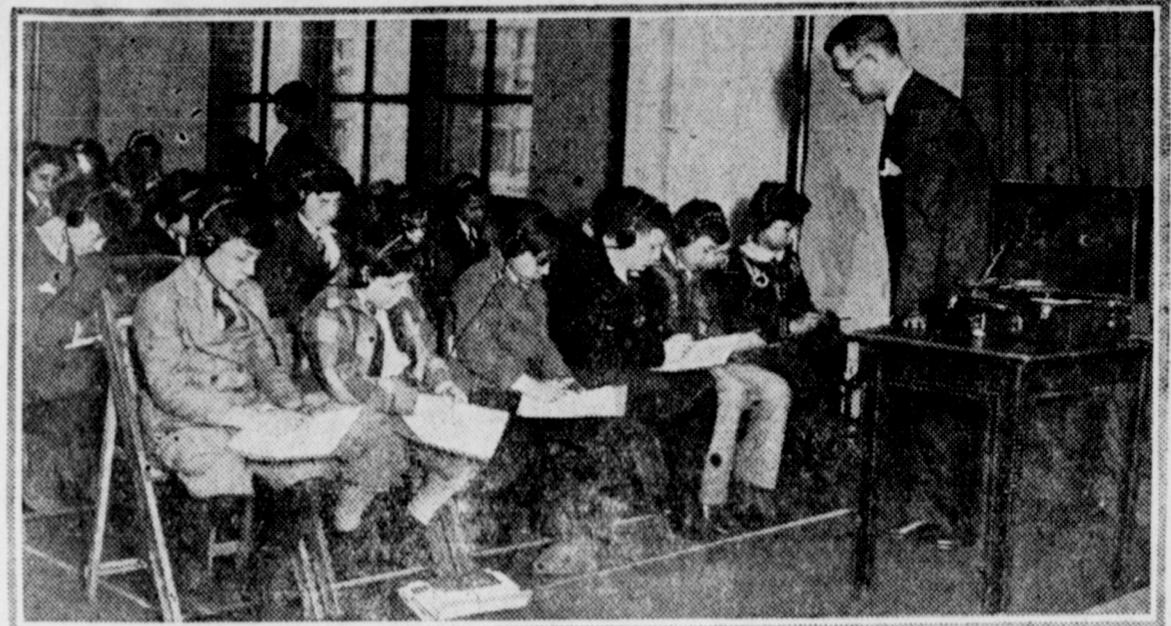

Mr. Bowman says that they raised 350 chickens this year at a total cost of \$85. They sold about 200 for around 50¢ apiece and have 150 left to furnish eggs on the winter market. They had bad luck with turkeys and have only four or five this year.

Mr. Bowman, however, has the family garden, which helps out very much. They raised everything possible to raise in the country. The garden provided fresh stuff for the farm table and the surplus is being canned up. Mr. Bowman said that they expected to start the winter with about 300 cans of fruit and vegetables.

Mr. Bowman has 80 acres in cotton and from present indications will yield around 40 bales. He is out the \$100 he spent for chopping cotton this spring and will be out from \$20 to \$25 per bale for picking this fall. He should net around \$3,000 from his cotton crop as clear profit.

## Examination of East Side Schoolboys Finds High Percentage Hard of Hearing

Testing children for deafness by means of a Western Electric audiometer. The examination was conducted under the supervision of the New York League for the Hard of Hearing.

A striking demonstration of the value of regular hearing tests for public school children was recently given in an examination of a group of children from New York's lower East Side. For what seemed to be a typical elementary class, tests with an audiometer revealed five out of the thirty-five boys examined were markedly deaf. Through enrolling the boys with impaired hearing in lip-reading classes, the New York League for the Hard of Hearing, which made the test, will presumably make it possible for them to keep up with their classmates, without being considered "stupid" because of failure to understand what is going on.

Over 3,000,000 school children in the country are partially deaf, according to an estimate based on tests made in many of the principal cities where experimental or regular annual examinations

are given. These examinations for discovering those hard of hearing have only been possible since 1926, when adequate instruments were made available for that purpose. At that time the Bell Telephone Laboratories, the research unit of the Bell Telephone System, perfected an instrument to accurately determine the degree of deafness through tests of persons singly or in groups. Through the cooperation of the American Federation of Leagues for the Hard of Hearing and of the American Medical Association, the practicability of audiometer tests was established and the Western Electric Company began the manufacture of the instruments.

With the need for aural tests long apparent to health authorities, public schools in many of the leading cities were quick to add them to the examinations previously established for the care of eyes and teeth. Some of these cities are Cleveland, Detroit, San Francisco, Minneapolis, Cincinnati, Worcester, Springfield (Mass.), Syracuse, Rochester (N. Y.), Omaha, St. Louis, Baltimore, and Washington, D. C.

In New York City systematic aurial examinations are confined to the high schools, although a greater need for such tests in the lower grades is pointed out by the League for the Hard of Hearing, due to the fact that curative help is more effective in early years and aids to understanding can be more easily taught. There are over a million children enrolled in the public schools of New York City, and of these it is estimated 125,000 are hampered in their learning through being partially deaf. In Chicago aural tests in the public schools are still in the experimental stage.

## TRAFFIC ILLS CAN BE LICKED

### FOUR-LANE HIGHWAYS ARE ELIMINATING COUNTRY ROAD CONGESTION

Providing plenty of space for automobiles on country roads near cities is not a hopeless task.

Motorists caught in week end jams, breathing foul air and traveling bumper to bumper and hub cap to hub cap, may be convinced that no traffic relief device can ever make room for all cars. This belief is wrong.

Obviously a highway accomodating four lanes of automobiles will carry at least twice as much traffic as a two lane highway. Traffic surveys have revealed that week end and holiday car travel on the average road is usually no more than two or three times the volume of everyday traffic. By the simple expedient of widening the narrow road to twice or thrice its original width almost complete relief from traffic congestion may be accomplished.

Actually, a four lane highway is capable of carrying much more than double the capacity of a two lane thoroughfare. The capacity of the Boston Post Road was trebled when changed from a two lane to a four lane road, traffic counts revealed. When travel is confined to one lane in each direction, one lone-lorn driver or one truck may determine the speed at which a hundred motorists may drive. Two travel lanes in each direction permit of a slow lane and a fast lane, or in any case, the slow driver may be passed with little or no danger from traffic coming from the opposite direction.

Careful engineering studies have revealed that for mixed slow and fast traffic a two lane roadway can best carry 15,000 vehicles per hour in each direction. When the peak traffic tends to exceed this amount, as indicated by traffic surveys and the tendency of motorists to use longer and rougher parallel routes, then it is high time to double the pavement width, for the sake of economy, comfort and safety.

Highways of the present and future are being designed, not only with the daily traffic in mind, but the equally important traffic volume when the public has its leisure moments over the week end, on holidays and evenings during the

### SHAMROCK SOON TO BE SERVED BY HIGH LINE

Abilene, Texas, Sept. 24.—Giving the town of Shamrock the continuity of electrical service, the West Texas Utilities Company is constructing 27 miles of 66,000 voltage highline from Wellington to Shamrock, it was announced by the construction department here.

The company also will erect a 600 kva 66,000 volt steel substation at Shamrock.

The town heretofore has been supplied with electricity by a small generating plant of 544 kw capacity. Because of the rapid growth of the town it was found the old station was inadequate to care for the electrical needs, and provide required reserve capacity.

Building of this highline is in keeping with the program of the West Texas Utilities Company which provides for extension of transmission lines to all cities and communities on the company's properties.

### PETERSBURG TO START TRADES DAY THIS MONTH

The custom of having the first Monday in the month designated as Trades Day will start with October 1st in Petersburg, and will be featured with horse swapping, auction sales, and entertainment programs.

### CRANE PUBLIC SCHOOL TO OPEN NEW \$40,000 ADDITION

The public school at Crane, which has fourteen teachers, and an enrollment of 265 students is to have a \$40,000 addition finished by the 15th of October. This will make it one of the finest school plants in this part of the state.

week. At times some of the wide highways in service look practically deserted, yet twice daily they bear tremendous burdens and Saturday and Sunday the swish, swish of spinning wheels is endless.

In large communities, such as Detroit, whose ordinary highway would be a super-highway almost anywhere else, New York and Chicago, roadways even wider than four lanes are an absolute necessity.

Traffic congestion on rural roads is not hopeless. The automobile simply got the jump on highway builders and the public. Yet from Los Angeles to Boston, May be found every evidence that the highway is gaining, slowly perhaps, but surely. Hundreds of miles of 40-foot highways are being built or planned.

## DAIRYING PAYS ON THE AVERAGE FARM

### CHILDRESS MAN BUYS FARM AND LIVES OFF DIVERSIFICATION PLAN

J. C. Wyatt, who lives 10-miles west of Childress, between Carey and Tell, is another farmer of that section who has learned the value of dairy cows on the average farm. He has lived on that farm for nine years, leasing the first five and then buying it from the Anderson heirs, H. A. McCann, guardian.

He ran registered White Face stock on the place, about 50 head, under the brand "M" on the left side. He still has some of this stock. However, about two years ago he started in the field of farm dairying, desiring to make a little more money and is selling about five gallons of cream per week, which brings him a total of about \$6 per week.

This money is used to buy the groceries and dry goods for the farm home and to operate the car.

The sale of eggs and cream pays the farm expenses, the chickens having been fed a part of the skim milk. He has about 150 hens and gets about 20 dozen eggs per week during the summer months and receives for them 25 cents per dozen.

The skim milk not consumed by the chickens is fed to hogs. Mr. Wyatt sells about \$300 worth of hogs per year. This just about pays the entire feed bill on the farm.

There is a nice garden tract and there are plenty of beans, black eye peas, tomatoes and cucumbers. The family will start the winter with about 100 quarts of canned fruit and vegetables.

There is also a young orchard, a few trees having already been set out and he recently ordered 40 more.

There are 320 acres in the farm about 200 of which are in cultivation. Sixty acres is in feed and the rest in cotton. For feed there is: maize, kafir corn, hegira, sorghum and four acres of sudan. The sudan is used as a pasture and for roughage. The pasture land is excellent as there is running water through it and it makes the grass rather rank along the stream.

All the meat consumed is cured on the farm. There is more than enough lard to run six months longer. He trades it to cotton pickers in the fall.

Next year Mr. Wyatt plans to have an irrigated garden tract so that he can have more fresh stuff, and a greater variety, for the table in summer and to can up for winter use.

The sudan tract will be plowed up this fall and sowed to rye to furnish green pasture for the dairy cows this winter.

Mr. Wyatt has not borrowed a cent to make his cotton crop. He expects to make between 50 and 60 bales off his field. The only expense he will be put to is that of picking, about twenty dollars per bale. This will leave him approximately \$4,000 off the cotton crop to represent his profits for the year.

He leased his land for oil at \$2 per acre, receiving \$640. He also gets a dollar a year renewal on 320 acres. This pays the taxes and the lease is good for ten years.

To add to his other incomes, Mr. Wyatt has about 50 turkeys at home now of the bronze type. They sold 40 turkeys last year for \$3 each. The turkey and chicken money belongs to Mrs. Wyatt. She not only received the \$120 for the turkeys but sold \$120 worth of chickens last fall.

Mr. Wyatt says that he is delighted with the progress of his dairy work. He says he sure likes to get in a little money every few days so that when he comes to town does not have to be always spending money that he doesn't have, but rather he takes in money from cream checks to buy the things that is necessary to live on.

### CARD OF THANKS

We take this method of thanking our friends and neighbors for the many kind deeds shown us during the illness and death of our beloved mother and especially do we thank the good women of our community for their never tiring efforts to do something for her comfort, and for the many flowers from time to time. May God's richest blessings abide with everyone who helped in any way.

J. M. Shannon,  
and Family.

### BIG SPRING TO HAVE A CROSS-TOWN BUS LINE

A franchise to run a cross town bus line with a charge of 10 cents per passenger has been secured by J. F. Garrison, for Big Spring. The bus is a sixteen-passenger one and will stop at every crossing for passengers.

### NOLAN COUNTY TO HARD-SURFACE HIGHWAY 70

Nolan County is to have one-half state aid in surfacing Highway No. 70 between Sweetwater and Blackwell. This is expected to total \$74,710.

### STATE GROWTH SHOWN BY UTILITIES ACTIVITY

Growth of Texas is indicated by utility company expansions and improvements reported from many parts of the state. The following items are culled from the press:

One of the largest and most up-to-date automatic telephone exchanges installed by any independent telephone company in the United States has been opened at San Angelo.

The Southwestern Bell Telephone Company has installed the automatic system at Abilene.

The West Texas Utilities Company is building high lines to the Pecos and Cook oil fields.

The Consolidated Gas Utilities Company has started work on a 165 mile gas line from Wheeler County, Texas, to Enid, Okla.

The Central Power and Light Company is building a \$40,000 sub-station west of Mission.

Electrification of the New Consolidated oil pool in Wilbarger County is well under way.

The Northern Texas Traction Company is repairing its roadbed through Arlington.

Raymondville's telephone system has been partly rebuilt.

The Texas Electric Company, operating Waco's street car system, is laying new rails.

The Southwestern Gas and Electric Company, headquarters at Texarkana, has purchased electric properties of the Southwest Power Company serving 27 communities.

A high-line has been completed from Dickens to Spur.

The Rio Grande Telephone Company is erecting a new exchange at Elsa.

The Central Power and Light Company is to erect a large hydro-electric plant as a result of an agreement with Water Improvement District No. 1, near Eagle Pass, Texas.

### SUL ROSS GYMNASIUM IS COMPLETE AT \$35,000 COST

The Sul Ross College gymnasium has been completed at a cost of around \$35,000. Citizens of Alpine and vicinity donated \$15,000 while \$20,000 was appropriated by the legislature.

**Alderson's Art Studio  
and Gift Shop****GINNING REPORT SHOWS LOSS TO SEPTEMBER 16TH**

The Department of Commerce has issued the first ginning report for the current year of 1928, showing the state to be a little behind the ginnings of the same date as last year. Totals for the state indicate that in 1928, 1,665,507 bales have been ginned while in the same period of time in 1927, 1,884,291 bales had been reported. Round bales are counted as half bales and no linters are included. Even though this section of the state is much later than the central and southern portions of the state, the immediate vicinity shows a great loss in bales ginned. Childress County reports 631 bales ginned this year as against 2,239 ginned for the same period in 1927. Collingsworth County shows a like loss in bales reported with 214 ginned prior to September 16th in 1928 and 1,225 for the same dating in 1927. Donley County alone shows any gain in the counties immediately surrounding with a reported ginning in the current year of 11 bales against the equally small number of 8 reported in 1927. Hall County shows a corresponding loss

with 301 bales to their credit for the present year and 512 for 1927. Gray, Briscoe and Armstrong Counties are not included in the first report as their seasons have not become sufficiently advanced to allow a report to be made. Wheeler County has a loss reported with 27 bales for 1928 against 78 for the year 1927.

**DOLLAR DAY IN DE LEON BRINGS BIG CREAM DAY**

**NEWS' WEEKLY COTTON LETTER****PRICES ADVANCE; SPOT COTTON SALES LARGE**

The cotton market during the week of Sept. 22 to 28 was active with quotations on Sept. 28 about .78c to .91c per pound higher than those prevailing Sept. 21. The strength in the market was partly attributed to smaller trade crop views and unfavorable weather. The Government estimate of probable 1928 production, based on Oct. 1st conditions, will be released Monday, Oct. 8th, at 11 a.m. Eastern Standard time.

Demand for spot cotton was reported as somewhat more active than the previous week, but mostly for cottons of the shorter lengths. However, more activity prevailed in some centers for premium staple cottons. In the 10 designated markets, on Sept. 28th, middling cotton, 7-8 inch staple, brought as follows: Norfolk, 18.65c; Augusta, 18.63c; Savannah, 18.52c; Montgomery, 17.90c; New Orleans, 18.53c; Memphis, 18.00c; Little Rock, 18.15c; Dallas, 17.70c; Houston, 18.30c, and Galveston, 18.45c. The average price paid in these markets was 18.28c, compared with 16.92 on Sept. 21, and 21.15c for the corresponding day last season. The total spot sales in these markets for the week were 335,042 bales compared with 255,442 bales in the same week last season.

Editor's Note—The above article is one issued by the Anti-Al Smith Democratic Headquarters at Dallas, Tex.)

ductivity in the matter of legitimate commodities has increased from 25 to 30 per cent instead of the 15 per cent which would have been expected from increased population and other factors; that there can be no doubt as to the economic benefits of prohibition, that increased temperance over the land is responsible for a good share of the enormously increased efficiency in production which the statistics of the Department of Commerce show to have followed the passage of the dry law. Mr. Hoover says that, in his opinion, there is no question that prohibition is making America more productive.

Yet, Senator Sheppard now favors the election of a man, Alfred E. Smith, who seeks to break down the Eighteenth Amendment and restore the liquor traffic through sale by the states. Senator Sheppard, to say the least, is rather inconsistent. Senator Sheppard does not tell the people that it was Senator Kenyon, of Iowa, a Republican, who assisted in making the Sheppard-Kenyon bill a law. Unless the dry Republicans work in harmony with the dry Democrats the nation will see open saloons again.

Senator Sheppard is failing the people of Texas in his support of the wettest man who ever ran for president. He sidetracks the issue by saying the trouble should be fought out inside the party. The troubles in the party were brought within from the outside—Tammany Hall and the foreign element.

(Editor's Note—The above article is one issued by the Anti-Al Smith Democratic Headquarters at Dallas, Tex.)

**FARM BY THE BUDGET**

The farming industry of the United States loses many hundred millions of dollars each year because production is overexpanded along some lines and underexpanded along others. These up and downs in agricultural production are partly the result of changes made by farmers in acreages of crops and numbers of livestock. Changes of this kind are necessary and unavoidable, but too often they are overdone in some lines and underdone in

others. Decisions as to these changes are often based upon the prices at or immediately before planting or breeding time and upon the crop yields and livestock production of the preceding season. The application of the budget method, used in other business undertakings, is suggested by the United States Department of Agriculture as one way for farmers who act independently to meet the situation. A farm budget is a carefully worked-out plan based on estimates as to how well a peculiar combination of crops or combination of crops and livestock will pay. These estimates are based upon available information as to what the prices are likely to be during the year or period of years just ahead. Although prices, crop yields, and livestock production can not be forecast exactly, they can be foretold within broad enough limits to make it profitable to organize carefully and to focus attention upon the best available information relating to them. A method of doing this is outlined in Farmers' Bulletin 1564-F which may be obtained from the United States Department of Agriculture, Washington, D. C. There is no charge.

**WHEELER SHIPS MANY CARS POULTRY FROM SECTION**

Wheeler is proud of the fact that thirteen carloads of dressed poultry, and ten carloads of live poultry have been shipped out of Wheeler County, which until recently, was considered fit only for cattle grazing.

**WHOLESALE BUSINESS IS TO SHOW LARGE INCREASE**

The farming industry of the United States loses many hundred millions of dollars each year because production is overexpanded along some lines and underexpanded along others. These up and downs in agricultural production are partly the result of changes made by farmers in acreages of crops and numbers of livestock. Changes of this kind are necessary and unavoidable, but too often they are overdone in some lines and underdone in

Austin, Texas, Oct. 3.—Wholesale business is expected to increase over the next few months in view of the fact that retail stocks are rather low, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"Trade is not holding up as well as was expected," said Mr. Nichols. "The volume of purchases of summer wearing apparel fell off during the latter part of August, and the expansion in fall goods is not yet in evidence. Sales of 84 department stores were \$4,544,83 in August, compared to \$3,995,285 in July and \$4,676,040 in August, 1927. While the decrease from August last year is but two and eight-tenths per cent, there was an increase of one and nine-tenths per cent in July sales over those in July, 1927. Seventeen cities showed losses against gains in the other eight."

**"WEST TEXAS TODAY" CARRIES STORES FROM TOWNS**

"West Texas Today," official magazine of the West Texas Chamber of Commerce, carried stories on Lubbock, Slaton, Floydada, Silverton, Quitaque, Turkey, and other South Plains towns in the September issue.

Vernon—Two brick school houses will be constructed here this year.

**Phil Engel****The Court of Last Resort**

THE court of last resort in business is the public. Their decision is final. If the public places its approval on a product, accepts it, and buys it in increasing numbers, there are good reasons for it.

And if this happens in a highly competitive field like the automobile, then there are special reasons for gratification.

Durant Motors is experiencing this very thing, and we want the world to know about it.

We started with a modest production in January—the month of motorshows, and with each showing the demand increased, until the country gained the knowledge that the Durant new models were worthy of public interest.

And this is what happened during the year:

During the first six months of 1928 the entire automotive industry—motor cars and motor trucks—produced 6.4 per cent more units than in the same period of last year.

During this same period of time Durant Motors produced 49.9 per cent more cars and trucks than in the same period of last year.

The industry as a whole produced 1,32,906 more cars and trucks during the first six months of 1928 than in the same period of 1927.

Durant Motors alone produced 23,000 more cars and trucks during the first six months than

in the same period of last year. Durant Motors alone scored a gain of 17 per cent of the increased production of the entire industry.

Returns from the forty-eight states of the Union show that Durant gained 20.5 percent in registrations during the first six months of 1928 over the same period of last year.

Durant Motors is growing seven times as fast as the automotive industry itself. We appreciate this increased public confidence.

In the next few days we are going to make a newspaper announcement relative to new Durant models.

They will appeal to the public strongly for these new cars possess the features the careful buyer wants, and expects in his car today.

The public will be given a new conception of motor car value.

Your motor dollar will buy more than ever before in the size of car, in beauty of body design, in power, in appointments, in speed, in durability and accessibility, and all up-to-the-minute features.

And this statement is made with a full appreciation of what is going on in the entire automobile industry.

The name "Durant" will continue to stand for those principles in motor car designing, engineering, building and in the selling of popular priced automobiles to justify an ever-increasing demand from the public.

## GARRISON-WHITLOCK

An announcement of much interest to their many friends in Clarendon is that of the marriage of Miss Lucile Whitlock and Mr. George Garrison on Saturday evening, Sept. 29th, at the Baptist parsonage, Rev. S. R. McClung officiating.

Miss Lucile is the attractive daughter of Mr. and Mrs. Frank Whitlock and is a native of Clarendon. She has received her education in the public schools of Clarendon and is a beauty specialist of much skill. She has been a valuable assistant in the beauty department of Whitlock's Barber Shop, which place she will retain.

Mr. Garrison is a valuable employee of the West Texas Utilities Company of this city and has many friends here and elsewhere who wish him and his bride much happiness in their new life together.

Dr. and Mrs. Ellis Entertain

Such a delightful evening was spent in the home of Dr. and Mrs. Ellis Saturday when they entertained the members of their bridge club and a few special friends with a dinner bridge.

After enjoying the lovely two-course dinner, which was served at small tables, bridge was played with Miss Frances Cooke winning high score favor for ladies and Mr. Holloway for gentlemen.

Those enjoying this hospitality were: Mr. and Mrs. Allen Jeffries, Mr. and Mrs. W. C. McDonald, Dr. and Mrs. M. H. Rhoades, Mr. and Mrs. J. T. McMurtry, Mrs. Fred Chamberlain, Miss Ruth Stocking, Mrs. W. H. Cooke, Miss Frances Cooke, Mr. Wesley Knorp, Mr. Allen Cooke, Mr. John Bugbee and Mr. Louis Holloway.

Birthdays Celebrated at Home of Mr. and Mrs. W. C. McDonald

On Monday, Oct. 1st, two birthdays were celebrated at the home of Mr. and Mrs. W. C. McDonald, that of Mrs. Letitia Swearingen of Childress, who was house-guest of the McDonauds on that day, and little Miss Ruth McDonald.

At noon a lovely luncheon was given in honor of Mrs. Swearingen with Mrs. M. H. Rhoades, Mrs. Y. C. McDonald, Miss Ruth Stocking, and Mr. and Mrs. Allen Jeffries as the invited guests.

A beautiful bouquet of garden flowers centered the dining table with a large white frosted birthday cake, with the customary candles occupying a very prominent place on the menu.

In the afternoon Lavern and June McMurtry and Maxine Ellis accompanied Ruth home from school and together with her sister, Jean, enjoyed games until her dainty birthday cake was cut and served with ice cream to them.

A short social hour was enjoyed later.

A. M. Beville left Wednesday evening for Mineral Wells, where he will remain for a time recuperating from his recent very serious illness.

## 1922 Bridge Club Entertained With Bridge Luncheon

Mrs. Sella Gentry was the charming hostess to the members of the 1922 Bridge Club and special guests Tuesday at her beautiful home in College Heights with a bridge luncheon.

An elaborate luncheon was served at the dining table where places for twelve were marked by dainty place cards. Exquisite Mexican blue morning glories were artistically trailed over the dining table and enhanced the beauty of the snowy table linen and charming table appointments.

In the games of bridge which followed Mrs. W. H. Cooke was awarded high score favor and Mrs. J. T. Sims consolation.

Those present: Mesdames Odos Caraway, A. R. Letts, R. A. Chamberlain, W. H. Cooke, J. T. Sims, Meredith Gentry, Phillip Gentry, Sam Dyer, J. R. Porter, R. L. Bigger, L. L. Swann and T. H. Ellis.

Win-One Class Installs Officers

At the home of Mrs. J. L. McMurry Monday afternoon the regular monthly business and social meeting of the Win-One Class was held with the new officers, which had been elected previously and are as follows: Mrs. R. Wilkerson, president; Mrs. C. E. Miller, vice-president; Mrs. Lank Thornberry, secretary-treasurer, and Mrs. C. L. Benson, treasurer, assumed their duties for the new conference year.

The members answered to roll-call with the number of visits they had made to the sick or strangers and the number of trays sent. The devotional led by Mrs. L. O. Lewis was followed by the business session, during which flattering reports of the past year's work were made with a nice balance being reported in the treasury. It was decided to hold our annual bazaar and hope box opening on the second Saturday in December, which will be December 8th, which has been our custom heretofore.

Committees for the year were read and are as follows: Telephone—Mrs. Forest Taylor, Mrs. W. Youngblood, Mrs. A. A. Mayes, Mrs. M. M. Noble and Mrs. H. R. Kerbow. Flowers—Mrs. Sam Braswell, Mrs. Frank Bourland, and Mrs. Tom Connally. Visiting—Mrs. U. J. Boston, Mrs. H. B. Kerbow, Mrs. J. G. Sherman and Mrs. Will Johnson. Home Department—Mrs. C. L. Benson and Mrs. D. O. Stallings. Orphanage—Mrs. John Watts and Mrs. J. L. McMurtry. Hope Box

late garden flowers.

Kongenial Kard Klub Are Guests of Mr. and Mrs. Clarence Miller

The Kongenial Kard Klub members and a few invited guests were delightfully entertained Tuesday evening by Mr. and Mrs. Clarence Miller in their lovely home with a dinner-bridge.

After partaking of a sumptuous two-course luncheon, bridge was enjoyed until a late hour in rooms artistically arranged with

Mrs. Eva Rhode, Mrs. R. C. Weatherly and Mrs. B. L. Jenkins, Jr. Tape—Mrs. W. L. Crane, Mrs. Fred Russell, Mrs. John Clark, Mrs. John Lott and Mrs. John Goldston.

During the social hour a dainty rice-cake was served by Mrs. McMurry and her associate hosts, Mrs. W. L. Crane.

1928 Book Club Study

"The Strange Interlude"

Eugene O'Neal's "Strange Interlude," with Mrs. G. L. Boykin as conductress, was studied by the members of the 1928 Book Club when they met in the home of Mrs. Earl Alexander Tuesday afternoon.

Miss Helen Beck and Miss Harris, who had witnessed the play in New York during the summer, gave interesting insights of the play together with the clever acting of the players. Mrs. Loyd Stallings, Mrs. Sam M. Braswell and Mrs. Louie Merrell also assisted with the program.

Red Cross Notes

Mrs. C. M. Lane reports that the ladies of the Red Cross Chapter have completed and shipped their quota of twenty-five Christmas bags, valued at one dollar each, to San Francisco, general headquarters. These bags will be distributed to the boys who are still in active service.

Federated Clubs Enjoy First Annual Picnic

The first joint social affair since the federating of Donley County's clubs was held at the Country Club Friday of last week with a very small attendance, especially from the rural communities. However, the smallness in numbers did not detract from the enjoyment of the occasion and those present joined in the games which had been planned by Miss Harvey Thompson with much enthusiasm.

A beautiful picnic lunch was spread at noon and thoroughly enjoyed by the number present.

COME YOU WIN STAY AWAY YOU LOSE.

### Mrs. J. H. Miller Is Hostess

Few occasions of the week on the social calendar gave the exquisite pleasure that the delightful bridge party did, which Mrs. J. H. Miller gave Thursday afternoon at her beautiful new home in College Heights.

Beautiful ferns, dahlias and other late autumn flowers made the rooms very attractive, and the games of auction bridge were enjoyed throughout the afternoon.

At the close Mrs. Park Chamberlain was high, Mrs. Forest Taylor, low, with table cuts being drawn by Mrs. Sam Dyer, Mrs. Clarence Miller, Mrs. Selden Bag-

by, and Mrs. Meredith Gentry. Each were presented with beautiful favors.

A lovely afternoon luncheon of two courses was served to the following: Mesdames Selden Bagby, Sam Dyer, Phillip Gentry, Meredith Gentry, Charlie Bell, Clarence Miller, Charles Trent, Lenode Goldston, Floyd Lumpkin, Leonard Parker, Jr., Forest Taylor, Park Chamberlain, Earl Alexander, Forest Sawyer and Carl W. Bennett, Jr.

Pathfinder Club Opens  
For Year's Work

On Friday afternoon the Pathfinder Club opened their club year at the home of Mrs. J. T. Patman with Mrs. Patman and Mrs. Nathan Cox as hostesses.

New officers of the year were installed with the new president, Mrs. H. T. Burton, giving an interesting talk on "Looking Forward."

A special musical number was followed by a splendid address by Mrs. Barrett of Childress on club work in general. She has a pleasing delivery and a fund of first hand information regarding club work and her address was a delightful feature of the program. Dainty refreshments were served late by the hostesses.

W. J. LEWIS

### JONNIE B. VINSON

Jonnie B. Vinson, daughter of Mrs. W. B. Tarwater of this city, was born near Matador, Texas, July 21, 1911. She resided at Lovington, N. M., Esteline, Texas, and later at Memphis, where she completed the graded school work, coming to Clarendon some months ago. She was an active member of the Senior class of the local high school at the time of her passing.

Jonnie B. was rushed to an Amarillo hospital soon after she was taken ill, at which place an operation for appendicitis was performed. She bore her suffering with bravery and for a few days was apparently recovering nicely. Suddenly complications developed and she passed away Sept. 28th surrounded by loved ones who had done all in their power, coupled with the best medical skill, to keep her with them. After losing the battle, dear ones brought the frail little body home where it was laid to rest in the local cemetery Sunday afternoon, her classmates acting as pallbearers.

During her illness she received flowers in profusion from friends far and near. Letters in number and telegrams of encouragement arrived often, attesting the high esteem in which she was held by those who knew her best.

When acquainted with the fact that her passing was a matter of a short time, she immediately made her preparations in complacent calm wholly resigned to the inevitable change. She asked that Rev. S. R. McClung, pastor of the local Baptist Church, have charge of the last rites. For some time she had attended Sunday school at the Methodist Church, of which Rev. S. E. Allison is pastor, and who assisted in the last services at the Methodist Church Sunday afternoon. Jonnie B. united with the Christian Church three weeks to a day before this fatal afternoon.

She was immediately assigned a Sunday school class in the church and because of her winsome smile, cheery disposition and winning smile, this fact was hailed with joy by the student body. To know her was a privilege indeed.

God plucked a lily from his flower garden. Her courage, hope, faith and noble purpose was an inspiration. Her sacred trust in her Maker will be a lasting consolation to those who grieve for the touch of the vanished hand and the voice that is still. There is no end to life. The precious little body sleeping here was but the home of the soul clothed in that divine peace and calm that now dwells "Where we'll never grow old." God has so ordained that it be so, and yet, while He

## PERHAPS WE CAN SOLVE YOUR PROBLEM

In any man's life a thousand little problems arise which can be solved only by money. It's our business to cooperate financially with responsible parties. By consulting with us about your problem you can solve it in the best possible manner.

## THE FIRST NATIONAL BANK

ELEPHANT AHoy!

Miss Billy Mack of the Al. G. Barnes Circus and her four-ton elephant playmate "Pearl" will exhibit at Clarendon Thursday, Oct. 11th. Coming with this excellent circus are many new features to be presented for the first time this year, principal among which will be the elaborate spectacle of "Aladdin and the Parade of Gold."

## College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

### RESOLUTIONS ADOPTED BY SENIOR CLASS OF C. H. S.

Whereas, the Supreme Ruler of the universe has taken from our midst one of our number, Jonnie B. Vinson, who had endeared herself to every student and faculty member alike of the High School. And, whereas, we, as students of the High School, have been bowed with sorrow over her departure from us, and knowing that her passing has left sorrow upon our lives which will not soon be erased,

We, as a committee from the Senior Class, do offer our heartfelt sympathy to the members of the bereaved family.

It is our desire also that these resolutions be read to the student body of Clarendon High School, a copy be sent to the Clarendon News for publication, and also a copy be sent to the bereaved family.

Signed: Dorothy McCanne, Thelma Youngblood, Eugene Estlock, Billy Dillard.

### CLARENDON HIGH BEATS GROOM HIGH SQUAD

Clarendon High played the second game of the season with Groom High, which ended in a final score of twelve to nothing. The game was clean. There was not a single man hurt or even time called for a player.

Clarendon's first score was made by Tucker, who, on a five-yard completed pass ran seventy-five yards for a touchdown. The points were made in the second quarter. At the end of the half Clarendon had the ball on the six-yard line. The second score that was made was a completed pass from Dillard over the goal line to Tucker, passing the ball fifteen yards.

### COOPER READS HEBREW HISTORY AT CHAPEL

A varied program was given at chapel Friday morning. Mr. Lemont, magician, who was in town preparing for his program at the school Friday night, entertained with several slight of hand tricks. Dean Cooper used the remainder of the period in reading a very interesting article on Hebrew history.

### BOYS' FORUM TO HOLD INTERESTING PROGRAM

The High School Boys' Forum is planning an interesting and varied program this week. The program is as follows:

Debate. Resolved: That a Col-

lege Education is Necessary for Success in Life. The affirmative will be taken by Henry Wilder and H. Osborne, while the negative will be upheld by Carroll Holtzclaw and Fred Bourland.

Ralph Summers, Benton Smith, John Zeigler, and Nathaniel Helton will give extemporaneous speeches. Woodrow Bain is to talk on the advantages of a high school forum, Joe Noble will discuss the advantages of high school athletics, and Odell Baird will give talk on "How a Boy Should Respect Every Girl."

BULLDOGS TO PLAY YEARLINGS FRIDAY

The Bulldogs will play the Canyon Yearlings at the College Football Park on Friday, Oct. 6. This will be the first game that the Bulldogs have played on home ground this year. The Bulldogs have gone undefeated so far, and Friday's game promises to be one of real interest. The Bulldog men are in fine shape, and are anxious to rip the Maroon line of the Yearlings.

"Get Yearling Meat" is their motto for Friday's game. The support of the town is desired. Come out and back the Bulldogs to win a glorious triumph.

### MR. WELLS DISPLAYS 129-YEAR-OLD PERIODICAL

The Press Club enjoyed the privilege of gazing upon one of the oldest newspapers in this part of the state when Mr. Wells presented before the Club the Ulster County Gazette, published January 4, 1800, by Samuel Freer. The paper is almost 129 years old, is worn threadbare in several places. It belongs to R. V. McDavid of Wellington, Texas, and was brought before the Press Club by Mr. Wells, head of the Clarendon College Commercial Department. Mr. Wells tried to obtain the paper for the Press Club Library, but was unsuccessful, as Mr. McDavid stated that money could not buy it. Although the paper is a priceless work of the past, Mr. McDavid has consented to give it as a gift to the Baylor College Journalism Library, where it will take its place among the priceless periodicals of the past. Mr. Wells was responsible for this priceless piece of work being turned over to the Baylor College Journalism Department.

The old newspaper is an in memoriam edition, published especially to announce the death of George Washington. The front page is given over to discussing Washington's death, and how the funeral ceremony was carried out.

It was very interesting to note that the burial ceremonies of that day and time show a marked contrast to those of today. Mr. McDavid came in possession of the paper in a very peculiar way. He obtained it from a drunk man who had wandered aimlessly into town. It was very fortunate that such a priceless antique should fall into the hands of a man who readily realized its intrinsic value.

Clarendon

Phone 3.

STATEMENT OF THE OWNERSHIP,  
MANAGEMENT, CIRCULATION, ETC.  
REQUIRED BY THE ACT OF CON-  
GRESS OF AUGUST 24, 1912.

Of the Clarendon News, published weekly  
at Clarendon, Texas, for October, 1928.

STATE OF TEXAS.

COUNTY OF DONLEY, ss.

Before me, a Notary Public in and for  
the State of Texas, affidavit personally  
appeared Sam M. Braswell, who, having  
been duly sworn according to law, deposes  
and says that he is the editor and owner of  
the Clarendon News, and that the follow-  
ing is true to the best of his knowledge  
and belief, a true statement of the own-  
ership, management, etc., of the afore-  
named publication for the date shown in the  
above caption, required by the Act of Con-  
gress of August 24, 1912, embodied in section 411,  
Postal Laws and Regulations, printed on  
the reverse of this form, to wit:

1. That the name and address of the  
publisher, editor, managing editor, and  
business manager is Sam M. Braswell,  
Clarendon, Texas.

2. That the owner is: Sam M.  
Braswell, Clarendon, Texas, known as stock-  
holders, mortgages, and other security holders owning  
or holding 1 per cent or more of total  
amount of bonds, mortgages, or other  
evidence of debt.

Mergenthaler Linotype Co., Brooklyn,  
New York.

G. W. Antrobus, Clarendon, Texas.

Sam M. Braswell.

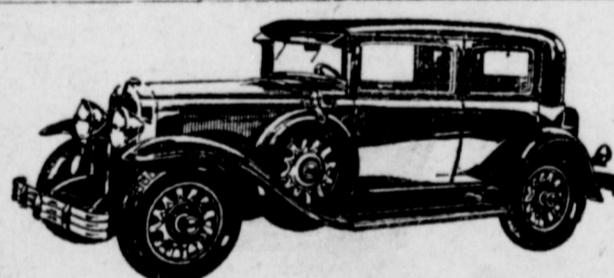

Sworn to and subscribed before me this  
2nd day of October, 1928.

F. L. Stallings.  
(My commission expires June 1, 1929.)

## Under New Management

I have leased the W. T.  
Johnson Blacksmith Shop  
for the coming twelve  
months.

**L. L. TAYLOR**

Because it's new . . . Because it's  
individual . . . Because it's the most  
beautiful automobile of the day,  
this new Buick--the car of cars  
is enjoying the year of years . . .

**Buick** THE NEW BUICK  
IS THE NEW STYLE

Drawing the greatest crowds—  
winning the most enthusiastic  
praise—rolling up the biggest demand  
in all fine-car history—the  
Silver Anniversary Buick with  
New Masterpiece Bodies by Fisher  
is scoring the most sensational suc-  
cess ever won by any new quality  
car!

Millions of spectators thronging  
Buick showrooms in all parts of the  
country! Tens of thousands en-  
thusiastically placing their orders  
for the Buick of Buicks and car of  
cars!

The motors of America "looked to  
the leader for leadership" in  
automotive design. Buick an-  
swered with this epic car. And the  
public is responding with over-  
whelming demand—a demand that  
has forced the great Buick factory to  
production levels unprecedented  
in its entire history;

THE SILVER ANNIVERSARY

**BUICK**

With Masterpiece Bodies by Fisher

And all because it is not only a  
leading engineering achievement of  
the past twenty-five years—em-

phasized by the new style—

bodying performance abilities un-  
matched anywhere in the world—but  
also because it ushers in an en-  
tirely new style—a fascinating new  
mode of automotive beauty  
and luxury!

## ITEMS OF INTEREST IN DONLEY

### ASHTOLA

Sunday school was held at the  
regular hour with 24 enrolled.  
Preaching service by Rev. Laney  
followed.

The Ashtola Club girls gave an  
interesting play Thursday night  
followed by an ice cream supper.  
They made about \$30. Miss Isab-  
elle Bailey took the cake for be-  
ing the prettiest girl and Mr. N.  
Jones won the cake by being  
the ugliest man.

Miss Twila June Snodgrass  
spent Sunday with Athelene  
Drennan.

Hue Lovell has arrived from  
Honeygrove, Texas, to help his  
cousin, Ben Lovell, during the  
busy season.

The Builders Sunday School  
had a class meeting Friday night  
in the home of their teacher Mrs.  
R. H. Roberts.

Miss Ola Mae Watts visited  
with Mildred Harp Sunday.

Miss Jessie Swinburn spent  
Saturday night with Vera John-  
son.

Miss Grace Slater spent Sunday  
with Jocie Thomas.

Several of the young people at-  
tended the Amarillo Fair Satur-  
day night.

Mr. and Mrs. W. H. Grounds  
and Helen Louise Green visited  
Mrs. J. S. Hayter Sunday.

Mr. and Mrs. John Dial of Cle-  
burne, stopped off their way to  
Memphis for a few days' visit  
with her parents, Mr. and Mrs.  
W. A. Poovey.

Miss Selma Baker returned  
home from McLean, where she  
had been for sometime.

### HUDGINS

Sunday school and preaching  
were held at the regular hour  
with a good attendance present.  
The meeting which started Fri-  
day night, and which is being  
held by Mrs. Busby, of Hedley,  
is still in progress and the crowd  
continue to increase.

Mr. L. O. Christie and family  
and Mr. D. H. Perdue and family  
returned Wednesday evening  
after a few days' visit in the S.  
M. Harp home, near Hale Center.

Mr. Perkins and family took  
dinner in the D. H. Perdue home  
Sunday.

Mr. and Mrs. R. W. Fowlkes  
and son Truman, returned Tues-  
day from Oklahoma, where they  
had been visiting.

Mr. L. M. Nobles and Mrs. Bus-  
by of Hedley visited in the W. V.  
O'Neal home Sunday evening.

Miss Vera Garland, who teaches  
at Lelia Lake, spent last week-  
end with her sister, Mrs. L. M.  
Putman.

L. O. Christie and family and  
Mrs. D. H. Kimbrel visited in  
the O. L. Jacobs home Sunday  
evening.

Everyone is busy trying to  
gather their crops. Apparently

### TURKEY COMPRESS BRINGS COTTON TO THAT CITY

The cotton compress at Turkey  
built at a cost of \$100,000 is in-  
ducing many farmers to bring  
their cotton to that thriving South-  
Plains town. Turkey has four  
gins which give excellent service.

The cotton compress at Turkey

is in production, but in view of the  
great demand which has been placed  
upon the Durant factories ever  
since the Silver Anniversary  
Durant models were introduced  
last January, it is suggested that  
orders be placed immediately to  
ensure prompt delivery.

These new models are already  
in production, but in view of the  
great demand which has been placed  
upon the Durant factories ever  
since the Silver Anniversary  
Durant models were introduced  
last January, it is suggested that  
orders be placed immediately to  
ensure prompt delivery.

Everyone is busy trying to  
gather their crops. Apparently

### TEXAS TECH IS CROWDED AS ENROLLMENT GROWS

Lubbock, Texas, Oct. 3.—With a  
total of 1,625 who have completed  
enrollment at Texas Technological  
College for the opening of the  
fourth annual session all former  
records have been shattered. This

represents more than a thirty per-  
cent increase over the enrollment  
for the same period a year ago,

and if percentages are maintained  
will mean that more than 2,500

students will enter the doors of the  
institution during its fourth year.

Housing facilities so far have  
been entirely adequate due to the  
great building activity in Lubbock.

Even with the new engi-  
neering building completed, the  
College is taxed to its capacity to  
take care of all classes. The com-  
pletion of the new chemistry  
building by January first will

provide much more room.

Five members of the Texas leg-

islature were present at the first

convocation and marveled at the

progress made by the Texas

Technological College, and pro-  
mised to do all in their power to

secure funds for the erection of  
additional buildings necessary to  
accommodate the growing student  
body.

### THE NEW PAPER MONEY FOR NEXT YEAR

With the advent of 1929, the

new size of paper currency, smaller

in size than the present bank

notes, will be issued by the United

States Government. The new

size is 6 1/4x2 9/16 inches, and

has been brought about in the inter-  
ests of efficiency and economy.

But it will have many other ad-  
vantages. The new "bills" will

have new pictures on their faces  
and backs. They are printed by

the intaglio method from specially-  
engraved plates, chromium-plated;

they will be easier to handle  
than the present size of bank  
notes; and, they will be more dif-  
ficult to counterfeit, or alter.

"Once the New Year arrives,"

said Alvin W. Hall, Director of

the Bureau of Engraving and

Printing, Washington, D. C., "tons

of the new currency will move out

of Washington by truck loads.

When the banks request new cur-  
rency, they will receive the new

size, and the old notes will be tak-  
en out of circulation as fast as

they come in."

The new size and designs of pa-  
per money are the result of years

of careful planning, investigation

and designing. According to Mr.

Hall, it is the first "thought-out"

money in the history of the Gov-  
ernment. Heretofore, there has

been no harmony, and many more

varieties were printed than were

necessary.

For example, the old \$10 note:

Five designs were in circulation.

One contained the portrait of A.

J. Hendricks; one had the portrait

of Michael Hillegas. (Neither

men were well-known to the pub-  
lic.) Another had the portrait of

Andrew Jackson; still another

had that of William McKinley; the

fifth pictured a buffalo with a

humped back.

In the new line of bills, all this

has been changed. All notes of

each denomination will be practi-  
cally alike. On the \$10 note, for

example, in place of five different

pictures, each note will have the

likeness of Alexander Hamilton on

one side, and a picture of the

Treasury Building on the other

side.

The various issues of the notes

will have only technical differences

### HEMSTITCHING

Mrs. C. E. Griggs

414 West Fourth Street

Wee, winsome Margaret Ann arrived Sunday to brighten the home of Dr. and Mrs. O. L. Jenkins. It is very difficult to tell which is the happier, the parents or grandparents of this new arrival.

Announcements have been received in Clarendon of the arrival of David Robinson Pound on Sept. 23rd, at Houston, Texas. David is the second son of Mr. and Mrs. Joseph Pound of Houston, Texas. Mrs. Pound was formerly Miss Ruth Robinson and receives the congratulations of her old friends in Clarendon.

The Cottage Inn Lunch Room specializes in good sandwiches. (40pd.)

Fried chicken dinner Sunday. Cottage Inn Lunch Room. (40pd)

Friends of Mrs. Belle Smith will be grieved to learn that she is not doing so well and little hope is held for her recovery.

Miss Frances Cooke, instructor in the Pampa public schools, spent the week-end with her mother, Mrs. W. H. Cooke.

Fried chicken dinner Sunday. Cottage Inn Lunch Room. (40pd)

Mr. and Mrs. Carl Williams of Childress announce the arrival of a girl. Mrs. Williams will be remembered as Miss Rena Rutherford.

Will Carruth and family of Thorp Springs left Tuesday after a week's visit with Mrs. Carruth's mother, and other relatives here.

Miss Verne Leathers left Thursday for Canyon where she will enter the Normal for the coming term.

Mrs. Tom Mays and son, Orbie returned Wednesday from Amherst, where they were called by the serious illness of Mrs. Mays' sister.

Mrs. Hall of Bowie left Sunday after a short visit with her brother, Tom Mays, and family.

Mr. and Mrs. Harry Meredith and baby, Bobby Gene, of Santa Barbara, Calif., arrived Sunday for a week's visit with her parents, Mr. and Mrs. Boston, and other relatives.

Mr. and Mrs. J. C. Christal were business visitors to Claude Tuesday of this week.

Mr. and Mrs. Kinch Leathers spent Saturday and Sunday with her parents, who live at Goodnight.

Miss Edna Wood, who is teaching at Shamrock, spent the week-end with her mother.

Miss Bishop of Hedley was a week-end guest of her grandmother, Mrs. Usery.

Leland Knox and Don Tomlinson were visitors at the Tri-State Fair at Amarillo Thursday.

Mr. and Mrs. E. R. Myers were visitors at the Fair at Amarillo Saturday.

Mr. and Mrs. Lawrence Baker of Amarillo were guests of Mr. and Mrs. C. C. Carter Saturday night and Sunday.

Mr. and Mrs. C. C. Carter left Tuesday of this week for a short visit with her brother and family who live at Aeme.

See "The Flapper Grandmother" October 12th, College auditorium (40c).
