Minutes of last meeting. Reports from each district (finance, activities).

Complete organization of Council.

Closing ceremony. Pledge to flag.

WALLING IS AGAIN FIDDLING WINNER

CONTEST STAGED TUESDAY EVENING BY LEGION HAS SMALL ATTENDANCE.

An old Fiddlers Contest in which ten of Donley County's fiddlers competed for prizes was completed Tuesday evening.

W. E. Walling was chosen from a field of ten men for first place on the winners list.

Old melodies and old tunes rang through the auditorium for almost two hours before the final decision had been handed down from the judges.

Entrants in the contest will include: Ellis Holcomb, N. C. Wood, J. F. Wells, D. C. Spier, J. G. Dorsett, Q. W. Walling, W. E. Walling, W. C. Reeves, Joe David and Charles Rose.

"Here Comes Arabella" Dec. 4

The Junior High P. T. A. will present at the College auditorium Tuesday night a three-act musical comedy play entitled "Here Comes Arabella."

The play is owned by the Wayne P. Sewell Producing Company of Atlanta, Georgia, and under a personal direction of R. James Pindexter.

Among the cast we find a selected group of talented artists, among them Mrs. W. C. Stewart, Dorothy White, Mrs. Manly Ozier, Mr. C. C. Powell, Joveta Wilson, Mr. Joe Cannon, Gwyn Youngblood, Eunice Griggs and Mary Jo Chamberlain.

Mr. Pindexter has a complete wardrobe of new costumes and a good evening's entertainment will be promised.

Messrs. G. G. Kemp, J. W. Martin, G. L. Boykin and Lott Kimbriel returned from Guyton, Oklahoma, Monday afternoon of this week.

Loran Naylor, Clyde Naylor and Mrs. Earl Naylor spent Sunday in Pampa.

CLARENDON GOLFERS DECIDE COURTHOUSE MOVE

A foursome of Clarendon golfers decided the courthouse move Sunday afternoon when they played a match on the Hillcrest Golf course.

Odd Fellows In New Quarters

The removal of their effects completed the fore part of this week, the Odd Fellows Lodge of Clarendon are now in their old home after an absence of fifteen years.

In addition to the removal of their meeting place to the new quarters, the lodge degree team has been reorganized and will in all probability be placed in the field in competition to other teams in this section of the state.

The officials of the Odd Fellows Lodge at the present time include Hugh Eldridge as Noble Grand, R. Y. King, Vice Grand and A. M. Lanham as Secretary.

MURRELL AND ALLISON RETURNED

DR. GEO. S. SLOVER NAMED HEAD OF AMARILLO COLLEGE AT CONFERENCE.

The two Clarendon pastors were returned to their places here at the sessions of the Northwest Texas Conference held in Lubbock last Sunday night with the reading of the appointments by Bishop John M. Moore.

The appointments of the pastors to their various charges were made public Sunday evening and were broadcast from Amarillo.

Presiding Elder, W. M. Murrell, Clarendon; Alanreed, Lefors, H. G. Walton; Clarendon, S. E. Allison; Claude, L. B. Smallwood; Dozier, Heald, A. J. Jones; Dossyville, Sam A. Thomas; Hedley, E. D. Landreth; Goodnight, Dewit Vampelt; Groom, John H. Crow; Lakeview, J. I. Kelly; Lelia Lake, John Jenkins; McLean, B. W. Wilkins; Memphis, E. E. Robinson; Mobeetie-Kelton, U. S. Sherrill; Pampa, T. W. Brabham; Plaska, A. O. Graydon; Shamrock, G. W. Foster; Wellington, J. A. Smith; Wellington circuit, J. A. Laney; Wheeler, H. W. Barnett; missionary to Japan, Sam M. Hilburn.

Mr. and Mrs. S. J. Cole and children of Amarillo spent the last weekend in the home of Editor and Mrs. Sam M. Braswell.

C. C. RAY NAMED LOCAL MANAGER

MATERIALS ALL SECURED AND WORK TO START IN NEAR FUTURE

C. C. Ray, the man who has delivered the products of the Memphis Bottling works in Clarendon for the past year and more, has been selected as the manager for the new bottling works that will be erected in Clarendon in the very immediate future.

The machinery and the building materials have all been ordered and will be placed as soon as they have been received.

The plant is expected to be in operation by January first.

ALL BUSINESSES CLOSED THURSDAY

TOWN TO BE ALMOST DESERTED FOR THANKSGIVING CELEBRATION.

All indications point to the fact that Clarendon business houses will be almost one hundred per cent closed for the celebration of Thanksgiving.

Any public means of celebrating the day has not been planned and the Thanksgiving dinner will be practically the only means of celebration used.

For those who remain at home, the High School football game and the Thanksgiving dinner will be practically the only means of celebration used.

NEWS WANTS TO RUN SANTA CLAUS LETTERS

As is the usual custom of the News, we will attempt to carry all the Santa Claus letters that are received in the office of the News in time for publication before the end of the Holiday season.

Letters received after that date will be published if there is time and space, otherwise they cannot be handled.

Original letters are best and full attention will be given all those received before Christmas.

THANKSGIVING UNION SERVICE

1928 UNION THANKSGIVING SERVICE TO BE HELD AT BAPTIST CHURCH TONITE

Varying the usual plan the annual Union Thanksgiving service for Clarendon and community will be held on Wednesday evening preceding Thanksgiving Day this year instead of Thanksgiving morning as formerly the custom.

Announcement has been made in all the churches of the service and all singers of the city are asked to come and take part in the music, which will be in charge of Miss Annie Bourland.

Misses Eula May and Mary Naylor and Elbon Naylor spent Sunday in Amarillo visiting friends and relatives.

FEDERATION TO MEET SATURDAY

ASHTOLA CHOSEN AS POINT OF MEETING FOR ORGANIZATION OF COUNTY.

Boys' Chorus Is Growing Nicely

The latest addition to the musical organizations of the city is the Boys' Chorus, organized under the auspices of the McDowell Club with Mrs. Richard Wilkerson as director of the body.

The officers elected are: Alfred McMurtry, President; Ardis Patman, Vice President; N. T. Thompson, Secretary and Drew Wilkerson, Reporter.

The officers elected are: Alfred McMurtry, President; Ardis Patman, Vice President; N. T. Thompson, Secretary and Drew Wilkerson, Reporter.

Mr. and Mrs. H. I. Burton motored to Hedley Sunday.

BRONCHOS TO PLAY CLAUDE THURSDAY

FINAL GAME OF SEASON IS SCHEDULED TO BE EVENLY MATCHED AFFAIR.

Coach Hutton of the Clarendon High School Bronchos states that the final game of the present year will be one of the most evenly matched events of the entire season if all ope is to be taken into consideration.

The officers elected are: Alfred McMurtry, President; Ardis Patman, Vice President; N. T. Thompson, Secretary and Drew Wilkerson, Reporter.

RETURNED LIONS TALK TUESDAY

PASTORS RETURNED TO CLARENDON MAKE ADDRESSES.

Following the dispatch of such business as was necessary to the luncheon Tuesday of this week, Lions Murrell and Allison, returned to Clarendon for another year by the actions of the conference.

Mulkey Installs New Syncrophone

The Pastime Theatre of Clarendon is now equipped with the latest music vending equipment, known as the Syncrophone, a device which makes it possible to cue the music to the action of the picture with as much precision as if a modern orchestra were employed under the direction of a high priced musician.

Mr. Mulkey inspected the new invention while at the motion picture owners convention recently held at Dallas, and says he believes the Syncrophone is the greatest invention for motion picture music ever to be devised.

W T C C RENEWAL DRIVE ON HERE

CLARENDON MEN SIGNING UP FOR ANOTHER YEAR MEMBERSHIP.

J. E. Biggs, field representative of the West Texas Chamber of Commerce, arrived in Clarendon Thursday afternoon of last week, to secure the renewal of memberships held by Clarendon business men in the regional organization.

Through the good graces of the West Texas Utilities Company of this city the Clarendon troops have each received a first aid kit for their use on hikes and other times. This gift was made possible by T. D. Norud, manager of the local plant and offices and will aid materially to the equipment on hand for use by the Clarendon organization.

Miss Kerrick Warner of Claude is a guest in the home of J. H. Martin.

Mrs. J. M. Acord of Martin is Secretary. Both these women have been more than ordinarily interested in the work of the organization and the body is expected to thrive under their administration.

SCHOOLS ARE COMMENDED ON WORK

STATE SUPERVISOR COMMENDS SCHOOLS AND MAKES SUGGESTIONS.

The Clarendon Public School system has again been commended for their work in many lines by an official from the State Department of Education. This time, the letter comes from Miss Margaret Cotham, who recently examined the High School of Clarendon. Miss Cotham was quite eloquent in her praise of the attention shown her by the faculty members of the faculty and by the Superintendent of the Clarendon school system.

The school was commended on the improvements made in any department and especial commendation was given on a number of special items brought to the attention of the supervisor.

Recommendations were made to the superintendent and the Board of Trustees and most of these have been or are being carried to completion. The first concerned the dropping of credit for English History since the course had not been presented in the school for the past two years.

As a whole, the inspector was much pleased with conditions found here and the recommendations and commendations presented would indicate that the Clarendon school system is far above the average inspected.

Mr. and Mrs. Ed Duncan spent Sunday in Memphis.

NATIONAL EDITORIAL ASSOCIATION — FANHANDLE PRESS ASSOCIATION

THANKSGIVING 1928

As we approach Thanksgiving Day, 1928, we may well take the time to review the past year with its attendant blessings and sorrows, with the thought that the Thanksgiving custom is not a fad, but one that has been developed to its present magnitude right here in our own nation, and is as logical and real in its import as any other attribute of human existence.

Recognizing the origin and logic of a Thanksgiving season in each year, we may dismiss the romance of its beginning and make a personal application of the significance of Thanksgiving in 1928.

None of us are so poor and so under the judgment of circumstances but that we may recount scores and hundreds of causes for thanksgiving in the past twelve months. None of us are so high above the incidents of material good and ill, but that we may well devote time and thought to the proper appraisal of the bounteous blessings that have come our way. In this we may prove our devotion to the Will and Purpose of God and our fitness to receive further of His goodness.

Therefore, let us, during the Thanksgiving season of 1928 lift our hearts in thanksgiving to an indulgent Father, approaching Him in humility for our misdeeds and shortcomings, but with sincerest thankfulness for a year of health, happiness and as much prosperity as we deserve, forgetting not to thank Him for His gracious gifts of mind and heart and pleasant associations of men and women of like purpose and neighborliness.

Thanksgiving 1928 is the time afforded us to express our thankfulness. The time is now. Let us not forget.

"Ah! On Thanksgiving day, when from East and from West,

From North and from South come the pilgrim and guest,

When the gray-haired New Englander sees round his board

The old broken links of affection restored,

When the care-wearied man seeks his mother once more,

And the worn matron smiles where the girl smiled before,

What moistens the lip and what brightens the eye?

What calls back the past, like the rich pumpkin pie?"—Whittier.

PROGRESS IS DELAYED BUT NOT DISMAYED

From the two to one defeat of the proposed million dollar road bonds in Donley County last Wednesday, and on the surface of things it might be thought that progress was dead in this county. Such is not the case.

The defeat of the bonds was the result of a sad misunderstanding of the proposal in many sections of the county, and the heavy vote against the issue does not, by any means, indicate that the people of Donley County are so non-progressive as to be decisively opposed to good roads. There are hundreds of Donley County citizens who voted against the bonds who believe in good roads and will prove their sentiment conclusively in the months to come.

Experience of other Texas counties has proven that the first election has always been necessary to develop just where the opposition is located and on what grounds it bases that opposition. When this is shown, then the proponents are able to lay out an intelligent campaign and set themselves to the task of refuting groundless argument and to repairing any defects that may have crept into the general program. So true has been this condition that in every county the vote for good roads and progress has increased with each election until the bonds have won the necessary two-thirds majority.

This early after the election The News does not know just what the next move is to be for an adequate issue in Donley County, but we presume that another election will be called, correct information about it carried to every voter in the county and any mistakes or misunderstandings cleared away. If this is done The News has faith that the voters of Donley County will lift Donley out of the mud and guarantee the onward march of progress abreast of her sister counties.

Donley County people are overwhelmingly in favor of good roads and will vote when the issue is gotten to them, without prejudice and for the good of all.

Progress is delayed—but not dismayed.

WHAT BECOMES OF KILLERS?

Every newspaper reader sees accounts of many murders, but few are able to follow the cases through to learn what really becomes of the killers, excepting in a few notable crimes.

One of America's largest life insurance companies has studied the records covering 146 cases in which its policyholders were killed by other persons. Here is what it found:

Of the 146 killers, 32 were found to have been justified in killing.

Of the remaining 114 killers, 45 were never indicted, as 22 committed suicide, 15 are still at large and 18 were turned loose for lack of evidence.

Of the 69 who were indicted, 16 were acquitted, 11 were "no trial" cases, 1 was a mistrial, so that only 41 were found guilty.

Of the 41 found guilty, 35 are serving prison sentences, 6 cases have been appealed, 3 have been granted new trials, 1 was paroled, 1 paid a fine—and ONE PAID THE DEATH PENALTY.

In the light of the above facts, and they are facts, it is little wonder that the United States has 17 times as many murders as England and six times as many as our neighbor, Canada, according to population.—Durant (Okla.) News.

FARMERS WHO MAKE DIVIDENDS

A local correspondent is responsible for the story that the farmers of Lampasas County know how to make dividends. With few exceptions the farmers of the county are the possessors of high grade jersey cows. There are three cream stations and these stations handle the cream produced within a radius of fifteen miles of Lampasas.

Four hundred cans of butter fat were shipped from Lampasas during a single year or a total of 400,000 pounds of cream. Is butter fat a dividend maker? Yes. Cream and butter shipments are contributing annually thousands of dollars to those engaged in the business in Lampasas.

Now that the politicians have ceased their rumblings and the returns are all in, the cow and the sow and the hen, all dividend makers, should be given a place in the picture. They are makers of prosperity in the rural lands of the republic.—Cleburne News-Review

With the rejuvenation of the McDowell Club and the organization of a boys chorus it appears that Clarendon is to have more and better music in the coming year. Few cities in West Texas have the talent that Clarendon has and it is inspiring to see organized efforts brought to bear which will give our city the varied music to which it is entitled. Good music means better homes and a happier citizenship.

Clarendon's business district is to be decorated for the Christmas season as never before. Our business men are joined in a movement to decorate store fronts with Christmas trees, electrically lit in the riotous colors of the holidays. It will be worth traveling miles and miles to view the spectacle of our city dressed in her holiday attire. The joyous season is upon us.

Lots of cotton still in the fields and it is very probable that Donley County will produce two or three thousand bales in excess of early forecasts. There's lots of fine feed in the country, too.

Several building projects are under way in Clarendon and rumor has it that there are more to come in the next few weeks. Clarendon is due for lots of growth in the coming months.

Belief in immortality is desirable, but we need to concentrate more upon bettering ourselves and others while we are alive.—Dr. Karl Reiland.

You cannot run away from a weakness; you must fight it out of you or perish; why not fight it out of you right where you stand?—Stevenson.

ZACK H. SHEPHERD IS BURIED HERE FRIDAY

Another of the old timers in Clarendon is to be missed from his place on the streets. This time it is the figure of Zack Shepherd, a resident of Clarendon since September, 1904. Funeral services were conducted from the First Christian Church Friday, November 23rd, Rev. Arthur W. Jones of Memphis, officiating in the last rites. Interment was had in the Citizens Cemetery.

Zack Shepherd was born in Tupelo, Mississippi, on June 10th, 1871. His early days were spent in his native state and he came here on September 29th, 1904, and had lived in Clarendon ever since that date. At the time of his death he was living here with his mother, they being the only two of a large family who remained at home. Death came to him on November 22, 1928. At that time he was 57 years, 5 months and 10 days old.

Beside his mother, Mrs. N. C. Shepherd, the deceased is survived by a brother, B. F. Shepherd, and three sisters, Mrs. W. M. Miller, Mrs. J. H. Saunders, and Mrs. Annie Herndon.

Friends from out of the city who were here for the last rites were: Mr. and Mrs. J. G. Gardner, Mrs. C. Chapman and son and Seth B. Palmeyer, all of Memphis.

PLAINVIEW MAN MAKING PURE RIBBON CANE SYRUP

Plainview's newest industry is the making of pure ribbon cane syrup. F. O. Boliver has started manufacturing it and has put it on sale at local grocery stores.

BE THANKFUL

That you have an opportunity to be served in a manner that means more to you than you realize. We have a plentiful stock of groceries and are only too glad to deliver to your door, all ready to be used.

WE ASK YOU

To be certain to remember us in your distribution of your business for December. Christmas and the holidays are right round the corner and these are things to be remembered. We have many items that would be most acceptable for Christmas.

Only a short time now till the beginning of another month. Don't forget that Green Stamps are given only on accounts that are paid by the tenth of the month following purchase.

530 MILES CHRISTMAS SEALS READY FOR USE

Over 530 miles of Tuberculosis Christmas Seals have been distributed by the Texas Public Health Association for the annual sale which starts Thursday. The seals this year show an ancient galleon with a red double barred cross on the main sail and the words, Christmas Greetings 1928. The proceeds from the sale of these seals finance the work of the Texas Public Health Association and their twenty-three local affiliated associations.

Over one hundred volunteer chairmen have been secured to sell seals in their localities and in counties where no organization occurs. The public is offered an opportunity to secure seals by mail.

Last year the States Association reached over 100,000 persons in their State-wide Educational Campaign. A great deal of attention is being paid to health work in schools, consisting of health educational work and the examining of pupils by registered Public Health nurses. Tuberculosis clinics have been held in several counties. Special effort has been made to reach all races.

In 1929 it is expected that a continuation of our present program will be carried on, increasing the clinic work wherever possible. Dr. Z. T. Scott, executive Secretary, stated that the deaths from tuberculosis had been reduced over fifty per cent since the first campaign against tuberculosis and that we are now on the eve of the fight and the efforts must be continued. He also stated that tuberculosis was still the major cause of death in the age group—15 to 25—and that special work must be done with this group.

WHAT HAPPENS TO MURDERERS?

Recently a large American life insurance company investigated the records of the killings of 146 of its policyholders by other persons. The result is an accurate commentary on our handling of crime.

Of the 146 killings, 32 were found justified, leaving 114 classified as murderers.

Of these, 45 were not indicted, as 22 committed suicide, 15 have never been found, and eight were freed because of lack of evidence.

Sixty-nine, in all, were indicted. Of these, 16 were acquitted, 11 were "no trial" cases and one was a mistrial. Forty-one were judged guilty of murder.

Of these, 35 are in prison serving sentences, six have been appealed, three have been granted new trials, one was paroled, and just one of the murderers paid the death penalty.

If these statistics are generally applicable, it means that in this country less than one per cent of murderers ever receive the most severe punishment, and that the chances are about even for their never receiving any punishment at all.

It is obvious that our legal system, while basically sound, has become burdened with a mass of technicalities, providing loop-holes for the criminal. Clever lawyers confuse issues and sway juries composed of laymen with little knowledge of the law, with sentiment or arguments beside the point. And when everything else fails, advantage is often taken of multiplicity of laws to gain repeats, delays or new trials.

We have 17 times as many murders as England, and six times the number in Canada. Crime suppression will come not from new laws by simplifying and making operative the ones we have.

CARD OF THANKS

We wish to express our sincere thanks to our many friends who were so thoughtful of us in the illness and death of our son and brother, Zack H. Shepherd. We are very thankful for the many expressions of sympathy and beautiful floral offerings. May God bless all in their sad hours of grief.

Mrs. N. C. Shepherd,
Mr. and Mrs. B. F. Shepherd and family,
Mr. and Mrs. W. M. Miller and family,
Mr. and Mrs. J. H. Saunders and family,
Mrs. Annie Herndon and daughter.

RESIDENTIAL SCHOOLS FOR CANADIAN INDIANS

Indian boys and girls in Canada to the number of 14,782 are enrolled in the 344 Indian schools maintained by the Department of Indian Affairs. Of these, 254 are day schools, with an enrollment of 8,242, and 74 are residential schools with an enrollment of 6,327 pupils. The sixteen "combined" schools, located in sections too sparsely settled to support separate schools for whites and Indians, are attended by 213 white and Indian children. The residential schools are under church management with close supervision by the department. In these schools state funds are supplemented, whenever necessary, by contributions from the churches.—School Life.

A free municipal school of bee-keeping has been established in Buenos Aires, Argentina. Courses include the study of the bee, care of hives, and the care and packing of honey and wax.

TEXTILE INDUSTRY SHOWS FAVORABLE FOR OCTOBER

Austin, Texas, Nov. 28.—Many elements of strength were noted in the cotton textile industry during October, even though activity increased only slightly over the September schedule, according to Berward Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"The industry is working into a more favorable position," Mr. Nichols said. "Increased sales and unfilled orders were the chief improved factors. At present, unfilled orders are increasing faster than production. Mill men have found it advisable to hold production down until the market for goods and yarn warrants expansion."

"During the month, twenty Texas mills manufactured 7,862 bales into the 6,697,000 yards of cloth, compared to the consumption of 9,639 bales and an output of 8,180,000 yards of cloth by 18 mills in October, 1927. Cotton goods sales totaled 6,525,000 yards, against 5,217,000 yards in September and 3,130,000 yards in October last year. Unfilled orders increased sharply from 5,343,000 yards in September to 10,285,000 yards in October, a gain of nearly 100 per cent. At the present rate of production, bookings are equal to about six weeks' run. Measured by sales and unfilled orders, the industry has made a remarkable recovery since August."

MOODY PROCLAIMS THANKSGIVING DAY

Austin, Nov. 24.—Governor Dan Moody Saturday issued his proclamation designating Thursday, Nov. 29, as Thanksgiving Day. It is as follows:

"Thanksgiving is not comparable to any of our other national holidays or the special days of any of the country. There are no other celebrations just like it. It memorializes no hero, it celebrates no military battle or political revolution and it honors no special church ritual. It is not an occasion especially to give thanks for this great confederacy of states which exist without military or economic frontiers and without barriers of language. It is the timely opportunity for a strong and powerful people to acknowledge that they are greatly indebted to a merciful Father.

"It is a characteristic American observance. It is a real holiday of a great people who have worked hard to the end of the harvest and then come humbly to express to Almighty God their sincere gratitude for a good harvest—the plain but essential blessings to the man from the soil. Thanksgiving is indeed a holiday of peace, a celebration of work well done; a thankfulness for the simple blessings of common life, and the association and deep connection of all these things with God.

"It is especially appropriate that a day be set apart on which we may express thanks to our divine benefactor for peace and plenty and for the many other blessings which He has so bountifully bestowed upon us.

"Therefore, I, Dan Moody, Governor of the State of Texas, in accordance with the proclamation of the President of the United States, and the laws of this State, and with the beautiful custom prevailing throughout the country, do hereby designate Thursday, Nov. 29, as Thanksgiving Day, with the hope that we as a grateful people may rejoice in our many privileges and that we may take time to render thanks unto Almighty God for His innumerable blessings."

GOODRICH TIRES DRIVEN MILLION MILES ON TEST

Millions of miles are ground out each year by the test car fleet of the B. F. Goodrich Rubber Company in testing tires under all road and weather conditions, according to Mr. Caraway, who sells Goodrich tires here. To make the tests more severe, the tires are run under-inflated and the cars are overloaded, Mr. Caraway said.

"During the past ten years, the Goodrich tire testing department has worn out nearly 200 cars," Mr. Caraway said. "Included in this total are about 80 cars of the smallest and most popular makes. These smaller cars make up the larger part of the fleet because tires used on these cars are used in greater volume. The Goodrich Company believes that it is just as important to develop bet-

ter tires for the smaller cars as for the larger cars.

"The purpose of these tests is to determine what all kinds of tires will do under all kinds of conditions in actual service. They are given the hardest kind of service and every abuse that the driver gives them is ruthless in his use of them. The present high quality Goodrich tires was made possible, to a great extent, by information obtained in these year-round tests.

"During the winter months, the test fleet goes south. Testing tires in the north in the winter time means but little because cold weather is not hard on tires. It is the hot pavement and hot weather that adds to the wear of tires. Ice and snow do not damage tires unless there is a break in the tread that allows moisture and dirt to reach the carcass. Goodrich engineers believe that tire testing is very important."

SUMMER SCHOOL OF INTERNATIONAL COOPERATION

Teachers and representatives from 21 countries attended in Geneva, Switzerland, the special course held during the past summer by the International Bureau of Education, on the school, the League of Nations, and international cooperation. Expenses of some of the teachers were defrayed by their governments. The course was planned in accordance with recommendations of a sub-committee of experts of the International Commission on Intellectual Cooperation, and was directed toward a practical program of teaching, in primary and secondary schools, of international understanding and the work of the League of Nations.

For training in agriculture and the breeding and care of livestock in the Andean Mountain region, a school will be established at Tinguia, Peru. Provision will be made for 300 to 400 boys, preferably of the Indian race. In addition to stock raising and veterinary medicine, the course will include the cultivation of cereals, forage and plants for textile use; forestry; fruit raising and gardening, and the making of butter, cheese, soap, oils, dried fruits and products peculiar to the Andean region.

Johnson-Mahaffey Motor Co.

An all-India federation of education associations has been organized. It embraces five provincial associations, with others under consideration. Membership, which at present is about 5,000, is open to the entire teaching profession, including university and college instructors, and head masters and assistant masters in all classes of school. The organization was effected in large part through the influence of the World Federation of Education Associations. Headquarters are at Cawnpore, and meetings are held annually.—School Life.

Two years of college work after high school graduation will be required for admission to law schools in New York State after October, 1929.

Minerals Alone Bring South Over Two Billion Dollars

DURING THE PAST YEAR OVER 32 PERCENT OF THE NATION'S MINERALS, VALUED AT MORE THAN \$2,000,000,000, CAME FROM SOUTHERN MINES.

Ninety-nine per cent of the Nation's sulphur was shipped last year from two Southern ports and an equal amount of the country's phosphate was produced by two Southern States. In discussing the basis of the South's industrial development, and possibilities for future development, Arthur Coleman, through the medium of Holland's, The Magazine of the South, tells in the current issue how nearly one third of the Nation's mineral value in 1927 came from the South.

He says, "During the past year, over 32 per cent of the Nation's mineral value came from Southern mines. More than \$2,000,000,000 in less than half a century. A business the value of whose products has multiplied 15.5 times in 25 years, as compared with a multiplication of the entire country's mineral values by 5.6 during the same period.

"The New South produces 99 per cent of the country's graphite and carbon black, 93 per cent of its asphalt, 85 per cent of its fuller's earth, 63 per cent of its petroleum, 57 per cent of its zinc, 50 per cent of its quicksilver, 45 per cent of its lead, 44 per cent of its feldspar, and 39 per cent of its coal. In short, of 56 minerals produced in this country in considerable quantities, the South alone gives the Nation 30 in quantities ranging from 25 to 100 per cent of the country's whole.

"There's coal in the hills of the Virginias, of Kentucky and Alabama and Oklahoma and Tennessee. Beneath those corn patches, rugged though they be, may lie many honest coal deposits. In fact, it is practically certain they do lie there; for while the South mined more than 273,000,000 tons in 1927, it left beneath the surface, as far as can be estimated, well over a trillion tons. Enough for more than 2,000 year's supply, it would appear.

"Several years ago, the iron and steel centers in Pennsylvania declared that the South could never compete with the East in the quality of iron and steel. But two years ago, when the Steel Corporation's plants in the latter section were running at but half capacity, the Alabama plants were running day and night, at full capacity, to care for their trade."

IMPROVED LIVING ROOM CONTEST

That the prospective entrants in the Improved Living Room Contest may have a better idea of the work they have in hand and the work they may have to do to make a creditable showing in the contest, a series of articles will be presented under the heading shown above. In this series, there will be some details explained that might otherwise be left to the imagination of the entrant and thus clear up some ideas that may be existant with reference to the work that needs doing.

It is presumed that the entrant knows that the room entered in the contest will be first judged on a score card for its appearance at the time of the beginning of the contest. The improvements effected will be scored on their initial cost and the winner will know that her winnings were not affected by the appearance at the beginning or the cost of the furnishings of the room. The contest is to be based solely on the cost of the improvements and the percentage of gain, taken together.

Beginning at the top of the score card to be used in the contest, we have the item of Sanitation. This item has been given a total of 135 points and is divided into three groups that are worthy of attention. These three items are Ventilation, Screening and Cleanliness and ease of cleaning

and receive 30, 75 and 30 points, respectively. Ventilation is determined by the number and position of the windows, whether they are so placed to give ventilation without drafts and if there is room between them for the addition of decorative and useful pieces of furniture. Improvement of ventilation is another item to be discussed and will be taken into consideration in the finals of the contest.

Screening is the second of the trio to make up the first point on the score card and holds sufficient importance that it has been given the greater part of the initial part of the score. This is decided by the presence of screens on all doors and windows and their condition. Here, as in other parts of the contest, the basis for the judging is placed on the adaptability of the screens to the home and not to their cost.

Cleanliness and ease of cleaning is the third item in the first division and is accorded a good place in the score. This primarily covers the floor, its condition and color. The equipment needed for cleaning this important part of the room also comes in for a good share of comment in this part of the work. Elimination of so called "Dust Catchers" on vantage points in the room will also be considered when the room is judged.

The second division on the score card deals with lighting and is given a total of 110 points. Natural lighting is given the major part of this division with 65 points to its credit. Artificial lighting receives the remainder of the score. The score on the first part of this division reverts directly to the first part of the division above, since the presence of sufficient windows for ventilation would assure a sufficient supply of light for use during the daylight hours. Means of improving the natural lighting facilities of the room are also given their proper places in the schedule in the affairs.

The second division of this part concerns the sort and quantity of lights used in the dark hours of the day. Their division and adaptability to the particular needs of the family will also come in for its due share of attention. Improvements in this line would carry their due share of weight in the results at the end of the contest.

Next week the Third, Fourth and Fifth divisions will be discussed.

HEAVY CARS NEED BETTER HIGHWAYS

TRUCKS AND BUSES RUN UP ROAD EXPENSE; MUST BUILD FOR THEM.

By E. E. Duffy.

Growing use of streets and rural roads by heavy trucks and busses is bringing about a change in highway construction.

In order not to curtail the efficiency of trucks and busses through load limitations, highway builders are being forced to construct more substantial pavements.

The roadway of today is as important to commerce as steel rails. Bus travel and motor trucking are so widespread that road pavements can no longer be designed without carefully considering commercial traffic, in so far as pavement strength is concerned. By so doing, passenger cars are more assured of bumpless travel, and heavy upkeep attendant with inferior roads and massive vehicles is avoided.

Public need and demand for low priced transportation has naturally brought about the development of large trucks and busses. Light trucks for quick delivery of course predominate but in transferring bulky goods, large trucks are necessary to bring down the cost. Busses, too, have grown in size in order to keep pace with the well founded need for flexible transportation. Obviously substantial pavements must be built to bring the greatest benefit to the public.

Town and city streets, in mud road days, were designed for slow moving horse traffic with loads rarely more than one or two tons. Today most motor trucks weigh that much without load. A Cook County, Illinois, survey reveals that 54 per cent of trucks of five to seven and a half ton capacity are loaded to impose a 12 ton burden on the road. Horse-drawn wagons, because of their slow movement, place little additional burden on the road while under way. Trucks, on the other hand, traveling at break-neck speeds in comparison, strike the road surface blows that may be from two to ten times as great as the actual or "deadweight" burden divided among the four or six wheels.

This means that pavements must not only be of substantial design but also that they must be smooth. Tests have shown that even a quarter inch bump appreciably increases the blow to the pavement. Modern rigid pavements are laid with no more than a quarter inch variation in ten feet, and some states achieve even less of a fluctuation.

Tests conducted by the Bureau of Public Roads and the Illinois

Highway Department show that the pavement base must be designed to carry the full expected load, and that top surfacings add little if any structural strength or cushioning ability of the base.

Engineers advocate that residential streets carrying local traffic be designed to easily assume a load of four tons per rear wheel; business or other streets carrying heavy traffic, five tons; streets devoted entirely to heavy hauling, six tons. Highway engineers urge, in keeping with state load limitations, that rural pavements be built to easily carry four ton wheel-loads. First class rigid rural pavements are capable of carrying such loads the year round. Less stable road surfaces, weakened by rains and thaws, gradually break down even under this reasonable load limit, oftentimes requiring excessive repairs and almost complete prohibition of heavy hauling.

With the approach of the end of the football season Coach Victor Payne has gathered his basketball prospects for serious training for the cage schedule. Payne has a promising string of new men with five old men back and is expecting to put out the strongest team in the school's history.

LUBBOCK SHOWS FINE BUILDING INCREASES

Lubbock, Texas, Nov. 26.—Lubbock, the home of Texas Technological College, is enjoying a steady growth as shown by the building permits. With 635 permits already this year the total is well above the three million mark. This places Lubbock in the lead of such cities as Amarillo, Waco, Abilene, Galveston, Port Arthur, Austin, and many other cities larger in population.

With part of November and all of December yet to go the total will go beyond the 1927 total which amounted to \$3,250,000. According to conservative estimates the present population of Lubbock is nearing the 25,000 mark.

Clarence Hitchcock, former student in Clarendon College, was in Clarendon the latter part of last week en route from Memphis to Amarillo.

game the Tech gridsters are expected to show their stuff in the final tilt of the season.

NEW HIGH LINE BEING BUILT TO CARE FOR LOAD

Turkey, Texas, Nov. 19.—To take care of the increased electrical load in this town, the West Texas Utilities Company is constructing eight miles of three phase 12,000 volt transmission lines between Quitaque and Turkey.

The company will also erect 300 kva steel transformers at each town. This new line replaces the present 6,600 volt line and will double the available capacity in this community.

QUITAQUE SHIPS LARGEST LOAD CATTLE ON NEW ROAD

November 1, the largest shipment of cattle ever shipped over the new Fort Worth & Denver Extension from Quitaque was loaded. The cattle occupied sixty-five cars, or two train loads.

Mr. and Mrs. H. A. Blevins of Vernon were Clarendon visitors Friday of last week. Mr. and Mrs. Blevins were in Donley County looking for a location and reported very favorably on what they found in this county.

Announcing -

The Outstanding Chevrolet of Chevrolet History

- a Six in the price range of the four!

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History... a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past... notable as its engineering triumphs have proved themselves to be—this remarkable new car dwarfs every previous Chevrolet accomplishment. Not only does it introduce into the low-priced field a new measure of performance, comfort, beauty and style—but it is sold at prices so low as to alter every previous conception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational car—stands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor... with sensationally greater speed and faster acceleration—it offers a type of performance that is literally astounding... even to those who have been accustomed to driving cars costing hundreds of dollars more. And it affords an economy averaging better than 20 miles to the gallon of gasoline!

In appearance, this Outstanding Chevrolet is destined to become an automotive sensation—so smart, so stylish and so distinctively appointed that it rivals the costliest custom creations. The marvelous new Fisher bodies are longer, lower and roomier with adjustable driver's seat in all closed models—and reveal the matchless artistry of Fisher designers. With their modish new colors, their smart dual moldings and their distinctive concave pillars, they achieve a degree of original beauty that has seldom been equaled.

You are cordially invited to visit our showroom and secure complete and detailed information on this sensational new car which will be ready for delivery beginning January 1st.

Advance Showings

The Outstanding Chevrolet of Chevrolet History will be displayed in a series of advance showings in the cities listed below:

New York, Nov. 24-29, Waldorf Astoria Hotel and Chevrolet Retail Store, Broadway at 57th...
 Detroit, Nov. 24-29, General Motors Bldg... Washington, Dec. 1-4, Mayflower Hotel... Chicago, Dec. 1-6, Pure Oil Bldg., Wabash Drive & Wabash Ave...
 Los Angeles, Dec. 1-6, Ambassador Hotel Auditorium... San Francisco, Dec. 8-13, Civic Auditorium, Larkin Hall... Cincinnati, Dec. 8-14, Hotel Simon... St. Louis, Dec. 8-14, Aradia Ballroom, 3515 Olive St...
 Atlanta, Dec. 18-22, Auditorium-Armory... Dallas, Dec. 18-22, Adolphus Hotel Junior Ballroom... Portland, Ore., Dec. 18-22, Public Auditorium.

FIRST PROCLAMATION OF THANKSGIVING

"Our harvest being gotten in, our governor sent four men on fowling, that so we might after a special manner, rejoice together after we had gathered the fruit of our labors. They four in one day killed as many fowls as, with a little help beside, served the company almost a week, at which time, amongst other recreations, we exercised our arms, many of the Indians coming amongst us, and among the rest their greatest king, Massasoit, with some ninety men, whom for three days we entertained and feasted; and they went out and killed five deer, which they brought to the plantation, and bestowed on our governor, and on the captain and the others.

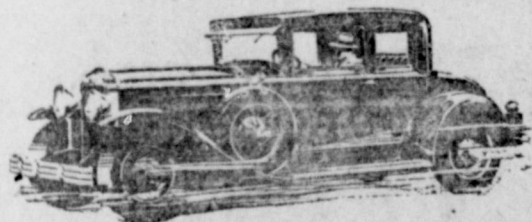

"And although it is not always so plentiful as it was at this time with us, yet by the goodness of God, we are so far from want, that we wish you partakers of our plenty."

—EDWARD WINSLOW,

(A Mayflower emigrant and Governor of Plymouth, Mass., Colony.)

December 11, 1621.

Misses Helen and Mildred Martin Hostesses at Bridge Party

How glorious are those wonderful days when the sun continues to peep through and Clarendon society folk are making the best of them.

A delightful occasion of Tuesday afternoon was the bridge party given by Misses Mildred and Helen Martin at their home where good will and cheer reigned throughout the afternoon.

In the games of bridge Mrs. A. L. Chase won high score prize and Mrs. Manley Ozier low. Table cuts were given at each table.

A delightful afternoon luncheon was served to: Mesdames G. C. Powell, R. L. Bigger, James H. Morris, Homer Ellis, W. W. Taylor, A. L. Chase, Phillips Gentry, Clyde Price, Ralph Kerbow, Manley Ozier, Eva Rhode, Jimmie Miller, Lenode Goldston, Dick Bell, Ira Merchant, J. L. McMurtry, C. G. Stricklin, Forest Sawyer, Sam Dyer, Selden Bagby, Holman Kennedy, Clarence Miller, Forest Taylor, Meredith Gentry, Floyd Lumpkin, Earl Alexander, Charlie Bell, O. L. Jenkins, Louise Merrill, F. E. Chamberlain, John F. Blocker, Dorr Ellis and Mrs. Dick Hughes of Pampa; Misses Mary Jo Chamberlain, Norma Rhode, Mary Howren, Geneva Merrill, Mable Mansell, Fray Stallings, Beulah Baird, and Kerrick Warner of Claude.

T. E. L. Social Meeting

Mrs. W. B. Sims and Mrs. Eva Draffen were charming hostesses to the T. E. L. Sunday school class Tuesday afternoon at their home.

This being the regular social meeting, conversation and needlework were enjoyed for a time then plans were made for the next meeting, which will be on Dec. 11th.

Members and honorary members present were: Mesdames M. W. Mosely, H. C. Brumley, H. K. Leathers, Joe Goldston, E. M. Lindsey, J. F. McClean, Frank Whitlock, W. O. Butler, Virgil Wilson, W. A. Massie, J. E. Johnston, J. T. Warren, Cap Lane, Ralph Andis, Maggie Whipple, Reed, W. Z. Borron, T. M. Barton, W. A. Land, Ed Speed, Clyde Douglas, Buel Sanford, B. D. Dawkins, W. A. Armes and the hostesses.

Mr. and Mrs. Sam M. Braswell Entertain With 42-Dinner Party

Mr. and Mrs. Sam M. Braswell delightfully entertained a number of friends Thursday evening with a 42-dinner party at their home, where Thanksgiving decorations added to the pleasure of the evening.

Dinner was served at 7 o'clock and the playing of 42 began immediately following the completion of the meal.

This being Mr. Braswell's birthday, a cake topped with tiny birthday candles was brought to view and after the "little boys" present had made a wish Mr. Braswell, with one big puff, blew out all the candles, which is a sure sign that all the wishes

made by the "little boys" will come true.

Those present: Mr. and Mrs. G. L. Boykin, Mr. and Mrs. G. G. Kemp, Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. A. A. Mayes, Mr. and Mrs. M. M. Noble, Mr. and Mrs. J. T. Patman, Mr. and Mrs. C. C. Powell, Dr. and Mrs. J. G. Sherman, Mr. and Mrs. U. J. Boston, Miss Fray Stallings, Mrs. Eva Rhode, Mrs. B. G. Smith and Mrs. R. Wilkerson.

Pathfinder Club Meets

The Pathfinder Club met Friday afternoon at the home of Mrs. A. T. Cole, with Mrs. Cole and Mrs. C. G. Stricklin as the genial hostesses.

The lesson for the afternoon was an intensely interesting study of Kipling. Each member present answered roll-call with a quotation from Kipling with "Kipling the Man" being given by Mrs. Nathan Cox, leader for the afternoon.

Mrs. Joe Goldston discussed "Kipling As a Poet" and gave selected readings. This was followed by Mrs. Paul Shelton, who compared Kipling as a short story writer and Kipling as a novelist, giving the most important short stories.

The third topic, "Sketch of Best Known Novel—The Light That Failed—A Romance" was interestingly given by Mrs. C. C. Powell. She also closed the program by reading a general discussion on all things of interest concerning Kipling.

Mrs. Geo. B. Bagby Entertains With Dinner-Bridge

Delightful but altogether informal was the dinner-bridge party given by Mrs. Geo. B. Bagby at her home Saturday evening.

The dinner table was lovely in the appointments suggestive of Thanksgiving. A large basket of fruit centered the table with yellow tapers in green holders setting the color scheme. Little turkey place cards, small nut baskets, turkey salad stickers, and dainty little favors of gum drops made in the shape of flowering shrub furthered the scheme.

In the games of bridge played after dinner, Mrs. Kate B. Carroll was given high score and Mrs. R. A. Chamberlain drew consolation. Mrs. Fred Chamberlain and Mrs. Sella Gentry were given table cuts.

The guest list: Mesdames Kate Carroll, R. A. Chamberlain, Fred Chamberlain, Sella Gentry, W. H. Cooke, George Ryan, R. L. Bigger and J. L. McMurtry.

College P. T. A. to Have Interesting Speakers Present

On Thursday, December 6th, 3:30 o'clock, College Auditorium, Mrs. J. M. Crane of Claude, president of Eighth District, will address the ladies of the town on "Educational Significance of P. T. A. Movement."

Mrs. T. J. Page, publicity chairman for Eighth District, will speak on "Publicity Work and Correspondence Courses." Members of other P. T. A. organizations are especially urged to be present and hear these interesting speakers.

Thursday Evening Club Members Are Kennedy Guests

The residence of Mr. and Mrs. Holman Kennedy presented a charming scene with its artistic floral embellishments when the members of the Thursday Evening Club gathered to enjoy the evening Thursday.

Dinner was served the guests as they were seated about small tables with a decorative note suggestive of Thanksgiving.

In the games of bridge which followed, Mr. Selden Bagby won high score for gentlemen, Mrs. O. L. Jenkins for ladies and Mrs. Selden Bagby drew consolation.

The guest list included: Mr. and Mrs. Selden Bagby, Dr. and Mrs. O. L. Jenkins, Mr. and Mrs. M. P. Gentry, Mr. and Mrs. Sam Dyer, Mr. and Mrs. Forest Taylor and Mr. and Mrs. Dick Bell.

Mrs. James Trent returned Saturday evening from Amarillo, where she and Mrs. Geo. B. Bagby had been guests of the E. A. Simpson family. Mrs. Bagby returned Thursday evening.

1922 Bridge Club Members Are Guests of Mrs. Swann

On Tuesday afternoon the 1922 Bridge Club members and a few special guests were guests of Mrs. L. L. Swann, who proved to be a most genial hostess.

High score for club members went to Mrs. Charles Bugbee and Mrs. W. H. Patrick, who was high for guests. Mrs. Minnie Dyer drew consolation and was given a lovely favor.

A sumptuous afternoon luncheon was served in the dining room where fruits, flowers and candles reminded one that Thanksgiving is approaching.

The personnel of this affair was: Mesdames G. B. Bagby, Charles Bugbee, R. A. Chamberlain, W. H. Cooke, Sella Gentry, A. R. Letts, T. H. Ellis, J. T. Sims, Geo. Ryan, Homer Glascoe, Minnie Dyer, and W. H. Patrick.

Kill Kare Klub Meets With Mrs. Floyd Keener

A delightful occasion of Thursday was the meeting of the Kill Kare Needle Klub in the home of Mrs. Floyd Keener, where pot plants and cut flowers added to the attractiveness of her home.

At the close of the afternoon, which had been spent in pleasant conversation and needlework, dainty refreshments were served to: Mrs. Joe Cluck, Mrs. Geo. McClesky, Mrs. S. A. Gentry, Mrs. D. A. Kelly, Mrs. R. H. Beville, Mrs. Eva Draffen, Mrs. C. E. Kilough, Mrs. H. Mulkey, Mrs. Sam Lowe, Mrs. E. C. Herd, and Mrs. Buel Sanford, club members, and Mrs. W. A. Land, Mrs. Courtney and Mrs. E. F. Bryan of Amarillo were invited guests.

Thursday Afternoon Bridge Club Is Entertained

Altogether informal was the meeting of the Thursday Afternoon Bridge Club in the home of Mrs. Matt Bennett, Thursday afternoon with Mrs. Park E. Chamberlain as hostess.

A number of pot plants and cut flowers added to the attractiveness of the home and bridge was enjoyed until late afternoon with Mrs. Glascoe holding high score at the close.

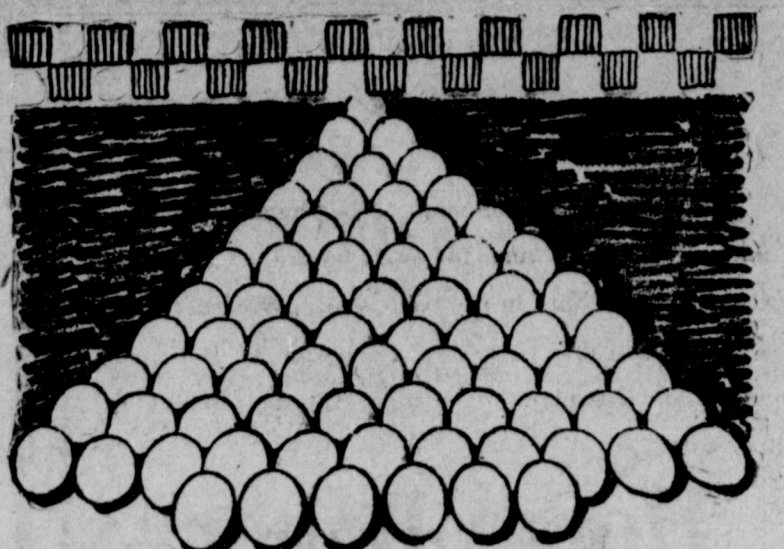

A lovely plate luncheon was served to Mesdames L. L. Swann, H. Ellis, Earl Alexander, Louie Merrill, M. H. Rhoades, Homer Glascoe, Miss Mary Cooke and Miss Nettie Sims, club members. Special guests were Mesdames C. G. Stricklin, R. A. Chamberlain, Buck Calhoun and Dorr Ellis.

Young Matrons' Harmony Class Is Entertained

Mrs. Lyon and Mrs. Ben Andis were gracious hostesses to the members of the Young Matrons' Harmony Class, First Methodist Church, Tuesday afternoon, at the home of Mrs. Ben Andis.

Pot plants and ferns were artistically arranged in the entertaining rooms and a Thanksgiving motif was carried out in the tables and ice courses. Fancy stick candies were plate favors.

Those present were: Mesdames B. C. Antrobus, W. A. Wilson, Paul Shelton, Fred Buntin, O. C. Watson, Kirtley, Tom Goldston, Y. E. McAdams, Williams, Slaton Mahaffey, Otis Naylor, Hutchins, Henry Tombs and H. E. Johnson.

Get More Eggs Now!

BIG poultrymen, little poultrymen, are finding that when it comes to getting more eggs, day in and day out, you simply can't beat Purina Poultry Chows.

Purina puts into hens the material from which eggs are made. That's why Purina-fed hens put more eggs in the nest. No mystery about that.

Change to Purina today. Gather more eggs while prices are high.

Clarendon Grain Company

SKELETON CHASSIS IS CENTER OF ATTRACTION

A skeleton chassis of the current model of the Buick automobile was in Clarendon for a time Tuesday afternoon and was found to be the center of a curious and admiring crowd at all times it was here. The chassis was cut away in all its vital spots showing the actions of every moving part that goes to make up any part of the automobile. The chassis was run by an electric motor and showed the motor in action at slow motion speed, thus giving a better opportunity to see just what makes the car go when it is running at full speed. After night, the car was well lighted and was continually surrounded by a curious throng until late in the evening. The chassis was mounted on an extended trailer and was towed by one of the late model cars. It is making an extended tour of the agencies for this popular type of

automobile and was brought here through the agencies of Odos Caraway, local dealer.

SUICIDE GIVEN AS REASON HEDLEY WOMAN'S DEATH

Mrs. Kate Sullivan, wife of T. H. Sullivan of the McKnight community of this county, was found dead late Saturday evening when the family entered the kitchen of their home after hearing a shot. Suicide while under a temporary spell of insanity was the verdict rendered by Justice of the Peace Kendall of Hedley at the inquest, which was held Sunday.

According to members of the family, Mrs. Sullivan was apparently in the best of spirits when she returned home late Saturday from Hedley, after purchasing supplies for a huge Thanksgiving dinner. The entire Sullivan connection had been invited to the feast and Mrs. Sullivan was at work on the meal after the family had retired when the incident occurred. A large caliber revolver was found near the body, which had been pierced through the heart.

Clyde Naylor motored to Pampa Sunday.

Store Closed Today THANKSGIVING

On this Day of Thanksgiving we lift up our hearts and with utmost reverence salute those brave Pilgrims whose faith was the foundation and inspiration of our beloved America.

And, in the same spirit of gratitude, we extend our thanks and appreciation to our loyal friends and patrons! Their confidence in us shall always be held as a thing sacred. We pledge ourselves to continue serving them as faithfully as in the past.

PLUMBING AND HEATING

PERSONALS

Meade Haje of Amarillo spent the week-end in Clarendon.

Miss Jewel Bailey spent Saturday in Amarillo.

Miss Cecilia Atterberry of Pampa is visiting with friends in Clarendon.

Mr. and Mrs. John Beverly and Mr. and Mrs. N. L. Butler and son of Amarillo motored to Pampa Sunday.

Mr. and Mrs. Edgar Betts of Claude spent Sunday in the C. A. Burton home.

Miss Ruby Duckett spent Sunday in Newlin.

Miss Marjorie McKillop, captain of the High School basketball team, spent the week-end in Claude with her cousin, Edna Neely.

Miss Dorothy White spent the week-end in Amarillo.

Mr. C. E. Griggs is in Waco at the bedside of her husband.

Miss Beulah Johnson of Erick, Oklahoma, has arrived in Clarendon to attend college.

Miss Rita Foster is ill this week.

See the new line of chrome finished sterling silver pendants with brooches to match, the very latest in costume jewelry, at Stocking's Drug Store.

Miss Mary Stocking of Pampa spent the week-end visiting with relatives.

Miss Anna Goerner, former teacher in the Clarendon public schools, spent the week-end in Clarendon.

Mrs. W. T. White from Hedley has been visiting in the home of her son, F. A. White, the past week.

Messrs. Ernest and D. B. Pope and John Burgan spent Sunday in Amarillo.

Everett Markham of Amarillo spent the week-end in Clarendon.

Dr. Galloway is in Erick, Oklahoma, at the home of his mother.

Japan has more telephones than any other country in Asia.

Mrs. Temples of McKnight is visiting in the C. E. Griggs home.

F. A. White is spending this week in Fort Worth.

Ernest Hardin spent the week-end at his home near Amarillo.

O. K. Clark of Whitedeer visited in Clarendon Sunday.

Mrs. L. C. Parker and son, L. C., Jr., went to Amarillo Monday.

Mr. and Mrs. Frank Pound of Texline were in Clarendon the latter part of last week getting their household furniture crated and stored. They will probably move the furniture at a later date when they have become settled.

QUITTAQUE FIRE LOSS \$25000

HOTEL FIRE THREATENS A WHOLE BLOCK—TWO GUESTS JUMP—INJURED.

Quittaque, Nov. 26.—Four persons were injured here today in a fire causing a damage estimated at \$25,000 which destroyed the Ozark Inn hotel, Dellis Hooks barber shop, the Quick Lunch Room and the Gem Lunch. Fifteen plate glass windows across the street were shattered by the heat.

Mrs. C. M. McFall, who owns the hotel, suffered severe burns about the head and face when she entered the blazing building in an effort to save some of the furniture and other belongings.

A. M. Page, employee of the West Texas Utilities Company, jumped from the second floor of the hotel and sustained a broken right ankle.

George Parsons, Dallas traveling salesman, also jumped from the second floor and suffered injuries which confine him to bed in the home of a Quittaque resident. The extent of his injuries has not yet been determined.

A. G. Riesenstahl, route agent for the American Railway Express company with headquarters at Wichita Falls, another hotel guest, was severely burned about the face.

Had it not been for the work of the Turkey and Silverton fire departments which responded to urgent calls from the stricken city, which has no department, the damage would have mounted to at least \$100,000 and the entire town might have gone up in flames, many residents believe.

Origin of the fire still was unknown late tonight, efforts to find the source having been unavailing. The flames are believed to have originated in the rear of the hotel, the back portion of the structure being enveloped when the fire was first discovered. All the business houses destroyed adjoin each other.

Hubert Johnson and wife of Claude visited with relatives in Clarendon Sunday.

Miss Onal Pyle and mother and Miss Dewey Mitchem visited in Meron's Sunday.

Mrs. E. F. Bryan of Amarillo is a guest of her daughter, Mrs. Floyd Keener, and other relatives.

There are four customs districts in Texas, the Sabine district, the Galveston district, the San Antonio district and the El Paso district.

A sale over the week-end on delightfully exquisite California perfumes at Stocking's Drug Store.

GIRLS' CLUB NOTES

The members of the Women's Clubs of the County will be glad to learn that their program for the coming year has been approved by Miss M. M. Grubbs, member of the Extension Service of A. & M. College. Miss Grubbs was here Monday of this week and complimented the clubs very highly on the character of work done in the past year and commended them on the work outlined for the new year.

The women of the county are urged to get their reports in early in December that the annual report of the County Home Demonstration Agent may be prepared with as little lost time as possible.

Miss Grubbs is quite taken with the Living Room contest being entered by so many of the Donley County club members. She added that increasing efforts should be made to reach the goals set for the new year.

The Ashtola Girls' Club is the first in the county to hand in their reports and histories for the year. In addition they added six new members to their rolls when they reorganized for the new year.

The Lelia Lake Women enjoyed a demonstration Christmas cooking in the home of Mrs. M. G. Cottingham last week. A Christmas program was planned for the December meeting.

The Giles Club added two new members to their rolls at the last meeting and started on decorative stitches for household linens.

Giles Women learned something of useful gifts at their meeting last week. This club has a record of fifty per cent perfect on handing in their reports for the past year and are the first in the county to reach this high score.

Election of officers for the county Council was postponed due to the fact that quorum was not present. Five clubs must be represented to attend to business.

The women who have not turned in their order for their year books are asked to do so at once so this information can be had and the books secured.

T. C. Cunningham, formerly employed here by the West Texas Utilities Company, has been transferred to Shamrock.

WINTER PASTURE

Now that other pastures have failed, winter grains such as wheat, rye, oats and barley can be depended upon to furnish considerable pasture for livestock through the winter and early spring. Rye is the best suited of all the grain crops for winter pasture, according to the U. S. Department of Agriculture. Winter barley and oats also make excellent pasturing. More pasture can be secured from early-sown than from late-sown winter grains, and more pasture is available in humid areas than in dry areas. The soft winter wheats furnish more pasture than the hard wheats. Do not let the stock pasture any small grains too heavily, however, or the grain yield will be seriously reduced. Stock should not be allowed on the field when the soil is wet on account of possible injury they may do to the plants. Pasturing should not be continued much later than the beginning of

active growth in the spring, and certainly not after the plants start to shoot.

COLLEGE WOMEN CONDUCT HOSPITAL LIBRARIES

Libraries in two hospitals in Montreal, Quebec, are managed and to a large extent financed by a committee of alumnae of McGill University, Montreal. It is the outgrowth of work organized in 1917 for wounded soldiers, when nine libraries were conducted in the military hospitals. The library in the Military Hospital at Ste. Anne de Bellevue contains 5,236 books, and notwithstanding the large number of mental cases in the hospital the circulation last year was 6,615 books. The Royal Victoria Hospital for civilians has a library of 3,219 books. The circulation last year was 23,114, an average of 74 books per day.

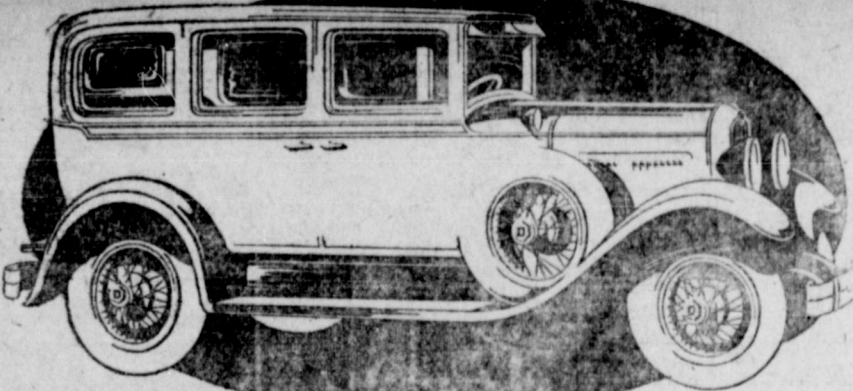

Maclin Butler spent the week-end in Amarillo.

GIRARD COLLEGE BOYS ENJOY MUSICAL EXERCISES

Music has a prominent place in student activities at Girard College, Philadelphia. Singing of the boys in the high school on Friday mornings has impressed many visitors, and several times during the year gifted students in music give special entertainments for the boys in their houses. Sunday afternoon recitals by the college organist, with supporting soloists, are largely attended by the boys, members of the staff and their friends, and former college boys. A band of 58 instruments and an orchestra of 46 instruments have been formed, and a "junior ensemble" is made up of beginners and from it boys are promoted to the band and orchestra. A number of the boys have chosen music as a profession.

College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

THANKSGIVING DAY

By Alfred Estlack.
The Pilgrims had been in the New World for nearly a year. The springtime planting had taken place, and all the summer the fields had been watched with great anxiety, for all knew that their lives depended upon the coming harvest. When fall arrived and the crops had come to a richness of fruition beyond all expectations, Governor Bradford sent four men into the forests to shoot wild game. "We will hold a harvest feast of Thanksgiving," he said, and invited the Indians who had been friendly to the strangers to rejoice with the white men. The Indians came bearing gifts of venison, and the harvest feast lasted three days. Everyone ate to his heart's content, and was thankful to the Great Creator, who had made it possible for him to survive on a strange and hostile, and forbearing continent.

This was the first Thanksgiving Day celebrated in America, and little by little as new colonies settled the land, the custom of a yearly "Thanksgiving" spread throughout the country. For a long time celebrations of Thanksgiving in the South was considered a relic of puritan bigotry, and it was not until 1857 that the day began to be observed there. During the Civil War the celebration of the day was merely a state affair, and was practically suspended in the South. In 1864 President Lincoln issued a proclamation appointing the fourth Thursday in November thereafter as a National Thanksgiving Day. When Lincoln was assassinated it almost caused this rule to pass out of existence, but the succeeding presidents took it up and since then Thanksgiving Day has been regularly observed throughout the United States.

Thanksgiving Day depicts a time when the nation as a whole may acknowledge the providence of Almighty God, to obey His will, and to be thankful for His benefits and favors bestowed upon all mankind. It is a time of devotion, reverence and benediction, rendered gladly by the people to the service of that great and glorious Being, who is the Beneficent Author of all the good that was, that is, or that will be. Let us make Thanksgiving Day a time of uniting—a time in which the people may render unto Him our sincere and humble thanks for His kind care and protection of the people of this country, and for all the many and various favors which He has seen fit to confer upon us.

A THANKSGIVING PRAYER

By Betty Walker.
I offer thanks, dear God, to thee
For all that thou hast given me,
For daily comforts from thy hand
And all things else I should demand.
I thank thee for the beauty I see
In sunset's glow, in the crimson tree,
The crisp, cool days, the biting winds,
That autumn in her bounty sends.
Thanks too, dear God, for the many things
Thy blessing from your heaven brings,
For crops and fruits in goodly store,
That from thy lavish hand you pour.
I thank thee, too, for Life and Love,
That thou sendest from above.
And may I live so that you see
The good your blessings have wrought in me.

THANKSGIVING

By Dorothy McCannoe.
When I die, it will be the autumn time in my life,
The most beautiful time of all;
When, like a gorgeous colored leaf,
I lose my grip on life and fall.
I hope I die when trees are gay
And all the earth joyful and glad
When death's the harvest time in life.
How can the soul be sad?
But though I die in dreary winter time
When Nature's beauty stops her living,
'Twill be the autumn in my life,
My soul cries out—Thanksgiving!

Clarendon High School Press Club—Static News.

This worthy organization was in vogue last year. Some of the old members came back, so it isn't so bad as it sounds. Did you ever notice how fresh and neat the members of the Press Club, always are? Among us

there is genius, writers and wits (not sayin' who).

Regardless of who we may be, there's been a lot of good work done. Letters are sent out weekly all over the state broadcasting the good qualities of C. H. S. The interesting happenings of this institution are given forth to a highly interested and appreciative reading public, through the local paper. Technicalities (a good word in a nice place) of journalism, such as advertising, are studied. We are making progress and will soon be a flock of literary geniuses under the able direction of Miss Mansell and Mr. Wells. Any information as to what we can broadcast will be N-E-W-S!

WISDOM

By Dorothy McCannoe.
A simple peasant
Driving his mottled herd
From winter pasture,
Mid deep falling snow, gazed on
its
Wonder and mused.
"It's white like angels' wings," he thought.
"Covers all the earth with purity and love,
Comin' down to hide all ugly things.
Reckon ef on judgement day,
we shan't be did the same old way.
It's soft 'n white and holy-like;
Makes my ol' hut look like a king's;
And so that night, he knelt and thanked the Giver of All Things
A learned Scribe.
The self-same day, gazed out at the deepening drift.
"Cold," he shivered, "a hypocrite, this snow
Looking so soft and innocent—like some people
I have known, Enticing fools to freeze themselves to death.
Cold—Cold, I say—A beastly day."

The History of the Press Club

The choral club and the band entertained in chapel Tuesday morning. The choral club gave four numbers and the band gave several interesting selections. This program was different from anything we have had in chapel recently and it was enjoyed very much.

Palo Duros Have Picnic

One of the most enjoyable programs of the year was given Wednesday, November 14, when the Palo Duro Orchestra made its first appearance. The first number on program was two selections "Get Out and Get Under the Moon" and "Among My Souvenirs" by the orchestra. Next Willie Mae Stuart sang "Old Pals Are the Best Pals After All," accompanied by Esther Morrison. This number was followed by two piano solos, "Chiquita" and "Sonny Boy" by Zella Rodgers. Both of these solos were enjoyed by everyone and last, but not least, came the famous P. D. Q., which means, in case you haven't heard, Palo Duro Quintette, otherwise Andrew Reavis, William Wilder, Sam Cauthan, Leonard Darnell and Ross Beville. They sang the Palo Duro song written by Ross Beville.

Mr. Beville is also the capable director of the orchestra, which is progressing very rapidly and by the end of the year it is expected he will be Paul's keenest rival—Paul who? Paul White-man.

HI-Y

In the first meeting of the year it was decided that the aim of the club would be to prepare the members in such a way that they might make public talks later in life, and that the club might promote better feeling of fellowship among the boys. Almost three months have passed since then, and it can truthfully be said that it has been an instructive help to the members. They have developed material that no doubt will carry away honors in debates, extemporaneous speeches, and declamations. All of the programs have been very interesting and the public is invited to visit the club at any time.

Alpha Delta Psi

Alpha Delta Psi Literary Society was organized in the early fall of '27 with an enrollment of about twelve active members. This year the society has a membership roll of twenty-eight, and a standing attendance of ninety-six per cent. The society entered into the yearly activities with a vim and vigor to make the year's work a success, and if the future holds as much progress as the past has witnessed, then that end is likely to be attained. The society prides itself in that a member has never fallen down

when it was his time to take part on the program. The members have to work, but the rewards are sweet and therefore the members enjoy their assignments to the utmost, and are always ready to display their loyalty to Alpha Delta Psi.

Many interesting programs have been rendered so far this year, and the future promises still better ones. The society plans to stage a radio program at Amarillo sometime after New Year's. The society has already given an entertainment in chapel, and is likely to repeat several times before the year has passed.

The society is allowed some social function once a month. Last month the society enjoyed a tramp party which was unusually carried out to the great pleasure and satisfaction of all. The members are a hilarious group when the time calls for such actions. The members are already looking forward to that time when the harbinger of spring shall usher in a flood of warm weather, making it permissible for the staging of picnics and swimming parties.

Visitors are always welcome to come and visit with Alpha Delta Psi. The society mothers a lively and friendly "bunch." Come and see for yourself!

Girls' Forum

The Girls' Forum was organized soon after school started. Fourteen girls reported at the first meeting, but by the second meeting on the following Wednesday the ranks had swelled to about twenty-eight active members. At the first meeting the following officers were elected: President, Eunice Johnson; secretary and treasurer, Roberta LaFon; Reporter, Ruth Dunn. The Girls' Forum is a very purposeful organization. Its aim is to make of the girls good athletes as well as good debaters, declaimers and extemporaneous speakers. In these things the members want to be as good losers as winners, and to play a fair, clean game. A person who wins by unfair means never really appreciates the victory, but is always a bitter loser.

Since this term of school has started, the club has been engaged in training the members to compete with the aims and purposes. Every side of a girl's nature is developed through the literary, music and athletic branches of the club. Miss Abbott, who is a very capable coach, has two periods of tennis each week with about ten girls learning under her instruction. The members are receiving training in public speaking by taking part on the programs given each Wednesday in the regular weekly meeting. Mr. Cooper has an excellent volleyball team that is expecting to do big things before the year is over. Miss Worsham, our sponsor, is a veritable Rock of Ages. Trials and tribulations are carried to her by abused and troubled members of the club, but they always leave that conference with her with a smile behind the tears, and a remedy for all fears. She meets with the club each Wednesday, and acts as general advisor.

The club is expecting to send a team of debaters, a declaimer, an extemporaneous speaker and a tennis team to the district meet in the spring, and is expecting to send at least two of this number to the state meet at Austin.

Palo Duro

The Palo Duro Literary Society enjoyed a picnic on the banks of the Red River Thursday evening. Two of the most distinguished members announced their intentions to the society. Miss Jessie Burson invented a modern and inexpensive weiner toaster, and Sam Cauthan invented a bottle opener. Both members will receive patents on their wonderful inventions soon. After toasting the weiners, eating began and since there was plenty to eat everyone enjoyed himself, especially Mr. Leonard Darnell, who ate the last of the peanuts to the sorrow of many. Since everyone had a good time the club intends to have many more socials. Invited guests were Misses Edna Mae LaFon, Pauline Lane, and Opal Duckett.

Bronchos Down Quitaque
The Bronchos defeated the Quitaque High School in a hard fought game Friday by a 13 to 0 score. The Bronchos had scored two counters before the visitors realized that the game had started. The Bronchos kicked to the Quitaque team; but on a short kick they gained possession of the ball. On the first play of the game Dillard, Clarendon quarter, carried the ball on a beautiful end run, to the ten yard line. Baird made five yards through the line and on the next play Nichols took the ball over for the first counter and Baird added the extra point by a drop kick. On the next kick the Quitaque team started a march down the field only to have a pass intercepted by Estlack, the Clarendon center. A few end runs and line smashes netted the Bronchos their last score when Baird carried the pigskin over the white stripe. Baird missed the goal. The two teams battled on even terms the next two quarters. Then the visitors out played the local boys in the final period; but were not able to put the pumpkin over the line. In the second period the visitors put the ball on the twenty-yard line but were held by the Bronch line and a beautiful 70 yard kick by Dillard put the ball well out of danger.

The Bronchos meet the Claude team here for their last contest of the season next Thursday. The Quitaque team was backed by a penny pep squad of twenty-five members led by Miss Carolyn Laney, an old Clarendon College student. The visitors continued to yell for their team even though they knew that they were defeated.

Clarendon had a very small crowd out Friday, but the pep squad, led by Miss Julia Taylor and Elvis French, gave plenty of support from the sideline.

Alpha Delta Psi

The Alpha Delta Psi Society met in their room for a program Wednesday morning. The Mid-night Blondes rendered a good program. The first number was a number of beautiful melodies played by the trio, Billy Dillard, Earl Humphrey and Alfred Estlack. After this number, which set our souls floating, Eugene Estlack read some very humorous poems which gave us all a lot of good laughs. Alfred then played a french harp solo, which was very beautiful and was rendered well. Billy and Earl played a duet but owing to something funny Billy had to stop and laugh before the duet was finished.

"Slick" Naylor told a real funny story which brought peals of laughter from all the members of the society. Of course the program would not have been complete without some jokes, so Earl told some which surely did get away with some of the members.

Last but not least Mr. Farrow made a talk on "Invisible Forces." It was very interesting and gave lots of new ideas which set the society to thinking in a rather serious manner.

There was another number to be given but the time was too short for the program so it was not given.

Girls' Quintet Defeat Claude

The Clarendon High School girls' team played the Claude High School girls' team in basketball last Friday night. The Claude team was defeated by a score of 23 to 17.

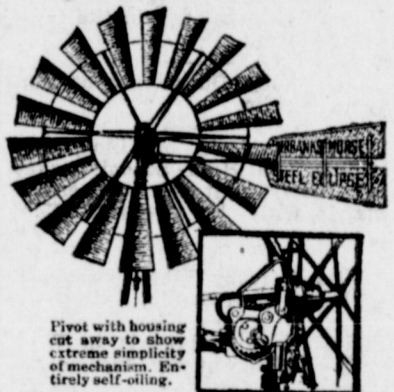

After the game both teams were entertained at the home of Ruth Nichols.

Palo Duro

At the last meeting of Palo Duro the program was a debate: Resolved, That the Criminal Jury Should Be Abolished.

The debaters on the affirmative were Andrew Reavis and Lon Howard; those on the negative were Terry Smith and Ross Beville. The report of the judges gave two decisions for the affirmative and one for the negative.

After the debate the P. D. Q. entertained the club, and then there was a discussion of the plans for the picnic to be given Thursday night.

5 reasons why STEEL ECLIPSE WINDMILLS run in lightest breeze

Why does the Steel Eclipse run when other mills are motionless? The answer is, scientific design and fine workmanship. Note these five reasons—
(1) Wheel is tilted to take advantage of lightest breeze. (2) All working parts run in oil. (3) All wearing surfaces made of the right materials and surfaces are machined. (4) Mill starts on two-thirds load—not full load; quick downstroke and slow upstroke means less effort required on the lift or pumping stroke. (5) All bearing surfaces are in line, reducing internal strain and power loss.

The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing... watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy in the new Ford through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well fitted to lubricate the new Ford and he will do a good, thorough job at a fair price.

Is Your Poultry Properly Housed?

Successful poultry production depends in a large measure upon good housing. A carefully planned, properly constructed poultry house maintains the health and activity of the farm flock by providing warm, dry, light, well-ventilated living quarters.

The new booklet "Modern Poultry Houses" presents the best ideas in poultry house construction. It shows in detail many plans (all based on designs recommended by state agricultural colleges) which have proved thoroughly practical and economical in use.

The booklet contains full instructions for the guidance of the man wishing to do the actual construction himself.

A copy of this interesting booklet will be mailed upon request. Just write to

NEWS' WEEKLY COTTON LETTER

PRICES CONTINUE TO ADVANCE; DEMAND FAIR

Cotton prices continued to advance during the week Nov. 17-23, with quotations Nov. 23 up about 3-4 to 7-8 cents per pound compared those of Nov. 16. Demand for immediate and prompt shipments of spot cotton was rather indifferent, but fair to good for deferred shipments from January on. Demand continued mostly for shorter staple cottons. Some reports indicated holders of cotton were inclined to sell on the recent advance. According to Bureau of Census figures prior to Nov. 14 amounted to 11.3 million running bales compared 10.9 million and 13.0 million for corresponding period 1927 and 1926 respectively. Quotations middling, 7-8 inch, spot cotton Nov. 23: Norfolk 19.69c, Augusta 19.38c, Savannah 19.59c, Montgomery 18.85c, New Orleans 19.52c, Memphis 18.85c, Little Rock 18.80c, Dallas 18.95c, Houston 19.50c and Galveston 19.65c. Average price middling these ten markets Nov. 23, 1928, compared 18.49c Nov. 16, and 19.39c same day year ago. Sales for week for the ten markets, 258,188 bales compared 242,880 previous week and 148,561 corresponding week last season. December future contracts for week at New York advanced 83 points to 20.34c, at New Orleans 81 points to 19.62c and at Chicago 85 points to 19.75c. Certified stocks Nov. 23, New York 7,140 bales, New Orleans 4,678, Houston 6,429 and Galveston 4,030 bales. Exports from August 1st to Nov. 23rd this season 3,315,702 bales compared 2,964,997 for same period in 1927.

POSTOFFICE FORCE ASKS ASSISTANCE ON PARCELS

With the rush season of Christmas and the holidays near at hand, there arises a need for some assistance from folk who plan to mail articles through the mails. A number of these items that have escaped the eyes of the ordinary person to this time have been called to the attention of the News and the force in the postoffice has asked that some mention be made of the most important.

The outer wrapping of the package to be mailed should be of heavy paper, tied with a good grade of twine to prevent its coming loose. This is an important item, and according to the postal authorities, is one reason why many packages go astray and are never delivered. Articles of special shape should have special wrapping and packing to expedite handling. The Clarendon postoffice will be glad to render all possible service when questioned on this matter.

Fragile and perishable articles should be so marked and packed with all possible care to remove any possible chance of injury. Perishable articles should be so marked and if possible should be sent by special delivery to expedite delivery.

The address should be written on the parcel with ink, that it may not lose its way through many channels which must be used by the mails. This is especially important as addresses written in pencil are often easily mistaken and cause packages to go astray. Postage must be fully paid on all packages or they will not be delivered. An insufficient amount of postage on a parcel might result in several days delay until the shipper of the package could be found and the correction made. The return address of the sender must also be affixed to the parcels shipped.

In case the parcel or package is of sufficient value, it should be registered or insured, this post-

SECRETARIAL SCREENINGS

Clarendon Chamber of Commerce
G. L. BOYKIN, Secretary

If properly carried out the plan for decorating Clarendon business section for the holidays should create the Christmas spirit much earlier and bring more people to town than in former years. It will be a very pretty sight if the spirit of the plan is carried out with at least a few electric lights on each one. Every one who agreed to put up a tree is urged to make the best job of decorating possible, so as to make the trees show to the best advantage. This means of advertising is used in a number of places for the Christmas season and has been found very satisfactory, and inexpensive. Anyone who has not put in his order for a tree should do so at once.

Received an inquiry this week from Rand McNally Company, one of the largest map makers in the world, stating that they were making up an aero map of the United States and wanted to know if this town had an airport. Such requests come in with frequency now, all going to prove that we need at least a temporary field to take care of the coming movement of mail, passengers and express by air which is not many years off for this section, and possibly is only a matter of months.

Once again Fort Worth takes up for West Texas. Fort Worth has always thought more of West Texas' buying power than any other city in the State and with its favorable location its growth over the past few years seems to point to the fact that West Texas will build up any town that puts its faith in it and backs it up. West Texas is an empire and fortunate is the city that recognizes that fact and solicits her friendship.

tively insuring the delivery to the place originally intended.

Packages may be sent by Parcel Post if they are not more than 84 inches in length and girth combined. The limit of weight for the first, second and third zones is 70 pounds. Above this distance, the limit is 50 pounds.

An item that should be brought more forcibly to the attention of the busy shopper is the fact that the Postal department asks that all mail be placed in the offices as early as possible. This should be of a great amount of assistance and is calculated to help more than any one item.

U. S. STANDING ARMY TOTALS 134,505 MEN

Washington, Nov. 25.—The standing army of the United States, officers and men, numbers 134,505, which is the largest peace-time force the country has ever maintained. In general theory the army is intended to be sufficient only for police duty, and this has given rise to much controversy between the professional peace advocates and those who would build a large force as an assurance to peace. Congress has usually enforced its own ideas in the amount of its appropriations for landed national defense. Appropriations always determine the size of the standing army irrespective of legislation fixing the "authorized strength."

According to the annual report of the Adjutant General of the United States of June 30 last, there were 12,112 commissioned officers, including the regular establishment and Philippine scouts on the active list and retired officers on the active list. The enlisted personnel numbers 121,185 of the same classes. In addition, there are warrant officers, numbering 1,208.

If the average citizen inclines to believe that this country's military force is too large for the extent of the territory and population, the standing armies of other countries might be brought into comparison. France has a standing army of 662,000, with organized reserves of 4,600,000. The organized reserves of the United States are 288,000. Italy has an army of 240,000, with 3,100,000 of organized reserves; Poland's standing army of 244,000 and organized reserves of 2,500,000.

Russia has 670,000. Russia's standing army is 670,000, while the estimated strength of China's standing army is 1,200,000. Japan maintains a regular force of 210,000 and organized reserves of 1,690,000. The standing army of the United States of 134,505, the number being about what it was the previous year, represents a population of 120,000,000, while the total manpower, represents a population of 120,000,000, while the total manpower of the country is figured at 18,500,000, or the number in an extreme emergency that could be mobilized if the machinery were available for so doing. This is far greater than what any other country is able to do, according to available reports.

There was only a handful of men, so to speak, engaged in the Revolutionary War. Its greatest strength was 25,000. Doubtless the people and the army of that conflict were decided to be too many, for Congress reduced the total fighting force to eighty persons. They comprised old Battery F of the Fourth Field Artillery. This force was increased gradually until in 1805 the actual army strength was 2,561. When the present-day War Department was organized in 1790 the author-

ized strength of the army was 1,216, but the actual figures are not available.

In 1811 Congress authorized an army of 36,000, but there were only 6,686 under arms. In the war of 1812 the country had a total land force of 528,000. After this conflict Congress permitted a maximum of 10,000, and when the war with Mexico arrived the fighting force numbered 8,600. The United States fought that war with a total land force of 116,597. When the Civil War was declared the regular army was 18,000 officers and men.

54,000 in 1866. Following the adjustment of the country to a peace-time basis, Congress authorized an army of 54,000 in 1866, but in March, 1869, the army was reduced to about 30,000 officers and men, and there it remained until the Spanish-American War. That conflict saw a total of 280,000 United States troops under arms.

The country moved away from the 30,000 basis after the Spanish-American War, since it had new territory to pacify and police, and when the war clouds began gathering in Europe there was sharp agitation in Congress for establishment of a good-sized army as an approach to proper national defense. In 1901 it was authorized at 100,619, but in 1917 the actual strength was but 62,398 officers and men. Agitation went forward in Congress, while Europe marched nearer an open break, until in 1916 legislation authorized a peace strength of 128,353 and a war-time strength of 287,846.

The United States entered the World War in 1917, and when its machinery reached working condition it began to pour men into the military system. The Government built a war program calling for 5,000,000, and when the armistice came it had an army of slightly more than 4,000,000. The national defense act of 1920 authorized a regular army of 280,000, and that stands today. As pointed out, however, the amount of money Congress appropriated determines the size of the army, and as reported by the Adjutant General this figure is now 134,505 officers and men.

CLIFFORD & RAY ADD CLERK TO ESTABLISHMENT
King Ardis, late of Ropesville, Texas, is the latest addition to the force of the Clifford & Ray Grocery of this city. Mr. Ardis and his family are here and will in all probability make their home here. The new man was placed on the force in the store and will take the place of Richard Wilkerson, who has entered business on his own account.
RUNAWAY COUPLES ARE CAPTURED IN CLARENDON
Three couples who had run away from their homes at Eldorado, Oklahoma, and Quanah, Texas, were captured here the latter part of last week by the peace officers in Clarendon. The three boys in the case were from the town in Oklahoma and two of the girls were from the same city. The remaining girl was from Quanah. All of them were held here until the parents of the girls could come

after them. The boys are being held here pending further investigation. The charge against them may be rather serious, involving federal proceedings.
SCOUT TRAINING SCHOOL OPENS HERE DECEMBER 5
Wednesday evening, December 5th, has been set as the opening date for the school for Scout Leaders in Clarendon, according to advices received from Dr. J. G. Sherman, chairman of the troop Promotion Committee. The school is to be conducted by I. E. Jolly, executive for the Southeast Panhandle Council and will be held on Thursday evenings following the initial meeting. Other towns included in the new council will receive the benefits from the school on different days each week with Clarendon receiving this work on Thursday.
Tom Simmons and H. P. Barnard of Whitedeer spent Sunday in Clarendon.
