greatest number of new yearly sub-
scriptions during the 2nd, 3rd and
4th periods of the campaign, or from
now on to the finish.

New Subscriptions

Only that are turned in between
April 8th and April 20th will be
counted on the extra prize of

\$15.00 In Gold

The Gold Winners

For the first and second half of the
campaign will be announced on
April 20th along with the winners of
the regular prizes.

Redeem Those Promises

Many of you now reading these words have
been promising subscriptions "Later On." The
campaign has passed the stage when a promise
means anything. If a drowning man calls for a
rope, you don't say "wait until next week."
When a hungry man asks for food you don't re-
ply, "Come around and see me on pay day."
When one of the candidates in the race for one
of the valuable prizes in this campaign asks you
for support, promises or good wishes have an
empty sound unless you back them up with the
old bank roll or check book.

West Texas (Near Vega) From a Phillips Airplane

An Airplane Oil For Tractor Use

A Group of Satisfied Users of Phillips Products

IMAGINE driving your automobile 100 miles an hour for 16 hours without stopping. That's what an airplane engine must do. Only the finest oil can be used or the motor will go to pieces quickly.

The Phillips Petroleum Company uses Phillips tractor oil in their own airplanes which are used by Mr. A. M. Hughes and other company officials. These men have the same confidence in this oil that they want you to have. It's exactly the same oil that is ready for your car or tractor at any Phillips station. It warms up quickly, and fully lubricates in both hot and cold weather.

The picture at the top shows E. H. Simpson, H. D. Hill, O. D. Frazier, Geo. J. Rempel and their boys all seated on their farm machinery. These men all live in the neighborhood of Vega and Hereford, Texas. All of them use Phillips products.

This spring E. H. Simpson broke 220 acres of land with a gang plow. All of this land was worked over 3 times and 30 acres 4 times, ready for the drill. His total fuel and lubricating cost was 50c an acre. He used Phillips kerosene and oil. Many other west Texas farmers report great savings and complete satisfaction in using Phillips products. Write or talk to the Phillips agent when you need oil, kerosene or gasoline. They are quality products.

NORTH DONLEY COUNTY GETS ANOTHER TEST

The Blue Bonnet Oil Co. composed of Los Angeles and California investors, have a block of 4800 acres just south of Alameda.

H. B. Stetson, Jr., Gene Jordan and Stewart Krebs all from California, were in Alameda Tuesday and made the location for their Number One Ball Well, to be on the Ball ranch, two miles south of Alameda, in section 22, D. & P. R. R. Survey.

A road has been graded and three miles of gas line is being laid to the location.

A combination derrick for rotary and cable tools will be erected so as to eliminate any delay in changing from rotary to cable tools.

This well will be drilled with rotary tools to the top of the big lime at about 1,300 feet, where 10-inch casing will be set.

Frank G. Beaudoin, an experienced oil operator, will supervise the drilling of this well, which will be finished with the cable tools, and the various formations encountered will be thoroughly tested.

A great amount of favorable surface and sub-surface geological work has been done on this block in addition to a magnetometer survey.

J. H. McCracken, president of the Panfield Royalty Co., who purchased 1-4 the royalty under the Ball ranch, accompanied the California operators and is buying additional royalties near this well.

He has also made a thorough check of the Marine Oil Co.'s holdings, where they are now drilling at 700 feet on the Sawyer land, 5 miles north of Clarendon, and has bought a spread of 640 acres of close-in leases surrounding this well.

CLARENDON MEN ATTEND DALLAS PRESBYTERY MEET

R. F. Morris and Rev. Robt. S. McKee left Tuesday evening for Dallas, where they attended the session of the Dallas Presbytery in the Highland Park Presbyterian Church Wednesday and Thursday of this week. These are the delegates to this assembly from this church. They plan to return to their homes here Friday of this week.

CLARENDON HOTEL ADDS FRONT AWNING

A set of awnings and a marquis have been placed on the west front of the Clarendon Hotel in the past week, adding materially to the appearance of the place of business and giving more comfort to the folk who made their home in the hotel. The awnings are of a neutral color, brown and tan striped and blend nicely with the finish of the building, making it one of the outstanding places of business in that section of the city.

LOCAL AUXILIARY VISITS FORMER PASTOR AT CANYON

Rev. and Mrs. F. T. Charlton invited the ladies of the Presbyterian auxiliary to their beautiful home in Canyon for an all day visit yesterday. Eleven ladies in three cars made the trip arriving about noon. The day was cool and cheerful open fires greeted us in all the rooms. Everyone was in good spirits and fully appreciated being once more with our former beloved pastor, his wife and charming daughters who all conspired to make the day a most delightful one. At one o'clock an elaborate dinner was served, to which the ladies, after their long drive, were in fine condition to do ample justice. The afternoon was spent in conversation and the hour for the return came all too soon. Those partaking of the gracious hospitality were Mesdames Chamberlain, Chase, Word, Morris, Bell, Butler, McCann, Green, Kennedy, Potts and McCrary. —Reported.

BOYKIN ELECTED COUNTY'S DIRECTOR AT DAIRY SHOW

At a meeting of the directors of the Panhandle Plains Dairy Show at Plainview last Thursday evening, G. L. Boykin of Clarendon was elected to represent Donley County for the coming year. W. L. KNIGHT FUND AMOUNTS TO MORE THAN \$400.00

A fund that was raised in Clarendon and nearby communities to assist C. L. Knight in replacing the loss sustained last week has been raised to more than \$400.00, according to W. L. Butler of Lelia Lake, who had charge of the solicitations on the matter. In addition to this work, a group of friends and neighbors have agreed to assist in raising the barn and will start their work next Monday. The concrete has been all poured for the floor and foundations and the work of construction will be attended as soon as the concrete has set sufficiently to allow the carpenter work to be carried on. A list of the contributors was not secured this week, but will be available for the next edition of the News.

W. W. MASSEY BURIED IN SAN ANTONIO MONDAY

Friends of W. W. Massey, formerly of this city and late of San Antonio, will be grieved to learn of his death at his home in San Antonio on Sunday, March 31. It will be recalled that Mrs. Massey died early in January, an account being carried in these columns at the time the notice was received in this city. The following notice was mailed us by his daughter, Mrs. J. H. Johnson of 1000 Pleasanton Road and was clipped from a San Antonio paper whose name was not given:

He is survived by two daughters, Mrs. J. H. Johnson of San Antonio and Mrs. W. H. Creek of Houston, and two sons, W. T. Massey of Waldo, Ark., and Hall Massey of Casper, Wyo.

Dr. H. L. Wilder was in Amarillo Tuesday and Wednesday of this week for the sessions of the Panhandle Medical Association meetings.

GOLF FEED IS PUT OFF INDEFINITELY

According to the committee in charge of the proposed banquet to be given Friday evening of this week by the members of the Hillcroft Golf Club, the feed has been postponed indefinitely. Under the plan prospective members for the enlarged club were to be invited to the banquet, but since only about twelve are lacking to make the project a success, it has been thought best to postpone the banquet until after the seventy-five members are secured and the new officers elected, then hold the banquet as a celebration affair.

Five teams of two members each are working over the list of prospects this week and there is every indication that the necessary names will be secured before this time next week. The Hillcroft Club will then purchase the present golf grounds and build a commodious and modern club house with every facility for club and private entertainment.

LELIA LAKE WOMAN BURIED IN THE CITIZENS CEMETERY

The last rites for Mrs. W. S. Boyce, Lelia Lake, were held in the Church of Christ today at 2 o'clock. Eld D. L. Hukel of that body read the services. Burial was had in the Citizens Cemetery.

Mrs. Boyce leaves her husband and six children and a host of other relatives to mourn her passing. She was recently sent to Wichita Falls for treatment, death coming there Wednesday. She was returned here for burial. Her mother is living at Lorraine, Texas.

Dr. H. L. Wilder was in Amarillo Tuesday and Wednesday of this week for the sessions of the Panhandle Medical Association meetings.

Mr. and Mrs. J. D. Swift were Amarillo visitors Monday of this week.

Les Beaux Arts Club entertained with a dinner and games party Thursday evening at the home of Dr. and Mrs. T. H. Ellis, honoring their husbands and friends.

At the conclusion of the three-course dinner in which a green and white color scheme was carried out, and which was served at small bridge tables graced by a bowl of violets, games of bridge and forty-two were enjoyed for several hours.

Those playing were Rev. and Mrs. L. L. Swan, Messrs. and Mmes. Frank Bourland, H. Glascoe, W. C. McDonald, Dr. and Mrs. J. W. Evans, Dr. and Mrs. T. H. Ellis, Misses Howren, Ross, Harris, Beck, Headrick, Mansell, Lumpkin, Frances Cooke; Messrs. Will and Allan Cooke, John Bugbee, Mrs. W. H. Cooke.

Thursday Needle Club

Mmes. W. H. Martin and J. T. Patman entertained the Thursday Needle Club with an all-day party at the home of Mrs. Martin Thursday.

At twelve o'clock the guests were asked to find a place at the table, covered with its snowy cloth, with its centerpiece of apple blossoms and jonquils held by a silver urn. A crystal basket of violets decked each end of the table.

A Spring color scheme was carried throughout the three-course dinner and spring flowers were used in the entertaining rooms.

After the dinner conversation and needle work were enjoyed for several hours by Mmes. Geo. B. Bagby, H. C. Kerbow, Sella Gentry, A. L. Chase, B. L. Jenkins, Sr., C. Y. McDonald, A. A. Mayes, A. R. Letts, Frank McGarry, H. Glascoe, Ann Hastie, C. W. Taylor, Minnie Dyer, H. B. Kerbow, Selden Bagby and W. H. Price of Pleasanton, Kas.

CLARENDON MAN NAMED CHAIRMAN LOCAL PHILIPPINE DAY BOARD

WESLEY KNORPP HEADS COMMITTEE FOR CLARENDON AND DONLEY COUNTY IN EFFORT TO ASSIST IN ERADICATION OF LEPROSY. MAY FIRST IS DATE SET FOR CELEBRATION OF GREAT EFFORT.

May 1st, the anniversary of the Battle of Manila, has been designated as Philippine Day by the Trustees of the Leonard Wood Memorial for the Eradication of Leprosy, and every town, city, and village in the United States has been asked to join in this observance. On May 1st, 1927, Major General Leonard A. Wood appealed to the American nation for a fund of \$2,000,000 to eradicate leprosy in the Philippines, where the largest colony of these pitiful human beings found anywhere, are living under the Stars and Stripes. The response was instantaneous, over \$1,000,000 having been contributed; and on May 1st, 1929, an effort will be made to reach the objective of the campaign—completing the memorial of this great soldier's work among the lepers of the Philippine Islands.

The construction of new buildings, of entire new units, of one completely new leprosarium has already begun at Culion, which is the Philippine "Island of the Living Dead." The funds are being expended in erecting laboratory buildings, living quarters for the staff, and receiving stations on neighboring islands, as well as increasing the personnel for carrying on the work necessary to complete wiping out the disease throughout the world. For the Culion colony is actually a great experiment station, for the hundreds of leper camps and colonies in other lands. The actual maintenance of the colony, the housing, feeding and clothing, is taken care of by the Philippine Government, which gives two per cent of the total governmental income, or one-third of its total health appropriation.

There are 3,000,000 lepers in the world, 12,000 of whom are on the Philippine Islands alone; and Culion, an island 200 miles south of Manila, has facilities for caring for 6,000 of them.

Very little attention was paid to the leprosy problem in the Philippines before the United States assumed responsibility for its government. It was then estimated that there were ten thousand lepers in the Islands, their existence comparable only to a living death. They were doubly afflicted, for besides suffering from this dread disease,

they were also subject to ostracism and distressing privations due to extreme poverty. However, for the past twenty years the care and treatment of leprosy has been steadily carried on, and incredible progress has been made, particularly during the past few years, when the work has been greatly intensified. Reports from Dr. H. Windsor Wade, the American leprologist at Culion, indicate increasing success in the use of the chaulmoogra oil treatment, by which it has been possible to check leprosy even in fairly advanced stages. And experts in various parts of the world are now experimenting on a less painful method of administering this cure. Dr. Wade states that 1700 negatives have already been returned to their home as cured, eighty cases having left Culion in January and February of this year.

It is hoped completely to eradicate this terrible scourge in ten years in the Philippines if the necessary funds are raised. If stations can be established where those suffering from leprosy in the early stages of the disease can come and receive intensive treatment, the colony on Culion will be reserved for the more advanced cases. In the present stage of development, the prospect of cure is better the earlier the case is treated, though, generally, lepers are not discovered in the early stages. And some of the Culion "colonists" must, unfortunately, be classified as hopeless.

On this island, the lepers have built up a real community, many of them leading surprisingly normal lives in spite of their physical condition. Some of them live in little huts, made of palm or grass, with thatched roofs. Then there are steel-reinforced concrete houses, long and low, each dwelling divided into several rooms, where groups of lepers live. They farm, have their own gardens, and

sell merchandise to each other. They have organized their own orchestras and athletic associations; and they have an open-air theatre, reading room, a hospital, schools for the children, and stores. They even celebrate various holidays and have fiestas.

It is an astounding fact that children of leperous parents are born clean, for leprosy is not hereditary. Yet there are at Culion today hundreds of unfortunate boys and girls, as yet untouched by the dread disease but destined to live in a leper colony and finally themselves to become victims, for the present Children's Home is too small to accommodate another child. To spare the children of lepers this monstrous fate, \$100,000 of the amount raised will be expended in erecting a new and more adequate building.

Dr. Wade, who has not been away from the burning heat of the tropics for twelve years, and a group of physicians trained in the Philippines have buried themselves in this far-off colony, devoting their lives to free these out-

casts of humanity from the ravages of leprosy.

A prominent citizen in every town and city in the United States has been asked to appoint a committee of local business men who will become responsible for the raising of a certain sum of money in each locality to help rid the world of leprosy. The Trustees of the Leonard Wood Memorial, which is making this plan operative, are as follows: General James G. Harbord, chairman; General Samuel McRoberts, Robert L. Bacon, Eversly Childs, Robert W. deForest, Dr. John H. Finley, Charles E. Hughes, Arthur W. Page, Kermit Roosevelt, Colonel Henry L. Stimson, and Owen D. Young. The headquarters are in the Metropolitan Tower, New York City.

Some people think that cattle will not eat sweet-clover pasture. They will eat and relish it, however, if they are turned on the pasture when the clover is no more than six or eight inches high and still tender.

Mrs. L. D. Jones of Amarillo, spent the last week-end in this city visiting her parents, Mr. and Mrs. J. W. Owens.

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infants; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains— or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Fletcher's CASTORIA

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating. This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

Two Different Reasons for using CONOCO-ETHYL BOTH OF THEM GOOD

1 To Save Wear and Tear

If you keep an accurate record of what it costs to operate your car, you'll soon realize that Conoco-Ethyl Gasoline actually saves you money—despite the fact that it costs a few cents more per week than ordinary gasoline.

It saves by keeping out the knock that wears and tears the engine . . . and by producing 100% power from every drop.

There's no waste when you use Conoco Ethyl. It burns cleanly and at the right time—regardless of the compression of the motor.

Conoco Ethyl will reduce your cost per mile. Try it and convince yourself.

2 To enjoy High-Compression Performance

With the introduction of Conoco Ethyl Gasoline into this market, your dreams of an ideal motor fuel become accomplished facts. Conoco Ethyl has blazed the trail to superlative motor operation under all conditions of temperature—uphill or on the level—in traffic or along the open road.

There is no motor fuel like it—for it combines all the superior qualities of Conoco, the Triple Test Gasoline, with Ethyl Fluid, the Anti-Knock ingredient developed by General Motors after years of exhaustive research.

Why not get the most from your motor? Fill your tank at the Conoco Ethyl pump—at service stations and garages.

CLUB NOTES

The Naylor Club met with Mrs. A. E. Tidrow on April 8th with twelve old members, three visitors and two new members present. Mrs. Eanes was selected as the woman to demonstrate the gardening projects of the club. The demonstration for the day was had on butter making and judging. This was a call meeting to take the place of the one lost during March. The next meeting will be held with Mrs. W. M. Pickering on April 14th.

The Goldston Girls Club met Tuesday morning with seven present. A good report was heard on the home work and all the girls present had their materials with them for the work in the classroom. The greater part of the work was done on required work in the first and second year groups.

The Hedley Women's club met Tuesday afternoon with Mrs. O. R. Culwell. A demonstration was given on picture framing, this coming under the head of the work being done in connection with the Living Room contest. A piece of cheap molding was secured and the demonstrator showed how to frame pictures that had been preserved from magazines and other sources.

The Living Room Contest for Donley County closes on Monday, April 15th, and all work must be finished by that date. The demonstrator asks that the women entering this contest have a record of the expenditures for the placing of furniture before and at the close of the contest, and a story should also be ready on the improvements effected. The story should include an account of how the person became interested, the labor on the room, whether in the family or from the outside, and any other human interest points that may arise. The story and all other data must be ready to hand the judges when they make their tour of inspection.

The Chamberlain Club met Thursday of last week with Mrs. John Fowlkes. A demonstration was held on refashioning furniture, this also being in line with the living room contest. The varnish was removed from a mirror frame and from a fern stand and the pieces were refinished in the demonstration. A foot stool was constructed by the demonstrator as a part of the work with smaller pieces of furniture.

COURTYARD IMPROVEMENT CONTINUES TO ADVANCE

Donley County folk will soon have a courtyard that is second to none in the Panhandle section of the state if the plans work out as they have been started. A. O. Yates has been named as janitor and is doing some excellent work toward getting the grounds in condition to receive grass that will be sowed in the very near future. The hedge surrounding the yard has been reset in places and all gaps have been filled with new privet to make this complete all the way round the block. A special rate has been secured from the city for the use of water on the grass and the lawn will be kept in first-class condition through this means. Bermuda will be placed just as soon as the ground can be prepared for it. Another item that will be of some assistance in keeping the yard is the ruling that prisoners of the county may work out their fines on the courtyard at the rate of fifty cents per day. It is thought that this will be of great assistance in keeping the yard in good condition.

BARTLETT BUILDING LEASED BY NEW DRY GOODS FIRM

Ben Saied completed arrangements the fore part of this week for the leasing of the Bartlett building, first door south of the postoffice. Workmen have been busy in the place of business all this week getting shelves and other fixtures ready for the opening, which will be held about May first. Mr. Saied is the owner of a number of stores in the Panhandle and other sections of the state and is a firm believer in advertising, the first question asked being those concerned with his opening announcement.

EXECUTIVE JOLLY RETURNS WELLINGTON MEETING 12TH

Scout Executive I. E. Jolly was in Clarendon Wednesday of this week making his first visit over the territory after an absence of one month attending school in New York City. Mr. Jolly stated that plans were well in hand for the holding of the Area meeting in Wellington Friday evening of this week and that something new in the matter of eats would be provided. The guests will be required to "Roast Their Own" and some fun will be added by this attraction. A delegation will be in attendance from Clarendon.

Mrs. F. C. Johnson is visiting in Wichita Falls.

LIONS HEAR OF PARK PROJECTS

PROPOSED WORK ON AFFLICTED CHILDREN MEETS CLUB APPROVAL

Two items of major interest to a great part of the people of Clarendon were brought to the attention of the Lions Tuesday of this week. The first of these was the report of a committee on the possibility of the saving the eyesight of M. J. Bonham with a slight operation. Dr. Strite stated that he would make no charge for the work done, but that there would be a small charge for hospitalization fees and for the use of the operating room. The case of Mr. Houdashell was also mentioned with the same report as made on the other case. It is possible that one operation will suffice in the Bonham case, but two will be needed in the instance of Mr. Houdashell.

The second item was one that will appeal to the entire Panhandle of the state. This was the mention of the fact that Palo Duro Canyon could be converted into a migratory game and bird refuge. The matter was brought to the attention of the Board of Directors of the Lions in their meeting Monday evening and a committee was authorized from the club to work in conjunction with other towns of the Panhandle in securing data needed to put this matter over. A meeting was scheduled for Amarillo on the 15th and a good delegation from Clarendon is expected to be present to meet with representatives from other towns who are near the edge of the canyon and who would profit from such a venture.

Announcement of the vote of the County Commissioners on the County Agent was reported. The matter was voted unanimously at the meeting of the commissioners Tuesday morning.

OLD TIME RESIDENT MAKES 1929 FRUIT PREDICTION

Friends of Uncle Billie Smith will be glad to know that he is much improved and that he was able to be on the streets of the city Saturday of last week. Mr. Smith has been confined to his home rather closely for the past three months by illness of himself and his wife, but states that the spring weather will soon have them both out and going again. While in the News office, Mr. Smith stated that there was the best prospect for a full fruit crop that he had ever seen, his apricot trees being especially well filled with fruit. The other trees on his place are equally loaded and he was hoping that no freeze might catch the crop this year.

JUNIORS HIGH TO HAVE EXHIBIT HERE FRIDAY

The Junior High School Art Exhibit will open to the public for inspection on Friday of this week between the hours of 9:00 a. m. and 6:00 p. m. There will be no charge on the exhibit and the public is cordially invited to see the work turned out by these youngsters.

Master Thomas Earl Noble is quite ill with an attack of scarlet fever.

HOME BUILDING IS CONTINUED

MANY NEW RESIDENCES ARE WELL UNDER WAY WITH SOME COMPLETED.

The home building program of the city is keeping well pace with the expansion program that is being put through in the business section of the town. The home of A. L. Chase on East First Street is being rushed to a rapid conclusion and is to be one of the most modern in the entire city. A new departure in building is being used with a face brick finish to the level of the windows and a stucco finish above. The roof will be of metal in a spanish tile effect.

The new home of Ira Merchant in the west part of the town is up to the foundation line and the frame work will be started on this in the very near future. The J. J. Goldston home has the foundation poured and will also be ready for the frame work in the immediate future. The home of John Bass on West Fourth Street is ready for the face brick veneer and other finishing touches. This home will be rushed to completion when the forces of Mr. Bass are released from other jobs in the city.

A recently completed job that is the pride of the owner is the O. L. Fink home in the west side of the city. A seven room and basement home, it is one of the most complete residences found anywhere. The exterior is finished with a crushed rock aggregate that makes it one of the most pleasing in appearance, adding greatly to that part of the town. Walks, concrete work and other materials of this sort have consumed more than fifteen tons of concrete in the completion of the home. The interior is well arranged for comfort and convenience and meets the needs of the family in an excellent manner. Oak floors have been used throughout, a selected matched wood being used to make the floors as uniform as possible. Heat is secured through a hot air furnace installed in the living room. Built in features are found in all otherwise waste spaces, making this a home to be proud to own. Mr. Fink stated that the yard would be grassed and that trees had been secured for planting to further enhance the beauty of the place. A double garage is an addition to the rear of the home.

In the business section, the filling station purchased by Charles Bell has recently been completed, as has the addition of forty feet to the Holland building. The Bennett building is being rushed to an early completion as is the Buntin building on the same street.

F. E. Chamberlain has returned from Temple where he spent several weeks in Scott White Sanitarium.

Friends of Robert Weatherly will be glad to learn that he has returned from Temple, where he had been for the past week for attention to his eyes. It was learned that he will be able to save one eye, although the other will be a total loss, resulting from being struck with a golf ball some weeks ago.

LES BEAUX ARTS CONTEST SUCCESS

IS BROUGHT TO CLOSE HERE TUESDAY AFTERNOON. MAY BE MADE ANNUAL.

The Bird House and Feeder contest staged by Les Beaux Arts Club of this city in an effort to arouse interest in birds was one of the most successful events that has ever been held in this section of the state. Twenty-seven entries had their houses and feeders at the home of Mrs. Homer Glascoe on West Fourth Street when the time limit expired and the judging was started.

John Harold Jones of Ashtola won the first prize; J. E. Duckett of this city was second prize winner in the Bird House contest and Emmett Simmons was the winner of the feeder contest. Especial mention was awarded the houses of Y. E. McAdams and Ardis Patman. Judges based their awards on four points, practicability, workmanship, beauty and durability. In case there are those who desire to build a house made by some of the boys, they are all priced and may be secured at the home of Mrs. Glascoe for the coming week. Judges were: Tom F. Connally, B. R. Davis, Mrs. C. W. Taylor, Mrs. W. W. Taylor and Mrs. W. H. Cooke. An additional prize was given by Mr. Mulkey, he issuing passes to all the contestants who failed to win a prize in the contest.

The first prize was given on 91 points. Failure to receive 100 points was due to lack of any way to clean the inside of the house. Prize winning houses and feeders are to be displayed at the Taylor hardware store.

An added interest has been given the contest in future years by this first contest and the club is considering making this an annual event. They ask that the boys remember the points to be taken into consideration when building their houses, that they may have them as a guide when the contest is started next year. Those in charge, especially Mrs. W. G. Word, who was chairman of the contest, stated that the members were more than pleased with the interest shown. Further plans will be announced later.

The contestants are: Y. E. McAdams, Ardis Patman, James Headrick, Billie Greene, Joe Montgomery, C. E. Mitchell, Hugh Phelps, Ernest Wood, Frank Derrick, Garland Woods, Frank Holzclaw, Clifton Blank, Kenneth Sherman, Jack Lindsey, Esco Trostle, Ass. Yates, B. L. Woods, Leo Thomas, Ashtola, Auburn Eddings, Ashtola, George Chamberlain, Ashtola; Jim Blank, Barnard.

BIG RACE RED HOT

CONTINUED FROM 1ST PAGE

a race for anyone to do anything faith in you NOW at this most critical stage of the whole race, you not only disappoint them but you are bound to suffer the sickening shock of a terrible disappointment yourself when you find after the final count that it was you, loafing during this the crisis of the race that cost you that beautiful new Ford Tudor.

Only 10 Days to Finish
You've worked hard so far, nobly, can you afford to falter now? With only ten days to the end of the big race can you afford to throw away all that hard work and effort and what will you tell those who've so nobly backed you with not only their subscription, but their help in getting others for you?

Common sense says NO. Honors, glory, cheers and a brand spanking new Ford Tudor Sedan await the winner on April 20th, just a few days off now. If you are made of the stuff that doers are made of, if you will put everything else under the sun aside and KEEP ON PLUGGING, rolling up your "club a day—it'll keep the blues away" and you'll not only top the Roll of Honor, but you'll top the whole list in the finals and be declared THE WINNER by the local committee of judges.

Just 10 lucky days to the end, and the tenth day—the luckiest of all—

PRIZE DAY—
So, PASS THAT CRISIS NOW!

LEGION BRINGING SKY RAIDER HERE NEXT WEEK

The outstanding picture that has been produced in a number of years is to be seen in Clarendon Wednesday and Thursday of next week when "The Sky Raider" is shown here. This picture shows the famed Captain Nungesser, one of the men who attempted the flight of the Atlantic and who was lost somewhere on the Atlantic. The picture has been okayed by the National office of the American Legion and is brought here by the Aubyn E. Clark Post of the organization. The picture will be shown in the Pastime Theater and benefits will go to the Legion Post.

M. M. Noble and Rev. S. E. Allison were Amarillo visitors Monday attending to business matters.
