Local F. F. A. Youths To Compete In Judging Contests At Lubbock

Four judging teams will represent Clarendon in the Area 1 F.F.A. judging contests to be held at Lubbock Saturday. Vocational Agriculture Instructor J. R. Gillham announced that he had entered teams in the milk, livestock, crop and poultry judging events. Joe and Jim Lovell and Charlie Sullivan are members of the milk judging team; Gene Adams, U. G. Swinney, and Dania Howerton will enter the poultry event; Richard Dingler, Joe C. Smith, and Henry Wilson compose the crops team, and Jr. Bulman, Gene Harrison and Charles Davis are members of the Livestock team. Approximately ninety schools will compete in the contests.

Stocking's Drug Store Robbed Sunday Night

The Stocking Drug Store was the victim of thugs Sunday night when they entered the store through an opening in the roof and took approximately \$200 in merchandise and \$20 in cash.

Among the loot taken was identification bands, necklaces, pearl beads, costume jewelry, pins and ear rings to match, cigarette lighter and cutex finger nail polish.

Sheriff Guy Wright, upon investigation stated that it was apparently the work of professionals and by the type of loot, the robber must have had a lady friend somewhere. No clues have been found to date but the sheriff is still working on the case and getting information out to surrounding towns.

E. S. BALLEW ELECTED PRESIDENT TEXAS SWINE BREEDERS ASSOCIATION

On March 14th E. S. Ballew of Clarendon was elected President of the Texas Swine Breeders Association.

Mr. Ballew has been a prominent Hampshire breeder for a number of years. He has one of the best herds of Hampshires in the state of Texas, and through his business transactions and public spirited viewpoint has gained the confidence and admiration of the breeders of registered hogs all over the state. Recognizing Mr. Ballew's outstanding ability, the Texas Swine Breeders Association this year elected him their president.

Postmaster J. C. Estlack attended the last sessions of the Panhandle Press Association the week end in Amarillo. He has filled the positions of director, secretary and president of the Association at various times.

Among the out of town relatives here Monday for the funeral of S. B. Kutch were G. W. Kutch, Doss Kutch, wife and daughter of Hobart, Okla.; Mr. and Mrs. Roy Kutch of Precidio; Mr. and Mrs. J. A. Kutch and daughter of Memphis and Mrs. Wilson Kutch and baby; Mr. and Mrs. Carl Carter of Perryton, Mr. and Mrs. Elton Phares of Borger, Miss Joan Kutch, Mrs. M. W. Lemons Jr. of Amarillo; Mr. and Mrs. M. W. Lemons of Plainview, Jack Lemons of Plainview and Mrs. and Mrs. A. C. Hallmark and children of Dalhart.

Out of town friends were Mrs. James Roberts, Mr. Jim Blair and son of Amarillo, Mr. and Mrs. Jno. Beverly of Pampa and Mr. Hilliard of Memphis.

NEW SHOE STAMP ANNOUNCED

Beginning May 1, Airplane stamp 2 in War Ration Book III may be used for buying one pair of rationed shoes, OPA announced. The new stamp and Airplane stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through May 20, children's low-priced shoes (maximum \$1.60 per pair) in sizes 8½ through 12, and Misses' and little boys' shoes in sizes 12½ through 3 will be ration-free. In 1943 sales of civilian rationed shoes exceeded production by more than 53 million pairs, which made it necessary last year to decrease the number of shoes available to civilians.

Attend Conference at Shamrock
Those attending the Methodist District Conference at Shamrock were Rev. and Mrs. G. T. Palmer, Rev. and Mrs. H. W. Hanks, Judge and Mrs. J. R. Porter, Mr. and Mrs. J. H. Hurn, Mrs. M. R. Allenworth and J. R. Bulls and G. Reeves.

Goodnight Baptists In Revival

A revival meeting in progress at the Baptist Church at Goodnight, began last Thursday night. Services are being conducted twice daily, 11:30 a. m. and 8:30 p. m. Services at noon each day permit school pupils to attend. The preaching is being done by Rev. Wm. B. Waldrop, pastor of the First Baptist Church, Sanford, Texas. Attendance has increased in each service and several have already united with the church. The pastor, Rev. A. B. Mosely, in behalf of the church and the visiting pastor-evangelist, invites people in neighboring communities, as well as the Goodnight people, to attend the revival.

Funeral Services Held Monday For S. B. Kutch

Funeral services for Samuel Burleson Kutch were held Monday afternoon at 4 p. m. at the First Methodist church with Rev. H. W. Hanks officiating. Mr. Kutch passed away Sunday morning following an acute heart attack. He is a native of Texas and has been a resident of Clarendon for the past 33 years and was 86 years old.

He had been a member of the Methodist church for the past 50 years and a member of the Masonic Lodge for 58 years. He and Mrs. Kutch celebrated their 63rd wedding anniversary last December.

He is survived by his wife and six children; Ray Kutch of Clarendon, Mrs. M. W. Lemons of Plainview, Mrs. Eva Atteberry of Clarendon, Roy Kutch of Presidio, Texas, Mrs. Fred Buntin of Clarendon, and Mrs. A. C. Hallmark of Dalhart. Also two brothers, Arch of Memphis and George of Hobart, Okla., and a sister, Mrs. Mittie Drake of Pima, Arizona.

Pallbearers were John Hunt, J. H. Hurn, J. F. Blocker, Chas. Bairfield, Carl Bennett and Cap Morris.

Burial was in Citizens Cemetery with Buntin Funeral Home in charge of arrangements.

WORTH WHILE COMMENTS

BY COUNTY AGENT
Charles O. Reed

More Community Gardens Needed

About 200 thousand more Victory gardens than were grown in 1943 are needed in Texas this year in order to insure meeting all food requirements. This is the belief of J. F. Rosborough, horticulturist for the A&M Extension Service, after a survey of the food outlook in the state. Texans grew about 880,000 gardens last year, but the minimum need this year is one million. The major part of the increase will have to be made in the cities and towns where there is a real need for producing gardens. Rosborough says. Farmers and truck growers are producing as largely as available labor and machinery permit. Townspeople must lend a hand with spade and rake to take up the slack. To make city gardening successful, more vacant lot areas must be found for community groups to cultivate and for joint undertakings by employees of manufacturing and utility concerns.

Rosborough reminds city dwellers that preparing the soil is only the first step. The fullest production possible is the objective. To get this they should use commercial fertilizer where it is necessary and where the soil and climate are adaptable. Also they should cultivate their gardens weekly and use the utmost care to control insect pests. Plants should be inspected often and the first insects which appear usually adults—should be destroyed before they can lay their eggs.

Those who have the time and soil to grow a garden shouldn't be misled by the recent drop in ration values of some canned vegetables. Rosborough reminds that in announcing the reductions the OPA said that point values were changed to move current stocks. Higher point values for processed foods in general appear likely later on—depending in part on the Victory gardens in 1944.

In view of the outlook, it isn't safe to take a chance. Ask the advice of your county Extension agents.

Attend Meeting in Amarillo
Dr. K. S. Lowell, Dr. W. H. Watson and Miss Margaret Kidd attended a staff meeting at the Amarillo Osteopathic Hospital Wednesday night. Dr. Lowell spoke to the group on "Radiation treatment of Gynecological Cases."

R. L. Templeton Announces His Candidacy

R. L. Templeton, of Wellington, announced his candidacy for Representative of the 122nd Legislative District this week. Templeton, who is a veteran of the early air battles in Europe and who was given a medical discharge from the R.A.F. after 16 raids over Germany, set forth his views in the following straightforward statement:

"My platform is simply that I will do my best to be a good representative. If elected I will carry out the duties of my office as my conscience and my desire to obey the will of the people tell me. I have no radical ideas. I will not be influenced by pressure groups or self-seeking office holders nor will

R. L. TEMPLETON

I allow prejudice or partiality to influence me against my better judgment. I hope to be elected on my own merits.

My primary interests are for the farmer, cattleman, and ordinary business man because they are the people I know and understand best. I propose to do my best to be of service to every legitimate business organization in my district, whether it be big or small; I want to help the new as well as the old industries in Texas. Great steps such as in aviation and ship-building developments have shifted thriving industries to Texas; we must do what we can to keep them here. I believe in helping and improving the welfare and interests of farmers but at the same time I am a firm believer in the industrial development of this great state.

I favor less government control from Washington especially in matters of agriculture because I believe if there is to be any control at all over farmers it should be handled locally by people familiar with local circumstances and not by bureaucrats in Washington who are too far removed from the immediate problems of our farmers.

As for old age pensions, my grandmother gets a pension and through her I have been able to see how much that little income means to all lonely people like her. The independence and security she gets from that pension is the only bright spot in her lonely life. I am not one to make glowing promises that I might not be able to fulfill, so I will only say this: you can depend on me to support old age pensions.

I believe my experience on the battle front together with my lifelong association with the men of this district qualifies me for the job of representing the interests of all the men in the armed services until the conclusion of this conflict, and especially in matters concerning their rehabilitation upon returning home. I have fought and bled and suffered, been homesick and hungry in the same way that some of our boys are right now. After two years away from home, one year of which was spent on the battle front, I had to experience rehabilitation to civilian life without help. I am fully aware of the problem returning men will have to face. It is my hope that I can do what is needed to see that they profit

Citizens Cemetery Fund Needs More Donations

The trustees of the Citizens Cemetery are mailing out a number of letters this week asking for donations to the Cemetery Fund. They have a man working by the month since March 1st, and have the Cemetery grounds now in good shape. They have had sufficient money to pay him up to this time, but donations will be needed for the balance of the Spring and Summer. As no other collection will be taken you are urged to make your donation as soon as convenient to one of the Trustees or take it to the First National Bank.

A donation from everyone interested will keep our cemetery beautiful and up in fine shape. The weed season will start soon and it will be necessary to keep them mowed down or they will get the best of the grounds.

Edible Fats And Oils Outlook

Now is the time when farmers make the crop plans which will make or break our oil supply position for the year 1945. We are fixed all right for 1944. We have had the biggest slaughter of hogs in history. We have turned out the oil from the 1943 crop of soybeans, peanuts and flax—the biggest ever grown in the United States. We are going to be able to import more from foreign countries than we did earlier in the war.

But what about 1945? Farmers will give the answer with their plantings of the oil crops this spring. We will need even more fats and oils in 1945 than in 1944. That will be a year of heavy demand for explosives and other military products of the oil crops, or great demands for fats as food. But, it will be a year of smaller production of animal fats, as the hog population declines under the need of adjustment of animals to feed supplies. We will have 400 to 500 million pounds less of these fats than in 1944. We must replace this with oil crops. That replacement will require the full national goal acreage of those crops. Should oil crop acreage fall short of the goal for 1944, the nation risks falling short of a critical war material in 1945.

The March 1, Intention to Plant Report indicates that Texas will fall short of the peanut goal by about 275,000 acres. The situation is similar in other oil crops. Although increased price supports for soybeans and peanuts were announced after March 1, and acreage planned is somewhat greater than indicated on March 1, it appears that present plans are still far short of the goal.

The direct war use for oils must be met—glycerine for explosives, plastics for guns, other weapons and equipment; glue for construction of hulls for PT boats and planes. We need edible fats and oil to feed our Army.

FRUIT CROP WITHSTANDS LOW TEMPERATURE

Donley county's fruit crop is not entirely lost despite recent freezing weather, according to reports given your Donley County Leader by a number of orchardists.

In some places, the entire crop escaped. In other localities, the crop is cut to a half or less, depending upon the altitude. The orchards on the higher ground appears to have escaped damage best.

Garden plants escaped as if by a miracle. Temperature to as low as 28 above did not kill beans or okra, among the tenderest early garden varieties.

RETURNED MISSIONARY TO SPEAK AT LELIA LAKE

Miss Lillian Hundley, returned Missionary to China, will speak at both services at the First Baptist Church at Lelia Lake, Sunday, April 23rd. Everyone is invited to attend both morning and evening services.

ANY ONE LOST RED BALLOON LATELY?

Roy Farris of the Windy Valley community brought a red balloon to the Leader office today which he found in his field. The article was in shreds as if it had exploded.

The markings are not legible, but the "Paschal" and "C.S." is fairly plain. It is possible that the article is an experimental balloon of some kind, Mr. Farris thinks.

DR. LOWELL TO ATTEND WAR EMERGENCY CONFERENCE

Dr. Keith S. Lowell has announced that he plans to attend the War Emergency Conference of Texas Association of Osteopathic Physicians and Surgeons at the Baker Hotel in Dallas April 25, 26 and 27th.

Box - Pie Supper At Martin School Friday Night

A combination box and pie supper will be held at the Martin school house Friday night, April 21st. There will be music and entertainment of various sorts and everyone is expected to have a glorious time.

All proceeds of the supper will be donated to the Donley County Memorial Fund.

CPL. CARL BLACKMAN ENJOYS THE LEADER IN ENGLAND

The Leader was in receipt this week of a V-Mail letter from Cpl. Carl V. Blackman, former Clarendon youth who is now stationed in England, stating that he was receiving his Leader promptly each week and that he was enjoying it very much.

Although our news around home here seems so very little to us here, we are glad to know it means so much to our boys who are far away from home. If you have any news that would interest our service boys, bring it to the Leader office or phone 386 not later than Wednesday of any week.

LABOR REPRESENTATIVE TO BE HERE SATURDAY

V. M. Stone, representative for L. O. Stocker Co., Borger, Texas, will be here Saturday, April 22nd at the court house to interview labor applicants who might be interested in working for his company. The Stocker Company is constructing a 100-Octane gasoline plant for Phillips Petroleum Co. at Borger. Anyone interested in this type of work is asked to report at the court house between the hours of 1 to 3 p. m. Saturday.

Free Poultry Clinic, April 22

Dr. W. A. Boney, Poultry Veterinarian, College Station, Texas, will be in Clarendon Saturday afternoon, April 22 to hold an open meeting to discuss common poultry diseases and correct method of detecting and controlling diseases and parasites.

This meeting is free, nothing to sell, and is open to the public. If you are having trouble with your poultry, you are urgently requested to attend this meeting. You may have sick poultry on the place, and Chas. Reed, County Agent, requests that you bring a sick chicken, baby chick, or turkey to post for educational purposes. "We plan to hold an open air meeting in the City Park, south of the Piggly Wiggly store in Clarendon," Mr. Reed stated. The meeting will start at 2:30, Saturday, April 22. In case the weather is unfavorable for open air meeting, an inside location will be obtained. Inquire at the County Agent's office.

Lake Childress To Open May 1st

The Southwestern Panhandle's favorite fishing spot—Lake Childress—will be opened to anglers this year on May 1, two weeks earlier than last year. The lake, located about eight miles west of Childress just off highway 287, is well stocked with bass, crappie and channel cat. Minnows and fishing equipment are on sale and boats are available for rent at the lake. Fishing fees at the lake are 35 cents for civilians and 25 cents for service men daily, with season permits \$2.50 for a person or \$4.50 for a family.

LIEUT. RAYMOND JOHNSON RECEIVES WINGS AS PURSUIT PILOT

Lieut. Raymond (Tooter) Johnson arrived Tuesday of this week to visit his grandparents, Mr. and Mrs. Fred Johnson on his first leave since entering the service over a year ago. Tooter received his commission as 2nd Lieut. and his silver wings Saturday, April 15th at Moore Field, Mission, Texas. When he returns to Mission next Wednesday he will enter P-40 Transition training, and it is likely that Major Paul J. Greene, another Clarendonite, will be his instructor there as he is a specialist along this line.

LIBRARY NOTES

By Mrs. C. A. Burton

Listen to this message from Thomas Jefferson in 1823: "The establishment of libraries in every town is so favorable to general instruction, furnishes so salutary an employment for spare hours and inducement to pass them at home, and brings the use of books so much within the means of everyone, that there cannot be

two opinions on their utility." It will be remembered that while Vice President, Jefferson took a leading part in the founding of the Library of Congress in 1800 and in the first purchase of books. As President, Jefferson appointed the first Librarian of Congress in 1802. When the first collection was destroyed by the British raid on Washington and the burning of the Capitol in 1814, the ex-President offered his magnificent private library to the nation and it is from the purchase of this library by act of Congress in

1815 that the Library of Congress dates its second and final foundation. One of the two principal reading rooms is the Jefferson room. The Jefferson papers, with other valuable collections, were removed to a safer place at the beginning of the present war. The Thomas Jefferson Memorial, on the Banks of the Tidal Basin in Washington, D. C., was dedicated on April 13, 1943, the 200th anniversary of Jefferson's birth. Products and materials from seven states were used in its construction.

Another Texas story by a Texas author is being mentioned by the daily press. It is "The Mocking Bird Is Singing" by E. Louie Malby who was born in Dallas, and her story is largely a novel of character laid in Sherman. It was published by Henry Holt & Co.

In the same edition of the daily paper is the statement that "Miss Sallie of the Chuck Wagon" is the title of a story in Ranch Romances by J. Frank Dobie which is illustrated by Harold Bugbee.

William Rose Benet, the Pulitzer Prize poet, headed his Saturday Reviews of Literature column with a poem "Recess For the Boys" referring to the 12-day vacation taken by Congress after they turned down the soldier's vote bill. It was evidently "vitrilic" since it brought a protest from Senator Taft.

Pvt. William Saroyan's Academy Award, as the author of "The Human Comedy" has been accepted and is now in his New York apartment. Saroyan, as well as Sinclair Lewis, once refused the Pulitzer Prize, but says he has changed his mind—he wouldn't do it again.

Eugene O'Neil has sold the home he built in the Cantra Costa Valley because it is impossible to get servants. He and his wife are living in a San Francisco apartment.

The growth of libraries is always a joy, regardless of where

they are. Records show that the Harvard College library has about doubled in size every 20 years for more than a century.

Theodore Dreiser is coming to New York to accept a prize from the American Academy of Arts and Letters.

Marquis Childs, St. Louis journalist and author of "Sweden: The Middle Way," takes over the newspaper column of the late Raymond Clapper, but saying that he is doing it with misgivings, because nobody can really take his place.

Through the generous intervention of the Poetry Society of America, Edgar Lee Masters, seventy-four-year-old poet will return with his wife to his Hotel Chatham apartment in New York City.

James P. Terzain, of the University of Wisconsin, a native of Armenia and former resident of Brooklyn, has been awarded the first prize of \$100 in the tenth annual College short story contest conducted by Story Magazine. He is now stationed at a Virginia Naval camp serving with the Seabees.

The Winter 1944 issue of Books Abroad reports that the Germans have prohibited the publication or sale of the Bible in Czechoslovakia. And according to an overseas news agency bulletin of July, books dealing with Mussolini must neither be sold, nor issued by public libraries in German territory.

MAYBE... Pressing-the-Button will Jack Up future cars
BUT... OIL-PLATING YOUR ENGINE is like outdoing the future—today

CONOCO Nth MOTOR OIL
An optimist can still hope to trade his car for a 1945 model—with "wild" or mild advancements.
A realist might do the same. But he'll "cast an anchor to windward" by changing to Conoco Nth motor oil for Spring, at once adopting that big inexpensive advance—an engine internally OIL-PLATED.
Be a realist! Realize that any engine's explosions always form real biting acid inside. Realize that long trips, heating at least some acid away, went out of style as rationing started. Realize that limited driving—incomplete engine heat—has been endangering engines not OIL-PLATED. Too bad; any harm that's been done is done. But with Conoco Nth oil, and all the acid-resistance of OIL-PLATING, you're in shape to discontinue extreme acid damage, starting now.
Patented Conoco Nth oil—popular-priced—includes a pioneer synthetic, with the advanced "magnet-like" ability to surface inner parts with OIL-PLATING. That's why you can really be an optimist about your engine's future, after changing to Your Mileage Merchant's station for Conoco Nth oil. Continental Oil Co.

THE TEMPLE OF TRUTH
By the Apostle

The high liquor taxes appears to be driving men to drink.

Help really is getting scarce. Out in the P. O. lobby a sign

reads: "Man wanted for robbery."

Funny folks — we are. When times are bad we have the wolf at the door. When times are good, it is the tax collector.

If this man power shortage keeps up, it will be a portly woman in red behind the flock of white whiskers in the toy sections of the stores next December.

A great man has said that success depends on one's getting along with some people; getting along without some people, and getting ahead of some people.

Can you recall when sales were made over the counter rather than under the ceiling? If you can, there is an old time for you.

One of the recent questions ask-

ed on a civil service examination for stock raising was: "Name four kinds of sheep." The old boy studied some bit and then wrote down: "Black sheep, white sheep, Mary's little lamb and the hydraulic ram!"

Sign posted up in the ladies retiring room on a train read: "Will the lady who stold my baby's pants kindly meet me in the club

car to match and see if I get the pants, or if she gets the baby?"

With election time near, it might be a good idea to remind the candidates that it was old Haston Yazzie some years ago who allowed as how "mud slung is ground lost."

A new father in describing his first offspring said "he is a little varmint with a loud noise at one end and no responsibility at the other!"

FARMERS EXCHANGE
GROCERIES & MARKET

Phone 63-J WE DELIVER Phone 63-J

Here's a story that pleased us no end; it is so darn true it hurts: A farmer walked into a hardware store in a midwest town and asked to see an axe. After carefully examining a half dozen, he chose one and asked its price. "It is \$1.50," said the store keeper.

Producing a page torn from a mail-order catalogue, the farmer said, "Here is the same axe for only \$1.33."

The hardware man, looked at the picture, pondered, then said, "If they can sell it for that, so can I."

"O. K. I'll take it," said the farmer.

The storekeeper picked up the axe, weighed it on a scale behind the counter and began to make out a sale bill, \$1.33, plus 15 cents, total \$1.48.

"Hey!" shouted the farmer "What's that 15 cents for?"

"For postage. If you sent off for it you'd have to pay postage, wouldn't you?"

The farmer had to admit he would. He counted out the \$1.48. The store keeper wrapped up the axe — and calmly laid it on the shelf.

"Say, what is the big idea?" asked the farmer.

With a twinkle in his eye, the storekeeper replied, "Come back in three days and you can have it."

Pfc. Bill Edwards and wife of Camp Stoneman, enjoyed their furlough with their parents, Mr. and Mrs. J. S. Edwards at Amarillo and Mr. and Mrs. L. R. Foster at Turkey.

FRESHMAN PARTY

The Freshman Class of 1943-44 was delightfully entertained in the spacious home of Mr. and Mrs. J. H. Howze Friday evening, April 7th.

After a pleasant evening spent in playing games and dancing, the group was invited to the dining room where punch and cookies were served. The lace-covered table was centered with a bowl of daisies and sweet peas, and tall tapers burning on either side of the centerpiece lighted the room. The flowers were later sent to one of the class sponsors, Mrs. Oscar Thomas who could not be present because of illness. The napkins, which featured the class colors of blue and gold, were a gift from Mrs. Bill Bromley.

Parents and teachers present were: Messrs. and Mesdames Grover Heath, Charles Lowry, Bill Bromley, D. E. Stevenson, O. D. Lowry, J. H. Howze, Mrs. Nellie Hoggatt, Mrs. Jo Ellen Hess, Mrs. H. T. Burton, and Miss Chloe Darden. Special guests were Mr. and Mrs. Alvin Landers and children, Mary Ann and Don, and Mrs. Will McDonald and Myrne of Plainview.

1930 NEEDLE CLUB

The 1930 Needle Club met at the Red Cross room Tuesday afternoon and did Red Cross work. After the work was finished the ladies went to the Rexall Drug Store and were served refreshments to Mesdames Regan Bain, Turner Kirby, Gilmer Ayers, Hattie Palmer, Fred Russell, Guy Wright, W. C. Larimer and hostess, Mrs. Ernest Hunt.

GARDEN CLUB

The Garden Club will have its first meeting of the year when it meets Monday, April 24th at 3:30 at the home of Mrs. John Blocker.

PATHFINDER CLUB

Miss Maurice Berry and Miss Fay McCarty were hostesses to the Pathfinder Club Friday, April 14th in the parlors of the Home Economics Rooms. Mrs. Earnest Hunt read excerpts from a book "In Memoriam," a tribute to Mrs. B. L. Jenkins by Dr. Jenkins. Dr. Jenkins presented a copy of this tribute to the Club because of the fact that Mrs. Jenkins had been a charter member of the club.

A program on Texas was led by Mrs. Van Kennedy. Mrs. Carroll Hudson accompanied the club in the singing of two Texas songs, "Home on the Range" and "Texas My Texas." A group of Texas poems were read by Mrs. O. D. Lowry. "Texas and its Participation in War" was very interestingly discussed by Mrs. O. W. Elliott. A piano solo—Durant Waltz was played by Louva Hunt.

The hostesses assisted by a group of Home Ec girls served lovely refreshments to 20 members.

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

The Woman's Society of Christian Service met in Circles Wednesday afternoon.

Circle No. 1 met in home of Mrs. Haskell Kemp with nine members and four guests present. Mrs. C. E. Griggs was leader.

Circle No. 2 met with Mrs. J. R. Bulls with twelve members present. Mrs. A. L. Thornberry gave the devotional; Mrs. C. A. Burton, leader.

Circle No. 3 met in home of Mrs. J. R. Bulls with twelve members present. Mrs. Clyde Hudson was leader.

Mrs. Rene Elkins was a guest in the home of Mr. and Mrs. R. H. Elkins for the past week.

1926 BOOK CLUB

A most enjoyable meeting of the 1926 Book Club was held at Mrs. Nathan Cox's home, with Mrs. Barcus Antrobus as co-hostess.

Mrs. E. S. Ballew gave another one of her good reviews, as she gave "The Tree Grows in Brooklyn," by Betty Smith. The book seems to be prompted by the authors own ideals, as it deals with the life of the second generation of Americans in Brooklyn, who believed in education as a means of bettering themselves. The author herself attended the university, and began writing after the birth of her third child.

The rooms were attractively decorated with bowls of tulips and pansies that gave a most cheerful spring atmosphere.

The hostesses served delicious refreshments to fifteen club members and Mmes. Elliott, Emmons, Goodner, Turner, Misses Howren and McCarty as guests.

DORCAS-ALTHEAN CLASS

The major attraction for the Dorcas-Althean Class Thursday, April 13th, was their regular meeting in the attractive home of a fellow member, Mrs. Bert Smith.

The business meeting was opened with songs; Mrs. W. C. Gunter gave the devotional. Old business and new business were discussed, and plans made whereby each member might more forcibly accomplish her duty.

After the work for the Red Cross was completed, games of forty-two were enjoyed. Refreshments of ice-cream and cake were served to Mmes. H. T. Burton, Bob Head, W. C. Gunter, Henry Parrack, S. W. Lowe, W. A. Rainey, Jr., G. G. Ayers, T. J. McNeal, C. Huffman, Doss Palmer, W. D. Kidd, Cecil Thomas, Hattie Wallace, Wendell Smith, F. S. McCrary, and L. T. Shelton and hostesses Mmes. Bert Smith, C. Huffman, and F. S. McCrary.

CLARENDON H. D. CLUB

The Clarendon H. D. Club will meet at the home of Mrs. A. L. Chase Friday, April 21 at 3 p. m.

Pvt. Lesley Butler from Tarrent Field, Ft. Worth, was home over the week end.

FRIENDSHIP CLUB

The Friendship Club met in a call meeting at the home of Mrs. H. Tyree, Friday afternoon, honoring Mrs. C. R. Skinner who has been president of this club for 15 years, with a lovely shower and going away party. Mrs. Skinner is leaving for Colorado next week to make her home. Mrs. Skinner received many lovely gifts.

Refreshments were served to President, Mrs. C. E. Lindsey and invited guests, Mrs. F. E. Caraway and Mrs. Van Eaton; and members, Mmes. L. Ballew, J. W. Morrison, Jess Pool, M. E. Thornton, H. Tyree.

The regular meeting of this club will meet April 25th at the home of Mrs. Allison.

HARMONY CLASS

The Harmony Class met Thursday afternoon at the home of Mrs. Rolle Brunley, she being hostess. Mrs. C. B. Morris was co-hostess. Short business session was held, presided over by the president, Mrs. B. G. Watson. Mrs. Bill Ray gave the devotional and Mrs. H. W. Hanks gave the prayer. Games of 42 were played.

Salad plate and coffee were served to 10 members. Those present were Mmes. O. C. Watson, M. R. Allensworth, Chas. Bairfield, Walter Wilson, B. G. Watson, Bill Ray, H. W. Hanks, Rolle Brunley, C. B. Morris, Mike Thornberry.

LADIES AID SOCIETY

The Ladies Aid Society of the First Christian Church gave a going-away party and handkerchief shower at the home of Mrs. Frank White Sr. Wednesday afternoon, complimenting Mrs. C. R. Skinner. After a few hours of visiting and admiring the gifts, the hostess, Mrs. White, served a lovely salad course to 15 guests.

Mr. and Mrs. G. E. Kinslow of Hedley were in Clarendon visiting relatives Sunday.

F.F.A. YOUTHS ENTERTAIN WITH PICNIC

Members of the Clarendon F.F.A. and Junior High youths carrying agricultural projects entertained their girl friends with a picnic at the river bridge Tuesday afternoon. The youths enjoyed games of baseball, football, hiking and horseshoe pitching from 5 to 7 p. m. when a picnic lunch was served.

H. T. Burton, Supt. of schools, and J. R. Gillham, vocational agriculture instructor, accompanied the group.

CARD OF THANKS

I wish to take this means of thanking my many friends who remembered me during my recent illness. Your flowers, cards, gifts and many kindnesses shall always be remembered.

MOOS OF THE MOMENT
BY UNCLE BOB
of the Kraft Dairy Farm Service

If I could get as many important people to vote for me as vote for Sudan Grass, I think I could be President. This grass was brought to America from North Central Africa and, as might be expected, it resists both heat and drought. It makes fine grazing when other pastures are dry and unproductive. If seeded in May the crop will be ready for grazing in about six weeks.

In Circular B-69, the Extension Service of Texas says that Sudan Grass is the best temporary pasture for summer and early fall. It does not do well on soils that are low in fertility. For best results, it should be planted in rows, the bulletin says, using 30 pounds of seed to the acre. To eliminate danger of prussic acid poisoning, it is suggested you do not permit grazing until Sudan is 18 inches high or better—nor after frost. The bulletin adds that if you do not have enough cows to prevent the grass heading, it can be mowed and placed in a trench silo. To get Circular B-69, write the Extension Service, Texas A&M College, College Station, Texas.

Indiana is another ardent supporter of Sudan Grass. Their experience shows that an acre of Sudan will carry from one to three head of cattle, depending upon the fertility of the soil. As hay, Sudan will ordinarily yield from 2½ to 3 tons per acre, and it may run as high as 4 tons. Indiana also tells you how to get a mixed crop of soybeans and Sudan Grass for roughage. The soybean seed should be drilled with the ordinary grain drill set for from four to six pecks on the oats scale and thoroughly re-cleaned Sudan Grass seed may be applied through the grass seed attachment or broadcast separately at 10 to 16 pounds per acre and covered with a harrow. Send for Leaflet No. 188, Department of Agricultural Extension, Purdue University, Lafayette, Indiana. This is a valuable leaflet for you to have if you decide to grow Sudan.

Climb in, folks, there's lots of room in this Sudan.

Have you ever tried to figure out the difference in cost between the food value cattle obtain from good pasture and the food value they get from harvested crops? Well, Minnesota has and it's mighty interesting. Averaging up four different kinds of pasture and four different harvested

crops, they found the cost of the harvested crop was more than double the cost of pasture. On top of that, the pasture crop is harvested by the cattle instead of by you, thus saving you hours of work. Be sure to get the bulletin that tells all about this cost-finding study. Write for Bulletin 241, Extension Service, University of Minnesota, St. Paul, Minnesota.

While you're about it, I also suggest that you ask Minnesota for Extension Folder 106. This reports another fact-finding study, this time, on the methods of cooling milk. They found that when it was cooled in air at 10°F. below zero, it took an hour for the temperature of the milk to drop from 90° to 77°. When milk was cooled in circulating water at 47° above zero, the temperature of the milk dropped from 90° to 54° in an hour's time. The moral of that is that milk just can't be cooled properly in the air.

Along about next August, do you suppose it would be proper to say that the milk shortage had been hit by a green Sudan?

To get back to the subject of cooling milk, I recommend that you invest a postage stamp for a free copy of Farmers' Bulletin No. 976, U. S. Department of Agriculture, Washington, D. C. The ideas contained in this booklet will help you to size up your cooling tank and see if it is set up to do the right kind of job. There's no sense in losing money on sour or off-flavored milk when a little rearranging may fix things up.

The milk you save from souring means a little extra milk for the Nation. And a little extra milk from thousands of dairy farmers can play a mighty important part in our country's battle.

Home, James . . . in the green Sudan.

Clay Deposits In Texas

Superior raw materials, prospects of an ample post-war labor supply, adequate fuel and low investment costs, make the state a "natural" for a ceramics industry after the war, Dr. F. K. Pence, associate director of the University of Texas Bureau of Industrial Chemistry, has announced.

"Texas has large natural deposits of all sorts of superior clays—for whiteware, earthen ware, hotel china, glassware, porcelain, floor and wall tile, and art pottery," Dr. Pence asserts.

Ceramic studies have been made since 1940 by the industrial chemist, who reveals that a market in Texas alone would reach \$10,000,000 annually, and there is

no reason why sales should be confined to this state.

Development of small ceramics factories scattered throughout Texas would help solve post-war employment problems and can be set up at comparatively low costs, ranging from \$5,000 up.

Factories employing up to 100 workers, located at strategic fuel and transportation points—all important in this industry—could have the clay materials shipped from all parts of the state.

Dear Son:

I have given much thought to your question, "what are we fighting for?"

My answer is the same as millions of other American fathers would give to their fighting sons. Some call it preserving our heritage, or defending our freedoms, or protecting the right to think and act and live as we want.

Call it what you will, the answer is YOU. For YOU are the America of the future...the symbol of all the freedoms

and liberties we value so highly. When Victory is won this will be your America—a land where the better things of life are limited only by each individual's effort to attain them.

As many hours as we put in war work and as many bonds as we buy, the part we are doing is nothing compared to the sacrifices, hardships and deprivations our fighting forces are enduring for final Victory.

Give liberally to the Red Cross. Buy War Bonds and Stamps regularly.
 Don't miss a day's effort that will help win the war.

CORRIDOR COMMENTS

Pete has a new horn on his jalopy and boy, is it snazzy! There are rumors that he can't seem to make up his mind whom to go with, Elizabeth Ann or Edith, but maybe Donald could decide that without much trouble!

"Lizzie" Mauldin wore high heels to the play, and it seems she got so tired standing that she had to take off her shoes.

Jack Ballew had a visitor down from Amarillo Thursday! Say! that makes things a little complicated, doesn't it? He has a date with Laverne Friday night—but that is his problem, to solve, I guess!

Donald, Edith, Raymond, Alma Jo, Bob, Johnnie, and Klyda Fern and Jack Semrad were all seen at the play and seemed to be having a lot of fun.

Among the ones who swooned when Shelly sang Tuesday night were "Dude" Merchant and "Ed" Beard.

Junior Mann was with Edith Jo Beckett Tuesday night. They surely did go home early.

Why was Beverly carrying a pillow around with her Thursday? I think she fell down or "something."

Billie Howerton jumped off a bridge and broke her arch. She said Jack wouldn't catch her so she just fell.

G. G., who's the brunette from Childress? Our appreciation to you for showing the girl a good time during her stay in our city.

Chief's journeys extend so far as Memphis now. Amazing how he breezes through Hedley without looking back!

Has Shelley finally settled down to Porter? Their presence together is no longer unusual.

Lee Shelley was seen Sunday afternoon with a cute girl in her "cute" car and her sisters as chauffeurs.

Hang on, Riley. When the fleet comes in, it usually has to go back out.

Mary Nell Keys was all a-twitter in school Monday morning. By 9:30, everyone knew, and how we can't explain, that Tooter Johnson was on his way to Clarendon.

A couple of extraordinary females from Amarillo turned everyone's eyes Saturday night and Sunday. One fellow, in particular, became intensely interested in them.

Reeves, you spoke of having fun late Friday night. Just what kind of fun did you mean?

"Shick" Merchant has a job. Figure that one out!

None of the names in the preceding slander are fictitious; therefore, don't take them seriously.

THE TEACHER

"A teacher, to measure up to all demands, must have the learning of a college president, the consecration of a clergyman, the executive talents of a financier, the humility of a deacon, and the craftiness of a Tammany politician. Must be an angel for temper, a demon for discipline, a chameleon for adaptation, a diplomat for tact, an optimist for hope, and a hero for courage; must have the wisdom of a serpent, the gentleness of a dove, the grace of God, and the patience of Job. Only the Apostle Paul could meet these requirements, and since he is a disembodied spirit, he could live on a school teacher's salary."

Fred, do you have fun looking at girls through your mirror?

Buster seems to have a girl friend in the ninth grade. Wonder who she is?

Gene, please let the girls have their business, and you may have yours.

Chuck, we wonder who the new fellow is now?

Lou, I see you have been sporting some new handkerchiefs. They are surely lovely that way.

Have a "Coke" = ¡Qué Suerte!
(WHAT LUCK!)

...a way to say "Comrade" in Chile

In Santiago the American flyer discovers simple ways to open new friendships. Have a "Coke", says he to the Chilean airman, and in a few moments he's welcomed as a comrade. It's a custom that's known to good neighbors from Chile to the Carolinas. And, of course, it's always neighborly to serve Coca-Cola in your home. All over the globe, Coca-Cola stands for the pause that refreshes, —has become the bond between people who are friendly-minded.

"Coke" = Coca-Cola. It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Templeton—

(Continued from Front page)

from my experience. In matters of injuries or loss of loved ones my heart has suffered as much as any. My nineteen-year-old brother was killed only twenty miles from where I lay in a hospital bed in England, but my condition was such that it was twenty-two days before I was notified of my brother's death.

Many fine young men of this district have already given their lives, others have sacrificed their health, and still more have endured long suffering in prisoner of war camps. Most of them are boys I have known all of my life. Grievous losses still lie ahead for many families and friends of ours. These unfortunate losses we cannot avoid. We can make steps to see that the boys are treated right when they come home. It will be our job to welcome them with a country worthy of the sacrifices they have made for it.

R. L. Templeton is the son of the late Judge R. H. Templeton and Mrs. Lottie Templeton of Wellington. He is the grandson of Newton Gresham, founder of the Farmers Union of America, and is named after his uncle, the late Hon. R. L. Templeton, former State Representative of this district.

trict and first Judge of the 100th Judicial District of Texas.

He has been interested in military preparedness for this country since he was sixteen. At that age he enrolled in the Citizens Military Training Camp at Ft. Sill, Oklahoma, and voluntarily reported for military training during the summers of '36, '37, '38.

Born and raised in the same home that is now his residence, he spent his early life, outside of college and military duties, in Wellington, graduating from Wellington High School in 1937. At that time he entered the University of Texas where he completed two years of academic study before entering the Law School.

He withdrew from Law School in 1940 to enter the U. S. Army Air Corps, voluntarily postponing his education because he could see that war would sooner or later come to this country. After receiving his appointment for pilot training, Templeton reported to California to begin his training as a Flying Cadet but the Army found his flying unsatisfactory and he was given an Honorable Discharge from the U. S. Army Air Corps in November, 1940.

R. L. Templeton could see that the war would eventually engulf the United States and he was determined to be ready to do his part. He and his younger brother, Pat Templeton, enlisted in the Royal Canadian Air Force for training as pilots. R. L. joined the R.C.A.F. because he was too young to fly in the U. S. Air Corps. The two brothers won their wings in the R.C.A.F., graduating as pilots in November, 1941, and both asked to be sent into the thick of the fighting.

They met in England in March, 1942. Pat served as a combat flying instructor and R. L. partici-

pated in 16 raids over Germany with the Royal Air Force, which were made before the American Air Force arrived in England. In September, 1942, Pat was killed when the bomber he was flying crashed in flames. At that time R. L. was in a hospital in England due to injuries in a flying accident. Due to his condition he was not notified of his brother's death for 22 days. Later he was given a medical discharge and sent home and was granted a pension from the British Government.

Since his discharge, R. L. Templeton worked for a year as an instructor and engineer at the North American Aircraft Plant in Dallas. Although handicapped physically, he feels that he has many long years of useful service in front of him which he would like to devote to the same causes and the same people and the same country for which he once risked his life.

Merle F. Scoggins, a nephew of Mrs. Ernest Hunt, located at Marfa Air Field and who has just received his wings, spent the week end visiting his aunt and family.

Mrs. Dorothy White Campbell will arrive Friday night from Victorville, Calif. for a visit with her parents and family, Mr. and Mrs. Frank White Sr.

Mrs. Chester Williams of Amarillo visited Mr. and Mrs. Henry Williams the week end.

After spending a few days with his mother, Mrs. L. Ballew, Mr. and Mrs. Fred Ballew left for their home at El Paso, Tuesday.

Slick Naylor and two sons of Groom visited in the home of his sister, Mr. and Mrs. L. L. Wallace Sunday.

Hobart Skinner of Denver, Colo. came Friday to help his mother, Mrs. C. R. Skinner, get ready to move to Colorado next week.

Frank White Sr. attended to business at Quitaque Tuesday.

Mr. and Mrs. Glen White of Shamrock spent the week end with home folks.

The Army Ordnance proving ground at La Carne, Ohio, now has a mobile "post-office"—a one-ton panel truck—which makes seven deliveries a day to buildings on the 1,300 acre reservation.

Clams have a goodly store of iodine. Try them steamed, baked, fried, or in chowder, and, for a really special treat, in fritters.
