Hoover Is Winner - Solid South Broken

HOOVER WINS PRESIDENCY IN RECORD VOTE. SMITH CARRIES ONLY 8 STATES

SOLID SOUTH BROKEN FOR FIRST TIME SINCE CIVIL WAR. TEXAS GIVES HOOVER ELECTORAL VOTE WITH 25,000 MAJORITY. PANHANDLE COUNTIES GIVE HOOVER COMMANDING LEADS.

In the battle of the ballots Tuesday, Nov. 6th, Herbert Hoover was swept into the presidency by the greatest electoral vote ever accorded any candidate. On the other hand Gov. Alfred E. Smith rolled up the greatest popular vote any Democratic nominee ever won. With Hoover in possession of the electoral vote of forty states, and only eight going for Smith, the vote in the electoral college stands Hoover 444, Smith 87, with little likelihood of late tabulations bringing any change.

CHECK TAMPERING IS POPULAR PASTIME NOW

According to Holman Kennedy of the Donley County State Bank and to some merchants of the town, tampering with checks in one way or another is proving to be one of the most pleasing pastimes of the present year. The tampering is taking many forms, the most popular seems to be forgery. A few attempts have been made to raise checks but these have been such crude affairs that detection has been quite a simple matter. The forgeries have been made at the cost of some money to the merchants and the man who presents a check is likely to receive a cold and fishy stare in return if he is not very well known to the merchant. The hot check is also proving quite a bane to the merchants of Clarendon and they are becoming more careful in their handling of any paper they are not quite certain about. Greene Dry Goods Company, Little Mercantile Company, Rathien's Shoe Store, The Famous and the Amarillo Store are among those reporting losses over the past week-end.

GRAND JURY RETURNS FOUR BILLS

GRAND JURY RE-CONVENED ON SPECIAL CALL—FOUR BILLS ARE RETURNED.

District Court for Donley County was at work last week in one of the busiest sessions that has come to the attention of that body for a number of years. One case took the attention of the court for the entire week, even holding on after the court preliminaries had been completed. The case of the State of Texas vs. Hill Bales resulted in a hung jury, with three for acquittal and the remaining nine for conviction. The jury was hopelessly hung up, returning on the last ballot the identical vote that was cast on the first ballot taken. They left the court room Thursday afternoon at 4:40 o'clock and were released Saturday afternoon at the same hour. The case was changed to Childress County, where it will be tried in the January term of court.

PLANS COMPLETE FOR ARMISTICE

PROGRAM TO BE GIVEN IN METHODIST CHURCH AND WILL BE COMPLETE.

Final plans for the carrying out of the program planned for the Armistice Day celebration are well in hand, according to reports received from Clyde Douglas, chairman of the arrangements committee. Mr. Douglas was in Amarillo a great part of the day Wednesday and made arrangements for the appearance of Colonel Julius Dorenfield, Jr., as speaker of the evening.

H. T. Burton will have charge of the program as Commander of the local American Legion Post and states that the program will start promptly at 7:30 and that it will be complete in the shortest time possible. Chorus from the schools of the city will be in their places to do their part in making the evening a success. The outlined program is as follows: "America"—Band and Chorus. Invocation. Overture—Band. Address—"Over There." Address of the evening, Col. Julius Dorenfield, Jr., Amarillo. "Star Spangled Banner." The program will be held in the First Methodist Church as was announced last week and will be started at 7:00 o'clock. All other churches in the city have agreed to release their congregations for the evening that everyone might have the privilege of assisting in the celebration of the tenth anniversary of the close of the World War.

Herb and Charlie—Nation's Favorites

SCOUT COUNCIL RE-ORGANIZED

LOCAL COUNCIL ELECTED UNDER NEW AREA TO FOSTER SCOUT WORK.

After many months of inactivity Boy Scout work is to receive a new impetus under the direction of Scout Executive I. E. Jolly, who last week assumed his duties as Executive for the Southeast Panhandle Area, of which Clarendon is a member. At a meeting held here Wednesday afternoon by the district area officers a local scout council was elected as follows: Chairman, S. E. Allison; Troop Promotion, Dr. J. G. Sherman; Awards, Homer Mulkey; Activities, G. L. Boykin; Finance, Odos Caraway. Under the direction of Mr. Jolly, an institute for men of the community interested in the advancement of Boy Scout work will be held here in the next few weeks and an intensive extension program will be carried on. Out of this work the council hopes to realize new troops and develop new leadership among the men. Mr. Jolly will be here again next Monday afternoon and Tuesday for further promotion of the work. He expressed himself to a representative of The News as particularly pleased with his reception in the area and the splendid spirit of co-operation found here in Clarendon.

U. J. Boston was an Amarillo visitor Monday afternoon.

Home Economics Dept. Is Praised

Miss Landis, Home Economics inspector from the State Department of Education was in Clarendon the fore part of this week examining the department now in use by the High School for this work. The department, as will be remembered, was remodeled completely this year into one of the most complete sections of the Clarendon school systems. In her examination of the department, Miss Landis stated that it was entirely satisfactory and that when it had been completed by the addition of the lighting fixtures and a few other minor items that it would rank high among the departments of the state.

Miss Landis stated further that the department would be the most complete in the Panhandle section of the state and that it would also be one of the best in the state. This stands for the rooms, arrangement and the equipment of the suite that has been set aside for the work of this department of the Clarendon Public Schools. The Clarendon School Board was one of the very few that had written to the state department for instructions and who had followed them to the letter in placing equipment and room for the carrying out of the work in hand. She gave the Clarendon schools the distinction of having not only High School equipment, but also Junior College equipment and voiced the hope that in the very near future that two full years of college work in the Home Economics department could be added to the curriculum of the school.

PIGGLY WIGGLY SAFE IS BROKEN

MARAUDERS RUIN SAFE AND GET \$200. CAUGHT AND RETURNED HERE.

Three nocturnal visitors to the city of Clarendon visited the store of Piggly-Wiggly late Sunday night and completely ruined the safe of that establishment, securing somewhere near \$200. The exact amount of the loss was not exactly determined, but it was thought to be approximately that amount. A sack if change was taken and the exact amount was not known. The miscreants were captured in Amarillo Monday and were returned here the same day. In addition to a sack containing a sum of money, there was found a sledge hammer, some chisels and a wrecking bar supposedly belonging to Stout, one of the members of the party. Three men were implicated and all of them were taken. Two were returned to Clarendon and the other, with two women, were left in the Amarillo jail. S. W. "T-Bone" Stoot, Oren Stewart and Price Copeland were the three taken.

In addition to robbing the safe in the store in Clarendon, the miscreants are being held in connection with the robbing of two stores in Alanreed Sunday night. Entrance into the store was gained into the store by tearing off one of the heavy screens on a back window.

Miss Ruth Stocking, Mrs. H. M. Rhoades and Mrs. Will C. McDonald motored to Amarillo Wednesday.

Book Drive Is Great Success

The book drive recently staged by the High School and Junior High School students was one of the most unqualified successes ever held in Clarendon along this line. The final results obtained indicate that more than 550 books had been received for the two schools and that all of them could be used in some capacity or another. The High School and Junior High School classes received the most of the books and for their work took a half holiday offered them last Friday if their quota of books were received. The work was done with all the clubs and parent teachers associations of the city in full cooperation. The members of the clubs agreed to call some outsider and thus communicate their desires for the books to all the people of the city. The universal response received was more than gratifying according to Superintendent Burton and the fact that all of them have been seen working together means a great deal to the school board and members of the faculty. The books received in this drive will be placed in the libraries of the Junior High School and the High School and College.

Paul Hodges of Washington, D. C., is visiting with his sister, Mrs. Robert Parks, and his many friends in Clarendon.

J. R. Bartlett and sons of Childress were in Clarendon Sunday visiting friends and looking up old acquaintances.

Mrs. Glen Casey of Amarillo arrived Tuesday to be the guest of her sister, Mrs. Floyd Keener and her brother, Allen J. Bryan.

FATHER AND SON BANQUET MONDAY NIGHT IS SEVENTH ANNUAL AFFAIR

SPEAKER OF THE OCCASION IS SCOUT EXECUTIVE I. E. JOLLY OF THIS NEW AREA. SNAPPY PROGRAM READY WITH TOM F. CONNALLY TOASTMASTER. ANTRO HOTEL, 7:30 SHARP.

WATCH TAKEN TUESDAY NIGHT GOOD FOR LOOKS

One of the amusing incidents that comes along occasionally was found to have taken place Tuesday evening of this week. During the rush of the election returns in Goldston Brothers store, some of the visitors hooked a watch that was hanging on a display easel on the counter. Mr. Goldston reported the loss Tuesday morning and stated that the watch was a good looking one but that it had no works and would not be worth anything at all. The watches were hanging out on display and were made for display purposes alone. The person securing the dummy is in for a lot of kidding when his associates discover that he has been the victim of a joke that was originally intended to be a joke. Had the watch been complete, the retail price would have amounted to \$5.00.

Miss Margaret Goldston, one of the teachers in the Buchanan Street School in Amarillo, spent the last week-end in the home of her parents, Mr. and Mrs. W. L. Goldston.

RED CROSS ROLL CALL NEXT WEEK

DONLEY COUNTY ASKED TO DO ITS PART IN 1928 AS IN PAST YEARS.

Every person in Clarendon and Donley County is to have an opportunity to become a member of the local chapter of the American National Red Cross by the payment of annual dues under four types of memberships, Mrs. Jeffries, Roll Call chairman, explained today. There are annual memberships of \$1.00, \$5.00, \$10.00 and \$25.00—the last three being termed "contributing," "sustaining" and "supporting" memberships, respectively. From each of these only 50c goes to headquarters of the Red Cross to carry on its work throughout the country and the world. The rest of the money remains in the treasury of the local chapter to finance services in Donley County. Because there are persons who contribute even more than the preceding amounts, provision is made for \$50.00 life memberships and \$100.00 patrons' memberships. Contributions of such nature go in their entirety to the endowment of the American National Red Cross, the interest from which is applied to the general work of the organization.

Mrs. Jeffries further pointed out that only a small amount of the membership dues leaves the community, and, therefore, the prospective member should bear in mind that he is in reality giving his money to improve conditions of his own environment. As Mrs. Jeffries also stated, the Annual Roll Call memberships are the only support which the Red Cross receives for its work in the field of health and education. Not a cent of the funds contributed for disaster relief purposes, as during the recent West Indies hurricane, remains in the organization's treasury. All money thus given is expended for the specific purpose of relieving immediate suffering of persons affected by the particular disaster for which the appeal was made, and in assisting such persons to regain a self-supporting basis. All details of the Roll Call organization in Clarendon are completed, Mrs. Jeffries said. She believes the prospects are good for a record enrollment, and confidently expects this year's membership to represent a substantial increase over that of last year.

SIMS P. T. A. MEETS IN SOUTH WARD THIRTEENTH

The Sims Parent-Teachers Association will hold their usual meeting in the South Ward Building on Tuesday, November 13th. A special program has been planned by the students of the fourth grade and all members and all others interested in this work are cordially invited to attend and take part in the meeting.

Final plans are being laid for the culmination of the Seventh Annual Father and Son Banquet for this community, next Monday evening at the Antro Hotel at 7:30 o'clock, and the executive committee composed of Sam M. Braswell, Chairman; Truett McCung, Kenneth Kerbow, G. L. Boykin, O. C. Watson and Tom F. Connally are pleased with the prospects for a most successful affair. A tentative program has been arranged as follows: Invocation. "America" and Sing Song, led by G. L. Boykin. Violin Solo—Mrs. G. Lester Boykin, accompanied by Miss Fray Stallings. Big Feed—Lads and Dads. Vodeville—Midnight Blondes of Clarendon Junior College. Music—Saxophone Quartette. Address, "Boysish Curves and Dad's Angles"—Scout Executive I. E. Jolly, Southeast Panhandle Scout Council. Election of President and Committeemen for 1929. Adjournment.

Announcements of the banquet are being made in the schools and at the churches this week and a slide is being run in the Pastime Theatre. Tickets are on sale at the Rexall Drug Store, Pastime Confectionery, and Antro Hotel, and four teams of the H.Y. Club at the Junior College. They will also make a canvas of the city Friday or Saturday to sell out the hundred and twenty-five plates arranged for at the hotel. A most tempting menu has been arranged with an eye to a growing boy's appetite, and Dad's, too, when he gets into the enthusiasm of the evening. A short singing on the program will be headed by Secretary Boykin, and something extra delightful in music will be rendered by Mrs. Boykin, violinist, and the Saxophone Quartette. The new Scout Executive for this area, Mr. I. E. Jolly, late of Breckinridge but now of Memphis, will deliver the address of the evening and the committee is confident that he will have much of interest to the boys of this community. Tom F. Connally has been selected as toastmaster for the evening and will be at his best. As in former years, the committee urges that fathers and sons anywhere in the community, get tickets and be on hand, as this event is for the entire community and not for Clarendon alone. Also, men who have no sons are invited to bring some boy who is without a father. This has been largely done in the past and it is one of the finest customs built up here in the past seven years. Get your tickets not later than noon Thursday and be on hand promptly at 7:30 Monday evening at the Antro Hotel, where the committee promises one of the most interesting programs in a long list of successes in former years.

BUSINESS HOUSES CLOSE ON MONDAY

LARGE PORTION OF CLARENDON BUSINESSMEN WILL OBSERVE HOLIDAY.

Falling in line with the program of closing four days each year, the business men of the city will almost all of them observe Monday, November 12th, as Armistice Day and allow their employees this day from their labors. The News has attempted to gather information on this subject without attempting to influence the merchants one way or another and it is the consensus of opinion that all business houses will take this day from their work. The agreement taken some years ago by the Chamber of Commerce set four days each year on which to close. These days are: July 4th, November 11th, Thanksgiving and Christmas. This arrangement was made that there should be fewer calls on the business houses of the city for closes on days that are not marked on the calendar as holidays of any nature. An exception of this rule leaves the eating places, garages and drug stores to do as they see fit and they will probably accept the same rules as are in effect on Sundays.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

We have all manner of "days" and "weeks" in this country, but what debtor and creditor need more than any other "week" just now, is "Pay Up Week."

Annual Home Town Edition of the Clarendon News will be in the mails on Thursday, December 13th. We hope to make new newspaper history in Donley County in the volume and excellence of this edition for 1928.

The News has no quarrel with any man as to how he voted or failed to vote in the election of Tuesday. The security of this nation rests upon the ballot of men and women who vote their sentiments without dictation or influence. Liberty is the keynote of true Americanism.

One of the brightest and snappiest programs to be presented in Clarendon in many months has been arranged for the Father and Son Banquet to be held next Monday evening at the Anstro Hotel. This is the seventh annual celebration of the affair and those who strive for a better boyhood and a better manhood will lend their support and presence to the movement as visualized in the annual dinner and get-together. Get your tickets.

Clarendon celebrates Armistice Day in a great union service at the Methodist Church next Sunday evening at 7:30 o'clock. The American Legion is in charge with the assistance of other local organizations, all church services in the city have been called in and a general and generous participation of our citizenship is in prospect. Nov. 11th means much to our national life and ideals. It means much to the world. Let us come together for a sincere and heartfelt observance of the anniversary.

Mobeetie, the oldest town in the Panhandle, will become the newest when the Santa Fe's new line from Pampa to Cheyenne, Oklahoma, is completed. Grading for the station yard on the new townsite on the railroad is now being done. Old Mobeetie has seen many stirring times and its fame as a frontier town has been made known by song and story. And for years the historic town has been linked with the progress of the Panhandle and the passing of the old cow men and the big ranches. The Indians and the white man fought for supremacy over the vast realm of the frontier and the white man won. But Mobeetie lived in story and became the mecca of the pioneer who worshipped at her shrine. But now the railroad is coming and the old town will give way to the new. The history of the Panhandle will begin anew. Old Mobeetie, the seat of government for years during the days when the Panhandle was on the edge of civilization, and the trading point for many miles, will not be forgotten. But the old pioneers are fast passing to the undiscovered country that lies beyond the end of the trail and the things that were will pass into history. Peace to your memory, Old Mobeetie—Higgins News.

A TRIBUTE TO HERBERT HOOVER WITHOUT PARTISANSHIP

Few men in the history of the United States have had as many tributes showered upon them for their accomplishments and high character as has the Honorable Herbert Hoover, President-elect.

From all races, creeds and political alignments these tributes have come and at the end of a heated national campaign, The News believes that it is fitting to record on this page a remarkable tribute to Mr. Hoover delivered last year by a stalwart Democrat—none other than the Hon. Joe Robinson, Senator from Arkansas, and late running mate of Gov. Alfred E. Smith on the Democratic ticket. Just last year, on the occasion of Mr. Hoover's visit to Arkansas as one of the states stricken in the mighty Mississippi flood, and before Senator Robinson had any idea of his subsequent nomination for the vice-presidency, he introduced Mr. Hoover at Little Rock in these sincere words:

"Few men in the history of mankind have exemplified exceptional talent in supplying the necessities and in relieving the suffering of their fellow beings. The guest of honor at these ceremonies, Mr. Herbert Hoover, is noted as the world's greatest relief administrator.

"His career, apparently, has not yet reached the climax; but it is already distinguished by many unusual experiences and praiseworthy achievements.

"The outstanding triumphs of Mr. Hoover's efforts consist in the organization and direction of tremendous relief forces in periods of appalling calamity or national peril.

"He did not lead armed troops to battle during the late world conflict; but he was called to assume a responsibility of equal, if not greater, importance. His task was to mobilize the nation's food supply and to restrain the greed and avarice of profiteers.

"Bearing the commission of our great chief and wartime president, Woodrow Wilson, Mr. Hoover opposed and halted the deadly advance of hunger, pestilence and famine following the war in Belgium, Russia and other foreign lands. Hospitals for the sick and wounded! Food and clothing for the victims of hate and wrath! Among the suffering and the dying he bore aloft a banner, saluted with respect and love in every civilized land—the banner of the Red Cross."

OPTIMISM

There is little political significance but considerable cause for optimism in the monthly business review just issued by the Dallas Federal Reserve Bank.

September and the first half of October showed a slight slump in building permits, but construction on the basis of August permits was brisk. Business failures showed lower liabilities than for several similar periods in other recent years. Weather conditions on the whole were favorable to the harvesting of fair crops. Despite rains in some cotton sections, cotton ginning is well along statistically, passing last year's mark of 2,300,500 bales with 2,429,000 bales.

Range conditions, particularly in West Texas, have suffered owing to a dry spell of sustained duration, but lately good rains have fallen on wheat lands to bring optimism on that score. Ungrazed grass lands are available for winter use, and feed stuff is reported plentiful in sections raising it. Surplus cattle are rather rare, and the market continues strong.

The Panhandle enjoys sustained oil operations, though these are chiefly limited to manufacturing rather than production. Gray County has the most activity in the production line, and within a few weeks will lead the whole field in daily production.

Old Man Texas is "not so worse." And his Panhandle children are going through the "quiet" period of oil development in good shape, with activities not of the "boom" variety but brisk contrasted with those of other sections of the Southwest.—Olin Hinkle in Pampa News.

Methods and technique in advertising has undergone a wonderful transformation in the last decade, and no more in the great cities than in our own local community. Ten years ago, except on special sale no local retail merchants used many illustration in their advertising or quoted prices on the goods advertised, but today there are many local advertisers who recognize the "punch" of illustrations in their advertising space, and what is more striking is their general use of price quotations. Clarendon stores are realizing splendid results in the careful preparation of their copy and the trip-hammer value of prices. Modern advertising is the most potent force in up-to-date business and every local merchant has as much opportunity to get profitable results from its use as the greatest corporations who have become systematic users of liberal advertising space throughout the nation. Modern methods to meet modern conditions is the only safe policy.

Hoover is overwhelmingly elected, and the News is happy. We said early in the campaign that the purpose of dry Democrats in supporting Mr. Hoover rather than the Democratic nominee, was to rid the party of Tammany and liquor domination, that the suicide of Houston might never be re-enacted in a national Democratic convention. Never again shall any candidate of any party for the presidency of the United States declare himself for the legislation of liquor. Never again will it be possible for any "wet" to receive the nomination of either major party in this nation. The lesson of 1928 will never be forgotten and Democracy will return to the faith and sincerity of its fathers in 1932. Yes, we are happy, and the illicit liquor traffic is eternally doomed in the United States of America.

No matter whether you voted for Hoover or Smith, voted against both, or stayed away from the polls, The News believes there isn't a citizen in Donley County who isn't honestly glad that the campaign is over. While the campaign was a most trying one, very few allowed strained relations to come between them and any of their fellows, and we can all settle down to attend to business and make Donley County and Texas a better place in which to love, live and rear a family. An attitude of good-will is a characteristic greatly to be desired and cultivated.

Donley County's annual roll call for the Red Cross begins Nov. 11th and continues all next week. Our county quota isn't burdensome, the membership is only one dollar, and our proven liberality and present financial comfort prompts us to say that no great effort will be required to meet the modest demands of this wonderful charitable opportunity. Enroll early and give sinews to the efforts of the Red Cross to relieve suffering and distress in 1929.

FIRST LAWN MOWER IN UPTON COUNTY IS CURIO

McCamey, Texas, Nov. 6.—In the midst of the hustle and bustle incident to the stringing of high-lines and electrical construction work in the McCamey oil fields, M. E. Pittman, district superintendent of the West Texas Utilities Company, paused in his work to add a touch of nature to that almost barren desert country.

As a result cowboys and others for miles around are trekking to the company camp here. And all because of a requisition which ran the gamut of jeers and taunts before it was honored.

Some months ago Mr. Pittman carried a quantity of Bermuda grass roots to the company camp. He set them out and piped in soft water with which to nurture them. No baby had better or more tender care than did those Bermuda roots. When they sprouted, Mr. Pittman kept them clipped with a pair of sheep shears. Finally the grass spread and soon there was a good stand. It was then he sent in a requisition for a lawn mower.

Knowing that in Upton County the principal vegetation is cat-claw, mesquite and cactus, officials of the company thought their district superintendent was trying to be humorous. But when they discovered Mr. Pittman really was in earnest, the mower was forwarded.

For days now, those curious persons, some of whom had never seen a lawn mower, are riding into town to "see the blamed thing work."

Almost 300,000 farms are operated by tenants in Texas.

There are about 750,000 women and girls 10 years old and over on the farms of Texas.

IT'S STILL TIME

To pay your October account and receive your extra earned discount. Ask for your Green Stamps, they are yours if you pay before Saturday.

Where Will You Be At Seventy?

Recent investigations have shown that a large number of persons are dependent on relatives or charity in their old age.

When the autumn of life approaches, and the leaves of youthful vim and enthusiasm fall, it is extremely difficult for any person, no matter how able, these investigations prove, to compete in the world of business and commerce.

What better insurance against dependence in old age than an account in a bank?

One dollar will start you on the road to economic security.

PASTIME THEATRE

Friday 9th
SID CHAPLIN
—IN—
SKIRTS

Never had he moved an inch without wife and mother-in-law, and then they left on a visit. What happens then to this hen-pecked husband makes such a whirlwind of mirth and excitement as you've rarely seen. Actresses pursue him, police trail him, and then his wife came home. Best since "Charlie's Aunt."

Also, **BILLY DOOLEY** in "CAMPUS CUTIES." Paramount Comedy.

10c-30c

Saturday, 10th
JACK MULHALL and DOROTHY MACKAIL
—IN—
WATERFRONT

This lovable couple will give you one of the best programs possible for our Saturday picture. Plenty of action, fun, thugs and everything.

Also, **OUR GANG COMEDY**, "FAIR AND MUDDY."

10c-30c

Monday and Tuesday, 12th - 13th
RICHARD BARTHELMESS
(IN A SUPER SPECIAL)
THE PATENT LEATHER KID

No greater love story has ever been told. This is another one of the wonderful war stories, and we could not have had a better picture for our Armistice Day program. Love that made a hero out of a coward, and one of those kind of stories that you will be proud that you had an opportunity to see.

Also, **PARAMOUNT NEWS**.

10c-40c

Wednesday and Thursday, 14th - 15th
GRETA GARBO
—IN—
THE MYSTERIOUS LADY

Supported by Conrad Nagel, Greta Garbo has played many fascinating roles, but never one with the allure of a beautiful Russian spy, snarer of men. Flaming love scenes that you can never forget.

Also, **CARTOON COMEDY** and **PARAMOUNT NEWS**.

10c-30c

Queen Theatre

Saturday, 9th
GORDEN CLIFFORD
—IN—
THE QUEEN OF SPADES

Another good, live western play. Also Third Episode of "THE YELLOW CAMEO." Both good, entertaining and interesting.

10c - 25c

NEWS' WEEKLY COTTON LETTER

COTTON PRICES UNCHANGED DEMAND MOSTLY DEFERRED

The cotton market during the week of Oct. 27th to Nov. 2nd was comparatively quiet with quotations about unchanged compared with those of Oct. 26th. Demand for spot cotton in the shorter lengths for immediate and prompt shipments was rather indifferent but reported fairly good for midwinter and later months shipments. The longer lengths of cottons were again neglected. According to the Weather Bureau the past week witnessed fair weather which was generally favorable for picking and ginning. Light frosts in some northern sections did little or no damage to cotton. On Nov. 8th the Government estimate of indicate 1928 production will be released at eleven a. m. Eastern Standard time. The estimate will be based on conditions as of Nov. 1st.

Quotations on middlings, 7-8 inch staple, spot cotton, on Nov. 2 were as follows: Norfolk, 18.56c; Augusta, 18.50c; Savannah, 18.46c; Montgomery, 17.90c; New Orleans, 18.51c; Memphis, 17.70c; Little Rock, 17.70c; Dallas, 17.80c; Houston, 18.35c; Galveston, 18.45c. Average prices these ten markets, Nov. 2nd, was 18.18c, compared to 18.16c on Oct. 26th and 20.68c a year ago. Sales of spot cotton for week in the ten markets were 229,362 bales against 172,827 the corresponding week last season. December future contracts for the week at N. Y. advanced 6 points to 19.12c. New Orleans 6 points to 18.61c and Chicago 8 points to 18.73c. Certified stocks, Nov. 2nd, New York 5,656 bales, New Orleans 6,084 bales, Houston, 5,995 bales, Galveston 1,879 bales. Total stocks, Nov. 1st, New York 9,260 bales, New Orleans 249,214 bales, Houston 841,269 bales and Galveston 671,516 bales. Exports from Aug. 1st to Nov. 2nd, 2,427,888 bales against 2,330,811 bales same period last season.

DONLEY SHOWS GREAT GAIN IN GINNINGS

The cotton ginning report for the state of Texas including ginnings to October 18th shows a gain of less than a half million bales for the year 1928 over 1927. The report shows 3,340,596 bales to have been reported on October 18th, 1928, against a total of 2,886,897 for the same dates in 1927. Many counties in the central and eastern part of the state do not show to have made as much cotton as they did in years past, while the counties in this section of the state are reporting gains from every reporting angle. In the counties immediately surrounding Donley, Briscoe County probably reports the greatest percentage of gain of any county reporting. They reported 150 bales in 1927 to October 18th and have amassed a total of 2,543 bales in this year. Childress County shows a slight loss with 13,040 bales ginned in 1928 against 14,556 bales out on the same date in 1927. Collingsworth County is a little more than even with the last year's crop, reporting 12,609 bales for the present year and 12,377 for the year 1927. Donley County shows the greatest number of bales gained of any county in this immediate section with 6,140 bales for the present ginning season as against 2,130 for the last year. Conditions in the last season kept the county from showing any more than this number and the present year is making up for lost time. Gray County is also a county to show a great gain in the production of cotton with 1,209 bales for the present year against 718 for the preceding season. Hall County was struck with the same conditions last year as were found in Donley County is another county to show a remarkable increase over the 1927 crop. They report 20,918 bales to October 18th this year and had registered only 8,899 bales to the same date last year. Since the issuance of this report weather conditions have been favorable for the harvesting of the crop and the next report should show an even greater amount of bales ginned than the report of this date. The crop is practically out in the central and eastern parts of the state and with a five million bale crop for the state, it would indicate that the harvesting is almost 75 per cent complete. In Donley County, various estimates place the total percentage harvested at a little more than fifty per cent.

Woman Eats Only Baby Food 3 Years

"For 3 years I ate only baby food, everything else formed gas. Now, thanks to Adlerika, I eat everything and enjoy life."—Mrs. M. Gunn. Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Douglas-Goldson Drug Co.

CAVE UNDER RIO GRANDE TO MEXICO

A natural cave, over three miles long, in which an explorer may walk dry-shod, under the Rio Grande is one of the scenic wonders of West Texas recently investigated by A. H. Dunlap, member of the state board of water engineers.

Another cave, apparently worked out by prehistoric man, is located in the 1,100-foot vertical cliff of the Rio Grande canyon on the Mexican side and in it persons can see from the American side the bones apparently of cliff dwellers of past centuries. The cave under the Rio Grande is located at the lower end of the long canyon through which the river bows near Santa Helena. This cave was reported to the state official by a family named Sweeney, whose members have lived along the Devil's River for two generations.

Fifteen years ago, three of the Sweeneys ventured into this long cave, and followed through it, coming out on the Mexican side after having walked under the bed of the Rio Grande. They reported water in the cave at that time, but quoted others who had explored it that the water appeared only in the rainy season, and did not seep down from the river over it.

Mr. Dunlap related accounts of the old town of Olinaga, opposite Presidio, located there in 1543. He went into the section this year just a few days too late to witness the Mexicans' "third of May" observance, which has persisted for a century. Indians abducted a child from near Santa Vicente 100 years ago, and searchers later found her body at the top of a cliff, three miles from the populated valley. Her body was found on May third. Each year hundreds of Mexicans gather days ahead of the date, and laboriously gather mesquite and other brush, and pits it all along the path from the valley to the huge chapel built under the girl's body was found.

On the third of May they set fire to the brush at the lower end, and throughout the night of May 3, as the mourners gather in loud lamentations, an arrow of flame climbs slowly up the peak, its tip resting at last at her grave. The apparently artificial cave in the canyon cliff has been photographed. The mouth of the cave is perfectly round, 200 feet in diameter. It is about 300 feet up the side of this narrows canyon with 800 feet of saucer cliff above it. Across the top is a perfectly rectangular set-back of a few dozen feet, giving the appearance of an opening identical with that of a round culvert opening with a heavy square shoulder about it.

Talus, apparently excavated from this cave, furnishes a steeply-sloping approach from the water's edge to the mouth of the cave. The river here runs at the bottom of a narrow 1,100 foot gorge. At other points the canyon is as much as 2,000 feet deep. Several parties have gone down the river in boats through this long canyon, escaping the danger of numerous rapids. This cave is located less than 50 miles from the immense silver and quicksilver mines, some of which are now being worked.

CARE OF BABIES IS MOST IMPORTANT ITEM

Baby clinics are an almost inevitable outgrowth of milk stations. Sometimes clinics are established by volunteer service of doctors who examine every baby, weigh it, prescribe its diet and tell the mothers when to bring it back. Too much care cannot be given to his majesty "the baby," who if he could talk while he was still helpless, would probably say: Please do not pick me up by the arms, but be careful how you handle me and lay me down. Do not give me a dirty pacifier, or allow me to suck my thumb as it will spoil the shape of my mouth. Do not kiss me on the mouth. Do not sneeze or cough in my face. Do not dose me on patent medicines. Do not jolt or trot me on the knees when I cry. Do not expose me to whooping cough, measles or other catching diseases, for I might get sick and die.

PERFECTION ACCOMPLISHED BE CERTAIN You are getting the satisfaction possible in your permanent wave. We can set your wave by any of four methods, all of which have been found to be the very best to be found. With the permanent wave season at hand, you should make your appointment now and be assured you will not be disappointed when you need the wave. Whitlock's Barber Shop Phone 546

CITY LAND WORTH \$60,000 A STEP

ACCESSIBILITY NEW FACTOR IN DETERMINING VALUES —NEED BETTER ROADS.

By E. E. Duffy.

Every time a person takes a three-foot step on State street, Chicago, between Monroe and Washington streets, \$60,000 worth of land is passed by. The same is true of a portion of Wall street and of Broadway, New York City. Twenty thousand dollars a front foot for a portion of Mother Earth seems like an outrageous figure, particularly to ruralites who may purchase all the land they want for a dollar or two a foot.

In smaller cities, a thousand dollar bill will usually buy a front foot of the choicest business property, which still appears a high price in the eyes of the farmer who often-times is willing to part with a whole acre for a fifth of that sum. What makes the price of property high? The explanation is simply that of supply and demand plus a new modern factor—accessibility. Cities and towns are always built around a hub referred to as the business center, the business district or merely "downtown." Naturally the supply of land is limited in the downtown section and hence the rise in land values, for such property is desirable because of the large number of people served.

But accessibility is playing a more and more important part in determining land values. The farm situated on well paved roads commands a greater price than one served by roads over which travel is uncomfortable and expensive, marketing uncertain and the cost of road maintenance is high. The same is true of property. A survey reveals the highest priced property is the most easily accessible to the largest number of people. Accessibility attracts purchasers to downtown stores and shops. Accessibility attracts home seekers to residential neighborhoods.

Nowadays the question is frequently asked, "Why are not city and town streets as smoothly paved as most country roads leading to them?" That is a good question.

Sore Gums-Pyorrhea

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. Leto's Pyorrhea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails.—Douglas & Goldson Drug Co.

"TOO PRECIOUS TO BE LOST THRU NEGLECT"

General Pershing, in his address before the American Legion convention, delivered at San Antonio, made statements that are worthy of careful consideration by all citizens of Young County. Pointing out that less than half of our voters participated in the last general election and that in many instances officials have been elected to high positions with only 8 per cent of the voters voting, the General continued:

"As partners of the Government, under which you are privileged to live, you have a very positive obligation to participate in its management. It is an organization of government by the people and for the people of which each of you is one of the individuals.

"Of all citizens, there are none who should more clearly understand or more sacredly perform their duties than veterans who had the honor to bear arms in the country's cause.

"I wish that all citizens lead by the example of our veterans, would realize that as such we are accountable to our neighbors, our friends, and our children for the kind and the effectiveness of the Government under which we shall live."

"It hardly need be stated that as a people we are quite as responsible for the loss of our liberties as we would be to lose through failure to defend them by force.

"Such neglect leaves open the door for the charlatan or the demagogue to enter and assume control of affairs, both local and otherwise. The standards of official life are thus lowered and the administration of public force frequently becomes the source of personal gain.

"A government determined by less than 50 per cent of the total possible vote cannot be justly called a government by the people. It is government by a minority. The lethargy thus indicated on the part of our people

has become a serious menace to our institutions. "Under no flag in the world have people ever enjoyed greater freedom or found more of happiness. These things are too precious to be lost through neglect." We recommend this thoughtful utterance. May we not hope that the ex-service men of Young County will lead us in the faithful performance of our peace time duties to our great government.—Oney Enterprise.

MIAMI SOON TO BE SERVED WITH NATURAL GAS FUEL

The laying of the natural gas lines by the Miami Gas Company in the city limits will be completed soon according to Miami officials. The same line will serve Mobeetie, Laketon and Miami.

WIPE OUT DIRT ROADS IN IOWA

CORN STATE PAVES 6 MILES DAILY: PORTENDS SOLUTION OF HIGHWAY PROBLEMS.

By E. E. Duffy.

Evidence is to be found on every hand that the road problem is being solved. The Iowa State Highway Commission has just announced that road builders in that state have been wiping out dirt roads at the rate of six miles a day.

With 600 miles of first class pavement completed by August 31, it is believed that Iowa will have added a total of 700 or more miles of pavements to the primary system when the current road building season is finished. This will exceed the best previous year's achievements by 375 miles. Iowa dirt and mud, so say the citizens, will in the future raise corn instead of Cain.

All states are not eliminating dirt roads at the rate of six miles a day, and but few are at present equaling or bettering Iowa's progress. A number of states with resources equal or superior to those of Iowa are accomplishing far less in a road building way. However, changes and improvements in methods of road financing and planning are being instituted that bid fair to bring duplications of the spirit of Iowa.

The heavily traveled dirt and gravel roads must go for they constitute about the most expensive non-luxury gnawing at the taxpayer-motorist's pocketbook.

A traffic of 500 vehicles a day, according to N. M. Isabella, Wisconsin maintenance engineer, will wear away at least an inch of gravel in the course of a year. The yearly loss per mile of 18-foot gravel road is 400 cubic yards of material, which at a cost of \$2.00 per yard, brings the total yearly loss to no less than \$800 a mile.

The maintenance cost of inferior highways often runs much higher than this figure. Consequently the placement of hard pavements eliminated a fixed lost-material charge, which is replaced by an almost negligible surface repair charge. Iowa reports that in 1927, 940 miles of hard pavement on the primary road system were maintained at an average per mile cost of only \$247.

Such facts as these are giving the motoring world, which includes just about everybody in one way or another, the stimulus to demand roads of greater utility, dependability and economy.

Physical exercises for 20 minutes a day have been made compulsory in all schools of Costa Rica by recent executive decree. A special department for the training of teachers in physical education will be organized.—School Life.

WILD DUCKS TO FORM FEED FOR CELEBRATION

A wild duck banquet at which one thousand wild ducks will be served to one thousand visitors will feature the celebration on November 20th, when passenger train service is formally inaugurated into Plainview. Such was the plan reached at a joint meeting of the members of the Board of City Development and the directors of the Chamber of Commerce and Agriculture Tuesday evening, where various and sundry plans for properly celebrating the occasion were discussed, enthusiastically by members of both for three hours.

That Plainview should celebrate as it has never celebrated an occasion before was the consensus of opinion of all the local commercial organization leaders present at the meeting. That the acquisition of the Fort Worth and Denver South Plains railroad into Plainview is the greatest single achievement for this territory seems to be the opinion of all, and they are determined that a celebration in keeping with the full import of the achievement shall be staged.

Chas. Reinken was unanimously elected chairman, and H. S. Hillburn, vice-chairman of an executive committee of which the other members are: J. C. Anderson, Jr., Winfield Holbrook, J. D. Gouley, J. D. Steakley, and R. Q. Silverthorne, which committee seems to be the opinion of all, and they are determined that a celebration in keeping with the full import of the achievement shall be staged.

Tentative plans worked out Tuesday evening call for the duck banquet at about seven o'clock, after which the formal ceremonies and speaking incidental to formally opening the new rail line will take place in the Plainview Auditorium until the wee small hours of the night is to be arranged.

The plans for celebrating, and entertaining the visitors who will come on the six special trains include plenty of personal attention to the visitors. Chairman Reinken told the men present that at no time in her history will more distinguished men be present than on this. He said that the personnel of the various delegations that will make the train trip to Plainview includes many leading business and professional men of Texas, that the trains will not bring subordinates of big business houses, but rather the executives themselves. The highest officials of the Burlington, and Fort Worth and Denver railroad are expected as well as numerous governmental officials. A special invitation will be sent to the Railroad Commission of Texas, to the Interstate Commerce Commission members, and to many other

prominent citizens of Texas and the Southwest who rendered invaluable aid in securing the Denver road for this section.

A. E. Boyd was named chairman of a committee composed of P. B. Randolph, R. A. Underwood, and F. R. Day to look after the invitation part of the celebration. The executive committee will make the appointment of its various subordinate committees within the week, and see that every phase of the celebration is delegated to some particular committee which shall be responsible.

Special trains will be run into Plainview ten minutes apart beginning at three thirty on the 20th headed by the Fort Worth and Denver officials and from the following cities respectively: Dallas, Fort Worth, Wichita Falls, Childress and Amarillo.

Present at the meeting Tuesday evening were: Chas. Reinken, A. G. Hill, R. A. Underwood, C. D. Wofford, E. O. Nichols, J. D. Steakley, Chas. A. Malone, R. Q. Silverthorne, Will Locke, Bill Gouley, and W. O. Daniels.

TRAINING SCHOOL IS PART OF FORD WORK

Absolute uniformity of service on the New Ford Model "A" cars and model "AA" trucks is being maintained by the Ford Motor Company through a plan which involves the training, in the Ford plants, of ten thousand garage mechanics. The Ford branch plants, and the Detroit factories have assumed the character of a gigantic training school, to which every Ford dealer in the United States is sending one or more representatives.

This school for service men began with the training of superintendents and foremen of the thirty-six branch plants of the company in the United States. Before the Model "A" Ford car was introduced, these men from the branch plants were being schooled in the manufacture and assembly of the new car. They returned to the thirty-six Ford branches and immediately began the training of men for dealers in their respective factories.

The men come in relays, each group as large as the branch plant can handle conveniently. The groups are purposely kept small, in order that the most intensive training can be given. Each man is put through the same course given the branch men at Detroit, and upon its completion is given a rigorous examination. This examination includes many points about the car which might not be considered essential, from the service man's viewpoint. However, the Ford Company is requiring complete knowledge of the car on the part of every dealer's service men. Failure to

make a passing grade means that the man has to take the entire course again. If he fails a second time he is sent back to the dealer with the suggestion that he is not considered qualified to give Ford service; whereupon, the dealer sends another man for the next training school session. This requirement for trained service men extends to every Ford dealer no matter how small his establishment may be. Many dealers have sent two or more men to the branch for training. Upon passing the factory examination, these men return to the dealer's shops and pass on to the entire shop organization the same careful instruction given at the branches.

Give the hens a heavy feed of grain at night as cold weather comes on. It is a long time between their evening meal and breakfast.

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS COUNTY OF DONLEY

TO THE RESIDENT PROPERTY TAX-PAYING VOTERS OF DONLEY COUNTY, TEXAS:

TAKE NOTICE That an election will be held on the 21st day of November, 1928, within Donley County, Texas, to determine if said County shall issue bonds and if ad valorem taxes shall be levied in payment thereof in obedience to an election order entered by the Commissioners Court on the 20th day of October, 1928, which order is as follows: On this, the 20th day of October, the Commissioners Court of Donley County, Texas, convened in recessed regular session, at the regular meeting place thereof in the Court house at Clarendon, Texas, all members of the Court, to-wit: J. R. Porter, County Judge; Edwin Bales, Commissioner Precinct No. 1; J. H. Hurn, Commissioner Precinct No. 2; J. F. Stiles, Commissioner Precinct No. 3; J. R. Bain, Commissioner Precinct No. 4; Lottie E. Lane, County Clerk and ex-officio Clerk Commissioners Court, being present, came on to be considered the petition of J. T. Patman and one hundred (100) other persons, praying that bonds be issued by said Donley County, Texas, in the sum of One Million (\$1,000,000.00) Dollars, bearing four and three fourths (4 3/4) per cent rate of interest, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not later than thirty (30) years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in the aid thereof, and whether or not ad valorem taxes shall be levied on all taxable property within said County, for the purpose of paying the interest on said bonds and to provide a

sinking fund for the redemption thereof at maturity; and It appearing to said Court that said petition is signed by more than fifty (50) of the resident qualified property tax paying voters of said Donley County; and It further appearing that the amount of bonds to be issued will not exceed one fourth of the assessed valuation of the real property of said Donley County; IT IS THEREFORE CONSIDERED AND ORDERED BY THE COURT that an election be held in said County on the 21st day of November, 1928, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said County shall be issued in the amount of One Million (\$1,000,000.00) Dollars, bearing four and three fourths (4 3/4) per cent of interest, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not later than thirty (30) years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in the aid thereof; and whether or not ad valorem taxes shall be levied upon all the property in said County subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Chapter 16, Acts of 39th Legislature, First Called Session, 1926. All persons who are legally qualified voters of this State and this County, and who are resident property taxpayers in Donley County shall be entitled to vote in said election, and to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF AD VALOREM TAXES IN PAYMENT THEREOF."

And those opposed shall have written or printed on their ballots the words: "AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF AD VALOREM TAXES IN PAYMENT THEREOF."

The polling places and presiding officers of said election shall be respectively as follows: Commissioners Precinct Number One (1), Donley County, Texas: Voting Box No. 1, at Goldston; At Goldston School House, with G. R. Grant presiding officer; Voting Box No. 7, at Jericho; At Jericho School House, with Berry James presiding officer; Voting Box No. 11, at Martin; At Martin School House, with T. R. Adkins presiding officer; Voting Box No. 12, at Pleasant Valley; At Pleasant Valley School House, with P. H. Longan presiding officer; Voting Box No. 16, at Asholia; At Asholia School House, with J. A. Johnson presiding officer; Commissioners Precinct Number Two (2), Donley County, Texas: Voting Box No. 2, at Clarendon; At Clarendon Municipal Building, with J. T. Patman presiding officer; Commissioners Precinct Number Three (3), Donley County, Texas: Voting Box No. 3, at Lelia Lake; At Lelia Lake School House, with G. T. Adams presiding officer; Voting Box No. 4, at Giles; At Giles School House, with Arthur Hanson presiding officer; Voting Box No. 5, at Hedley; At Hedley School House, with C. O. Cooper presiding officer; Voting Box No. 10, at Bray; At Bray

School House, with Ralph H. Davis presiding officer; Voting Box No. 14, at Smith; At Smith School House, with C. A. Crow presiding officer; Voting Box No. 15, at McKnight; At McKnight School House, with J. C. Hickerson presiding officer; Voting Box No. 17, at Naylor; At T. N. Naylor Home, with J. T. Bain presiding officer; Commissioners Precinct Number Four (4), Donley County, Texas: Voting Box No. 6, at Rowe; At Hackberry School House, with T. L. Naylor presiding officer; Voting Box No. 9, at Oiler; At J. L. Hawkins Home, with Homer Lee presiding officer; Voting Box No. 8, at Whitefish; At Whitefish School House, with D. W. Turner presiding officer; Voting Box No. 13, at Skillet; At Skillet School House, with G. F. Weaver presiding officer.

Of which One Million (\$1,000,000.00) Dollars, Four Hundred Twenty-five Thousand (\$425,000.00) Dollars is to be used for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, on State Highway No. 5 in Donley County; and of which One Million (\$1,000,000.00) Dollars, Seventy-five Thousand (\$75,000.00) Dollars is to be used for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, on State Highway No. 25 in Donley County; and of which One Million (\$1,000,000.00) Dollars, Three Hundred Twenty-five Thousand (\$325,000.00) Dollars is to be used for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, on State Highway No. 88 from the North County Line of Donley County, to the South County Line of Donley County, and through the entire County.

And of which One Million (\$1,000,000.00) Dollars, Commissioners Precinct No. 1, Donley County is to receive Fifty Thousand (\$50,000.00) Dollars for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, the lateral roads in said Commissioners Precinct No. 1, of which One Million (\$1,000,000.00) Dollars, Commissioners Precinct No. 2, Donley County, Texas, is to receive Twenty Thousand (\$20,000.00) Dollars for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, the lateral roads in said Commissioners Precinct No. 2, of which One Million (\$1,000,000.00) Dollars, Commissioners Precinct No. 3, Donley County, Texas, is to receive Sixty-seven Thousand (\$67,000.00) Dollars for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, the lateral roads in said Commissioners Precinct No. 3, of which One Million (\$1,000,000.00) Dollars, Commissioners Precinct No. 4 is to receive Seventy-five Thousand (\$75,000.00) Dollars, of which \$75,000.00 is to be used in helping to pay for the construction of bridge across Saddle Creek in Donley County, Texas. The manner of holding said election

shall be governed by the General Laws of the State of Texas regulating General Elections when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Clarendon News and the Hedley Informer, newspapers published in Donley County, for three successive weeks before the date of said election and in addition thereto there shall be posted by the County Clerk other copies of this order at four public places in the county, one of which shall be at the Court house door of Donley County, for three weeks prior to said election.

The County Clerk is hereby directed to give notice of said election as requested by law and as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this court.

LOTTIE E. LANE Clerk of the County Court and Ex-Officio Clerk of the Commissioners Court of Donley County, Texas.

A Statement to the Public by L. W. Baldwin, President of the MISSOURI PACIFIC LINES

Future of the Southwest Will Be Measured by the Agricultural Development

BASIC importance of agriculture is unquestioned. Everyone knows that sound and lasting prosperity in the United States is dependent upon the productivity of the Agricultural Industry. This is especially true in the Great Southwest. And this fundamental, economic truth is recognized by the Missouri Pacific Lines. Furthermore, the Missouri Pacific organization is doing everything possible to assist in putting all branches of Agriculture on a happy and prosperous basis.

Demand and market for products of Agriculture are increasing in far greater proportion than our increases in population would seem to justify. Improved transportation—distribution—is largely responsible. Fresh fruits and vegetables, only recently referred to as "out of season" and as hot house luxuries, now are common articles of diet the year round on nearly every table in the country. American producers now are marketing annually nearly 2,000,000 car loads of perishable fruits and vegetables. This is virtually double the consumption in the United States less than ten years ago and the fact is mentioned merely to show the possibility for future development.

Responsibility for agricultural development rests primarily on the people who are living on the land, but other institutions such as the Missouri Pacific Lines can, and our earnest desire is, to be of great service in working out and applying the solution of the so-called problem of Agriculture. That is the reason the Missouri Pacific Lines maintain a staff of experts available to assist in the development of any community or section along sound and practical lines.

Our experts do not advocate "growing two blades of grass where only one grew before," but they do advocate more efficient and economical production. Or, in other words, Missouri Pacific men advocate more bales of cotton or bushels of wheat or corn on fewer acres. And, in addition, they advocate an intelligent diversification of production that has for its ultimate aim, a cash "pay day" on every farm every month.

There are vast areas of comparatively undeveloped territory along the Missouri Pacific Lines and not only the experts in our Agricultural Development organization but also every member of the Missouri Pacific Lines family will gladly help farmers and any others interested in any scheme or plan for constructive development of any community.

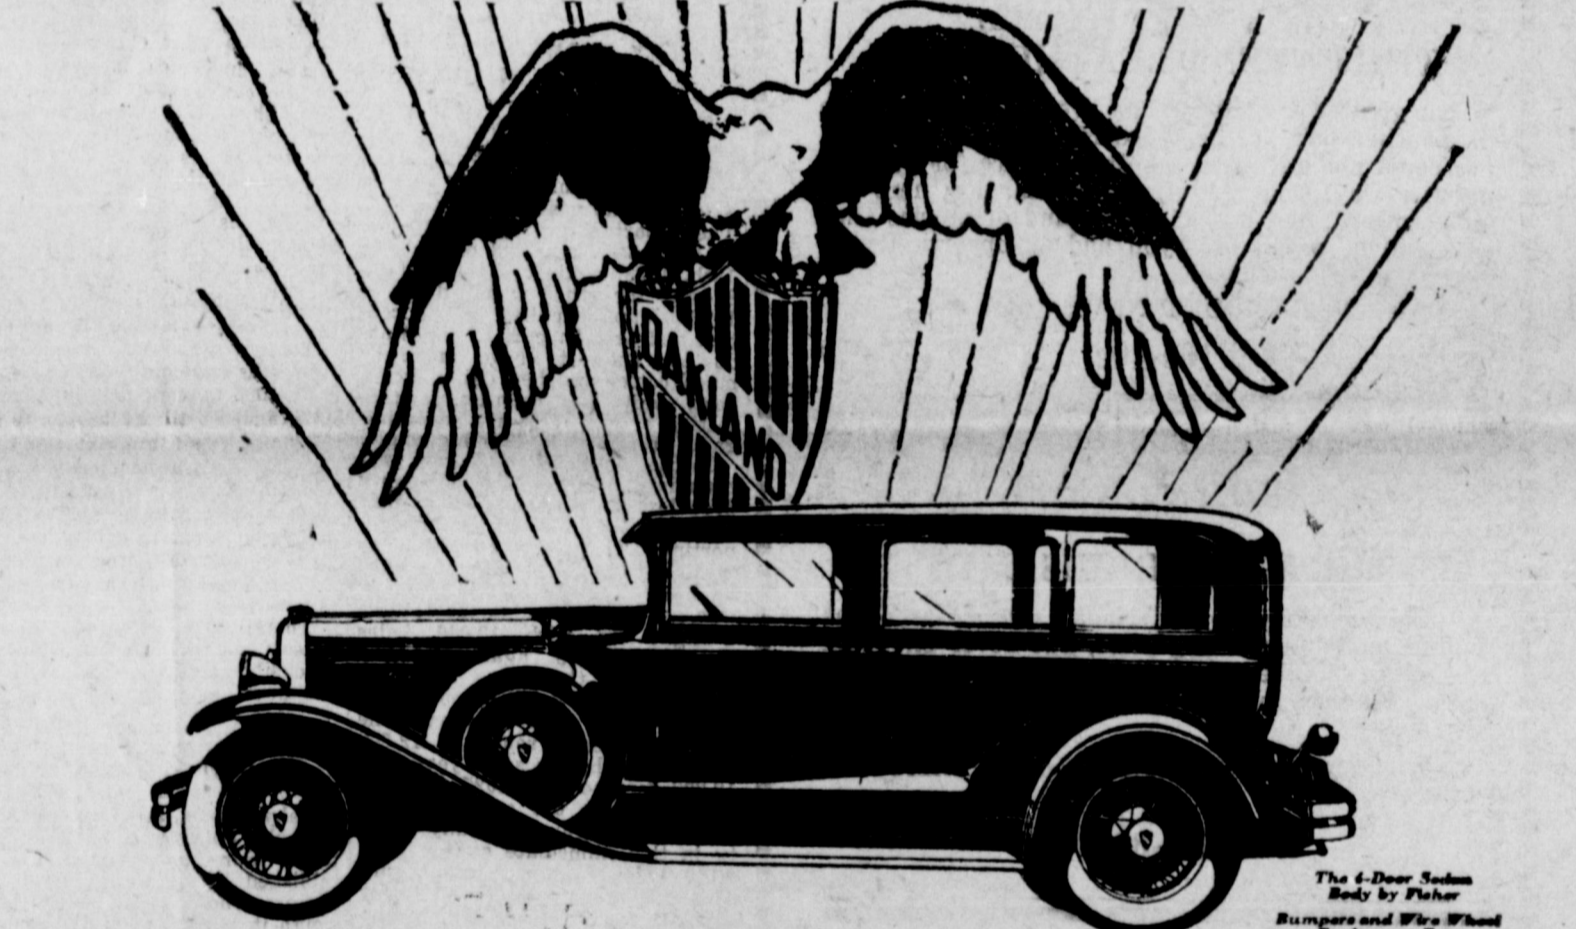

Millions of dollars of new wealth have been created and put in circulation in the Southwest, in some instances largely and in many places at least partially as a result of the assistance of the Missouri Pacific Lines. More such tangible prosperity is in prospect. Our organization solicits the opportunity to be helpful wherever possible and anyone interested should feel free to consult any Missouri Pacific man at any time.

I solicit your co-operation and assistance.

President
L. W. Baldwin

EA Service Institution?

and Now OAKLAND presents A NEW All-American Six

An entirely new conception of the modern motor car. So original in design . . . so brilliantly executed . . . you'll hardly believe your eyes. Magnificent successor to a justly famous name . . . a New All-American Six.

Daring in style . . . exemplifying Fisher genius in the creation of new designs. Brilliant in beauty . . . revealing new harmonies of colors and lines. Triumphantly new. Appealingly different. Finer in every way. From its chrome-plated front bumper back to its chrome-plated tail-light . . . as new as this morning's dawn.

A new chrome-plated radiator . . . surmounted by a large flat chrome-plated cap. Graced by a new front

louver effect in an exclusive chevron design. Flanked by new seamless full-crown fenders . . . flaring fenders with a 71-inch spread.

And then the bodies! Seven new and superbly beautiful types . . . Closed types with adjustable drivers' seats. Two convertible closed cars . . . The Convertible Cabriolet and the Landaulet Sedan.

And such glorious performance as you've never known before. Soaring top speed . . . seventy miles an hour and more! Sixty-eight brake horse-power at 3000 r.p.m. A flashing pick-up . . . from 10 to 25 miles per hour in six seconds flat.

Such balance . . . such smoothness . . . such silence . . . such poise.

Resulting from its great new 228-cubic inch engine with exclusive patented rubber-cushioned mountings . . . 81-lb. crankshaft . . . harmonic balancer . . . larger, more highly perfected carburetor . . . the G-M-R cylinder head. Such marvelous control. Steering ease from a new improved mechanism. Braking ease from its new internal expanding four-wheel brakes . . . individually adjusted . . . requiring minimum pressure for a sure, silent, velvet-smooth stop.

Only the highlights have been mentioned. Only a hint regarding its pulse-stirring performance and style. To get the whole picture . . . to appreciate what its price will buy . . . come in. Have your highest expectations realized!

Prices \$1145 to \$1375 at factory. Lovejoy Hydraulic Shock Absorbers and spring covers included in list prices. Bumpers and rear fender guards extra. Check Oakland delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Johnson-Mahaffey Motor Co.

Airport Requirements To Be Analyzed By Experts At National Conference

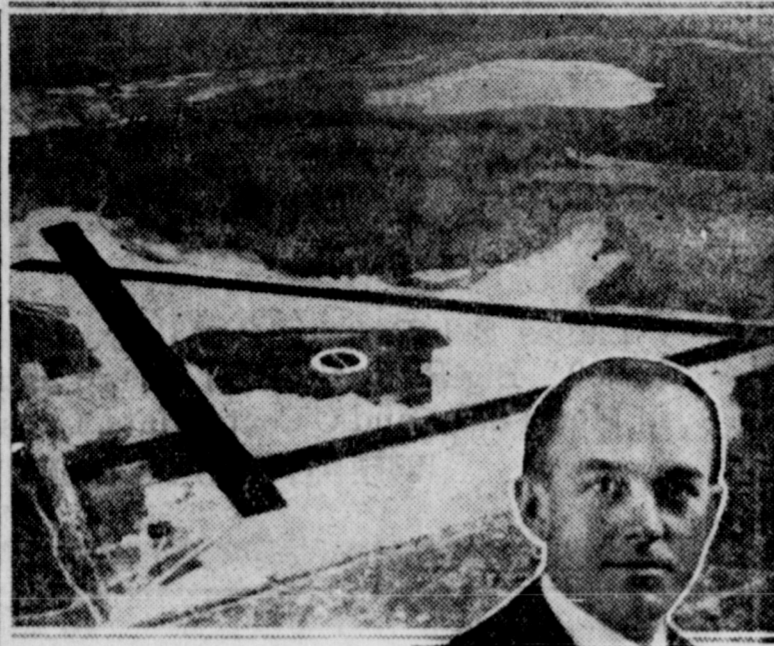

FOR the first time in its history, the Seventh Annual Asphalt Paving Conference, which will be held this year at New Orleans during the week beginning December 2, will discuss technical problems and requirements involved in the construction of airport runways, aprons, landing strips and roadways, and their surface treatment. Included in the roster of notables who are expected to participate in the conference are William F. MacCracken, assistant Secretary of Commerce in Charge of Aeronautics, and Col. H. H. Blee, engineer for the Aeronautical Division of the Department.

Demand for expert consideration of airport construction problems is underscored by the remarkable development of commercial airway systems in the United States. Keen competition between rival airplane lines for the lion's share of passenger and express traffic, has compelled the carriers to use larger and more luxurious planes and to build safer and more attractive landing fields, with up-to-date waiting rooms and associated conveniences, similar to the accommodations featured by prosperous railroad systems.

As a safety measure and to assure a comfortable take-off or landing, many of the airports have been constructed, or are planning the construction of asphalt surfaced runways. Airport engineers point out that the visibility of the asphalt pavement is unexcelled for day or night landings or take-offs. It forms an outstanding background for the standard 100 foot circle marking the airport and the guide lines for the runways, while identification markers and direction indicators of white or orange paint contrast vividly with it.

Recently the asphaltic background of the hangar aprons at Sacramento, Calif., won the praise of Colonel Lindbergh, who was a guest there of the field management. Clarence Chamberlain and Commander Byrd also "favor" asphalt paving for airports.

In addition to airport discussion, the New Orleans conference will present new and far-reaching ec-

Birds-eye-view of Municipal Airport, Jacksonville, Fla., with asphalt paved landing strips.

onomic and technical questions of vital importance to road builders and the expansion of the nation's good roads' program. The vast possibilities in the surface treatment of the many thousands of miles of roads that constitute the secondary system of highways will be dealt with by an ensemble of prominent engineers and technical experts, including several officials of the United States Bureau of Public Roads. This feature of low cost road surfacing has been endorsed by many states and complies with the plea of the Department of Commerce for the conservation of national assets through the use of local materials in highway construction.

Another high spot at the conference will be the presentation of reports from highway officials as to the most economical types of asphalt road surfacing, based on scientific tests and personal observations of "wear and tear". Re-

Col. Harry H. Blee, Chief of Airport Section, Aeronautics Branch, Department of Commerce, One of Principal Speakers.

ports will be submitted by officials from the following states, viz., Massachusetts, Michigan, Maryland, North Carolina, Tennessee, Louisiana, Georgia and California, along with officials of the Province of Ontario in Canada. City, county, state and Federal highway officials from all parts of the country will attend the conference, for which a most elaborate entertainment program has been planned. The local arrangements are being cared for by Hon. John Kluer, Commissioner of Public Property, City of New Orleans.

REASONS GIVEN FOR THE HATCHERY OF CHICKENS

The following data have been gathered carefully from many sources and will show the raiser of poultry why he should buy his chickens after they have hatched, rather than attend to a hen while she broods. The establishment of a commercial hatchery for Clarendon will solve the situation insofar as the local territory is concerned and will be worth many dollars to the poultry fancier of this county alone. The article follows:

Hatching chicks in the old-fashioned way is fast becoming obsolete when an accounting of costs and results is made. Records over the past few years show that more and more poultry raisers are finding it more satisfactory and more economical to buy their chicks from a dependable hatchery.

Hatcheries pay from 30c to 75c per dozen for hatching eggs. If a farmer were to take even the cheapest of these eggs at 30c a dozen for hatching under hens, a setting of 15 eggs would cost him 37 1-2c. If the setting hen were broken up (which is easily done), she would lay at least three dozen eggs during the hatching period, which, at 30c per dozen would equal 90c.

It must be remembered, too, that small breeds, like Anconas, Leghorns and Minorcas do not

set—only the heavy breeds averaging about six pounds each. After setting three weeks this hen will lose at least two pounds. At 25c a pound this is a direct loss of 50c. In addition it is worth 50c to take care of a setting hen.

Tabulating these various costs, leaving out many small items that could be included, we arrive at the following:

Value of 15 eggs set under hen	37 1-2
Value of 35 eggs hen should have laid	90
Loss of hens weight	50
Labor	50
Total	\$2.27 1-2

In addition to this, the best records we have been able to obtain show that an average of not more than eight chicks out of fifteen are hatched under a hen. This means that chicks hatched in the old-fashioned way cost practically 28 1-2c each and cannot be produced for less.

Contrast the foregoing facts and figures with the modern method of buying chicks from a dependable hatchery.

You are assured of 100 per cent delivery—healthful, thriving chicks that will live and grow.

You are saved the work and worry of attending to a setting hen.

You get your chicks for half the cost of hatching them in the old-fashioned way.

CONVERTING HOME PRODUCTS INTO MONEY

Selling \$213.80 worth of home products at a booth at the Kaufman County Fair, home demonstration club women that county have not only earned some welcome pin money but have taken the first step in the organized marketing of home products. The sales committee reported the following products best sellers: homemade rag rugs, canned fruits, pepper relish, pickles, chili sauce, home baked cakes and dressed hens.

To encourage Texas farm women in the development of home industries to increase the family income Miss Mamie Lee Hayden has been added to the Home Demonstration Extension Staff at A. and M. College as Home Products Specialist. Her work is to aid groups as that in Kaufman County through their county home demonstration agents in the organization of local selling organizations.

CHAMPION WHEAT GROWER GETS AUSTRALIAN SAMPLES

Giles Garner, champion wheat raiser who lives near Snyder, has received two ounces of drought resisting wheat, namely Nengaar, Newawa, and Gliyyas Early wheat from the Experimental Farm in Perth, Australia for propagation purposes.

RAILROADS TO COOPERATE WITH PANHANDLE-PLAINS IMMIGRATION PROGRAM

MEETING IN AMARILLO ON NOVEMBER FIRST BRINGS MOST IMPORTANT DEVELOPMENT SINCE ORGANIZATION OF BODY. A CO-ORDINATED EFFORT IN ADVERTISING PANHANDLE SECTION IS TO BE STARTED AT ONCE.

One of the most important moves in the effort of years to populate the rural districts of the Panhandle was made in Amarillo on Thursday, November 1st, when a group of railroad officials, representing the three large systems in the Panhandle, met with the directors of the Panhandle-Plains of Texas, Inc., to discuss the proposed immigration campaign of 1929.

The purpose of the meeting, primarily, was to ascertain the views of the railroad officials on methods of proper co-ordination between the carriers and the Panhandle-Plains of Texas, Inc., in this immigration movement. Heretofore these interests have been operating separately, each railroad carrying its pamphlet and newspaper publicity in such areas as it deemed the best suited to their individual purpose, and the Panhandle-Plains of Texas, devoting its particular attention to the states of Iowa, Kansas and Nebraska. In many instances these efforts overlapped and there was a duplication of both energy and expense, without the continuity of effort that was desirable.

Seven representatives of the Rock Island, headed by Mr. Leon M. Allen, V. P. and P. T. M. of

Chicago, attended the meeting, the Santa Fe having two representatives and the Fort Worth & Denver one. On behalf of the Rock Island Mr. Allen announced definitely that his company would work in complete harmony with the Panhandle-Plains of Texas, Inc., and advised the meeting that the Rock Island would immediately begin a series of newspaper advertisements in farm journals in Kansas, Nebraska and Iowa, as well as some other states, emphasizing the agricultural possibilities of the Panhandle-Plains section of Texas.

The representatives of the other lines, while not committing themselves definitely to any agreed program, stated that their companies were in sympathy with the movement and would endeavor to work out a plan of mutual co-ordination.

As a result of this conference the railroads will confer with one another within the next few days and submit to the directors of the Panhandle-Plains of Texas, Inc., a plan by which the railroads may participate in this co-ordinated movement.

The 1928 campaign, which was conducted by the Panhandle-Plains of Texas, Inc., without the active co-operation of the carrier, displayed exhibits at 15 fairs in Kansas, Nebraska and Iowa, operated over a period of six weeks, carried several thousand dollars worth of advertising in local newspapers at those places and distributed nearly one-half million pieces of literature descriptive of the Panhandle. This campaign was financed exclusively by the city of Amarillo, and its results have been so satisfactory that encouragement has been given to the conduct of a greatly expanded effort in 1929.

No more significant meeting of Panhandle interest has been held in late years than this conference of railroads, agricultural and commercial interests, having for its object the settlement and cultivation of Panhandle agricultural sections.

It is proposed that as soon as the carriers shall have submitted their proposal to the directors of the Panhandle-Plains of Texas, Inc., that a general conference will be called to which will be invited officers and members of the va-

rious Chambers of Commerce, County Judges and members of County Commissioners Courts and representatives of Panhandle newspapers, this conference to determine upon plans for the 1929 immigration campaign.

The Santa Fe was represented by H. W. Carville, Chief Clerk in the office of the G. P. A., Amarillo, and J. D. Tinsley, Agri. Agent, Topeka, Kan., and the Fort Worth & Denver was represented by M. B. Oates, Agri. Agent, Wichita Falls.

Those attending the meeting in Amarillo were: E. B. Black, Hereford; D. H. Lloyd, Vega; J. W. Stevens, Tulia; F. H. Hill, Panhandle; Matt A. Cram, Plainview and Harve H. Haines, Amarillo, Directors of the Panhandle-Plains of Texas, Inc.; the Rock Island was represented by Mr. Leon M. Allen, V. P. & P. T. M., Chicago; C. A. Searle, G. P. A., Kansas City; Jno. G. Farmer, G. P. A., Fort Worth; J. A. Stewart, Ind. Comm., Chicago; I. C. Bruce, Dist. P. A., El Paso and W. H. Clutter, City P. & T. A., Amarillo;

Canned pineapple can be served in a number of appetizing ways when fresh fruits become scarce. Pineapple pies, tarts and sauces for deserts are all delicious. Pineapple and sweet potato baked in alternating layers makes a good vegetable combination. Fried sliced pineapple is often served with meats, just as apple sauce or fried apples or a tart jelly is served. A good winter preserve can be made from canned pineapple and dried apricots.

Red Cross Membership Is Sound Investment, Business Leader Says

"We believe that individual membership in the American Red Cross is a sound investment yielding the investor tremendous returns in personal satisfaction," is the statement of William Butterworth, president of the Chamber of Commerce of the United States, in endorsing the twelfth annual roll call of the American Red Cross, Nov. 11-29. Mr. Butterworth's statement follows:

"The men engaged in carrying forward the business and industry of this nation are quick to respond, and respond generously, when human suffering calls for their assistance. They welcome the existence of an organization authorized by international treaty and congressional charter to act as their agency, and the agency of all the people, in providing relief in disaster and promoting their beneficial services to humanity. The nation's business men take particular pleasure in supporting The American National Red Cross because it has applied sound and efficient business technique and administrative methods without sacrifice of sympathy and understanding in the prevention and mitigation of human suffering.

"The Chamber of Commerce of the United States, as representative of the nation's business, has such confidence in the American Red Cross that it calls upon its member organizations to contribute to relief in disaster only upon Red Cross assurance that an appeal is necessary.

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction. The Red Cross is seeking to increase its membership to five million; the opportunity to join its ranks is presented by the Red Cross Chapters throughout the nation from November 11 to 29. It is good to be a link in this great chain of service reaching around the world." (Signed) WILLIAM BUTTERWORTH, President, The Chamber of Commerce of the United States.

RED CROSS NURSES AID IN HURRICANE DISASTER

In addition to their year around work in the Public Health field, the Public Health nurses of the American Red Cross have answered a number of calls to combat epidemics, and in disaster work during the year just ending, the Red Cross states.

Their greatest task was in the relief following the West Indies hurricane when 20 nurses were dispatched to Florida and 32 to Porto Rico, to assume charge of the health work there. Epidemic conditions were especially grave in both places, and inoculation of several hundred thousand persons had to be arranged in order to prevent spread of contagions. Nursing the injured, the sick, aged and young and caring for the newborn were heavy tasks in both areas.

The Red Cross nurses also were called upon for work in epidemics in communities, including the serious septic sore throat epidemic in New England and a typhoid epidemic in New York state.

More than 500 Red Cross Chapters throughout the nation operate nursing services which they support altogether or in part.

A FAST GETAWAY

to

High Compression Performance

FIRST, a quick, easy start. *Then*, high-compression performance from any motor.

That's what happens when Conoco Ethyl goes through the carburetor. This super motor fuel gets the best from all types of motors in all kinds of weather.

By performing perfectly in the new high-compression motors, it releases the full power which these motors were designed to develop. By "turning carbon into power" it makes motors of lower compression deliver high-compression performance.

Conoco Ethyl is indeed the miracle motor fuel. It is giving thousands of motorists an added pleasure in car ownership. When you try it, you'll quickly understand what a difference Conoco Ethyl can make in the general operation of your car.

Get it at the familiar Conoco Ethyl Sign.

Miss Frances Eddius Lecombe Bride of Mr. Cecil Cottingham

A quiet wedding which comes as a great surprise to the many friends of the popular young couple is that of Miss Frances Eddius, sister of Mrs. Eiba S. Ballew, and Mr. Cecil Cottingham of Amarillo.

The young couple were wed at the home of Mr. and Mrs. Elba S. Ballew, where Miss Eddius made her home, by the Rev. M. E. Graydon, Methodist minister of Wellington, Sunday afternoon, in the presence of a few close friends and relatives.

Mrs. Cottingham has made her home in Clarendon for a number of years, during which time she has attended a business college at Wichita Falls. She is well liked in her community and is known for her womanly grace and beauty.

Mr. Cottingham is a graduate of Deugh's Business College of Fort Worth and is now an employee of the State Highway Association.

They will make their home in Amarillo, where the congratulations and best wishes of their many friends follow them.

Hallowe'en Enjoyed at Home of Mrs. J. C. Estlack

A Hallowe'en party of much interest was that given by Mrs. J. C. Estlack for her sons, George, Wayne and Homer, on Wednesday evening.

The house was profusely decorated in Hallowe'en colors and symbols suggestive of all witchcraft, and ghosts really walked at this costume party. Hulda Joe Cauthen and Truett Holtzclaw received the prizes for the best costumes.

Mrs. J. M. Cousins, who, together with Mrs. Lindsey and Mrs. J. F. Cauthen, assisted in entertaining the children, told ghost stories so well that the children were so enthralled that a pin could have been heard to drop on the floor.

Many Hallowe'en games were enjoyed together with the refreshments, which were served late in the evening.

Those present: Joyce Smith, Ruth Marie and Hulda Jo Cauthen, Christine Cousins, Edith and Truda Mullineaux, Elizabeth Kemp, Isabell Wright and Etta Maude Thompson; Paul and Billy Green, George Bourland, Phillip Smith, Johnnie Beville, Stuart, J. D. and Frank Holtzclaw, Jack Lindsey, George Chamberlain, O. L. Smith, Jr., Geo. McClesky and Carroll McClung.

W. M. S. Appoints Standing Committees

The Baptist Woman's Missionary Society met in their regular business session November 7, and the following standing committees were appointed:

Personal Service, Mrs. Cap Lane, Mrs. J. H. Harris and Mrs. Emma Thornton. Education, Mrs. Joe Goldston, Mrs. S. R. McClung and Mrs. H. T. Burton. Publicity, Mrs. J. T. Warren, Mrs. W. C. Stewart and Mrs. John Vineyard. Social, Mrs. G. G. Kemp, Mrs. W. A. Massie, and Mrs. J. H. Headrick. Benevolence, Mrs. E. R. Tatum, Mrs. Lotta Kimbell and Mrs. A. T. Cole. Young People's Leader, Mrs. Joe Goldston. Methods and Finance, Mrs. T. M. Couch, Mrs. W. M. Moseley and Mrs. Major Hudson. Mission Study, Mrs. Geo. McClesky, Mrs. W. B. Sims, and Mrs. D. L. McClellan. Missions, Mrs. Mollie Gray, Mrs. C. M. Lane and Mrs. E. A. Thompson.

On next Wednesday the west circle will meet in the home of Mrs. Joe Goldston and the east circle in the home of Mrs. J. H. Reeves. All members are urged to meet with their circles on that day.

Mrs. Sam Dyer Is Hostess to Friday Bridge Club

The members of the Friday Bridge Club met in the home of Mrs. Sam Dyer Friday afternoon for one of their pleasant afternoons of bridge. Many pretty Autumn flowers greeted the guests and made the room more attractive.

High score was presented to Mrs. C. E. Miller at the close of playing with Mrs. Charles Trent drawing consolation.

The guest list included Mrs. Selden Bagby, Mrs. Phillip Gentry, Mrs. James H. Morris, Mrs. Holman Kennedy, Mrs. Charles Trent, Mrs. Clarence E. Miller, Mrs. Park Chamberlain, Mrs. Forest Taylor, Mrs. Meredith Gentry, Miss Mildred Martin, club members, and Mrs. Forest E. Sawyer and Mrs. Jimmy Miller, invited guests.

Miscellaneous Shower is Given For Miss Katie Butler

A lovely affair of Tuesday afternoon was the miscellaneous shower given by Mrs. Walter Lowe at her country home in honor of Miss Katie Butler, bride-elect.

The rooms were attractively decorated with chrysanthemums and a color scheme of pink and white was developed in the clever well, which drew the attention and admiration of all present.

The guests registered as they arrived and then were given a piece of work to do for Miss Butler, consisting mostly of articles to be used in her kitchen.

Miss Butler was then asked to see what the well contained and

as she drew forth the contents, many beautiful and useful articles were disclosed. After a charming "Thank You" from the honoree a lovely plate luncheon was served to:

Mesdames W. A. Massie, J. E. Mongole, W. T. Lowe, Pete Kunz, W. L. Ball, Carl Bennett, Jr., W. O. Butler, W. L. Bell, W. M. Emmons, M. S. Parsons, Will Montgomery, Floyd Keener, Allen D. Bryan, Sam Lowe, M. E. Thornton, Jim Headrick, H. C. Brumley, T. M. Couch, Forest Sawyer, Glen Casey, of Amarillo; Misses Mable Mongole, Nell Butler, Catherine Cole, Edna Montgomery, Edna Butler, Virginia Butler, Lovella Bell, and the honoree; Masters Billie Lowe, Billie Headrick and Carl M. Bennett.

Win-One Class Enjoys Social and Business Meeting

Mrs. M. M. Noble was hostess to the members of the Win One Class at her home Monday afternoon, when they met in their regular monthly business and social meeting with an excellent attendance.

Much enthusiasm was shown as the plans and work for the Annual Christmas Bazaar, which will be held in the home of Mrs. Tom F. Connally, were discussed. Many items of interest were brought before the members during the business session and plans were laid for the year's work. Committees were appointed for the coming bazaar, and the yearly report given.

Busy fingers did fancy stitches on work for the hope box and were loathe to lay work aside for the delicious refreshments which were served by the hostess, assisted by Mrs. C. E. Miller.

1926 Book Club Is Guest of Mrs. B. L. Jenkins, Jr.

The 1926 Book Club members were guests of Mrs. B. L. Jenkins, Jr., at the home of Mrs. B. L. Jenkins, Sr., Tuesday afternoon, when they met primarily for the election of officers for the coming club year, and a parliamentary drill.

Mrs. Charles Trent was elected president, Mrs. G. L. Boykin, vice president; Mrs. Manley Ozier, secretary; Mrs. B. L. Jenkins, Jr., treasurer, Miss Maye Lumpkin, parliamentarian. Delegates to County Federation met, together with the president, Mrs. Joe Goldston.

Mrs. L. M. Cousins, Miss Temple Harris and Miss Helen Beck were elected to membership. Mrs. Fred Rathjen gave a splendid drill on parliamentary law before the refreshments for the afternoon were passed.

Episcopal Auxiliary Meets In Home of Mrs. George Ryan

A short program was given when the members of the Episcopal Auxiliary met in the home of Mrs. George Ryan for their regular weekly meeting Wednesday afternoon with the usual number being present.

Things of interest to the society were discussed during the business session which was followed by a social hour.

Mothers' Club In Study

"The Characteristics, Habits, Modes of Life and Uses of the Ant" was interestingly discussed at the home of Mrs. R. Wilkerson, where the members of the Mothers' Club met for their regular meeting, Friday night.

The members answered to roll-call by giving an observed fact, anecdote or quotation about ants.

Every form of ant life was discussed and proved to be a most interesting study.

An article on "Spiders" was read and Mrs. J. R. Porter gave two readings on "The Grasshopper and Cricket," by Leigh Hunt and Keats.

A piano duet by Ardis Patman and Drew Wilkerson was enjoyed as well as vocal solos by Margaret and Lalar Belle Wilkerson.

The sock supper, which was to be held Friday night at Martin, and a notice of which appears in this issue of the News, has been indefinitely postponed on account of serious illness in the community.

J. W. Martin and daughter, Miss Mildred, spent a part of last week in Wellington invoicing the grocery stock owned by Mr. Martin.

Bobby Boston Is Genial Hosts

Spooks and witches held full sway at the home of Mr. and Mrs. U. J. Boston Wednesday evening, when Bobby was the genial host to his close friends and the children of the immediate neighborhood with a Halloween party. Decorations and games suitable to the season were used with a witch beside her pot and lighted fire in her tent home, telling the fortunes of the young guests.

While the children were seated closely about Mrs. Boston, listening to ghost stories, a ghost came screaming through the room which gave the children a great thrill and a bad fright as well. Refreshments closed the evening's fun and the youngsters expressed their appreciation of the evening's entertainment.

Program For Junior High P. T. A.

The Junior High P. T. A. will meet in the auditorium of the Junior High School building Thursday, Nov. 15th, at 8:30 o'clock and a large attendance is desired to hear the following program:

Musical Number—Ardis Patman.
The Choice of Literature for Children—Mrs. Jim Headrick.
Our Home Literature and Its Effect on Children—Mrs. George Ryan.
Round Table Discussion, "What I Have Done to Create a Love for Good Literature in Our Home."
How to Procure and Use the Traveling Library in the School—Miss Lorena Stegall.

Betsy Parks is Hostess on Friday Evening

Games suggestive of Halloween were played at the home of Mr. and Mrs. Parks in College Heights Friday evening when Betsy Parks entertained with a Halloween party.

Fortunes were told with the adage, "If you tell it will not come true," being added and doubt expressed as any one of them coming true.

A refreshment course was served late in the evening to Aileen Bellew, Helen Louise Green, Beatrice Gorman, Dorothy Jo Ryan, Kathleen Odum, Ruby and Viola Sample, A. J. Smith, James Sample and Lowell LaFon.

Mrs. Sam M. Braswell is Delightful Hostess

Miss Fray Stallings, Mrs. G. L. Boykin, Mrs. C. E. Killough, Mrs. M. M. Noble, Mrs. J. R. Porter, Mrs. C. C. Powell, Mrs. Eva Rhode, Mrs. J. G. Sherman, Mrs. W. W. Taylor, Mrs. U. J. Boston and Mrs. D. O. Stallings spent such a pleasant afternoon Saturday in the home of Mrs. Sam M. Braswell, who proved to be a delightful hostess.

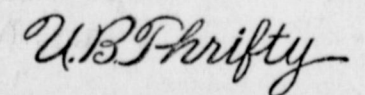

Bridge was enjoyed throughout the afternoon in rooms artistically decorated with chrysanthemums and other late Autumn flowers. A lovely afternoon refreshment course was served in late afternoon.

WHY DO THE SUCCESS- FUL USE BANKS?

Merely because it is to their advantage to do so.

If men who are successful think banks are useful—and they all do—wouldn't it be reasonable to suppose they can be helpful to all classes?

COULDN'T YOU USE US?

**Farmers State
Bank**

College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

SCHOOL SPIRIT

By Alfred Estlack.

Hey! Wait a minute! Did not the majority of you vote for an Annual? What's the matter? Are you sick or just slow in making your vote count with money? When the Annual question was put before you to vote on, your hands went up like skyrockets, but now when the money question is sounded you bow your heads like sunflowers under an ardent sun.

The problem of an Annual is a vital question, and the passing of a few days will either sound its triumph or its knell. It is up to you! Doesn't an Annual mean anything to you? If it doesn't, then don't be a stumbling block before some one who does want one. Actions are louder than words, and dollars are louder than actions, so why not make the loud or noise and make it possible for the school to put over an Annual? Something that you'll be proud of when it is finished and when you have drifted away from old acquaintances. When your class president comes around, give him your regards with \$2.50 worth of assurance that you are behind the Annual, and will do all in your power to make it a success. The business men are ready to help the advertising end of the bargain, and you should buy an Annual at the least. That is all that is asked of you and no more. An Annual is essential to the school, to you, and to the town in which you live. It holds the records and achievements of the year's work. It is a memory book of your classmates, friends and teachers. It is a treasury book, reflecting the images of your friends and pals—faces which the wearing of time cannot take away. If you are loyal to your school spirit, and willing to back its activities, then you are back of the "Annual Drive." Whether we put out an Annual or not depends upon you. You do your part and the Annual staff will be more than willing to do their share of the work. If you want an Annual, express your wish in dollars. Think it over seriously!

Clubs Presented in Chapel

The different clubs and organizations of the High School and College were represented by talks from their presidents in chapel Tuesday morning. The speakers gave the aims of the clubs and the work that they intend to do this year. The talks were made by the following students: Alpha Delta Psi, Loran Naylor;

Press Club, Mary Jo Chamberlain; Girls' Forum, Eunice Johnson; Boys' H-Y, Bill Dillard; Girls' Athletics, Delia Barnes; Boys' Athletics, Bill Dillard; Home Economics, Betty Walker.

Mr. Watson Talks in Chapel

After the regular announcements were made last Friday, the chapel exercises were conducted by Mr. Watson, vice president of the school board. Mr. Watson's business is that of selling farm implements along with a general line of hardware. In his talk he impressed the fact that the handling of these implements was an aid to the farmer in getting a greater production from his land at less expense. His talk was interesting and appreciated and we hope he will visit with us again.

Alpha Delta Psi

Alpha Delta Psi Literary Society met last Wednesday to make preparations and plans for the Halloween party that was to be staged during the late hours of the evening. Owing to the dismal weather conditions, it was voted by the members to postpone the party until the following week at which time a tramp party will be staged instead. The members will be attired in tramp style, and will carry a small lunch with them as the old hobo dos. The party being postponed, the members were at a loss as to how they would pass away the time before the society hour should be up. It was suggested that a spontaneous program be rendered, and spontaneous it was. Although given on the spur of the moment it was unusually carried out. A new song written by Jane Killough was read to the society, and unanimously declared fitting for the society. Marie Trostle gave a very beautiful piano solo, and Mr. Farrow gave a short talk on Chemistry. Mr. Farrow stated that West Texas promised unlimited possibilities in the manufacture of aluminum from potash.

Miss Bessie Lee Jackson entertained a select group of friends on Halloween night. Jokes were exchanged, and witty remarks made it a time of merriment for all. Most of the time was given over to card and game tricks. Immediately following the serving of refreshments all went motoring over the city to see how much had been done by the "prank players" during the hours before mid-night.

Mid-nite Blondes Have Great Success at Goodnight Saturday

The Mid-nite Blondes organization of our school put on their regular program at the Goodnight High School last Saturday evening. The crowd was not as large as the one that saw the performance at Groom some few weeks ago, but the boys report that the program was more of a success than at Groom. The boys kept the audience in an uproar of laughter during the entire program. Due to the fact that some of the members could not be present the boys had to postpone their date at Claude.

The next big program that the Mid-nite Blondes will render in public is at the Father and Son's Banquet next Monday evening. Let the boys entertain your next social. They need your support and they have "IT."

Bulldogs Idle Due to Condition of the Weather

The Bulldogs did not play, due to the heavy rains that fell over the country. The Doggies were to have played the Texas Tech Fish but the roads were in such condition that the team stayed at home and rested. The boys motor to Plainview this week-end to battle the Jack-rabbits of Wayland College. The Rabbits' war cry is "They Shall Not Score," but the Bulldogs say "We will score before they do." With this battle cry we expect a great game this week-end.

Girls' Forum Meets

The Girls' Forum met last Wednesday with Miss Warriman as sponsor. A short business session was followed by a very interesting program. Miss Joyce Link favored the organization with her first violin solo which was admirably rendered. Miss Josephine Murphy gave an interesting talk on football. Many other good numbers were enjoyed.

H-Y

The boys' club, known as the H-Y, is at work and is making great progress. It is hoped that it will not be long before the boys can take part in real debates. Each member does his best, and responds when he is asked to serve on the program.

According to Miss Eunice Johnson, president of the Junior Class, this year's class is about the biggest in school. The Juniors have received their pins, and are very proud of them. They are so enthusiastic about the proposed annual that they intend to put all of their vim, vigor and vitality into this issue. They believe that they will get the annual, and know that it will be the best one ever published in the school. They promise that their support, and will help put anything over that

will promote the welfare of the school or town.

Old Maids Enjoy Picnic

The Old Maids' Society enjoyed a picnic at the O. M. S. Camp north of town Friday afternoon. They had lunch on a high cliff which was nearer heaven than they'll ever get, according to the reporter. After lunch, they sat around a camp fire and sang with heart-breaking voices the football songs of C. H. S. Those attending this brilliant affair were Misses Betty Walker, Julia Taylor, Gwyn Youngblood, Wylla Lee and Lois Alexander, Davilla Kelly, Elgin Patrick, Latrice Benson, Ruth Little and Jewel Bailey.

College Basketball Suits Arrive

The suits which the girls' basketball team of the College ordered about two weeks ago arrived. The sweaters are of green Jersey material trimmed with white felt and have the letters "C. J. C." artistically arranged on the white. Socks complete the costume. The girls are working hard this year, and with the supervision of Mr. Cooper they expect to win every game. Friday evening the first game will be played with Miami on the local court. As it is the first game of the season, everyone is especially needed to support the team.

A Tribute to the Football Team

You played the game straight and fair. You gave the best you could. Yet, somehow, we all knew that you were a team that would We didn't care to see you play. We never cheered you through. But you fought on for victory. Because you were so true. You stuck through thick and thin. You were loyal to us, too. We lift our hats to you, Bronchos. May we be as loyal to you. —The Old Maids' Society.

FOOLISHNESS Naylor & Humphrey

Leonard: May I take you to the zoo, Opal?
Opal: No, if they want me they will come after me.
May I hold your hand?
No, thanks. It isn't heavy. I think I can hold it.

A Sophomore is a person who waits for a freshman to come along and push the revolving doors.

Stocking: Define the Middle Ages.
Freshman: It used to be thirty to forty-five, now they are fifty to seventy-five.

When there is nothing more to be said some boob always says it.

He: What do you think of Mussolini?
She: I've never been out with him.

We wish the suicide craze would hit some of the faculty.

The part of the car that causes most accidents now is the nut that holds the steering wheel.

Another thing that should reduce its speed is the flapper beside the driver.

Farrow: Can anyone describe a worm?
Beville: Sure, a worm is a caterpillar that has played strip poker.

Mansell: What's the matter? don't you know the questions?
Studs: Sure, but I don't know the answers.

Cooper: Boston, what do you call a man who drives a car?
Burton: That depends on how close he runs to me.

Mansell: How old are you, Gladys?
Gladys: Sixteen.
Mansell: Then you should tell your mother something.
Gladys: I'd like to, but really, Mother is still innocent.

She: You used to have something about you that I liked, but you spent it.
"Would you take a chance on modern liquor?"
"Sure, how much is the chance?"

APPROVED SCHOOL LUNCHES

The Astoria Girls prepared the school lunches according to the C. H. D. A.'s instruction for at least five times, and many of them adopted the practice of having well balanced lunches. The girls and the mothers in the same community were given school lunch demonstrations during the same week, because where the mothers are convinced of the importance of a thing at the same time that the daughters are interested they manage to adopt more new ideas than they do where they have their interests on different subjects.

After trying the following recipes for school lunches the children eat more lunch and insist on having lunches prescribed by the C. H. D. A. in preference to the meat, bread and fried pie which used to constitute their lunches. Any of the following sandwiches with a bottle of milk and a stuffed egg, or baked stuffed potatoes or some meat or chicken and vegetable combination should make a palatable lunch. A raw tomato or orange or lemon should be included in the lunch at least 3 times a week. Brown Bean Sandwich: 1 cup brown beans, boiled tender and creamed, mix with 1 cup

Fresh raw cabbage which has been run through the food chopper, enough salad dressing to make it a creamy consistency. Use as a spread for crackers, graham or white bread. Chili sauce, pepper, salt, or pickle may be used to give a better flavor. Or a slice of well done bacon may be added to the sandwich to give a different flavor. Spread the filling of the sandwich thick, using thin slices of bread. Celery, lettuce or carrots or raw turnips may be substituted for cabbage.

Cottage Cheese

Cream the cheese with sweet cream enough to make a medium thick paste, grind an equal amount of raisins and nuts thru food chopper and mix with twice the amount of cheese paste. Use with a leaf of lettuce as a sandwich filler. Raw apples may be used instead of raisins.

Bermuda Onion Sandwich

Tender boiled onion chopped with pecan meats and seasoned with salt, pepper and butter makes a nutritious sandwich filler.

Peanut Butter Sandwich

Use fresh raw apples run thru food chopper, creamed with enough peanut butter to make a smooth paste. This makes a good filler for nut or raisin bread or

for whole wheat bread. Fresh raw pears may be used instead of apples. The fruit keeps the peanut butter from getting "chokey" and hard to swallow. Stewed fruit sandwiches or baked fruit pies should be substituted for the old fried pie and heavy cake.

PETERSBURG IMPROVES SCHOOL; CARES FOR PUPILS

By improving an old school building with heating fixtures, and new equipment, the Petersburg school system has been able to care for all of its scholastics without expending an undue amount of the school's finances.

Post office employees of Plymouth, England, have recently organized for the support of a scholarship of 90 Pounds a year for three years at the University College of the Southwest, Exeter. The scholarship will be open only to children or dependents of post-office workers nominated to compete for the award in a competitive examination conducted by university authorities. Dues of a penny or two a week paid by members will finance the scheme.

LITTLE DIFFERENCE SEEN IN COTTON USE IN YEAR

Austin, Texas, Oct. 30.—Very little change was seen in the textile industry in Texas during September from a production standpoint, according to Bervard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Texas. Curtailed operations continue, but, on the other hand, there are some elements of strength which appear to be working the industry out of the

present discouraging position, he explained. During September, there was a sharp gain in unfilled orders, and cloth prices advanced slightly.
"During the month 21 mills reporting to the Bureau used 7,090 bales of cotton and manufactured 6,037,000 yards of cloth," he said. "In September, 1927, eighteen mills consumed 9,079 bales and produced 7,812,000 yards of cloth."
Special price on recent fiction and popular copyrights—at Stocking's Drug Store.

ITEMS OF INTEREST IN DONLEY

SUNNY VIEW

Everyone is back on the job picking cotton and gathering feed after a week of cold, rainy weather.

Mrs. Kim Day and Miss Watters resumed their school here Monday morning after a vacation of three weeks for the children to help pick cotton.

Mr. and Mrs. Floyd Parker of Lelia Lake spent Saturday night and Sunday with Mr. and Mrs. Sam Roberts.

Mr. and Mrs. Millard Starks spent Sunday with Mr. and Mrs. Heckle Starks. Mr. and Mrs. Nelson Riley called on them also in the afternoon.

Lonnie Wood is in Fort Worth with a carload of cattle.

The little four-year-old daughter of Mr. and Mrs. Byrd was badly burned about the face, neck and shoulders with hot grease by one of her older sisters. The child ran against the pan of hot grease that the sister was holding in her hand.

Mr. and Mrs. Reed of Clarendon called on Mr. and Mrs. A. M. Lanham Sunday afternoon.

Miss Eula Haley and Mrs. Paul Smith were in town Friday afternoon and called on Mrs. L. L. Taylor.

A. M. Lanham visited the hospital late Sunday evening to see Mr. John Goldston. He reports Mr. Goldston doing nicely and hopes to be home in a day or so.

Mrs. Fannie Butler of Garland is here visiting friends and old-time neighbors.

NAYLOR

Black cats, owls, ghosts, spooks and all manner of creepy things were present at the Halloween Frolic given by Mrs. M. L. Wood. Everyone had a big ghostly time and in the wee hours of the morning all bade cats' spooks and all such a fond good-bye until October 31, 1929.

Roy McCawley, nephew of A. E. Tidrow, is visiting with his uncle and will remain for quite a while.

Miss Lucille Pickering entertained at dinner Sunday. Covers were laid for the following: Misses Lucille Johnson, Louise Tidrow and Lee Roy Tidrow.

Mr. and Mrs. H. B. Naylor and children of Amarillo were weekend guests of Mrs. Fanny Naylor.

Mr. and Mrs. Smith, living on Mrs. Pickering's place, has a very sick little daughter. Mrs. Pickering rushed her to the hospital and at last report the child was resting easily.

Mr. Ferabee of Vernon left for home Friday after a week's stay with his sister, Mrs. Fanny Naylor.

Bad weather has held up cotton picking, but Monday morning all pickers got busy.

Mr. and Mrs. A. E. Tidrow spent Sunday in the home of Mr. and Mrs. Byron Alexander over on White Flats.

T. B. Downing and family spent Sunday with Mr. and Mrs. Harry Adams.

Pleasant Valley

Lloyd Shelton and mother and Grandma Shelton visited in Amarillo Saturday and Sunday. Grandma remained to visit a daughter for some time.

The young people enjoyed singing Sunday night.

Mr. and Mrs. Spalding of Hedley visited in the Robinson home Sunday.

Miss Bobbie Champion spent the week-end with her Aunt, Mrs. Hugh Riley.

Mrs. Ralph Andis and Billie Ralph, Mrs. Womack and Mrs. M. W. Andis spent Tuesday in the Longan home. In the afternoon they all called on Mrs. Robinson. Miss Oma Morris entertained

with a party in her home Saturday night. Those present were: Misses Ruby Shelton, Ruth Riley, Dolly Corder, Henrietta Longan, Lilly Wood, Addie Taylor, Vergie Lindsey, Bobbie Champion, Alveda Dorsett Nathel and Juani Lamberson, Augusta Morrison, Messrs. Hal and Buster Riley, J. C. and Harold Longan, Tommy Nickolson, James Bain, Ed Mahaffey, Oscar Jones, Clayton Morrison, Mallie and Alton Dorsett, J. T. Lamberson, Mike Cranville, and Andrew Knight. Everyone enjoyed the good music by Clayton Morrison and Mr. Dorsett.

We are glad to report Mr. John Goldston able to be home again.

Mr. and Mrs. Lonnie Morris and children spent Sunday with Mr. and Mrs. John Taylor.

Dinner guests in the Longan home Sunday were Mr. and Mrs. H. S. Mahaffey and children, Alby, Fossey and Ed Mahaffey, Mallie Dorsett and J. T. Lamberson.

Mrs. Hugh Riley visited Mrs. Elmer Palmer Sunday afternoon.

Mr. and Mrs. George Marshall visited relatives at Wellington the greater part of last week.

The young people gathered in the Longan home Thursday evening. The evening was spent in music, making candy and 42.

Those present were: Misses Oma and Virgie Morris, Ruth Riley, Ruby Shelton, Nelda Donald, Alveda Dorsett, Messrs. Mallie and Alton Dorsett, Mike Cranville, Andrew Knight and Mr. Dorsett.

There was a good crowd present at Sunday school Sunday afternoon. There was no preaching as Bro. Laney was at Jericho. J. R. Porter was present and made an interesting talk after Sunday school.

Miss Irene Anderson of Hedley was visiting in the D. H. Kimbrel home Sunday.

Mr. Lee Usery and Miss Richardson of Lelia Lake attended Sunday school at Hudgins Sunday.

Mr. and Mrs. L. O. Christie spent Saturday night in the D. H. Ferue home.

A daughter was born to Mr. and Mrs. J. C. Perdue Saturday, the 4th.

Mr. and Mrs. Leon Foster of the Chamberlain community attended Sunday school at Hudgins Sunday.

Mrs. C. C. Tims and son, John, came in Monday from Arkansas to work a while.

Everyone would like to see the sun shine after the cold and rain of the past week so they can gather their crops.

ASHTOLA

There will be a sock supper at the Martin School House Friday night, Nov. 9. All girls bring two socks, one filled with good things to eat and bring the other one empty so the socks can be matched after they are bought. Everybody come and buy them a pair of socks. Don't forget the date and place—Nov. 9 at the Martin School House.

"A SOCK SUPPER"

Mr. and Mrs. W. P. Holley Sunday afternoon.

Mr. Vance Swinburn of the Memphis schools spent the weekend with homefolks, M. S. Swinburn.

Mr. and Mrs. Pal Johnson and family, J. B. Scarborough and Joe Bailey Johnson took dinner in the J. A. Johnson home.

Miss Oveta Hayter spent Sunday with Jessie Swinburn.

Everyone was very sorry to learn of John Hay breaking his arm while cranking a car.

We are very glad to hear the news that Mrs. D. F. Randal is improving from the operation she had several weeks ago.

Everyone was glad to get back in school after being dismissed for four weeks.

TALKING TO HIS MULE

Over the hill trailed a man behind a mule drawing a Dixie plow. The clodhopper was "broadcasting."

"Bill, you are a mule, the son of a jackass, and I'm a man made in the image of God. Yet, here we work hitched together year in and year out. I often wonder if you work for me or I for you. Sometimes I think this is a partnership between a mule and a fool. For surely I work harder than you do. Plowing here we cover the same distance, but you do it on four legs and I on two. So mathematically speaking, I do twice as much work per leg as you do."

"Soon we'll be preparing for a corn crop. When the corn is harvested I give one-third to the landlord for being kind enough to let me use this corner of God's universe. The other third goes to you; what is left is my share. But while you consume all your third with the exception of a few cobs, I divide my third among seven children, six hens, two ducks and a banker. Bill you are getting the best of me; it ain't fair for a mule, the son of a jackass, to rob a man, lord of creation, of his substance. And come to think of it, you only help to cultivate the ground. After that I cut, shock and husk it, while you look me over the pasture fence and hehaw at me."

"All fall and part of the winter the whole family, from granny on down to the baby, pick cotton to help raise money to buy you a new set of harness, and pay interest on the mortgage on you, and by the way what do you care about the mortgage? It doesn't worry you any. Not a darn bit. You leave that to me, you ungrateful, ornery cuss."

"About the only time when I'm your better is on election day, for I can vote and you can't. But if I ever get any more out of politics than you do, I can't see where it is."

Yancey Builder.

Given with 12 Big Numbers of the YOUTH'S COMPANION

This 12-color art print is a reproduction of the famous painting to be hung in the Capitol at Washington. It is published exclusively for Companion subscribers.

SPECIAL OFFER
1. The Youth's Companion for 1929, and

LELIA LAKE

Nick Fryar of San Antonio left Sunday night after a visit with his mother and other relatives.

Edd Reynolds of El Paso is home on a one day furlough from the army.

Arbie Mayo left Tuesday with employees of Ford Motor Company for Oklahoma City. They went to drive new cars back.

A. A. Duncan of Acme is a guest of his sister, Mrs. C. C. Carter.

Jim Parker and family of Ash-tola were visitors in the Christal home Sunday.

Mrs. Will Walling left Sunday for Hale Center where she was called by the illness of her daughter, Mrs. Bud Reed.

Mr. and Mrs. Wallace Walling spent Sunday night at Amarillo.

Mr. and Mrs. Waller of Martin spent Sunday here with friends.

Mrs. H. K. Leathers spent Wednesday at Amarillo.

Mrs. E. R. Myers, Mrs. Bert Smith and Mrs. Lester McKinney were Amarillo visitors Wednesday.

Guy Taylor had business at Quail Monday.

Bert Smith, Lester McKinney, and E. R. Myers were Childress visitors Sunday.

Mrs. Lige Campbell of Oklahoma City spent the week-end with her parents, Mr. and Mrs. J. L. Reid. Mr. and Mrs. Reid accompanied her home Monday for an indefinite stay. Mrs. Reid, whose health is no better, will enter a sanitarium there.

Floyd, small son of Mr. and Mrs. C. L. Lewis, happened to a serious accident Saturday afternoon. In climbing at the barn, he fell and his ear was all most torn off and a severe knock on the back of his head was sustained. Six stitches were taken in his ear.

Reagan Bryan of Turkey visited with friends and relatives Wednesday evening.

Recent \$2.50 novels on sale over the week-end for \$1.98 at Stocking's Drug Store.

DONLEY COUNTY IS HOOVER'S BY 600 MANY LIONS TO CLAUDE THURSDAY

STATE DEMOCRATIC TICKET GETS USUAL HEAVY MAJORITY: HOOVER 2 TO 1.

Donley County broke away from its usual adherence to the National Democratic ticket in Tuesday's general election and while giving the regular heavy majority to all Democratic nominees, state, county and precinct, gave Hoover a majority of over two to one.

With no organized effort in the county hundreds of life long Democrats voiced their protests against the Smith-Tammany-Raskob domination of the party, went to the polls and voted a "split" ticket—for Republican electors at the head of the ticket and for all Democrats from there down.

Some eight hundred to a thousand voters in the county evidenced their displeasure at the political menu offered by staying from the polls. Some were not interested enough to go to the polls, but the great majority of those not voting were unwilling to vote for any Republican candidate and could not feel free to vote for the Smith-Robinson ticket.

The election passed off quietly all over the county with Hedley, Lelia Lake and Clarendon all returning substantial majorities for Hoover, Lelia Lake giving the heaviest odds of six to one. Naylor was the champion Hoover percentage box of the county giving him a vote of 17 to 0. Smith School House was the only box in those reporting to give the Smith-Robinson a majority, the vote there standing 12 to 9.

Following is the complete tabulation of the presidential race of the thirteen boxes reporting up to this morning:

Voting Box	Smith	Hoover
Giles	6	34
Navlor	4	17
Ash-tola	11	22
McKnight	10	24
Smith	12	9
Martin	9	29
Bray	3	20
Watkins-Oller	1	12
Whitefish	5	25
Teiche	17	25
Hedley	66	273
Lelia Lake	24	141
Clarendon	288	399
Totals	452	1,025

MR. AND MRS. BENNETT KERBOW AT CELEBRATION

Mrs. Bennett Kerbow left Sunday for Hamlin, Texas, where she will be for the celebration of the fiftieth wedding anniversary of her parents, Mr. and Mrs. F. I. Walker. Mrs. Kerbow was joined Wednesday by Mr. Kerbow, who was there for the anniversary on Wednesday of this week. Mr. and Mrs. Kerbow will return the latter part of this week in their car, Mr. Kerbow having taken this means of traveling to the city of Hamlin.

Mrs. Lewright of Panna spent the forepart of the week in the home of her parents, Mr. and Mrs. M. M. Noble.

LARGE PERCENTAGE LIONS TO ATTEND CLAUDE CHARTER NIGHT EVENT.

The presentation of charter to the Claude Lions Club will be held Thursday evening of this week in their usual luncheon place and the Clarendon club has been invited to attend and bring a stant to assist in the proceedings and possibly furnish a speaker from among the Clarendon members. Twelve of the members present at the luncheon signified their intentions of making the trip and a committee was later named to canvass the membership Thursday morning for a final count.

The Resolutions Committee named last week headed by O. C. Watson made the report on the letter to be sent to the family of Lion Flenniken of Amarillo. The resolution was read and approved by the club and a copy is to be mailed the bereaved family, the Amarillo club, the Amarillo paper, a copy is to be spread on the minutes of the club and a copy presented the Clarendon News.

The serious illness of Lion Griswold of Childress, a former member of the Clarendon club was brought to the attention of the club and the secretary was authorized to send a telegram wishing him a speedy recovery.

Lion Ryan asked for a final count on the Boy Scout matter since the Clarendon representation had been repeatedly asked for an accounting of what was finally done here. The Boys' work committee of the club had this matter in hand as individuals and any one of them can be seen and receive the cards furnished for membership.

Lion Burton announced the success of the book drive staged last week at the college, reporting that more than 550 books had been received and that practically all of them could be used. The second announcement concerned the play Thursday evening. Lion Burton asked the attendance and good will of all the Lions in making this as great a success as it possibly could be done. Lion Cooper announced the College Girls Basketball game for Friday night and asked the attendance of as many as cared to witness the game.

Lion Patrick spoke for a few moments on the Red Cross Roll Call, stressing the fact that they desired a large membership rather than a small one. The reduction of the membership dues to the small amount of one dollar per year enables everyone to have a part in this work. The official opening of the drive will be Sunday, November 11th.

Lion Stewart raised the question of the possibility of a move for United Charities in Clarendon. Some discussion was had on the matter but no action was taken. Lion Tamer Sherman made a request of the Lions before introducing the guests for the day. He asked that the Lions please stop talking after the bell had rung that the Boss Lion might be more clearly heard.

Lions C. T. Brazington of Amarillo and I. E. Jolly of Memphis were introduced. Lion Brazington explained to some extent the workings of the Triple A proposition and told of some of the work the organization had done and asked the members of the local club to use the services when it was needed.

I. E. Jolly was introduced as the new scout man who held a membership in the Lions Club at Breckenridge. He offered his services to the Clarendon Lions in whatever capacity possible and stated that he was glad to be in this section of the country.

Lion Douglas was then given the floor and gave some observations on the effects of the attendance contest as concerning the Clarendon club. Fifty per cent of the members have been present for eight weeks while twenty per cent missed only one meeting. The intensive eight weeks campaign closed with the meeting

Priced from \$1.60 up.

FIRST METHODIST CHURCH

Sam E. Allison, Pastor. Sunday school in all departments at 9:45 a. m., J. R. Porter, general superintendent.

Rev. W. M. Murrell, presiding elder, will have the morning service at 10:45 and will deliver a great message.

The evening service will be turned to the celebration of Armistice Day.

We want to make this a red letter day for the church and hope every member will be in his place in the church for all the services.

Only one more Sunday before the convening of the Northwest Texas Conference. We want to wind up everything in fine shape and go "over the top."

Mr. and Mrs. Homer Glascoe returned Thursday evening of last week from an extended trip through the northern part of the United States. They report a very excellent trip and that they are glad to return to Clarendon.

Tuesday but an individual contest will run until following the close of an eight weeks campaign in the spring. Following this, the International Association will present each member with a perfect attendance score a specially designed lapel button showing what they have done in this connection.

The fate of Lion Cub Riddle was removed another week and he was told of the speech that would be expected of him at the next luncheon. Adjournment followed the work-out of the new Lion.

LONG TIME COLORED RESIDENT BURIED WEDNESDAY

Frank Martin, one of the best known of the colored population of Clarendon, was buried Wednesday afternoon. Frank had been a resident of Donley County for forty years and had been in the employ of the Clarendon Grain Company for twelve of these forty. His exact age was unknown as he had been fifty-five years old for at least ten years. Patrons of the place of business where he was employed will miss him and his genial and ready smile.

3750 BALES COTTON IN YARD TODAY AT NOON

Cotton receipts in the Clarendon yard had been cut down to some extent by the wet weather of the past week, but had gained the few early days of this week until the number received would have run well over the 4,000 mark by Saturday. Damp weather this morning has cut into the picking to some extent but will possibly not hinder the gathering to any great extent. Total gin-nings of the county will run to more than 12,000 bales by the end of the week.

Mrs. Charles Trent and Mrs. L. O. Lewis left overland for Fort Worth Sunday morning. Mrs. Lewis will go on to Temple for medical attention and Mrs. Trent will visit in Fort Worth and Dallas for a time.

Misses Mildred and Lucile Allen and Mildred Reavis of this city spent Tuesday in Amarillo shopping.

Home Economics Club Elects New Officers

In the home of Mrs. William Spitzer Friday afternoon the Home Economics Club, with eight members and three visitors present, elected new officers for the coming year as follows: Mrs. W. H. Youngblood, president; Mrs. A. H. Baker, vice-president; Mrs. J. C. Estlack, secretary and treasurer; Mrs. W. L. Crane, reporter. Miss Harvey Thompson reported on the club exhibits at the Dallas Fair and a report of the council meeting of the previous Saturday was given.

UTILITIES OFFICE TO REMAIN OPEN EVENINGS

The Clarendon office of the West Texas Utilities is to remain open evenings until 7:00 o'clock, according to advices received from T. D. Nored, local manager. This is done to care for the needs of those unable to get to the office during the regular hours and will mean that the local folk are doing their best to care for the needs of the town in the best possible manner. On Saturdays, the office will remain open until a still later hour and will be found to be one of the show places of the city when all the lights and other appliances are on full blast.

Mr. and Mrs. S. B. Arnold and daughters, Nina and Frances, motored to Clovis Sunday to be with their son and brother, Joe Arnold, from Albuquerque, New Mexico. Joe played in the football game with Clovis.
