News Opportunity Club Closes Saturday At 9:00 P. M.

'NOW OR NEVER' IS BATTLE CRY AS ZERO HOUR NEARS IN BATTLE OF BALLOTS; ON HOME STRETCH NOW

CREDITS DROP FOR LAST TIMES AS HOME STRETCH STARTS TODAY; WHAT A WHOLE OF A DIFFERENCE SOME LONG TERM SUBSCRIPTIONS WILL MAKE NOW. BIG RACE IS HOT AND CLOSE.

The last dash to the wire!
The beginning of the end is at hand!

With only two more days after today in which to pile up the Ford Tudor winning credits, Opportunity Club members are on their toes and stirring scenes are being enacted as the live wires of this popular club come thundering down the home stretch. All of Donley County is watching and waiting, thousands of eyes are upon the club members and on everywhere for miles around folks are asking the burning question "Who's ahead?" and answering it with another one of "Who will win?"

The Plunge

Plunging along through the last few precious hours that are left in which to pile up the winning credits, a furious battle for supremacy rages as time ticks away the last remaining seconds, this is their last and final opportunity to clinch the prize of their heart's desire, these club members have got it to do and there's more than one that has the do or die spirit of accomplishment.

This Saturday night, at 9 o'clock, will bring to close one of the most interesting, hardest fought and most successful circulation building campaigns ever conducted in the Panhandle of Texas. A competitive subscription only sales campaign inaugurated to sell the Panhandle's oldest and best weekly newspaper, in the trade territory and maintain and bring up to a new high level, its circulation supremacy in that trade territory without the loss of any prestige, without the stimulus of anything at all but an intensified subscription sales campaign; selling the newspaper, a first class product, on its merits alone and paying those folks who are members of The News Opportunity Club, our sales force, the very highest possible wages for their efforts and results.

Prizes All Ready—Are You?

The stage is all set—everything is in readiness and the prizes are ready and waiting, the next thing is—ARE YOU READY? Are you ready enough to win the radio set or the diamond ring with? Better give this a serious thought—there is no such thing as too many credits and it's a lot better to finish the victor by an overwhelming majority than it is to lose by just a few subscriptions.

As the Home Stretch started today there was placed in Opportunity Headquarters a locked and sealed ballot box, all club members will deposit their sales reports and cash in this box after pacing each report in an envelope and sealing it and writing their name on their envelopes, careful-

ly checking their subscriptions and cash to see that they all tally. And in due fairness to all club members in the race, no personal checks are allowed to go in the ballot box, reports must be in actual cash or in cashier's checks or money orders or gold and silver.

This secret form of balloting for the entire last three days of the race is used and no standing will be published either in The News or on the bulletin board, in order to have all balloting absolutely blind and preclude the possibility of any one, not even the publisher or the club manager himself knowing the strength of any one club member.

How to Win

Remember that it may be just a few long term subscriptions that will be the deciding factor and will be the difference between the new Ford Tudor and the Radio or the Radio and the Diamond Ring or for that matter anyone of the other valuable prizes—then again only one or two or three new yearly subscription may be the deciding factor—you can never tell just what will do it—but it's better to be safe than sorry—take the risk or take the count. The eleventh hour is at hand. To the club members—a pointer or two—

Read the closing rules published elsewhere in this issue of The News, in the big display page advertisement, so that you are qualified in every sense of the word, then—

Do your level best—
Work right up to within a few minutes of that final hour of 9 o'clock on Saturday night—remember that many a race is won in the home stretch, so never give up—if you'll do this—credits will do the rest.

Remember—that it's "NOW OR NEVER."

And may luck and the winning credits be with you.

The Final Count

To the public, subscribers and friends—
The count by the official judges to determine the winners will be made as soon as the balloting stops, shortly after the race closes at 9 o'clock Saturday night, April 20th, while it will take some time to canvass the findings of the ballot box, it is believed that within an hour after the count is started it will be complete and at that time the winners will be announced and the prizes delivered to them in front of the News office. Everyone is invited to attend the count and the announcement of the winners and the awarding of the prizes will take place in front of the News office on Saturday night.

NOW ON THE HOME STRETCH! WHO WILL WIN?

The last three days balloting being blind and the secret ballot being used, all club members will deposit their sales reports in locked and sealed ballot box at Opportunity Club Headquarters in The News office Saturday night and deposit their final report by 9 o'clock, the closing hour.

All Club Members' Must Be Present.

DONLEY TO ENTER FIVE COUNTY MEET

DEMONSTRATION CLUBS OF FIVE COUNTIES TO MEET HERE IN JUNE.

Miss Harvey Thompson announces that plans are under way for holding a five county meet of Home Demonstration Clubs in Clarendon in the early part of June. The date has been set at either the second or third Saturday in that month and will include the counties of Potter, Armstrong, Hall, Collingsworth and Donley.

The idea behind the demonstration is to show what the club girls of the five counties have learned in their work. Poultry, Gardening, Clothing, Foods, Dairy and Home Improvement will be the topics up for discussion and demonstrations will be held in each of the subjects mentioned here. The clubs of this county are already behind the work and are planning to put on one of the best demonstrations that has ever been held.

In addition to the County Home Demonstration Agents for the five counties mentioned, the work will be held under the auspices of Miss Minnie Mae Grubbs, District Agent. Other officials of the Extension Department of A. & M. College will be here for the one day meet.

Geo. H. McCleskey and J. J. Rutherford returned Wednesday evening of this week from Dallas, where they had been to attend a meeting of the Mutual Life Insurance Secretaries of the state. Mr. McCleskey is Secretary for the Peoples Mutual and Mr. Rutherford is Secretary of the Donley County Mutual.

CLARENDON TIED FOR SECOND PLACE

CLARENDON HI COMES NEAR SECOND PLACE IN CHILDRESS MEET.

Even though the numbers of the Clarendon track team might have been few, they were in sufficient strength to tie for second honors at the District meet held last Saturday at Childress. Clarendon and Childress tied for the second place honors. Memphis High School carried off the meet, one man on their team scoring seven-teen points.

Bill Dillard heaped himself with honors at the meet by winning first place in the two hurdle events, carrying off ten of Clarendon's eleven points won. A new record was hung up on the high hurdles, being 1-10 of a second better than was made at the state meeting last year in Austin. All officials of the meet believed that Billie will have a good chance at the meeting in Austin and that he will be certain to make some of the winners look to their laurels. Benton Smith won second in the boys singles at tennis.

In the literary events, Miss Eunice Johnson was forced to second place in Senior Girls declamation. Phifer Estlack was also beaten out for first place and had to be content to take second place. Clarendon was unable to register a first place in any of these events, but won five second places, more than any other school in the district.

Miss Joy McCann won second place in the Childress meet in the Junior Girls Declamation contest. George Chamberlain, winner at the Hedley meet, was swamped in the preliminaries, as was Robert Green in the declamations. George came in the Junior Division and Robert came under the Senior classification.

One of the outstanding wins of the event was that staged by Miss Abbie Parker, who carried off first place in the typewriting contest. Miss Parker's score was 57.7 points and her nearest competitor scored 53 words per minute. The team, composed of Misses Parker, Killough and Gallagher, took second place in the meet against ten teams competing. Iowa Park was the winner of the first place. The Clarendon team scored 48 words per minute against 50 words. Miss Parker is expecting to enter the competition at Austin when the State meet is held.

Hillcrofters Win Meet at Memphis

The Hillcroft Golf Club reclaimed their title as golf champs Sunday when they met the Memphis golf members, seventeen of them, on the Memphis course Sunday afternoon. Nine of the seventeen matches were won by Clarendon golf players. Those of the Hillcroft members who were in Memphis before noon were royally entertained with a feed at the club house and were otherwise made to feel that they were welcome visitors to the neighboring city.

Clarendon players winning their matches are: Homer Parsons, Bill Cooke, Lee Casey, Tom F. Connally, J. T. Patman, H. B. Kerbow, W. A. Wilson, A. N. Wood, and R. C. Weatherly, Jr. Clarendon players losing their matches are: Allen Cooke, P. B. Gentry, M. P. Gentry, Wesley Knorrp, Kenny Lane, R. C. Weatherly and Holman Kennedy.

Other matches are planned with neighboring clubs that the Hillcrofters may be in the very best condition to meet the members of the Green Belt when they have their annual tourney this spring.

Mr. and Mrs. B. D. Dawkins and daughter, Joan, and Mrs. W. H. Austin left Wednesday for their home in De Queen, Arkansas, after a visit here with Mr. and Mrs. R. R. Dawkins.

PRESBYTERY TO MEET HERE NEXT

DALLAS PRESBYTERY SELECTS CLARENDON AS FALL MEETING PLACE.

Rev. Robert S. McKee and R. F. Morris returned the latter part of last week from the sessions of the Dallas Presbytery held in the Highland Park Presbyterian Church in that city last week. During the sessions of the meeting, Rev. McKee was received into the Presbytery and will be duly installed as pastor of the Clarendon Church on April 28th. A committee was named at that time to attend to the details of the installation.

The major item attended by the Clarendon representation at the Dallas meeting was the bringing of the Fall meeting of the Presbytery to Clarendon. The invitation was extended by R. F. Morris for the Clarendon church and the final vote showed that Clarendon had almost secured an unanimous vote for the meeting. Sherman was the other town asking for the place of meeting.

The exact date for the Presbytery has not been set, it ordinarily coming during the months of September or October. The local Presbyterians are planning to have their new church building ready for the sessions of the Presbytery and are planning to have their dedication services in conjunction with the meeting of the body. Fifty or more out-of-town delegates are expected to attend the session.

Final Play of Season Monday

Bringing down the curtain on the 1928-1929 season the Dramatic Club offers "Out of Court," on Monday night, next, at 8:00 p. m. Selecting "Out of Court" as the play that would carry pleasant memories throughout the summer months, Miss Foster and an exceptionally capable cast have been working unceasingly to offer the public the most finished production yet produced. The cast was selected to this end and certainly no more capable group has ever assembled in Clarendon.

With a subtle cleverness that is more than intriguing, you will be pleasantly entertained throughout the four acts.

W. R. Johnson of Eden, Texas, is visiting in the home of his son, F. C. Johnson.

Mrs. Duncan, sons Sheldon and Gar, and grandson, Odell Montgomery visited in the lady's daughter's home, Mrs. Claude Robinson, in McAadoo last week.

NEW CITY WELL FINE PRODUCER

CAPACITY OF PUMP LINE IS REACHED IN DEVELOPING NEW WATER WELL.

Late advices from City officials in charge of the water department of the city indicate that the new well is proving to be all that was expected of it, even though they have not been able to force the well to any appreciable degree with the air line that is now in operation. The well is producing approximately 175 gallons of water per minute, which is all the capacity the line serving the well with water will stand. The development will be continued until the entire strata of sand has been gravel treated and it is thought that the well will produce 200 gallons per minute when this has been completed. A layer of sand about eleven feet in thickness yet remains to be treated before the well is called complete.

In addition to working the well, the City has made an addition to the pumping plant in the north central part of the city to care for the new mammoth compressor that was placed to handle the two wells. When the new well has been completed a new line will be installed and the two wells will be pumped from the central station.

The capacity of the well is now 175 gallons per minute and is expected to be increased to more than 200 when the development is completed. This, with the amount being pumped from the present well, will bring the water supply of the city to approximately 350 gallons per minute.

BURTON AGAIN HEADS SCHOOLS

TRUSTEES RE-ELECT SUPT. BURTON AND FILL OTHER FACULTY VACANCIES.

At a meeting of the trustees of the Clarendon Independent School District last week, H. T. Burton was re-elected to head the schools of this city for another year, and other faculty members were re-elected. The Clarendon schools have had a most successful year under the guidance of Supt. Burton and his co-workers and the action of the board comes as a compliment for the services rendered.

Only two vacancies existed the first of the week in the faculty for next year and confirmation from a well-known educator of the Panhandle is awaited to fill one of those places. Dean L. B. Cooper has signified his intention of doing some post-graduate work next year and his place as dean of the junior college must be filled.

Unless other vacancies arise the board and the superintendent hope to have the full quota of teachers elected, confirmed and assigned in the next few days.

GENERAL MOTORS DEALERS IN SHOW

RESOURCES COMBINED TO GIVE CLARENDON PEOPLE AUTO SHOW.

Falling in line with the nationwide program of General Motors Company, the local dealers for the products of this organization have banded themselves together for a great showing to be held in the Allmond Chevrolet Show rooms Saturday and Sunday, April 20th and 21st. The showing is announced in the columns of the News and will be started with a parade in the business section of the town ending in the appointed place for the showing.

Three firms are to be represented in the showing. These are Allmond Chevrolet Company, Chevrolet agents for the city; Sims Motor Company, dealers for the Oakland-Ford line and Odos Caraway, Buick sales and service. All of these firms are well known to Clarendon people and their showings will be more than well attended.

McLean Class Visits Dairy

The McLean High School Vocational Agricultural Dairy Judging team visited Clarendon Sunday afternoon under the direction of their instructor, A. A. Tampke. The boys were brought to the C. L. Knight Dairy and were allowed to get practice for the meet that is to be held at College Station this week. To better enable the boys to become accustomed to strangers, they were asked to give reason to Mr. Holder, one of the employees of the dairy.

Oral reasons were given on the cows examined and score cards were made up from this. The McLean team has already won first place in Judging at Texas Technological College at Lubbock and at the Plainview Dairy Show. They were much pleased with the cattle shown by Mr. Knight and were interested in the kind of cattle kept in the herd. They especially complimented his stock of Jerseys and Holsteins and were enthusiastic over the new strain of Ayrshires recently introduced here.

The team is composed of Ford Bell, M. H. Kinard and Arch Ware with Clark Stockton as alternate. Mr. Knight was pleased that the visitors should choose his place for a visit and stated to a representative of the News that he learned many things about his flock that he had not known to this time.

MARINE TEST SETS TEN INCH LINE

WELL BEING PUSHED TO CONCLUSION AS FAST AS POSSIBLE. TWO SHIFTS.

The Marine Oil Company's test on the Sawyer estate north of Clarendon is pushing its well to a rapid finish with two crews in charge of the contractors of the well on the job night and day. The well has reached a depth of 850 feet, this being made with a ten inch hole. The twelve inch casing set some time past has been reset at a lower depth and it is thought that the contractors will start setting the ten inch casing today or tomorrow.

As compared with the log of the A-T well, this test is running approximately 100 feet higher in formations than did the former test. Nothing spectacular has been encountered in this test, but the contractors state that they are ready for any eventuality that may arise.

The equipment used is all new and in the best of condition and a plentiful supply of tools of various kinds are on hand to meet broken cables and other accidents of a like nature. Mr. Downey is personally supervising the well, being assisted in this work by Mr. Turner, his partner in the contract.

J. H. Wood and children of Amhurst were guests in the home of his brother, A. N. Wood, last

Sims Motor Has Part in Speed Test

Sims Motor Co. of Clarendon is a member of Pontiac-Oakland dealers in this section of Texas who are sponsoring a speed test of the new Oakland All-American Six between Oklahoma City and Amarillo.

Monday, April 22, is the date of the run, and the route is over Federal highway 66, in a 2-door Oakland All American sedan, a stock car furnished by the Harmon Motor Co. of Amarillo.

Jack Callaway, a nationally reputed AAA driver will pilot the car on the run, and the Western Union will clock the trip. Mr. Callaway was in Clarendon Wednesday of this week and informed a representative of the News that the trip would probably total three hundred and ten miles from the starting point in Oklahoma City and the Harmon Motor Co. studios rooms at Amarillo. The drive will be made under the AAA rules and regulations and Mr. Callaway expects to set up a new record for the run between the two cities.

DUNWOODY GETS 99 YEARS HERE

JURY OUT THREE HOURS. CIVIL CASES TO COMPLETE WORK THIS WEEK.

Joe Dunwoody, one of the men implicated in the killing of the Hedley night watchman on the last of December, 1928, received a sentence of ninety-nine years here in District Court Wednesday afternoon. The jury on the case remained out of the court room three hours before reaching a verdict. The trial was completed in record time, taking less than three days to complete from the time the jury examination was started until the verdict was reached.

Ninety-three men were examined before the following list of men were accepted as jurors: I. O. Noble, I. W. Alderson, F. H. Longan, A. O. Hott, J. C. Carter, H. L. Riley, T. R. Adkins, P. C. Johnson, J. F. Choats, J. C. Hill, W. M. Mace and Floyd Shannon. A special venire had been called consisting of 126 men.

The other of the cases against the men implicated in this same offense will not come to trial here at this term of court. A change of venue is to be asked on these cases. The place of trial has not yet been ascertained.

Civil cases of a non-jury nature will take the remainder of this week, the trial of the Brazil will contest case being set for this morning. This is an appeal case sent up from the County court.

Grand Jury work will be resumed next Monday and if nothing has come to the attention of the officers by that time, this body will make their final report and adjourn for the term. They have been recessed for the past two weeks after returning fourteen bills.

ADAM PUFFER IS COMING TO CITY

NOTED VOCATIONAL EXPERT WILL ADDRESS CITIZENS TUESDAY, 23RD.

Adam Puffer, Vocational Guidance expert, will be in Clarendon next Tuesday, April 23rd, for the purpose of discussing the problems that confront the youth of America today. Mr. Puffer will address the College and High School students at their chapel hour Tuesday morning and will again speak to the Parent-Teachers Associations of the city in the afternoon at 3:00 o'clock. In addition to this, he will also appear at the Lions Club in the evening as the speaker of the occasion.

Mr. Puffer is being brought to the towns of Clarendon, Memphis, Wellington, Shamrock and McLean by the Southern Panhandle Council of Boy Scouts. He asks that all boys feel free to consult with him on their problems leading to the choice of their life's work. The girls of the community are not barred and will be received with the same consideration as is shown the boys.

Mr. Puffer spent seventeen years in the Universities being a graduate of Clark, Illinois, Boston and Harvard Universities. This schooling was done before he started in the work he is now doing. He served as principal of the Massachusetts Industrial School for Boys; as a probation officer; saw service in the Southwest during the war and has for the past ten years conducted schools of vocational guidance and lectured before teachers institutes and other life organizations. Institutes of Vocational guidance have been conducted by Mr. Puffer under the auspices of Service Clubs and the Y. M. C. A.

Following his appearance here, Mr. Puffer will deliver a number of addresses to schools at their graduating exercises.

CLARENDON IS CHOSEN FOR CHIRO'S MEET

Clarendon was selected for the next monthly meeting of the Panhandle Chiropractic Association, in the closing session of the group held at the American Legion Hall in Borger Monday. The Clarendon convention will be on May 12. The invitation to meet in Clarendon was extended by Dr. C. W. Galloway, who was in attendance from this city.

THE CLARENDON NEWS

Clarendon yards and lawns are already in process of grooming for their most beautiful season. No city can go too strong on civic beauty.

Clarendon people are practically unanimous in their interest and favor of the proposed scenic highways, state parks and federal bird refuge project down in the Paloduro Canyon. Very few of our people realize the tremendous possibilities bound up in the project.

Seems now like the demand for more water in Clarendon is met for many years in the development of the new city well. We must all agree that ample and proper water supply is a paramount need of any city and since we seem to have that item disposed of, we now come to another need—more concrete sidewalks and street paving.

If there weren't certain examples of newspapers in the United States who use their news columns and illustration service to discredit the prohibition laws of the nation, we would get exceedingly peeved at the shameless coterie of lawyers back East who have banded together to defeat the Jones law—the law that puts teeth into the eighteenth amendment. Now we know what the term "shyster lawyer" means.

A CONSTRUCTIVE ACTION

After a number of years' effort on the part of farmers, business men and citizens of large county vision, Donley County is to have a county agricultural agent. Acting on motion of over two hundred farmers and business men who had signed a petition asking that the commissioners court appropriate funds to match federal funds for the employment of a county agent, the court last week voted unanimously for the appropriation of such funds, and Donley County is on the waiting list for the first available agent under this year's quota of federal money.

As the News sees it, this is the most constructive piece of legislation the commissioners court of Donley County has recorded in many years, and the citizenship of the county in all walks of life are to be congratulated on having a court whose judgment is so attuned to one of the real needs of Donley County.

APRIL IS CLEAN-UP MONTH

April is Clean Up month the nation over, and all over Texas comes reports of clean-up campaigns in city, town and hamlet.

Clarendon has done some very effective work along this line, following the leadership of the city commission and the chamber of commerce, and plans are in the making for as city-wide a clean-up our community has ever known. There is hardly a movement conceivable any more worthy of general support and intensive effort than a co-operative campaign to rid our city of trash, filth and garbage. Not that Clarendon is any dirtier than other Panhandle towns, or as dirty as some, but that we pride ourselves on a civic consciousness that will not stand still—a spirit that demands even more cleanliness and beauty for our home town.

If every citizen will get his own premises in order, it will be a relatively small matter to make the 1929 Clean Up the most worth-while in our civic history.

TEXAS' UNFORTUNATES CRY FOR MERCY

One of the momentous questions to face the special session of the Texas Legislature called to convene on April 22nd, is the appropriation of sufficient moneys for the care of the eleemosynary institutions of the state. There is a growing resentment in Texas against the careless attitude of our law makers as to the proper care of the feeble minded, the tuberculars, the epileptics, the orphans, and other state wards. We have been busying ourselves with the great development of the oil and gas business, the water rights question, the highway matters the demands of the state schools, and a hundred other claims on our tax money, but we have failed to recognize the steadily growing demands of our unfortunates, and the utter incapacity of our present eleemosynary establishments to care for their welfare as befits a rich and professed Christian state. All these hospitals and institutions have long waiting lists of those needing attention, and a little money to provide additional housing facilities could erase this disgraceful situation and enable us to raise our heads from a state-wide shame. Those who know say it will not be necessary to raise the state ad valorem tax rate above the thirty-five cent maximum, to provide for these unfortunates, and no citizen could become a part of a greater "mercy lobby" than to let his representative and senator know that he expects this unthinkable situation to be remedied—and without delay.

The Town Doctor

(The Doctor of Towns)

If ever there was a time when it behooved small cities and towns to prepare for a big opportunity, it is right now.

Big men, big industry and big town people are looking to the smaller cities as they have never looked before.

You may call it trend of the time if you like, but whatever you call it, it is one big grand opportunity for those who are wise enough to see it and do something to get ready for it. Leading publications everywhere are printing special articles on it and it is more and more a subject of conversation wherever big men get together or in private conference.

In a recent issue of The American Magazine, Henry Ford said: "Is it efficient for business to pay high land prices and high taxes in congested cities where its workers must pay exorbitant rents? By moving out, business could get lower land prices, lower taxes and lower rents—and far better living conditions for its people."

A bulletin recently issued by the American Highway Educational Bureau says: "Dependable all-weather transportation has already begun to work wonders in the decentralization of manufacturing, with the result that more diversified forms of employment are being brought into the country." This development, like many changes in these whirligig days, has been going on so quietly and steadily as to pass almost unnoticed. It has come to be a common remark among motorists upon entering an unfamiliar town to ask, "What do they do here?" It is no longer enough to say that is an agricultural town or an educational center, for surely they must be making some product or another which the world at large uses. "It is often said, and with some degree of truth, the bulletin admits, that the drift of population from farm to city remains unchecked, but the facts are that this drift is stopping short of the larger cities and has begun to build up the towns and villages that lie so close to and form such an integral part of the open country."

The lesson to be learned is that highway transportation is a going business and still greater returns will come from further improvement. It will not be economy to let down in highway extension programs because our state systems are so well under way. There are the main arteries, which, if widened—and they will be—hold even greater possibilities as trade channels.

GET READY—you never know when a scout for a big man or a big business will be among you. He may be in your town now. He will not come among you with blare of trumpets; his report will not be based on your individual likableness, or good fellowship of the few shining lights, but on your town as it is—not as you believe it to be, if you have ever thought about it at all.

Big men are not interested in Hickville or Hickvilleites. They believe as they have a right to believe, that the automobile and good roads, radio, telephone and free mail should have, by now, taken the Hick out of Hickville. If it hasn't, if such things have not awakened in the minds of towns the possibilities in the new order of things, then some other town is where they must investigate.

Stand back and look at the picture of your community. Are you ready for big things?

This Town Doctor article, one of a series of fifty-two, is published by The Clarendon News in co-operation with the Clarendon Lions Club.

The bar as a whole is composed of gentlemen of the highest character. Many who make a specialty of defending criminals, however, have acquired the habit of resorting to any kind of tactics necessary to win. The more successful they are in keeping their clients out of the penitentiary, the greater their reputation as criminal lawyers and hence the bigger their fees. They, therefore, oppose any reform in procedure that prevents delays, destroys loopholes for the criminal, and makes the administration of justice more prompt and certain. This is why the ordinary criminal lawyer in the legislature fights all measures designed to improve procedure. Some of the proposed measures, possibly, are without merit, a few of them may be foolish; but there are quite a number of vital and highly meritorious measures that should be adopted. Excuses by the criminal lawyers in the legislature, who have thwarted these reform measures, are vain. The press of the state should give all possible publicity to their records. Patriotic lawyers and laymen alike should denounce the attitude of these friends of the crooks who clog the wheels of justice in the court and who strangle to death every reform measure introduced in the legislature. Too many criminal lawyers in that body.—Lynn County (Tahoka) News.

WELLINGTON IS HOST TO SCOUTS

LARGE ATTENDANCE MAKES TRIP FROM CLARENDON. THREE TROOPS GO.

Representatives from three Clarendon troops of the Boy Scouts were in attendance on the meeting of the Southeast Panhandle Council Friday evening of last week. This, the first council meeting since the return of Executive Jolly from the Scout School, was one of the best attended events yet held and had the interest of the Scouts from the various towns making up the Area. Quite naturally, the cats part of the program appealed to every boy. This time, they "cooked their own" and all of them enjoyed this part of it to the utmost. A bun had been filled with cheese and wrapped round with bacon and this was the meal for the evening. The buns were roasted over open fires and the men and the scouts were each treated alike in their cooking.

The usual routine program was followed after the meal had been eaten.

Clarendon was represented by: S. E. Allison, D. R. Davis, W. B. Haile, George Ryan, Homer Mulkey and J. G. Sherman. The Scouts in attendance on the meeting were: Hubert Reavis, Bob Bledsoe, Carrol McClung, Cloyd McClung, Phillip Smith, George Bourland, Homer Estlack, Johnny Blocker, Kenneth Sherman, Y. E. McAdams, Max Mitchell, Leroy Tarwater, McMurtry, Perry Allen Bleville, Walter Garmon and Byron Haile. The boys were taken to the scene of the evening's program in Mr. Haile's truck.

STORM MONTH

April has been termed the storm month and you read in the daily papers of damage being done over the country by storms and tornados. The next one may be in Donley County. See that you have this protection at the small cost of 20c to 40c per hundred and be prepared when it comes. Better check up on your fire insurance and see if you have plenty to cover your loss in case of a fire—very few have enough protection on their household effects—you have been adding new furniture, radios and other musical instruments, perhaps and have failed to increase your insurance.

See us for Insurance of all kinds and bonds.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

AS YOU FEED SO SHALL THEY LAY

Records Show Egg Production Often Doubled or Trebled by the Addition of One Simple Element to the Feed—Extra Profits from Correct Feeding More Than Offset the Slight Additional Cost.

From somewhere way back in my third reader days, I recall the story of a miser who tried to feed his horse shavings. It would save the price of hay, he reasoned, and if the change was made gradually the beast would never know the difference. Maybe the horse was fooled, but Nature most certainly was not. Long before the diet got to be all shavings the poor old horse gave up the ghost.

As I observe the way a great many people feed their chickens, I am often reminded of that story. I don't mean they are stingy, but their lack of knowledge about feeding is just as great. They are expecting the impossible and wonder why they are so consistently disappointed.

The first thing that must be thoroughly understood is that from the hen's point of view egg laying is a secondary matter. She eats first of all to build up and maintain her own body. If after enough has been eaten for that purpose, she can be persuaded to eat still more of the right kind of food correctly proportioned, she will lay eggs. That's all there is to the theory of scientific poultry feeding.

The next essential fact to be mastered is that different kinds of feeds produce widely different results. Grains furnish, for the most part, substances called carbohydrates which are transformed into fat for the fowl's body and albumen or egg whites. Other substances, known as proteins, build up the muscles of the bird and furnish yolk for eggs. Proteins are usually fed in the form of meat scraps, milk, or tankage. There are some proteins in grains but not enough for the hen's body and eggs too.

For the egg shells and bones of the fowl, minerals are required, calcium carbonate being the principle one. For that purpose, crushed oyster shell or limestone is kept before the fowls at all times.

A certain amount of green food is also required. It helps prevent digestive disorders and contains the two valuable vitamins, A and D, so essential to the proper assimilation of other food. Without vitamin D, for example, the minerals in the feed cannot be made over into bone and egg shell.

Once it is clearly understood that each different kind of feed has its own individual job to do, the very term, "balanced ration," ceases to sound so much like a foreign language. It becomes plain that the ration must consist of just so much material containing carbohydrates and a propor-

tionate amount containing proteins.

An example of what I consider a well balanced ration is the one given below, which I have used successfully for a number of years. For the sake of those not familiar with this method of feeding, I shall explain that mashers are customarily put in hoppers and kept constantly before the hens at all times. The grains are preferably few by hand with the feedings far enough apart so the hens will eat plenty of mash in between times. The grains are called scratch feeds, by the way, because they are usually buried in deep litter. That makes the hens have to scratch it out, thus getting much needed exercise.

A Balanced Poultry Ration
 Scratch Feed
 100 lbs. yellow corn.
 100 lbs. wheat or heavy oats.
 Mash Feed
 100 lbs. wheat bran.
 100 lbs. middlings.
 100 lbs. yellow corn meal.
 50 lbs. ground oats.
 100 lb. meat scraps.
 5 lbs. commons salt.

Plenty of seasonable green stuff should accompany this ration. Grit, charcoal and oyster shell should be kept before the hens at all times. And water! Yes, of course. Eggs are 65 per cent water and a plentiful supply of fresh, clean water should always be on hand to supply that requirement. It is also essential for the health of the flock.

The feeding of a balanced ration will work wonders. There are plenty of examples of flocks that were fed all grain rations with only fair results, but which doubled or even trebled their output as soon as a good mash with the necessary protein element was added. It is not enough, however, just to feed a 50-50 mash and scratch ration all the time. The successful poultry man will study his flock. He will know whether they are being forced and producing beyond their normal capacity, or whether they are getting too fat and lazy so they are not laying as much as they should. If the former, he will cut down on the mash and feed more grain. If the latter, he will cut down on the grain and increase the mash to make birds consume more protein.

Note—I will gladly answer questions about any phase of poultry feeding which may be addressed to me in care of the editor of this newspaper.

(Copyright, 1929 by Dr. L. D. LeGear, V. S.)

6 YEARS NEURITIS YIELDS TO SARGON

"Sargon is the only medicine that relieved me of neuritis after suffering for six years."

"I would be doing my household, and all at once pains would start in my left side, and extend up into my shoulders, and many a time I had to go to bed."

"Then, I commenced to suffer with stomach trouble and everything I ate disagreed with me. I had taken so many medicines

without lasting relief, and was so tired, worn and distressed with pain, that I was on the verge of despair. But I will never cease to be thankful for Sargon. If it had done nothing but end my neu-

MRS. GERTRUDE McDONALD

ritis, that would have been enough but it helped me in every way, and I am feeling better than in years. I eat and enjoy hearty meals, and nothing disagrees with me. Every ache and pain is gone, my strength and energy have returned, and I feel like a different woman.

"While the Sargon tonic was building back my strength, Sargon Soft Mass Pills cleansed my system of poisons and ended my constipation. I can never say too much in praise of this wonderful new treatment."

The above statement was made recently by Mrs. Gertrude McDonald, highly esteemed resident of 737 Melba St., Dallas.

Sargon may be obtained in Clarendon from Douglas-Goldston Drug Co.; and in Hedley from the Hedley Drug Store.

CONSTANT VIGILANCE BRINGS GOOD SERVICE

Watching the government's weather reports like a hawk and taking advantage of every scientific precaution are all part of the day's work in maintaining an uninterrupted supply of natural gas in the winter time, according to Clarence N. Stannard, vice president and general manager of the Public Service Company of Colorado.

After an inspection of the Denver-Amarillo line which brings natural gas from Texas to Denver, Mr. Stannard said:

"Everything is in excellent condition, and the gas supply is enormous. We keep a close watch on weather reports. Twelve hours before a cold snap has hit Denver we start an extra supply of natural gas on its way. Ordinarily,

BACK TO SMALL TOWNS

According to recent surveys, there is a decided movement from the big cities to the small towns. The high cost of living, lack of proper housing, and other discomforts and inconveniences of the city largely influence families to seek homes where a dollar goes further and where happiness is not so restricted.

Improved conditions in small towns, due to distribution of electric power, better opportunities for employment, improved means of transportation, and better school facilities are important factors in favor of the smaller communities.

Twenty million cubic feet is sent into Denver daily, yet we can send in one hundred million cubic feet in a few hours' notice."

WINDSTORMS

Have a way of never warning a person before they strike and are more to be feared than any other form of damage. Be certain your home is covered with this sort of insurance and you will have no fear of spring.

Children's Educational POLICIES

Age Limit

One Day To Fifteen Years Old

When the child has reached the age of 18, either of the following options may be selected:

1. Cash—\$2,500.00.
2. \$75.00—First of each month—9 months of each year for 4 years.
3. \$657.60—September 1st of each year for 4 years.
4. \$55.65—First of each month—12 months of each year for 4 years.
5. Cash \$1,807.00—and a paid up profit-sharing policy for \$2,500.00.
6. A paid up profit-sharing policy for \$9,037.00.

THE POLICY FURTHER GUARANTEES:

That in event the Father or Mother should die or become totally disabled through sickness or accident, this policy will become paid up and the child will receive the benefits at age of 18.

In event of the Child's death the policy will be payable to the parents.

Nothing Can Prevent Your Child's Education.

Children's Educational Policies serve to promote thrift, provide funds for an education or business, and to start the Child out on an Insurance Program.

SIGN COUPON AND MAIL. LITERATURE WILL BE MAILED.

The Judges

G. L. BOYKIN
Secretary Clarendon Chamber of Commerce

J. J. ALEXANDER
County Judge

J. T. PATMAN
of J. T. Patman & Son, Insurance, Clarendon

The gentlemen named above have kindly consented to act as a committee of judges to make the final count to determine the winners.

They are all well known business men who have no personal interest in the campaign or anyone of the club members and are serving in the interest of the News to see that every credit is counted as cast according to the rules and regulations.

Promptly On The Stroke Of 9
O'CLOCK SATURDAY NIGHT, APRIL 20TH,
THE CLARENDON NEWS' OPPORTUNITY
CLUB

WILL END

The great race for the Ford Tudor Sedan and the other valuable prizes. At that hour the door will be locked and no one allowed to enter.

Important Notice!

Positively, no personal checks will be accepted if found in the locked and sealed ballot box during the last three days of the campaign.

This ruling is made in absolute fairness to all club members and will be strictly enforced.

All remittances for sales must be in actual cash, cashier's checks, or money orders, or gold or silver.

If any personal checks are found in the ballot box they will be thrown out and no credits issued.

Club members are warned and instructed from this moment on to have any personal checks made out to them and for them to cash same and make their sales report in cash only.

THIS IS IMPERATIVE

Thousands Of Eyes Are Upon You!

WILL YOU DRIVE THIS HOME?

The End

Of the Race is But a Few Hours Off
And it will be brought to a close under a locked and sealed ballot box.

All Club Members

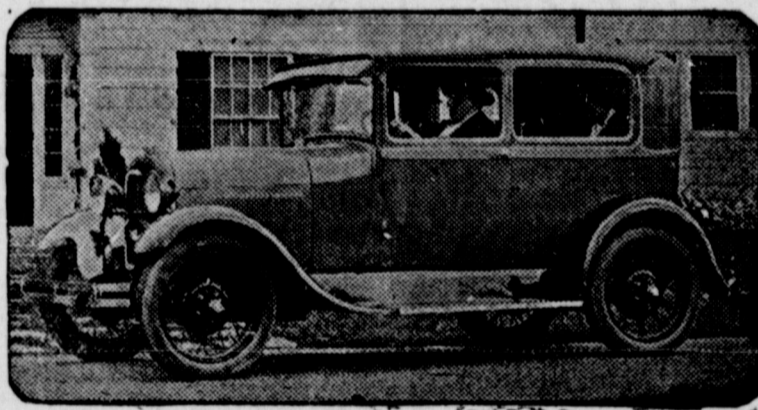

Will deposit their sales reports in the ballot box for the last three days, placing their subscriptions and cash in an envelope and sealing it. Be sure to write your name on all of your envelopes before you deposit them in the locked box.

This is done so that no one, not even the publisher or club manager, can possibly know the strength of any club member and in fairness to all of the club members.

MAKE SURE

Not only of winning but that the correct amount of money is in all of your envelopes and that your subscriptions and cash tally. Also that there are no personal checks in your envelopes. See important notice above.

GRAND CAPITOL AWARD

1929 Ford Tudor Sedan \$658.90

Fully Equipped With Spare Tire and Bumpers
Purchased From and on Display at

CLARENDON MOTOR CO.

REMEMBER, that you have promised your friends, and you've promised yourself, that you would win—now in justice to those friends who have supported you so nobly and to yourself—

You've Got It To Do!

But if you are not working at top speed now and prepared to continue to do so right up to the very last minute Saturday night, you will fail, for the real tug of war is yet to come. Between now and that fatal hour of 9, the next two days tell the tale.

The Final Count

To determine the winners will be made by the official judges on Saturday night just as soon after 9 o'clock as all balloting has stopped. All club members who are in the office on the stroke of 9 will be allowed to deposit their final sales in the ballot box, no matter how long it takes. Then the box will be turned over to the judges who will unlock it and order the club manager to issue credits on the sales therein. Then the credit ballots will be turned over to the judges for their examination and be added to the previous ballots cast by each club member, and while it will necessarily take some time to canvas the ballot box, it is estimated that the count will be completed and the totals announced within an hour after balloting has stopped, at which time

The Prizes

Will be awarded to the club members in front of The News office. Come and bring your friends.

THE WINNING SCHEDULE NEW SUBSCRIPTIONS ONLY

5 Years—\$10.00	35,000 Credits
4 Years—\$8.00	15,000 Credits
3 Years—\$6.00	10,000 Credits
2 Years—\$4.00	5,000 Credits
1 Year—\$2.00	2,000 Credits

SUCCESS - OR - FAILURE?

IT'S UP TO YOU, AND YOU ALONE!

NOW OR NEVER

College Students Planning May Day Program

Plans are being made by the student body of Clarendon College to have one of the best and most beautiful may day programs that has been given in Clarendon. The program will be given on the campus in front of the girls hall on the evening of May 1st. All of the students of the college will take part along with students from the Junior and Senior High Schools and the Ward school. The entire public is invited and no admission will be charged. The exact program and time will be published at a later date.

The Clarendon College Senior class will have its graduating exercises on the night of May 15 or 16. Judge C. C. Small of Wellington, Texas, will deliver the graduating address. There are twelve who will get their diplomas from the Clarendon Junior College this year.

CLARENDON COLLEGE TO SEND ITS TRACK STAR TO CANYON MEET APRIL 26

"Slick" Naylor will represent Clarendon in the Great Plains track meet to be held in Canyon the 26 and 27 of this month. "Slick" is now the holder of two records at Canyon and he says he is going to set two more this year. His high hurdle record is within 1-5 of a second of the world record, so he is going to try to bring the world record to Clarendon this year. The other record that he holds is in the high jump which is 6 feet, 3 3-4 inches.

EASTER

When We See

—that a farmer is continually banking cream checks each week or month we know that he has found the secret of making farming pay.

A good manager with a few heavy producing cows and the necessary equipment soon has money in the bank to pay off mortgages and improve his farm.

Dairy farming brings returns on the smallest farm.

Farmers State Bank

"There is no Substitute for Safety"

'GRANDFATHER' OF PONTIAC '6' FOUND

PONTIAC NO. 1 BUILT ABOUT 1904; INSTRUCTION BOOK LISTS MANY 'DON'T'S'

Pittsburgh, Pa., April 15.—The story of the unknown relative who suddenly crops up at a family gathering had a counterpart here when a Pontiac car built years ago bobbed into the limelight at the home of W. J. Frazer, whose father had purchased it about 1904.

When A. R. Glancy, president and general manager of the Oakland Motor Car Company introduced the present line of Pontiac cars in 1926, they were believed to be the first automobile so named, until the uncovering of the old timer here.

A tricky and dilapidated one-seater with a two cylinder engine, a dash board, steel rimmed wheels and all the other accoutrements demanded by the gay blades of the early nineteen hundreds, the car bears a plate distinctly emblazoned with the name PONTIAC and revealing the manufacturer as the Pontiac Motor Vehicle Company.

From official documents and the memories of old residents at Pontiac, it has been learned that the Pontiac Motor Vehicle company had a transitory existence around 1904 or 1905 and then fell by the wayside, like many similar ventures at that early date, leaving Mr. Frazer's car an orphan until it came out of storage to claim name relation with the present line of Pontiacs.

Along with the Pontiac's "grandfather," Mr. Frazer also produced a book of instructions issued with the car. This asserts that "there is absolutely nothing of a complicated nature in connection with the operation of the vehicle any of ordinary intelligence can easily become an expert."

From this point on the treatise presents a subtle argument seeking to justify gasoline locomotion as against steam and other forms of transportation of that early date. After asserting that there is nothing complicated in operating the car, the book proceeds to list a forbidden series of "don'ts" that have caused modern sales experts to marvel that any cars ever were sold.

It warns against fractured arms in cranking, about the difficulty of climbing hills, and states that "pride means getting chasty, and because you can drive up a lane without tearing down the fences don't start hunting for hard stunts."

It advises grinding the valves with dust from a grindstone mixed with oil and applying tallow to

INCREASE IN RETURN PER HOUR OF WORK POSSIBLE

Whether a farmer is to get 70 cents an hour for his labor with his poultry flock, or 24 cents an hour, depends largely upon whether he can get his pullets into production in time to take advantage of high winter egg prices, it is shown by a recent experiment conducted in Ohio.

A large percentage of the farmers throughout the country can nearly triple the labor income from their chickens, merely by managing the flocks so that at least 25 per cent of the year's egg production comes between October 1 and January 31, according to the results of this test.

A group of farmers were united for this experiment. Half of them managed their poultry flocks so that 25 per cent of the total yearly production was disposed of in October, November, December and January, when eggs are highest in price. Figures showed that this practice boosted their year-round average price to 38.7 a dozen for all eggs sold, and gave them a return of 70 cents for every hour of labor on poultry, after allowing for all other costs.

A second group of farmers, who did not get their pullets in condition for fall egg production, selling only four per cent of their eggs in the four high-price months, received only 30.8 cents a dozen for their year-round average price, and made only 24.5 cents an hour in labor income.

The secret of obtaining fall egg production lies in securing chicks early, from good parent stock, so the pullets will be laying in early October, when the demand is heavy and the prices start to mount.

Mrs. F. C. Johnson returned the latter part of the week from Wichita Falls where she spent a week or so. Upon her return she found Mrs. Austin Christoff and little son, Jimmie, of Wellington had come over for a visit.

Phillips Petroleum Company,
T. E. May, Agent,
Lubbock, Texas.

Gentlemen:

Answering your inquiry of recent date as to what service and satisfaction we are getting from Phillips products, namely 66 gas-oil, tractor oils and greases. We beg to advise that we have used Phillips products in our tractors and motor cars and find them to be highly satisfactory.

For your information, we are operating four 10-ton Hols, one Best 60 and six 15-20 McCormick-Deering tractors doing general farming work, such as plowing, harrowing, seeding and cultivating. We have in cultivation around 9000 acres, a part of which is farmed by tenants. We have 2300 acres in wheat and are preparing 2000 acres of seed to be planted in Higer. Summer following 1000 and will plant 500 acres of Sun Flowers. All the above named lands are farmed by tractors with exceptions of tenant farmers.

In connection with our farming we are operating a chicken plant of 7500 White Leghorn hens, 4000 of which are trap-nested, have an incubation capacity of 44,000 and brooding capacity of 24,000. We are sold on Phillips products and any inquiries you direct to us, we shall be glad to answer.

We are
Yours very truly,
MYRICK FARMS
(Signed) RUSSELL MYRICK.

Now is the time to fix up your MODEL T FORD

RIGHT now, after winter lay-ups and winter driving, is the time to go over your Model T and find out just what it needs in the way of replacement parts and adjustments. For a very small cost, you may be able to protect and maintain your investment in the car and get thousands of miles of additional service.

To help you get the fullest use from your car, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts and will continue to do so as long as they are needed by Ford owners.

These parts are quickly available through Ford dealers in every section of the country. Note the low prices in the partial list given below:

Piston and pin	1.40
Connecting rod	1.60
Crankshaft	10.00
Cylinder head	6.00
Cylinder	20.00
Time gear	.75
Time gear cover	1.00
Crankcase	12.00
Magneto coil assembly	5.00
Fly wheel	13.00
Transmission gear shaft	1.65
Transmission cover	6.00
Clutch pedal	.65
Steering gear assembly (less wheel and bracket)	8.50
Starter drive	4.25
Generator	12.50
Battery	8.50
Carburetor	3.00
Vaporizer assembly (with fittings)	9.00
Rear axle shaft	1.75
Differential drive gear	3.00
Universal joint assembly	2.50
Drive shaft pinion	1.50
Front axle	9.00
Spindle connecting rod	1.75
Front radius rod	1.50
Rear spring	6.00
Radiator—less shell (1917-23)	15.00
Radiator—less shell (1923-27)	14.00
Hood (1917-1925)	6.50
Hood (1926-27) Black	7.90
Gasoline tank	6.00
Front fenders (1917-1925) each	4.00
Front fenders (1926-1927) each	5.00
Rear fenders (1922-1925) each	3.75
Rear fenders (1926-1927) each	4.00
Running board	1.25
Horn (battery type)	1.50
Headlamp assembly (1915-26) pair	5.50
Touring car top (1915-25) complete	27.00
Touring car top (1926-27) complete, includes curtains and curtain rods	35.00

These prices are for parts only, but the charge for labor is equally low. It is billed at a flat rate so you may know in advance what the job will cost.

Society

Bourland-Johnson

A wedding of much interest to a great many in the community was that of Miss Sybil Johnson and Ralph Bourland which was solemnized at five-thirty at the Methodist Church, Thursday, April 11th, Rev. S. E. Allison officiating.

Only the contracting parties were present and the bride and groom left immediately after the ceremony for Oklahoma City for a short visit. Upon their return they will be at home in Clarendon until the summer months, then will move to Quail where Mr. Bourland has bought an interest in the gin.

The bride was very charming in a gown of green crepe. She is the eldest daughter of Mr. and Mrs. David Johnson, has grown to womanhood in Clarendon where she graduated from Clarendon College, then spent a year in S. M. U. Miss Johnson was an employee of the West Texas Utilities Co. shortly before her marriage.

Mr. Bourland is the second son of Mr. M. W. Bourland, grew to manhood in Clarendon, where he graduated from the College, afterward receiving his degree at A. & M. College.

Ladies' Aid Meets

The Ladies' Aid of the First Christian Church met Wednesday in an all day meeting with Mr. and Mrs. Will Dubbs. There were 43 present when all were seated around the dining table. Bro. T. M. Little was called on for a speech and he responded with a most inspiring talk which was enjoyed by all.

At two o'clock the meeting opened with the president, Mrs. Shaw, presiding. New and old business were discussed. Mrs. H. F. Newman and Mrs. J. R. Jones of Borger gave the ladies quite a number of good ideas about ways to raise funds for the society. Mrs. Cooper was leader of the Devotional Service, which was opened with a prayer by Mrs. A. J. Thompson and a song by the entire membership. The next meeting will be Wednesday, April 17, with Mrs. L. B. Cooper.

The guests present were: Mr. and Mrs. H. Mulkey, Mr. and Mrs. Clark Heminger, Mr. and Mrs. L. B. Cooper, Mr. and Mrs. W. L. Butler, Mr. and Mrs. O. D. Leisberg, Mr. and Mrs. John Beverly, Mr. and Mrs. S. B. Arnold, Rev. Henry Taylor, Mrs. Shaw, Mrs. Jim Casey, Mrs. Eva Huntshrey, Mrs. Owen Butler, Mrs. Luther Butler and son, Jimmie Lee; Mrs. J. D. McAdams, Mrs. J. N. Wood, Mrs. R. C. Bryan, Mrs. N. C. Percival, Mrs. Gertrude Baker and daughter, Betty Blanche; Mrs. D. W. Clappitt, Mrs. Williams, Mrs. Skinner, Mrs. Cantoloz, Mrs. Es. Carlson, Mrs. J. A. Thompson, Mrs. John Blackburn.

Out of town guests were: Mr. T. M. Little, Sr., Wellington; Mrs. J. B. Jones, Mrs. R. C. Williams, Mrs. H. T. Newman, Bobbie Newman, Carl Pat Newman, Billie Newman and Rev. and Mrs. Emanuel Dubbs, all of Borger.

The meeting was dismissed with the Lord's Prayer in unison. Everyone expressed their thanks to the hostess for a delightful day.

Jean McDonald Honored

With Birthday Party

Little Miss Jean McDonald was the hostess to a number of her friends Monday afternoon at the home of her parents, Mr. and Mrs. W. C. McDonald. Games that are the delight of youngsters took the major part of the afternoon. The occasion was honoring the ninth birthday of Miss Jean. The following were the guests of the day: Zelda Ruth Nored, Kathleen Oden, Laverne and June McMurtry, Violet Baker, Nell Cooke and Ruth McDonald.

Pathfinder Club

Mrs. J. L. McMurtry as hostess and Mrs. Forest Taylor as assistant hostess entertained the Pathfinder Club last Friday. The subject for the afternoon was "The King's Henchmen," and roll call was responded to by Wagenerian Opera. Mrs. Lester Boykin led the program and gave an interesting discussion on "A Triumph for American Opera." The leader was ably assisted by Mrs. O. T. Smith, who discussed "Deems Taylor as a Composer," and "Edna St. Vincent Millay as a Liberalist" by Mrs. Sam Braswell, who gave a very interesting synopsis of the opera, and by Miss Fray Stallings, who gave "Deems Taylor's Contribution to American Opera."

Miss Geneva Merrill, Mrs. Kennedy and sister, Mrs. Harry Lee, of Oklahoma City, were guests.

Jolly Group Enjoys Picnic

Outing Monday Evening

A group of the young business folk of the city of Clarendon gathered themselves Monday evening and betook themselves to the river for an outing that was the source of much fun and pleasure for them. A huge supper was the first item to attract their attention when they had reached the picnic site, to be later followed by hikes and hill climbing that made the evening pass quickly. Games and stunts of various kinds took the major part of the time and was followed by the final course of ice cream.

Methodist Missionary Society

Members of the Methodist Women's Missionary Society met in business session at the church Wednesday, April 17th, with Mrs. Fred Buntin presiding.

Reports were heard from the zone meeting which was held at Claude, the district meeting at McLean and the general conference at Plainview.

Baptist Women's Missionary

The ladies of the Baptist Missionary Society met at the church Wednesday afternoon with Mrs. T. M. Couch as leader of the program on "Faithful to the Trust." She was ably assisted by Mrs. G. G. Kemp, Thornton, and E. A. Thompson.

Next week the circles will meet. Places not yet announced.

Circle 1, Presbyterian Auxiliary

Circle No. 1 of the Presbyterian Auxiliary met at the home of Mrs. F. E. Chamberlain Wednesday, Mrs. G. L. Green was leader of the lesson on "The Dark Continent."

She was assisted by Mrs. Melvin Cook, who gave an interesting talk on "Was It Worth While?" Mrs. Jno. Mongole also gave a paper.

At the conclusion the hostess served lovely ice cream and cake.

Mrs. J. T. Patman Hostess

Mrs. J. T. Patman was hostess to a few friends Monday afternoon, honoring her daughter, Mrs. Will Price, of Pleasanton, Kan.

Tulips in brilliant hues and bridal wreaths were used to adorn the reception suite.

The afternoon was pleasantly spent at conversation and needle work.

Those enjoying this occasion were: Mmes. W. H. Martin, L. S. Bagby, A. A. Mayes, H. C. Kerbow, C. W. Galloway, C. W. Taylor, James Patman, R. H. Beville, Mae Womack.

Thursday Evening Bridge Club

The Thursday Evening Bridge Club has entertained Thursday Club was entertained Thursday Gentry, and a profusion of tulips and iris adorned the entertaining suite. Games of bridge resulted in the score for Mr. M. P. Gentry and Mrs. H. Kennedy and Dr. O. L. Jenkins received the cut.

Those present included Messrs. and Mmes. Sam Dyer, Selden Bagby, M. P. Gentry, H. Kennedy, F. W. Taylor, Chas. Bell, Dr. and Mrs. O. L. Jenkins, Mmes. John Ryan and H. S. Lee, of Oklahoma City.

Birthday Party

Little Miss Nell Cook celebrated her tenth birthday Tuesday afternoon from five to seven, assisted by her mother, Mrs. Melvin Cook, and her sister, Miss Nova Cook.

The guests enjoyed out-door games for an hour and then were invited into the dining room, where cake, punch and candy were served at the beautifully appointed table. In the center was a basket of lavender and yellow, the handle of which was adorned with sweet peas and a yellow butterfly. Streamers of yellow led from the basket to each place card. At the signal each guest pulled her streamer, drawing a favor from the basket.

The cake with its ten candles lighted was then placed in the center of the table and the little hostess blew the candles out. Much merriment was afforded by the finding of the lucky or unlucky (as the case might be) pieces.

White and lavender lilacs further adorned the rooms.

After each one had been sufficiently refreshed, games were enjoyed for another hour.

The hostess received many attractive and useful gifts as a token of the love and friendship of her little friends.

The guest list included: Violet Baker, Lavernone and Helen McMurtry, Rebecca Welch, Helen Louise Green, Jo Ellen Kennedy, Jan and Ruth McDonald, Milton Mayo, Weldon Lovelady.

Out of town guests were Bobbie Leathers, H. R. King, Erlene McKinney, La Nell Lewis, Mary Jane and Onita Cook, all of Lelia Lake.

1922 Bridge Club

Attractively decorated with lilacs, pink blossoms, in which the pastel shades of pink and lavender were featured, the home of Mrs. A. R. Letts was the setting for a bridge party of the 1922 Bridge Club Tuesday afternoon.

The color note of pink and lavender was further expressed in the tallies, favors, place cards, candles and refreshments.

Mrs. W. H. Cooke was presented the high score prize in the games while Mrs. W. H. Martin received consolation.

The guest list included: Mmes. W. H. Cooke, W. H. Martin, L. S. Bagby, R. A. Chamberlain, C. S. Bugbee, T. H. Ellis, J. T. Sims, Odos Caraway, Sella Gentry, L. L. Swan, F. E. Chamberlain, J. L. McMurtry.

Thursday Afternoon Bridge Club

Mrs. L. L. Swan was hostess to members of the Thursday Afternoon Bridge Club, at her home last Thursday.

Lilacs in hues of lavender and white adorned the entertaining rooms.

In the games of bridge Mrs. L. S. Bagby was given guest prize, while Miss Beulah Baird received club prize.

At the conclusion of the games a delicious refreshment course was served to the following members: Mmes. H. Glascoe, Chas. Bell, M. H. Rhoades, Clyde Price, Park Chamberlain, Earl Alexander; Misses Mary Stocking, Mary Cooke and Beulah Baird and guests, Mmes. L. S. Bagby, W. H. Martin, A. R. Letts, Geo. Ryan.

Kongienial Kard Klub

Spring flowers of bright hues were artistically arranged in the rooms of the Park Chamberlain home Tuesday evening, when Mr. and Mrs. Chamberlain entertained members of the Kongienial Kard Klub.

In the games of bridge Miss Beulah Baird and Mr. John Sims were given the high score prize, their added score being the highest.

Mrs. Chas. Bell and Mr. Dorr Ellis received a cut prize.

Before the game a two-course dinner was served to the following: Messrs. and Mmes. Chas. Bell, Dorr Ellis, C. E. Miller, Chas. Trent, Miss Beulah Baird, Messrs. John Sims, Jr., and Ira Merchant.

Methodist Junior S. S. Party

The Junior Department of the Methodist Sunday School enjoyed a games party in the basement of the church Friday night. All kinds of children's games were played until a late hour, when refreshments were served.

Mrs. Frank Smith, Miss Gwendolyn Allison and Mae Naylor had charge of the entertainment.

Mothers' Study Club

The Mothers' Study Club will meet at the home of Mrs. W. C. McDonald Friday afternoon and a full attendance is urged as this is the date for election of officers.

The Boys' Choral Club will entertain the club with a few numbers under the direction of Mrs. Richard Wilkerson at this time.

Christian Ladies' Aid

The Ladies' Aid Society of the First Christian Church met at the home of Mrs. L. B. Cooper on the afternoon of April 17th.

Meeting opened with the Victrola selection, "Will There Be Any Stars in My Crown?"

Mrs. F. C. Johnson led in prayer. Mrs. Shaw presided and also led the lesson, which was a very interesting one on the fifth chapter of Mark.

At the conclusion of the lesson Mrs. Cooper served delicious refreshments to thirteen guests. The meeting was closed by repeating the Lord's Prayer in concert.

Next meeting will be held April 24 with Mrs. F. C. Johnson.

Kill Kare Kneedle Klub Meets

The Kill Kare Kneedle Klub met with Mrs. S. W. Lowe Thursday afternoon and a most enjoyable time was spent informally with needlework and conversation in rooms fragrant with lilacs.

Later an enjoyable refreshment plate was served. Those present were: Mmes. G. G. Kemp, Y. E. McAdams, Ray Couch, Harry Brumley, Walter Lowe, R. H. Beville, Floyd Keener, Buel Sanford, Geo. McCleskey, J. N. Winston, of Weatherford, and Miss Elton Aiken.

1926 Book Club

The 1926 Book Club met at the home of Mrs. Jim Haile Tuesday afternoon with a good attendance. Spring flowers lent a charm to the reception rooms during the program.

The lesson was on "South America" and as Miss Katherine Patrick, who was formerly a member of the club, had visited this country she kindly consented to give a lecture with pictures and souvenirs on the subject, which was intensely interesting.

At the conclusion of the program a delicious one-course luncheon was served.

Mrs. Bascom White and Mrs. Bryan Bacus of Wichita Falls were guests of the afternoon.

Mrs. Geo. Ryan, C. W. Bennett, Sr., L. S. Bagby, L. L. Swan

went to Amarillo last Friday to attend the lecture given by Miss Grace Lindley of New York, who is the Executive Secretary of the Woman's Auxiliary to the National Council of the Episcopal Church. Miss Lindley's itinerary includes St. Louis, Dallas, Houston, San Antonio, El Paso, Amarillo and Tulsa. This was an all day meeting and lunch was served in St. Andrews' House.

Mr. and Mrs. Kelly Hamblen of Miami are here for a visit in the home of her parents, Mr. and Mrs. F. W. Gordon.

Forty-Two Party

Attractively decorated with a variety of Spring flowers the home of Mrs. B. G. Smith was the setting for a forty-two party Thursday evening.

An elaborate dinner was served before the games which lasted until a late hour.

The guest list included: Messrs. Mmes. A. A. Mayes, J. T. Patman, H. B. Kerbow, G. G. Kemp, J. W. Watts, Sam Braswell, J. R. Porter, U. J. Boston, W. H. Youngblood, Dr. and Mrs. J. G. Sherman, Mmes. Eva Rhode and L. S. Bagby.

Episcopal Auxiliary

The Ladies' Auxiliary and Junior Auxiliary of the Episcopal Church met in joint session with Mmes. Geo. Ryan and Sella Gentry Wednesday.

The object of the meeting was to hear an address by Mrs. Henry Gooch of Amarillo, who is District President. Her lecture was on "Auxiliary Interest" and she also touched on discussions which were held at the Triennial Convention at Washington, D. C., last October.

The address was greatly enjoyed. A delicious two-course luncheon was served at the conclusion.

Methodist Missionary Society

Members of the Methodist Women's Missionary Society met in business session at the church Wednesday, April 17th, with Mrs. Fred Buntin presiding.

Reports were heard from the zone meeting which was held at Claude, the district meeting at McLean and the general conference at Plainview.

LIONS SCORE IS PERFECT TUESDAY

THIRD ONE HUNDRED PER CENT ATTENDANCE IN FIVE WEEKS.

Again the Clarendon Lions Club scored a hundred per cent attendance Tuesday of this week. This makes the second one of these in a row and will be found to be the third that has been had by the club since the opening of the spring contest on March first. Some attendance figures were given by Lion Douglas, head of the attendance for the club. Lion Douglas had not missed a luncheon since October 8, 1927. Lion D. O. Stallings had not missed a luncheon since he became a member of the club and the Secretary was found to have been in attendance on luncheons without a miss since September, 1926. Fifteen Lions have not missed a luncheon since October 1, 1928 and thirty had not missed since March first. The attendance percentage since March first was found to be 97.4.

Lion Watson reported for the committee which carried M. J. Bonham and Mr. Houdashell to Amarillo Sunday. These two were operated on Monday and were found to be resting easily and would be ready for removal to their homes some time this week. The two were carried to Amarillo by Lion Burton, accompanied by Lions Mayes and Watson.

Lion Sherman reported at some length on the park meeting held in Amarillo, stating that the matter had been left in the hands of committees from the nine towns represented along the borders of the canyon, a meeting to be held in Wayside. Lion Braswell was named as one of the men on the committee from Clarendon and asked that two others be named with him to assist in the work. A member from the Lions will be added at a later date.

Introduction of guests followed with Frank Ferguson of Jericho, Wm. R. Cabaness of Childress and L. E. Jolly present. Lion Jolly later spoke for a moment on the work of Scouting and the need of selling the men on the work. Lion Jolly later asked to be received into the Clarendon club inasmuch as he was here on Tuesday. He comes from Breckenridge to the Clarendon Club.

Messrs. Ferguson and Cabaness each expressed his gratitude at being allowed to visit the club and stated that they would be pleased to return at a later date. Lion Cooper announced the appearance of Mr. Puffer in the city, giving hours and the dates of his appearance here.

No luncheon will be held next week, but attendance on Ladies' Night will count on the contest.

ST. JOHN BAPTIST CHURCH

Rev. L. L. Swan, Rector.

"The Third Sunday After Easter."

Services: Morning prayer and sermon, 11 a. m. Church school and Bible class, 9:45 a. m. A cordial welcome is extended to all to worship with us.

Emmett Young of Denver, Colo., formerly of Clarendon, was here transacting business Monday.

PERSONALS

W. T. Hayter was over from Pampa Sunday. Dick Cooke of Pampa spent the week-end with his mother, Mrs. W. H. Cooke. Mr. and Mrs. Wilson of Spur were here the latter part of last week.

J. T. Barnard was here from White Deer last week-end visiting friends.

Miss Abbott spent the week-end in McLean with relatives. L. L. Woods returned Saturday from a business trip down in the Littlefield country.

Miss Willette Cole was in Clarendon Monday of this week. She returned the same day. E. L. Bigger returned Friday of last week from an extended tour of New Mexico.

Mrs. Earl Alexander and Miss Lotta Bourland and Dorothy White went to Amarillo Tuesday. C. J. Talley has just returned from a trip to the White Mountains in New Mexico.

Mrs. George Garrison and Mrs. James Patman attended a movie in Amarillo Sunday afternoon. Mr. and Mrs. H. C. Tims of Ashtola spent the week-end in Hedley with relatives.

Mrs. Bryan Baucus of Wichita Falls is visiting her parents, Mr. and Mrs. W. B. Webb. Mrs. Dick Hughes of McLean and Miss Mae Bennett of this city are spending a short time in Hot Springs, New Mexico, where Miss Bennett is being treated.

LELIA LAKE COUPLE ARE MARRIED SUNDAY

Mr. Osweil Jones and Miss Minnie Mace, both well known residents of the city of Lelia Lake, were quietly married in Memphis Sunday, April 14th. They returned late in the same afternoon to the home of the bride's parents, Mr. and Mrs. W. M. Mace, where they were honored with a six o'clock dinner.

The young couple plans to make their home west of Lelia Lake and have the best wishes of their many friends for a long and useful life.

PRESBYTERIAN CHURCH

D. T. DEWELL STATES A CHANGE IN POLICY

Effective immediately, the D. T. Dewell store in this city will operate under a slightly changed policy, according to the statement of D. T. Dewell, manager and owner of the chain here the fore part of this week. Mr. Dewell states that their places of business will operate a series of specials for the week-ends from this time forward, attempting to increase their business in this manner. The first of the series of advertisements for the company is to be found in this issue of the News.

NOTICE OF DISSOLUTION AND CONTINUANCE

Notice is hereby given that the partnership between W. A. Riddle and Doss Palmer was dissolved on the 16th day of March, 1929. All debts due to said partnership are to be received by the said Doss Palmer and all demands on said partnership are to be presented to him for payment at Clarendon, Texas, where the business will be continued by the said Doss Palmer under the firm name of the Palmer Motor Company. (17c) Doss Palmer, W. A. Riddle.

BREAD BREAKER IS NEW MACHINE PLACED HERE

A late model machine to improve the texture of a loaf of bread was installed in the Home Bakery last week, to better serve the patrons of this place of business. The machine makes a great difference in the texture of the bread, compressing the loaf and giving a fineness to the bread that is not secured by other methods. In addition to this, the bakery has added pans for producing a sixteen inch pullman and a larger sized loaf that will sell for ten cents.

Miss Dorothy White is leaving this week for an extended vacation trip to Waco, Austin, San Antonio and other points in the central and southern parts of the state.

FOR SALE: At a reasonable price, one 2-row Oliver Lister complete, planter attached; two single row Go-Devils; one 2-row cultivator; several sets of good leather harness. All in good condition, no junk. H. B. McGowan, 9 miles southwest of Claude, Texas. (16pd.)

TAKE YOUR pick of 7 Model T Ford Coupes. All in good condition and all bargains. Terms. Clarendon Motor Company. 16c

FOR SALE: One International Harvester Combine, 1927 Model. Cut about 1,400 acres. An A-1 machine in good condition. Will sell at about one-half price. Reason, no what here. Inquire L. G. Newman, Hollis, Oklahoma. (15pd)

FOR SALE: PURE BRED MANKO—the new straight stem, drought resisting maize. Last year, in same field with kafir yielding less than one ton per acre this manko produced more than two tons, and threshed 76 per cent grain. Seed for sale by Clarendon Grain Co., and at my farm near Lelia Lake. B. L. Jenkins, Jr. (19c.)

Pleasant Valley

Several men from out here are in court this week. Mr. and Mrs. Zeb Morris visited Mr. and Mrs. Lamberson Sunday afternoon. Miss Cathryn Brady spent Thursday night with Miss Thelma Robinson. Mr. Beach and Cecil Beach and little daughter, Lois, visited in the Robinson home last week. Eldon Mitchell from Panhandle visited the Riley boys Sunday. Mrs. Chas. Corder and Grandpa Corder spent Monday in the Longan home. Parish Dever spent the weekend with John F. Harlan. Misses Marjorie Harlan, Faye Hutton and Bonnie Harlan attended the birthday dinner of Miss Lucille Yates. All report a wonderful time. The 9th being Grandpa Corder's 76th birthday, several of his friends took cake and cream and gave him quite a surprise. Those attending were Mr. and Mrs. John Potter, Mr. and Mrs. Harlan and children, Mr. and Mrs. Slaton Mahaffey and Edd Mahaffey, and Pat Longan and family. Mr. and Mrs. Howard Rowley spent Sunday night in the Longan home, Mr. Rowley going on to Dallas Monday afternoon. Miss Dolly Corder and Tom Corder were in Amarillo Sunday afternoon. While there they had a nice visit with Mr. and Mrs. Lew Browder, who are both well known here. Mrs. Browder was Miss Frances Gregory. Mr. and Mrs. Slaton Mahaffey visited in the Longan home Sunday afternoon. Jack Lamberson spent Saturday night with Beryl Longan. Mrs. Robinson went to Wichita Falls with her father Friday. Mr. Robinson went down Saturday night and came home with her Sunday. Callers in the Dorsett home Sunday evening were Misses Juanita Lamberson, Otta May Allen and Mary Sue Waters, J. T. Lamberson and Garland Gammon. Mr. and Mrs. John Herndon visited Mrs. Herndon's parents, Mr. and Mrs. Johnson, at Lelia Sunday. Mr. and Mrs. Joe Johnson, Mr. and Mrs. Clarence Johnson and families all of Lelia Lake, visited their sister, Mrs. John Herndon Friday afternoon. Wilford Andis spent the weekend in the Longan home. Mr. and Mrs. Chas. Corder, Grandpa Corder, Pat Longan and J. C. Longan were in Amarillo Friday. Miss Henrietta Longan and Bill Gaither visited Mr. and Mrs. John Blackman Sunday evening. Mrs. Rowley called on Mrs. John Potter Tuesday morning. Mrs. Loyd Moreman from Hedley visited her parents, Mr. and Mrs. D. C. Shelton, Sunday. Mallie Dorsett spent Sunday with J. C. Longan.

GOLDSTON

We are having lovely spring weather these days. Some of the farmers have started planting. There was a good attendance at Sunday school Sunday afternoon.

Fontayne Elmore made a trip to the plains Wednesday of last week. Mr. and Mrs. Ruel Smith are spending this week at McLean with Mr. Smith's father, who is sick with smallpox. W. C. Veazy made a trip to Memphis Thursday of last week. Mr. and Mrs. Spear had relatives visiting them from Hedley last Sunday. Mr. and Mrs. Leek Goldston and Mr. and Mrs. Tom Goldston of Clarendon visited in the J. J. Goldston home last Sunday. Floyd Shannon is attending court in Clarendon this week. Girls of the Merry Maids Club will put on a play at the school house next Friday night. A small admission charge will be made. Mr. and Mrs. Elmore's little granddaughter from Childress is visiting with them this week. Mr. and Mrs. Hughes made a trip to Pampa last Saturday. Mr. and Mrs. W. W. Taylor of Clarendon were out at the Country Club Thursday of last week. Mrs. J. J. Goldston visited at W. L. Goldston's last Wednesday. Mr. and Mrs. T. G. Casper and family moved up on the Martin place last week, where he will make a cron, having bought out Mr. Young. Vester Smith was over from McLean last Thursday. Mrs. Elmore visited several days in Childress last week with her daughter, Mrs. Monty Garrison, and family. Mr. and Mrs. Hughes motored to Clarendon Friday of last week. Mr. and Mrs. Fred Smith and children of Clarendon took dinner in the Dyer home last Sunday. Mrs. W. L. Goldston went to Amarillo Sunday morning to be with her daughter, Mrs. Blanks, who is sick. Mr. and Mrs. H. M. Stewart and family spent last Sunday with Mr. and Mrs. Neely Hudson of the Chamberlain community. Mr. and Mrs. Clyde Hudson spent last Sunday with Mr. and Mrs. G. R. Grant. The Walker girls of Boydston attended Sunday school here last Sunday. While hauling in Clarendon last week, Leonard Goldston had his truck run into by a Ford Coupe and one wheel damaged considerably. Fortunately, no one was hurt. The young folks enjoyed a party in the Seago home last Saturday night. Mr. and Mrs. J. J. Goldston visited in Clarendon one day last week. There was singing at the school house last Sunday night. The people who will take charge of the Country Club after Mr. Chase moves to town have moved their household goods and stored them in part of the Chase home. Mrs. Leonard Goldston and children visited in Clarendon with her parents, Mr. and Mrs. B. E. Hudson. Mr. Joe Hastings of Canyon, formerly of Clarendon, was here over the week-end visiting his sister, Mrs. H. J. Derrick, and transacting business.

ASHTOLA

Rev. Van Pelt filled his regular appointment Sunday morning and night. Sunday school was held at the regular hour with an attendance of 109. Epworth League was at 7:00 Sunday night. Each one who was on the program delivered each of their parts splendidly. We are very glad to report that Mrs. Lee Nowlin is able to be teaching again after two weeks of illness. Miss Merle Harp spent Tuesday night with Margaret Swinburne. Misses M. A. Buttrill and Evelyn Jones spent Sunday with Ima and Othella Poovey. The Home Economics girls entertained themselves with a picnic Thursday afternoon after school. Mr. John White and his mother, Mrs. Dollie White, were called early Friday morning to the bedside of his mother-in-law, Mrs. Denton, of Claude, the last report was that she was improving, which we all hope that she will continue to improve. Miss Beatrice Randal spent Thursday night with Onata Hayter. Mrs. A. L. Allan and daughter, Mrs. Alvie Hunsuckle, visited in McLean Thursday, returning with them were Mr. and Mrs. Sam Allan, who visited over the weekend with his parents, Mr. and Mrs. A. L. Allan. Mr. Joe Lewis returned Thursday from Amarillo where he had his tonsils removed, he is doing nicely at the present. Mr. and Mrs. Oliver Hill entertained many of their friends with a dance Wednesday night in their new home. Misses DeEtte Reed and Valera Black of Canyon, where they are attending school, visited with Mrs. Albert Reed, Saturday night and Sunday. Misses Twila June Snodgrass and Mary Lois Hayter spent Sunday with Thylins Drennan. Miss Willie Gregg of Clarendon visited with Mr. and Mrs. Elsie Gregg Sunday. Mr. and Mrs. Watts and daughter, Ola Mae, and Mr. and Mrs. D. F. Randell and daughter, Beatrice, visited in the home of Mr. and Mrs. W. P. Holly Sunday. Mr. and Mrs. Louie Murrell and daughter, Miss Muffit, returned from Dallas, Thursday, where they had been shopping for the new

Mr. and Mrs. Collier and family visited her mother, Mrs. A. W. Richardson of Estelline. Miss Norma Lee Smith visited with Estelline Ghipsie Sunday.

MARCH AGAIN REGISTERS LOSS IN NEW COMPANIES

Austin, Texas, April 15.—During March only 288 new corporations were granted charters to operate in Texas, according to Harvard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas. "This makes the third consecutive month in which a decrease has been recorded," Mr. Nichols said. "Normally, the trend is downward from January to December, but the decline so far this year has been unusually sharp. The 228 charters granted by the Secretary of State in March com-

pare with 231 in February and 247 in March a year ago. Capitalization of the new companies totaled \$8,297,000, whereas the new organizations in March, 1928, were capitalized at \$7,724,000. "The number of new corporations for the quarter makes a much better showing. During the first three months of the year, 795 companies capitalized at \$125,345,000 were chartered, the highest first quarter on record. This compares with 744 new enterprises having capitalization of \$106,526,000 in the corresponding quarter of 1928. "The usually large number of new manufacturing enterprises is a very encouraging feature and emphasizes the growing importance of Texas as an industrial state. Among the new industries, the large number of dairies and creameries reflects the expansion of dairying and the many airports and air transport companies show the extent to which air travel is being extended."

UNDER THE DOME

By United Press

Austin, Texas, April 15.—(UP)—Signs of possible revolt in the coming special session of the state legislature already are apparent. Usually a special session is a smooth running affair. It is largely in the control of the Governor for it can only act on matters he submits. This time, the members are threatening to have some say about what is submitted.

A first clash may occur over the order of legislation. Some members claim that appropriations can be made at any session. Governor Moody believes they will have to be submitted in order for the legislature to act upon them.

This would give the Governor quite an advantage. He could first submit other topics in which he is interested and hold back appropriations as a topic until prison relocation, civil service and such matters had been settled.

But if the legislators are right in their belief, they can go right ahead with appropriations whenever they are called into session. With appropriations out of the way many of the members will not feel it imperative to remain in Austin. Lack of a quorum may cause another deadlock, then, like that which defeated the proposed state road bond issue at the regular session.

A large bloc of members is determined that they shall have a chance to reduce automobile registration fees. The Governor is expected to submit the topic but if he should not do so, the members can use a little pressure of their own to persuade him.

They can easily form a bloc large enough to prevent the passage of any of the Governor's measures. If that is not enough they can go home and leave the special session without a quorum. Governor Moody's free use of the veto power has not left an extra friendly feeling between the executive and the legislative branches.

Probably the veto of the Wirtz-Negley bill to discipline "Hoovercrats" has caused more deep feeling than any other measure. Mrs. Laura Burleson Negley, who successfully piloted the bill through the House, is deeply chagrined at the Governor's action. In fact she feels so strongly about it that she declines to express her views.

Mrs. Negley is more than a popular representative from the largest city in the state (according to the census). She is the daughter of former Postmaster General A. S. Burleson. While the former member of the Wilson cabinet has retired from active service in politics he still takes keen interest and has considerable influence among the party leaders.

Two of the Governor's vetoes were ones that are felt most keenly by the home folks of Williamson County, where the Governor votes. The veto of the Wirtz bill is almost a rebuke to State Chairman Dave Wilcox, of Galveston, who issued a warning to Democrats before the last General election that if they bolted the Smith party they would be barred from the next Democratic primaries.

The other veto affecting Williamson County especially is that of the bill prohibiting the state highway commission from routing highways around towns without the consent of the county commissioners. Such a routing around Round Rock, in Williamson County, was attempted by the Highway Commission and caused a storm of protest.

A similar proposal to skip Buda and Kyle, in Hays County, on the Austin-San Antonio road, led to mass meetings and protests. These instances led to the passage of the bill which the Governor vetoed.

The Governor's reason was that he had been informed the Federal government might withdraw federal aid if the bill were passed.

Just why, some will find it difficult to understand. The Federal aid to roads originated in the desire to build up roads for postal service. Skipping towns is not likely to aid postal delivery, so why the Federal Bureau of Roads should object raises some discussion.

The three principal Texas crops in 1928, the order of their value, were cotton, cotton seed and corn.

BUY 100 MILES OF CARS WEEKLY

ROAD USAGE INCREASES BY LEAPS AND BOUNDS; NEED MORE PAVEMENTS.

By E. E. Duffey

Motor car purchasers are adding to the highway burden at the rate of 100 miles of new automobiles weekly. At the end of 1929 the combined length of trucks, buses and passenger cars will be approximately 65,000 miles.

In addition to the replacement of about 2,000,000 worn out cars, automobile manufacturers expect to place new cars in the garages of another 2,000,000 owners.

Records kept by state highway officials park officials, health resorts and countless tourist camps reveal that motor car usage is increasing at an even faster rate than registration figures. This means that the highways are carrying a tremendous volume of traffic that as yet shows no sign of lessening its growth.

Last year 44,000,000 people spent more than three and a half billion dollars "seeing the country." Touring is only a small part of the highway story but it is indicative of the pleasure of the car. With buses of one company alone now carrying passengers over routes totaling 100,000 miles, and with bus line investments at about the half billion dollar mark, it is evident that commercial motor transportation is more than a mere rumor.

As for the matters of highways over which the nation's 100,000,000 or so rubber tires are running, there are still no more than 80,000 miles of roads that can be rated as first class.

More money must be spent for permanent highway improvements, highway officials and authorities all over the country are pointing out. Better use can be found for funds now being spent for maintenance and construction of roads that cannot cope successfully with the tons of shifting traffic that hurtle over them.

In many instances those charged with road planning have failed to recognize that motor transportation is a permanent thing and that the highway should also be as permanent as possible, else this and succeeding generations will continue to pour cash into the sink hole of maintenance and periodical rebuilding.

An automobile mileage of 65,000 does not compare favorably with a first class road of 80,000.

TRIP IS PLANNED FOR VISIT TO EASTERN TEXAS

A trip is being sponsored by Panhandle-Plains, Incorporated, to cover a good part of the southeastern part of the state to see the progress that has been made in that section in the past few years in the dairying industry.

Each town in the Panhandle is being urged to send delegates to include leaders in the Chambers of Commerce, the banks, the retailers and the farmers of the immediate section. Creameries, milk plants and cheese factories will be visited on the trip with the idea in mind to bring back definite ideas on how the work is being done in the communities where they have been so successful in the past. The idea will be twofold, the second reason being given as to interest the men of this particular section in hard surfaced roads so necessary to handling the milk at all seasons of the year.

Full information as to the cost and the time for making the trip may be secured by writing to Fred L. Haskett at the Adolphus Hotel, Dallas.

A SAFE POLICY

To maintain a bank balance to care for needs that may arise from time to time and threaten to wreck the structure you are building. A small amount placed with us at intervals will grow remarkably. There is no better time to start than right now.

HJR No. 6

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereinafter read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a justice of the peace for at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for the office of Chief Justice of the State of Texas, and making appropriate provision therefor.

"Section 3. The Governor shall, at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that this amendment shall not become effective until the third Tuesday in January, 1931."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on July 16, 1929, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

Approved February 19, 1929.

(A Correct Copy) JANE Y. McCALLUM, Secretary of State.

HOW NEW MARRIAGE LICENSE LAW READS

The new marriage license law recently passed by the Texas legislature reads as follows:

Article 4605-A. For the purpose of ascertaining all facts required under the statutes, the county clerk, at the time the license is applied for, shall examine the applicant or applicants for the license under oath as to age and residence, which shall be reduced to writing by the county clerk, and subscribed to by the applicant or applicants. In case either party is absent when application is made, an affidavit shall be made by a person other than the contracting party as to the age and residence of the absent party. Said affidavit to be filed in the county clerk's office.

Article 4604-B. Application for license shall be made at least three days and not more than thirty days before the license shall be issued. Immediately upon receipt of an application for a license the county clerk shall have recorded in a book kept for the purpose and marked "Notice of Intention to Marry," and after the expiration of three and not more than thirty days after signing of the notice of intention to marry, the county clerk may issue the said license.

Article 4604-C. Before the county clerk shall issue a marriage license the man shall produce a certificate from a reputable licensed physician to show that he is free from venereal disease.

HJR No. 7

A JOINT RESOLUTION

proposing an amendment to Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor; providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriate provision therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereinafter read as follows:

"Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that this amendment shall not become effective until the third Tuesday in January, 1931."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on July 16, 1929, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

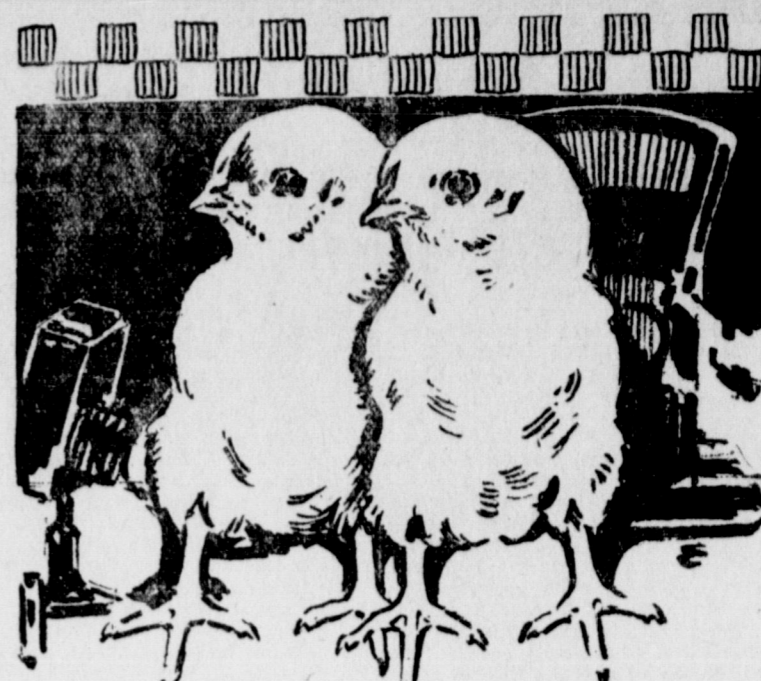

Section 4. The sum of Five Thousand Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

Approved March 19, 1929.

(A Correct Copy) JANE Y. McCALLUM, Secretary of State.

HIGH COWS ARE IN LEAD ACCORDING TO REGISTER

Thirty blanks picked at random from among those registered for the Short Course of Donley County held a short time past, showed that high grade milk cows and pure bred chickens are in demand among the producers of the county. Exact figures showed that there were 120 cows being milked by these thirty registrants, giving an average of 336 1-2 gallons of milk daily. Of these 120 cows, more than half or 62 are high grade or pure bred stock, showing that the average man believes that a product from a high grade animal is worth more than the product from a scrub. Twelve cream separators are to be found in the homes of the thirty men, 2,140 chickens are located with them, 1,588 of these being pure bred fowls and fourteen of the registrants were feeding laying mash or had been feeding for a time before the registrations were made. The thirty farms registered 139 hogs, or more than four to the farm. A very small percentage of the farms did not have either hogs or chickens and only one of the thirty had neither of the trio mentioned. An interesting note in this connection is found in the fact that only nine of the thirty registrants chosen were not subscribers to the News.

Ready to Grow!

WHEN you feed your chicks Purina Chick Startena expect them to live... expect 15 to 20% greater growth than ever before... expect them to reach maturity earlier... at a lower cost per chick. Purina has the chemists and biological laboratory to test and prove what's good for chicks. Purina has the experimental farm to test Poultry Chows practically. Purina has the machinery to mix Poultry Chows uniformly. Purina has 35 years of feed manufacturing experience.

GENERAL MOTORS SPRING SHOWING See the NEW CHEVROLET SIX - a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the great nationwide Spring Showing of General Motors cars. Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to its great array of mechanical advancements, the Chevrolet Six delivers better than twenty miles to the gallon of gasoline with extremely low oil consumption. And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in any time this week. See for yourself that no other car in the world can give you so much at prices within the reach of all.

Allmond Chevrolet Co. QUALITY AT LOW COST

AMERICA'S FIRST RAILROAD WAS LOCATED IN THE SOUTH

THE FIRST SUCCESSFUL STEAM LOCOMOTIVE IN THE UNITED STATES WAS PUT INTO OPERATION BY A SOUTHERN RAILROAD.

In the search for facts relating to the industrial development of the Southern states, Arthur Coleman, Associate Editor of the South, learned that the first railroad in the United States chartered for general use was the South Carolina Railway with a brief mention of the historic "Tom Thumb" locomotive, followed by the "Best Friend," which exploded after six months of successful operation on the South Carolina Railroad, Mr. Coleman brings his readers down to modern Southern good roads and airways and shows what the South's transportation system means toward developing Southern business.

In the current issue of *Holland's*, he states that over 24 per cent of the total railroad mileage in the country is in the Southern states and that since 1890 the South has shown an increase in railroad mileage of 845 per cent, as against 455 per cent for all remaining states. The first steamship to cross the Atlantic, according to Mr. Coleman, was owned by Savannah capital and sailed from Savannah, Georgia. He says that last year Southern export values more than doubled those of the Pacific coast, while import values through Southern ports, in the past quarter century, increased more than 840 per cent as against approximately 250 per cent for all remaining ports in the Nation. Southern ports handle 42 per cent of the country's total water-borne

tonnage. Export values from Galveston and Houston alone exceed the combined ports of the Pacific Coast. Navigable rivers of the South handle over 27,250,000 tons of commerce annually. Texas bus lines carry 4,500,000 passengers annually and operate over 21,000 miles of highway. In 1928 there were, in the Southern states, a total of over 2,500 miles of air mail routes and more than 300 air ports and landing fields.

"As these various phases of the commercial world are expanding, so is expanding this entire region—industrially, socially, economically—rising head and shoulders above every other section of the Nation until its preeminence, so swiftly and so soundly attained, is the wonder of the United States today. But as its people prosper in the world of business and trade, they are giving thought too, to those things in life which make for cultured and happy minds; for beauty and charm and grace of living. They are giving their attention more and more to the planning and aesthetic improvement of their cities and their towns and even their rural sections. Their forethought is recognizing them richly in dividends immeasurable in terms of financial gains; and, as is always true when men do worth-while things without thought of money, they are being repaid in money, also. Money which, in turn, is put back into further service for an appreciative people."

TEXAS SCENIC WEALTH

By Phoebe K. Warner.

If all of Texas' scenic assets were crowded up together into the space of one of our average sized states, then Texas would be simply a collection of Summer and Winter resorts. And what a variety they would be. Tropical, semi-tropical and frigid, Ewers, valleys, hills, mountains, lakes, forests, canyons, sea coast. Anything you could imagine, you would find it in Texas. There is not another State that offers such a variety of beauty as Texas.

But with all her beauty spots, Texas has so many vast acres of rich agricultural lands that as a State she has been so busy all these first hundred years of her life that she has given very little attention to her scenic assets. Texas reminds us of a really beautiful child that has not yet found it out. She seems utterly unaware of her charms. And so far has not used them to attract attention to herself.

There is but one thing lacking. And that is a good highway into, through and out of the Palo Duro Canyon. And this is what the people of the Panhandle are going to ask of the State of Texas in our next legislature.

In the 50 counties of the North and South Plains which comprise the section known as the Panhandle there are approximately 25,000,000 acres of land. As the name suggests the vast portions of this land is plain Plains, with scarcely a ripple in them. But there is one feature and that is canyons. These canyons throughout the entire Panhandle are unlike most canyons in that they are genuine canyons. They are gorges, great and small, down into the earth, whereas most canyons are found in mountain regions and are formed by the mountains being pushed up above the surface of the surrounding country leaving great gaps between them. Such canyons are always hard to reach being hidden away among our greatest mountain scenery.

Not so with our Panhandle canyons. They are right out in the open country, down deep below the surface of the country, where

All we know is that it is there. And it will be there forever. It is one asset that no corporation can ever purchase and move away. If they could have done so, the Palo Duro Canyon would have been dug up and moved to some other state long ago. But it belongs to Texas and no one else will ever own it. And if it is ever made accessible to the people and put to the use for which the Creator evidently made it, the people of Texas will have to make that service possible.

you can plow right up to the brink of most of them before you realize their existence. And of all these canyons the Palo Duro is the center of the Panhandle is the greatest.

Every year three fifths of Colorado's tourists pass within a few miles of this glorious canyon and never know it is there. Less than a million of our Texas people spend \$8,000,000 annually sight seeing out side of Texas and never visit this glorious spot. What do the other 2,000,000 of our Texas people do? They stay at home and work because they cannot afford the time and cash it takes to go to some other state for a few days vacation and rest and inspiration.

Texas needs the Palo Duro Canyon as a rest room for her tired and worn out people. She needs it as a summer play ground for her children. She needs it as a gate way to the scenery of other states. She needs it to introduce the world to her own scenic assets and to the vast undeveloped territory all along its borders. The people of the Panhandle need a scenic highway through the Palo Duro and into it and out of it to link the north and south, the east and west plains together and bring our people into closer touch with one another. That canyon has been as a great social rift between adjacent counties. They could not work together. They could not even have a successful telephone service because of this great chasm and its inaccessible depths.

Such a highway system would give us cross country connections with three great rail road systems, the Fort Worth and Denver, the Rock Island and the Santa Fe.

AMARILLO FINANCES ARE IN EXCELLENT CONDITION

Amarillo, Texas, April 15.—(UP)—When the new city commission takes office here at its first meeting, April 16, with Col. Ernest Thompson, builder and world war veteran as mayor, it will find bank credits for the city amounting to approximately \$574,000, the city manager announced.

The city commission wound up its administration with all the extraordinary expenditures caused by the boom period of 1925-27 re-funded and refinanced into bonds, so that the budget of the fiscal year of 1928, ending April 15th, 1929, is balanced and shows a cash balance of approximately \$69,500.

The balance in the interest and sinking fund to pay bond warrants and interest is approximately \$25,500, the sewer fund is approximately \$12,500 and the street improvement fund for the North Amarillo subway is \$78,226.81. The city's outstanding bonded indebtedness is \$4,250,000, of

which \$2,056,000 represents the water works bonds. Property owners do not pay these taxes as water works bonds as they are taken care of by revenue.

During the administration of the outgoing commission much has been accomplished. Some of the things accomplished are the building of the city water system; construction of new storm sewers in addition to Amarillo; construction of two new fire stations and additions to fire equipment and personnel which resulted in the lowering of the fire insurance rate from 28 cents to 16 cents; subways on Tenth and Twenty-sixth Avenues.

New paving; installation of traffic signal systems; park improvements; municipal airport; construction of a \$25,000 addition to the city hall and the erection of the city isolated hospital.

which \$2,056,000 represents the water works bonds. Property owners do not pay these taxes as water works bonds as they are taken care of by revenue.

PUBLICITY MATTER READY FOR DISTRIBUTION SOON

The Publicity Committee of the Panhandle Plains, Inc., have completed their work on preparing the folders for distribution over the states in the northern section of the United States and these will be ready for distribution in the very near future. 350,000 copies will be issued as a part of this year's program of publicity, the railroads of the Panhandle bearing a great part of the burden of the cost. The cities and counties of the Panhandle are joining hands in raising funds to complete the amount needed to secure complete circulation of the folders after they have been prepared.

IS MORE THAN GLAD TO TESTIFY HE SAYS

NOBODY HAS GREATER CAUSE TO BE THANKFUL TO ORGATONE THAN HE, SAYS AMARILLO MAN.

"You can tell them it helped my wife, too, and all the people who've made statements about being helped by Orgatone none have greater cause to be thankful than we have," said W. G. Street, residing at 1297 Lincoln St., Amarillo, Texas, in a conversation with the Orgatone representative. "For four years," he continued, "my wife suffered from one of the most severe cases of chronic constipation I have ever seen. And was never able to find anything to relieve her, until she got Orgatone. Nothing she would eat agreed with her but it would just stay in her stomach and make trouble for her. She would bloat up after eating until she could hardly breathe. Her kidneys finally got to bothering her and she would have terrible sick headaches. The pain was almost unbearable, she suffered so, especially at night, she could hardly sleep at all and it was hard for her to get around during the day."

"Orgatone has been a wonderful thing for her and the results she has gotten from it have been astonishing. She is now on her second bottle and the stomach and kidney pains are already gone. Her headaches are a thing of the past and she has very little pain. Her appetite is good now and she can eat heartily without any trouble afterwards. I am more than glad to tell about Orgatone for I have spent many a dollar for other medicines that were of no benefit to my wife and I can appreciate a good one like Orgatone."

Genuine Orgatone may be obtained in Clarendon from the Stocking Drug Store.

NEW MERKEL HOTEL TO BE SPLENDID PLACE

Within the next six months Merkel will have a four story modern hotel to cost \$25,000. On the first floor will be a commodious lobby, office, cigar stand, drug store, coffee shop, with banquet hall adjoining, and five store buildings. The upper three floors are to have 44 guest rooms.

The total annual production of crude raw material of Texas averages \$1,500,000,000, approximately seven per cent of that of the United States.

The center of population of Texas is about 13 miles southwest of Waco.

JERICHO

The Ladies' Club met with Mrs. Berry James Wednesday. A good lesson was rendered by Miss Thompson. The refinishing of old furniture, using a small child's rocker as an example, was demonstrated. Also a new way of making foot stools the easiest way obtainable.

Mrs. I. E. Osborn and Mrs. Paul Reeves went to Amarillo last Sunday.

Jodie Helm, Ernest Lamb and Arthur Brown made a business trip to Groom Tuesday.

Mr. and Mrs. Elmer Ashmead made a business trip to Clarendon Tuesday.

Jimie Helm, Ernest Lamb and Arthur Brown attended the Dairy Show at Plainview April 3rd and 4th. Mr. Lamb bought a fine Jersey bull while there. The bull is the son of Oxford Carrie Masterman, now senior herd sire of Taft Jersey circles with Groom and Panhandle. G. A. Shoop is the other. He has two fine Guernsey bull calves and four registered Guernsey heifers. Arthur Brown will keep one of the guernsey bull calves.

The Jericho calves brought 1st and 5th ribbons in their class at the Plainview Dairy Show this year.

Mrs. A. J. Brown visited with Mrs. Carl Schaffer Tuesday afternoon.

Mr. and Mrs. V. J. Glazener and family attended church at Alanreed last Sunday morning.

Ernest Lamb sold a load of hogs last week.

Miss Thelma Glazener spent last Sunday with girl friends at Alanreed.

Mr. and Mrs. J. B. Henry visited with friends at Groom last Sunday.

Mrs. Ruth Ashmead visited Mrs. Arthur Brown last Sunday afternoon.

Ernest Lamb and G. A. Shoop called on Mr. Geo. P. Grant at Panhandle last Sunday.

Alvin Ream from Alanreed took dinner with Dewey and H. C. Glazener last Sunday.

Mr. and Mrs. Ernest Lamb butchered and canned a yearling calf the latter part of this week.

Thelma, Dewey and H. C. Glazener enjoyed a party given at the Goldston school house Wednesday evening.

Jack Brown is visiting with friends at Amarillo this week.

Mr. and Mrs. V. J. Glazener motored to Clarendon Sunday afternoon.

Mr. and Mrs. Todd went to Clarendon Monday.

Mr. and Mrs. V. J. Glazener made a business trip to Clarendon Saturday.

Mrs. Jack Elm from Alanreed visited her sister-in-law, Mrs. Roy Brown, last week.

Mr. and Mrs. V. J. Glazener, daughter and son went to Clarendon Friday.

GILES

The farmers are the busiest people we know. Crop planting is in full way in this community.

Mrs. E. M. Glass was a Childress visitor Monday.

Mrs. A. G. Huffmaster and little daughter, Berta Louise, visited Mr. and Mrs. Chas. Shields at Quail Sunday.

Miss Grace Bair is reported on the sick list this week.

Mr. and Mrs. E. H. Watt were business visitors in Childress Monday.

Harvey Stotts and Heck Cope

For Your Best Girl—Your Mother

There's no better way of reminding your mother of your affection than by giving her a box of ARTSTYLE CHOCOLATES. Mother likes candy as much today as she did years ago when Dad brought along a box to help him in his courting. Artstyle Chocolates are great favorites the country over. If you are away from home, we can mail them for you.

The Rexall Store

were here Sunday from Tascosa visiting home folks.

Lyle Beckwith is sporting a new Ford Coupe, purchased recently from a Hedley dealer.

Mr. and Mrs. Bill Huffmaster and little son, Billie Bodeen, were here Sunday visiting relatives.

Mrs. J. D. McCants and daughters, Misses Aileen and Pauline were Memphis visitors Saturday.

Several from here attended the dance at Wayside Park Saturday night.

Mrs. Lu'u Edwards came down from Tascosa Friday night for a visit with her mother, Mrs. Sallie Stotts.

Mrs. Odell Cope and little son and Miss Duanna Cope was up from Memphis Sunday visiting relatives.

Miss Ruth Richerson, who is teaching in the public school at this place, spent the past week-end with her parents, Mr. and Mrs. Cy Rickerson, of Hedley.

T. C. Johnson was quite sick at his home at this place a few days last week.

Prof. and Mrs. Z. A. Cox are in Gainesville this week, where they took their little son, Troy Vinson, for an operation for mastoid trouble.

Mr. and Mrs. R. O. Proffitt visited Mr. Proffitt's mother near Memphis one day last week.

HUDGINS

Sunday school was held at the regular hour, after which Mr. Hilburn of Clarendon preached.

There was a very good crowd present Sunday night at singing and a good singing.

Miss Delia Barnes and Miss Mary Slater of Clarendon attended singing at Hudgins Sunday night.

Mrs. M. M. McCracken returned Thursday from Slaton, New Mexico, where she had been visiting her son, John, and family.

Mr. and Mrs. R. W. Fowlkes and son, Truman, visited Mr. Fowlkes' father and brother at Post, Texas, last Saturday and Sunday.

Mr. and Mrs. Howell Christie

of Windy Valley attended singing at Hudgins Sunday night.

Miss Irene Anderson took supper in the O. L. Jacobs home Sunday night.

Mr. Andy Campbell of Goldston terraced the farm of Mr. S. W. Lowe the past week.

Mr. Jim Garland and Mr. Haney of Hedley attended Sunday school at Hudgins Sunday afternoon.

Ben Henry Fletcher and Sam Noble of Windy Valley visited Donnie Jacobs Sunday afternoon.

We are glad to report Mrs. D. H. Kimbriel improving some, but sorry to say she is not able to come home yet from Clarendon, where she has been taking treatment.

Several from Hudgins attended the program at Windy Valley Friday night and reported it very entertaining.

Mr. John Beverly of Clarendon visited Mr. R. A. Beverly and family last week.

Mrs. L. O. Christie and Mrs. D. H. Perdue called in the M. M. McCracken home Friday afternoon.

Mr. and Mrs. Jeff Talley visited with Mr. and Mrs. O. D. Meador last Wednesday.

Mr. and Mrs. John Fowlkes visited in the O. L. Jacobs home Sunday.

Mr. and Mrs. W. V. O'Neal visited Mr. and Mrs. T. R. Gray Sunday.

Mr. D. E. Perdue and family, Mr. L. C. Tims and family took dinner in the Pierce home and attended church at Chamberlain Sunday evening.

Miss Julia Pierce visited Miss Connie Perdue Sunday night.

MARTIN

Mr. and Mrs. Claude Primrose and son, Lowell, who have just recently moved from this community to Farwell, were visitors the past week in the Conway Jones home.

Mr. and Mrs. Dewey and children were week-end visitors of their son, who lives in Oklahoma.

Mrs. Sowell visited with Mrs. Catlett Wednesday.

Mrs. Billingsby and son of Farwell were visitors of Mr. and Mrs. Conway Jones Saturday and Sunday.

Games of 42 were enjoyed by a number of young people at the apartment of Misses Mayme Wood and Lucille Polk on last Tuesday evening.

Marvin Peabody and Thayer

Acord were visitors in the J. L. Hood home Tuesday night.

The Martin baseball team was victorious over the Ashtola team by one point in a game played on the Martin diamond last Wednesday afternoon. The score was 8 and 9.

Mr. and Mrs. Warren Peabody and baby of McLean were visitors of Mr. and Mrs. Will Peabody Sunday.

Mrs. J. E. Baker visited with Mrs. Asa Peabody Sunday afternoon.

Mr. and Mrs. Carl Peabody of Clarendon were guests of Mr. and Mrs. Will Peabody Sunday.

Mrs. W. E. Hodges and daughter, Mrs. Buck Roberts, visited Mrs. J. D. Wood Wednesday.

Mrs. Asa Peabody and children visited in the J. L. Hood home Sunday evening.

Miss Ola Belle Cash visited Mrs. Sid Endsley Wednesday.

Mrs. Alvin Pittman and children spent Monday with Mrs. J. B. Turnbow.

Mrs. A. L. Bruce of Amarillo is spending the week with Mrs. Tankersley.

We are glad to report the Sullivan children back in school again. They have been out for some time on account of measles.

Mr. and Mrs. Bill Johnson of Hedley were visitors of Mr. and Mrs. J. M. Acord the past week.

Mrs. Alvi Pittman and children spent Monday night in the M. L. Pittman home.

Mrs. Aubrey Talley and daughter, Audrey Faye, also Mrs. J. B. Turnbow spent Tuesday in Claude visiting Mrs. Oscar Parsons.

Mrs. W. E. Hodges and Buck Roberts visited with Mrs. J. M. Acord Wednesday.

Mr. and Mrs. Parmer Thompson and Miss Dewey Mitchem of Clarendon spent Sunday in the J. A. Sowell home.

Mr. and Mrs. Dave Patterson and children were dinner guests of Mr. and Mrs. Powell Sunday.

Miss Lea Oda Stabbs of Clarendon spent the week-end with Miss Polly Sowell.

Mrs. Tankersley and Mrs. Bruce spent Wednesday afternoon with Mrs. J. B. Turnbow.

Mr. and Mrs. U. G. Pittman spent Sunday with Mr. and Mrs. M. L. Pittman.

Mrs. J. L. Hood and Marjorie spent Sunday afternoon with Mrs. J. E. Baker.

Rev. Herndon of Lelia Lake preached for us at the eleven o'clock hour Sunday and also Sunday night. We were certainly glad to have Rev. and Mrs. Herndon with us.

Mrs. J. M. Acord received a rather serious wound last Satur-

day when a glass broke that she was drying. The particulars have not been learned, but it was necessary for the taking of several stitches.

Mrs. Horace Wood and baby of Big Spring is visiting her mother, Mrs. Dave Patterson.

Mr. and Mrs. L. L. Ballew of Clarendon were visitors of Mr. and Mrs. Asa Peabody Sunday afternoon.

Mr. Tommie Connor has returned to his home near Muleshoe.

Grandmother Martin passed away last Friday morning and was buried in the Clarendon cemetery Saturday afternoon. The community wished to extend to the family its deepest sympathy during this hour of grief.

The Home Demonstration Club met Thursday afternoon at the home of Mrs. J. E. Baker. The lesson and demonstration of refinishing and making furniture was given by Miss Thompson, our County Agent. A number of helpful hints were given by Mrs. Bert Ford. During the social hour refreshments were served to Mes-

J. M. Acord, Edwin Baley, Conway Jones, Albert Sibley, Gibson, Bert Ford, Dave Patterson, A. L. Bruce, Della LaFon, M. L. Pittman, J. E. Baker, Kempson, Hutchins, Buck Roberts, W. E. Hodges, Tolbert, J. B. Turnbow, J. A. Sowell, T. R. Adkins, J. L. Hood and Miss Thompson, also Misses Kitty Ruth Baley, Iva Dell Ford and Marjorie D. Hood. Unless further notice is given later, the next meeting of the club will be with Mrs. Edwin Baley. The program being a round table discussion on the correct way of rearing children. We have a splendid club but feel there are others who should join us and help make Martin Club the strongest and best in the county.

TWO COUPLES FROM LESLIE MARRIED HERE SATURDAY

Two young couples from the Leslie neighborhood in Hall County were quietly married here last Saturday afternoon in the office of Leon O. Lewis. The church ceremony was used in both instances. Oscar Bullock and Miss Caroline Edens and William Dur-

ham and Aline Justice are the couples who were united. Mr. Bullock is a store owner in Leslie and the other young man is a resident of the community.

FOUR CLARENDON YOUNG LADIES ON TECH ROLLS

Honor rolls for Texas Technological College at Lubbock for the winter term will be found to include the names of four Clarendon young ladies. All of these are credited with having an average of "B" in their work. The Clarendon representatives on the rolls are: Gertrude Osborne, Edgar Mae Mongole, Mary Hazel Hurn and Naomi Allison.

DONLEY MEN GO TO PARK MEETING

AMARILLO SCENE OF MASS MEETING ON PALO DURO PARK PROJECT.

Pursuant to a call sent out from Amarillo some weeks ago a mass meeting was held in that city Monday afternoon by citizens from all counties contiguous to the Palo Duro Canyon, concerning a park-scenic highway-bird refuge project which has been the dream of hundreds of Panhandle people for many years.

Clarendon and Donley County were represented in the meeting by a delegation composed of A. L. Chase, G. L. Boykin, J. W. Martin, Dr. J. G. Sherman and Sam M. Braswell, the latter being named a member of the executive committee set up by the meeting to direct the concerted movement as laid out by the meeting.

The Panhandle-Plains, Inc., was asked to sponsor the project and to use its facilities to carry on the preliminary work. D. H. Colp, of San Antonio, chairman of the Texas State Park Board, was present and made a very enlightening address on the subject of parks, urging the citizens of the Panhandle to get behind this project as one of the most valuable in Texas.

The commissioners courts of all the counties around the rim of the canyon were invited to attend an out-door dinner and council at

CLARENDON DRUG STORE IMPROVEMENTS COMPLETE

Improvements that have been under way for the past several weeks at the Clarendon Drug Store are nearing completion and will be ready for the use of the public in a very short time. A parlor, especially fitted with tables and booths is ready for the use of patrons and has been especially designed and finished to care for the needs of the public. A new floor covering of inlaid linoleum has been put in place and a new opening has been provided in the front. The entire front of the store may be thrown open at the will of the owners of the place of business through four doors set so as to fold back against the wall when they are opened. A new entrance was also provided and a number of improvements of a varied nature have made this one of the most attractive places of business in the city. The changes have been put in effect by Jack B. Jones, manager of the new place.

LESLIE STEPHENS' HENS BELIEVE IN BIG THINGS

An egg is on display in the News office that would make many hens of this section ashamed of their efforts in this direction. This specimen is 7 1-2 inches long way and 6 1-4 inches the other. It was found Wednesday evening when the usual gathering round was made.

Mrs. Joe Cluck returned from an extended visit in Fort Worth.

Wayside Park next Friday (tomorrow), the location being down in the canyon, east of Tula.

CLUB NOTES

First Boys' Club Formed

The Boys' Club of Tulia Lake is to have the distinction of being the first Boys' Club of the county. They met Tuesday morning of this week for their organization meeting with Miss Harvey Thompson, County Home Demonstrator in charge of the initial step. Twenty boys signed cards and have entered for study of corn, cotton, kafir corn, hogs, poultry, dairy cows, beef cattle and gardening. Lowell Davis was elected president, Cecil Dodson Vice President and Orbie Mayo, Secretary. Miss Thompson was requested to order literature on the subjects to be studied and the membership showed a great deal of enthusiasm for the work. Lowell Davis is a former member of the Breckenridge Boys' Club and is enthusiastically leading the boys to a great work in this county.

Miss Thompson was asked to arrange for a meeting in which they will visit the Collingsworth Farm Agent's Judging school. They are planning to have a judging team for entry in the Short Course this summer.

The personnel of the club is: Greer Cottingham, Leroy Leathers, Gerald Whatley, Ismael O'Neal, Orville Guy, Clyde Putman, Orbie Mayo, Keat Reynolds, Billie Floyd, Herman Dodson, Lowell Davis, Silas Knowles, Mary Taylor, Mark Taylor, Hollis Leathers, Cecil Dodson, Delbert Richardson, Ellis Barker, Sam King and Edward Martin.

The Donley County Girls' Council met last Saturday in the office of the County Home Demonstration Agent with twenty-three girls present representing four clubs. Following the attending of routine business and reports from the clubs represented, the entire group visited the hatchery, where they were given the principles of chicken hatching. Frank White discussed the matter fully, much to the enjoyment of those present. The next meeting is scheduled for the second Saturday in May, at which time the girls and clubs will compete in team demonstrations looking to a five county meet that is to be held here in June.

A flock of chickens was examined for Mrs. R. O. Thomas and explanatory matter was secured pointing to the treatment of the malady.

A number of the contestants in the Living Room contest have been in the office of the County Home Demonstration Agent for last minute suggestions on means of improving their entries.

The date has been set for the

finals in the Living Room Contest. The judges will start their work on Monday, April 22nd, and all work must cease on that date. The rooms will be visited as soon as possible by the judges after the closing of the contest. The last room will be judged not later than April 29th and finals will be released on May 1st.

The Martin Girls' Club met Monday morning for their meeting with seven members present. All of them had excellent home work reports and every member had her club work at hand. A fine meeting was reported.

The Hedley Girls' Club met Monday afternoon with 29 girls present, six of these being visitors. They planned their team demonstration that will be entered in the poultry and clothing divisions that are to be staged in the county work-out. They also entered the contest on school clothing to be conducted among the members of the Hedley Club. The winners in the Hedley contest will be entered in the county meet.

The Lelia Lake Girls' Club met Tuesday morning with 17 present. Good home work reports were had from the girls and a high percent of them had their work with them to do in the club meeting. A club picture is planned for the next meeting with the first year members wearing their uniform caps and aprons. The second and third year girls will show their garments made during the year.

SCOUTS OF TROOP TWO ENJOY OUTING TUESDAY

The Boy Scouts of Troop Two met at the sink hole for their meeting at 7:30 o'clock Tuesday evening. They brought their food and cooked it over the open fire that had been provided for the occasion. A number of visitors from Troop One brought the number in attendance to twenty-six scouts. After the other exercises of the evening, Scout Executive Jolly talked to the boys on matters of interest to all Scouts.

"Winks" Adams was down from Amarillo the latter part of the week.

FIRST METHODIST CHURCH

Sam E. Allison, pastor.

Announcements for Sunday, April 12th:

Sunday school meets in all its departments at 9:45. J. Ralph Porter, General Superintendent.

Preaching Service at 10:50 a. m. and 8:00 p. m.

The Boys' Junior Chorus, under the leadership of Mrs. Richard Wilkerson, will furnish the music at the evening hour and choir for the morning service. A cordial invitation to come and worship with us is extended to all.

The Epworth League at 7:15. The subject for discussion is "The Test of Our Friendships." Maude Eldsoe is leader and those on the program are Johnnie Bandy, Gwen Allison, Loran Naylor and Charles Summers. Especially the young people are urged to meet with us in these devotional meetings.

RECORD IS MADE IN SETTING SECOND INCUBATOR

What is believed to be a record for setting an incubator was made here when the second unit of the Clarendon Hatchery was installed the first part of this month. The machine was received here late in the afternoon of Tuesday of the week and was in the process of being tested less than twenty-four hours from the time the first piece was unloaded and placed in its new home. The man who placed the machine was one of the fastest in the employ of the Smith Company and set a record that he has not beaten in previous installation jobs. The machine was put in operation on Friday and a number of trays of eggs were hatched out in the unit on Sunday.

NAZERENE SERVICES START HERE FRIDAY EVENING

A series of meetings for the Nazarene Church of this city will start here Friday evening of this week and will continue through Sunday, May 5th. The meetings will be held in the Church of Christ and are to be conducted by L. L. Hamrick of Hamlin, Texas. Ruby and Jack Carter will be the singers for the events. A cordial invitation is extended to everyone to attend any or all of these services and assist in making the meeting worth while.

MR. AND MRS. A. H. BAKER SURPRISED HERE SUNDAY

Celebrating a joint birthday of Mr. and Mrs. A. H. Baker, two of their children, and their children visited them in their new home here, bringing the makings of a dinner with them. Mr. Baker celebrated his birthday on April 11th and Mrs. Baker celebrated hers on Sunday the 14th. The dinner was arranged to honor both. Mr. and Mrs. M. E. Cox and two daughters, Anna Sue and Lola Pearl were here from Panhandle and Mr. and Mrs. Henry Tice were here from Wellington. Robert Patton, living in California, could not be here, but called on long distance and expressed his birthday wishes in that manner.

CLARENDON LIONS ATTEND ZONE MEET AT FLOYDADA

Six members of the Clarendon Lions Club attended a meeting of the Lions of Zone 11, at Floydada making the trip via automobile. Those in the party were Messrs. S. R. McClung, W. C. Byrd, Homer Mulkey, D. O. Stallings, O. L. Fink and Sam M. Braswell. The first two named Lions returned here after the close of the afternoon session, but the other four drove down to Matador where Deputy Dist. Governor Braswell delivered the charter to a new club in that city, the party returning via Quitaque that night.

GARRISON AND CHUNN IS NEW ELECTRICAL FIRM

A transaction was completed the latter part of last week where Garrison and Chunn and George Garrison became the owners of an electrical business here. For the past few weeks, this establishment has been in operation as Garrison Brothers and will be operated from this time forward as the firm of Garrison and Chunn.

A. N. Wood went to Jacksboro Sunday, returning Monday.
