ANNUAL BANQUET FOR CHAMBER OF COMMERCE DRAWS HEAVY ATTENDANCE AND DISPLAYS "PEP"

BANQUET IN BASEMENT OF CHRISTIAN CHURCH AFFORDS OPPORTUNITY FOR COMMUNITY "GET TOGETHER" AND PROVES TO VISITORS CITY CLASS OF CLARENDON—TOM CONNALLY TOAST MASTER.

Clarendon's annual Chamber of Commerce banquet is now history. Tuesday evening, according to schedule and with every little detail in festive order, the doors of the First Christian Church were opened to admit near two hundred of the foremost citizens of Clarendon and community, together with a number of social mingling before the toastmaster, speakers, guests and local membership with their ladies repaired in orderly form to the basement where a most complete and sumptuous banquet menu had been prepared and tastefully served by the ladies of that church.

The main address of the evening was made by Porter A. Whaley, general manager of the West Texas Chamber of Commerce, who was here on special invitation of the local organization to direct the membership and budget campaign being waged this week. Mr. Whaley is a chamber of commerce expert and his address was worth much to Clarendon and the county. Under his direction the West Texas Chamber of Commerce has grown until it is now the greatest regional chamber of commerce in the world, being supported by over two hundred towns and cities.

Tom F. Connally, local grain dealer, acted as toastmaster for the occasion and introduced the speakers. W. H. Patrick, president of the First National Bank of Clarendon delivered the address of welcome, expressing the pleasure of the city of Clarendon in entertaining her guests and declaring that the city proposes to put forth a stronger effort than heretofore to build a city which will merit a continuation of the title of "The Athens of the Panhandle."

Fred Story, president of the Chamber of Commerce, reviewed the work of the organization during the past year, declaring that if the Chamber of Commerce failed to put over a single project undertaken that it was an evident fact that the time was not opportune for the movement. He said that greater things were in store for Clarendon and the organization has cemented itself for a greater work. Read the report elsewhere in this issue.

Frank R. Jamison, secretary of the Panhandle-Plains Chamber of Commerce talked along commercial lines, declaring the value of commercial organizations in city building. Complimentary mention was made by the speakers of the efforts of the secretary of the Clarendon Chamber of Commerce, Roy B. Mefferd.

Judge J. D. Hamlin of Farwell, spoke in complimentary terms of the city of Clarendon and expressed his appreciation of the privilege of meeting with her citizenship at the banquet board. The Rev. Sam J. White, pastor of the First Christian Church delivered an instructive address on the value of churches and schools. His talk was humorous at times and good thoughts were instilled into the minds of his hearers.

Joe L. Pope of America, talked along numerous lines and left a feeling of good fellowship with the diners. Mr. Pope was emphatic in his declaration that the civic kicker is usually the man who does not contribute to the upkeep of a commercial organization. His wit was of a high order and made a great hit.

C. C. Small of Wellington, County Judge of Collingsworth County told of the activities of his county in commercial work, declaring that every man, professional, merchant, tradesman or other classification was an active member of the Wellington Chamber of Commerce. He told of the plans and accomplishments of his town and county, declaring that he would be ashamed to live in a town if he were not a member of the Chamber of Commerce. Mrs. Ida Chitwood, Donley County demonstration agent who had just returned from a visit to Wellington told the crowd of the successful poultry show held in Collingsworth County and added that she believed such a move would be popular and successful in Clarendon.

WELLINGTON ENTERTAINS LOCAL COMMITTEE MEN

A committee appointed by the local Chamber of Commerce consisting of Claud McAllister, Harry Sitter and George Reed, visited Wellington Tuesday for the purpose of ascertaining, at first hand some important data on the potato curing plant at that place. The committee was royally entertained during the entire time of their visit, shown over the live little city and were acquainted with the workings of the plant to their heart's content. They report a very royal bunch over there and appreciated the many courtesies extended them very much. The proposition of the Wellington men will be announced in a special article. The trip was made by auto over a good road with the exception of that portion between here and Hedley.

PLAINS MERCHANT REPORTS GLOWING CROP CONDITIONS

W. W. Massey, formerly of this city, now a leading merchant of Eola, located between Pampa and White Deer, was down Wednesday to pay his respects. This "apostle of good cheer" always looks on the bright side and fortunately, always finds plenty of good things to talk about leaving the other kind for the knackers. Mr. Massey states that the wheat men of his section are now getting \$1.75 per bushel and have thousands of bushels to sell. One man alone has over fourteen thousand bushels. The growing crop never looked better than now. Mr. Massey states that he sees no reason why his people should not be extremely happy with plenty of land, stock, poultry, nice homes, full granaries and an abundance of good health. Few places can beat the record and if they have a few more men of the Massey type, they will make a real country out of that fertile region.

PIG AND CANNING CLUBS PLAN BIG YEAR'S WORK

The pig club boys under the leadership of county agent Hendrix are getting matters well under way in old Donley right now. Mr. Hendrix met with the boys at Goldston Saturday night. These meetings are always held at the school house and are free to every one. Not only are they free, but the men and boys are urged to come out and see what is being done for their benefit. Many clubs will be organized over the entire county.

SUNDAY SCHOOL CLASS ENTERTAINED MONDAY NIGHT

The Sunday school class of Mrs. C. A. Burton delightfully entertained the husbands of the members of the class and the assistant superintendents of the Sunday school, with their wives. Mr. and Mrs. Tom Connally, Mr. and Mrs. J. W. Watts and Mr. and Mrs. Paul Shelton were present. The evening was devoted to merry making, games and proper amount of attention was given to the good things to eat that usually come in on a program of that kind. Almost the entire class responded to the invitations and a profitable evening was spent.

much good would result in the meeting with each other.

Following is the menu:

- Fruit Cocktail
 - Celery Pickles
 - Baked Turkey Oyster Dressing
 - Canned Potatoes White Bread
 - Perfection Salad
 - Brick Cream Assorted Cakes
 - Coffee Mints
- Music for the occasion was furnished by Jesse's orchestra of Amarillo.

BIG CROWDS AT TEND HOG SALE AT LAKE CREST

LARGEST CROWD OF HOG ENTHUSIASTS EVER ASSEMBLED IN DONLEY COUNTY WAS PRESENT AT LAKE CREST FARM TUESDAY FOR SALE.

The first hog sale to be held in Donley county this season was held on Lake Crest farm, owned by W. L. Butler and sons, Tuesday of this week. Despite the windy, disagreeable day, hundreds were present for the big event. Visitors from other states came with purchase intent and did not go away empty-handed. Bidding was slow at first but picked up readily when the crowd got warmed up and the better hogs were brought into the sales ring. Beautiful specimens of "his hogship" were offered and found ready bidders though all agree that every animal was sold to low even to the highest bidder when the quality was taken into consideration.

W. L. Butler, who has the name of being the liveliest hog man west of the Mississippi—so say other hog men—was rushed for time to make proper preparation because he did not decide to hold the sale until just a short time before the big event was scheduled to take place.

Many Donley county purchasers were numbered among the fortunate to get a start of good stock, but the bulk went out of the county despite the best that could be done. E. W. Hogan, prominent rancher and stock farmer of near Pampa was the lucky man of the day, he having purchased twenty-one head out of the forty-four offered for sale. Two were taken by J. H. Smith of Groom. G. T. Garrett of Memphis took four beauties out of the lot. Three of the best ones became the property of Barrett O'Bryan, editor of the Tulsa Herald. These were extra good ones, Mr. O'Bryan being assisted in the selection by county agent Ware of his county. A. N. Burselson of Claude took off four head as a nucleus for a prize winning herd that the public will hear much of in the future on the plains.

Roy B. Mefferd, secretary of the Clarendon chamber of commerce bid in four dandy good ones. We vouch for the quality because Roy knows a good hog when he sees it. A number of others were sold in individual lots. Every purchaser was pleased with his property. The forty-four head averaged \$92.50 allround. Not as well as the owner expected—not as well as the public expected either, but pretty good considering the times and that this is the first sale of the season. Ed Heriff and Col. Tom Morton of Oklahoma City, acted as auctioneers, assisted by L. S. Jameson of Pampa and W. G. Ware, county agent of Swisher county.

True to every promise made, Mr. Butler had the stuff to show just as he had advertised and many pronounced them better. A big feast was served at the noon hour. It is Mr. Butler's intention now to hold another sale some time during the year. His hogs are becoming well known and the demand for his selections are increasing.

WATER OUTLOOK BETTER SAY CITY WELL DRILLERS

The search for an adequate water supply for a real water system continues. Several stratas have been found and there is even now assurances of double the former supply. Not content with this, the City Commission will have the drill put through the present formation of joint clay in quest of the artesian flow that was found northwest of town in the Crane-New York test well. Judging from the log of the well, drillers say that the chances for an artesian flow are very good. Such a flow would add thousands of dollars to the valuation of Clarendon property and the Commission has plenty of encouragement upon the part of taxpayers to complete the job before a halt is made—that means an artesian flow.

H. B. Spiller and family returned the first of the week from an extended vacation out in the wilds of New Mexico in the Capitan country. Owing to the rigid enforcement of the game law in that state, H. B. is a bit slow about telling of the big game that fell before his unerring aim. Anyhow, we have learned enough from other sources that assures his friends that his hunting for big game was not all in vain.

WILDCAT WELLS AWAKEN NEW OIL INTEREST

DRILLING RESUMED IN EARNEST IN DONLEY COUNTY. GAS AND OIL SHOWINGS STRONGLY INDICATE NEW OIL ELDERADO.

A short time ago a new company was formed to prospect for oil and gas east of McLean. The deep test was decided upon after a good showing of oil was found in a water well at a depth of 264 feet. This same sand was picked up in the deep test at practically the same depth at the location of the deep test seven miles southeast of the water well. It appears to be the same strata and is attracting quite a bit of attention from those who follow the game. The showing was not found in commercial quantities but was sufficient to warrant further efforts.

Donley county is again getting into the lime light on the wildcat oil development now going on. Just over the line in Briscoe, the Deep Lake crew is drilling 24 hours each day. Ed Martin, loyal manager of the Crane-New York syndicate announces that he will again resume operation within the next week. A showing of gas and oil traces were found before work was stopped some weeks ago.

Drilling was resumed at the Grogan well Monday of this week. The same gas and oil trace was encountered in this well as the Bugbee well and at about the same depth. The Grogan well is backed by the Von Hagan interests. It is now down to a depth of about a thousand feet and a producing well is expected to be brought in at a depth of about seventeen hundred feet. Work will be rushed until the lower regions are explored to the entire satisfaction of the geologists who are the principal owners of the well.

Interest this week was renewed in the Deep Lake wildcat near the Ox Bow crossing due to the resumption of work on the hole that stirred the country last year more than once. This well has been closed history for several weeks due to a lack of funds. Even now the drillers and tool dresser are said to be assured of their pay only in case they hit a real streak of luck by bringing in a commercial well.

Oil and gas in some quantity was found last fall but a loss of a string of tools in the hole put the prospect on the bum. All of the tools were recovered this week, mud cleaned out and hole shaped up for real work. There is every indication just now that the work will be thoroughly explored.

PARENT-TEACHERS HAVE ART EXHIBIT SATURDAY

An art exhibit was placed on display at the "Y" building Saturday under the direction of the Parent-Teacher's association of this city. The exhibits were supplied by the C. I. A. Institute of Denton and the Chicago Art Institute. The work shown by the College of Industrial Arts of Denton included many specimens other than mere paintings. Beautiful specimens of work done by skilled hands of pupils include needlework, silversmithing, reed work and other work in addition to a display of painting and drawing. The exhibit of the Chicago institute included specimen reprints of paint ings only and was not up to the standard of the state school. While some of the local ladies were disappointed in the specimens received, the work in the main was very creditable and was viewed by a large number of art enthusiasts.

COMMITTEES RAISING FUND FOR C. OF C.

NEARLY \$1500 PLEDGED FOR CHAMBER OF COMMERCE WORK AS WE GO TO PRESS. \$6,000 GOAL. THIRTY-SEVEN NEW MEMBERS.

The two divisions working on the budget campaign for the local Chamber of Commerce met in luncheon today and after the serving was done the reports from the several teams of each division showed a total of near \$1500 pledged for the coming year work. The amount is \$6,000 and with some twenty-five members yet to see and the plans for the extension of the membership there is little doubt but what the goal will be reached in the next forty-eight hours.

Immediately following the banquet Tuesday night the campaign was launched and under the direction of Fred Story for the Blues and George Ryan for the Reds the work was vigorously pushed with the result named above. At twelve o'clock today a luncheon was held at the Christian Church with all members of the divisions present with the secretary, Mr. Mefferd and having as guests, Porter A. Whaley, general manager of the West Texas Chamber of Commerce, and Mr. Whipple, recently appointed publicity manager for the same organization.

Effort is being made to bring the membership among Clarendon business and professional men up to the one hundred percent mark, and so far very little trouble has been encountered. Already thirty-seven new members have been enrolled and it is expected that the number will double that, making the total membership around one hundred and fifty.

The News will publish a list of the membership in next week's issue if a complete roster can be compiled by that time. Secretary Mefferd and the officers of the local organization are highly pleased with the results of the campaign.

ANNUAL REPORT OF SECRETARY CLARENDON CHAMBER OF COMMERCE ENUMERATES 1920 ACCOMPLISHMENTS

SUMMARY OF WORK OF LOCAL ORGANIZATION PREPARED BY SECRETARY MEFFERD PROVE EFFICIENCY OF BODY AND GIVES ENCOURAGEMENT FOR ENLARGED PROGRAM IN THE NEW YEAR.

Another year has passed into history and in the net results Clarendon has prospered. As we go into 1921 let us resolve to do all we can as well as we can and as soon as we can and then we will feel we are giving our good home city exactly what we owe it.

The threshold of the new year is a good time to take stock of ourselves. How much of the good will of our fellow men do we deserve? Good will is a stock-in-trade for business—why not for individuals? Inventory time comes to every firm—why not to men and women?

We are in the midst of far-reaching industrial and social changes. Present and future problems, both personal and business, can be solved by the realization that it is the finer things of life—those which comes the slowest—which make for character and endurance.

Our rewards in the future will be in direct proportion to the good will we have built into ourselves, our business, our country. The result will be in exact ratio to the service that we render to mankind.

The past year was fraught with sadness and joy, with sorrow and worry and peace, with hopes realized and perhaps with some of our hearts desires withheld from us, but after all, for most of us, it has been a year of happiness and comfort and a feeling of great thankfulness should be ours that we are living in this land of freedom and opportunity.

Ten years ago it was a rare organization that devoted a large part of its funds and its time to community activities of a civic nature. Today it is a rare organization which is counted successful that does not devote a large portion of its times and money to these very things.

I wish to congratulate you upon the useful work that your Chamber of Commerce has accomplished during the past year, and I desire to earnestly ask you to bear the Chamber constantly in mind during the present year as an agency of the highest importance for the protection and the promotion of the welfare of Clarendon. It is for us, in this period of re-adjustment, to show the way towards higher standards and greater happiness for humanity. It is an honest duty every citizen of Clarendon owes to his good home city.

The Chamber of Commerce should be the means of holding its people together in the accomplishment of many common purposes and thus building up the civic pride and keeping alive that unselfish spirit which makes for continued progress. It should be both the architect and the builder of a great and better community, and it should have both the moral and financial strength of the people to enable it to get back of every proper effort for civic advancement.

The greatness of a community is not to be found in its buildings or its thoroughfares nor in its commercial prestige, but in the spirit of the people. That spirit will be one of sheer materialism, one of unselfishness according as the community thinks. For as the character of an individual is the sum total of his thoughts, so the character of the community is the sum total of the thoughts of the individuals who make it up. The practical problems of the community development speedily solve themselves when the rank and file of the community are moved by a spirit of unselfish service.

The unity of spirit and action which the Chamber of Commerce has produced in the Clarendon business world has been vastly useful and has probably wrought more in the community than most of the citizens of Clarendon realize. With a well organized, well manned and adequately financed Chamber of Commerce there need be no fear for the future of Clarendon.

Clarendon is first in the hearts of Clarendon people. That is the loyal spirit which has made this city such a solid and substantial commercial and educational center of the Panhandle. No city can be bigger and broader than the vision of its people. Clarendon has been favored by nature and de-

veloped by agriculture and commerce and never has its future looked brighter.

The Chamber of Commerce has put in a good years work for Clarendon and Donley county. Many worth while things were activities started which gave promise of being successfully worked out during the present year. Our failures and mistakes will turn into profit to us in the final analysis of things.

Nothing plays so important a part in the building up of a community and fostering its best interests as do its newspapers. A newspaper in a community institution capable of performing valuable service in the promotion of community interests. It can be instrumental in creating civic pride, in bettering morals, in solving the city's manifold problems and in stimulating betterment in general. To accomplish all this, the newspaper must of course have the hearty support and good will of the people, the appreciation of the service it gives to the city and be a profitable investment. The Clarendon News has been all this to Clarendon, has cooperated generously with the Chamber of Commerce and gave freely of its space to community activities promoted by the Chamber of Commerce. It gives me much pleasure to say that its cooperation was both liberal and most valuable.

On behalf of the officers and directors of your Chamber of Commerce, I think you members for the cordial support which you have given during the past year. I am sure that you will continue to give it during the present year.

The business man must display a spirit of optimism and help develop a feeling of confidence in order that this New Year may go down in history as a successful year.

Clarendon has more than held its own during the year of after-war adjustments and we have reason to be grateful for our good fortune. Let us first "sell" Clarendon to ourselves and then Clarendonites turn to and sell Clarendon to the people of the world.

The following are some of the things your Chamber of Commerce has done during the past year:

Assisted the farmers of Donley county in organizing the Donley County Pure-Bred Swine Breeders Association which will hold its first Auction sale in Clarendon on the 26th of this month.

Assisted in the securing of the Appropriation of the funds for the employment of the Donley County Farm Agent, Mr. Roy W. Hendrix.

Developed plans which have resulted in the financing of pig clubs at all of the schools in the county. The Farm agent stepped into these plans and is carrying them through in a very efficient manner.

Successfully carried out our two day Donley County Free Agricultural Fair at Clarendon last fall, which proved to be one of the best County Fairs in the entire state of Texas.

Completely financed the County Fair and the carrying of the Donley County Exhibit to the State Fair at Dallas, Texas last October. This exhibit was in a class of 29 competing counties and won second.

Succeeded in turning years of talk into actual starting or hard surface road building in Donley county by putting over the street paving of Clarendon.

Supporting the Colorado to Gulf Ozark Trails which pass through the city and have secured hundreds of dollars for the local business men from the tourist trade.

Have secured the headquarters of the Colorado to Gulf Highway Association for the year of 1921 in Clarendon and the President and Secretary of that organization are citizens of Clarendon.

Sent a representative to the Annual Convention of the Colorado to Gulf Highway Association at Trinidad, Colorado, last August and this representative, Mr. A. L. Chase succeeded in bringing the headquarters of the association to Clarendon.

Raised special funds for the improvement of the Brice road.

Have urged the passage of the Good Roads bills that are now before congress.

Most successfully planned and conducted "Trades Days" that brought the people of the trade territory

Clarendon merchants report better business last Saturday than they have enjoyed in many weeks. It is as The News has said before—conditions are getting slowly better and the further we get away from the first of January 1921 the better we are off. Step on the gas and let's go.

If the hog sale held Tuesday at Lake Crest Farm near Lelia Lake was any criterion, then the farmers of Donley County will never have opportunity to buy pure-bred swine for as little money as in the spring of 1921. To any person who knew the value of good hogs and who was a friend of the breeder putting on the sale the

results of the day were a great disappointment. The News is glad to tell its readers who are in market for swine values that it seems that the low level has been reached and that any investment in registered hogs cannot fail to be a very profitable one. Now is the time to get seed stock at less money than they will sell at in many years.

The annual banquet of the Chamber of Commerce Tuesday night was one of the best ever staged in this city for any purpose, taking it from any standpoint. The menu was excellent, the attendance large and congenial, the music was splendid, the wit and humor of the speakers sparkled with unusual luster. The good fellowship of the evening was worth the entire cost many times over, and the fact that farmers, stockmen and business men all fraternized in brotherly fashion could not be but productive of good. If the success of the banquet is any index to the work of the Clarendon Chamber of Commerce for the coming twelve months, then indeed are we destined to see great progress for our city and Donley County.

Some men learn at a very advanced age that the turmoil and conflict of public and political life aren't worth the worry of them. Some never learn it and in their last days bemoan the fact that they have not taken the time to live sanely and simply. The daily press carried a dispatch on Lincoln's Birthday of an interview with Robert Todd Lincoln, the only son of the great president, now seventy-eight years of age, in which he refused to make any statement on public questions. He said that

he was convinced that the people of this country was not interested in what he thought about anything. That he wanted to live simply and enjoy life in his old age. Mr. Lincoln seems to be just as wise as his great father. May he live long and happily.

This country has numberless men and women going hither and yonder proposing this and that plan for the solution to our civil and domestic problems. Many of them are no doubt in earnest but that renders their plan only the more dangerous when it is not founded upon Christian principles. For instance in an address the past week Mrs. Percy V. Pennybacker made this sort of a statement, "If I were king, every girl should be prepared to be mayor at the age of eighteen." Tommygot of the purest ray serene. All the great thinkers of the nation are now raising their voices for the re-establishment and rehabilitation of the American home, and are demanding mothers—mothers whose intelligence is of the grade necessary and conducive to the highest type of American citizenship. The nation needs mothers and there is now so little competition in that line of endeavor that it offers the greatest opportunity for service known to the human family—just like it always did. Truth is eternal.

The visit of the members of the Legislature to Denton last Saturday was an eye-opener to those who had never visited the College of Industrial Arts and knew of this school only by imagination. There they saw nearly two hundred young girls—the flower of Texas—how to be better women, how to make better homes, how to go out in the world and teach others as they were being taught. They were shown that the State deeds had acted very unwisely in a number of instances in the past, in not providing adequately for the rooming and caring for these young girls of the State. Those of Texas who have never been able to visit this college can hardly have any clear conception of its work, its scope and its future, if provided for, as it should be.—Richardson Echo.

SAYS PAY ENVELOPES HAVE EMPTIED CRADLES

Full pay envelopes of women in industry has emptied the cradles of the nation, Bishop Samuel Fallows, Reformed Episcopal Church, said today.

"Women used to do house work, paving the way to become wives," the Bishop said. Now they have become co-partners of man in politics and business and take little thought of marriage.

He said neglect of home life by women is the leading fault of the age and has become a serious problem. "Every woman who marries; they insist that they be allowed to retain their places in industry," he said.

"The full pay envelope is a greater temptation than the sacred duty of motherhood."

ARMENIA STARVING. FREEZING DYING

THE DIFFERENCE BETWEEN MR. HOOVER'S CAMPAIGN AND THE NEAR EAST RELIEF IS MADE CLEAR

The Hoover campaign is not for the Near East Relief—it is not for Armenia. Neither is the campaign for funds by the Literary Digest for Armenia. Not one cent of these funds go to the Near East Relief—they go to Central Europe, to countries with some sort of a government behind them, such as Germany, Austria or Poland. The orphans in the Near East are the children of the Armenians, our Allies in the late World War.

Many people have become confused and are contributing to other campaigns thinking they are giving at least a part of their money to the Near East Relief when as a matter of fact their money is going elsewhere.

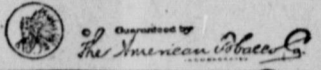

The Armenians, our allies, are starving, freezing and dying. Shall we cease to give and allow them to perish because of the confusion? God forbid! 119,000 orphans today hold out their little emaciated hands to us and cry, "Bread, bread, bread!" Shall they be allowed to starve? Let us right now say, "They shall not die!"

If Armenia perishes, Christianity will be absolutely wiped from the face of the earth in the Near East. It will be gone from the "Cross Roads of the world," and the land of the Christ Child will become Moslem.

We beg you, please, consider the predicament in which we to-day find ourselves, and let every man, woman and child that heads this do their bit, if it be only the "Widow's Mite," and do it now. De please, act immediately, and if you have not already sent your offering or that of your Sunday School, church, lodge or club, see it now to—The West Texas Near Relief Headquarters, 662 Amarillo, Texas, John A. PAINT AND POLISH

From Specialty Salesman By Chesla C. Sherlock
Culture is the equator between Sense and Nonsense. I believe in culture to the same extent that I believe in paint.

Culture that is applied to hide defects in workmanship is worthless. Culture cannot make a poor product good, any more than paint can give a rotting structure strength. Paint is useful only to sweeten and preserve. Culture that does not do this is not culture. Put paint on a poor wood and it looks dead and dull. Put it on the right kind and it will rival the full moon in luster.

Some woods cannot stand polishing. Others take on polish with a murmur. Many people are like wood. Culture improves some and ruins others. Some cannot stand the polishing process, but go to wreck and ruin. In others, culture brings out all that is sweet and gentle.

Culture is more or less a matter of temperament. Culture and a Spanish bull fighter are two distinct and separate things. To put them together would be to prostitute both.

Culture is not something that can be taken in capsule, and that works overnight. It is more a kin to the coral-insect, that gathers its little mite at then lies down to pleasant dreams.

For ten centuries the world has labored under the impression that the colleges have a monopoly upon Culture. There is no monopoly on air or light or water. Culture is common property. It is a touch of divinity, and it may be won by any lover who is ardent enough in his wooing.

The best culture is self-culture just as the best help is self-help. The world loves a man who is strong enough to stand on his feet. The world needs men who have

MARSHALL FIELDS TELLS RETAILERS TO ADVERTISE

In their dealer service for February, Marshall Field & Co., Chicago, urge dealers to use a larger variety of advertising methods for 1921.

"The flow of trade will continue toward your store if you keep the buying public well informed of your preparedness to meet its needs," the report says.

"Advertising will sell the merchandise if liberally and consistently used. Make printers' ink work hard for you. Change the window letters; attract attention to the interior displays. Advertising initiative helps to keep business normal and healthy."

"Plan now for a brisk February business. Advertise and display the merchandise the moment it reaches your shelves. Look with confidence into the future."

EXPRESS COMPANY HELPS EUROPEAN RELIEF

Among the numerous agencies throughout the country co-operating with Herbert Hoover, Chairman of the European Relief Council, in his effort to raise \$33,000,000 by means of a national collection for the relief of incipient starvation among 3,500,000 children in the war-stricken countries of Central and Eastern Europe are the American Express Company and the American Railway Express Company.

Through the authorization of G. C. Taylor, president of both organizations, "INVISIBLE GUEST" certificates, certifying that the purchaser has salvaged the life of one or more of the little war victims, have been placed on sale at 25,000 of the company's offices throughout the United States. The cost of saving one child until the acute condition has been relieved by the next European harvest is \$10.00, but donations of smaller sums are welcome, and a contribution of only \$1.00, under the economical administration of the Council, will keep life in a little body for a month.

The European Relief Council is an amalgamation of the American Friends Service Committee, American Red Cross, American Relief Administration, Federal Council of the Churches of Christ in America, Jewish Joint Distribution Committee, Knights of Columbus, Y. M. C. A. and the Y. W. C. A., formed by Mr. Hoover for the elimination of duplicate effort in ministering to the starving children, to the end that the last penny of every dollar contributed might reach a hungry child in the form of food or medical service. "INVISIBLE GUEST" certificates, which can be purchased for any amount from \$1.00 up, are on sale at the local office of the American Railway Express Company.

Let's Take a Lesson From Washington

Courage and determination enabled Washington to triumph over difficulties that seemed insurmountable.

The anniversary of his birth which we celebrate next week, is a good time to take unto yourself new courage and greater determination.

In times like these, the man who lacks these attributes must make way for the man who has them.

SON OF FOUR YEARS SAVES LIFE OF MOTHER

Claude, Feb. 12.—Mrs. Bert Slay probably owes her life to the presence of mind of her four-year-old son. Friday a neighbor heard an unusual ring on the party telephone line and took down the receiver to learn what it meant. Indistinct calls for a doctor greeted her. At last she learned that it was the son of Bert Slay who told her that "Mama is bad hurt and I want a doctor." Summoning a physician the neighbor and her husband hurried to the Slay home. They found Mrs. Slay lying half buried in mud under the wheel of the windmill and covered with blood. They dragged the unconscious woman into the house.

When the physician came he found that Mrs. Slay had been nearly scalped by a fan of the windmill wheel and that her back was crushed and bruised, some injury being done to the spine. After some time Mrs. Slay recovered consciousness and told that she heard a knocking at the windmill, went out to turn it off, and knew no more. The huge wheel had fallen on her and buried her in the earth.

The remarkable feature of the rescue by the small boy is that he dragged a box to his mother's side used a post as a lever and pried the wheel off her body before calling for help. Mr. Slay was in town and knew nothing of the accident until after the physician had treated the wounds.—Amarillo Tribune.

"DADDY"

The following article from the pen of Austin Callan, editor of the Waco Morning News, will touch the hearts of all who read it:

"Maybe he's an unpretentious kind of critter about the place, maybe no one ever consults him as to the latest styles, maybe he has been driven from the living room to the barn with the black pipe. But nevertheless daddy is just as much an essential piece of furniture around home as a wash-stand, a cupboard or a hat rack.

"Of course he will occasionally bring some mud into the house on his boots, or leave his night cap hanging on the talking machine, or even be so careless as to mistake a jardiniere for his cuspidor. Yet for each of these sins against good housekeeping he makes atonement by way of performing some needed service. Now and then the stove has to be polished, a carpet has to be taken out and "thrashed" in the back yard and the ashes removed from the fireplace. This he does without raising the slightest objection, although he sometimes raises a lot of dust and is told it would have been less trouble to have gone ahead and done the thing to begin with than to have to clean up his mess.

"When company comes, everyone on the place dreads daddy; they are afraid he is going to "spill the beans" by picking the raisings out of the pudding with his fingers or pouring the coffee into the saucer where he drinks it. Ma and the girls take turn about admonishing him not to be heathen. But it is daddy who has to slip over to the neighbors the last minute to get another chair or go back to town after a loaf of bread and some pickles.

"Daddy gets so in the way that it is impossible to get anything done until he is gone; he insists on reading his newspapers when the dishes are all stacked up and dirty and the canary bird hasn't been fed. He leaves everything down and is altogether a nuisance. Still it is daddy who must crawl out of a warm bed on a stormy night and see if the windows are all down; it is daddy who must go for the doctor who one of the family is sick; it is daddy who must thaw out the hydrant in the wee small hours to get a drink for the fretting baby, when a norther comes up suddenly and the water has not been cut off.

"They can say what they please about daddy, but they need him. He may be slow to start something yet you can count on him going his full length. Maybe he isn't always smiling or in the sweetest of humor; maybe there are troubles pressing against his heart that no one knows of but himself. Still he has a love for each member of the family that could not be measured within the bounds of the universe. And while he is slow to shed tears and slow to make an outward manifestation of sympathy, his heart aches for each disappointment that comes to one of his own. He feels to the depth of his bosom the faintest sigh, he is wounded by the thorn that wounds the foot of his child.

"Daddy is not demonstrative, not as careful, not as adaptable as mother, the crown gift of Almighty to earth—daddy, a swift messenger in trouble, a Gunga Din when parched lips call, a crown prince in the hour of distress—for all that you are, accept the blessings of an humble writer."

SELL REGISTERED BRED PIGS BEFORE THEY'RE BORN

A novel and interesting livestock deal was consummated at this point Saturday, whereby Mr. M. G. Abernathy, prominent oil man and ranchman of this section contracted with Fred Boerner, breeder of pure bred Duroc Jersey hogs, for one choice gilt and one boar from the noted Pathfinder strain, for delivery November first, next. The interesting feature of the transaction is the fact that these pigs were contracted for and sold before they were born.

This transaction reflects the interest which is being evidenced in the raising of pure-bred hogs throughout the South Plains, for the purpose of consuming the annual surplus feed crop of the section. It is estimated that more than 30,000 acres of maize, kafir corn, feterita and corn in Lubbock county alone produced an average of considerably in excess of a ton per acre last year.—Lubbock Avalanche.

CITATION IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Donley County—GREETING:

YOU ARE HEREBY COMMANDED to cause the following citation to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the citation in the County of Donley, State of Texas, and you shall cause said citation to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

CITATION IN PROBATE THE STATE OF TEXAS.

To all persons interested in the welfare of Walter Henry Swain, minor.

On the 10th day of February A. D. 1921, the Honorable W. T. Link County Judge of Donley County, Texas, made an order appointing Leonard C. Parker temporary guardian of the estate of the above named minor, which said order is now recorded in the Probate minutes of said Court, said minor having an estate of the probable value of \$3,000.00, consisting of interests in land and personal property.

All persons interested in the welfare of Walter Henry Swain, are hereby cited to appear before the County Court of Donley County, Texas, at the Court House in the town of Clarendon, Texas, on the 7th day of March, A. D. 1921, the same being at a regular term of said Court, then and there to contest such appointment if they so desire, and that if such appointment is not contested at such term, then the same shall become permanent.

HEREIN FAIL NOT, but have you before said Court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

WITNESS my hand and official seal, at Clarendon, Texas, this 11th day of February, 1921.

W. E. BRAY, Clerk County Court, Donley County, Texas.

By S. Hightower, Deputy, I HEREBY CERTIFY that the above and foregoing is a true and correct copy of the original writ now in my hands.

Security Safety

Don't carry around a great amount of currency. If you do you are beset by two great evils. One is temptation to spend readily. A man with \$100 in currency in his pocket is freer to spend than the man with little currency. He is more apt to break a ten dollar bill than he is to draw a ten dollar check. The other evil is the bait offered to thieves.

Elmer Bell, formerly in army service and discharged recently, came down from Goodnight Saturday to look after some business matters. Elmer has charge of the farm of his deceased brother Will, who passed away there last fall.
Will Howren and family arrived this week to spend several days visiting with relatives at the Word ranch. Mr. Howren was connected with the paving company that did our street work, acting in the capacity of engineer.
Frank M. Clark of Silver Crest hog farm fame of near Hedley, was piloted up to the Metropolis Monday by one R. E. Mann, the famous breeder of Polands. Frank comes to town so seldom that it is necessary to employ the services of a pilot to show him the way to headquarters.
Our venerable friend, J. J. Stanton, took occasion the past week to have his orchard pruned up in shape. Roy W. Hendrix, county agent, doing the work. Mr. Stanton declares it to be the best job that he has ever seen and that too after the orchard had been neglected several years.
Mrs. Magrie Estlack and sons Homer and George-Wayne, returned home from Vashiti, Texas Sunday night. Mrs. Estlack was called back to the old home due to the extreme illness of her father, Geo. H. Hodges, who is convalescent at this time.

J. L. Kennedy, one of the liveliest realty men of Memphis—and the Panhandle as for that, was in town Tuesday just looking around. Mr. Kennedy owns property in many different places and is kept on the jump looking after his interests and those of his clients. May it be said to his credit that he is a live booster on all occasions.
R. A. Long, proprietor of the Rexall drug store, has contracted to run a brand new advertising idea in our columns the coming year. That means that the folks will look for that ad 52 times. Mr. Long realizes that now is the time to advertise more than ever. This is also another indication that our merchants realize that times are getting better.

PUBLIC UTILITIES SHOULD ADVERTISE AND PPOFIT.

We have always advocated advertising by public utilities, especially telephone companies. When we speak of advertising, we mean the kind that will help the public to better understand the business of the utilities. It is an undisputed fact that if the public understood the telephone business like those who are engaged in that industry, the raising of rates and the handling of other matters with the public could be made a great deal easier.
Some good, sound advice was given by P. H. Gadsden of Philadelphia, president of the American Electric Association in a speech made at a recent meeting of the Indiana Public Utilities Association. "It is absolutely necessary," he said, "if public utilities are to continue to function that the create a flow of new capital into their securities. The answer to this whole problem is the granting of rates to public utility companies which will insure a return to the security holders that will induce them to invest. Nothing less than this sort of arrangement will save the utilities from ruin."
Adjustment of public utility rates to a basis that will attract new money into the field will be hastened by a thorough public understanding of the public utility problem.
The best way to gring about that understanding is to be frank and advertise.
Frankness must go hand in hand with advertising, else advertising fails. Therefore, be prepared, when you begin presenting your story to the public to tell the whole truth about your business to everyone. As the only customer of the public utilities, the public is entitled to know all about their business and any public utility which cannot stand the searchlight of honest public inquiry cannot hope to obtain help through favorable public sentiment. Put your house in such order that you will fear the questions of no man.

Advertise by every possible channel, and hit the line hard. Tell your story everywhere that there is blank space that you can fill. Make it plain that the public utility problem is the problem of every man, woman and child who uses your service. Strike by frank statement to convince consumers that you are trying to do the best thing for their general good and that it is in their ow interest, if nothing else that they should enlist themselves in your case. The way to accomplish this result is not to make the mere statement that it is your intention to give good service, or to submit to the public a large, indigestible volume wait for the millennium. The thing is to do it, and the sit down and in understandable terms to just t do it to explain your situation as may folks as possible. If you have a good case and will tell the whole truth about your situation in a single and convincing manner and give it deserving circulation through the best available advertising medium, you are certain to rally the public to your support.
Every man desires grid electric railway, gas, light, telephone and telegraph service, and he will help you give it to him if you can show him that his help is needed to accomplish this very desirable end.—The Transmitter.

SAY MR. PARTNER.
The Internal Revenue Law says: "All Partnerships must make a return regardless of whether they had a gain or a loss in business. Maybe you have some money due you in rebate for former years. We have all necessary blanks and prepared to explain all Income Tax questions. Hurry in and see about yours. J. J. Alexander. (tfe)"

MOTORCYCLE RACER SUFFERS BROKEN LEG

Francis Miller, 22, 1310 Taylor Street, suffered a broken leg when he fell from his motorcycle at the race track southeast of the city Sunday afternoon about 3:30 o'clock. He was immediately taken to St. Anthony's Sanitarium and given medical treatment. It was found that both bones of the left leg were broken just above the ankle. Reports from the Sanitarium Monday were that he was getting along well.
According to eye witnesses, Miller's machine overturned with him while turning a corner, throwing him to the ground. It was believed that the injury was received from the weight of his own body falling upon the leg, it appearing that he was thrown clear of the motorcycle.
When the accident occurred Miller was practicing on the track.—Amarillo Tribune.
Francis Miller is the son of Mr. and Mrs. E. W. Miller, formerly residents of this city and was a student of Clarendon College where he was a leader in athletic sports.

DOG CATCHES WILD DUCK JOHN CLYMER IS OWNER

Through the kindness of Dixon Burres and his dog, a wild Mallard drake was presented to John Clymer this week. John has fifteen drakes and does not get an egg from the entire flock of ducks which now numbers sixteen, including the new member. He thinks a mixture of wild blood will produce a better egg laying strain. The dog caught the duck near Lelia without doing the fowl any injury.

Roy Taylor, son of Mr. and Mrs. Eph Taylor, returned to his home in Centralia, Wn. Saturday. His daughters, Misses Mildred and Hyacinth, remained for a more lengthy visit with their grandparents and other relatives here.

INCOME TAX RETURNS

I am now in the employ of J. J. Alexander, assisting him in his office in all forms of Income Tax work, including Returns, Applications for Refunds, Rebates, etc., and will be pleased to have your business.
If you paid as much as \$200.00 tax for 1917, 1918, or 1919, you are entitled to a refund, and we are prepared to execute the necessary papers for securing same without delay.
Remember you only have until March 15th, next, to have your returns in the Collector's office, and also remember that if you will need assistance, which most of you will, to not wait until the last day or last few days when we will have so much to look after that we cannot possibly give the time and attention that we would like to give to your business. Come in at your first leisure time and let's talk it over.

LITTLE STORE BEING MADE BURGLAR PROOF

Mechanics this week are installing a "jail" bar system to the back windows and doors of the T. M. Little dry goods store. After having been entertained by the gentry on more than one occasion, Mr. Little is of the opinion that the performance will now have to stop. Ed Barnes has the work in charge and states that the iron bars are "chicken high, man tight and bull strong."

PUBLIC NOTICE

The public is hereby notified that an ordinance prohibiting fowls running at large, will be vigorously enforced from and after the publication of this notice. This notice is merely to give those who wish to comply with the law a chance to do so. Those who continue to violate this ordinance will be prosecuted. Garden and flower planting time is here. Keep your fowls within an inclosure, and do not force the city authorities to prosecute against their wishes.

DEEP RIVER JAZZ BAND COMING TO CLARENDON

Lovers of Jazz music will be afforded an opportunity to hear the best in that line upon the visit of the Deep River jazz band here on the 25th. They will play for the style show at Amarillo the three preceding days before coming here. This orchestra is composed of seven pieces and a singer. W. W. Weatherly is promoting the visit of this orchestra and is proud of the fact that he will have something good to present to local people. Some of those playing in this band are said to be the best artists in their line in the south today.

YOUNG MAN COMMITTED TO LOCAL JAIL AGAIN

Upon leaving here several days ago, young Andrew Harris shed tears at parting with jailer "Dad" Hamilton. The kind-hearted jailer also felt that he would miss the young trusty who had become kind to him. Through reckless habits and poor judgment, the young man is back again the guest of jailer Dad Hamilton, having been brot up from Wichita Falls Monday by Frank White, at which place he had been lodged in jail by officials at the request of Sheriff Rutherford.

Harris served a time here on a dry check charge and was made a trusty. His smooth ways even let him out ahead of time upon bond furnished by friends that he might earn his fine and thus escape the further confinement in jail. It is charged that he while a trusty, secured "hooch" from the sheriff's office and sold it to other prisoners. He is also charged with theft of small articles. Other check charges that might have been dismissed pending good behavior, may now be brought against him. Andrew is in bad. Official sympathy is being withheld this time. Andrew will languish behind the prison bars until hie courts see fit to grant him liberty. Verily, "the way of the transgressor is hard."

The Alpha class enjoyed a very pleasant evening at Nell Grogan's home Valentine night. Every thing was carried out in hearts. Progressive harts was the chief enjoyment of the evening. Every one left saying that it was the most enjoyable evening that they had spent this year.

AGED PEDESTRIAN PASSES THRU HERE ON WAY TO FRISCO

F. E. Rogers, aged seventy-nine, passed through Clarendon Thursday of this week on his hike from the Herald building in New York City to San Francisco. Mr. Rogers made the trip all the way on foot, this being his fortieth day on his journey. He passed through Philadelphia, Cleveland, Ohio, Cape Girardeau, Missouri, McAllister, Oklahoma, Wellington, Texas and goes from here to Amarillo. He must beat the Walsh record of one hundred forty days to win the prize of three thousand dollars offered the winner. The conditions required him to begin his journey penniless. He stated here that he had always had plenty to eat but had not fared so well in finding sleeping quarters all the way. Though old in years, and beard and hair white, he appeared in the pink of condition otherwise and had felt no illness on the way. He is three hundred miles ahead of his schedule now and hopes to be an easy winner over the record made by the former man sent out by the Herald.

MARTIN NEWS

Had Sunday school Sunday at the regular hour.

Preaching Sunday night by the missionary, Bro. Baker.

The last few days have been beautiful spring weather.

The sick of the community are slowly recovering.

Mrs. Hudgins and Mrs. Mosely entertained the young people with a valentine party Monday night, at the residence of Mr. Ed Hodges. Quite a few Martinites visited in the Sunnyview community.

Mr. and Mrs. J. C. Wood, Mr. and Mrs. J. D. Wood and P. O. Wood and family visited with Lonnie Wood and family Sunday.

Mr. and Mrs. J. F. Cannon and son, Joe, and Miss Ocie May, spent Sunday with Mr. and Mrs. Lloyd Moreland.

Ed Hodges and family and J. T. Poole's family spent Sunday with the W. W. Moreland family.

Misses Minnie Poole and Josie Cannon and Ruth Talley took dinner with Miss Gertrude Bain Sunday.

Mr. and Mrs. Claud Primrose and little son spent the latter part of last week with Mrs. Primrose's parents, Mr. and Mrs. Conda Jones. Kate Talley spent Sunday with Ruby Mosley.

J. J. Hanson of Ashtola was in town Tuesday. Mr. Hanson is an old timer in this section and takes matters as they come without any extra worry.

EDITOR TULLIA HERALD INVESTS IN GOOD HOG.

All or most all of the papers of the Panhandle have boosted the hog buying idea loud and strong the past few months because they knew it was a good thing. Now comes one Barnett O'Bryan, editor of the Tullia Herald, who being present in person at Lake Crest farm near Lelia Lake, Texas on the 15th day of this month, did, then and there, buy, bargain for polands offered for sale to the highest bidder by W. L. Butler, and purchase, one of the big bone owners of the famous herd. Mr. O'Bryan was accompanied over here by county agent Ware of Swisher county, who is an authority on good hogs, and who, no doubt advised the purchase knowing it to be a real bargain. We know our editor friend made a good investment and would be pleased to follow suit ourselves were it not for the fact that a city ordinance prohibits the keeping of hogs in this town.

FIRST CHRISTIAN CHURCH

Bible school 9:45 a. m., J. R. Tucker, Superintendent. Preaching 10:50 a. m., subject: "Fanning the Flame." Preaching 6:30 p. m., subject: "What Shall the End Be?" Christian Endeavor at 5:00 p. m. There will be an illustrated song at the evening service, "The Ninety and Nine." Five young ladies will sing this song while it is being illustrated on canvass. These two sermons will be of great interest to every one. Every one welcomed at all services. Meetings are short and pointed.

Sam J. White, Pastor.

DISTRICT CONVENTION WILL MEET HERE THIS MONTH

The district conventions of the Christian churches will be in session in Clarendon on the 21st and 22nd of this month, beginning their sessions at seven o'clock Monday evening. Delegates from all over the Panhandle will be present. Every session will be most interesting because of the many important discussions that will come before that body.

District secretary, Rev. Jasper Bogue, has called this special convention and is due the credit of most of the interest being taken. He will be present, also state secretary, Rev. Mr. Holmes. Visitors from many sections of the Panhandle are expected to be present for this convention and all will find a ready welcome and be cared for when they arrive.

Miss Grace Tyree, member of the school faculty of Quanah, spent the week with relatives here.

County agent Roy W. Hendrix announces that he will be at the W. A. Poovey farm near Ashtola next Tuesday morning at 9 a. m., for the purpose of giving instructions in the art of pruning grapes and fruit trees. All those who wish to learn how the work is done, are requested to be present.

SERVICES AT CHAMBERLAIN

Rev. W. L. Wentz, pastor student of Clarendon College, announces that he will hold services every third Sunday at the Chamberlain school house at 2:30 p. m. Rev. Wentz is a fluent speaker, and a devout, sincere man in his profession. The public will be pleased with the message he brings to them on each visit. Everybody welcome to take part in these services.

Howard C. Taylor, director of the fine arts department of Clarendon College, returned from a business trip to Fort Worth Thursday.

Mrs. Tom Kennedy left Monday morning for McNeal, Texas near Austin having been called to that place on account of the death of her mother, Mrs. Fannie Garner.

The members of Mr. Foster's Sunday school class entertained with "42" Monday night. Through the kindness of Mr. and Mrs. Homer Glasco, the nonresident members of the class were permitted to use their home for the entertainment. A most enjoyable time was had by all present and the young people are grateful to those who kindly opened their home to them.

Gleanings From The Clarco

THE ADKISONIAN LITERARY SOCIETY

The Add society met Thursday evening in regular session and as the president, Mr. Peoples was not present the house was called together by the vice president Mr. Stubbfield.

After the devotional exercises had been conducted by Mr. Boehning we enjoyed a very entertaining program.

First we heard a Biography of Miss—? (a former teacher in Old C. C.) This was written 1931. At that time C. C. had become a University and this teacher was a very prominent Lady just as she was in the old days as we used to know her. The fact that she had several times been disappointed in love was brought out and the fact that she still remained

single was also mentioned. She had now become the active head of the Gomma Chi Phi Lambda, a famous sorority, and she filled this place with the best of ability. This was read to us by Mr. Victor Pyatt.

Then we were entertained by one of those most entertaining solos by Mr. Alvin Osborn. We always like to hear this young man play but some way this time we could not hardly bear to see him stop as he seemed to be at his best or else the spirit was moving him in a special way.

Mr. James was called on for some Theatrical news and as he came to the front he took off his coat and exclaimed that to give this he must look as Theatrical as possible. He told us much news about the actors and their productions but as I am not able to

remember the long names that he used I will not attempt to tell you what he said.

Then came the debate. "Resolved, That there should be an 'A and M' College founded north of the thirtieth parallel and west of the one hundredth meridian." Affirmative Montith Warren and Noa Meads, Negative Lloyd Walker and Jack Sorrel. The Negative won so we will not have the college.

There was a large number present and one visitor, Mr. Omar Allen.

The house then adjourned to meet again next Thursday night.

CLASS OF '23

The Sophomore Class is making itself known in the activities of C. C. this year. In the latter part of September the Sophomores met for the purpose of organizing

their class and discussing their plans for the future. If a "big job" is to be done the Sophomores are always called upon to help.

The Sophomores were represented on the foot ball field and are now represented on the basket ball field. On both they have and will help bring victory to old C. C.

In the social affairs of C. C. the Sophomores are always represented and they are always ready to help and do their part when called upon.

The Sophomores intend to accomplish more in the future than they have in the past and came out ahead of all the other classes at the end of the year.

PROPHECY

In the fall of 1940 I had the privilege of meeting the alumni at Clarendon College which consisted chiefly of Sophomores of 1921. As I approached College Hill the only thing that looked natural was the old barn. It still leaned eastward, and the paint had almost washed or faded off.

As I approached the dormitory I met a fine looking middle aged man who proved to be Orien Carter. He stated that he was now one of the leading bishops of the Methodist church. While I was talking to Orien up stepped Philip Walker who told us that he was now selling sewing machines for the Singer Sewing Machine Co.

The following morning the Alumni met, and there I met several of my old schoolmates. W. U. Thomasson stated that he was now the leading surgeon in the largest territory of the Panhandle and was making Jericho his headquarters. Mr. John Thompson has given up the ministry and has gone to Alaska to seek his fortune. Miss Inez Christian has taken Mr. Taylor's position as head of the Mathematic's department and states that it is a great life.

Dr. J. T. Persons gave us a lecture on the need of China from the viewpoint of a missionary since he has spent ten years there.

Misses Ethel Barns and Emma Wilson are now traveling for the Redpath Horner Lyceum Board, gave an interesting musical program in the College Auditorium for the benefit of the people of Clarendon.

Mrs. Merchants, formerly Beatrice Fuqua, did not get to attend the Alumni this year on account of the drought which swep over New Mexico this year, and caused Ira to have to move his sheep to another county. She says sheep herding is real sport.

Mrs. Nell Fry who now resides in Colorado was visiting in Clarendon and stated that L. W. was now sniping on the Ft. Worth and Denver.

Jake English received his diploma from Clarendon College and is now riding the Ashtola and Goodnight circuit. Mr. Orien Sharp is now the leading lawyer at Washburn, but states that he now has a higher position as manager of a negro minstrel of that city.

Mr. Gordon Bain is now head of the English department in old C. C. He stated that if Gordon Wilson would have a peaceful English class.

Winford Cole and Edd Verner have just returned from a hobo trip on a banana ship to Cuba.

Loyd Neely has quit the ministry and is now leading a crowd known as Bolsheviks in Old Mexico.

As I boarded the train when I was leaving Clarendon I met Fred Neiper and Scott McGhee who had been to Dallas to buy them a pop-corn popper which they intend to run at Amarillo.

Mr. Nelson Smelser is now a leading minister, orator and ladies man of the Panhandle.

Clyde Woodridge is now traveling with a medicine wagon jiggling his way through life.

Oscar Close has not amounted to anything yet but he says he intends to make a mechanic, if he can get a patent on his left handed monkey wrench.

LOCAL YOUNG MAN MAKING GOOD AT UNIVERSITY

Chas. Ferguson, who went from Clarendon College at the beginning of the fall semester to S. M. U. at Dallas, seems to be entering actively into the work of that important school. Charles has been elected assistant editor of the Campus, the university publication, which means that he will automatically become editor of the journal during the next two years. Charles has entered for one or more degrees and will win because he is made of the right sort of stuff that spells victory. He has also been elected "cheer leader" for the university. He is a member of the Phi Alpha fraternity and is otherwise actively identified with the social life of this university of over one thousand students.

The State of Texas, To the Sheriff or Constable of Donley County, GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice, in the County of Donley, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof, and you will also post a copy of said notice in three public places in Donley County, one of which shall be at the court house door thereof, for ten days exclusive of the day of posting and return, before the next regular term of the county court of Donley County, Texas, commencing on the first Monday in March, 1921, said notice being as follows:

NOTICE OF APPLICATION FOR LETTERS OF GUARDIANSHIP

The State of Texas: To all persons interested in the welfare of J. E. Stephens a minor:

Cora E. Stephens has filed in the County Court of Donley County an application for letters of guardianship of the person and estate of J. E. Stephens, a minor, which will be heard at the next term of said court, commencing the first Monday in March, A. D. 1921, at the Court House thereof, in the town of Clarendon, at which time all persons interested in the welfare of such minor may appear and contest such application should they desire to do so.

HEREIN FAIL NOT, but have you then and there before said court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said court, this 7th day of February, A. D. 1921.

W. E. BRAY, Clerk of the County Court of Donley County Texas.

By S. Hightower, Deputy. A true copy, I certify, J. H. Rutherford, Sheriff of Donley County Texas.

NOTICE TO THE DOG OWNERS

This city has an ordinance to prevent dogs running at large. The same ordinance also provides that owners of dogs shall pay tax on same. I, as City Marshall, have been instructed to rigidly enforce this ordinance. Therefore, all owners of dogs are requested to pay tax and keep their dogs within their enclosures from and after the 15th of this month, the date being the 15th day of February, 1921. All dogs running at large after that date or upon which no tax has been paid as provided by law will be killed. Please do not make it necessary for me to enforce the last provision of the law above referred to.

THE PATH THE CALF MADE

"One day through the primeval wood,
A calf walked home, as good calves should,
But made a trail all bent askew,
A crooked trail, as all calves do.
Since the two hundred years have fled,

And, I infer, the calf is dead.
But still he left behind his trail,
And thereby hangs my moral tale.
The trail was taken up next day
By a lone dog that passed that way;

And then a wise, bell-weathered sheep
Pursued the trail o'er vale and steep,

And drew the flock behind him, too
As good bell-weatherers always do,
And from that o'er hill and glade
Through those old woods a path was made;

And many men wound in and out,
And doled and turned and bent about,
And uttered words of righteous wrath.
Because he wobbled when he walked.

This forest path became a lane,
That bent, and turned, and turned again;
This crooked lane became a road,
Where many a poor horse, with his load,

Toiled on beneath the burning sun,
And traveled some three miles in one.

And thus a century and a half
They trod in the footsteps of that calf.

The years passed on in swift-ness fleet;
The road became a village street;
And this, before they were aware,
A city's crowded thoroughfare.

FINLEY'S VARIETY STORE

And soon the central street was this
Of a renowned metropolis.
And men, two centuries and a half,
Trod in the footsteps of that calf.
They followed in the beaten track,
And in, and out, and forth, and back,
And still their devious course pursue,
To keep the path that others do,
For men are prone to go it blind,
Along the calf paths of the mind,
And work away from sun to sun,
To do what other men have done.

C. C. GIRLS DEFEAT CLARENDON VS. MEMPHIS HIGH WAYLAND

Feb. 12 was another victorious day for C. C. The girls of C. C. met the Memphis high girls for a game on the College park.

This was one of the most interesting games played here this year. The game opened at 3:30. Cora Sample was the first of the C. C. girls to make a goal. Cora is a good player and has meant much to the success of the basket ball team this year. Vera Bowden was next to make a goal. Vera is small but we always depend on her when she gets the ball for she seldom ever misses a goal when she has a fair play. Oro Tharp and Gladys Leary who play guard are always on the job and continually passing the ball to Samples and Bowden.

It was indeed a pleasure to watch our centers play together. The teams were evenly matched and the game was hard fought, but in spite of the effort put forth by the Memphis girls, they were doomed to defeat by a score of 22-29.

Miss Brittain has devoted much of her time training the girls, and we are due her credit for the winning basket ball team this year.

Talking of old rivalry, I couldn't say we were still rivals to Wayland after the two games we played last Wednesday and Thursday.

The first day was as good as we could expect for a basket ball game. Our boys appeared on the field in good trim to defeat our old football rivals.

The game opened with Smalley tossing the first goal followed by Moreman. After the first few goals I began to loose count so I watched the game.

Maples and Smalley showed their ability at good pitching as they shot them from all parts of the field.

Moreman also showed some old time pep, as he showed us how he stays with his man, he also displayed some of his good passing. It must have been his off day in pitching goal, but he played good ball in every other way.

Jop and Ed are little but loud it was to their credit that kept Wayland from getting more goals.

It is hard to tell who really starred in the first game, so we will give the credit to all the team.

An old saying is that every dog shall have his day. Both days were our day, and we took advantage of it as the score was 85 to 14 and 73 to 11.

In the first half of the first game Munsey of Wayland was knocked out for a short time by one of Smalleys' fast passes. A short time after that Heath of Wayland gave out and Glover took his place.

SECOND GAME
Mape started the second game with the old time pep by making a goal before we could hardly realize the game had started.

The second game was a little faster than the first as the boys were down to business.

Maples played a wonderful game while Smalley did some mighty good passing which caused Mape to make most of his goals as for Verner and Jop they played as if fighting for the love of some fair maiden. If you didn't see the game you can imagine how they fought.

Coach Rice refereed the game and we will have to hand it to him as he refereed a good clean game. We cannot say he gave us a dirty deal in anyway.

Wayland had a fine bunch of fellows, as clean as we ever

PUT CREAM IN NOSE AND STOP CATARRH
Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

expect to get up against, but they are out of their class when they get up against, old heads as we have.

After the veil had risen we found that we were victorious in the second game with the score of 73 to 11.

The lineups were practically the same for both games. Ewing for Tate, Wayland, Verner for Garrett, Clarendon.

Our boys will play Canyon the eleventh, Wayland the Twelfth and John Tarleton in the near future. We are all expecting them to come home with a victorious flag above them. Lets all stay behind them as they are the best bunch of sport in the Panhandle.

REV. WHITE CONDUCTS CHAPEL

Rev. White gave an unusually good lecture in chapel Friday morning. His subject was: "Wait on the Lord and be of Good Courage." He expressed himself with a variety of good poems. He is full of wit and humor, and knows how to entertain and at the same time, give some wonderful illustrations that would be an advantage to every student if they would only apply themselves to them. Rev. White has an excellent delivery and is always welcome to the chapel hall of C. C.

THE PANHANDLE LITERARY SOCIETY

The Panhandle Literary Society met in regular session February 10, 1921 with the old time "Pep" which is characteristic of the Pans. The house was called to order by the Vice President Alvin Hysinger, and the Devotional exercises were held by the Chaplain W. V. Thomason.

It was stated at the previous meeting that a charge was brought against Red Upton, and that he should have a trial at the next meeting.

Prosecuting attorney, S. M. Beights read the following charge: Wesley Upton, alias Red Upton, alias Scripper is charged with deserting one Sarah Jones in time of need, slacking his duty toward the Panhandle Literary Society and the world at large.

Jim Sturdivant acted as district judge, D. M. Beights and Glenn Lewis as prosecuting attorneys. The council of defence was P. W. Walker and Eugene Craig. The state witnesses were W. U. Thomason, Albert Cunningham and Mrs. Jones (Orion Sharp). The defending witnesses were Earl Clements, Raymond Swinburn and Nelson Smelser.

The jurors were Arh Hart, foreman; Lawrence Hayter, Olan Key, Joe Zeigler, Joe Mounts and Cleo Norcross.

Mrs. Eliza Jones (Orion Sharp) was first witness. Due to her age of seventy-three or seventy-six years and owing to the fact that she was born in 1820 Mrs. Jones was very feeble but she gave some very weighty evidence in behalf of her deserted daughter, Miss Sarah Jones.

Mrs. Upton (ne Earl Clements) was put on the stand next and gave a very convicting story of Mr. Upton's devotion and affection as a husband.

Mr. W. V. Thomason a state witness was put on the stand next. He stated that he had been a state detective for forty-five years, and that for one year and a half he

had followed the said Red Upton on the charge, that he was a vamp.

Mr. Nelson Smelson stated that he had known the Mr. Upton and his folks for a number of years and that they were all considered honorable citizens. He said that Mr. Upton had never gone by the name of Red Upton but that he did have a brother that was red headed, and was called Red.

Mr. Albert Cunningham who was a postal clerk in the postoffice that was robbed at Fort Worth a few months ago was placed on the stand. He said that this was the burglar who had escaped after the robbery was made. He also stated that this was the same man the news papers were advertising for by the name of Scripper.

Upton was then put on the stand. He gave a heart rendering story about the girls that he had courted during his vamping career, but had never yet met this Miss Sarah Jones. He also stated that he had his program well prepared to be rendered at the meeting of the Pans and Pan Altheans, but as he started from his room he happened to the misfortune of falling down a flight of stairs which resulted in a fractured breeches leg, and as there was no seamstress near he was forced to retreat to his room and retire.

Ramond Swinburn a defending witness, affirmed Mr. Upton's statements and added that he did not know just where Mr. Upton's trousers were torn but he thought they were torn somewhere between the "Dump" and the administration buildings.

A heated argument ensued between the defending judges and all of them showed appealing oratory and convincing argument.

The jurors were then accompanied out of the court room by the acting sergeant-at-arms, Colon McClaren and

the following verdict was decided upon: The said Wesley Upton alias Red Upton is found guilty and the jury has pronounced the penalty that he should dye his hair, stop putting his thumb in the gravy while he's serving the students. A suspended sentence was given him.

The house was canvased for new members and Mr. Rainy Elliott applied for membership into our society and gave a very enthusiastic talk on what he intended to do for the Pans.

There being no further business the house adjourned to meet in regular session February 17, 1921.

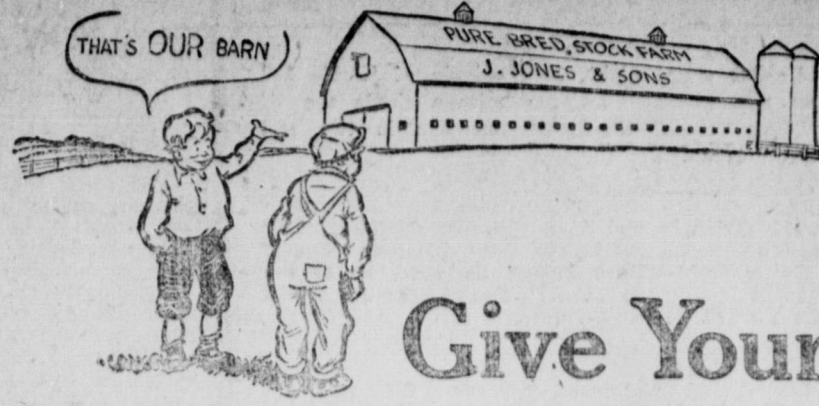

Glass of Hot Water Before Breakfast a Splendid Habit

Open stapes of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; smiting headache, stuffy from a cold, foot tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a tea-spoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity—and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

Give Your Children a Chance

Of course you want your children to have a better chance than you had—every good father does. You want your daughters to marry well and you want your sons to have enough capital and sufficient education to begin their farming careers almost at the point you have reached after years of toil.

Many a farmer has found in pure-breds the solution for the two outstanding problems—how to keep the children contented with farm life, and how to start them out so that they are bound to achieve success.

One Ohio farmer's plan is typical. When his eldest son was 12 years old he went to the bank and borrowed \$350 to buy a registered bull and two registered heifers. In eight years this investment has grown into a pure-bred herd which has provided schooling for three children, a comfortable home for the family and a permanent, prosperous business for himself and the boys. "I didn't have to beg the youngsters to stay on the farm," the father says, "they got to liking the cattle." Pure-breds do

keep the children on the farm; they do make farming a profession worth following.

Doubtless you started with scrubs—maybe you haven't even yet overcome this handicap to success. Let your children start with pure-breds—they deserve it. And let them start, too, with that great service weekly which has contributed so much to the cattle-raising industry—THE COUNTRY GENTLEMAN. Just \$1.00 buys 52 helpful issues. Harvester Company Brands Story False

DURING the past month, reports have come to us that at farmers' meetings charges have been made, sometimes directly and sometimes indirectly, that this Company has adopted a policy of refusing to supply repair parts for old machines in order to compel the purchase of new ones. This statement is absolutely false. Such a policy has never been considered by this Company nor suggested to it.

Ordinarily we ignore such reports, because we have learned that any large company, no matter how fair and high principled, is subject at all times to unjust criticism. The facts are this Company has always recognized the importance of repair service and has used every effort to make IHC service the best. We believe we can truthfully say that the repair service furnished wherever this Company's goods are sold is equal if not superior to that furnished on any manufactured line.

We call attention to the fact that machinery "Fix-up Weeks," instead of being something new and originated by the farmers in 1921, as some seem to think, were really an outgrowth of the movement started by manufacturers and dealers' associations in connection with the Council of National Defense as a war conservation measure. Perhaps no other agency has done so much to promote "National Repair Weeks" as this Company.

The farmer needs machines which will be efficient and economical. If his old machines can be repaired so as to render efficient and economical service, he would be foolish to purchase new ones. Whether the farmer utilizes and repairs his old machines or buys new ones is a question for him to determine. But in making his decision, we give to every farmer who owns any IHC machines the assurance that a full stock of repair parts will always be provided by this Company.

Today, our repair stocks on the territory available for the farmers are 21 per cent greater than ever before at this time of the year. An average of a quarter million pounds of repairs are shipped from IHC factories for every working day in the year. Thirty million dollars' worth of repair parts are now ready, as insurance for the farmer when he needs this service.

In every International Harvester Works manufacturing orders call for repair parts first and even when furnishing them has meant cutting down production of new machines for which we had orders, repairs have always had precedence.

At every one of our 91 branch houses trained men are on duty to see that all orders are filled and shipped promptly. Thousands of dealers scattered everywhere with an assortment of repairs in stock are always ready and willing to render every assistance.

This service which this Company has rendered through the years to those who have purchased its machines has been a matter of great pride to the Company, and is the foundation of the cordial good-will existing between it and its customers.

We feel it is due the Company and those who have purchased its machines, that we give the widest publicity to the fact that this service of repairs will be maintained and improved, and that any charges to the contrary are untrue.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease, from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It never fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

PAN ALTHEAN

The Pan-Altheans met in their regular session Thursday afternoon, with the most enthusiastic crowd present that has met in our hall for several months. We did not think that we would be able to have society on account of the basket ball game with Wayland, and had not prepared a program, but classes were moved up 15 minutes early in order that the girls might be able to go to the game and have their society meetings afterwards.

Several members delighted the company with snappy, pep speeches. Also we were favored with several popular piano solo's. Delicious refreshments, hot chocolate and cake were served and we adjourned singing the Pan-Althean Loyalty song and giving a number of yells for our society.

POPPIES TO BE WORN MAY 30

During the National Convention of the American Legion in Cleveland in September 1920 the poppy was adopted as the memorial flower of the American Legion; and in response to an appeal from the American and French Children's League red silk poppies will be worn by Americans on May 30 as a sign of respect and admiration for the American soldiers.

SIXTH ANNUAL CONVENTION

Buyers and Sellers Convention at Amarillo, and Annual Sale of Herefords by Panhandle Hereford Breeders Association Will Attract Large Crowds.

There will be something doing at Amarillo, February 22, 23, and 24th. This marks the sixth annual convention of the Buyers and Sellers of the great features of this occasion is the sale of registered Herefords that are made by the Panhandle Hereford Breeder's Association. The sale this year will take place on the 23rd, at which time 120 head of registered Hereford cattle will go on the block. The returns from 40 head of these

cattle will go toward the erection of the \$400,000 coliseum to be erected at Amarillo for just such occasions. On the 24th J. L. Van Natta will sell 50 head of registered cattle. About 250 head will be disposed of in car lot sales at private terms. Fred Reppert, the noted auctioneer will sell these cattle. The Panhandle country produces the finest of Herefords. These cattle are acclimated to the west. The Buyers and Sellers Association and the citizens of Amarillo promise a great time, and this sale will be worth your attention. Don't miss it.

of Clarendon to the events. Helped to conduct a campaign for the completion of the Community Memorial Building as a tribute to the Soldiers and Sailors in the recent World War, which was made possible by Mrs. Adair's donation towards the completion of the Y. M. C. A. building.

Put on a Clean-up campaign in the city which was well organized and resulted in the removal of tons of rubbish and the improvement of many properties.

Conducted a voluntary Employment Bureau and secured employment for a number of applicants.

Organized Christmas Goodfellow movement which furnished good things to eat and necessary clothing to several needy families in the county.

Entertained the State Poultry One Day School in Clarendon last Fall.

Several State and district conventions are listed for 1921, including the Parent Teachers State Convention in the spring.

Held a Fourth of July Celebration in Clarendon which brought together hundreds of people from all over the county.

Furnished an exhibit to go with the West Texas Exhibit at all of the North and Central State Fairs. This covered fourteen states in all.

Hundreds of folders telling about Donley County were sent to these 14 different state Fairs in the North.

Sent hundreds of folders to Dallas State Fair, Waco Cotton Palace and to the Houston Fair.

Conducted correspondence with a number of industrial prospects. Negotiations are still pending for a feed mill and a Sweet Potato curing plant.

Several new professional men have been induced to come to our city. This includes Veterinary Surgery and our present County Attorney.

Starting a movement for better and more complete marking of streets with plain and easily read signs. This should be worked out in 1921.

The matter of a free camping ground for tourists has been under consideration for some time should be worked out before the tourist season in 1921.

Cooperation with the city government as fully as possible.

Cooperation with the City Board of Education, the Clarendon College, and all other organizations in the city when called upon to do it or whenever it could.

All kinds of inquiries arrived from all directions of the compass and the strict policy of the chamber was to answer every one of them as fully and as clearly as possible.

Sent a committee to the Panhandle Swine Breeders Convention at Lubbock which committee received a promise of bringing the convention to Clarendon at an early date and handed out several hundred cards advertising Clarendon and Donley county.

Sent a committee to Amarillo to meet with the Panhandle Plains Chamber of Commerce with the idea of submitting desirable legislation to the state legislature. Some of this has already been submitted in bill that are now before the congress.

Sent the secretary of the Annual Convention of the West Texas Chamber of Commerce at Ranger, Texas, at which convention Clarendon's 10 votes helped to bring the next annual convention to Plainview.

Efforts are being made to get the Census Bureau to make a recount of Clarendon for we believe that we have more than the 2,456 people.

Efforts are being made to secure a German cannon from the government.

Secured four pages of pictures in the Star Telegram and have one in both the Star Telegram and Fort Worth Record ready to come out within a few weeks. This kind of advertising would cost \$800.00 per page at the regular rates. Figure the six pages for your self. And besides this we have had hundreds of news items in all of the state papers, amounting to several hundred feet of news material about Clarendon and

Donley County.

Started a movement that has secured our "White Way" in Clarendon.

Making an effort to secure a new Depot.

Entered the regular Tuesday Luncheon of the Business Men's Tuesday Luncheon Club which has been one of the greatest things that the Chamber of Commerce has done in the way of keeping things going in Clarendon. These weekly luncheons have served to keep the citizens encouraged and have served as a great advertising medium for Clarendon. One can hear people talking about Clarendon's weekly luncheon all over Texas.

Sent a committee to Wellington to attend their annual Banquet and to inspect their sweet potato curing plant.

The Chamber of Commerce is yours—use it.

KLUFU SHRINE CLUB ORGANIZED AT CHILDRESS THURSDAY EVENING

Thursday night a number of local Shriners, met in the Masonic Temple to consider the organization of a Shrine Club for this city. There appeared no opposition to the proposition and it was apparent that it was generally desired.

Noble F. H. Buckholtz had been in correspondence with the official of Khiva Shrine at Amarillo and was able to give all requirements for a club organization. So, after it was decided to organize an election of officers was held with the following results: J. O. McMinn, president; F. H. Buckholtz, first vice president; J. C. Thomas, second vice president; S. P. McMinn, recorder-treasurer.

It was ordered that application be made to Khiva Shrine for a charter. There is no doubt that this will be granted and after that the new club will be authorized to hold their installation ceremonies. A full set of by-laws and rules was adopted and these will be submitted to the officials of Khiva Shrine for approval.

The name of the new organization will be Khiva Shrine Club and its emblem is to be a pyramid. The purpose of this new organization is the promotion of the fraternal spirit among the Nobles of Childress and to provide social pastime for members and their families. There are in Childress about fifty Nobles of the Mystic Shrine. They are so far distant from any Shrine that they have little time or opportunity for enjoying the benefits and pleasures of the great fraternity. In fact, without some sort of organization to bring them together they will never know and esteem each other as they should. The regular meetings of the new club will be held quarterly, but meet at any time—Childress Post.

H. C. Kerbow, long a citizen of the city and who tried to spend the winter in the Rio Grande valley, returned home to enjoy a more salubrious climate, arriving the last of the week.

W. C. Stewart and J. J. Robinson had business in Claude Monday.

CLARENDON PEOPLE MAKING READY FOR BETTER YARDS

Just at this time many yards of this city are receiving the deserved attention looking toward their improved appearance beginning with early spring. Flower bulbs and shrubbery have been arriving almost daily the past three weeks, all of which means much to the beauty of home surroundings, the value of the property and the pleasing appearance of the town in general. A few dollars spent in this manner will well repay the owner for the small expense and trouble. If indubitas to just what to plant out and how to do the work, call the county agent, Mr. Henrick, and he will be glad to help you.

W. P. Dial of Memphis was in Clarendon over night Tuesday by way of celebrating and seeing friends.

PENITENTIARY AGENT GETS TWO MEN FROM DONLEY

J. G. Gilbert and Andy Newman were transferred to the state penitentiary leaving here Sunday night in charge of an agent gathering up prisoners in the Panhandle. Gilbert was sent up for ten years on a murder charge from this place on a charge of venue from Potter county. Young Newman was sent up for two years on a burglary charge, the crime being committed last fall when it was claimed that he took goods from the T. M. Little store. The party indicted at the same time as an accessory, was given a three year suspended sentence.
