CLARENDON, DONLEY COUNTY, TEXAS, AUGUST 31, 1944

A Common Paper for Common People

Local School Opening Set for Monday, September 4th

Students who have enjoyed a three months vacation and rest will report Monday, September 4th at 9:30 a. m., as the Clarendon Public Schools and Junior College open for the regular 1944-45 school term.

Junior College and Senior high school students enroll in the following rooms at the college building: Junior College students in the library, seniors in room 11, Juniors in room 13, Sophomores in room 14.

In the Junior high school, the 7th, 8th and 9th grade students will enroll there. The other six grades enroll in South Ward building. The teachers will be in their respective rooms.

All first grade pupils must have birth certificates and all students in all schools must show evidence of vaccination for smallpox.

There will be a general faculty meeting at the College building Saturday morning, Sept. 2nd at ten o'clock.

The colored school will also open at the North Ward building at 9:30 a. m., Sept. 4th.

Clarendon Junior College to Offer New Course

Dean R. E. Drennan announced this week that the Clarendon Junior College, in an effort to keep up with other top schools, would offer a new course in Aviation, both in flying and ground work.

These courses will qualify the student to get his license as well as 3 hours credit in each course for the work.

J. F. Smith Jr., who has been instructing for quite some time in the flying course, will continue that part of the course. The ground work will be taught by another local instructor which has not been definitely decided upon at the present time.

This is a grand opportunity for both young and old who wish to learn to fly, and all interested parties should contact Mr. Drennan before or at the beginning of school next Monday.

COLORED CHURCH TO HOLD REVIVAL

Rev. E. L. King, pastor of the St. Stevens Baptist church (colored) has announced a revival for that organization beginning August 30th. He extends a cordial welcome to all their white friends to help in this fight to christianize the colored part of town.

Rev. I. H. Hilliard (colored) of Pampa will conduct the services.

Mrs. W. T. Lowe is visiting her daughter, Mrs. Farrar at Melrose, New Mex.

Farm Shop Work To Be Sponsored By Vocational Agriculture Dept. Of Clarendon Schools

A farm shop program for the farmers in Donley County and sponsored by the State Board of Vocational Education through the local Vocational Agriculture Department has secured approval of state and national officials and will start operation here sometime in September, according to J. R. Gillham, vocational agriculture instructor. The program will provide the services of an expert shop man and electric and acetylene welding equipment, forge and other blacksmith equipment, electric grinders, electric drill press, and a complete air compressor for painting farm equipment, electric saws, nois, wrenches, and other equipment necessary in farm repair work.

Any farmer in Donley County can make use of the equipment and the services of the supervisor

LIEUT. ROYCE E. TURNBOW COMPLETES 34 MISSIONS OVER WAR AREA

AIR SERVICE COMMAND STATION "Somewhere in England"—1st. Lieut. Royce E. Turnbow of Clarendon recently passed through this Air Service Command station en route to a well-earned rest after 34 missions as a pilot on a Liberator.

Here, Air Service Command officers "briefed" him on the necessity of safeguarding certain vital information he gained as a result of his combat experience.

Before his return to the States, Lieut. Turnbow was awarded the Air Medal with 3 oak leaf clusters and the D.F.C.

He is the son of Mr. and Mrs. J. B. Turnbow, formerly of Clarendon.

New Football Suits To Be Issued Friday

The new football suits have arrived and will be issued to approximately 30 boys who are expected to report for training at the College Friday morning at 9:30.

There will be new practice suits as well as regular game playing suits. According to coach Slick Naylor, there will be two training periods Friday, two Saturday and then the regular schedule of one practice period each day, beginning Monday.

If the players are as enthused over their scheduled games as they are over the beginning of training, they are bound to go somewhere in the district play.

D. W. MITCHELL GOES ON TRIAL TODAY ON RAPE CHARGE

A jury to be used in the Mitchell rape case was selected yesterday from a special venire of 111 men. The case opened today (Thursday) with the questioning of witnesses.

D. W. Mitchell of Matador, Texas is charged with raping an elderly lady at Lelia Lake July 12. A sanity hearing was held last week and the defendant was found by the jury to be sane.

A quick trial is expected and a verdict will probably be returned before the end of the week.

Visit In Carpenter Home

Visiting Vada Carpenter and family last week were his mother, Mrs. W. P. Carpenter of Paris, his brother and wife, Mr. and Mrs. W. P. Carpenter, also his sister, Mrs. C. D. Davis and children of Lafayette, Calif. All returned home Monday except Mrs. Carpenter who remained for a longer visit.

D. E. Leathers Grows Twin Cantaloupes

"Another one for Ripley," said D. E. Leathers when he came into the Leader office Tuesday morning displaying twin cantaloupes, identical in shape and size and growing from the same stem. The cantaloupes were joined together at the stem end but otherwise formed two perfect melons. They are of the Haile's Best No. 3 variety and were above the average in taste and odor. Mr. Leathers states that he handles around fifty bushels of this variety every day for the market and never grows tired of eating them. "They still taste just as good as the first one," he said.

Mr. Leathers is raising this variety of cantaloupe on a large scale on his farm near Lelia Lake this year and says that he has found two sets of these melons like those brought to the Leader office.

Mr. Leathers is the father in the family of four who were chosen the "Typical All-American Family" a few years ago, at which time he was just as much at home before the microphone as he was gathering his crop down on his little Texas farm.

Wind and Rain Does Minor Damage

Over an inch of moisture fell here early Wednesday morning following a strong wind which reached a velocity of 58 miles in gusts. The wind hit here shortly after midnight. Some parts of the county reported as much as 1 1/2 inches.

Quite a bit of damage to trees and crops was sustained as the wind broke limbs and blew tall feed over, along with blowing down a number of electric wires and telephone lines. A number of windmills were reported blown down and J. R. Gillham received quite a bit of damage to his residence when the wind blew a brick chimney over, crashing through the roof and porch, also causing rain damage to his ceilings and floors.

Fred Russell's slaughter house and windmill southeast of town were blown over. The rain in general was very beneficial to crops and will mean more late cotton, and will help a considerable acreage of late feed.

RED CROSS VOLUNTEER SERVICE

Those taking housewives this week were Mrs. Carl Pittman, 10; Mrs. D. F. Wadsworth, 40; Mrs. J. C. Estlack, 10; Mrs. B. G. Watson, 10; Mrs. Mike Thornberry, 6. *Any one having scraps of oil cloth that will do for soap bags, or who wish to take out sewing, please call Mrs. G. E. Norwood.

Mrs. Sarah Mills Buried August 27

Funeral services were held Sunday at the Assembly of God Church for Mrs. Sarah Emma Mills with Rev. W. A. Harris, officiating. Mrs. Mills passed away at her home August 23rd following a stroke after walking to town a short time before. She had been a resident of Donley county since 1921.

She is survived by her husband Claude Mills, two daughters, Mrs. Maude McKinney and Gracie Mills, both of this city. Three sisters, Mrs. Maggie Sisson of Lelia Lake, Mrs. Ellen Wyatt and Mrs. J. F. Wallen of Canyon; three brothers, Cicero Nix of Phoenix, Arizona, Roscoe Nix of Prim, Arkansas, and Alonzo Nix of Lodi, Calif.

Burial was in Citizens cemetery with Womack Funeral Home in charge of arrangements.

RATIONING AT A GLANCE

By PEPPY BLOCKER

Motorists are again reminded to get their applications for new "A" books in the local office as soon as possible. Application blanks are available at filling stations throughout the county. The cover of the present "A" book must accompany the form when it is MAILED to the board. (Motorists are requested to mail their applications to eliminate the necessity of personal interview with Board personnel. This will save valuable time.) Please have your application in the hands of the local Board by September 15th in order that it may be mailed back to you by the validity date, September 22nd.

In the event that you've lost your present "A" book cover, then attach your 1944 car license receipt with your application—the receipt will be returned to you with your new ration book.

Because there is a critical shortage of popular brand cigarettes, some dealers and street vendors throughout the district have been reported to have increased their selling prices. This is a direct violation of OPA regulations, for the ceiling price has not been raised. Many of those selling at excessive prices do not have state licenses to retail cigarettes. Some localities report that they believe hoarding is to blame for the shortage and that if consumers will buy in moderation when cigarettes are available the situation will ease up. If you are "approached" with the opportunity to buy cigarettes at more than the ceiling price, please report it to your local Price Panel.

Ration Reminder

MEATS, FATS — Red stamps A8 through Z8 and A5 through D5, good indefinitely. E5, F5, and G5 become good indefinitely September 3rd.

SUGAR—Sugar stamps 30, 31 and 32, each good for five pounds indefinitely, and 33 good for five pounds after September 1st and remains good indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year.

GASOLINE—A-12 coupons are good through September 21st. SHOES—Airplane stamps 1 and 2, good indefinitely.

Mr. and Mrs. Slick Naylor and family have moved in the Duke house here. Mr. Naylor will coach football this school term.

Services Today For T. J. Noland

Funeral services were set for 2:30 this afternoon for Thomas Jefferson Noland at the Methodist Church with Rev. H. W. Hanks, officiating.

Mr. Noland, age 87, passed away at an Amarillo hospital Wednesday morning, following a quite lengthy illness. He is a former resident of Clarendon, having moved here in 1899, and lived here until 1904.

He is survived by two daughters, Mrs. L. M. Price of Stratford and Mrs. Jack Hutton of San Diego, Calif.; four sons, E. H. Noland of Clarendon, J. Ross Noland of Tulsa, Loyd N. and Thomas J. Noland of Los Angeles. Also four grandchildren and five great grandchildren.

Pallbearers were Ernest Hunt, W. W. Taylor, Jim Patman, M. R. Allensworth, John McClellan and Lu McClellan.

Lake McClellan to Have Labor Day Celebration

The McClellan Boat Club, in celebration of Labor Day, has again this year, arranged a delightful day of entertainment at McClellan Lake in the form of boat racing, surf board and ski exhibitions and additional attractions.

The boat races will be in charge of the Boat Club with W. A. Nolan, Commodore, and his assistants handling all events. Prizes for each race are: 1st, \$10; 2nd, \$5; 3rd, \$2.50.

Mrs. Bobby Pyle of Borger with her Gulf Spray racer is out to defend her title. She is the most consistent winner at the McClellan Lake. Jack Lyons with his 64 hp. racer is out to defeat Mrs. Pyle. W. G. Kilgoe with his new racer promises to give them some competition.

In the 22 hp. race, shorty Phillips of Pampa, defending champion and who has won more races than any one else in this class, will be out to hold his title against Bob Andis of the Phillips Company, Roy Bronson and W. G. Kilgoe. Several racers from Amarillo have entered the races but their names and ability are not known.

The races usually start about 2 p. m. and there is plenty to do up until that time if you like good fishing and picnicking, states Bert Howell, Concessionaire at the Lake.

A public address system, furnished by the Texas Swingers, will be used for the races and again Monday night at the recreational hall when they will swing out hot tunes for a Labor Day dance at 9:30.

Everyone is invited to take in the celebration, and Mr. Howell pointed out that the picnicking and boat racing is free to all.

Farm Shop Work Added to Local Vocational Ag.

Students enrolling in vocational agriculture this year will receive instruction and practice in electric and acetylene welding, forge work, and the use of drill presses, grinders, and electric woodwork equipment, according to J. R. Gillham, local vocational agriculture instructor. This addition to the regular course has been made possible by the establishment of a farm shop in the vocational agriculture department.

Repair and painting of farm machinery, construction of trailers, feeders, cultivating and plowing equipment will make up an important part of the program this year. It will be available to both first year and advanced students.

NEPHEW OF LOCAL MEN KILLED IN FRANCE

Homer and A. M. Taylor received word here that their nephew, Lt. Stanley Taylor, had been killed in France July 17th. He was with Patton's tank division.

Stanley was the son of Charlie Taylor and was born here at Clarendon and lived here a number of years before moving to Seattle, Washington.

Mrs. E. H. Watt Passes Away This Morning

The Leader has been informed that Mrs. E. H. Watt of Giles passed away this Thursday morning after a lengthy illness.

The many friends and acquaintances of this dear beloved lady will be grieved to learn of her death. She had been a resident of this county for many years, and was held in high esteem by all who knew her.

Funeral arrangements could not be learned at this early date.

ROBERT R. WILKINSON AWARDED BRONZE STAR MEDAL

With the American Division on Bougainville—Private Robert R. Wilkinson of Hedley, Texas has been awarded the Bronze Star Medal for meritorious service against the Japanese when they were launching their suicidal attack in March. He is a member of a howitzer section which kept firing even though enemy shells were falling less than fifteen yards away. This section played a big part in the final silencing of enemy artillery. Private Wilkinson entered the army in June 1940. While he was in the States he was stationed at Fort Bliss, Texas. He has been overseas for over nine months. Among the places that he has been stationed are New Caledonia and the Fiji Islands. He is the son of George Wilkinson of Quail, Texas. Before entering the service he was engaged in farming.

Funeral Rites For Helen DeBord Held Tuesday

Funeral services were held Tuesday afternoon at the First Baptist Church for Miss Helen Marie DeBord, with Rev. M. E. Wells officiating, assisted by Rev. Hal Upchurch and Rev. D. M. Fitzgerald.

Miss DeBord, age 22, passed away at the home of her parents last Sunday after a lengthy illness. She was a native of Donley county and had lived here all her life, and was a member of the First Baptist Church.

Survivors include her parents, Mr. and Mrs. W. H. DeBord, two sisters, Mrs. L. L. Jester of Lakeview, Mrs. Elmer Dishman of Happy; four brothers, Burk DeBord of Ashtola, Clifford DeBord of Claude, Lawrence DeBord and Clarence DeBord of Quail.

Burial was in Rowe Cemetery at Hedley with Womack Funeral Home in charge of arrangements.

J. A. TOLLETT ELECTED IN RACE FOR COMMISSIONER PRECINCT No. 3

Approximately 625 votes were cast in Donley county last Saturday in the Second primary with the majority of those votes coming from the east side of the county due to the run-off race between J. A. Tollett and Rollie Kelley for Commissioner for Precinct 3.

In this race, Tollett was re-elected with a total of 294 votes to Kelley's 214.

WILFRED HOTT PROMOTED

FORT RILEY, Kans. — T/Sgt. Wilfred M. Hott of Clarendon, now stationed with Company B of the 66th Signal Battalion at Camp Funston on the Fort Riley reservation was recently promoted to the grade of master sergeant. His father, Arthur O. Hott, lives at Route 1, Clarendon.

VISIT IN MINERAL WELLS

Miss Penelope Blocker and Mr. and Mrs. Johnnie Blocker spent the week-end in Fort Worth and Mineral Wells where they attended the wedding of Mrs. Blocker's brother, Leroy Gideon. Mr. Gideon was married Saturday night to Miss Mary Ricks of Beaumont at the home of Mrs. J. G. Bramblett in Mineral Wells. The couple will live in Fort Worth where he is employed in the offices of Rowan Drilling Company.

Members of the Clarendon Lions Club, at their regular Tuesday luncheon this week, voted unanimously to sponsor a Community Center to be located on the old school ground at the south end of main street.

Plans and ideas worked out by the Lions Club committee propose landscaping of the grounds, building a swimming pool, hard surface tennis courts and recreational building and other improvements as the project advances.

The idea of the Community Center is to give our youth a decent and enjoyable recreation place and it will take the cooperation of every individual in the entire community to put the job over.

In the near future, a meeting will be called of representatives from all civic clubs, churches and any other organizations to discuss the plans for the community center and formulate plans to pursue in getting the project started at the earliest date.

It will be impossible to put all the plans into effect at the beginning. The idea is to get something started and then build it as we can on down the line.

The recreational building, as mentioned above, is to include a public library, museum, club room and recreational hall and is proposed to be built in such a manner where additional rooms can be added as need and time progresses.

The entire idea sounds like a fairy tale for most of us, for we have never undertaken such a worthwhile and extended project like this before, but it can be done and will be done if we all plan and work together. This project should be like any personal goal in life, it is worthwhile, it is something we really need for our community. It will be something that we can all say we "helped build it", and will be proud of for many years to come.

If you want a clearer picture of the entire set up, just take a few minutes off and talk to any of the Lions Club committee listed below, and they will be glad to explain the plans of the project at this time. They are: R. E. Drennan, chairman, Lee Bell, Dr. K. S. Lowell, Walker Lane, Bert Smith, Chas. Lowry and J. R. Gillham. This committee has plans at this time whereby the money can be raised for this project and details will be announced at a later date.

Mrs. D. C. Williams returned home Monday, after spending two weeks visiting friends and relatives in Ft. Worth and Dallas.

Mrs. E. M. Ozier and Miss Ruth Donnell have returned home from visiting relatives and friends at Wichita Falls last week.

Pfc. David Isham Writes Letter To Donley People

EDITORS NOTE—The following letter was written by Pfc. David Isham, son of Mrs. C. T. Isham, former Donley county resident. Many of us here know David and remember him as a lad in his teens who attended school here for a time. This letter was included with a letter written to his one-time neighbors, Mr. and Mrs. A. O. Hott who live in the Chamberlain community. I feel that David

is being a little too self conscious about his status as a fighting man. We all realize that if it were not for the medical corps many an American boy would be lost thru disease or wound, but now thanks to an efficient corps of medical men, can some day return to home and loved ones. Yes, you are doing a great work, David, for it is your job to save a life that the enemy has tried to obliterate.

A LETTER TO HOME

This is a letter from one of your home boys. Yes, one who thinks of you often. Some of you may not remember me, but others will. I know that there are very few of my buddies left there, for they are all out doing the same thing I am

trying my best to do - - to bring this world at peace. Yes, the word "peace" sounds to me like something out of this world. It seems so far away, but one good thing it isn't impossible.

The branch of service I am in, many of boys and men would probably be ashamed to be a part of. I happen to be a part of the Medical Corps, and I am glad to say that I have nothing at the least to be ashamed of. We are usually called pill rollers. But if the people back home could see what the men they so call "pill rollers" are doing, I think they will change their opinion about them.

We are doing our part as much as any one else in service. We are fighting a different battle - - a battle against disease and other sickness. We lose life just the same as the other boys do. I am sorry to say that I have lost some of my buddies from fighting a certain disease over here. They were the unlucky ones or should I say the unfortunate ones.

I work in surgery, and believe me it runs into work. We don't think much about hours when we work fourteen hours a night. But I know that the people are backing us with our attack, and I also know what to think of all the people back there for donating blood to the Red Cross. It has been the future over here. It has saved thousands of lives, which otherwise without blood plasma, would have died. Lots of men say give me a gun and I will show them what I can do. Well we happen not to be that fortunate. But I don't feel so bad about it, for back in basic training, a major once told us that it took more guts to go up without guns than it did with them.

Each letter I get from home I read about some of my buddies being killed or missing in action. Well everyone hates to hear of that experience, so all I can say to the mothers, dads and sweethearts is that I give each and everyone my greatest sympathy who have lost their husbands, sweethearts and sons. I know that they didn't die in vain, for they died for what our forefathers died for - - Freedom. So as I set here tonight writing this letter by candle light, I think of the little things of life. It's funny how one pauses to remember the little

things of life, but one does. I really think they are the real things that count. People who live at home, the small people, are the people who are going to bring this war to a close, for they are the only ones that work together. The rest live in a corner by himself, and not lending a hand, and he is the one who is making boys over here and all over the world die or suffer.

So lets all work together and not live in a world of your own. A great man once said, "All men are created equal" and did you ever stop and realize that it means something more than the writing itself. There are lots of ways that one looks at it. But I myself believe that it means that all people should have the right to worship and live a civil life. So to do so we all must work with our heads raised and not lowered, and some day in the near future the clouds will part and the sun will shine again through the mist that has been hiding our future.

So as I bring this letter to a close, I say again, God keep us and look over us and through His divine wisdom speed us to freedom.

THE TEMPLE OF TRUTH

By the Apostle

INDUSTRY.
A bargain is a transaction in which each party thinks he has cheated the other.

EGOIST.
A man with a lot of authority may conceal it, but if he has just a little, he hastens to tell the whole cock-eyed world about it.

MODERN RACING.
In Germany, the girls are wearing clothing said to have been derived largely from potatoes. When our boys get over there, just feature a girl being chased fourteen blocks by a potato masher!

ADVERTISING.
Ima Fizzle allows as how when a girl loves in a breezy manner, the boys soon get wind of it.

FISH WORM STUFF.
The little worm stuck its head out of the mud and spied another worm. "I could go for you," said

the first worm. "Don't be silly," said the second worm, "I'm just the other end of you." What a great life a fish worm must have with a head on each end—until the bait digger comes along.

INDOOR SPORT.
Then there is the yegg who said: "Darling, I am robbing a china-ware store tonight. Will you help me with the dishes?"

SUGGESTION.
The way to read a present-day menu is to look at the prices, then see what you get for your money.

DARN IT.
A woman without money hates to sit and watch the world go BUY.

The little space here allotted the old Apostle is, for the present, devoted largely to the amusement of the boys and girls in the service. Only those things they would like to read with a bit of snap, are dished up that it may kill a dull moment. Thank you for listening.

SUNDAY, SEPTEMBER 3rd
The Thirteenth Sunday after Trinity.
11:00 a. m.—Holy Communion and Sermon.

FIRST CHRISTIAN CHURCH

L. Guy Ament, Pastor
The fall season is on us. The season of harvesting. What will you harvest in the gain of spiritual things? You can take an inventory. Do you appreciate God's goodness? Worship Him.
Services at 11 a. m. and 8:30 p. m. each Lord's day and you need to worship. We need you with us.

Wednesday night at 8:30, prayer services and Bible study. Do you know enough, are you seeking to grow in grace and knowledge. All are invited to worship with us. Bring some one with you.

METHODIST CHURCH

H. W. Hanks, Pastor
Sunday school at 9:45. Preaching at 10:50. This will be the first service of our revival meeting. I trust that each of you have made prayerful preparation for this all important event in the life of our church. There is someone you can help. Do not fail that one. May each of us discharge our duty in such a way that when the meeting shall come to a close, we can humbly, but truthfully say, oh God, I have done my best to do what you have given me to do.
Everyone is cordially invited to attend these services. The morning service will be at ten, the evening service at 8:30.

LOST, Strayed or Stolen, one hundred Methodist. None of these have been seen in the church service for several months. I am sure that if anyone can lead these back to active service in the church they will be greatly rewarded.

E. L. Lewis of Lelia Lake was here on business Monday.

Ration Panel Not To Blame

"What may at first glance appear to be favoritism on the part of gasoline ration panels often turns out to be just plain chiseling by applicants for gasoline," District OPA Rationing Executive Ely Fonville reported today.

People sometimes complain that an acquaintance is getting enough gas to take a vacation trip, to go home for lunch every day, or to let his youngsters go joy-riding. Almost invariably the gasoline panel is blamed, especially by the persons who can get only two gallons a week. They seem to feel sure that there is unfair discrimination, or politics, or that someone has a "pull" with the gasoline panel.

"But in most cases," Fonville said, "the panel should not be blamed, for the fault lies with the persons who have applied for more gasoline than they rightfully need for essential travel and who use the excess for nonessential travel."

No matter how fair-minded and conscientious the members of the gas panel are, they have no way of knowing or denying such dishonest claims. The applicants, not the gasoline panel members, are corrupt, he said.

"It is terribly unfair, unpatriotic and un-American that volunteer workers who make personal sacrifices to serve on gasoline panels should be blamed for a situation which in most instances is the result of dishonest applicants."

Catherine and Betty Mosley of Pampa visited Mr. and Mrs. Bill Bromley and other relatives here over the weekend.

Mr. and Mrs. Ed Callahan returned to their home at Etter, Friday, after a visit with her mother, Mrs. J. R. Mace and other relatives at Lelia Lake.

Lipstick May Be Dangerous To Ammunition

Tiny particles of lipstick on ammunition will destroy the accuracy of the best heavy artillery in the world.

Captain R. M. Smith, commanding the Pantex Ordnance Plant of Amarillo, Texas, of which Certain-teed Products Corporation is the prime contractor, today emphasized the care that must be taken in the manufacture and loading of heavy artillery shells by citing the fact, in one Ordnance bag loading plant, Ordnance inspectors rejected an occasional bag with a red stain without knowing the cause of the stain.

Upon investigating, they found out that some of the girls working in the plant had sweethearts, husbands or brothers in the Army, serving in Italy or elsewhere. As they did their work, they would think of that sweetheart, husband or brother, kiss the bag and say, "Get me a German," then pass the bag on to the next

worker. Occasionally lipstick would stain the bag, and the bag had to be rejected because the stain might have a chemical which might react on the powder and destroy the accuracy of the heavy artillery piece in which it might be used.

Recent combat reports demonstrate that the extraordinary care taken by Army Ordnance in the manufacture, bag loading and shipment of heavy artillery ammunition is enabling our combat units to deal effectively with the enemy.

In commenting upon the precautionary measures taken at the Pantex Ordnance Plant, for the safety of line workers, and especially of the safety of the soldiers on the battle fronts handling ammunition, Captain Smith said, "It has been the policy of the plant since it first started loading ammunition, that no worker take any metal or any object of any kind that might react on the powder, that would cause a flash, which could be very disastrous in the loss of life and property."

"Women workers, before entering the load lines, must turn in to line matrons, matches, jewelry,

hair pins, bobby pins, nail files, powder, rouge, lipstick, etc. In fact, each worker, man or woman, is subject at all times to search for any object considered a hazard to their life and the lives of their fellow workers.

"The plant furnishes free to load line workers while on the job, powder suits and safety shoes, and so careful are the officials at the plant, ever on the watch for fire hazards, buttons and pins about the clothing are even prohibited. During the entire two years Pantex has been operating as a munitions plant, there has been no major accident, due to the watchfulness, at all times, for the hazards that could occur," said Captain Smith.

According to Captain Smith, Pantex Ordnance Plant, at the present time, is loading 500 lb. bombs and 105-mm howitzer shells.

Hundreds of Lone Star fighting men are coming home to Texas. By plane and train, on stretchers or crutches, they arrive daily at the army's great McCloskey Hospital at Temple. They are the heroic wounded, the boys who know the true meaning of sacrifice in this war.

With Capt. F. J. Moss, McCloskey's affable and capable public relations officer, the writer of this column visited the hospital and spent hours chatting with the boys about their parts in the fighting. And don't get the idea that these returned, wounded veterans are spending their time in the hospital griping or feeling sorry for themselves. There's not a cry in a carload!

As a matter of fact, there probably is no more cheerful group of men in Uncle Sam's army. With fingers off, feet and hands off, and other terrible wounds, the lads in McCloskey face the future with a smile and a wise-crack and the painful present with a type of

courage that is an inspiration to everyone who visits them.

There are two miraculous facts that you will discover if you visit this great army establishment, where wounded men are given new health and new hope. The first is the cheerful courage of the men, themselves. The second is the consideration and skill of the officers and men who administer to them.

As we walked through the long wards, Captain Moss waved and quipped at the boys, calling almost every lad by name. And the patients quipped back, their smiles showing plainly the friendship and confidence that exists between the wounded veterans and the officers and men of the hospital staff.

We talked with many of the patients. Corporal Leland Grohman of San Antonio told of heavy fighting in Italy, but forgot his own troubles to praise the home-folks who sent USO-Camp Shows across to entertain the boys.

We met Sgt. Charlie Rummell of Waco, who spent months in a Nazi prison camp after losing his legs from machine gun wounds. Charlie talked about the National War Fund, too, telling how sports equipment, books and other ant-boredom materials sent over by War Prisoners Aid helped the captured men fight off "barbed wire sickness."

And Lt. Marjorie Gray of Killen, who served through 77 days under constant shell fire at Anzio, before being sent home to recuperate at McCloskey. The petite nurse told of the black day when the Germans bombed the hospital, killing scores of patients, doctors and nurses and wounding many

more. She was close by when Lt. Helen McCullough, another nurse of the Baylor Hospital Unit, was seriously wounded. Lt. McCullough, who wears the Purple Heart, was released from McCloskey Hospital last week, well again.

Here's a note-to-mothers, wives and sweethearts of the wounded lads at McCloskey—a note that may ease their worries about the boys:

Don't worry about them! They are being cared for better than any soldiers ever were cared for before. They are cheerful, happy and confident of the future.

MARTIN

Mr. and Mrs. C. W. Stogner from Amarillo visited friends in this community Sunday evening. Mr. and Mrs. Jack Eddings and Joyce spent Sunday with Mr. and Mrs. Floyd Crofford.

Mrs. Vinna Smith and Johnnie Smith have returned to Redlands, Calif., after visiting her daughter

and family, Mrs. Floyd Crofford. Joveda Roberts spent the week end with Margie Nell Crofford.

Jo Ann and Wanda Joyce Sibbey are visiting in Amarillo this week.

Dorothy Terry spent Sunday with Mary Neal Davis.

Mrs. J. A. Pool, Mrs. Richard Cannon and Mrs. Hermon Patterson and Nelda spent last week with their daughter and sister at Hereford.

Mr. and Mrs. Hermon Patterson and children spent Sunday at Borger.

The Martin Trustees are in Amarillo today (Tuesday) making final plans, getting ready to start the new school building.

Still Time To Harvest Grass And Legume Seed

There is still time to avert a serious threat to livestock and conservation programs by harvesting every available pound of grass and legume seeds, Mr. Simmons, Chairman of the Donley County A.C.A. said today.

Alfalfa seed can be harvested all through October. "There's no use beating around the bush on this question of legume and grass seeds. The cold facts are, unless we beat the seed shortage, we are headed for serious trouble."

Mr. Simmons called attention to a supplemental Congressional appropriation of \$12,500,000 for use under the program of the Agricultural Adjustment Agency in meeting the grass and legume seed shortage. Payments from this fund, he said, will provide farm-

ers with a cash incentive to insure delivery of the needed seeds.

Under the AAA program, farmers had been offered a payment of \$3.50 per acre—up to 25 acres—for harvesting specified grass and legume seeds in Texas. According to Mr. Simmons, this provision has been amended to remove the 25 acre limitation and payments will be made for every acre harvested. In addition, special 'pound' payments of 2½ cents per pound, clean basis, will be made for Alfalfa seed. This payment is in addition to government-supported market prices.

We've had serious seed short-

ages before," Mr. Simmons remarked, "and they have caused us a great deal of difficulty. In fact the first Congressional appropriation ever made for the benefit of agriculture had to do with seeds. This most recent appropriation may make it possible for as much as an additional 2 million acres of seeds to be harvested. It's up to the farmers to do the job.

Mr. and Mrs. Claude Hemecourt of Dallas announce the arrival of a baby girl, Aug. 22nd. Her name is Carolyn Louise. Mrs. b Hemecourt is known in Clarendon as Ruth Hamm.

JOIN GULF'S "Anti-Breakdown" Club TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America . . .

1. those who can still get to work in automobiles,
2. those who are forced to walk.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job.

Here's Gulf's Protective Maintenance Plan

- 1 Protects your car at 39 danger points...
- 2 Guards your bearings and piston rings...
- 3 Helps gas coupons go a little further...
- 4 Get an appointment at your Gulf station

AIR-FILTER and spark-plug cleaning and radiator flushing help give better gas mileage. A clean air filter makes gas burn more economically; clean plugs increase power; a clean radiator prevents overheating.

HELP YOUR Gulf Dealer do a thorough job—and save your time—make an appointment in advance. Phone or speak to him at the station. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan . . . 15 services in all!

Son Writes of Jap Hari-Kari

The following are excerpts from letters received recently by Mr. and Mrs. James Y. Speir from their son Pfc. Robert L. Speir, who is stationed in the South Pacific.

July 13th:

In my other letter I didn't explain very well where I was so I will do better in this one. I'm on Saipan Island. I have been at the front fighting 16 days. You probably have read lots about it. It really is tough going. I was pinned down several times with artillery mortar and machine gun fire. That really gets on a man's nerves. I have also been bombed which scares me more than anything.

I have seen the Japs kill themselves. You wouldn't think a human being would have the nerve to blow himself up like they do. I have seen hundreds of them all over the place lying where they fell. The stink sure is bad and the flies are terrible in the day.

I will try and bring some souvenirs home for you. I have a Jap raincoat that I will send to one of you.

July 23rd:

I don't know what to write about. There isn't anything I can say. I have been resting for the past few days. We have been robbing the hens nests here and having fresh fried eggs for breakfast every morning. There are hogs and goats running wild, but we can't eat them because of Typhus. We get lots of bananas, papayas and oranges.

July 24th:

Mama you know I have prayed a lot the past few years, but since I have been on this island I pray almost constantly day and night. I believe it has done me lots of good.

WAR TIME SAVINGS IS PART OF POST WAR PLANNING

One thing you will never be criticized for hoarding during War Times, is your purchasing power. Every dollar you save now—BY INVESTING IN WAR BONDS—can do double duty toward making possible the better world for which we are all fighting, after Victory is achieved.

First, the dollars you save now will enable you to buy many things you have denied yourself, once our factories turn from war production to production for peace. But second and more important, the dollars you save now to spend after the war, are going to help make jobs for the returning soldier.

Local Nine to Play Childress A.A.F. Here Sunday

By Doc Watson

Last Sunday, due to the fact that Childress AAF was unable to locate a hard ball field in Childress, the game at Childress was cancelled at the last moment.

This coming Sunday, if the fliers aren't forced to utilize the day because of the recent ill-flying weather, they will again appear here in Clarendon.

Their first appearance here resulted in a good game and we are still of the opinion that we could have beaten them had our pitching held up. The athletic director at Childress, Capt. Gray, hopes to accompany his team this time.

In order that the fliers might more appreciate this trip I hope that the people of Clarendon will invite them into their homes for Sunday evening supper, much as was done for the Pampa fliers who greatly appreciated this simple gesture on the part of the local folks. Will those people who can handle two robust hungry ball players at their table please contact me before Sunday so that last minute arrangements will not be necessary.

The following Sunday the group at the McLean Army Camp hope to be over. Then we will have a

return engagement with them and Amarillo as well as a possible fifth game at Memphis, as a benefit affair to close the season.

Shin guards have finally been obtained and outside of a home plate, which must be considered taboo, due to its rubber content, the team is ready to start another season with full equipment, barring suits.

The treasury will be slightly defunct following purchase of the shin guards and it is hoped a good crowd will be on hand to contribute the necessary funds to eliminate the red ink. Unfortunately, no collection was taken at the last two home games, thus leaving the treasury a bit slim.

If an excess exists in the treasury at the end of the season it will be contributed to a local benefit fund.

NOW YOU CAN DRAW A BEAD ON 'EM

If you have a few moments to spare, you may begin to oil up the family flint-lock. WBP has taken cognizance of the fact that animals and birds are causing widespread destruction to crops and livestock all over the country. The ban on the sale of ammunition to hunters will be removed temporarily in the near future. Available for nimrods will be 240 million rim fire cartridges, 8 million center fire cartridges and 130 million shotgun shells. Wolves, coyotes, foxes, weasels, wild ducks, crows and pheasants should not be told of this regulation. Happy hunting.

FALL GARDENS via RADIO

The season for fall gardens is here and with most communities receiving beneficial rains prospects for fall gardens should be good.

Donley County Agent, Charles O. Reed, has been advised that specialists of the Extension service at College Station, Texas, have worked out radio programs that should be beneficial to families planning fall gardens. Plans are being made for Radio Stations WOAI, WBAP, KPRC and WTA-W, to carry broadcasts at 6 p. m. on Monday and Friday during September. The following is the proposed program for September:

- Sept. 4—Preparing Soil.
 - Sept. 8—Planting-What-When-How?
 - Sept. 11—How to Make Plants Grow.
 - Sept. 15—Frame Gardens.
 - Sept. 18—Growing Hints on Specific Crops.
 - Sept. 22—Garden Insects and Diseases.
 - Sept. 25—Using Fall Vegetables.
 - Sept. 29—Storing Fall Vegetables.
- The specialists at College Station have prepared special bulletins and material adapted to this area. If you are interested in obtaining this free material, write penny post card:

J. R. DALE MAKES TRIP TO SOUTH PLAINS

Our old friend, J. R. Dale of the Goldston community and one of Donley County's old timers, made a trip last week down on the South Plains visiting relatives and looking the country over. He advises that except for small areas of good crops, the country generally was severely damaged by the drouth. We believe he came back with the intention of remaining with us permanently.

Like a lot of us, Mr. Dale went by bus in order to save tires and gasoline, and too, he wanted the fastest mode of travel. This turned out to be a very pleasant mode of travel, as often he states, there were only 30 to 75 passengers on a 30 passenger bus. He says he often arrived at the next station the same day he boarded the bus. When he arrived at his final destination down about Seminole, he thought he had arrived on time, but after getting there and consulting the Almanac, he discovered he was exactly 24 hours late. Moral: Do not travel unless absolutely necessary; give your place to Eleanor.

ERNEST KELLY AWARDED OAK LEAF CLUSTER

AN EIGHTH AIR FORCE BOMBER STATION, England—An Oak Leaf Cluster to his Air Medal has been awarded to First Lieutenant Ernest I. Kelly, 26, pilot of an Eighth Air Force B-17 Flying Fortress, for "courage, coolness and skill" while participating in several bombing attacks upon German military and industrial targets.

He is the son of Mr. and Mrs. D. C. Kelly, Petersburg, Texas. His wife, the former Madalyn Taylor of Clarendon, and baby son Ernest Michael, live at 2505 Wheeler Street, Houston, Texas.

Lt. Kelly is a graduate of West Texas State College, Canyon, with a B.S. degree in Physical Education. He received his wings on October 1, 1943, at Ft. Sumner, New Mexico.

CELEBRATES 80th BIRTHDAY

Rev. Lee Ratcliff of Hedley celebrated his 80th birthday Sunday with a delightful dinner at the noon hour. A number of relatives and friends came during the day to wish him well.

Those present to help him enjoy the delicious meal were Mrs. Lola Barns of Clarendon, Miss Della Wood of Martin and Mrs. Melton Oliver and boys of Amarillo. Mr. and Mrs. J. D. Wood and daughter Evelyn Jean of Martin called in the afternoon; also several others called. Many lovely gifts were received by the honoree.

A melon feast was enjoyed during the afternoon as well as kodaking.

Mrs. Ray Wilson and daughter Jane of Paducah who visited her parents last week, returned home Monday.
