Big Increase In Donley School Census

Mrs. Josephine Crabtree Ball Winner of News Prize Ford

MRS. BALL WINS FORD, MRS. CANNON SECOND. HUNDREDS WATCH COUNT AND AWARDING OF PRIZES AT CLOSE

MISS RUBY DUCKETT WINNER OF THIRD GRAND AWARD AND MRS. EARL ALEXANDER FOURTH PRIZE WINNER. MRS. ROBERTS IS WINNER OF FIFTH AWARD. MRS. BALL AND MISS DUCKETT ARE WINNERS OF FIRST AND SECOND HALF EX- TRA GOLD PRIZES.

Ending in a blaze of glory an unshaken excitement after having held the unwavering interest of Clarendon and all of Donley County for a period of five weeks, the last chapter of The Clarendon News Opportunity Club was written last Saturday night with the presentation of the prizes to the fortunate winners.

The new Ford was won by Mrs. Josephine Crabtree Ball, who with the total of 6,549,250 credits led her nearest competitor, Mrs. Joe Cannon, by only a margin of 1,326,300 credits. Mrs. Cannon was close behind Mrs. Ball with a total of 5,222,950 credits. The whole race was a close one and anywhere in the standing just a few more subscriptions, in one or two cases even just three or four subscriptions turned in at the right time, would have made a whale of a difference.

Interest Was Intense
Not within the history of newspaper in the Panhandle has a campaign attracted such widespread interest and enthusiasm that was shown in the race which ended Saturday night. Rivalry was intense, but friendly all the way through, and it would be hard to find a better bunch of workers and who are all such good friends.

The campaign more than accomplished its purpose, that of circulation supremacy for The News in this trade area. Many hundreds of new paid-in-advance subscribers were added and better than ninety-five per cent of the subscriptions sold were for delivery in Donley County, which of course, is mighty good news to the advertisers.

So, in buying space in this newspaper henceforth, advertisers may be assured that their message will go into every worthwhile home and office in this trade area.

Thanks to Judges
The News is deeply appreciative of the work done by Messrs. Patman, Boykin and Alexander at the final count on Saturday night and takes this method of again thanking them. The number of credits cast by the club members and their friends were fairly staggering and when these official judges met to undertake the tabulation of the totals it would have been a discouragingly laborious job, but for the keen interest even they felt in the outcome of the race, and the knowledge they had of the popularity of the campaign in every section of the county.

The count of ballots was methodical and business-like, the selection of the judges was an admirable one and to them the campaign manager extends his thanks and felicitations. Nothing contributed more to the accuracy of the count than the systematic efforts of these gentlemen, who, with the aid of an adding machine, obtained the final totals in a remarkably short period of time. And the aggregate totals of all the club members reached enormous figures, well up in the millions.

Proud of Workers
The winners of all the prizes are well entitled to success for they demonstrated conclusively that persistence is a potent factor in any game in life and in distributing the valuable prizes among the workers The News gives value received for efforts in its behalf, yet the intrinsic value of the prizes is not the only consideration to these club members for in pursuance of their individual campaigns they have made many new and lasting friendships and have learned much that will be of value to them in time to come.

Of course it was inevitable that in a campaign of this kind they would not all of them win first prize and then club member understood that when they entered. Were it at all possible, we would gladly reward every club member with a new Ford.

Yet to those who worked so energetically in the campaign but failed to win the Ford, The News extends its genuine regrets. If the thanks of this newspaper can

in a measure lessen the disappointment of the losers, it is theirs. The remarkable fortitude displayed throughout the campaign at least reflects the belief that those who did not win first prize were good losers.

The News appreciates the kindly feelings of all those who entered the campaign, whether they finished first or last with thousands of credits or ten times ten thousand credits. There is a wholesome satisfaction in the thought that though we try for a goal and miss, yet our efforts were honestly put forth and we ran a good race.

To those whose energy has carried them through the campaign to success, The News extends its hearty congratulations. We are proud of all of the workers who have made this campaign such a big success and we hope that all the prize winners who have taken possession of their awards by right of conquest will in turn be proud of their awards.

All the ballots cast by each club member are at The News office and are open to public inspection. We have dealt with ladies and gentlemen, our relations have been pleasant throughout and they in turn have dealt with an institution, which, to the best of its ability, made the campaign one long to be remembered for its fair and wholesome quality.

The campaign was conducted for The News by the American Circulation Service of Dallas, Mr. V. Y. Scofield, General Manager, was in charge, the American Circulation Service again being selected for the second time to handle the campaign because of their long record of successful operation of newspaper campaigns in Texas and other nearby states, having so successfully conducted a like campaign for The News some years ago, naturally no other service or company could fill the place so satisfactorily. The fair and equal treatment accorded each club member was largely responsible for the tremendous success of the campaign.

"Out of Court" is Enjoyed Monday

The final play of the season, "Out of Court," was one of the most enjoyed events of the nature that has been presented in the College Auditorium this season. Staged by Miss Rita Foster with College and High School students as her characters, the play has been acclaimed a success in both a financial and a production manner.

James Smith in the role of Remus and Marie Trostle as Memory added the humorous phrases to the play and took away the tedium that might have been found without their services. The heroine of the play was acted capably by Miss Betty Weatherly who finally succeeded in carrying off the hero, whose role was played by Lawson Vinson. Miss Julia Taylor took two parts in the play and filled both of them in her usual excellent manner. Fred Bourland also took more than one part. Jewel Bailey was another character in a dual role who filled her place with credit. William Wilder was cast in a new role and filled his place creditably. Other characters of importance will include Ozella Hunt, Billy Jo Terrell, Ross Beville, Billie Word and Helen Baley.

Music was furnished throughout the evening by the High School Band under the direction of E. M. Lindsey. All of the players are local residents and as such, promise much if there is an organization perfected here for a Little Theater, as has been suggested by some of the organizations of the city.

GOLF EXTENSION PLANS NEAR CLOSE

VERY FEW NEW MEMBERS
NEEDED TO INSURE EX-
PANSION OF HILLCROFT.

After many weeks of solicitation the lists of membership in the proposed new Hillcroft Golf Club is about closed, as only a half dozen names are now needed to insure the expansion program as planned. Messrs. Patman, Kennedy and Gentry say that the required seventy-five names should be secured by the end of the week, and then the committee will report to the president and secretary who will call a meeting of the new and old members to conclude the details of the greater organization and elect officers for the new year.

According to the plan outlined seventy-five members are to be secured at \$250 per membership, which may be paid in cash or installments. The funds thus secured will be used to buy the present golf grounds from the Buzbee estate, and to build a commodious club house with all modern conveniences. In the plans are recreational facilities such as swimming pool, croquet grounds, tennis courts, etc. The club house will be equipped for entertaining and by reason of its accessibility will become the social center of the community for those families who belong.

DUKE CONNALLY DIED TODAY

As we go to press The News learns that Duke Connally died at the home of his parents, Mr. and Mrs. Tom E. Connally, shortly after noon today. No funeral arrangements have as yet been announced. The News joins in sympathy to the bereaved family.

106 Babies Are in This District

While completing the school census, the census takers also took the number of year-old babies found in the homes of the Clarendon Independent School District. 106 babies were found in the district alone, all of them under one year of age. This does not include those who were slightly more than one year of age, or does not include those who have been born since the census was completed.

Mr. Burton, who gave the News the figures mentioned here, stated that the number over the entire community should be many times this number and that the schools of the county would be showing a great increase in a few years from now when this crop of youngsters reached the age when they could attend school.

BENEFIT BALL GAME IS POSTPONED TO FRIDAY

The benefit baseball game that was scheduled for play here this afternoon has been called off for this week and will be played on Friday, May 3rd, instead. The Captains of the two sides made this arrangement and the supporters of the two teams are urged to have their line-ups ready to take the field on the appointed day. No player will be allowed on the diamond who is less than thirty years of age. The proceeds of the game will be divided equally between the Cemetery and the Home Economics Department of the Clarendon High School.

The East Side is captained by Homer Mulkey and is to be composed of the following men: Walter Taylor, Floyd Lumpkin, A. A. Mays, W. J. Greene, R. L. Bigger and H. T. Burton. Vacancies will be filled later.

The West Side is captained by G. G. Kemp and will have the following line-up: W. C. McDonald, Holman Kennedy, Fred Rathjen, R. H. Beville, Selden Bagby, Frank Whitlock, D. B. Pope and R. E. Drennan.

Mrs. Walter Dyer returned to her home here the fore part of this week after spending the weekend in Amarillo with her daughter, Mrs. Jack Rutherford.

Mrs. Olin Walker and little daughter of Amarillo were guests in the home of the lady's parents, Mr. and Mrs. W. B. Sims, last week.

Special Showing Highly Pleasing

The first annual showings staged in Clarendon by the co-operation of the General Motors Dealers in Clarendon was one of the biggest successes ever held in Clarendon. Estimates placed on the number of visitors will vary, but the consensus of opinion has it that there were near 1,000 people passed through the showrooms while the cars were on display.

The opening of the showing was preceded by a parade on Kearney Street, participated in by more than fifty cars of the General Motors varieties. The parade was led by the Clarendon band, which later played a concert before the Almond Chevrolet building, the site of the special showing.

Favors were given all who entered the place, flowers for the ladies and smokes for the men. Two hundred and four people registered during the afternoon and evening of the showing and it is thought that no more than one in four or five stopped long enough to sign their names on the list. Through the evening, the visitors were entertained with radio and phonograph music.

LINDSEY GOES TO OLDEN, TEX.

LOCAL BAND DIRECTOR RE-
SIGNS POST TO HEAD OIL
CO. BAND.

Bandmaster E. M. Lindsey resigned his position here as director of the Clarendon Municipal Band and will leave Saturday for Olden, Texas, where he will assume charge of the Magnolia Petroleum Company Band at that place.

Mr. Lindsey has been in charge of the local band for near three years and has made a great record here, having won a number of prizes in competition with other bands of West Texas. He will

BANDMASTER E. M. LINDSEY

be greatly missed and the chamber of commerce will be hard put to it to secure another director of equal ability. Mr. Lindsey's family will accompany him with the exception of Marvin, his oldest son, who will remain here until the close of school, being a member of the graduating class in Clarendon High School.

Olden is an oil town situated about half way between Eastland and Ranger on the Texas and Pacific railroad, and is the West Texas headquarters of the Magnolia Petroleum Company. The company band is an organization of thirty-five pieces of the usual standard maintained by that corporation and Mr. Lindsey got the job over a number of applicants and at a substantial increase in salary over that paid here.

In an interview with the News editor, Mr. Lindsey said that he and Mrs. Lindsey and the boys had never lived in a place where they had so many close friends and where it was such a task to tear away from their associates, and that they all desired to express their thanks and appreciation for the neighborliness and friendships formed while here.

As a token of appreciation within their church circles, a farewell reception is being tendered them at the Baptist Church tonight.

DISTRICT COURT COMPLETES TASK

COURT ADJOURNS HERE THIS
WEEK TO END SPRING
TERM.

The Spring term of District Court for 1929 was drawn to a close here this week with the trial of a lone civil case for the week. The work done here has been highly satisfactory and the docket is well cleaned for the work of the Fall term that will be held here in October.

A number of rather important cases have met with disposition during this term, the greatest probably being the case of the State of Texas vs. Joe Dunwoody, which resulted in a verdict of guilty with a penalty of 99 years being assessed. In all, fifteen cases have been disposed of in some manner. Two of these have been found not guilty; four have been found guilty and the remaining nine cases have been dismissed. New billings were made on a part of the dismissed cases. One dismissal was due to the death of the defendant.

The civil docket is almost as clean as is the criminal, with only a very few cases that were not ready for trial in this term of court. This part of the docket also met with heavy losses during this term of court.

DONLEY MEN GO TO WAYSIDE MEET

COMMISSIONER YOUNGBLOOD
NAMED ON ROAD COM-
MITTEE FROM COUNTIES.

J. W. Martin and Secretary G. L. Boykin of the chamber of commerce, represented Donley County at the meeting and dinner held at Wayside Park Friday of last week, looking to the establishment of scenic highways into the Palo Duro Canyon and the final securing of one or more parks in the same area.

A wonderful picnic dinner was prepared by the women of the Wayside community and the Kiwanis Club of Tulsa also contributed to the entertainment of the near three hundred who attended from the counties contiguous to the canyon. Dr. J. W. Stevens, vice president of the Panhandle-Plains, Inc., presided.

When a committee was authorized to represent the commissioners courts of the interested counties, Judge O. R. Tipps of Silverton was made Chairman and Henry Youngblood was named to represent the commissioners court of Donley County. Their duties are to work in conjunction with the highway commission to secure a survey through the canyon of the proposed scenic routes.

REV. MCKEE TO BE INSTALLED SUNDAY

FORMAL PLACEMENT OF LO-
CAL PASTOR TO BE HELD
HERE SUNDAY.

At the recent meeting of the Dallas Presbytery at Dallas, Rev. Robert S. McKee was officially received into the Presbytery and April 28th was the date set for his official reception into the Clarendon Church. Rev. Herbert S. Springall, Superintendent of Missions, of Dallas and Rev. Jan A. McMurray of Quanah will represent the Dallas Presbytery in the installation services. Both services will be used in the installation program.

Dr. Springall will preside over the meeting, propound the constitutional questions and charge the congregation. Dr. McMurray will preach and charge the pastor. Special music is being arranged for morning and evening services. While in this section of the state, Rev. Springall will act with Rev. McKee as the commission for the installation of Rev. Fred Clark as pastor of the Clayton Presbyterian Church.

Junior College Tax Finds Local Favor

According to reports from members of the board of trustees of the Clarendon Independent School District and from expressions heard at random on the streets, there is a growing sentiment in favor of some sort of tax levy to care for the needs of Clarendon Junior College. Many feel that if funds are required the tax is the only equitable way of taking care of the demand.

There is some sentiment for a county-wide tax levy under the new law but there are many who doubt if such a tax could be carried. There is little understanding of the status and workings of a junior college and the proponents of the tax would enter the election under a severe handicap. President F. E. Chamberlain and the members of the school board will appreciate a frank expression of opinion from all residents of the district as it is a serious problem just how to finance the college and as public servants they are anxious to carry out the popular will.

CLARK IS NAMED DEAN OF COLLEGE

W. A. CLARK OF PLEMONS
SELECTED TO TAKE THE
HEAD OF C. J. C.

W. A. Clark, Superintendent of Public Schools at Plemons, has accepted the position of Dean of Clarendon College, effective at the opening of the term of school here in September. Mr. Clark will be remembered as a member of the faculty of old Clarendon College. For the past few years he has served in the capacity of superintendent of schools at Spearman, White Deer and Plemons, where he is now completing the year.

Mr. Clark is a well educated man, having a B. S. Degree from Milford University; B. A. from Clarendon College, M. A. from Southwestern University, with some post-graduate work to his credit in the University of California.

Mr. Clark is well known over the Panhandle and comes to Clarendon highly recommended for the place he will fill.

Sunday Set Aside For Boy Scouts

Beginning with a program at 2:00 o'clock Sunday afternoon when the troop at Goldston will be invested with their rights as Boy Scouts, the Jericho Farm Patrol will be given their tenderfoot badges and the day will be completed when the members of Troop 2 of Clarendon will have charge of the evening services at the Methodist Church.

A group of Scout workers from Clarendon will be in attendance on the work at the Goldston School House when the Goldston and Jericho boys will be given their recognition as scouts. Officials of the Council will present their charter and authorize them to go to work and do their work well. The Jericho Farm Patrol will have their councilor installed and will receive their tenderfoot badges.

In Clarendon, the program will be in the hands of Dr. J. G. Sherman. Mr. Jolly will be with the men and boys in both the meetings.

REV. ALLISON TO ATTEND GENERAL BOARD MEET

Rev. S. E. Allison, pastor of the First Methodist Church of this city, is leaving Sunday evening for Louisville, Kentucky, where he will attend a meeting of the General Board of Church Extension. Rev. Allison is a member of this board, representing this section of the state of Texas. On his return trip he will visit a brother at Americus, Georgia, and is expecting to reach his home here by May 11th.

SCHOOL CENSUS NEAR 3,000 MARK

SPLENDID GAIN REPORTED
AS FINAL FIGURES ARE
CHECKED.

The school census for the present year presents a gain of 323 students over the census for the past year, according to figures made available when the report was checked by the Commissioners Court Wednesday of this week. Final figures for the year indicate that there are 2,940 scholastics in the county as against 2,617 for the report of last year.

One of the greatest gains recorded is found in the Common school districts, where 1,298 students are reported, registering a gain of 150 students over last year. The Clarendon Independent School District shows a big gain with 940 scholastics for this year against 777 for the last census. Hedley again comes in with a gain of 12, the same as reported for 1928. They now have 441 scholastics. Lela Lake gains one student, having reported 246 last year and having 247 in the school age for this season.

In the Common schools, Goldston is the largest with an enrollment of 137 students; Ashtola is second with 136, McKnight is third with 125 and the remainder of the common schools of the county have less than one hundred students. The Bairfield school is the smallest in the county, having three students on their census list.

Mr. and Mrs. Fonn Bourland and F. W. Fournwalt of McLean were here Monday to meet J. W. Medley of Fort Worth. Mr. Medley is here for a visit in the Bourland home.

Two Local Entries in Meet at Canyon

Clarendon Schools will be represented next Friday and Saturday in the Great Plains Track and Field Meet to be held at Canyon at the West Texas State Teachers College by Loran Naylor, from the Junior College, and Billie Dillard from the High School.

Naylor will enter four events in the college division—the high and low hurdles and the high and broad jump. Loran has a very high record in these events and is expected to win a number of first places for the Green and White.

Billie Dillard for C. H. S. will enter the low hurdles, the 100 yard dash, the shot put and the 220 yard dash. In high school circles Dillard has hung up an impressive record, having just won the district honors in hurdle events, and is expected to be a blue ribbon man in the meet at Canyon.

A number of local sportsmen will attend the meet.

HILLCROFTERS WIN SUN- DAY PLAY AT SHAMROCK

Thirteen players from Clarendon proved that the number was lucky for them when they met the Cole Creek Country Club players on their home grounds last Sunday afternoon and defeated them in seven of the thirteen matches played. The visitors were royally entertained, being given their luncheons in the Cole Creek Country Club house. A return tournament is promised in the very near future.

Clarendon players winning their matches are: Meredith Gentry, A. N. Wood, W. A. Wilson, J. T. Patman, Fred Buntin, Holman Kennedy and Phillips Gentry. Clarendon players losing their matches are: Forrest Taylor, Ira Merchant, R. C. Weatherly Sr., Clarence Miller and Homer Parsons.

JONES SAYS SEASON IS EARLIEST IN 28 YEARS

T. Jones, old time resident of this city, stopped a member of the News force one day this week and stated that the season this year is the earliest he has seen for the past 28 years. Mr. Jones should know about the season as he is a veteran grower of plants of all sorts, stating that his specimens were about thirty days ahead of the usual season.

PANHANDLE PRESS ASSOCIATION

Here of late there has been a growing tendency to disregard the stop signs and other traffic regulations in and about Clarendon. Even with all care there are far too many accidents, and if a halt isn't called we are going to reap a terrific toll of blood and maybe, death. A reckless driver is a menace to the life and limb of every resident in this community, and should be made to feel his ostracism.

Clarendon has never been more beautiful than she is becoming this Spring. Trees and shrubbery are out in full leaf and even the Locust trees are in the most prolific bloom witnessed in years. The perfume of these and other blossoms pervade the entire community and gladden the hearts of those who know and love nature. Clarendon is without a peer among the cities of the Southwest for genuine beauty and loveliness.

Clarendon merchants are becoming noted for the service they are rendering in their many and varied lines of business and in co-operation with newspaper advertising are widening out this city's trade territory and adding to the volume of annual sales. From observation we can truthfully say that there is no city under five thousand population in the Panhandle of Texas with such up-to-date stores, such standard lines of merchandise and such uniform methods of modern salesmanship and courtesy. Clarendon stores are much above the average.

Debating is one of the most helpful exercises the youth of today engages in as a part of the school activities, and every student should avail themselves of its aids to poise, logical thinking and expression. The News feels that the *Hedley* public school should be especially commended for their emphasis and record in the matter of debating this year in Donley County. Athletics, all in all, are splendid avenues of training and probably draws more public attention, but we should not lose sight of the most important work of developing the youth of this land in the practical arts of logic and speech.

The News staff welcomes the hundreds of new readers added during our circulation campaign. We welcome you into the big family of News readers and assure you that you will find our news service based on a sincere effort to faithfully portray, without fear or favor, the news of Clarendon and Donley County. You will find our advertisers honest and painstaking in their service as offered through these columns, and you will find our editorial policy based on an honest desire to build up character, and to advance the interests of our city and our county. Being human this staff cannot guarantee that we will never make a mistake in statement or policy, but we do guarantee that if we make a mistake we will not hesitate to set it right. The News is a Home Paper for Home People and we believe no newspaper has a more loyal weekly clientele than it has today. We welcome you, one and all.

BETTING

"Is betting always wrong—very wrong, I mean?" asked a boy of his father the other day.

"Well, let's see," said the father. "There isn't any doubt that it is wrong to bet as a means of making your living, is there? The professional gambler, who does nothing useful to justify his existence, and keeps himself alive by taking money away from other people that he hasn't earned by any form of service, hasn't any case, has he?"

"Of course not," said the boy. "I didn't mean gambling. I just meant little bets on little unimportant things, just to make them more interesting—things like football games or golf games you know."

"Do you feel any better after you've played as good a game of golf as you know how, and been beaten, to pay the other fellow a handful of money for beating you?"

"No, of course not; that makes it harder, but—"

"Wait a minute. Do you enjoy a hard-won victory any better for putting your hand in your friend's pocket and taking his money?"

No, father. It isn't that. But doesn't it give a little more excitement to the game—make it more fun while it lasts?"

"You've put your finger on it, son. Betting is a stimulant. It makes what you're doing more exciting than it ought to be. A stimulant is something a healthy boy or man doesn't need. If he craves stimulant, there's something not quite right about his body or point of view. It doesn't take much of a stimulant to intoxicate you. Before you've taken a stimulant long you get the habit, and you need more of it. Even if there isn't the present danger of losing more than you can afford, or winning what the other fellow can't afford to pay, there is the certain danger of picking up a habit that will end by carrying you beyond your depth financially or making you incapable of enjoying anything without a dash of false 'excitement.' Betting is like drinking, son. You'd better leave it alone, if you want to keep healthy and sane and your own master.

Pretty good advice, isn't it?—Youth's Companion.

The Town Doctor

(The Doctor of Towns)

MANY TOWNS ARE LIKE SOME MERCHANTS—

They spend much time and money trying to attract new business when they are not getting all there is to get out of the business they already have.

There is, in the advertising business, what is called the "Golden Triangle" of every mercantile establishment. It is that space in front of the store where people who pass can see the store entrance and the windows. It is the vital point in every retail business, for no merchant can sell his wares (excluding mail order and telephone orders) unless the people come into the store. The advertising to reach the area so named is what is called "Point of Purchase" advertising. Its purpose is to stop the passerby, which is the one big reason for show windows and window displays. Through this medium the merchant attempts to attract attention, then create a desire to enter the store. American people buy by eye—what the eye doesn't see, the heart doesn't fancy.

Towns are exactly like stores in this general respect. If a town got all of the business from the traffic it already has, it is ten to one that it would never have to spend any money for additional business. But as long as there are towns, and the people in them remain human, they will probably continue to go out after more customers when they have not got all there is to be had from the traffic they already have.

Let us take automobile traffic as one angle of revenue or business for a town. Every strange automobile that passes through your city is worth a goodly sum—much more than most people think—but you must stop the car and get the passengers out of it, if you are going to get their business. Twenty per cent of those people who tour by motor car are in the market for or can be sold a new location. Every motorist can be made to be the cause for more motorists coming to your town. An analysis of this means of town income shows many surprising facts, chief of which is first, that very few towns recognize the business that can be had from it.

One morning a few years ago I left Chicago very early for points east. To save time and avoid traffic I took a back road, but much to my chagrin I encountered a freight train whose engineer evidently had no place to go and was in no hurry to get there. The half hour that I was delayed I have never regretted, for while waiting there I saw that which to me is and always will be a picture in life of wonderful significance.

Just inside the fence from where I sat parked lay a calf of less than six months of age, lazily dozing in the morning sunshine. The morning was warm and the flies were more than numerous. Around the calf were many goslings, one of which was some five feet away or more, lazily sunning himself with eyes half open, but occasionally rousing sufficiently to pick off a fly that came unsuspectingly close enough. Another little fellow had settled himself directly adjacent to and up against that which soon would be someone's veal steak, and was fast asleep. Had the calf moved, one little duck would have been no more. Two other little downy ones with much vim and quacking endurance were chasing their fool legs off trying to run down, overtake and devour elusive insects that were far too clever for them—BUT—there was another little duck standing at that portion of the reclining calf's anatomy where swish of tail and toss of head failed to disturb him, picking hundreds of flies off the calf's back—in other words, taking advantage of an opportunity.

To me the calf was a highway, the flies were motorists, and the goslings were towns, each in a true-to-form stage of wakefulness, activity and resourcefulness.

Your town is one of those ducks.

In a recent meeting of the Texas Federation of Women's Clubs a resolution was adopted asking for a law which would bar children of immature years from Texas courts when cases of salacious testimony were being tried. It is said that at the recent trial of a murder case in Tyler, where marital infidelity played a prominent part in the testimony the courtroom was crowded by scores of the immature of both sexes. The women are right. We should have a law barring boys and girls from such trials. They get too much of such stories of illicit love even in the daily press, without allowing them the maudlin pleasure of hearing it first hand in the courtroom. It is a serious matter and should have the attention and interest of all who hold dear the welfare of the home and the future citizens of this nation. Let's have the law.

NOTED WRITER SPEAKS OF DONLEY'S DISTRICT JUDGE

The *Cleburne Times-Review* of Sunday, April 7th has the following to say concerning Hon. A. J. Fires of the 100th Judicial District comprising Donley, Collingsworth, Childress and Hall Counties. The article comes from the pen of Hugh Nugent Fitzgerald, editorial writer for the *Marsh* Feutress line of newspapers:

"Fires is perhaps the most picturesque survivor of the builders and pioneers of the Panhandle country. He is a man of deep learning and high culture, as rugged as the Rock of Ages and as courageous as that famed Richard of the Lion Heart. He was perhaps the first youthful lawyer to invade the wilderness of the Panhandle. He lived in a dugout, he carried his six-shooter and his Winchester and if there were bad men in those days looking for trouble Fires was there with his convictions, his courage, his arsenal and his warning. He never picked a row. He never evaded a row. He was for government of and by the law and in time he became known as one of the most brilliant trial court lawyers in a vast section of territory.

"The range was free when A. J. Fires invaded the west. There were no railroads, Buffalo and antelope and the mustang and the wild turkey were everywhere in evidence. Fires has a history that would make a wild west thriller, but he is a modest man. He does not believe in fulsome publicity and he goes his way today as he did when he lived in a dugout and braved the dangers of what was known as a wild and woolly frontier."

In 1927 the domestic exports from Texas amounted to \$647,000,000.

STORM MONTH

April has been termed the storm month and you read in the daily papers of damage being done over the country by storms and tornadoes. The next one may be in Donley County. See that you have this protection at the small cost of 20c to 40c per hundred and be prepared when it comes. Better check up on your fire insurance and see if you have plenty to cover your loss in case of a fire—very few have enough protection on their household effects—you have been adding new furniture, radios and other musical instruments, perhaps and have failed to increase your insurance.

See us for Insurance of all kinds and bonds.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

THE NEW A B C OF POULTRY RAISING

The Question of Vitamins and Their Value in Poultry Feeding is of Paramount Importance.

"Professor," inquired a student in one of our agricultural colleges, "you say we don't know what vitamins are; then, how do we know there are any?" "Do you know what life is?" retorted the instructor. When the pupil admitted that he did not, the professor crisply retorted, "Still, you're reasonably sure that you're living, aren't you?" In that reply lies the key to a proper understanding of the subject of vitamins by poultry raisers. True, we don't know what they are, but we know what they will accomplish and that is the main thing after all.

Of the four known vitamins, A, B, C, and D, proper understanding of the functions of the first and fourth is of paramount importance to poultry raisers. The other two may be ignored, as B is present in the outer covering of all grains and chickens do not seem to need vitamin C at all.

If feed is deficient in vitamin A, a disease called nutritional roup may develop. Mature birds affected in this way will die in from four to twelve months and young chickens in from four to eight weeks. Since feeding the proper ration of vitamin A means a very considerable protection against this disease, it may be seen that a proper understanding of the sources of this important vitamin is something worth considering.

Vitamin A is produced in all plants that grow in sunlight and is stored in the part that shows a green or yellow color at maturity. Thus we find it in yellow corn, the outer leaves of cabbage, the leaves of alfalfa and similar plants, in yellow carrots and in sprouted oats, if they are sprouted in the presence of enough sunlight to insure a good green color. Any other kind are valueless. These are not the only sources of vitamin A, but they are the ones principally used in poultry feeding. Strangely enough, drying does not affect the vitamin content of vegetable products, a fact which accounts for the value of alfalfa hay, and meal, when used for winter feeding.

Another valuable source of vitamin A is Cod Liver Oil. When a sufficient quantity of the products mentioned above cannot be obtained, Cod Liver Oil at the rate of about 2 per cent may be added to the mash to provide the necessary vitamin A content and also the equally valuable vitamin D.

Vitamin D, just mentioned, is important because without it the mineral elements of the fowls' ration intended to supply bone and egg shell will simply pass through the system unused. In young chicks this appears as "leg weakness" or, more properly, rickets. Older fowls show a similar weak-

ness when they are not getting enough vitamin D. They will also lay eggs with soft or extremely thin shells. Their eggs will also prove deficient in hatching qualities.

A peculiarity of vitamin D is that it can be formed both in the feed or in the bodies of the birds themselves when exposed to direct sunlight. It must be direct sunlight, however, as only the ultra-violet rays produce vitamin D and they cannot pass through ordinary window glass. The part played by ultra-violet rays in developing this necessary vitamin has been definitely established by experiments in the University of Kansas. Hens which were kept away from natural sunlight but exposed 20 minutes daily to artificially produced ultra-violet rays laid a normal number of eggs with satisfactory hatchability.

As previously mentioned, Cod Liver Oil contains vitamin D and if mixed in the same proportion as recommended for supplying vitamin A, it will supply the other one also. The oil is not an altogether dependable source of vitamin D, however. Some grades do not contain enough of it to be of any real value. So, whether you feed oil or not, see that your fowls get as much sunshine as possible. Let them out in the open whenever possible. Shelter them in the open front type of house and keep it open as much as the weather will permit. When the house must be closed totally or in part, instead of glass use the new glass substitutes, which allow the ultra violet rays pass through. Then your hens will be healthy and strong. They will lay more plentifully; then eggs will hatch better and the chicks will be free from many weaknesses.

Thus it appears that the subject of vitamins is a fairly simple one after all. Even if nobody does know anything about their chemical makeup, it is easy to see how they work and how to utilize their valuable properties in the proper nourishing of the poultry flock.

MAKING MONEY MOVE

It took sixteen minutes the other day for the sum of \$100,000 to travel the distance of 3,412 miles. The transaction took place by tele-photograph when Cecil De Mille, motion picture producer, transferred a check for \$100,000, which he had on deposit at the Bank of America in New York City, to the Bank of Italy National Trust and Savings Association at Los Angeles. In just eight minutes from the time that the check was photographed in Los Angeles and put on the wire, it was received in New York. Eight minutes later after the signature had been identified, the Bank of Italy received a telegram to pay Mr. DeMille the \$100,000. Thus by the telephotograph service, it can be said that money literally does fly.

In 1928 Texas produced and marketed 2,830,000 quarts of strawberries valued at \$566,000, 91,900 tons of cabbage valued at \$1,760,000, 5,000,000 bushels of spinach valued at \$2,250,000.

SPRING SHOWING OF GENERAL MOTORS CARS

A nation-wide exhibition of all General Motors passenger cars, to take place during the week beginning April 20th and ending April 27th, was an innovation announced today by Alfred P. Sloan, Jr., President of General Motors. The exhibition is to be known as the General Motors Spring Showing, and from the plans already outlined promises to be the largest and most comprehensive showing in the history of the automobile industry.

Twenty-three thousand General Motors dealers are to participate in the event, each acting as an individual exhibitor of the line of cars he merchandises in his particular location. Alloting a minimum of five display cars for each dealer, this will mean that during the week more than 125,000 General Motors cars will be on view simultaneously. The event will be suitably announced by nationwide magazine, newspaper and outdoor advertising. The Corporation's motor car divisions—Cadillac, Buick, Oldsmobile, Oakland and Chevrolet are co-operating to make this Spring Showing a memorable event.

For two years past General Motors has sponsored special showings at the time of the National Automobile Shows in New York and Chicago in which its entire line of products has been represented. These events have produced a great impression and have attracted an attendance comparable with that of the National Shows themselves. Recognizing the public's interest in these undertakings, it is decided that the various communities all over the country would appreciate similar showings in their own locations. Thus the idea of Spring Showing Week was conceived and by means of it General Motors will in effect bring a miniature automobile show to every community, thereby emphasizing the fact that within its own organization there is a car for every purpose.

In commenting upon this program, Alfred P. Sloan, Jr., President, General Motors, said: "I am sure that General Motors has every reason to feel proud of the accomplishment of our organization as evidenced by the products which we are exhibiting in every community of the country as a part of our 'Spring Showing Week.' Our organization has worked industriously and conscientiously and with every facility at its command, in the development of the products presented. They have not been the result of a month's or a year's effort. On the contrary they represent accumulated experience of a large

In addition to the public schools and state supported higher institutions of learning, there are in Texas more than 100 educational institutions of university, college and sub-college rank supported by churches, private individuals and endowments.

staff who have been intensively studying each individual part of the problem for a great many years. It is only through such accumulated experience or actual contact with the problem that the present result is possible. Every time I look at the modern motor car and consider the value that the public receives, I am always greatly impressed with what this great industry has accomplished during the relatively few years of its existence. Irrespective, however, of how General Motors products may be appraised today, our organization has constantly before it the General Motors policy of offering increasing value, through evolution, as circumstances make possible. By striving always for something better, something better will surely result. As a matter of fact, I think that this spirit has a great deal to do with the tremendous prosperity that this country is enjoying."

RECENT RAINS IMPROVE TEXAS RANGE OUTLOOK

Austin, Texas, April 22.—Rains and warm weather have improved the cattle ranges in Texas during the last month and the outlook for the livestock industry is very much brighter than it was six weeks ago, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"Animals are putting on flesh rapidly and it now appears that the spring movement of grass fat cattle will start earlier than was thought possible a month ago," Mr. Nichols said. "Winter losses were very small this year, despite the fact that ranges were unusually poor and considerable feed was necessary. If prices hold at present levels, this should be a satisfactory year for the industry."

CLARK CHAPMAN AGAIN HEADS MERIT WINNERS

Clark Chapman, Boy Scout of Wellington, was again the high point Scout at the meeting of the Southeast Panhandle Council on April 12th. Edwin Parker scored second and one boy was passed to the Star Scout rank. The following list of men assisted in passing the boys to their respective places:

Twenty-one men as merit badge counselors were used in passing the tests by these boys: A. M. Duvall, Dr. E. W. Moss, Lee Clifton, Aaron Edgar, G. Ward Moody, Lee O'Neil, B. T. Handley, Neb Austin, E. E. Turner, Dr. Clifton E. High, S. R. Pinkston, C. C. Stinson (County Agent), Oran Starkey, Ben H. Mosley, R. E. Sammons (Game Warden), C. C. Brown (Liddle Community), Drs. Hamer and Gallant, Shamrock.

The following boys of the First Class Rank Scouts passed Merit Badges:

Clark Chapman: Farm Records and Bookkeeping, Soil Management, Woodcarving, First Aid, Stalking, Leathercraft, Painting, Bugling, Cooking, Masonry, Fruit Culture, Sheep Farming, Bookbinding, Horsemanship, Metal Work, Pioneering.

Harold Hardy: Wood Carving, Carpentry, Personal Health, Painting.

Herbert Lindsey: Painting, Music, Firemanship, Safety, Cooking, Signaling, Electricity.

Cecil Maston: Firemanship, Personal Health, Carpentry, Woodcarving, Painting, Bookbinding, Pathfinding, Cycling.

Edwin Parker: Firemanship, Bird Study, Cooking, Pathfinding, Carpentry, Personal Health.

Joe Parker: Personal Health, Wood Carving, Carpentry, Bookbinding, Pathfinding, Painting.

Dale Watkins (Star Rank): Carpentry, Woodcarving, Firemanship, Pathfinding, Bookbinding.

The following Second Class Scouts received Merit Badges. Second Class Scouts have thirty subjects from which they can select five:

Leon Harvey (Shamrock): Personal Health, Public Health, E. K. Jones: Bookbinding, Music, Pathfinding.

G. W. Poteet: Carpentry, Woodcarving.

Otis Riley: Carpentry, Woodcarving, Firemanship, Painting.

James Sullivan: Printing, Firemanship, Safety.

Hiram Cudd: Painting, Carpentry, Firemanship, Woodcarving, Bookbinding.

Dysart Holcomb: Pathfinding, Bookkeeping.

H. A. Holcomb, Jr.: Bookbinding, Pathfinding.

Clyde Plemmons: Woodcarving.

COLOR TO WOMAN IS MAGIC SAYS CLOTHING AUTHORITY

"The pot of gold at the end of the rainbow is only a legend, but to the fortunate woman who can wisely choose, the colors in the rainbow are worth a pot of gold for their part in enhancing her charms and reflecting her loveliness. With the passing of dull and colorless winter woman should take a lesson from nature, enter into the spirit of spring, and put on new color in the clothes she wears."

Pointing out that shops are full of the new and beautiful spring colors, Mrs. Dora R. Barnes, clothing specialist in the A. and M. College Extension Service, gives a few hints to women on the magic of color. "Color can make us happy or unhappy," she says. "It is one of the most important factors in selecting a costume, gives it life and feeling and expresses the personality of the wearer more than any other one factor. Since colors spell the individual mood and personality they should be an expression of one's best thoughts; charm and delight the wearer as well as the observer; and fit in harmoniously with the wearer's surroundings."

"Colors related to each other always go well together. Yellow and green combine well because green is made of blue and yellow. The more yellow in the green the greater the harmony. Colors also combine well with their complements. For example, blue and orange go well together because yellow is the complement of blue. Dull, sombre colors make one very retiring while bright, gay colors make one more cheerful and aggressive. A little retiring woman dressed in gray sinks into the background, but note the effect of bright red on a very aggressive girl."

"Of all the browns," says Mrs. Barnes, "sherry brown is the newest, smartest shade. Beautiful blues are more diverse than usual, ranging from the bright to a grayish blue. The greens are soft this year, and red still follows the wine shades."

British Columbia leads the provinces of Canada in the matter of telephone development, having 18.7 telephones per one hundred population.

Ysleta, near El Paso, is the oldest town in Texas. It was founded in 1682.

Painting, Carpentry, Firemanship, Safety.

Venus Gillespie: Painting and Firemanship.

Clifford Dickerson: Painting.

ONE SIXTH OF TRAVEL MONEY GOES TO ROADS

PROSPERITY AND NATION'S GREATEST INDUSTRY DEPEND ON HIGHWAYS.

By E. E. Duffy.

American motorists annually are paying only about one and a half cents per mile of travel for street and road improvements.

During 1928, the motor car registration was roughly 24,000,000. These cars averaged in the neighborhood of 5,000 miles of travel. A conservative estimate of operating expenses places the 1928 automobile costs, which include gasoline, taxes, upkeep and so on, at \$12,000,000,000.

Of this sum only two billions, or one-sixth, was expended for all road and street improvements.

Industrial economists and highway authorities point out that with both pleasure and commercial traffic increasing by leaps and bounds, the annual highway expenditure must be increased. Conservative figures show that the United States, with 78 per cent of the world's automobiles, spends altogether for new cars, repairs, fuel, truck drivers' and chauffeurs' salaries, insurance and other items, no less than 14 billion dollars yearly.

Consider with this overwhelming figure, the investment to date in dealers' establishments and storage and servicing garages, gasoline filling stations, and the money invested in cars purchased prior to 1928, all of a total of about 25 billions.

Manufacturing motor cars has for some years been the nation's chief industry. In 1928 more than 4,000,000 people were engaged in one way or another in producing materials and in manufacturing 4,600,000 passengers, trucks and busses, worth in excess of three and one-half billion dollars.

And this tremendous motor industry, which is responsible in large measure for current prosperity, is dependent upon the highway improvements is not only investing in comfort, convenience and economy for the car user, but it is also an insurance against the return of those poverty stricken days when shirts with 20 removable bosoms were a godsend.

OIL FLOW IN TEXAS GAINS IN FEBRUARY

Austin Texas, March 25.—Daily average flow of petroleum in Texas increased from 763,000 barrels in January to 789,000 barrels in February, compared to 653,000 barrels in February, 1928, according to Bernard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Texas.

"An important development is the decline in field work," Mr. Nichols said. "During the month, 556 new wells were completed, compared to 653 completions in February a year ago. Three hundred of the new wells were producers, or the same number as in February, 1928. It is interesting to note that the percentage of successful wells is very much higher this year than last. Crude prices were about unchanged, but gasoline prices declined. The decline is due largely to the 'rate war' on the Pacific Coast between some of the larger distributors."

Protect Your Purse 3c

HOME IMPROVEMENT IS ESSENTIAL TO FARM LIFE

"Bringing the Kitchen up to Date," was the subject of a short talk by Miss Grace Marion Smith Tuesday morning, Feb. 12th.

"In the old time farm home," she said, "the kitchens were large because nearly everything was done in the kitchen—cooking, spinning, washing, ironing, even visiting."

She said that the kitchen should be a place for only one thing, the preparing and serving of food, and it should be so planned that it will be easy to do the work in.

It is sometimes an advantage to have a dining room, she declared, as it enables us to get away from the heat while dining. When men on the farm come into the kitchen and take off their clothing, the dust scatters and that is unsanitary. They should have another room for that purpose.

"Many matters must be considered in deciding the size of the kitchen," she said. "If our kitchen is too large it may be possible to cut off a pantry and a laundry room and so make things more convenient."

With the assistance of a chart, Miss Smith outlined the work that must be provided for in deciding the location of the sink, stove, storage room, garbage receptacle, table, etc., so as to save steps in preparing a meal and in washing the dishes and putting them away.

Keeping the well sanitary is extremely important, she declared. Surface water must not be allowed to seep in and pollute the drinking water.

"Every kitchen should have a sink," she added, "and every kitchen should have a drain. It is much harder to carry out dirty water than it is to carry in clean water."

"We go through life saying, 'I will do this thing or that thing but I can't do it now,' and it never gets done. We don't need to do it all at once, but we can

FIRST ENGINEERS' SHOW AT TEXAS TECH COLLEGE

Lubbock, Texas, April 9.—Students and faculty members of the high schools of District No. 2, of the Interscholastic League will be given a special invitation to attend the first Engineers' Show to be held at the School of Engineering, Texas Technological College, Saturday, April 20.

Business men of towns in this section also have a special invitation to attend the show.

The three engineering buildings and all the machinery and apparatus will be put in use by students and faculty members of the school at the Engineers' School to show the general public what work the school is doing.

The show will open at two o'clock in the afternoon and will continue until late in the afternoon, according to Dean Wm. J. Miller.

The School of Engineering has seven departments, electrical, mechanical, civil, textile, architectural, geological, and chemical and special tests will be conducted in each of the departments to give the visitors complete information about the work.

"We have had a number of visitors and we have attempted to show them through the plant," Dean Miller states. "These visitors have only been able to see a part of the equipment in operation, however, and the Show will give those in attendance a chance to see the entire plant in operation with special experiments in progress."

A committee of seven seniors,

make a start and complete the job as soon as possible. It may not be necessary to buy a lot of new things. We can arrange what we have so they will be the most convenient.

"We cannot keep house without modern equipment any more satisfactorily than we can run a farm without modern equipment."

representing the seven departments of the school, is in charge of the show. They are: June Hewitt, Plainview, chairman; B. A. Schmidt, Pampa; J. P. Sanders, Haskell; Ray Thomas, Tuhusana; Kimsey Miller, Lubbock; Neville B. Graham, Guion; and J. T. Gist, Colorado.

COWBOY SONGS ADAPTED FROM SONGS OF EIGHTIES

Fort Worth, April 22.—"If the cowboy sang his songs as most radio entertainers sing them, he'd get the breath knocked out of him," says Prof. Newton Gaines, head of the physics department of Texas Christian University and immediate past president of the Texas Folk-Lore Society.

"The real cowboy has to use 'horse rhythm' in his singing," Gaines points out. "It is the rhythm of his working day in the saddle."

Prof. Gaines has spent several years on West Texas ranches. He sings cowboy ballads as the working cowboy really sings them. He plays his own accompaniment on the guitar.

"The music of the cowboy song can usually be traced by the expert musician to some popular song of the '70s and '80s," says Gaines, in describing the music of the cowboy. "Yet, in almost every case, one finds that the cowboys have altered the rhythm and melody to suit their pioneer experiences and feelings."

"The rhythms of the cowboy songs correspond to the three gaits of the ordinary Texas cow pony—the walk, the trot and lope."

According to Gaines, the cowboy songs are characterized by freedom of expression, the persistent use of the first person, and the soft singing of the verses.

"Contrary to popular belief," he says, "the cowboy usually sang his songs in soft tones. His night-herding songs were always croons. Loud singing would have had a

disquieting effect on the cattle. Ninety per cent of a cowboy's singing is done with no one around."

Brewster—with an area of 8,798,400 acres—is the largest Texas county.

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word genuine printed in red? It isn't the genuine Bayer Aspirin without it! A drugstore always has Bayer, with the proven directions tucked in every box:

Aspirin is the trade mark of Bayer Manufacture of Monroeville, Pa. U.S.A.

What Satisfied Users Say

Walter Fly, of Vega and Amarillo—a Prominent Phillips User

Scene on Fly's Farm South of Vega, Showing 5 Tractors which Use Phillips Products 100%

The following are excerpts from bona-fide letters on file at Phillips Petroleum office, written by satisfied customers. They tell their own story!

Vega, Tex., March 20, 1929

Phillips Petroleum Company, Amarillo, Texas.

Gentlemen: I started to use Phillips oil last July 1, and find it superior to all oils I ever used. I had the first tractor used successfully in the Panhandle in 1913. I think I have used about all kinds of oil made.

Anyone can't go wrong in buying Phillips oil. Yours truly, Herschel Climer

Hereford, Tex., March 21, 1929

Phillips Petroleum Company, Amarillo, Texas.

Gentlemen: I want to tell you of the extra fine service I have obtained from the use of your Phillips oils and motor fuel. Recently we overhauled a tractor that had completed about 3500 acres of plowing. We found a very small amount of carbon which showed us that the lubricating oil was doing a correct job. We also found that there was practically no wear on any part of the motor. I am convinced there is no economy in buying bargain oils. Phillips motor and tractor oils meet my demands and I have never found as complete satisfaction in any other oils.

Yours very truly, F. W. Brunson

There's Full Satisfaction in Phillips Products

Hereford, Texas, March 21, 1929

Phillips Petroleum Company, Amarillo, Texas.

Dear Sirs: I have obtained complete satisfaction from the use of Phillips motor oils and Phillips 66. Before using them, my oil was costing me much more money. Now I am getting exactly as good service from Phillips oils and will continue to use them in both my tractors and my automobiles.

Your service is excellent. Yours very truly J. L. Hutson

Hereford, Texas, March 21, 1929

Phillips Petroleum Company, Amarillo, Texas.

I am an Oakland and Pontiac dealer and am very much interested in lubricating oils. I have made a number of endurance tests and operating tests and find Phillips motor oils are far superior to any I can obtain. Therefore, I am using them exclusively and am glad to recommend them to my customers.

Yours respectfully, Dixon Motor Co. By O. M. Dixon, Pres

WINDSTORM INSURANCE

Is a form of insurance that gives protection that cannot be overlooked at this season of the year. The wind may strike and often does strike, when one is least expecting it. Be certain your property is well covered for this form of damage.

Kiddies Catch The Spirit of Garden Contest, Take a Hand in Beautifying Their Playgrounds

CHILDREN IN DAVENPORT IOWA DAY NURSERY JOIN YARD AND GARDEN CONTEST

THESE little tots in a day nursery have caught the spirit of making their home city beautiful from a Yard and Garden Contest and while their mothers are out working by the day these kiddies are turning their playgrounds into a more attractive place. It's good exercise, too, out in the open air and sunshine, and the boys and girls here are in as healthy an environment as if they were living in a palatial home with spacious gardens surrounding it.

You will notice in the center of this picture the nurse in charge of the kiddies. She, too, is helping to beautify this playground, which was formerly just a city back lot. This is just an example of the contagious spirit which develops everywhere a Yard and Garden Contest is conducted. In every community where these campaigns have taken place the grounds of schools and public institutions as well as home yards have shown decided improvement.

County News

HUDGINS

Bro. Reavis of Clarendon preached an interesting sermon Sunday after regular Sunday school.

Several from Hudgins attended church at Windy Valley Sunday morning and Sunday night.

Mr. and Mrs. Blaylock and daughter of Lelia Lake attended church at Hudgins Sunday evening.

Mr. and Mrs. J. L. Talley went to Pampa last week-end to see Mrs. Talley's daughter, who was operated on Sunday.

Miss Harvey Thompson, Dem-

onstrator for Donley County, and Miss Ruby Adams, who holds the same position in Hall County, and H. R. Ellis, County Agent for Hall County, were all present at the club fair and pie supper here last Friday night.

Rupture Shield Expert Coming to CHILDRESS

on Saturday, May 4th at

Rhea Hotel

From 10 a. m. to 4 p. m. Evenings by telephone appointment only

One Day Only

No Charge For Consultation

Mr. C. F. Redlich, the successful expert says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained.

No elastic belts nor filthy leg- straps are used.

I guarantee to hold the rupture and also the durability of my absolutely sweat and moisture proof, sanitary appliances.

75 per cent of ruptured children recover completely through expert mechanical treatment according to statistics.

Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.

C. F. REDLICH, RUPTURE APPLIANCE EXPERT, Home office, 535 Boston Block, Minneapolis, Minnesota.

Makes Life Sweeter

Next time a coated tongue, fetid breath, or acid skin gives evidence of sour stomach—try Phillips Milk of Magnesia!

Get acquainted with this perfect anti-acid that helps the system keep sound and sweet. That every stomach needs at times. Take it whenever a hearty meal brings any discomfort.

Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't want "indigestion." Don't diet, and don't suffer; just remember Phillips. Pleasant to take, and always effective. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

JUDGES' STATEMENT

We, the undersigned, named as a committee to act as the official judges to make the final count of the sales ballots cast by the members of The Clarendon News Opportunity Club, met at The News office on Saturday night at 9 o'clock, April 20th, 1929, and placed our seal upon the ballot box and closed the campaign at the hour and date named therein in the first official announcement of said campaign.

We then turned the contents of the ballot box over to the club manager and ordered him to have verified the subscriptions therein and to issue credit ballots on these sales.

These closing ballots were added by us to all previous ballots cast by each club member in the campaign and we find the official total count to be as follows, with the exact number of sales credits cast by each club member opposite their respective names and the winners of the awards are as follows:

J. J. ALEXANDER,
County Judge, Donley County

J. T. PATMAN,
J. T. Patman & Son, Insurance.

They spent the night in a large room in the ranch house.

Sunday morning was spent in climbing and taking pictures. At noon they ate their lunch by the waterfall near the ranch house.

In the afternoon a ride over the creek beds in a wagon was enjoyed. On a smooth sandy place they had a race, coached by Frank Stocking. Laura Black won first place, Marjorie White won, second, Glyma Kelly third, Eleanor Morris fourth.

The camping trip was enjoyed by the guardian, Miss Mildred Martin, and the following members of the troop:

Evelyn Murphy, Laura Black, Roma Ellison, Jo Ella Stewart, Eleanor Morris, Geraldine Pratt, Marjorie White, Glyma Kelly, Berkeley Ryan, and their mascot, Dash Ran, the fox terrier.

Junior Picnic

The Junior Class of the Senior High School loaded themselves onto a truck about four-thirty last Friday afternoon and drove to the river, where they enjoyed a picnic. Miss Mabel Mansell chaperoned the class.

Most of the class indulged in wading before the picnic lunch was served at 6:30, after which various outdoor games were played until about 8:30 when the homeward journey was begun, and when the air was filled with songs.

Those enjoying this occasion were: Misses Wylfa Lee Alexander, Fern Cautchen, Nova Cook, Ruth Donald, Wilma Hukel, Joyce Link, Jeanette Parks, Virginia Wisdom, Frances Choate, Roberta LaFon, Eunice Johnson, Messrs. Fred Carle, Thomas Clayton, J. L. Ransom, Bill Rutherford, Fred Bourland, Harold Phelps, Ancil Barton, Winifred Gattis, Nathaniel Helton, Carol Holtzclaw, Ewel Mayo, Odell Montgomery, Joe Noble, Donald Peden, James Smith and Ralph Summers.

Lelia Lake Junior-Senior Banquet

The Junior and Senior classes of the Lelia Lake High School celebrated with a line party and a banquet in Clarendon last Friday evening.

The classes first attended and enjoyed very much the showing of the picture "Ramona," at the Pastime Theater, after which the banquet was served in the balcony of the Pastime Confectionery. The balcony was elaborately decorated for the occasion in green and white streamers. The chairs were adorned with green and white bows, green and white vases held the sweet peas, which decorated the center of each table and the color scheme was further carried out in the ice course and favors.

The Seniors, whose sponsor is Miss Alta Lewis, were: Hush Blaylock, Dollie Watson, Jewell Lewis, Orbie Mayo, Hugh Knox, Billy Christal, Marguerite Christal, Orville Davis.

The Juniors, whose sponsor is Miss Vera Brinson, were: Greer Cottingham, Lovell Davis, Hollis Leathers, Merle Chenaunt, Andy Davis, John Wesley McCauley, Thelma Shaw, Jewell Smith, Cecil Dodson, Hazel Cole, Geneva Whatley, Altha Knox, Gertrude Self, Raymond Sue.

Saturday Bridge Club

One of the prettiest small parties of the spring season was that given by Mrs. J. L. McMurtry Saturday afternoon, when she entertained the Saturday Afternoon Bridge Club and a few guests.

High score prize went to Mrs. Odos Caraway while Mrs. A. L. Chase cut consolation.

At the conclusion of the games the guests were invited into the dining room where the center of the table was adorned by a large bowl of white and lavender lilies, crystal candle sticks, tied with purple tulle bows, held tall white tapers and the color scheme was further carried out in the candy

baskets, shaped like iris, and the place cards, decorated with iris.

Those present were Meses. A. R. Letts, Odos Caraway, A. L. Chase, W. H. Patrick, W. G. Word, F. E. Chamberlain, F. W. Taylor, W. C. McDonald.

Mothers' Study Club

The Mothers Study Club met Friday afternoon at the home of Mrs. Will C. McDonald, with nine members and three guests present.

Officers for the coming year were elected as follows: Mrs. Geo. A. Ryan, president; Mrs. Eva Draffen, vice president; Mrs. H. T. Burton, secretary and treasurer; Mrs. Paul Shelton, club representative.

The Boys' Choral Club, directed by Mrs. Richard Wilkerson, and accompanied by Mrs. Ralph Kerbow, presented two lovely selections which were greatly enjoyed by all present.

Refreshments were served by the hostess to the following: Meses. J. G. Sherman, U. J. Boston, Eva Draffen, Paul Shelton, D. A. Kelly, J. R. Roberts, H. T. Burton, W. W. Taylor, Bill Bromley, and the guests, Mrs. Jerry Boston of Hedley, Mrs. Olin Walker of Amarillo, Mrs. S. G. Phelps and Mrs. C. Y. McDonald.

Junior High School P. T. A.

The Junior High School P. T. A. met in regular session Thursday afternoon at the High School building.

The Junior Hi Band played several selections and Mr. Lindsey gave two cornet solos.

Mrs. J. H. Headrick read a paper on "Children and Law Observation."

All business matters for the year were concluded, and officers for the following year were elected as follows: President, Mrs. Bill Greene; 1st Vice President, Miss Lorena Steagall; 2nd Vice President, Mrs. W. W. Taylor; 3rd Vice President, Mrs. Robt. Bigger; Recording Secretary, Mrs. Geo. A. Ryan; Corresponding Secretary, Mrs. O. C. Watson; Treasurer, Mrs. J. D. Swift.

Mrs. Fred Rathjen Entertains

Mrs. Fred Rathjen very delightfully entertained with a bridge party at the home of Mrs. Eva Rhode Saturday afternoon.

A profusion of bridal wreath decorated the rooms.

After several hours spent playing bridge a delightful luncheon was served to the following: Meses. U. J. Boston, J. G. Sherman, W. W. Taylor, D. O. Stallings, H. B. Kerbow, Ralph Kerbow, J. R. Porter, Eva Rhode, G. L. Boykin; Misses Harris and Abbott.

Thursday Needle Club

Mrs. R. F. Morris was hostess to the Thursday Needle Club Thursday afternoon.

The entertaining suite was a bower of beauty, being filled with bright hued tulips, iris, lilies, bridal wreath and most gorgeous of all, a huge potted Amaryllis, came from Houston, Texas.

Conversation and needle work occupied the guests for several hours, after which a delicious two-

course luncheon was served to the following members: Meses. J. T. Patman, L. S. Bagby, W. H. Martin, Sella Gentry, R. A. Chamberlain, A. L. Chase, A. A. Mayes, A. R. Letts, Frank Mcrary, H. Glascoe, Ann Hastie, C. W. Taylor; guests were Meses. J. L. McMurtry, J. T. Sims, J. H. Morris, W. G. Word, Howren, Roberta Ryan, Brice Kennedy, H. S. Lee, of Oklahoma City.

Friday Afternoon Bridge Club

Mrs. F. W. Taylor very delightfully entertained two tables of members of the Friday Afternoon Bridge Club and one table of guests Friday afternoon.

Pansies and bridal wreath were used in decorating.

At the conclusion of a number of interesting games, high score club prize was presented to Mrs. M. P. Gentry; guest prize to Mrs. J. L. McMurtry, while Mrs. Sam Dyer cut consolation.

A delectable two-course luncheon was served to the following members: Meses. Sam Dyer, M. P. Gentry, P. B. Gentry, Seldon Bagby, J. H. Morris, C. E. Miller, B. L. Jenkins, Miss Mildred Martin. The guests: Meses. J. L. McMurtry, E. Chamberlain, Roberta Ryan and H. S. Lee of Oklahoma City.

Home Economics Club

The Home Economics Club met in the home of Mrs. A. H. Baker Friday, April 19th.

The lesson on "Gardening" was led by Mrs. O. L. Fink. Mrs. J. C. Estlack gave an interesting discussion on "Tomato Raising."

A lovely plate luncheon was served after the lesson.

SUNDAY IS FEATURED WITH MANY AUTOMOBILE SMASHES

Two automobiles were wrecked and the occupants were more or less damaged Sunday when the cars were overturned on highways near here. Miss Joveta Wilson has one of her feet cut to a considerable extent and the occupants of the car in which she was riding was wrecked when it turned turtle on the road near Jericho. This car was driven by a visitor to Clarendon from Amarillo. None of the other occupants of the car were injured.

The second accident was more serious than the first, injuring four of the occupants to a considerable extent. This car was driven by one of the Martin boys of this city and was loaded with young folk from Clarendon and surrounding communities. Misses Peabody and McDonald were quite severely injured but are resting easily at the present time. Kitty Speed suffered a fractured shoulder and will be bothered for a short time and one of the boys suffered slight bruises on his scalp. The car is reported to have been traveling at a high rate of speed and turned over when one of the tires went flat.

Mrs. F. E. Chamberlain went to Dallas Sunday night where she will spend several days with her parents, Mr. and Mrs. M. L. Kelly. On her return home she will stop at Vernon to attend the meeting of Dallas Presbyterial.

STYLE SHOW TO BE HELD HERE MONDAY EVENING

Announcement is found elsewhere in these columns of the Annual Style Show held by the Home Economics Department of the Clarendon High School. This show will display the garments that have been made in the past nine months by the students of this department. The show is being held to enable the winners of the Clarendon contest to make the trip to Dallas where they will enter the state contest. The College auditorium will be the scene of the show and the public is cordially extended an invitation to attend.

Mrs. C. E. Griggs and Mrs. C. W. Galloway returned Friday of last week from a visit with Mrs. V. J. Drew at Clinton, Oklahoma. Jack Drew returned with them for a visit here.

Society

Osborne-Derrick

Last Friday evening, April 19, Miss Margaret Derrick and Mr. Clyde Osborne gave their friends and relatives quite a surprise by slipping quietly away to the judge's office and getting married.

The bride looked very charming in a tan crepe dress.

Mrs. Osborne is the eldest daughter of Mr. and Mrs. J. H. Derrick. She was born in Donley County and with the exception of a short time has spent her entire life here.

Mr. Osborne is the son of Mr. and Mrs. Osborne and a valued employe of the Durant Garage.

The best wishes of the entire community are extended to this young couple.

Sophomore Picnic

Seven girls of the Senior High Sophomore class, chaperoned by Mrs. Frank Smith, took advantage of their half holiday Wednesday, won by selling the most tickets to the College play Monday night, and went on a picnic out at the river.

They left about 1:45 and returned about 5 o'clock. The afternoon was spent hiking over the hills and kodaking. The cemetery of Old Clarendon and the oil well were visited.

A picnic lunch containing all the delicacies imaginable, was the most enjoyable feature of the afternoon.

Those attending were: Misses Pauline Shelton, Johnnie D. Lathon, Melba Dell Warner, Pauline Sanford, Dorothy Headrick, Carroll Holder, Adeline Smith.

Dinner-Bridge Club

Dr. and Mrs. T. H. Ellis entertained the members of the Dinner-Bridge Club and a few friends Thursday evening at 7:30.

Large bunches of pink tulips decorated the entertaining suite in which a four-course dinner was served at small tables.

In the games of bridge, which followed, Mrs. H. M. Rhoades received ladies' high score and Mr. Jim Morris was presented with gentlemen's high score.

Those present were: Messrs. and Meses. A. T. Jeffries, Louie Murrell, J. H. Morris, J. B. McClelland, W. C. McDonald, Dr. and Mrs. H. M. Rhoades, Mrs. W. H. Cooke, Miss Frances Cooke, Mrs. F. E. Chamberlain.

Celebrates Birthday

Little Miss Maxine Ellis celebrated her eighth birthday Monday afternoon by inviting three guests to assist.

Games of all kinds were enjoyed for several hours before the small cake with its eight candles was lighted and ice cream served with it.

Little Misses Jean and Ruth McDonald and Master Billie Cooke were the guests.

Pathfinder Club

The Pathfinder Club will meet in the woman's club room at 3:30 p. m. Friday, April 26th. Meses. W. H. Patrick and Sam Lowe are hostesses.

Presbyterian Auxiliary

The Ladies Auxiliary of the Presbyterian Church was entertained by Mrs. W. L. Butler Wednesday afternoon at the home of Mr. and Mrs. John Butler. There were seventeen present and a very interesting program on "Mission Schools" was given with Mrs. Robert S. McKee as leader. Mrs. C. L. Green and Mrs. W. M. Montgomery read papers pertaining to the subject, and Mrs. McKee and Mrs. Cope gave a dialogue.

Campfire Girls Hold Camp

Saturday, April 20, the Kieuwa Troop of Camp Fire Girls and guardian went camping at Spring Creek camp on Morris' ranch.

In the afternoon they walked to the Gyp Caves, where races were held, then hiking back to the house, where they ate supper underneath high cottonwood trees.

Dainty refreshments were served at the conclusion of the program.

Campfire Girls Hold Camp

Saturday, April 20, the Kieuwa Troop of Camp Fire Girls and guardian went camping at Spring Creek camp on Morris' ranch.

In the afternoon they walked to the Gyp Caves, where races were held, then hiking back to the house, where they ate supper underneath high cottonwood trees.

HONOR ROLL IS COMPLETED FROM SOUTH WARD

By accident the following names were omitted last week from the honor roll of the South Ward School:

Maxine Ellis 89 5-9, Jewell Evans 89 4-9, Oleta Wood 88, Olive Gibbs 87 5-9, Opal Chilton 87, Kermit Sloan 87, Leona Peabody 86 5-9, Ben Day 86 4-9, Minnie Campbell 86 2-9, Mary Ellen Robinson 85 5-9, Kenneth Sloan 85 1-3.

A CARD OF THANKS

I take this means to express my thanks to the many friends and neighbors who assisted me in the Opportunity Club campaign, closed last Saturday night. I had the most loyal supporters of any candidate in the campaign and certainly appreciate your interest and support.

Mrs. R. H. Roberts.

A CARD OF THANKS

Just a few words of thanks to those who so loyally supported me in my campaign in The News Opportunity Club just closed. I enjoyed the work and have made many new friendships, also I want to thank both Mr. Braswell and Mr. Scofield, too, for a campaign in which I was proud to take part, it was in all ways fair and above board.

Miss Ruby Duckett.

EXPRESSION OF THANKS

To all those who so generously supported me in my campaign in The Clarendon News Opportunity Club I want to take this means of saying "thank you." Also a word of appreciation to Mr. Braswell and Mr. Scofield for a campaign that was in all ways fair and above board and one in which I was glad to take part.

Mrs. Joe Cannon.

EXPRESSION OF THANKS

To All My Friends:
I take this means to thank you all for your support during the campaign on the Clarendon News. I am proud, of course, that I won first prize, but I'm prouder still of all my friends who so loyally helped me. It was hard work of course but I enjoyed it. I also want to thank Mr. Braswell and Mr. Scofield for a clean, clever campaign.

Mrs. Josephine Ball.

J. J. CARLISLE LOSES HOME AND ALL CONTENTS

Fire caused from the explosion of an oil stove completely destroyed the home and all contents of J. J. Carlisle of this city early this morning. Attempts were made to carry the stove from the house, but it was so much ablaze that it was impossible for them to do anything with it. The loss was fully covered by insurance.

Mrs. A. W. Drever of the Jordan ranch near Ashtola, was a Clarendon visitor Wednesday.

Mr. and Mrs. Fred Rathjen and baby attended to business matters in Amarillo Wednesday morning.

Mr. and Mrs. J. E. Ryan went to Memphis Monday to attend the funeral of their brother-in-law, Mr. Lofton.

Dr. and Mrs. J. W. Evans and sister, Miss Ross, went to Dallas Saturday for several days visit with relatives.

J. B. Buchanan of Memphis arrived here Monday to take charge of Used Car sales with The Clarendon Motor Company.

Mr. and Mrs. Carlos Grissom of Memphis spent Monday evening here in the home of T. M. Little and Mr. and Mrs. Carl Saye.

Home Mulkey was in Memphis Wednesday of this week attending the sessions of the Panhandle Certificate Men's Association.

Monteith Warren, former resident of this city, passed through here one day last week en route to Denver, stopping for a short chat with friends on the street.

Mrs. Jerry Boston of Hedley was a guest in the home of Mr. and Mrs. U. J. Boston last week.

Mrs. Homer Hard of Fort Worth is visiting in the home of her parents, Mr. and Mrs. J. W. Owens.

A PARTING GREETING FROM THE CAMPAIGN MANAGER

We have now arrived at the end of the trail. The purpose for which the undersigned came to Clarendon five weeks ago has been accomplished. Last Saturday night saw the closing of the campaign, which we have had the pleasure of conducting, the final count of the credits by the committee of judges and the announcement of the winners and the awarding of the prizes. These things concluded one of the biggest and most important newspaper enterprises ever attempted by a newspaper of similar size in the Panhandle of Texas and it was matched only in success by a like campaign which we conducted for The Clarendon News a few years ago.

The results obtained have fully justified the project. The increase in circulation, especially in NEW subscribers and the widened field The News now serves and its greater power now as a result of our advertising is fully up to, if not beyond, expectations. The good that has been accomplished during these weeks will continue years hence in the increasing assistance this newspaper will be able to give in helping to build up this territory, which it so ably represents.

The associations we have encountered have been again so uniformly pleasant that Clarendon and Clarendon people will remain a jewel in the memory. From the Publisher and all the employees, the co-operation has been perfect and it has again been a genuine pleasure to work with that splendid bunch of club members in the campaign and we are proud to esteem each and every one of you personal friends. From the business men and the public at large, we have had such uniformly cordial treatment that it is unpleasant to be compelled to say "Good-bye."

So, instead, while wishing you all the very best of good luck, we'll just say "Au Revor."

AMERICAN CIRCULATION SERVICE.
V. Y. Scofield, Mgr.

PERSONALS

Mrs. W. T. Lackey and little son Jack of Carmite, Ok., are guests in the home of the lady's parents, Mr. and Mrs. L. H. Mullens.

Frank White, Senior, returned to his home here Tuesday evening of this week from a visit to Menard, Junction and other points in that section of the state. He reports the finest hunting and fishing places in the state with fish being caught that balance the scales at seven to eight pounds.

Mr. White visited Mr. and Mrs. Glenn White while at Menard and found himself quite carried away with the country.

H. B. Kerbow and C. E. Kilough were in attendance on the Certificate Men's Association meeting in Memphis Wednesday afternoon.

J. C. Estlack represented the Donley County Leader at the sessions of the Panhandle Press Association at Pampa last Friday morning and afternoon.

Mrs. James Trent returned to her home here Friday of last week after some weeks stay in a hospital in Amarillo. She is reported much improved.

Dr. Morris is Secretary of Presbyterian Home Mission Board and was on his annual trip to Durant, Okla., to inspect the college there, of which he is founder.

Mr. and Mrs. L. J. Goldston and Mr. and Mrs. Nollie Simmons accompanied Miss Margaret Goldston to her school in Amarillo last Sunday afternoon. Miss Goldston spent the last week-end here in the home of her parents, Mr. and Mrs. L. J. Goldston.

Ira Merchant left Monday for El Paso, where he will be joined by his wife and daughter, who have been at Hot Springs, New Mexico, for a short time. They will return to their home here the latter part of this week.

Leroy Hodges, former resident of this city and student in Clarendon college of some years past, was a visitor here Sunday in the home of McHenry Lane.

Mr. and Mrs. Loyd Stallings and V. Y. Scofield motored to Pampa Friday evening of last week, where they attended the banquet tendered the Panhandle Press Association by the Board of City Development of Pampa.

Doss Palmer of this city attended the sessions of the Certificate Men's Association at Memphis Wednesday afternoon and evening.

Refrigerators Using Ice

Will keep your food fresh and will help preserve the health of the entire family.

In addition to the good stock we already have on hand, a new shipment of refrigerators is expected Friday. Sizes and styles to meet the demands of any family.

If you do not care for a new refrigerator, we have some excellent values in used boxes—Priced Right.

Be sure and see our ELECTROLUX GAS REFRIGERATOR. It freezes with heat. No moving parts to wear out—costs less to operate. We make a liberal allowance for your used refrigerator as a trade-in.

- 50 Pound Capacity Box White Enameled Interior..... \$22.50

MANY GUESTS ARE LIONS VISITORS

SPLENDID ATTENDANCE MARKED LADIES' NIGHT OF LIONS HERE.

The basement of the First Christian Church was the scene of the first Ladies' Night of the Lions Club for the year 1929 on Tuesday evening of this week. Seventy-seven Lions, ladies and other guests were at the event, making the basement ring with their merriment and laughter.

The program for the evening was had under the direction of Lion Humer Mulkey and his committee, being nicely arranged and highly entertaining. Following the invocation, a number of group songs were entered into with much gusto, Lion McKee leading the songs for the group.

During the meal the Amarillo visitors were introduced to the Lions, G. G. Ordway, President of the Amarillo club taking the floor for that purpose. The Amarillo men here for the evening are: W. A. McIntosh, Superintendent of Schools of Amarillo; Dr. D. Roach, President of the School Board of Amarillo; Professor C. M. Rogers, Supervisor of High Schools; Jack Sheers and Macon Carder.

A violin solo, "Waltz in A Major" by Brahms, was the next in order. Mrs. Boykin also played an encore. She was accompanied by Miss Fray Stallings.

Diversion for the evening was furnished for a short time by the initiation of four cub Lions into the ranks of the organization. This was done by having each of them drink a bottle of milk through the regulation nipple. The winner was awarded a nice prize, this going to George Garrison. Other cubs to be introduced to the club are: W. C. Byrd, L. H. Johnson and J. J. Alexander.

The remainder of the evening was turned to J. Adams Puffer, vocational guidance expert, who explained exhaustively the means to be used to the best advantage in giving the youths of America the training they most need to fit themselves to their life's career. Mr. Puffer stated that he had traveled over the greater part of the United States and a part of Texas.

The complexity of the modern

vocational field was shown and the many angles presented were looked into with the idea in mind to secure some loophole through which the boy or girl might find the rightful vocation. Four points were given that will begin to give some bearing on the future vocation of the child. These are: Ambition, Counselors, Experience—Interest—Ability and Ability in the family.

Applying these four methods in the manner given by Mr. Puffer the beginnings of a guide are found and even then should not be considered too well for they might be changed in a very short time and would mean absolutely nothing.

Messrs. McIntyre and Rogers of Amarillo expressed their appreciation on being extended an invitation to attend the meeting, following which the meeting stood adjourned.

Mrs. W. A. Massie returned Sunday from a visit with her son and family at Groom.

Mmes. Kerbow, Rhode, Mayes, Watts and Braswell motored to McLean Monday afternoon for a short visit with Miss Lela Mae Kerbow.

Mrs. C. E. Griggs and Dr. and Mrs. C. W. Galloway and Jack Drew spent Sunday in Wichita Falls visiting relatives and friends.

J. W. Martin, Miss Helen Martin, Mrs. T. M. Shaver and Mr. and Mrs. Ralph Kerbow motored to Claude Sunday afternoon for the funeral of S. R. Callahan of that city. Mr. Callahan was one of the pioneers of the Claude country and was well known throughout the Panhandle section of the state.

The former residence of Mr. and Mrs. Bennett Kerbow, used for the past several years as a rent house, has recently been remodelled into three, 3-room apartments. This makes a very attractive addition to this section of the city and will be filled to capacity in a very short time, renting more easily due to the size of the apartments.

Teachers CAN have comfortable feet

No matter how much a teacher must use her feet, she can have foot comfort and vigor, clear through the longest day and evening, if she will wear the Arch Preserver Shoe. This shoe won't let the foot sag and become strained. It doesn't pinch the nerves, bones and blood-vessels. And, in addition, there is the smartest of style.

Girls, Here's How To Pose!

Bobbe Arnst, featured in "Rosalie" is here shown demonstrating one of many approved methods of posing for that Sunday afternoon snapshot. Get some good looking object, such as the Chevrolet Sport Cabriolet seen above with Bobbe, and assume a graceful pose close to it. If you can seat yourself daintily on it, as Bobbe does, so much the better. When this is all taken care of, just tell the boy friend to shoot.

College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

Girls' Forum

Wednesday, April 10, the Girls' Forum had their first meeting since work was begun for the Interscholastic League. The following program was enjoyed by all: Roll-call was answered by a proverb.

Vocal Solo—Lois Strawn. Reading—Neva Cook. Saxophone Solo—Eugene Moss. Piano Solo—Berta Mae Pool. Reading—Wilma King. Piano Solo—Adaline Smith. Jokes—Roberta LaFon.

Col. Haines to Deliver College Commencement Address

Col. Harvey H. Haines, of Amarillo, manager of Panhandle Plains, Inc., has accepted the invitation of the Senior Class of Clarendon Junior College to deliver the commencement address. Mr. Haines is a fluent and impressive speaker, and the class is very glad to have secured his services at this time.

College Students Have Separate Graduating Exercises

The College graduating class of Clarendon Junior College will have its exercises on Wednesday night, May 15th, in the college auditorium. The High School students will receive their diplomas on the night of the eighteenth.

Literary Societies Active

The Literary Societies of Clarendon Junior College have resumed activities after having experienced several weeks of inactivity due to work on the interscholastic league. The Alpha Delta Psi enjoyed a picnic on Tuesday night at Troublesome.

College Commencement and College Day

Plans are now under way for college commencement, and college day. Committees have been

PREPARATION FOR CHICKS

This is the time of the migration of millions of little chirping baby chicks from the mammoth scientific "mother" incubators of today's commercial hatcheries to the farm where they have their lives yet to live out in terms of profits, greater or less.

That the profits may be greater rather than less, there are several things above all others that should be attended to in advance of their arrival.

1. If you cannot move the brooder house onto clean ground, bring in some new soil and fill in around your brooder house for at least 20 feet with about one inch of good clean ground. This means ground that has not been used for poultry and has been free from poultry manure for the past two years.

2. Brush down the side walls and ceilings. Thoroughly dry-clean the house, removing dirt and litter, and then scrub with hot water and a good high power coal tar disinfectant, using as directed on can.

3. See that the brooder house roof does not leak and that the sides of the house are tight so

appointed to look after the details. Verna Latson, Edna Gerlach, Gwynn Allison and Ethel Crane are on the decoration committee. Slick Naylor, Willie Mae Stewart and Edna Mae LaFon are on the committee to plan for College Day.

Clarendon to Send Two District Champions to the State Meet

Clarendon will send two champions of the district to the state meet in Austin on Friday of next week if the funds can be raised. Abbye Parker is district champion in typewriting and Billy Dillard in hurdles. It is hoped that these two can carry off the honors for Clarendon Junior College at the state meet.

Burton to Attend College Meet

Superintendent Burton is leaving Friday of this week for Dallas where he will attend the Texas Association of Junior and Senior Colleges.

Summer Session for College

Announcement has just been made of the summer session of Clarendon Junior College, which will begin May 27, and close July 6. This six weeks course is being particularly planned for the benefit of prospective teachers. A recent law passed by the legislature makes it possible for teachers to renew short time certificates by attending school six weeks in the summer.

Junior Picnic

Friday afternoon the Junior Class and Miss Mansell enjoyed an outing at the Rowe Ranch. Everyone present entered into the occasion with such spirit that all declared it was one of the most entertaining affairs of the year. Our appetites weren't lacking either, for we played havoc with the "eats," and thanks to the girls. Everyone returned home satisfied and happy.

that the house can be kept warm. Have the brooder stove set up and running at least three days before chicks are to be put in and regulate to a temperature of about 95 degrees at the edge of the hover, 2 inches off the floor.

4. Provide a 1-2 inch of litter. We suggest either coarse sand, cut straw, or commercial peat litter mixed with oat hulls. Provide one or two quart or half gallon jar water fountains for each 50 chicks.

5. Have enough wire, rubber roofing, or heavy cardboard 12 inches high to form a circle around the stove, leaving a space of about 18 inches between the hover and the stove. Cover this space inside the inclosure with clean feed sacks.

All of this ought to be taken care of well in advance of the arrival of the chicks and it will pay you well. Next week we will touch on the early feeding and care of the chicks.

Brewster is the largest county in Texas, its area being 3,798,400 acres which is equivalent to 5,935 square miles. Rockwall is the smallest county in Texas having 95,360 acres, or 147 square miles.

FORMER BUICK DEALER IS NOW AIDE TO HOOVER

Arthur M. Hyde of Missouri is new Secretary of Agriculture

President Hoover's recent appointment of former Gov. Arthur M. Hyde of Missouri as Secretary of Agriculture, brings for the first time a man from the automobile industry to the cabinet of the nation's chief executive. Secretary Hyde has long been a Buick dealer at Trenton, Mo.

The appointee has established a remarkable record both in political circles and as a business man. Coming, as he does, from the very heart of the automobile industry to the cabinet of the nation's chief executive, Secretary Hyde has long been a Buick dealer at Trenton, Mo.

Being the owner of three large farms in Missouri, Mr. Hyde has a first hand knowledge of the farm problem. The work confronting the new secretary will be largely of an administrative nature, and his automobile business experience will be of inestimable value in dealing with the ramifications of the farm question, because it, too, is essentially a business problem.

As a lawyer he administered to the farmers' legal needs; as a merchandiser of Buick cars his dealings with them brought him into even closer touch with their financial and domestic problems; as governor of Missouri he became the champion of their cause—and now as a member of President Hoover's cabinet he is to become instrumental in solving one of the most difficult situations confronting the American nation.

Secretary Hyde is an intensely active man. When he practiced law he was eminently successful. Law has always been his central activity, but as time went by he became increasingly interested in the automobile world as a dealer in Buick Motor cars. He has made a remarkable success of his automobile business, which he retained during his tenure of office as governor and in which he still has an interest.

RANGER AIR PORT SEES THIRTY-FIVE PLANES LAND

Thirty-five planes have landed at the Ranger Airport since its opening last Armistice day, when in two days forty-five planes attended the celebration. The daily average income of the well equipped airport is \$2.60 from gasoline and oil and hangar service.

Texas has about 600 miles of street railways.

NEW YORK-PARIS FASHIONS

There is much hue and cry over the so-called dressmaker coat this spring. That means that coats, instead of having what we used to call a man-tailored look, now must have a softness to their finish and a wealth of little details that one associates with a dressmaker rather than with a tailor. Even the strictest of tweed coats have come in for this fashion, so you may well imagine what a really elaborate afternoon coat is in for when it comes to 'tittle touches.'

The coat illustrated is a good example of this trend. It has all the softness and femininity of the silhouette required and its whole air one of ease and good taste. It is in that perennial of favorites, black and white. The coat itself is in one of the new heavy silk and rayon failies, the scarf collar is of that smartest of short haired furs, galyak. Fur today is handled exactly as if it were soft silk or wool and used a great deal on these light weight coats more as a form of decoration than for added warmth.

In 1744 Texas had a population of only about 1,500, centered largely about San Antonio. In 1806 the population was estimated at 7,000. In 1831 it was about 20,000, increasing to about 50,000 in 1836 when Texans voted for the first president of their Republic. The greatest percentage of growth was between 1870 and 1880 when the population increased 94.5 per cent.

Texas leads the United States in the number of domestic livestock animals on farms and ranches.

LEGION MEMBERS LOOK OVER PARK

LOCAL MEMBERS GO NEARLY THIRTY MILES UP PALO DURO SUNDAY.

A Sunday outing was enjoyed by five members of the Aubyn E. Clark Post of the American Legion last Sunday when they took their cars and journeyed, first to the headquarters of the J. A. Ranch at Palo Duro and later went on up to Pleasant Camp, some twenty-five miles up the canyon from the headquarters of the ranch. From this point they made their way to a big flat rock in the canyon that is almost literally covered with names and initials of visitors to this place. One especially interesting fact found in this connection was the name of J. W. Kent with the figures of 1884 following it. Other and more recent dates are found in all parts of the rock.

The members of the party stated that they could have made their way throughout the length of the canyon had they been more familiar with gates in fences and the correct passage ways to take in getting up the bed of the river. Many kodak pictures were taken of the canyon, showing the height of the walls and the decorative cedars that are found in all parts of the canyon. Many picturesque scenes are encountered in this trip of more than thirty miles, the visit being made after the discussion had risen locally on the possibilities of the place as a game and bird refuge and probably a state park.

Contest Adds Dollars to the Value of Real Estate Through Planting

A PRETTY BUNGALOW BUT NOT YET A HOME

PROPER PLANTING MAKES IT A REAL HOME

HOW even the prettiest bungalow falls short of the requirements of a real home until the yard has been properly planted with shrubbery and trees is one of the truths which a Yard and Garden Contest brings home to every householder. This fact is forcibly shown in the above photographs, taken before and after planting of a typically modern bungalow.

Instead of being satisfied with this nice little place, the owner took up the work where the carpenter left off and with spade and hoe and with a varied selection of shrubbery which can be secured from any nursery he created a most charming little home.

TALKIES PROVE WHAT THE CHIEF JUSTICE SAID

James Whitcomb Riley once added considerably to his fame as a versifier when he informed the younger gentry that "the gobble-uns'll git you ef you don't watch out."

If he were alive today, he might change the last line of his poem, address it to the world's most distinguished citizens, and declare: "The talkies'll git you ef you don't watch out."

The talkies are infallible. If you mean to say "yes" and actually say "no," the talkie machine has no choice but to use the word "no."

"Yes, yes, I know you meant to say 'yes,'" it may say, "but actually, my dear fellow, you said 'no.'"

All of which leads up to what the Chief Justice of the Supreme Court said to President Hoover when the latter was sworn into the highest office in the land.

Girl Questions Words

A little girl, listening in on a radio, wrote to Chief Justice Taft that he had sworn the president to "preserve, maintain, and defend the Constitution," whereas the exact words should have been "to preserve, protect, and defend the Constitution."

The Chief Justice, amused, replied that what he had actually said, as he remembered, was "to preserve, maintain, and protect."

Then entered young-man-talkie-movie. A group of newspaper men assembled in solemn conclave to hear the exact words of the Chief Justice. It was found that he had said "to preserve, maintain, and defend."

So that settles what Chief Justice Taft said to President Herbert Hoover.

But that isn't all. Dr. Richard Davenport Harlan, a close friend of the Chief Justice, in a letter to the New York Times comments as follows:

"The infallible reporter of that historic scene had that wonderful combination of camera and recording phonograph, which gave to the millions of Americans attending the movie theatres, not only a perfect picture of the Chief Justice and the President-elect at the moment of administering the oath, but reproduced the very words and tones of the Chief Justice. The oath that the Chief Justice actually put to Mr. Hoover was that he would 'preserve, maintain and defend the Constitution.'"

An Infallible Reporter "With the help of that talking picture the millions of Americans who attended the movie theatres last week saw the Chief Justice pause for a moment after that word 'maintain,' and then they heard him say 'and defend the Constitution.' His dramatic pause and the flash of his eye gave one the impression that the chief guardian of the Constitution, who presides over the Supreme Court, had a vision of the enemies of the

Constitution, who were lying in wait to attack it, and that word 'defend' rang out like a pistol shot.

"The Chief Justice was, of course, right in saying that the slight verbal variation in the form of the oath actually taken by the President-elect did not impair its validity. Mr. Hoover can be depended upon to 'preserve, protect, maintain and defend' the constitution of the United States."

LOUISIANA TO SET NEW PAVING RECORD

Louisiana, whose voters last fall approved a highway bond issue of \$30,000,000 and raised the gas tax from two to four cents a gallon, will shortly embark on that state's greatest road building season.

Plans call for the completion this year of some 800 miles of concrete pavement. This is considered a rather ambitious undertaking, but Leslie A. Ames, state highway engineer, is hopeful that this will be accomplished, provided a sufficient number of well equipped and responsible contractors can be obtained. Most contracts will be for 15 or 20 miles.

Immediate paving in Louisiana will be greatly facilitated by the good road beds now existing on state highways. Nearly all of the state highway system is either graded or gravel surfaced. Four main highways will be paved first. These include the Jefferson Highway and another North and South route, and two East and West roads, one of which is the Old Spanish Trail.

Plenty of aggregate is available for the construction work. There are now enough pits and quarries to supply materials for hard surfacing and a much greater annual mileage than is anticipated by the present extensive program.

By reason of Mr. Ames' wide highway building experience, particularly as chief highway engineer of North Carolina for several years, Louisiana will be enabled to start on a larger immediate program than would otherwise have been possible. Mr. Ames won nationwide recognition for large-scale pavement laying while in North Carolina. There he superintended the construction of several hundred miles of concrete yearly.

Plant sweet potatoes in new soil, or at least in soil that has not been planted to this crop for 3 or 4 years. Healthy plants may be grown by careful seed selection and care in preparing the hotbed, but this effort will be largely wasted if the plants are set in infected soil. The repeated use of the same soil in the hotbed year after year is one of the chief causes of spreading many sweet-potato diseases, says the U. S. Department of Agriculture.

Texas produced 8.6 per cent of the total value of all crops produced in the United States in 1928 showing an increase of \$45,389,000.

GREAT PASSION PLAY IN ENGLISH COMING TO WICHITA FALLS

For the first time in the South, the Passion play, spoken in English, is to be presented in Wichita Falls on May 1, 2 and 3 in the Memorial auditorium under the auspices of Masket temple of the Shrine, by a colossal company under the direction of Clarence E. Cramer of Chicago.

The Passion play has been presented, of course, in motion pictures and has been presented in German in a number of the leading cities of the South but this will be the first time it has been presented by a company of professional actors and singers in the leading parts in the English language.

The Passion play depicts the story of the betrayal, trials, crucifixion, burial and resurrection of Jesus Christ.

As a great tragedy, it has no superior in the world. But, unlike all other tragedies whose Hero is killed, the Passion play closes with the most jubilant of scenes, "For He Is Risen."

The great chorus of 200 voices to sing in the performance at the Memorial auditorium where it will be given the first three days in May, sings the well-known and loved "Hallelujah Chorus" from The Messiah.

The Cramer production is reverently staged and creates a vivid and lasting impression.

Audiences leave with the song on their lips, singing from their own jubilant hearts, for it is a tragedy whose Hero alone of all men rose from the dead.

The musical numbers are all sung in English, so as to bring to the entire North Texas territory the most potent of dramas in a way which will be understood readily by all.

The first performance will be given the evening of May 1, followed by the evening of Thursday, May 2 and the matinee and night of May 3.

Tickets are now on sale at the Passion play headquarters, Hamilton building, Wichita Falls.

LIST OF REASONS FOR NOT WANTING HOME

There are many reasons why some folks do not want a home. A well known firm of Dallas realtors has the following sentiment posted conspicuously on its bulletin board, so that all who run may read:

"What do I want with a home? I was born in a hospital, brought up in a boarding school, educated in a college, courted in an automobile on the road, married in a church, honeymooned in a hotel, moved into an apartment, where I now live and eat at a cafe. When I get sick I go to a hospital. I spend most of my time in an automobile and in the stores. When I get old and have spent all my money I can go to the poorhouse. Finally, when I die, I shall be buried from an undertaking parlor, so why have a home?"

FIRST ESTIMATE FOR 1929 COTTON IS 16,000,000 BALES

Austin, Texas, April 22.—Approximately 16,000,000 bales of cotton will be harvested in the United States this year, according to Bernard Nichols, who is in charge of index numbers in the Bureau of Business Research at the University of Texas. This compares with last year's crop of 14,373,000 bales. The acreage that will probably be harvested has been calculated at 45,375,000, or only a slight increase over that of last year.

About 1,000,000 persons residing in Texas were born in other states, Tennessee leading with 115,861 and Alabama next with 103,244.

FOR YOUR PROTECTION

Set aside a certain amount of money each month in a fund separate from your regular working account. It will prove a buffer in time of need and will give you a sense of security you cannot obtain otherwise.

SMALL WHEELS IMPROVE CAR APPEARANCE, SAFETY

One of the first master strokes of Chrysler's engineering staff, which met with instant approval and which today is one of the contributing reasons for Chrysler's consistently increasing popularity, is the small diameter wheels, says H. B. White.

"Less than five years ago," continued Mr. White, "Walter P. Chrysler placed on the market the first car to bear his name. It was low, it was fast, it was handsome and it proved to be just what the motorist public had been waiting for. It was only a matter of a few weeks before the name of Chrysler was known in every town of any size throughout the United States. As has been said, one of the features of this newly designed automobile, which turned the automobile industry topsy-turvy almost overnight, was its lower center of gravity. Many persons argued that its road clearance could not be sufficient. Many manufacturers went so far as to declare it wasn't practical; that it was merely a passing fad and wouldn't last."

"Chrysler engineers, however, had thoroughly studied the problems which this new trend of design presented. Then, two years ago, they pioneered the 18-inch wheel, which has been the Chrysler standard ever since. They had continued so to build the chassis and other under parts of the Chrysler car that standard road clearance was allowed. For months they had worked on one problem, then another, until they had overcome every difficulty in manufacturing a small diameter wheeled car."

"After the first car had been completed and put through every conceivable test to determine its roadability, the engineers found that they had not only built an automobile which was the equal to any car ever built theretofore in that respect, but actually had many advantages over cars with larger wheels. Also, they had not only enhanced the appearance of their car but had added to the safety of motoring by carrying its weight nearer to the ground."

About 450,000 electric irons are used in Texas homes. This is the most widely used electrical appliance.

In the early days of Texas, cattle were so cheap they were killed for the hides alone.

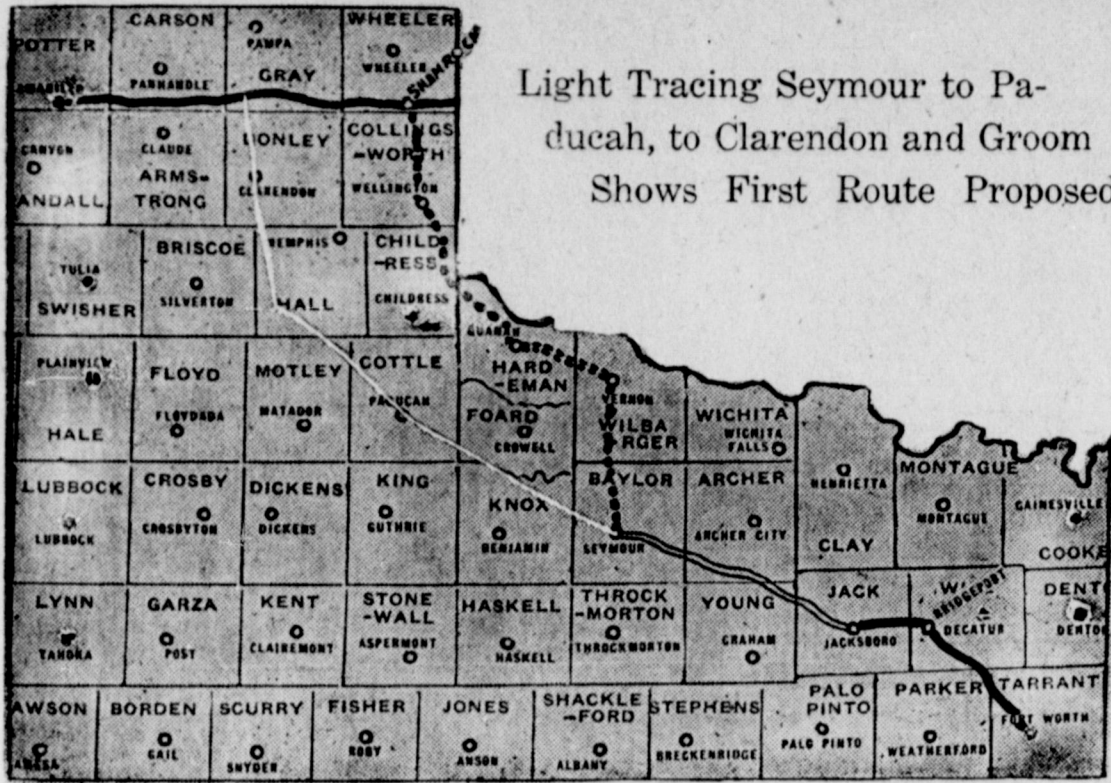

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.—

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 2. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Chief Justice or Associate Justice of the Supreme Court may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such other office as may be prescribed by law, and shall receive no compensation as such Justice. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, and shall hold their offices six years, or until their successors are elected and qualified, and shall receive the compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the term of the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, six additional Associate Justices of the Supreme Court for terms of six years, and six additional Justices of the Supreme Court for terms of six years, shall be elected by the qualified voters of the State at a general election, and shall hold office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. PROPOSED NEW ROUTE OF ROCK ISLAND FROM SHAMROCK TO VERNON TO SEYMOUR

Light Tracing Seymour to Paducah, to Clarendon and Groom Shows First Route Proposed

R. I. PROPOSES NEW RAIL ROUTE

LINE SHAMROCK TO QUANAH SUBSTITUTED FOR GROOM TO PADUCAH ROUTE.

Washington, April 11.—The Chicago, Rock Island and Gulf railroad today renewed before the Interstate Commerce Commission its application for permission to undertake new railroad construction in Texas and to establish running rights over other railroads to create a new rail route between Amarillo and Fort Worth.

An original application, Groom through Clarendon to Paducah, was withdrawn several days ago to allow a resurvey of an alternative route by the program now proposed.

Today's petition said the Rock Island can shorten its rail distance between Amarillo and Fort Worth from 457 to 380. The Chicago, Rock Island and Gulf asked permission to build approximately 108 miles of track from Shamrock to Quannah.

At Quannah it would take running rights over the line of the St. Louis, San Francisco and Texas for approximately 37 miles, a part of it over lines the road has not yet built. In addition the Rock Island and Gulf would acquire trackage over 75 miles of line of the Gulf, Texas and Western, between Jacksboro and Seymour, both in Texas.

INVITES ANYONE TO CALL ON HER

"I COULDN'T EVEN RIDE IN A CAR, BUT NOW SINCE TAKING ORGATONE, I'D LIKE TO TELL WHOLE WORLD WHAT IT DID FOR ME," SAID AMARILLO WOMAN.

"I can't praise this new medicine Orgatone too highly for all it has done for me," said Mrs. J. G. Stroup, of 700 Mississippi, Amarillo, Tex.

"I suffered from stomach, kidney and gall stone trouble and no appetite and in a badly run down condition. My food would not digest properly and caused me much distress. For the past year I have not been able to eat even the simplest foods without suffering afterward. Gas would form on my stomach right after eating and give me a bloated, depressed feeling; I could hardly breathe, I had restless, sleepless nights, and suffered with a severe intense pain in my side, and was extremely nervous. I had a bad case of constipation and was forced to take laxatives most all the time. I really, kept going from bad to worse and got in a terrible condition.

"I read about how Orgatone had helped so many local people with troubles just such as mine

ROCK ISLAND IS SPENDING BIG SUM

TWO NEW LINES ARE PROPOSED FOR STATE IN VERY NEAR FUTURE.

Approximately \$7,000,000 will be expended by the Rock Island in the construction of new lines in Texas, work on which will start as soon as authority is received from the Interstate Commerce Commission, according to an announcement from President James E. Gorman's office in Chicago.

One new line of railway will be built south from Shamrock, Texas, through Wellington to Quannah, connecting with the Frisco construction between Vernon and Seymour. It is planned through this route to secure a short line for the movement of business from the Texas plains territory to Fort Worth and beyond. The Shamrock-Quannah line will cost around \$5,000,000.

Another new line will be built from Delhart, Texas, to Pringle, Texas, a distance of 60 miles. This line will open up a most fertile territory in the Texas plains country, as well as serve a productive oil territory. This line will be constructed at an expense of approximately \$1,700,000.

and began taking it. I have just taken one bottle, and feel like a different woman. Every one that sees me says I am looking much better and are amazed over the results I have obtained. My appetite is fine and I eat just anything I want and it doesn't hurt me in the least. The gas has stopped forming on my stomach, and I don't have the bloating spells anymore, and shortness of breath. My nerves are in good shape and I sleep soundly every night.

"Before taking Orgatone, I could not stand a trip of any kind in an automobile, but since using it, I have made a drive of two hundred miles and after I got home I went to bed and got a good night's rest and in the morning felt refreshed and vigorous, much to my surprise, and I figure if anything can help me in the shape I was, why, the whole world should know about Orgatone, for I was sure going down hill fast. I just invite anyone to call upon me and talk to me, relative to the benefits I received from Orgatone. It is a wonderful medicine and I'm glad to do what I can for it, and believe that credit should be given, where credit is due, to Orgatone."

Genuine Orgatone may be obtained in Clarendon at the Stocking Drug Store.

A common cause of poor growth and high mortality in chicks is contaminated soil. To keep the chicks free from intestinal worms and various diseases, do not let them on land where old stock has been allowed to range. Chicks should never be brooded on bare land; a good range is essential. Treat the land immediately in front of the brooder house with lime or acid phosphate, cultivate it, and sow it to some crop.

Two Texas counties—Brazoria and Matagorda—furnish most of the world's sulphur.

NAYLOR

Mr. and Mrs. W. M. Pickering opened the doors of their home to the young folks Saturday night, and needless to say, they made merry until the late hours of night. Quite a number of Clarendon young people were there. Mr. and Mrs. Pickering know just how to entertain and everyone is glad to be with the Pickering's.

Mr. and Mrs. J. Tims of Hedley were Sunday guests of Mr. and Mrs. A. E. Tidrow. In the afternoon all visited with Mr. and Mrs. Byron Alexander of White Flats. Walter Scott threshed his corn crop Monday. Mr. Scott is one of Naylor's best farmers.

Mr. and Mrs. Richmond Bowlin and daughter, Mrs. Sidney Beach, and son, Sidney Rhea, visited with Mr. and Mrs. B. B. Hudgins Sunday.

Mrs. Arthur Carnes and son spent Monday with Mrs. A. E. Tidrow.

Mr. and Mrs. W. M. Pickering spent Monday in Amarillo on business.

Walter Johnson is now the proud owner of a new Model A Ford roadster.

Rev. Williams was with us Sunday, giving us two good sermons. Quite a large crowd greeted him Sunday evening.

Miss Louise Tidrow spent the week-end as guest of Miss Lynn LaFon at Clarendon.

T. B. Downing and son, Waldon, were Clarendon visitors Saturday.

Mrs. T. E. Naylor, Miss Minnie Naylor and Joe Naylor were visitors at Clarendon Monday.

Mmes. Bowlin and Bunch were guests of Mrs. J. D. Stocking of Clarendon Sunday.

Mr. J. E. Hunt went to Clarendon Monday.

Mrs. B. H. Bryant visited Mrs. V. J. Glazener Tuesday.

Mr. and Mrs. Herbert Hunt and Thelma Glazener went to a play at Goldston Friday night.

Messrs. Cecil and Ernest Inman went to Clarendon Thursday.

Mr. and Mrs. J. F. Henry, Mr. and Mrs. V. J. Glazener enjoyed a nice ice cream supper Saturday night.

Mr. A. P. Brown attended court last week.

Mr. and Mrs. Carl Schaffer visited relatives down at Wheeler, Texas, Sunday.

Mr. and Mrs. H. Hunt went to a ball game at Goldston Sunday.

Mr. and Mrs. O. Shores from Pampa visited their parents, Mr. and Mrs. Carroll, Sunday.

Buel Glazener visited with home folks this week.

Mrs. Ruth Ashmead and Thelma Glazener visited Mrs. Nola Hunt Friday afternoon.

Mrs. Alma Brown from Wichita Falls visited her dad, Mr. O. C. Brown, last week.

The golfers from here visited the golfers at Groom Sunday.

Mrs. Elm and daughter from Alamed visited the former's daughter, Mrs. Roy Brown, Monday.

G. A. Shoop made a business trip to Clarendon Monday.

Mrs. Rex Brown spent Friday with Mrs. Roy Brown.

Mrs. J. A. Brown visited friends down at Hedley Wednesday.

Mrs. Nola Hunt spent Friday with Mrs. J. E. Hunt.

Mr. and Mrs. V. J. Glazener and family will visit Mr. W. T. Williams at Alamed Sunday.

Miss Gladys C. Hill from Hedley visited home folks last week-end.

Mr. and Mrs. V. J. Glazener made a business trip to Groom Tuesday evening.

Thelma Glazener visited Mrs. Jewetta Henry Tuesday afternoon.

Mr. A. A. Osborn from Amarillo visited home folks Monday.

The following called on Mr. and Mrs. Nelson Riley Saturday night till bedtime: Mr. and Mrs. Alexander of Berger, Mr. and Mrs. B. F. Knowles of Lelia Lake, and Mr. and Mrs. Archie McNeely. All spent very pleasant evening listening to music and playing games.

Mr. and Mrs. J. A. Thompson of Lelia Lake and Mr. and Mrs. J. O. Thompson spent Saturday night and Sunday in Amarillo visiting Mr. and Mrs. Henry Delamar.

Mr. and Mrs. Neal Bogard and Mr. and Mrs. Heckle Starks called on Mr. and Mrs. Bill Bromley Saturday night till bed time.

Mr. and Mrs. Sam Roberts visited with Mr. and Mrs. Kim Day Sunday night awhile.

Mr. and Mrs. W. D. Martin, Mr. and Mrs. Crabtree and daughters, Ruth and Mildred, and Misses Ruth and Elizabeth Dunn, all of Clarendon, called in the home of Mr. and Mrs. Nelson Riley Sunday afternoon.

Mr. and Mrs. F. L. Behrens and family spent Sunday with their daughter, Mrs. Roy McKee.

Mr. and Mrs. Archie McNeely spent Sunday afternoon with their aunt and uncle, Mr. and Mrs. M. Starks.

Mr. and Mrs. S. T. Clayton visited with Mr. and Mrs. L. L. Taylor of Clarendon late Sunday afternoon and then attended church at the Methodist church.

We are sorry to learn Miss Kathleen Riley is sick with a severe cold and unable to attend school the past few days.

Mrs. J. H. Ticer called on Mrs. A. M. Lanham Monday morning.

Mr. and Mrs. C. F. Bogard of Clarendon spent Sunday visiting with their son, Neal Bogard and family.

Most everyone in this section is patronizing the Clarendon hatchery and are well pleased with the hatches received.

Nelson Riley attended court today (Monday).

Mr. and Mrs. Harry Meredith and little son, Bobb Gene, of Memphis spent Thursday with Mr. and Mrs. Sam Roberts.

Miss Orene Riley spent the week-end with her parents, Mr. and Mrs. Nelson Riley.

J. O. Thompson and brother, J. A. Thompson, of Lelia Lake, left Thursday for a vacation trip. They will visit Derwood Thompson of Midland, and a nephew at Abilene. Then they will visit Mr. and Mrs. Homer Craft of Fort Worth and other relatives at Dallas. They plan to be away ten days.

Mr. and Mrs. Nelson Riley and Mr. and Mrs. Bill Knowles spent Saturday night with a sister at Pampa.

Mr. and Mrs. A. M. Lanham spent Sunday with Mr. and Mrs. John Goldston.

Mrs. Heckle Starks spent Sunday afternoon with her mother, Mrs. Patten.

Miss Louise Batson spent Sunday night with her sister, Mrs. Sam Roberts.

Mr. Riley and daughters, Misses Orene, Kathleen, Ina and Pauline, motored to Amarillo Sunday afternoon. Miss Orene stayed to resume her school work.

Mr. and Mrs. L. L. Taylor called on Mr. and Mrs. Nelson Riley Sunday evening late.

Mrs. L. L. Taylor and Mrs. Everett Stevenson spent Tuesday with Miss Eula Haley and Mrs. Paul Smith.

The Knight Dairy is finished and is a credit to our community and town. We all wish Mr. Knight great success.

Mrs. Nelson Riley spent Thursday afternoon with Mrs. Neal Bogard.

Little Dorothy Jean spent Monday with her aunt, Mrs. Roy Blackman, of the Chamberlain community.

Mrs. Emmett Bryson called on Mrs. A. M. Lanham Monday afternoon.

F. L. Behrens and sons, F. L. Jr., and Truett, attended church in Clarendon Sunday.

Amos Smith enjoyed a visit from his sister and family of Lubbock Friday night. They had not seen each other in several years.

Mrs. Sam Roberts called on Mrs. A. M. Lanham Monday night while Mr. Roberts and Mr. Lanham attended lodge.

Mrs. Emmett Bryson, of Chamberlain, called on Mrs. A. M. Lanham Monday afternoon.

Mrs. Sam Roberts called on Mrs. A. M. Lanham Monday night.

The value of printer's ink in its relation to the practical exploiting of a community cannot be over-estimated. The home town newspaper is without doubt the greatest asset both to the individual and to the area in which he lives and transacts his business. It is as important a part of the business man's breakfast as the bacon and eggs or the cream and sugar for his coffee. When he has absorbed and fully digested either of them—or both of them—he is better equipped to face his own problems and those that confront him as an important wheel in the community's machinery of progress.—West Texas Today.

CHRYSLER MOTORS PRODUCT. Announcing NEW FEATURES that create even Higher Standards in PLYMOUTH Performance, Comfort & Quality. This is Plymouth's National Display and Demonstration Week. PLYMOUTH now shows the public something new and altogether unconventional in even higher standards of performance, comfort and quality. The obviously greater quality and value are apparent in every phase of its appearance and behavior—in its greater roominess and comfort—in its greater economy of upkeep—and in its greater stamina and long life. Equally obvious is the greater safety of Plymouth—made certain by its rugged construction, and its positive full-size Chrysler weatherproof internal-expanding 4-wheel hydraulic brakes. This is National Display and Demonstration week, to enable the public to examine and drive the improved Plymouth. It will be well worth your time. PLYMOUTH PRICES—Six body styles ranging from \$655 to \$895. All prices f. o. b. factory. 2 5 1. PLYMOUTH AMERICA'S LOWEST-PRICED FULL-SIZE CAR. WHITE MOTOR COMPANY CLARENDON, TEXAS
