## W. T. C. C. President's Luncheon Tuesday

### PLANS LAID FOR BOURLAND FETE

**LUNCHEON TO BE TURNED  
TO ENTERTAINMENT OF  
HEAD OF W. T. C. C.**

Plans are practically complete for the entertainment of President Andy Bourland of the West Texas Chamber of Commerce when he arrives in Clarendon Tuesday of next week. Clarendon has the distinction of being the first town on the Denver Road to proffer entertainment to the newly elected President and little is being left undone to make his stay in Clarendon as pleasant as possible. Invitations have been mailed to Homer D. Wade, Secretary-Manager of the West Texas Chamber of Commerce, R. H. Nichols, Chairman of the Publicity Department of the organization, and to newspaper representatives of this section of the state asking that they be present to assist in welcoming president Andy to Clarendon.

The luncheon will be held at noon on Tuesday of next week, and will take the place of the usual Lions luncheon that is held on that date. The Lions will have charge of the first few minutes after the opening of the meeting, taking this time to attend to routine business matters in connection with the club. The hour will then be turned to the Chamber of Commerce, which body will use the remaining part as they may see fit. President Bourland will offer the speech of the day, and will outline his plans for the workings of the West Texas Chamber of Commerce during the coming months of his administration.

Tickets for the event have been placed on sale at the Rexall Store, Pastime Confectionery and Clarendon Drug Store. No extra charge will be added to the price of the usual Lions luncheon, which has been set at 7 cents. The Lions will not need to secure tickets as their luncheons are already arranged for in advance.

Be sure to buy a ticket and help welcome Andy to Clarendon.

J. W. Martin and family and Mr. Jim Owens motored to Claude Sunday.

Mr. and Mrs. Joe Goldston, Miss Marjorie McKillop, Miss Frances Cauthen and Miss Fern Cauthen, returned Monday evening of this week from a vacation trip to Colorado, where they rolled in the snow and generally enjoyed themselves.

Mr. and Mrs. O. L. Pink and daughter, Miss Florence left Monday morning by auto for Colorado. They expect to be at Creede most of the time up to September 15, when they will return to Clarendon for a few days before going to south Texas to make their home for the winter.

Mr. and Mrs. Ralph Andis returned the latter part of last week from an extended motor trip that included the Carlsbad Caverns, Juarez, Mexico, El Paso and other points of interest in that section of the states of Texas and New Mexico. Aside from the fact that Ralph was ill most of the trip, it was a most enjoyable vacation.

### LIFE SAVING WORK IS WELL RECEIVED

**WALTER WICKS HERE TWO  
DAYS IN DEMONSTRATION  
WORK AT CLUB**

The Clarendon Country Club was the scene of much activity Wednesday and Thursday of last week when Walter Wicks of the American Red Cross was here in response to a call for a man of this nature to work with the swimmers in this section of the state. Mr. Wicks put in the two days as specified, giving demonstrations on the methods used in saving those who have almost drowned.

There were no candidates this year for the purpose of receiving badges from the Red Cross showing them to be proficient in life saving methods. Those who took the work last year were put through their paces and proved to Mr. Wicks that they could wear the badge and do the work they might be called on to do in case of an emergency.

Mr. Wicks left the latter part of the week for Childress, where he put on the same sort of work in that city.

### FOOTBALL DOPE IS UNFAVORABLE

**HIGH SCHOOL PROSPECTS  
FADE AWAY AS TWO LET-  
TER MEN ARE AVAILABLE**

Football fans for Clarendon will see an entirely new team on the field this year when they go to the College Park to witness a tilt between rival high schools. Coach Hutton of the High School states that two letter men from the 1927 team will return to the school this year and that there is little material from which a team can be built in the offing. Graduates from the Junior High School into the High School classes will give some material with which he hopes to be able to build a formidable machine.

In the College class of football the odds are a little better than they are for the High School. Here, there are a number of new men from other outstanding High Schools of the Panhandle section, with a fine group from the Clarendon High School to place the hopes of the Green and White upon. With only the second year of college at hand, it is not to be expected that this team shall show the form and fight that would be found in schools of more mature years. Games are being matched with formidable opponents for the season and the schedule will be announced as soon as it has been completed. Coach Stocking is expected to return the latter part of this week from Columbia University where he has been for the summer months.

The Junior High School will have a good team this year, as they did during the last school term. Kenny Lane will attend to the coaching and has guaranteed to put a team on the field that will be too glad to meet all comers.

Mrs. S. B. Durringer of Fort Worth is visiting with her sister, Mrs. W. T. Clifford.

### LEAGUERS MEET HERE TUESDAY

**LARGEST GATHERING SEEN  
IN GROUP MEETING HERE  
TUESDAY EVENING**

The Methodist Church was the scene of much gaiety and fun Tuesday evening of this week when Epworth Leaguers from many towns in this particular division of the Clarendon District met for a gathering. These meetings are held monthly and each town represented was keen to have the next meeting, which was conceded to Groom. The largest attendance yet registered for an occasion of this sort attested to the fact that Clarendon hospitality is known in many parts of the Panhandle.

Groom was represented by twenty-seven delegates; Pampa and Ashtola were each represented with ten of their members and Clarendon filled the remainder with twenty-eight from the local organization.

The president of the Clarendon District was absent, so all the meetings were presided over by Robert Dillard, president of the Clarendon League. Mrs. Nida Green, District Secretary was one of the out-of-town guests, taking a good part of the time on the program. Rev. Allison spoke to the gathering and was well received. Other numbers on the program that drew much applause were a whistling solo by Miss Virginia Speed, a reading by Miss Eunice Johnson and a number of musical selections by a quartet of local boys, better known among High School circles as the "Noise Makers."

Following the program in the auditorium of the church, the guests and local leaguers were invited to the lawn where they were served with refreshments and where a number of games were played to get the delegates better acquainted. Lorin Naylor and Billie Dillard attended to this part of the program.

Mrs. L. R. Dean and son returned the fore part of last week from a visit in Wichita Falls with her niece, Mrs. Ray A. Gammons. Her sister, Mrs. E. F. Herron, of Denton, returned with her for a visit here.

Robert and Lodi Green left last Saturday morning for a visit with their grandmother in Dallas and with other friends and relatives in Ferris and Lancaster. They will return here in time for the opening of school.

### ROAD MEETING DATES ARE CHANGED TO MONDAY 27TH

Due to a conflict in the road dates with the Panhandle-Del Rio meeting that is to be held in Memphis on Thursday, August 23rd, the dates for the Panhandle Road meeting at Pampa has been changed to Monday, August 27th to prevent any conflict of any nature that might arise in this connection. The date was announced last week and the statement was made that Clarendon would be well represented at the event. Plans for the attendance have been worked out by the Chamber of Commerce and all those caring to attend the event will get in touch with Secretary Boykin or President J. T. Patman and make their plans for the event.

### ELECTION PARTY SATURDAY NIGHT

**RETURNS FOR SECOND PRI-  
MARY TO BE RECEIVED  
AND POSTED AS BEFORE**

All plans are practically complete for the receipt of the returns from the Second Primary for Donley County on Saturday evening of this week. County Chairman Harwood Beville has his plans ready and has instructed the election judges in the many boxes concerning the returns that will be made to him as soon as possible after the close of the voting on Saturday. It is his hope that the returns on this election will be as easily received as were the returns from the first primary and that there will be little delay in posting the entire returns of the election.

Th board will be placed on the Goldston building in much the same place and location as it was placed for the first election. Since there is so small a number of candidates on the ticket, there will be little time taken up in the final counting and even the largest box should have the returns in a very short time after the voting ends.

The ballots for the county have already been printed and will contain the names of two tested offices. The name of Thomas B. Love of Dallas County will be on the ticket for the reason that the candidate withdrew from the race with Barry Miller. Mrs. B. G. Smith will also have her name on the ballot although she has no opponent in the race.

Contested races will be between Tom Connally and Earle B. Mayfield for the Senate; W. F. Garner and S. M. N. Marrs for State Superintendent; J. T. Robinson and Otis Terrell for Commissioner of the General Land Office; Mrs. Flora G. White and A. H. Baker for the office of District Clerk; M. W. Mossley and J. H. Rutherford for Sheriff and Tax-Collector; W. A. Armstrong and Miss Eula Naylor for Tax Assessor and Sid Harris and Edwin Baley for Commissioner of Precinct 1.

The election in Clarendon will be held in the Grammar School building and will be had under the guidance of G. L. Boykin as Judge.

### CAGLE FAMILY IN REUNION HERE FIRST IN 30 YEARS

The living members of the Cagle family met in Clarendon the latter part of last week for the first time they had all been together in more than thirty years. They visited here in the home of W. P. Cagle, arriving Friday and remaining there for a number of days. The visitors enjoyed the gathering very much and the host, Mr. W. P. Cagle, was wreathed in smiles that could be recognized for many blocks. The visitors to Clarendon are: Rev. and Mrs. T. Z. Cagle of Abilene and daughters, Mrs. W. R. Snow of Abilene and Mrs. Jennie Cammack of Matador; Prof. and Mrs. J. A. Cagle of Greenville, Texas; H. I. Cagle of Wellington. Mr. and Mrs. W. P. Cagle of Long Beach, California, arrived Saturday for a visit in the Cagle home during the reunion.

Prof. J. A. Cagle visited the section of the state west of the Pease River for the first time in his life and was greatly surprised by the conditions he found existing here. He marveled at the fact that corn, cotton and other crops were green since all crops of this nature were dry when he left his home in Eastern Texas. He stated that this country was one of the most remarkable he had ever seen.

Mrs. O. T. Smith and Mrs. R. T. Darnell and three sons returned last Friday evening from a visit to the home of their father, J. E. Enochs, in Temple. Mr. Enochs returned with them to make a visit with them of undetermined length.

### COLLEGE TO OPEN WITH FINE BODY

**PREDICTIONS STATE THAT  
ATTENDANCE IS TO BE  
MUCH LARGER THIS YEAR**

A short two weeks and the schools for Clarendon will start their work for the session of 1928-29. The greater part of the faculty has returned to the city and are busily engaged in getting themselves lined up for their year's work. The last vacancy, that of principal of the South Ward School, has been filled by Miss Lillie Dell Slover and a full complement of other teachers is ready for their work.

In the College and High School, all plans are ready for the largest attendance in these two schools that has ever been seen. Superintendent Burton and Dean L. B. Cooper state that the outlook for the college is excellent and that barring some unforeseen disaster, the enrollment will be far above that of last year.

In many instances the faculty of the college and High School has been in school for the entire summer, working that they might better serve their school for the year that is just ahead. Other members of the faculty have been busily engaged in raising their degrees or working toward that end.

The South Ward and Junior High School will open their doors for work on Monday, September 5th, while registrations and entries will be received into the college and High School with Wednesday, September 5th as the opening date.

### MANUFACTURING CONCERNS GAIN IN CHARTERS GRANTED

Austin, Texas—Charters to operate in Texas were granted to 214 corporations during July, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"This figure is larger than that of either June, 1928, or July 1927," said Mr. Nichols. "Most of the companies were small, however; in fact, a number of them were capitalized at only \$1,000. Total capitalization amounted to but \$9,085,000, against \$102,997,000 in June and \$58,314,000 in July of last year."

"Permits were granted to 45 outside companies to operate in the state. Twenty manufacturing companies were chartered, against fifteen in June, and ten financial institutions were organized. The gain in manufacturing companies is an encouraging feature."

### McMURRAY STARTS REVIVAL TUESDAY

**SERVICES BEING HELD ON  
LAWN OF FIRST CHRIST-  
IAN CHURCH**

Special seats have been prepared to care for the congregation at the revival services of the First Christian Church that those who attend may be cared for as comfortably as possible. The seats have been placed on the west side of the church, with the necessary platform to care for the preacher and the choir.

The services were started as scheduled on Tuesday evening of this week. Rev. McMurray is holding the services and is delivering some messages that are powerful and interesting to all his hearers. He has announced his sermons for the remaining three days of this week as follows: This evening, "Dismissing God"; Friday evening, "The Greatest Question Ever Asked"; and Saturday evening, "Four of a Kind". This sermon is of especial appeal to the young people of the community and they are asked to hear it if at all possible.

The services will be continued through the next week and possibly longer, as the outlook appears. No announcement has yet been made on the morning services, but full announcement will be made should it be decided to hold these. A cordial invitation is extended every one to attend these services.

### FORMER CLARENDON CITIZEN DIES IN LOS ANGELES HOME

A. J. Lindsey, well known to former residents of Clarendon, died in his home in Los Angeles on Tuesday, August 14th. Mr. Lindsey was a railroad man, working on the Denver here at the time the roundhouse burned to the ground. He is a brother of Mrs. J. M. Mann, also of Los Angeles and is connected with residents of this city.

Miss Nettie Sims left Tuesday evening of this week for Dallas, where she will take part in the pre-nuptial ceremonies of Miss Ruth Silvey. Miss Sims will also act in the capacity of bridesmaid in the marriage ceremony. She will probably be out of the city for the next two weeks.

### LIONS TO PRESENT QUITAQUE CHARTER

**BIG EVENT TO BE STAGED IN  
NEIGHBORING CITY THIS  
EVENING**

A full complement of the members of the Clarendon Lions Club will be present this evening at Quitaque for the charter presentation to that organization. The program has been worked out by the local program committee in conjunction with the Quitaque club. The presentation of the charter will be made by one of the members of the Clarendon club who has not yet been designated. Lions Walter Wilson and Ira Merchant were appointed on a committee to secure a large gathering for the event.

The air port committee asked for more time to make their plans for the landing field for Clarendon before they were discharged. Lion Foster was asked of the work on the road situation and told the club that nothing more had been done, with the exception that the suggestion of the club had been followed out and that it was thought that some action would be forthcoming in the immediate future.

A letter from a resident of Clarendon asking aid for one of their members of the family was read to the club after it had been received by the Red Cross in Amarillo and forwarded back to the Lions here. That the situation might receive the utmost care and attention from the Lions, a committee was appointed, composed of Lions Wilder, Mulkey and Allison to investigate the matter and report back to the club that the proper steps might be taken to assist the child.

Practically the entire remainder of the hour was taken with the introduction of the visitors and their remarks on this occasion. E. A. Finch, an old timer in this section of the state made the assertion that he had a soft spot in his heart for the people of the county. He remarked on the seeming co-operation in the Lions Club. F. L. Boggs, field man for the Ford Motor Company stressed the work of the Lions Club in connection with the air field. E. W. Cornelius was appointed to state that he was glad to be with the Lions although it was quite a surprise to be with them at this time. Two Lions, G. R. Kenniston of Amarillo and Fred Landers of Estelline were present. Lion Kenniston invited the Clarendon Lions to visit the Amarillo club when they were in that city. Lion Landers stated that the Estelline Lions were quite new in their work, but they were graduating into the Lion class with quite good grace and that they hoped to be full fledged Lions in the very near future.

The remainder of the luncheon hour was taken in an attempt on the two delegates to the International Convention. A letter was read purporting to have come from a firm in Wichita, Kansas and had to do with some wearing apparel that was left there while the Lions were in that city. Some explanations were made, but the deeper implication became and the matter was left to drop as a matter of delicacy.

Adjournment as usual.

Mr. and Mrs. D. W. Clappitt and son, W. L. Clappitt, left Wednesday morning for Great Bend, Kansas, Russell, Iowa, Mitchell, South Dakota and a probable trip to California or Colorado. The party was joined by Mrs. N. N. Martin at Pampa, who will take the trip with them.

Ruth Henry Patman is the name of the late addition to the family of Mr. and Mrs. W. M. Patman. This young lady has the distinction of being one of the few in the city to be named after the Mayor of her home town. She is the granddaughter of Mr. and Mrs. H. W. Taylor.

### GOLF TOURNEY WORKING SLOWLY

**FEW MATCHES HAVE BEEN  
PLAYED PAST QUALIFI-  
CATION ROUNDS**

With a full complement of players in each of the three flights qualified and posted on the bulletin board of the Hillcroft Golf Club, a comparative few of the matches have been played beyond that stage. Plans were worked out through the Tournament Committee of the club for the awarding of prizes to the first and second place winners in each of the three flights, with a prize to go to the man scoring low medal on the qualification.

First Flight players have been listed as follows: Robert Weatherly and Bill Cooke; Holman Kennedy is winner over Carl Parsons two up; A. N. Wood beat M. P. Gentry by a score of six up and five to go; V. A. Kent and W. S. Bagby have yet to play their match.

Second Flight players are listed as follows: Al Cooke and G. L. Boykin; W. A. Wilson won from Ira Merchant by a score of one up; Kenny Lane and P. B. Gentry played their match with Keny Lane as the winner by a score of three up; Clyde Douglas has won from Tom Connally by a score of three up and two to go.

Third Flight players have not nearly completed their playing than any of the other groups. Lee Casey and Sam Braswell, Jr., have played half of their match with Braswell in the lead three up. Homer Parsons won from Rex Reeves by a score of three up. George McCleskey won from Sam M. Braswell by a score of eight up; Clarence Miller took H. Mulkey into camp by a score of two up; J. T. Patman walloped Forrest Taylor by a score of four up and Fred Buntin took Jimmie Miller for a fall with a score of eight up.

The play will be continued until all have been eliminated.

### 72 SCOUTS ARE IN CAMP THIS WEEK

**LAMBERSON PLACE IS SCENE  
OF UNLIMITED AMOUNT  
OF FUN AND WORK**

With one of the largest attendances ever seen at a gathering of this sort, the Lower Panhandle Scout Camp is going over with a bang. Under the guidance of H. B. Yates, the seventy-two boys in the camp are taking full advantage of the work offered and are well improving their time. Visitors to the camp state that order is kept in the camp and that all the visitors are doing as Boy Scouts should do.

The largest representation from the five towns that now comprise the Council is from Memphis, which town has representatives from four working troops that have been organized and are working here.

The boys are receiving food in abundance, and are all in the most splendid condition for the remainder of the camp. Swimming is had with plenty of fresh water in the lake, which has been deepened by the addition of a few feet to the spillway to prevent the surplus of water running away.

Sunday of this week will be the last day in the camp, and will be known as the visitor's day. Should any of the Clarendon people desire to spend Sunday in the camp and eat the Sunday meal with the boys, they will please inform the camp authorities of their intentions and be ready to pay for the meals when they are eaten. The prizes and other awards will be made at the camp Honor Council which will be held Sunday afternoon.

Boys may leave the camp Sunday afternoon or Monday morning, according to their various desires.

Mr. and Mrs. O. C. Watson and family returned Wednesday morning from a vacation trip to Wichita Falls, Dallas, Fort Worth and points in Oklahoma.

Mr. and Mrs. Dewey Herndon left Wednesday for Colorado, where they plan to make their future home. They were accompanied by Mrs. E. A. Taylor.

Mr. and Mrs. Bennett Kerbow and Miss Lela Mae left Saturday evening for a visit to the Carlsbad Caverns. They were joined at Brice by Mr. and Mrs. Ralph Grady. They plan to return to the city in about ten days.

### STALLINGS AGAIN WINNER IN CONTEST

**J. W. MARTIN SECOND WITH  
ONE POINT DIFFERENCE  
OTHERS CLOSE**

The 1928 Yard Beautiful Contest for Clarendon ended Friday of last week when Mrs. R. S. Greene, T. E. Noel and D. L. C. Kinard made their final reports on the yards they judged. The judges are from Memphis and expressed their surprise many times at the beauty of the yards they were called on to judge. The large yard contest was especially close, the two winners of prizes having only one point between them. The back yard contest was equally close with two points between the winners. The small yard contest was not so close until the second place winner, when the remaining contestants were closely grouped.

Twenty-four contestants were registered in the race, ten were in the large yard group, six were in the back yard group and eight were in the small yard event.

Prizes were awarded in the large yard contest as follows: Folding lawn chair, D. O. Stallings, 270 points; Fern Stand, J. W. Martin, 278 points; Fred Chamberlain was third with 266 points with the following contestants in the race: Tom Connally, Meredith Gentry, G. W. Antrobus, James Trent, Sam M. Braswell, J. B. McClelland and Bill Dubbs.

In the back yard contest, Meredith Gentry was acclaimed winner of the lawn stool with a total of 272 points. Barcus Antrobus was given second place in this group and was awarded the hammock on a score of 270 points. Mrs. L. S. Bagby was third in this class, scoring 249 points with other contestants as follows: D. O. Stallings, F. L. Stallings and H. A. Williams.

The small yard contest was won by M. W. Headrick on a score of 268 points. The prize in this case was a fifty-foot section of garden hose. Lenode Goldston was second place winner in this group and was presented with a small pot plant stand on a score of 247 points. Ralph Andis was third and other yards were listed as follows: Leslie Stephens, R. L. Bigger, F. L. Stallings, Homer Mulkey and H. A. Williams.

Scores were arrived at on the basis of 25 points on General appearance, 10 points on arrangement, 15 points on beauty, 30 points on care and 20 points on permanence, to make a possible 100 points. A splendid spirit of cooperation has been shown by all who were in the contest. There is some discussion as to whether there will be a contest staged during the summer of 1929. Plans will be announced at a later date.

Mr. and Mrs. Elba Ballew announce the arrival of a son, Jack, Saturday, August 18th.

Mr. and Mrs. R. L. Baley and family are here from Spearman for a visit with Mr. and Mrs. Edwin Baley.

Rev. and Mrs. Crocker of Panhandle spent the week end with friends in Clarendon. Before leaving for their vacation trip Rev. Crocker filled the pulpit at the Christian Church Sunday.

### JOINT CONCERT WELL RECEIVED

**MEMPHIS AND CLARENDON  
BANDS MAKE HIT WHEN  
APPEARANCE IS MADE**

The Clarendon Municipal Band and the Memphis Gold Medal Band held the concert as scheduled on last Thursday evening on the Courthouse lawn. A fine crowd attended the event and cheered the bands repeatedly when good numbers were given by either or both of the organizations.

The Memphis band came here on the invitation of Band Master Lindsey to stage a joint concert with the Clarendon organization. Their soloists and specialty players were there in full force and added much to the enjoyment of the occasion.

It is the plan of Band Director Lindsey to hold concerts at regular intervals during the remainder of the summer that the people of Clarendon may know what their musical talent is doing along these lines.

Messrs Henry Williams and H. T. Burton are on the South Plains over the week-end, attending to business matters.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

Having read Al Smith's reply to the attack on him for his votes in favor of legalized vice and liquor, we are forced to conclude that he must have been right since so many others voted with him. That is, if bad company makes a man right. Rot—of the worst sort.

The call for more and better highways becomes more insistent as the days go by. The progress of the great Southwest—the nation—is bound up in the question of highways and transportation. Donley County cannot escape her duty in the matter, nor the penalty if she fails to meet that duty.

We acknowledge a special edition of the Trinity County Times published at Groveton, Texas, where Joe H. Burris secretary of the Groveton Chamber of Commerce is putting on a vigorous immigration campaign backed by the natural resources of Trinity County. Joseph seems to be going good at Groveton.

We Texas Democrats shouldn't impugn each other's motives for our respective votes in the November election. We refuse to allow our motives to be impugned for voting for Hoover electors, and we do not impugn those dry Democrats who vote for Al Smith electors. No we don't impugn their motives—we assert merely that they are exhibiting the worst judgement, we ever heard of prohibitionists being guilty of using. They are.

While Clarendon has needed a street-sweeper ever since she has had paved streets, yet there has never been a year like 1928 for the actual need of the sweeper. Heavy rains and much wind has accentuated the need more and more during the past three months and the worth of our paving has been much lowered by the lack of proper drainage and cleaning machinery. City needs are like home needs. Where there is progress there is no end.

National Democratic headquarters invites Lieutenant-Gov. Miller to come by the national offices for a conference regarding the Texas situation. This invitation to a "wet" lieutenant governor of Texas, and the ignoring of our "dry" governor, is in keeping with the whole thought and purpose of the national Democratic organization in this campaign. And yet there are Southern Democrats who have the wool pulled over their eyes to the extent that they say, parrot-like, that prohibition is not the issue.

Two composite agricultural exhibits prepared and sponsored by the associated Panhandle-Plains counties, under the title of Panhandle-Plains, Incorporated, leave at once for showing at the great fairs and expositions of the middle-west and northern states. This is real, constructive work and is worthy of the support of every aggressive citizen of the Panhandle. It means hundreds of immigrant families to this section. It means growth in every line of human endeavor for our portion of the state.

A hundred-point man is one who is true to every trust; who keeps his word; who is loyal to the firm that employs him; who does not listen for insults nor look for slights; who carries a civil tongue in his head; who is polite to strangers without being "fresh"; who is considerate toward servants; who is moderate in his eating and drinking; who is willing to learn; who is cautious and yet courageous.—Elbert Hubbard.

An exchange says the booster is the fellow who gets ten knocks, six slaps and four kicks every time he turns around, but with all that he is the fellow whom crowds are following. He is the live wire and built the whole West. He is the fellow who discovered and developed all the mines, who built all the irrigation systems, the railroads and everything. The booster is a mighty good fellow to tie to.

Tent shows, carnivals, fakirs, advertising grafters, agents galore, are invading the Panhandle from every point of the compass. Such promoters and individuals smell prosperity afar off and the news of good crops in the Panhandle gets over the country among the grafters by "grapevine telegraph", and here they come, Clarendon people should arm themselves with firm resolutions against the assaults of these kind of schemes and grafts. We need all our prosperity at home this year.

One voting box for Clarendon is now a top-heavy affair, and many believe that handling of elections and the counting of ballots would be greatly facilitated if the box was divided. In the July primary nearly eleven hundred votes were cast and the counting with a good corps of clerks lasted until Sunday morning. There is no need for such man-killing vigils, and the division of the box would eliminate this objectionable feature as well as insure full count by ten or eleven o'clock. Two voting boxes in place of one will be better for all concerned.

Friday afternoon, September 7th, a meeting will be held at the Chamber of Commerce offices for the purpose of discussing ways and means of greater participation and advertising of the Donley County Fair for 1928. It is the purpose of the officials of the organization to have present men and women from all over Donley County who are interested in the fair and to use every effort in making this event a truly county-wide affair, realizing that this can be accomplished only by the participation of all sections and all classes of our citizenship. With this end in view the News feels that this is one of the most important meetings to be called in Donley County this year, and we indulge in the hope that it may have the attendance and co-operation of citizens from every section of our county. "In unity there is strength".

A recent union service on Sunday evening by two of Clarendon's churches suggests a further advance along this line in the summer months. In some of our western cities all churches unite in one service for the Sunday evenings during the summer, the place of service and the minister being in rotation. When many are away on summer vacations and congregations are naturally small it is refreshing to the ministers and to the people to enjoy these joint services. Committees are now appointed by most of the churches of Clarendon looking to greater unity in religious endeavor and it is hoped that some plan of this kind for next summer may be of several adopted in an advanced program of Christian co-operation and brotherliness. The more we work and worship with our neighbors the more we love them—and love is the law of Christ.

### A DARK PICTURE ON THE SURFACE

"Civilization makes the world safe for stupidity. An educated man today cannot marry and begin to rear a family of children before he is 30 years old. But an unskilled laborer, when he is 20, can marry and begin rearing a family of unskilled laborers. When we give stupidity a 10-year handicap over intelligence, we have built our whole civilization biologically upside down.

"American intelligence is declining. It is bound to decline when men of light and learning are not reproducing themselves, and when those below the average of intelligence are begetting the masses of tomorrow's citizens.

"The American college graduate is a dying race. He is not reproducing his breed. He is a vanishing species of animal from the face of the earth. A thousand Harvard graduates at the present birth rate will within six generations have only 50 descendants left—hardly enough to make a good college glee club. But a thousand unskilled laborers will, at the present birth rate, have 100,000 descendants."—Albert E. Wiggam.

### DO WE DESERVE SYMPATHY?

We heard a Clarendon business man say the other day that he was glad and willing to aid all local organizations such as parent-teachers, Sunday school classes, women's clubs and societies, but that he resented being "high-powered" into some contribution to any of them by any outside promoter or grafter, where one had to contribute ten dollars in order to get one dollar for the home club or enterprise. We have all been a lot of chumps along this line and we do not deserve any sympathy unless we stand firm to protect ourselves.

Not long ago a certain local organization fell for a cook book graft and received ten percent of the advertising that local merchants were "high-powered" into. The job was printed in a faraway city and when the book got back here there was only eight pages of recipes in it. Every merchant felt that he got stung—he didn't mind the dollar that went to the local organization but he fizzed and fumed when he thought of the nine dollars chunked off to the outside promoter. There are two printing concerns in Clarendon who pay taxes and contribute to local causes, either of whom would have printed the cook book on a flat charge for the printing or would have handled it on a percentage basis, which would have yielded the organization double the money, cost the merchants half and left the balance here at home for the ultimate good of the community. On the other hand a committee from the local organization could have canvassed the business part of town and gotten all the money they needed and every contributor would have felt good about it.

Local people ought to build up an impenetrable wall against such schemes and work together for the gain and goodwill of all. No Clarendon business man ought to sign up for any sort of scheme without the endorsement of the chamber of commerce, regardless of any local organization that has fallen for the "easy money" promised by the promoter. If we fall for it, we deserve to be stuck.

### FORMER CLARENDON COLLEGE IS DEAN OF MEN

A late issue of the Prairie, the publication of the West Texas Teacher's College at Canyon carries the following listed paragraphs concerning the election of S. H. Condron to the position of acting Dean of Men of that school. Mr. Condron will serve in the capacity named above until the return of the regular Dean of Men, who is absent on leave to continue his studies in Peabody Institute. The story follows:

Stuart H. Condron, who is now instructor of history in W. T. S. T. C. is the recently selected Dean of Men of the college for the fall term of '28. Mr. Condron will hold this position only during the absence of Harris M. Cook, regular Dean of Men, who will be in Peabody College for further study.

Mr. Condron came to W. T. S. history instructor in the fall of '27. In the one year which he has been connected with the college he has made a definite place for himself in the faculty and in the student body. He stands ready and willing to help on any and every occasion. During the summer term of school he has been sponsor of the Fraternity Council and has been instrumental in helping them to carry on their useful work of the summer.

Mr. Condron was Dean of Clarendon College for a number of years and was a general favorite with the students of that college. He received his B. A. degree from Southwestern University and his M. A. from Texas University. He has had some additional work in the University of Colorado.

Leta Warren Beck and children, together with Grace Dubbs spent the latter part of last week here from Amarillo in the home of Mr. and Mrs. J. T. Warren.

## Service-At A Price

That is what you get when you buy groceries from us. You receive groceries that are consistently high in quality and as consistently low in price as can be found at any other place in the city.

In addition to this, you receive service that means something to the average housewife when she orders her groceries and expects them in time for the noon day meal.

DON'T FORGET TO ASK FOR YOUR GREEN STAMPS

Groceries and Feed  
PHONES 421

In the season of dairy cattle shows, local, State, and regional, many dairy farmers will be able to prepare themselves for a more intelligent and appreciative observation by reading Miscellaneous Circular No. 99-M, "Judging Dairy Cattle," which can be obtained by applying to the United States Department of Agriculture, Washington, D. C. It includes explanations of the points in judging, and practical advice on how to use the score card and how to enter into judging contests. It also gives the scales of points for the principal dairy breeds and a general score card for dairy cows.

## Now Is The Logical Time For Rebuilding, Remodeling and Repairing

There is always an opportune time for doing things. This is particularly true in everyday affairs of life. A time to buy, a time to rent, a time to do whatever is to be done—and when they may be done economically.

So there is a "Best" time to do that rebuilding you have had under consideration, a "BEST" time to have that remodeling done and a "BEST" time to have that repair work done.

The "BEST" time is right now. Labor is more plentiful now and it is easier to get these small jobs completed.

Whatever the job may be, we will be more than pleased to help you plan it. And we will furnish the materials you need at the right prices.

# RECREATION

To draw on nerve energy continuously without an occasional stop for rest and refreshment is to invite physical bankruptcy. But to invest a few days in the world's greatest bank, Nature, is to earn the dividends paid by her oceans and mountains, her woods and streams, in the recreation of mind and body, the storing up of a new energy reserve.

Your bank account can be overworked, too. Unless the deposits are consistently ahead of the withdrawals the value of the account is reduced to a minimum, both for immediate needs and as a reserve fund for future opportunities.

## ITEMS OF INTEREST IN DONLEY

### Pleasant Valley

Mr. and Mrs. George Stover and two children, Sarah and Marie, are visiting their cousin, Pat Longan.

Mr. and Mrs. Gridar and children are visiting in the homes of Elmer Drennan and J. M. Potter.

Pat Longan and Miss Henrietta and Miss Dolly Corder returned from Colorado Sunday night.

Mrs. Corder and Miss Dorothy, Mrs. McCleskey and little daughter of Zion, Illinois are visiting in the Longan home this week.

Mr. and Mrs. Glen Williams and family, who have been visiting in Hunt County, returned home Friday evening.

Mr. Simmons and children of Whitesboro, Mr. Rogers and children, Mr. and Mrs. Nole Simmons and son all called in the Longan home Thursday afternoon, and later in the evening enjoyed a picnic supper at the Lewis Lake.

Mr. and Mrs. Potter and family spent Sunday with Mr. and Mrs. Elmer Drennan in Clarendon.

Mrs. Bill Meaders and sister, Miss Faye Franklin called on Mrs. Longan Thursday afternoon.

Mr. and Mrs. Woody Youree visited in the Lamberson home Friday.

Misses Henrietta Longan, Dorothy Corder and Sarah Stover all called on Miss Oma Morris Monday evening.

### SUNNY VIEW

We are having some real summer days which will be a great benefit to crops.

Mr. and Mrs. Archie McNeely and 2 little sons are visiting relatives in Italy, Waxahachie and other points of Texas.

Mrs. Millard Starks spent Sunday with Mrs. S. A. Pierce of Clarendon.

Mr. and Mrs. Neal Bogard spent Sunday visiting with Mr. and Mrs. Bogard of Clarendon.

Mr. Hubert Day of Snyder, Texas, is visiting in his brother's home, Kim Day here for the past week.

Mr. and Mrs. L. L. Taylor called in the home of Mr. and Mrs. A. M. Lanham Sunday afternoon.

Mrs. A. M. Lanham called on Mrs. Nelson Riley Monday of last week.

Mr. and Mrs. D. D. Lanham spent Saturday night and Sunday with Mr. and Mrs. A. M. Lanham.

Mr. and Mrs. T. T. Waggoner of Claude were the guests of F. L. Behrens and family Saturday night.

Mrs. John Goldston and children called on Mrs. A. M. Lanham Monday afternoon.

Miss Myrtle Cook is on the sick list this week. We hope her speedy recovery.

Mrs. Sam Roberts and Miss Mildred spent Wednesday afternoon as the guest of Mrs. A. M. Lanham.

Mrs. Millard Starks, Mrs. Neal Bogard and Mrs. Heckle Starks spent Thursday in the home of Mrs. Ed Speed of Clarendon.

Mrs. Knight of the Knight Dairy visited with Miss Eula Haley last Tuesday.

### ASHTOLA

Sunday School opened Sunday morning at the usual hour with good attendance.

Mr. and Mrs. R. H. Roberts have had as their guests the past week, Mr. and Mrs. Fred Bunge and family of Burk Burnett.

Mr. and Mrs. D. F. Randel and daughter, Beatrice, visited Mrs. Randel's brother, Mr. J. I. Smith in Hedley Sunday.

Mr. and Mrs. M. S. Swinburn and family, who have been visiting friends and relatives in Wichita Falls and Vernon have returned home.

J. R. Brandon visited in Lelia Lake Sunday.

Mr. and Mrs. Joe Jones and daughter of Tennessee are visiting his parents, Mr. and Mrs. N. L. Jones.

Miss Helen Parker is visiting her grandmother this week.

Mrs. Blackburn of Dallas is visiting her daughter, Mrs. W. A. Poovey.

Misses Minnie Lee and Myrtle Armstrong of Clarendon spent Friday night with Miss Beatrice Randel.

Miss Ola Mae Watts of Clarendon visited Miss Gladys Holly Friday night.

Mr. Thell Drennan visited in Elmore, Oklahoma, the past week. Relatives of Mr. and Mrs. H. W. Lovell are visiting them this week.

Mr. and Mrs. Clifford Johnson

### HUDGINS

Mr. and Mrs. John Christie and family of Temple, Texas, have been visiting his brother, W. E. Christie and family.

Mr. J. A. Garland and family of Hedley and Mr. Bobbet and family of Ellis County visited in the L. M. Putman home last week.

Mr. and Mrs. L. C. Tims and family and Mr. and Mrs. Van Roy and family visited at Hereford Saturday and Sunday with Tom Perdue and family.

O. L. Jacobs and family took dinner in the D. H. Perdue home Sunday.

Mrs. D. H. Kimbriel was taken very sick Sunday evening. We are glad to report her better.

The neighbors met and worked out the crop of Willie Gollighugh Monday. We are glad to report them improving and hope they will soon be well again.

Mrs. W. V. Oneal has been right ill but is better.

Mrs. M. Noble took supper in the O. L. Jacobs home Sunday.

Mr. and Mrs. Voyd Christie and Mr. and Mrs. D. B. Perdue took dinner in the L. O. Christie home Sunday.

### W. T. FAIR AT ABILENE TO BE COMPLETE FEATURE

ABILENE—Without doubt the program of the thirteenth annual West Texas Fair, to be staged in this city during the week of September 24 to 29, will be more diversified than any ever offered by a regional exposition in the southwest. The officials of the organization have been actuated by a desire to please everybody in West Texas with the amusement offerings and since the men who are directing the affair have served on the fair board for several years they are able to determine the features that will appeal to the most people.

Featuring the amusements will be the free acts to be given each night at the grandstand. A most elaborate display of fireworks will be one of the interesting attractions.

Besides there will be Swan Rigens and her diving girls in a series of sensational numbers, chief of which will be fancy falls from 80-foot tower into a small tank with only five feet of water in it. On top of that one of the cleverest wire-working acts on the road has been booked and a series of Clown and acrobatic presentations will come on the same bill.

Something really unique in the way of an auditorium attraction has been arranged. Harley Sadler and his dramatic stock company, well known to all West Texans, will be on the stage in the Fair Park Hall afternoons and evenings with a full change of program each day. Sadler will offer a full length drama and a number of "big-time" vaudeville numbers on each bill.

## FREE GATE FOR TRI-STATE FAIR IS POPULAR MOVE

AMARILLO, Texas—Free admission at the entrance gates to the Tri-State fair grounds here September 22 to 29 is expected to attract the largest crowds in the history of the fair.

The usual tax of 50 cents at the general admittance gate has been eliminated by the fair organization making it possible for Panhandle people to visit all of the exhibits and also have access to the midway attractions absolutely free.

Two special entertainment features, the Leonard Stroud rodeo performance in the afternoon, and the Scholley & Collins Winter Garden revue at night. This is the same company that plays at the Dallas fair. Of course the rides and shows of the big Lockman and Carson carnival company will make the usual charges, but the public will have access to the livestock, poultry and agricultural exhibits are expected to be the best in history and Panhandle people are urged to visit them free of charge.

Fair officials are preparing to care for 250,000 persons during the fair week. They have arranged for 29 acres of free parking space adjacent to the fair grounds for the accommodation of visitors' automobiles.

## QUALITY ABOVE QUANTITY FOR DAIRY FARM BEGINNER

College Station, Texas, Aug. 7—For the beginner in dairy farming, the yardstick of quality rather than quantity should be used in measuring the size of his herd, according to J. L. Thomas, dairy specialist, Extension Service, A. & M. College of Texas as set forth in his discussion of "Problems Confronting the Beginner in Farm Dairy Work" before the dairy and swine group at the nineteenth annual Farmers Short Course in session here.

"One good cow that will produce 300 and more pounds of butterfat a year, will produce ten times as much profit as will a cow that produces half that much butterfat," he added. "It is far better to start into dairy farming with two or three good cows on which some profit can be made

and from this start develop a larger herd than to try to go in big at the start, stock up with a lot of poor cows, lose money and have to quit dairy farming because there is no money in it."

It generally prevails that dairy cows will fit into any farm program when farm crops are grown, Mr. Thomas said. The character of the farm will determine the number of cows. Most farmers on small areas will find that from five to eight cows can be kept to advantage while on some highly specialized farms of greater acreage there may be need for only enough cows to supply the needs on that farm.

As to the breed to be selected, it is generally best to select that breed that predominates in the community, the speaker suggested. By selecting such a breed the farmer can get his herd into bull associations, exchange animals and sell his surplus stock in a way that would not be possible if he were the only man in the community with a particular breed. If only one or two cows are used as a foundation these should be pure breeds in most cases, but if quite a number are in the first herd most of them may be grades with a few pure breeds for use as foundation cows for building up future herd, the speaker advised.

## KEEPING RECORDS PAYS

A farmer in Maine sold 20 dozen eggs in April than in November, but he did not realize, until he had kept an account book, that he netted \$4 more profit in November; this taught him the value of early hatching in order to obtain eggs when prices were highest. Another farmer found after keeping records and accounts on his farm business, that he was paying \$1.07 for feed with only \$1 returns; this led him to study his feed costs and put them on a better basis. The keeper of records on one farm led the owner to the realization that on his particular farm a combination of dairy-cattle, poultry raising, orchard cultivation, and potato growing would provide the most steady income.

Texas has the largest state fair in the world. In 1927 the attendance was 1,028,317.

## 5 reasons why STEEL ECLIPSE WINDMILLS run in lightest breeze

Why does the Steel Eclipse run when other mills are motionless? The answer is, scientific design and fine workmanship. Note these five reasons—

- (1) Wheel is tilted to take advantage of lightest breeze. (2) All working parts run in oil. (3) All wearing surfaces are machined. (4) Mill starts on two-thirds load—not full load; quick downstroke and slow upstroke means less effort required on the lift surfaces are in line, reducing internal strain and power loss.

Ask us to show you!

# Servants At-Your-Call

Wealth among the ancients was reckoned by the number of servants in the home. In the yesteryear of modern time one servant in a family was considered a luxury.

Today every family—poor or rich may have as many servants at their command as needed, and all this at a cost of but a fraction of the family budget.

The modern servant is electrical. It is always ready to do your bidding—never tiring—never complaining and no afternoons off.

Household drudgery is now a thing of the past. Wonderful electrical devices make housework a pleasure and milady gains many hours of pleasure and social duties. Farming and ranching are now done scientifically. The lazy and costly farm or ranch hand has passed into history.

In spite of its constantly increasing usefulness and availability the cost of this service has steadily decreased, while all other costs have increased.

Are you enjoying the full time—usefulness of these servants? One of the distinctive privileges of this company is the opportunity to explain to you without cost just how you can use these modern electrical appliances.

Gatlin-Alexander

One of the prettiest weddings of the summer and the foremost social event of the week was the ceremony at St. John the Baptist Church, Episcopal, Saturday evening, in which Miss Elizabeth Alexander, daughter of Mr. and Mrs. R. H. Alexander, became the bride of Mr. Carl E. Gatlin. The Reverend L. L. Swan, rector, officiated.

The wedding took place at the sunset hour, and the soft rays of light falling through the stained glass windows made the church a lovely setting for the ceremony. Decorations for the occasion were simple but lovely, consisting of ferns and garden flowers. Tall gold vases of golden glow stood on the chancel rail, and the altar vases were filled in dahlias in shades of orchid.

The simplicity which characterized the decoration of the church marked the ceremony itself. Preceding the service, Miss Annie L. Bourland, cousin of the bride, sang "Thou Art Mine All", by Bradsby, with Mrs. Charles H. Dean playing the organ accompaniment. Mrs. Dean also played the "Bridal Chorus" from Lohengrin as the professional. During the reading of the ring service she played very softly "I Love You Truly."

The bride wore a dinner gown of honey-dew georgette, which had the fashionable uneven hemline and a becoming cape collar. Her large hat of hair braid and her satin slippers were yellow. Orange blossoms, pink bride's roses, and valley lilies formed her corsage bouquet. Miss Bourland wore a beaded model of georgette with an orchid hat. Mrs. Dean's dress and hat were of harmonizing shades of yellow.

A small gathering of relatives and friends witnessed the ceremony and were guests at an informal reception which followed at the home of the bride's parents. The reception rooms were attractively decorated with golden glow and dahlias in tints of orchid and yellow. The dining table was laid with Normandy lace and centered with a punch bowl which was surrounded with a bank of lavender crepe myrtle and eleo-matis. The table was lighted by four pale gold tapers in green holders. Mrs. Clyde Price, Miss Mary Stocking and Miss Catherine Cole presided at the table. Following their wedding trip to the Ozark Mountains, Mr. and Mrs. Gatlin will be at home in Martin, Tennessee. Mr. Gatlin is to be head of the economics and sociology department in the Martin branch of the University of Tennessee for the coming year.

Mrs. Gatlin has lived in Clarendon most of her life. She is a graduate of the local high school and Clarendon College. She attended the University of Texas two years, majoring in library science, and received the B. A. degree in 1925. Since that time

she has been a librarian at A. & M. College, Bryan. She has large circles of friends here and in Austin and was one of the most popular girls in faculty and student groups in College Station.

Mr. Gatlin is the son of Mr. and Mrs. Charles Gatlin of Miami. He received his Bachelor's degree from A. & M. College in 1926 and in June of this year he took his Master's degree from that school. He was a member of Ross Volunteers and was active in other student organizations. For the past few months he has been with Farm and Ranch and Holland's Magazine as a member of the advertising staff. He has also written a number of sketches for these journals.

Price-Patman

The home of Mr. and Mrs. J. T. Patman was the scene of one of the season's most attractive weddings, Monday morning, August 20, when their daughter, Miss Evelyn Patman, and Mr. William H. Price of Warner, Oklahoma, were united in marriage. It was a silver, gold and blue wedding this being the Sorority colors of the bride, and the beautiful interior was attractively decorated with a wealth of greenery and seasonal flowers, especially the living room, where the ceremony was read.

Blue baskets filled with silver dusty Miller and Marigolds and tied with blue bows together with ferns and other greenery formed an altar before which the beautiful ring ceremony was read by the Rev. S. E. Allison, pastor of the Methodist Episcopal Church South.

Preceding the ceremony Miss Josephine Wayland of Plainview, lovely in a tan and brown georgette and velvet frock with gold trimmings, beautifully sang "I Love You Truly". The violin obbligato being played by Mrs. G. L. Boykin with Miss Mantie Graves presiding at the piano. During the ceremony Mrs. Boykin softly played "Meditations" from Tais.

Promptly at ten o'clock, the ceremony hour, to the first strains of the wedding march "From Yonder Chapel" by R. Dean Shure former music teacher of Miss Patman, the Rev. S. E. Allison and the groom accompanied by his best man, Mr. Wm. Patman, uncle of the bride, entered and approached the altar where they awaited the bride.

Next came the bride on the arm of her life-long friend, Miss D'Laurel Beville, who gave her in marriage.

Miss Patman, always attractive, was radiantly beautiful in her bridal gown, a Lady Claire bustle back model of blue tulle, cotton style with blouse of tan georgette and lace. The jacket of blue embroidered in cream had for its facings light green with accessories to match. A lovely corsage of sweetheart rose buds completed the costume.

Miss Beville was striking in a black and silver velvet costume with a corsage of pink rose buds. For her going away costume Mrs. Price wore an exquisite brown moire silk with tan and brown accessories. Duly showered with rice and felicitations the happy couple left overland for a wedding trip through Colorado and will be at home after September at Warner, Oklahoma.

Mrs. Price is a native of Clarendon and has grown to young womanhood here. She is a graduate of Clarendon High School, and Clarendon College, both in music and literary. She studied one year in Texas Woman's College, and received her Bachelor of Music degree from Southwestern University in 1925 and studied in Northwestern University during 1927. She was in instructor of Conner's College, Warner, Oklahoma, during the past year. Mrs. Price is a talented and accomplished musician and is one of Clarendon's most charming and popular young women, having been sponsor for Clarendon at the Chamber of Commerce convention in Wichita Falls in 1927.

Mr. Price is the son of Mr. and Mrs. John Price of Pittsburg, Kansas. He is a former student of Kansas A. & M. College and is now manager of the Trojan Coal mines of Warner, Oklahoma. An interesting fact of the wedding is that Miss Patman, Miss Beville and Miss Wayland are former room-mates at Southwestern University, are members of the same sorority, Tri Delta, and were awarded their degrees the same year; also that Mrs. Boykin is a sister of the late Sallie B. Matthews from whom Mrs. Price received her music degree. Guests were limited to the immediate members of the family, attendants and a few out-of-town school friends.

The out-of-town guests were: Miss Josephine Wayland of Plainview, Miss Evelyn Week of Fort Worth and Miss Mary Woodward of Muskogee, Oklahoma.

Clark-Lane

The Central Presbyterian Church of Amarillo was the scene of a very quiet though impressive marriage Monday morning, 9:15 o'clock, when Miss Luma Joy Lane became the bride of Mr. Everette Clark of Groom. Rev. R. Thomson read the beautiful ring ceremony.

Miss Lane, who is the charming daughter of Mr. and Mrs. C. M. Lane, was attractive in a peach crepe with coat, hat and shoes of blue. She is a graduate of Clarendon High School, Clarendon College and State University. Luma Joy has a host of friends in Clarendon being a leader among the younger social set, who have watched the culmination of this romance with much interest.

Mr. Clark, son of Mr. and Mrs. John H. Clark of Groom, is well known in Clarendon having been a popular student of Clarendon College for several years and

having played on the Bulldog football teams during these years. The guests arrived at 3:30 o'clock at Austin from which he received his B. A. degree in June.

The happy couple left immediately for Carlsbad Caverns and other points in New Mexico and will be at home to their many friends in Groom, where they will teach during the next school term.

Stidham-Davis

Coming as a surprise to their many friends in Clarendon was the announcement of the marriage of Miss Jewell Davis to Mr. Guy C. Stidham of Memphis, August 15th at Hereford, Texas.

Miss Jewell is the daughter of Mr. and Mrs. W. K. Davis, well-to-do farmer of and near Clarendon. She is a graduate of Clarendon High School and was a student of Clarendon College last school term and is quite popular among the younger set.

Mr. Stidham is the son of Dr. and Mrs. Stidham of Memphis. He is a graduate of Memphis High School, and was a student in Clarendon College last year and played on the College football team of the past season. He is known for his uprightness and sterling character.

Both have a host of friends in this city and Memphis who will be interested in the announcement of their marriage and who will wish for them a long and happy life together.

Knox-Creamer

A wedding of much interest to the folks of Lelia Lake was that of Miss Vivian Creamer and Mr. Willard Knox Sunday afternoon, at the Baptist parsonage with Rev. S. R. McClung reading the marriage vows.

The parents of this young couple are prominent farmers of the Lelia Lake Community and the young people are leaders of their community in a social way.

Miss Vivian, attractive daughter of Mr. and Mrs. W. A. Creamer is a graduate of Lelia Lake High School being a member of the class of '28, while Mr. Knox is the son of Mr. and Mrs. C. G. Knox and is now engaged in the garage business at Lelia Lake.

They left following the ceremony for an overland honeymoon trip through New Mexico and will visit the most interesting points en route.

Dubbs-Wood

Friends of Rev. Emanuel Dubbs of this city, son of Mr. and Mrs. Will Dubbs, will be glad to learn of his marriage on August 15th to Miss Evelyn Wood of Stillwell, Oklahoma. The marriage was performed in Bentonville, Arkansas by Rev. Crockett, pastor of the First Christian Church in that city.

Miss Wood is the beautiful and talented daughter of Mr. and Mrs. Ed Wood of Stillwell, Oklahoma and is one of the most popular and well liked young ladies of her home city. She met Mr. Dubbs while he was holding the pastorate in Stillwell.

Rev. Dubbs is the son of Mr. and Mrs. Will Dubbs of this city and has proven to be one of the outstanding young ministers of the first Christian Church in this section of the state. He has made his home in the city all of his life and is well liked here. He has held some important pastorates since his start in that

## Why Pay Two Profits On Furniture

When we can sell you furniture that comes direct from the factory to us—no jobbers or middle men.

Merchandise is only worth what it actually costs to make it—plus the service you get with it. Through our buying power we are able to sell you home furnishings at the same price you would pay for it if you were in the furniture business—plus a small per cent for servicing it, such as uncrating, show room space and delivery.

Our stock consists of the best furniture that can be bought. Every piece is nationally advertised, and not only bears our MONEY BACK GUARANTEE but the guarantee of the factory that makes it.

work and promises to go far in his chosen line of work.

The young couple will be at home in Borger, Texas after Thursday of this week. The many friends of the contracting couple wish them a long and happy life.

Smith-Bogard

Miss Blanche Bogard, daughter of Mr. and Mrs. C. F. Bogard and Mr. Horace Smith of McLean were quietly married at the Methodist parsonage Saturday afternoon, with Rev. S. E. Allison officiating.

Miss Bogard has practically been reared in and near Clarendon, coming here with her parents when quite small, where she has made many friends and is loved for her charming personality and winning ways. She was a student of Clarendon College for a time, later attending West Texas State Teachers' College at Canyon and has been a member of the faculty of Ashtola for several years where she holds a position for the coming year. Mr. Smith is favorably known

in Clarendon, being connected at one time with Knight's Dairy, but now resides at McLean where they expect to make their home.

Miss Elizabeth Alexander is Honoree of Bridge Party

The bride's chosen colors, yellow and orchid flowers were used profusely in the house decorations and other appointments at the home of Miss Katherine Patrick, 1207 West 2nd St., Wednesday evening, August 15th, when she entertained for the charming bride-elect, Miss Elizabeth Alexander.

There was briskness in the playing due to the congeniality of the hostess and the happy occasion which had brought this group of friends together.

At the close of the games of bridge Miss Catherine Cole was awarded high score favor and Mrs. Sauve drew consolation, both presenting the lovely favors to the honoree. Miss Alexander also re-

ceived a beautiful gift from the hands of the hostess.

The color scheme was also carried out in the refreshment course being yellow ice wedding bells and dainty cakes with icings of orchid.

The guests list included: Miss Elizabeth Alexander, the honoree, Miss Ineva Headrick, Miss Norma Rhodes, Miss Mary Cooke, Miss Athlyn Taylor, Miss Helen Martin, Miss Mary Stocking, Miss Mildred Martin, Miss Catherine Cole, Miss Evelyn Patman, Miss Winnie Weatherly, Miss D'Laurel Beville and Miss Lois Alexander.

Mesdames Richard Bell, Charles Trent, O. L. Jenkins, Kate Carroll, Clyde Price, Sauve and Faye B. Johnson of Clovis, New Mexico.

Bride-Elect is Given Three Pretty Parties

One of the most popular girls of the city, Miss Elizabeth Alexander, whose marriage to Mr. Carl E. Gatlin was solemnized last Saturday evening, was also one of the season's most feted brides-

## CLARENDON MOTOR COMPANY

COTTAGE INN for GOOD EATS GOOD SERVICE Save by buying a meal ticket

to-be. Shortly before her departure from College Station her friends there gave a delightful tea and shower in her honor, with members of faculty and social circles as guests.

The engagement is formally announced at a prettily appointed party given by Mrs. Earl Alexander on the afternoon of the 18th.

Miss Patman is Given Shower

I have always wanted to meet a bride-elect, so won't you please bring me to Miss Evelyn Patman on Thursday evening, August Sixteenth, at 8:30 o'clock at the R. H. Beville home?

Hostesses: Miss Mantie Graves, Miss D'Laurel Beville. This was the clever invitation issued to the many friends of Miss Patman last week.

Thursday Needle Club Entertained Mrs. R. A. Chamberlain was the charming hostess to the Needle Club Thursday afternoon at her home, 315 White Street.

served late in the afternoon to Mrs. Jimmy D. Browder of Ft. Worth, Mrs. Bonner of San Antonio, Mrs. Fannie Powell of Houston, Mrs. W. H. Martin, Mrs. James Trent, Mrs. C. W. Taylor, Mrs. J. R. Porter, Mrs. J. B. Baird, Mrs. Hall, Mrs. W. C. McDonald, Mrs. B. L. Jenkins, Mrs. H. C. Kerbow, Mrs. A. L. Chase, Mrs. Holman Kennedy, Mrs. R. F. Morris, Mrs. J. D. Stocking, Mrs. L. S. Bagby and Mrs. A. R. Letts.

Ladies of Missionary Society Enjoy all Day Meeting

Mrs. S. T. Sayre, a most genial hostess, welcomed the Ladies of the Missionary Society, Methodist Episcopal Church South, to her delightful home, Wednesday, August 22nd, on their arrival shortly after 9:00 o'clock for an all day meeting which proved to be one of the most delightful meetings of the season.

Thirty-five were present to enjoy the program of "Women and the Kingdom" by Howell which was presented by Mesdames Odom, Rayburn Smith, Nathan Cox, Frank Smith, Paul Shelton, Carrie Weidman, U. J. Boston, and G. H. Gattis with Mrs. G. L. Boykin as leader.

The party returned to their homes about 5:00 o'clock highly elated over their day's work and outing.

Mrs. Fannie Powell is Honored

Miss Fannie Powell, former resident of Clarendon, but now of Houston, who is the house guest of her daughter, Mrs. J. R. Porter, and son, C. C. Powell, was the delightful honoree of an entertaining party Friday afternoon at the home of Mrs. L. S. Bagby.

Late in the afternoon a lovely two course luncheon was served by Mesdames Fannie Powell, honoree, J. R. Porter, Hasty, Homer Glascoe, W. H. Martin, James Trent, Fred Patching, C. C. Powell, C. W. Taylor, J. W. Evans, W. T. Clifford, and Misses Lelia Clifford and Catherine Ross.

1922 Bridge Club Entertained

In rooms profusely decorated with beautiful summer flowers the 1922 Bridge Club members gathered to spend an enjoyable afternoon with their gracious hostess, Mrs. R. A. Chamberlain.

Mrs. Odos Caraway was awarded high score favor at the close of the games and Mrs. T. H. Ellis drew consolation.

Mr. and Mrs. R. W. Johnson of Eden, Texas; Mr. and Mrs. Earl Johnson of Amon, Texas; Mrs. Earl Rocklear and small son of San Saba were week-end visitors in the F. C. Johnson home.

Mrs. W. T. Hayter visited with her mother in Hereford over the week end.

#### PROPOSED CONSTITUTIONAL AMENDMENT PROVIDING FOR A STATE BOARD OF EDUCATION AND RELATING TO TERMS OF SCHOOL OFFICERS

Proposing to amend Article 7 of the Constitution of the State of Texas by adding thereto Section 16, providing that the term of all officers of the public free school system, including State institutions of higher education, may be extended or shortened by a State Board of Education to serve not to exceed six years; requiring said amendments to be submitted to the people for adoption and making appropriations therefor.

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Section 16 as follows: "The Legislature shall fix by law the terms of all officers of the public school system and of the State institutions of higher education, inclusive, and the terms of members of the respective boards, not to exceed six years."

Section 2. That Section 8 of Article 7 of the Constitution be amended so as to read as follows: "The Legislature shall provide by law for a State Board of Education, whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall perform such duties as may be prescribed by law."

Section 3. The foregoing constitutional amendments shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon the following:

(1) "For the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."  
(2) "Against the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."

Section 4. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendments set forth here-in shall be adopted, and to have the same published as required by the Constitution and laws of this State.

State. The sum of \$5,000.00 or so much thereof as may be needed is hereby appropriated for the expense of publication of said Amendment.

#### PROPOSED CONSTITUTIONAL AMENDMENT—AUTHORIZING LEGISLATURE TO GRANT CONFEDERATE PENSIONS REGARDLESS OF DATE PENSIONER CAME TO TEXAS OR WHEN WIDOW MARRIED PENSIONER OR WHEN SHE WAS BORN

Proposing an amendment to Section 51, Article 3, of the Constitution of the State of Texas, authorizing a tax levy for Confederate soldiers and sailors and their widows, and providing for submission of same to the qualified electors of this State at any election to be held on the first Monday in November, A. D. 1928, and providing the necessary proclamation and appropriation to defray the expenses of publication and election.

Section 1. That Section 51, of Article 3, of the Constitution of the State of Texas be amended so as to read as follows:

The Legislature shall have no power to make any grant or authorize the making of any grant of public moneys to any individual, association of individuals, municipal or other corporations, whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors under regulations and limitations as may be deemed by the Legislature to be expedient, and to their widows in indigent circumstances under such regulations and limitations as may be deemed by the Legislature to be expedient; in indigent and disabled soldiers, who, under special laws of the State of Texas, served in organizations for the protection of the frontier against Indian raids or Mexican marauders, and to indigent and disabled soldiers of the militia who were in active service during the war between the States, and to the widows of such soldiers who are in indigent circumstances, and who are or may be eligible to receive aid under such regulations and limitations as may be deemed by the Legislature to be expedient; and also grant for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided for by law; provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas, a State ad valorem tax on property of seven (\$7) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon "For the constitutional amendment authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances, and authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances and authorizing tax levy therefor." Each voter shall scratch out one of said clauses on the ballot leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

#### PROPOSED CONSTITUTIONAL AMENDMENT—AUTHORIZING LEGISLATURE TO EXEMPT FROM TAXATION PARSONAGES, AND CERTAIN PROPERTY ASSOCIATIONS FOR RELIGIOUS, EDUCATIONAL AND PHILANTHROPIC DEVELOPMENT

Proposing an amendment to Section 2, Article 8 of the Constitution of the State of Texas, so as to authorize the Legislature to exempt from taxation any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society, and property exclusively used for religious, educational and philanthropic purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, which yields no revenue whatever to such church or religious society; and that such exemption shall not extend to more property than is reasonably necessary for a parsonage, or in land or other property which has been and shall hereafter be bought in by such institutions under the same view to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue in force for two years after the purchase of the same at such sale by such institutions and no longer; and all laws exempting property from taxation other than the property above mentioned shall be null and void.

Section 1. That Section 2, Article 8 of the Constitution be so changed as to read hereafter as follows: All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the Legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, which yields no revenue whatever to such church or religious society; and that such exemption shall not extend to more property than is reasonably necessary for a parsonage, or in land or other property which has been and shall hereafter be bought in by such institutions under the same view to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue in force for two years after the purchase of the same at such sale by such institutions and no longer; and all laws exempting property from taxation other than the property above mentioned shall be null and void.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State on the first Tuesday after the first Monday in November, 1928, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the word "Yes" and all those opposing shall write or have printed on their ballots the word "No."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Two Thousand Dollars (\$2000.00) or so much thereof as may be necessary, is hereby appropriated out of the Treasury of the State to pay the expenses of said publication and election.

Approved by the Governor, March 30, 1927.

### TRAFFIC, SPEEDED OVERHEAD ROAD

SEPARATED INTERSECTIONS TO CUT MOTOR COSTS; SEVERAL CITIES BUSY

Automobiles are taking to the air at highway intersections, at least in effect. Elevated crossings, wherein one street is bridged over the intersecting highway, are now actualities. There are probably two dozen street or rural highway grade separations in the United States and more are being planned or built.

Wayne County, Michigan, is at present building the most elaborate raised intersection in the world. This structure, costing in the neighborhood of one million dollars, will pay for itself in a comparatively short time. It is estimated, through the saving of time and the elimination of accidents it will bring about.

The structure consists of two bridges, each 168 feet long and each carrying a 40-foot roadway and 10 foot walk. So even at this intersection, Michigan Avenue continues as a two-way road, passing over Southfield Road, now being converted into a two-way road also. The latter will pass under Michigan through four 30-foot openings. Carefully arranged driveways and approaches will permit traffic to pass from one highway to the other without interruption.

Los Angeles also is taking a big forward step in hastening traffic through the construction of a combination bridge and overpass embodying four grade separations. It is known as the Glendale-Hyperion viaduct which in spanning the Los Angeles river also provides for the crossing of Hyperion over Glendale Boulevard and Riverside Drive. The reduction of travel time is expected to stimulate the settlement of adjacent undeveloped property.

Announcement has just been made that Cook County, Illinois, in which Chicago is located, will build its first elevated rural road intersection. This structure, to be at the meeting point of Dempster street and Milwaukee Avenue, will be of untold value over the week end when pleasure seeking traffic crowds these roads to the hilt. Dempster Street will pass under Milwaukee Avenue through an arrangement somewhat similar to that of the Detroit separation.

In estimating the value of separated highway intersections, highway authorities have determined that a delay of one minute costs the passenger car owner at least three cents. This is considering the year round overhead of the automobile and the operator's time. Since this sum does not include the cost of the time of passengers and such items as gasoline and oil, the three-cent-a-minute valuation is conservative. So two intersecting streets, with a daily traffic volume of 24,000 cars in all four directions, cost motorists \$1,080 a day or nearly \$400,000 yearly. This is estimating that half of the cars using the intersection will be delayed three minutes.

Here again the wisdom of applying modern business principles to highway construction is apparent. None of these elevated highway intersections is the result of whimsy on the part of Community leaders. They were planned as business appliances for the benefit of the motoring public—which includes just about everybody.

### A SUCCESSFUL SIX NOW WINNING EVEN GREATER SUCCESS

## ENRICHIED in Color Enhanced in Style and Offering Even Greater Performance

The Sport Sedan Body by Fisher

Beautiful as Pontiac Six has been in the past—great as its performance has proved—  
—today's Pontiac Six is even more beautiful, even more thrilling than ever to drive!

To the beauty and style of bodies by Fisher, Oakland has added the swagger touch of smaller, smarter wheels and larger tires. Mechanical advancements result in greater speed and power. Until you have seen and driven it you cannot realize what style, color and performance today's Pontiac Six affords.

#### PINE "STRAW" FOR STRAWBERRIES

A 3,000-acre fire in the strawberry belt of southeastern Louisiana recently caused considerable losses by destroying large quantities of pine "straw" in the woods. Huge quantities of pine straw are used every year as a protective covering for the strawberry beds, says the United States Forest Service. Loblolly pine straw is used in preference to that of longleaf pine because it rots quickly and practically disappears by the end of the summer. Woodlot owners in this section sell their yearly fall needles at prices ranging from \$3 to \$7 per acre and averaging about \$4. Their woods are

kept remarkably clean, all hardwood brush, falling branches, and other debris being gathered in piles before the straw is raked together to be carried to the fields.

Works of art of Colombia artists, which are awarded prizes in foreign exhibits or in open competition, will be acquired hereafter by the Government for national museums, according to recent enactment of the Congress of Colombia. Legal provision was made at the same time for 14 foreign scholarships, one from each department, to enable young men and women to pursue the study of fine arts in other countries.

#### Trench Mouth Healed

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. Leto's Pyorrhoea Remedy heals worst cases if used as directed. It is not a mouth wash or paste, and is sold on a money back guarantee.—Douglas & Goldston Drug Co.

## New adjustable front seats in all Buick closed models providing unrivalled comfort and driving ease for women and men alike

No more awkward driving positions! No more straining for pedals! No more need of cushions for feminine drivers! Buick has ended all that—ended it with a new comfort feature as unique and individual as the dashing beauty of Buick's new Masterpiece Bodies by Fisher—a comfort feature obtainable only in the Silver Anniversary Buick!

The front seats of all Buick closed models are adjustable! A turn of the seat-regulator causes the entire seat to move forward or back at the will of the driver, thus assuring a natural, comfortable position for any man or woman who takes the wheel!

The new seat is easily adjustable even when fully occupied! A child can operate it! It is simple—positive in action—and together with

Buick's adjustable steering wheel provides, for the first time in motor car history, a made-to-measure driving position!

This same fine convenience—this same matchless comfort and luxury—are apparent in every phase of Buick design and operation—in the deep soft upholstery—in full width rear seats providing plenty of room for three adult passengers—in velvety clutch action—in finger-tip steering ease—and above all in the unrivalled smoothness with which the Silver Anniversary Buick rides even the roughest roads.

See this epic car! Drive it! Test the new and exclusive adjustable seat! Prove to yourself that here, indeed, is the finest motor car and the greatest value America has ever produced!

No matter how careful you are, you will sometimes find weevils or worms in packages of cereal, in the flour bin, or on dried fruits or nuts. These pests come from minute eggs, deposited probably before the package was sealed, or before the food entered your kitchen. Destroy all badly infested food and any paper containers. Wash and scald the flour bin and

other containers before using them again. Never leave cereals when going away from home for any length of time. One weevilly package will contaminate everything else the insects can reach.

Texas has 634,729 telephones and there are more than 3,200,000 telephone conversations a day in this state.

### CHILDRESS FARMER FINDS CREAM PAYS

#### EXTENSIVE FARMER FINDS CREAM GREAT HELP TO DIVERSIFICATION

Childress County is noted over the Panhandle for its farm dairy interests, and one of the biggest producers in the entire section is the combination of J. R. Brummett & Sons, who sell to Childress merchants 15,000 pounds of butter annually. Since each pound of butter is sold at 45 cents, the total receipts of the Brummetts for the year amounts to \$6,750. This is in addition to the amount of cream sold, which will average around \$20 per week, swelling the grand total of receipts to \$10 less than \$8,000.

The Brummetts began selling cream in a small way about 7 years ago. The object in first starting in the dairy business was to enable the family to have something to sell every time a trip was made to town, instead of always having to put out money for purchases. Mr. Brummett figured out that if the living could be made at home, then no "arrangements" would have to be made in the event of a crop failure.

He purchased 44 head of Jersey calves and sold \$1600 worth, some at \$50, some at \$75 and some at \$100. These calves were from one year to 14 months old when he bought them. He kept them until they freshened in about 8 to 12 months. He kept 23 to 25 of the calves for his own use.

He started in milking 14 to 15 cows, fresh at a time, and selling butter and cream. He sold cream to the Childress Produce Company and to the Butterfield Grocery; also butter to the Star Market and Green's Grocery.

The first few years was operated it made a living for the Brummett family and something in addition. He did not have to borrow money to make the cotton crop, he hopes to be able to trade around 90,000 pounds. He saved plenty of seed for planting this spring, which was fortunate as he had to plant four or five times.

Mr. Brummett says: "If every farmer would take seed to the cotton oil mill and get meal and hulls; would go back home and feed cows and take cream or butter to town and sell it, he would be able to get ahead. He should do this instead of taking the seed and selling it right after ginning; and then blowing the money in."

school in Childress with his sister, Ada Margaret, during the daytime.

Since operating the dairy herd, Mr. Brummett has paid off about \$10,000 to \$12,000 encumbrance on the section of land and also paid many other things. The dairy cows not only made the living, leaving the major crops in the clear, but they made something besides each month.

Out of the entire herd of nearly 100 head of dairy cows, quite a number of them are giving four gallons of milk per day; 30 are giving nearly that much and none of them less than 2½ gallons of milk per day. If a cow will not give 2½ gallons of milk and 3½ per cent butterfat, she is disposed of.

Mr. Brummett attributes much of his success in dairying to his feeding rations. He feeds cottonseed meal and hulls the year around. Of this feed, Mr. Brummett said: "As a feed it is the best and cheapest all around feed in the world. Cows will hold up if properly fed better than anything else will do for them." Mr. Brummett also has a prepared feed that he is using in connection with meal and hulls. He says that the additional production easily pays the cost of the prepared feed and makes some profit. He adds that he keeps the cows in fine shape and prevents rickety calves.

Mr. Brummett is about the third man on the books of the Cotton Oil Mill to start in the plan of exchanging cotton seed for meal and hulls. He began the practice shortly after the oil mill was established and has continued the practice each fall. Of this exchange plan, Mr. Brummett said: "A man can take 100,000 pounds of seed to the oil mill and keep on feeding out of it and at the end of a period of time he will find that he still has a lot due him, feeling sure that the oil mill has not charged him for all that he took out." Last fall Mr. Brummett traded about 40 to 50 thousand pounds of seed at the oil mill. The year before he traded about 60,000 pounds and this year, with all indications pointing to a good cotton crop, he hopes to be able to trade around 90,000 pounds. He saved plenty of seed for planting this spring, which was fortunate as he had to plant four or five times.

Mr. Brummett says: "If every farmer would take seed to the cotton oil mill and get meal and hulls; would go back home and feed cows and take cream or butter to town and sell it, he would be able to get ahead. He should do this instead of taking the seed and selling it right after ginning; and then blowing the money in."

J. R. Brummett & Sons are also quite extensive farmers. They have about 1400 acres in cultivation. If they make 300 bales of cotton they take care of their dairy cows just the same, increasing the herd all the time.

QUALITY AT LOW COST

Mr. Brummett said the butter business was started in a small way. They began selling Green's Grocery 6 pounds of butter per day. The Star Market also took a little. He is now furnishing Calvin Jones and the Star Market about 125 pounds of butter per week; the Green Grocery and Saunders Store about 150 pounds of butter per week also considerable to Meacham's Grocery. The total will figure close to 15,000 pounds of butter per year and for each pound sold Mr. Brummett receives 45 cents. Mr. Brummett said that he was going to build up each of his three herds so that the receipts would run, for the three, around \$500 per month.

The butter is all made from sweet cream. The milk is taken first and put in an ice box and kept on ice until it goes into the ice churn. It is then moulded and kept perfectly sweet. The Brummetts have a guarantee that if any pound of butter is not up to the Brummett standard it doesn't have to be returned; the makers merely notified and the butter will be refunded. He added that he had never had a pound of butter come back.

Speaking of building up his herd, Mr. Brummett said that they now had about 100 mother cows and from the young stock now on hand they hoped to have 200 mother cows in another year or so.

"The best thing that ever happened to the farmers of this county, and to the business men of Childress, is the Childress Cotton Oil Mill," said Mr. Brummett. "There is no use talking, it has started more farmers to feeding a bunch of scrub cows and then started them to thinking about getting better stock."

Mr. Brummett had high praise for two things in Childress, the high class men and the splendid banking facilities. He adds that all the banks were good but he could speak of the First National in particular as that was where he did his banking. He said that he would put the banks second to the oil mill as the chief assistance to the farmers of Childress county. He said that he had always received every help and assistance from the bank and thought it a wonderful institution. He said that if a man would stay on the farm, attend strictly to his own business and try to do the right thing, the banks of Childress County would almost see that he was backed up and cared for. "I have dealt with the First National for 14 years and never received any finer treatment from any institution than these people.

The banks take care of the farmer and assist him to get along in every-day life."

#### SUMMER IS IDEAL TIME TO EXAMINE CHILDREN

A complete physical examination should be made of every school child, some time during the summer months.

- Is the child underweight—and why?
- Is he anemic—and why?
- Does he play and is he normally boisterous?
- Does he sleep well?
- Has he a normal appetite?
- Has he any skin disease?
- Is the skin, hair and nails normal in appearance?
- Are the teeth in good repair, with all defects corrected?
- Is there evidence of pyorrhea?
- Are the gums healthy?
- Are the tonsils healthy in appearance?
- Is the throat normally pink or abnormally red?
- Are the nasal passages open and free from adenoids?
- Is the vision normal, and are the eyelids normal in appearance?
- Is the hearing normal—in each ear?
- Are the heart sounds normal?
- Is there good, free lung expansion?
- Is there evidence of existing kidney trouble?
- Has the child been immunized against diphtheria, scarlet fever and smallpox?
- When these questions have been answered satisfactorily, Willie is ready for school.

#### NEW BUILDINGS TO BE ASKED FOR TEXAS TECH

LUBBOCK, Texas.—Endeavoring to meet the demands of the increasing educational needs in West Texas, members of the Board of Directors of Texas Technological College are asking for more buildings on the campus here for the next two years. The board met with the State Board of Control this week in considering the budget of Tech for the coming biennium.

Included in the appropriation requests are petitions for the completion of the administration building, a new library building and a dairy products building to be erected on the campus during the next two years.

In speaking of the prospects for the coming year, President Paul W. Horn stated here prior to his departure for Austin that he expected the enrollment of the school to exceed the 2,000 mark easily during the first term of the 1928-29 session.

A minimum spelling list of 2,500 words which pupils in elementary schools of the city are expected to acquire as they progress from grade to grade has been accepted by the board of education of New York City. It was prepared by the director of the bureau of reference, research, and statistics, following a national survey of spelling lists in use in leading school systems. The list

Diseases of Women—Obstetrics

J. R. Lemmon, M. D.  
Infant Feeding — Diseases of Children.  
210-11-12 Oliver-Eagle Bldg. Amarillo.

will form a part of the revised course of study in spelling for elementary schools soon to be recommended for adoption by the board of superintendents.

Chewing gum is hard to remove from clothing, and sometimes leaves a stain. Chewing gum usually contains a gum known as chicle, which has been boiled down, flavored and sweetened. Resins of various kinds are sometimes used. A gum stain can often be softened with egg white and then washed. Prolonged treatment with carbon tetrachloride is also satisfactory, as a rule, although it may be necessary to remove traces of sugar by sponging with water at intervals.

If you are thinking of a permanent wave, we give the four best methods.

## AUTO SPEEDS NOW DEPEND ON ROADS

WIDER AND SAFER HIGHWAYS MUST BE BUILT TO CARE FOR FAST TRAVEL

New York is engaged in its greatest single highway project. This is a 40-foot wide pavement running through all towns on Long Island for a distance of 24 miles. The Conduit Boulevard, as it is called, constitutes the newest offering to Speed with Safety—the demand of the motorist.

Highway builders have long ago determined that when the volume of traffic is around 500 cars per day, it is then economical to pave. To determine just when an 18-foot road should be made a four-lane highway is no more difficult. This should be done where travel becomes slow and accidents frequent. Technically, on a basis wherein all conditions are ideal, one traffic lane in each direction will carry 1,969 cars per hour in safety, according to the Pennsylvania Department of Highways, if the cars are driven at exactly 22 miles per hour—and if there are no cross roads or turn outs.

But to expect 1,969 motorists to be satisfied with a speed of 22 miles an hour is folly. Most motorists desire to go faster and a goodly number feel happier at a slower pace. Further, accidents occur on two-lane highways, even at times when only a few cars are on the road. Where traffic is at all heavy it is dangerous to pass cars proceeding in the same direction, for a two-lane pavement was built as a two-lane pavement and it cannot be stretched.

Edward N. Hines, of the Wayne county Board of Road Commissioners at Detroit, declares that 20-foot roads are no longer in the scheme of things in the Detroit area. Forty-foot roads with two-lanes of cars travelling in each direction constitutes sensible thoroughfares near cities, he asserts.

The forty-foot highway, under ordinary conditions, is capable of carrying at least twice as much traffic as a 20-foot roadway, and at a more rapid pace. During rush hours and on special occasions three lanes of traffic may proceed in one direction. Many communities have found that even the temporary three-lane road has a decided advantage over a two lane, in that opportunity exists to pass the slow driver.

The public is going to have speed whether or not road facilities are equal to the demand. Only one course is open and that is the provision of highways that make fast travel possible. Down through the ages history shows that when conveniences have been developed the citizenry is going to take full advantage of them. It is a bit impractical to expect a public equipped with cars capable of travelling sixty miles or more per hour to content itself with half that speed.

Another state championship hog calling contest will be staged at the State Fair of Texas, Oct. 6 to 21. The present champion is Joe Lillard, of Arlington, who won over a field of 21 entries.

## SECRETARIAL SCREENINGS

Clarendon Chamber of Commerce  
G. L. BOYKIN, Secretary

Donley county farmers are reaping a rich harvest from their melon crop at this time. Several farmers have given out real figures on returns for their melons the past two weeks. Most of them were sold at the patch without the work and expense of trucking to market. Parker county never produced better melons than these grown here. They have made more money from them because they were organized for sale. Donley county farmers need organization to get the best prices for their products. A county agent is one of the first steps in this direction. We should have one.

Don't forget Donley county will have an exhibit at Amarillo and Dallas this year. Help us win by saving a sample of your best products. We will come after them.

Don't forget the luncheon for President Bourland next Tuesday. Tickets are 75c. Get yours early and lets have a large turnout. Manager Wade may be here if so we will include him in the welcome. These men are serving West Texas. There might be a time when they can serve us as individuals. Let's get acquainted.

Judges in the yard contest reported that they had no idea we were as well kept. Clarendon is one of the cleanest small towns yours truly has ever seen. There are only a few places that still need the use of the hoe and rake.

Don't forget the Fair meeting on September 7th, 4:30 P. M. If you are interested in the best means known to an agricultural community to get farmers interested in your town, be there.

There will be a Panhandle road meeting held in Pampa on the 27th. A good delegation from Clarendon should be present. Something must be done to get a connected system of roads thru the Panhandle. One of the most important questions facing this county at this time are its roads. If we do not wake up we will lose a north and south highway designation. The highway department helps those counties that help themselves.

## LELIA LAKE

Misses Stella and Mozelle Harper of Newlin spent Tuesday night with Miss Blanche Dodson. Norman Myers and his mother, Mrs. J. H. Myers, Mrs. E. R. Myers, and son E. J. returned Monday from a visit with relatives at Fort Worth.

Bryan Thomas and family of Electric spent Sunday in the W. W. Dodson home.

Miss Edna Wood returned Saturday after attending the summer course at Thorp Springs Christian College.

Mrs. Weems and son of Hereford returned Sunday after visiting a few days with her parents, Mr. and Mrs. W. A. Creamer.

Mr. and Mrs. Godfrey of Plainview left Wednesday morning after a short visit with their parents, Mr. and Mrs. Godfrey and Mr. and Mrs. Jim Reynolds.

Mrs. T. G. Tomlinson of Dallas arrived Sunday for a week's visit with her brother-in-law, S. R. Tomlinson and family.

Bill Floyd and family spent Sunday with his parents at Memphis.

Walter Morrow and family of Martin spent Sunday in the home of her sister, Mrs. Wallace Walling.

J. L. Mayberry and family are visiting with relatives near Fort Worth.

Lester McKinney had business in Memphis Tuesday.

Mr. and Mrs. Harp of Goodnight spent Monday night and Tuesday with their daughter, Mrs. Kinch Leathers.

Willis Grooms of Amarillo spent the week end with his parents of Naylor and friends here.

Ed Greene and family, accompanied by Miss Emma Sue Grady of Clarksville spent Monday afternoon and night in the S. R. Tomlinson home. Miss Grady is a niece of Mrs. S. R. Tomlinson.

Mrs. Elmer Kennedy, who has been critically ill, was moved to a hospital in Amarillo Saturday morning for an operation, at the last report she was doing as well as could be expected.

Mr. and Mrs. Elba Ballew are the proud parents of a son, born Saturday afternoon.

### PRESBYTERIAN CHURCH

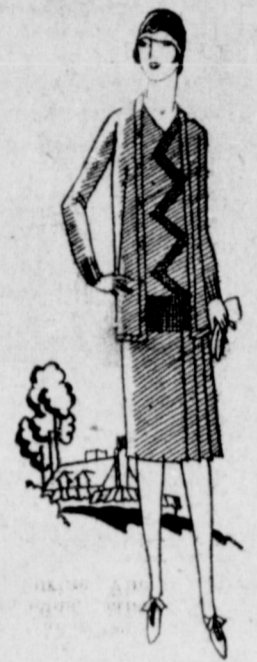

Services may be expected at the Presbyterian Church on next Sabbath as follows:  
Sabbath School at ten o'clock.  
Congregational worship at eleven o'clock.

There will be no evening service.

All who feel so disposed are cordially invited to worship with us.

Only one of the performers who appeared in the Hippodrome show in front of the grand stand at the State Fair of Texas last year, has been reengaged for 1928. He is "Shorty" Felm, the tiny clown policeman, who made a big hit with both young and old last year. All the other 55 performers are new.

# New Fall Dresses, Coats and Millinery

Never before have we shown a better, more stylish and yet moderately priced assortment, than we now have on display for your selections. Sizes and styles to fit and please anybody.

It will be a pleasure to show you this big assortment of new fall Ready-to-wear and Millinery.

## DAIRY FARM Surer THAN COTTON CROP

### CHILLICOTHE FARMER WANTS TO OWN DAIRY FARM AND RAISE CHICKENS

J. E. Rudisill, who lives 6 miles northwest of Chillicothe, has experimented with dairy cattle and found them so successful that his ambition now is to own a small farm and operate a dairy herd and raise chickens. He says he can make more money that way than he can from raising cotton.

Mr. Rudisill first began milking cows for profit about three years ago. He says he figured that he had to devise some manner of making a living outside of his cotton raising. He bought three fine jersey heifers from George Powell, a dealer, who bought the foundation stock of a large dairy farm. The stock was shipped in here from East Texas. Mr. Rudisill paid \$40 each for three heifer calves. He also bought one bull calf.

When Mr. Rudisill bought the calves, which were poor and hard-looking, his neighbors and friends laughed at him for being such a "sucker." Now, the laugh has been turned back on them, as the herd is now as fine a looking small herd as the writer ever saw. One of the heifers was given to Rudisill's daughter. He has the other two now and they are as good cows as can be found in this entire section. They not only have the earmarks of good Jersey breeding but they are consistent producers—they are money makers.

These two cows have produced five heifers and four bull calves, one of the latter being now on the place—a very young calf. This calf, only a week or so old, should bring \$50 easily as the mother of the sire is registered and the sire and the mother of the calf both subject to register. The bull calf is one that when mature should raise the standard of quality in any ordinary dairy herd.

The heifers of the two cows are all good looking animals. Two of them are now fresh and one other will be fresh next spring.

Mr. Rudisill states that he has been paying the grocery bill by the sale of \$4 to \$6 worth of cream per week and that when he was just milking two cows. Now that he is milking four cows he hopes to make \$8 to \$10 per week, which will not only buy groceries and dry goods, but leave something in addition to buy oil, gas and other essentials on the modern farm.

In addition to the money derived from the sale of cream, there is considerable to be made from poultry, according to Mr. Rudisill. He said that last year they made something more than \$100 off their chickens and considerable off their turkey crop. This year the rough got into their chickens and they have had poor luck with them.

Mr. Rudisill is raising this year 125 acres of cotton. His son also has 20 acres. Each year Mr. Rudisill trades enough of his cottonseed at the Chillicothe Cotton Oil Mill to feed his dairy herd during the year. He plans to trade even more this next fall. Last year Mr. Rudisill traded his cottonseed when meal was \$1.90

and he took out \$1.90 meal when other farmers who did not trade their seed were paying \$3.00 per hundred.

Of cottonseed meal, Mr. Rudisill said: "I think cottonseed meal is as good a feed as I have found. I feed it all the time. I find it is the cheapest feed I can get."

Mr. Rudisill also had words of praise for his landlord, Mr. C. W. Whittle. He said that Mr. Whittle had long encouraged him to enter the dairy and chicken business and had since advised him not to dispose of any of his heifers. Since Mr. Rudisill uses only good sires, the heifers are if anything, better than their mothers. Mr. Rudisill said that Mr. Whittle was what he would call an unselfish landlord.

When Mr. Rudisill first started dairying he owed about \$3,000—about \$1500 to a bank in Chillicothe and about \$1500 to various stores in Chillicothe. Since he has been milking cows he has pulled this indebtedness down to around \$500 or 600. This not only shows what a farmer can do with a small dairy herd; since Mr. Rudisill attributes his financial betterment to the dairy cows; but it also shows the banker that it is to his interest to help the farmers with their plans of starting in with small farm dairies.

The time is coming when most farmers of this section are going to enter the field of the small farm dairy. They will not go into it on a large scale, but sufficient to make the family living expenses at home. Four or five cows per farm will do this. They are not until then, will cotton farming be profitable to the tenant farmer or the small land owner. He can then make a clear profit off his major crop.

The time is also coming when the landlords are going to face a tenant shortage unless they are willing to let the tenants conduct farm dairies. The tenants are going to insist upon such activity or will move to some other place where such activity will be permitted.

Mr. and Mrs. William Patman announce the arrival of Ruth Jean on August 19th.

Rev. and Mrs. J. L. Chunn of Mount Calm, Texas and Miss Quinn Ferguson, are here for a visit with R. A. Chunn and son, R. M. Chunn.

Misses Josephine Langhorne and Dorothy Moore of Dalhart, have returned to their home after a two weeks visit in the home of Mr. and Mrs. Henry Williams.

## PERSONALS

Mr. and Mrs. W. H. Patrick are visiting in Canyon.

W. T. Hayter of Pampa spent Sunday in Clarendon.

A. L. Chase attended to business matters in Amarillo Tuesday of this week.

Dick Nunn of Amarillo spent Tuesday in Clarendon attending to business matters.

Miss Joe Watland of Plainview is here for a visit with Miss D' Laurel Beville.

Miss Evelyn Week of Fort Worth is a guest in the home of Mr. and Mrs. G. L. Boykin.

Mrs. Walter Dubbs of Amarillo spent the week end with the S. S. Dubbs and Bill Dubbs families.

Mrs. Sauve, former instructor in the Clarendon schools, is the house guest of Mrs. Kate Carroll.

The R. A. Summers family motored to Kingsmill Sunday and visited with relatives.

Miss Ruby Keys left Sunday for her home in Vernon after an extended visit here with Miss Lorena Gattis.

Mrs. Will H. Matthews and children of Amarillo spent Tuesday in the home of her sister, Mrs. G. L. Boykin.

Mr. and Mrs. Otis Shelton of Temple, Texas are visiting Mrs. J. A. Shelton in the home of Mr. and Mrs. E. M. Ozier.

Miss Blanche Parker of Cleburne is here for a visit with her cousins, Misses Johnnie B. and Maurine Vinson.

George Clifford of Houston is here for a visit with his mother, Mrs. W. T. Clifford, and other relatives.

Mr. and Mrs. W. L. Ball returned Tuesday evening of this week from a vacation spent in Denver, Colorado and neighboring points.

G. A. Anderson returned Tuesday of this week from Oklahoma City and Pauls Valley, Oklahoma, where he had been for a visit.

Mrs. H. K. Edwards and small children of Crowell are visiting with the parents of Mrs. Edwards, Mr. and Mrs. R. H. Alexander.

## MOVED

From my old location on Sully Street to my new warehouse on the Denver right-of-way near Stallings Coal Office, just North of the laundry. The new place is cool, clean and is large enough to care for your cream, eggs, hides and produce. I invite all my old friends (and a thousand new ones) to visit me in my new place.

HIGHEST CASH PRICES PAID AT ALL TIMES
