Brown Brothers Attempt To Murder Trial In Progress

Two of Trio Held to Answer Fof Alleged Attack at The Naylor Home in Dec.

Milam and Belk Brown of Tucumcari are now on trial on a charge of "assault with intent to murder" the case having begun Monday morning of this week. The third brother alleged to have shared a part in the attack last December 14th was shot and killed by Tom Moss while advancing upon Moss with a sixshooter.

The attack occurred at the home of the mother of Tom Naylor these two, Tom Moss and the Misses Ava, Minnie and Lou Naylor also being present. Each of them testified for the prosecution Monday. Mrs. Naylor was too ill to attend the trial.

The defense is laying a predicate for an alibi, in this effort some three women, four men of whom one is a Mexican, all of Tucumcari, are being used. The two defendants also took the stand this (Tuesday) morning offering testimony to further strengthen an alibi for Belk Brown who disclaims any part in the attack though identified by three or four state witnesses.

The state contends that Belk Brown escaped when the shooting took place. Milam Brown was held by Tom Naylor and his sisters and Tom Moss until the arrival of the officers and has remained here in jail since that night. Belk Brown was arrested at Tucumcari three days later and brought here and jailed.

The state is putting on rebuttal testimony this afternoon. The defense will be privileged to offer rebuttal and it is not expected that the case will reach the jury before Wednesday.

Hon. J. W. Culwell of Amarillo is attorney for the defense and District Attorney J. C. Mahan and County Attorney R. Y. King represent the state.

The jury is composed of Elba Ballew, G. D. Hunt, W. M. Mace, C. J. Talley, Carl Bennett, Jr., J. R. Dale, P. H. Longan, C. L. Lewis, Clifford Johnson of Hedley, J. H. Headrick, Dick Eichelberger and R. O. Thomas.

Miss Ann Craven, who has been a guest of Mrs. Kelly Chamberlain returned to her home at Childress Sunday.

Musical-Reading Recital Thursday Evening

Thursday night of this week at the College Auditorium, pupils from the South Ward and Junior High Schools, under the direction of Mrs. Rita Foster Stocking and Miss Grace Mae Sample will present music of the seasons interspersed with carefully selected readings.

The program will begin at seven thirty. There will be no admission charge. The public is most cordially invited to be present upon this enjoyable occasion.

Will H. Dubbs of Amarillo visited in Clarendon Sunday.

W. P. Cagle Is Choice For Mayor In Tuesday Election

Assumes Duties Monday With Little Ceremony; Pledged To Economy Program

Voters of Clarendon established a record attendance on the polls in the mayoralty election Tuesday when 564 marched to the booths to voice their sentiments.

Much interest was evidenced by heads in behalf of both candidates working feverishly throughout the day. Cars were made convenient to transport voters to the polls where they had no means and judging from the total vote cast, no one was overlooked.

In the final count, Henry W. Taylor, mayor for three terms, had received 239 and W. P. Cagle a total of 325 votes.

Clarendon Gets Next Convention Of B. Y. P. U. Members

Convention Largely Attended From All Over District; Is Growing

Clarendon's invitation for the 1932 session of the District S. S. and B. Y. P. U. Convention was accepted. The telegrams from mayor of the city, the secretary of the Chamber of Commerce, and the chairman of the Board of Deacons of the Baptist Church arrived at the psychological moment. The selection of Clarendon as the place of meeting will bring the convention back nearer the center of the district and thus contribute to the effectiveness of the convention.

Seven went from here to the meeting of the convention at Perryton this past week. Rev. E. N. Shepherd, Mr. A. J. Sibley, Mrs. T. L. Kimbriel, Miss Mabel Mongole, Miss Fraye Barnhart, and Miss Ruth Thompson. Reports of the convention were given at the morning and evening hours Sunday. These reports represented the convention as being informational and inspirational. Several suggestions for the strengthening of the work here were made.

Mrs. Joe Holland, Sr. had as guests Saturday her daughter, Mr. and Mrs. M. G. Whitfield of Hedley, Mr. and Mrs. E. J. Leathers of Lelia Lake, and Mrs. Clarence Piercy of the J A ranch. Mrs. Bill Beverly and little daughter and Mrs. Joe Ritter of the J A ranch were also guests.

Lelia Lake School Board Has Few Changes

The recent school trustee election made few changes in the Board at Lelia Lake due to the fact that school matters had been handled to the satisfaction of the community.

G. A. Davis and Joe Johnston were elected to take the place of Clark Cook and C. C. Carter who had resigned.

In addition to the two new members named above, the present Board is composed of W. A. Bullard as President, Kinch Leathers as Secretary, and W. P. Howard, Holly Wood and W. V. McCaulley.

Christian Minister Believes in Modern Advertising

Rev. W. E. Ferrell pastor of the First Christian church placed an order with the Leader printery Friday for five thousand church bulletins. These bulletins are to be issued to the membership weekly.

The bulletin is of the four page type and bears an excellent photo of the church building on the front cover. Seventeen advertisements printed on the back cover paid the bill without cost to his church. The minister is due no little credit for his progressive ideas and zeal to supply his flock with information that is necessary.

Mrs. H. Beach is Suddenly Called by Death

Friends of the family were shocked Saturday morning when it became known that Mrs. H. Beach had passed away in the early hours of the morning following an illness of but a few hours.

Her remains were shipped to Wichita Falls Sunday and the funeral conducted from the Lamar Avenue Baptist church Monday afternoon at 2 o'clock with Rev. S. F. Martin, the pastor, in charge of the services. Interment was had in the Burkburnett cemetery family burial plot.

Mrs. Beach in company with her husband came to make her home in Clarendon just a few months ago when Mr. Beach and his sons acquired ownership of the Bigger filling station. She was possessed of a kindly christian character and readily made friends who will sadly miss her in her new home.

Surviving are the husband, six sons, Cecil, Otto, Homer Jr., and O. L. Beach, all of Clarendon, Roy Beach of California, and Jess Beach of Wichita Falls; one daughter, Mrs. Nelise Robinson of Clarendon.

Historical Society Meets At Canyon Friday

The Panhandle-Plain Historical Society in session at Canyon Friday found their number of pioneers growing smaller at a rapid rate due to deaths over the year.

T. D. Hobart of Pampa is president of the Society. W. H. Patrick of this city was unanimously re-elected to the Board of Directors, his term having expired this year.

Mrs. J. D. Stocking appeared on the program discussing early Indian history of the Panhandle country. She also gave some interesting episodes of the early history of Clarendon when butcher shops displayed bear meat from the Palo Duro along with other meats.

Those attending from here in addition to those mentioned above were Mr. and Mrs. Jimmie Moore and Mr. and Mrs. Clinton Henry of the J A ranch.

Mr. and Mrs. E. W. Brittain and Miss Eva Brittain of Jacksonville are visiting Mrs. Brittain's mother Mrs. O. L. Fink.

Hedley City Election Has Light Vote Cast

L. E. Thompson heads the city dads of Hedley as Mayor for the next term. To serve with him as alderman he will have C. E. Johnson, M. G. Whitfield, A. A. Cooper, W. T. Hall, P. L. Dishman.

All of the above named are old residents of the busy little burg and are thoroughly conversant with the needs of the town. The voters did not take a big lot of interest in the election being pretty well satisfied with the offerings from which a selection was to be made.

Memphis Again Hands Local Golfers a Package

Local golfers returned home Sunday from another "go" with Memphis in which they suffered the second defeat only recently. The scores are reported to have been Memphis 14, Clarendon 8 and one tie.

Twenty-three local men went down for the games and the second defeat has not dampened their ardor in the least. In fact they are keener than ever to erase the stigma of defeat, stated a local enthusiast Monday.

Demand For Certified Seed Better Than Last Year

Already purchases are being made of certified seed by several farmers. This demand is the result of watching the tests last season. While the season was unfavorable in the extreme, the comparisons were easily made.

The Leader is backing the certified seed idea and we direct attention to our advertising columns as to where these seed may be obtained. The varieties will be added as the season advances. If you are in doubt, ask County Agent T. R. Brown who is familiar with results of the past season here, and tests made over a long period elsewhere.

Comparisons in Prices Made by Local Grocer

A happy idea struck Sam Lowe, local grocer, the last of the week when he displayed in his windows a selection of groceries that amounted to \$31.50 as per prices twelve years ago. The list included a sack of sugar, sack of flour and a can of grease.

On the opposite side of the show window he displayed a large stack of groceries showing what might be purchased for \$31.50 according to present day prices. The comparisons in concrete form were a revelation to a large number that stopped to look over the display.

Mr. and Mrs. J. H. Clark visited relatives in Lubbock over the week end.

Clarendon; two brothers, E. S. Richardson of Wichita Falls, and J. J. Richardson of Plainview; and four sisters, Mrs. W. R. Cowan, and Mrs. J. W. Douglas, both of Sadler, Texas, Mrs. J. W. Hendricks of Tulsa, Okla., and Mrs. N. O. Kinslow of Duncan, Okla.

The Leader joins with the many friends of the family in expressing sincere sympathy to the bereaved relatives.

Rotarians Enjoy Number Fine Talks Friday Luncheon

Boy Winners in Oratorical Contest Strut Their Stuff With Good Effect

The members of the Rotary Club enjoyed listening to the oratorical efforts of the junior and senior declaimers of Donley county who will enter the district meet at Canyon after having bested all contestants in this county.

Aubrey Brady as a junior declaimer spoke on the subject of "The fellow who will take my place." His talk was delivered in a manner that met with a ready response and thoroughly enjoyed by those who heard him.

George Chamberlain though a junior in age, entered the senior class under this handicap and won. His talk was based on the subject of "Sam Houston."

Both boys were roundly cheered and Rotarian Cole and President Jenkins each took occasion to compliment the boys for the excellent subjects selected, and for the able manner in which they were presented.

Tom F. Connally as a special guest of the Club spoke on a varied number of topics of the day concluding with an analysis of the grain market and general financial conditions. Mr. Connally never disarmed (continued to back page)

Highway Officer Picks Up Defacer of Road Sign

While returning to Clarendon Wednesday, O. J. Fleeman of the Highway Department discovered two young men near a highway road sign this side of Hedley. One of the young men later giving the name of Campbell, was said to have been in the act of writing a bit of hitch-hike history on the sign.

The offender unconsciously asked the highway officer for a ride and when seated in the car was brought here and charged with defacing a highway sign. The young man gave his age as 21 and stated that his home was in Estelline. His bond was for \$50, was approved and the offender given temporary liberty.

The Highway Department officials have been diligently trying to pick up those who have been defacing road markers. Those near the river in some instances have been badly shot up bearing the earmarks of a battle.

North-West Texas is Given 22,500 Seed Packages

Donley received 140 packages of garden seed Thursday as her share of a Red Cross shipment of 22,000 four pound packages sent into Northwest Texas. The varieties are suitable to our climate and will prove a valuable asset if properly handled.

This seed appears to be first-class in every respect bearing the label of a well known New Orleans seed house. A large number of people are trying out the seed and will make a report at the end of the season.

Entire Picnic is Hauled By One Truck

A picnic party consisting of twenty-six members of the Senior League of the Methodist church went picnicking on Troublesome Monday evening. A regular outing was enjoyed with cooking supper camp style.

The entire party went on a single truck furnished by H. L. Brady. And what is more, Mrs. Brady drove the truck out of the Canyon without hitch or mishap. Just a case of a skilled driver handling a mighty good truck. This feat was one of the surprises of the party, and not the least enjoyable.

Home Bakery Bread Truck Burned Friday

On his way to McLean about 4 a. m. Friday morning, C. Huffman, proprietor of the Home Bakery lost his bakery truck by fire. It is supposed to have been caused by a faulty carbureter. The loss occurred near the river north of town.

Mr. Huffman rescued a portion of the load, but more than half of it went up in toast. The loss is a serious one for the bakery a trade with all the surrounding towns having been built up to the point where he was kept busy making deliveries.

Hedley Election Returns Show Some Changes

The new school board at Hedley according to returns retains two of the old Board following the recent election. J. B. Masterson and G. L. Armstrong retain their seats by reason of having been returned by a vote of the citizens.

Other new members include J. A. Tolbert and M. J. Smith. The holdovers on the old Board are W. T. Youree, J. E. Blankenship, S. G. Adamson.

Judge Fires spent Sunday in Childress. District Attorney J. C. Mahan took Sunday with home-folks at Wellington.

"The Tightwad" Scores Big Hit With Audience

Goodly number was present at the College Auditorium Tuesday evening to see "The Tightwad" play presented by the Little Theatre. The audience frequently applauded and the play is said to have been among the best presented here.

Music was furnished by I. B. Pierce, T. D. Nored and Elmer Palmer using stringed instruments

Eight Cases Are Tried Over The Week In District Court

Work of This Session May Be Reached by End of Week it is Thought

Adhering to his rule that attorneys repeat no witness testimony, and other time saving methods, Judge Fires is cleaning up the docket at a rapid rate.

The case against E. A. Blatchly charged with pandering and given five years in the Antro hotel case last term and a new trial granted, was dismissed.

Lewis Caldwell and Leonard McCollom, colored men charged with chicken theft resulted in acquittal for Caldwell and McCollom was given two years.

Joe White was given two years on a forgery charge. Another similar case against White was dismissed.

In the case of the State of Texas vs Roger Quisenberry (Alias Bob Brown), charged with burglarizing jobs at Lelia, a two year sentence was given. This party is alleged to have given the name of Bob Brown at the time of his arrest soon after the deed was committed and asked that the matter be adjusted as quietly as possible as he had never been in trouble before and did not want to grieve his mother should she learn of his predicament.

It is alleged that his fingerprints show that he has served three terms in the pen and is further alleged to be an old offender though still a young man. Local officers state that he was an innocent actor but had found nothing to fool the fingerprint expert.

Christian Evangelistic Meet at Wellington April 20th

The next meeting of the Childress District Christian Evangelistic Association will be held at Wellington April 20th, at the Christian church in all day meeting.

Rev. W. E. Ferrell, pastor of the First Christian church here will preach on the "Value of Co-Operation" during the afternoon.

This, the third meeting of the organization will include some of the leading ministers and laymen of Northwest Texas on the program. An effort is to be made to secure the next meeting for Clarendon.

Sullivan Heads Egg List With Five Dozen

It fell to the lot of J. W. Sullivan of Route 1 to bring in the first eggs on the subscription exchange-for-eggs campaign now being conducted by the Leader in an effort to extend a special favor to its readers.

More eggs are wanted. Load us down. That's "eggs-actly" the best way to get your name clean on the slate. The offer of 20 cents a dozen still holds good, folks. We may be forced to close the offer after Saturday. Rush them in now before you forget it.

Farm Bureau Organizer To Lecture Here Wednesday

W. F. Finnigan, representing the Texas Farm Bureau Federation will speak at the Courthouse or some other appropriate place at 2 p. m. tomorrow (Wednesday) the 15th.

Reduction of taxes on farm lands and a better market for poultry has been two of the big accomplishments of the Bureau according to Mr. Finnigan. He especially requests the ladies interested in poultry to hear him at this time.

Lions Will Observe Ladies Night This Evening

No meeting of the Lions was held at noon today due to the fact that a "Ladies Night" program will be carried out this evening.

Special music, stunts and a big feed are announced as a part of the evening's entertainment. This is an event looked forward to with much pleasure by the membership and is said to be the biggest events in the Club.

Aston Gets Twenty Years Bank Robbery Charge Saturday

Convicted of Robbing Donley County State Bank in June Of Last Year

Through the efforts of local officials and the Bankers' Association, one of the two men alleged to have committed a daylight robbery of the Donley County State Bank here on June the 23rd of last year, was given twenty years by a jury Saturday morning.

Selection of the jury was begun Thursday morning lasting over two days with the attorneys completing final argument Friday night. The jury is said to have been in a quandry for some time as to the length of sentence, guilt having been voted on the first ballot.

A final decision was reached about ten o'clock Saturday morning, with the above results. Attorneys J. L. Lackey of Stinnett and Wallace Wilkerson of Oklahoma City have signified their intention of appealing the case.

The defendant, James E. Aston, had a number of defense witnesses from Oklahoma including his wife. His three children were also brought into the court room at various times. His principal defense was that of an alibi.

Employees of the bank were positive in their identification, Holman Kennedy, cashier of the bank, being the state's principal witness. J. L. McMurtry, vice president of the bank, was also present when the robbery was committed and identified the defendant as being one of two men who compelled Kennedy to scoop up the money and dump it into a sack held by the alleged Aston.

The defendant was further identified by Miss Mantie Graves and Mrs. Elizabeth Holloway, both employees of the bank and among those to be forced to enter the vault at the point of a gun.

The state was represented by District Attorney James C. Mahan and County Attorney R. Y. King.

The jury was composed of Jim Bible, J. W. Gatewood, G. A. Davis Roy C. Jewell, Odos Caraway, G. M. Allen, W. B. Holtzclaw, Lee Holland, W. M. Mace, Bill Bromley C. L. Goin and C. W. Bain. These men were selected from a special venire of 150 and came from widely separated parts of the county.

Marvin Jones Will Deliver Commencement Address

The services of Congressman Marvin Jones of this district have been secured for the College Commencement programs. Mr. Jones will deliver the principal address according to Dean W. A. Clark, Jr. who has put forth every effort to secure the best talent possible.

Mr. Jones is a talented speaker and has delivered numerous addresses of this nature and his address on this occasion will no doubt be one of the best ever to be delivered here.

Miss Zebulene Furgeson of Alareed was a week end guest of Miss Lorene Hayes.

Pupils To Present Operetta At College At 8 This Evening

Program is Being Sponsored by Pupils of Public School Music Department

Those who delight in skill exhibited by the younger set consisting of music, dancing and speaking with a varied entertainment in addition, will do well to attend the Operetta to be presented at the College Auditorium beginning at 8 this evening.

The directors are Miss Altha Evers and Miss Lorena Steagall with Miss Grace Mae Sample at the piano. Some fifty pupils will take part in the presentation of the program that includes royalty of foreign lands picturing habits and customs of Holland.

Amateurish.

Man reaps what he sows, unless he is an amateur gardener.

Scenery.

The canyons of West Texas are but smiles on the face of the earth after viewing the beautiful plains.

East Texas Kicks.

That the folks down in the piney woods are hard to please is evidenced by the fact that they are kicking because a gallon of gasoline costs them more than a whole barrel of crude is selling for right now.

Auto Mystery.

With our automatic windshield wipers, easy steering gear, four-wheel brakes, non-shatterable windshield glass, rear view mirrors stop lights and better tires, we often wonder how we got by with our lives riding in the earlier models of chariots that we thought were real autos.

Tennessee Ideas.

Modernism brings forth some brilliant ideas, and not the least of these is the idea advanced by the school book purchasing committee of Tennessee.

This committee proposes to make advertising in the books pay for them. Advertising of foods, colleges, household articles and toys have been passed as appropriate subjects.

Modernish.

Mesdames Dandy-Jim-no-Chief, Julia-Wades-in-the-Water, FishWolf Robe, Good-Shield, and Miss Mink Woman, members of the Blackfeet Indian tribe, appeared on a church musical program at Browning, Montana recently.

All of these ladies are declared to be graduates of musical circles, Miss Mink Woman having sung in grand opera last season. It's a long howl from the war whoop of their fathers, or their deceptive imitation of animal calls that meant death to the uninitiated American of pioneer days.

Tolerance.

Dr. Powell, Rector of an Episcopal parish in New York City is the author of a new book, "The Biography of the Life of Mary Baker G. Eddy." Mrs. Eddy was the founder of the Christian Science faith, and this book has been adopted by the Board of the Mother church.

The Rev. Hoaglum, a Catholic priest, will preach the high school baccalaureate sermon in the Methodist church at Polo, Illinois. Gradually the world is becoming more tolerant with a better understanding between sects and creeds.

Mayor Cagle.

Assuming the toga of Mayor of Clarendon for the second time, W. P. Cagle thus becomes an experienced servant of the town. His varied property interests here will naturally cause him to have more than usual interest in the welfare of those who live here.

His experience and long residence in this section bodes well for a successful administration and his legion of friends offer congratulations and pledge their hearty cooperation in the advancement of the best interests of one of the best towns in the state.

Go West! Go West!

If one were to believe all that is published in regard to the gold mine discoveries at this time in the western states, one would think

over to his old home at Coopers-town while on his way to Washington gives the enemy something to howl about.

Depression Advantages.

The least that can be said of the depression period is the fact that it has given education an impetus. Since the days of the World War when buck privates took note of the fact that college trained men were invariably given the preference for the better positions, young men have valued an education more highly.

An economic depressor always injures the most valuable interests of a community, but on the other hand living expenses become cheaper thus enabling more of our boys and girls to stay in school. Their too, boys have been more content to stay in school the past winter because of the lack of opportunity to secure profitable employment.

Gasoline Tax.

A member of the legislature is proposing a retail price of 15 cents per gallon for gasoline. According to his ideas, five cents would go to the producer, three cents to the highway fund, two cents to the school fund allowing five cents to the retailer.

He suggests this plan as a means of lifting the tax burden from land and improvements on the land in both rural and urban locations. Not a bad idea either. Something should be done to shift the burden of taxation from the producer to the class that is able to enjoy all the luxuries, since the luxury class does not produce a proportionate share of the public needs.

Advertising Medicos.

The Atlanta Journal in reporting the speeches of doctors in attendance on the Fulton county, Georgia medical society, quotes Dr. T. C. Davison, the president of the Society as follows: "We, the medical profession, who have the health, happiness and lives of 123,000,000 people of the United States in our keeping, are still using the old-fashioned, single barrel muzzle-loading shotgun idea of hiding behind the so-called 'dignified profession'."

We have always believed that anything worth while was worth telling the public where it could be had, and if possible, naming the price. The great hope of the future is disease prevention, and if the people were told what measures to use to prevent disease, and knew that it came from a local reputable physician, it would save the Nation millions of dollars annually.

The Prisoner Problem.

Governor Phillip LaFollette recently suggested that the prisoners in the Wisconsin penal institution be put to work on the outside in order to relieve congestion within the walls.

When the Board of control in charge of the penal system asked for seven millions of dollars with which to construct more buildings, the Governor proposed that forest camps be established throughout northern Wisconsin where convicts could be used to advantage in reforestation work.

Texas would do well to pattern after Wisconsin in order to relieve congestion within the walls. Our prisoners would fare better out doors planting trees in East Texas and working on the highways of West Texas.

Italian Sagacity.

It remained for the humblest American debtor to explain the cause of the depression. Italy has come out flat-footed and declared that with European nations paying America large sums on war debts, these nations have nothing left with which to buy our products.

Possibly other nations had something to do with Italy's declaration, and at first thought it might appeal to one as deserving of some consideration. On the other hand, we think of France, the greatest loser in the worldwide melee, and recall that France recently loaned Bavaria \$27,000,000.

These same nations that com-

plain of being poverty-stricken because of foreign debts, have built warships, airplanes, merchant ships and forts than the United States since the close of the war.

Perjurers.

Governor Sterling has issued a pardon to one James See of Dewitt county. See had been convicted of a criminal attack and given fifteen years. He appealed to the Court of Criminal Appeals and the case was affirmed.

The jurors, prosecutor and court and parents of the accusing witness are said to have doubted See's guilt, but there was but one alternative, believe the girl witness, and send him up.

Now the girl, the only state's witness declares that she swore falsely. Gov. Sterling acts in defense of justice, and the only recourse left to See. What would have been the status of the case had not the Governor been willing to grant the innocent victim his liberty?

Will the girl be prosecuted for committing a perjury? Hardly. Such things have happened before any times and nothing done about the matter. The executive branch of our judicial system is too lax—entirely too lax. Innocent people have been made to suffer, and the perjurer, even tho a girl, should pay the penalty for breaking the law of the land as for any other felonious offense.

Homesteading.

Those ex-soldiers who have gone to New Mexico to homestead may

have thought war was all that General Sherman claimed for it, but they haven't heard a thing until they begin the trials of a homesteader.

The writer is speaking from experience and in no sense would he for a moment seek to discourage the worthy ambition of an ex-soldier. On the other hand, the ambitious crusader into the wilds of the untamed desert should stop to consider a few things before wasting time and money.

All of the land worth while was taken by the pioneers more than 25 years ago. Some locations upon which water might be had was found as late as fifteen years ago. The very choicest locations are being governed by owners of the third generation from some Spanish Don.

A homestead under an irrigation project means that the land is mortgaged to the government through the Reclamation Service, and the water rentals are high. So high in fact that the land will seldom if ever produce enough to pay the water rent. This is due to the high cost of getting the water to the land, building dams, main ditches, laterals, etc.

Should the homesteader brazenly attack the trackless waste in its embry form, the chances are that

water cannot be found at any depth under a thousand feet. This is not all of his besetting miseries. The cattle and sheep men have held sway there unmolested for a lifetime. They welcome no newcomers.

The World War is over with the ex-soldier, but the local war has just started. He will find that the Federal government offers little protection so far as his individual homestead rights are concerned. Local officers on whom he might depend are most always entangled in a mesh of politics in which the enemy appears to have control. He has one chance, and only one—band together, stand for what is right and battle as a single unit.

Mr. and Mrs. O. L. Jacobs of the Hudgins community were here Friday making purchases and meeting their friends. O. L. subscribed for the Leader which just about makes it one hundred percent for that section.

Quarterly Conference Brings Out The Faithful

What is declared to be one of the most wholesome, neighborly affairs at the Methodist church for some time took place Wednesday evening when the members planned a supper preceding the work of the Conference. Rev. W. M. Murrell, Presiding Elder of this district conducted the meeting which was attended by a large number of ministers and laymen.

Memphis News is Absorbed by Nunn-Warren Chain

The Memphis News established in the fall of 1929 by Fred Landers and Reese Pool and more recently owned by Millard Humphrey and Meredith Gross has been absorbed by the Nunn-Warren chain of papers removing it from the competitive field since the Democrat is owned by the Nunn-Warren interests. Messrs. Humphrey and Gross will become identified with the latest Nunn-Warren acquisition, the purchase of the Raton, New Mexico Evening Gazette. Mr. Humphrey has already assumed the management of the new daily, and Mr. Gross will leave Memphis in a few days after winding up the affairs of his old partnership.

Ethel Barrymore To Visit Amarillo Next Friday

Amarillo, Texas, April 13—Ethel Barrymore, foremost actress on the English-speaking stage, will appear here under the management of Lee Shubert in "The Love Duel", adapted from the Hungarian play of Lili Hatvany by Zoe Akins, in the Municipal Auditorium for one night only, Friday April 17. Through the fact that Ethel Barrymore is the sister of John and Lionel Barrymore, famous movie stars, and sister-in-law to Dolores Costello, considered one of the greatest emotional actresses of the screen, she needs no introducing to the movie-going public of today. Playgoers will be interested in the debut of Ethel Barrymore Colt and John Drey Colt, daughter and son, of the noted actress. They represent the ninth generation of the Barrymore-Drew family in the theater. Ethel Barrymore's leading man is Walter Gilbert. Though always interested in the stage, he was destined by his parents for law. The boy spent his idle moments loitering around a stock theater in Brooklyn and it so happened that he made his stage debut with this company. Others in the cast of "The Love Duel" are: Jane Bramley, Georgie Drew Mendum, Anita Rothe, Carol March, Harry Plimmer, William Kershaw, Marcel Dill, Malcolm Soltan and Charles Quigley. In "The Love Duel" Miss Barrymore is seen as a brilliant society woman, cynical, beautiful, irresistible, waging the eternal war between sexes. This play was acted by Miss Barrymore in her own theater in New York City and in all the leading cities of the United States from the Atlantic to the Pacific coast. Glancing over the unusual long list of stage portraits Miss Barrymore has drawn, the variety displayed is impressive. Here Shakespeare, Sheridan, Pinero, Barrie, Henry Arthur Jones, Somerset Maugham, Galsworthy, Wilde and Sierra are represented. During her notable career she has ranged through a series of plays equalled by no other living actress and surpassed by only the great players of past generations. The show is being brought here through the efforts of the Tri-State Fair Association. Mail orders are now being received by Wilbur C. Hawk, President of the association. Seats are selling for \$1, \$1.50, \$2, \$2.50 and \$3. (Advt.)

New Mayor Thanks all Voters For Their Support

I want to thank each and every voter for their support in the race for the office of Mayor of Clarendon. It will be my purpose to serve each and every citizen of Clarendon to the utmost of my ability, keeping ever before me the single purpose of serving the public in a manner that will be for the greatest good to the greatest number. W. P. Cagle.

L. E. Haskett Visited Here When Clarendon Started

While paying his respects to the Leader force Friday, L. E. Haskett old-time newspaper man of Childress, grew reminiscent. He told of having visited Clarendon way back in the 80's and stopping at the Atteberry hotel.

He spoke of the town at that time as supporting White & Company's general store north of the track and several saloons, some of which were housed in buildings no better than a barn. Mr. and Mrs. Haskett were on their way to Canyon and other points to visit friends. Mr. Haskett also appeared on the program of the Historical Society at Canyon Saturday.

F. W. Nullmeyer of Portales was here on land business Thursday. lace Saturday, on a return visit from Amarillo where they were visiting relatives.

Mr. and Mrs., Sam Allen and baby of Clarendon spent Saturday night and Sunday in the home of their parents, Mr. and Mrs. A. L. Allen. A birthday supper was enjoyed in the home of Mr. and Mrs. A. L. Allen Saturday night in honor of their son Mr. Sam Allen of Clarendon. A number of guests was present to enjoy the supper.

LELIA LAKE SCHOOL NEWS

We have had our Interscholastic League meet and made a very good showing indeed. We were not able to take all first places, of course, but won our share of them. I especially comend all of those students who took part in any of the events, whether or not they won a medal. It is not the medal or ribbon that really counts, but the training one gets. To those who entered and did not place, you are due commendation the same as those who won.

I want to especially praise those who won in the literary events. We often just pass slightly those who declaim, debate or take a part in the literary events, while we heap praises on those who capture the athletic events. I think a pupil placing in either of the literary events has accomplished as much or more than those entering the athletic events. Our boys are beginning their baseball practice this week. We are somewhat handicapped because of a lack of equipment. Miss Buttrill, county CHD agent came by Wednesday and invited Lanell Lewis and Bernice Self to

accompany her to a meeting of the girls' club at Giles. Our girls enjoyed the trip very much and thank Miss Buttrill for the compliment.

Our regular school work is progressing nicely. We think it speaks well for our English Department to win first place in the county meet in essay writing and extemporaneous speech. On Friday of this week we held our annual School Fair. All exhibits were accredited to both teacher and pupils. We had about sixty patrons with us and thank them for the interest taken in our efforts to show concrete results. The work represented our regular school work from time to time. All pupils making above "B" the last six weeks on report are:

THIRD GRADE: A students—Melba Bullard, Juretta Howard, Jessie J. Tomlinson. A & B students—Jack Boyce, James Morton, Eugene Putman, Mary Jane Cook, Pearl Eller, Lois Jennings, Bessie Wood. B students—Smith Jones and Johnnie Leathers.

FOURTH GRADE: Marie Bain, graded "A" and Madeline Cruse A&B. FIFTH GRADE: B's only—Laura Mae Gerner and Billie Knoy. SIXTH GRADE: A students—Marie Howard and Bobbie Leathers. B students—Frances Johnston, Vernell Leathers, Bernice Self, Elsie Sisson. EIGHTH GRADE: Elbert Bain. NINTH GRADE: Agathia Mae Eller. TENTH GRADE: Leroy Leathers, and Isabell Knox. ELEVENTH GRADE: Richard Finch, Sam King, Gladys Husband and Loree Hamm.

Greenbelt Union Meeting Will Be Held at Alanreed Friday

Because of bad weather conditions, the union meeting of the Greenbelt Epworth League was postponed to meet at Alanreed Friday night, April 17th. A special program has been arranged and an urgent invitation is extended by the President, D. Smith of Alanreed, that every member be present.

E. H. Kennedy of Lelia Lake is confined to a Dallas hospital following a major operation.

Chevrolet Demands Continue To Grow

March production of the Chevrolet Motor Company was 79,603 cars and trucks and brings the number of new 1931 models built up to April 1 to in excess of 326,000 units, W. S. Knudsen, president and general manager announced today. March output was larger than in any month since May, 1930, and final figures for March exceed preliminary reports by more than 4,000 units.

The March performance represents a gain of better than 18 per cent over February production of 67,000 units and represents an increase of 1,000 units over the number originally scheduled for March production.

While production of the company is being conservatively increased in line with the upturn of the sales chart, registration figures continue to show that Chevrolet is maintaining leadership as the fastest-selling automobile. In December Chevrolet led all other makes of passenger cars in domestic reg-

istrations by 2,000 units, in January by 4,000 units, and the 43 states already reported for February show maintenance of that leadership by a comfortable margin.

Mr. and Mrs. Edwin Andrews of Dalhart spent last week-end with the latter's parents, Mr. and Mrs. J. W. Rowland, of this city. Mr. Andrews was formerly a citizen, but is now located at Dalhart, being employed on the Dalhart Texan. Mrs. Andrews will be remembered as Miss Bernice Rowland.

The right way to use the new HUMIDOR PACK

1 Do not tear Cellophane. Look for the convenient flap at the top and back of package

2 Simply lift this flap and you will break the specially devised air-tight seal

3 Hold package as shown and with your thumbs push it part way out of Humidor Pack

4 To avoid tearing tin foil, slip first finger of each hand under Revenue stamp and break it

5 Help yourself to a fresh cigarette, then slide package back into its Humidor Pack

6 Close package. It guards Camels from dust and germs and provides sanitary protection

THE moment you open the new Camel Humidor Pack you begin to note the advantages of this new, scientific and sanitary method of wrapping Camel cigarettes.

At once you are greeted with the delightful aroma that comes from choicest Turkish and mellowest Domestic tobaccos in prime condition.

Your sense of touch also detects the freshness of Camels, for unlike moisture-robbed cigarettes Camels are pliable to the fingers.

But the real difference comes when you light a Camel and inhale its cool, fragrant smoke.

Cigarettes brought to you so perfectly conditioned deserve to be kept that way in your pocket.

The simplest way to insure this is to open the Camel Humidor Pack as shown above.

That will keep intact the mildness and freshness that is making the whole country say: "Now I'd walk two miles for a Camel because they're twice as good."

If you haven't tried Camels in the new Humidor Pack, switch over for just one day.

Then go back tomorrow if you can.

CAMELS Smoke a FRESH Cigarette!

THE GOOD HOSTESS PROVIDES CAMELS

Artificial heat in houses and apartments soon dries the moisture out of cigarettes wrapped the old fashioned way. It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton—this cigarette will remain fresh in your home and office.

Ellis, L. L. Swan, Sella Gentry. Club guests were Mesdames F. E. Chamberlain, A. L. Chase, R. L. Bigger.

CHRISTIAN LADIES AID
The Ladies Aid of the First Christian church met with Mrs. Ed Carlson Wednesday. A short business session was held preceding the devotional conducted by Mrs. F. C. Johnson as leader. The lesson was taken from Acts: 6th Chapter.

Mrs. Olson, mother of Mrs. Carlson, was remembered with a basket of fruit and a present from Mrs. Carrie Wiedman, it being her 82nd birthday. Mrs. Eva Humphrey presented the gifts with appropriate words effectively expressing the friendship of those who thus honored her on this occasion.

Mrs. Olson expressed her thanks in her winning manner, after which they repeated the Lord's prayer for adjournment.

PATHFINDER CLUB
The Pathfinder met Friday afternoon at the Club Room with a program consisting of the study of "Rigoletta", an opera by Verdi. Mrs. J. L. McMurtry led in the lesson discussion assisted by Mrs. J. T. Patman and Mrs. Bessie Smith. Lovely refreshments were served by the hostess, Mrs. J. G. Sherman and Mrs. Frank A. Stocking.

MRS. J. C. ESTLACK ENTERTAINS
On Thursday, April 9, Mrs. J. C. Estlack royally entertained, for the day, twenty-five of her friends and neighbors. The ladies were invited to come and help their hostess do some quilting and to, incidentally, eat capon. All arrived early and by noon had two and one-half quilts quilted. Lunch was then announced, and what a feast that lunch proved to be. The table fairly groaned under the weight of masterfully concocted, deliciously cooked food consisting of: turkey and capon, with dressing, gravy, and cranberry sauce; creamed potatoes, turnips with fresh pork, beans, macaroni with cheese, deviled eggs, two kinds of salad, sweet and sour pickles, hot rolls and corn bread with fresh country butter, blue damson plum pie with whipped cream, coffee, tea, iced tea.

Mrs. Estlack's sons served their mother's guests in such a happy manner that one could easily see that they were her real pals, and friends, something seen all too seldom in this age of frolic and fun. The ladies did honor to their hostess by enjoying to the full her bountiful repast then returned to the job at hand and finished quilt-four quilts, which they bound ready for use.

The cat was tossed by those eligible to do so amid much merriment created by the antics of the animal. We will watch to see if the cat is as good a prophet as the early Egyptians thought it was.

When all the quilts were out of the frames, blocks for a friendship quilt, for the hostess, were passed to the ladies to be pieced and each ones name embroidered in the center of the block. At a late the indoors picnic was adjourned, and all gave thanks to their hostess for a very pleasant time and wished that the friendship quilt of white and old rose, should prove a real talisman for her.

Those present were Mesdames G. A. Anderson, S. P. Arnold, A. H. Baker, T. R. Brown, M. T. Crab-

tree, O. L. Fink, L. A. Reavis, O. D. Liesberg, Ware, McDowell, Youngblood, Tombs, Van Eaton, Alfred Estlack, Holtzclaw, M. W. Mosley, Matt Bennett, W. D. Martin, Lanham, Eva Humphrey, E. A. Sloan, Earl Humphrey, Elmer Palmer, Will Johnson, Misses Ethel Hutto and Helen Smith and the hostess, Mrs. J. C. Estlack.

PREWITT-LUMPKIN
The many friends here were greatly surprised the past week to learn of the marriage of Miss Maye Lumpkin and Mr. Ben Tom Prewitt at Sayre, Oklahoma on Easter Sunday. Rev. Daniels, the pastor of the First Baptist church officiated.

The bride is the daughter of Mrs. T. B. Lumpkin of Clarendon, and has been a member of the public school faculty for many years, no teacher standing higher in the profession than she. She has also been identified as a partner in the Bon Ton Confectionery with her brother, Floyd Lumpkin, for several years.

The groom has been a valued employee of the Greene Drygoods Company for a number of years, is a young man of worth and ability and unquestioned integrity. Both bride and groom are popular with the general public and the leader joins with the many friends in wishing them every happiness.

42 CLUB MEETS AT CLUB ROOM
Mr. and Mrs. M. M. Noble entertained the 42 Club with a chill supper and 42 party Thursday evening at the Ladies Club Room. A varied assortment of pot plant varieties were used for decorative effect.

The Baptist W. M. S. will meet in the church parlors Wednesday afternoon at 3:00 o'clock. The West Circle will present the program, the Rex Ray Circle will act as hostess.

*** CHAMBERLAIN ***
Sunday school was held at the regular hour. Mr. and Mrs. Joe Rackey of Goodland returned to their home Monday after visiting in the home of the lady's father, N. Dingler. The canning bee struck the Millsap home rather violently, they added to their pantry two beehives the past week, using the pressure cooker method.

To our knowledge seven beehives have been canned in this community so far this year. The following families canned one each: J. H. Duckett, Neely Hudson, G. G. Reeves, D. N. Hudson, Roy Beverly, and V. V. Johnston. Every one reports success in

Clarendon News Moves To Little Building
The force on the Clarendon News from editor to devil were a busy bunch the last of the week moving the plant to the Little building formerly occupied by the Ball drug company.

Andis Brothers did the hauling maintaining their usual reputation of handling heavy machinery without mishap. Concrete forms had been run for the heavier machinery in advance of moving day and the change was made with little trouble.

Mrs. Lloyd Blackwell, Miss Maxine Blackwell, Mr. and Mrs. Lewis Blackwell, and son, Wallace of Amarillo visited in the home of Mr. and Mrs. E. A. Thompson Sunday.

Keeping this valuable food, and highly pleased with the method, this should encourage the planting of more feed and the fattening of more calves and a long stride in the live-at-home plan.

The recent enrollment of the Scholastics indicates there are eighty four eligible for public school for the coming term. Mr. and Mrs. Leonard Darnell of Jericho visited in the Duckett home for the week end.

Mrs. H. B. Rhodes and children returned to their home at Goldston Friday after spending a few days in the Millsap home. Miss Uva Stewart of Goldston spent several days in the home of her sister, Mrs. Neely Hudson, the latter accompanied her and visited in the home of her parents, Mr. and Mrs. H. M. Stewart.

Negro Drowns in Taylor Lake at Lelia Wed.
Kid Lewis, aged about forty and who recently received his government loan as an ex-veteran was drowned Wednesday afternoon when a small boat capsized on the Taylor lake near Lelia.

Dan Sauls, another negro was said to have been with him at the time but swam to the shore. Sauls is of the opinion that the other negro became strangled when a high wave struck them that almost caused Sauls to go down being heavily dressed.

While swimming Sauls is said to have heard the other negro strangling but could render no aid as he was having all that he could do to stay on top in the cold water and an extra supply of clothing. A younger sauls boy had refused to enter the boat and watched the accident from the bank.

Feed Growers Are Swindled By Dry Checkers

It is said that farmers over the plains have been swindled out of several thousand dollars this winter by having sold feed to strangers accepting checks in return.
 The feed is hauled away by truck and only in a few instances did the farmer take enough forethought to write down the truck number. Some few have been made to pay later when they could be located.

East Texas Church Finds Oil On Their Property

Longview, April 12—They prayed to God and God heard them. It was 7:30 a.m. on a cloudy February Sunday that the pastor of a little country church and his associates stood bareheaded by the site of an oil well being spudded in on the church lot and prayed that He would His blessings bestow. It was in late afternoon of a bright sunny day some three weeks later that the Eslick No. 1 Church lot came roaring in for a record-breaking production. Again the pastor and his associates bared their heads and knelt to give thanks to the God who had heard them.

So the first flow of oil through a new pipe line into the east Texas field will be from the Church lot well. And the good people of the Cumberland church, six miles northwest of Longview, can fight black sin with the wealth from black gold. They are making their plans. A new parsonage is to be erected. A new parsonage is to replace the old, weather-beaten, ram shackled house which now shelters the Rev. W. D. Harber and his family. Royalty checks will be put to work to aid the unfortunate of the congregation. For the first time in 33 years this little country church, which numbers a few over 100 members, has the assurance of freedom from harsh financial tribulations.

Second Well to Go Down.
It is true that it is still too early for them to know just what their income will be, but the well is a big producer and regardless of the restrictions of royalty the royalty checks should be filled in with some interesting figures.

Moreover they are about to start drilling another well on the church property. The lease includes 29.3 acres.

It was late in last January when an independent operator first came to the elders of the church and made them a proposition. The figure was \$250. The oil boom was new then and \$250 looked like a lot of money. A committee was formed with Rev. Harber at the head. The proposition was accepted. The day came around that the payment of the money was to be made and it was not made. The committee waited several days and then

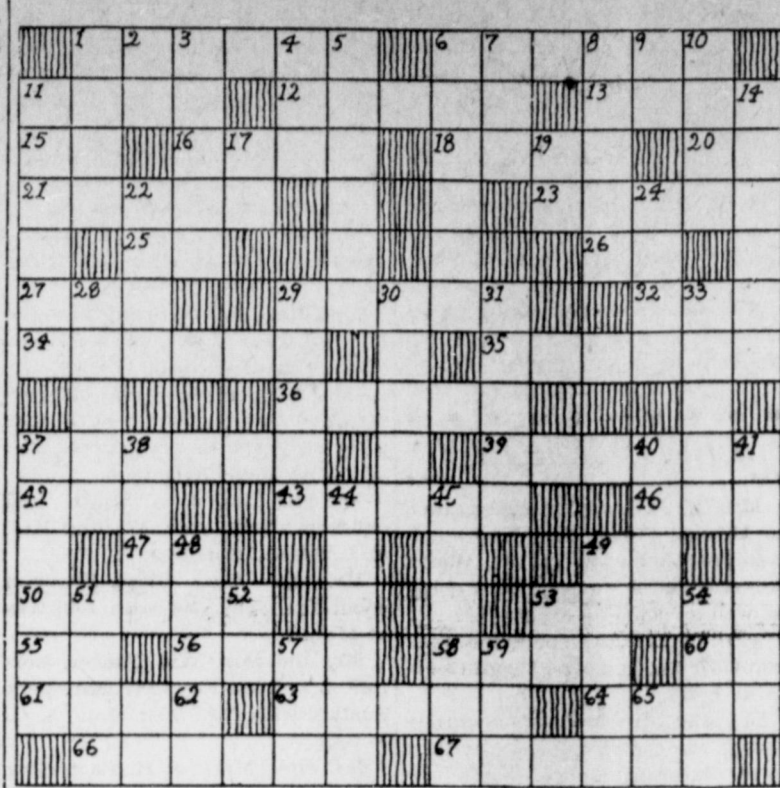

the operator informed them that there was a hitch in his plans and he was not further interested. That deal was called off.

Then Ernest Eslick and H. C. Brown of Dallas made a proposition. Property values had increased by leaps and bounds meanwhile and it was a far better proposition than the original \$250 deal. There was a delay however. Some of the members of the congregation feared that in case a well was put down and came in a dry hole that it would ruin their chances of having another well sunk. The committee pondered on it. It was a most serious proposition for this little country church which needed the money so much; whose members were not interested in their personal profit but in the good work that the oil profits could do. The Rev. Harber decided the question. A contract was drawn up with Eslick and Brown. R. C. Little was to drill the well.

Then through the days and nites which followed the steady chug of the drilling engines kept Harber company just outside his bedroom window. They ran 24 hours a day, stopping only once a week. Sunday mornings while services were being held in the little church nearby the engines were silenced. As soon as the services ceased the engines started again.

February passed and March came and one morning the interested public found a high board fence inclosing the well. It caused much comment. The well became a mystery well at once. Rumors ran wild. Somehow or other the east Texas public had the idea that an oil well was public property and open to public inspection at all times. The fence was an insult. Now that the mystery is over the fence can be explained. March in east Texas is very windy. The fence kept the wind from the drillers while they worked. If it also kept oil scouts out it answered a double purpose. The wind was the main reason, however.

It may be driller's luck, or it might be a prayer that was offered on a cloudy Sunday morning. It's all according to how you look at it, but from the minute the bit first bit the red dirt up to the time it went smashing down into the oil-laden Woodbine sands, there was little or no trouble in drilling

this well. Everything went like clockwork from the start to the happy finish. As one of the elders of the church puts it, "we didn't know if we would get oil, but we thought the church was entitled to it." It looks as if they were. They have it.

The other day a meeting was held. It was the first meeting of the church board since the oil came. The humble livingroom of the pastor's old ramshackled house offered a scene worthy of a great playwright. An open fire burned in the fireplace. The rough board floor was bare excepting for a hand-woven rag rug here and there. An iron bed stood in one corner. A homemade book case without

doors was loaded to the last inch with many scores of books. The pastor and his white-haired wife and the elders sat in a great half circle about the fire in a collection of wooden chairs gathered from different rooms in the house.

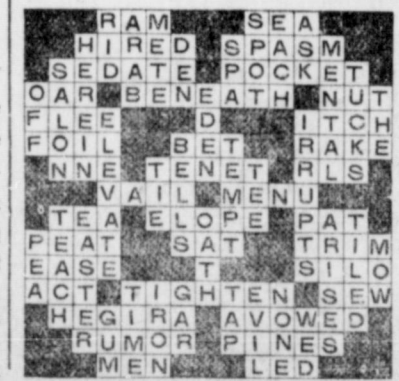

You look into their eyes to see how they were taking the new fortune that had come to them after all these years of deep trial. They were happy? Yes. They were exuberant? No. There were too many years of fighting to gain a bare living from the red dirt; to many crop-burning droughts to be forgotten. It was too new, this oil thing. They knew it was there and that their prayers had been answered and the new day for the little church outside had come, but the habit of repression still gripped them. They were taking their new fortune with the same stoicalness they have taken their troubles with for many a past year. A month from now? A year or five years? Ah, that will be different.

A great sigh seemed to be hung on the wall which read: Be patient. Give us time. We are very grateful, but be patient and give us time to get used to it.

And that is the story over there where a little white church, and a little white school house, and a new oil derrick stands towering over an old weather-beaten building. They know there'll be a new church, and a new parsonage, and that the unfortunate will be taken care of.

MARCH GOOD MONTH FOR STOCK SALES

Sale of West Texas Utilities Company \$6 Preferred Stock during the month of March totaled the gratifying mark of 1,403 shares, according to a report from Dan A. Gallagher, Treasurer. The General Office, with a group total of 526 shares, led the district competition, and F. W. Schroeder, Chief Engineer, reported the sale of 200 shares to win individual honors for the month.

District "K", with 227 shares, District "A", 149 shares, and District "B", 128 shares, finished in the order named to annex second, third and fourth places in monthly district sales. Districts "C" and "J", with respective sales of 92 and 88 shares, also made good showings.

C. C. Sellers, Assistant Treasurer, C. W. Osburn, Abilene Gas Department, and Tom G. Wilbur, San Angelo, were other high-ranking salesmen with respective totals of 126, 70 and 55 shares.

The Treasury Department reports that April stock sales are rapidly assuming sizable proportions, and all indications point to another successful month.

Well we have survived Ground Hog Day, Good Friday and a blizzard and still live despite the fact that the Legislature has done nothing much but threaten us with a lot of fool laws.

Some juries are locked up while the bird they are trying runs around foot loose.

Pole cat canyon is located east of Roswell. Just why they called it pole cat is explained by reason of the numerous skunks living there. Polecats are found only in Russia, but that godforsaken section might as well be in Russia—no one can stay there without a pension.

The only one to profit by living in Polecat canyon was a woman. She got up a case with an old rancher by the name of "See-Hop" (given that name because he had a fight with a Chinaman in Carlsbad and got liked), sued him for breach of promise on the show down and won a thousand dollars.

Well, the good woman has sent my father his 25th birthday cake. The Apostle stan is a good show to have five daughter-in-law some day and we often wonder if any of them will take up with the cake idea. Liking "in-laws" is a great deal like liking "outlaws", it is seldom found.

Men used to wear whiskers to keep from being classed as bare-faced liars.

The dimmest lights have the most scandal power. The bride knows the honeymoon is over when her husband makes the same kind of a noise her father did when she asks for money.

To get away from the subject of music, an eminent psychologist says that snoring is a saxophone type of noise. He probably doesn't know it, but that's where the idea for the building of the first saxophone came from.

We still think that these radio so-called orchestras should be made to change the tune as often as they change the names in the announcement.

Well let's get down to weather. Speaking of weather, A. L. Millsap out in the Chamberlain community is entitled to the castiron pajamas as a premium on weather prognosticating. He found thin shucks on the corn. He found thin bark on the trees. He found thin hair on the rabbits all winter.

He immediately reared back on his reputation ranging from the piney woods of East Texas to the sandstorm swept wastes of the Llano Estacado, and said in that March came in like a lion she would go out like a lamb and the weather signs caused him to advise planting, planting and more planting of everything.

They aught to church that man and run him into the Republican party. March went out like a whole herd of lions and near zero weather.

er. All the storm damage is due to his carelessness. He may be the champion pie eater at a picnic, but as a weather man he is a bum failure. The gardens froze, the fruit trees look fire swept and the first home brew makings' busted the jars all on account of folks following East Texas weather advice in West Texas where you turn everything around, believe nothing you hear and only half what you see.

If the boys are going to keep on putting axle grease on their hair, I think the women who have to do the washing aught to use oil cloth pillow cases or a wooden block like a blamed Jap.

When I went out to the greenhouse for Easter flowers for the good woman, I saw literally millions of tomato and other plants growing as they never grew before. Mrs. Cooper showed me around to where she lost millions of plants by the freeze and yet had millions left where her greenhouse man had a chance to take care of them in a spell of weather never dreamed of in the springtime.

If there is anything the Apostle likes better than potlikker, it is eggs—just plain old hen fruit. Pickled, fried, scalded, boiled, battered, cooked into salads, pies, cakes or any old way. Bring in your eggs and pay your subscription. Not many are behind, but we want to catch up once more and get even and we believe this is a dandy good offer to help both of us. Read the egg advertisement in this issue. We only draw the line on the kind that will peck. No piped eggs please.

A farmer wants to know if, in this age of search warrants, if he should arm himself with a search warrant before looking for cut worms in his garden. Blamed if we know. This is also an age when we have little state's rights left, no county rights at all, and it is a crime to exercise individual rights in any form.

A man in Amarillo walked up to a taxi man and said: "Take me to where I can buy a drink." The taxi man smiled and said, "step in old boy" and away they went. When the driver had passed Pampa and was nearing Miami, the passenger asked something about the final destination by saying, "Where the devil are you taking me?"

"Just to Canada", the taxi man said. "Well, you win this time" said the dry agent, "and I want to go back to Amarillo." Lots of funny things happen in the Metropolis of the Plains.

Of all the bee family, Bumble is the best known perhaps, because he does business over a wide territory. In a day when the Apostle was less ignorant than now, he joined a motley array of youngsters for the sole purpose of whipping out Mr. and Mrs. Bumble Bee and family, hoping to be rewarded with copious lugs of honey.

The Bumble family lived in the hay meadow where they led a quiet and inoffensive existence. Not content with letting well enough alone we 'swope' down on the settlement of Bumples with brush and whipped them to a stand. We lost two soldiers in the fray, both of them beating a hasty retreat for head.

quarters where medical facilities and hospitalization offered inducements to those who were stronger of limb than mind.

As a final climax to the situation, a newspaper was spread over the opening to the Bumble factory and a fat lazy lad who had refused to go for a bucket was induced to sit down on the paper to preclude the possibility of any more trouble while the bucket was being brought to take care of the honey.

When about half way back, we heard a series of screams and yells intermixed with private opinions that would not look well in print, and what did we see? That 'cheesy' kid was making a bee-line for home without any regard for a speed limit. Judging from the gestures, the newspaper had furnished no armored protection from the weapons of defense of the enemy. The Bumples scored the most hits, but we bested them on runs and errors.

Gangway! Here comes the cavalry!

OUR WEEKLY CHURCH CHAT

"Freedom" Freedom is not the power to do as we please, unless we please to do as we ought. The Scriptural condition of freedom should be noted. "He that was called in the Lord, being a bondservant, is the Lord's freeman." (1 Cor. 7:22) Freedom is conditional upon association with the Lord Jesus. Those who have answered the call of the gospel are the "Lord's freedmen." Jesus said: "If ye abide in my word, then ye are truly my disciples; and ye shall know the truth, and the truth shall set you free, John 8:32,33. "If therefore the Son shall make you free, ye shall be free indeed" (John 8:36) The most perfect liberty exists where there is the fullest surrender to the divine will.

Note the purpose of our freedom We are free to serve: Likewise he that is called, being free, is Christ's bondservant" (1 Cor. 7:23). The liberty of worldlings often leads to lawlessness. The Christian takes heed, "lest by any means this liberty becomes a stumbling block to the weak" (1 Cor. 8:9). The man of the world may boast of being a "free-thinker." The man of God, desires that even his views shall not clash with divine revelation. "The truth shall make you free." True liberty is a priceless blessing.

"There is no liberty but in the gospel, no equality but in the truth, no fraternity but in Christ Jesus." "Heaven will be freedom from sin, pain, anxiety, selfishness and everything foreign to the soul's highest interests and joy." It is our business to help you to prepare for heaven and that perfect peace and freedom that awaits the children of God. To help you, our Sunday morning sermon on "The supreme Offering to Christ" and the evening sermon on "What Should We Do With Jesus?" will be filled with information that you should know. Jesus died that you might know certain facts, the church exists to day to make it possible for you to learn them, the preacher invites you to come and study the soul's greatest problems, so try to be present.

MOUNTAIN HOGS EXPERT AT CATCHING TROUT

The hogs that inhabit the precincts of the Blue Ridge are resourceful. When the drought reduced the wild vegetation on which they feed to a scantiness that would not suffice for even a meagre meal, they turned their attention to the trout streams and began catching these wily fish. One might think the trout would be wise enough to keep out of the

reach of the porkers, but those in the shallow pools were unable to do so. The hogs found this out and "fished" these shallow pools empty of trout. There is no means of estimating how many they have caught and eaten, but not being restricted by a bag limit or the length of the take, they left none in many pools. They fattened on the fish diet and their owners marvelled at their remaining in the "pink of condition" in a time when their usual food was missing until the mystery was solved by some of the hogs being caught in the act of "fishing." As the hogs, some of which are wild, have acquired a fondness for trout like most humans, it will be a big job for the fishermen to try to devise a means to protect them from the 4-footed fishers. So far as advised the trout in the streams at Hoover lodge have not been molested.

**When to Market Fowls
From Turkey Flock**

Ninety-five per cent of the turkeys are killed, dressed and marketed during November and December.

About 75 per cent of all the turkeys consumed are sold for the Thanksgiving and Christmas trade. A comparatively small quantity marketed at Christmas time is stored.

The Thanksgiving turkeys are usually not full grown or fat. The extra month's feed gives them a much better finish.

They can then be successfully frozen, and thaw out bright and clear.

This freezer stock is used almost exclusively by the hotel trade, some of the larger hotels having turkey on their menu the year around.

**Feeding Vitamin A Is
Best to Prevent Roup**

Feeding poultry through long periods of drouth involved new problems which need special handling, according to C. M. Ferguson, Ohio State University.

In periods of good grass plenty of vitamin A is abundant. When grass is short and hard to get some source of this vitamin should be given hens. Wheat does not provide this but yellow corn does. Lack of vitamin A leads to nutritional roup.

Alfalfa or soy bean leaves or leaf meal will furnish a good supply of vitamins. It should be fed at the rate of about six to eight per cent of the ration.

Worms Take Profits

It is estimated that two-thirds of the poultry sent to the Illinois experiment station for diagnosis is infected with worms. Doubtless about the same condition is true in other states. This is ordinarily caused by overstocking the poultry lots and houses and by keeping the poultry on the same ground year after year. Worm medicines are not wholly effective because they do not destroy the eggs of the parasites. A clean range is better than any medicine.

Fodder for Litter

No poultry flock that does its duty does it without litter. It is an indispensable article in every poultry house, especially where winter eggs are desired, as well as healthy and contented fowls. Some farmers complain that it is a waste to use good wheat or oats straw to permit the hens to scratch in. It never is a waste, but where the straw is not plentiful, shredded corn fodder, or even the cut corn fodder makes a mighty fine article for the litter.

CHAMBERLAIN SCHOOL NEWS

The following is a more complete list of Chamberlain's wins at the County Athletic Meet:

Our Junior Arithmetic team composed of Wilford Hott and Leota Rampy won first place annexing the loving cup.

Wilford Hott won second place in junior arithmetic as an individual. June Harrison captured second place in sub junior spelling. Our girls won second place in playground ball.

Chamberlain boys tied with Hedley for the same place. Windal Wilson won second place in one hundred and twenty yard high hurdles.

J. E. Duckett being a little over zealous for his school brought away the following honors: First place one hundred twenty yard low hurdle, class B; second place class B one hundred yard dash; second place two hundred and twenty yard dash; first place one hundred twenty yard Pentathlon race class B; first place county pentathlon. Now Pentathlon seems to be as complicated as its name would indicate. This new exercise in athletics consists of a one hundred yard dash, shot put, high jump, broad jump, standing hop step and jump. That's all, if there were any more to pentathlon I would have told you.

Howard Hughes won second place

in class B shot, and third place in javelin throw.

Doyl Brazille won first in junior broad jump, the distance between the rise and landing measured seventeen feet. The junior relay team consisting of Marion Blackman, Roy Hughes, Vernon Reed and Doyl Brazille placed to close second.

The Freshman history class entertained the Sophomores and the seventh grade history class with a party at the school auditorium Thursday evening.

The Chamberlain school enjoyed a weeñie roast Friday night in honor of the interscholastic League team.

J. E. Duckett, Howard Hughes and Windal Wilson are eligible for the district meet at Canyon April 24-25.

Mrs. O. D. Liesberg entertained her sister, Mrs. R. D. Wood and Miss Ruff of Amarillo over Friday.

Mr. and Mrs. S. T. Sayer of Mineral Wells are visiting their relatives and friends here this week.
